Chapter 271: Sweet and Flirtatious. Fu Tingyu is Jealous

Fu Tingyu curled his lips. "It's fine. I like looking at you quietly like this."

Qin Shu looked away. Her cheeks were slightly red, and she couldn't help but complain to herself. He had said that she had a sweet tongue, but the words he had said were as if they were coated in honey. They were sweet and flirtatious.

After the girl had looked away, Fu Tingyu continued to look at her without blinking, especially when he saw that her cheeks were slightly flushed like a delicate peony. He was even more reluctant to move his eyes away then.

After returning to the hotel, Fu Tingyu asked Shi Yan to book a flight back the next day.

As for the Crimson Sand Organization, they were not a fledgling organization. If they could be defeated so easily, they would have long been gone.

However, it did not mean that he had given up on continuing to look for the missing martial artist.

Gu Yan had rested for a day and had also recovered. When he saw that Fu Tingyu and the others had returned, he asked, "Why did you go to Mount Huang Tuo?"

Fu Tingyu said, "I was looking for someone, but it's too late. Someone beat me to it."

"Could it be someone from the Crimson Sand Organization? I think I heard them say that they're looking for someone," Gu Yan guessed.

"It's very likely that it's them." Fu Tingyu handed the blood-stained silk handkerchief to Gu Yan. The silk handkerchief was wrapped with tissue paper. He said, "This was left behind by the other party. If I'm not mistaken, the person who vomited blood is the one they needed you to treat."

Gu Yan took it and opened the tissue. He saw the blood-stained silk handkerchief inside. The blood was dark black. Other than the long period of time that had passed, there was another reason for the dark color- the other party had been poisoned.

It was obvious that the other party was an important person given how much trouble the Crimson Sand Organization had gone through.

"It seems that this person's identity is not simple. Moreover, they have been poisoned. I don't know what exactly the person has been poisoned with, but they don't seem any better off than you." Gu Yan said, looking at the bloodstains on the silk handkerchief.

Fu Tingyu thought for a moment and said, "Since they have found you, I guess they will find you again. When we go back, I will send more people to protect you."

"I will be more careful this time," Gu Yan sneered to himself. He was not only good at curing diseases and saving people but also very good with operating scalpels.

Night fell and the lights came on.

Fu Tingyu thought that since they were already abroad, he had to take the girl out for a walk. It had been nice the last time they had taken a walk.

“Let’s go out for dinner and walk around.”

“Okay.”

Qin Shu nodded without hesitation. They all said that going on dates was the most useful thing to promote the relationship between lovers.

Shi Yan drove them to their destination. He left after Fu Tingyu and Qin Shu got off the car on a bustling street.

Shi Yan waited on the side for them. He watched as Fu Tingyu and Qin Shu left. It would be nice if they could continue being together peacefully.

—

Fu Tingyu took Qin Shu into a local specialty restaurant. The dishes here were very much different from Chinese food and were more like Western food.

The dining area was by a glass window where they could see the night view.

The dishes were brought to the table by the waiter not long after they had ordered.

Qin Shu looked at the novel dishes and picked up her chopsticks. She felt as if she were on an adventure as she tried out the dishes in front of her.

After she had tried the food, she felt that it was similar to Western food other than a slight difference in taste.

So she just took it that she was eating Western food.

Fu Tingyu was not interested in the food. The only thing he was interested in was watching the girl eat. He felt his appetite being whetted when she ate well.

Qin Shu used to think that she would be very reserved and not feel like eating when she was with Fu Tingyu. This was especially so because he would stare at her without saying a word at the dining table. His deep dark eyes were like that of a wild beast staring at its prey. It made her feel uncomfortable, and it made her lose her appetite, so she probably couldn’t eat.

Only after she was reborn did she realize that it was actually because of her. It was because she did not like him and was annoyed by everything he did. That was why she had felt uncomfortable when he stared at her while she ate. That was why she did not feel like eating.

Fu Tingyu saw that she stopped eating after taking a bite, so he calmly told her to eat. To her, his tone sounded like he was forcing her to eat. However, in actual fact, he was afraid that she would lose weight and be hungry and felt bad for her.

No one had cared about what she ate, whether she was full, or if she liked the food ever since her mother had passed away.

There was no one else other than the man sitting across from her. He would always pay attention to her daily life and neglect himself.

After dinner, Qin Shu and Fu Tingyu walked out of the restaurant together.

As soon as they walked out of the restaurant, they met someone.

Qin Shu felt that the world was really small. She could meet someone she knew even when she was abroad. The person was Jun Li.

His face was still sickly pale, and his purple eyes shone with a gentle light.

“What a coincidence.”

The corners of Jun Li’s mouth curled up slightly. The smile on his face was as light as his voice.

Qin Shu thought that he wouldn’t recognize her if she tied up her hair, but he recognized her just like that?

“What a coincidence. What are you doing here?”

Jun Li said, “The exchange students wanted to go out for a walk, so I brought them along.”

Fu Tingyu looked at the man in front of him who was talking to his wife with a smile. He held the girl’s hand tightly and turned his head to look at the girl. He sounded a little jealous as he asked. “Who is he?”

Qin Shu could tell from the man’s tone that he was jealous. She hurriedly explained, “He’s Jun Li, a professor at Imperial College. We met once when he came to our school to talk about direct admission to their school.”

Jun Li glanced at the man beside Qin Shu. He caught a glimpse of their entwined hands. He looked at Qin Shu and asked, “Who is he?”

Qin Shu felt that the man was holding her hand very tightly, as if he was afraid that someone would snatch her away from him. Before she could answer, Fu Tingyu raised his eyebrows and looked at Jun Li. “I’m her man.”

Jun Li chuckled. “You’re about to be a university student. You can indeed start dating now.”

Qin Shu didn’t want to make Fu Tingyu jealous because of someone she wasn’t too familiar with. She reminded him, “You’re here to eat, right? There are quite a lot of people inside. If you don’t go in quickly, there won’t be any seats.”

“Thank you for the reminder.”

Jun Li thanked her and walked into the restaurant.

Fu Tingyu held the girl’s hand tightly and left the entrance of the restaurant.

The man's footsteps were a little fast and Qin Shu had no choice but to quicken her pace to catch up. She explained as she walked, "I don't know him well."

Fu Tingyu turned his head to look at the girl's exquisite facial features and her eyes that were full of stars. They were no less mesmerizing than the eyes of phoenixes.

He wanted to hide her.

Seeing that the man did not speak, Qin Shu explained again, "I'm serious. I don't know him well."

Fu Tingyu held her hand and continued walking, but he slowed down as if he was taking a walk.

Qin Shu didn't have to jog after him anymore.

Their stroll this time was not as pleasant as the one before because of Jun Li's appearance.

When they returned to the hotel, everyone went to bed early, because they would fly back to Jiangcheng tomorrow morning.

Every time they took a shower, Qin Shu would take a shower first before Fu Tingyu took his.

This time was no exception.

After Qin Shu took a shower, she sat on the bed and waited for Fu Tingyu so they could go to sleep together.

After Fu Tingyu took a shower, he came out of the bathroom. He glanced at the person on the bed and walked over.

Just then, he felt something warm at his nose. He had an ominous feeling.

Chapter 272: Fu Tingyu's Nosebleed

Qin Shu saw Fu Tingyu walk out of the bathroom and put her phone aside and stopped playing on it.

She looked up and saw blood coming out of the man's nose and was shocked. "Why is your nose bleeding?"

As she spoke, she hurriedly got out of bed and put on her shoes.

Fu Tingyu didn't expect his nose to bleed at this time either. He raised his hand and pinched his nose. Otherwise, the blood would continue to flow out.

Qin Shu had already walked up to him and saw blood flowing out from between his fingers. The bright red blood was especially eye-catching on his fair skin.

The image of a man coughing up blood from her previous life suddenly flashed in her mind. It made her feel cold all over. Her voice couldn't help but tremble.

"I, I'll go find Gu Yan."

Qin Shu thought of Gu Yan who was sleeping in the other room and hurriedly turned around to leave the room.

Fu Tingyu grabbed Qin Shu's arm and pulled her into his arms. He said in a low voice, "I'm fine. You don't have to look for Gu Yan."

Qin Shu was worried to death, but he still looked calm and collected. "But your nose is bleeding. Why is it bleeding all of a sudden? Get Gu Yan to take a look at you. He will definitely know for sure."

"I'm just heaty. It's nothing. You go to sleep first. I'll brew some medicine that will quell the heat and drink it."

Fu Tingyu hurriedly opened the door and walked out. He was afraid that if he didn't go out now, he might choke on the blood.

How could she sleep?

Qin Shu hurriedly chased after him.

Fu Tingyu walked to the living room, picked up the medical kit, opened the lid. He searched inside with one hand for a while before he found the medicine that Gu Yan had given him.

Qin Shu walked over at this time and saw the man holding a bag of medicine in his hand. She wondered if the medicine to quell the heat would work.

She reached out to take the medicine and said. "I'll make it."

Fu Tingyu turned his head to look at the girl. To not arouse her suspicious, he handed the medicine to her. Fortunately, Gu Yan had made the medicine himself and there was nothing written on it.

Qin Shu took the medicine and quickly turned around to walk to the glass coffee table.

There was already hot water. She opened the package and poured the medicine into a glass. Then, she picked up the kettle and poured the hot water into the glass.

After the hot water was poured in, the smell of Chinese herbal medicine assaulted her nose.

Fu Tingyu walked to the sofa and sat down. He kept pinching his nose to prevent the blood from flowing out.

After Qin Shu finished brewing the medicine, she quickly walked into the bathroom and pulled out a towel. She turned on the tap to wet the towel and walked out again.

She walked in front of the man and saw that the blood was still flowing out from between his fingers. It seemed that his nosebleed had no intention of stopping.

She couldn't help but feel a little worried.

"I'll use a towel to wipe the blood off your nose."

As Qin Shu spoke, she grabbed the man's hand that was pinching his nose and moved it away. She saw a large amount of blood flowing out from his nose. She was so scared that her face turned pale. She hurriedly used a wet towel to cover his nose. Her hand that was holding the towel trembled slightly.

After experiencing what happened in her past life, she really couldn't stand to see the man bleed.

“Why, why is there so much blood?”

Fu Tingyu reached out to hold the towel that was covering his nose. Seeing the girl’s anxious look, he said carelessly, “I’m just very heaty. Gu Yan made this medicine to quell the heat. It’ll be better after drinking it.”

“I’ll bring the medicine to you.”

Qin Shu hurriedly turned around and picked up the glass of medicine when she heard that he would get better after drinking it. She brought it to her mouth and blew on it. The smell of Chinese herbal medicine assaulted her nose. It was a little unpleasant.

Fu Tingyu wiped the blood from his nose as he looked at the girl’s every move. What would happen if she knew that he might not live for more than three years?

He did not dare to think about it, nor did he want to think about it.

Because he wanted to live. How could he bear to die with her by his side?

Qin Shu waited for the medicine to cool down before she handed the glass to him. She sounded a little anxious because she was worried. “It’s not hot anymore. Try it first. If it doesn’t work, I won’t go look for Gu Yan.”

“Okay.” Fu Tingyu nodded. He took the glass from the girl and brought it to his mouth. He drank it. The temperature was just right and it wasn’t too hot.

Qin Shu watched him drink the medicine. When he was done, she took the glass and asked hurriedly, “How is it?”

Fu Tingyu couldn’t help but smile when he heard that. “Go and get another towel and my nose will stop bleeding.”

She was still the same as before. She would act silly when she was anxious.

“I’ll go right away.”

Qin Shu placed the glass on the coffee table. She stood up and hurriedly walked into the bathroom. She took a clean towel and turned on the tap to wet it before quickly walking out again.

Then, she walked up to Fu Tingyu and handed the towel to him. She hurriedly asked, “Are you still bleeding?”

Fu Tingyu took the towel from the girl’s hand and changed the other towel that was covered in blood. After wiping the blood at his nose, he felt that there was nothing coming out from his nose. Only then did he sit up straight. The corner of his mouth curled up as he looked at the girl. “When have I ever lied to you?”

Qin Shu saw that his nose was no longer bleeding and only then did she heave a sigh of relief. “I was scared to death just now. Luckily the bleeding has stopped. You don’t even eat spicy food, so why are you heaty?”

Fu Tingyu looked at her with a faint smile. “Who said you have to eat spicy food to get heaty?”

Qin Shu asked in confusion, "What other reason could cause a fire?"

Fu Tingyu stared at the girl for a long time. When he saw that the girl was still very confused, he said, "Babe is so eager for knowledge. As her husband, of course, I have to answer my wife's question."

Before he finished speaking, he suddenly reached out his arm and hooked it around the girl's neck. He pulled her closer and let her head rest on his shoulder.

The incident happened so suddenly that Qin Shu did not react for a moment. When she realized what was happening, she was already leaning on his shoulder.

Fu Tingyu whispered into her ear.

Hearing this, Qin Shu finally knew the reason why the man had said that there was more than one reason for someone to get heaty.

Fu Tingyu turned his head and looked at the girl. When he saw that her cheeks were slightly red, he whispered, "Babe, do you understand?"

Qin Shu replied softly, "Yes, I do."

"Let's go. It's time to sleep." The corners of Fu Tingyu's mouth could not help but curve up. He stood up and held her hand as they walked into the room.

Qin Shu followed the man unhurriedly. She was still thinking about the reason why the man had said that he had been heaty just now.

Before she could finish her thoughts, she had already followed the man into the room..

Qin Shu slept very deeply because she had been tired out by what had happened earlier.

Fu Tingyu was still not sleepy. He thought of the man they had met today. Then, he turned to look at the sleeping girl next to him. Why wasn't she just a tad uglier?

She had been charming ever since she was a child.

He looked away. The only good thing was that the girl didn't realize the cause of his nosebleed.

Fu Tingyu closed his eyes. He did not know how much time had passed before he fell asleep.

The next morning, everyone got up early, but they didn't know what had happened last night.

After packing up, the group rushed to the airport.

Because it was an early flight, they had breakfast on the plane.

This time, Gu Yan had the foresight not to sit with Fu Tingyu and Qin Shu but to sit with Shi Yan instead so he did not have to watch them flirt.

Fu Tingyu was overjoyed. He liked to be alone with the girl. His favorite thing to do was to watch her sleep.

Chapter 273: A Slap in the Face and Shocking the Classmates

It took them five hours to get to Jiangcheng

In the afternoon

Fu Tingyu went straight to the company after getting off the plane.

Ye Luo sent Qin Shu back to Bright Garden.

The following days returned to their usual calm.

After this incident, Qin Shu spent a long time recalling the events of her previous life. As long as it was related to Fu Tingyu, she would spend time thinking about it.

As for the things she did not know, she would also try her best to prevent them from happening.

Anyway, she could not bear to see a man get hurt.

Boss still went to look for Ye Luo whenever he had nothing to do. He deliberately angered Ye Luo and made Ye Luo chase after him.

Every time Ning Meng saw that, she could not help but laugh out loud.

“Young Madam, does Boss have a grudge against Ye Luo?”

Qin Shu was texting Ye Xue when she heard Ning Meng’s question. She replied, “He must be bored. He doesn’t have any friends to play with. It might be because of Ye Luo’s personality that makes Boss want to make him angry.”

Ning Meng said, “No wonder Boss doesn’t mess with anyone but Ye Luo. However, Ye Luo’s personality is indeed not very likable.”

Qin Shu nodded in agreement. “He’s not very likable.”

He even locked her in the room. With his personality, even if he found a girlfriend, he would often make his girlfriend angry, right?

Qin Shu shook her head and sent the message she had typed out to Ye Xue.

[Qin Shu: Let’s go and fill out the University selection form tomorrow?]

[Ye Xue: Okay, what time shall we go to school?]

[Qin Shu: Around nine in the morning. Remember to wear your new clothes. I am going to see if you snuck food during this period of time and gained weight again.]

[Ye Xue: I will wear them. I have been busy so instead of gaining weight, I have lost five pounds. O (∩∩) O]

[Qin Shu: You can’t be too skinny. It’s good enough to maintain your current figure.]

[ye Xue: Okay, see you tomorrow.]

Ye Xue held her phone tightly. For some reason, she suddenly felt nervous.

When she thought of wearing new clothes to school tomorrow, she felt inexplicably nervous.

But when she thought of Qin Shu's words, she felt that she had already walked on the streets wearing her new clothes. So many people have seen her in them, so she did not need to care even if her classmates were to see her wearing them.

And Jiang Yu will see her wearing them too...

Anyway, Qin Shu had said that liking someone was a private thing.

Xia Yihua thought of dressing in something that will stun the crowd tomorrow since it would be her last time going to Lin Xi High School to fill in her University selection form.

So, she asked her mother to use her connections to find the renowned designer Ms who had returned to the country.

She heard that Ms has just designed a very nice dress and she wanted to buy it at a high price.

When she walked into the studio, the first thing she saw was the dress hanging there. She walked over. Because the dress was covered by a transparent dust cover, she could not touch it, but she could see that the flower pattern on it was made from pearls. It was really beautiful and the dress would definitely look good on her.

After she finished looking at the dress, she saw Ms sitting beside the computer. She looked like an ordinary professional woman but was a little cold.

Xia Yihua walked over and pointed at the dress. "How much is that dress? I want to buy it."

Ms looked up at Xia Yihua and said calmly, "You can't afford it."

The only thing Xia Yihua did not lack was money. While it was true that her family had limited her spending while she was in high school, they no longer cared to do that now that she was about to go to university.

"How can I not be able to afford it? Then tell me the price. I have at least 10 million in my card."

"You can't even afford the pearls on it at 10 million." Ms sounded indifferent as if she were talking about something extremely ordinary.

Xia Yihua looked at her in disbelief. "The pearls on your dress are so valuable? Aren't you afraid that you won't be able to sell the dress?"

Ms said, "The pearls and the snow silk fabric were all provided by my client. I am only responsible for the design."

“You mean that this dress was custom-made?”

Ms replied, “Yes.”

Xia Yihua was a little upset.

“Then can you help me design a dress of a similar style? The pearls can be ordinary, but the main thing is that style. I like it very much.”

Ms shook her head and rejected her, “No, there can only be one dress in this style. Moreover, my client had paid for this style it’s the same as buying the right to make the style.”

Seeing Ms refusing her so directly, Xia Yihua’s temper flared up. Fine. She would just spend money to find someone else to do it.

When Xia Yihua left, she deliberately took a photo of the dress with her phone before leaving.

She got someone to find a new studio and showed the photo to the designer.

“Can you help me make a dress in this style?”

“Yes, but it can only be considered a fake. It’s still a little different from the original. It doesn’t have the logo of the original designer.”

“That’s not important. What’s important is the style of this dress.” When she tells her classmates about it, she would just say that it was an MS design. They wouldn’t be able to tell if it was real or fake.

“Alright, I’ll pay first. Thirty-eight thousand.”

“I want this dress tomorrow. Can you make it by then?”

“Then pay double. You can come and get it tomorrow morning.”

“No problem.”

Xia Yihua paid the money and left the studio. She felt that she had saved a lot of money by getting a copy and she would still be able to brag about it tomorrow to her classmates.

The next day was the day the students had to fill up their university selection forms. The deserted Lin Xi High School came to life again.

Qin Shu and Ye Xue made plans to meet at the school gate.

Qin Shu got out of the car and waited at the school gate.

Today, she was wearing a dress that Fu Tingyu had specially made for her some time ago. It had been delivered to Bright Garden last night.

Compared to the dress that had shown her shoulders from before, this time, the dress did not reveal her shoulders. The neckline had also gotten higher.

However, the style was still very pretty. There were not many complicated designs.

This time, other than a dozen pearls as decorations, the style was simple and elegant.

Qin Shu carried a white backpack and wore the dress with small flowers on it. It made her look fresh and delicate.

However, she also gave off a natural sense of nobility. She had a devastatingly beautiful face.

Her long hair was tied into a high ponytail. She had no makeup on her face, and her cheeks were pale with a tinge of red.

Standing there, she looked quiet and noble.

Before Ye Xue arrived, there were already students walking in from outside the school.

However, every time a student walked into the school, they could not help but take a few more glances at the beauty standing at the entrance.

“Who is she? She’s so beautiful.”

At this moment, a student walked over. When he saw that it was Qin Shu standing at the entrance, he grabbed the student’s arm excitedly, he exclaimed, “Isn’t that Qin Shu from Class 305? I’ve seen her during Wu Yue’s live broadcast. She’s even more beautiful in person than in the live broadcast.”

“D*mn, is she the legendary Qin Shu who is extremely beautiful? Everyone said that she was even more beautiful than the school belle but I didn’t believe it. Now that I’ve seen her in person, it’s true.”

At this moment, Ye Xue got off the bus and saw Qin Shu standing at the entrance. She walked over briskly.

Ye Xue’s long hair was tied into a high ponytail. She was wearing a one-piece dress that she had bought at the mall the last time. The top part was white and the bottom part was a light-colored denim skirt.

Ye Xue’s skin was pale and the dress made her look even fairer. She had a pair of big black eyes. She was beautiful and adorable and looked like a doll.

Chapter 274: The Overlooked Ex- School Belles

She had a black backpack slung over her shoulders and wore a pair of white sneakers on her feet.

Her dressing was completely different from before.

“Have you been waiting for long?”

Ye Xue walked up to Qin Shu and looked at her shyly. It was her first time coming to school dressed like this, so she felt a little uncomfortable.

“I just arrived not long ago.” Qin Shu saw that Ye Xue was wearing a dress. It was indeed a little looser than it had been when she had tried it on, but it looked just as good.

Ye Xue’s arrival made the eyes of the students who had been staring at Qin Shu flash with a hint of surprise.

“Who is the girl standing next to Qin Shu? She is also very beautiful.”

“Maybe she is Qin Shu’s friend who came with her to fill out her form today.”

“...”

“Let’s go to the classroom. Maybe the teacher is already here.” Ye Xue felt a little awkward being watched by a group of people, so she wanted to go to the classroom earlier.

“Let’s go. But your results are good enough for Imperial College, so you have not wasted the guaranteed admission.”

As such, people wouldn’t say anything about Ye Xue’s scores.

She had gotten into Imperial College in her own right.

Qin Shu and Ye Xue walked side by side into the campus.

The students who were watching from behind heard the conversation between the two and started to talk about them.

“Did you hear that? She’s also from our school and was guaranteed admission to Imperial College. There were only two guaranteed admissions, so could she be...”

One of the students didn’t dare to think any further because of the two students guaranteed admission to Imperial College, one of them was from their class and the other was from Class 305 next door. This meant that the beautiful girl just now was Ye Xue?

How... How was that possible?

Not even plastic surgery would work that fast!

“She is that fat country bumpkin Ye Xue.” The student roared. After having guessed the identity of the girl, she hurriedly said, “No, no, she’s not a country bumpkin nor is she fat. She is clearly a beauty. It is indeed true that every fat person is a stock with potential. Ye Xue is not just a stock with potential. She is practically a changed person.”

“How can she be Ye Xue? I saw her before the holidays and she looked terrible. She’s completely different from that girl.”

Qin Ya and Mo Fei had arranged to meet to fill out the university selection form. When they got off the car, they saw many students surrounded at the entrance. Most of them were their lackeys, so they had thought that these students were waiting for them.

After they filled out the form and have a banquet to thank their teachers, they would not get many chances to see each other again when they head off to different schools.

That was why they were waiting at the entrance.

Qin Ya and Mo Feifei looked at each other and walked over, waiting to enjoy the same treatment that they had received in the past.

Their footsteps were very slow, especially when they walked past the other students. They deliberately slowed down and walked towards the campus with what they thought were elegant steps.

However, they were already in front of the other students, but their fans of the past did not react at all.

Qin Ya and Mo Feifei thought that they were chatting and did not see them, so the two of them slowed down again.

“I don’t think that’s her either. How many times have we seen Ye Xue? I couldn’t tell that she has the potential to be a beauty.”

“But, she did get guaranteed admission from Imperial College. Other than our classmate, only Ye Xue from Class 305 next door received guaranteed admission.”

“Everyone, stop guessing. Why don’t we go and take a look? There are two hidden beauties in Lin X. Even the school belle has to stand aside.”

“Right, right. We’ve already graduated from high school. If we don’t take a look, we’ll be letting ourselves down.”

The students who were chatting among themselves also felt that it was more realistic to find out what was going on than to make guesses. Hence, they all flocked to Class 305 in the teaching building.

Not only did they want to confirm that the pretty girl was Ye Xue, but they also wanted to look at Qin Shu. After all, they had never seen a beauty of such a level. Even those popular female stars were not as beautiful, refreshing, and refined as Qin Shu.

This group of students did not notice the two school beauties of the past. They did not even glance at them from the corner of their eyes.

Qin Ya looked at the group of boys who were suddenly running toward the teaching building with a dumbfounded expression. Although they had been ignored for quite a period of time after the incident with the post about Yang Wei, the boys didn’t notice any boyfriends around, so they had started to flit around the two girls like butterflies once more.

But... why did it feel as if they had not seen Qin Ya this time?

Mo Feifei also had a dumbfounded expression. Like Qin Ya, she had specially dressed up to come to the school today, but in the end... no one looked at her?

Qin Ya guessed, “They seem rather excited at something. Let’s follow them and go take a look.”

“Let’s go and have a look.” Mo Feifei also felt that the group of boys must be eager to see something which was why they had not noticed her.

Qin Ya and Mo Fei quicken their pace and headed toward the teaching building. Compared to the speed at which they walked earlier, it could be said that they had crawled like turtles earlier and were running like hares now.

Class 305

Qin Shu and Ye Xue walked into the classroom. It had been some time since they had last been in the classroom and they suddenly felt as if they were visiting an old place they had once been familiar with.

The main thing was that there are too many bad memories here, those were memories they did not want to recall.

Because of their looks, because of their grades, they had been ridiculed by their classmates, mocked by them, and even bullied by them occasionally.

Ye Xue was glad that she had Qin Shu's help at the most important moment.

And Qin Shu had also been reborn. She had seen many people and things clearly. She had also changed from her previous cowardice. If she wasn't ruthless, she would be the one being bullied.

Qin Shu and Ye Xue had arrived early. There weren't many people in the class. Only three or four students gathered around to chat about what they had been talking about these past few days and which school they were planning to apply to.

When they saw Qin Shu and another beautiful girl walk in, it was as if a pause button had been pressed and their conversation came to an abrupt end.

The four of them looked at the two girls who walked in, and their eyes were filled with nothing but amazement.

They recognized Qin Shu at a glance. Even though they had seen her astonishing looks before, they couldn't help but take a few more glances at her when they saw her again.

"Qin Shu is really beautiful. No wonder she had been wearing her hair down all this time. It turns out that she was trying to hide her beauty."

"She was trying to hide her beauty, wasn't she? Yet some evil people even used photoshopped photos to mock her for her disfigurement. Tsk Tsk."

When they saw Qin Shu and the girl sitting down behind the desks, they couldn't help but feel puzzled.

"That pretty girl isn't from our class, why is she sitting in our classroom?"

"Could it be that she's in the wrong classroom?"

"I don't think there's such a pretty girl in our school, right? If there was, would Qin Ya and Mo Feifei be chosen as the school belles?"

"Does any one of you dare to go up there and ask her?"

Someone started to dare the others into talking to the 'new' girl.

Just then, there was a flurry of footsteps in the corridor. After a while, the windows of Class 305 and the door of the classroom were crowded with many people.

Seeing where Qin Shu and the beauty were sitting, they were sure that the other girl was Ye Xue.

“Do you see that? She is Ye Xue. She’s sitting with Qin Shu.”

“Damn, it’s true. There are two beauties hiding in class 305.” The student felt regretful that he didn’t discover them earlier.

Chapter 275: Ridiculed By A Group. Does Your Face Hurt?

“She used to be fat In the past, but who knew that she would be so beautiful after she lost weight and changed her hairstyle and clothes?”

“That’s why we shouldn’t look down on fat people. Every fat person has potential.”

“After seeing their looks, I realized that Qin Ya and Mo Feifei are just average-looking.”

The four students in the classroom heard the conversation and sighs outside the window. Their gazes once again turned to Qin Shu and the Ye Xue that they were talking about. Other than shock in their eyes, there was more disbelief.

They had been in the same class as Ye Xue for a year. The image of Ye Xue being fat and looking like a country bumpkin had been deeply ingrained in their minds. Now that she had suddenly lost weight, changed her hairstyle, and changed her clothes, they really could not recognize her.

When Qin Shu and Ye Xue were chatting, they also noticed the gazes of the other students were filled with surprise.

It was great serving them a slap in the face. It was only a matter of time.

This was also why she wanted Ye Xue to work hard to lose weight, improve her grades. She wanted her to have her vindication.

Not only did she want to slap their faces, but she also wanted to prove that they were blind.

At this moment, more and more students entered the classroom. Most of them were looking forward to meeting their classmates today because they could see Qin Shu again.

However, when they saw the beauty beside Qin Shu, they were all stunned for a moment.

“Isn’t Ye Xue supposed to sit next to Qin Shu? Why is that beauty sitting next to Qin Shu?”

“That beauty is Ye Xue. Are you shocked by her beauty? We understand.”

“I don’t even dare to admit it. Those who don’t know would think that she went abroad for plastic surgery and came back.”

“Do you know how to speak properly?”

“I’m just too surprised. She had changed just like Qin Shu. She caught people off guard. She is so stunning that I feel like I am dreaming. For all of my senior year, I didn’t even realize that such a beautiful beauty was hidden in my class.”

“What do you know? Only real beautiful women would keep a low profile. They’re not like those two school belles who dress themselves up every day as if they’re afraid that others won’t see them.”

"I didn't realize that they were wearing makeup before. Now I realize that their bare faces aren't even half as good looking as when they have make up on."

"They even put on powder, mascara, and lip gloss, Tsk Tsk."

Qin Ya and Mo Feifei, who had just walked over, heard their classmates' discussions. Their faces alternated between red and white, making them look rather ugly.

But more than that, they were embarrassed.

No one would be able to stand it when the boys who used to chase after them suddenly say such things.

Even if they were curious about the two beauties in Class 305, how could they continue to stay here after being talked about behind their backs by their classmates?

The two of them turned around and left in unison.

"Hey, isn't that the former school belle? Not only did she put on makeup, but she also put on blusher, She's wearing a pretty short skirt, eh?"

The one who had spoken was an average-looking boy from an average family. His gaze was on Qin Ya. He sized her up a few times and deliberately raised his voice as he spoke.

He had seen Qin Ya and Mo Feifei when they arrived. He had said that because he had been ridiculed for not having good looks or a wealthy family when he was pursuing Qin Ya.

When the surrounding students heard that, they also turned to look at Qin Ya and Mo Feifei.

Ever since they had seen Qin Shu and Ye Xue's looks, and then looked at Qin Ya and Mo Feifei's made-up faces. The difference was great.

This was especially true for the male classmates who had been ignored and even ridiculed by them. They were filled with righteous indignation.

"That's right. You can't compare a face filled with makeup and a bare face. They are beautiful but keep lowkey. You two are just trying to attract attention, aren't you?"

"This skirt is indeed a little short. It doesn't seem to be any different from the kind escorts in the nightclub wear."

"You two should learn from Qin Shu and Ye Xue. Their skirts are all down to their knees."

Qin Ya's face turned pale. She bit her lips tightly and looked at the people who were talking. After a while, she remembered that they were the poor boys who she had ridiculed in the past.

Yet, they were now ridiculing her today. This was not just a matter of being embarrassed by them.

However, she couldn't say anything else, or those who did not know anything might feel annoyed by her.

Qin Ya couldn't stay here any longer, so she could only leave quickly.

Mo Feifei's expression didn't look any better because she had also ridiculed these losers a lot. When she saw Qin Ya leaving without her, she also immediately returned to her classroom so that she wouldn't be surrounded and watched by a bunch of people like a panda.

When the students saw the two high and mighty former school belles walk away with their tails between their legs, they sighed with satisfaction and could not help but laugh out loud.

Zhou Yizuo walked through the corridor and saw that the classroom windows and doors were surrounded by a crowd. He glanced at the students in confusion.

He reached out and patted the shoulder of a student who was standing at the door. He asked, "What are you all doing outside our classroom?"

"There are two beautiful girls in your class. Come and see how beautiful they are."

Zhou Yizuo was stunned. There were a few beautiful girls in their class, but other than Qin Shu, they were not that good looking that people would gather around to look at them.

Then who was the other girl?

He did not continue asking but entered the classroom instead.

When he walked in, he saw Qin Shu. He was not surprised because he had already seen her once. He was just stunned.

However, when he saw the girl behind his seat, a hint of surprise flashed in his eyes. Wasn't this the girl he had met in the mall?

Why was she in his classroom?

And she was sitting behind him?

Wasn't the seat behind his Ye Xue's seat?

Zhou Yizuo walked to his seat with confusion and sat down. He turned his head to look at the girl behind him and could not help but take the initiative to greet her. Because of his previous experience, he spoke tactfully this time.

"We met at the mall the other day. Why are you in our classroom? Are you a student of Lin Xi too? Why haven't I seen you before?"

Zhou Yizuo asked a few questions in one breath. His tone was gentle and polite, but there was also a hint of urgency. He was just short of asking for her WeChat contact.

However, when he thought of her previous experience of being scared away, he held back.

Ye Xue was chatting with Qin Shu when she suddenly heard Zhou Yizuo's questions. His tone was still very different from before, especially when he asked a series of questions. She didn't know how to answer him.

She could only lower her head and not look at him. It was just too awkward.

Zhou Yizuo saw her lowering her head and thought of Ye Xue because Ye Xue always lowered her head. However, the difference between her and Ye Xue was too big, so she couldn't be Ye Xue. "Why aren't you talking?"

Qin Shu raised her eyes and glanced at Zhou Yizuo who was sitting in front of them. The surprise in his eyes was obvious.

Judging from his tone, he seemed to have a good impression of Ye Xue, and he didn't recognize her.

It wasn't his fault that he didn't recognize her. Ye Xue had changed so much that nobody could recognize her.

It was just that she and Ye Xue had not met Zhou Yizuo when they were at the mall.

But that wasn't important.

Back then, he had also mocked Ye Xue.

He even showed everyone Ye Xue's note with Jiang Yu's name written on it. The entire class had laughed at her and mocked her for not being worthy of liking Jiang Yu.

They had even mocked Ye Xue and said that she would not be prettier than the school belle even if she lost weight.

Qin Shu sneered, "What do you want her to say? Ask if your face hurts?"

Chapter 276: Jiang Yu's Reaction and Zhou Yizuo Being Slapped In The Face

Zhou Yizuo was stunned when he heard that. He didn't understand what Qin Shu meant. Why had she asked him if his face hurt?

Zhou Yizuo's opinion of Qin Shu had changed greatly. He had started admiring the way she answered her exam questions concisely and clearly since she turned into a straight-A student and when he saw her mock exam answers.

When he finally saw her face, he was just as shocked as the other students.

He also understood that the class monitor had helped because he knew how beautiful she was and was interested in her.

However, he really didn't understand the meaning of her words?

He glanced at the girl sitting next to Qin Shu. She still had her head down. Then, he looked at Qin Shu and couldn't help but ask, "Why did you say that?"

Qin Shu saw his dumbfounded expression and looked at him with a faint smile. "Can't someone who had been mocked by you not ask if your face hurts? Or do you expect them to chat with you as if nothing had happened?"

Zhou Yizuo was confused and had a bad feeling. "What do you mean?"

"Zhou Yizuo, she is Ye Xue. She turned into a beauty after she lost weight. You even snatched her note from her and mocked her for not being worthy of liking Young Master Jiang."

At this moment, the students who had been watching could not help but speak up. This was because they understood Zhou Yizuo too well. They had not recognized Ye Xue at the beginning as well.

“Yes, yes, you said that.” The students behind echoed.

Zhou Yizuo looked at Ye Xue in disbelief. Was she the fat country bumpkin Ye Xue?

The clothes that Ye Xue wore previously were very big. She wore long sleeves and long pants and her long bangs almost covered her eyes.

Now, she was bare-faced and wore a cute dress. It could be said that she had changed a lot.

He really did not expect Ye Xue to look like this after losing weight.

No wonder she had turned around and ran away when they met in the mall.

Just as Zhou Yizuo was immersed in shock, Qin Shu looked at him coldly. “I said, remember what you said back then. Does your face hurt?”

Zhou Yizuo’s face turned red. He was a little embarrassed. If Qin Shu hadn’t mentioned it, he would have forgotten about it.

Now that he thought about it, he had indeed gone too far back then.

Zhou Yizuo wasn’t the only one who was embarrassed. The students who had mocked Ye Xue that day also lowered their heads in embarrassment. They felt a little bad about themselves.

They couldn’t raise their heads high. It was like being slapped hard in public.

Who knew that the fat and unrefined girl would suddenly change so drastically?

Qin Shu looked at Zhou Yizuo and continued, “What do you think of Ye Xue compared to the two school belles?”

Ye Xue knew that Qin Shu was helping her. These people who had mocked her before had all been slapped in the face because of Qin Shu’s words.

She didn’t think much of it in the past.

But now, she felt a little avenged.

So she also raised her head and looked at Zhou Yizuo. She looked at the person who had once mocked her. He should be the one who should be ashamed and bow his head, not her.

Qin Shu had done so much for her and encouraged her. She couldn’t let Qin Shu lose face.

Zhou Yizuo looked at Ye Xue who was in front of him. She had an oval face with a little baby fat. Her pair of big black pearl-like eyes were bright and beautiful.

There was no need to ask. Ye Xue was more than a little prettier than Qin Ya and Mo Feifei.

Because of what he had said earlier, Zhou Yizuo blushed awkwardly and said, “Of course, Ye Xue is prettier.”

This answer was expected. Qin Shu said, "Then, I want to ask you, does your face hurt?"

Zhou Yizuo's face was already red from embarrassment. When Qin Shu asked this question, his face hurt badly.

Although Zhou Yizuo was not born into a wealthy family, he was still a rich young master. He spoke and did things as he wished every day.

That was why he had done all those things when he found the note Ye Xue wrote to Jiang Yu that day.

If he had not met Ye Xue at the mall and fallen for her, Zhou Yizuo might not be as ashamed as he was now.

He pondered for a long time before he slowly said, "Ye Xue, I'm sorry. I was blind to have said that about you before. I don't hope that you will forget about the past, I just hope that you don't take those words to heart. Just like Qin Shu said, you have succeeded."

Ye Xue was stunned. She didn't expect Zhou Yizuo to say such words. She didn't know how to respond for a moment.

Qin Shu glanced at Zhou Yizuo and then at Ye Xue. This time, she didn't intend to speak because things had already come to this. The rest was up to Ye Xue.

However, Zhou Yizuo was right. He was blind.

At this time, Fu Tingyan and Jiang Yu walked into the classroom one after another. They saw that the students had surrounded Qin Shu and Ye Xue's desks again. Did something happen again?

Jiang Yu walked over in confusion and glanced at the students who were surrounding them. There was a note of teasing in his voice. "Yo, are you guys having a meeting? Why are you all gathered here?"

The students turned around when they heard the sound. When they saw Jiang Yu and Fu Tingyan, they scattered like flies.

As soon as the students left, Jiang Yu saw Qin Shu and... He initially thought that he would see the little fatty, but in the end, it was another girl. "Who is she?"

Ye Xue immediately lowered her head when she saw Jiang Yu. She was a little embarrassed

Jiang Yu, "... " Why does she look like the little fatty?

Fu Tingyan glanced at Qin Shu and also saw the girl sitting next to her. She should be Ye Xue. Otherwise, why would she be sitting here?

Qin Shu said, "She is Ye Xue."

"Oh." Jiang Yu nodded but then quickly reacted. He looked at Ye Xue in disbelief. "She is Ye Xue? How much meat did she lose?"

Qin Shu, "... "

Fu Tingyan, "... "

“I, I didn’t mean anything by that. That’s nice. Yes, this is pretty nice.”

Jiang Yu spoke too quickly. When he realized what he was saying, he hurriedly explained himself and returned to his desk.

It was really too awkward.

How could he say that she had lost meat?

He should have said that she looked nice after losing weight.

Jiang Yu had seen a lot of beautiful women, so when he saw that Ye Xue had become beautiful, he was surprised but not stunned. That was because Ye Xue was sitting next to Qin Shu, so that had affected it a little.

However, he felt that fat people were really potential stocks. Ye Xue was really much more beautiful after slimming down and her fashion sense had improved.

Fu Tingyan also returned to his seat. He glanced at Jiang Yu and could not help but smile. Being too direct made it easy to offend others.

Ye Xue did not feel anything about what Jiang Yu had said.

Qin Shu, however, was tickled by Jiang Yu’s words. She shook her head helplessly.

They were really quick filling out their university choices. She had already decided on Imperial College beforehand, so she filled in her first choice and did not fill in the rest.

But soon, some students realized that Wu Yue had not come to school to fill out her form.

“Why didn’t Wu Yue come?” Someone asked in a low voice.

“Didn’t you know that she didn’t turn up on the day of the college entrance examination? I heard that she was disqualified.”

“No wonder. Did she offend the class monitor?”

“Maybe. Didn’t you see the class monitor lose his temper?”

No one dared to publicize this matter, but most people felt that Wu Yue had brought this upon herself. She had framed Ye Xue for stealing and almost caused Ye Xue to lose her guaranteed spot at Imperial College. Then, she also tried to make Qin Shu look bad.

She was a trouble maker.

Chapter 277: Fu Tingyu Protects His Wife. Wearing the Same Dress. Which is Fake?

Fu Enterprise

Fu Tingyu sat upright behind his dark mahogany desk. His eyes were lowered as he worked.

But in his heart, he thought to himself. Why hadn't he stopped her this morning and get her to choose a local university?

Imperial College was too far away.

At this moment, Shi Yan pushed open the office door and walked in. He walked up to the desk and handed the contract in his hand to Fu Tingyu. "Sir, it's already done. The Xia family will lose more than a few billion this time."

Shi Yan didn't know why Fu Tingyu suddenly wanted to make a move on the Xia family. After all, there was no conflict of interest.

Fu Tingyu raised his eyes to look at the contract. He took it with his slender fingers and opened the folder. He glanced at the contract with his pitch-black eyes before handing it to Shi Yan. "How's the development project of the Xia family in the northern suburbs going?"

Shi Yan took the contract and nodded. "It's almost done. The Xia family is already in a tight spot. The development of the northern suburbs started in April."

Fu Tingyu did not want to give the Xia family a way out. The development project in the north was the heart and soul of the Xia family, and they had injected a huge amount of money into it. If it was ruined, it would not only cost them money, but also manpower and financial resources.

Fu Tingyu trusted Shi Yan's abilities.

"Don't give them a chance to catch their breath."

"I understand."

Shi Yan had never let Fu Tingyu down. He took the contract and left the room.

Fu Tingyu continued to work.

Next to Class 305

Qin Ya had also selected Imperial College as her first choice. After that, she thought about how she had been ridiculed by her classmates just now. The culprit was still Qin Shu. That face of hers had already ruined but was cured. Qin Ya gritted her teeth fiercely when she thought of that face.

There was also the matter from last time. Qin Shu had clearly agreed to go but had not turned up in the end. Could it be that she knew something?

Qin Ya thought of this possibility and hurriedly went to find Qin Shu to ask her about it.

Qin Shu and Ye Xue had just walked to the door of the classroom when they bumped into Qin Ya who had just entered.

It was only then that Qin Ya saw that the dress Qin Shu was wearing today looked quite similar to Xia Yihua's. However, she did not think too much about it because she did not look carefully either. Instead,

she smiled and said, "Elder Sister, why didn't you come when I asked you out last time? I waited for you for a long time."

Qin Shu raised her eyebrows and looked at Qin Ya. She sneered to herself and said, "I had originally planned to go but something came up and I couldn't go."

Qin Ya heaved a sigh of relief when she heard that. As long as Qin Shu was still unaware, she still had a chance. "Is that so? I thought you had stood me up."

Qin Shu looked at her with a faint smile. "How was the abandoned house when you visited it by yourself? There's no air conditioning there, so it should be very hot, right? I wonder what time you stayed there till."

When Qin Ya heard the words 'abandoned house', she thought of what had happened there. Her face couldn't help but grow red out of shame and anger. She thought that it was Qin Shu who should have had to bear all that, but in the end...

She was so angry that she secretly gritted her teeth. "I went home since you didn't turn up."

At the same time

In the classroom corridor

A group of girls surrounded Xia Yihua and praised the dress she was wearing.

"Yihua, your dress is so beautiful. It's the latest style."

Xia Yihua saw that her classmates were looking at her dress and knew that they didn't understand. So she pretended that it was an original design, "This dress was designed by the renowned designer Ms who had just come back from abroad. The pearls on it are worth tens of millions."

"I've seen Ms on TV. The clothes she designed have been on the Paris fashion show. Every style is crazily expensive."

"Only Yihua can buy the clothes designed by Ms that we can only see on TV. This time, we can see them from close up all thanks to Yihua."

He Wan supported Xia Yihua so she would get free food and drinks. That was why everything that she said was flattery.

Shi Fei was not willing to be left behind. "Of course. You can tell that the price is not cheap just by looking at the pearls. Besides, the design by a famous designer is not something that ordinary people can afford."

"I think I saw Qin Shu in the class next door wearing a dress similar to Xia Yihua's," whispered a student in the crowd.

"How is that possible? Ms only designs one dress in a certain style. Besides, how can Qin Shu afford to wear such an expensive, high-end, custom-made dress?" He Wan retorted hurriedly.

"Maybe Qin Shu is wearing a fake version? The price of the fake version is not even a fraction of the original," Shi Fei also explained.

“Qin Shu is shameless. If she knew that the original was here, she would definitely take it off in a hurry to save face.” He Wan couldn’t help but cover her mouth and snicker.

Xia Yihua also felt that Qin Shu was definitely wearing an imitation. The original dress was so expensive and it was bespoke for someone else. How could Qin Shu be wearing it?

“Yihua, don’t be angry. Some people just can’t afford to wear the genuine dress so they wear an imitation version. She definitely didn’t expect someone to wear the same dress, much less the original,” Shi Fei fawned over Yihua.

“Look, Qin Shu is here,” the crowd hurriedly shouted when they saw Qin Shu coming out from the next class.

“Yihua, let’s stop her. We can show her how embarrassing it is to wear imitation clothes.”

Shi Fei, with Xia Yihua’s support, arrogantly looked at Qin Shu who was walking toward them. “Qin Shu, where did you buy your clothes?”

Qin Shu and Ye Xue walked side by side. They were about to go out to buy ice cream together, but they were stopped by someone.

“Qin Shu, are they looking for trouble?” Ye Xue whispered.

Qin Shu glanced at Shi Fei in front of her and said in a cold voice, “Does where I buy my clothes have anything to do with you?”

Shi Fei felt a chill down her spine when she was caught by Qin Shu’s cold gaze. She forced himself to say, “It doesn’t matter much, but you are wearing an imitation version of Yihua’s dress and you have the nerve to leave your house?”

“She definitely didn’t expect to wear the same clothes as Yihua. That’s why she dared to wear it to school. How shameless.” He Wan snorted coldly.

Xia Yihua walked over from the crowd. She wanted to see what the imitation Qin Shu was wearing looked like.

When she saw the dress Qin Shu was wearing, she realized that the cutting of the dress was not bad and that the pearls at her waist were round and shiny.

She felt that this imitation was a little better than the one she was wearing.

Qin Shu also saw the dress Xia Yihua was wearing. It was exactly the same as her own dress, and even the pearls on her waist were arranged in the same pattern.

When the dress was delivered last night, Fu Tingyu had said that this dress was custom-made by Ms. He had personally chosen the pearls and fabrics, which were made of ice silk. It was very comfortable to wear in summer.

There would only be one custom-made dress, so could the dress Xia Yihua was wearing be an imitation?

A hint of doubt flashed across her eyes. Given Xia Yihua’s personality and status, she would not lower herself to wear an imitation dress.

“My boyfriend got Ms to design this dress. An imitation? Can you tell with your eyes?”

Qin Shu walked in front of He Wan and stared at her face with a cold smile. “Who are you calling shameless?”

He Wan was so scared that she subconsciously wanted to step back.

Qin Shu was the first to make a move. She raised her hand and slapped He Wan’s face. There was only a crisp slapping sound.

Did they think that if she did not act, that she was easy to bully and could be easily manipulated?

Chapter 278: Who Would dare? The Key Was That His Brother was Amazing

He Wan was slapped back into the wall behind her. For a moment, she was a little dazed. After a while, she felt a burning pain on her cheek.

She did not dare to say anything else other than crying out in pain.

Ye Xue had seen Qin Shu fight with a group of hooligans, so she was only a little surprised to see Qin Shu fight in school.

Other than Shi Fei and Xia Yihua, everyone present was surprised.

In their eyes, Qin Shu was weak and easily bullied. A sudden attack was enough to shock them.

Shi Fei was so scared that she took a few steps back, afraid that Qin Shu would hit her.

“We weren’t wrong. Are you in the right wearing imitation clothes? It’s still an imitation even if your boyfriend had given it to you.”

Qin Shu sneered. “The things my boyfriend gave me are all unique. As for where Xia Yihua’s clothes came from, you have to ask her.”

Fu Tingyu pampered her. No matter if it was a gift or clothes, they were all one and only of their kind.

When Xia Yihua heard this, she was immediately displeased. She looked at Qin Shu arrogantly. “What do you mean? Will someone from the Xia family wear imitation clothes? That’s so ridiculous. The Xia family is known to be wealthy in Jiangcheng But you, who knows where your boyfriend works at? Maybe he bought imitation clothes to make you happy? One and only? Ha, aren’t you afraid that people will laugh at you?”

Qin Shu glanced at Xia Yihua who was behaving arrogantly with her face lifted high.

She couldn’t help but laugh.

Xia Yihua felt ridiculed when she heard Qin Shu laugh. She asked angrily, “What are you laughing at? Did I say something wrong?”

Qin Shu took a few steps towards Xia Yihua and looked down at the dress she was wearing. The cut was slightly worse than the one she was wearing. It was probably made in a hurry.

The pearls looked quite round, but the color and luster were a little different from real pearls.

And this one was directly glued on at high heat.

As for her dress, the pearls had been hand-stitched on the dress. The holes on the pearls were only the size of a silver thread.

Xia Yihua was afraid that Qin Shu would hit her, so she shrank back in fear and stuck close to the wall.

“I’m laughing at your ignorance. How much did you spend on this dress?”

Xia Yihua thought that just the pearls alone would cost tens of millions. Adding on the fabric and the famous designer, she estimated a rough price. “I spent forty million.”

Qin Shu could not help but burst out laughing. “How badly did you get screwed over?”

Xia Yihua glared at Qin Shu and roared, “What do you mean?”

Qin Shu held back her laughter and said, “Because this is an imitation.”

Xia Yihua felt guilty and lacked confidence as she said. “You’re talking nonsense. How could I wear an imitation?”

Qin Shu said, “The workmanship of this dress is obviously a little bad. Moreover, the pearls at your waist are plastic, right? If you think it’s an authentic dress, then show us the exclusive logo of Ms.”

Xia Yihua knew that this was an imitation. How could there be an exclusive logo? She looked at the dress on Qin Shu’s body. The guilt that she had just felt disappeared again. Qin Shu’s dress definitely did not have an exclusive logo.

“Why don’t you show the exclusive logo of Ms Yourself? If you can show us it, then it means that this dress of mine is an imitation.”

Qin Shu couldn’t be bothered to waste time with Xia Yihua. She reached out to the collar of her dress and turned it over, revealing the Ms logo embroidered with purple silk thread for Xia Yihua to see.

“Do you see it clearly?”

As soon as she finished speaking, her fair fingers loosened, and the logo that was revealed was turned back in.

Xia Yihua was stunned on the spot. How, How was this possible?

Qin Shu’s dress was actually a genuine one. It was so expensive. How could her boyfriend be so rich?

Ye Xue thought about how Qin Shu had helped her so many times, and how she saw Xia Yihua and the other girls bullying Qin Shu together.

She didn’t know where she got the courage to take a few steps forward and deliberately raised her voice, “So Xia Yihua’s dress is the fake one. How dare she make a fuss in front of the real dress? How embarrassing. And she still dares to wear that dress out?”

“I thought Qin Shu was wearing a fake dress. I didn’t expect Xia Yihua to wear an imitation dress when her family is so rich. Maybe she used to wear fake clothes too. She only knows how to show off in front of us who don’t know anything.”

“The one Qin Shu is wearing is obviously much more exquisite than the one on Xia Yihua. And the difference between the pearls on the waist is huge.”

Xia Yihua listened to the discussions of her classmates and her face turned pale. She really regretted making this replica for everyone to laugh at her.

She shouted impatiently, “The only thing the Xia family doesn’t lack is money. Am I someone who will wear replicas? I was just cheated by someone.”

Xia Yihua’s shouting scared them so much that they stopped talking. After all, the Xia family was indeed rich.

Fu Tingyan walked over from behind the crowd. He was more than 1.8 meters tall. He looked like a mountain among the group of girls. He raised his eyebrows and looked at Xia Yihua. “Xia Yihua, didn’t you see the headlines?”

Fu Tingyan’s sudden appearance made all the girls present blush unconsciously. He was the top student of the school.

Even Xia Yihua blushed unconsciously. But what did the headlines have to do with her?

She looked at Fu Tingyan in confusion. “What headlines?”

Fu Tingyan sneered. “Why don’t you go and take a look?”

Xia Yihua took out her phone in confusion and started to look at the headlines.

Qin Shu glanced at Fu Tingyan. She didn’t understand what he was trying to do

However, she had a hunch that it was definitely related to the Xia family.

To confirm her guess, she also took out her phone to look at the headlines.

Qin Shu wasn’t the only one who was curious. Many of the people present were curious as well. What was on the headlines that was related to the Xia Family?

They all took out their phones to look at the headlines.

Qin Shu glanced at the headlines. It was about the Xia group being forced to stop operations at their development project in the northern suburbs, causing heavy losses. The contract they had just signed was breached, so they had to pay a huge amount of compensation. They were running out of funds, and the problem the Xia group was facing was very serious.

She tilted her head and looked at Fu Tingyan. Fu Tingyan looked at her indifferently. It was my brother’s doing, it had nothing to do with me.

She had also guessed that it was Fu Tingyan’s doing.

Xia Yihua stared at the headlines that day for a long time. She did not understand these things, nor did she know how the reporters had gotten this news.

But she knew what it meant when they were running out of funds.

Her family was so rich, how could they be running out of funds?

The other students also saw the headlines. Like Xia Yihua, they could only understand the general meaning of the news.

In their words, the Xia family, which had always been rich, was suddenly running out of money. Didn't it mean that they were about to go broke?

"No wonder Xia Yihua would wear imitation clothes. It's because she was out of money. She even bragged to us about how valuable her imitation was. That's so disgusting."

Chapter 279: Feeling Sorry for Babe, Fu Tingyu Sends Fruits During Class

"She doesn't even have the money, so why is she still pretending? I don't think she was cheated. She just doesn't have the money. That's why she's wearing an imitation."

"That's right. She only knows how to show off here every day."

Xia Yihua listened to the students' discussions and ridicule. Her face alternated between red and white. She looked terrible.

This feeling was worse than being slapped. It was extremely embarrassing.

She had been pampered since she was young. When had she ever been treated like this?

However, she did not have the time to argue with her classmates. Instead, she gripped her phone tightly and ran home in a hurry.

She wanted to go home and ask her father what was going on?

How did the company suddenly encounter such a serious situation?

Fu Tingyan left before Xia Yihua.

The students also dispersed.

Qin Shu glanced at the news on her phone screen. The Xia family was not easily shaken.

The news was out now, so this meant that it was not something that had happened in the past few days.

Ye Xue stood beside Qin Shu and turned to look at her. "Qin Shu, What's wrong?"

Qin Shu shook her head. "Nothing. I just didn't think that I would encounter this when I came to fill up my university selection form. Let's go back."

Ye Xue nodded. "Okay, don't take it to heart."

Qin Shu shook her head nonchalantly, indicating that she didn't take it to heart.

It was just a small matter. There was no need to waste her brain cells on it.

After the two of them walked out of the school, they bought ice cream at a drink store near the school. They only went back after they were done eating.

When Qin Shu walked out of the ice cream shop, she received a call from Mu Lan.

As soon as the call was connected, she heard Mu Lan's anxious voice. "Shu, quickly come to the hospital to see your father. He was beaten up by a bunch of hooligans for no reason a few days ago and was hospitalized for a few days. He was afraid that you would be worried and didn't want me to call you. He is still lying on the hospital bed. I couldn't bear it anymore, so I am calling you secretly. Quickly come over and visit him."

Qin Shu sneered to herself. They were calling her over because they wanted to use sweet words to take away her shares.

Call her secretly?

Did he still think she was the same person as before?

"I have something to do now, so I can't go. I'll go when I'm done."

"But your father's hand is broken and has been in pain for several days. Aren't you coming to visit him?"

"But I really have something to do. You should know Yu's temper. The consequences are very serious." Qin Shu deliberately emphasized the last sentence.

When Mu Lan heard about Fu Tingyu's temper, she did not dare to say anything more. She could only say embarrassedly, "Alright then. You have to come quickly to visit your father. He has been in so much pain these past few days that he can't even eat."

Qin Shu hung up the phone. Hurry up and go visit him?

When she did visit, Qin Hai would probably wish for her to visit even later.

Qin Shu put away her phone and walked to the Maybach by the roadside.

Ye Luo has been waiting at the roadside. When he saw Qin Shu, he got out of the car, open the back door, and waited for Qin Shu to get in.

Qin Shu walked past Ye Luo and said to him, "Go straight to the company." Then, she got into the car.

Ye Luo closed the door expressionlessly before getting into the driver's seat. He started the engine and drove towards the company.

40 minutes later

Fu Enterprise

After Qin Shu got out of the car, she followed Ye Luo to the front of the special elevator. She unlocked it with her fingerprint and entered the elevator.

Ye Luo followed without a word.

Ding

The elevator door opened and Qin Shu went to the office.

Ye Luo headed to the side and waited for her.

Qin Shu walked to the office door. She did not knock in advance but pushed open the door and walked in.

When the door was pushed open, she saw Fu Tingyu sitting behind his desk. When he was working seriously, he seemed to be completely focused and not disturbed by the outside world.

This version of him was very different from usual.

Sometimes, she liked to watch the man as he worked seriously. Not only was it because he was good-looking, but also because he was very charming when he was working seriously.

Qin Shu walked in slowly.

Fu Tingyu raised his head and looked over. His eyes caught a pair of bright eyes. It was unknown whether it was because someone's eyes were too attractive or because their eyes met. The two of them looked at each other for a long time.

Qin Shu slowed down a little because of the man's gaze that had fallen upon her. The man's gaze was still on her when she walked up to the desk.

Fu Tingyu put down the pen in his hand, turned his chair around, and faced the girl. He stretched out his long arms and pulled the girl into his arms. She was so light that it made his heart ache.

"Have you finished filling in the school selection form?" The man's voice was a little muffled as if he was dissatisfied with her going to a university so far away.

The man's voice was right beside her ear, causing Qin Shu to unconsciously shrink her neck.

She nodded. "Yes, my goal is Imperial College, so I didn't fill in the rest."

Fu Tingyu didn't say anything. He just hugged her as if he was afraid that she would run away.

Seeing that she couldn't move, Qin Shu raised her hand and nudged the man's arm. She reminded him in a low voice, "Go back to work. Let's go home together after work."

Fu Tingyu was silent for a long time before saying "Okay" and letting go of her.

Qin Shu sat on the sofa across from him. She took out her laptop from her backpack and started playing with it.

She recalled the last time she had revealed her hacking skills.

The man didn't ask her how she had done it, nor did he ask her anything else.

Although she was very confused, she was relieved because she really didn't know how to answer him.

Fu Tingyu sat at his desk and stared at the girl for a long time before he lowered his eyes to deal with his work.

At half-past five-

Fu Tingyu put down what he was doing and brought the girl home for dinner so that she wouldn't starve.

Qin Shu was a little surprised. Wasn't it a little early to go home?

The employees of the company were still working.

Fu Tingyu held the girl's hand and walked out of the company, attracting many envious gazes.

Bright Garden

After dinner-

Fu Tingyu had been too busy recently and brought many things back to deal with.

Qin Shu went to the small study room to attend classes.

Because it was summer vacation, her class time was lengthened.

Because the later classes were more difficult, the young professor who had been simple and clear at the beginning would now make more clarifications.

Qin Shu was already used to the strange class location of the young professor, so she clicked on the video and opened it. Other than curiosity, there was nothing else.

Because it was summer vacation, the young professor did not live on campus, so he gave his classes in a study room.

In the video, the young professor's well-defined fingers were holding a pen, as if he was taking notes. Even though she could not see his face, she knew that he was very serious.

In the study room-

Fu Tingyu sat in front of his desk, dealing with some work. Suddenly, he remembered the fruits that had been flown in. Among them were the cherries that the girl liked to eat.

Every time, it was the girl who would bring him fruits. He had never brought her fruits before.

Fu Tingyu put down the mouse in his hand. He stood up and went downstairs to the kitchen to prepare the fruits for the girl personally.

After entering the kitchen, he opened the refrigerator and took out the fresh fruits that had just been flown in. Then, he walked to the sink and rolled up his sleeves. His movements were elegant and noble as he bent down and started washing the fruits.

When Ning Meng, who had just walked in, saw Fu Tingyu standing by the sink and washing the fruits, she was so scared that she hurriedly ran over. "Sir, just let me do this. Your hands are so precious, you can't do this kind of thing."

Chapter 280: Extremely Doting. Finding a Man Online?

..

..

She had only been gone for a short while, why did Sir come in?

As Ning Meng spoke, she quickly walked to the side of the sink and found Fu Tingyu washing some fruits. She did not need to ask to know who the fruit was for.

Other than the young madam, who else could make Sir lower himself to do such a thing?

Ning Meng stood at the side and wanted to reach out to take the fruits in Fu Tingyu's hand and wash them, but she did not dare to do so.

Who would dare to snatch something from Fu Tingyu's Hand?

Fu Tingyu ignored Ning Meng who had shouted loudly. He lowered and narrowed his eyes. His slender fingers washed the cherries very seriously. The dark red cherries were exceptionally eye-catching between his pale fingers.

Ning Meng stood at the side and really couldn't stand it any longer. She said carefully, "Sir, let me do it."

As Ning Meng spoke, she reached out and tried to take the fruits in front of Fu Tingyu.

Fu Tingyu glanced coldly at the hand in front of him and said, "No need."

Ning Meng's hand that had just reached out was swept away by his cold gaze. She quickly retracted her hand and didn't dare to say anything else. She could only watch as Fu Tingyu washed the fruit.

How much did Sir paper Young Madam?

Sir, who had never done chores his entire life, was washing fruits for Young Madam.

In the future, when she starts looking for a boyfriend, she would also look for someone like Fu Tingyu. It was too blissful.

Ning Meng remembered something. She hurriedly turned around to get the fruit plate and tissue to dry the fruits.

After she fetched the plate she did not dare to do anything. Instead, she placed the fruit plate down and left the tissue to the side.

Fu Tingyu's pitch-black eyes glanced at the fruit plate and the tissue. He stretched out his slender fingers and took out a tissue. He carefully dried the fruit. After he was done, he placed the tissue on the fruit plate and did the same thing.

Ning Meng watched from the side. This was her first time seeing Sir washing fruit. He looked serious. Coupled with his good looks and noble temperament, it made a very attractive picture that was very, very pleasing to the eye.

Fu Tingyu finished cleaning the fruit and prepared to cut them.

Ning Meng stood by with a fruit knife and a cutting board.

Fu Tingyu took a fruit knife to cut watermelon into pieces which he then put onto the fruit plate carefully.

After cutting the fruits, Fu Tingyu washed his hands, then picked up the tray and went out.

Ning Meng had enjoyed feasting on the sight and she began to happily clean up the mess.

Fu Tingyu took the tray with steady steps to the second floor. He arrived at the bedroom door and pushed open the bedroom door with his free hand.

It was quiet in the bedroom, and his eyes were fixed on the study next door. The door was ajar, as if it had been closed haphazardly.

He carried the fruit tray to the door of the small study and reached out to open the door. He saw the girl sitting at the desk, wearing a white shirt.

The shirt was relatively loose and hid the girl's slim waist very well.

The corners of his mouth curled up and walked in with even steps.

Qin Shu, who was sitting in front of the desk, was wearing headphones and listening to the class seriously. All her attention was on the young professor's class, so she didn't notice that Fu Tingyu had already walked over.

Fu Tingyu walked behind the girl and stood still. His dark eyes looked at the video on the computer screen, and his eyes instantly turned cold.

In the video, there was a pair of hands holding a pen at the tip of their fingers. The joints were clearly long and slender, and one could tell that it was a man's hand at one look.

It was just that his face could not be seen. Other than knowing that the other party was wearing a gray t-shirt, he knew nothing else.

However, that hand was very similar to the one he saw last time, and even the action of holding the pen was the same.

The man's hand that was hanging by his side suddenly tightened, and the joints of his fingers turned white because he had clenched his fingers too tightly.

He lowered his eyes and looked at the girl. She was looking at the man on the screen with a serious expression. She didn't even know that he had come in.

Qin Shu, who was listening to the lecture seriously, felt a chill on her back. That familiar feeling told her that Fu Tingyu had come in and was standing behind her.

That also meant that he had seen the young professor taking notes with a pen in the video.

The man got jealous very easily. He would definitely get jealous when he saw the video, and the result of this was him getting angry.

If she spoke now, it would not only make the young professor confused, but it would also make Fu Tingyu confused.

Because she was wearing a voice changer, not only could the young professor hear her, but Fu Tingyu could also hear her as well.

Back then, she had used a male identity for convenience. After all, it was the Internet and she could not guarantee what kind of people she would meet.

However, she couldn't explain that she was just attending a lesson and nothing else to Fu Tingyu in front of the young professor.

Moreover, the more anxious she was to explain, the harder it would be for the man to believe her. Just like before, he would think that she was guilty.

Qin Shu glanced at the video on the computer screen. The young professor was taking notes.

"What are you doing?"

The man's deep and powerful voice seemed to have penetrative power, piercing through her eardrums. It was cold and she couldn't help but shiver.

Fu Tingyu's voice was neither high nor low. The young professor on the other end of the computer screen only heard a man's voice, but he didn't hear clearly what he was saying.

It was the first time he heard other men around Qin Shu, but he didn't think too much about it because there were people around him as well.

Seeing that it was time to end class, he immediately turned off the video.

Qin Shu let out a sigh of relief. She hurriedly removed the Bluetooth earpiece and the voice changer. She raised her head and looked back. She saw the man standing behind her. His dark and deep eyes were staring at her, like a deep pool. She couldn't see the bottom of the pool, but it could make her sink deep into it.

Qin Shu only saw the man, but she didn't see the man holding a fruit plate in his other hand.

"I was in class just now. I signed up for an online class. Why are you here?" A trace of surprise flashed in her eyes.

Fu Tingyu's dark eyes were locked on her, and his voice was still cold. "Who is that man?"

"Of course it's the teacher. Who else do you think it is?" Qin Shu answered straightforwardly.

It was too difficult to talk in this position, so she simply stood up and turned to face the man.

It was also at this time that she saw that he was holding a fruit plate in his other hand. On the fruit plate were cut watermelons and washed cherries, which were her favorite.

Cherries were not available in this season, but they were cultivated in other countries. This also meant that the cherries were specially flown over by the man.

Fu Tingyu placed the tray in his hand on the desk. Then, he grabbed the girl's slender wrist and looked down at her. "Did you find a man to teach you something on the internet?"

The man's cold voice entered Qin Shu's ears, letting her know that the man was really angry. It was just a class. Why was he also angry?

"There are many professors and teachers online. I wanted to learn faster, so I looked online. Are you angry?" She asked the last question carefully.

Fu Tingyu looked at the girl. His anger did not dissipate because of her explanation. Instead, it was ignited by her explanation.

"Why can't you ask me to teach you? Do you think I'm just here for decoration?"
