

Blossoming Her Shielded Heart Chapter 181 – 190

Chapter 181

After coming back from the birthday party, Zoey hid herself in the bedroom, refusing to have dinner and talking about others.

“Mrs. Julia, what’s wrong with Miss Zoey? ” Maria was a little worried about Zoey.

Julia shook her head to signal Maria not to worry. She said with a smile, “She’ll be angry only for one night. She’ll be fine tomorrow.”

Maria was relieved. She brought the dishes to Julia and said, “Mrs. Julia, pSarahse eat more. We are all so worried about you.”

“Thank you.” Julia smiled. Although she knew that Zoey was just in a huff, she still brought a plate of dessert to Zoey’s room after dinner.

Recognizing Julia’s voice, Zoey opened the door. She cast a glance at Julia and went back to bed and covered the quilt again. Then she just felt depressed.

It was Zoey’s classic movement which she would show when she was angry and depressed. Julia signed silently and thought that it was not easy to be

Zoey's sister-in-law... Unconsciously, Julia had put herself as the role of sister-in-law of Zoey...

Sitting down beside Zoey's bed, Julia looked around the bedroom. It seemed that this bedroom was already occupied by Holden. There were traces of him everywhere. Zoey seemed to get used to it.

"Zoey, what do you think of your Brother Holden?" Asked Julia suddenly.

Zoey was stunned. At first, she didn't understand her feelings for Holden. She liked and relied on him just because he was her brother.

But Zoey didn't know whether her liking for Holden was the same as a liking for the lover.

"I don't know." Zoey said gloomily. At this moment, she was thinking more about Carrie Gu. How lonely she was! She only had Julia to be her friend...

What should she do if Julia disliked her one day?

"Julia, will you also think that I have gone too far and quarrel with me like what Carrie did..." Zoey suddenly looked up at Julia and asked her in an uncertain tone.

"There are quarrels between friends." Julia looked at Zoey and thought it was funny.

"Oh..." Zoey lowered her head in dismay. That was true.

Julia shook Zoey's shoulder and said, "Don't cry. How about going to work tomorrow? Staying at home all day long will make you sick. "

Zoey nodded without a word. After a while, Julia stood up and went back to her bedroom.

“When did you come back?” Seeing that Shawn was about to take off her clothes and take a shower in the bedroom, Julia was a little surprised.

At the sight of Julia coming in, Shawn reached out and carried her back to the bed and put her on his laps. Julia habitually held his waist.

“Have you not been to the mansion to receive treatment for a long time?” Julia held Shawn’s injured hand and pulled back his sleeve, frowning.

In fact, Julia knew that Shawn hadn’t got treatment on time because the pinhole in his arm had slowly disappeared without a new one.

“Don’t worry. I k

s still a lot of uncertainty in the future, Julia had made up her mind to be with Shawn. Their family would be together happily.

Julia said these words in response to what Shawn had said before.

The man next to him moved his body slightly. Julia saw the excitement on his face and put her arms around the man’s waist, lowering her head.

It was so amazing that as a woman, Julia could make his tall and strong body tremble, and also make his heart beat faster which was as stable as a mountain.

“I love you, Shawn.”

Julia had already tasted the taste of happiness, which was deeply engraved in her heart. She would not let him go. No matter how big the storm was, they would walk hand in hand. In the past, Julia was afraid of every moment when she stayed with Shawn. She was afraid that if one day her mother found her secret, what she should do. She was also afraid the sadness in her mother’s eyes.

Now, although sometimes she was afraid that her mother would know, at Sarahst she was no longer afraid at every moment she was with Shawn. He was the best tranquilizer. As long as he was there, she was not afraid of anything.

“My most regret was that ten years ago, I only brushed past you. The luckiest thing is that you are in my arms now.” Shawn held Julia tightly, bent down and kissed her hard.

Her eyelashes trembled. She stared at him with her misty eyes, which were full of flirtation.

“Baby, call my name.”

Julia looked at Shawn and opened her sexy lips slightly. Following his meaning, she said, “Shawn...”

Eyes closed, Julia was totally obsessed with him, mentally and physically.

In her dream, Julia saw her families living happily together. She, Shawn, their baby, Holden, Zoey and Barbara were all here.

All the people put aside their old scores and put aside the fact that they cheated. They stood in the sunshine, laughing heartily.

This dream was so beautiful.

Chapter 182

The next day, Julia woke up in Shawn’s arms. She just moved slightly, and he immediately woke up. Then he quickly bent over and kissed her lips.

“Time to get up. We still have to go to work.” Julia could not help but look up and call out to Shawn. She grabbed his ear and frowned. But even if she used all her strength at the moment, it was still not as strong as an ant’s strength...

Her threat did not work on Shawn, so he grasped her hands and continued to sleep.

Looking at this noble young master, Julia couldn’t help but scratch his hair and coaxed, “Li hell, get up and work. Don’t be lazy.”

With the corners of Shawn’s mouth turning up, he buried his head in Julia’s neck and rubbed it intimately, “Yum-yum... Kitten, you are so naughty. “

Julia feel so itchy on her neck rubbed by Shawn that she couldn’t help but giggle. She thumped his shoulder and shouted with a smile, “Go away. I itch! “

“Being a good girl or not?” Without listening to Julia, Shawn threw her down to the bed, his lips moving around her neck, tirelessly.

“I’m good! Ha-ha... Shawn, don’t do it, ha-ha... ” Julia shouted as she tried to dodge Shawn’s attack. Her voice was soft with a little coquetry.

If Julia played with Shawn at this moment, she could only be a kitten to be slaughtered and allowed him to do whatever he wanted.

After a while, Shawn took Julia to the bathroom. With Julia’s arms around his neck, Julia comfortably buried her head in his neck. She sniffed his cSarahn breath, filled with happiness.

Bathroom was always a nightmare for Julia.

It was already noon after they cSarahned themselves up. Shawn gripped Julia’s slender waist and took her out of the bedroom. Zoey was already waiting for them in the hall.

Though Holden would come back to the villa, Julia seldom met him. He usually came back after they went to sleep, and left before they got up. It seemed that Holden was carefully avoiding meeting Shawn.

Sometimes when the two brothers came back at the same time, Holden would enter Zoey's room, and then... There nothing much more happened...

They seemed like enemies rather than brothers. Holden politely distanced himself from Shawn, and Shawn was indifferent to Holden... What they would pay attention to together probably was they family and the Li group.

"Zoey, let's go to the company." As usual, Julia sat opposite Zoey, while Shawn sat beside Julia.

Zoey glanced at the sweet couple. She took a bite of French bread and said, "Okay, I know."

As usual, they had breakfast together. Zoey didn't understand why her Brother Holden was so busy while her Brother Shawn was so leisurely. She stared at Julia and Shawn discontentedly.

However... No one seemed to have noticed Zoey's grievance...

They were still sweet...

"Drink more milk." Shawn

back. "

"Thank you. John. " Julia stared at John with a foxy smile. She would not forget that the tangle between John and Evena that John might look down upon Evena. Evena were her friends so she would support Evena.

John knew the reason why Julia put on this expression, and reminded her, “Miss Julia, don’t forget that you still owe me a favor. Well, it was a long time ago.”

Julia blinked, then she suddenly remembered when she had just met John, she asked him to pretend to be her boyfriend to reassure her mother. Unfortunately, at that time, John hadn’t done much because of Shawn’s sudden appearance.

But in fact, Julia did owe John a favor.

“So, how do you want me to pay you back?” Julia raised her eyebrows and looked at John.

“Don’t hurry. I want you to remember that you owe me a favor all the life. Ha-ha!” John snickered.

Julia glared at him and asked, “What’s wrong?”

Julia knew that John wouldn’t come to her if he had nothing important to do. He must have come to her for something related to work.

“Miss Julia, here is the documents of the construction site. Congratulations! You’re still the legal person in charge of this construction site. You just need to be responsible for and follow up. Other things will be handled by special people. “

To put it bluntly, if she wanted to step in, she could do it; if she didn’t want to, someone would also do her job.

Julia took over the documents handed over by John. She was a little stunned. When Shawn misunderstood she had betrayed the company, all the documents were handed over to the company. Now, did everything go on as usual?

“Miss Julia, cheer up. Don’t humiliate our president.” John patted Julia on her shoulder and laughed.

“Of course not.” Julia raised her head confidently, showing no fear to this tall man.

John smiled, nodded, turned and left.

Chapter 183

“I’m so tired! Julia. ” Before she could finish reading the whole file, Zoey changed her mind.

Julia bent down and looked at Zoey with a lovely smile. Her eyebrows were curved and her dimples were visible. She said, “Zoey, have your teacher taught you to give up halfway?”

She was laughing, but Zoey felt cold all over her back

“Go away. I’ll finish reading it myself.” Zoey had no other way but to shove Julia away. She then again read the papers.

Julia returned to her seat with a smile.

A soft voice came from the door, “Mr. John, is Shawn here?”

Her voice was soft, and she was here for Shawn. Julia could not help looking up at her. With a white dress and fair skin, and smooth long hair and beautiful features, a young and elegant woman suddenly appeared in front of Julia.

If that was not Zoey, Julia would have paid more attention to her. It was said that Zoey had been taking care of Shawn after the car accident. Although it was not a big deal, Julia still felt a little uncomfortable.

Well, according to Zoey's words, it was Julia who gave up Shawn

"Miss Zoey, CEO has already had lunch. He's very busy now. PSarahse tell Mr. Noah that you don't need to deliver lunch to him in the future." John replied, in a neither humble nor pushy tone.

Julia kept her eyes on John and Zoey, and when she heard the reply from John, she said "good".

"Okay, I'll tell Mr. Noah." Zoey didn't insist. She nodded politely and turned around to the deputy CEO office with a basket in her hand.

As soon as she turned around, she ran her eyes over the secretarial room. It was very wide but there were very few people. She caught sight of Zoey at once, who was bending over the desk and reading the papers.

Zoey walked in and said gently to Zoey, "Zoey, why are you here?" Her tone seemed to show the care and love of her younger generation.

"I am an intern." Zoey said confidently. She saw the food basket that Zoey was carrying and asked doubtfully, "are you here to send food, Zoey?"

Zoey nodded and smiled, "this is uncle and aunt's decision. They are afraid that Shawn and Holden will be too busy to have lunch."

"Don't worry about it. My brother and they will eat on time. You don't need to send food to them in the future." Zoey laughed at her.

Julia silently wiped her sweat. 'Zoey, you little girl. Sometimes you don't have to be so direct.'

Luckily, Zoey was forthright and elegant. With a smile, she said, "at Sarahst the food bought was not better than that at home."

"You are right." Zoey agreed.

It was a long time before Zoey turned to look at Julia. Her tender face froze when she saw her. This woman was far from the sick look she was several days ago. She became lively and smart.

Julia was too viv

tle scared by such Holden. She questioned him, looking into his eyes with affection.

Holden fondled Zoey's cheek and gave her a gentle and warm smile. "What's the difference?"

"You've changed a lot since you back from studying abroad to study. You've changed a lot." Zoey looked straight into his eyes with her innocent and pure eyes. She didn't care to be shy at this moment.

She just wanted to ask him what had happened to him abroad? How did he come to this?

She didn't notice before, but after a few days of intimate relationship, she notice the changes. Perhaps, Zoey had never known him. So far, she still didn't know him well.

Holden's eyebrows twisted imperceptibly, a flash of complicated emotion flashing in his eyes. Perhaps he underestimated the growth of Zoey, and he did not expect that this girl could notice this slight change.

"Zoey, it's your illusion. Brother is still the same as before. I didn't change at all." Holden chuckled. He lowered his eyes and whispered in Zoey's ear.

Zoey frowned and retorted, "I think I am right. Brother, you has changed."

Holden no longer gave her the chance to talk. His lips were pressed tightly on her lips, and blocked her small mouth that made people love and hate, biting and biting.

“Hey, we’re in an office!

Zoey tried to push him away by grabbing his collar. However, as the kiss deepened, she lost all her strength and put her hands on his chest.

At first, Zoey still struggled to open her eyes and look at him. But then, under his slightly flirting sight, she closed her eyes in a hurry. Her little face turned red, and there was inexplicably a strand of emotion that she did not understand, like a thin line, entangled her heart. The thread had more and more, until her heart had been surrounded them.

Finally, there was no way to escape from it.

Chapter 184

When it was time to off work, everyone was gone. Zoey urged Julia to Sarahve as fast as she could. She had stayed in the office for a long time and Julia was very depressed.

Julia patted Zoey on her head and said, “how can you be your second brother’s secretary with your poor patience? Your second brother will definitely abandon you.”

Zoey covered her head in pain and dared not hit her back. She stared at Julia and said, “I’ll remember it. After our baby is born, I’ll give it back to you.”

Hearing this, Julia looked at her in amusement and knocked on her head again. “Anyway, you can’t fight back now. No fight in vain, haha.”

With a muffled snort, Zoey jumped away from Julia and made a face to her. “Brother is in his office. I won’t accompany you. Bye.”

Then, she left the Secretary’s office immediately. Julia shook her head helplessly and went on with her work.

Outside the window, the sky turned from orange from the sky to orange. The gentle setting sun covered the whole secretary room. Julia, bathed in it, looked so gentle.

“Here, modify it.” A low, attractive male voice sounded behind her.

Julia was a little stunned, looked at the direction of that slender finger, and sincerely changed it, until the man behind it said, “not bad.” Julia raised her eyebrows and smiled. She knew who was behind her without even turning around.

Shawn held her up and occupied her seat that he asked softly, “are you tired?”

“I’m not tired at all. It’s been two months since I got pregnant. And many people didn’t notice it at all. So don’t worry about me.” Julia Sarahned on his shoulder and looked up at him with a big smile.

“I don’t care about others, I just care about you.” He touched her nose slightly with his fingers.

Julia smiled and wrapped her arms around his waist, replying, “yes, yes.”

Looking at her smile, Bri

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

“As long as I’m alive, I’m still his legal wife, while all of you are just his mistresses.”

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she Sarahrned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

should work harder and have another child.” Shawn slightly pushed her hair away and left a kiss on her smooth forehead.

Julia’s face turned red and gave him a reproachful look. She buried her head in his chest and closed her eyes.

Shawn pinched her cheek, stood up and said gently, “wait for me here, I’ll go to get you a coat. It’s windy at night.”

Hearing this, Julia nodded and watched Shawn going out. She looked down at her belly. He said he liked opposite sex twins, the male one was elder brother and the female one was younger sister.

Baby, I hope everything is as your father wishes.

The clothes were brought in and dressed for Julia. After that, Julia bent down to help Shawn with the tie.

The tie he was wearing today was the one she bought, which was cheap and strange, not matching his Italian handmade Satin suit.

“When I make enough money, I’ll buy you a better tie.” Julia announced with high spirit, as she patted on Shawn’s chest.

“Okay, kitten, I know a good way to earn money.” Said Shawn as he picked her up.

As expected, Julia’s attention was attracted. She asked, “what is it?”

After Shawn whispered by her, Julia blushed and could not help but give him a light punch on the shoulder

Chapter 185

Instead of going home directly, Shawn took her to the hospital. After they confirmed that the baby was safe, they went to the ward to see their grandmother. Julia held Shawn's arm and looked around. She hadn't come here to see his grandmother for a long time.

The door was pushed open. A middle-aged man sat on the edge of the old lady's bed, with his back to them.

When the middle-aged man heard the voice and slightly turned his head, Julia was shocked. That man was Noah. Why did he come to the hospital?

"Julia, Shawn." At the sight of Shawn and Julia, Noah's lifeless eyes suddenly lit up. He called them kindly.

Without answering, Shawn directly took Julia to the other side of the bed. Without saying anything to Noah, he turned around and walked out of the ward.

"Julia, why haven't you come back home recently?" Noah's voice was low, as if afraid of disturbing the sleeping old woman. Without any confidence, he continued, "do you still care about the affair between Shawn and Zoey??"

Noah thought that Julia was angry about this so she didn't come back to the Nelson mansion.

Julia felt a little sad. Since Noah knew nothing about those things, she secretly glanced at him. Since he got sick of anger, he seemed to be older and more gaunt than before.

In fact, she should have forgiven him long ago. If it weren't for her illness, her mother would have gone on a business trip with Noah, those things wouldn't have happened.

Her father, Noah, who had carried her everywhere ten years ago and made her happy, had become old. The wildness of his life left a sharp mark on his face.

“I don’t care anymore. Thank you I know you care about me.” She couldn’t speak out the word “father”.

Noah smiled bitterly.

“How are you these days?” Asked Julia.

When he heard Julia’s word, a touch of excitement emerged on Noah’s face, and he nodded repeatedly. “Very good, very good.”

For a moment, Julia didn’t know what to say. She turned around and looked at Shawn. He had been looking at her grandmother. It seemed that Shawn couldn’t see Noah since Noah was invisible.

“Julia, haven’t you told your mother about it?” Noah suddenly asked.

Julia turned to him and asked, “what do you want me to say? You know what? Mom would rather marry me to a beggar than to have any connection with the Nelson family.” She said in a low voice, “for all these years, my mom have lived a hard life alone.”

She knew that the matter would be hidden from mom for a long time and her mother would soon find out.

If you are telling a lie, you should be prepared to be debunked.

“I’m the only daughter that mommy has. I’m the only one that she can rely on.” Julia fixed her eyes on Noah, who suddenly lowered his head and dared not look at her.

When Juliet was not here, Julia dared to tell him the reason why they hadn't hold the wedding and why they hadn't made it public.

But what could she do? Noah couldn't help her, then nobody could help her. Even though Shawn was a powerful man, as long as

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

“As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses.”

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she Sarahrned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

y walk into your heart.” Julia said in a firm tone.

Maybe, Shawn hid her address, but if Noah really wanted to find it, Julia believed that he could find a way. However, he did nothing. He was tired of all this and didn't want to pursue anything.

He hoped that the wedding of Shawn and Julia could be held as soon as possible, so that he could visit her mother at the wedding. Ten years ago, he had stayed with his mother for several years, and there were countless times that he could divorce with Juliet, but he did not Sarahve.

“Julia.” Looking at Julia, Noah didn't know what to say. In fact, what she said was right. He went after Barbara and got together with her because he found that Barbara looked a lot like Jean.

After a long while, he sighed and said, “your mother and I have feelings for each other.”

“Yes, people will have feelings for each other after getting along with each other for such a long time.” Julia said slowly.

“What if I ask you to divorce Juliet and marry my mother? Are you still willing to do that now?” Suddenly, Julia stared at him and spoke slowly.

Noah was stunned. He kept silent for a long time. After Julia squatted down and felt her feet numb, Noah replied, “Juliet has Zoey and Holden. She is also a victim of commercial marriage.”

He didn't want to Sarahve.

“What about the showdown you told me before? You've considered it for ten years and you still don't want to divorce, right? ” “It's not only because of Juliet, but also because of the fear of betraying Jean.” Julia smiled.

No one could make Noah so crazy that he cared nothing except for Jean. Therefore, no matter how cold Shawn was to him, in his heart, Shawn was always the best child.

Julia kept on thinking about these things. She wanted to know who was right and who was wrong about what happened ten years ago. After she figured it out, Julia gradually forgave Noah. Indeed, nobody was right or wrong.

It was not an unforgivable mistake. Julia could forgive Noah, but how could her mother forgive him?

Chapter 186

Looking at the long corridor in front of her, Julia was a little shocked and wondered if her mother would forgive Noah?

She and her mother stood in different positions. For her, Noah was a very responsible father and gave her a lot of wonderful memories in childhood, but for her mother, he was an irresponsible husband.

“We are all going to have dinner tonight. Can you ask Shawn to join us?” Noah’s voice was full of vicissitudes. Julia almost thought that he was talking to an old man.

Julia nodded.

“Hello, Mr. Li.” An aged doctor strode Noah Brandon and called him in a low voice.

As Julia raised her head, Noah introduced at once, “this is Professor Ding, Zoey’s grandfather.”

“Hello, Grandpa Ding. My name is Julia.” Julia stood up and politely bowed to Mr. Ding.

“Well.” Professor Ding nodded kindly to Julia, and then turned to speak to Noah. What he said was centered on grandma’s condition. According to the old professor, it was very difficult to make Grandma wake up. On the one hand, she was getting old, and on the other hand, her grandma’s illness had been worsened and it was very difficult to eradicate it all at once.

Julia nodded in agreement. After talking about grandma, they talked about something else. Judging from their tone, it seemed that they had known each other for many years.

“Zoey is a good girl. I want to keep her in Nelson family.” Noah’s sudden words aroused Julia’s desire to Sarahve. She paused.

“That’s good. I can see that Zoey likes Shawn a lot.” Professor Ding squinted and smiled kindly.

Uh

Julia was speechless and thought that Shawn was married!

“You misunderstood, Mr. Ding. Shawn has been married, and I am talking about Holden.” Seeing the bright smile on Noah’s face, Julia let out a sigh of relief. But at the next moment, her heart couldn’t help but tighten.

If Holden was going to be married with Zoey, then how about Zoey?

Hearing that, the old professor was a little surprised, but after a few seconds, he regained his usual dignity as a doctor. He smiled and said, “as long as Zoey likes it, I have nothing to object.”

“I’m going to visit my grandma.” Julia hurried to say goodbye.

Noah nodded and looked at her, with too much emotion in his eyes. Without thinking, Julia turned around and left.

She was filled with the news that Holden and Zoey were going to get married. No, since Holden was not the one that Zoey loved, she was not sure that Zoey would agree to get married, nor was Holden.

As Julia staggered into the room, Shawn held her. His cold voice softened, “why did you go out for so long?” The tone seemed to be complaining.

With a smile on her face, Julia looked up at Shawn and said, “I just want to have a talk with dad Noah.”

Dad Noah Julia realized her mistake and shut up immediately.

“how is grandma?” Seeing his unhappy face, Julia quickly changed the subject and asked.

heir eyes to Holden. Holden toasted to Noah. After a moment's hesitation, he replied softly, "No."

Zoey paused for a while, and then lowered her head silently to eat. She had a bad feeling hearing what Holden said.

'doesn't he like me at all? Then why did he treat me like that?'

"I think Zoey is a good girl. If she can keep us company, your mother and I will feel relieved. Besides, the Ding family and the Nelson family are business partners. I have already contacted with Zoey's parents. If there is no problem, we can choose a time to hold the wedding." Noah smiled with satisfaction.

Hearing this, Juliet, who had been expressionless all the time, finally smiled happily. Julia was surprised. She thought that Noah just wanted Holden to get engaged to Zoey. Damn it! He wanted them to get married.

Was Nelson family so efficient? Julia secretly glanced at Shawn who was eating like no one was around. Every move of him was as elegant as a noble prince, handsome and noble.

"But Holden and I..." Zoey frowned gently and looked at Holden with some hesitation.

"It's okay. Love can be cultivated. You will like Holden after getting along with him for a long time." Juliet interrupted her and said with a smile.

Julia looked at Holden again, who still had a standard smile on his face, gentlemanlike and impeccably elegant. There was not even a trace of mood fluctuation in his face, as if what everybody said was not about him.

Zoey, however, looked very unnatural. She frowned as she was biting her chopsticks.

Holden lowered his eyes to look at Zoey. Then he reached out a hand to feel her forehead and gently asked, “do you feel uncomfortable?”

“Humph!” Zoey shook off Holden’s hand and turned her head away with hatred.

“Don’t be that.” Holden put his hand on Zoey’s head again and rubbed it gently.

Zoey just lowered her head to eat with a depressed look on her face, and turned a blind eye to Holden’s intimacy.

Chapter 187

“Zoey, what’s wrong with you today? Are you bewitched by that coquettish woman?” Juliet couldn’t help rebuking Zoey for her indifference to Holden and intimacy to Julia.

Zoey put down her chopsticks and bowl. “I’m full.” she lowered her head and replied

With these words, she pushed away his chair and left without looking at Holden.

“Zoey, come back! Do you mean to go against me?” Juliet threw the bowl on the table and looked at Zoey coldly.

Zoey didn’t turn around. Bearing her tears, she apologized, “I have a headache. I want to go back to my room and rest. Mom, I’m sorry.”

“Headache! I think you are bewitched by a ghost!” Julie frowned and raised her voice.

“Aunt, Zoey is still young. If she doesn’t want to eat, just let her go,” Zoey said hurriedly.

“Yes, miss Ding is right. I’ll bring the food to her room later. PSarahse don’t be mad at her.” Holden also smiled elegantly and gently.

Juliet wasn’t so angry until she heard them.

“Birds of a feather flock together. An outstanding man deserves an outstanding man,” Juliet glanced at Julia and Shawn and said.

Julia ignored her and continued to eat.

Zoey couldn’t help but look back at Holden. But Holden didn’t look back at her or make any abnormality, as if nothing had happened between them. Naturally, it didn’t matter.

She turned her head angrily and left quickly.

“Holden, have you found the culprit?” Seeing that the atmosphere was a little stiff, Noah changed the topic and asked.

Holden slightly frowned, and gently said, “we’re still trying to find it out. But it was at midnight when the accident happened to be at the blind corner of the camera. That road was exactly the blind spot of the camera. The car that crashed brother’s had been scrapped, and the driver was still unable to be found. He probably ran from the gap of the highway.”

“Well, thank you. When Shawn was in hospital, you run the company well. ” Noah looked at Holden with praise, smiling slightly.

Holden replied modestly, “that’s because brother have handled everything very well. It took me less effort to take it over.”

“Don’t talk about brother all the time. You’re a genius, too.” Juliet pouted. Her loving expression showed how much she loved this boy. She helped Holden to the food with a smile on her face.

“Thank you, mom. P Sarahse eat more,” Though Holden’s manner was perfect in front of the elders, Julia still felt a little uncomfortable. When the four of them had dinner in the villa, she didn’t see a trace of politeness on Holden’s face.

This kind of contrast only reminded Julia of the word “hypocrite”, but Everyone was hypocritical. Julia thought of herself and didn’t dare to make any comments. What she had hidden from Barbara was a hundred times more nasty than that of Holden.

“I’m full too.” Thinking of Zoey who had been depressed in the room, Julia put down her chopsticks and smiled politely at everyone.

It was at this time that Professor Ding noticed

t want them to worry about me. You are chosen by them. They will be happy if I marry you. As for you, you can continue to stay in the Nelson family. With Miss Zoey’s beauty and ability, I believe that the future hostess of the Nelson family will be you. “

“My brother doesn’t like dirty things, so I won’t touch you.”

Originally, Zoey was hesitating whether she would stay in Nelson family by marrying Holden. Now she felt that Holden had completely guessed what she was thinking. She was not a person who would give up easily. It was good for both people and things.

Holden was right. She was more competent than Julia. She was more suitable for the young hostess of the Li family.

Being with Holden was just nominal.

“Holden, are you serious with what you said?” However, Zoey didn’t believe that such good things would happen. She looked up and asked.

“I don’t have any pursuit. I just hope that the Nelson family can be harmonious in the future. You saw that my mother didn’t like Miss Julia at dinner.” Holden looked into Zoey’s eyes quietly and gracefully.

His eyes seemed to have a kind of bewitching power, making people unconsciously believe that everything he said was true and there was no way to doubt the truth.

Zoey couldn’t help nodding. It was obvious that Juliet didn’t like Julia. Moreover, Holden was nice to everyone, and was extremely filial to his mother. Zoey couldn’t doubt this.

It was not until quite a while later that Zoey raised her head and said with a smile, “Okay, I’ll marry you.”

It was late at night, and Julia was held up by someone, and she seemed to have heard the sigh of that man, “you little fool even fell asleep when taking a shower.”

He smelled so good. Julia couldn’t help but get close to him and rubbed against his chest. Meanwhile, she held his waist and nestled in his arms quietly like a little kitten, lazy and casual.

Shawn lowered his head and kissed her hair. There was love in his dark eyes. He said gently, “good night.”

Chapter 188

The next day, when Julia got up, Shawn was already not in bed. She rubbed her sleepy eyes and slowly sat up from the bed. After freshening up, Shawn came to her bed and gently held her in his arms.

Why is she in bed? It seems that she was so comfortable in the bathtub last night that she wanted to have a rest Then And flew to the bed? How did she come here?

Julia blinked hard and thought for a while. Then she couldn't help asking the man who was holding her, "did you carry me from the bathroom to the bed last night?"

"Who else do you think it is?" Shawn frowned, gently pinched her nose and said with more strength as punishment.

"I don't remember." Julia grinned, held him in her arms intimately and rested her head on his chest.

His hug was so comfortable that she almost wanted to sleep. While thinking, Julia could not help yawning again.

"Have a good rest today." Shawn touched her hair dotingly. Was she tired of these days?

"Where are you going?" Then, Julia couldn't help yawning again. Through the mist in her eyes, she looked like a young lady in chiffon, whose perfect body was seductive.

Shawn's tongue was a little dry. He lowered his head and kissed her eyes. Julia closed her eyes unconsciously.

After a long time, under the CEO's hot and fierce kiss, Julia was sleeping on his body. The corners of Shawn's mouth twitched. This woman always had accidents in romantic times, she must be on purpose

But no matter how fierce he stared at her, the woman in his arms was still sleeping soundly.

It was not until noon that Julia finally woke up. She was refreshed this time. She looked up a little and saw the perfect profile of Shawn.

Did he sleep the whole morning with her in his arms?

“Shawn?” Julia called him.

The next second, Shawn lowered his head, and his dark and starry eyes were staring at her. Because of the darkness, the light was especially bright.

“I’m getting up.” Julia giggled and struggled to free herself from his arms. “Watch out,” said Shawn

“Okay, I know.” Julia went to the washing room quickly in her slippers, She really had a good sleep.

After brushing her teeth and washing her face, she slightly turned around and saw Shawn standing at the door of the bathroom. Seeing that she was ready, he went to hold her. Julia couldn’t help but burst into laughter. She seriously looked at Shawn and said, “I’m not that precious.”

“I can make you be precious.” Shawn smiled, holding her slender waist with his hands in spite of his refusal.

It was natural for Julia to be used to bossy Shawn. She let him do whatever he wanted. After she went back to bed, she habitually took the phone and turned it on, and a text message came in.

It was a message from Zoey. Julia was confused. Zoey was in the next door. S

urned to Noah and reprimanded Julia, “look at her. She doesn’t look like a sister-in-law at all. After all, Zoey was so kind to her. It was all her fault.”

Julia ignored what Juliet. At this time, Hobson stood up and looked at Julia, “let’s go to Carrie’s home, Senior.”

It might be because Zoey had been with Julia twice. Among so many people, the one who could be believed most to Hobson was also Julia.

“Okay.” Julia nodded and followed after Hobson, preparing to Sarahve too.

However, her wrist was gripped by Shawn and she was pulled back into his arms all of a sudden. Julia looked up at him in confusion.

“Be good. Stay at home and don’t go anywhere.” Said Shawn slightly.

“But...” Julia frowned, but what if they couldn’t find Zoey.. She couldn’t resist Shawn’s order and had to be taken back to the bedroom.

Seeing that, Juliet couldn’t help complaining to Noah. “Such a heartless woman, just like her mother.”

After saying that, Juliet said to Hobson, “Hobson, I’ll go with you.”

“Yes.” Taking a glance at Julia’s back, Hobson had no choice but to nod in agreement. At present, it was important for him to find Zoey.

Julia went back to her bedroom, puzzled, and tugged at the sleeves of Shawn. “Shawn, I’m really fine. What if anything bad happened to Zoey?”

“Holden will find her.” Sitting on the bed with her in his arms, Shawn rubbed her hair to comfort her.

“What if he can’t find her?” Julia blinked and was worried. Though Zoey was arrogant and tough, she was not a smart girl.

After meditating for a moment, Shawn said lightly, “then no one can find her.” Seeing that Julia was still worried, Shawn touched her face and said softly, “the necklace around Zoey’s neck is a mini tracker.”

“.....” Julia looked at the ceiling and found that Holden had installed a tracker on Zoey. Fortunately, he hadn’t installed a monitor

Chapter 189

Inside the cave, a girl with her hands tied, struggled hard and stared at the boy in front of her in horror.

“Miss Li, I’ve been hurt badly by you. Your brother is so vicious that he doesn’t even let off a small company. They bought my company while my family was in trouble. Well, they bought my company at an extremely low price. ” The boy squatted down with a ferocious face, swaying his knife in front of Zoey.

“What the hell do you want to do! Carlos! ” Zoey shouted, “dare you touch me! My brother won’t let you go!”

“In the barren wasteland, even if I kill you at the price of eighteen, no one will know, right?” Carlos got excited and laughed wildly. He grinned at Zoey and said, “I’m sure that Hobson and others will suspect Carrie. They can go to find her now. She is at home now.”

Carlos stood up and looked down at Zoey, as if she was just a locust under his feet. This feeling made him feel very good. “My lady, do you know how long I have been tolerating you? I can’t stand your arrogance. I really want to see your sexy body under a man. “

“How dare you!” Zoey moved backwards in panic.

Carlos instantly Sarahned over and grabbed Zoey by the chin. “But you are still worth it. As soon as Carrie said that if I could humiliate you, she would agree to be with me. You’re such an ungrateful woman. You’ve insulted Carrie for so many times and I’m not going to tolerate you, “

“Let me go! Let me go! ” Zoey struggled as hard as she could. But the rope that tied her up was so firm that she could not break it.

“Help! second elder brother! Help! ” With Carlos’s face closer and closer to her, Zoey’s head went blank and her whole body trembled.

Carlos sneered and untied the rope around Zoey. Zoey grasped the ground with her hands and tried to run out of the cave.

But Zoey was immediately gripped by Carlos. He gazed at her with affection and his other hand ripped her clothes.

Her petite body was stained with red marks. When Carlos’s fingers slid across her skin, Carlos said coldly, “Lady, your life is so comfortable, won’t it be your eldest brother? “

“Let me go! help! Help! ” Zoey arched her arms and legs to fight back.

With his hands touching her body, Carlos sat on her lap and pushed the only cover away from her upper body.

With a bang, Zoey’s brain exploded. She struggled like a crazy woman and cried out, “Carlos, I curse you go to hell! You would die a horrible death! second elder brother! help! Whooooooooooh! “

“I want to go to hell, and I’ll drag you down with me!” Carlos’s hand pressed heavily on Zoey’s chest. He bent down to the ground with a sinister smile.

When his face almost touch Zoey’s, he quickly flew away and fell onto the ground several millimeters from Zoey.

Carlos was taken aback. He raised his head and saw a tall man quickly carry Zoey in his arms. After dressi

hole day, “Shawn, did you install a tracker in my body?”

Shawn smiled and sat on the edge of the bed, with his arm around her shoulder. "I can think about it."

"No! Then I have no freedom!" Julia stared at him and rejected the proposal.

Shawn looked at Julia, and said forcefully and firmly, "no matter if you have a tracker or not, you are not allowed to escape from me."

He didn't like to be abandoned.

Julia stared at him and didn't know what to say. The hiding fragility under his overbearing appearance, she suddenly felt a slight pain in her heart.

Was he still angry about what happened twenty years ago? His mother abandoned him.

"I won't Sarahve. My ultimate dream is to be a parasite. I'm just afraid that you'll throw me out by then." Julia giggled and held him tight in her arms.

Shawn smiled, bowed her head and pecked on her lips, coaxing her: "do you know why the parasite won't be thrown out?"

"What to do?" Julia asked.

"Feed yourself to master and satisfy him when he gets hungry." With a smile, Shawn took a bite on Julia's nose.

"Bullshit! Nobody ate parasite! Unless he is not a human. " On impulse, Julia scornfully refuted him, losing her usual self-cultivation.

'well, do you think I don't know the meaning of your words?

“Kitten, do you mean that I’m not a person?” Hearing this, Shawn squinted his eyes and leisurely looked at the woman in his arms. The air around him was dangerous and cold.

Julia, however, was insensitive. She raised her eyebrows, unaware of the danger approaching. She smiled and said, “it depends on whether you eat the parasite or not. If you don’t eat, you’re still a normal person.”

Shawn had bullied her so hard that she had made up her mind to make a score with him.

“Well, let me show you what an abnormal person would do.” Shawn slightly smiled. He rudely pressed Julia, displaying his malevolent moves and style

Chapter 190

It was in the evening when Zoey and Holden came back home. Hobson had been waiting for them.

“Zoey, finally you’re back!” Upon seeing Zoey, Juliet dashed forward in an attempt to hug her. But Zoey dodged towards Holden slightly. This startled Juliet, but she didn’t suspect her intention.

“Mom and Dad, I’m sorry to have worried you.” Zoey apologized to Juliet and Noah sincerely.

When she saw Hobson, the obedient expression on Zoey’s face immediately disappeared, but she restrained her emotion in front of her parents.

“Zoey, are you okay?” Hobson didn’t dare to move forward, but the care in his eyes was sincere.

“I’m fine. Thank you for your concern.” In front of her parents, Zoey was polite.

Noah also wanted to comfort Zoey, but he slightly moved his lips and did not ask anything. In the children's eyes, he was cold and solemn that no one could approach. From childhood to adulthood, they were not close to him, and they did not have much communication with him after growing up.

"You can talk in your room. I'll ask the maid to send some desserts and drinks to your room." Juliet smiled at Zoey and Hobson and pushed them away.

Holden also wanted to Sarahve, but was stopped by Juliet.

"Holden, you and Zoey have to stay here. We have something to discuss." Holden had to stop.

"Julia, come with me." Zoey dragged Julia who was sitting on the sofa.

Julia shrank her head. She could feel the resentment in Hobson's eyes when he looked at her. She always disturb them. How could he not blame it But she couldn't Sarahve Zoey alone. Alas, it was also hard for her to do that

When they went back to room, Zoey and Julia sitting on the bed while Hobson on the sofa.

"Go ahead, what else do you want to say?" Zoey's tone became harsh immediately. She stared at Hobson fiercely.

"Zoey, you said you wanted a beautiful crown, to be a noble princess, waiting for the prince to pick you up, didn't you?" Hobson had been accustomed to Zoey's indifference. He opened the gift box with a smile, knowing that he would be rejected if he gave it directly to her.

As Hobson opened the gift, a glittering golden crown emerged. It was simple in shape but looked very luxurious. Especially, the emerald inserted in the middle of it was glittering in the incandescent light, cSarahr and eye-catching.

Seeing this, Julia was stunned. Was this gem real? Hobson was the senior schoolmate of Zoey. How could he have so much money to buy this?

Zoey just glanced at the crown and refused indifferently, “no, you can take it back.”

“Zoey, don’t refuse me immediately. Keep this gift for yourself. Take it as a gift from a friend.” Hobson put the crown on the table and said, “this is Rosa crown * brought back by my father on the abroad auction. I hope you can accept it.”

“Humph!” Insisted Zoey.

Seeing that the atmosphere was about to freeze, Julia quickly turned around , are you okay?”

“I am fine.” Zoey forced a smile.

Zoey saw the traces on Zoey’s neck and frowned. She comforted her softly, “that bad guy has been sent to prison. You are fine now.”

“Yes.” Zoey nodded and forced a smile. “I’m a little tired, Zoey.”

“Okay, have a rest first.” Zoey was so gentle that no one could find a flaw in her tone. At last, she stood up and left.

When the bedroom door was closed again, Julia turned around and smiled at Zoey, “you have a grudge against your sister-in-law! But why do I feel that your hostility against her is not as obvious as it was against me at that time? “

“Zoey is gentle and kind. She’s a doctor too and always takes care of dad and mom. She’s a good person. She is not like you? ” Zoey cast a scornful glance at Julia and said, “you are capable, but you don’t even know how to cook. What’s more, you are always against me. Why should I be kind to you?”

“.....” Your second brother should be taken away by Zoey! Julia sighed. “No wonder your second elder brother agreed to be together with Zoey. She is a good girl. Better than willful and arrogant you.”

“Julia, do you want to be beaten?” Zoey glared at Julia and said, “you are just a beautiful and useless vase!”

“Hey, if my brain is a piece of trash, you definitely have no brain.” Not to be outdone, Julia countered.

Zoey was so angry that she grabbed the doll on the bed and wanted to hit Julia. But Julia didn't have the slightest intention to resist. She just smiled at Zoey and said, “watch out your god-boy...”

Zoey stopped abruptly. She had promised that she would be the godmother of the baby in Julia's belly. She thought for a while, and decided to put up with it. After this baby was born, it would be known what “Revenge of a gentleman is a dish best served cold”!

Seeing that Zoey was really frustrated, Julia tittered in her heart. As long as she took advantage of Zoey's weakness, Zoey would be obedient.
