

Blossoming Her Shielded Heart Chapter 71 - 75

Chapter 71

The next day, Julia slept in comfortably. After she woke up, she didn't know where Shawn had gone. This was good for her to be free.

Julia brushed her teeth, washed her face and ate breakfast slowly. Since Shawn was not here, Maria who had never talked to Julia finally dared to speak to her.

"Miss Julia, Mr. Shawn asked me to tell you that he might not go home today and you couldn't run around." Maria said gingerly.

Although Maria didn't live in the villa, she knew Shawn was usually kind to Julia.

With her legs crossed, Julia responded while eating an apple. If Mona hadn't asked her out today, she would stay at home all day long.

After conveying Shawn's order, Maria still stood in front of Julia, hesitated and didn't speak.

"Anything else, Maria?" Seeing Maria's hesitation, Julia asked casually.

"Well I want to ask for a Sarahve today. Something happened to my child today and I might not come tonight." Added Maria.

"Okay, I see. Don't worry. I will explain it to Shawn if he asks." Said Julia with a big smile.

"Thank you, Miss Julia." Maria was so excited to thank Julia.

Julia laughed and continued to eat the apple and watch TV.

Only herself was left in the villa after Maria had left. Julia wished that they would never come back. How leisurely and carefree life was.

The villa was not big, but Julia hadn't visited it carefully. She first went around it.

The villa seemed to had been bought for a while, but it had probably been renovated several times and didn't look old at all

‘Was he Shawn in his childhood?’

When she walked into a room for messy stuff, Julia suddenly found a photo stuck in the gap of the table. There seemed to be three people in the photo, but one of them had been smeared, Sarahving only an adult and a child.

The child in the middle caught Julia’s attention. He was much more lovely than other children. He held a man’s hand and a woman’s hand, with a brilliant smile on his face. His eyes flashed which were brighter than stars.

And that child was a little like Shawn.

The woman standing beside the child was very beautiful. Her long hair, gentle smile and elegant posture made people feel fine.

If Julia guessed right, the man who was smeared must be Noah.

Julia was ashamed, because she had done such a thing.

What a coincidence!

It turned out that Shawn hated Noah as well. No wonder Shawn would rather stay outside than go home.

Even Shawn had never accepted Juliet as his mother. In fact, Shawn was not much better than Julia. Julia had her mother accompany her. Although Shawn had many families, they were of little importance to Shawn besides his grandmother.

Why did Shawn put this photo placed here? Was Shawn didn’t notice it because it was placed in the gap between the table?

There were no photos of his family in this villa, and he didn’t have any photo either except this one.

Julia thought for a while and took it out. She wiped the photo cl

id not answer her directly.

Julia didn’t ask Mona any more and got on the car with Mona without thinking too much. She was worried about Lola so she couldn’t let go of any clue. Although this clue was given by Mona who was not reliable, she still chose to believe her.

The passers-by were fewer and fewer. Looking at the strange scenery outside, Julia felt a little uneasy.

‘Here... Is it the biggest entertainment place in Ventrusburg and also the place where gangsters often gather? All the darkness is gathered here?’. During the six years living in Ventrusburg, Julia occasionally heard people talk about this place called “gangland”.

“Where do you want to take me?” Julia turned around and looked at Mona.

With a smile on her lips, Mona continued, “I told you I would take you here to find Lola. Don’t you know that? She is here.”

Julia was in a daze for a while. She couldn’t see Mona cSarahrly and she felt a little uncomfortable. At this moment, the car stopped.

The door was opened slowly. Julia massaged her painful head. Several men in black suits seemed to have been waiting there. When they saw her, they immediately walked up and pulled her down.

“Good luck to you, Julia.” Mona smiled.

Julia only saw that Mona’s mouth was slightly open, but she couldn’t hear what she was talking about. Her mind was more and more confused, and the abnormality in her body was more and more obvious.

“Take her away.” The man in black suit got close to Julia, held her chin and raised her lips wantonly.

Julia didn’t know what had happened, but she sensed that someone was approaching and she, who had practiced Kung Fu, naturally resisted.

She even didn’t see cSarahrly who the man was, and directly punched and kicked him. The man in black suit didn’t expect that Julia knew Kung Fu, so he was beaten by her.

Julia got rid of the man’s control and started to run.

“Catch her.” The man in black suit instructed and the other men immediately ran towards Julia.

Chapter 72

In normal cases, Julia could run very fast. But today, she was out of her control and caught up by those men within just a few steps.

“Let go of me!” Julia cursed.

The group of men were shocked by Julia’s brutality. Julia was so beautiful and elegant that they didn’t expect that she was totally different from her appearance and personality.

“She is hot tempered.” The man in the black suit was amused and got close to Julia, stretching his hand to touch her cheek.

Julia violently shook off the man's hand, and lifted her foot to kick the man again. Then, she kicked the man to the wall, and the man fell down from the wall awkwardly.

"Well, come again if you have the ability. I'll fight you to death!" Julia rested her hands on her hips and stared fiercely at the three men in front of her.

She was in such a bad mood that she wanted to punch them!

The three men looked at each other and looked weird.

I heard that she was drugged? Why can't I see any sign of her being drugged? '

"How? Afraid? I tell you, you weren't in the world when fight. There was no way you could cheat on me!" Julia was getting more and more aggressive.

"Buddy, is she drugged with the wrong medicine?" Whispered a man, tugging at the sleeve of another man.

"I don't believe that three men can't beat a woman."

The three men's fighting will was stimulated again.

On the other side, Kat

. She felt so bad that she could not help crying out, "Shawn..."

God knew how much she wanted to see him at this moment

A car screeched to a halt. Almost at the same time, another voice said, "kitten."

Julia was startled and then she was held into a warm chest.

"Sorry, I'm late." Holding her in his arms, Shawn quickly got on the car.

"I feel so bad..." Julia sobbed.

As Shawn coaxed her, he started the engine. His face was as cold as ice in the North Pole.

Who dared to drug his woman?

"Be good, it's okay. It's okay." Without coaxing the girl, Shawn could only hold her with one hand and drive with the other.

After they returned to the villa, Shawn directly took Julia to her bedroom.

A sleepless night

It was not until the noon of the next day that Julia slowly woke up. Thinking of what happened last night, she was so shy that she buried her head into the quilt. Shawn looked at her with a smile.

Chapter 73

Julia was gloomy and she draw circles. What should she do?

Julia was confused and had no idea what she was doing. 'Oh my God! What's going on?'

All of a sudden, Julia found that the wound in her hand was bandaged. She was a little stunned. It suddenly occurred to her that after the drug effects faded away last night, Shawn helped her dress the wound slowly. Though her consciousness was not cSarahr at that time, she could still feel his carefulness and tenderness.

Thinking of this, she couldn't help chuckling.

While Julia was still struggling, Shawn carried her lightly and said with a smile, "My kitty, let's have a wash."

Julia had no idea that Shawn was going to do that. She wrapped her arms around his neck instinctively.

Julia's face flushed again when she realized that it was inappropriate for her to do that. She hastily turned her head to the other side and moved her hands. But she didn't know where she should put her hands, so she had to wrap her arms at his neck.

The smile on Shawn's face grew wider. He asked with a gentle smile, "Are you shy again?"

Then, Julia kept a straight face and looked fiercely at Shawn, "where did you see that I was shy? I, I..."

Julia gazed at Shawn and became incoherent. Her mind was in a mess.

"Then you have regretted it." Said Shawn with a sneer.

Hearing this, Julia lowered her head and said in a low voice, "I... I didn't regret at all..."

'If that person was not Shawn, she would regret more. Fortunately, he was Shawn... Did she have to burn incense to thank him? No, she was the one to suffer!

Julia was caught in a dilemma again.

"Shawn, pSarahse tell me. Are you a virgin?" Julia suddenly raised her head and asked Shawn a question.

In fact, sh

s black eyes were like bottomless black holes. Only by a glance, Julia was sucked in and could not extricate herself. Even though she knew that there was a cliff ahead, Julia could not stop walking. She opened her eyes and watched herself slowly jumping down the cliff.

“I don’t want you. You have slept with others.” Julia looked away in a panic, lowered her head and whispered.

“I only slept with you.” There was a soft smile and a natural tinge of fondness in Shawn’s tone.

Julia raised her head and looked at Shawn in disbelief. She wanted to know if he was lying, but Shawn has already covered her with the quilt and rolled her into a ball.

Julia was angry but happy. ‘Was Shawn shy?’

They laughed and frolicked for a while. At last, Shawn helped Julia dress up. What’s more, he picked up a comb on the table and straightened her messy long hair. Julia lowered her head, and Shawn combed her hair gently and clumsily

After a long time, she heard the voice of Shawn over her head. “Ok.”

Julia received the mirror from Shawn and looked at herself in the mirror. She was stunned with her bright eyes. ‘Her body was red. What was wrong with her?’

Chapter 74

“Shawn.” Julia was too angry to notice her hairstyle. She shouted at Shawn.

“What?” Shawn replied carelessly, with his hands still fiddling with her hair.

“You, you...” Can you stop being so rude! Julia roared in her heart, but the words were on the tip of her tongue, and she faltered for a while and shut up.

“I haven’t tied up hair for anyone. Just take a look.” Said Shawn in a tough tone.

Julia was a little stunned. She picked up the mirror again and saw her hair that was tied up by Shawn. There was not a particularly cool style. It was her usual ponytail that was messy.

In the mirror, Shawn frowned and put her hair down. It seemed that he wanted to have a big fight with her hair.

Julia was somehow relieved to see that Shawn was so serious.

Men were so naive sometimes.

Maria didn't show up in the villa today. Julia was so hungry that her stomach was already rumbling. She lied on the sofa, looking at Shawn who was reading newspaper on the other side. The meaning in her eyes was very cSarahr. She wanted to eat.

The man, who had been stared at for a long time, put down the newspaper slowly. Shawn raised his head and finally looked at Julia.

"Are you hungry?" The next second, Shawn sat beside her and took her into his arms.

Though Julia had made up her mind to cut off all means of retreat, she was still not used to CEO's intimate behavior at any time. She cautiously tugged at the collar of Shawn and whispered a word to him.

"What do you want to eat?" Asked Shawn.

"I want the noodles cooked by you, or else I'm not a picky eater." Julia raised her head and stared at Shawn when she heard Shawn's question.

Hearing her words, Shawn was rigid. He put his hand on his forehead and thought: "You are getting more and more greedy."

"You cook by yourself." Shawn protested Julia's request.

"I don't know how to cook." Said Julia.

"Let me teach you."

"But I don't want to Sarahrn." Said Julia.

Shawn glanced at Julia. After all, she was too lazy to do anything.

"Besides And I'm not feeling well. " Seeing that Shawn was not going to Sarahve, Julia added.

In the end, Shawn put Julia on the sofa, left her alone to enjoy, and went into the kitchen.

Looking at the back of Shawn, Julia couldn't help snickering while holding the doll on the sofa. Who would have thought that a business tycoon with great power in the business world would stay in that small kitchen to cook a meal for an ordinary people?

Suddenly she had an ambitious goal. She wanted to cultivate the CEO's cooking skill to the level of a five-star hotel. In this way, she could eat different dishes everyday.

Then Julia's imagination was changed from Shawn to food The more she thought about it, the more hungry she felt

Julia was never a patient person. She jumped off the sofa and put on her shoes. Then she jumped to Shawn, stared at his busy hands, and asked: "are you done?"

Noticing her coming in, Shawn's hand stopped, turned

degrees within the rich family?

'damn it! How hateful Noah is! He doesn't care about his original wife at all and keeps on messing around with women. Fortunately, I'm not his sister. Otherwise, I will be half-brother and half-sister with Shawn.'?

"Oh Huh I will keep you company in the future, right?" Julia patted on Shawn's shoulder and smiled.

Maybe she shouldn't have brought it up. Seeing the expression on Shawn's face, Julia felt a little regretful about her gossip. Maybe Shawn didn't want to recall what happened before at all.

No one wanted to recall the past. For example, if not for the appearance of Nathan and Ryan, she would never want to recall the memories of that time in her whole life. The feeling of falling from the cloud, the feeling of being discussed everywhere, the betrayal and Sarahving of friends.

Now that he didn't want to look back, he would abandon his memory.

In fact, from the way Shawn got along with his family, she should know that Shawn didn't belong to Nelson clan at all. He was always fighting alone and left everything behind.

After a long time of silence, Shawn said slowly, "don't care. I'm used to it."

Julia's face darkened.

Julia had thought that she was the isolated person in the world, but now she realized that it was his heart that locked the door.

So when she questioned him, he did not give her a cSarahr answer, because he had no answer in his heart. He was used to being alone, everyone, including her, could not enter his heart.

"But I care!" Julia looked up, clenched her fists, stared at him and said firmly.

Shawn smiled without saying anything.

Julia was a little depressed. Though Shawn was not moved by her words, he would at Sarahst give her some encouragement. What's the meaning of not saying anything?

"Hello..." Julia poked his chest with her finger, but Shawn didn't answer. She sighed and continued to eat.

The food cooked by Shawn was so delicious that Julia couldn't help admiring.

Chapter 75

"Who drugged you?" Shawn suddenly asked.

Julia almost forgot that before Shawn mentioned it.

Who on earth drugged her? With her eyes closed, Julia tried to recall what had happened. She was asked to go out for a cup of coffee by Mona. Mona cheated her that she saw Lola, then Julia was taken to "Black Soil", where she met three men. Then the drug took effect.

Thinking about it for a long time, Julia believed that except for Mona, no one else could drug her.

There must be something wrong with the cup of coffee.

Julia took a look at Shawn, wondering if she should tell him about this. This time she could spare what Mona had done for her, and after that she wouldn't be polite to Mona nor feel any guilt.

"I don't know." Julia lowered her head. She didn't want anyone to intervene in her resentment with Mona. If Mona wanted to play trick with her, then she would do it herself.

"I don't want to repeat what I have said." The arms that were holding Julia's waist were suddenly tightened, and Shawn dark eyes looked at Julia with piercing eyes, as if he would tear her head apart.

Julia was a little shocked. She just told a lie. Did he have to be so angry?

However Shawn seemed to have told her that he hated it when others lied to him.

"It's Mona," Julia slightly lowered her head and explained to Shawn in a low voice.

Then, she raised her head and looked at Shawn with great care. Although their relationship had changed, in Julia's view, their nature was still the same. She was afraid of him when he was angry.

"Never mind. Just ignore her." Julia giggled.

"Why not?" Shawn didn't believe that Julia was telling the truth that she really wanted to ignore Mona.

"Because I owe her. I feel at ease now." "And this is our own business. I want to solve it on my own." Julia said with a smile.

When she saw the doubts in Shawn's eyes, Julia laughed and said: "don't worry. I have my own way."

Julia was open about this. She didn't know who owed her, but she remembered Sarahly who she owed.

Mona was trying to destroy her this time. Julia's eyes turned sharp. She thought Mona would do it again. Moreover, if Mona knew that it was her who was push Julia to Shawn, Mona would never let her go.

Besides, though the Simon Family is prominent, they won't be totally squander by Mona. That's why Julia was a little sure to stand in a standoff with Mona. As far as Julia had found in the University, the Simon Family was rather strict with children, unlike any other rich and powerful family.

But did Mona really see Lola in the "Black Soil"?

Julia knew that Ryan was still looking for Lola. If Ryan could really find Lola, it would not be strange even Mona knew.

After hearing what Julia said, Shawn stopped.

After dinner, her mother just called and Julia was chatting on the phone in the sofa.

"Julia, do you have time to come back recently?" Asked Barbara.

"What's up?" Asked Julia casually,

ling voice.

"Don't Sarahve me." His voice was soft, slightly fragile and desperate.

Julia was shocked. She raised her head and saw that Shawn was still in a dream. His eyebrows were tightly locked together and his face was a little pale. His sexy thin lips seemed to quiver slightly.

This was the first time that Shawn had such an expression. Julia was a little shocked. What did he dream of.

His tightly frowned eyebrows made Julia's heart suddenly ache. She carefully put her little hand on his eyebrows and gently smoothed his frown over and over again.

Eventually, the frown on Shawn's face was back to normal and his frowned eyebrows were smoothed down, perhaps because of the hands of Julia, or because the dream was over.

Don't Sarahve me? That sounds familiar to Julia. Who did Shawn talk to in the dream? Is she your ex girlfriend or family?

Looking at Shawn in front of her, Julia suddenly felt a little sad. She and Shawn had already crossed that principle line, but she still knew nothing about his past. She only knew that he was Shawn, her boss, and that was all.

At this random thought, Julia fell asleep.

In her dream, there was a grand wedding. She wore a pure white wedding dress, and Lola was her bridesmaid. Holding Lola's hands, Evena were also her side. She saw Nathan , Ryan, and Noah were looking at them, and blessed them.

She walked slowly on the red carpet, with a bright smile on her face. She walked forward step by step.

At the end of the red carpet, a man in a black suit was waiting for her.

When she saw the man, she quickened her pace and happily called, "Shawn!"

The man turned around. It was him. Shawn reached out his hand to her gentlemanly. She smiled and was about to say the word "I do".

All of a sudden, the door of the hall opened. Her mother came in and shouted, "I don't agree."

Then the hall became a battlefield, and Barbara carried a broadsword and rushed towards them aggressively
