This shrine was not a place to be trifled with. And what was that gong for? Were they already prepared for this?

Fang Yin scoffed and didn't say anything. He immediately got out of the car and dashed towards Lana.

If he had to make a move, he was going to take Lana with him in the quickest time possible!

SWOOSH!

Fang Yin moved as quickly as lightning.

He soon caught the attention of the Yamaguchi Syndicate bodyguards.

"Who is it?!"

"We're under attack!"

The bodyguards started shouting.

Kumada's orders was to send Lana safely into the shrine, but they were still outside.

If anything happened to Lana, they would be held accountable for it.

The other bodyguards dashed out and left two of them to guard Lana on both sides.

"What's going on?" asked Lana.

She didn't expect someone else to try to take her life.

NH

And it seemed like the assailant wasn't from the Yamaguchi Syndicate.

BAM!

Fang Yin just raised an arm and sent one of the bodyguards flying out.

"Move aside!" His eyes were kept on Lana. "I'm taking this woman with me!"

He was especially domineering and was never polite about anything he wanted to get.

That bodyguard's face instantly turned green and died on the spot. He had been poisoned!

The remaining bodyguards immediately paled.

"Watch out!"

Nobody expected the assailant to be this terrifying.

He had killed one of them with just the wave of his hand. What a terrifying fighter!

Fang Yin just scoffed and didn't even look at the bodyguards.

These men were nothing but ants to him. He could easily kill even a grandmaster level fighter.

There weren't that many martial artists in the world who were at Fang Yin's level, so he didn't need to be so worried.

NH

BAM!

BAM!

Fang Yin's attack was fairly aggressive as he came down on them fiercely. These bodyguards didn't even stand a chance at all. Before they could draw their katanas, they were sent flying by Fang Yin to land motionless on the ground.

"Go in! Quickly!" The two remaining bodyguards next to Lana quickly stood in front of her with pale faces and hurried her into the shrine.

They kept their eye on Fang Yin and were prepared to fight to the very end!

"I'm taking her away, so nobody's going to save her!"

Fang Yin came towards them like a rush of wind, and the pressure from the wind made their faces hurt.

He was really too frightening!

"Kill him!"

The last two bodyguards decided that even if they had to die, they had to fulfil their responsibility.

The two of them held their knives tightly and stabbed it towards Fang Yin at the same time.

The two of them had fought many battles together and were very well coordinated. Their efforts combined was definitely way better than

NH

when they fought alone.

BAM!

PAK!

BOOM!

But even so, they couldn't hold up against Fang Yin either.

Fang Yin gave a low growl and brought his palms down hard. His palms were like two axes as they broke the backbones of the two bodyguards and killed them instantly.

Jimmy was still seated in the car and he couldn't help but gasp at this sight.

This man was simply too violent.

He knew that Fang Yin was formidable, but he didn't expect him to be so formidable and so ruthless as well.

He was an expert in using poison and was such a high level martial artist. Offending this man was really a very dangerous move.

Everything had happened in less than a minute. These grandmaster level bodyguards had been killed off by Fang Yin just like that.

Where could Lana go now?

"Come with me," said Fang Yin as he looked at Lana standing there all by herself.

NH

Lana was rather scared and took two steps back. If she landed in this scary man's hands, she was definitely going to die!

"Who are you?" She tried to stall for time, but Fang Yin didn't give her the chance to.

He took two steps forward and his gaze became icy.

"Don't force me to hurt you. Come with me!"

"I don't think she can leave with you."

Just then, someone walked out from inside the shrine and he looked at Fang Yin as he spoke calmly, "Since you like her so much, why don't you stay too?"

Fang Yin looked up to see Jiang Ning!

He didn't expect to see Jiang Ning here.

Fang Yin narrowed his eyes and all his pores were open. The iciness in his eyes had reached its maximum.

A sinister and murderous aura started emanating from him.

Jiang Ning didn't seem to feel it at all. He walked down the stairs confidently and stood in front of Lana.

"Since you're here, why didn't you go in? Why wait for me to invite you in?" he asked calmly.

Lana froze for a while.

She didn't know what was going on, but she could feel two frightening invisible forces clashing together!

"I..."

"Lana!" Lance ran out of the door and was filled with joy. "Come over here!"

Lana's heart finally breathed a sigh of relief when she saw Lance and was about to go over, but Fang Yin took a step out and blocked her way.

"Trying to run? Dream on!"

He had allowed Jiang Ning to snatch away his chance so many times already, and he didn't want

NH

to give in anymore.

There were only two pages of the manual left out there. If Jiang Ning got another page, then he wouldn't have any say left!

Fang Yin took a step out with a quick swish and reached out to grab Lana, but Jiang Ning was faster than him.

It felt like a typhoon had suddenly come towards him. With a loud slap, Jiang Ning appeared in front of Lana and threw a punch that landed heavily on Fang Yin's palm.

PAK!

Fang Yin took several steps back while Jiang Ning remained unmoved.

"Must you always block me?" Fang Yin's expression was cold as he looked at Jiang Ning, but he was secretly shocked inside. It had only been a short while since he last exchanged blows with Jiang Ning and Jiang Ning seemed to have become stronger.

Just that one punch was enough for Fang Yin to feel it.

He was really no match for Jiang Ning now.

Jiang Ning had a lot of pages of the Extreme Fist Technique Manual on hand, but that wasn't the scary part. The scary part was Jiang Ning's ability to comprehend the manual!

NH

“We’re all doing this for the manual,” said Jiang Ning calmly. “Aren’t you blocking my way too?”

He didn’t bother being polite.

He took another step forward. “Since we’re not friends, then there’s no need to be so nice to one another. If you wish to fight, I’ll fight with you.”

His tone of voice was calm, but the murderous aura hidden inside those words made Fang Yin’s heart tremble.

He narrowed his eyes, then stretched his fingers before clenching them again.

“If you’re trying to throw poison at me again, then none of us is going to get the manual.” Jiang Ning glared at him. “I’d suggest you stop using these underhanded means, otherwise one day you’ll end up injuring yourself.”

“Humph!” Fang Yin just scoffed and flew over. His foot tapped lightly on the ground and flew out like the wind.

He raised his hand and a fine powder flew out from his palm.

Throw poison?

That was exactly what he was going to do!

He was going to destroy what he couldn’t have!

The powder flew and everyone else’s faces paled, but Jiang Ning looked completely unfazed.

NH

Suddenly, he did a half squat, pulled his fists back at his waist, and threw a hard punch out with a low roar.

This punch was just directed at the air, but it stirred up a huge storm!

HUU!

The wind caused by the punch instantly caused all the powder to be blown back into Fang Yin's own face.

Fang Yin couldn't avoid it in time and ended up coughing violently. He quickly took several steps back as he tried to fan the powder away.

His face was red as he quickly grabbed another fistful of the antidote and swallowed it. He looked even more venomously at Jiang Ning now.

"Jiang Ning! You're not going to meet a good end if you keep going against me like this!" Fang Yin roared in frustration.

Jiang Ning took a step towards Fang Yin. "You make it sound like you're going to end well if you keep going against me."

He suddenly increased his speed and with the tap of his foot, he flew out like a sharp arrow!

At the same time, he clenched his fists like they were black holes as the eye of a hurricane seemed to appear on his fists.

Fang Yin's eyes narrowed violently.

NH

“Impossible!” he exclaimed in his heart. But he didn’t dare to hesitate and quickly took two steps back as he put up two arms to block the attack.

BOOM!

One punch!

Jiang Ning smashed his fist towards Fang Yin and Fang Yin tried to block it with his own two arms!
