### Chapter 261: Unexpected Incident Within An Unexpected Incident, With Only Her In His Eyes

..

..

After getting into the car, Qin Shu held Boss in her arms as she stroked him. He had finally come out.

When she returned this time, she would discuss with the man about not letting Ye Luo protect her.

Not only would it be difficult for him, it would also be troublesome for her to go out.

She wasn't worried that Ye Luo would catch up to her.

That was because even if Ye Luo guessed that she would go to the airport and take a plane to look for Fu Tingyu, he wouldn't be 100% sure.

So, while he was hesitating, judging, thinking, she was already on a plane.

—

—

A resort

Ye Luo went out to prepare fruit for Qin Shu. He went back and forth in less than five minutes.

When he came back, he held the fruit in one hand and knocked on the door with the other. Even after a while, no one answered the door.

Ye Luo's eyebrows furrowed. With a security guard's vigilance, he didn't think about it and forcefully pushed open the guest room door. He strode in, but after going in, but didn't see Qin Shu's figure.

He searched the room and bathroom, but he didn't see Qin Shu.

He quickly walked to the table and placed the fruit plate on the table. When he was about to leave, he saw the note on the table. He picked it up and took a look.

[ Ye Luo, I went out to play. It will be very troublesome to have a man by my side. I will be back in a few days. Don't worry.- Qin Shu ]

Ye Luo's eyes turned cold as he held the note in his hand tightly. In a short while, the note in his hand shattered into pieces. Clearly, it was the woman who was very troublesome.

Ye Luo turned around and walked out in large strides. As he walked, he took out his phone and began to search for Qin Shu's location.

The location chip was installed in Qin Shu's phone, and it was installed when Fu Tingyu bought the phone for Qin Shu. As long as he checked, he would know where Qin Shu went.

This was also why no matter where Qin Shu went, Fu Tingyu would be able to find her immediately and accurately.

The original purpose of doing this was fear that Qin Shu would be kidnapped or have an accident.

After Ye Luo walked out, he also knew Qin Shu's route, which was towards the airport.

He directly got into the car and drove away from the resort.

According to Qin Shu's location, he chased after her all the way.

Fifteen minutes later

At the airport

Qin Shu paid the fare and got out of the taxi. She carried her suitcase and walked into the departure hall.

She had bought the ticket in advance. As soon as the time was up, she could board the plane directly.

Boss was half-squatting on the suitcase. His dark green eyes looked around curiously.

After waiting for about ten minutes, it was time to check the ticket. Qin Shu put Boss into the pet cage in advance and hurried over, then handed the ticket in her hand to the ticket checker.

At this time, Ye Luo's tall and straight figure dashed in from outside. From afar, he could see Qin Shu at the ticket gate, so he quickened his pace and ran over.

He wanted to take advantage of the time before Qin Shu went in to stop her and bring her back to Bright Garden.

While waiting for the ticket check, Qin Shu caught a glimpse of Ye Luo running over from the corner of her eye, and a trace of disbelief flashed through her eyes.

His speed was too fast. He caught up so quickly?

It was less than ten minutes later.

Just then, the ticket was checked, and Qin Shu hurriedly walked in. No matter what, she had to board the plane first.

When Ye Luo ran to the ticket check-in counter, Qin Shu had already walked in. Women were really troublesome!

He really don't know what Sir saw in Qin Shu?

He hurriedly went to buy the plane ticket.

Fortunately, at this time, the tickets didn't have a shortage. Ye Luo looked at the flight display at the entrance of Qin Shu's plane and knew where Qin Shu was going.

He bought the ticket and rushed to the ticket check-in counter.

With impatience, he urged her in a cold voice, "Hurry up."

The ticket checker at the counter was a girl with a very good-looking face. When she saw Ye Luo's handsome face, she couldn't help but take a second look at him.

In the end, with Ye Luo's tone and attitude, her affection dropped from 100 to 40. The remaining 40 was because of his looks.

After getting the ticket checked, Ye Luo ran straight in.

Qin Shu booked a first-class seat because the first-class cabin had a lot of space and was very comfortable.

After she sat down, she lowered her head to look at Boss BA in the pet cage. Seeing that it had already closed its eyes and started to sleep, she gave up the idea of hugging it.

When she looked up, she saw Ye Luo following her.

"..."

Ye Luo was looking at her coldly. That gaze only expressed one word — troublesome!

Feeling a little embarrassed after being caught, Qin Shu smiled. "Since you're here, let's go together."

Ye Luo looked at Qin Shu coldly with a warning look, then sat down at the opposite seat.

Qin Shu glanced at Ye Luo, who still had a cold expression on his face. Because of the intense running, his forehead was full of bean-sized beads of sweat.

How did he know that she would definitely come to the airport after leaving the resort?

It definitely wasn't a guess.

"How did you know that I came to the airport?" She had to ask this clearly. Otherwise, the next time she wanted to do something secretly, she would not be able to.

Ye Luo glanced at Qin Shu coldly, pursed his lips, and ignored her.

"..."

Ugh, he was still angry.

Ye Luo had a temperament of being too lazy to speak. When he was angry, most of it was resolved or vented through force. This time, seeing that Qin Shu ran out without caring about anything and even went to look for Sir, he thought of locking her up in Bright Garden directly. It was easier than anything else.

Qin Shu pursed her lips and did not ask any further. She would eventually find a way to find out how Ye Luo knew that she was coming to the airport.

There was nothing to say all the way until after they got off the plane. Ye Luo said his first sentence.

"No matter what the reason is, don't drag Sir down."

Ye Luo's voice was ice-cold without any emotional fluctuations.

Qin Shu glanced at ye Luo. She didn't nod or shake her head because there was no need to speak.

She only came here to do her best to avoid some things that might happen.

As for the rest, she didn't care.

After Ye Luo contacted Ye Leng and found out that Sir was staying in the hotel, he took Qin Shu to a taxi and rushed to the hotel.

When they arrived at the hotel, Ye Luo was carrying the luggage, including the pet cage.

Qin Shu carried Boss and unhurriedly followed Ye Luo all the way to the man's guest room.

Ye Luo stood at the door of the guest room and raised his hand to knock on the door.

After a while, the door opened from the inside. It was Shi Yan who opened the door. When he saw that it was Ye Luo who knocked on the door, his eyes were filled with surprise at first, then confusion flashed through them.

"Ye Luo, why are you here?"

Ye Luo's tall and slender figure tightly blocked Qin Shu, who was standing behind him.

Shi Yan, who was standing in the door, did not see Qin Shu, who was behind Ye Luo.

Ye Luo didn't say anything. He did want to come, but not with a burden.

Fu Tingyu, who had just walked out of the room, frowned when he heard Shi Yan say that Ye Luo had come. He walked over and saw Ye Luo standing at the door. His eyes instantly turned cold.

"What are you doing here?" The man's voice was also cold.

Ye Luo lowered his eyes and kept quiet.

Qin Shu, who was standing behind Ye Luo, held Boss in her arms and poked her head out from behind Ye Luo. She smiled at the man with her bright eyes and white teeth. "I dragged Ye Luo here by force. Do you feel surprised?"

Fu Tingyu was stunned for a few seconds when he saw the person who suddenly appeared behind Ye Luo. The girl's smiling face was reflected in his dark eyes.

## **Chapter 262: As Long As Babe Is Good At Coaxing, It's For Real This Time**

The girl's smile was very sweet. When her two small canine teeth were exposed, it made her look a little playful.

Even though he had only been away for a few days, he still felt that those days were like years.

He had thought about the scene when he returned to Jiang City and saw the girl for the first time after rescuing Gu Yan.

But he had never thought that he would suddenly see her here.

The surprise made him simply look at the girl and watch her smiling at him.

That feeling was like a delicate flower blooming in his heart, but afraid that it would disappear, he didn't dare to touch it.

Even Shi Yan, who was standing at the door, was surprised when he saw Qin Shu suddenly appear.

Who would have thought that she would suddenly come here?

What was even more unbelievable was that she could actually get Ye Luo here?

They had known each other for so many years, so they naturally knew what kind of person Ye Luo was.

However, he had indeed come, and he had come so quickly..

Ye Luo pursed his lips tightly. "..."

Qin Shu saw that the man was only staring at her with a very focused gaze, but he did not say anything.

She had originally wanted to sneak over to prevent something from happening, and then sneak back without anyone noticing.

However, Ye Luo's sudden pursuit was unexpected.

However, when she thought about how he did not want her to come but she came without informing him, he would definitely be angry.

She asked carefully, "Are you unhappy that I'm here?"

When Fu Tingyu saw the smile on the girl's face disappear, he replied with an "en". "Why did you come all of a sudden?"

The man's tone was not questioning, but rather, it sounded a little surprised.

In the face of the man's inquiry, Qin Shu lowered her eyes slightly and walked out from behind Te Luo with Boss in her arms. Because there were outsiders present, she answered a little bashfully, "I came because I wanted to. If you aren't happy with me coming, I will go back now."

She said the last sentence on purpose.

She heard the man's gentle "mm" clearly. It seemed that he was really angry.

Fu Tingyu frowned when he heard that. He glanced at Boss, who was in the girl's arms. He stretched out his long arm and grabbed the girl's arm. He pulled her into his arms, as if he was really afraid of her suddenly turning around and leaving.

His action seemed domineering, but it was actually very gentle.

At the same time, his other hand directly picked up Boss, who was in her arms, and threw him into Ye Luo's arms.

Fu Tingyu's action was done in one go. Before Qin Shu could react, she was already in his arms.

Fu Tingyu's sudden action did not give Boss time to react. Its body was falling directly into Ye Luo's old wooden arms like a parabola. It was very painful.

If Boss had known earlier, it definitely would not have bothered Fu Tingyu to do it personally. It would have done it himself.

Ye Luo reacted very quickly. When Boss was thrown over, he reached out both hands to catch it.

Fu Tingyu's big hand held the girl's hand. The girl's hand was slender and small. He could easily grasp it with one hand, and he pulled her into the room.

Qin Shu turned around to look at Boss. Boss looked at her with a wronged expression. After she threw a helpless look at Boss, she retracted her gaze and followed the man into the room obediently.

The door closed behind her.

Ye Luo lowered his gaze to look at Boss in his arms. There was a hint of disdain in his calm eyes.

Boss glanced at Ye Luo from the corner of his eyes. That gaze seemed to be saying, you want to throw me away but won't dare to do so, right? Then, it shrunk its body and closed its eyes to sleep.

Shi Yan's gaze shifted from the tightly shut guest room door to Ye Luo. He glanced at Boss, who was in his arms, and asked, "I'm very curious. How did Qin Shu forcefully drag you here?"

Ye Luo raised his eyes to look at Shi Yan but did not say a word. This was because Qin Shu wasn't the one who forcefully dragged him here. He had to come no matter what.

This was because his duty was to protect Qin Shu. It was impossible for him to watch her board the plane and not follow her.

Seeing that Ye Luo did not speak, Shi Yan raised his hand and patted his shoulder. His voice was filled with worry. "With your personality, I'm really worried that you won't be able to find a girlfriend in the future."

Ye Luo: "..."

Shi Yan shook his head helplessly and turned to leave.

— ..

— ..

In the room

Qin Shu stood in front of the man and lowered her gaze to glance at the man in front of her. He was sitting upright on the sofa with his slender legs crossed.

Ever since he entered, he had been staring at her without saying a word, as if he would only give up when he saw a flower.

"Why aren't you saying anything?"

The corners of Fu Tingyu's lips curled up. "I'm waiting for babe to say something."

Qin Shu looked at the man in front of her in confusion. What was he waiting for her to say?

Knock, Knock

Suddenly, there were two knocks on the door.

Fu Tingyu glanced at the door. His slender body stood up from the sofa, walked to the door, and reached out to open the door.

This was because when he entered, he had locked the door so that they wouldn't suddenly come and disturb him.

When Shi Yan saw the door open, he hurriedly said, "Ye Leng sent a message. We have a rough location. It's on the nearby Huangtuo Mountain."

Fu Tingyu's deep eyes flashed with killing intent when he heard that. "Get ready. We'll rush over immediately."

"Yes, Sir." Shi Yan immediately turned around and left.

Qin Shu also heard what Shi Yan said. If Fu Tingyu went, would he be injured this time?

Fu Tingyu's slender figure walked in front of the girl. He raised his hand to her forehead, and tucked a strand of hair behind her ear.

"I'm going out for a while. You stay in the hotel obediently."

Qin Shu hurriedly grabbed his hand. "I'm going too."

"Be good."

Fu Tingyu glanced at the hand in his hand, threw out two words, and turned to leave in large strides.

He walked out of the room and coldly said to Ye Luo, who was in the living room, "Keep an eye on her."

After saying that, he quickly walked out with Shi Yan and the other Ye brothers.

When Qin Shu quickly walked to the door, she saw Ye Luo's tall and straight figure standing outside the door with Boss in his arms. It was as if he did not want her to leave the room.

This time, no matter what excuse she found, Ye Luo would not believe her.

Ye Luo stuffed Boss into Qin Shu's arms and said expressionlessly, "Young Madam, you can rest in the room first."

Qin Shu hugged Boss tightly in her arms and took two steps back. The door in front of her was also closed by Ye Luo.

"..."

She looked at the tightly shut door. Ye Luo's habit of locking people up had not changed at all.

"Meow" Boss had a dumbfounded expression.

Qin Shu lowered her eyes and looked at Boss. "We can't leave through the main door, so we can only climb through the window."

She turned around and looked at the glass window on the balcony. This was the fourth floor.

She put v on the floor and quickly walked to the balcony. She opened the glass window and peeked out. There was air conditioning on every floor, so it was fine to step on the air conditioning.

Qin Shu supported herself against the window frame with both hands and climbed out to stand on the air conditioning.

Boss very tacitly jumped on the window frame, then jumped to the back of Qin Shu's backpack. Its front legs tightly held onto the backpack, lest it accidentally fall down.

After Boss securely held onto her, Qin Shu swiftly jumped down. She stepped on the air-conditioning to climb all the way down.

After landing, she looked back at Boss. Seeing that it was all right, she then quickly walked out of the hotel, hailed a taxi, and sat in.

### **Chapter 263: Cooperation Between The Inside And The Outside, Special Method To Rescue People**

In the living room, Ye Luo was sitting on the sofa. From time to time, he glanced at the closed door, but saw no movement. He thought Qin Shu was angry.

Even if she was angry, he still won't open the door.

It's a lot easier that way.

Ye Luo never expected that the seemingly weak Qin Shu had climbed out the window to slip away.

—

—

After Qin Shu got on the bus, she said to the taxi driver, "Go to Huangtuo Mountain."

The taxi driver's facial expression changed after he heard her, but he still stepped on the gas to drive to Huang Tuo mountain.

On the way.

The driver couldn't help but ask. "Beauty, you're from out of town, so you might not know about Huangtuo mountain. It's too dangerous for a girl like you to go to."

This was the first time Qin Shu came to Qi Country, so Huangtuo mountain was also unknown to her.

"Uncle, it's my first time here. Can you tell me what happened in Huangtuo Mountain?"

"I heard that a very powerful sovereign warrior suddenly died in Huangtuo mountain a few years ago. At that time, everyone was shocked. Then, one after another, warriors wanted to go to the mountain to check it out, but they all died because of it. So you'd better not go. It's too dangerous."

The taxi driver was an honest man. Seeing that she was a little girl, he couldn't help but advise her.

"Thank you for reminding me, uncle. My friend is there."

Qin Shu thanked him and didn't continue asking.

The driver didn't say anything more and continued driving.

They arrived at Huangtuo mountain an hour later, and the sky had already darkened.

After she got out of the car, Qin Shu paid the fare. "There's no need for change, Uncle."

Then, she pushed open the car door and got out. She carried Boss and walked straight towards the mountain.

The driver looked at the big banknote in his hand and then at Qin Shu. He shook his head helplessly, stepped on the accelerator, and drove away.

Qin Shu carried Boss and glanced at the signboard on the side of the road. The signboard was made of wood and had been weathered. The paint on it was almost gone.

The words "Entrance to Huangtuo Mountain's Scenic Area" were written on it.

She looked up at the Huangtuo Mountain in front of her. Halfway up the mountain and at the top, there was an old-fashioned house.

"Meow". Boss jumped down from Qin Shu's body. It turned around to glance at Qin Shu, then walked forward with its head held high.

Qin Shu suddenly laughed. How could she forget that Boss was different from other cats? Its nose was more sensitive than a dog's.

With Boss leading the way, it was much easier to find Fu Tingyu.

Qin Shu followed Boss all the way to the mountainside. Boss stopped walking and raised its head to look at the house in front of it.

This also meant that there was someone in the house.

Moreover, the possibility that Fu Tingyu was inside was very high.

Qin Shu walked to a relatively hidden rock and took off her backpack. She bent down, opened the backpack, and rummaged through it.

Boss was half-squatting in front of Qin Shu and looking at her curiously.

She took out the mini surveillance camera and looked at Boss with a sly look in her eyes.

She fixed the mini surveillance camera on Boss's leg.

"Boss, it's up to you this time. You're the best."

She purposely praised it, then rubbed Boss's furry head. "Go into the house and look for Gu Yan."

Boss was petite and did not make any noise when it walked, so it would not be known by the powerful crimson sand killers.

Boss looked down at the thing on its feet, and then looked up at Qin Shu. Its dark green eyes rolled around, then it turned around and ran into the house.

Qin Shu poked her head out from behind the rock. After seeing Boss slip in, she retracted her gaze, took out a laptop from her backpack, placed it on her legs, and opened it.

Then, she opened the video. The image was a little shaky, but the quality of the image was still okay.

She put on her Bluetooth headset.

Not long after, she saw Fu Tingyu's figure suddenly flash in the image, along with Shi Yan, Ye Leng, and the others beside him.

The image shook again, and a few unfamiliar faces appeared.

Boss' petite figure wandered around the corner of the living room, as if it was looking for someone. She also saw the number of people in the living room clearly.

But she did not see Gu Yan.

No wonder Fu Tingyu and the others were in a stalemate with the other party, but they did not dare to make a move.

Because Gu Yan was in their hands. If they were not careful, Gu Yan would be in danger.

The picture started to shake again, and it became a little blurry. It passed through a door, then the screen darkened for a moment, and then it lit up again. Boss kept going down the stairs.

From the surrounding environment, it seemed to be the basement.

The light on the other end was very dim, so it was not very clear.

Boss' meow came into her ears.

Then she heard a light male voice. "Why is there a cat?"

This voice seemed to be Gu Yan's.

Thinking that Gu Yan might be in the basement, Qin Shu closed her laptop and stuffed it into her backpack. She stood up swiftly from the ground.

When she came here just now, she had already sized up this house. She could also enter from the back.

Qin Shu went around the rockery and quickly ran to the back door.

When she reached the back door, Qin Shu caught a glimpse of a spark in the darkness near the wall.

There was a person leaning against the wall, and he was smoking.

Qin Shu bent down and groped on the ground for a while. She touched a stone the size of an egg, picked it up, and placed a cushion in her palm. It was quite heavy.

She walked toward the man who was smoking and deliberately made a noise.

"Who's there?"

An angry shout came from the darkness of the night.

Just as the angry shout fell, the stone in Qin Shu's hand hit the man's forehead and made him to feel dizzy for a moment.

Qin Shu quickly ran over and raised her foot to kick the man's abdomen while pushing him against the wall.

When her foot left, the man fell to the ground instantly. Before he could even cry out in pain, he had already fainted.

Under the moonlight, Qin Shu glanced at the man on the ground, then quickly stepped over him and sneaked in through the back door.

However, after entering, Qin Shu searched for a long time but could not find the entrance to the basement.

Without knowing where the entrance was, there was no way to rescue Gu Yan first.

That was because only when Gu Yan was safe would Fu Tingyu and the others dare to let go and confront the crimson sand killer head-on.

Just when Qin Shu was getting anxious, she saw Boss come out from the carpet.

No wonder she could not find the entrance to the basement. It turned out that it was covered by the carpet.

Boss was a little excited when it saw Qin Shu as soon as it came out.

Qin Shu bent down and lifted the carpet. There was a flight of steps leading straight to the underground.

She could not wait to go down.

Boss followed behind her cleverly.

There were only ten floors on the stairs, and they reached the ground in no time.

The light in the basement was a little dim.

Qin Shu's gaze swept around the basement and saw Gu Yan in the corner. His hands were tied behind his back, and there was a black cloth tied around his eyes.

Gu Yan did not move or make a sound when he knew someone had come in.

In order not to let Gu Yan recognize her, Qin Shu took out a voice changer and put it on, then walked over.

"I'm here to save you. Don't make a sound."

Gu Yan heard a clear male voice and asked in confusion, "Who are you? Why would you save me?"

"I'm Fu Tingyu's friend."

**Chapter 264: Sir's Tyrannical Outburst And Babe Appeared Just In Time**

As Qin Shu spoke, she pulled him up from the ground. Gu Yan heard that he was a friend of Fu Tingyu's and half believed her. He stood up and cooperated.

"Don't talk when you get out. I'll untie you when we're safe."

Gu Yan couldn't help but feel a little puzzled. Since he was here to save him, why didn't he untie him?

Although he was puzzled, he did not ask. Regardless of whether he was here to save him or not, it was best to leave this place.

With Gu Yan's cooperation, Qin Shu brought him out quickly.

Boss followed them all the way.

When it was safe outside, Qin Shu hid behind the big rock with Gu Yan.

Because Gu Yan did not know martial arts, all her effort would go in vain if he was discovered.

Qin Shu patted Boss' head and motioning for it to go in and take a look, she pointed in the direction of the house.

Boss' dark green eyes darted around. It immediately turned around and left.

"Fu Tingyu is inside right now. Send a message, saying that you've come out safely, to Fu Tingyu later."

After saying that, Qin Shu released the restraints on Gu Yan's hands, then pulled off the black cloth on his eyes.

After pulling it down, Qin Shu turned and walked away quickly.

After the black cloth on his eyes were uncovered, Gu Yan saw he was behind a big stone.

Thinking of that person's words just now, he immediately took out the cell phone in his pocket and sent a message to Fu Tingyu.

After sending, he did not dare to move, because he did not know martial arts, so if he rashly went out, even self-protection would be difficult.

—

—

And at the same time,

Inside

Ming Shuo coldly looked across from him at Fu Tingyu, then slightly raised his eyebrows smugly.

"We are just borrowing Gu Yan. As long as he is obedient, we will spare his life. As for you, you should know how long you can live."

Fu Tingyu coldly looked across from him at Ming Shuo. His pitch-black eyes had murderous coldness in them. "If you let Gu Yan go, I might spare your life."

“We won’t let Gu Yan go. If you dare act recklessly, Gu Yan’s life could be lost at any time.” Ming Shuo then smiled smugly. “Do you think that your combat ability is still at its peak? After being poisoned by us, your combat ability is just for show.”

This was also why Ming Shuo was not afraid of Fu Tingyu.

Fu Tingyu was about to speak when a vibration came from his pocket. His slender fingers took out the phone from his pocket. He looked down and saw the message from Gu Yan.

[ Yan: I’ve been rescued by your friend. I’m hiding outside. Be careful. ]

Friend?

A trace of doubt flashed across Fu Tingyu’s eyes. He put the phone back into his pocket. Now wasn’t the time to think about this problem.

He raised his eyes to look at Ming Shuo across from him. His pitch-black eyes were full of killing intent.

Ming Shuo was still feeling smug just now, but when he was suddenly glanced at by an intimidating cold gaze, his back couldn’t help but feel cold. He instinctively took two steps back.

Fu Tingyu laughed softly. “I’ll let you experience my peak martial strength.”

Before he finished speaking, he turned around and arrived in front of Ming Shuo in the blink of an eye.

Ming Shuo was stunned. His body seemed to be enveloped by a powerful aura, and he couldn’t move.

Ming Shuo wasn’t the only one who was stunned. Everyone present was stunned by an invisible and powerful pressure.

Ming Shuo looked at Fu Tingyu in disbelief. How... How was this possible? He was so fast. He was clearly...

Before Ming Shuo could finish his thought, he was kicked to the ground by Fu Tingyu. There was a “bang” sound and he didn’t even have the ability to resist.

Blood flowed out from the corner of his mouth.

Fu Tingyu used all his strength in this kick. Even a gold-rank warrior wouldn’t be able to withstand it.

Immediately after, Fu Tingyu raised his foot and used the tip of his foot to hook Ming Shuo’s chin.

Ming Shuo was forced to raise his head and look at Fu Tingyu. His eyes were still filled with disbelief.

The hard leather shoes were under his chin. It felt extremely uncomfortable.

Fu Tingyu lowered his eyes and looked at him as if he was looking at an ant. He looked down at him from above and said in an extremely cold voice, “How do you feel?”

After he finished speaking, he used the tip of his foot to kick Ming Shuo away again. He crashed into the cold marble wall behind him. When he fell down, the marble shattered into pieces and fell down with him.

Last time, because he was concerned about Qin Shu's safety, Fu Tingyu's hands were tied. Because he was trying to save Qin Shu, he was forced to take a knife from the other party in the end.

At that time, Fu Tingyu didn't know that there was poison on the knife.

Even if he knew, Fu Tingyu was still willing to take the knife for Qin Shu's sake.

All of this happened in just a few seconds.

At this time, the assassins from Crimson Sand Organization also reacted and surrounded Fu Tingyu.

Shi Yan, Leng Ye, and the others also reacted and went forward to welcome him.

At this moment, at the fence on the second floor, a black muzzle was aimed at Fu Tingyu's head. The finger that was pulling the trigger slowly tightened. Just before the trigger was pulled, he felt pain on the back of his head and he fainted.

Qin Shu stood behind that person and looked coldly at the person from the Crimson Sand Organization who had fainted.

Her cold eyes narrowed slightly. She half-squatted down and a shiny knife suddenly appeared in her hand. She extended it to that person's neck and exerted force on her hand. Blood slowly flowed out and blended into the dark night.

Boss, who was following behind Qin Shu, stared at Qin Shu, as if it was wondering what she was doing.

Boss was the first to notice this person. When Qin Shu was watching the surveillance video and saw someone aiming a gun at Fu Tingyu's, she broke out in cold sweat. At that moment, she felt as if she was in an ice cellar and her entire body was cold.

It was as if her heart was tightly gripped by a hand and even her breathing stopped.

Other than watching the man die in her arms in her previous life, she had experienced it again this time.

When she rushed over, she saw that the muzzle was aimed at Fu Tingyu's forehead. She had never been so fast before.

Before the man pulled the trigger, she raised her hand and knocked him unconscious.

After doing everything, Qin Shu felt like she had survived a disaster. She was also glad that she had discovered this hidden danger earlier.

She turned her head to look at Boss. She was also very glad that she had brought it with her. Otherwise, she would not have been able to discover this person hiding in the dark. The consequences would have been unimaginable.

She took a deep breath and waited for Boss to recover. Then, she reached out to hug Boss in her arms and rubbed its head.

She was really glad that she had ignored the shop owner's objection and bought it back then.

You have really helped me a lot.

This time, you saved Fu Tingyu again.

Boss' dark green eyes stared at Qin Shu, as if it was puzzled.

After expressing her gratitude to Boss in her heart, Qin Shu hugged it and went downstairs without alerting Fu Tingyu and the others.

Now that the danger was over, she had to hurry back. Otherwise, if Ye Luo found out that she was not in the room, he would definitely be anxious.

She just did not know how long the thing she left behind could last?

Thinking of Ye Luo's temper and personality, she was really afraid that he would directly use force and kick the door open.

After Qin Shu carried Boss out of the room, she went straight down the mountain.

Because of this section of the road, she had to walk down to get a taxi.

### **Chapter 265: An incident. I found it**

..

..

If Fu Tingyu had gone back before her, it would have been worse than if Ye Luo had discovered.

Along the way, the light was very dark. Besides the overhead moonlight illumination, there was nothing else.

Fortunately, she had combative powers, so she walked faster than ordinary people, and going down the mountain was also a lot easier.

When she arrived at the foot of the mountain, she waited for a long time before a taxi passed by. She paid a high price, got in the taxi, and rushed to the hotel.

—

—

The house halfway up the hill was now littered with corpses.

Shi Yan did not feel satisfied, but very gratified instead.

He looked at the people on the ground coldly. These killers took Qin Shu as a hostage, and made Sir get poisoned while rescuing Qin Shu.

Shi Yan was too excited just now and only then did he remember Young Master Gu. Sir suddenly made a move just now and stunned them all for a while. There was a stalemate because of the sake of Young Master Gu's safety, and that's why he didn't make a move for so long.

"Oh right, where is Young Master Gu? Sir..."

Fu Tingyu glanced at the group of people on the ground and finally couldn't hold it in any longer. Blood surged up, then bright red blood flowed out from the corner of his lips and fell to the ground from the corners of his mouth.

Just now, in order to intimidate those people, he had forcefully exerted his martial strength to its peak. This was also the reason his blood was surging and he finally vomited blood.

"Sir, what happened to you?"

Shi Yan was shocked and hurriedly walked over. When he saw the blood at the corner of Sir's mouth, his face turned pale. "Sir, what happened to you? Did the poison spread?"

Ye Leng and the others saw that Sir vomited blood, and quickly surrounded him. Their faces were filled with anxiety.

"Sir, are you okay?"

"Sir, what happened to you?"

Fu Tingyu took out a tissue from his pocket and slowly wiped the blood from the corners of his mouth. He said in a faint voice, "I'm fine. Yan is outside. He's safe now."

What he was confused about now was, who was his so-called friend?

He didn't remember bringing his friend over.

Ye Leng and the others went out to pick up Young Master Gu.

Fu Tingyu then walked out as well.

Shi Yan gazed at Sir's back with a worried look. He wasn't afraid of anything else besides the spread of the poison.

Seeing that Sir had already walked out, Shi Yan hurriedly chased after him.

Fu Tingyu called Gu Yan and found out where he was. Very soon, Ye Leng and the others found him.

Fu Tingyu followed closely behind. Seeing that Gu Yan was walking over with Ye Leng and the others, he asked, "How are you? Are you hurt?"

"I'm fine. They have something they wanted me to do, so they didn't dare to be too ruthless." Gu Yan rubbed his wrist that was hurting from being tied up. It was just that he had been tied up for a long time and had been beaten up a few times, but that was it.

He didn't say all this because he was afraid that Fu Tingyu would be worried.

Fu Tingyu heard this and asked in a low voice, "What did they want you to do?"

"They said that someone was sick and wanted me to treat them. If I didn't, they would kill me." Gu Yan couldn't help but laugh out loud. This was the first time he had met someone who sought treatment like this. When those aristocrats and high officials wanted him to make a house call, which one of them didn't pay a high price, or humble themselves to ask for treatment?

“However, I didn’t agree. They poisoned you, yet they still have the face to ask for treatment. Are they mentally retarded?” Gu Yan couldn’t help but laugh out loud again. He was laughing at those people’s stupidity.

His relationship with Fu Tingyu was so good, so how could he agree?

Fu Tingyu said, “You should think about your own safety first. They are assassins. They are cold-blooded and heartless. If they attack you, who would cure me?”

Gu Yan smiled indifferently. “I believed that you would definitely save me.”

Fu Tingyu also smiled. “Alright, let’s go back first. You should be hungry too.”

After the group of people got into the car, they drove straight to the hotel.

Gu Yan and Fu Tingyu sat in the same car. Shi Yan sat in the passenger seat and Ye Leng drove.

On the road.

Shi Yan thought of Sir suddenly vomiting blood. He turned to look at Gu Yan with a worried expression. “Young Master Gu, Sir just vomited blood. Can you examine him to see if the poison has spread?”

Gu Yan’s expression tensed up when he heard that. He hurriedly turned to look at Fu Tingyu. “I’ll take his pulse first.”

Fu Tingyu spat out two words nonchalantly. “I’m fine.”

Gu Yan furrowed his brows and said in a more serious tone, “Stop talking nonsense. Quickly stretch your hand over.”

Fu Tingyu glanced at Gu Yan. He still stretched his hand out in front of him and said, “It should be an internal injury.”

Gu Yan held Fu Tingyu’s hand with one hand and listening attentively, he placed two fingers on his pulse.

After a while, his brows furrowed even more.

“You knew that you were poisoned, yet you still forced your martial arts to its peak. Are you trying to speed up the spread of the poison? Is it just an internal injury?” Gu Yan was almost angered to death by this good friend who was used to acting tough.

Fu Tingyu didn’t say anything. He had never had much say in front of the doctors.

“Don’t you just want the people behind them to know that your body is fine and that the poison has been cured?”

Was it worth it to pay such a price just to create an illusion?

The corners of Fu Tingyu’s lips curled up. “How about this? The next time they want to make a move, they have to think twice.”

Gu Yan couldn’t help but roll his eyes. “I really have to give in to you. You still have to take care of your internal injuries carefully. Otherwise, they will be even more serious.”

Fu Tingyu suddenly remembered something and asked suspiciously, "Oh right, you said that my friend saved you. Who is that person?"

Gu Yan also asked suspiciously, "Don't you know who the friend you brought is?"

Fu Tingyu said, "I only brought Shi Yan and the Ye brothers. I didn't bring any friends."

Gu Yan looked at Fu Tingyu in disbelief. "But the man who saved me said that he is your friend and asked me to send you a message saying that I have been saved."

A trace of suspicion flashed in Fu Tingyu's eyes. "Then do you know what he looked like?"

"I was blindfolded. After he rescued me, he untied the rope for me. When I took off the blindfold, he had already left," Gu Yan said.

Fu Tingyu chuckled. "He didn't want you to know who he was, so he took off the blindfold only after he rescued you."

"No wonder. When he saved me, I was wondering why he didn't untie the rope first and take off the blindfold, but he's your friend. Why didn't he show his face?" Gu Yan asked doubtfully.

The suspicion in Fu Tingyu's eyes deepened. It was just as Gu Yan said. Since they were friends, why didn't he dare to show his face?

Or did he deliberately want to hide his identity?

However, other than Shi Yan and the Ye brothers, no one knew that he came to Huangtuo Mountain.

If it was Mo Chengxu and Yun Qichen, they had all been friends from childhood to adulthood, so there was no need to hide it.

In a hotel room.

At supper time, Ye Luo opened the lock, knocked on the door a few times, and heard a small voice coming from inside.

"I don't want to eat. Call me after he comes back."

It had been three hours now.

Ye Luo knocked on the door again, but once again heard, "I don't want to eat. Call me after he comes back."

Ye Luo frowned. He felt that something was wrong with Qin Shu's words. He pushed the door open and found that it was locked from the inside. Did something happen?

**Chapter 266: Ye Luo's Violent Method, The Man's Nervousness And Fear**

..

... Because her voice sounded too strange, he couldn't help but worry.

Ye Luo looked at the tightly shut door, and he could only use violent methods to enter.

Out of consideration that there was a woman inside, before entering, Ye Luo reminded her, "I'm coming in."

After saying that, he waited for a while before raising his foot and kicking hard at the tightly shut door.

At the same time.

Qin Shu quickly got out of the taxi and went straight to the balcony. Just like when she came down, she climbed up the air conditioner.

Boss was lying on the duffel bag. Its two limbs were tightly holding onto the backpack. Because Qin Shu was too fast, even though it was holding onto it tightly, its body couldn't help but sway left and right.

After she climbed up, Qin Shu, trying her best not to make a sound, nimbly jumped in from the window.

At this moment, the door was violently kicked open. When the door panel collided with the wall, there was a loud deafening "bang".

When Qin Shu heard the loud sound, she did not even have the chance to stand up. She simply sat on the ground and faced the window.

Boss also jumped down from her bag tacitly. It half-squatted and looked at Qin Shu with a dumbfounded expression.

Ye Luo kicked the door open and quickly rushed in.

Qin Shu heard hurried footsteps, then hurriedly covered her knees and rubbed them. "It hurts, it really hurts."

Ye Luo rushed into the room and only took a glance. He saw Qin Shu, who was sitting on the floor in front of the balcony with a backpack on her back while moaning in pain.

Ye Luo was at a loss for words.

She must have wanted to take the opportunity to climb out of the window, but she didn't manage to do so and fell.

Fortunately, he rushed in decisively. If she wanted to slip out of the window and accidentally fell down, this was the fourth floor, so she might even lose her life.

He walked behind Qin Shu and glanced at where she was rubbing her knees, then asked, "Do you want to call a Doctor?"

Qin Shu pretended to be angry and replied with two words, "No need."

Ye Luo glanced at the window and walked over. He took out a hidden weapon that looked like a D shape from his pocket. After closing the window tightly, he used the hidden weapon to nail the window shut. This way, he wouldn't need to be afraid of her climbing out of the window.

Qin Shu saw Ye Luo's actions and was at a loss for words. "..."

As long as she used a knife, it would be easy to pry it open..

Boss raised its head and looked at Ye Luo. It meowed at him and licked its lips to indicate that it was hungry and wanted to eat fish.

Ye Luo was about to turn around and leave when he heard the meowing of a cat. He saw Boss staring at him with a pair of dark green eyes. After interacting with him a few times, he was very familiar with the meaning of this gaze. He simply wanted to eat fish.

He bent down and disdainfully picked up Boss, then turned around to walk out of the room. This was because eating fish in the room would make it smell fishy, and Sir did not like it.

Boss nestled in Ye Luo's arms and raised its eyes to look at Ye Luo. That gaze was like saying, no matter how unhappy you are, you have to prepare fish for me because I am Qin Shu's cat (equivalent to Sir)

Ye Luo: "..."

Ye Luo carried Boss to the living room and put Boss on the sofa. In fact, he really wanted to throw Boss away directly...

He first called customer service and asked them to send some fish, then called the Chinese medical hospital and asked the Chinese medical doctor to make a diagnosis.

After Ye Luo left, Qin Shu jumped up from the ground and threw her backpack on the sofa. Then, she walked to the door.

Before she left, she stuck a sensor on the door. There was a recording of her voice on the sensor. The content of the recording was: "I don't want to eat. Call me after he comes back."

As long as Ye Luo knocked on the door, the sensor would vibrate and send out this message.

This was also to prevent no one answering when Ye Luo knocked on the door, and him using violence to break in.

The sensor was made in Jiangcheng, and the recording was prepared at that time, just in case.

She walked behind the door and glanced behind the door panel. The sensor was no longer on the door.

Just now, Ye Luo's actions were so explosive. Under the violent vibration, the sensor directly flew out and got damaged.

Qin Shu searched around behind the door and finally found the sensor in the corner.

It was a very small sensor. Its entire body was pitch-black, and there was a miniature speaker on it.

She bent down to pick up the sensor and found that it was already broken. This was also the reason it didn't make a sound despite the huge vibration just now.

Ye Luo walked to the door and shouted towards the inside, "I called the Doctor."

Qin Shu clenched the sensor in her hand and walked out from behind the door. She looked at Ye Luo at the door and said, "I just fell. I don't need a doctor. When will he come back?"

Ye Luo stood at the door and looked at Qin Shu. Who was the one who cried out in pain just now?

At this time, there were the sound of footsteps coming from outside the door. It sounded a bit chaotic, which also meant that it was the footsteps of a few people.

The traditional Chinese medical doctor waiting in the living room saw many people suddenly come in. All of them were tall and slender, and there was also a powerful aura coming from them.

Although the traditional Chinese medicine doctor wasn't a martial artist, he could still feel the pressure from them. He couldn't help but take two steps back.

He had a feeling that although the consultation fee this time was considerable, it wasn't easy to get it.

Beside the sofa, there was a plate in front of Boss. On the plate was a half-eaten fish.

Boss raised its eyes when it heard the commotion. When he saw Fu Tingyu, it immediately lowered its head and continued eating the fish in front of him, as if he had done something guilty.

Fu Tingyu was the first to walk in. When he saw a stranger standing in the living room, he frowned. "Who are you?"

"I, I'm a traditional Chinese medicine practitioner. The tenant here asked me to come and see him."

The traditional Chinese medicine practitioner in his fifties was almost scared out of his wits by Fu Tingyu's powerful aura.

When Fu Tingyu heard this, his first reaction was, 'Is babe sick?'

Ye Luo walked into the living room and looked at Sir. "The young madam fell down."

Before Ye Luo could finish his sentence, Fu Tingyu's tall and straight figure had already strode into the room.

Qin Shu heard the man's voice and also walked out of the room. She just happened to bump into Fu Tingyu, who had just walked in.

Fu Tingyu hurriedly stretched out his hands to support the girl's shoulders. His deep voice was filled with anxiety and worry. "Where did you hurt yourself? Let me take a look."

Qin Shu saw that her man had appeared in front of her unscathed. Only then did the weight in her heart truly ease up. She raised her eyebrows at the man. "I'm fine. It's Ye Luo who's making a fuss over nothing."

"Ye Luo called the doctor over, and you still say you're fine?" Wanting to see where she had fallen, Fu Tingyu looked at the girl up and down.

Ye Luo saw that Young Master Gu had been saved, so there was no need for traditional Chinese medicine.

He walked to the front of the traditional Chinese medicine doctor and took out his phone to pay for the consultation fee. After the payment was successful, he looked up at the traditional Chinese medicine doctor and said expressionlessly, "You can go back now. The consultation fee won't be small."

"Okay, okay." The doctor couldn't wait to leave as soon as possible. He quickly took the medical kit and left.

Fu Tingyu looked at her but didn't see any obvious signs of injury. He looked at the girl again. "Where did you hurt yourself from the fall? I'll ask Yan to take a look at you."

### **Chapter 267: The First Time Seeing Such An Expression On The Man's Face, How Rare**

Gu Yan heard that Qin Shu was injured. He knew that the person Yu cared about the most was Qin Shu. When she was injured, Yu was the one who was the most anxious.

He walked over and looked at Qin Shu. "Where did you fall? Tell me how painful it is. If it's very painful, you might have broken your bones."

Qin Shu didn't expect that a random excuse she made would cause such a big misunderstanding.

She explained, "I'm really fine. It was a little painful in the beginning, but it's not painful now."

"Then tell me where you fell?"

Fu Tingyu looked like he wouldn't stop until he told her. Qin Shu felt a little helpless. She glanced at Gu Yan, then tiptoed and whispered into the man's ear, "I fell on my butt."

Fu Tingyu glanced at the girl, while Qin Shu looked at him helplessly.

Gu Yan asked in confusion, "What's wrong?"

Fu Tingyu coughed twice and turned to look at Gu Yan. "It's nothing, so you don't have to look."

Gu Yan was a little surprised because he knew Fu Tingyu too well. Qin Shu was hurt, and he was extremely nervous, but now he said she didn't need to be examined?

But if Yu said she didn't need to be examined anymore, that meant she didn't need to be examined anymore.

Qin Shu glanced at Fu Tingyu. She didn't expect him to look at her awkwardly. This was also her first time seeing him so awkward, so it was quite rare.

Fu Tingyu didn't even turn his head and ordered, "Shi Yan, tell the hotel to prepare the food."

"Yes, Sir."

Shi Yan responded and turned around to walk out.

Gu Yan glanced at Fu Tingyu and also turned around to walk into the living room.

Fu Tingyu saw that everyone had left and closed the door. Because his attention was on Qin Shu, he did not realize that the door was broken. He turned around to look at her. "How did you fall on your butt?"

Hearing the man say the word "butt", Qin Shu felt that it did not fit the man's noble temperament.

“I just accidentally fell.”

“Let me see. Is it swollen?”

Fu Tingyu reached out to take a look, but Qin Shu quickly stopped him. “I’m not in pain anymore. I’m just hungry.”

It was true. For the past three hours, she had been in a state of high concentration. Now, she was very hungry.

Hearing the girl say that she was hungry, Fu Tingyu frowned. “You didn’t eat dinner?”

Qin Shu said guiltily, “I wanted to wait for you to come back and eat together.”

“You’re all bones. Don’t you know to eat when you’re hungry. Why wait for me?”

Fu Tingyu’s tone was a bit blunt, but mostly because of heartache.

Because of guilt, Qin Shu did not dare to make a sound, but she still could not help but mock him in her heart, then why are you still carrying me and reluctant to let go?

“Go out for dinner.”

Fu Tingyu took the girl’s hand, opened the door, went straight out. Because the girl was hungry and had to eat immediately, he didn’t pay attention to the fact that the door was broken.

—

—

Shi Yan ordered wine and food.

Two tables, two boxes.

The Ye brothers were at the same table.

In the suite.

Gu Yan was really hungry. These two days, he had barely eaten, so despite seeing the table full of delicious food, because of his cultivation, he still ate slowly.

Fu Tingyu wasn’t in a hurry to eat, but picked up his chopsticks to pick up some dishes girls liked, and also did not forget to remind her: “Eat more.”

Qin Shu looked at the plate in front of her. There were several types of dishes. They were all separated, but they were piled up like a small mountain.

She glanced at the man. Did he not understand that one bite was not enough to make her fat?

However, she still picked up her chopsticks and started eating. Occasionally, she would put some food into the man’s bowl.

Fu Tingyu ate whatever the girl picked for him.

Gu Yan glanced at the two people across from him. He felt that it would be better for him to sit at the same table as the Ye brothers. This PDA was too much.

Someone single couldn't afford this PDA.

After dinner.

Over the past two days, Gu Yan hadn't slept well because of the people from the Crimson Sand Organization. Therefore, he washed up and rested as soon as he returned to the guest room.

Fu Tingyu also brought Qin Shu back to the guest room.

This time, when he walked into the room, he saw a dent in the door and there were obvious cracks around it.

He turned his head to look at the girl. "What's wrong with this door?"

It was only then that Qin Shu remembered the door that Ye Luo had broken. She hurriedly explained, "Didn't I accidentally fall? Ye Luo thought that something had happened to me, so he kicked the door open with his foot."

Fu Tingyu knew Ye Luo's personality. He was impulsive and violent, so it was very normal for him to do such a thing.

"Did you get scared?"

Qin Shu shook her head. "No."

Was she that weak in his mind?

How could she get scared by that?

In Fu Tingyu's heart, the Qin Shu of the past was strong on the surface and fearless on the outside, but she still had a little girl's fragile heart.

In Fu Tingyu's eyes, the current Qin Shu was like a delicate flower. She was so weak that she needed his protection and care.

In the living room.

After Ye Luo came back, he sat in the living room and was ready to smoke a cigarette. Thinking that he would see a sleeping Boss, he glanced at the corner of the sofa, but he didn't.

Before it left, Boss finished eating the fish and slept in the corner of the sofa.

He glanced around the living room in confusion, but he didn't see Boss in any corner. He took out the cigarette from his mouth and hurriedly looked again, but he still didn't see Boss.

It wasn't just the woman who were troublesome. Even the cat was troublesome.

Ye Luo hurriedly stood up and strode to Sir's room. He raised his hand and knocked on the door.

Knock knock.

Qin Shu heard the knocking and walked to the door to open it. She saw Ye Luo at the door and a hint of confusion flashed in her eyes. "What's the matter?"

Ye Luo said, "Boss is missing."

Qin Shu's heart tightened when she heard that. "Have you looked for him? Boss wasn't sleeping in any corner?"

Even though she said that, she couldn't remember it.

Qin Shu simply walked out and searched again.

Ye Luo followed behind her. "I've already looked everywhere."

Qin Shu glanced at the places that Boss liked to stay, but she didn't see any sign of it.

Boss had always been very obedient, and it didn't have the habit of running around. Moreover, this was the Qi Country, an unfamiliar place, so it wouldn't run around.

Did someone take Boss away by force?

"You check the security cameras. See if anyone's been in here."

Qin Shu, wearing a lace nightgown, hurried back to the room to change clothes to go out to find it.

Ye Luo also turned to go out straight to the control room.

—

—

Qin Shu took out a set of clothes from the suitcase. She first took off the clothes on her body, then picked up the clothes from the sofa and put it on.

At this moment, the bathroom door opened from the inside. Fu Tingyu's tall and straight figure walked out from the inside. He was only wearing a pure white towel. When he saw the girl who was changing, his eyes darkened a little.

The girl's figure was slightly too thin. He had been watching her eat, but she didn't gain any weight.

"Why are you changing?"

Fu Tingyu walked over.

"Boss is missing. I'm going to look for it."

Qin Shu put on a white t-shirt. When she turned around, the man was right behind her so she directly fell into his arms.

### **Chapter 268: Two Groups Of People Searching, The Man Was Jealous**

She directly bumped into the man's chest and caused his nose to hurt a little.

Fu Tingyu directly pulled her into his arms. He looked down at the girl in his arms and said in a low voice, "I told them to look for it, so you're not allowed to go."

Qin Shu looked up at the man in front of her and said firmly, "I want to go too."

Fu Tingyu's voice sank. "It's just a cat. The five of them are enough."

Qin Shu reached out and held the man's arm. She said anxiously, "I really like Boss. It's my first time raising a pet. If I lose it, I'll be very sad."

To her, Boss was not just a pet. It was like a friend and a partner. It was also a partner who she had a special rapport with.

Therefore, she had to find Boss to prevent it from being taken away by someone with ulterior motives.

Fu Tingyu's deep eyes fixed on the girl. After a long while, he said, "A cat? Do you care about it that much?"

Qin Shu seemed to hear the jealousy in the man's tone. Her husband was jealous of a cat. What should she do?

Of course, she coaxed him.

She lowered her head and looked at the man's hand. She reached out both hands and grabbed his hand. She placed it on her heart and looked up at the man. With a serious expression, she said, "No one can replace you in my heart. Boss is like a friend to me. It's different."

She remembered Fu Tingyu had said before that the relationship between husband and wife had nothing to do with sex. It had to do with feelings of the heart.

Fu Tingyu had always thought that she had someone else in her heart. She wanted him to know that the only person she had in her heart was him, the man called Fu Tingyu.

Fu Tingyu was stunned. It was as if he could not believe his ears. Did his babe say that he was most important in her heart?

Regardless of whether it was true or not, he was really a little emotional when he heard this.

He lowered his eyes and looked at the hand on the girl's heart. He could clearly feel the girl's heartbeat in his palm.

"You, are you serious?" The man's deep voice was filled with uncertainty.

Qin Shu's gaze was burning, and her voice was firm. "Of course it's true. I only have you in my heart. No one can replace you."

Knock knock.

The door was knocked again.

Qin Shu glanced at the door and said to the man, "I'll go open the door."

After saying that, she let go of the man's hand and turned around to open the door.

When the door opened, Ye Luo was standing at the door. She hurriedly asked, "How is it? Have you found out who it is?"

Ye Luo said, "I didn't find anyone suspicious."

Qin Shu hurriedly asked, "Then is it possible for it to go out through the window?"

When Qin Shu asked Ye Luo, Fu Tingyu took his clothes into the bathroom and began to put on his clothes.

After he finished putting on his clothes, he walked out of the bathroom and went straight to the girl's side. He looked at Ye Luo and said, "Inform them to come out together to look for Boss."

"Yes, Sir." Ye Luo turned around and walked out.

Fu Tingyu looked down at the girl and saw the anxiety in her eyes. "I'll go out with you to look for him."

Qin Shu nodded heavily. "Okay."

Qin Shu and Fu Tingyu walked out of the guest room together and started to look around the hotel.

When Qin Shu and Fu Tingyu were looking for Boss, Boss was in the hotel's guest room corridor. It seemed to be walking leisurely with its four limbs. From time to time, it would raise its eyes and look around. Sometimes, its nose would even twitch as if it was smelling something.

Occasionally, it would meow.

A guest who had just walked out of the room heard a cat meow. "Where did the cat come from?"

Boss saw someone coming out and hurriedly ran away. In the end, it accidentally entered the elevator.

It was because someone had just left that Boss ran in.

Boss had been in the elevator many times before, so it was not afraid. It just squatted in the elevator and waited for the elevator door to open before it ran out.

After waiting for a while, the elevator door opened and two tall men walked in.

Boss raised its eyes and glanced at the two men who walked in.

The two men also saw Boss. One of the men had a scar on his forehead and his eyes flashed with surprise.

Before they could react, Boss slipped out of the middle of the two men and ran faster than a rabbit.

"Why is there a cat in the elevator? Could it be a wildcat?" The other man, who had a buzz cut, asked curiously.

"Don't just stand there. Go and find the cat."

After that, the man took the lead and chased after him.

The other man was stunned for a few seconds. What was there to chase after a cat for? But he also chased after him.

But after they chased after it, Boss's figure disappeared into the corridor in a short while.

The buzz-cut man could not help but ask, "It's just a cat, What's there to chase?"

The man with a scar on his face said, "What do you know? Let's split up and search."

After saying that, he continued to chase.

The buzz-cut man had no choice but to continue chasing.

After avoiding the two people, Boss continued to wander in the corridor.

Ye Luo searched every floor of the corridor and happened to find this floor. He saw a pair of dark green eyes in the dark corridor and recognized Boss at a glance.

He walked over with big strides. "What's wrong with you? A cat learning how to run around like Qin Shu?"

Ye Luo's tone was very aggressive and his footsteps could not help but quicken.

Boss's wobbly footsteps stopped. Seeing Ye Luo walking over, it wanted to escape. Just as it was about to escape, it suddenly stopped and did not plan to escape.

Ye Luo walked in front of Boss and bent down to pick it up. He lowered his eyes and looked at Boss's expression of 'you won't dare to do anything to me, and he could not help but want to smack him.

Ye Luo took a deep breath and resisted the urge to hit it. He carried Boss and went straight to the fourth-floor guest room.

On the way, he took out his phone and called Sir.

After the call was connected, he said, "Sir, Boss has been found."

Qin Shu and Fu Tingyu, who were looking for Boss outside the hotel, went straight to the fourth-floor guest room when they heard the news.

Ye Luo hung up the phone and called Shi Yan.

"Boss has been found."

Just as Ye Luo carried Boss into the elevator, a figure ran over from the other side of the corridor. The person had a scar on his forehead and eyes.

After searching for a few rounds, he did not see the cat's figure, and that made him a little anxious.

"I really don't know why it ran."

The buzz-cut man ran over from the opposite side. When he saw his companion, he hurriedly asked, "Have you found it?"

"No."

The man with the buzz cut asked quizzically, "What is wrong with the cat? Do you have to catch it?"

"Forget it. Go back and tell the Master."

The man with the scar on his face sighed and turned to walk towards the elevator.

The man with the buzz-cut followed quizzically. What did the cat have to do with the Master?

—  
—  
Qin Shu and Fu Tingyu entered the guest room one after another and saw Ye Luo sitting on the sofa. Next to him, Boss was lying there listlessly.

A look of surprise flashed across Qin Shu's eyes. She quickly walked to the sofa and sat down. She carried Boss to her lap and raised her hand to rub its head. She asked, "Where did you go? I was worried for a long time because I was afraid that you would be kidnapped."

### **Chapter 269: Sir And Babe's Romantic PDA To Torture Single Men**

Boss raised its eyes to look at Qin Shu and meowed a little aggrievedly.

Qin Shu couldn't help but laugh when she saw Boss' aggrieved look. "You're aggrieved? I was almost worried to death, and you still have the nerve to be aggrieved?"

"Meow" Boss shrunk its neck.

Fu Tingyu's eyes darkened when he saw the girl comforting and smiling at a cat. He strode over and bent down to pick up Boss, but he missed.

Boss seemed to have sensed what Fu Tingyu was going to do when it caught a glimpse of him. It stood up and wanted to jump onto the sofa, but it jumped a little too hard and directly jumped into the arms of the always impassive man.

Instead of being tossed around like a sandbag by Fu Tingyu, it was better to be in the arms of the always impassive man.

Ye Luo's legs sank. He lowered her eyes and glanced at Boss. Boss also glanced at Ye Luo. Its expression seemed to express, 'It's already good that I don't dislike you.'

Ye Luo: "..."

Qin Shu saw Boss suddenly jump into Ye Luo's arms, and didn't react for a moment until her hand was tightly held by the man. Then, she was pulled to stand up and to walk towards the room. She even heard the man say, "It's already very late. It's time to sleep."

The man's voice carried some dissatisfaction.

Qin Shu let out a sigh of relief when Boss was found. She turned back to look at Boss. Tomorrow, she had to tell it not to run around. If it ran away, it would not be able to come back.

After returning to the room, Fu Tingyu pressed her against the door and said unhappily, "You not only care about a cat, but you also smile at it."

When the man lowered his body, his unique masculine scent engulfed her. Qin Shu looked at the man who was right in front of her. She didn't expect him to be jealous. She pursed her lips and said, "No matter how much I care about you or don't care about you, I like to smile at you the most. It's from the bottom of my heart."

The man moved closer and the corners of his mouth rose. "Babe, your mouth is getting sweeter. The words that come out can always move my heart."

The man's magnetic voice reached her ears and seemed to have some kind of demonic quality that made her ears go soft.

Qin Shu raised her eyes and stared unblinkingly at the man in front of her. Her starry eyes were filled with the man's breathtakingly gorgeous face. The corners of her lips curled up slightly. When she smiled, it was extremely sweet. "That's because I like you. The words that come out of my mouth also come from my heart."

The man heard this sentence with his own ears. When it came out of the girl's mouth, it sounded better than before. It didn't feel like he heard it in his ears, but in his heart instead. A flower bloomed in the depths of his heart, and every petal was what he liked to hear.

When his babe said these words to him, he should have laughed happily.

But he was also afraid...

—

[ I've heard this sentence on a certain emotional forum. A person has a heart, but there are two valves. One harbors happiness, and the other harbors sadness. If you laugh too loudly, you'll wake up the other valve. ]

—

Fu Tingyu moved closer and touched her lips. The corners of his lips curled up. "Babe, say something else that I like to hear."

Qin Shu saw that the man was looking forward to it, so she said, "I like you."

Fu Tingyu suddenly tightened his arms and held her tightly in his arms. "Then, stay by my side all the time."

Qin Shu nodded heavily. "Okay."

Fu Tingyu said, "It's time to sleep."

When Qin Shu heard this, she covered her mouth and yawned. "Okay, I'm indeed a little sleepy."

Fu Tingyu glanced at the girl's sleepy face. I'll let you off tonight.

Qin Shu fell into a deep sleep after lying down on the bed.

Fu Tingyu turned off the lights and held the girl in his arms. It was unknown whether it was because he was too excited to fall asleep after hearing the words just now, or because of other reasons, he had insomnia.

The girl's light breathing could be heard by his ears. It was very even.

Early in the morning the next day.

Qin Shu had a good sleep. After washing up, she went out to have breakfast with the man.

In the hotel's dining area, breakfast was very sumptuous.

While eating, Qin Shu looked up at the man opposite her. "Aren't we going back today?"

Fu Tingyu looked up. "We're not going back today. We'll make another trip to Huangtuo Mountain later."

"What are you going there for?"

Hadn't the people from the Crimson Sand Organization been dealt with?

Why was he still going there?

"I heard that a supreme martial artist died in Huangtuo Mountain. Many martial artists wanted to go and see what happened, but they all died, so I wanted to go and take a look."

Fu Tingyu spoke in a casual manner.

Qin Shu had heard the driver mention this matter last night, but she didn't take it to heart. Now that she heard that he wanted to go, she asked, "Oh, will you bring me there this time?"

Fu Tingyu looked up at the girl. "You can go if you want to."

"That's good."

Qin Shu lowered her head and continued eating the breakfast in front of her.

More than half an hour later, two cars were traveling at a constant speed on the road.

Qin Shu and Fu Tingyu were sitting in the back seat.

Ye Luo was still hugging Boss.

Shi Yan was driving.

The entire journey was silent.

The car could only travel halfway up the mountain, so they had to walk the rest of the way.

From halfway up the mountain to the top, there was a stone staircase made of stone. It wound up along the mountain wall, and the slope was a little steep.

Fu Tingyu held the girl's hand and held an umbrella with his other hand. He shielded the girl from the scorching sun above her head and walked up the stairs.

Boss was put into the pet cage and carried by Ye Luo.

Halfway up, Fu Tingyu turned his head to look at the girl. He saw that her forehead was full of bean-sized beads of sweat, and her fair cheeks were flushed red. He asked, "Are you tired? Should I carry you up?"

Qin Shu shook her head. "There's no need. The weather is already hot enough. If you carry me, it will get even hotter."

Fu Tingyu walked straight to the girl and half-squatted down. He turned his head to look at the girl. "Come up."

When Fu Tingyu half-squatted down, everyone was stunned, especially Shi Yan and the Ye brothers.

In their hearts, Sir was a noble figure. With a wave of his hand, he could stir up a storm.

They respected and worshiped him.

But now, he was half-squatting in front of a woman. It was impossible for others to make Sir bend down.

Qin Shu also froze. She didn't expect the man to bend down just like that. Even if she didn't look back, she knew that the Ye brothers probably looked more shocked than her.

Qin Shu looked at the broad back in front of her and hesitated.

Fu Tingyu urged, "Babe, come up. They are all watching."

Qin Shu hesitated, then leaned on the man's back. She put one hand around his neck and held the umbrella with the other. She whispered in his ear, "You know they are watching, but you still want to carry me?"

Fu Tingyu carried the girl, stood up and walked. He said nonchalantly, "I'm carrying my wife. They will only be sad when they see it."

Qin Shu was stunned. She didn't understand what they would be jealous of? What was there to be jealous of?

Fu Tingyu curled the corners of his lips. "Because they are all single men."

Qin Shu froze at first, but then she couldn't help but burst out laughing. This man's mouth was sometimes really vicious.

The six single men who had been dissed for no reason were thinking in their hearts...

Was Sir feeling smug, or was he showing off?

Sir was blatantly showing off that he had a wife.

Even when they went out for missions, they still had to suffer PDA..

### **Chapter 270: Taken So Quickly He Didn't Have Time, Martial Warrior Huang Zun And Babe's Relation**

It would take more than an hour to walk along the stone steps to the top of the mountain, and it would be a non-stop journey.

This was because the winding stone steps on Huangtuo Mountain were deliberately built to allow tourists to enjoy the scenery on the mountain.

There was a cable car from the top of the mountain to the bottom of the mountain.

Because the martial artist Huang Zun had died on the mountain, some people wanted to go up the mountain to find out what had happened. After the rumors spread, for a while, no one dared to go up the scenic area that was popular.

Therefore, the cable car was also pointless.

Fu Tingyu carried Qin Shu on his back without any burden because she was too thin. This also made him feel that she was weak. Not only did he have to urge her to eat more, but he also had to protect her well.

Because he knew that he was going to climb the mountain today, he did not wear a suit and tie. Instead, he wore very casual clothes, which was rare.

Qin Shu, holding a sun umbrella with one hand, laid on the man's back. She tilted her head and looked at the side profile that was close by. His facial features were chiseled and well-defined. There were fine beads of sweat above his narrow brows and eyes.

For a moment, she felt that this scene was particularly familiar. It was as if she had experienced something similar in the past.

But in her memory, no one had carried her before.

This was the first time Fu Tingyu carried her. Although it was an eyesore to the bachelors, it felt good to be carried by a man.

Along the way, Qin Shu looked at the man's profile. She even took out her phone and turned on the camera function. She moved the phone's hand to the front and put both their faces inside.

Fu Tingyu glanced at the phone in front of him and saw two faces on the screen. They were his and hers.

Qin Shu took advantage of the moment when the man raised his head and pressed the shutter to take a photo of the two of them.

Because the man didn't like taking photos, she was in a hurry to take photos so that he wouldn't lower his head again.

She had never seen the man take photos, and there were no photos of him in Bright Garden. She hadn't even seen him in all the major magazines and news. It was enough to show how much he hated taking photos.

After Qin Shu finished taking the photo, she hurriedly opened the photo to see the effects. She opened the photo and looked at the two people on it. The man's face was calm, and the girl's smile was dazzling.

The photo was quite good. Because the phone's capture effect was good, it wasn't blurry.

Fu Tingyu saw that the girl was acting like a thief and was taking photos in a hurry. He didn't even get to smile at the camera before she finished taking the photo.

When he got back, he would send the photo to his own phone to use as a wallpaper.

The corners of his lips curled up as he continued walking.

The six bachelors following behind him inexplicably got another big mouthful of PDA.

Shi Yan felt that it was necessary for him to find a girlfriend. Staying by Sir's side every day, he suffered so much PDA that he was almost jaded.

Ye Luo: "..."

The Ye brothers suffered the PDA silently.

Half an hour later, they reached the top of the mountain

There was a house on the top of the mountain that was used by tourists to rest.

It had already been decades. Without anyone cleaning the ground, it had already fallen into ruins, not to mention how thick the dust inside had accumulated.

The dark brown door was open. Under the wind and the sun, the color had almost faded. The protective paint on it had also been raised and a few pieces had fallen off.

Qin Shu stood beside Fu Tingyu and scanned her surroundings. The original tourist attraction had become so desolate because of the death of someone.

Shi Yan walked over at this moment. "Sir, the Ye brothers and I will go in and take a look first."

Fu Tingyu said, "There's no need. Let's go in together."

He tilted his head and glanced at the girl, then held her hand and walked in.

When they stepped through the door, Fu Tingyu saw that the grass in the courtyard had traces of trampling, which meant that someone had come.

Qin Shu also saw it. Ordinary people wouldn't dare to come here, and no one would come here for no reason.

A possibility suddenly flashed through her mind. Could there be some secret here?

With confusion, Qin Shu followed behind the man at a leisurely pace.

When she entered the house, she realized that there were two rows of crisscrossing footprints on the ground, which meant that someone had indeed been here.

Shi Yan saw the footprints on the ground and looked up at his master. "Sir, someone came before me."

Fu Tingyu only glanced at the footprints on the ground. If he guessed correctly, someone had come here yesterday.

That also meant that the news he received was very likely to be true.

"You guys search again."

"Yes, Sir."

Shi Yan and the Ye brothers went in to search together.

Ye Luo squatted down and letting Boss come out to get some fresh air, she opened the pet cage.

Boss lazily raised its eyes and looked at Ye Luo, then stretched its back. Only then did it walk out of the cage with graceful steps like a lord coming down from a palanquin.

Ye Luo: "... A cat was putting on airs?"

Qin Shu saw Boss came out, but it did not come to her. It took swift steps and slipped away.

She was afraid that Boss would get lost again. She gave the man a heads up and chased after it.

Fu Tingyu watched the girl run out, then looked towards Ye Luo. "Follow her."

Ye Luo heard this and immediately stepped out.

Fu Tingyu swept a glance at the house, then also followed to look for it together.

—

—

Qin Shu followed Boss out and ran all the way to the pavilion on the side of the mountain wall.

She walked in and saw Boss half squatting its body with its forelimbs stretched out as it was digging for something.

When she got closer, she found that Boss was taking out a silk handkerchief with blood on it.

She bent down to pick up the handkerchief. The dried blood on it indicated that the handkerchief had been lying there for hours.

Its dark green eyes rolling around, Boss looked up at Qin Shu and meowed.

Qin Shu looked down at Boss. If it wasn't for him, she probably wouldn't have found this silk handkerchief. It must have been left behind by someone who had been here before when they were resting. It also meant that the other party's illness was so serious that he vomited blood.

She took the silk handkerchief and carried Boss back.

Ye Luo was less than five meters away. Seeing that she had returned, he followed her in.

After entering the house, Qin Shu handed the blood-stained silk handkerchief to Fu Tingyu. "This was found in the pavilion by the mountain wall. It must have been left behind by someone who had been here before."

Fu Tingyu had just walked out of the room where he was resting. He looked at the silk handkerchief in the girl's hand and reached out to take it. There was blood on the silvery-white silk handkerchief, which also meant that the other party was seriously ill.

He remembered what Gu Yan had said last night. The people of the Crimson Sand Organization had captured him to treat someone's illness.

Then the people who came here were the people of the Crimson Sand Organization.

Even if there was anything that could prove Huang Zun's identity, it had been erased by the people of the Crimson Sand Organization.

They were too late.

This time, they returned to the hotel with nothing.

On the way back, Fu Tingyu was deep in thought. If he had guessed correctly, there were several white skeletons in the room. Their noses and throats were black. They had died of poisoning.

However, the body of martial warrior Huang Zun wasn't there.

It was also possible that it had been taken away by the people of the Crimson Sand Organization.

Fu Tingyu turned his head to glance at the girl. The girl was playing with her phone with her head lowered. She was enjoying herself.

He had no intention of telling her about the identity of martial warrior Huang Zun, and the possibility that he was really dead.

Qin Shu felt his gaze on her from the side. In confusion, she turned her head to look at the man. "What's wrong?"
