

BIG BROTHER 18

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 18 - SHE HAS TO PAY THE PRICE

Chapter 18

Because of her tall height, her position was arranged in the middle last row. Usually the desktop is spotless and clean, not a single book, but now, it is colorful and full of books, basically all the books were turned out and smashed on the desktop, but also poured ink, black, like a big pot of messy stew.

In the air, the scent of ink could be vaguely smelled.

The class was quiet to the extreme, men and women did not make a sound, and even the teacher was dumbfounded, stupidly standing on the podium, not saying a word.

Tang Qianzhong stood next to the podium, his head slightly tilted, his usual lazy eyes revealed a few cold light, "Who did it?"

The voice is clear and shallow, but anyone can hear the thinness inside.

"Me." An arrogant and wanton female voice rang out.

The next second, a short-haired girl stood up, school uniform skirt wearing pants, white short shirt printed with a unique personality pattern, chewing gum in the mouth, every move is scattered with a social female gangster atmosphere.

The company's main business is to provide a wide range of products and services to the public.

She squinted at Tang Qianzhuo, long legs will not slow towards Tang Qianzhuo desk, then, directly kicked down the desk, feet on the books hard grinding.

Subsequently, turning his head towards Tang Qianzhuo he smiled, the smile in his eyes open and arrogant, "angry ah?"

Tang Qianzhao has never seen this girl, today is the first time to meet.

But after looking at her desk, she knew that she was the one who had taken half a month's leave before.

It wasn't that she was paying much attention either, it was just because the first day she just transferred here, some enthusiastic female students came to give her information about the class.

The company's main business is to provide a wide range of products and services to its customers.

Tang Qianzhu looked at her, lightly raised her lips, eyes calm, "Can I know why?"

The words with her smile sounded very polite, but one could not hear half of the cowardice and timidity.

Lu Nailfish straightened up and looked at her from afar, "You don't know? Hmm? You've done it all, and now you're playing dumb for me?" She snorted, then her eyes were gloomy, "You want to die?"

She walked to the podium step by step, looked at Tang Qianzhu coldly, and snapped at the others, "Close the door for me, immediately!"

The cowardly students closed the front and back doors in an instant.

In the next second, Lu Qing Yi's eyes were fierce and her hand reached out to Tang Qian Yi's collar, making a move to grab her.

In the nick of time, the whole class drew a cold breath.

When they thought Tang Qianzhu was going to be wrestled, Lu Nailfish's wrist was suddenly caught by Tang Qianzhu easily and stuck tightly in mid-air!

Lu 0000 narrowed her eyes, and again under gravity, and then it did not work, she could not even touch Tang Qianzhong's neck half a bit!

On the contrary, Tang Qianzhuo, grabbed her wrist with no effort at all, steady, unlike her, her hands were shaking.

Lu0000 raised her other hand, but it was caught by Tang Qianzhong again.

The bloody and violent factor surrounded her, and she pushed hard, but still couldn't break free from Tang Qianzhu's hand, and her legs were still a little unsteady.

The competitive nature of her bones made Lu 0000Åçºº, not willing to show weakness, and quickly used her upper legs.

Naive legs just raised, she people by Tang Qianzhu a over-the-shoulder drop, unmercifully thrown to the ground with a thud.

The air froze and scared the class.

The teacher panicked out: "Two students, you all calm down, calm down, something to say properly, explain things clearly, Tang Qianzhu, you do not do it, listen to her say why."

Tang Qianzhu's calm eyes light, said: "The reason is to find out clearly, but, she destroyed my desk, should pay the price."
