

# Billionaire God of War Novel Chapter 2435 – 2450

Chapter 2435

The devil's laughter echoed, shaking the world!

The remnant souls of the demon kings of the past are all swallowed by him one by one at this moment, and he continues to grow his own soul.

Greedy Wolf could feel that in his own consciousness, the Demon King's Remnant Soul was getting stronger and stronger, and he was gradually expelling himself from his body!

This is his body!

"I will accept your body completely." The

Demon King's voice resounded in Greed Wolf's mind.

Greedy wolf was struggling, but it didn't help. At this moment, he couldn't even control his body.

His hands and feet didn't listen to his commands at all. It seemed that the Demon King was taking away his control of his body.

Greedy Wolf felt his eyelids heavier and heavier, and his consciousness gradually blurred, as if he was about to fall asleep.

"Can't sleep! Can't sleep!"

He kept reminding himself, stimulating himself and keeping himself awake, but he was struggling at the moment. The devil's remnant soul became stronger and stronger, and it was even more active when he swallowed the remnant soul of the demon kings.

Greedy wolf slowly closed his eyes and fell into a deep sleep.

When I opened my eyes again, my eyes were completely different!

It was the demon king who took control of the body.

"It feels so comfortable."

He opened his hands, as if embracing the entire world. The remnants of the demon kings of the past were swallowed by him at this moment, repairing his damaged soul and making his soul stronger. .

"Recovered to 70%." The

devil felt Lin for a moment, but was still very dissatisfied.

After absorbing so many remnant souls of the demon kings of the past, they could only recover to 70%. In this way, it would not even be enough to completely obliterate the wolf-greedy souls and occupy this body.

Let alone restore to 100%, or even break through the strength of the past, and become stronger.

The devil is not satisfied, he is very dissatisfied.

After dormant for so many years, how could he be satisfied and only recover to 70%?

Not to mention that you must surpass your past self, at least you must restore your past strength.

If the palace is gone today, no one can stop him anymore, as long as he recovers 100% of his strength in the past, he will be invincible in the world!

“It seems that there is only one way.” The

devil does not have so much patience . Waiting for time to recover, according to his estimation, it will take at least many years to recover to 100% naturally, and it will take a lot of cost.

He doesn't have so much time.

After pursuing for so many years, the goal is about to be achieved, how can he stand his temper?

spring!

As long as he gets the last spring and the sacrifice is swallowed, his soul can definitely recover quickly, even surpassing his previous self, making him stronger than ever before!

The devil's eyes were indifferent, a wicked smile was raised at the corner of his mouth, and his figure flashed before disappearing.

And the next moment, he was on top of the Great Cavern Hall!

Suddenly, the yin wind screamed, and the horror breath continued to radiate out.

Tang Fang and the others felt it for the first time, and all of them changed their faces. He didn't expect the Devil King to come back, and his aura was so terrifying.

They seemed to have seen the terrifying demon who stood proudly in the world again!

Everyone didn't dare to be careless, let alone neglect, and hurried to the Great Cavern Hall.

"See the Demon King!"

Everyone knelt down together, bowing their heads, not daring to look up at the Demon King.

They know that the greedy wolf today may have lost their body and been occupied by the demon king, but neither the greedy wolf nor the demon king can provoke them.

There is no other choice but to surrender.

"Do you expect me to come back?" The

Demon King's voice was low, full of murderousness, and it was so cold that people trembled violently.

"I think you all have your own thoughts."

"Subordinates don't dare!"

Tang Fang and the others shouted in unison, "Ran Ran Fu Pa Wu Di Lu Fu".

“It doesn’t matter.” The

Demon King said, “I don’t care what you think, but I’m still alive. Your role is to help me do things.”

Chapter 2436

“It’s all after you die!”

everyone shouted in unison.

“Find where the last spring is and bring her.” The

Demon King said lightly, “I need her, immediately!”

“Yes!” The

crowd dispersed immediately.

Tang Fang was very fast and rushed to the gate of the crypt.

The expression on his face is complicated.

What the devil wants is Jiang Ning’s daughter, how do they catch it?

Andrew is equally terrible, no weaker than the Demon King. Such people can’t afford to provoke them. Andrew has let them off last time. If they provoke them again, it will definitely be dead.

Tang Fang gritted his teeth, but there was nothing to do.

Don't go, the devil kills him!

Go, Andrew kill him!

People like them are really like dogs, and they are not even as good as dogs.

At least the dog's loyal person, the owner will not easily yell at him, right?

Tang Fang took a deep breath, after deliberation, he made a decision.

He separated from the crowd and went to the South Estopia secretly by himself. He knew that Andrew was there. As for Jiang Yao's presence or absence, he couldn't control it, and he didn't dare to control it.

The city of Donghai is different from other places.

As soon as Tang Fang walked in, he could feel the difference. He always felt that someone was staring at him. From the moment he entered this city, his every move was within the surveillance range of others.

But even a master like him can't find out who is following him.

Tang Fang didn't care about these.

He knew that it was not difficult to find Andrew in this city.

Soon, he found Jiang Ning's location and went to the Jidao Martial Arts Hall.

"I want to see Jiang Ning."

Tang Fang reached the door and said directly.

"Who are you?"

the person at the door asked.

"Tang Fang."

Tang Fang said, "Just say, I have something important to find him, and if you miss it, you can't bear the consequences."

The person at the door immediately called and reported the situation, and ran out after a while. .

"The owner of the museum is not here today. If you want to find him, go to his house."

In Donghai, no one is afraid, not to mention the people who went to find Jiang Ning.

Tang Fang nodded, didn't say anything, and asked the way, he went directly to the Matthew Familyvilla. He was a little surprised. He didn't expect that the people here were not afraid of him.

Even though there is always a strong aura on him, the eyes of others look at him are very peaceful, there is no difference.

When he arrived at the Matthew Family Villa, there was still someone guarding the door.

Tang Fang explained his intentions, and the people at the door let him in directly, so relieved?

Still feel that there is no threat at all for people of his own strength.

Tang Fang walked in, and immediately felt two horrible auras, and there were a lot of powerful feelings in the dark. There are many masters in the Lin Family.

Sure enough, they really didn't worry about what waves they could make.

Not to mention other things, Andrew is safe enough here.

"Please wait."

Tang Palace was arranged to drink tea on the stone table in the yard and wait for a while. After a while, he saw Andrew coming from the backyard with some mud and sand on his body. He was just playing with Jiang Yao. Up.

Andrew didn't care about these.

He didn't seem to be surprised when he saw Tang Fang.

"Are you not surprised that I came?"

"No accident."

Andrew said, "You will always make the right choice."

"Why, was it the wolf or the devil who sent you?"

"I wanted to come. "

Tang Fang said, "The Demon King has recovered a lot, and his strength is terrifying, but now he needs the last spring, let us find it, I think you understand what I mean."

"I'm really a little bit? I don't understand."

Andrew looked at Tang Fang, "You came to me to tell you that you are here to take my daughter Jiang Yao, or do you want to tell me, let me be careful of the devil?"

Tang Fang squatted He pressed his lips and was silent for a moment.

"You and the Demon King, we can't bother you, but at least you are human, and the Demon King... is not human at all!"

Chapter 2437

Andrew let them go once.

No, to be precise, it was two times. They didn't kill them, because Andrew said that as long as he didn't make mistakes, as long as he didn't harm people, he wouldn't kill people easily.

Even the people in the crypt are also people.

As long as he didn't provoke him, hurt the people around him, and had no grievances or grudges, Andrew would never kill people indiscriminately.

In fact, Andrew has been doing this all the time.

Tang Fang knew this. It was about the kind of death that deserved it. He even dared to attack Jiang Ning's daughter, and he would never let him go for anyone else.

And they were not alone with Jiang Ning, and Andrew did not start.

Therefore, compared with the devil, Tang Fang would rather believe in Jiang Ning. At least, Andrew has human nature, he will not kill people indiscriminately, relying on his own strength and not easily oppressing others.

"We just want to live."

Tang Fang smiled bitterly. "Everyone wants to understand that all pursuits and ambitions are all imaginary. Nothing is more important than living."

"Although the crypt is not a good place, but that it is also the place where we grew up and live. As long as we can restore peace, they can never come out and will not affect the outside environment."

This is their guarantee.

If it hadn't been for the greedy wolf, and the devil had returned, they had never thought of coming out.

Everyone stayed in the crypt. There was nothing wrong with it. The battle with Tiangong in the past made the crypt close to destruction. This tragic picture seemed to be right in front of him, who would be willing to experience the war again.

There is never a winner in a war.

Andrew glanced at him: "You have a very high level of consciousness."

"No one likes war. People who practice martial arts should understand the word martial arts. What does it mean?"

Wu is a combination of a zhi and a ge, which means zhige. The practice of martial arts is to stop the war and reduce the casualties caused by the war.

But how many people can understand the true meaning of Wu?

It's a guardian!

"I can trust you."

Andrew said, "If our purpose is the same, ? Fulingran Aixiyi Ailu ? Then I can trust you."

"I don't want to die."

Tang Fang said, "I just want to be quiet. Quiet, after this life, let the people in the caves also have peace, which is more important than anything else."

And now, the only factor of instability is the devil!

The demon king occupied the body of Greed Wolf, and his strength went further. Once his strength is completely restored in the future, his ambition will also be restored.

At that time, the Demon King would definitely want to expand and plunder, but where would they have the chance to escape, the Hallmaster and the soldiers?

The Devil King will definitely force them to participate in the war, and then they will die!

No one wants to die!

“Tell me, what do you need me to do, I will do what you say.”

Tang Fangdao, “My only requirement is that when the devil dies, everything will be calm. I can guarantee that the people in the cave will never come out again, but you also You have to promise not to enter the crypt!”

Jiang Ning’s strength is undoubtedly, if he wants to bloodbath the crypt, the crypt is also a dead end, and no one can resist.

“Do you think that I am that kind of person?”

Andrewlaughed, “For me, war is the most meaningless.”

“With your words, that’s fine.”

Tang Fang got up and said, " I believe that with your status, you will not deceive me."

"Then hope that we can cooperate smoothly to kill the Demon King!"

Andrew also stood up and said.

Tang Fang didn't say anything. After a few simple conversations with Jiang Ning, he knew what Andrew needed to do by himself.

He didn't need to expend much effort, he only needed to tell the news to the demon king.

After Tang Fang left, the old naughty boy walked out.

"Is he trustworthy?"

Chapter 2438

It's about Jiang Yao's safety. The old naughty boy doesn't want to be careless, let alone careless. Cooperating with someone in the cave is not necessarily a reliable thing.

"Not important."

Andrew said.

They don't have much time, and they even need dangerous moves. Nothing is more important than achieving their goals. Even if they need some risks, Andrew will not hesitate.

He glanced at the old naughty boy.

“Time is running out.”

“Looking at this situation, the demon king should have swallowed the remnants of the demon kings of the past and recovered a lot. Now he can only recover completely, and even get immortal life, only when he finds the last spring.”

“This step. He is unavoidable, so he will definitely come to Jiang Yao.”

Andrew took a deep breath, “We have no choice.” The

old naughty boy opened his mouth, he still didn’t say what he wanted to say.

He waved his hand and signaled Andrew to stop talking. He didn’t want to accept it, but he had to accept it. He wanted to do it once and for all, and if Jiang Yao could grow up healthily in the future and live well, the devil must die!

He is the only threat, or the greatest threat!

If you don’t kill him, Jiang Yao will not be safe, but if you want to kill him, the old naughty boy will accept it no matter what the cost.

He has even thought about it, and he will never hesitate when he really needs to pay his own life as a price.

Looking at the old naughty boy’s back, Andrew knew this was cruel, and for him as a father, it was even more heartache, but this was a choice, a choice of last resort.

If he can, of course he is willing to trade his life for it!

“Dad! Where did you go? You just came to play with me!”

Jiang Yao’s milky voice came from the room.

“coming!”

Andrew responded hurriedly and ran in quickly.

Jiang Yao was sitting on the wooden horse chair, swaying and very excited: “Dad! Hurry! Look! Is my horse riding so good?”

“Awesome.”

Andrew coaxed, “Dad will take you there. A fun place, right?”

“Fun? Where is it?”

“You’ll know if you follow me.”

Andrew hugged Jiang Yao, “That’s a fairyland on earth. You haven’t been there. There are a lot of fun there. Things, many interesting things, you haven’t seen them before.”

“Really?”

Jiang Yao's eyes lit up.

"Well, your Uncle Agou and they are there." "Okay, Uncle

Agou and the others went to play, but they didn't tell me? I'm going to sue Master!"

Jiang Yao deliberately sulked, "What about Master? Does the master go too?" As

if thinking of her master, Jiang Yao turned her head and looked around, but she didn't see where the old naughty boy was hiding.

"Your master will go too."

Andrew paused and nodded, "He will definitely go."

How could he feel relieved.

"Yeah! Let's set off now, don't be discovered by my mother, and don't let me go out then."

Jiang Yao couldn't wait.

The host Jiang Ning's neck, whispered in the ear, "Let's go early, and come back when we have fun. Next time we will take mother and give her a surprise, okay?"

"Okay."

Andrew nodded and said nothing. , Immediately took Jiang Yao away from the South Estopia and went to the mountain gate.

He didn't tell other people about this, except for Brother Dog and them, only the old naughty boy knew.

No one knows that a catastrophe crisis is about to come, and only Andrew and the others are responsible for all this!

At that time.

Tang Fang returned to the crypt, feeling a little nervous, adjusted a little, and headed to the Demon King's Hall.

"See Demon King!"

He knelt down and concealed himself, and shouted respectfully.

"I came back so soon, did you find it?" The

Demon King opened his eyes and stared at Tang Fang as if he wanted to see through him.

Tang Fang did not dare to look up, and respectfully shouted: "I didn't find it. I want to come, Andrew has hidden his daughter."

"It's just that the subordinate got a clue, which may be useful to the devil!"

“Oh? Do you have any clues?” The

Demon King squinted and looked at Tang Fang, his voice full of evil.

Just hearing this voice, Tang Fang felt that his heart couldn't help but tremble.

“Andrew hid his daughter at the old site of the Tiangong.”

Tang Fang said, “He knows that the devil will definitely attack his daughter. The old site of the Tiangong is the only place he can hide.” The

devil suddenly laughed. Tang Fang's heart was a little hairy with laughter.

He walked out and walked to Tang Fang, making Tang Fang a little nervous, but he didn't dare to show any abnormality.

“Do you think I can't guess?” The

Demon King said coldly, “Do you think I didn't know that Andrew would hide his daughter in the Heavenly Palace?”

“The Demon King Yingming!”

Tang Fang immediately shouted respectfully.

His heart was beating so fiercely that he felt that he was going to be unable to hide.

Under the pressure of the devil, normal people can't control their fears at all.

Even if the devil said nothing and didn't seem to doubt himself, under his aura, it made people scared and felt that everything was seen through by the devil.

"Of course I know that he will hide his daughter in the heavenly palace, and I also know that he will definitely be fully prepared," the

devil snorted and said lightly, "want to kill me in the heavenly palace!"

Tang Fang felt his heart fierce. The ground sank!

"If you don't kill me, his daughter will always be in danger, because I will definitely get the last spring!"  
In

his tone was full of disdain, and he didn't even notice the slightest concern.

It seemed that no matter who the other party was, whether it was Jiang Ning, or what strength he had, he didn't care, and it didn't matter at all. In front of him, anyone had to die.

This powerful self-confidence made Tang Fang feel timid.

The Demon King has such terrifying strength, he dares to be so arrogant.

'Since Andrew has set up the trap, do you want to go to the devil? '

‘ That Andrew, extraordinary strength, but also a lot of experts around, if they are to be prepared, and also went to the devil, would not it be dangerous? ‘

Fang Tang Road full of concern,” Lord, please do not misunderstand, I do not doubt the strength of the devil, I’m worried that the people in Andrew are too cunning.”

“Huh, what are they?”

“In the face of absolute strength, any conspiracy is meaningless!”

“Besides, the last spring is very important to me, I must Get!”

Without springs, he would not be able to truly live forever, and it would take a lot of time to recover to his past strength. It is even more impossible for him to go further.

No matter what, he was going to get Jiang Yao.

He doesn’t care who Andrews or what strength he has. Anyway, he doesn’t care about everything now. In this world, no one can stop him, no one can!

“The devil’s prestige? Shan Fu Lu Yi loves to fend off the west and close? Wu, for generations to come!”

Tang Fang immediately shouted respectfully.

He thinks things may be a little bit awkward.

Andrew needs him to lead the Demon King away, but now it seems that this is unnecessary.

The Demon King must go to Jiang Yao. Whether she is hidden in the Heavenly Palace or not, the Demon King will definitely go. This battle is inevitable. What he is worried about now is that Andrew may not be able to stop the Demon King!

The devil's aura is too strong, and no one knows how far his strength has recovered.

He is so confident, that is definitely not worrying, and Andrew and the others will not be considered.

Tang Fang was a little anxious. In this way, Jiang Ning's preparations were not enough.

"What are you thinking about?" The

Demon King suddenly said, making Tang Fang's body tremble, and suddenly he recovered.

"No, Lord Devil, I'm just thinking about what we can do for the Devil."

Tang Fang said hurriedly.

He lowered his head, not daring to raise his head at all, for fear that the demon king would see his eyes and see through his heart.

Chapter 2440

But even if he was flustered again, he always reminded himself that he must be cautious, and must be disguised and not exposed at all, otherwise, the devil will never hesitate and will kill himself on the spot!

"You have this heart, it is very good." The

the devil said lightly.

” Okay, you don’t need you here, I have something to

leave to you.” “Please order from the Devil!”

Tang Fang respectfully said.

at the same time.

Andrew brought Jiang Yao to the heavenly palace.

Seeing the scene in front of him, Jiang Yao was shocked for a moment. In front of him, there were still ruins, even if there was a breath of life, but there were more of them here, still ruins.

In the air, there are faint white mists, like a fairyland on earth, covering everything around it. In this way, it seems that there is a mood.

“Here...? It’s so comfortable.”

Jiang Yao closed her eyes and raised her head slightly. Her little nose was breathing the freshest air here, and she felt very comfortable.

She opened her mouth, took a few breaths playfully on purpose, and looked at Andrew with a grimace.

“The air here is delicious.”

Andrew couldn't help laughing as she looked at her naughty face.

"How do you eat the air?"

"You can eat it."

Jiang Yao pretended that there was something in her mouth, biting bit by bit, and acting naughty, making Andrew laugh.

"Drink!"

"Boom!" From a

distance, Jiang Yao heard some familiar voices, "Uncle Agou and the others!"

She ran towards the stone formation quickly.

Seeing Agou and others walking through the stone formations, Jiang Yao suddenly became very playful.

"Uncle Ago! I'm coming!"

She waved her hands like an elf, and immediately rushed in, chasing Agou and the others.

Seeing that Jiang Yao was still brought by Jiang Ning, Harrison and the others were shocked for a while, and then quickly reacted, put away the sadness on their faces, and ran over with a big smile.

“Yaoyao is here, come and catch me!”

“Come on, let’s play hide-and-see, Yaoyao, you come and catch me!”

“Hidden, everyone should hide, don’t be caught by Yaoyao.”

A dozen people disappeared all at once, all hiding behind the rocks and playing with Jiang Yao.

They didn’t make any noises or ran around, hiding there motionless, while secretly observing to see where Jiang Yao had been looking for.

“I see you!”

Jiang Yao deliberately slammed, and ran to a large rock quickly, but saw no one.

“Hey, why aren’t you here? I obviously saw Old Uncle Qi running here.”

“Oh, I see, he lied to me, he must be behind here!”

Jiang Yao looked for it, and quickly turned around and ran back. Still, no one saw it.

She became more curious and playful.

“Hmm, you can hide it, I will find you right away, I’ll come!”

She walked back and forth in the stone formation, saw the figure several times, and hurried after it, but no one saw anyone. After playing for a long time, no one was found.

Jiang Yao was a little angry and said: "Aren't you bullying me?"

"How can you hide so well!"

she hummed, "You guys come out, I won't play anymore!"

The dog brother and the others, hiding behind the stone, made a gesture to each other, and at the same time, they came out of the hiding place, ran to Jiang Yao quickly, surrounded her, and then hugged her.

"Aren't we all like this!"

"Where are you hiding? How come I haven't seen you."

Jiang Yao was not convinced, "This stone is too big, you must be running around the stone, deliberately hiding from me, shamelessly. !"

Harrison and others looked at each other.

They didn't move anywhere, just stayed behind the stone, but Jiang Yao never saw them, even passed in front of them, and didn't find them.

In an instant, they seemed to have reacted to something, and their eyes lit up!

Actually, have this effect?

Harrison was a little surprised, he just reacted.

“Yaoyao, didn’t you see us?”

“You didn’t see it.”

Yaoyao pouted, her expression aggrieved, “Isn’t it playing games? How can you guys all hide, how can I find it.” “

She didn’t see anything, every time it felt like she saw it, but she couldn’t see anything after chasing it over, and couldn’t catch them at all.

How to play this game, how to play it is all lost, where did she ever lose?

“No shame.” The

old five explained hurriedly, pointing to a stone not far away, “I was just behind that stone.”

They often play games with Jiang Yao. Of course, they know that the purpose of the game is to make Jiang Yao happy. Even if you lose deliberately, you have to make Jiang Yao happy.

Therefore, they are not willing to shame.

But Jiang Yao was still angry.

“Hmph, lie to me, I ignore you!”

She deliberately wrinkled her nose, angrily walked to the side, and sat down, with her small hands on her hips, waiting for Harrison and others to coax her.

But Harrison, how can they take care of these at the moment.

“This stone formation is not easy!”

At this moment, they understand how much Andrew has paid for this stone formation. Their battle formation techniques can also be better integrated. They can use battle formation techniques to combine with the characteristics of this stone formation. If you get up, you may be able to achieve unexpected results!

They hadn't noticed it before!

“If we can hide our whereabouts, then we can make some adjustments to our attack method!”

“Yes, the defense can also have a lot of changes,” Xizhe Ling Lu Ling Freya Shi? You can use progressive, easier Have a backhand.”

“Let's try again?”

“Try!”

A group of people continued to get into the stone formation, continue to try and train, racing against time.

Seeing no one came to coax herself, Jiang Yao was stunned.

She was a little suspicious, did she misunderstand, the dog brother and the others ignored her?

Doesn't her grievance matter anymore?

Are her cries and tears no longer effective?

Jiang Yao immediately stood up and said, "Hey! Why are you ignoring me?"

No one paid attention to her. Everyone was focused on doing their own things without any distractions at all.

Jiang Yao narrowed her mouth and snorted.

"Bad uncles!"

She twisted her head and turned to find Andrew to play. The dog and the others ignored themselves, so they would find Dad. Can't Dad ignore them?

Andrew was in front of the longevity pool at the moment, watching the changes around him.

He couldn't determine how long it would take for the longevity pool to completely recover. The destruction of the Tiangong was only a moment, and it might take a long, long time to recover.

"Dad!"

Jiang Yao ran over, "Uncle Agou and others, don't play with me, hum!"

Andrew turned around, looked at Jiang Yao, squatted down, and hugged her.

"They have important things to be busy with, so why don't they play with you later?"

"Well, Yaoyao is a sensible kid, so she won't lose her temper."

Jiang Yao said obediently.

She looked at the misty longevity pond, her eyes could not help but light up.

"Wow, there is a fountain here?"

She broke free from Andrew and lay down on the edge of the pool, reaching out to play in the water.

"Yaoyao, you can't play in the water."

Andrew said with a smile.

Jiang Yao looked back at him and said with a smile: "I didn't play, I'll touch it."

Her fingers hurriedly seized the time and reached into the water.

Just as Jiang Yao's finger suddenly touched the surface of the water, suddenly, the entire longevity pool trembled!

Om——

a wave mark spread out from Jiang Yao's finger and instantly swept the entire longevity pond.

Jiang Ning's expression changed. He didn't expect such a reaction. He was going to pick Jiang Yao up immediately, but at this moment, the water in the longevity pool boiled.

The spring in the center, where the spring water was slowly flowing out, suddenly seemed to be resurrected, bang!

Chapter 2442

With a loud noise, a column of water rose into the sky!

Water? The flow of water? The flow becomes huge at once!

Even the splashing water droplets became extremely excited, slamming against each other frantically, making an invigorating whistling sound.

"What's going on?"

Andrew glanced at Jiang Yao, but Jiang Yao was not afraid at all but was very happy.

"Wow! The fountain! It's really a fountain!"

She slapped her little hand, where she had seen such a beautiful fountain, "A little bit taller! A little bit taller!"

These pools seem to understand Jiang Yao's words, and they are getting higher and higher. , Go straight into the sky!

Andrew was shocked!

Even the dog brother and others in the stone formation in the distance did not expect this kind of thing to happen.

Andrew immediately hugged Jiang Yao and prevented her from getting close to the longevity pond. The splash gradually became smaller and returned to its previous appearance.

"Dad, it's so fun."

Jiang Yao clapped her hands, "Can I play again?"

"These little drops are so obedient, so cute."

"Can you feel them?"

Andrew asked.

"Yes, they are all dancing in my hands, so cute."

Jiang Yao looked at Jiang Ning, begging to play again, but Andrew disagreed.

This kind of thing is a bit strange, he is not at ease.

After all, Jiang Yao is the last spring eye, and the spring eye of the Tiangong has withered for many years, and now he has finally recovered some. He is afraid that Jiang Yao will be close, and there will be some accidents.

“Shall we play again in the future?”

Andrew said patiently. “Children can’t play in the water, it’s not safe.”

“You have to be obedient, otherwise Dad won’t dare to take you out for fun in the future. There are still many interesting places. Do you want to go?”

“Yes!”

“Then are you obedient?”

“Listen!”

“Yaoyao” It’s awesome.”

Andrew gently stroked Jiang Yao’s head and said with a smile, “Yaoyao is obedient. Dad will take you to all the fun places in the future.”

“Thank you, Dad!”

Jiang Yao put her arms around Jiang Ning’s neck. He kissed him on the face, “Yaoyao must be obedient!”

Andrew glanced at the Changsheng Lake, wondering what the cause of this pool was. If it was really because Jiang Yao was the last spring, and he had such a reaction, he would probably pay more. Pay attention and make sure there is no accidental play of the monk.

Suddenly, Jiang Ning's expression changed, and he turned his head abruptly, looking in the direction of the entrance of the Heavenly Palace.

coming!

The devil is here!

Isn't this breath the Demon King?

Harrison and the others felt it the same, and without a trace of hesitation, they immediately entered a fighting state and hid in the stone formation.

"Yaoyao, come with Dad!"

Andrew hugged Jiang Yao, quickly reached the center of the stone formation, and put Jiang Yao there.

"Promise Dad, just sit there and don't move!"

Jiang Yao had never seen Jiang Ning's serious expression. Some were scared and nodded hurriedly: "Dad, Yaoyao doesn't understand."

"Observe, no matter what happens, Don't move, just sit there and wait for Dad to pick you up, you know."

“I see.”

Jiang Yao pursed her lips, “Dad, is this a game?”

“Yes, this is a game, a wooden game, who moves? Whoever loses.”

“Then Yaoyao definitely won’t move!”

Andrew kissed her on her forehead, then turned around and disappeared in an instant.

“Wow!”

Jiang Yao couldn’t help clapping her hands in exclaim, “Dad is amazing!”

At the same time.

An extremely powerful aura surged in, instantly making the entire heavenly palace seem to fall into depression again.

“Andrew!” The

Demon King yelled, “Do you think I can’t find the spring by hiding it here?”

“Do you think that you can stop me with some preparations? Too true! Too naive !”

His voice, like rolling thunder, blasted in the sky and roared endlessly.

Without fear, Jiang Ningsi walked to the stone formation, raised her head slightly, and looked at the demon king who was walking step by step.

“No, I’ve been waiting for you here for a long time.”

Chapter 2443

Boom!

The sky suddenly exploded, and a thunder fell instantly, blasting a hole in the ground.

As if even God could feel the tension at this moment!

“Hahahaha, wait for me? Wait for me to kill you!” The

Demon King sneered, his eyes closed, and the double pupil appeared!

Jiang Ning didn’t expect that the remnant soul of the demon king had recovered to such a point that he had almost completely controlled the body of the wolf, and even the heavy pupil of the wolf was now used by the devil.

Once he is completely restored to strength, I am afraid that few people can stop him.

“Then you come to kill!”

Jiang Ning stretched out his fist and shouted.

Huh!

Huh!

Is there nothing? Xi closed love loves to flick love to pa Er? Hesitate, the devil moved!

A little bit under his feet, the whole person was like a storm, the ground was full of sand and dust, and a hurricane was forced to destroy all the tender grass that had just grown around!

The death aura exuding from his body made the tender grass turn yellow in an instant, as if the breath of life had been drawn out in an instant.

Jiang Ning also moved, he would not hand over the initiative easily.

boom!

However, in the blink of an eye, the two people slammed into one another, and their fists slammed together.

The terrible sound was deafening, like two pieces of steel, slapped together, making a buzzing sound.

“Boom!”

Jiang Ning did not hesitate, but another punch. Ji Dao boxing technique had no reservations at this moment. With the force of opening and closing, he frantically rushed to the demon king and locked him directly.

It's like there is a kind of energy, forming a space field, locking the devil in it.

The same is true of the devil, and Jiang Ning is firmly locked!

Today it's either you or I. There is always someone to fall. The Devil knows that the one who falls must be Jiang Ning.

He didn't think that a mortal body could be comparable to himself!

Even if he has not fully recovered his strength, this is a good time to let himself use this double pupil to see if it works well!

His eyes kept turning, catching Jiang Ning's every move.

boom!

boom!

boom!

...

Jiang Ning's fists are very fast, and ordinary people may not even see the afterimages. Every punch contains terrifying power. If it is hit, it can definitely create terrible lethality.

But the devil can see all of this!

He could even see that the subtle changes in each of Jiang Ning's punches were like slow motion. In his double pupil, there was nothing to hide.

Clear!

It's too clear!

"Your fist is too slow!" The

devil laughed, and liked the double pupil more and more.

He waited for the greedy wolf, and sure enough, he didn't wait wrong. With this double pupil, coupled with his powerful demon soul, the heavenly palace is gone, who else can stop him?

Waiting until he gets the last spring, completely recovers the remnant soul, climbs to the peak again, and obtains true immortality. Who else can do nothing about him in this world?

Thinking of this, the devil's eyes became colder and arrogant!

"Hurry up, hurry up! Hahahaha!"

"Your fists are so slow, you still want to kill me?"

"Jiang Ning, Jiang Ning, in the eyes of mortals, you are invincible, but the real strong, you don't know what it is like!" The

devil defuses Jiang Ning's offense while stimulating him with words, unceremoniously." After all, mortals are mortals and cannot be compared to gods!"

"You mean, you are a god?"

Jiang Ning snorted, and another long fist blasted out and was caught by the demon king. "Then if I kill you, no Even the gods can be killed! "

Boom!

His fist suddenly burst into force, shaking the demon lord back a few steps.

The devil didn't care.

"You have something in this boxing technique, but it's a pity that you used the wrong one."

He said lightly, "You can't even perform one-tenth of this boxing technique."

Jiang Ning's pupils shrank slightly.

one tenth?

Chapter 2444

The Ji Dao Fist that he is performing at the moment is what he has the deepest understanding of the Ji Dao Fist, but the Demon King said that he did not perform one-tenth of the Ji Dao Fist?

"It seems that you understand very well."

Jiang Ning hummed, "Back then, were you shattered to pieces by this fist?"

It seemed that Jiang Ning was right, the Demon King's face sank and he snorted coldly.

"You are really

looking for death!" Suddenly, the Demon King's speed increased again, and this time he took the initiative to attack.

Changquan instantly turned into sharp claws, like a terrifying blade, headed towards Jiang Ning's head, with deadly moves, brutal and overbearing, Jiang Ning was not afraid at all, and still used his own way to fight against the devil.

He knew that the demon king who got the wolf-greedy heavy pupil was definitely stronger now.

With these eyes, the devil can see a lot of things that he couldn't see before.

But some things, even with these eyes, may not be able to see them!

"Om—"

Suddenly, Jiang Ning raised a punch suddenly, but the Demon King sneered. He had just seen Jiang Ning performed this trick, so he dared to do it again.

He immediately resolved the move. Just after Jiang Ning had used this move, he had already seen the slightest flaw, not to mention that Jiang Ning did not have the essence of this punch at all compared to that person before.

“Die!” The

devil yelled, changing his hand shape, turning into a sharp knife, avoiding Jiang Ning’s attack, and piercing his heart directly!

This is a flaw!

He had seen it long ago!

The double pupils are unified, the timing is right, and the speed is amazing!

Jiang Ning couldn’t stop it this time, and the devil laughed in his heart.

But his hand just pierced through, pierced empty!

Jiang Ning is gone?

Almost instantly, Jiang Ning suddenly measured his body. The move he had just now turned out to be a feint?

And the real attack is here!

Jiang Ning slammed a punch!

boom!

In the face of the devil.

With a clear sound, the Demon King flew out, leaving a blood red on his face. He rolled around in embarrassment before stopping, looking at Jiang Ning angrily, wishing to eat him!

“You can punch you with less than a tenth of a fist. If I understand all of them, will you die faster?”

Jiang Ning looked at his fist and didn't forget to taunt the devil. “Why, isn't it very Angry, very unwilling.”

“Your heavy pupils don't seem to be used very well.” The

devil sneered and stood up afraid of the dust on his body. His eyes were always fixed on Jiang Ning, and a weird smile appeared on the corner of his mouth, which seemed to be fundamental. Don't care.

“It's quite a bit, but these are not enough.”

His double pupil was separated again, and Jiang Ning's punch was played back in his mind. It was a bit weird and unexpected. He did not see it. It seemed that even the double pupil had dead ends. Jiang Ning can just grasp these blind spots.

“Huh!”

He rushed over again.

boom!

It was another punch, or the same move. Jiang Ning's feint was too realistic, and the Demon King didn't see it again. Jiang Ning slapped him in the slap and flew out more than ten meters away.

His face has fist prints on one side and slap prints on the other.

The Pain Demon didn't care at all, but the shame made him stare wide, almost eating people!

"You! You are so bold!"

He roared, his voice was like rolling thunder, "Jiang Ning, I will kill you today!"

"Don't just say it, do it!? Ran Furan closed up?"

Jiang Ning's words were full of mockery, making the devil almost want Crazy, he knew that Jiang Ning had a dark side in his heart, and he was thinking about how to provoke him, but it seemed that Jiang Ning was stimulating him in turn.

The two people fought fiercely together again, the collision between fists and feet was like a beast colliding, and the deafening sound alone was amazing!

At this moment, it was Harrison and the others in the stone formation, all blood was accelerating, where did they see such fierce battle scenes.

"Get ready!"

Harrison took a deep breath, "Our King Kong Demon Circle, today we have received this demon!"

## Chapter 2445

Their task is to punish the devil!

Even if you have to pay the price of blood, even if everyone is going to die, you will not hesitate!

Harrison and the others, their faces were full of determination. At this moment, they didn't think about anything, their eyes were staring at the Demon King who was fiercely fighting with Jiangning.

He is the goal of everyone!

At this moment, just waiting for Jiang Ning to introduce the Demon King into the stone formation, they desperately killed him.

boom!

boom!

boom!

...

Jiang Ning's Ji Dao boxing technique has been exerted to its extreme, and the surrounding air is tumbling with it.

As if the boiling steam, the heat from the friction of the fist caused the surrounding temperature to rise.

The Demon King was a little surprised. He didn't expect Jiang Ning to become more courageous as he fought, and even stronger when he met.

This kind of fighting talent is simply not something ordinary people can have.

“Not bad! Not bad! Not bad!”

He laughed, but his tone was mocking.

Such an old monster like him has gone through too much, and the combat experience is much richer than Jiang Ning's. He knows better that if there is a tug of war in the battle, it will be a psychological devastation.

Many people are not good at strength or perseverance, but after discovering that they can't beat their opponents, their own? Lu Wulu loves Xishan'er? The confidence gradually collapsed.

Thus, it led to failure.

But Jiang Ning is not such a person, his heart is extremely strong, he has never been afraid of anything, and doesn't care what the devil says.

He has only one thought!

guard!

As long as he kills the devil, he can protect the one he loves. This is the only way, and it is also his current responsibility, the responsibility of which he can give his life.

He ignored what the Demon King said, still waving his fists, one by one, without panic, without rush or slow, always following his own rhythm.

Jiang Ning's fists were fast, fast, ruthless and accurate. Even the Demon King would get a few punches if he was not careful. Although he was not seriously injured, it was an insult to him!

He was actually beaten by Jiang Ning three times in a row!

“Bang!” With

another punch, Jiang Ning and the Demon King both backed away at the same time.

Jiang Ning was slapped on the shoulder, and the flesh and blood were cut apart by the sharp nails, blood oozing out, it was shocking to see.

And the corner of the devil's mouth overflowed with blood.

He reached out his hand to wipe the blood from the corner of his mouth, his eyes getting colder and colder.

“Unexpectedly, you hid so deeply.” The

Demon King sneered, his apple slipped, and another wave of blood surged up, and it squirted out directly with a wow.

He finally understood why Jiang Ning didn't care about what he said, his heart was like a rock, and he only took out his punches, only thinking about how to hit him. He didn't expect that Jiang Ning's fists would have such power.

It can directly penetrate the flesh and attack his internal organs!

If he hadn't reacted in time and unloaded his fist, I am afraid he would have been seriously injured at the moment.

"Didn't you say that this is only one-tenth of the power of Ji Dao Fist?"

Jiang Ning said lightly, "I couldn't kill you, it seems I really didn't get home."

"Hmph." The

devil sneered.

Of course he knows Ji Dao boxing, but it is the first time he has seen a boxing method like Jiang Ning's.

The one who used to be not such a domineering attack, even ignoring the physical defenses, directly attacked the internal organs.

Ordinary people can exercise their internal organs?

Except for a demon like him, who has gone through various tempers and cultivated to the point where his hair is enough to kill, who else?

Almost planted today.

But now that he has discovered Jiang Ning's tricks, there is nothing to be afraid of. As long as he is prepared, Jiang Ning will never want to hurt himself again!

The momentum of the two sides gradually rose. Although the devil's mouth was still mocking and stimulating Jiang Ning, he knew in his heart that this trick seemed to be of no use to Jiang Ning.

Jiang Ning was too calm.

It's not like a normal person.

Chapter 2446

He looked at Jiang Ning, and Jiang Ning also looked at him, exhaling slowly, adjusting his state.

"Huh!" The

devil moved!

He saw Jiang Ning's fatigue, even if it only flashed past, he had already caught it.

Jiang Ning is just a mortal after all!

How can I fight myself for a long time?

The devil didn't hesitate, he rushed over and shot a fierce palm. Jiang Ning immediately raised his fist to greet him. With a bang, Jiang Ning was obviously not strong enough, and went back a dozen steps.

"Hmph, you can hold on to this moment, you are already very good, but not enough!" The

Demon King laughed, seeing that Jiang Ning had reached the limit and didn't want to waste any more time.

He is going to kill Jiang Ning and take Jiang Yao away!

Huh!

He rushed over again, Jiang Ning gritted his teeth to stop, and the two men fought like crazy again, shaking the world!

The terrible vibration made the ground seem to vibrate, and that violent force, how can it be emitted by humans.

"How did your speed slow down?" The

Demon King laughed. "It seems that you are really at your limit. You can't force it anymore."

Jiang Ning didn't say a word, it seemed that if he said more, he would lose a part of it. Strength, speed becomes slower, strength becomes weaker.

His eyes are still firm, as cold as ice!

"Bang!"

"Bang!"

“Bang!” It’s

just that Jiang Ning was retreating steadily. Even though he insisted, the strength of the Demon King didn’t seem to be affected by the injury, but continued. It broke out, just trying to kill Jiang Ning while he was exhausted!

“How to refund?”

“Behind you is your own daughter, can you still retreat?”

“I tell you, I will kill her, and I will use her eyes to cultivate an eternal body, and I will live forever!” The

devil laughed. Stimulating Jiang Ning, Jiang Ning still didn’t say a word, but kept retreating backwards towards the stone formation.

“Bang!”

Suddenly, the Demon King disappeared in an instant, Jiang Ning was in a daze, and the Demon King was already in front of him.

“Not good!”

Jiang Ning was shocked, and quickly raised his hands to block. At the same time, the Demon King’s fist had already been smashed and hit Jiang Ning’s hand directly.

Bang!

Jiang Ning flew upside down like a cannonball, slammed heavily on a huge boulder, and rolled on the ground several times before stopping.

“Wow—“

Jiang Ning opened his mouth and spouted a mouthful of blood, and his face instantly turned pale.

He struggled to stand up, leaning on the stone, panting heavily, even if his eyes were firm, the Demon King could still see that Jiang Ning had reached his limit.

“Why, no?” The

Demon King sneered, showing the coldest expression, and walked towards Jiang Ning step by step.

This is a hidden danger, no matter what, he must be killed. He always felt that the Ji Dao boxing technique controlled by Jiang Ning was a bit weird and was a threat to him.

As long as Jiang Ning is killed, it will be done once and for all, and the future trouble will be avoided forever.

“Haha, don’t you want to kill me?”

Jiang Ning sneered, “I won’t let you take my daughter.”

He slowly raised his fist and watched the Demon King walk towards him.

“Really?” The

Demon King also slowly raised his hand.

“I will not only take your daughter away, but I will also let you see with your own eyes that your daughter becomes an immortal sacrifice!”

“When I truly live forever, you will see that the world is truly Darkness is coming!” The

Demon King seemed to be looking forward to it and laughed loudly, “Everyone has darkness in their hearts. I will let them all show up. I will let everyone be who they are!”

Jiang Ning’s face sank.

“Maybe you don’t know? Those so-called rules, so-called morals, so-called laws, restrict everyone and make everyone unable to be themselves!” The

devil laughed, his face suddenly sinking, and his smile was evil. Mei, “You said, when people liberate their nature, what will this world become?”

Chapter 2447

What will become?

Will become hell!

Will become demons rampant, crime everywhere, violence and injury everywhere.

Jiang Ning squinted his eyes and listened to the crazy words of the Demon King, and became more determined in his own mind. He must not let the Demon King succeed, no matter what the price he has to pay.

There is no way to control one's humanity when there is no shackles, no moral or even legal shackles.

Everyone has an unknown side, but in many cases, you can control this side without revealing it.

This is a prerequisite for peace.

Once the selfishness of these personalities are no longer suppressed, even publicized, and excavated, Jiang Ning can't imagine what the consequences will be.

"You are wishful thinking!"

Jiang Ning shouted.

"Hahahaha, if you are wishful thinking, you will know soon." The

devil roared, speeding up suddenly, and rushed towards Jiangning.

But Jiang Ning leaned on the rock, seemed very tired, and couldn't move at all!

That huge fist is heading towards him, crazy!

boom!

With a loud noise, Jiang Ning avoided, and the devil's fist slammed into the stone, causing the stone to suddenly open a crack, and the rubble was flying!

"Want to escape? No way!"

Seeing Jiang Ning running towards the rocks, the Demon King immediately chased him.

But just as he rushed into the pile of rocks, the ground trembled suddenly!

The devil lied and dyed the palu Lu Xiyi Shanyi momentarily stopped.

He glanced back and saw that the direction he had just arrived was blocked by a few huge rocks, and Jiang Ning...is missing.

"Trap?" The

Demon King had some disdain on his face. It seemed that Jiang Ning would set up traps to trap himself, or even kill himself, but he didn't care, "Do you think these things can stop me?"

"Jiang Ning, you look down on me too much, and you look at yourself too high."

"Even you can't stop me, what else can stop me?" The

demon king suddenly raised his fist and slammed into a piece. stone!

boom!

The boulder split suddenly, torn apart!

But soon, another stone appeared in front of him. No matter how the Demon King smashed it, there would always be a stone moving around him.

Huh!

Huh!

Huh!

Suddenly, three figures came, the Demon King's eyes were cold, and his pupils swept away, and he saw three people rushing towards him.

He is angry!

Actually let a few ordinary people kill yourself?

Jiang Ning looks down on himself too much!

"Huh,

I'll kill you !" He burst out, "I'll kill you first!"

He slapped it viciously, but the figure seemed to become a shadow all at once, and suddenly disappeared, and he fell through.

Before the demon king was surprised, there was a strong wind behind him, slapped him on the back, he turned his head abruptly, but he still couldn't see the figure!

too fast!

how can that be?

He clearly saw three people, but they disappeared in a flash, and there was no sound behind them, not even a breath. Only when he finally hit him did he feel the breath.

The devil turned around, squinted his eyes, let the light of the heavy pupil radiate more, he wanted to see more!

"I did not expect, and understand the law against you, that you have been attracted me into this trap ah."

"Jiangning, you can be really dodgy, but unfortunately, no matter what you do efforts were in vain!"

Big devil With a smile, "I already feel the breath of Quanyan, you will regret that you brought her here!"

Bang!

What responded to him was a fist!

Suddenly appeared out of thin air and hit the Demon King's face so hard that he had no time to react.

The devil stepped back a few steps, and there was no figure in front of him.

“Hehe, this attack power can’t hurt me at all, does it make sense?”

He didn’t feel annoyed at all, but found it a little ridiculous.

## Chapter 2448

He already understood that Jiang Ning was just borrowing the formation to let some ordinary people attack him, no matter how fast he was, what’s the use of hiding his breath?

Even if he stood here still and allowed the opponent to attack, he couldn’t hurt a single vellus hair.

But this formation, I’m afraid I can’t hold on for that long, right?

When the formation is invalid, that’s when he starts to kill!

The demon king walked inward step by step and was attacked from time to time, but he still didn’t care, as if these attacks were nothing but scratching to him.

“Jiangning, you should come out by yourself. At least, you still have the power to fight. Other rubbish is meaningless.”

“Come out, I said I won’t kill you, I will let you see the destruction of this world with your own eyes,”  
Look at your daughter and die in front of you!”

“Don’t wait for me to do it, or you will only suffer more!” The

Demon King kept talking, like a lunatic.

The double pupil kept changing, looking around, trying to see clearly where the person hiding in the formation was.

For him, being harassed by flies for a long time will also be annoying!

And at the moment.

Harrison and the others hid themselves in the formation. They had attacked the Demon King more than 20 times, each time they hit, but they couldn't hurt the Demon King at all.

Even if the Demon King stood there and beat them, it would be difficult for them to kill the Demon King!

“Damn it!”

Harrison was a little angry.

Their strength? Love Land Zero Er Wu Lu Zhe Wu? It is no longer weak, in the eyes of ordinary people, it is simply the existence of martial arts master level.

But the devil is a guy of another level after all, he must find a way to split his defense!

A group of them do not need to communicate with each other. Years of tacit understanding made them all clear about what each other wanted to do.

Find the flaw in the devil!

Find his fate!

This requires constant attacks and constant attempts.

Everyone's body, there must be a place that cannot be cultivated, that is, the dead door, even if it is the devil, there must be, as long as you find it, you can use it to severely injure or even kill him.

But the Devil King is terrible. Even if Jiang Ning's fist can penetrate into his body and directly attack his internal organs, it can only hurt him, but it can't kill the Devil King.

Jiang Ning is also observing at this moment.

In this stone formation, Harrison is the main attacker and controls everything, but Jiang Ning is actually the most powerful killer move!

"I really didn't expect this old thing to be so powerful,"

Jiang Ning said, "The Demon King who has recovered the remnant soul is almost invulnerable."

If he really waits for him to fully recover, then it is really over. I am afraid that it will be a cannonball. He exploded to death.

How could such a horror exist?

Jiang Ning took a deep breath to restore his strength as soon as possible.

He slowly walked out from behind a huge boulder and appeared in front of the demon king.

“You are right. I should kill you myself and let others kill you. You will not be reconciled if you die?”

Seeing Jiang Ning coming out, the Demon King sneered, “You can’t kill me.”

“This world, it’s already No one can kill me!”

“The one who could kill me was killed by me back then, hahahaha!” The

demon king slowly raised his head, sniffing the scent, he had already smelled Jiang Yao’s smell and felt it. The last spring is in the center of this stone formation!

Jiang Ning thought that with this stone formation, he could be trapped?

ridiculous!

naive!

The aura on his body gradually began to change, becoming tough and crazy!

A black air was released from his body, and immediately enveloped his surroundings. Jiang Ning couldn’t help but change his face. The Demon King actually hid his strength?

“No one has seen my appearance at the top. Although I haven’t fully recovered yet, I can show you it.”  
The

Demon King said lightly, "The unpredictability of this world is not something you and other mortals can understand."

"Jiang Ning, You are already pretty good, but it's a pity that you met me."

"Next, you will accept your fate!"

Chapter 2449

The violent black air instantly enveloped the entire stone formation!

The sky dimmed suddenly, as if it had entered the night in an instant, with nothing to be seen.

Jiang Ning's face changed slightly, and he didn't expect that the Demon King would still have one hand.

"Since I can't see you, then you, don't even want to see me!" In the

darkness, the voice of the devil came.

He is too cruel!

There was such a quick reaction, by releasing the devilish energy, covering the entire stone formation, so that Harrison and the others could not see the devil.

"Everyone, be careful, don't do it lightly!"

Jiang Ning reminded immediately.

The devil is gone.

The situation changed all of a sudden. The advantages of Harrison and the others disappeared instantly, making it even more troublesome!

Now everyone is in the same environment, the difference is that the demon king has a wolf-greedy double pupil, he can see more, and his perception is more acute, but the dog brothers and others will become dangerous.

Jiang Ning gritted his teeth and rushed in immediately.

He could feel the approximate position of the Demon King, but he knew that in this environment, things were even more dangerous.

Harrison and the others also didn't expect that the devil would have this kind of move.

Their offense didn't have much damage to the Demon King. They were trying to figure out a way to use battle formation techniques to increase their attack power to severely damage the Demon King. But now, it's in trouble.

"What to do?" The

fifth could not help. "Now that no one can see, how can we attack?"

Their offensive effect is not good, now even people can't see, let alone perceive, how can we attack? .

They don't care if they are dangerous or not. Anyway, standing in this stone formation today, everyone never thought about going out alive!

If you don't kill the devil, everyone will eventually die!

"Keep calm!"

Gou said, "Forgot how we trained before? Even if you can't see it, there are

ways to play that you can't see!" He believes that Jiang Ning will figure out a way soon. Before that, they You must stay calm, stay focused, at least hide yourself first, and don't be defeated by the devil!

"Everyone, be careful and don't act rashly!" The

dog's voice deliberately said loudly, as if he didn't care whether the Demon King would kill or not, "I believe the big brother will break this black spirit as soon as possible!"

He felt it as soon as the words fell. A gust of wind came towards him!

It's the devil!

Harrison sneered: "

Are you here !" He fixed his eyes and saw that there was indeed a shadow coming. Hearing the sound, the Demon King reacted extremely quickly and appeared directly out of the darkness, leaning out a hand, and rushing towards Harrison.

“Just start with you!”

Nethan’s tone was full of killing intent!

“Come on!”

Gou is not afraid, he deliberately attracted the Demon King, “Kill me! Come on! I fuck your grandma!”

He yelled, even if he was going to die the next moment, he would have to scold him. Get rid of your breath!

As soon as the devil heard it, his murderous aura was even stronger, and his speed suddenly increased!

Suddenly, the black air was blown away by the strong wind, and Harrison saw the Demon King!

He also raised his fist, even though his fist was nothing in front of the Demon King’s eyes, but this fist expressed his anger!

“Agou!” “Guge

? Shanshanran loves to pick up

and ran Ailu?!” When the old five and six and others heard Gou deliberately speak loudly, they knew that he wanted to use himself as a bait to attract the devil to approach, and he was immediately anxious. The ground rushed out to help Harrison block the fatal blow, but there was no time.

Harrison showed a sneer, looking at the Demon King's hand, he had touched his neck, he didn't care at all, his fist burst out with the strongest power, and smashed the past fiercely!

boom!

A loud noise, followed by another loud noise!

There is almost no delay!

A piece of flesh on the dog's neck has been cut away by the devil's nails, but the devil has retreated!

The wind raged, and instantly dispelled a part of the black energy in front of him, it was Jiang Ning!

He stood in front of Harrison, with white glow on his fist, hitting the Demon King's arm, abruptly knocking the Demon King away.

Chapter 2450

"Big Brother!"

Gou said with a serious expression, "Try it out, he can't hold on to these black qi for too long, want the wind!"

As long as there is a violent wind, the black qi can be blown away, even if it is only part of it, that is enough. They saw it!

Jiang Ning stomped at his feet, and the stone formation immediately changed. After a hole was opened, the mountain wind roared in a short time!

“You guys!” The

devil was furious. He didn’t expect that Brother Dog was so smart that he dared to try his own domain.

He didn’t say much, he snorted, then backed back and hid in the black air again. Even if the mountain breeze roars, it just makes the black air weaker. What’s the difference?

“Let him run away!”

Harrison gritted his teeth, “This guy can only hide in the dark and can’t see anyone.”

“Is there a way for Jin Wen to open a hole?”

He looked at Jiang Ning, and Jiang Ning understood what he meant. Up.

“Change the battle formation!”

“Yes!”

Jiang Ning gave an order, and Harrison hurriedly blew the whistle, which was a signal that they only understood.

In an instant, the stone formation changed again and stood in two rows. Harrison and the others were not hiding in the stone formation, but walked out directly.

If you want to fight, then fight openly!

They dare to stand up, dare the devil?

This is a provocation!

Where the devil can't be seen, the perseverance and ridicule on the faces of Harrison made no secret of it.

"The devil!

Don't you have the courage to come out?" "Aren't you Invincible, Lao Tzu? Yi'erxi closed love and concealed? It's here, do you dare to come out!"

"I'm the activist method, what's the matter? Just bet you don't have a seed, dare not come out, just like a tortoise with a shrunken head, hide in your mother's tortoise shell!" If

you want to talk about cursing, no one is the old five or six. Their opponents, they usually quarrel, they are all world-class.

"Such a black tortoise shell, do you have inflammation? Would you like your fifth brother to treat you and treat the body odor!" The

old fifth cursed, "You are not angry when I scold you like this? Good temper!"

"You Doesn't it mean that everyone has a dark part in their heart?"

Lao Liu scolded, "I'm telling you now, the darkest part of Lao Tzu is to miss your mother!"

“What, you don’t have a mother? Then you follow Where did it come from? It’s impossible for the stone to pop out, it can only be picked up in the pit!” The

two men scolded, how ugly and ugly, more hurt than bullets, and they didn’t stay at the moment. I spare no effort, in my own way, do my best to stimulate the devil, humiliate him, laugh at him, and abuse him!

“Boom!” A

figure suddenly appeared from the black air, and was only a dozen meters away from the five and six.

The devil really couldn’t bear it anymore.

He is going to kill these two people!

Bare-mouthed bastard!

“You guys

are looking for death!” Even if you know that this is a blindfold, knowing that they want to stimulate themselves out, but what about it?

Is he scared?

Seeing the Demon King rushing forward, Harrison made another whistle, and a dozen people immediately changed their formations.

“The third form of battle formation technique!” In a

short time, the demon king rushed to several people, and the violent aura shook the eyes of several people, but no one had hind legs. Instead, a wall of people was formed, blocking the front.

“Come out!”

Lao Wu widened his eyes, swearing to his death, “Kill Lao Tzu! Change your arm!”

He roared, wishing to kill the devil with his teeth!
