

BIG BROTHER 19

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 19: DARE TO DO SOMETHING

Chapter 19

Lu Qianqian stood up with her shoulder in pain, a hole in her knee and a little dust all over her body, quite a mess, but her eyes were still fearless.

She coldly snorted, "Destroyed your desk? I'm fighting back with a tooth! You're the one who threw away all my books first!"

She gritted her teeth: "I was negligent just now, if you have the ability to do it again after school, I'll beat you until your parents can't even recognize you!"

Tang Qianzhu looked at her indifferently, "I threw away your books? You have proof?"

Before Lu Qianqian's voice could be heard, another student interjected, "Not only did you throw books at her, you also threw shit in her desk, so in comparison, she just treated you lightly."

The female student who spoke was dressed similarly to Lu Qianqian, and her tone was indignant, obviously angry for her friend.

Tang Qianzhu's face had no emotion, and she still said, "It's meaningless to say nothing, either show evidence or apologize to me."

Lu Nailfish sneered, "Evidence? I'll give it to you today!"

She took a few steps and grabbed a female classmate with her head down, "Tell her what you saw that day!"

The female student lowered her head and her whole body was shivering.

"I I"

"Say it!"

Tang Qianzhong faintly watched the scene.

Female students are full of fear, "last, last Friday was my duty, cleaning the class only me and Tang Qianzhuo, then I went to take out the garbage, there was only her, and when I came back she was not there, I was in a hurry to go home, I forgot to close the classroom door I I just said it could be her, did not say Must be her."

As a result, before the words were finished, Lu 00 fish went to retaliate against Tang Qianzhong.

When Lu 00000 heard this, her face changed, "Damn! Why didn't you say so earlier!"

She slowly let go of the female student's collar, her eyes turning from side to side, not knowing what she was thinking.

"This is the evidence you said?" Tang Qianzhong said.

Lu 00fishing bottom, did not make a sound, but the look was still extremely angry.

This was the first time something like revenge for the wrong person happened!

At this time, the teacher cautiously spoke, "Two students, there is surveillance in the class, take a look and you will know what is going on."

The two people went to the monitoring room with the teacher.

The monitor from last Friday was still there, and Tang Qianzhong hadn't been anywhere else in the class all day except around her own position, let alone near Lu 00000.

The truth is clear, it's not Tang Qianzhong.

The actual killer is the one in the back of the room.

The school police cut to the back of the monitor, suddenly changed his face, "this, how can there be no it, the latest is this morning, strange, how no?"

The most important thing is that you can't be too careful about what you do.

She made a gesture to turn around.

"Wait!"

Lu Nailfish came in front of her with a righteous face, "I, Lu Nailfish, dare to do something, it's my fault for wrongly blaming you just now, just now, I was using this hand to destroy your textbook."

Saying that, she quickly fished up the iron bar in the security room and thoughtlessly struck at her own hand.

"Stop it, Lu Òfishing!" The teacher was shocked.

But it was too late, she did not hit her hand lightly, and the pain made her sweat bead up.

Nevertheless, she did not scream loudly in pain, covering her arm and looking at Tang Qianzhu: "I will give you an explanation for the desk and textbooks."

Tang Qianzhu was a little surprised at her behavior, but, without saying anything, she left.
