

Bigoted 131

Chapter 131: Just A Word of Praise

Fu Tingyu straightened up. Boss's eyes darted around before he slipped away, brushing against Fu Tingyu's legs.

Fu Tingyu didn't bother with Boss. His dark eyes landed on the post-it. There was a poem written on it.

In death or life, we are separated and far apart,

With you, I made an agreement.

I grasped your hand,

Together with you, I was to grow old.

—Qin Shu

His gaze was fixed on Qin Shu's name. The handwriting and the signature all pointed to the fact that Babe had written this.

He suddenly remembered the sticky spot on his computer screen last night. Such sticky spots would appear when post-its were pasted on that spot for a long time.

This post-it could also have been pasted on the computer.

Then, could this poem have been written for him?

Fu Tingyu's pitch-black eyes shone with a strange light because of his excitement.

But he quickly suppressed the excitement in his heart.

How did the post-it get on the cat?

If the post-it was stuck on the computer, would a cat be able to get it down so coincidentally?

So it was also possible that the note wasn't for him...

His dark eyes darkened, and he folded the note and went into the walk-in wardrobe.

—

—

Meanwhile, Qin Shu woke up. She stretched lazily before getting up from the bed energetically before going to the bathroom to wash up.

It only took her a few minutes to brush her teeth and wash her face.

After coming out, she sat in front of the dressing table and put on some moisturizer.

No matter how hot the weather was, moisturizing was essential.

After doing all this, she walked into the walk-in wardrobe and got changed. Then, she rushed downstairs with her schoolbag.

In the dining room-

Fu Tingyu was already seated at the dining table which was filled with exquisite breakfast dishes and porridge.

Qin Shu walked over and placed her bag on the chair beside her. She sat down and put her chopsticks into the steamer basket. She picked up an exquisite soup dumpling and took a bite out of it.

Fu Tingyu looked up at the girl. The pink note was in the breast pocket of his suit. He thought of the poem written on it and opened his mouth. However, he did not manage to ask her about it in the end.

Qin Shu glanced at Fu Tingyu who was seated across her as she chewed on her soup dumpling. Fu Tingyu had already looked away.

The man was still the same as usual.

Why didn't he give any reaction?

He could just say that it was a good poem.

Qin Shu did not receive any reaction from the man even after breakfast had ended.

"I'll go to school first."

Qin Shu carried her bag and walked out of the villa with some disappointment.

Fu Tingyu raised his eyes and watched the girl's figure disappear at the entrance. His eyes darkened.

If the poem on the post-it was addressed to him, Babe would have asked him about it.

But she didn't even ask him about it and had just left like that.

—

—

Qin Shu was still thinking about the poem even after she had gotten into Fu Tingyan's Lamborghini. Fu Tingyu's reaction was a little abnormal.

Knowing the man, he should not be so calm about this.

Could it be that Wang Ma had gone in suddenly to clean and had torn up and thrown the note into the trash can?

Wang Ma was illiterate. That was possible.

Qin Shu opened the door to get out of the car at the usual spot and left straight away.

Fu Tingyan stared at Qin Shu's back as she walked away. She had been distracted throughout the ride to school. Was she worried that she did not do well for the mock exam?

There was a bet between them. He could tell whether Qin Shu could enter Imperial College from her mock exam scores.

He was looking forward to the mock exam results this time too.

—

—

“Qin Ya, you are finally willing to take off your mask.”

“You look better without a mask.”

“I have recovered from my cold so I don’t need to wear a mask anymore, of course.” The makeup on Qin Ya’s face was exquisite and she outshone the girls standing in front of her.

Chapter 132: A Pleasant Surprise

Qin Shu had just made a turn after walking up the stairs when she heard Qin Ya’s proud voice.

She took a step forward and saw Qin Ya’s exquisite makeup. It should be considered light makeup. One could not tell that she was wearing makeup from afar.

She had only just recovered and she couldn’t wait to show everyone her face.

When Qin Ya turned around and saw Qin Shu, she immediately walked over with a smile.

“Sister, look, my face has healed.” Qin Ya pointed at her own face for Qin Shu to see.

Qin Shu glanced at Qin Ya indifferently and sneered to herself. “Since you’ve recovered, you should be more careful. Otherwise, you won’t be so lucky if your face is disfigured again.”

“Of course, I will definitely take care.”

Qin Ya remembered that the results of the mock exam were going to be released today. The corners of her mouth lifted into a gloating smile. “Those who do not do well for the mock exam have to clean up the field. You’re so unlucky, Sister. You have to clean the field on such a hot day. I really don’t know what the school is thinking.”

Qin Shu took in Qin Ya’s hypocritical smile. “If you didn’t do well in the exam, you are really unlucky.”

“Sister, don’t be sad. Anyway, there will still be a lot of people accompanying you. I shall go back to the classroom now.”

When Qin Ya turned around and left, the gloating look in her eyes grew even more intense. She would be in the top ten in the school, while Qin Shu would be in the bottom ten.

Qin Shu glanced at Qin Ya’s back indifferently. Perhaps she didn’t know that pride would not bring just disappointment but also embarrassment.

Qin Shu looked away and walked into her classroom.

After she sat down and put her bag away, she took out her laptop and placed it on her lap.

Ye Xue, who was seated at the side, looked at Qin Shu. She did not seem to be nervous at all even though the mock exam results were to be released today.

“Qin Shu, the mock exam results will be released today. You will be able to tell how capable you are.” She said softly.

“Yes, I know.” Qin Shu’s voice was indifferent.

“I’m afraid I won’t be able to get in.” Ye Xue lowered her eyes. If she did not manage to get into university, she would have to go to work.

Qin Shu tilted her head to look at Ye Xue, the corners of her lips lifting. “Your results are average. You still have half a month. There’s still time for revision.”

“... But, it’s only half a month.”

“I can help you revise and help you guess which questions will come up in the exam.”

Ye Xue looked at Qin Shu in disbelief.

Qin Shu knew why Ye Xue had looked at her like that. It was because her results were even worse than Ye Xue’s previously.

She didn’t explain herself. Instead, she put on her Bluetooth headset.

She turned on the computer and stared at the bright screen. Her slender fingers tapped on the keyboard.

He should have reached the office by now.

She thought for a moment, then tapped on the keyboard with her fingers and quickly entered the code.

Fu Tingyu’s computer firewall was stronger than any defense.

But breaching it was not considered a difficult task for her.

Ye Xue glanced curiously at the laptop on Qin Shu’s lap. She watched Qin Shu’s hands tapping on the keyboard. They moved so fast that it was dizzying.

Qin Shu looked at the computer screen. She had managed to get it at just the right spot.

She used Photoshop to create a simple letter. She typed in the poem she wrote last night and sent it over.

Meanwhile,

At Fu Enterprise-

Fu Tingyu sat in front of his dark brown desk. He held the pink note with his long fingers while switching on the computer with his other hand.

He glanced at the computer screen with his pitch-black eyes and tapped on the keyboard to enter his password. A pink letter appeared on his computer screen less than a second later.

Fu Tingyu's eyes widened. Before he could call Shi Yan over to deal with it, the pink letter suddenly opened by itself, sprinkling the screen with pink petals.

He was stunned when he read the contents of the letter.

Chapter 133: How Could Hers Not Be In There?

The screen was filled with pink petals, looking as if there was a shower of petals. This lasted for ten seconds before it stopped.

In death or life we are separated and far apart.

With you I made an agreement.

I grasped your hand,

Together with you I was to grow old.

— Qin Shu

Fu Tingyu stared at the poem on the pink letter. His heart, which had been as calm as a lake was suddenly stirred up. He could not calm down even after a long while.

He read the letter over and over again.

The poem on the letter was the same as the poem on the post-it note.

After the initial excitement, a complicated look surged into his pitch-black eyes.

There was joy, but also shock.

This was from Babe?

She quickly gave Fu Tingyu an answer just as he was feeling puzzled.

The pink letter folded itself and words appeared on the cover, one after another, forming a sentence.

“To my dear husband”

Fu Tingyu stared at the four words on the pink letterhead and looked at them for quite a while.

—

—

And at the same time,

Qin Shu stared at the computer screen. Her pale fingers typed the last word before she slowly moved her hands away.

She really had gone all out to make him happy.

How was she going to explain how she had managed to send the letter? t

She couldn't admit to hacking.

Because her teacher had instructed her not to reveal her skills before he had left.

Qin Shu quietly closed her laptop and stuffed it into her desk. She propped her elbow on the desk and rested her chin on her palm as she started to think.

There was an old saying that was true. People in love would always act without thinking about the consequences.

But Fu Tingyu would definitely be happy.

Ye Xue saw Qin Shu resting her chin on her hand in a daze and couldn't help but ask, "Qin Shu, are you unhappy?"

Qin Shu turned her head to look at Ye Xue. "I'm very happy."

She was happy if Fu Tingyu was happy.

Ye Xue looked at her with a puzzled expression. "Why are you in a daze when you're happy?"

Qin Shu glanced at Ye Xue's body and asked instead of answering, "Have you lost weight in the past two days?"

"I've lost two kilograms." Ye Xue's sounded a little excited.

Qin Shu looked at Ye Xue quietly and told her mercilessly, "A person's weight would hover up and down around two kilograms. If you drink less water and eat less rice, it's normal to lose two kilograms. You can't consider that weight loss."

"I thought I'd lost weight." Ye Xue lowered her head in disappointment.

"You don't have to eat less on purpose. Exercise more. It's best not to eat snacks and food that are high in calories."

Ye Xue nodded. "Okay."

~

The mock exam papers were treated the same as the college entrance exam papers. The name column was sealed.

After the results were released, the teacher would announce the answers right after class started.

The students were also looking forward to this mock exam because they would be entering the real battlefield after this. Whether or not they would be able to return triumphantly would depend on their own abilities.

The form teacher walked into the classroom and stood on the podium. She looked a little upset.

When the students saw that the form teacher's expression was a little dark, they did not dare to make a sound. They guessed that the class' collective results were bad this time.

The form teacher's expression was dark as she handed out the test papers one by one, calling out the names of the students and their scores.

There were students who were pleased with their results and there were those who were not when they received their test papers.

“The overall results and ranking for this mock exam will be pasted on the noticeboard. Students can go and take a look at it after class.”

The form teacher picked up her copy of the test paper. “Now, let’s take a look at the answers.”

Ye Xue looked at Qin Shu’s empty desk in confusion. She could not help but ask, “I don’t think you got your test paper?”

Qin Shu frowned and looked at the podium. “Miss, where’s my test paper?”

The entire class looked at Qin Shu when they heard that. There were some who were puzzled, and some who were gloating.

Fu Tingyan was also curious about Qin Shu’s score, but he didn’t hear the form teacher report her score. He had just been wondering about it when he heard Qin Shu’s question.

Chapter 134: An Incredible Discovery

Fu Tingyan turned his head to look at Qin Shu. She sat up straight behind her desk and seemed relatively calm.

The form teacher raised her head to look at Qin Shu. “I’ve already handed out all the test papers. How can you not have received yours?”

Qin Shu’s voice was very cold. “I didn’t get my test paper. Shouldn’t I be asking you that?”

Being questioned in front of the entire class made the form teacher feel very embarrassed, just like last time. “Perhaps you deliberately didn’t hand in the test papers to avoid cleaning the field. And you’re questioning me now?”

Before Qin Shu could speak, Fu Tingyan’s slender figure suddenly stood up and said in a firm voice, “I saw Qin Shu hand in her test paper with my own eyes.”

As soon as Fu Tingyan finished his words, the students who were still looking at Qin Shu as if she were a joke turned their eyes to Fu Tingyan, the class monitor and school bully who didn’t like to meddle in other people’s business.

“This is the third time the class monitor has helped Qin Shu, right? Why do I have a bad feeling about this?”

“Don’t say that the class monitor has taken a fancy to Qin Shu. I won’t believe it even if you beat me to death.”

“Maybe the class monitor just happened to see Qin Shu hand in her test paper, so he...”

The other students quickly rejected that conjecture. “The class monitor would rather sleep than meddle in other people’s business, okay?”

The students were all rendered speechless

They seemed to have discovered something extraordinary...

Jiang Yu looked at Tiingyan who had stood up suddenly. His eyes were full of doubt.

The form teacher had not expected Fu Tingyan to speak up. She replied guiltily, "Perhaps there were too many test papers. It's also possible that they were lost. The teachers had all worked overtime to mark those test papers."

Qin Shu sneered, "Even if the test papers were lost, you should know what my total score is, right?"

"How would I know? There are so many students in the class. How would I remember?" The form teacher said, holding back her temper.

Qin Shu looked at the teacher for several seconds. "Since you do not know, then I shall wait for the test papers for other subjects."

The form teacher glanced at Qin Shu, feeling a little upset. She continued to class with a sullen face.

—

—

Physics class-

The physics teacher also handed out the exam papers by calling out the student's name and score.

Qin Shu did not receive her exam papers again.

Qin Shu was puzzled and she asked the physics teacher, "Teacher, where is my test paper?"

The physics teacher had just picked up his copy of the test papers when he heard this. He looked up and looked at Qin Shu in puzzlement. "What's the matter? Didn't you get your test paper?"

Qin Shu shook her head. "No."

The physics teacher thought for a moment and said, "I'll go back to the office to look for it after class. I might have dropped them somewhere."

Qin Shu nodded. "Okay."

The doubts in her heart grew heavier and heavier.

After that, they had Chinese and English classes.

Qin Shu did not get any of her test papers back in those classes either.

The teachers all gave the same answer. They will go back to the office to look for it. There might have been too many sets of exam papers that they must have left it behind.

After class, the students ran out of the classroom one after another. They went to the school bulletin board to see who was in the top 500 or to see if they had made the list.

There was almost no one left in the classroom.

Ye Xue couldn't help but say, "Qin Shu, I feel that something is wrong. Why is your paper the only one that went missing? And it's not just one subject, but for several subjects."

"Yeah."

Qin Shu felt that someone had done that on purpose. Otherwise, why was she the only one who didn't receive her test papers?

The crux of the issue was that it was very strange that she had not received her test papers for several subjects.

"Qin Shu, don't worry. They might really have dropped the papers somewhere," Ye Xue comforted her.

Qin Shu gave her a comforting look. "Alright, let's go and see who's on the list."

Ye Xue nodded vigorously. "Okay."

Qin Shu and Ye Xue walked out of the classroom one after another.

Fu Tingyan looked at Qin Shu's back as she left. He was also very puzzled. Where had her test papers gone?

Chapter 135: Unexpected

Meanwhile, in front of the teaching building, on the bulletin board.

When Qin Shu and Ye Xue arrived, students had already surrounded the bulletin board, crowding around it.

Ye Xue was only 1.62 meters tall. She was considered short among the girls who were 1.68 meters tall and above 1.7 meters.

There were also a bunch of tall boys who stood in front of the board as if they were a wall. Qin Shu and Ye Xue couldn't see the board at all.

Ye Xue tugged at Qin Shu's sleeve with her chubby hands and said softly, "There are so many people. Why don't we come back later to look at the board?"

Qin Shu turned to look at Ye Xue. A glint of light flashed in his eyes. "Do you dare to yell something out loud?"

Ye Xue was stunned. "What should I yell?"

Qin Shu held back her laughter and said, "Just scream out loud that Young Master Fu Tingyan and Young Master Jiang are playing basketball."

"What?" Ye Xue's face turned red. She was too shy to scream out loud.

Qin Shu goaded her on, "You can't even do such a simple thing. Why would you talk about changing yourself?"

Ye Xue bit her lip. "I'll give it a try?"

Qin Shu reminded her, "Remember to shout loudly."

“Okay.”

Ye Xue nodded, blushing heavily. Then, she walked ahead and stopped behind a big tree.

She rehearsed what she was going to say in her heart several times.

Then, she closed her eyes and shouted without care.

“Young Master Fu and Young Master Jiang have gone to the basketball court to play basketball.”

At this moment, Fu Tingyan and Jiang Yu emerged from the stairway. They heard what Ye Xue had said and thought that her voice sounded pretty nice.

Jiang Yu’s looked behind the tree curiously... He had forgotten the full name of the little fatty named something Xue.

“Tingyan, we are standing right here. What does she mean by shouting that?”

Fu Tingyan looked at Ye Xue with a hint of doubt in his eyes.

Just as they were wondering, the female students who had been looking at the results list on the bulletin board ran toward the basketball court like a gust of wind.

Jiang Yu, “...”

Fu Tingyan, “...”

They seemed to have understood something...

At this moment, a male voice sounded. “Mo Feifei and Qin Ya went to the lake at the back of the school.”

The scene from earlier repeated once more. The male students were like a gust of wind as they ran towards the lake at the back of the school at a very fast speed.

Jiang Yu, “...”

Fu Tingyan, “...”

Who was the guy who had shouted that?

—

—

Ye Xue waited for the others to leave before running over. She looked at Qin Shu in disbelief.

“Did you shout that just now?”

“Yeah, don’t ask so many questions. Let’s go and see the rankings.”

Qin Shu pulled Ye Xue towards the bulletin board.

Ye Xue followed her with confusion.

There was no one standing in front of the bulletin board anymore.

Qin Shu started from the first place. Fu Tingyan had always been in first place, and this time was no exception.

She looked at the second name.

Xia Yihua was in second place?

Jiang Yu who had always been in second place was ranked third this time?

Given Xia Yihua's capabilities, even getting into the top ten would be a little difficult for her.

Qin Shu didn't continue looking downwards. She only looked at the top three and a trace of doubt flashed in her eyes.

Ye Xue whispered, "Jiang Yu has always been ranked second but he's ranked third."

"What's your ranking?" Qin Shu started to look for Ye Xue's name.

"I haven't looked at it yet." Ye Xue also started to look for her name.

Fu Tingyan and Jiang Yu were standing behind Qin Shu and Ye Xue. They had heard their conversation just now.

Jiang Yu glanced at the top three names on the board. "The people who will compete with the neighboring school in the friendly competition have been decided."

Fu Tingyan's gaze looked at the top three names. A trace of doubt flashed across his eyes. He pursed his lips.

Ye Xue's stiffened as soon as Jiang Yu finished speaking. She had not expected Jiang Yu to come to look at the ranking, much less at this time. She did not even have the courage to turn around.

Chapter 136: The Real Results

Qin Shu turned her head and glanced at Jiang Yu as well as Fu Tingyan who was standing beside him.

Her attention had been on the rankings just now, so she had not noticed them walking over.

But, they have actually come to look at the bulletin board?

Fu Tingyan glanced at Qin Shu and did not say anything.

Jiang Yu glanced at Qin Shu. He didn't understand why Tingyan had helped her again and again.

Then, he looked at the little fatty in front of him. His well-defined fingers tugged at her ponytail. His voice was very casual as he asked "Why did you say that Tingyan and I had gone to play basketball?"

Ye Xue's face turned red. She lowered her head even further. She was extremely nervous. Why did he have to hear that?

What should she do? What should she do?

Seeing that she was not speaking, Jiang Yu tugged at her ponytail again. "Hey, I'm asking you a question."

"Qin Shu, I'm going back first." Ye Xue ran away with a red face.

"... Am I that scary?"

Jiang Yu looked at the little fatty's departing figure, but his words were directed at Fu Tingyan.

Fu Tingyan, "..."

Qin Shu glanced at Jiang Yu and went to chase after Ye Xue.

Jiang Yu retracted his gaze and looked at Fu Tingyan. His voice was filled with doubt. "Oh right, why did you testify for Qin Shu?"

"The test papers will not disappear for no reason. And it happened more than once." Fu Tingyan answered concisely.

Jiang Yu nodded thoughtfully and looked at the list of names on the bulletin board. "Tsk, Xia Yihua actually got second place?"

Fu Tingyan turned to look at the bulletin board. He was also doubtful about how Xia Yihua had managed to improve so quickly and by so much

—

—

"Yihua, you will be able to see Han Xiao in the name of the friendly match the day after tomorrow. Are you excited?"

"Yihua is the best. She managed to take second place in such a short time. That's why she got this rare opportunity."

Xia Yihua did not care about being in second place at all. What she cared about was that she would be able to see Han Xiao up close.

She felt a little excited just thinking about it.

Qin Shu heard their conversation as she walked up the stairs. She walked straight past them.

Xia Yihua did not dare to look for Qin Shu again after what had happened the last time. She was afraid that she would suffer once more.

As such, she just glared at Qin Shu when Qin Shu walked past her, feeling very pleased with herself.

—

—

The teachers went back to the office and looked around but they could not find Qin Shu's test papers.

Qin Shu was even more confused.

She did not believe that the test papers could go missing just like that.

Someone must have hidden it on purpose, or...

Qin Shu rested her chin on one hand and fell into deep thought.

After thinking for a long time, she took out her laptop from the desk, put it on her lap, and opened it. Her fair fingers skillfully tapped on the keyboard and entered a series of codes.

The names on the test papers were sealed. Even the teachers who marked the papers did not know who the papers belonged to.

After grading the papers, the teachers would tally up the scores and record them in a file.

Even if the papers were later taken away or discarded, the scores should have been recorded before that.

After a while, Qin Shu found the score sheet for the mock exam.

Qin Shu looked through the score sheet but she couldn't find her scores.

She thought for a while and restored the deleted files.

There was another score sheet, just as she had expected.

The result was a little unexpected.

Her total score indicated that she was first in her year but her record had been deleted.

Even if they had thought that she couldn't get such a high score, they wouldn't delete the record and even hide her exam papers, would they?

Something fishy was going on.

She suddenly recalled the conversation she had heard in the corridor today.

Her bright eyes sparkled and she looked through the top 20 on the list again. She had an epiphany when she saw Xia Yihua's name in the 18th place.

Chapter 137: Apologize Before Everyone

Qin Shu sent the deleted data and the data that had been published straight to the principal's email, stating that she wanted a satisfactory answer in an hour or the principal would have to bear the consequences.

Qin Shu took care of these and left the rest to the principal. She just needed to wait for the results.

At the same time, in the principal's office-

The principal looked at the contents of Qin Shu's email and frowned. Shock and doubt flashed in his eyes.

He looked at the last sentence, which was very threatening. The principal felt a chill run down his spine.

He hurriedly called the teacher in charge of class 305 and the teachers in charge of the mock exam.

The teachers rushed over in less than five minutes and stood in front of the principal's desk.

Perhaps it was because they felt guilty, but they did not dare to look at the principal in the eye.

The form teacher asked doubtfully, "Sir, why did you ask us to come?"

The principal glanced coldly at the people in front of him. These people had almost gotten him into trouble.

He turned the computer to them. "Take a look for yourself."

He moved the two sets of data from the mailbox to his desktop in advance so that they could take a good look.

The form teacher and the other teachers who had been in charge of the mock exam gathered around. Their faces paled when they saw the data on the screen.

What was going on?

Hadn't they deleted the data?

How could it still be there?

The principal looked at the people in front of him coldly and said in a cold voice, "You all know what you've done. You're considered old people. This matter has a great impact."

Of course, the few of them knew what they had done.

When the results were first being tabulated, Xia Yihua had suddenly looked for them and asked who was in the top three.

They knew Xia Yihua's background, so they told her about the top three.

Xia Yihua was jealous when she heard that Qin Shu was in first place because that meant that Qin Shu would be able to attend the friendly competition.

As such, she used her status to pressure them to make her second place.

The form teacher had been bribed by Xia Yihua. She also did not like Qin Shu, so she had agreed.

She was the one who had stolen the test papers for the other subjects and had hidden them.

The few of them looked at each other. The form teacher asked carefully, "Principal, what do you think we should do?"

The headmaster was angry, but the most important thing to do right now was to solve the problem.

"Put the real scores on the bulletin board, and then, apologize to Qin Shu in front of the students and return her test papers."

Make a public apology in front of all the students? The teachers all hesitated, "Sir..."

The principal said coldly, "Resign if you can't do that."

The form teacher and the others could not say anything but nod in agreement.

—

—

Ten minutes later-

A new sheet of paper announcing the mock test results ranking was stuck on the bulletin board.

A lot of students gathered around the board curiously to see what had happened.

“Is this real? Qin Shu managed to score five more marks than Tingyan and is in first place?”

“Wasn’t Xia Yihua in second place? How did she drop to eighteen all of a sudden?”

“Look, it says that the data posted on the bulletin this morning was wrong. This is the correct one.”

Then, a woman’s voice came from the school’s broadcast system.

“I am the teacher in charge of Class 305. I would like to apologize to my student, Qin Shu. She has done very well for the exam and she came in first place in the entire grade. Her exam papers were lost because of us...”

Fu Tingyan, who was lying on the table with his eyes closed, suddenly opened his narrow eyes when he heard the broadcast. His eyes were filled with unconcealable surprise.

Chapter 138: She’s One Upped You

Jiang Yu was stunned for a few seconds when he heard that Qin Shu was in first place. He stretched out his hand in disbelief and patted Fu Tingyan, who was still sleeping on the table.

“Tingyan, stop sleeping. Someone’s managed to one-up you.”

Fu Tingyan tilted his head and looked at Jiang Yu coldly.

Jiang Yu felt a chill down his spine and hurriedly corrected himself, “I said it wrong. I mean, Qin Shu stole your first place.”

Fu Tingyan said, “I have ears.”

Jiang Yu asked in puzzlement, “Then why didn’t you react at all?”

Fu Tingyan slowly sat up straight, his well-defined fingers combing through his fringe. “Would that work? Would I be able to get first place back?”

“It’s just that Qin Shu’s results have improved by leaps and bounds. It’s a little too outrageous. Did she cheat?” Jiang Yu guessed.

Fu Tingyan shook his head. “No.”

He had sat next to Qin Shu. If she had cheated, he would have been able to tell at a glance.

She hadn’t cheated, but her results had improved by leaps and bounds... It was indeed unbelievable.

Oh?

How could Tingyan be so sure that Qin Shu hadn't cheated?

—

The students looked at Qin Shu in disbelief.

Although they were curious how Qin Shu's results had actually surpassed the class monitor's, they only dared to whisper about it because their class monitor was seated behind them.

"How could Qin Shu possibly get first place? It's impossible for her to even get into the top ten of the class."

"Even the class monitor is certain that she had not cheated. That means that her results are real."

"The class monitor spoke up for her again? How many times has he helped Qin Shu?"

"... Uh!"

"Right, how could the school get the data wrong? They actually made such a low-level mistake?"

"Doesn't Xia Yihua like Han Xiao? She comes from a powerful background. Is there anything that she can't do?"

"Qin Shu's test papers disappeared for no reason. Maybe it's to destroy the evidence?"

Hearing this, everyone nodded in agreement.

—

Ye Xue grabbed Qin Shu's hand. She was so excited that her voice trembled. "Qin Shu, you got first place. That's amazing."

Qin Shu only smiled and didn't say anything.

"You are sure to get into Imperial College with these scores. I have to work hard to get into Imperial College and be your schoolmate."

Qin Shu's improvement was like a ray of light, giving Ye Xue more motivation to work hard.

Seeing Ye Xue's fighting spirit, Qin Shu smiled and encouraged her, "Do your best. You can do it too."

Ye Xue nodded heavily. "I will."

Meanwhile, in the class next door-

When Xia Yihua heard the broadcast, she knew that what she had done had been exposed. Her expression looked extremely ugly at that moment.

Not only had she become a joke in the school, she had lost the chance to compete in the friendly competition with the neighboring school.

She had lost the chance that she had received after much difficulty just like that.

Xia Yihua was so angry that she pushed her newly bought stationery from the desk and threw them on the floor to vent her anger.

Xia Yihua's lackeys looked at each other and did not dare to go forward to comfort her. However, they knew what was going on in their hearts.

Qin Ya, who was seated in front, was stunned. That idiot Qin Shu got first place?

A lousy student who had failed to get into university after repeating her senior year twice, got first place?

How, how was that possible?

—

After class

Qin Shu carried her school bag and walked out of the school gate as fast as she could because she wanted to tell Fu Tingyu her results as soon as she could.

When she reached the usual spot, she didn't see Fu Tingyan's car, but saw a familiar car parked by the roadside.

Shi Yan saw Qin Shu coming. He got out of the driver's seat, opened the back door, and waited for Qin Shu.

The corners of Qin Shu's lips lifted. She held on tightly to her schoolbag straps and jogged to the car before getting into it.

Shi Yan closed the car door, got into the driver's seat, started the engine, and pulled away.

Chapter 139: Sir's Limitless Love

Fu Tingyu sat there straight and tall with his long legs crossed and one hand propping up his chin. Even if he didn't say anything, he was still surrounded by a powerful aura and looked aloof.

He looked at her with his pitch-black eyes.

He had been a little impatient to see the girl from the moment he saw the pink letter.

He liked the meaning of the poem.

The girl's special way of showing him the poem made him even happier.

He could ignore the authenticity of everything when he was happy.

Qin Shu put her schoolbag aside and looked up into the man's deep-set eyes. She felt a little guilty for some reason.

The man had taken the time to pick her up. Could it be because of the pink letter in the morning?

Fu Tingyu stared at the girl with his deep-set eyes and asked in a deep voice, "How did you do it?"

There was a password set on his computer. An ordinary person would not be able to get past his firewall and hack into his computer.

But his Babe had managed to do it.

No wonder he saw a laptop in her bag the last time. It was small and light and was easy to carry around. If he was not mistaken, that laptop was a limited edition SLM. Not only was it equipped with high-end hardware, but it also would not be affected even by slower internet speed.

Qin Shu felt a headache coming.

What was meant to happen would happen. She could not escape.

How should she explain it?

She thought for a while and explained, "I used to learn programming. I just wanted to test and show off my skills this morning. And the password you set..." It was her birthday.

She had just happened to enter the room when Fu Tingyu entered the password. It was truly a coincidence.

Qin Shu didn't finish her sentence and immediately asked, "Do you not like it? I promise I won't hack into your computer next time."

Fu Tingyu stared at her for a few seconds. "I liked it very much. The design of the letter was very unique."

Especially in the end, when the letter folded into itself. He had been overjoyed by the words that had suddenly appeared.

"I'm glad you like it." Qin Shu heaved a sigh of relief.

Fu Tingyu continued, "You can hack into my computer anytime you like."

Qin Shu was stunned. Hack into his computer anytime he liked?

Everything in his computer was confidential.

Didn't that mean that he completely trusted her and wasn't worried that she would steal confidential documents or information?

Any leak would cause a great loss to the Fu Corporation.

After being stunned for a moment, she couldn't help but ask, "Why do you trust me that much?"

Fu Tingyu replied, "Because you are my woman."

Qin Shu was stunned again. He had trusted her completely just because she was his woman?

She suddenly remembered that her mother. She had trusted Qin Hai too much and allowed Qin Hai to take care of everything in the company.

Meanwhile, she often went on business trips to discuss collaborations with other companies.

She bore the burden of having to make business connections.

Qin Hai did not just sit back and reap the fruits her mother had sown. He had even gotten a mistress and even had an illegitimate daughter.

After the unexpected death of Qin Shu's mother, the company's performance gradually declined since Qin Hai's ability was far inferior to her mother's. This led to the current awkward situation.

Therefore, sometimes, trusting someone too much might end up hurting oneself.

However, she would not let Fu Tingyu down.

And she would not betray him.

Qin Shu was touched that Fu Tingyu trusted her so much. That was because trusting someone meant handing yourself over completely without holding back to that person.

"The results of the mock exam are out. You promised me a reward. Don't go back on your word."

When Qin Shu smiled, she revealed her two white canine teeth.

Chapter 140: He Chose His Wife

Fu Tingyu looked at her bright right canine teeth with dark eyes. She hadn't prepared the surprise this morning to please him because she had done poorly on the exam?

It did not seem like it judging by her tone.

It made him a little curious.

"When have I ever broken my promise to you?" The man's voice was deep and powerful.

The corners of Qin Shu's mouth curled up. "I got first place. Does that count as good?"

Fu Tingyu's eyes froze. "First place in class?"

No, the girl and his younger brother were...

Before Fu Tingyu could finish his thought, he heard her say, "First place in the entire grade. I stole your younger brother's position."

Qin Shu's smile revealed her two little canines.

Fu Tingyu was stunned as he looked at her bright eyes. There was a confident look in her eyes. How long had it been since he last saw that?

After being stunned for a while, he said two words, "Very good."

When Qin Shu heard these two words, she couldn't help but laugh out loud.

His wife had stolen his brother's position and he had actually said it was very good.

If Fu Tingyan were to know about this, he would be heartbroken, right?

Fu Tingyu asked in confusion, "What are you laughing at?"

Qin Shu stopped laughing. "Your younger brother's first place is gone."

Fu Tingyu laughed softly. "So What? Getting first place depends on one's ability."

Qin Shu blinked. She understood what he meant. What he meant was that his wife had gotten first place based on ability. So what if his brother was a straight-a student?

“Then will you teach me how to play the piano?”

Fu Tingyu nodded. “Yes.”

“Then will you start teaching me tonight?”

“Okay.”

Shi Yan, who was driving, heard that Qin Shu had managed to hack into Sir’s computer and he broke out in cold sweat.

Sir’s computer had a lot of confidential documents, archives, and other important information.

Although they were all encrypted, there was a risk of them being stolen.

But Sir did not care.

Shi Yan was frightened and then surprised.

Qin Shu got first place in the whole grade?

A student who had repeated senior year twice and often skipped class managed to get first place?

Young Master Tingyan must be feeling upset.

Bright Garden

After dinner-

Qin Shu followed Fu Tingyu to the third floor.

When he reached the door of the room, Fu Tingyu stopped and reached out for the doorknob. He pushed the door open, revealing the piano in the room.

A maid would come up to clean this piano room every day and ventilate it properly.

There were two chairs in front of the piano.

The maid had prepared them in advance before dinner.

Fu Tingyu’s slender figure walked to the piano and sat on one of the chairs.

Qin Shu strode over and sat down beside him. She looked at the black and white piano keys in front of her and asked, “Can you play a song for me first?”

“Sure.”

Fu Tingyu had not played the piano for a long time. He was happy that Babe wanted to hear him play.

Fu Tingyu's slender fingers touched the black and white keys. After thinking for a moment, he began to play.

Qin Shu looked at Fu Tingyu, who was playing the piano. He was very different from usual.

He looked elegant, looking like a gentle and polite gentleman. The ruthless air about him seemed to disappear along with the rhythm between his fingers.

Qin Shu listened for a while. Just like in her previous life, she did not know the name of the song.

Although it sounded nice, she could hear the emotions expressed by the melody. It was like the protagonist in the song was obsessed with something.

There seemed to be a subtle sadness hidden in it.

When the last note rang, Qin Shu couldn't help but ask, "What's the name of this song? I don't think I've heard it before."

She did not ask him in her previous life.
