

# Blossoming Her Shielded Heart Chapter 121 - 122

## Chapter 121

The next day, Zoey's face didn't look as bad as last night, but her swollen eyes were still not very beautiful.

She was still a little angry with Julia. She angrily placed the toasted fish in front of her. Julia felt cold on her back and looked up at Zoey. Was this girl treating her as a toasted fish

After breakfast, Julia went to work with Shawn. Zoey's eyes were swollen and she was too embarrassed to go out. So she could only stay at home, being depressed.

On her way to the company, Julia suddenly saw Lisa, who she hadn't seen for a long time. She was simply sitting next to the window of a cafe, and opposite her, there seemed to be a person sitting on the other side. Julia was a little stunned.

The cafe was on the side of the road. Suddenly, she had a bad feeling. As the car drove, Julia gradually saw the person sitting opposite to Lisa

"Brandon!

Why? Why did Brandon have coffee with Lisa? What were they talking about?

Did Lisa tell Brandon everything

Julia's heart raced.

However, even if Brandon knew about this, it wouldn't do her any good. Maybe it was just a gathering of her two good friends. Julia patted her chest to calm herself down.

She was not afraid of gossip about her relationship with Shawn because they did get married. She was afraid that it would get worse if her mother knew it.

No, it couldn't be.. Julia muttered.

Hearing this, Shawn turned around and frowned: "what's wrong?"

"Ah.. Nothing. Hahaha..." On hearing this, Julia came to her sense and laughed, but she didn't explain anything.

Hearing that, Shawn frowned, but said nothing.

When she arrived at the company, Julia hoped that she had seen it wrong and that Brandon was working in the Secretary office. This way, she could be relieved. But when she returned to the Secretary office, she saw that Brandon's position was empty.

Brandon didn't come to work today.

"Where is Brandon? Didn't she come today?" Julia asked Sarah with a big smile.

"I heard that Brandon's baby got sick, so she asked for half a day's Sarahve," Sarah answered

"Okay!" Julia nodded stiffly.

"What's wrong? You look a little weird." Sarah looked at Julia with a suspicious look, Julia regained her composure and said with a smile, "nothing. I'm just surprised. I didn't expect that Brandon would also ask for Sarahve. I thought only casual people like me would skip work."

Without any doubt, Sarah smiled and said, "you're so great that you won't be fired by our boss. If we dare to ask for Sarahve so often, we'll definitely be fired."

Julia was in a cold sweat. It seemed that she really had a lot of privileges.

Back to her room, she kept feeling uneasy.

"Miss Lesbian, this is the team responsible for the construction of the villa. You contact their captains. According to your requirements, the designers have draft designs and sent them to your email." John put a pile of documents in front of Julia.

Julia was shocked.

"Look carefully and work hard." John smiled and s

aro had worked with Shawn for eight years, she might have met her mother, because her mother had been working as Noah's Secretary for a while.

"About two years," Replied Cindy.

Julia was thrilled and asked, "do you know a girl called Barbara?"

"Yes, I do. We were colSarahgues at that time. And Barbara was the personal secretary of the old CEO. Within a week, the elder CEO's wife came here. Coincidentally, he was on a business trip, and Barbara was left at home. The old CEO's original wife took people outside as she couldn't find anyone in the company." Said Cindy.

Julia knew that Barbara didn't have a business trip with Noah because Julia was ill. Since she was sick and needed someone to take care of her, then Barbara stayed and look after her. At that time, Barbara was pulled out of the hospital by Juliet. She was having an intravenous drip. The situation was totally out of her expectation.

“I haven’t seen Barbara since then. From that day on, the Nelson Group fell from a middle-class company to the low, barely in the middle.” It seemed like Cindy was recalling the past, reminding everything that had happened.

In the end, Cindy shrugged her shoulders and said, “the right and wrong of rich families cannot be seen cSarahrly by others. Let’s stop talking about it. It’s really hard to make it cSarahr.”

“What are you thinking about, Sarah?” Seeing Sarah lost in thought, Cindy couldn’t help teasing her.

Looking at Julia, Sarah scratched her hair and said, “I seem to remember your information. Barbara is your mother? “

All of a sudden, the chopsticks fell from Julia’s hand. In a panic, she bent down to pick them up.

“Shut up! Shut up!” Seeing that Sarah was about to say something, Cindy stopped her and Sarah didn’t say anything more but shrank her head back.

Julia lowered her head and ate without saying anything.

Cindy exchanged a knowing look with Sarah and shifted the topic back to another topic. Julia looked at Cindy gratefully. Cindy adjusted her glasses and smiled at her.

## Chapter 122

After listening to Cindy’s words, Julia was more sure that Barbara must have known or guessed that Noah had a family, but she might be waiting for Noah’s explanation. It also indicated that Noah wanted to make it cSarahr to Barbara because he brought Barbara to the company at that time.

If it had not been for her illness, those things would not have happened.

Julia couldn’t taste the food, because she was thinking this thing.

After lunch, the three of them went back to the Secretary’s office. At this time, Brandon also arrived.

As Julia thought of the scene that Brandon and Lisa met each other, she could not help but feel a little uneasy.

“Brandon, is the baby all right?” When Sarah saw Brandon, she walked up and asked with concern.

Brandon glanced at Julia and answered Sarah with a smile, “It’s fine. It’s just a cold.”

“Well, it’s easy to get cold in this season.” Cindy said with a smile.

“That’s good. Be careful next time.” Julia also forced a smile.

Brandon stared at Julia who didn’t look at her in the eyes. Julia just giggled and sat back in her seat. She began to work without knowing the truth. God knew that her heart had turned over a lot of times.

Never mind, just do what I want. Julia clenched her fist. I don’t like this kind of dodging life. I hope that I can stand in front of everyone with Shawn fair and square, and I hope I can get my mother’s sincere blessing. ‘. No, as long as it was her mother’s wishes, even if it was false, Julia was willing to accept.

Though Julia knew that Brandon wouldn’t say it out casually, she was still very uneasy. Brandon’s existence was like a time bomb which could explode her at any time. It was just not the right time yet.

“Julia, can you help me with these papers? I need to go out for a while. ” Suddenly, Brandon spoke over Julia’s head. She also put a pile of documents in front of Julia.

Julia was a little stunned and raised her head to look at Brandon. Brandon smiled in a strange way as if she had seen through her secrets one by one with her long and narrow eyes.

Julia felt very uncomfortable being gazed at by her, and her buttocks seemed to be sitting on nails, trying to stand up and escape.

Even so, Julia still had to bite the bullet to look at Brandon and smiled: “OK, go ahead with your business.” Then she naturally took the documents.

Without any hesitation, Brandon turned around and left.

After Brandon was a few meters away, Julia looked up at Julia, and her hands went wet.

Julia, you are really becoming more and more timid She was so timid that she almost failed to recognize herself. Julia sneered at herself.

After tidying up some documents, Julia stood up and stretched herself. It was autumn now, but she felt boring staying in the Secretary office and wanted to escape.

Then, Julia walked out of the Secretary’s office, and was about to walk around.

Wasn’t it Brandon and Holden standing on the balcony? Julia frowned and immediately hid herself, but she wa

liberately.

Julia had been looking for an opportunity to defend Noah.

But in the end, Julia still didn’t text back. She sent a message to her mother: “mother, have you already known that Noah has a wife? If so, do you hate him or Juliet? “

After that, Julia also sent a message to Shawn, “when will you come back?”

The two messages put together made Julia feel funny.

As soon as she sent the message, a call from Shawn came in.

“Hello.” Then Julia held the phone and hid herself in the quilt.

“Are you lonely in the villa alone?” Shawn chuckled and asked.

On Shawn’s side, it was not as noisy as Julia thought. On the contrary, it was very quiet.

“How do you know I’m alone in the villa?” Julia was shocked.

“Just now, Zoey called me and asked where I am. She stressed that you were alone in the villa.” It sounded that Shawn was in a good mood.

“Hey, that girl knew how to care about me. She stared at me coldly just now.” Julia blurted out in surprise.

“Zoey is not a bad girl.” Said Shawn.

Julia unhappily said, “yes, I’m narrow-minded.”

Shawn laughed. Julia, who was hiding in the quilt, could even hear the low laugh from Shawn. She was a little stunned and then smiled.

“I will come back very late tonight. Don’t wait for me. Go to sleep first.” Shawn continued after a pause.

“I didn’t plan to wait for you.” Julia replied rapidly.

“I don’t believe you.” Without any hesitation, Shawn said decisively as if he was just telling the truth.

Julia was speechless. It didn’t matter even if she was going to wait ‘not ashamed

“Well, I’m going to sleep. Good night.” Julia said unsatisfactorily.

“Yes.” Answered Shawn.

Though she said so, Julia’s phone was still sticking to her ear, waiting for him to hang up. But after waiting for a long time, Shawn didn’t hang up. Julia asked hesitantly in a low voice: “are you still there?”

“Yes.” When Julia just finished, Shawn said.

Both of them burst into laughter.
