

HIS WIFE IS THE REAL BIG BROTHER –

CHAPTER 6: DIDN'T COMPETE WITH HER

Chapter 6

The auction officially started.

Lin Wenyu followed her parents and sat in the first row, her eyes frequently looking over to the middle of the first row.

She couldn't hide her excitement: "Mom, that's Feng Xin! He's here too!"

Yun Ruyi also glanced over there and said with a smile, "I'll take you to talk to him after it's over."

Lin Wenyu nodded her head quickly, putting impatience on her face.

She had interacted with almost everyone in the Feng family, except for this second youngest, Feng Xin, whom she had not come into contact with.

In everyone's impression, this was a man who was extremely capable and haughty and indifferent, and would rarely give ordinary people a look.

She must seize this opportunity.

The first time she saw Tang Qianzhong sitting in the back row corner, she felt a strong sense of superiority.

The eyes also deliberately looked at the man next to Tang Qianzhong for a while, and suddenly disgusted.

The first lot soon came up, a landscape painting by a well-known contemporary painter.

The first round of competition was not intense, only three people bidding.

About seven or eight rounds later, a string of centuries-old Eastern pearl earrings came up, once used by the ancient royal family, and only the Empress Dowager could use, representing the power and status, worth a lot of money.

The starting price: three million.

As soon as Lin Wenyu listened to the introduction, she became extremely interested inside, but the price was still a bit high for her.

After considering it again and again, she decided to bite the bullet and give it to the old lady of the Tang family as a gift, or to make her stepfather's family feel good about her some more.

So, after the auctioneer finished his introduction, she immediately raised her sign: "Three million one hundred thousand!"

The auctioneer was about to speak when another voice suddenly rang out, "Five million."

Once this unhurried voice came out, everyone couldn't help but look at the bidder.

This price jumped so fast that it directly crushed the first competitor.

Lin Wenyu also twisted her head to look over, and her eyes glowed when she saw it was Feng Xin.

She had actually looked at an item at the same time as Feng Xin, which meant that their eyes were of the same high level.

She naturally wouldn't compete with Feng Xin, and was also very self-aware, so she didn't shout for more.

The ingratiating eyes looked over towards Feng Xin, expecting him to suddenly look over.

But he didn't turn, his indifferent eyes kept staring at the stage, without looking away.

At this time, another buyer bid: "Five and a half million."

Immediately after that, another buyer shouted, "Six million!"

In the next second, Lin Wenyu saw Feng Xin raise his card and lightly said, "Ten million."

In a flash, Lin Wenyu felt his heart beat, followed by a fluttering fluttering.

It's too handsome.

Although the price has been raised to this extent, but everyone present is not short of money, and soon there was a bid of ten million two million.

Seal string directly raised the price to twenty million.

Then the sound of competition died out all of a sudden.

Some people began to hesitate.

Not because of the lack of money, but in their hearts, the value of the eastern pearl earrings, there is a range, once beyond this range, there is no point in scrambling.

The auctioneer saw the situation and was ready to drop the hammer.

Just at this moment -

"Thirty million."

A faint female voice came from the corner, instantly stirring up a thousand waves in the lake of every heart.

The first surprise was the identity of this unfamiliar face, and the second surprise was that she actually had the guts to compete with the second youngest of the Feng family.

Just now those bidders, are highly respected big shots, and the Feng family competition is still justified, this girl who is?

When Lin Wenyu saw that the person who raised the card was really Tang Qianzhu, full of surprise immediately turned into funny.

Almost, laugh out loud.

She whispered to her mother: "Cousin is really ignorant, think the man she's gotten close to can just take out 30 million for her? I think she is treating the auction as a family affair, shame on her."

Yun Ruyi snorted: "A child from the mountains, how much insight can she have."

"The youngest string is sure to win this lot, she must have seen it, just shouting for fun, how can she have the money." Lin Wenyu immediately looked back in Feng Xin's direction, expecting him to raise his card.

When everyone was expecting him to raise his card to compete, his hand, however, was slow to do so.

It was not until the auctioneer dropped the hammer that everyone reacted.

Lin Wenyu was shocked and puzzled, Tang Qianzhu actually got it?

Why didn't Feng Xin compete with her?

While she was puzzled, she suddenly gloated, now, let's see how Tang Qianzhu will pay!

She turned around and stared at Tang Qianzhu, expecting to see her look of surprise and helplessness.

But she didn't see anything.

Tang Qianzhuo still looks calm and unruffled, as if the person who just shouted 30 million was not her.

Moreover, the man beside her was not anxious at all, and did not scold her at all.

What's going on?

The other side.

The assistant glanced at Feng Xin and couldn't help but ask: "Young master, didn't you say that madam really liked these earrings and wanted to give them to her? Why did you suddenly give up?"

The first thing you need to do is to get the earrings, and you can't get it.

The boss gave him a faint glance and did not respond.

The assistant silently closed his mouth.
