

Billionsaire God of War Novel Chapter 2451 – 2482

Chapter 2451

They couldn't think that the eyes of the devil could actually hold such a sharp dagger!

"Keng!" With

a crisp sound, the Demon King sneered and stared at Brother Dog, even if the dagger was still piercing his eyes.

"Disappointed?"

He looked at Brother Dog. "Do you think this would hurt me?"

"Bang!"

He raised a hand suddenly, hit Brother Dog on the shoulder, and hit the dog directly. Kota flew out.

"I can't help myself!"

Ah!

Brother Dog yelled, his entire arm was twisted and his bone was broken!

If he hadn't reacted quickly enough, this move would probably kill him directly.

Harrison rolled on the ground for a few laps before stopping. Zhang Xixishan Aixi closed Xiwu's mouth with a wow, spouting a mouthful of blood, and his face instantly paled.

"Brother Dog!" The

old five and six were also injured. Seeing that Brother Dog was beaten into the air, they were angry and unwilling. This was their unexpected offense, but there was still no way to hurt the devil.

When have they seen such a weird thing!

When other people saw the dog and the others were injured, the Demon King would continue to do it, and desperately, they all headed towards the Demon King.

"Kill him!"

"Kill!"

"Stop him!" More

than a dozen people kept attacking, going mad, and rushing away at the devil.

They are not afraid of death, not afraid of injury, but afraid that they can't hurt the devil, and they can't kill the devil!

The battle formation technique has been used to the extreme, whether it is a joint attack by a few people or a joint attack by a dozen people, the ultra-fast pace of change, and the terrifying conversion between offensive and defensive, it is simply amazing!

Even the demon king did not expect that these guys would dare to fight with themselves in the form of mortals.

Jiang Ning's eyes were red. At this point, Harrison and the others have tried their best to use the stone formation to maximize the battle formation technique, but this is still not enough.

"Bang!"

"Bang!"

"Bang!"

...the

crowd attacked frantically and spared no effort to display the most powerful attack power they could display!

They even gave up the defense, because they knew that if there was room, they would not be able to attack the devil!

"I didn't expect this battle formation technique to be so powerful!" The

Demon King exclaimed, "Among the techniques I have seen, your battle formation technique is considered to be the strongest!" I

can get the Demon King's admiration, indeed it is. not easy.

“In this way, I will kill you, and you are worth it!” The

devil’s body suddenly exploded with a terrifying aura, instantly shaking away the people surrounding him, a terrible wave of air, one layer after another, madly surging Moving.

Rumble—

Old Qi Lao Ba Lao Jiu and others were shocked and fell back on the ground, their faces pale.

“Everyone, be careful!”

Dog brother barked his teeth and shouted.

One of his arm was seriously injured, but he still struggled with the last arm, stood up hard, bit the dagger, his eyes fixed on the devil!

“Hurt my brother, I fight with you!”

He was about to rush up, but was stopped by Jiang Ning.

“Fifth! Protect Agou!”

“Yes!”

Old five and six two people hurriedly struggling to protect Harrison.

Andrew had already rushed over again.

He blocked the others behind him, and with his own fist, he abruptly held the demon lord's blow.

boom!

Two people backed up at the same time.

At this moment, Andrew has no retreat. In his body, blood is also flowing rapidly, as if to rush out of his body!

Rumble!

He could even hear the blood flowing in his veins!

In the dantian, a white air current tumbling constantly, like a nebula, stimulated Andrew to feel that his body was about to explode!

"Jiangning!" The

Demon King yelled, "You all have to die here today!"

He burst out and rushed towards Andrew again.

But Andrew didn't say a word, just like a little bit, slid over, and the two fought fiercely together again

Chapter 2452

boom!

boom!

Boom? Di Er closes Er Er Ai Er waiter?!

From the stone formation, there were earth-shaking sounds, like huge stones, all struggling desperately. The deafening sound made people feel terrible.

“The devil is too strong!” The

five, six and the rest took the time to treat the wounds for Brother Dog, tore off his clothes as cloth strips, and fixed his broken arm with a branch.

“What to do?”

“If you continue like this, Big Brother may not be able to hold it anymore.”

They saw it for the first time. Andrewis so passive.

In their impression, Andrewis extremely powerful, and no one has ever been able to fight against him. As long as Andrewwants to, he can do everything.

But today's Demon King is obviously too terrifying in strength, far from being comparable to those of mortals like them. Even Andrew is already the ceiling of their combat effectiveness, but the Demon King is another creature after all!

"Fight with him!"

Harrison gritted his teeth, "What's death? I have this life, and it's worth it if I can trade with the Demon King!"

He didn't have the impulse, he knew in his heart, but died in vain, it didn't make any sense, even if he died. , At least seriously wound the Demon King, or even killed the Demon King.

That's worth it, and it's worthy of death!

"How do you do it?"

Old fifth gritted his teeth, "Everyone is not afraid of death, but we want to kill the Demon King! Hurry up! Think of a way! Hurry up!"

Andrew is fighting fiercely with the Demon King and doesn't know what's going on. Andrew couldn't hold it anymore.

"We haven't fully utilized the power of this stone formation,"

Gou took a deep breath, "Control it into a killing formation!"

He looked at everyone.

“Kill the formation?”

“Yes, give up defense and only attack! Use our lives to sublimate this stone formation!” After

hearing this, everyone’s faces suddenly became decisive. Life and death are what, as long as it is valuable and meaningful, then worth it!

“These stones if it were us,”

dog brother with his eyes, his face flashed a hint of madness, “We do not stone the array to cover our own that stone, attack! Attack! Attack ever!”

“I would If you don’t believe me, you can’t get rid of this devil!”

“Okay!” The

sixth person responded first, “Fuck it !” ” Fuck it

!”

everyone shouted in unison.

They looked at each other and knew in their hearts that, as a result of this battle, they might never see each other again. This might be the last time they saw their brother.

They must remember each other deeply in their own memory!

“In the next life, I will be brothers with you!”

Harrison shouted.

Everyone raised their hands and put them together: “In the next life, I will be brothers!”

“Bang!” As

soon as the voice fell, Andrew and the Demon King separated again. There was blood on both of them, and they had already killed their eyes.

“Go to battle!”

Harrison shouted, “Big brother, step back!”

Before Andrew could react, all a dozen people returned to their positions and settled on the side of the stone where they had been invisible before.

Andrew glanced at them and wanted them to withdraw. The Demon King was too powerful. They came in now, just to die.

Without waiting for him to speak, Harrison smashed the rock in front of him with a punch, and the others did the same, each smashing the rock in front of him!

That is the stone formation!

Jiang Ning’s pupils shrank suddenly, and he immediately realized what they wanted to do.

They must regard themselves as a stone, build a stone formation, and fight with the devil!

“No!”

Andrewshouted.

This is simply burning one’s life!

“Brother, in the next life, we will still talk to you!”

Brother Dog shouted, and the others shouted.

Boom-

a loud noise, the stone formation changed again, the stones that were originally in place were smashed by Harrison and the others, and at this moment, they became stones, became the real eyes of the stone formation!

Chapter 2453

“Kill!”

“Kill!”

“Kill!”

... the

roar is loud!

Eighteen people turned into fighting fanatics in an instant, and the entire stone formation exploded with an extremely terrifying aura.

The devil's face changed slightly, and he didn't expect that the stone formation could still have this effect.

He didn't even expect that these people were not afraid of death at all, and dared to use their bodies as needles in the stone formation.

Andrew wanted to stop it, but it was too late.

He had red eyes and trembling lips, but he couldn't say what he wanted to say.

Boom!

There was a loud noise, and the ground trembled suddenly.

Harrison and others moved!

They moved quickly, like a violent storm, surging and surging, and immediately surrounded the demon king.

"Kill!"

A crazy roar, as if to tear open the sky!

Only the afterimage of the eighteen people turned into a storm, surrounding the Demon King tightly, unable to see where they were.

“Be careful!”

Andrewroared.

At this moment, it was too late for him to say anything.

Combining the battle formation technique with the stone formation is the ultimate. Harrison and the others have done everything to put life and death away!

At this moment, the storm is sweeping, and the winds are roaring.

First!

Second!

The third way!

Fourth way!

...

Eighteen ways!

One after another violent, they continued to add in, like a knife blade, forming a circle of storm blades, and the Demon King was at the center. At this moment, there was no chance to escape.

He didn't panic, his heavy pupil scanned, and was able to watch these storms. Eighteen people made them. Their speed was very fast. Borrowing the method of changing the shape of the stone formation to change the shadow, the speed was increased to an extreme.

This is probably their limit.

The devil could see that Harrison and the others were all waving their fists, thinking about it, their fists were the most powerful attack method.

Attack yourself with extreme speed and with their fists?

That is to completely treat their own bodies as stones, and want to smash themselves to death.

"Crazy! You are really crazy!" The

devil's eyes widened, and he never thought that someone would dare to deal with himself in this way. This is completely a way of wanting to die together, even if he is going to die, among the 18 of them, I am afraid that few people will survive!

crazy!

Completely crazy!

“Come on!” The

devil roared, stood there, and took a deep breath. Even if it was him, he didn’t dare to be careless at this moment.

The storm is getting more and more turbulent!

The wind hitting the face fiercely, like a knife, made people feel painful!

powerful!

This is the most powerful moment of Harrison.

“The devil of the dog day, I’m fighting with you!”

“Let you see, even a mortal can kill you!” The

fifth voice sounded, and even if he was going to die, his damn would have to scold him!

Their speed is getting faster and faster, the wind blade is getting more and more terrifying!

Suddenly, the storm seemed to shrink abruptly, and the dog’s face appeared!

The devil suddenly felt a chill in his back!

“Come!”

Before he could react, the first shock came!

Boom!

too fast!

The whole storm smashed hard, and Harrison’s fist moved towards the Demon King. The Demon King just raised his hand, and the two hands slammed together.

boom!

The earth is shaking!

The ground under the Demon King’s feet split instantly, and both feet sank deeply.

On the ground, a blood stain appeared at the same time, it was the blood of Brother Dog!

Jiang Ning’s eyes were red: “Agou!”

He shouted and rushed over and saw a figure flying out of the storm circle. The first impact of Harrison was over, and his whole person was shaken out.

Andrew quickly rushed over and hugged him from mid-air. Harrison’s arm had burst to pieces!

Only one is left, the arm that has been broken by the dyed Shiyi Yiwu Fuyi!

Chapter 2454

“Agou!”

Andrewshouted, Harrison opened his eyes slightly, there was no fear in his eyes, no regrets: “Not yet...not dead...” The

first time he impacted, he still failed to hurt the devil, but this Just the beginning!

Andrewtrembled, and immediately helped Brother Dog seal the wound to prevent him from bleeding too much. This was the price of using one arm, and he was proving to the Demon King that even mortals are equally qualified to fight him!

Boom!

The second time I rushed to Shixiran, covering up, covering up and covering up, to cover up!

Andrewraised his head, clenched his fists, his steel teeth were about to break, but he couldn't stop it.

“Grandpa is here!” It

was the fifth voice!

The second impact was the fifth shot!

The storm is still terrifying, and the face of the devil has changed. He took a deep breath to be ready, and sneered: "Do I still need your notice? Let go!"

Boom!

A loud noise, another terrifying impact, the ground cracked, half of the devil's body sank under the ground!

The same figure flew out, Andrew rushed out again, shaking out, and taking the blood-stained old fifth.

The old fifth was in a coma, his breath was weak, and one of his arm muscles burst open, revealing the dense white bones, which made people feel terrible.

"Fifth! Fifth!"

Andrew yelled, but the fifth didn't seem to be able to hear him, and he was in a coma. Andrew quickly stopped the bleeding while shouting: "Wake up! Fifth, wake up! Hold on! Hold on! Ah!"

His voice was trembling, and he had never experienced anything like this.

He told Harrison a long time ago that he would die

if he followed himself... But he never wanted to see them die!

"Fifth, don't sleep! You fucking don't sleep!"

Andrew shouted, but the fifth still didn't respond.

boom!

The third shock!

It's the sixth!

The fourth time, it's the old eight!

the fifth time!

...

Boom!

boom!

boom!

Eighteen times!

With a loud noise, the Demon King roared and greeted every terrifying impact strongly.

There was already a huge pothole on the ground. The Demon King was lying there, his chest sunken, his neck twisted 180 degrees in the opposite direction, and one arm was broken and placed on his neck...

He was seriously injured!

I panted for breath, and blood spurted from my nose.

But the double pupil is still sharp!

“Puff—” The

devil opened his mouth, spouting blood, and slowly twisted his neck, as if he wouldn't die even if his neck was broken.

“Unexpectedly, you eighteen mortals are so powerful...”

He smiled coldly, slowly turned his head back to the original position, and struggled to get up. The blood on his body was wrapped in black air and emitted. There was a terrible breath.

And behind Jiang Ning, eighteen people lay, all seriously injured!

When they are all dying, a little disturbance can kill them!

“You please please me.” The

Demon King stood up, connected all his broken arms, surrounded by black air, and was slowly repairing it!

Where is this ability that ordinary people can have?

He looked at Harrison and the others, but he didn't expect that he would be so badly injured by these mortals.

If today is not eighteen people, but twenty-eight, or even thirty-eight, then he might be killed by them!

"As a reward, I will kill you with my own hands!" As

soon as the voice fell, the Demon King's heavy pupil was cold, and he instantly swept out, raised his arm, and suddenly a cloud of black air appeared on his palm, and he slammed the black air over!

"Die!"

he roared.

The black gas corrodes everything around it, even if it just approaches, it melts instantly!

Once they fall on the dog brothers, they will be killed in an instant!

"Bang!" But

Jiang Ning, how could this happen.

He slammed his fist and slammed directly on the black Qi, with a loud bang, and the black Qi was smashed into the air by him, almost hitting the Demon King himself in the face.

"Impossible!" The

Demon King was shocked. How could Andrew dare to pick up his own attack with his bare hands?

“Enough of you!”

Andrew roared, his eyes were red, white light appeared on his fists, and his face was boiling with murderous intent!

Chapter 2455

Jiang Ning’s whole person seemed to have changed, that white glow wrapped him in an uproar, and disappeared in an instant, but the demon king’s heavy pupil could see that the aura on his body had changed!

“It’s impossible!” The

Demon King roared, not believing that Andrew dared to take his attack directly.

He raised his hand suddenly and slammed it again with a fist. The black energy was lingering, and it was boiling like a sea. Even if he just wiped the dog and the others, it would be enough to kill them!

But Andrew punched again to disperse those black qi.

“I said, that’s enough!”

Andrew burst into tears, his eyes glowing like electricity, murderous!

He couldn’t just watch Harrison and them die, watching them fall in front of him one by one.

At this moment, he can't care to feel the changes in his body. At this moment, he has only one thought in his heart, killing the devil!

He felt his fist become hot, as if he had been scorched by fire, that kind of terrible power, madness surged from his body!

Rumble—

Andrew stomped on her feet, and the ground trembled!

With a scream, he rushed out directly.

too fast!

As soon as the devil's eyes contracted, he subconsciously raised his hand, bang!

The terrible power directly shook him out.

“

Quite soon, what's going on?” The Demon King didn't know what was going on. Andrew had been exhausted just now, but at this moment, this terrifying power was even more terrifying than before.

Andrew seemed to have changed a person suddenly.

His eyes became cold, and the double pupils overlapped again, capturing Jiang Ning's movement, but he didn't even see it?

call!

call!

call!

The wind was raging, coming from all directions, the devil turned his head and looked around, he saw eightAndrew!

It was an afterimage, just becauseAndrew was too fast.

“Hmph, it seems that you are in Tiangong, and you also got something.”

“It’s really lucky to

be able to get the things in the Jidao boxing sheet.” “But do you think that can stop me?”

Demon King Screamed, shouted sharply.

But Andrewdid not respond to him.

However, the gust of wind stopped abruptly, and eight Jiang Nings overlapped on one person!

Om-a

punch!

Boom!

boom!

A bit of white light exploded in the middle, and it swept in all directions in an instant, and the violent punches overwhelmed the whole body of the devil.

The Demon King couldn't sit and wait for death. He patted his palms one after another, trying to disperse Jiang Ning's attack, but he didn't expect that those punches were pervasive and even penetrated his palm directly.

boom! boom! boom!

The invisible fist slammed on the demon king's body, abruptly smashing him into the air.

Puff-the

devil couldn't suppress the upwelling blood, opened his mouth and spouted a mouthful of blood, his face instantly turned pale.

too frightening!

Andrew at this moment is more like a demon than him.

He watched Andrew coming towards him and immediately stood up.

“Come on!”

“Let me see, how strong do you really have?”

He didn't believe that Andrew could compete with him, and he didn't believe that Andrew would be stronger than before. This is simply impossible.

Andrew still didn't say a word, his eyes were fixed on the Demon King, with a crazy killing intent.

It seems that in the bottom of his heart, there is a real demon, a demon even more terrifying than a demon king!

?Fu waiter to close Xi Aizhe zero? And at this moment, he can't hold it down!

Murderous aura swept, spread boundlessly, completely locked the Demon King, terrifying fists like raindrops, slammed on the Demon King frantically, one punch was more powerful and fierce than a punch!

There was even a faint white glow, blending into the strength of his fist, making the devil feel very uncomfortable.

boom!

With another punch, the Demon King was hit again, and the bone in his chest clicked, and it was directly broken?

how can that be!

His body is strong enough that it is impossible for a mortal to even hurt him at all. How could Jiang Ning...

Suddenly, when the Demon King saw Jiang Ning's eyes, for an instant, there was also a flash of black air.

Chapter 2456

"Devilish energy?" The

Devil King was shocked, and the evil spirit in Jiang Ning's heart broke out? But how could he not lose control!

Before he could react, Andrew killed him again, like a robot with no emotions. He had no other thoughts at this moment except to kill the Demon King.

His fists were too terrible, and the speed of his fists was amazing. The compressed air made a series of bursts of air. The devil kept retreating and wanted to say something cruel. There was no time.

Where does he dare to be distracted?

Andrew at this moment is much scarier than before.

Could it be that because of the dying guys of Harrison, Andrew broke out instead?

boom!

The devil lost his mind for a while and was hit by Andrew again. One of his arms was broken and he was almost torn off by Jiang Ning.

madman!

This guy is definitely a lunatic.

Jiang Ning, who didn't say a word, was more like a demon, fierce and domineering.

The devil knew that Jiang Ning's state was not right, he must be in the heavenly palace, and he had some inheritance, which suddenly burst out at this moment.

Damn it!

He scolded in his heart, but didn't want to let himself become Jiang Ning's experiment.

He stepped back more than a dozen steps in succession, and distanced himself from Jiang Ning, knowing that Andrew would not stay away from Harrison and them.

"I didn't expect it, you placed one!" The

Demon King glanced around, looked at the Thirty-Three Heavenly Steps in the distance, and then at the dragon chair that had been standing for so many years, "You think, Can this kill me?"

Rumble—

it seems that the dragon chair responded, and thunder rang out in the sky.

The devil hummed coldly, made a decisive decision, turned around and left without any hesitation.

The injury he suffered is not light, and if this continues, it is very likely that he will be damaged again in Tiangong.

Jiang Ning...This is evolution, and he wants to become the same type of person. The Demon King is a little annoyed. He didn't expect this. He didn't expect the Heavenly Palace person to make such an arrangement.

Seeing the devil fleeing, Andrew did not chase him.

The magical energy in his eyes also disappeared.

Even he himself felt a little weird. What happened to him in the state just now?

It seems that there is an anger stuck in his heart, making him just want to vent, just want to kill the devil!

"How are you doing?"

Regardless of so much, Andrew looked at the seriously injured and dying Gou and the others, his eyes flushed.

Harrison still had a breath, he just squeezed out a faint smile and wanted to speak, but he no longer had the strength to speak.

"Persevere! Persevere!"

Andrewshouted, not letting them fall asleep, but in such a place, there are no conditions for treatment.

Harrison and their current state, if they were sent back to the South Estopia, they would definitely not be able to hold on.

“Eternal Life Pond! Yes, Eternal Life Pond!”

He reacted abruptly. The water in the Longevity Pond would have the best healing effect and send them to the pool!

Andrewcautiously moved Harrison and others to the longevity pond one by one, let them soak in directly, and use the vitality of the longevity pond to repair their injuries.

This is the only way now!

Looking at their weak faces, Andrewsaid nothing, worried in his heart.

“Don’t die.”

Andrewsighed inwardly.

Harrison and them are very weak, even hanging their last breath, even opening their eyes, it is very difficult.

They soaked in the longevity pool water, and soon the pool water was stained red with blood.

Andrew didn't care about this, he only hoped that the pool water would be useful and could save their lives.

As time passed by, Harrison and their auras were still weak, but a little more stable. The longevity pool water really worked, but there were too many people and too little water came out of the pool. Eighteen people had to recover at the same time. The effect too slow.

Andrew also couldn't divide it into batches. Everyone was seriously injured. If they can't be treated in time, they will die!

"Dad, what happened to them?"

Jiang Yao's voice suddenly came from behind, slightly crying.

Chapter 2457

Looking at the pool full of blood and water, looking at Harrison and the others, each of them had a weak breath, and they couldn't even open their eyes. Jiang Yao knew they were injured no matter how young they were.

Just like last time, "Ran Yiyi Shandi Ling Lu Ran" the old naughty boy was dying, and Jiang Yao was afraid that he would leave.

"They were injured."

Andrew didn't conceal it, knowing that there is no point in hiding Jiang Yao now. She should be told that Brother Dog and the others were injured in order to protect her.

"Don't be afraid, Yaoyao, Dad will save them and won't let them get into trouble."

He patted Jiang Yao's head lightly, his voice a little hoarse.

In the pool, Harrison and the others were extremely weak. Even if they took a sigh of relief, their injuries were too serious. Even if they had the vitality of the longevity pool, they continued to help them repair their injuries, but there were too many people and too little water.

This speed is too slow.

"They are uncomfortable,"

Jiang Yao looked at Brother Dog and them, and couldn't help crying. "Dad and uncle, they are very uncomfortable. I can feel that they are painful."

Those wounds seemed to be on her own body. Jiang Yao gently touched her arm, as if touching the wounds of Harrison and theirs, "It hurts, it hurts!"

Andrew hugged her up, not knowing what to say.

"Uncle Agou,"

Jiang Yao struggled to get down, refusing to hide in Jiang Ning's arms.

She walked up to Brother Dog, knelt on the ground, stretched out her hand and gently touched Brother Dog's face, "Are you in pain?"

Brother Dog felt that there was a voice in her ear, Jiang Yao was talking to herself, but the voice it was so small that he could hardly hear it.

He barely opened his eyes, wanted to shake his head, and told Jiang Yao that he didn't hurt, but he couldn't even do the simplest movement.

"Uncle Five, wake up, look at Yaoyao, you haven't taught Yaoyao to curse."

"

Uncle Jiu, the gift you gave Yaoyao, Yaoyao hasn't played yet, you have to play with me." "Uncle San, you talk to Yaoyao, can you talk to me, okay?"

Jiang Yao looked at her on weekdays, One by one, uncles who were alive and kicking, lying motionless in the pool at this moment, did not even open his eyes, his breath was so weak, it seemed that he might leave him in the next moment.

That kind of feeling made her feel so uncomfortable, as if she was being pulled by her heart.

"It's okay..."

Hearing Jiang Yao crying, Harrison exhausted his strength and squeezed two words from his throat to comfort Jiang Yao, but this made Jiang Yao want to cry.

"Your voice has changed, and you said it's okay!"

Jiang Yao cried and wanted to hug Harrison, but was afraid of hurting him. Looking at the wound on Harrison, she was bloody. She was not afraid, just distressed. All I know is that Harrison must be very painful.

Seeing Jiang Yao's sad look, Andrew didn't know what to say.

He wanted to comfort Jiang Yao, but he was also uncomfortable in his heart, so how could he comfort him?

“Ouuuu-“

Jiang Yao cried, heartbroken, gently pulling on Brother Dog’s clothes, “You don’t want anything, you all promise Yaoyao, don’t have any problems, okay?”

She begged, her voice was all in her voice. Trembling, don’t want to lose anyone.

But no one answered her, they didn’t have the strength, and some were still in a coma, and they didn’t hear what Jiang Yao said.

Jiang Yao couldn’t bear it anymore, the cry was getting louder and louder, and the big teardrops rolled down from the eye sockets, and the clear eyes had long been misted.

“Don’t ignore me...”

She cried, tears dripping, falling on Brother Dog’s shoulders, clattering, and mixing directly with the water in the pool.

“Don’t don’t want me, oh oh oh!”

Jiang Yao cried more and more sad, her tears kept rolling down, falling on the dog, and falling in the pool. In a short time, the water in the longevity pool began to roll, and the mist rose up!

Jiang Ning’s eyes cleared up, is there any movement again?

Before Jiang Yao's hand touched the water of the longevity pool, it made the whole longevity pool boil!

Chapter 2458

He was worried that there would be an accident. The springs in the pool suddenly wanted to wake up. Streams of spring water spewed out!

The red in the pool gradually faded, and the continuously gushing spring water exudes strong vitality!

Andrew could feel that the Changshengchi seemed to be alive!

It's Jiang Yao!

Jiang Yao is the last spring, this is Jiang Yao's ability!

He watched carefully from the side, watching the pool water boil more and more, the red that was stained with blood, was constantly fading, as if swallowed by the aura in the pool water.

Harrison and their injuries began to recover faster.

Even Andrew could feel it, and could see it with the naked eye!

"Yaoyao,"

Andrew said quickly, "Don't stop, keep crying."

Jiang Yao turned to look at him, wondering what Andrew meant.

“Yaoyao, Uncle Agou and the others, they may be leaving you.”

He took a deep breath, “You will not see them in the future, you will not hear their voices, and they will not be able to play with you. In the future, you have to do it yourself. Played.”

Jiang Yao’s heart was broken when he heard Andrew say this. She couldn’t help it, and she burst into tears, tears like beads with a broken thread, constantly rolling down.

The pool water started to boil!

Even the spring eye made a neighing sound!

Sure enough, Andrew guessed right, Jiang Yao’s tears were more effective than these springs.

It was important to save people at this moment, and he didn’t care about making Jiang Yao cry, and he continued to say those words quickly to keep Jiang Yao in good shape.

Knowing that Harrison and the others might die, might have to leave themselves and disappear from their own lives, Jiang Yao couldn’t cry, tears kept dripping in the pool.

The water in the pool boiled more and more, and the vaporized mist enveloped Brother Dog and them all, making people look a little fuzzy.

The vitality in the mist is obvious, even if it’s just a breath, I feel comfortable.

Saved!

They are saved!

Andrew was glad that Jiang Yao was here, and that Jiang Yao's tears were able to save Harrison and them.

Looking at the boiling pool water, watching the wounds of Harrison and theirs, they are recovering rapidly, Andrew also had to marvel, the power of the spring eye is indeed terrifying.

No wonder Tiangong has been standing proudly for so many years, and the Demon King has worked so hard to get the spring even if it is nine deaths.

This kind of terrifying vitality is too amazing, maybe it can really make people live forever.

As time passed, Andrew felt that Harrison and their breathing slowly recovered. Although the injuries were still serious, they were not fatal anymore.

Eighteen people are still alive!

Fortunately!

This is the greatest blessing.

Jiang Yao hugged Harrison's neck, tears slipped down, making Harrison's face wet.

"Uncle Agou, don't ignore me, I won't let you go! I don't want you to go!"

She cried, her eyes red.

“Well, I’m not going.”

Suddenly, Brother Dog opened his mouth, his voice still faint, but he was able to speak, some of them were hoarse, but Jiang Yao raised his head abruptly. Seeing Harrison looking at her, he cried even louder.

“You scared me!”

She cried and hugged me tighter. “You scared me to death!” The

dog didn’t move, and he couldn’t move. He could feel that his wound was recovering. It feels amazing.

He also knew that if it weren’t for Jiang Yao’s tears, he would definitely not be able to make it through.

But even so, he still didn’t want to see Jiang Yao cry.

“Yaoyao, stop crying, okay?”

Harrison said softly.

“No!”

Jiang Yao shook her head, crying even louder, “I cry, I shed tears, you won’t leave me!”

She is still young, but she knows everything.

She gently touched Harrison's face, her small mouth slumped, trying to brew her own emotions, for fear that she could not cry, no tears, and could not save Harrison and them.

"Let me cry enough at a time, in the future, you can't make me cry again in the future!"

Chapter 2459

Harrison smiled, his heart warm.

He wanted to stretch out his hand and gently stroke Jiang Yao's small face, but he couldn't lift his hand at all.

Looking at Jiang Yao's eyes, he was crying red, and he was moved.

Although this girl is still young, she actually knows everything. She knows that her tears can save everyone. Even if she is most afraid of crying, she is forcing herself to cry at this moment.

The water in the longevity pond became more and more clear.

Those bloody waters were diluted so that they were invisible, the thick mist was scattered, full of vitality, and the entire space was surrounded by this mist.

Harrison and the others are shrouded in this, using those vitality mists to constantly repair their injuries.

Andrew seriously felt that Jiang Yao's tears were so severe. Now it seems that Harrison and their lives will definitely be saved. As for the recovery from the injury, it will definitely take some time to get back to the injury. ?

In any case, as long as people can survive, this is more important than anything else.

He asked Jiang Yao to sit there with Harrison and the others, talking from time to time to keep Harrison and them awake.

And he was on the side, protecting the dog brothers and them, and at the same time began to check his own body.

When fighting the Demon King just now, the white qi in Dantian suddenly surged out, making him so strong that he was not even afraid of the black energy of the Demon King. This surprised Jiang Ning.

He didn't feel this way before, and he didn't even realize that those white awns could still be used like this.

At this moment, he tried again, but he couldn't mobilize, and he didn't even know how to communicate with these white lights.

He could feel that in his dantian, those white awns were wrapped in a ball, floating and sinking there, quiet.

But when fighting, the violent state makes people feel terrible!

If the devil doesn't escape, and fights to get himself seriously injured, maybe he can really kill him!

Andrew sat cross-legged, closed his eyes, and relaxed his mood.

Soon, he entered a state. He wanted to spur the white awns through his body, but he could still only feel it, but he didn't know how to use them.

These white awns must have been obtained by sitting on the dragon chair before.

Andrew couldn't help but open his eyes and looked at the Dragon Chair of the 33rd Heaven in the distance. There seemed to be a person sitting there, staring at himself at the same moment!

But what exactly is this white mang?

It was said that it was related to the Ji Dao fist score, but Andrew did not find any description about these in the lines on the fist score, not a word.

"Could it be that these lines are not complete, and some are missing?"

Andrew suddenly thought of such a possibility.

The nine fist scores are all on his body now, and he has cracked all the lines on the fist scores, but is this all the fist scores?

He knows that those lines are not all, after all, these lines are very likely to be the characters used by another civilization, how could there be so few.

But where are the missing ones?

Andrew felt that it was not the right time to think about it now. The most important thing now is how to figure out what those white awns are, and how they can use them.

He has played it once, knowing how terrifying these white lights are. Even if he recovers a lot of the Demon King, he can resist hard. What surprised him most, the white lights, seems to be able to restrain the Demon King's black devil energy!

Sora had such a good thing, but couldn't flexibly mobilize it. Andrew was a little angry.

But anger is useless, you must find a way to calm down, he reminded himself.

"Da da da!" In the

distance, footsteps heard quickly.

? Yiyi loves Er's buzzing and pa's Er? Andrew opened his eyes and heard who the footsteps were, and put down his guard, it was an old naughty boy!

The old naughty boy hurried over, he was not at ease, not at ease that Andrew and the others were fighting with the devil here, and he could only guard in the South Estopia.

"What about people?"

Chapter 2460

He shouted and saw that the surrounding area was in ruins, and even the grass that had just grown was wiped out. There was blood on the ground and the faint smell of blood in the air, which had not been blown away by the wind.

"Jiangning!" the

old naughty boy shouted.

“I’m here.”

Andrew responded.

Hearing the sound, the old naughty boy hurried over and saw Andrew sitting there at a glance. He couldn’t help but feel a little worried, “How about you?”

“What about them? Yaoyao?”

His voice became anxious. Even Andrew was injured, what about the others?

They won’t have an accident!

“On the side of the Changsheng Lake,”

Andrew said, “all are alive.” After

understanding these three words, the old naughty boy’s hanging heart was instantly put down and all alive! Great! Great!

He didn’t care about Jiang Ning’s injury, Andrew could not die anyway, he was worried about Jiang Yao and the others!

The old naughty boy rushed to the longevity pond and saw at a glance, dozens of dog brothers lying in the longevity pond. Seeing them all red with blood and scarred appearance, his old eyes suddenly became red.

He gritted his teeth and his lips trembled: "It's good to live, it's good to live!"

Although he always refuses to admit it, Harrison and them are his own disciples!

Seeing that they were so injured that they almost lost their lives, the old naughty boy felt very sad. As a master, he couldn't protect his disciples. He felt that he was really useless.

"Master..."

Seeing the old naughty boy coming, Brother Dog shouted.

He usually yelled like this, the old naughty boy just snorted and ignored him, but today, he nodded his head repeatedly: "I am here! I am here!"

He walked over and saw that Brother Dog had broken his arm and his eyes were even redder.

"That bastard greedy wolf! Dare to hurt my disciple!" The

old naughty boy almost gritted his teeth, "I

never finished with him!" Hearing the old naughty boy say this, the dog was very comforted, and the old naughty boy finally admitted them. .

“Don’t worry, take good care of your injuries. The water in this longevity pond has a strong repair ability and can even regenerate vitality. You will definitely be fine.” The

old naughty boy comforted, “I will find a way, your hand... I will think Way!”

“Master!”

Jiang Yao’s voice came from behind Brother Dog.

She fell asleep as tired as she was crying, and now she woke up when she heard the voice of the old naughty boy.

She rubbed her eyes and saw that she was really an old naughty boy, and immediately rushed over, got into the old naughty boy’s arms, and started crying again.

“Woo, Master, Uncle Agou, they are all injured, they are all to protect me!”

Jiang Yao cried, heartbroken.

She was young, but she knew that Brother Dog and the others were hurt so badly just to protect themselves.

“Don’t be afraid, Master is here.” The

old naughty boy gently patted Jiang Yao’s head and looked at her crying red and swollen eyes, feeling distressed.

He also felt sorry for Brother Dog and them. He almost died here after nine deaths!

“It doesn’t matter, let Yaoyao cry. If Yaoyao cries, there will be more tears. Uncle Agou and the others can recover faster.”

Jiang Yao stubbornly said.

“Okay, okay,” the

old naughty boy was almost crying, and gently wiped away tears from Jiang Yao, and glanced at the longevity pond, “the water in the pond is enough, let them recover, and you can cry again when the water in the pond is not enough. it is good?”

Now, no matter how much water there is in the pool, it doesn’t make much sense. Harrison and their lives have been saved, and it takes time to recover.

He hugged Jiang Yao up: “Hey, obedient, you have to keep your tears at the critical moment, you know?”

“Yaoyao understands.”

Jiang Yao nodded and wiped away her tears. She knew her tears. How important it is, then it must be used at the most critical time to help Dad and Master.

“You guys take a good rest.” The

old naughty boy looked at Brother Dog and the others, “Master will definitely help you repay this grudge!”

Chapter 2461

Damn greedy wolf, whether he is greedy or not, but his greedy body hurts Harrison and the others, this account will be counted on the greedy wolf.

The old naughty boy walked over one by one and told everyone a few words to let them recuperate. Relying on the water in the longevity pond can save their lives, but recovery must take time.

The old guy's eyes are red, and he has lived his entire life, not as sad as today.

He took Jiang Yao back outside, and Andrew was still sitting there.

Seeing the old urchin coming out, Andrew opened his eyes and closed his eyes.

"They all saved their lives. This is fortunate."

"Where is the wolf?" the

old naughty boy asked, "Is he still alive?"

Andrew shook his head.

The Demon King's strength is amazing, even if it only recovers 70% to 80%, coupled with the wolf-greedy heavy pupil, that strength makes it difficult for all of them to join forces.

It would be really hard to tell if the Demon King was completely restored.

“This bastard, life is very hard!” The

old naughty boy gritted his teeth, “No matter, next time I meet him, I will kill him, how dare to hurt my apprentice!” How could

he bear it.

He is like this, he has a clear distinction between love and hatred, and he must avenge whatever he wants.

“The Demon Lord now occupies the body of Greed Wolf. He is very powerful and difficult to deal with,”

Andrew said. “Although I was seriously injured this time, the Demon Lord’s remnant soul is strong. He did not die after the Heavenly Palace was destroyed. Careless.”

“Did you hurt him badly?” The

old naughty boy said in surprise.

Of course he knew how powerful the Demon King was, the two in one powerful, but not a single greedy wolf.

But Andrew actually seriously injured the Demon King without being seriously injured. This was of course a surprise.

“Not bad.”

Andrew said, "I have a hint of white light in my body, which just happened to burst, causing my strength to skyrocket and hurting him seriously."

Bai Ming?

The old naughty boy knew what it was, and he also had it in his body. That was the threshold for the martial artist to enter a stage and become a master of innate martial arts, but it seemed that it was not as evil as Andrew said.

"That thing, can it explode?"

He couldn't help being surprised.

Andrew shook his head. He didn't know how to explain it. He was thinking about this question just now, but there is still no answer yet.

It seems that the old naughty boy doesn't know either.

"I can't control it yet."

He said truthfully.

If he can control it, he will not be allowed to leave this time, and he will be killed on the spot to avoid future troubles!

He thought for a long time, but he couldn't figure out what the white mang was, how to control it, and what is the connection with the Jidao boxing table? A bunch of questions need answers.

“Since it will break out once, there will definitely be a second time.” The

old naughty boy has rich experience, “Don’t worry, often at this time, you need to calmly think about it. Next time it breaks out, take it well.”

“I always It feels like the white glow in your body is not what we call the pre-existing energy, it may be another kind of thing.”

He took a deep breath and said seriously, “Don’t worry, there will always be a way. Let’s think about it together.”

Andrew nodded. .

“Jiang Yao, take care of you these few days. I want to retreat and think about the problem. In addition, you should pay attention to the safety of Agou.”

He glanced at the old naughty boy. Tiangong was undoubtedly the safest place right now.

He has arranged the formation to ensure the safety of everyone, but he is also worried about any accidents. The old naughty boy is here, and he is relieved.

“Don’t worry, there is no problem in the South Estopia. There is me here, and they will not have any problems. You can retreat in peace and tell me what you need.” The

old naughty boy nodded.

He knew that at this time, what Andrew needed most was to calm down and think about some problems.

He carried Jiang Yao to one side, did not disturb Jiang Ning, and at the same time paid attention to the movement on the longevity pool. Any situation can be resolved at any time.

Chapter 2462

This battle was fierce, and the result was both losers.

Maybe this is the best ending. After all, no one has lost their lives. Andrew doesn't want to see someone leave again. But this time, what about the next time?

No one can tell.

The best result should be that he killed the Demon King and completely solved this hidden danger. Everyone will no longer be in danger from now on.

Therefore, he needs to be calm, and he needs to improve his strength. In addition to the attainments in the formation, he also needs to understand what the white light is. If it can be used to kill the devil, it is definitely not a problem!

Andrew slowly closed his eyes, let himself fall silent, and let the whole person enter an ethereal state.

He needs to be calm, he needs to be extremely focused, he needs to enter his body, understand his body, and understand what the white light is in his dantian.

At the same time.

Away from the Heavenly Palace, the Demon King was vomiting blood all the way.

He was badly hurt.

He didn't expect that Andrew would suddenly explode, what is that white light?

What did the old fellow from Tiangong give to Jiang Ning?

He doesn't know what it is, but he knows that that thing can hurt himself, maybe even kill himself!

Puff-the

devil didn't stand firmly, his body shook suddenly, and blood spurted out of his mouth again, his face turned pale all of a sudden.

He was sure that Andrew did not catch up, and he was very embarrassed after running away for so long.

This is not the first time he has escaped.

The first time he fought Jiang Ning, he fled, and now he fled again, as if, in front of Jiang Ning, he had nothing but escape.

The devil is a little angry!

He knelt on the ground, holding the big tree with his hand, his body trembling badly, his internal organs were hit by Jiang Ning's fist, and his injury was not light. If he hadn't had a devilish body guard, he would have died at this moment.

"What a terrible boxing power..."

“I really didn’t expect his Ji Dao boxing technique to practice this kind of attack method. It’s incredible.”

Of course, he knows the Ji Dao boxing method. He has never seen it before. I have heard that there is such a way.

This made the Demon King feel uneasy.

This Jiang Ning, whether it was Ji Dao Fist Technique or the white glow in his body, seemed to be aimed at him deliberately, as if he was destined to stop him.

“Kill him! You must kill him!” The

Demon King gritted his teeth, his eyes were indifferent, he would definitely not be calm if he didn’t kill Jiang Ning.

Even though he never cared about anything and never felt that someone could stop him, Andrew made him feel this way for the first time.

Puff-

he couldn’t bear it, another mouthful of blood spurted out, and the whole person instantly lost his strength and fell to the ground, unable to move.

Tired, as if there is a heavy burden on his body, the injury is not light.

? Wu Er Lu Yi Pai Wu Er? “Why, dying?”

Suddenly, the wolf's voice sounded!

Seize this opportunity, he woke up!

Seeing that the Demon King was seriously injured like this by Jiang Ning, he laughed wildly, "Dignified Demon Lord, you were beaten like this, you are really amazing, hahahaha!"

"This is your body..."

"What if it is my body" Well? Isn't your remnant soul hurt? How do I feel that he has become weaker."

Greedy Wolf is not polite at all, and said harshly, "I said, you are not Jiang Ning's opponent, you will die in his hands sooner or later, you are not qualified to own my body, now...get off!" The

two began again. Fighting for control of the body, but the demon lord who had been severely injured couldn't compete with the wolf this time, but in a moment, the demon lord's voice disappeared.

Greedy wolf is back!

He took control of this body again, even though it was already scarred, he still felt excited.

This is his body, no one can take it away!

"Huh, it's really bad, even I was affected." The

soul fits with the body, and the impact of the injury makes Greedy Wolf feel exhausted for an instant, and he can't stand up at all.

chapter 2463

He almost fell to the ground.

After a while, Greedy Wolf stood firm and regained control of his body. It was really wonderful.

He thanked Andrew for being so strong and hurting the devil so badly, so that he had a chance to get his own body back.

But this kind of gratitude is only a matter of a few minutes.

After taking back his body again, Greedy Wolf has to find a way to occupy his body forever, and to find a way to completely kill the devil and let him get out of his body!

Compared with the devil, he is not much better.

The most important thing at the moment is to recover from the injury first, and look for opportunities by the way to obliterate the remnant soul of the demon king.

Greedy wolf left, and soon disappeared.

And within the Tiangong.

Andrew is still in retreat.

The old naughty boy accompanied Jiang Yao while paying attention to the situation of Brother Dog and the others.

Soaking in the water of the longevity pool, their injuries recovered quickly.

After all, there is nothing in this world, which is more vital than the water in the Longevity Pond, and it is not difficult to repair it.

Life and death, flesh and bones, is not just talking.

“Yaoyao is sleepy, then sleep for a while, and when you wake up, Master will play with you.” The

old naughty boy put Jiang Yao to sleep and walked to the edge of the longevity pool, watching the dogs and them carefully to make sure they have Whenever you need it, you are on the side.

In the pool, Harrison and the others continued to lie down, and they could feel that the wound was refreshing. It was the breath of life in the water, and they were constantly repairing their wounds.

Although slow, this speed is still amazing enough!

In this world, I am afraid that there is no medicine that has such miraculous effects.

Moreover, it doesn't need Harrison and the others to do anything, they just need to lie here, do nothing, just wait quietly, without pain, without any other influence.

I have to say that the water in the Longevity Pond is really amazing.

“Master.”

Seeing the old naughty boy approaching, Harrison and others shouted.

“How do you feel?” The

old naughty boy nodded and cared.

“It’s better, the physical condition is stable, the internal injuries are constantly being repaired, and the external injuries will be slower, but it is also very amazing.” The

dog brother smiled.

He broke an arm. It is not easy to regenerate.

But the old naughty boy still let him soak in the pool, maybe there will be a miracle.

“Don’t worry, in the world, maybe this longevity pond water is the most magical thing, endless vitality,”

he comforted, “it will definitely heal your injury, maybe your arm can also be restored.”

Gou nodded his head. , The old naughty boy will believe whatever he says.

The old urchins checked over one by one, and saw that their injuries were better than before, so they slowly relaxed.

“Master.”

Suddenly, Lao Wan called to him, his face flushed slightly, “Can you do me a favor?”

“What’s your favor?”

“Look, is there any bug in this pool that is biting me? Butt, it’s itchy.” The

old naughty boy turned dark, but he could only agree.

He stared at it, and couldn’t help cursing, “Where is the worm, so black, where can I look?” All of a

sudden, everyone else laughed, and even pulled the wound with laughter, causing pain.

“That’s hairy,” the

old five blushed, “everyone doesn’t have hairy on their bodies, look at them, do they have them.” The

old naughty boy really wanted to slap him on his body for fear of hurting him.

“I didn’t see the bugs,”

he looked at it carefully, but didn’t find any bugs, “Where are you itchy?” As

he said, he was about to reach out to touch it, and Lao Wu’s face turned redder.

“Just, it’s the middle position.” The

old naughty boy immediately retracted his hand, and his beard began to blow.

“I didn’t see it!”

He snorted, “It seems that your injury is almost good, so you dare to tease me!”

Chapter 2464

“No! Master!” The

fifth hurriedly explained.

“I feel itchy all over.”

He would have scratched if it wasn’t for the injury on his hand.

His skin was a little red, the old naughty boy could see, and his pores were opened, as if he was breathing!

His face changed.

“How do you feel inside your body?” the

old naughty boy asked immediately.

"It's all itchy. It seems that there is a bug crawling in the body, itching is not good, Master, please help me scratch it." The

old fifth couldn't help but twist.

"Don't move!" The

old naughty boy flushed and immediately scolded.

"I'm telling you, this is a miracle!"

"How do the rest of you feel?"

"I feel a little itchy, too."

"Yes, Master, when you say it, I feel it too."

They all reacted when they heard it . , The old naughty boy is even more pleasantly surprised.

"Good! Good!"

"This is a good thing!"

"This is a good thing!" The

old naughty boy shouted, “Your bodies are changing.”

He didn’t expect the water in the longevity pond and Shan Shiai. Ershi Zhepazhi? This effect, Harrison and the others, is a blessing in disguise.

This kind of metamorphosis is not the kind of metamorphosis that we said in the past. It depends on human power to transform. This kind of metamorphosis starts from the cell.

It can be said that their bodies have already embarked on another path!

“Jiangning!”

The old naughty boy shouted and waved his hand again.

Andrew is still in retreat, don’t bother him, the most important thing now is to stabilize this state.

“You guys, keep calm.” The

old naughty boy said immediately, “Next, do as I said.” When the

brothers heard this, they knew this was a rare opportunity, so they didn’t dare to take it lightly.

Although this feeling is very uncomfortable, the old naughty boy said it was a good thing, so he had to bear it.

“I teach you a clear mind mantra that can keep you awake and focused, no matter how uncomfortable your body is, bear it, don’t move, understand?”

This kind of good opportunity can't fall short.

"Yes!"

Everyone cheered up, not daring to make a joke, and immediately followed the old naughty boy to learn the Heart-Cleaning Mantra so that they could stay focused.

The old naughty boy taught patiently, the dog brothers were serious about learning, this kind of once-in-a-lifetime opportunity, no matter how painful they are, they will have to survive.

After all the ups and downs, life and death, these are actually nothing.

What they fear most is hopeless and becomes ordinary.

Now, it's a blessing in disguise.

If you can make yourself stronger because of this, then for them, it's not a loss!

This kind of mentality of the strong, they have gradually formed.

Time passed by, and under the guidance of the old naughty boy, they quickly took control of the Heart-Cleaning Mantra, meditating in their hearts, closing their eyes, and immersed in this state.

The old naughty boy didn't bother them, watching them one by one, nodded, the surprise on his face still couldn't hide.

“I didn’t expect it, a blessing in disguise, I hope they can all have a good transformation.”

He knew that this might be the biggest opportunity for Harrison and the others in this life. When it appears at this time, there is some certainty in it.

He doesn’t know, and he can’t be sure, but as long as you look forward, you can’t go wrong.

The old naughty boy is watching to make sure that there will be no problems. He wants to watch his apprentices transform and become completely different people.

After experiencing such a fight, especially fighting with a powerful existence of the Demon King level, for them, they are already experiencing things that others cannot experience.

Being able to escape in a nine-dead life, the insights gained are far beyond imaginable.

At this moment, Harrison and the others, closed their eyes one by one, devoted themselves to their own state, ignoring the feelings of the body, and seriously thinking about what they have learned from this battle...

Chapter 2465

This is a kind of opportunity, a rare opportunity. I am afraid it will be only once in this life. If it is missed, it will be difficult.

The old naughty boy didn’t bother them, while watching Jiang Yao’s side, protecting his apprentices.

But Andrewis still in retreat, completely immersed in his own world.

He needs to think and keep trying, how to control his dantian, that trace of white light, for him, perhaps that is the biggest turning point, and it is also the biggest reliance after him!

However, this not only takes time, but also a lot of wisdom.

Tiangong gradually calmed down.

Except for the fresh mist from the longevity pond that is getting thicker and thicker, there is not much change here, and it is still in ruins, even if there is some grass emerging.

at the same time.

Greedy wolf hid himself.

He is a very cautious person and will not expose himself easily, especially when it is not safe enough.

His body was seriously injured by the Demon King. At this moment, let alone Jiang Ning, even an ordinary master could kill him and kill him!

It took him several days to recover his body better, at least from the outside, it was not obvious that he had been seriously injured.

Greedy wolf is not angry, the devil made his body like this, if it weren't for Andrew severely injured him, he didn't know when he could regain control of this body.

He must take advantage of the devil lord's weakness and sleep, take his body back completely, and drive the devil out!

However, this is not an easy task.

The demon king waited for so many years before he waited for himself. These few battles with Andrew made him realize the benefits of double pupil. How could he easily give up in the pit?

But Greedy Wolf will not give up either, this is his body, he must take it back, no one wants to take it away!

He quietly returned to the crypt without alarming anyone. He knew that the crypt was now controlled by Jiang Ning. Once he was exposed, Andrew would know for the first time.

That guy is a cruel person, and he will definitely kill him when he finds himself.

Greedy Wolf would not believe that Andrew really wanted to cooperate with him. In order to kill the Devil King, he would treat himself as a friend, and don't even dream about such things.

He must be on Andrew's kill list, Greedy Wolf has no doubt about this matter.

He came to the catacombs to find Yumeng.

He knew that Yumeng was still in the crypt, waiting for himself.

The old palace, there were no people coming, and it was extremely desolate. Today's crypts seem to be deserted, and even the people in the original caves are depressed.

The Demon King did not come back, and they were terrified. The Demon King came back, and they were in dire straits, living in fear and anxiety every day.

No one knows, one day the Demon King is unhappy, and he himself becomes the one he vents to kill.

Greedy wolf walks in the palace.

“I? Wu Lu Wu Er Yi Ling Lu Zhe? Know you are waiting for me here.”

He said, “I’m here, come out.”

Greedy wolf turned his head and looked around without any sound.

“Yumeng, it’s really me.”

Hearing this, there was a sound of footsteps at the end of the corridor. Greedy Wolf looked over, listening to the footsteps, it was so familiar.

Yumeng is here, she is indeed here, Greedy Wolf knows that she will definitely be here waiting for her return.

“Is it something unexpected?”

Greedy Wolf said, “You don’t want to see me come back.”

His ability to come back alive means that Andrew and the others have failed and failed to kill the Demon King.

Yumeng shook his head.

“I don’t want to see you die, not

at all.” She looked at the greedy wolf and sighed, “Why did things turn out to be like this?”

“In the end, so many people will die. Those people are all innocent. Yes.”

Not just the people in the crypt. If the Demon King continues to exist, there will be many people who will die because of it in the future. No one wants to die, but do they have a choice?

Chapter 2466

Under this huge torrent, they are too small to fight their own destiny at all.

“Innocent?”

Greedy Wolf snorted, “In this world, there are too many innocent people, can you sympathize with me?”

“Just us? Serve Xiyi to cover Erlu? People of the same generation, except for the three of us, also How many people are alive?”

“Even if they are innocent, they will still be dead sooner or later. What’s the difference.” What

he said was very simple and seemed to be indifferent. Greedy wolves had already seen through these things, even if it was himself, he I didn’t think it must be alive.

If the goal he wants to achieve requires him to die, then he will not hesitate!

He is a lunatic, in order to achieve his goal, he can do nothing, even his own life!

This kind of madness is simply incomprehensible for ordinary people.

“Greed wolf, you shouldn’t be like this.”

“Then what should I do?”

Greed wolf asked back, “Anyway, no matter what I do, I will be spurned by the world, shameless, and scorned by others. Why not just be myself, happy I?”

He smiled wildly, kind of free and easy, even a little charming.

He stared at Yumeng, not polite at all: “You tell me, what should I do?”

Yumeng shook her head, she didn’t know how to answer.

Of course she knew what kind of person Greed Wolf was. After so many years, he had never changed, and he could not change.

“I want to change, but is there this opportunity?”

Greedy Wolf smiled, but his tone was full of sadness and self-deprecation, “Even if I am dying, who will really care about me? Do you?”

“I will help you “”

“Okay, then you help me!”

Greedy Wolf said, “I need your help to get back this body that belongs to me!”

Yumeng hesitated: “How do you want me to help you?”

“I want to devour the remnant soul of the Demon King!” In

Greedy Wolf’s eyes, There was a trace of madness.

He knows that the devil’s remnant soul is extremely tenacious, and it is almost impossible to completely wipe it out. The only thing he can do now is to devour it and turn it into his own use!

When Yu Meng heard it, her expression suddenly changed.

“Impossible!”

“The Demon King’s Remnant Soul is extremely powerful. If you collide head-on, it is likely that you will be swallowed.”

Yumeng shook his head, “You are completely dying.”

Now the Demon King’s Remnant Soul is not in the Heavenly Palace before. Here, the one that was almost wiped out by the years, the devil’s remnant soul, has recovered 70%.

“He was seriously injured by Andrew and fell asleep temporarily. This is my only chance.”

Greed Wolf said.

He is a paranoid!

He stepped forward, staring at the Emma dream, "I will ask you a word, do not help me?"

"I do not devour him, sooner or later he will be swallowed by that time, I did die!"

"Now that sooner or later it's death, it's better to fight, maybe I won the bet?"

This gambler mentality makes Yumeng a little confused.

"Can't you think of other ways?"

"There is no other way."

Greed Wolf snorted, "If there are other ways, I would have thought about it a long time ago, why wait till today."

"I give the Demon King a chance to let him control me. His body, to provoke Jiang Ning, is to wait for this opportunity. If I can't seize it, the next time I wait for the devil to wake up and take my body away, I will have no chance again."

The remnant soul of the Demon King is still recovering, even if it does not exceed the previous peak, as long as it is restored to 100%, Greedy Wolf has no chance of winning, and it will definitely be wiped out by the Demon King!

Greedy wolf does not want to die!

He didn't even want to die like this for no reason, or even be robbed of his body. He simply couldn't accept this kind of death.

Yumeng hesitated. She felt greedy wolf was too crazy. It was just walking on the edge of death. If she was not careful, her death would disappear, and there would be no chance to look back.

"I haven't asked you anything in my life. This is the only time, maybe, only this time."

Chapter 2467

Greedy wolf's words contained a bitter smile.

Yumeng felt uncomfortable when she heard it.

These few of them are truly contemporaries, and they have known each other from a young age until today.

Seeing the greedy wolf fall to the present level, Yumeng felt uncomfortable in her heart.

She knew that if she didn't help Greedy Wolf, no one would help him.

In this world, greedy wolves can be the enemy of the whole world, but they will not hurt themselves.

"How do you want me to help you?"

She looked at the wolf and said.

“Your traction technique can help me.”

Greedy Wolf said.

Traction is a unique ability of Yumeng. Now she can control the soul of people!

Although it’s just a simple pull, but with a little time, you can get a head start in the master showdown.

Whether it is Breaking the Army, Greedy of the Wolf, Seven Kills or Yumeng, they all have their own ability to look after the house. This ability of Yumeng is innate and cannot be learned the day after tomorrow, just like the double pupil of the Greedy Wolf.

“Okay.”

Yumeng nodded and agreed, “but I only help you this time.”

“I don’t want you to die, but again, I don’t want to see you doing the wrong thing again.”

Greedy wolf nodded.

“I just want to live, live.”

He seemed to be a few dozen years old, and even his tone became vicissitudes of life. There was a feeling of tired of this world, and Yumeng felt a little helpless and a little distressed.

Yumeng said nothing, and left with Greedy Wolf.

Where the greedy wolf went, in the depths of the crypt, in a desolate and crowded place, this place may not even be the Demon King himself.

The Remnant Soul of the Demon King at this moment was completely asleep, and Greedy Wolf was not reconciled. Even though the Demon King had come, it was too late to stop him.

The Demon King's Remnant Soul, who was seriously injured by Jiang Ning, was not his opponent at this moment, and could no longer compete with him for control of his body.

The vast desert.

At first glance, the sky was full of yellow sand flying, but under the feet, the yellow sand stopped abruptly and would not go beyond half a step, as if there was a red line here, and they were not allowed to cross.

"Where is this place?"

"Endless Sea."

Greedy Wolf said.

"Before, this was the sea, but now it is dry and only sand is left."

"How do you know this kind of place?" The

cave is vast, and the greedy wolf does not belong here, how can you find such a strange place.

“I knew it by accident.”

Greedy Wolf didn't explain much.

He didn't need to explain this kind of thing.

He stepped forward and crossed that line, and suddenly, yellow sand covered the sky, almost instantly burying him!

Greedy Wolf raised his hand and shook the yellow sand away, as if there was a glass protective cover on his body, making it impossible to get close to him at all.

Once this was sea water, but now it has become a desert. It has to be said that the passing of life itself carries a kind of sadness.

Yumeng didn't say anything and followed in.

Similarly, those yellow sands can't get close.

“How can an ocean become a desert,”

she shook her head, unimaginable, “what happened here.”

The place that was originally full of vitality became lifeless. Even the yellow sand in the sky made her feel that this place was like a grave, even the sound of the wind. desolate.

“No matter what happens, it has already happened. No one can change the past. We can only stand on the present, and there is no need to look at the future.”

Greedy wolf seems to be talking to himself, looking at the distance, the double pupil reappears. !

In his sight, what he saw was different from Yumeng.

Yumeng only saw the yellow sand in the sky, and the sound of the storm whistling in her ears.

And what Greed Wolf saw... is a bunch of cold bones!

Some were buried under the yellow sand, some were half exposed, and some were sloppy, and they had long been blown out of sight.

Here... it's more like a huge tomb, where many, many people are buried!

Chapter 2468

“What are you going to do with me here?”

Yumeng looked at the wolf and couldn't help asking.

Greedy wolf said that he wanted to survive, so what use was it to come to such a lifeless place.

“I need you to use the traction technique to draw the remnant souls in this desert out and inject them into my body.”

Greedy wolf looked at? Shi Aishan brushed the dye Er? Yumeng.

“You are crazy!”

Yumeng shook

her head directly, “This way you die faster!” Her face changed, and she turned her head to feel the breath of these storms, only to realize that there are many remnants of souls in the desert. Wandering, feeling the past carefully, there are still quite a few!

Don’t say so much, even if it is one or two remnants of soul, forcibly introduced into Greedy Wolf’s body, I am afraid that Greedy Wolf will die faster.

She shook her head and refused directly.

“You don’t want to live, you want to die!”

“I won’t help you.”

She left immediately.

This is simply not a way to save greedy wolves.

“Even if I am dying, I want to die in your hands.”

Greedy Wolf said, “Yumeng, do me this favor.”

Yumeng stopped and looked at Greedy Wolf deeply.

“Do you know how dangerous this is?”

“You already have the remnant soul of the devil in your body, and then introduce other remnants into your body. Your body will definitely not be able to stand it. You are like this...”

She felt that the wolf would definitely die!

This is not a way to save lives at all, but a way to lose one’s life.

He is absolutely crazy, greedy wolf must be crazy.

“You do not understand,”

Greedy Wolf smiled bitterly, “If my body is controlled by the Demon King, then the world will suffer. I think Andrew should have told you before, right?”

Yu Meng did not speak.

Andrew did tell her, and she knew it, and even had some contradictions, she didn’t want the world to collapse, but she didn’t want to see the greedy wolf die.

“This method, after nine deaths, succeeded, I live, and at the same time can wipe out the devil’s remnant soul, failed, I died with the devil, the world is safe, isn’t it a good thing?”

He looked at Yumeng and smiled. “Really, if I die in your hands, I am very happy.”

Yumeng's eyes were a little red.

She didn't understand why Greedy Wolf had to go to this point. If she chose another path from the beginning, it might not be like this today, but she knew that Greedy Wolf is Greedy Wolf, and he would never regret it. thing.

"Have you really decided?"

"It's decided."

Greedy Wolf nodded.

"Only you can help me with this matter,

Yumeng ." Greedy wolf seemed very calm, as if he didn't care even if he died the next second.

People like him are so crazy, not afraid of death at all.

Yumeng walked in front of Greedy Wolf with firm eyes.

"Survive!"

After speaking, she took a deep breath and said nothing.

Greedy Wolf smiled, nodded, and immediately began to prepare.

The yellow sand flying all over the sky, mixed with countless remnants of souls, they are roaring, struggling, and their teeth and claws are frightening to watch!

But Greedy Wolf looked at them with a smile and a sense of control in his hands.

He is not afraid, even people who are not afraid of death, what else would they fear?

“It’s about to start.”

Greedy Wolf said.

He sat there cross-legged, and the yellow sand around him couldn’t get close. The wind blew his long hair and fluttered. Suddenly, his whole body was wide open, extremely violent!

“Come on!”

he yelled.

Yumeng stood in front of him, opened his hands, and an invisible and intangible weird ripple spread away in an instant.

Om——The

whole space trembled slightly, and immediately, the remnants of the souls in the yellow sand seemed to have received some kind of instruction, and they all rushed towards the greedy wolf.

He seems to have become a container, all the remnants of souls are vying to get into his body!

Crazy!

terrible!

The wolf-greedy heavy pupil, watching the hideous remnants of the soul fly in, his eyes are instantly crazy: "Come on! Come on!"

Chapter 2469

"Woo—" the

wind howled!

Those remnant souls uttered a stern sound, and people couldn't help but feel numb after hearing it, as if there were thousands of savage ghosts hovering in the air, all staring at the greedy wolf, trying to rush into his body.

Yumeng is a little worried, she is afraid that the wolf will die, and will die very quickly!

She has never seen anyone dare to do this. Greedy wolf is the first, and may only be the only one.

The moment she started, she regretted it a little. If she didn't agree, Greed Wolf would not do such a thing.

But now, it's useless for her to regret. At this point, she can only do her best to protect the greedy wolf.

She doesn't want to see the greedy wolf die!

boom!

A voice came, and the first remnant soul instantly got into the body of Greed Wolf, making him tremble.

The muscles of the whole body were tense, and the heavy pupil burst into two rays of light instantly!

“Come on!”

He roared, he was not afraid at all, and his terrifying willpower instantly shattered the remnant Wu Fu Wu Xi Di Wu who rushed into his mind, and shattered his soul like a mist.

Greedy wolf silently urged the exercises and swallowed the broken remnant soul!

It's a success!

Sure enough!

This made him feel confident.

He has been betting that he will succeed.

These days, being suppressed by the devil's remnant soul, Greed Wolf is not wasting time, but has been studying the remnant soul of the Demon King. Especially last time, the demon king swallowed the remnant soul of the demon kings of the past, making Greed Wolf feel, why the devil can, Can't he?

He thought, since the devil can do it, it means that the method of devouring the remnant soul is feasible!

He studied the magic power of the devil, and even when the devil used his body, there was no resistance. Instead, he let go of his hands and feet, did not confront the devil, and let the devil control his body as he pleased.

This is he is collecting information about the devil!

If the Demon King knew that the greedy wolf was so crazy, he would dare to use this method to learn his own way of devouring the remnant soul.

Not to mention him, even any one person, I am afraid that he can't believe that the wolf can do this, this kind of tolerance and madness, not ordinary people can do it.

This kind of paranoia makes people wonder if it should be fear or admiration.

“Boom! Rumble!”

The remnant soul whizzing over, covering the sky densely and covering the sun, made Yumeng feel scalp numb.

But she did not dare to relax, seeing Greedy Wolf succeeded for the first time and swallowed the first remnant soul, which shocked her, Greedy Wolf could actually do it.

She took a deep breath, kept herself focused, and constantly controlled the speed at which the remnant soul was introduced into the body of Greedy Wolf. She did not dare to be too fast or too slow.

Seeing the dense remnants of souls, she really felt that greed of wolves was too crazy!

Greedy Wolf had no heart to think about anything else. At this moment, he was devouring these remnant souls with all his heart. Under such a powerful impact, even he felt tremendous pressure.

His body even cracked!

His skin was cracking every inch, and blood was flowing out, making people panicked.

But Greedy Wolf ignored it, he didn't even notice that he had no way to be distracted at this moment.

The reason why he dared to be so focused was also because the person outside was Yumeng, who was the only one who could safely give his life to her.

Even if he died, it was worth it to die in Yumeng's hands.

Greedy wolf swallowed the remnant soul frantically, one after another, without stopping at all, his brain almost exploded!

But he still didn't give up, the feeling that his brain poured into his body and almost burst his body was indescribable.

Greedy Wolf is experiencing these at this time. He has no other thoughts. His consciousness and spirit are like an angry lion, opening his blood basin and gulping constantly. He has long been uncountable. This is the number one. Now...

Chapter 2470

Time, one minute and one second passed, and the yellow sand was flying wildly throughout the desert, and the whistling sound was very harsh, as if it was a natural disaster!

Terrible!

From afar, in other parts of the crypt, some people felt the huge fluctuations, and they all looked in the direction of the greedy wolf, but didn't know what happened.

“What's the matter?”

“It's terrible pressure, I think there is something on the back? Pa dye dyeing and brushing the servant Wu Shanxi? Cold!”

“Is something coming out, in the crypt... in the end... What's the matter?”

Tang Fang looked into the distance, his eyes were deep, and he had a bad premonition in his heart.

He felt that there might be something more terrifying than the Demon King. The Demon King had been missing for some days. He didn't think the Demon King would die. After all, it was the Demon King and no one could kill it.

But he knew that in this world, there would definitely be someone more terrifying than the Demon King.

Greedy wolf!

In his mind, this name suddenly came to mind.

“Hope...I hope it's not him...”

Tang Fang murmured.

Where did he know that it was greedy wolf!

Crazy wolf!

At this moment, the greedy wolf had no idea how many remnants of the soul had been swallowed, and his entire face turned red. The double pupils were full of madness, bloodshot, and hideous faces, like evil spirits.

Yumeng looked at this state of greedy wolf, and she was a little worried. She wanted to stop, fearing that greedy wolf could not hold it, but greedy wolf never meant to give up.

His body trembled more and more severely, and he could even hear his bones snapping, as if there were many people sharing the same body, vying for control over the body.

Yumeng was worried, frowned slightly, not knowing what to do, whether to continue or stop.

If she stops now, Greed Wolf may have lost all of her work, but if she does not stop, Greed Wolf is likely to die!

Can't stop!

She took a deep breath, she might be able to save the greedy wolf's life, but he might not forgive himself in this life.

"I want to live!"

Yumeng gritted her teeth and tried her best.

At this moment, Greedy Wolf has entered the final critical moment!

His spirit and consciousness are still devouring those remnants of souls, and as a result, they become stronger and stronger, and the speed of swallowing them is getting faster and faster. Those remnants of souls are like the best tonic!

At this moment, the soul of the greedy wolf is more than a hundred times stronger than in the past!

How crazy is this?

But he was right, the devil's way was indeed feasible, and he persevered.

As the soul became stronger and stronger, Greedy Wolf found that it became easier for him to devour these remnant souls, and even in the end, effortlessly.

Greedy wolf's face calmed down, and the light in the heavy pupil became stronger and stronger!

He exhaled slowly, feeling that his whole body had become lighter, that kind of invigorating feeling, and controlling the body as he pleased, was not at all comparable to the previous feeling.

The storm gradually stopped.

All the remnant souls in the desert were swallowed up by greedy wolves, and none were left.

Yumeng was very tired, and sweat was all over her forehead.

Seeing that the greedy wolf is safe and sound, she is relieved.

“How do you feel?”

“Very good.”

Greedy wolf glanced at her, “Thank you, Yu Meng, you saved me and gave me new life.”

Yu Meng did not speak, but shook her head.

She just didn’t want to see Greedy Wolf die, she didn’t want to watch him disappear from this world.

But she also didn’t like it. Seeing greedy wolves destroying the world, this kind of ambivalence made her hesitate.

“It’s over.”

Yumeng said, “You are still alive, that’s fine. This is what I can do.”

“No, it’s not over yet.”

Greedy wolf shook his head.

He was still sitting there, but the aura on his body gradually became more and more terrifying, with a terrifying aura of killing, “This is just the beginning.”

“Next, is the real beginning!”

Greed Wolf said. “It’s life or death, it depends on this time!”

He wants to completely devour the remnant soul of the Demon King!

Chapter 2471

Yumeng was stunned.

She didn’t expect this to be just the beginning?

The greedy wolf devours so many remnants of soul, it is only the beginning, he wants...

Yumeng suddenly wakes up, Greedy wolf is about to devour the remnant soul of the devil!

He is crazy!

At this moment, she realized that the greedy wolf swallowed so many remnant souls in the desert, in order to strengthen her soul, to fight to the death with the remnant soul of the devil!

Is this too crazy?

“Greed wolf! Stop it!” Yumeng

shouted. She wanted to stop the greedy wolf. This was simply an act of seeking death.

The remnant soul of the demon king is not comparable to those of ordinary people. Even if there is a gap of thousands of times in number, there is still a huge gap in love.

Greedy wolf cannot succeed.

Yumeng rushed over, but a wave mark circulated on the ground, instantly blocking her outside, preventing her from approaching.

“Greedy wolf! Stop it! You will die like this!”

Even if it is to stop the greedy wolf forcibly, Yumeng can't just watch him die.

Fighting with the Devil's Remnant Soul, I am afraid that no one in the world can do such a thing, except for the wolf, who else is so crazy, not even afraid of death.

“I have to get my own body back.”

Greedy Wolf finished speaking, and stopped paying attention to Yumeng.

That's how he is. The things he recognizes will not change, and it is useless no matter who persuades him.

Slowly, Greedy Wolf closed his eyes, and quickly opened them suddenly!

A double pupil reappeared, bursting into an amazing light!

“Devil, fight to the death!”

Greedy Wolf didn't hesitate, and took the initiative to awaken the devil's remnant soul. At that moment, the two souls fought fiercely in his body.

“You are so courageous!” It

was the voice of the devil, “This is provoking me!”

“Since you want to die, then I will fulfill you!” The

devil was obviously angry. He did not expect that the wolf would dare to do such a thing. To him, this was a blasphemous act and provoked the majesty of the devil.

But Greedy Wolf ignored it.

He was ready to feel that the Demon King was madly attacking, and Greedy Wolf didn't hesitate, so he immediately chose to face it head-on with the Demon King!

In the sea of his consciousness.

The two figures slammed into each other, making a loud noise!

boom!

The entire sea of consciousness is shaking, and the waves are raging!

The demon king was shocked. He didn't expect Greed Wolf to confront him directly. He could feel that the soul of Greed Wolf became stronger, much stronger than before.

"Unexpectedly, you actually learned how I swallowed the remnant soul."

"You taught me."

Greed Wolf said indifferently, "You and I share a body, you know what I'm thinking, and the same, you I know what I'm thinking."

"It's just that I'm not as arrogant as you, and I'm not at all defensive." The

devil is arrogant, he can't put the wolf in his heart, he just thinks this is his own container.

But no matter what he thought, Greed Wolf wanted to get his own body back. For this, he could do anything, tolerate, be wronged, and even take the initiative to hand over his body to the Demon King and let him control it.

The purpose is to know more secrets of the devil and find a way to kill the devil!

This kind of xinxing and the city palace made the Demon King more and more angry.

"Dead!"

He felt desecrated.

The demon king shot, opening up and closing, extremely powerful, and terrifying strength, still higher than the greedy wolf, in the sea of consciousness, the two souls are colliding fiercely.

Greedy Wolf did not give in at all. Even if he knew that there was still a gap between himself and the Demon King, he also felt that this gap was now the smallest.

He strengthened his soul, and Jiang Ning's remnant soul was crushed by more than half!

If he can't grasp this once-in-a-lifetime opportunity, then he won't have another time

Chapter 2472

boom!

boom!

boom!

Two souls fought madly, even if only a piece of soul fragment could be pulled from each other, any price could be paid.

This is a life and death battle!

This is the final battle!

Greedy Wolf has nothing to reserve. If he loses this time, he will completely disappear from this world, but if he wins, the one who disappears is the devil!

The battle became more intense, and the entire sea of consciousness was shaking. The Demon King did not expect that Greed Wolf could endure it to such a degree, and when he was seriously injured, he would make a sudden attack.

This cunning bastard!

“Ah ah ah!”

Devil flying hair, covered with black gas flowing, no longer retained the slightest, he would devour Wolf, completely let this nasty guy, disappeared from the earth.

On the contrary, Greed Wolf was very calm. For this battle, he was fully prepared, and even learned from Jiang Ning's experience.

Siege is the bottom, the heart is the top!

To be a battlefield with the human heart, and at this moment, he has grasped the psychology of the devil.

Looking at the devil's hysterical and crazy appearance, Greedy Wolf knew that his chance was here!

At the same time.

Yumeng couldn't know the situation of the battle between the two souls, anxious.

She could only watch, watching Greedy Wolf sitting there cross-legged, motionless, and even suddenly died at that moment, she didn't know.

“Crazy man! Crazy man!”

She cursed, but there was no way.

In addition to greedy wolves, who else can do this kind of thing?

She wanted to use her traction technique to help the greedy wolf, to see if she could force the remnant soul of the demon king out, but now, she couldn't even get close.

“Don't die!” Yumeng said

.

In the sea of consciousness.

Greedy wolf and the remnant soul of the devil are fighting fiercely!

His arm was torn off by the devil's remnant soul abruptly, and the devil's face and one eye were also torn off by the greedy wolf and held in his hand.

“You...you are dead!” the

Demon King roared.

His frantic roar was in sharp contrast with the calm of the wolf.

Greedy wolf even showed a smile, and put the eyes of the demon king in his hand directly into his mouth, his teeth burst open!

The blood flowed from his mouth, and it made people feel terrified when he looked at it. This lunatic... is really a complete lunatic.

The Demon King couldn't bear it, and rushed over again, and Greedy Wolf also had no reservations.

kill!

Rumble!

Almost instantly, the two people rushed together again, Greed Wolf felt that the power of the demon lord was weakened, and his power... was still growing!

Under the circumstances, the wolf-greedy momentum became stronger and stronger, and the remnant soul of the devil fell into a disadvantage.

The battle is still the same, even if it is just a conscious battle, it is thrilling.

Greedy wolf didn't dare to be careless. Even if he had the upper hand at the moment, his opponent was the remnant soul of the Demon King, not ordinary people. Any trace of luck may fall short.

The devil was about to collapse, he couldn't think that he would fall to this point.

He is getting weaker and weaker, his speed is getting slower and slower, his strength is getting smaller and smaller, and he can't even hide himself as he watched the wolf's fist attack.

Bang? Yi Shiyi Lu Shiyi dyes Er?!

The devil is down!

Greedy Wolf didn't hesitate at all, and directly rushed forward, with a hideous face, as if he were a real ghost!

He tore off the devil's limbs, so that the devil could no longer move!

"You! You die! Death!" the

devil yelled, but he was already weak.

Greedy wolf stretched out his hand, fingers like a knife, and pierced the Demon King's throat fiercely, splashing blood!

The devil can't speak anymore!

"I think you are very noisy."

Greedy wolf took his hand out, stuck out his tongue, and licked the blood, as if it were the most delicious thing in the world.

The devil's body was trembling, and he could feel that his strength was gradually disappearing.

He lost.

The one-eyed, staring at Greedy Wolf, looked at Greedy Wolf's hand, and stretched out towards the eyes...

Puff!

Chapter 2473

In an instant, it was dark!

He could only hear the sound of teeth grinding, the bastard greedy wolf... was eating his own eyes!

The devil was going crazy, he wanted to struggle, but his limbs were all ripped off by the greedy wolf.

He wanted to resist, but there was no chance.

Greedy wolf is like a wild beast, an inhuman beast, constantly tearing at the remnant soul of the devil, tearing it off piece by piece, and swallowing it into his own mouth!

The splash of blood and the strong smell of blood made the greedy wolf even more excited.

His heavy eyes flickered, like a star in the dark night, so bright!

But for a while, on the ground, except for the mottled blood, there was no trace of the demon king.

In the entire sea of consciousness, the devil's breath disappeared.

Greedy Wolf stood up, covered in blood, his own, and his own demon king. His soul became stronger and stronger, and the terrifying control made him a little intoxicated.

His broken arm began to grow, and his soul was completely complete!

“This feeling is really wonderful!”

Greedy Wolf laughed, crazy.

He succeeded!

He walked against the sky and swallowed the devil!

Greedy wolf can feel that his soul is a little different, that kind of strength is from the inside out, completely different from the past.

He squeezed his fist lightly, only to feel that that terrifying explosive force appeared in an instant.

“It’s wonderful!”

Greedy Wolf took a deep breath and screamed up to the sky, “Hahahahaha!”

Yumeng at this moment is still worried.

She wants to help Greedy Wolf, but she can’t help anything.

Seeing Greedy Wolf had become calm and seemed to fall asleep completely, her heart tightened.

“Looking at the wolf!” Yumeng

shouted, “Are you awake? Eryi cover Xishan’er?? You wake up!”

She wanted to rush over, but the formation barrier still blocked her, it was impossible. near.

Yumeng slapped a palm suddenly and hit the barrier hard, shaking the barrier, but it didn’t break.

She gritted her teeth, slapped several palms one after another, and exhausted all her strength, before she barely punched a few cracks in the barrier!

boom!

Yumeng let out a low growl, her palms turned into fists, and slammed it hard. With a snap, the barrier was broken, and she immediately rushed over.

At this moment, Greedy Wolf opened his eyes.

At that moment, Yumeng saw the double pupils of Greed Wolf, as if being struck by lightning in an instant, her body and mind trembled suddenly, and she suddenly lost the ability to react.

It’s as if you suddenly fell into the abyss, the feeling of light and fluttering body, weightlessness!

Suddenly, Yumeng reacted, and she was instantly vigilant.

“Are you a wolf? Or a devil!”

What a terrifying aura!

With the previous greedy wolf, he is not alone at all, but it seems that he is not a demon king.

“It’s me.” It

was the voice of Greed Wolf.

He retracted the heavy pupil and looked at Yumeng calmly.

“Greed wolf?”

Yu Meng was a little surprised, “You...have you succeeded?”

Greedy wolf succeeded!

He swallowed the devil?

Greedy Wolf nodded, there was not much emotional fluctuation. After that period, he calmed down instead, and the changes in his body, soul, and even his mentality had undergone tremendous changes.

He stood up.

“From now on, there will be no demon king.”

He looked at Yumeng, “Yumeng, thank you, I can’t do it without your traction.”

Yumeng's eyes trembled, a little trance, she did not expect that greedy wolf was really true It's a success.

But the greedy wolf in front of her gave her an unprecedented sense of strangeness. It seemed that although the face was greedy, the voice was greedy, and even the double pupils were still greedy, but this person was not greedy at all!

He swallowed the remnant soul of the Demon King, and his soul was extremely powerful, but is he still such a greedy wolf?

Yumeng couldn't help but feel a little worried.

"There is no demon king in the world, what about you?"

She looked at the greedy wolf and asked suddenly.

Chapter 2474

Greedy Wolf laughed.

"I am me, I am still a wolf, but not a demon king."

He walked to Yumeng, reached out to touch Yumeng's face, and Yumeng drew sideways.

Greedy's eyes narrowed slightly, as if he was dissatisfied with Yumeng's reaction, but instead, he recovered and chuckled.

“You still don’t want to accept me.”

“Even if I have become the most powerful man in the world?”

Yu Meng shook his head.

“I never thought about whether you are the strongest man or not. I just treat you as a friend.”

“I save you, but I don’t want to see my friend die. That’s it. Don’t get me wrong.

” Since you are okay, then I can rest assured, in the future, we will each cherish it.”

Yumeng finished speaking, turned around and left.

She felt that the greedy wolf was too model? Wu Shishi Yishan was in the style of Wu Shishi. At that moment, she refused to greedy the wolf’s hand, and she actually felt a trace of cold murderous, fleeting!

“

Yumeng !” Greedy Wolf shouted to her.

Yumeng didn’t look back, but suddenly, a violent wind hit!

Her face changed drastically, and her eyes were full of disbelief. The wolf is going to kill herself?

boom!

One palm!

Greedy wolf's palm slapped Yumeng's back fiercely, and directly knocked her out, wow, spouting a mouthful of blood.

Yumeng couldn't believe it at all!

"You... want to kill me?"

She looked at Greedy Wolf, unable to believe that she had just saved Greedy Wolf's life and saved his life desperately. Now he wants to kill herself?

"Your traction technique...can't stay."

Greedy Wolf's eyes were terribly cold, and his expression looked a bit similar to the Demon King!

Yumeng understood that Greed Wolf is no longer Greed Wolf, he is a new generation of Demon King!

He swallowed the remnant soul of the previous generation of demon kings, and naturally became a new demon king, how could it become like this?

"You resurrected me because of my traction technique?"

Yumeng was a little dazed. She suddenly felt that Greed Wolf might have never admired herself. He had a purpose from beginning to end.

Greedy Wolf didn't speak, and walked towards Yumeng step by step, the indifference in his eyes made Yumeng completely ashamed.

Traction cannot be retained, it must be a threat to greedy wolves!

Seeing Greedy Wolf raising his hand, Yumeng's eyes suddenly burst into anger.

She slapped her palm on the ground, and in an instant, a storm appeared out of thin air, shaking the yellow sand flying all over the sky, and flew directly towards the face of the greedy wolf!

Greedy Wolf stretched out his hand, and the dense yellow sand that covered the sky and the sun suddenly fell apart, but there was no sign of Yumeng anymore.

He bowed his head and glanced at the footprints on the ground.

Yumeng escaped.

Greedy Wolf didn't chase him. Even if Yumeng did not die, his palm was almost destroyed. It didn't make much sense to chase him or not.

He bluffed his hands, and the entire desert storm became violent, and the yellow sand roared, as if the remnants of the soul were still there, sweeping the sky, extremely terrifying!

The ground began to vibrate, and black air permeated from the ground, all surrounded by the wolf, and he was constantly swallowing it!

"This cemetery for 10,000 people is finally completely opened today!"

“This is hell, this is the hell I prepared for all of you!”

The greedy wolf laughed, like crazy, the powerful aura shocked all the people in the crypt. From the depths of his heart, there was a fear that could not be suppressed at all.

Tang Fang looked from a distance, his body trembling, unable to control it.

He opened his mouth, his Adam’s apple slid, and murmured: “How could it be like this...” In the

distance, the black air that soared into the sky, boiling like the sea, spread in all directions, so that people like them could clearly feel that. Crazy devilish energy is to swallow everything!

Is this the birth of a new demon king?

The people in the crypt were shocked. They suddenly felt scared and fled in a panic, trying to find a way to the crypt as soon as possible, because here, it will soon become a real hell!

Chapter 2475

At that time.

Tiangong.

Andrew was still immersed in thinking.

He knew very well that those white awns were not only useful to him, but also useful to the world.

That is the key for him to improve again in a short time. If he doesn't figure it out, he has no way to solve the devil.

Rumble—

Suddenly, the ground trembles violently.

The sky is covered with dark clouds.

The old naughty boy in the distance looked up and frowned slightly with a bad feeling.

He felt depressed, as if something woke up, and it was the kind of very unlucky thing.

“Master, is it going to rain?”

Jiang Yao then raised her head and glanced, “Why not thunder.”

Mom said, thunder is really going to rain, if there is no thunder and dark clouds, it may just be that the climate is about to change. .

“Yes, why not thunder.” The

old naughty boy murmured.

He looked down at Jiang Yao, squatted down, and stretched out his hand to gently stroke her little head.

“Yaoyao, if it rains, you have to hide and hide in a place where the rain can’t catch, you know?”

“Well, Yaoyao knows.”

Jiang Yao nodded obediently.

The old naughty boy smiled, did not say anything, took Jiang Yao and walked to the edge of the longevity pool together.

Seeing that Brother Gou and they are recovering well, he also feels relieved.

“Internal injuries healed very quickly, and external injuries were almost invisible.”

“The water in this longevity pond is indeed amazing.” The

old naughty boy nodded.

He glanced at the broken arm of Brother Gou, and it might be difficult for him to rebirth from the broken arm.

“Master, don’t worry about me, one hand is the same as Shan serving Xi Erxi’s love?”

Brother Gou smiled, “It’s not like that before, one-armed hero, maybe, my strength, but also I can take it to the next level.”

He is optimistic, after all, he is a man and is not qualified to sink.

What about one hand?

Can't stop his determination to continuously pursue to become stronger!

"I don't worry about you," the

old naughty boy said, "I believe you can go out of your own way."

He rarely encourages people like this.

"In a few days, you will be able to recover from your internal injuries. When the time comes, we will go home together."

He thought in his heart, waiting to go back, he must think about it, find a set for the dog, suitable for one-armed training. He remembered countless exercises secrets in his memory, and he could always find the best set and give it to Brother Gou.

Suddenly, the old naughty boy's ears moved, and he noticed that someone had entered the heavenly palace and was constantly approaching here.

"Yaoyao, follow me!" The

old naughty boy immediately became vigilant, not daring to be careless.

Even Gou and the others are ready to fight in an instant, even if their injuries have not fully recovered.

"It's Sister Shenxian!"

Jiang Yao yelled, and she felt it before she saw anyone. This perception ability was even more acute than that of an old naughty boy.

The old naughty boy was stunned for a moment and looked at Jiang Yao, but he didn't expect Jiang Yao to react so quickly.

He only felt it at this moment, it was a familiar breath, indeed Yumeng, but the state of Yumeng seemed a little wrong.

He ran over quickly, and from a distance he saw Yumeng walking in chaos, walking crookedly, and looking weak.

"Yumeng!" The

old naughty boy was shocked and hurried over. Before Yumeng could say anything, he fainted.

He quickly hugged Yumeng, took out the longevity pool water from the kettle, and poured it into her mouth.

"Why hurt so badly?" The

old naughty boy was anxious. "What happened?"

Yumeng was still in a coma. After drinking a few sips of water, the complexion on his face was a little better.

Her back is so skinny!

The blood stained her long skirt, and even two bones were broken. It was obviously exhausted to be able to get here all the way.

“How is Sister Shenxian?”

Jiang Yao asked with concern.

“It’s okay, she’s great, nothing will happen.” The

the old naughty boy said.

His face is full of worry.

Chapter 2476

Although he said that he didn’t care about Yumeng’s life and death, and didn’t want to see her again, but at this moment, seeing Yumeng hurt like this, he was still very angry and uncomfortable.

Who is it, even Yumeng was hurt.

Did she run into the devil?

Now I know everything, I can only wait.

“What’s the matter?”

Andrew woke up and walked over.

Seeing the injured Yumeng lying there, she was a little surprised, "Why is she injured?"

Yumeng's strength is not low, and ordinary people can't get up to her at all, let alone her temper will not offend her at all. people.

If you run into the devil, you may not be able to run away.

But the devil was seriously injured by himself, so he didn't dare to reveal his whereabouts. What's more, it was the body of Greed Wolf, who had loved Yumeng for many years, and it was even more impossible to hurt her.

The old naughty boy just shook his head and didn't know anything.

"Wait

until she wakes up and ask again." He looked up at Jiang Ning, "How about it, do you want to understand?"

Andrew shook his head.

He is still clueless.

"Don't think about it, maybe it still needs an opportunity."

He sighed.

Andrew took a look, Andrew took a look, Gou and their injuries recovered well, everyone is still alive, this is a lucky thing.

Now Yumeng is injured again, I don't know what happened.

There is always a bad feeling in his heart.

For a while.

Yumeng opened his eyes, still full of alert, and immediately moved his hand, being stopped by the old naughty boy.

"I saved you, do you want to do it with me?"

The old urchin said angrily.

Seeing that it was an old naughty boy, Yumeng finally felt relieved.

Even if the greedy wolf who is least likely to hurt her hurts her, the old naughty boy will not.

"Who hurt you?"

Yumeng knew that the old naughty boy would ask.

"Looking at the wolf." Yumeng's

tone was very light, and she shook her head slightly, obviously even she couldn't believe it.

"The wolf?" The

old naughty boy stood up directly, "How is this possible!"

He hates the wolf, but he also knows that the wolf has admired Yumeng since he was young, and even for this reason, he turned his face with Pojun and designed to harm Died and broke the army.

How could he hurt Yumeng?

The old naughty boy couldn't believe it at all.

"Is it a wolf or a devil."

Andrew asked.

Maybe Yumeng didn't distinguish between the wolf greedy or the devil. After all, their two souls share the same body.

"It's a greedy wolf." Yumeng said

, "The devil is dead."

Andrew was stunned when he heard this to the old naughty boy.

The devil is dead?

“This has always been the true purpose of greedy wolves.”

Yumeng glanced at two people. “What he has been looking for is the remnant soul of the demon king. Let the demon king occupy his body, and then look for opportunities to devour the remnant soul of the demon king and become a new generation. The Demon King.”

“He rescued me from resurrection, in fact, it was also for my traction technique, so that I could help him and devour the remnant soul of the Demon King.”

“We were all deceived. This guy is simply a lunatic. He found a mass grave in the crypt and asked me to use traction to help him devour thousands of remnant souls. After he grew his soul, he would seriously wound the devil king. The remnant soul has been completely devoured!”

Andrew did not expect that he would seriously hurt the Demon King, but instead was cheap and greedy.

But Greedy Wolf has such a city government and has been operating for hundreds of years?

When the old naughty boy heard this, his body trembled with anger.

“Damn wolf, he even wants to kill you?”

He was angry and annoyed, “Why are you helping him!”

Yumeng smiled bitterly, “I just don’t want to see him being swallowed by the demon king and die in vain.”

“What kind of person is he, don’t you know it?”

“You saved him, do you know how many people will die because of him?” The

old naughty boy furiously, “Yumeng, I think you have gained or lost

My heart is crazy!” “The Greedy Wolf is now the Great Demon King. It is definitely more terrifying than the previous Demon King. He is a lunatic at all!”

His face is full of worry. The powerful and terrifying Greedy Wolf is simply a disaster.

“What should I do now?” The

old naughty boy looked at? Pa Pa Shi Xi Gu Ran Wu Zhe? Andrew with a serious expression.

Chapter 2477

What else can I do?

There is no other way but to kill him. This is the only way.

However, today’s greedy wolf is even more difficult to deal with.

The original Demon King was difficult enough. Andrew joined forces with Harrison and the others, and tried their best to kill him. However, Greedy Wolf killed the Demon King in the most adventurous way.

Replace it!

The only hope now is the trace of white light in my body. Only by controlling the white light can we solve the greedy wolf.

But this is not an easy task.

“Where is the greedy wolf now?”

Andrew asked.

Yumeng shook his head.

She escaped for her life, and how can she know where Greedy Wolf is. “When I left, he was in a mass grave in the depths of the crypt. It is not clear now.”

She was still a little weak, and her injuries were not light. .

If she hadn't reacted in time, she would have died long ago.

Until now, Yumeng still didn't quite believe that Greedy Wolf would actually kill him.

She was even more reluctant to believe that Greedy Wolf allowed herself to come alive, just to use herself and need her own traction technique to help him achieve his goal.

But everything is true.

“Let her rest first.” The

old naughty boy waved his hand to prevent Andrew from asking.

Now she asked Yumeng what she didn't know, the cunning guy Greed Wolf would never reveal her whereabouts and ambitions easily.

Andrew nodded.

“Look at it, I will continue to study.” The most

urgent thing is to control those white awns. Then? Shan loves to shut down and closes Shan zero? Is the only chance.

Andrew only hopes that Greed Wolf will not act so quickly. What can delay him for a while, otherwise, how to stop Greed Wolf who is stronger than the Demon King?

Once the world plunges into endless darkness, even oneself, it is difficult to stay out of the matter.

The atmosphere is a bit solemn.

Even Jiang Yao felt it, sitting on the ground, took off her necklace, and put it in Yumeng's hand.

“Sister Shenxian, this thing belongs to you. I will return it to you. It will bless you.”

“Are you going to get better soon?”

Yu Meng smiled and nodded slightly: "Thank you Yaoyao."

She put the necklace He hung back Jiang Yao's neck, "But I have already given you this thing, so I can't get it back. You need it more than me."

Yumeng has a feeling that Jiang Yao, a child, will play a role at a critical time. .

Since she is the last spring, the spring that must be valued both in the Heavenly Palace and the Underground Caverns, then she must have other effects. This feeling is very strong.

Therefore, Jiang Yao's safety is the top priority and must be taken seriously.

"She will be fine, don't worry." The

old naughty boy said.

"Yaoyao, take care of Agou and them, and she will give it to the master."

"Okay."

Jiang Yao nodded, behaved.

Looking at the weak Yumeng, the old naughty boy sighed.

"Do you regret it now?"

If Yumeng didn't help Greedy Wolf, then Greedy Wolf must have died. The severely injured Demon King would naturally deal with it better, but now, everything has changed.

The greedy wolf, which is more powerful than the devil, is definitely a nightmare in this world, and it will bring endless darkness to this world.

Yumeng gave a wry smile, not knowing what to say.

Her starting point is good. She doesn't want to see the wolf dying, even the old naughty boy, but who would have thought that the wolf is so shameless and there is no bottom line at all.

Actually even Yumeng cheated.

"You take a good rest, I have something to call me." The

old naughty boy didn't say any more. He knew that Yumeng was in a bad mood and that things turned out like this. She may be the most painful one.

If this world is destroyed by greedy wolves, then there is no doubt that Yumeng will become the biggest sinner.

The old naughty boy walked outside and looked at the devastated Tiangong.

Back then, the Demon King was like this, turning this paradise into ruins!

Chapter 2478

But now, the greedy wolf's comeback will make the whole world look like this.

"I must kill you!" The

old naughty boy gritted his teeth.

Even if he is no longer an opponent of greedy wolves, even if he has to pay his own life, or even a more serious price, he will not hesitate!

What he has to do now is to improve his strength as much as possible, at least, one more point, to kill the greedy wolf!

at the same time.

A mass grave in the depths of the crypt.

Greedy wolf is still here.

He will not leave easily, because here, he still has great use.

At this moment, the huge formation is being constructed, and the wolf is going to do it to destroy the entire world!

This is what he has always wanted to do, such as? Cover Yi Wu Ai Ling Yi Wu Wu? Today devoured the Demon King, although his strength has risen, his consciousness is also affected by the Demon King, as if the two souls merged into one. .

His personality has changed a lot, as if he changed a person.

Some commonalities with the demon king have been magnified, but a part of self has been lost.

But Greedy Wolf himself hadn't noticed these things, and he wouldn't care about these things either.

Greedy Wolf is not in a hurry. He builds a formation little by little to ensure that there will be no problems. This is the most important thing. What he wants to do will soon come true.

"What is real eternal life?"

He laughed strangely, "Where is there any real eternal life."

"Death is new life, and destruction will bring new life."

Greedy wolf muttered to himself, like a lunatic.

If there are outsiders here, you will definitely be scared to hear him say such things.

But here, there are no other people. The other people in the crypt do not dare to approach at all. They just want to escape from the crypt and stay away from this place of right and wrong.

The huge formation, viewed from high above, was extremely complicated, but this formation seemed to be something imprinted in Greedy Wolf's mind, and he could construct it completely and perfectly.

Even if Andrew was here, he would be amazed at this moment, Greedy Wolf could actually do this step.

This is an astral array, which is more complicated than the six-astral array constructed by Andrew before. There are nine stars displayed. Once it is successfully constructed, it will explode with power and radiation range, I am afraid it will be the whole world.

No one knows what Greed Wolf wants to do.

Time, one minute and one second passed.

Greedy Wolf is still not in a hurry. He knows that this has been done. This feeling is very strong. What he has to do now is to make his soul and body reach the most suitable state.

When the formation is opened, it is when he reaches true immortality.

At that time, his dream will truly come true.

at last.

The Jiuxing Mang Array has been successfully constructed!

After the last rune was constructed, the entire large formation trembles suddenly, exuding a sharp aura, as if everything around it was affected.

The yellow sand is motionless, every grain of fine sand is motionless!

It seems to be fixed, the nine-star awning formation can accurately control every grain of fine sand. Is it terrible?

Greedy Wolf stood at the very center, looking at the large formation in the desert, and slowly raised his hand.

He is ready.

This moment is finally coming!

Boom-A

thunderstorm fell, and then dark clouds filled the sky. They gathered from a distance and gathered on the head of the greedy wolf, covering the entire desert.

The sky became gloomy in an instant.

“

Here , it's finally here.” Greedy wolf raised his head and looked at the dark clouds, “This moment, finally came.”

For this moment, he waited for too long, too long, how many years?

He paid so much, he even did not hesitate to kill his friends to break the army, he did not hesitate to hurt his favorite woman Yumeng, and even did not hesitate to destroy the whole world!

Greedy wolf raised his hand and bluffed, as if embracing the whole world!

“Let's start!”

Chapter 2479

The formation is bright!

A black beam of light rose into the sky.

In an instant, the nine black beams of light shook the entire cavern trembling.

The wind howled, the ground tremors, and the dark clouds in the sky rolled quickly, as if being burned.

Those beams of light are connected together to form a huge nine-star awning formation, and Greedy Wolf stands in the middle.

His eyes turned into heavy pupils, cold and terrifying!

“Let’s start!” Greedy wolf roared, “Let this world, follow me into the darkness!” As

soon as the voice fell, yellow sand was flying in the sky, and the ground began to bulge, and cracks appeared.

A bone arm came out, followed by the whole skeleton!

One after another, skeletons crawled out of the desert, making people numb.

There are more ghosts, whistling in the air.

Greedy Wolf stretched out his hand and grabbed it, and directly swallowed a ghost into his mouth, and laughed presumptuously.

“Go, arouse everyone, the inner darkness!”

“This world should fall into darkness!”

“Go! Go!”

Greedy wolf roared, his voice was full of bewitching, those ghosts were sent by the Nine Stars Array
Toward the distance...

At that time.

The streets of a city.

boom!

The two cars accidentally scratched together, and the primer on the door panels leaked out.

The owner got out of the car and took a look. He couldn't help but sigh, and suppressed his anger:

“Brother, how did you drive?”

“Sorry, sorry, I didn't notice. This is my full responsibility. Let's take insurance.”

The driver who caused the accident got out of the car hurriedly, apologized again and again, with a very good attitude, making the previous owner want to be angry, a little embarrassed.

“Call the police and take the insurance.”

Although distressed for a while, the other party’s attitude is good, and he has nothing to say. After all, no matter how much he said, the car has crashed, what can be done.

Suddenly, a shadow suddenly passed through the car owner’s body, and in an instant, the anger burst out!

“Go Insurance? Insurance my car can go well preserved it?”

“Is not you fuckin hundred and fifty, do not see such a big car, but also to rub up? Blind ah!”

The driver did not think the attitude of a sudden It exploded, and opened his mouth to curse, making him a little annoyed.

“Didn’t I apologize all? Why are you so fierce? Just take the insurance and repair the car, otherwise what do you want?”

He was also angry.

The shadow swept across him as well, and suddenly he couldn’t hold down the firearm.

“I’m telling you, just take the insurance, or don’t leave, don’t fix it, consume it, who is afraid of whom?”
The

attitude of the two sides changed, and the atmosphere suddenly changed.

“You fucked hit my car. You still have this attitude. Are you looking for death?”

“I’m looking for death, what’s the matter, do you dare to move me? You try it!”

Pop!

The two immediately fought, and the people around them couldn’t pull it away, as if the hostility deep in the hearts of the two broke out in an instant, and they couldn’t be suppressed without killing each other.

The shadow glanced, seeing that the goal was achieved, he went to look for other people.

Wherever there are negative emotions, wherever there are violence and crimes, they go wherever they are, arousing the deepest darkness and the most evil thoughts in everyone’s heart.

All of a sudden, vicious incidents occurred everywhere, and even news came from abroad that there were mass riots in many prisons, and many criminals were forcibly escaped. The consequences were very serious!

The circles on the ground and underground have become chaotic. There are many conflicts, violence and killings everywhere.

Whether it is the upper class or the people at the bottom, it seems that they have returned to the most primitive state, and they are trying their best to vent their inner dissatisfaction and anger.

They are venting their emotions, beating, smashing, looting and burning with no scruples!

Now I dare to do things that I didn't dare to do before. With more and more people, the order is completely chaotic.

Chapter 2480

Even Donghai has appeared several times.

Daniel Yuming was so busy that he stopped several conflicts one after another, and even had his own subordinates who did not expect to control his temper.

He could be so obvious that something was wrong.

These people are usually very restrained. Although they have a bad temper, they all know what they should not do.

There is still something that can restrain them.

But now, it seems that the morals and laws that bound them are no longer useful, or that they don't care anymore.

If you want to do something bad in your heart, it seems that someone is agitating and letting them do it!

Even himself, there is an impulse from time to time, he desperately suppresses, but the more suppressed, the stronger the rebound.

"What the hell is going on?"

Daniel Yuming's willpower is still strong, holding back impulse, but some people with weak willpower, or people who want to release and vent their dissatisfaction and anger, lack only a courage .

“Have you contacted Andrew?”

Mason frowned.

They are an old man with a calm mind, without desires and desires. They have not had much ambition for a long time, and naturally they have not been greatly affected.

But more of them are young people, people who have a desire for material and money rights. Their ambitions are constantly being amplified, and they dare not compromise on these things they want to achieve.

This is a very scary thing.

The South Estopia had a tendency to chaos, and it was all suppressed by Daniel Yuming, Ji Dao Wuguan, and the relevant departments of the ground circle.

But if you continue like this, if you can't control the people in the circle on the ground, it will be completely over.

“Someone has been sent to Kunlun, Fang Qiu went to look for it.”

Daniel Yuming gave himself a sedative to calm himself down, “I think this thing is too weird, what is going on?”

He watched the news from all over the world and looked at the things happening around him. Worry, once this continues, the whole world will fall into darkness!

At that time, war will easily break out, many people will die, and many people will lose their lives!

What a terrible thing that is.

“Regardless of so much, before Andrew comes back, we must do our best to prevent the South Estopia from chaos.”

Compared with other cities, the South Estopia is much better. Thanks to Andrew and their efforts, many people live and work in peace and peace. Suffer too much.

At most, it's a bit more grumpy than the past. Some people can still react. If they lose their temper, they quickly apologize, but they can become more amiable.

But in some impoverished places abroad, where guilt arises, it is the beginning of a tragedy.

now.

Jiang Ning, who was in the palace, was always a little uneasy, unable to stay focused and continue to think.

He opened his eyes and looked in the direction of Donghai.

“What's the matter? I always feel something is wrong.”

Andrew got up and went to see Brother Dog and the others in the Changshengchi, while the old naughty boy was taking care of Yumeng.

“I feel something is wrong.”

He told the old naughty boy.

“What’s wrong?” The

old naughty boy didn’t feel anything yet.

What happened to Donghae?

It shouldn’t be. The South Estopia is inexhaustible. He has seen the power of cannonballs. If he greets wolves and dares to go, he will definitely be blown into mud and save them.

“There is still something wrong, I have to go back to the South Estopia to see.”

Andrewsaid, the feeling in his heart became stronger and stronger.

Suddenly, the expression of Yumeng sitting there changed.

“Jiang Ning, don’t move!”

Her voice was a bit sharp, as if she saw something behind Jiang Ning, her whole body was tense.

Andrewdid not move. He felt a little shady on his back, but he was sure that there was nothing behind him. He met Yu Meng’s eyes, and Yu Meng took a deep breath and slowly got up.

“Huh!” In

an instant, Yumeng rushed out, cast a traction technique, and firmly grasped the ghost behind Andrew!

Chapter 2481

Yumeng’s speed was so fast that he didn’t care about being injured, he rushed forward, slapped his hands, and immediately performed a traction technique, directly grabbing the ghost behind Jiang Ning!

boom!

She slapped her palm sharply, smashing the ghost directly.

The cold, cold breath of Lu Yizhe’s affection, disappeared in an instant.

“Cough cough cough!” Yumeng coughed

violently, and his face turned pale in an instant.

She was seriously injured when she performed traction, which was too heavy on her body, and she couldn’t relieve her breath at once.

“Is it okay?” The

old naughty boy asked hurriedly, “What was that just now?”

He didn’t see it, but felt that there was something there. If Yumeng didn’t get rid of that thing, it would definitely be in Andrew’s body.

Andrew also felt that it was unbelievable that this kind of thing would still exist in this world.

"It's a ghost." Yumeng's

breathing slowly recovered. "Have you never heard of the word, the ghost is not gone?"

This is what it is talking about." "This is not a good thing. Once it passes through the body, it can easily cause negative things. Emotions magnify the hatred and anger in people's hearts."

Her face was a little worried, she didn't know if it was a coincidence or something happened.

She always felt that there was a bad feeling.

The guy Greedy Wolf wouldn't be so crazy, right?

Thinking of the mass grave that Greedy Wolf took him to, why did he choose that place, and how did that place come from?

"My traction technique will not take too long now,"

Yumeng looked at Jiang Ning, "You have to be careful, I am worried that there may be more than one ghost here."

She consumed a lot of energy while helping the greedy wolf devour the remnant souls, and then was seriously injured by the greedy wolf, which made her very tired now.

Performing it again at this moment made her almost collapse now.

The old urchin glanced at Andrew and immediately became vigilant.

This invisible and intangible thing is the most terrifying.

You can only guard against it by feeling.

“I protect Agou and them.” The

old naughty boy said.

He hid Jiang Yao behind him and scanned the surroundings with his eyes, not daring to be careless. Any disturbance made him very vigilant.

The same is true for Jiang Ning, his perception ability is extremely strong, but he can't see it.

I'm afraid, apart from the wolf's heavy pupil, there is only Yumeng's traction technique, this kind of inherent talent, can you see it.

“Come!”

Yumeng's expression suddenly changed, “A lot!”

Her eyes were full of incredible, even a little shocked.

She saw groups of gloomy ghosts rushing towards them, like a wave, how could this be possible?

Greedy wolf... is he crazy? He actually did such a thing!

“What are we going to do?”

Andrew asked immediately.

He and the old naughty Tongkong have the same strength, but they can't see or touch, how to deal with these ghosts.

Even if it was punched out, it was only in the air.

“Keep awake! If necessary, bite your tongue.”

Yumeng reminded loudly.

This is the only thing they can do.

As soon as the voice fell, the old naughty boy suddenly felt that his back felt cold, as if there was a block of ice, and he suddenly got into his body.

Suddenly, there was a heart palpitation!

His face changed, and he felt that his temper came up all at once. The anger, the anger at the greedy wolf, made him almost burst into flames!

“Greed wolf! I want to kill you! I want to kill you!” The

old naughty boy yelled, his eyes full of madness, and he rushed out with his fist. Smashed to pieces.

“He’s out of control.”

Yumeng gritted his teeth and wanted to stand up, to help the old naughty boy draw the ghost out, but now it was too late, and she couldn’t stand up either.

“Ahhh! Kill! Kill!”

“Protect the South Estopia! We are going back to protect the South Estopia!”

“Kill them!”

Chapter 2482

Harrison and them were all affected. They ran out of the longevity pond one by one, roaring to go back to the South Estopia to protect the people there.

The killing aura in their hearts was suppressed by this powerful sense of responsibility, and there was no big problem.

Yumeng couldn’t help but admire a little, these guys are really amazing.

She turned her head and saw Jiang Ning’s expression changed, but she didn’t expect that he was also recruited!

“Jiang Ning?”

Yu Meng is a little worried. If Andrew has darkness in his heart, once it is magnified, once it is really out of control, no one here can stop him.

Andrew suddenly raised his head, his eyes a little red, resisting an impulse, and shook his head.

“I’m okay.”

He squeezed out a word, “How can these ghosts be solved?” The

Demon Lord said before that Andrew also has a dark part in his heart. As long as it can be used, the Demon Lord can be unscrupulous.

But now, it was taken advantage of by the greedy wolf.

“I’m afraid, the whole world is experiencing this kind of influence now, and the outside world doesn’t know what the chaos has become.”

Andrew was worried that something must have happened to the South Estopia.

“Let me think about it, let me think about it!”

Yumeng can see that Andrew is densely packed with ghosts, almost surrounding Andrew? It’s covering Wu’erdi with zero love and closing Shan? These lingering things, too Terrible!

There are also ghosts beside her, but she has traction techniques on her body, and these ghosts can't affect her too much.

Suddenly, Yu Meng turned her head: "Jiang Yao!"

Jiang Yao stood there, a little scared, her eyes red.

She knew that something must have happened. Master seemed to be crazy, and Agou and the others seemed to be crazy. Even father Andrew was standing there motionless at the moment.

"What's going on, Yaoyao is so scared."

Jiang Yao wanted to cry aggrievedly.

Yumeng took a deep breath: "You are holding the necklace! Hurry!"

Fortunately, she returned the necklace to Jiang Yao. The most feared thing of those ghosts is the most yang thing like the necklace.

Jiang Yao immediately picked up the necklace hanging on her chest: "Sister fairy, can this thing protect people?"

"Yes ." Yumeng was

anxious, "You must not take it down!"

I know, I heard her say that it can protect People, Jiang Yao immediately took the necklace off, ran to Jiang Ning, and wrapped the necklace around Jiang Ning's wrist.

"Dad, this necklace that can protect you!"

"Yao Yao!"

Andrew Yankuangshirun, want to stop, but can not dare to tamper with, "you get back! Put it on! Quick!"

I can still control, and will not Immediately out of control, Jiang Yao was still a child, so he couldn't have such an accident.

"No need for Yaoyao, Yaoyao wants to protect her father!"

Jiang Yao stubbornly said.

Yumeng clearly saw that those ghosts were staring at Jiang Yao at this moment, making her struggle to stand up.

"Jiang Yao, be careful!"

She was going to rush over, but where there was still strength, it was too late. She could only watch, a ghost, instantly got into Jiang Yao's body!

Yumeng's face changed drastically, and Andrew was equally shocked.

But, it seems that it has no effect on Jiang Yao?

“Hey, what was it just now, it tickles.”

She blinked her big eyes, full of curiosity, “Sister Shenxian, have you seen it? Who is tickling me.” Not

valid?
