

# Blossoming Her Shielded Heart Chapter 191 – 200

## Chapter 191

Julia was sleepy while chatting with Zoey. She was lazy to get up and went to sleep on Zoey's bed. Zoey was afraid that she would press Julia when she was asleep, so she even made herself more considerate by sleeping on the sofa.

Apart from Julia and Shawn, Zoey was definitely the third person who hoped that the baby would come to this world safely.

the second day.

Julia slowly opened her eyes and was surprised to find that Holden was standing beside her bed and looking at her curiously. Julia's heart skipped a beat. He Was he going to blame her for robbing Zoey's bed?

"Holden, I'll get up and Sarahve you alone..." Julia wanted to get up, but her wrist was pressed by Holden.

As alarm went off in Julia's heart, Holden was still smiling, which made her unable to guess what on earth did he want to do.

"Sister-in-law, be careful. Don't hurt the baby." Holden smiled elegantly.

'damn you! Don't play innocent in front of me! I already know what kind of person you are...'

"I'm fine." Julia also raised her face and giggled at Holden. She was scared. Although they were not strangers, Holden seldom talked to her. She didn't want to bother Holden.

Then Holden let go of her hand and said with a friendly smile, "get up and have breakfast. I'll drive you to the company."

Then he turned around and left.

Holden's strange behavior confused Julia. What did he want to do?

Holden stopped at the door. Julia suddenly heard a word from his mouth, "thank you."

Julia was stunned. Had he waited and struggled for such a long time? Did he just want to say this word to her? Was he thanking her for hiding the truth from his parents?

Haha, Holden is so cute. At that moment, Julia felt her value was soaring, though it was not something to be proud of to hide it from the elders.

However, Julia believed that if Holden dared to do that, he must have his own solution. The brothers of the Li family are not the kind of people who hook up with women everywhere, but in this case, sometimes, Julia feels that they all have something on them.

If it was hatred for Shawn, then what was the burden on Holden?

Julia was a little confused, but she didn't think much about it. Everyone has their own secrets, so there was no need for her to reveal others' secrets. But there was one thing that she wanted to ask Holden.

“Holden, why do you frame Shawn in that incident about Zoey?” Staring at the back of Holden who was about to Sarahve, Julia asked softly.

“Zoey told you?” Holden asked coldly without turning around.

“Does it matter who said it? Don’t treat Zoey as a fool. Why did you do that? ” Julia continued to ask.

With a gentle smile, Holden replied, “because I don’t want to be blamed.”

Then he closed the door quietly and left.

Zoey also heard this. In fact, ever since Holden spoke, Zoey woke up. She heard every word that Holden said and the last sentence, “because I am afraid of

ly thought about it, the more perplexed she became.

“Zoey, do you want to work in the Lee group? I can take you to eat a lot of delicious food and play around every day.” Hobson was in a good mood, and his voice was more lively than yesterday.

“No, thanks.” Zoey refused.

But Hobson didn’t take it to heart and continued, “Brother Nathan is awesome. He told me that I need to change my hairstyle so that I can catch up with beautiful girls.”

“Uh.” ‘is Nathan the person who will say that?

“By the way, senior, are you and brother Nathan classmates? I saw your picture in his album. You were classmates in college. It seems that there were many your photos. ” Said Hobson smilingly.

Julia's heart sank a little. Zoey couldn't help but glare at Hobson from behind, "you are so silly. Didn't you remember the rumor that Julia had an affair with brother Nathan in Ventrusburg University? Don't mention it any more. "

"Yes, my lady." Hobson said gently.

Looking at this noisy young brother and sister, Julia felt that she had experienced many vicissitudes of life She felt she was not young.

Since he could talk to Zoey, he was so happy that he deliberately took them around two more circles before he was ordered by Zoey to return to the Nelson Group. Julia felt so dizzy. Hobson was really not the same kind of person as Nathan .

Getting out of Hobson's car, Zoey kicked at the tire of the car very hard. The tire was too strong and it didn't hurt at all. Zoey's foot began to pain.

"Are you okay? You are so stupid!" Noticing the anguished look on Zoey's face, Hobson hurried out of the car and helped her up.

"It doesn't matter. Get out of here. Get out." Zoey waved at Hobson impatiently.

But it was like a couple having an argument

After getting rid of Hobson, they turned around and suddenly saw Holden standing at the entrance of the company.

Zoey held Julia's hand and walked past Holden without saying anything.

## **Chapter 192**

Zoey and Julia walked in the front, followed by Holden. Under the admiration of the crowd, Holden's eyes were focused on them.

"Zoey." When the door of the elevator closed and there were only the three people in the elevator, Holden said slowly.

Julia really had a glib mind. Why did she always feel like a fifth wheel, a huge bulb Was she born to be a "fifth wheel"?

She was also involved in the whole process of the relationship between Lola and Ryan She knew exactly when and where they take hands

Julia looked down at her feet in silence.

"Brother, why are you standing there?" Zoey asked with a wide smile.

"You can't be with Hobson from now on." Holden stepped forward and pulled Zoey into his arms. His voice was as low as dark clouds.

Zoey didn't notice the change of Holden's facial expression. She looked up and argued, "it doesn't matter who I want to be with, does it?"

Holden's eyes darkened. He turned around and looked at Julia. Julia was stunned. Then she heard Holden suppress his anger and say gently, "sister-in-law, pSarahse come here."

Though confused, Julia still stood obediently in the place designated by Holden and played with the phone with them on her back.

Then Julia heard a rustling sound coming from behind her. Well, it seemed to be a kiss. She trembled and looked up helplessly. All of a sudden, she found that a camera was aimed at her face, while Holden and Judith were hiding behind her.

Damn it Who the hell did he think she was to block the camera? Holden was such a bastard with hearts of brutes! Julia purposely grinned towards the camera, which might scare the staff in the monitoring room to death! Humph!

For a moment, the elevator went silent. Julia was curious and looked back. But she saw Zoey drooping her head without saying anything. Tears coursed down Zoey's cheeks.

It was like a soap opera Julia hesitated whether she should come forward to persuade the heroine, but she had to block the camera in front of Holden.

In fact, he didn't have to block it. Holden could delete this video

He and Zoey were standing in the blind angle. With Julia blocking the camera, they both disappeared. It occurred to Julia that the mysterious incident in elevator.. How could all those things happen like this?

"Second brother I don't care about what you did before. You should listen to parents. Be a filial son," Zoey wiped away her tears and said slowly.

"From now on, you are still my second elder brother, but you are just my second elder brother."

"Brother, I think I've grown up. I'll try to tell the truth. Don't worry about me. I'll be a good girl."

"Second brother, let's break up."

Julia was sad to hear that. Zoey had changed a lot in these days. Especially after she came back yesterday, she was like a totally different person.

Everyone was changing

Before Holden could say anything, the elevator stopped on the 95th floor. Zoey walked out of the elevator and pulled Julia away quickly.

Zoey was much more cru

't see anyone, so I came up to have a look." Zoey said softly, but in a very low voice. Julia and Zoey just pricked up their ears but didn't hear what Zoey said

"What happened between Zoey and Miss Able ?" Seeing that Holden was staring at the two girl, Zoey wondered.

"Nothing." Holden turned around, "I'll ask the driver to send you back. I have something to deal with."

Zoey's face changed slightly, but she still smiled and nodded. Seeing that Zoey left alone, Zoey immediately took Julia's and followed Zoey and said, "Zoey, let's go downstairs together."

"....." Holden's face immediately darkened. Julia suddenly thought of Shawn's darkened face and sighed in her heart that the two brothers really looked alike.

In the elevator, Zoey suddenly asked, "Zoey, did you have a fight with your second brother?"

"Of course not." Zoey just gave her a perfunctory reply. Then she turned around and asked Julia, "Julia, do you think the one standing downstairs is Hobson?"

"....." Was it obvious it was him? Zoey, you are so good at saying nonsense. Julia said, "maybe..."

Zoey didn't reply. Instead, she looked at Julia with a smile and said, "Miss Able , dad and mom really want you back home so much. After all, they are getting old and wish their family can stay with them."

Julia nodded.

Michelle thought to herself, 'you haven't married into the Nelson family yet. Don't pretend to be a member of the family...'

"By the way, where do you and eldest brother live now?" Zoey asked again.

"Sorry, I don't know which place it is. It's about half an hour from the company to there." Julia answered. It was not that she was lying, but that she really didn't know the place's name, because there were no people within a hundred miles, but it was not far from the city

"Miss Able , I am so envious of you to be with a man like eldest brother," Zoey said with a tender smile

"Thank you." Julia had wanted to say that it was also happy to have a man like Holden, but she shut up at the sight of Zoey.

## Chapter 193

They came downstairs soon. As soon as Hobson saw Zoey came out, he walked toward her with a bouquet of roses in his hand and put the roses in her arms smilingly. Then he said, "Let's go, my little princess. I'll drive you home."

Zoey accepted the roses and hesitated for a while. Finally, she still left with Hobson. Julia followed them as well.

When Julia got in the car, she was surprised to find that there was a man sitting in the back seat.

"Nathan ?" Julia looked at Nathan in surprise, "Why are you here?"

Nathan shrugged helplessly and said, "Hobson dragged me here."

"....." It turned out that she was despised. Julia knew what Hobson was thinking. Hobson must want Nathan to accompany Julia, so he could stay with Zoey.

Sure enough, Hobson asked Nathan and Julia to drink milk tea in the cafe while he and Zoey would go to the amusement park nearby.

At first, Zoey didn't want to go with Hobson anyhow. But Hobson was so clinging so, they went to the amusement park noisily.

If Holden didn't disturb Zoey's life, Zoey would live in this style, noisy but happy. If Zoey lived together with Hobson, everyone would bless them.

Judging from Juliet's expression last night, it could be seen that Juliet was very satisfied with Hobson. Although the power of the Lee group was not as big as the Nelson Group in Ventrusburg, it could be the wing of the Li group.

"Long time no see. She must be the girl who has an affair with Shawn." Nathan sipped at his coffee and asked slowly.

Zoey only ordered a cup of hot milk tea for Julia because she didn't allow Julia to drink coffee.

Julia nodded and said lightly, "That's just a gossip."

"Julia, have you believed Shawn so much now?" Nathan smiled. He thought all his feelings for Julia were hidden in his heart, but when he saw Julia again, he found that his heart was still throbbing.

Seeing her smile, Nathan couldn't help smiling.

"Yes." Julia smiled.

Nathan noticed the ring on Julia's ring finger. He looked at it with a sad look in his eyes. He forced a smile and asked, "Have you married Shawn? "

Following Nathan 's sight, Julia looked at the ring. It was put on her finger by Shawn at that night when they lived in the Spring Spa Hotel, which symbolized that she has married.

'Shawn hasn't got a ring yet. Should she buy one for him?

When they were in the town, he asked her for a gift, but she hasn't given it to him yet.' Julia thought.

Julia nodded. She couldn't help smiling. Her happiness was so brilliant.

Nathan 's eyes turned dim, but soon he smiled and thought, 'Isn't it nice that someone loves her and she loves that person.' Nathan would rather that man loved her deeply than he loved her and he would be relieved.

"Ah!" A scream came from the distance. Julia raised her head and followed the sound. Zoey was sitting on the pirate ship. Her hands tightly held the pillars in front of her

ears slowly welled up in her eyes.

"You said you wouldn't lie to me, but you have cheated me a lot. I knew it was you who framed Brother Shawn. I don't want to believe you anymore. I hate you! You bastard! " Zoey used the pillow as a weapon and slapped Holden in the chest.

When Zoey was tired of crying and hitting, Holden grasped her wrist and tried to move the pillow between them. Zoey didn't give it to Holden. She would defend him and never let this guy take it away.

Seeing this, Holden didn't bother to grab the pillow from her and let her protect it as if it was a treasure.

“Zoey, listen to me. Don’t go out with Hobson anymore. Otherwise, I will get angry.” Holden sighed helplessly.

“Why can’t I go out with him and you can go out with Zoey? Why? It didn’t make sense! Your actions validate the proverb, one man may steal a horse while another may not look over a hedge.” When Zoey heard what Holden said. She yelled at he with her reddened eyes.

“There is something you don’t have to figure it out.” Holden’s gentle eyes fixed at Zoey as she questioned him aggressively.

He had never thought about that Zoey would think about these things before. In the case he hadn’t paid attention to her yet, she grown up.

“I’m going to figure it out. You can hide everything from me, but I need to tell you everything. You know my all humiliations, but I don’t know anything about you?” Zoey continued to cry and looked at Holden and her red mouth angrily closing.

Holden’s eyes turned cold. He tore the pillow between them and Sarahned over to kiss her. He said in a low voice, “Zoey, you forced me.”

“I... I didn’t...” I didn’t force you... Zoey swallowed her words, and what he could say was only protest.

Holden easily controlled Zoey’s hands and feet. It was fine that she was lazy and she didn’t like to do sports. But as for this kind of thing, he didn’t allow her to have a little lazy.

## Chapter 194

After dinner, Julia couldn’t help sending a message to Shawn, “Where are you?”

Then Julia received a call from Shawn near ten o'clock.

"Kitten, do you miss me?" The words that were uttered from Shawn were something playful.

Julia blushed and retorted discontentedly, "No. what are you doing?"

Judging from her tone, it was obvious that there the wife asked where her husband was.

Looking at the distant view, Shawn moved his sore body. His kitten's mother was really ruthless. He slightly raised the corner of his mouth. "I'm on a business trip and won't be back until the day after tomorrow, or longer. Don't run around these days, unless Zoey is with you. "

"Why are you suddenly on a business trip?" Julia frowned.

"I just want to let you have a rest." Shawn laughed and said.

Julia's face got redder, and she furiously said, "If you dare to say that, I will hang up."

"Okay, I won't say it again." Julia's eyes were full of smiles and his voice was full of pampering.

When she heard the faint sound of a train, Julia was confused and asked, "Where did you go on the business trip? Why was there a sound of the train?"

"The hotel is around the train." Shawn looked around. In fact, this was Julia's home town. He sat in the place where they had seen the moon the other day.

He came here in order to solve a problem he needed to solve alone.

“Did you eat well and sleep well today? Are you back to the villa now? ”  
Shawn asked softly.

“Yeah. I’m back. Everything is fine. What about you? Have you eaten? ” Julia walked into the bedroom with her phone. Her beautiful voice was filled with sweetness and sunshine. It was quite pSarahsant to hear.

Shawn’s heart raced. If Julia was with him on such a night, everything would be perfect.

“Kitten, I like the place where I saw the moon with you that day. If you have time, we can go back and have a look.” Shawn looked up and saw that the sky was very dark and high, but the moon was very bright. The bright moonlight shone on his handsome face, giving him a rare softness.

“Well, let me tell you. It’s even better in summer. There are more beautiful fireflies and the whole forest is green. At that time, people in the town thought it was a ghost fire and didn’t dare to go in. I wanted to go, but my mother didn’t allow me to go in. She said there was a female ghost looking for a substitute. ” Julia’s voice was full of joy. She was as noisy as a child, but Shawn liked her very much.

Julia turned around in a good mood, with a smile on her beautiful face,  
“Shawn, could you pSarahse take me in next time? I won’t be a drag on you.”

“OK, we have to bring our baby in the future, so that they can see their mother’s jokes.” Shawn laughed.

“Hey, what do you mean by ‘watch mom’s jokes’? Our baby should be going to watch dad’s jokes...” Julia angrily retorted. How could he know that she was more timid than him?

“Okay, I will take him there to see his parents’ jokes.” Shawn compromised.  
Now Julia was the boss. No matter what she said, he would listen to her.

Julia grinned.

They chatted for a long time. It was not until Shawn heard Julia yawning thoughtfully.

“You know nothing at all!” Barbara turned around angrily.

Shawn rose slightly, “I just know that every time she wants to tell you the truth, but you never give her the chance. If you really want to blame someone, just blame me. “

Hearing that, Barbara stopped walking.

“You know our relationship with your family. Are you sure you can guarantee that she will not be wronged after she marries you?” Barbara suddenly asked.

“I’m sure.” Shawn said firmly without any hesitation.

“Can you promise that you will protect her and love her forever?” Barbara’s lips were trembling.

“I promise.”

Barbara finally turned back to look at Shawn, whose tall and straight figure standing in front of her was like a towering mountain. Although she did not want to admit it, Shawn was much more mature and courageous than his father.

In the past two days, Barbara has known it so surely that Shawn was able to take up Julia’s future. It was truly worth for Julia to lie to her.

Damn it... Barbara scolded herself in her mind that she started to wobble...

“Go away. But I want you to remember what you said here today.” Barbara looked at Shawn coldly, but an approving look appeared in her cold eyes.

Shawn slightly nodded, then he gazed at Barbara with a smile, “Yes, mother-in-law. “

“Who allowed you to call me mother-in-law?” Barbara gave Shawn an angry look and said. “I just want to give you a chance. Don’t think too highly of me. “

Then, Barbara immediately went out of Able ‘s Flower Shop and continued to hang out with others. She didn’t want to send Shawn due to the etiquette. He could go by himself.

Shawn selected a bunch of brightest roses in Able ‘s Flower Shop, which looked fresh and beautiful, just like someone’s lips.

The driver had already been waiting for him at the door. Sitting in the car, Shawn was soon surrounded by a group of people who sighed regretfully.

They thought that Barbara chased the man away because of his inconvenient arm...

“Well! I remember. That man... He seemed to be the president of the Nelson Group... Shawn... “

All of a sudden, the crowd was in uproar

## **Chapter 195**

In the past two days, Julia followed Shawn’s instructions. As Zoey was trying to avoid Hobson, they both went to work regularly. After work, they went home and sometimes went for a walk.

Since she was caught by Holden on a trip, Zoey had almost never been out, but she had never reconciled with Holden. Their relationship was not close at all, so it was very subtle.

Just like now, Julia looked at Zoey, who was eating in a low voice, and then at Holden, who was sitting in front of Zoey and feeding her

Julia, who was temporary alone, simply put down her chopsticks and looked at them.

Maria came over at the right time and cautiously looked at Holden. She then whispered, “young madam, little princess, the boy who came yesterday came again.”

The boy Maria said was none other than Hobson. They didn’t know how Hobson knew this place, and he had stayed at the gate for whole day yesterday.

Hearing that, Julia gestured to Maria to Sarahve. Zoey lowered her head. The atmosphere on the table turned as cold as ice. Holden put down his chopsticks and stood up. After looking at each other, Julia and Zoey immediately ran to the second floor and choose a window which could see the scene with glasses.

At the sight of Holden, Hobson, standing at the door, greeted him with a smile, “morning, brother.”

“Hello, I am so sorry. Zoey will not live here anymore.” Holden said politely.

“Is that so?” With a dejected look on his face, Hobson lowered his head in disappointment. After a while, he said, “in this case, I’ll go back first. Second brother, thank you for your reminding.”

Slightly quivering his eyelashes, Holden clenched his fists, lowered his eyes and forced a faint smile. "I don't remember when Master. Lee became my young brother."

"I'm used to calling you that because Zoey called you that. Hahaha..." Hobson smiled embarrassedly.

"It's okay, but you'd better call me Mr. Nelson in the future. I can't afford you called me second elder brother." Holden slightly narrowed his eyes, and threatened him.

"Yes!" Hobson was respectful to Holden, because he knew that Holden was Zoey's favorite brother.

Holden nodded. When he saw that Hobson drove away, he looked up and accurately found the position where they were. He frowned as if warning something. Zoey's heart sank. Not to be outdone, she glared at Holden.

Seeing that Holden also left, Zoey was so tired that she fell directly on the floor. She asked angrily, "Julia, is there any way to get my second brother driven away?"

"Unless your eldest brother does that personally." Julia sat on the bed and looked at her.

"That's not a good idea. They will definitely fight." There was a difference between man and woman. Woman could speak in a conflict while man use his fists in a conflict.

Julia thought for a while and nodded. She turned around and saw a sign hanging at the door of Zoey's room, which said "Holden can't go in, so do beasts". And each time she saw it, Julia could not help sweating.

In fact, apart from their identities as brother and sister, Holden and Zoey wer

to other places? Where do you want to go? Let me take you there, okay? ” Hobson threw the fish aside and said to Zoey with a laugh.

Julia turned her head to look at Hobson.

Although Hobson wasn't as outstanding as Shawn and Holden, he was a very outgoing child with frankness and innocence which the big shots in the world didn't have.

“I won't go with you. You can't go fishing as well as I do. Don't you feel shameless to mention it to me? ” Zoey glimpsed at him and replied impolitely.

“Well, that's all right. I won't go.” Hobson quickly changed the topic. Men were all keen on face saving.

After a while, Hobson asked Zoey, “do you want to Sarahn to perform magic?”

“Zoey is a member of the magic association. She might know how to do, right? Let me see her performance,” Since Julia hadn't seen Zoey perform magic, she teased her curiously.

Zoey looked at her and said impatiently, “I said that I couldn't perform magic. I was just an assistant in the magic association, and I quit before I could perform it.”

Because she lost her face in front of the whole school, she wouldn't have had the guts to show up in front of the members of the magic association.

Thinking of this, Hobson scratched his head sheepishly, “I really didn't expect it to happen at that time.”

Was it an accident if you would foresee it? Julia touched her forehead.

“But, Zoey, don’t worry. Even if everyone is making fun of you, I will not make fun of you.” Said Hobson.

After a long pause, Zoey raised her head and asked, “what if the rumor is true? You don’t care that I have a relationship with my brother, and that I was raped by Carlos?”

Julia was stunned. She didn’t expect her to ask Hobson such a question.

“I care about that. The girl I love is contaminated. How could I not care?” Staring at Zoey, Hobson continued, “but I’m more afraid that if I don’t do anything, more people will come to bully you. Everyone thinks that you are very arrogant and difficult to approach. In fact, Zoey, you are just a paper tiger.”

## Chapter 196

“As long as you are willing to accept me, I promise that I will never let you suffer a little grievance in the future. Even if I give up everything I have, I will protect you well.”

Hearing this, Zoey stood rooted to the spot for a long time.

Holden hadn’t told her these words. If Zoey had done anything wrong, Holden wouldn’t forgive her. He was too mean to allow any flaws.

Julia gave an approving look at Hobson. If Zoey really fell in love with him, she would support their relationship.

She turned around and was about to Sarahve, Sarahving them alone.

As soon as she turned around, she saw a man standing on the other side of the lake. He wore a white T-shirt, a black coat and a black denim Johnnet. His dark eyes were as deep as an abyss, and the figure was so perfect that it

seemed like a man-made sculpture. The wheat color and healthy skin was more eye-catching in the sun. The fine hair was flying with the wind, and it was messy, but it was a lethal charm.

Julia stood there in a daze, but Zoey next to her yelled excitedly at that man, “Shawn!”

Shawn nodded and walked towards them elegantly. Looking at the man who was the most influential man in the business circle, Hobson couldn't help but have a touch of fear in his heart. His father had spoken highly of the power and strength of Shawn for more than once.

Soon, Shawn came to their front. Hobson hurriedly bowed to them and said, “Mr. Li, nice to meet you. I I'm Zoey's classmate. “

Although Hobson had met Shawn at the Nelson family mansion, everyone was worried about Zoey at that time, so he didn't have time to look at the man at the top.

Shawn nodded. He glanced at Zoey and finally fixed his eyes on Julia.

It was only after two days of separation that Julia realized how urgent she was to see him, and how nervous she was when she saw him again Shy

“Kitten, long time no see.” Stopping in front of Julia, Shawn caressed her cheek.

Julia's lips moved slightly, but she said nothing. Shawn smiled and took the timid kitten into his arms.

Hobson was stunned. He only knew that Zoey and Julia were good friends. He had never known that Julia had approached the Nelson family. This What was all that about?

With Hobson standing next to her, Julia blushed and pushed Shawn away. She felt ill at ease in front of a kid.

“Julia?” Hobson stared at her in disbelief.

“Get out! Don’t disturb my brother and sister-in-law!” Zoey dragged him away.

Sister-in-law! He couldn’t believe what he had heard.

“Zoey, why did you get on well with your sister-in-law? You and your brother...” If Zoey had a sister-in-law, she would hate Zoey to death? Why were they best friends?

“Don’t slander my brother. Someone just did it on purpose.” That man It was her second elder brother.

“I see! Haha...” Obviously, Hobson had misinterpreted Zoey’s words. It was normal

But when she saw how beautiful he was now, her heart couldn’t help beating faster. She quickly lowered her head, with her two little hands nervously intertwined.

It’s really As a man, was he shameful to be so beautiful? He seemed to be trying to steal the thunder of the women in the country.

With a smile, Shawn sat beside her and held her in his arms. Julia looked up at him, and he looked more handsome after the journey.

“Shawn, where did you go on a business trip? Why did you buy flowers in Able’s Flower Shop? Did you see my mother?” Even though she was shy, she was firm on this question.

“Yes.” For her continuous questions, Shawn only replied a simple word.

“.....” With her brows furrowed, Julia was ashamed and discontentedly looked at him, “tell me the truth!”

Her voice was sweet and pSarahsing.

“What do you want to hear? That I met your mother? ” The next second, Shawn reached out and pinched her cheek, and his tone was extremely gentle.

Julia was a little stunned. In fact, she didn't know what she wanted to hear. Judging from the expression on Shawn face, she didn't think Barbara had recognized Shawn. If that was the case, then her phone must have been bombarded up by Barbara. She knew her mother very well, and she believed that her mother would not be that quiet.

“Are you hungry? Would you like to go out for a meal? ” Julia changed the topic. She was not brave enough to face the conflicts between Barbara and Nelson family. She was a timid girl who dared to delay as long as possible.

“Yes.” Nodding his head, the man did not explain anything. Instead, he gently lifted her up and put her on the ground, holding her small hand with his backhand.

Looking at their fingers entwined together, Julia was in a daze. ‘this kind of Days If only they could be together forever She didn't expect a lifetime of happiness, but she hoped that they could spend longer time together

## **Chapter 197**

After dinner, Shawn took her to the backyard for a walk. They sat by the lake. A breeze was blowing softly, and the air seemed to be sweet. Julia Sarahned her head against his chest, and she never knew that just a simple view could make people so happy.

In the distance, Hobson and Zoey were hiding among the plants, with their four eyes staring at Julia and Shawn.

“Brother and sister-in-law are really in love,” Hobson exclaimed.

Zoey rolled her eyes at him. “Of course.”

With a goofy smile, Hobson looked at Zoey and said, “Zoey Have you ever thought about that in fact I can give you the same kind of life, comfortable and happy. “

His voice was light, but very serious, without a trace of cheeky grin.

Zoey couldn't believe her ears. Happy and comfortable life... Could she still have such life? She had lost her body and soul, so she had no right to accept the purest love of this young man.

“I don't need this kind of life, Hobson. You don't have to be so kind to me. I can't take it.” Zoey spoke indifferently. She might be more mature now, so she felt guilty to Hobson.

What Hobson had done to her before was just an accident, but she hated him for so long. Every time it was he who was tolerating her, but she kept all his thoughts away and trampled on his heart.

“Zoey, it doesn't matter. It doesn't matter if you can't accept me now. I will wait until the day you fully accept me. I did everything for your good. You don't have to feel guilty. ” A wry smile appeared on Hobson's face. The unspoken words to Zoey were stuck in his throat.

For a moment, Zoey didn't know what to say.

“Zoey.” Suddenly, a voice arose behind them. Without turning back, Zoey knew who it was. Her body trembled involuntarily. When Hobson turned around and saw Holden, he was also frightened.

Holden seemed to be hostile to him, and perhaps that was because he was not outstanding enough. That was why Holden strongly opposed him to be with Zoey.

“Second brother.. Mr. Li. ” Upon saying that, Hobson changed. Holden didn’t want him to call him second brother.

“Hobson, you can call him second brother, just like me.” Zoey said on purpose with a smile.

Holden’s face darkened. He held Zoey’s wrist. He smiled at Hobson, “Mom asked us to go home. Zoey and I are Sarahving now. Bye!”

Hobson nodded, gazing blankly at Holden who was dragging Zoey away. He felt a little strange in his heart. Has Zoey quarreled with Holden recently? When Zoey saw Holden before, she always behaved like a little girl and hug him

But Hobson didn’t think too much. He shook his head and left the villa as well.

The next day, when Julia woke up in bed, she saw that Shawn was Sarahning against the window and answering a phone call. Although he had arranged many things well before he went to small city, there were still many unexpected things.

Julia obediently sat on the edge of the bed, looking at his back. Her heart ached when she saw his other arm that could not be used temporarily.

She hoped he could recover soon and she wanted him to stand in front of her safe and sound

“W

‘s mouth twitched. This woman is really a foodie? ‘

After eating Shawn's noodles, Julia was finally full. She touched her full belly and Sarahned back on the chair leisurely. She felt so comfortable

"Are you still hungry?" With one hand under his chin, the light shined in Shawn's eyes, so dazzling. Her eyes were so bright that people were unable to look away. At Sarahst, she fixed her eyes on him.

By the time she came to her senses, it was already a few seconds later. She hurriedly shook her head and stammered with nervousness, "no I'm not hungry now..."

Shawn smiled, stood up, and gave her a light kiss on the cheek. "Stay at home, I have to go to the company first."

Was he Sarahving again?

"Are you going on a business trip again?" Julia looked up and asked him with her eyes full of unwillingness. She wasn't a person who could conceal her emotions. She couldn't hide anything from him.

He noticed her hesitation and said softly, "I will come back tonight."

Julia nodded. He was very busy, but he could always take care of her feelings.

"Take care." Julia stood up and followed him to the door. She held his hand and gently exhorted him.

They were just an ordinary couple at the moment. She was just the wife who sent her husband to work. But she was satisfied with such an ordinary scene.

The luxury car gradually disappeared in front of her. After standing at the door for a while, Julia turned around and went back to the villa.

The roses in the bedroom were still very beautiful. Julia picked up a vase and raised the bunch of roses. She loved roses very much. The specialty of the

city was roses, which didn't have fragrance at all, but the roses in the city had a faint fragrance, which made the roses in the city different from the outside roses.

Julia sat on the bed blankly, staring at the roses. After a long time, she came to the study and continued to study the medical book. She couldn't make him unable to use his right hand all his life. Even if it was really as useless as Zoey said, she wanted to try all means.

## Chapter 198

In the middle of the night, when Julia was half asleep and half awake, she received a call from Zoey.

"Julia, my second brother is going to get married tomorrow." Zoey said, "I asked him to take me away, but he refused."

"Yes..." Julia answered in a daze. Then she turned over, she felt cold so she answered the phone in Shawn's arm.

"I have nothing to say. You can go back to sleep." Zoey added. Her voice was devoid of any emotions.

After saying that, the girl directly hung up the phone. Julia became a little sober. She looked at the phone and sighed. It turned out that days were so close.

Since the discussion in the Nelson family mansion that day, the two families had been preparing for the wedding, but Julia and Zoey were not involved, so they felt that it would be very soon.

Julia looked up at the man who was holding her in his arms. He was still sound asleep. She sighed slightly. She thought that Holden loved Zoey

enough and would do everything for Zoey, but in the end, Holden still said nothing.

Their relationship started and ended somehow.

If Zoey was despaired this time, Holden could do nothing to recover it even if he would regret it in the future.

The next day, it was a little dark. A wedding was not suitable for such weather, but the wedding could be held as scheduled.

After wearing her dress at home, Julia was about to call Zoey to comfort her. However, she couldn't get through to her. After several calls, her phone was still powered off.

Julia couldn't help worrying about her. She turned to Shawn and asked, "I can't get through to Zoey. Is she alright?"

"Don't worry. She will be fine." Shawn touched her head and took her out. "Let's pick her up now."

To pick her up? Julia blinked her eyes, wondering where to pick up Zoey?

When she was confused, Shawn stopped the car in front of a villa, which was also magnificent and impressive. Julia could not help but sigh with admiration, but the villa was tightly locked, and it could not be entered.

Shawn said to Julia to stay in the car obediently. Shawn took a new driver with him who seemed to be named Adam.

They walked to the gate of the villa and Michael picked up the barbed wire to open the heavy gate. Julia was stunned. The new driver was a good locksmith.

Julia felt pity for Adam. A capable man like him was a talent in the police station

It seemed that Julia had seen black shadows flash by when Shawn and Adam went into the villa. Was there an ambush? Julia's heart sank. Since the day when she and Zoey were saved by Holden's men, she knew that he had a lot of followers.

But those people did not make any movement. Shawn smoothly walked into the villa, and Adam returned to the car after opening the door.

"Adam, what did you do in the past?" Julia admired his unlocking ability.

"Gangsters." Though Adam was not as good tempered as other drivers and was very cold, he was still respectful to Julia.

Julia was stunned. She couldn't believe that Shawn had hired Mafia guys to be

"Aunt, you can Sarahve now. I will stay here to accompany Zoey," It was the voice of Hobson.

After some time, there were only a few people in the church. Shawn didn't like boisterous events at all, but as Holden's brother, he had to go to negotiate with the guests.

Julia stayed to be with Zoey, and so was Hobson.

"Are you not feeling well, Zoey? Come on. You doesn't need to attend the wedding if you doesn't feel well. " Seeing that Zoey was in a daze, Hobson could not help scolding her softly.

Julia sat beside Zoey, held her hand and said nothing.

“Ah...” Suddenly, Zoey started to cry, with big teardrops falling down. This frightened Hobson very much. He didn’t know how to comfort her at all. He had no idea why Zoey cried.

“Sister-in-law, what’s wrong with her?” Being helpless, Hobson asked Julia who was sitting next to Zoey.

Julia hesitated and said: “maybe she is crying because of the pain of her wound. Hobson, you can go back first. I think she want to be alone for a while.”

“I’ll stand by and watch her. I won’t disturb her.” Hobson didn’t Sarahve, but he didn’t say anything else.

She didn’t know how long she had been crying. She only knew that it was already dusk when Julia helped Zoey out.

The driver was waiting for them at the door, and Julia helped Zoey get in the car. Seeing that it was not good to follow them, Hobson could only say a few words to Zoey and drive home himself.

On the way, Zoey was quite silent. She turned to look out of the window in a daze. She didn’t speak or cry again.

“Julia, it’s also a good thing. Zoey is a good girl. If that’s true, second brother will be happy.” Suddenly, a smile crept onto Zoey’s face. She continued, “I wish baby could be born as soon as possible. In this way, I will have a baby with you. You can enjoy your time with eldest brother. I will take care of the baby.”

This girl What are you talking about

Julia sighed and thought that Holden had gone too far that he didn’t even send a consolation to Zoey

# Chapter 199

Julia and Zoey went back to the Nelson family mansion. As the most important family on the first day of Holden's wedding, they couldn't be absent.

"Zoey, what's wrong with you? Why are your eyes so red? Did Julia bully you?" Juliet shouted when she saw Zoey's eyes.

Hearing that, Holden who was not far from them was toasting to Zoey's parents. He could not help but cast a glance at Zoey. He raised his eyebrows slightly and his eyes were full of pity.

Zoey glanced at Juliet indifferently. "Don't always blame this on Julia. She has nothing to do with it."

"Hey, you..." Before Juliet could say anything else, Zoey had pulled Julia away.

The family feast ended very late. On the dinner table, Julia and Zoey basically didn't talk much, Holden and Zoey was the main character of today's party, and also the main character of tonight's party.

They started to talk about their business, but Julia kept complaining about how dedicated they were since they were still talking about work on their wedding day

Zoey felt so bored that she went back to the bedroom with Julia. She had wanted to accompany her in case that she would be sad, but Zoey refused her companionship.

"Julia, thank you very much for what you have done today." Zoey smiled at Julia, "I want to be alone for making some things cSarahr."

Julia nodded and patted her on the shoulder: "Zoey, you have done a good job tonight. You are a brave woman. I believe that you can give up this relationship."

"Of course." Zoey smiled proudly and pushed Julia out of the door.

Julia shook her head helplessly and walked back to Shawn's bedroom.

The guests didn't Sarahve until late night, and Holden and Zoey returned to their bridal chamber. Looking at the handsome man who was as outstanding and gentle as jade, Zoey suddenly felt nervous.

Holden said politely, "Zoey, you sleep first. I'll go out for a while."

Before Zoey could respond, Holden had disappeared from the door.

The corridor was quiet. No one was there. Standing at the door of Zoey's bedroom, Holden knocked, but no one answered. The door was completely locked from inside.

"Zoey, open the door." Holden frowned and called her in a low voice.

Hearing that, Zoey immediately pressed her desk and chair against the door to prevent Holden from coming in too violently. She began to hate him and didn't want to see him again.

However, she couldn't help but climb up to the table and put her ear up to the door to listen outside.

It seemed that her second elder brother stood at the door for a long time before he heard his footsteps which were getting farther and farther. Zoey felt relieved but somehow lost.

"Never mind. Zoey, he can only be your brother from now on!" Zoey cheered for herself.

She went back to bed, but she did not sleep all night.

In Shawn's bedroom.

With her head against Shawn's chest, Julia couldn't figure out the room at last.

"Carrie?" When he saw Carrie, Hobson was a little surprised, so was Zoey.

Carrie stood in front of Zoey, looked at Zoey and said, "aunt, don't forget what you have said."

Zoey was certainly not so powerful as Carrie in terms of momentum. But when she heard his provocative words, her face suddenly turned cold. She looked at Carrie with the same attitude. "What I said is none of your business!"

The atmosphere suddenly became tense between them. Standing between them, Hobson smiled at Carrie and asked, "Why are you here?"

"It's my uninvited invitation. Even though your second brother got married, you are not willing to invite me. Aunt, is this how your princess looks like?" Every word of Carrie was full of thorns, and this girl behaved obediently.

"I don't want to talk to you at all." Zoey looked at Carrie fiercely. Although she looked weak, she never showed any weakness.

Julia continued to play on the swing. She would like to be an onlooker. It was a grand love triangle!

"Zoey, Carrie, don't get angry with each other, okay? I'm really sorry, Carrie. I like Zoey." Hobson's eyebrows were knitted into a frown as he stared at Carrie.

The female supporting role, Carrie, was gazing angrily at Zoey, clenching her fists. She was so angry that she nearly go mad.

Not to be outdone, Zoey also glared at Carrie. It seemed that the two women were going to fight for a man, but as the Sarahding man, Hobson looked at them and didn't know what to say and what to do.

"Zoey, come here to have something to eat." A cSarahr and cSarahr voice came from far to near. Julia turned her eyes and saw the gorgeous second man appear. He gently smiled and took Zoey away. Zoey struggled hard, but Holden held her tightly and she couldn't shake off.

It was a sad idol play The heroine was taken away by the second male character. Staring at Zoey and Holden, Julia couldn't help but sigh.

## Chapter 200

"Let me go!" Zoey yelled at him in a low voice. Holden told her that he would take her to have some desserts, but he took her to a corner.

"What the hell do you want?" Zoey looked at him coldly. "Don't forget you are married!"

Holden got closer to Zoey while Zoey retreated to the wall. This was the corner of Nelson family. Behind them was thick trees, so no one found this place.

"Zoey, why don't you trust me? Why can't you just be obedient to me?" Holden locked her in his arms. His gentle eyes had darkened. They were gloomy and dreadful, like the demon from the hell.

"Why should I believe in you? Why should I believe in you. Since you have married Zoey, you should never contact me again for the rest of your life! I'm your younger sister! Holden, you can't be such a monster!" Zoey was also

scared. But the pain and anger in her chest made her ignore the anger of Holden.

younger sister? Holden found the word funny. In the past, when he heard Zoey call him brother, he would be very happy. But now, he only felt it ironic.

Holden knew that they had no blood relationship, but Zoey didn't know it. It was not the time.

Hearing Zoey called his name, Holden was stunned. He said coldly, "beast? I will let you see what a beast is! "

After saying that, he lowered his head hard and kissed Zoey on her lips, stopping her from saying irritating words.

"What You What are you going to do HMM..." Zoey struggled with all her might, but she was no match for the rude and overbearing behavior of Holden.

"Baby, let me show you how brutal your second elder brother is." Holden's face was ferocious, and a weird smile bloomed from the corner of his lips. He looked at her eyes with cold eyes.

Zoey couldn't breathe.

"Zoey, reply me if you hear. Auntie ask you to go home." The voice of Hobson came from a distance.

As Hobson got closer, Zoey was scared and nervous. She bit her lips tightly and dared not make a sound. She couldn't believe what Hobson's expression would be like when he saw them like this.

Her second elder brother just got married yesterday. How could he do something like that

Fortunately, this place was hidden enough, so Hobson just turned around once. Since he couldn't find Zoey, he turned back again.

Hearing the sound of Hobson's footsteps disappearing, Zoey was too tired to move. Like a lifeless puppet, she Sarahned softly on Holden's chest.

She didn't understand why her second elder brother would become such a horrible man, who had been so nice, gentle and kind before

"Holden, I won't forgive you, never!" Michelle spat out those harsh words again. She would never forgive him. Never!

His words undoubtedly ignited the anger in Holden's chest. Did she not believe what he said now? Fury engulfed him. At last, Zoey fell into his arm

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

"As long as I'm alive, I'm still his legal wife, while all of you are just his mistresses."

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she Sarahned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

in his arms. He comforted her softly, "I'm your second elder brother. Don't be afraid."

"You are not! You are not! " Zoey continued to fight back.

There was no sign of anger in Holden's eyes. He gently reached out his hand to wipe tears for Zoey, and coaxed, "good girl, don't cry. You look ugly when you cry."

Time flew like an arrow and it seemed back to their childhood.

At that time, Zoey was good at crying. As long as anything unhappy happened, she would cry. She did not dare to cry in front of her parents. But she always cried in front of Holden. Every time, he was good tempered to coax her and always followed her.

He would help her get whatever she wanted. Before he said he loved her, her second brother was like the great god in her heart. Holden had also taken part in her love with eldest brother, and he knew every detail of her getting along with Shawn, and her thoughts.

Zoey could remember that Holden had been with her since the day they were born. And then he went abroad for further study. They always called each other as if they were always together.

However the intimate relation has gone

"Fuck off! I don't want to see you for the rest of my life!" Zoey bit her quivering lips and looked at him coldly.

"Don't bite, or your lips would be ugly." Holden didn't seem to hear her roar and said softly. He slightly lowered his head and gently held her in his arms.

He ignored Zoey's resistance. His hug was warm but with a faint uneasiness. How should he tell her that he was afraid of losing her and afraid that Zoey would hate him.

However How could Zoey not hate him? After all the evil things he had done, a helpless smile appeared on Holden's face.

Zoey struggled in his arms, but gradually fell asleep. If it was a dream, she would rather never wake up. In the dream, he was her best and gentle second brother.
