

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 21 SOLVING THE PROBLEM

Chapter 21

Feng Chu Chu glanced at him, very unhappy, "You and I are not in the same class, why sit here?"

Before Shi Cheng'an could say anything, Lin Wenyu next to him interjected, "Chu Chu, you can let Cheng'an sit here, the physics teacher likes to do class work, we can help him if he doesn't understand something later, if he goes over there and can't write, he might get detention from the teacher."

Shi Cheng'an nodded and gave Feng Chu Chu a pleasing smile, "Wen Yu is right, I'm not good at homework, I still need your help."

Feng Chuchu still frowned, not refusing or agreeing.

This was already a tacit approval, so Shi Cheng'an gave Lin Wenyu a grateful smile.

Lin Wenyu returned the smile, but suddenly froze for a second.

Shi Cheng'an followed her line of sight and looked back, and saw Tang Qianzhong who came in through the door, and his face instantly became not very good.

Feng Chu Chu also saw her, little face drooping, "What bad luck, actually with her a class!"

Lin Wenyu bit her lip and said, "Sorry Chu Chu, my cousin went to your house and gave you trouble."

Shi Cheng'an spoke, "What are you apologizing for, you're not the one who caused the trouble."

After saying that, he looked back at Tang Qianzhu, his eyes revealing disgust.

Tang Qianzhu is looking down at her phone, her eyes are a bit annoyed.

The assistant of Feng Xin called and asked her to have lunch at noon.

She had already refused, but this person still kept calling.

This time, she mercilessly blacked out the number.

The bell rang and a middle-aged man in a striped shirt and black pants with a Mediterranean haircut walked in.

"Class is starting, everyone be quiet."

The words were like a mantra, and as soon as they were said, Tang Qianzhong became sleepy.

This is also the biggest reason why she likes the class, to help her sleep.

If you don't sleep well at night, come to a class the next day and make up for it.

She supported her head with one hand, squinted her eyes, and nourished her mind.

After an unknown amount of time, her desk was tapped and she opened her eyes.

The table gave her a wink, "Qianzhu, the teacher asked you to go up and solve the problem."

Tang Qianjiao slowly raised her face, lazy and drowsy eyes looked at the podium.

There, in addition to the teacher, also stood Lin Wenyu.

Lin Wenyu is holding a whiteboard pen in his hand, and the whiteboard behind him is filled with steps to solve a certain problem, while another problem is empty.

From the side came the broken whispers of the students -

"Lin Wenyu is so powerful, actually even solved this problem, worthy of being the first in the grade."

"But why did she recommend Tang Qianzhong to write another one?"

The teacher spoke up: "Tang Qianzhu, what are you doing sitting there, come up and solve the problem."

Tang Qianzhu's expression was light, and she walked down without any haste, holding the pen and staring at the question for several seconds.

The key classes all laughed, "Too difficult for the ordinary classes, this is a competition problem, we can not solve."

"Look, Tang Qianzhu is struggling to read the question, so he probably hasn't understood it yet."

At that moment, Tang Qianzhu put his pen on the whiteboard and wrote an answer with no expression.

The crowd was astonished.

Most people were confused, and the smile on Lin Wenyu's lips disappeared because this was a situation she didn't expect.

The question was a super question, even she couldn't do it, at most she could write the second step.

Tang Qianzhong, however, took a few seconds to read the question and wrote the final answer.

The answer is complex and not something that can be written in a random manner.

Although it was not the correct answer, it was not the effect she wanted in the end.

Tang Qianjiao's level she knows, very mediocre, not up and down, riveting at most a passing line of the kind.

This level, at most, can write a simple formula.

But now, what is the situation?

The teacher restrained his surprise and asked, "Where are the steps to solve the problem?"

Tang Qianzhong threw the whiteboard pen back onto the podium, "Too lazy to write."

"Pfft!"

Many people laughed out, mostly from the key classes.

"It's not that you're too lazy to write, it's that you can't write, right?"

"Teacher, you are too difficult for her, give some face, after all, is a girl." Someone stifled a laugh.

"It's not easy to make out such a complicated answer, teacher, just let her go, after all, no one is Lin Wenyu ah." Someone said.

Lin Wenyu slightly lowered her head, the corners of her mouth slightly hooked up.

This effect was exactly what she wanted.

Let Tang Qianzhong know who is the first.

The teacher suddenly asked Tang Qiangyou, "This answer, you are masking?"

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 22 - I AM HER PARENT

Chapter 22: I am her parent

Tang Qianzhong's voice was shallow: "Pretty much."

The physics teacher's face was a little subtle, temporarily letting both people go down and sit down, however, it was announced that Tang Qianzhong would stay in the classroom.

The crowd was not surprised, in their eyes, this was a matter of course.

This physics teacher almost every class will leave some students to tutor, of course, was left behind, naturally, are underachievers.

Therefore, those who were spared from the detention, a sense of superiority was born.

After the two sat down, the physics teacher turned around and took his textbook and filled in the steps of the second problem on the whiteboard, and the students all lowered their heads and copied them.

At the end of the writing, he wrote a "=" directly in front of the answer written by Tang Qianzhong.

The crowd froze and forgot to copy it.

"Teacher, is that the correct answer?" Someone raised his hand and asked.

The physics teacher nodded, "Yes, what Tang Qianzhong wrote just now is the correct answer, the steps are here, you can take a look, this is a competition question, the test is usually not tested, no need to copy."

For a while, the classroom was quiet enough to hear the sound of the breeze blowing in.

Suddenly, someone's pen dropped, and the sound was clear.

Lin Wenyu face stiffened and forgot to pick up the pen.

Turning back, he looked incredulously at Tang Qianzhong, who had a scattered face.

Showed a snicker.

Just her?

She is the only one who wrote down the correct answer?

Almost all of the students in the key classes had the same expression: unbelievable.

Everyone was trying to find a reasonable explanation.

The ordinary class, on the other hand, showed a smile of exaltation.

The ones in the wind chasing class were not interested in studying, each playing their own game.

"Tang Qianzhong, how did you calculate it? It's too powerful." A certain person in the key class couldn't help but ask a question.

She slowly said a sentence: "Before in the tutorial book read ah."

The crowd: "....."

The people in the focus class breathed a sigh of relief in unison and then laughed.

Lin Wenyu picked up the pen, turned his head and smiled at Shi Cheng'an, "My cousin usually works very hard, and is cramming for homework even late at night, reading more tutorials than me."

Shi Cheng'an glanced at Tang Qianzhong, revealing a glance of a word.

"It's useless to work harder for those who are not capable." Feng Chuchu coldly snorted.

The physics teacher didn't say anything, but just looked deeply at Tang Qianzhong.

The long period of a big class ended after the bell rang.

The teacher knew that they were not interested in learning, so it was useless to stay.

Tang Qianzhu was thinking about how to get out of it, when his phone suddenly rang.

I'm waiting for you at the entrance of the school - Feng Xin]

This person is really not dead.

Tang Qianjiao casually returned a sentence.

[Not available, teacher detention.

This time, the heart is dead.

The actual fact is that Feng Xin did not come back.

The physics teacher came up next to her and sat down.

"Thousand indistinct ah, you just"

"Teacher, I have an urgent matter, I have to go." She said.

"The main task of students is to study, you can leave after half an hour, you tell me first, the problem just now, how did you solve it?"

"I said, I read it."

The teacher laughed, "You kid, still pretending with me, that question is not a competition question at all, it's a new question that I worked out with a few teachers, say, where have you seen it?"

Tang Qianzhong was not surprised, only said, "Teacher, I really have an urgent matter."

Seeing her like this, the physics teacher had to say, "Then let your family talk to me, and if they let you go, I'll let you go."

As she was talking, the teacher's door slammed twice.

The two of them looked over and saw a man with a beautiful face standing at the door.

Feng string walked over, indifferent eyes fell on the teacher's face: "I am her family, specially come to pick her back."

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 23 - NOT INTERESTED IN HAVING DINNER WITH YOU

Chapter 23: Not Interested in Eating with You

The physics teacher was dazzled by the beauty for a few seconds, and only after he settled down did he ask, "Are you Tang Qianzhuo's brother?"

Feng Xin's eyelids slightly drooped, his gaze fell on Tang Qianzhong's face, "Take the stuff and come out."

And did not answer the teacher's words.

The teacher is quite embarrassed, but, it is not good to say anything.

This kind of behavior is not really allowed, and now that the parents are here, it is even worse to continue to stay in the classroom.

However, before they went out, he deliberately said to Feng Xin, "Your sister has good qualifications, have time to persuade her to be more serious."

Tang Qianzhong suddenly got up, stood between the two, glanced at Feng Xin, and walked out.

The man followed on his hind feet.

Teacher: "....."

Why does he seem to have the illusion of being nosy?

The sun is still warm, Tang Qianzhong slowly walking in the shade, the nose has been lingering by the mint fragrance mixed with a light milk smell.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to its customers.

This one is a human level of beauty, no doubt attracting many eyes to stop and admire.

Finally, Tang Qianzhong stopped walking and turned around.

The eyes under the duck-tongued cap stared at him with a few displeasure.

"What do you want?"

"To have a meal together."

Tang Qianzhao smiled, a small face bright and beautiful, "not interested."

Not unavailable, but, uninterested.

This is probably the first time Feng Xin heard such a reason for refusal, so that the clear and indifferent handsome face finally has a few correct color.

The girl's eyes are not just looking at a child six years younger than himself, but also a more scrutiny, and his whole aura has become stronger.

Eighteen or nineteen-year-old children, the first care, perhaps not money, or still their own feelings.

"Like" and "dislike", dominate their world at this time.

Thinking about this, Feng Xin temporarily swallowed back the words that came to his mouth and said instead, "Lead me to meet with Bai Mi, I can promise you a request."

Although his voice was as light as clear water, it was vaguely awe-inspiring like a wild wave, making it impossible for people to imagine that he was begging.

Hearing these words, Tang Qianzhong was speechless for a moment, her pretty peach blossom eyes staring at him.

Abruptly, she said, "I will give you an answer tomorrow."

She looked at the electronic screen time on the teaching building, then said: "There are still things to do, I have to go first."

With these words, she turned around and left.

After a few steps, she turned around and looked at him from a distance of three meters.

In the sunlight, his dark eyes were slightly narrowed, and his handsome face was covered with a golden glow.

She asked, "How much is your request worth?"

His voice was clear: "You decide."

She nodded slowly, said nothing, and walked away.

Lao Yu came up, "Young master, the concession you gave, it's big."

Feng Xin withdrew his gaze, "A little girl's appetite is not considered big." ,

The young master's move still surprised me a lot, the previous acquisition of Hongxing was so difficult, you also did not do this."

Having followed him for so many years, this is the first time I've seen him be so "generous".

In the business world, Feng Xin is a "calculating" person.

But this time, in this matter of Bai Mi, he was too generous.

First, he offered 800 million as a sincere offer just to meet Bai Mi.

Now he has given a promise to the little girl, also to see Bai Mi.

The Feng family's second youngest promise, no amount of money can compare.

Old Yu was really surprised.

But when he thought about the fact that Wei Shi was a company founded by Aunt Feng Xin herself, he felt that nothing he did was too much.

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 24: THIS MUST BE A GOODS AH

Chapter 24

Tang Qianzhong took a phone call and came to the small area opposite the school entrance.

Walking all the way in, she arrived at the door of unit 3, 302, and knocked on the door.

With a click, the door opened, and it was a girl her age who opened the door.

The girl's face was a bit strange, the door didn't open much, "You're here, ah."

"I'm looking for the teacher." Tang Qianzhuo said.

"Xiao Cai, is Thousand Indistinct here?" A woman wearing an apron came out.

Lin Xiao Cai had to open the door and let Tang Qianzhong in.

Tang Qianzhao naturally ignored her and walked up to the woman, "Teacher, happy birthday."

Liao Yan pulled her to sit down, "Let the teacher take a look at you, yo, still so pretty, it seems that the school flower of our attached middle school is going to change."

Lin Xiao Cai sat on the arm of the sofa with a strange expression, the corners of her mouth pulled, a disdainful face.

Tang Qianzhong took out a box, "Teacher, for you."

"You're happy to be here teacher, what other gifts." Liao Yan grabbed her hand, her eyes were a little misted and a little excited.

She was Tang Qianzhu's class teacher for two years in junior high school, and later transferred to the attached middle school.

Tang Qianzhu has been living in the temple, this matter, she was informed, very poor this child, so often let Tang Qianzhu to live at home, treat her as half a daughter.

Transferred here a year, she also misses Tang Qianzhuo very much, as soon as she heard that she was transferred, she was happy as can be.

"Teacher, you open it and take a look."

Liao Yan nodded with a smile and opened the gift.

A pair of dazzling eastern pearl earrings appeared within view.

Liao Yan's smile disappeared.

As someone who cherished antique jewelry, she knew very well what this was.

"Isn't this the auspicious Dongzhu that was recently on an auction? Thousand indistinct ah, how did you"

Lin Xiao Cai cut the sound, "Mom, you still think this is the real thing, a look at the A goods, I heard that that thing was auctioned out for thirty million, Tang Qianzhuo can afford to buy?"

This comment made Liao Yan frown, "Xiao Cai, how do you talk, go to the kitchen to see if the soup is ready."

Lin Xiao Cai bristled, and went in.

Liao Yan just think this is imitation, also did not continue to ask what, only afraid of hurting Tang Qianzhong's heart.

Then she said, "You child really has a heart, after dinner later, the teacher will take you for a stroll, you just came here not long ago, not yet familiar with it."

Tang Qianzhao still had personal matters to attend to, so she politely refused.

Liao Yan was very reluctant and sent her to the entrance of the building, watching her walk away before heading back.

Just after entering the door, Lin Xiao Cai said, "Mom, I remember Tang Qian Yi's grades were terrible, how did she get into the secondary school?"

She worked so hard, it was only natural for her to get in, but how could Tang Qianzhu, who was so unmotivated, get in?

Liao Yan looked at her daughter with some dissatisfaction, "You, you, what can I say about you, you are so big, but you don't know how to care about people's feelings, from now on, in front of Qianzhu, you can't talk like that again."

"What did I say? You are always partial to her! I am your daughter, huh?"

Liao Yan sighed.

Walking out of the neighborhood, Tang Qianzhong got into the car.

Before going to deliver the gift, Black Chicken gave her a call, saying that there was a problem with the company's supplier.

The car arrived at a private villa on the outskirts of Beijing, and the fountain outside the gate reflected the seven-colored light under the hot sun.

Tang Qianzhong entered the dining room to eat, enjoying the food unhurriedly.

Next to her, stood a middle-aged man, the company's project manager, who was reporting things to her.

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 25 RECONSIDERATION

Chapter 25

Black Chicken said, took out his phone and flipped to a family internal relationship tree diagram and showed it to Tang Qianzhong.

"Boss, look, this is Chairman Lu Qintian, who died of a disease not long ago, this is his wife Chen Lan, whom he married on a renewed relationship, these are his two daughters, the eldest daughter Lu Xinqing, the youngest daughter, Lu Òfei, this is Lu Xinqing's husband Xu Fei, the son-in-law at home."

Hearing the name of Lu Xinqing, Tang Qianzhong's eyes twitched.

The look of that daring short-haired girl instantly came to mind.

Such a coincidence, the same classmate.

"Go on." She regained her composure and slowly and methodically used her meal.

Black Chicken laughed: "According to my in-depth investigation, I learned that this Lu Xinqing is an illegitimate daughter, is Lu Qintian has not yet divorced his former wife when he had an affair with Chen Lan to get out, his wife has not yet died, he has been quietly raising this mother and daughter, during the period also with his wife had a Lu Ò fish, this man is really scum."

"Get to the point." Tang Qianzhong said.

The black chicken collected all the gossip, pinched the point and said, "This time Lu Qintian died, the public announced that the property left his wife Chen Lan and his eldest daughter Lu Xinqing, as for the youngest daughter Lu Ò fish, a child can not get. He just died in the first foot, his eldest daughter announced the termination of the partnership with us in the second foot, you say, strange or not."

Tang Qianzhong put down her chopsticks, her eyes stored a touch of deep thought, "Have someone continue the investigation from the cause of Lu Qintian's death and Lu Ò fishing, now go to the factory side first."

After saying that, she got up.

LM is a production and marketing integration, has its own factory, raw material partners have been very stable, if the supplier is changed, will certainly produce some columns of butterfly effect.

She is clear about the seriousness of this matter, at any rate, also have to go to the factory to see.

On the way, the big white sent her a message.

[Dabai: I've heard about the matter, I'll let people deal with it, you don't interfere, study hard.

She hooked her lips.

[Tang: Who is the person who dumped the company to me and went to dazzle by himself?

[Dabai: (kneel down.jpg) Since I left the capital, not a day has gone by that I haven't blamed myself.]

[Tang: (roll.jpg)]

[Dabai: To be serious, you are now in your senior year of high school, it's time to study, study, try to get a good score, come over here to attend UU, the company, I hired a manager to manage.]

Tang Qianzhong stared at this line and fell into deep thought.

She has always been a person with a plan, the University of Wu is ranked in the top three schools in the country, the environment is beautiful, the main thing is, her preferred profession, here is the first in the country, so, the University of Wu is really within her plans.

But now, because of her mother's last order, how the future, perhaps have to think about it.

The whole afternoon, Tang Qianzhong soaked in the factory, did not go to school.

When class teacher Xue Ying received a phone call from Black Chicken, she revealed an impatient tone for the first time.

"I'm not saying that ah, Thousand indistinct parents, you also know that the child is now in his senior year, right, you just transferred here less than a week, took three leaves, this study how to keep up."

Black chicken: "The child happens to be sick, it can't be helped."

The teacher was impatient: "Forget it this time, I hope it won't happen again."

After saying that, she hung up the phone.

When the teacher next to her saw her like this, she couldn't help but ask, "What's wrong with you? You're so angry."

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 26 DID THE SCHOOL CALL?

Xue Ying pulled a face and said, "It's still this child Tang Qianzhong, she took off work again, what a headache."

"Again? Tsk, this child's grades are already bad, if she doesn't work hard, how can she get into the key ah. I heard that she even got into a fight today, what happened?"

Xue Ying was poked at the sore spot, did not say another word, took the water bottle and went to fetch water.

She has been leading the class for so many years and has never been criticized for anything, but this time, she was called to the office by the principal to educate because of a Tang Qianzhong.

Just thinking about it makes her unhappy!

Lin Wenyu brought the class's homework to the office, just in time, and heard the conversation between these two teachers.

As soon as Xue Ying left, she asked her teacher, seemingly inadvertently, "Teacher, did Tang Qianzhong get into a fight? Did he get hurt?"

The female teacher took the workbook and flipped through it, and casually said, "She is a fighter, what injuries can be sustained, but she was beaten by that Lu ỒỒ fish ah, I heard that at that time sent to the hospital, but also the teacher of the class to cry."

Lin Wenyu's eyes rolled, "So tough, I see her, not like such a rude girl hey."

The teacher sighed, "People can't be seen, I heard that this student was a problem student before transferring, and I don't know how she got in, alas, if only all the students in the school could be as well behaved and good as you."

Lin Wenyu smiled faintly, thoughts swirling under her eyes.

In the afternoon after school, she went to buy the pastries that Tang Yi and his mother loved before she returned to Tang's house.

It was a hundred year old store, it was hard to get in line, basically every item was limited.

When she returned home, Tang Yi happened to be there and saw what she bought back, he showed a rare smile and nodded his head.

The first thing you need to do is to get a good idea of what you're doing.

Tang Yi glanced soberly at the maid: "Go and prepare sugar water for the lady."

The maid hurriedly went away.

Lin Wenyu pursed her lips, but there was no surprise in her eyes.

Yun Ruyi was worried: "Xiao Yu, what's wrong with you? Something unhappy?"

Lin Wenyu shook her head and hung her head in despair.

Tang Yi put down the pastry and asked her, "If you have something to say, don't keep it inside, it's not good to suffocate yourself."

Lin Wenyu clutched her school uniform skirt with tangled hands and said softly, "Cousin got into a fight at school, I'm a little worried about her, did she mess with someone."

"A fight?!" Yun Ruyi looked shocked.

Tang Yi instantly blackened his face.

"Dad, should we send someone to investigate cousin's recent affairs? I'm really afraid she's hanging out with bad people."

Tang Yi slackened his face for a moment before asking, "Did the school call?"

Yun Ruyi said, "No, it seems that the school left a phone number that is not our home."

Tang Yi then eased his expression, his tone was still bad: "This useless thing, besides fighting what else she knows!"

"Dad, what happened to sister?"

At the door, suddenly came a childish male voice, a boy of eight or nine years old walked in, wearing camouflage clothing.

Tang Yi looked much better, "Go wash your hands when you come back, come over and eat the snacks your sister brought back."

Yun Ruyi also got up and smiled at the little boy, "Heng'er is back, was the training fun?"

Tang Qianheng ignored her and grabbed his shoulder bag and walked straight to Tang Yi, "Dad, what's wrong with sister?"

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 27: PAMPERING HER

Chapter 27

Tang Qianheng ignored her and grabbed his shoulder bag and walked straight to Tang Yi, "Dad, what's wrong with sister?"

Tang Yi said, "Your sister is right here."

Tang Qianheng didn't even look at them, "Not anyone is worthy to be my sister, I only have one sister, her name is Tang Qianzhong!"

"Bastard!" Tang Yi raised his hand, almost about to hit it.

Tang Qianheng's eyes flashed for a moment, but was not the least bit afraid: "If you don't tell me, I'll go to the Feng family to ask my sister myself."

"No go!" Tang Yi deep voice, "I tell you, from now on, you only have Wen Yu a sister, understand!"

"Yes, but I don't listen to you, humph!" After saying that, Tang Qianheng made a face at him and ran upstairs.

Tang Yi hummed out a breath from his nose, and his brain hurt.

Yun Ruyi pressed his hand, "The child is still young, don't get angry with him."

Lin Wenyu also said, "Brother is just a little naughty, but actually very cute, Dad, you should not be angry with him."

When Tang Yi saw how understanding they were, he felt much better.

His eyes focused on Yun Ruyi's stomach and asked her, "Isn't it time to go to the maternity checkup?"

Yun Ruyi smiled, "It's tomorrow, this baby will definitely be a son, I want to eat something sour, and ah, he will be more rambunctious than Wen Yu, when he comes out, he will be a naughty and mischievous master."

Tang Yi's eyes were gentle, "I'll go with you."

"Don't, don't you want to have dinner with Lu's people, this is your first cooperation."

Tang Yi said, "The dinner is scheduled for the evening, it's not a problem."

At the same time, Tang Qianzhong returned to the Feng family.

The factory was full of the smell of herbs and spices, and as soon as she returned, she wanted to take a shower.

Only, just after stepping into the flower gate of the East Garden, she felt that the atmosphere was quite wrong.

The weak hearing device she wore today was newly developed to allow her to live like a normal person, so, without taking it off, she usually couldn't hear the sounds in the house.

But now, she hears some of it tomorrow, proving that the people inside are more agitated.

She was right in thinking that just after she entered, she saw Qiao Shiwan walking around restlessly.

Upon seeing her, she came straight up, "indistinct ah, you're finally back, did someone bully you at school today?"

Feng Tran also came over, "Is there any injury anywhere?"

The two men grabbed her and looked at her back and forth, worried.

Tang Qianzhong was flattered, and the faint film in her eyes had been ripped away by this enthusiasm.

"I'm fine." She said.

"I heard that the person who bullied you is a female school bully, ah, how can they do this, it's too much." Qiao Shiwan said, glaring back at Feng Chan, "And you! Didn't mom say, let you take care of indistinct, how did you take care of it?"

Feng Can was nestled on the sofa playing a game, looked at Tang Qianzhu, eyes a little deep, wanted to say something, but held back, finally, only said: "Anyway, the person is fine on the line."

Today, Lin Wenyu said something, so he has a new perception of Tang Qianzhu's person.

Qiao Shiwan reprimanded him, then pulled Tang Qianzhu upstairs to talk.

After the two of them went up, Feng Chan stammered and asked his dad, "Dad, what do you think of Tang Qianzhu's personality?"

Feng Tran was pondering, heard him speak, didn't answer, and asked instead, "Shouldn't I assign a bodyguard to indistinct?"

Feng Chan: "....."

His parents are unreliable, he goes to his elder brother!

Feng string is training Samoyed in the dog house of the next building.

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 28: DOUBTING LIFE

Chapter 28

Feng Xin was training Samoyed in the dog house of the next building.

He was dressed casually, with one hand in his pocket, and his tall, imposing figure had more of a casual air than usual. He casually threw the small ball in his hand at the target, and the Samoyed ran over to it.

"Brother!" Feng Chan came running in a breeze.

Feng string did not give him a look, and casually gave the Samoyed a few commands to cross the obstacle.

"Brother, I have something to say to you."

"Say."

"Today Tang Qianzhong fought at school, their class said, the two had been talking well, but, Tang Qianzhong directly beat people to the ground to the hospital, very tough."

Feng string finally gave him a look, "This is what you want to say?"

Feng Chan is not surprised that his elder brother is so cold, after all, besides work and this dog, he seems to have no other interest.

"Mom and Dad also do not ask the cause and effect, they will blindly care about her, this couple, really want their daughter to be crazy, not the biological ones are so spoiled."

"Jealous?" Feng string faintly said.

Feng Chan lifted his chin, "What am I jealous of with a girl, that is, I think she's a bit tabula rasa."

Feng string eyes changed slightly, staring at him for two seconds.

Feng Chan said, "Actually, today Wen Yu told me something, she said Tang Qianzhong is a delinquent student, in addition to often fighting, will steal things, like pranks, when you think about it, after she came to our home, the family is indeed a little unsettled ah."

After saying that, he waited for his elder brother's response.

The handsome face of Feng Xin was calm and without ripples.

"Brother, how come you didn't have any reaction at all? When such a person came to the house, not only did mom and dad not have any defense at all, they also doted on her."

"Mom and Dad have eaten more salt than you."

In other words, there is no need for you to worry about this little brat.

Feng Chan knew what he meant, but was still worried, "What Wen Yu said, there can't be a lie, right?"

Feng Xin was indifferent. "Who is Wen Yu?"

Feng Can: "....."

"Wen Yu is Tang Qianzhong's cousin ah, she often comes to the house as a guest, and even said hello to you, what kind of memory do you have."

"You know her well?" Feng string asked unsavourily.

This time, Feng Chan asked, frankly speaking, he actually did not have too deep friendship with Lin Wenyu, at most, he had never seen anything bad about her.

Feng string Xu said: "unknown right and wrong is led by the nose, no wonder parents worry about your future."

"I" Feng Chan looked bewildered.

Feng Xin recruited Samoyed and together they walked inside the house, leaving him alone in place to think about life.

Damn, every time I talk to his brother about something serious, I end up wondering about life!

His brother must be toxic!

-The

After taking a shower, Tang Qianzhong was lying on the tatami mats in the floating window, looking at a suspense comic book, but because he had something on his mind, he couldn't read much.

Turning his head, he could see the second floor bedroom window of the next building, which was lit up at the moment.

When she went in last night, the layout of the bathroom gave her a very strange feeling.

At that time, I could not say, now look from here, it will be clear.

Generally speaking, the design of the bathroom will focus on feng shui, will not face the door, otherwise it will affect the fortune, while his bathroom is facing the door of the room, although not the door, but the general public will be particularly taboo, especially the rich.

In addition, the general bathroom, the conditions are according to the window, convenient ventilation, but also more bright, while in his room, the bathroom is set in the middle of the wall that is attached to the next room.

It's too strange.

On closer inspection, the windows of the two rooms were spaced further apart than the other rooms in the location, as if there was a very thick wall between them.

There must be something fishy.

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 29: MOVING IN TOGETHER

Chapter 29

She made a decision right then and there.

Taking out her phone, she sent a message to Feng Xin-

This Saturday, we will arrange for you to meet.

After sending the message, she looked at the ceiling and tapped her fingers on the cover of the comic book one by one.

For a while, the other party did not reply.

She took off her weak hearing device.

Instantly, various sounds flooded her ears. After she distinguished them, she focused her attention on that room.

It was actually the sound of running water.

This person, in the shower ah.

No wonder there was no reply.

Just thinking about it, the phone vibrated.

[String: What's the request.

The sound of running water in the ear did not disappear.

The image of a man looking at his phone while showering naturally appeared in Tang Qianzhong's mind.

She subconsciously blocked out this image in her head and put the weak hearing aid back on.

[indistinct: I'm moving over to your side.

After this message was sent, the phone was quiet for at least fifteen seconds without vibrating.

That's when it moved--

[String: Reason.]

Tang Qianzhong frowned, then, directly dialed the phone out.

After two rings, it was connected, and the sound of pattering water came.

"Yes, or no?" She asked.

Then, came the man's light cough.

"I'm the only one living over here."

"Hmm."

"I'm a man."

"Well" Tang Qianzhong twisted a strand of hair, and a faint impatience radiated from her brow.

"Tang Qianzhao, I'm a normal man." He said.

The corners of the girl's mouth were lightly hooked, and a few hints of diffidence spilled out of her brows, just like her voice, lazy and charming: "Are you afraid I'll eat you, or are you afraid you won't be able to control yourself?"

The air seems to freeze in a second, the sound of dripping water constantly into the ear, slightly itchy.

A few seconds later, the sound of water at that end stopped, came the sound of the door opening, at the same time, also came Feng Xin indifferent voice: "Saturday morning before ten o'clock, I want to see Bai Mi."

"Okay." After responding, Tang Qianzhong hung up the phone.

This time, Feng Xin heard the beeping sound on the phone and snorted lightly, "Little girl."

In order to get close to him, really unscrupulous!

He put on his clothes, walked out of the bedroom and came inside the study.

Recently, because of the heavy business, Lao Yu was still in the study to help him organize the documents.

Feng Xin instructed him, "Tomorrow, vacate a room on the first floor for Tang Qianzhong to live."

Lao Yu straightened up in surprise, even as the freshly folded documents fell sparsely.

"Why does young master suddenly want to do this?"

Feng Xin sat down expressionlessly, browsing through the documents within the computer, and said softly, "This is her request."

Old Yu instantly remembered and tsked, "This child, why would she make such a request, it's too insignificant, it's the first time the young master has made a promise to someone."

Hearing the words "no weight", a cold cold light appeared in Feng Xin's eyes, glanced at Lao Yu, and then, very gently, said, "She has a crush on me, so it's normal to make such a request."

"Ah?" Old Yu was surprised again.

"This" he fell into thought.

Feng Xin looked at his half-hearted look and asked with a calm face, "Don't I deserve it?"

Old Yu smiled, "How could it be, I was just thinking, you are also 25 this year, this child likes a person so much older than himself, more or less a bit surprising."

Feng string eyes tightened, handsome handsome face covered with a thin layer of cold frost.

"Young master, then what do you have in mind?"

Feng Xin looked light: "Not interested."

The expectation in Lao Yu's eyes instantly fell short.

He thought the young master had become enlightened, this look, also does not look like telling lies, moreover, the young master has always disdained to lie.

If this continues, will his young master have to play a bachelor for the rest of his life?

"Young master, you see, this girl is quite beautiful want you to try?"

"Uncle Yu." Feng Xin lifted his clear, cold eyes.

"Hey?" Old Yu straightened.

"You're so shallow."

Old Yu sweated.

HIS WIFE IS THE REAL BIG BROTHER - CHAPTER 30 - PROFESSOR XU'S DISCIPLE

Chapter 30: Professor Xu's disciple

Tang Qianzhong drank a cup of water, the phone rang again, it was a call from Black Chicken.

"Boss, are you asleep yet?"

"Say something."

"Hey, good."

Black Chicken hurriedly said, "There is progress in the matter of the Lu family, the girl Lu Nailfish has a lot of history, and is actually Professor Xu's disciple."

Hearing this, Tang Qianzhong put down his cup, his expression serious, "sure?"

"One hundred percent sure, you still do not believe in the ability of those people, they find the information which can be wrong. It turns out that we had made a mistake in our investigation, and that's why we couldn't find Professor Xu's heir. Now, starting from the Lu family side, we found out that Lu Òfishing had followed Professor Xu for a few years and learned his skills."

Tang Qianzhong's mood that had been calm for many days had a slight fluctuation at this time, a bit of joy.

This Professor Xu was a colleague of her mother's before she was born, and one of the core personnel of that medical research project more than ten years ago.

This time to reorganize the medical research team, she and her mother want to find the previous people to study together, after all, we have done years of efforts before, is the most familiar with this drug.

If all replaced with new people, just to understand this drug, it will take a lot of time, more time-consuming.

Therefore, she has been looking for other members of the medical research team back then.

After the termination of the project, the personnel were scattered and not in contact for many years, so it will take some time to find them.

So far, only one person is willing to come back to help her, the others, either have long given up on medicine, or can not be found for the time being.

Professor Xu unfortunately died many years ago, they only know that he passed on his skills to a disciple, so they began to investigate from his relatives.

The first thing they did not expect was to find Lu Qifishing, who was not related to him in any way.

Things were getting interesting.

"The cause of Lu Qintian's death, have you found out clearly?" She asked.

"Not yet, but have found some clues, probably in two days there will be results."

"What else is going on?" She asked indifferently.

Black chicken stammered twice before saying, "After Lu's and we broke off cooperation, they cooperated with Yihuan Pharmaceutical."

Tang Qianzhong's eyes deepened.

Yihuan Pharmaceutical, one of the Tang family's industries.

"Boss, in fact, this time Lu not only broke cooperation with us, but also with several other Chinese enterprises, especially in the cooperation of precious raw materials, are only given to Yihuan, but Lu Qintian had repeatedly refused to cooperate with Yihuan before he was born, as if, he had a personal grudge with your father" "

"This is Lu Xinqing's personal decision?"

"Yes, tomorrow night, they also have to celebrate the matter with a banquet to officially sign the contract." Black Chicken said.

She chortled, "There's enough stupidity."

Black Chicken also laughed: "No, although this Lu's herbs in the pharmaceutical industry in general, but it grows out of the raw material industry few can compare, it has been relying on this advantage and a number of related enterprises, over the years, in this piece of profit is very considerable.

Yihuan Pharmaceutical is different, it is the leading domestic pharmaceutical head, only slightly lacking in the quality of raw materials, so, over the years has been trying to find ways to take Lu's. I can't imagine that Lu Qintian has been defending for so many years and ended up being pitted by his own daughter."

Tang Qianzhong pondered quietly, and after a few seconds, said, "Now go do one thing immediately, before dawn, to know the result."

"What is it, boss."
