### Chapter 251: You Are the Only Treasure I Can Show Off

After the man calmed down, Qin Shu left. She looked at the man in front of her and said, "You are the only treasure I can show off. It's just that..."

Fu Tingyu was shocked when he heard that. His deep eyes were locked on her. His voice was a little anxious. "Just what?"

Ding

At that moment, the elevator door opened.

Qin Shu glanced behind the man. There was no one outside the elevator, but that didn't mean that no one would be passing by later. She reminded him softly, "We'll talk about it later. Let's go out first."

Fu Tingyu stood up straight and put the glasses back on the girl.

The two of them walked out of the elevator one after another, and then walked into the office side by side.

Today, there were three young masters from the Fu family studying in the company. In order to let them study like ordinary employees, there were no special instructions.

But everyone in the company knew that the three young masters were of noble status.

Shi Yan took the three young masters, Fu Tingyan, Fu Tinghao, and Fu Tingxi, to the relevant departments. After explaining the situation, he let the managers of each department take them.

Even though it was called taking them along, the department managers didn't dare to neglect them because the three of them might become their bosses in the future.

The manager arranged a place for the three young masters to stay together and look after each other.

Then, he brought them to familiarize themselves with the employees of the department.

"Young Masters, later I will get someone to send some of the previous business plans to you to have a look and learn from them. If you don't understand anything, you can ask me at any time, as well as the brothers in the department," the manager said with a smile on his face.

Fu Tingyan said, "Then I'll have to trouble the manager."

Fu Tingxi glanced at Fu Tingyan and said, "The manager is quite thoughtful. We don't know anything now. We'll have to rely on the manager for the next few days."

Fu Tinghao was not willing to be left behind. "Sixth brother and seventh brother are right. We can only trouble the manager."

"My three young masters are too polite. This is what I should do. The three young masters should get familiar with each other first. I'll get someone to send the information over."

After saying that, the manager turned around and walked out.

Not long after, a young and beautiful female employee walked in with a pile of information. When she saw that the three young masters all had extraordinary looks and noble statuses, she felt a little embarrassed.

With a slightly red face, she distributed the information in her arms to the three young masters.

“Young Masters, these are the company’s business plans and information for the past two years. The manager said that every time you read a copy, you would make a summary.”

The female employee who spoke was called he mei. Her voice was extremely gentle and beautiful.

Fu Tingyan sat in front of his desk and looked at the information in front of him. He thought of the promise he made in front of his brother. He could not let his brother down.

He picked up the information and began to read it seriously.

Fu Tingxi and Fu Tinghao were not willing to be left behind. They began to read the information seriously.

Because they knew better than anyone else that only by being stronger than the other party could they have a foothold in the Fu family.

Shi Yan stood outside and watched as the three young masters started to read the documents seriously before he turned around and left.

He went straight to the fourth Master’s office.

Before entering, he knocked on the door a few times.

Then, he pushed the door open and walked in.

Fu Tingyu was sitting in front of his desk, but his gaze was on the girl across from him who was making tea.

When he heard the sound of the door opening, he retracted his gaze.

He glanced at Shi Yan and asked, “Are they used to it?”

Shi Yan stood in front of his desk and lowered his eyebrows. “The manager has already made the arrangements. The three young masters are already in the mood. They are looking at the information for the past two years to make a summary.”

Fu Tingyu said, “Ask the manager to spend more time. They are still young.”

Shi Yan said, “I will ask the manager to put in more effort.”

Fu Tingyu said, “Okay.”

After Qin Shu brewed the tea, she brought it to the desk and placed the tea in front of the man. The mouth of the cup was steaming, and the fragrance of the tea permeated the air.

Shi Yan turned around and walked out. Before he left, he closed the door.

Fu Tingyu's gaze looked in front of him. The tea was brewed in a glass cup. Even from a distance, he could smell the faint fragrance of the tea.

His slender fingers reached over and picked up the glass cup. He brought it to his lips and blew at it before taking a sip.

Qin Shu waited for the man to drink before asking carefully. "How does it taste?"

Fu Tingyu looked up at the girl opposite him. "It tastes very good."

Qin Shu heaved a sigh of relief when she heard that, and then her face lit up. "That's good. I'm afraid that if I don't brew it well, the taste of the tea will change."

But Fu Tingyu didn't care at all. "As long as it's made by Bao'er, I like to drink it."

"Shut up."

After saying that, Qin Shu turned around and left, no longer bothering Fu Tingyu to deal with his matters.

Fu Tingyu watched the girl leave, then retracted his gaze and began to get busy.

Qin Shu sat on the sofa. The man had nothing to do for her. She picked up the laptop that she carried with her and started to get busy as well.

An hour later

Fu Tingyu, who was sitting at his desk, suddenly raised his head from the pile of documents in front of him and looked at the girl on the sofa.

She was sitting on the sofa with her slender legs crossed. There was an ultra-thin laptop on her lap, and it was the smallest of them all. Her slender hands were typing rapidly on the keyboard. Under her glasses, her bright eyes were staring intently at the computer screen. She looked as if she was completely engrossed in it, it made him a little jealous.

Qin Shu was just finishing her work. She switched to the window and looked up to rest her neck. She saw the man opposite her looking at her.

She was stunned for a few seconds, then she smiled at him. "What's Wrong?"

The Girl's smile was a little light, and the little canines between her lips and teeth were faintly discernible.

Fu Tingyu's eyes darkened. "Are you hungry? I'll get Shi Yan to prepare some desserts."

"Not yet." Qin Shu asked back, "Are you hungry?"

Fu Tingyu's eyes darkened again.

Knock, Knock

After two knocks on the door, Shi Yan hurriedly walked in and walked to his desk.

“Fourth master, just now, the person in charge of Lishang called and said that there were errors in the data of the proposal that we submitted, causing many of the data to not match up. Some of the materials have already been purchased in large quantities.”

Fu Tingyu’s eyes turned cold. “How could there be errors in the data that I personally checked?”

It was precisely because he valued this collaboration that all the data had been passed through his hands. He had also personally checked it before sending it to the other party.

“I’m not sure either. That’s what the person in charge said. He hopes that we can resolve it as soon as possible.” Shi Yan naturally knew that master four would not make such a mistake. However, he did not know how such a flaw had appeared.

Fu Tingyu frowned. “Get Ready. We’re going to Lin City.”

“Yes, Fourth Master.”

Shi Yan hurriedly turned around and walked out.

Fu Tingyu also began to prepare to go to Lin City.

Qin Shu could not help but be a little worried when she heard their conversation. If there was a mistake in such an important collaboration, not only would they lose a large sum of money, but their reputation and Fu Tingyu’s ability would also be questioned.

She closed her laptop and stood up from the sofa. She walked to her desk and looked at Fu Tingyu, who was preparing.

At this moment, his expression was calm and unperturbed. There was not a hint of nervousness or worry.

She said, “I’ll go to the neighboring city too.”

Fu Tingyu looked up at the girl and said, “I’ll be back soon.”

## **Chapter 252: An Accident. Someone Wants to Cause Him Harm**

After Fu Tingyu tidied up, he stood up and walked away from his office desk.

Qin Shu held the laptop in one hand and took two quick steps to catch up with the man. She held the man’s arm with her other hand.

“I’m your assistant now. Of course I have to go with you.”

The girl’s voice had a hint of arrogance in it because the man had given her the job as his “assistant”.

She tightened her grip on his arms. Fu Tingyu slowed down and looked down at the girl. The reason he had given her to stay by his side had now become a reason for her to act cute and get her way.

Acting cute?

Was Bae acting cute with him?

Fu Tingyu said, “It’s just a round trip. Come along if you want to.”

Qin Shu couldn't help but smile when she saw that the man was agreeing to her going with him.

The two of them walked into the special elevator. There were only the two of them in the tiny space. Even though they were going out to deal with an emergency, it didn't seem to affect what the man thought was more important.

Fu Tingyu pushed her against the wall of the elevator again and looked down at her. "You haven't finished what you said in the elevator just now."

He still remembered that at a time like this?

Qin Shu stood on her tiptoes and whispered into the man's ear, "You're the only treasure worth showing off. It's just that you're too outstanding. I'm afraid that someone else will snatch you away."

There was no other way. There were too many women who were eyeing her man.

Fu Tingyu was stunned. It was as if he couldn't believe his own ears. Was his Babe afraid that someone else would snatch him from her?

How could he let go of her just because of another woman?

He would never let go even if he died.

However, was she really afraid, or...

"Ding"

The elevator door opened at this moment.

Fu Tingyu looked at the girl in front of him for a long time before he stood up straight and walked out holding her hand.

This time, Qin Shu let him hold her hand. She was afraid that if she did not let him, he would feel that it was because she did not want to let others know of their relationship in public.

Shi Yan was already waiting outside.

Just as Fu Tingyu left with Qin Shu, holding her hand, the company employees, bodyguards, and the receptionist were all stunned. They looked at the hands of the two of them as if they had been frozen by a special ability.

Mr. Fu was holding a woman's hand?

This was the first time they had seen Fu Tingyu holding a woman's hand in public.

Of course, they did not think that Fu Tingyu would hold a woman's hand in private either.

Because in their eyes, Fu Tingyu was not interested in women. Women should not approach him and he was so noble he could not be violated.

Now that they were seeing Fu Tingyu holding a woman's hand so ostentatiously, they were so surprised.

However, since Qin Shu was wearing glasses, they could not really see her features. She had nice skin and looked pretty decent... but that was it.

–

–

Shi Yan opened the back door of the car and was waiting for them.

Fu Tingyu took Qin Shu's hand and walked up to the car. He let her get in the car first before getting in himself.

Shi Yan closed the door and got in quickly. Then, he started the engine and drove to Lin City.

On the way-

Shi Yan recounted the details.

Fu Tingyu sat in the back seat with his legs crossed. There was a pure black laptop on his lap. His dark eyes were staring at the data on it.

After listening to Shi Yan, he finished looking at the data shortly after.

There was indeed an error.

When he had compared the data before, the data had been correct.

If the original copy was still there, he could make the comparisons again.

It was just that the original had been accidentally destroyed.

After he was done with Li Shang, he had accompanied the girl for her college entrance examinations. Shi Yan had been left in charge of the company during that time.

That was why he had not bothered with Li Shang after he asked Shi Yan to send the data to Li Shang.

An hour later-

Li Shang group-

When he heard that Fu Tingyu had come over personally, Li Shang's chairman personally stood at the door to welcome him.

After Shi Yan parked the car, he got out and opened the backseat door.

Qin Shu got out of the car first.

Chairman Li Shang stood there and looked at the person who got out of the car. It was a woman. He was stunned for a few seconds.

Judging from her attire, she looked a little like a secretary.

He didn't expect Fu Tingyu to bring a female secretary.

Then, he saw Fu Tingyu getting out of the car.

The chairman of Li Shang said, "Mr. Fu, I had only just found out that the situation is serious. If we don't handle it well, the consequences will be very serious. The board of directors has already found out about

this matter. They want me to give them an answer within an hour and take corresponding countermeasures. We can't let the company suffer heavy losses."

What they had meant was that they couldn't let their interests be harmed. The chairman of Li Shang felt helpless. He couldn't bear the pressure of the entire board of directors.

Fu Tingyu looked calm and composed. "There must be a reason for this. If the fault lies with us, I will bear all the responsibility. Let's go in and take a look first."

The chairman of Li Shang saw that Fu Tingyu was very calm. However, he was still a little worried. After all, the situation this time was serious.

"Then let's go in first."

The chairman of Li Shang led Fu Tingyu and the others into the office building and walked straight into the elevator.

Qin Shu stood beside the man. She could feel the severity of the situation this time.

Shi Yan stood at the back, his face full of worry.

When they reached the top floor, The chairman of Li Shang led Fu Tingyu and the others straight into the office.

The lighting in the offices on the top floor was very good, and the chairman's office was no exception.

After entering, he didn't make too much small talk. Instead, he showed the data sheet to Fu Tingyu again and showed him the purchase records for the past two days. It was also to show that he had suffered a heavy loss this time.

Fu Tingyu sat on the other side of the desk. He had already looked through the data once. He had looked through the purchase records for the past two days. It was indeed a huge expenditure.

Money wasn't the most important thing.

He raised his eyes and looked at the chairman who was seating across from him. His tone was firm. "I checked the data before I sent it to you. There were no mistakes with that data. My guess is that someone had tampered with it."

Chairman Li Shang frowned. "I encrypted all the important documents. Besides, no one else touched my computer. My assistant is my confidant. He won't betray me."

The chairman suddenly remembered something and said, "Since you think that someone has tampered with the data on my side, then you should have the original in your computer. You'll know if it has been tampered with by looking at the original document."

He had only taken the project over personally because the other party was Fu Tingyu. He did not expect such a thing to happen.

Fu Tingyu said, "The original was sent to you and was accidentally destroyed. It will be very difficult to recover it now."

When the chairman heard this, a hint of anger appeared in his eyes. "Then what should we do now? The board of directors is waiting for my reply in the meeting room. Who will bear the responsibility?"

Fu Tingyu pondered for a moment and said, "Shi Yan, ask Ye Liang to come over."

Ye Liang was very familiar with coding and firewalls.

"I already asked Ye Liang to rush over when we made the trip here. I'll make another call to get him to come." Shi Yan picked up his phone and quickly dialed Ye Liang's number. After the call went through, he said, "Come here as soon as possible."

He felt that someone was deliberately trying to sow discord between them and Li Shang. Did they want to take the opportunity to ruin this collaboration and embarrass Fu Tingyu at the same time?

### **Chapter 253: His Babe is Great**

The project was an international one and was crucial for the development of the company.

Qin Shu had originally wanted to risk it and give it a try. But when she saw Shi Yan calling Ye Liang, she did not say anything.

She knew Ye Liang. His hacking skills were pretty good.

Fu Tingyu looked at Li Shang's chairman. "You'd better get technicians to check your computer."

Qin Shu frowned when she heard that someone had gotten into Li Shang's computers. The person who could enter their computers was no ordinary hacker.

Those at the top of the business world had good computer defense. They also had technicians to protect their systems.

Being able to enter Li Shang's systems despite the technicians was enough to prove that the other party was really strong.

The chairman of Li Shang pondered for a moment before turning to his assistant. He said, "Get the technicians to come over."

"Got it." The assistant immediately left the room when he heard that.

The assistant quickly found the technician.

The chairman of Li Shang said seriously, "Quickly check and see if anyone has touched my computer."

"Yes Sir." The technician quickly walked to the desk and sat down. Then, he began to check the computer.

Not long after, Ye Liang also rushed over. He quickly walked to Fu Tingyu and lowered his head. "Sr, I'm here."

Fu Tingyu handed the laptop to Ye Liang and said in a low voice, "Recover the original copy marked Li Shang."

"Yes, Sir."

Ye Liang took the laptop and sat on the sofa at the side. He switched on the computer and started to work.

Qin Shu sat beside Fu Tingyu and looked at the technical staff working on Li Shang's computers. She saw that he was frowning.

She looked at Ye Liang again. There was no expression on his face, but the beads of sweat on his forehead showed that it was a little difficult to restore the original because a few days had passed.

Even if it were her doing this, she could not guarantee that it would be completely restored.

The technician from Li Shang stood up and said, "Chairman, no one has entered your computer."

Chairman Li Shang heaved a sigh of relief and waved his hand. "You can go."

The technician nodded and turned to leave.

Ye Liang also looked up at Fu Tingyu and said apologetically. "Sir, my ability is limited. I can't recover the document."

Fu Tingyu's eyes flickered when he heard that. It was as if he had expected it.

Knock, Knock

Someone knocked on the office door. The assistant walked over and opened the door. The secretary standing outside said, "The shareholders of the board of directors asked me to ask if the matter has been resolved. They even said that we should change the people we work with."

When the assistant heard that, he turned to look at the chairman. "Chairman, the shareholders are already pressing us for an answer."

Everyone in the office heard the secretary's words.

The chairman of Li Shang waved his hand to indicate that he heard it.

After the secretary left, the door closed again.

"Mr. Fu, what do you think we should do about this matter?" What the chairman had meant was that there must be a solution to this matter.

Fu Tingyu looked up at the chairman of Li Shang. He was still very calm. "Give me some time first to clarify the matter and I will give you an answer."

"It's not that I don't want to give you time. The proposal can be delayed for a few days, but I can't delay it any further with the board of directors. Those people are waiting for me to reply to them. You heard what they had said just now." The chairman Li Shang was also very helpless. Those people from the board of directors... they had long disliked him and wanted to drag him down with them. This was a good opportunity for them to do so.

Qin Shu, who was sitting beside Fu Tingyu, couldn't sit still anymore. Whether she could recover or not, whether or not she would expose her background, she wanted to give it a try now.

Qin Shu turned her head to look at the man. "I want to give it a try."

Fu Tingyu glanced at the girl and remembered the last time she had hacked into his computer. He nodded. "Okay."

Ye Liang glanced at the girl wearing glasses. Although he was puzzled, he still handed the laptop to her.

Qin Shu took the laptop and placed it on her legs. She looked at the computer screen. Her slender hands quickly typed on the keyboard as if she was racing against time.

For her, it was also a test of her ability.

Her teacher had said that there was no absolute thing in this world, and there was no absolute result.

The only true results were the results of one's effort if one had worked hard enough.

Fu Tingyu's pitch-black eyes stared at the girl. She was completely focused on the computer in front of her. The speed at which her hands were typing on the keyboard was unbelievably fast.

Even Ye Liang, who was at the side, could not help but be a little surprised when he saw her speed. This speed was... too fast.

The chairman of Li Shang frowned slightly. Fu Tingyu actually let a girl cause trouble even at a time like this. It was really a waste of time.

"Mr. Fu, there isn't much time left. It's better not to do these useless things. We should be solving the problem right now and not watch a little girl behave willfully." He was feeling extremely anxious right now.

Fu Tingyu raised his eyes and looked at the chairman, who was visibly anxious. He laughed softly, "I spoil my woman."

The chairman of Li Shang was stunned. This girl with very old-fashioned glasses was Fu Tingyu's woman?

Wasn't it rumored that he didn't like women?

What was going on with this woman?

Fu Tingyu chuckled. "Chairman Li, to be able to sit in this position, you must have been through a lot. If you get flustered just like that, I think your position as chairperson won't be stable."

Fu Tingyu's voice was cold, with a hint of arrogance as well as a hint of mockery.

The chairman of Li Shang was stunned. Yes, he had gone through so much to climb to this position. In the past, he had gone through a lot and he had also made it through all those difficulties.

It was really because the past few years had been too smooth-sailing that he was a little afraid now that he had encountered some difficulties.

"That being said, it's just that you won't get any results even if you let the girl play with that computer for an entire afternoon."

As soon as the chairman finished speaking, Qin Shu's hand stopped and the corners of her mouth curled up slightly. "It's recovered."

Her teacher had said that nothing was absolute.

As soon as Qin Shu said this, everyone in the office was shocked.

Qin Shu had recovered the documents right after the chairman had said those words. It was as if he had been ruthlessly slapped on the spot. It was a very painful slap.

It made him feel embarrassed and ashamed.

Shi Yan was stunned. Ye Liang had not managed to recover the file but Qin Shu had managed to do so?

Ye Liang was also shocked. From the conversation earlier, he knew that the girl wearing glasses was Fu Tingyu's woman. That girl was Qin Shu.

The Qin Shu who didn't know anything but only knew how to drag Fu Tingyu down?

When Qin Shu tilted her head to look at the man, she had a smile on her face. "It's this one, right?"

Fu Tingyu looked at the computer screen. The original copy that had been restored was marked with the words "Li Shang." He had accidentally deleted it.

"Babe, that's very impressive."

Fu Tingyu picked up the laptop and sent the data to the chairman of Li Shang. Then, he said, "Chairman Li, this is my original copy as well as a backup copy. You can compare them."

When the chairman of Lishang heard this, he opened his email, read the email, and then compared the two documents.

#### **Chapter 254: Stunning Everyone Once More**

After he finished reading it, chairman Li Shang said in disbelief, "The two numbers are different."

Fu Tingyu took in chairman Li Shang's expression. "Someone has touched your data."

What he meant was that someone had entered your computer.

Chairman Li Shang still couldn't believe it. "It's just that my technical staff didn't notice anyone entering? What's going on?"

The original data wasn't wrong, which meant that Fu Tingyu had nothing to do with this accident.

The responsibility was all on him.

This made chairman Li Panic.

Qin Shu glanced at the man beside her, and Fu Tingyu glanced at her as well. He seemed to have guessed what she wanted to do, and his lips curled up, as if acquiescing.

Qin Shu saw the man's subtle smile, and then she looked at chairman Li. "If you trust me, chairman Li, can you let me see if the other party left any traces?"

In fact, she also wanted to find traces of the other party from chairman Li's computer and follow the clues.

She wanted to know who wanted to frame her man?

Chairman Li turned his head to look at the bespectacled girl. Thinking of the consequences, he nodded. "Then I'll have to trouble you."

He moved the computer to the opposite side.

Qin Shu stood up and walked to the opposite side of the desk to sit down. She moved the computer in front of her and began to check if the other party left any traces.

Generally, those who had entered other people's computers would leave some traces more or less.

However, it was not excluded that those who had entered would deliberately take the time to erase the traces.

Some hackers would have the habit of erasing traces.

However, some hackers would not because they felt that it was unnecessary.

The office was very quiet for a moment.

Fu Tingyu's gaze was always on the girl. Looking at her serious expression, his flat eyebrows were slightly furrowed because of the seriousness, and her gaze was like a king who was strategizing.

Shi Yan and Ye Liang, who were standing beside Fu Tingyu, looked at Qin Shu. They saw her hands typing on the keyboard. Her speed was so fast that it was dazzling.

Especially ye Liang, who knew how to hack, so she looked more serious and carefully.

She also knew that Qin Shu's hacking skills were far above his.

At this time, Qin Shu had automatically blocked everything around her and was fully focused on searching for traces left behind by the other party.

Time passed by minute by minute.

Qin Shu didn't even let go of a corner, but she still couldn't find it. This also meant that the other party had cleaned up the traces when they left.

She sighed. "When the other party left, he cleaned up the traces."

Chairman Li frowned. "Does that mean that we don't know who came in?"

Qin Shu nodded, indicating that she was right.

The people in the office didn't show any disappointment, because it was normal that they couldn't find her.

"Wait a minute."

Just as she had given up and was about to leave with her hands, she saw some clues in a crack.

Qin Shu's hands attached themselves to the keyboard again and started to operate it quickly. After dozens of seconds of hard work, a smug smile flashed across her eyes.

She caught it.

Everyone in the office was worried again because of her three words, "Wait a minute."

Everyone's eyes seemed to have changed a little.

Qin Shu did not stop moving her hands. Instead, she increased her speed. This was because when the other party was a hacker, following the clues was about speed.

If she was a second slower, the other party could take the opportunity to slip away, or she could hide her tracks.

From the moment Qin Shu sat down, Fu Tingyu's gaze had been fixed on her. It was as if he could only see her, and the rest of them were like air.

He pursed his lips tightly and watched the girl's every move. He fell into deep thought.

The most nervous one was chairman Li. If he didn't catch the person who tried to cause trouble, he would have to bear the responsibility for the consequences alone.

Qin Shu stared at him and finally found him.

Finding him was equal to half the success.

This was like a game of cat and mouse. However, the cat didn't want to catch the mouse, but wanted to find the mouse hole.

With her unremitting efforts, she finally KO'd the other party.

Five minutes later

Qin Shu's furrowed brows finally relaxed. She looked up at chairman Li. "The other party is a hired hacker. The employer is Lu Chuanfeng."

That was all she said. She didn't need to say the rest.

As for Lu Chuanfeng, chairman Li wouldn't let him off, and she wouldn't let him off either.

The lesson from last time wasn't enough.

This time, she would teach him a harsh lesson.

Qin Shu withdrew her hand and stood up. She saw the man's gaze locked onto her. He had revealed a little too much today.

If he asked, how would she answer?

Under the man's gaze, she walked over to the man's side and sat down.

Fu Tingyu's gaze moved as well. His voice was filled with affection. "Are You Hungry?"

Qin Shu nodded obediently. "I've been hungry for a long time."

She had breakfast in the morning. It was already afternoon, and she was so hungry that her chest was pressed against her back.

“Then let’s Go Eat.”

Fu Tingyu held the girl’s hand and stood up from the sofa. He looked at chairman Li. “Chairman Li, you should get busy first. My Woman is hungry, so I’ll bring her to eat.”

After saying that, he took the girl’s hand and walked out of the office in small steps.

Shi Yan and Ye Liang also followed him out.

At this time, only chairman Li and his assistant were left in the office.

Now that chairman Li knew who did it, of course he would be furious because of his anger, it made the veins on his forehead bulge. “Lu Chuanfeng, you’re really good. How Dare You Bully Me? He has lost so much this time, and he wants to get it back with interest.”

He turned to his assistant and said, “Go check Lu Chuanfeng’s recent movements and what kind of business dealings he’s had recently.”

“Yes, Chairman.”

The assistant replied and walked out.

Chairman Li took a deep breath. He thought about how he had lost a huge sum of money because of this incident. No matter how calm he was, he was also furious.

Now was not the time to think about this. Instead, he went to the board of directors to explain the incident.

Lishang is also a long-time mall of the elderly, smart, as long as careful thought can guess a little.

He thinks there’s a mole in this sudden board revolt.

So when he went to explain, he didn’t say who the employer was.

Western restaurant

In a more remote corner

Qin Shu looked at the front of the delicious food, index finger big move, she is really hungry, plus just overuse of the brain, more hungry.

Therefore, as soon as the steak was served, she began to eat.

Her eating style was actually not ugly. It was just that she did not pay as much attention to her eating style as Xu Wei did, which made her look too normal.

On the contrary, Qin Shu’s eating style easily stirred up the food on the table. Because she looked like she was eating very well, she would also eat more.

Fu Tingyu slowly ate the steak in front of him and glanced at the girl across from time to time. No matter how she ate, she looked very pleasing to the eye.

### **Chapter 255: Anyone Who Angers Babe Will Die**

The way the man looked at her from time to time made Qin Shu feel a little guilty because she was afraid that he would ask her why she was a hacker.

After showing off her skills this time, she could be sure that she knew how to hack.

But her master had said that no one could know about it, let alone reveal his name.

She didn't know the specific reason. She only knew that her master had a very serious expression when he said this before he left.

Fu Tingyu saw that the girl was eating in a hurry, and the corners of his mouth unconsciously curled up. He reminded her, "Drink some fruit juice. Don't choke."

After the man's reminder, Qin Shu realized that the steak in front of her was a little too big. Because she was thinking about something, she almost stuffed it directly into her mouth.

She ate the steak in front of her twice, feeling a little embarrassed. Then, she picked up the freshly squeezed orange juice on her right hand and brought it to her mouth to drink.

Actually, eating steak and red wine were more compatible.

However, the man didn't seem to like her drinking wine.

At this time, Shi Yan and Ye Liang, who had already finished their lunch, were standing in the smoking area and chatting.

"How does Qin Shu know how to Hack?" Ye Liang was the first to post.

"How would I know? I don't think even master four knows that Qin Shu knows how to Hack, right?" Shi Yan guessed.

"I'm a little worried..."

Shi Yan glanced sideways at him. "What are you worried about? Qin Shu helped a lot today."

"You don't understand the hacker world."

"What do you mean?"

"My hacking skills aren't bad, right? But Qin Shu's hacking skills are obviously better than mine. What does this mean?"

Shi Yan first shook his head, then nodded. "She's very powerful."

"Ahem..."

Ye Liang almost choked to death from the smoke in his mouth. Even a fool could tell that Qin Shu was powerful.

"I think that Qin Shu might be the legendary..."ye Liang shook his head again because his age was not right.

Qin Shu was obviously too young.

"The legendary what?"

When Shi Yan heard the three words 'legendary', he knew that her identity was very awesome.

"I don't know either. I'm just curious about how she knows how to hack. When I investigated the Qin family, there was no such thing as Qin Shu knowing how to Hack."

Two years ago, he had personally investigated. He was clear about the background of everyone in the Qin family

That was why he was very curious about why Qin Shu knew how to hack?

When Shi Yan heard that, he frowned. He was also very puzzled about this matter. However, what he was most worried about was that if Qin Shu used hacking techniques to harm fourth master, then it would be impossible to guard against her.

This was because Qin Shu's sudden change was too unbelievable. It also made people wonder what was the reason for her sudden change?

Previously, he had mentioned this matter to fourth master very seriously.

But helplessly, fourth master did not take it to heart at all.

Instead, he said very domineeringly, "I like her like this. No matter what the purpose of the change is, I won't let her leave me."

The two of them chatted for a while before walking out of the smoking area.

At this time, Qin Shu was already full. When she took out a tissue to wipe the corner of her mouth, she looked up at the man opposite her. When she saw that he had also finished eating, he was wiping the corner of his mouth with a tissue.

After wiping the corner of her mouth, she asked, "Are we preparing to return to Jiang City Now?"

Fu Tingyu nodded. "Yes, for the time being, I don't need to care about this place."

He just didn't need to worry about Lu Chuanfeng for the time being. As for Lu Chuanfeng, when chairman Li was done with him, he would give him another kick and make Lu Chuanfeng disappear from the business world completely.

Qin Shu felt that the man was quite black-bellied. He had lost so much money for chairman Li, yet he still had to deal with the board of directors. With all these grudges stacked together, he would definitely not let Lu Chuanfeng off easily.

Therefore, it saved the man a lot of energy.

Qin Shu followed Fu Tingyu out of the Western restaurant and then took a car back to Jiangcheng.

On the way, Qin Shu glanced at the man beside her. Fortunately, he did not ask about her hacking skills, or else she really would not know how to answer.

It was already afternoon when they returned to Jiangcheng. Fu Tingyu asked Shi Yan to send her home directly.

He returned to the company to continue dealing with matters.

Shengyuan

Qin Shu carried her backpack and walked into the living room.

When lemon saw this, she immediately went into the kitchen and brought the chilled fruits over. She placed them in front of Qin Shu.

“Young madam, it must be tiring to go to the company to study today. I’ve already prepared some fruits for lunch. Why Don’t you eat some first?”

Lemon said with a smile.

Qin Shu sat on the sofa and looked at the chilled fruits in front of her. There were wooden sticks on each piece. Lemon was really thoughtful.

She picked up a watermelon and put it in her mouth. She scanned the living room and asked, “Where’s president Ba?”

Lemon said with a smile, “He was playing in the yard just now. Maybe he was tired and went back to the bedroom.”

After a period of time together, she and President Ba got along well.

Qin Shu did not ask further. She took out her phone from her bag and opened it. She saw a message from ye Xue.

Ye Xue: My College Entrance Exam is okay. I plan to work during the summer vacation to earn some living expenses. Remember to join me when I volunteer

Qin Shu immediately typed a message and replied.

Qin Shu: Okay, when you volunteer. Remember to put on your new clothes. I’m looking forward to my classmates seeing your new appearance. You’re not allowed to not wear them

Ye Xue happened to have her phone in her hand. When she heard the notification sound, she opened it and saw Qin Shu’s message.

When she saw the last sentence, Ye Xue felt a little embarrassed.

It was not very good to wear new clothes to school, right?

Qin Shu seemed to know that she would not wear them, so she specially reminded and threatened her.

Ye Xue hesitated for a long time before replying to the message. Because Qin Shu had worked so hard to help her change, she should not disappoint Qin Shu.

[ ye Xue: I'll wear it. ]

Qin Shu saw ye Xue's reply and heaved a sigh of relief. She was reminding her to wear it. Otherwise, with her character, she wouldn't wear new clothes to school.

After eating some ice-cold fruits, Qin Shu returned to the small study in her bedroom.

At this moment, Qin Shu was sitting in front of her desk. The laptop screen in front of her was lit up.

A pair of hands quickly tapped on the keyboard, and a string of complicated code appeared on the screen.

Entering Lu Chuanfeng's computer could be said to be a piece of cake. There were a lot of encrypted documents inside.

Qin Shu looked at the title and knew what the encrypted documents were for.

Among them was a document that he had recently bid on for development.

Chairman Lee's Gonna need these encrypted files.

Qin Shu full of stars in the eyes, flashing a bright light.

White fingers on the keyboard, a few taps, will be these encrypted documents sent to Lee chairman.

At this time, facing the city

Li chairman sitting at his desk, assistant just found that Lu Chuanfeng has participated in the bidding, but Lu Chuanfeng around the wind is too tight-lipped, spend money also did not ask for details.

Just as he was at a loss, he saw a new email in his mailbox. He opened it with his mouse and found that it was a document. What caught his attention was the document with the words "Bidding" written on it.

He opened it out of curiosity, and his sharp eyes instantly lit up.

Wasn't this the bidding data that he wanted?

Even the heavens were helping him.

[ the novel about the heroine using hackers is pure fiction. Don't bring it into reality. The novel is just a pastime to relieve pressure. If it's too serious, then... ]

### **Chapter 256: A Slap In The Face. Get Revenge and Paid at the Same Time**

With this data, he could make Lu Chuanfeng lose this opportunity.

Chairman Li was a person who had been in business for a long time. He knew how to use this data better than anyone else.

He sold the data to Lu Chuanfeng's competitors at a high price.

Then he looked at the other documents and found that they were all very important confidential documents.

Chairman Li's displeasure today was completely swept away. With these, not only would Lu Chuanfeng be greatly hurt, but he would also suffer a huge setback.

Chairman Li was a very shrewd businessman. After obtaining so many benefits, of course, he had to share a cup with the person who gave him the things.

Moreover, the person who could obtain these things was not only powerful, but also a big shot that he could not afford to offend.

He sent an email.

[ don't forget to dig a well when you're in trouble. I want to pay you a reward. ]

Qin Shu saw the email from chairman Li and seemed to have expected it.

This also meant that chairman Li was a very smart person.

Qin Shu didn't act pretentious and directly sent chairman Li a series of account numbers.

After about ten minutes

Qin Shu received a transfer message. She looked at the amount and saw that it was five million.

It was not bad. It was neither too much nor too little.

The corners of her lips curled up. Chairman Li was a good person.

On the other side

"Boss, there's no news from Li Shang and Fu Tingyu. Fu Tingyu left after he came," his assistant, Hu Cong, said carefully.

Lu Chuanfeng had been waiting for this news for a long time. He frowned. "What did you say? He came and left? Chairman Li didn't make things difficult for him?"

"No." Hu Cong shrank his neck.

Lu Chuanfeng said angrily, "How is that possible? Is chairman Li so easy to talk to?"

"I don't know either. Anyway, nothing happened. What will happen to the board of Directors?" Hu Cong said.

Lu Chuanfeng slammed the table angrily when he heard that. He frowned and said, "Nothing happened? I spent so much money to hire hackers, and in the end, nothing happened?"

Hu Cong shrank his neck and did not dare to make a sound.

Lu Chuanfeng had nowhere to vent his anger. He threw everything in front of him away, but his anger was still burning.

The next day, on the day of the bidding.

Lu Chuanfeng had been angry the whole night. Today, he came with dark circles under his eyes. However, today's bidding was a sure thing, so no matter how angry he was, today was a happy day.

His competitor, President Xu, looked at Lu Chuanfeng with a smile. "Yo, president Lu didn't Sleep well last night, did you? Look at those dark circles under your eyes."

Lu Chuanfeng was smiling, but he was sneering in his heart. President Xu is in good spirits. Is it because he knows the result today that he is so relaxed? I was too excited and didn't sleep well

President Xu also had a smile on his face, but that smile was the Smile of victory in his hands.

"President Lu guessed it. I know the result, that's why I slept so soundly."

Lu Chuanfeng sneered in his heart. I'll let you be smug for a while. When the result is out, you won't know how to smile anymore.

The person in charge walked over at this time with a smile on his face. "Okay, the result is out. Congratulations, President Xu, for winning the bid."

Lu Chuanfeng saw the person in charge come out and immediately went up to welcome him. In the end, he heard congratulations for President Xu?

He almost thought that his ears were ringing. How could it be President Xu?

Seeing the person-in-charge talking and laughing with President Xu, he stood in front of him as if he was a joke.

"President Lu, thank you for letting me win, Haha."

President Xu left with a loud laugh.

Lu Chuanfeng had put in a lot of effort and energy for this bid, but in the end, it was all gone?

Lu Chuanfeng is his own driving back, on the way, because the brakes failed, and the opposite car head-on collision.

He was badly hurt and was taken to the hospital by ambulance.

Fu's group

Top floor office

Fu Tingyu is sitting in front of the dark brown desk to deal with things, on the top right-hand side, is the girl for him to brew tea, aroma overflowing.

Qin Shu was busy organizing some documents.

Knock, Knock, Knock

At this moment, there were two knocks on the door. After waiting for a while, the door of the office was pushed open from the outside.

Shi Yan walked in from the outside.

There was nothing he could do. Ever since Qin Shu came, he had to knock on the door a few times before he came in. After waiting for a while, he pushed the door open and walked in. He was afraid that he would see something he should not have.

As a special assistant, it was really too difficult for him.

Shi Yan walked to the desk and lowered his eyebrows. "Fourth Master, I just received news that Lu Chuanfeng was in a car accident. He has just been rescued and is in the ICU. The stock market is falling and the outside world is saying that Lu Chuanfeng is going bankrupt."

When Shi Yan heard the news, he was stunned.

In just a few days, Lu Chuanfeng fell from the sky to the ground. Moreover, he fell heavily. Not only was he in a sorry state, but he was also very miserable.

Chairman Li's speed was too fast. It was so fast that they did not expect it.

Qin Shu, who was sorting out the documents, paused slightly. Chairman Li was indeed ruthless and fast.

Lu Chuanfeng was really in trouble this time. It was as difficult as climbing up to the sky to get up.

Fu Tingyu's eyes paused. He did not expect him to be so fast. Whether it was chairman Li's ability or Lu Chuanfeng's strength, they would not be so fast.

"Lu Chuanfeng has been quite unlucky these few days. A few days ago, he was investigated because of the company's accounts. After that, he failed in the bidding. In the end, he got into a car accident. Isn't this a double disaster?" Shi Yan said.

Fu Tingyu suddenly asked, "Do you know who did it behind the scenes?"

Shi Yan was stunned for two seconds before he reacted. "On the surface, it was all chairman Li. As for whether there was someone behind him, we did not find out."

Shi Yan couldn't help but laugh. "But this time, we don't have to do anything. Lu Chuanfeng is finished."

Fu Tingyu's pitch-black eyes flashed with doubt.

Although he was puzzled, he didn't ask anymore.

"Continue to keep an eye on him. Don't give him a chance to make a comeback."

"Don't worry, Fourth Master."

After Shi Yan said that, he turned around and left.

Qin Shu continued to organize the documents and helped the man refill his tea.

Fu Tingyu looked at the girl and asked, "Are you hungry?"

Ever since she came to the company, this was what Qin Shu heard the most. Are You Hungry? I'll ask Shi Yan to prepare some food for you.

She shook her head at the man. "I'm not hungry. You Do your work first. I'll go down and study."

Qin Shu was afraid that staying in the office would affect the man's work.

Indeed, it did affect him.

He would call her when he had nothing to do. "Come here." Then, he would hug her.

"Why are you still so thin? You ate just now, but your stomach is still so flat?"

"..." How would she know?

Sometimes, he would kiss her.

He was often afraid that she would be hungry, so he would ask her many times a day. Therefore, when she had nothing to do, she would go to Fu Tingyan's place and study with him.

Qin Shu finished to walk out, before leaving, also help him office door to close.

Fu Ting-yu looked at the closed door, what was the original intention of letting her come?

How is it the other way around?

She spends most of her time studying below.

Fu Ting-yu took back his line of sight and glanced at the steaming tea. He picked it up and brought it to his lips. He took a sip. Why didn't it taste as good as before?

### **Chapter 257: His Sister-In-Law Is Too Powerful**

Qin Shu sat opposite Fu Tingyan. In the past few days, she had also read through the files of the past two years and learned a lot from them.

Fu Tingyan had never been like this before. He read these words very seriously every day.

In the past, when he went to school, he would sleep directly.

Just as he thought of this, he could not help but yawn.

Qin Shu was just bored, so she read very slowly. She glanced at Fu Tingyan across from her, looking sleepy.

She reminded him, "Have you finished your summary? The manager will have to check it later."

Fu Tingyan lifted his eyelids, full of sleepiness. "I finished it yesterday."

“That’s good. I was afraid that you would be so busy sleeping that you would spread the official business.”

Fu Tingyan had been sleeping when she first arrived.

“You underestimate me too much. How could I disappoint my brother?”Fu Ting’s phoenix eyes lit up when he mentioned his brother.

“Seventh brother, I’ll go look for the manager first.”

Fu Tinghao stood up, greeted Fu Tingyan, and left.

Fu Tingxi also stood up at this time and walked to Fu Tingyan’s side with a smile on his face. “Seventh brother is fourth brother’s biological brother. Fourth Brother is so powerful. How could sixth and seventh brother be so bad? I’ll go look for the manager too.”

After saying that, he walked away evenly.

Fu Tingyan glanced at Fu Tingxi’s back and snorted. “Of course my brother is powerful. If he’s not powerful, how can he be the person in charge of the Fu Family?”

Qin Shu’s eyes lit up when Fu Tingyan mentioned his brother. She reminded him, “You should go too. Don’t make the manager wait too long.”

Fu Tingyan yawned a little. He held the mouse with his well-defined fingers and was ready to send the summary to the manager’s email.

When he opened the folder, he realized that it was empty?

He hurriedly searched the other folders on the desktop.

“What’s going on? I clearly saved it in this folder. Why is it gone?”

Fu Tingyan couldn’t help but feel a little anxious. If he couldn’t hand in the summary, he would have failed the first round of assessment.

Qin Shu asked, “Did you put it in another folder? Are you looking for it again?”

“I’ve already looked for it. There are only three folders on the desktop. I put it in one of the folders, but it’s gone.”

Fu Tingyan furrowed his brows. He was getting impatient because he was anxious.

Qin Shu also furrowed her brows. Although Fu Tingyan liked to sleep, he wasn’t someone who would lose his temper. Instead, he handled things in an orderly manner.

She thought for a while. “Let me take a look.”

Fu Tingyan glanced at Qin Shu. In the end, he stood up from his chair in frustration and stood to the side.

Qin Shu walked over and looked at the computer desktop in front of her. She opened three files first and found that they were empty.

Her eyes turned and her hands quickly typed on the keyboard. In a short while, she restored the deleted files.

The speed was so fast that Fu Tingyan, who was beside her, only needed to turn around to recover.

“I found it. You can send it to the manager.”

Qin Shu sat back in her seat and continued to read the unfinished files.

Fu Tingyan glanced at Qin Shu in confusion. She found it so quickly?

He looked at the table and found that the files were indeed there. Why didn't he find it just now?

Fu Tingyan sat down in disbelief and looked at the document in front of him. It was the document that he had summarized.

He hurriedly sent the summary to the manager.

Just as he was about to stand up and leave, Qin Shu looked up at him and reminded him, “Next time you do a summary, write a review or something else, remember to backup the cloud drive and remember to set the password.”

Fu Tingyan was stunned for a few seconds when he heard that. Then, he walked out of the office with doubt.

He thought to himself, this is indeed safer.

The next time I accidentally lose it, I don't have to worry anymore.

Qin Shu glanced at Fu Tingyan who had left. On the surface, the wealthy families looked glorious, but in fact, behind the scenes, they were all fighting openly and secretly.

They were only in their teens, and they already knew how to fight.

In the manager's office

Fu Tingyan was the latest to arrive. When he entered, the manager had almost finished speaking.

Fu Tingxi glanced at Fu Tingyan and asked with a smile, “Seventh brother, why did you come so late?”

Fu Tingyan said plainly, “I had something to do just now, so I came late.”

“I want to hear how the manager praises you so that I can learn more and also understand how fourth brother taught you.” The corners of Fu Tingxi's mouth still held a smile.

Fu Tingyan smiled faintly. “Sixth brother will not be able to understand the strength of my fourth brother.”

The manager was looking at Fu Tingyan's summary. After he finished reading, he said, “Seventh young master's summary is just right. Although it's not concise enough, it still captures the main point. For beginners, it's already considered very impressive.”

Fu Tingxi's eyes paused. The disbelief in his eyes disappeared in a flash. He glanced at Fu Tingyan. He had clearly deleted it, so why did he still have it?

Fu Tingyan was quite satisfied with this comment. "Thank you for your comment, manager. I will continue to work hard."

The three of them returned to the office together.

Fu Tingxi looked at Fu Tingyan who was walking in front. He was still puzzled. How did he find the deleted documents in such a short time?

Fu Tingyan walked to his desk and sat down. He seemed to be a little lazy as he settled a matter.

Fu Tingxi and Fu Tinghao also came in one after another, went to his desk and sat down.

Qin Shu glanced Fu Tinghao and Fu Tingxi, the line of sight to Fu Tingxi body, if the guess is right, the file should be he secretly deleted, because he is more scheming.

She sighed in her heart and reminded Fu Tingyan more next time.

It's been a long day

Qin Shu thought of Gu Yan and wondered if his herbs were ready?

It had been a while.

She was really afraid that if she dragged it out for too long, the poison would affect Fu Tingyu's bodily functions or other aspects.

After thinking about it, she decided to go to Gu Yan's private villa.

This time, she didn't let ye Luo follow.

Before she left, Qin Shu patted president Ba's head and said in a low voice, "Go and play with ye Luo."

Chief Ba turned around and glanced at Qin Shu. His dark green eyes seemed to have been wronged.

Ye Luo was a ruthless person!

Qin Shu arched her eyebrows at chief BA. "Go."

"Meow" chief ba let out an aggrieved cry. Then, like a generous martyr, she dashed out.

After chief BA had gone far away, Qin Shu carried her backpack and walked out.

When she passed by the garden, Qin Shu deliberately glanced at ye Luo who was being entangled by chief BA. Chief Ba was Petite and had a vigorous figure. No matter how skilled ye Luo was, she could not withstand chief ba's constant burrowing into the flowers.

However, there was nothing she could do about President Ba.

Qin Shu held back her laughter and walked out of Sheng Garden openly. Then, she walked some more.

Because Sheng Garden was the only classical house in this area, it was surrounded by green areas.

It took twenty minutes to walk to a bus stop.

Qin Shu walked to the bus stop. She was rather lucky. Not long after she arrived, a taxi arrived.

She stopped the rental car, sat in, told the driver the address, the driver drove to Gu Yan's private villa to drive.

### **Chapter 258: Cut Off One's Nose to Spite One's Face**

Half an hour later

Gu Yan's private villa

Qin Shu walked to the front of the villa and pressed the doorbell.

After a while, the door opened from the inside.

It was a middle-aged man who opened the door.

Qin Shu nodded politely at him. "May I know if Gu is in?"

"Young master is not at home. May I know why you are looking for my young master?" The middle-aged man asked.

Qin Shu was a little disappointed when she heard that. This was terrible timing. She should have called earlier if she had known.

She had always thought that Gu Yan would usually stay home. She did not expect to have come at a bad time.

"It's urgent. Do you know where Gu went?"

"He went abroad two days ago. I don't know when exactly he will be back."

"Sorry to bother you."

Qin Shu nodded politely and turned around to leave.

Why had he left the country?

On the way back, Qin Shu dialed Gu Yan's cell phone number. After waiting for a while, she realized that it was turned off.

She suddenly remembered that it was night time overseas, Gu Yan should be sleeping.

She could only ask him again when he returns.

On the way back, she received a call from Qin Ya again.

“Sis, come to the abandoned house near the school. I have something to tell you.”

Qin Shu’s eyes flashed with doubt. What was Qin Ya up to again?

Although Qin Shu did not know what Qin Ya was up to, she still went to the abandoned house.

Qin Ya hung up. A hint of ruthlessness flashed in her eyes. She was going to be ruthless this time. She didn’t believe that Fu Tingyu would still want a girl like Qin Shu if she was no longer a virgin.

The people she found were all tall and large. She was sure that they could satisfy Qin Shu.

After hanging up the phone, she sent another message to Fu Tingyu. When she sent it, she realized that she had been blocked.

What was going on?

Why had she suddenly been blocked?

She had no way to let Fu Tingyu know that Qin Shu was being played with by a group of people.

Qin Ya thought about it over and over again but she still felt that she had to go personally and record the scene. Then, she would send it to Fu Tingyu, and the effect would be the same.

After making up her mind, she took a bus to the abandoned house near the school.

—

—

At the abandoned house

The taxi stopped not far from the abandoned house. Qin Shu paid the fare and got off.

Instead of hurrying to the abandoned house, she stood in a corner, surveying the house.

After looking around for a while, she saw that there seemed to be someone inside with a cigarette in his hand, and there was more than one person. They looked as if they were getting impatient.

Qin Shu roughly guessed what Qin Ya wanted to do. She might be planning to send a message to Fu Tingyu and get him to come and see what was happening.

However, after what happened the last few times, Fu Tingyu would no longer believe what she said.

People often said that things should not happen more than three times. Only a fool would believe if he was fooled three times.

She quietly walked over and hid at the side. She found that there were a total of three men inside. One look at their clothes and she knew that they were gangsters.

Just then, a car stopped not far away. Then, she saw someone coming out from inside and realized that it was Qin Ya.

Qin Shu’s eyes flashed with a trace of doubt. Then, she thought that she might be collecting evidence, such as taking videos.

Because Qin Ya was great at taking photos and framing Qin Shu.

Qin Shu watched Qin Ya sneak towards the abandoned house as if she was afraid of being discovered. She was being especially careful.

Moreover, she was holding her phone in her hand. If Qin Shu had guessed correctly, Qin Ya had already turned on the recording function.

Qin Shu's eyes turned to follow Qin Ya.

Qin Shu's footsteps were extremely light. Qin Ya did not notice that she was being followed because she was completely focused on the abandoned house.

Qin Ya walked to the wall and listened for a long time. There was nothing happening. There were three men. How could nothing be happening?

Other than the men's rude curses, there seemed to be no other noises.

Qin Ya carefully poked her head in and looked at the situation inside with confusion. However, before she could see the situation inside clearly, the back of her head suddenly hurt and her vision went black.

She lost her balance and fell directly to the ground. There was a slope and Qin Ya rolled down it. Her phone fell along with her, the phone having already been switched to the recording function.

The three men in the room had been waiting impatiently for a long time. When they saw a woman rolling in, they couldn't wait to walk over and turn her over. She was very beautiful, and they were sure that she was the person they were waiting for.

Qin Ya had found them on her phone, so the three men didn't know that Qin Ya was their employer.

"She's really beautiful. We really got a good bargain this time."

"Bro, we can have some fun today."

Qin Ya had fainted and her ears were buzzing. She did not know what kind of treatment she would be facing next.

Qin Shu was the one who had pushed Qin Ya just now. She wanted to let Qin Ya have a taste of her own medicine.

...

Qin Shu did not have the habit of eavesdropping, so she turned around and left.

She hailed another taxi and returned to Bright Garden.

On the way, she used an anonymous method to send a message to Mu Lan, asking her to take a look for herself. Qin Ya was a typical example of what it meant to cut off one's nose to spite one's face.

Qin Shu put away her phone and looked out of the car window. She was unusually calm because this was just an appetizer. What she wanted was for them to suffer a fate worse than death.

Half an hour later-

Bright Garden

Qin Shu walked into Bright Garden. When she passed by the garden, she didn't see Boss and Ye Luo. Where were they?

Qin Shu didn't bother about Ye Luo. Instead, she sneaked back to her bedroom.

After she walked in, she heaved a sigh of relief. She put down her backpack and went to the bathroom to wash her face.

After she washed her face and wiped her face dry, she walked out.

Then she went downstairs to look for Boss.

Outside, the sun was shining brightly, and the temperature was very high.

Qin Shu went to look for Boss under the shade of the tree because Boss was very afraid of the heat.

When she walked under the ginkgo tree, she saw Boss hiding in a shady place. His posture was lazy and it looked as if he was very tired.

She walked over and bent down to pick up Boss, preparing to take him back to an air-conditioned room.

When she passed by the entrance, she heard someone talking. It sounded like Ye Luo.

"Sir is going to save Young Master Gu. I'm going too."

Ye Luo paused.

"I know. I'll protect her well."

Qin Shu frowned when she heard that. Fu Tingyu was going to save Gu Yan?

Didn't Gu Yan go abroad?

Did something happen?

Fu Tingyu didn't tell her he was going abroad and was just leaving like that?

Qin Shu walked towards the living room with Boss in her arms.

When she reached the door, she remembered something. Gu Yan had been taken by the Crimson Sand Sect.

Gu Yan who not the only one who had gotten into trouble. Fu Tingyu had also been seriously injured.

No wonder she felt a little uneasy.

She hugged Boss and turned around to look for Ye Luo.

However, when she turned around, she saw Ye Luo standing behind her. It gave her a fright.

He didn't even make a sound when he walked.

She pursed her lips and asked tentatively, "I want to go out and play for a few days."

“Sir said not to go far,” Ye Luo said expressionlessly.

Qin shook his head immediately. “I won’t go far. I’ll just go out nearby and have fun with my classmates.”

### **Chapter 259: Fu Tingyu Was a Slave to His Wife**

Ye Luo asked expressionlessly, “Where are we going to play?”

Qin Shu’s hand subconsciously pinched president BA’s Little Paw. President ba lifted his eyelids, looked at ye Luo in front of him, and then closed his eyes.

Her mind spun quickly, and she suddenly thought of the nearby resort. She said, “Go to the nearby resort and stay for a few days before coming back.”

Ye Luo pondered for a while and asked, “When are you going?”

Qin Shu saw that ye Luo agreed readily and glanced at him. His handsome face with no expression was no different from usual.

“Tomorrow is fine too.” Of course, the sooner the better. It was fine to go now.

Hearing that, ye Luo turned around and left.

Qin Shu saw ye Luo turn around and leave. For a moment, she didn’t understand what he was doing, so she hurriedly called out to him, “Wait, where are you going?”

Ye Luo looked back and said expressionlessly, “I’m going to pack my luggage.”

Only then did Qin Shu know that ye Luo was so straightforward and calm. Uh, he had always been very calm. So he wanted to go with her.

She lowered her eyes slightly, looking a little embarrassed. “We girls go out to play. It’s not good for a boy like you to follow us.”

Ye Luo said, “You guys play, you play. I’ll stand far away.”

In Ye Luo’s heart, he did not want to play with her.

After saying that, he directly left.

Qin Shu:”...”

Was this a question of whether to play or not?

It was just that ye Luo, this old block of wood, simply did not understand the awkwardness of playing with girls.

President Ba Lazily raised his head and looked at Qin Shu with his dark green eyes. “Meow.” Qin Shu lowered her eyes and looked at president BA in her arms. She raised her hand to rub her head and sighed. “I can’t walk anymore.” Then she helplessly turned around and walked into the living room.

When she walked into the living room, the cold air blowing in front of her drove away the heat on her body.

She walked to the sofa and sat down. She placed President Ba on the sofa and let him sleep on it.

President ba lazily stretched his limbs. Then, he leaned against the back of the sofa and curled his body to sleep.

Qin Shu took out her phone from her pocket and dialed Fu Tingyu's number. She wondered if he had boarded the plane?

Gu Yan was a doctor. He was well-versed in both Chinese and Western medicine.

Gu Yan and Chisha did not seem to have any grudges or conflicts of interest.

Why did Chisha want to arrest Gu Yan?

She really regretted that she did not pay much attention to men in her previous life and what happened to him.

If Shi Yan had not mentioned it, she would not have known that Fu Tingyu had gone abroad to save Gu Yan. She also did not know how he got injured?

The phone rang a few times before it was picked up.

She hurriedly asked, "Are you at the company?"

Fu Tingyu's slender figure stood in the departure hall. Just as he was about to turn off his phone, he saw a call from a girl.

He hesitated for two seconds before picking up the call.

"I'm not at the company right now. Does Bao'er miss me?"

When she spoke to a man, Qin Shu's voice would unconsciously become softer. "Yes, I want you to come home early for dinner. I'll let you."

In her heart, she thought, I want you to take me with you!

How could I leave my wife at home?

Fu Tingyu paused as he looked at the ticket gate. If he was not in a hurry to save Gu Yan, he would have gone home directly to have dinner with Bao'er.

"I'm not going home tonight. I'm going abroad to do some business. I'll be back in a few days." There was a hint of regret in the man's voice.

"Why didn't you bring me along when you went abroad? Do you not want me to follow you?" Qin Shu pretended to be angry.

The corners of the man's mouth could not help but curve up in a beautiful arc. "After I'm done with my business, I'll accompany Bao'er wherever she wants to go."

"In the future is in the future. You just don't want me to follow you now."

"Bao'er is angry?"

“What do you think?”

Shi Yan hurried over. Seeing that master four was answering the phone, he whispered, “Master Four, you can board the plane now.”

Fu Tingyu glanced at Shi Yan and lowered his voice, “I’m about to board the plane. When I come back, you can vent your anger however you want.”

After saying that, he hung up the phone and looked at the ticket gate. “Let’s go.” Before he finished his sentence, his slender legs walked towards the ticket gate.

Shi Yan heard the tone of the child-coaxing. wasn’t he spoiling Qin Shu too much?

Fourth Master went abroad for an urgent matter.

In the end, when he returned, he still had to suffer Qin Shu’s random beating and scolding to vent his anger?

Shi Yan couldn’t help but Shiver. Men really couldn’t get married, or else he would become a wife slave.

He quickly caught up with fourth master.

Qin Shu looked at the phone that had been hung up, waiting to see you come back injured?

In the end, wasn’t I the one who felt the heartache?

She gripped the phone tightly. She couldn’t not take action to prevent such a thing from happening even though she knew that he would be injured.

She had to stop him.

Besides, the assassins from Chisha might meet the assassins who hurt Fu Tingyu.

She could also find an opportunity to deal with them.

She tilted her head and glanced at President Ba. He was sleeping soundly, but in her heart, she was thinking, how can I leave the country without ye Luo knowing?

With ye Luo’s character, he definitely wouldn’t let her leave the country.

On the other hand, ye Luo himself could not wait to go abroad with a man.

At the same time

When Mu Lan saw the contents of the message, she was stunned for a long time. Her daughter was fine, how could she be fooling around with a man?

Although she thought so, her heart was not at ease, so she hurriedly drove to check it out.

When she rushed to the abandoned house in the school, she hurriedly opened the car door and got out. Because she was afraid that it was true, when she got out of the car, her legs became weak and she fell, spraining her ankle. Even the heel of her high heels broke.

Mu Lan's expression was not very good. She cursed under her breath that she was "Unlucky". She did not care about her broken heel and limped towards the abandoned house.

At this moment, the abandoned house was very quiet.

The front door was filled with piles of scrap wood and bricks.

Mu Lan limped over and almost fell because of the uneven road surface.

In summer, the temperature outside was as high as 38 degrees Celsius. The fall and the broken heel made her so angry that she cursed, "Damned girl, if you really dare to fool around with a man, I'll break your legs. You're so unlucky."

It was not easy for her to reach the door. She took two deep breaths before walking in.

Just as she took a step forward, she saw a person lying on the ground. The clothes on his body were already in tatters. When she saw his face, Mu Lan's face instantly turned white. Her legs were completely intact and she collapsed on the ground.

At that moment, it was as if the sky had collapsed.

"What on Earth is going on? How could her daughter fool around with a man?"

When she recovered from her shock, she scrambled to her daughter's side.

"You wretched girl, how do I usually teach you? I'm really going to anger your mother to death."

Although Mu Lan was angry at her daughter for being disobedient and abusing her, seeing her daughter being tormented like this, her heart ached.

She didn't dare to bring her to the hospital, which would ruin her reputation.

Mu Lan spent a lot of effort to get Qin Ya into the car and then bring her home.

- ..

- ..

It was already night when Qin ya woke up.

After she woke up, she stared at the ceiling for a long time, as if she had not realized what had happened.

### **Chapter 260: Qin Shu's Probing and Giving the Man a Surprise**

When Mu Lan entered the room, she saw that her daughter had woken up. She quickly walked to the bedside. Although her heart ached, when she thought of the stupid things Qin Ya had done, how things had not been going well recently, and how Qin Hai had neglected her, she could not help but feel angry.

She could not help but curse, "You wretched girl, have you lost your mind? Fooling around with a few men? Are you getting bolder and bolder? Are you not even going to listen to me anymore?"

Qin Ya tilted her head to look at her mother. The memories in her mind seemed to appear in front of her eyes, making her feel ashamed and angry. She wished she could personally kill those three men.

Mu Lan felt unsatisfied and reached out to Pinch Qin Ya's arm again, with a look of disappointment, she said, "Didn't I tell you that if you want to find a man, you have to find a young master from a wealthy family? Only by marrying into a wealthy family will you get a good life. But what are you fooling around with some hooligans for? They can't give you anything."

Qin Ya felt rather upset especially after what had happened earlier today. She was still a teenage girl after all. Tears instantly flowed out of her eyes.

"Mom, someone did this to me. Why would I fool around with those indecent people? I was the one who found those three men to rape that b\*tch, Qin Shu. I don't know how it ended up like this." Qin Ya sounded upset and furious.

"Can you discuss it with your mom before you do anything? You are not only just robbing the goose that lays the golden eggs. You are putting yourself at risk."

When Mu Lan heard Qin Ya's words, she was so angry that she almost passed out.

"How could I possibly have a silly daughter like you?"

Mu Lan was so angry that she did not want to care about her daughter. Then, she suddenly remembered something. She turned around and looked at her daughter. "You said that someone deliberately set you up? Did you see who it was? I can't let the person who set you up off lightly either."

Qin Ya stammered and couldn't speak.

Seeing that her daughter didn't speak, Mu Lan became angry again. "Are you mute? You don't even know who harmed you?"

"The other party knocked me out from behind. How could I see who it was? When I find out who it is, I will return this favor ten times or a hundred times over." Qin Ya gritted her teeth. Her eyes were full of sinister hatred.

When she thought about how Qin Shu had dodged the bullet, her heart was filled with even more hatred.

Even though she lost the chance to get Qin Shu into trouble this time, there would be a next time. In any case, she did not want Qin Shu to have a good time.

Mu Lan was so angry that she felt like she was about to have a heart attack. However, it had already happened. What she needed to do now was to fish her daughter out of trouble.

"When your injury recovers, follow me to the hospital. You will marry into a wealthy family in the future. You cannot have any black marks on your history."

Qin Ya was stunned for a few seconds before she finally understood what her mother meant.

Her mother was right. She was going to marry into a rich family. She couldn't possibly have any black marks on her history.

After dinner-

Qin Shu walked around the yard. She glanced at Ye Luo who was standing not far away. When she thought of how she was going to the resort tomorrow, she decided to give it a try.

She walked up to Ye Luo and said casually, "I called him this afternoon. He went abroad and said he had something important to deal with. Why didn't you go with him?"

Ye Luo pursed his lips. "I have to protect you."

Qin Shu couldn't help but laugh. "What could happen to me at home? Who would dare to come to Bright Garden and make trouble?"

Ye Luo was tempted. He wanted to go with Fu Tingyu, but he had asked him to protect Qin Shu.

"I can't leave." There was no room for negotiation in his tone, just like him. He didn't seem to be easy to sway.

Qin Shu felt a little helpless, but it was also expected. Ye Luo's character was just like that.

She raised her eyes and looked at Ye Luo. "Then how about you bring me along? I haven't left the country before, and the furthest place I've been to is Lin City." Qin Shu sounded a little sad.

But deep down inside, she was thinking that if Ye Luo refused again, she would have to sneak away, or there would be no time left.

Ye Luo looked at Qin Shu's sad and lonely expression and thought that she would definitely drag Fu Tingyu down if she went, so he rejected her. "No."

Qin Shu sighed to herself. She knew that the blockhead that was Ye Luo did not like her. Forget it, she'd better find a way to sneak out.

"Then I'll go back and rest first."

After saying that, Qin Shu turned around and walked away.

Ye Luo stood still and watched expressionlessly as Qin Shu left. Women were indeed troublesome.

Qin Shu returned to the bedroom and began to pack a backpack and her luggage. She brought everything that she might possibly need.

When she was ready, she went into the small study, sat down at the desk, switched on the computer in front of her. She took the initiative to poke the young professor online.

Qin Shu: Are you there? I have something on the next few days and won't have time for class

After a while, the young professor replied.

Young professor: Alright, contact me again when you're done.

Qin Shu: Okay.

After Qin Shu sent the message, she closed the laptop and put it into her backpack. When she walked out of the room, she glanced at Boss who was curled up on the sofa. She wanted to bring him with her because he might be able to help.

It was just that it was difficult for her to bring him along.

She picked Boss up and patted his head. It felt soft. "Boss, I'm going abroad tomorrow. Do you want to go?"

"Meow," Boss raised his head. His dark green eyes looked at Qin Shu as if he was looking forward to going with her

Qin Shu saw the look of anticipation in Boss's eyes. She could not help but laugh. "Then I'll bring you along."

Boss meowed to show that he was happy. His pair of dark green eyes were very bright.

After making a decision, Qin Shu washed up and went to sleep. She was going to rest well so she would have the energy to make a run for it tomorrow.

The next day

The sky had just lightened up when Qin Shu got up. She carried her backpack and luggage and went downstairs. Boss followed behind unhurriedly.

Ye Luo had the habit of getting up early to exercise. He was already neatly dressed and waiting in the living room.

When he saw Qin Shu coming downstairs, he immediately went up to her, took the suitcase in her hand, and turned around to walk out.

Only then did Qin Shu bend down to pick Boss up and follow Ye Luo out of the door.

Ye Luo had already put the suitcase in the car. He opened the back door and waited for Qin Shu to get in.

Qin Shu walked to the car and glanced at Ye Luo before getting in.

After Ye Luo closed the car door, he sat in the driver's seat, started the engine, and drove towards the resort.

The resort was an hour's drive away from Bright Garden, but it was very close to the airport. That was why she had chosen the resort. The journey was silent.

An hour later, at the resort-

The guest rooms were pre-booked. When they arrived at the resort, they went straight to the rooms they had booked.

Ye Luo's room was next to Qin Shu's.

Usually, when there was nothing to do, Ye Luo would not appear in front of Qin Shu. Instead, he would stand ten meters away.

After everything was arranged, Qin Shu left a note in the room. She carried her twenty-inch suitcase in one hand and carried Boss in the other and left the room while Ye Luo was busy.

There were several taxis at the entrance of the resort. Qin Shu slipped into a taxi and headed to the airport.
