Chapter 361: You'll Have More Strength After You Eat, Suddenly Thought Of The Past

Before he left, he wanted to pack up the person in front of him and bring her back.

It must have been from the moment he met her. At that time, he already wanted to pack her up and bring her back so that she would only belong to him.

Qin Shu saw the man was staring at her without saying anything so she raised her hand and waved in front of him. "What's wrong?"

Fu Tingyu looked at the person in front of him and leaned over to kiss her.

Fu Tingyu asked Shi Yan to book a hotel room. Ye Luo parked the caravan at the entrance of the hotel.

Before getting out of the car, Fu Tingyu put on the glasses for her. Then, he held her hand as they got out of the car and walked straight into the hotel.

The dinner was booked after they arrived at the capital.

The room they booked was a suite. There was a restaurant inside.

Fu Tingyu and Qin Shu walked into the living room. Not long after, a waiter pushed the dining car in and placed the dishes one by one on the dining table.

After arranging the dishes, the waiter put on a professional smile on his face. "Sir, miss, please enjoy your meal."

Then, he pushed the dining cart out and closed the door.

Qin Shu took off her backpack and placed it on the sofa at the side. She walked over to the dining table and sat down.

She looked at the table full of dishes. She had been busy the whole afternoon and was already hungry.

Fu Tingyu took off his suit jacket and placed it on the clothes rack at the side. He turned around and walked to the dining table and sat down.

He picked up his chopsticks and slowly ate the food in front of him. He looked up at the young lady in front of him and stared at her blushing cheeks. Yes, it was very appetizing.

Qin Shu looked at the man as she ate. His eating style was pleasant to look at. He was handsome and had a noble temperament. He was eating an ordinary meal but he looked as though he was eating a French feast.

Fu Tingyu picked up some food and put it on her plate. "Eat more. You'll have more strength if you eat more."

Strength?

Qin Shu looked at the man's serious look as if she had heard wrongly. She lowered her head and continued eating.

After dinner, Fu Tingyu asked the waiter to put away the dishes.

He held the young lady's hand and walked to the balcony. Then, he hugged her and sat on the sofa. He didn't want to move at all. He just hugged her and looked at the night view of the capital.

Qin Shu was too lazy to move after eating. She nestled in the man's arms and listened to the rhythm of her heartbeat. Looking at the night view of the imperial capital was actually something that she enjoyed very much.

It was a rare moment of peace and warmth. After sitting for a long time, she felt a little sleepy. Perhaps it was because she thought that the person sitting next to her would be returning to Jiang City tomorrow so she closed her eyes reluctantly.

The man squeezed her palm. "Babe."

Qin Shu raised her head and looked at the man in front of her. "Hmm?"

Fu Tingyu looked at the bustling city in front of him. His voice was a little low, but there was strength in it. "Give me a son or a daughter."

Ever since this idea came into his mind, it had taken root in his heart, sprouted, and grew stronger and stronger.

He felt that he wouldn't feel at ease without giving birth to a son and a daughter.

Qin Shu shuddered. Just like in her previous life, ever since she had the thought of having a child, she had always wanted to have a child.

But...

She bit her lip and thought of what had happened in her previous life. Her body felt as if it was in an ice cellar. She felt cold all over.

Seeing that his babe didn't answer, Fu Tingyu lowered his head and locked his gaze on her. "Babe."

He suddenly tightened his arms, carried the girl horizontally, and walked straight to the big bed.

No matter how comfortable the bed in the hotel was, it was not as comfortable as the bed in Sheng Yuan Garden.

The light was not that soft either.

The glass lamp in the bedroom had a pattern printed on it. It was her favorite orchid.

No, it was not just the glass lamp.

The furnishings, decorations, and curtains in the master bedroom all had her favorite orchid on it.

Even the flowers in the backyard were orchids.

There was also a ginkgo tree. Its leaves had always been golden yellow.

"If the ginkgo tree's leaves always remained as golden yellow, it would look even better."

It was a silent night.

Qin Shu suddenly opened her heavy eyelids. She was stunned for a long time before she slowly glanced at the man beside her. His forehead was covered in bean-sized beads of sweat and his lips were tightly pursed.

Why did he know so much about her preferences? It was just their first meeting and he already knew her preferences better than she did?

“Babe, I’ve finally found you.”

This was what the man said when he first saw her.

“Babe, what’s wrong?”

A deep and powerful voice interrupted her thoughts. Qin Shu blinked and looked at the man. She opened her mouth and wanted to ask him but she didn’t know what to ask.

She felt that her mind was in a mess. She couldn’t make sense of things.

Suddenly, a pair of arms hugged her.

“Next time, I will control myself.”

Fu Tingyu saw that the young lady kept her eyes open and didn’t say anything. He thought that she was angry.

Qin Shu turned her pupils. What she was thinking was...

“Babe?” Her thoughts were interrupted by a powerful male voice once again. It made her mind a little confused.

Fu Tingyu didn’t hear the lady saying anything so he thought that she was sleepy again. He rubbed her head and didn’t say anything else.

Qin Shu: ...

She was already extremely sleepy. She woke up from her drowsiness suddenly just now because of a sudden thought.

Now that she felt sleepy again, she fell asleep in no time.

After falling asleep, she had a dream.

She dreamed of the scene when she met Fu Tingyu for the first time.

Perhaps because she had experienced something and was reborn again, the dream was different from the first meeting in reality.

The next day

Qin Shu suddenly opened her eyes. When she turned her head, she found that there was no one by the bed. Fu Tingyu had already gotten up.

She suddenly remembered the dream from last night. The first meeting was too different from the one in reality.

She rubbed her eyes. She had a dream last night so she felt like she didn't sleep well.

After lying on the bed for a while, she lifted the quilt and got out of bed. She got up and walked into the bathroom to wash up.

When she got dressed and walked out, she saw Fu Tingyu standing on the balcony. The rising sun was not that scorching.

He stood in front of the railings with a cigarette between his fingers. It had just been lit.

He had never smoked on front of her before and she rarely smelled tobacco on him.

He would choose the place to smoke.

It seemed that he would brush his teeth after smoking too.

She didn't walk over because she was afraid that he would use his fingertips to extinguish the cigarette like last time.

Fu Tingyu finished smoking and wanted to smoke another cigarette. Just as he took it out and was about to light it, he remembered that it was time for Babe to wake up. Hence, he put the cigarette back.

When he turned around, he saw the young lady standing on the edge of the balcony, looking at him. Since last night, the young lady had been a little strange. He called her a few times but she didn't answer him.

She suddenly woke up and didn't say anything.

He stood outside for a long time. When the smell of smoke was almost gone, he opened the glass door and walked in. Then, he closed the door.

He walked to the young lady and looked down at her. "Were you unhappy last night?"

Qin Shu shook her head. "I wasn't unhappy. What's wrong with you?"

She had been tormented last night until she was dizzy and sleepy. How could she have the strength to be angry?

Last night, the young lady's reaction made him feel a little uneasy.

He was afraid that the young lady would suddenly return to the past. At that time, she would never answer him when he called her.

"Then why didn't you answer me when I called you several times last night?"

Chapter 362: Four Handsome Men Got Surrounded, Pretending That They Didn't Know Each Other

Last night?

Qin Shu blinked and tried to recall what happened last night.

Last night, she fell asleep because she was too tired. Later, she suddenly woke up because she remembered something.

However, did he call her several times?

Why didn't she have any impression of that?

The lady remained silent, which made the man's heart even more uneasy. "Why aren't you saying anything?"

"I'm not angry. I was just too sleepy last night and a little confused." Qin Shu stepped forward and held the man's arm. She said gently, "Let's go and have breakfast together."

Fu Tingyu looked down at the lady. He followed her footsteps and walked into the dining room.

The waiter brought breakfast in on time.

After setting up the breakfast, he pushed the dining car out.

As Qin Shu ate breakfast, she was still thinking about her dream from last night. She raised her eyes and looked at the man. There was indeed a big difference between him and the man in the dream.

Fu Tingyu elegantly ate the breakfast in front of him. After he was half full, he said, "I will return to Jiang City today."

Qin Shu guessed that he would return to Jiang City today. After all, the Fu family had so many things that needed to be taken care of by him.

"Okay, I will study hard and strive to graduate as soon as possible."

The corners of her mouth curled up into a faint smile, just like the rising sun outside the window. It was not ostentatious but it was very warm.

Fu Tingyu nodded. "Okay."

After breakfast, Fu Tingyu sent Qin Shu to the entrance of Imperial College.

Before getting out of the car, Fu Tingyu pulled the lady into his arms again and kissed her.

He released her after a long time.

Qin Shu's face was slightly red. "I'll be going in now."

After saying that, she pushed open the car door and got out.

Fu Tingyu sat in the car with one hand on his chin. His pitch-black eyes stared at the lady's back as he watched her walk into Imperial College. He did not take his eyes off her until she disappeared.

The hand on his leg was tightly clenched as if he was restraining himself from carrying her back and directly packing her up.

After a long time, a deep voice sounded in the car. "Go back."

Ye Leng was sitting in the driver's seat. Hearing this, he stepped on the accelerator and drove away.

—

—

Qin Shu carried her backpack back to the dormitory. Mu Ke was not inside.

She walked straight to the bed and bent down and squatted down by the bed. She let Boss out.

Boss looked at Qin Shu with an aggrieved expression. “Meow”

She put it in the pet bag for one night, for the whole night!

Qin Shu felt a little sorry for Boss. This was the first time she put it in her pet bag for the whole night.

“Sorry that I make you suffer. I’ll go to the cafeteria at noon and prepare a fish for you, okay?”

“Meow” Boss wanted to say that how could one fish be enough?

At least two?

Qin Shu saw Boss’s dissatisfied look and smiled. “It will be enough, okay?”

Boss’s eyes lit up. “Meow”

A ringtone rang in the quiet dormitory.

Qin Shu took out her phone and saw that the caller ID was Ye Xue.

After picking up the call, she heard Ye Xue’s excited voice. “Qin Shu, which dormitory are you in? I’ll go look for you.”

Qin Shu said, “205.”

“I’m at 407. I’ll be down right away.”

“Okay.” Qin Shu hung up the phone with a smile.

Not long after, footsteps could be heard from the corridor.

Ye Xue used the speed she used when she lost weight to run over.

“Qin Shu.”

Coming to an unfamiliar place, Ye Xue was especially excited when she saw Qin Shu.

Qin Shu saw Ye Xue and stood up. She noticed that she was sweating profusely from running. “You just got here. Are you used to it? The university is very big. It’s easy to get lost if you’re not careful.”

When Ye Xue saw that Qin Shu’s forehead was covered with gauze, she was shocked. “How did you get injured?”

“I accidentally fell. It’s fine,” Qin Shu said casually.

When Ye Xue heard this, she was still a little shocked. Seeing that Qin Shu did not care at all, she did not probe further.

"I haven't got used to it. I just got here and couldn't even find the dormitory. I walked around a few times."

Ye Xue felt very awkward when she thought about how she met Zhou Yizuo yesterday.

"Then how did you find the female dormitory in the end?" Qin Shu also felt that if there was no one leading the way, it was really difficult to find the female dormitory. It was normal for Ye Xue to not be able to find it.

"I met Zhou Yizuo. He found the people from the student union and brought me there. When we were at Linxi, we didn't have a happy time. It was quite awkward." Ye Xue's voice was a little low.

Zhou Yizuo was quite thoughtful.

"Let's go out for a walk and familiarize ourselves with the environment."

Now that someone was accompanying her, Qin Shu wanted to go out for a walk.

"Okay, I'm afraid that I'll get lost when I'm looking for the classroom for my class. I'll familiarize myself with it now so that I can quickly find the classroom when class starts."

University courses were like this. The classroom was not fixed. If one was unlucky, the distance between the two classes was very far. When you walked out of the classroom and were halfway through your journey, the other professor had already started teaching.

Qin Shu closed the door and went downstairs with Ye Xue.

The two of them walked around the campus casually. They did not walk very fast but in the absence of anyone leading them, it was still quite difficult to familiarize themselves with the environment.

Qin Shu and Ye Xue were not the only ones who came out to familiarize themselves with the environment. Many freshmen took advantage of the day before the official class started to familiarize themselves with the school.

Han Xiao originally did not want to come out but Hua Wuyan dragged him out.

The reason was, what if he met Little Munchkin?

According to Little Munchkin's age, she was now a sophomore.

They had searched all the other Jiang City's local universities but there was no sign of Little Munchkin.

Little Munchkin had been smart since she was young. With her personality, she would most likely go to Imperial College.

However, the moment they appeared on campus, they were surrounded by a group of girls. They asked for their names, phone numbers, WeChat... compared to the young ladies in front of them, the ladies from Hua Feng high school were obviously more reserved.

"Handsome, what's your name? Are you also a freshman?"

"Leave a WeChat number and we can be friends. We can also hang out together in the future."

“Which course are you guys from? The computer science course?”

Han Xiao glanced at Hua Wuyan coldly.

Hua Wuyan spread out his hands. He also expressed his impatience.

Fu Tingyan and Jiang Yu were also surrounded by the girls.

They came out to familiarize themselves with the university so that they could find the classroom at the first opportunity during class.

They were surrounded by a group of girls asking all sorts of questions.

They just wanted to know their names and WeChat numbers. Of course, it would be the best if they could get their cell phone numbers.

Fu Tingyan rubbed his temples. When they were at Linxi, many girls liked him and gave him gifts and love letters but they would not encounter situations where they were surrounded by young ladies and could not walk. This was because the young ladies at Linxi understood Fu Tingyan’s temper too well. No one dared to stop them.

When Qin Shu and Ye Xue walked over, they first saw Han Xiao and Hua Wuyan, then Fu Tingyan and Jiang Yu.

The four of them were all extremely good-looking and had noble temperaments. It was normal for them to attract a group of young female fans or seniors.

In order to avoid becoming the imaginary enemies of a bunch of young ladies, even if she knew all four of them, Qin Shu wanted to pretend that she did not know them.

“Let’s follow the map to find the classroom.”

“Qin Shu, Ye Xue.”

Qin Shu and Ye Xue had just taken a step when they heard Jiang Yu’s anxious shouts. It caused them to stop in their tracks.

At the same time, Han Xiao and Hua Wuyan’s gazes also shifted over.

Chapter 363: Little Munchkin Is Very Pretty, Six Handsome Men, Too Conspicuous

Jiang Yu was surrounded by the young ladies in front of him, making it difficult for him to walk. When he saw Qin Shu and Ye Xue, he wanted them to come and help.

Fu Tingyan also saw Qin Shu and Ye Xue but he did not know what Jiang Yu wanted them to do?

Han Xiao and Hua Wuyan heard Qin Shu’s name. Because they knew her, they subconsciously looked over.

Qin Shu and Ye Xue had their backs to them. They had seen Qin Shu before, and from her figure and height, they could determine which one was Qin Shu.

Qin Shu's figure was slim and she was about 1.72 meters tall. She wore a light-colored dress with a bun on her head.

Previously, they had seen Qin Shu with her hair hanging down, her long bangs covering most of her facial features.

The day before the college entrance exam, they had even revealed that Qin Shu had been disfigured. There were even photos of her. However, before they had the chance to look at them, the post had been deleted.

In less than an hour, the tables had turned. Everyone began to say that Qin Shu's looks were extremely beautiful with an exquisite aura.

"Brother Han, they all praised Qin Shu as if she looks like a fairy. I don't believe that she's prettier than Little Munchkin."

Hua Wuyan looked at Qin Shu's back as if he was waiting for her to turn around so that he could see if her looks were as good as what he had heard?

Han Xiao pursed her thin lips tightly as he looked at Qin Shu's back.

Qin Shu did not know why Jiang Yu called Ye Xue and her. However, it was not a good thing for him to call Ye Xue and her at this time.

When Ye Xue heard Jiang Yu calling them, her face turned a little red uncontrollably. She was a little nervous. "Qin Shu, Jiang Yu is calling us."

Qin Shu turned around to look at Jiang Yu and the rest. She saw a group of girls looking over. They seemed to be curious and wondering who Jiang Yu was calling.

Hua Wuyan thought of that astonishing fleeting glance at the mall. When Qin Shu turned around, he saw the glasses on the bridge of her nose. He was stunned for a few seconds.

He originally thought that he would be able to see Qin Shu's bare face when she turned around. In the end, she was wearing glasses. What's more, it was a very rustic black frame?

The eyes were the windows to the soul. Your temperament could be seen through your eyes.

How could one see the temperament after wearing such rustic glasses?

However, it could not be denied that Qin Shu was indeed very beautiful. After all, she looked good even when she was wearing such rustic glasses.

Hua Wuyan raised his eyes to look at Han Xiao beside him. "Brother Han, it's not their fault for saying that Qin Shu is beautiful. She's even better than the two school belles. She looks pretty good even when she's wearing such rustic glasses."

Han Xiao looked at Qin Shu's bespectacled face. There was not much fluctuation in his dark eyes.

Han Xiao did not say anything but Hua Wuyan knew that he agreed with his opinion.

Ye Xue turned around shyly. After taking a look at Jiang Yu, she lowered her eyes and did not dare to continue looking.

Ye Xue had always felt inferior in front of Jiang Yu. Even after she changed, she would still feel inferior. This came from the bottom of her heart and it would not change so quickly.

Jiang Yu saw Qin Shu and Ye Xue turning around. Only then did he look down at the ladies in front of him and smiled. "Excuse me, I see an acquaintance."

When the surrounding girls heard that he saw an acquaintance, they made way consciously. They turned around and looked at Qin Shu and Ye Xue. One of them was wearing glasses. She did not look bad, but she was a little rustic.

The other one had her head down and her face could not be seen. No one knew what she looked like.

Fu Tingyan and Jiang Yu rushed through the crowd hurriedly and walked towards Qin Shu and Ye Xue.

"You clearly saw Tingyan and me just now. Why did you run?" Jiang Yu sounded a little displeased. They knew each other so why did they still run?

Ye Xue's face turned red. Did she not even have the courage to look up.

Qin Shu expressed her innocence. "I was afraid that I would scare your female fans away."

"I can't wait for you to scare them away." Jiang Yu glanced at Ye Xue and found that she seemed to have lost weight again. However, because of his previous experience, he knew what to say this time.

"Ye Xue, have you lost weight again?"

Ye Xue was lowering her head and pretending to be invisible when she was suddenly called by Jiang Yu. Her face turned a little red. Even her ears turned red. She nodded and said, "Yes."

Without a group of young ladies surrounding them, Fu Tingyan felt that the air had become much fresher.

He looked at Qin Shu. "Where are you guys going?"

Qin Shu said, "We're just taking a look around to familiarize ourselves with the environment."

"Then let's go together. Jiang Yu and I also want to familiarize ourselves with the school." Fu Tingyan felt that walking around with them could reduce the chances of them being surrounded by girls.

Hua Wuyan saw that Fu Tingyan and Jiang Yu had escaped from the circle of young ladies so he had a sudden thought. "Beauties, we have seen our classmates. Please make way, we will go over and say hello."

Meeting classmates in the same school was very exciting so when the young ladies heard Hua Wuyan's words, they also made way for them.

Han Xiao saw that the young ladies had dispersed and he took the lead and walked out.

Hua Wuyan also followed quickly.

“Brother Han, do you want to go over and say hello? It’s rare to see each other in the same school.”

Han Xiao nodded. “Okay.”

Hua Wuyan followed first.

“What a rare coincidence. Where are you guys planning to go?” Hua Wuyan glanced at Fu Tingyan and the others.

Jiang Yu turned his head to look at Hua Wuyan. His long hair was tied into a low ponytail. He laughed softly. “We’re freshmen. Other than trying to get familiar with the environment, who would run around on such a hot day?”

Hua Wuyan nodded. “Then let’s go together since we all know each other.”

Qin Shu glanced at Hua Wuyan. Then, he saw Han Xiao walking over as well. Her forehead was full of black lines.

Did they think that their looks were not conspicuous enough? Why did the four of them want to walk around together?

Qin Shu held Ye Xue’s hand tightly. She wanted to take her away from the four handsome men beside them. It was too high profile.

Ye Xue had already started walking with her head lowered when Jiang Yu mentioned that they would tour the school together.

Jiang Yu sighed. “Weren’t you guys reluctant to graduate? Are you willing to part with Huafeng this time?”

Hua Wuyan sighed. “I suddenly want to experience university life. I heard that there are many beautiful women. Maybe I can meet a good match.”

“Pfft.” Jiang Yu couldn’t help but laugh out loud. “So you came to the university to find a good match?”

Hua Wuyan raised his eyebrows. “You’ve been single for so long. If you don’t have a passionate relationship when you come to university, it’s equivalent to wasting your youth.”

“I feel that your youth has already been wasted in Huafeng.” They had stayed in Hua Feng for three years. Wasn’t that a waste of their youth?

Hua Wuyan: ...

Fu Tingyan turned his head to look at Han Xiao. He casually asked, “What course did you choose?”

“Computer science,” Han Xiao answered succinctly

Fu Tingyan chuckled. “Me too.”

Qiao Ran saw a group of six people from afar. They were all handsome men and beautiful women. They had already become a sight in the school. He walked over with big strides. When he reached them, the corners of his mouth curled up into a smile. “What are you guys doing?”

Fu Tingyan said, "Familiarizing ourselves with the environment."

Qiao Ran said, "That's good. I'll bring you guys around and introduce you to the school."

Qin Shu saw another handsome and cheerful Qiao Ran entering the team...

She slowed down her steps, hoping to keep a distance from the five handsome guys in front of her.

Qin Shu slowed down so Ye Xue followed her. She was not used to walking with so many guys either.

Han Xiao's footsteps were neither fast nor slow. He liked peace and quiet, so with so many people present, he couldn't help but slow down his speed too.

Chapter 364: Bringing Up Old Matters Again, What Are You Going To Do When You Find Little Munchkin?

After walking for a while, four people started walking at the front.

Qin Shu and Ye Xue walked at a leisurely pace behind them.

Actually, there was another reason why Qin Shu was walking slowly. Her leg hurt and she couldn't walk fast.

Han Xiao walked with even steps. Unconsciously, he walked in the same line as Qin Shu.

Noticing that Qin Shu was walking very slowly, he turned his head to look at Qin Shu's leg and realized that her leg was injured. There was a bandage on her forehead. He saw it from the start.

Han Xiao was more than half a head taller than Qin Shu. When he lowered his gaze, he could see the pair of eyebrows under Qin Shu's glasses. Her eyelashes were very long and thick.

Qin Shu saw that Han Xiao was also lagging. "I thought you would continue to stay at Huafeng."

Han Xiao shifted his gaze away from her eyes and looked at her injured forehead. "Why do you think so?"

Qin Shu held back her laughter. "Because you've already stayed for three years without any reason. It's only natural that you would continue to stay."

Many people thought that he would continue to stay at Huafeng. She had suddenly heard that he wanted to participate in the college entrance exam right before the college entrance exam so it must have been a last-minute decision.

Upon hearing this, Han Xiao did not continue the topic. "If it's inconvenient for you, you can take a break."

Qin Shu looked down at the injury on her foot and knew that Han Xiao's inconvenience was referring to her foot injury.

"It's okay, I'll just walk slowly."

Qin Shu recalled the scandal between him and her at Linxi. He had never clarified it once. "Can I ask you a question?"

Han Xiao replied, "Hmm?"

"Why didn't you clarify it when you were rumored to be having an affair? I was the victim. The ladies who liked you kept staring at me." Qin Shu didn't understand his actions.

"I didn't pay attention to it." Han Xiao thought for a moment and added, "At first, I thought you said it yourself."

Qin Shu:... "When you came to look for me, it was the first time we met."

What she meant was that she didn't even know what he looked like so why did she need to create the rumor?

"Yes, you were crying at that time."

Han Xiao said it casually. The reason why he remembered her crying was because the impression she gave him that day was different from what the rumors said. Also, what happened after that made him feel she was indeed different.

When Han Xiao mentioned it, Qin Shu remembered that she cried that day because she knew that Fu Tingyu was hurt because of her.

She retracted her gaze and did not continue this topic.

Hua Wuyan, who was walking in front, turned his head to look at Qin Shu. After a few more glances, he realized that she looked very familiar.

He looked at Han Xiao again. He did not know what they were talking about just now.

Unknowingly, they had strolled around for three hours.

On such a hot day, one could imagine how hot it would be if they strolled outside for three hours.

Qin Shu's feet couldn't take it anymore. It was obvious that she couldn't exert any strength on her right foot.

Qiao Ran suddenly stopped and said to everyone, "Let's stop here. It's time for lunch. You guys can go and have lunch first."

Qin Shu let out a sigh of relief. Dragging her slightly weak leg, she walked towards the canteen with Ye Xue.

The others also dispersed.

Hua Wuyan walked to Han Xiao's side and walked back together with him. "Brother Han, what did you and Qin Shu talk about just now?"

"Nothing much." Han Xiao looked at Qin Shu's back view and realized that there was something wrong with her walking. His gaze shifted downwards and landed on her injured foot. He could roughly guess the reason.

"I saw that you were chatting very happily with her. It's rare."

He grew up with Han Xiao so he knew Han Xiao's personality very well. He was cold and did not speak much, especially towards ladies. He had nothing to talk about with ladies and didn't know how to interact with them.

As a result, many people thought that he did not like women, maybe even hated them.

Other than Little Munchkin.

With Little Munchkin by his side, no matter how bored Han Xiao was, he would still say a few words. He would also feel annoyed.

"Go find a car."

After Han Xiao said this, he lifted his legs and chased after Qin Shu.

Hua Wuyan was stunned. Why was he looking for a car?

He looked in the direction Han Xiao was heading in. It was Qin Shu.

He quickly realized that Qin Shu was walking strangely. He also understood what Han Xiao meant when he said he was looking for a car.

He hurriedly went to look for one.

Qin Shu lowered her head to look at the injury on her foot. She had walked for too long so it was a little overloading.

At this moment, a black luxury car stopped in front of Qin Shu.

She stopped and looked at the car in front of her. It looked a little familiar. It seemed to be Jun Li's car because she sat in it yesterday.

When the car door opened from the inside, Jun Li walked out and looked at Qin Shu. He found that her face was pale, her forehead was full of sweat, and her eyebrows were furrowed.

"Why do you look so pale? Let's get in the car first."

Qin Shu really needed a car so when Jun Li said that, she did not argue and got into it.

After Qin Shu got into the car, he closed the door and climbed in from the other side.

At this time, Su Ying also got out of the car. He opened the door of the passenger's seat and signaled for Ye Xue to get in.

Ye Xue was a little hesitant but in the end, she still sat in the passenger seat.

After Su Ying closed the car door, he went around the front of the car, sat in the driver's seat, and drove away.

When Han Xiao saw a car parking in front of Qin Shu, he stopped in his tracks.

When Hua Wuyan drove the car over, he saw Han Xiao standing there alone. He stuck his head out and asked, "Brother Han, where is she?"

“She’s gone.” Han Xiao turned around and walked to the passenger’s seat. He opened the car door and came in.

Hua Wuyan retracted his gaze and looked towards the passenger’s seat. “She’s already like that, how can she still walk?”

Han Xiao said, “A car came to pick her up.”

“Alright.” Hua Wuyan stepped on the accelerator and drove away. He pursed his lips and thought for a while before saying, “Brother Han, didn’t we meet Qin Shu at the Chinese restaurant in the mall previously? At that time, she wasn’t wearing her glasses.”

“Huh?” Xiao Han turned his head to look at Hua Wuyan.

“I only had a glimpse of her. Her brows and eyes are a little similar to Little Munchkin’s.” Hua Wuyan recalled Qin Shu’s looks just now and said, “She is also very similar to the lady I saw at the milk tea shop that day.”

He did not mention it just now because there might be people who looked alike even if they weren’t blood-related. After all, the world was so big.

Han Xiao’s hand suddenly tightened. “Then why didn’t you say it just now?”

“It was just a fleeting glance. After all, it’s not like we haven’t met a lady who looks like her.” Hua Wuyan gripped the steering wheel tightly, not knowing what to say.

He actually wanted to ask Qin Shu just now if they had met at the milk tea shop?

“I’ll find a time to ask her.”

Hua Wuyan seemed to have thought of something. “Take off her glasses and you’ll know. If it really is her, you can ask if she’s Little Munchkin.”

Han Xiao pursed his thin lips tightly. He recalled the glasses on the bridge of her nose, they were indeed an eyesore.

If she took off her glasses and revealed her bare face, what would she look like?

If she really was the lady he met at the milk tea shop... Hua Wuyan lowered his gaze and looked at his wrist. That bruise was still clearly visible. It was enough to show just how much strength she had used at that time.

Hua Wuyan turned his head to look at Han Xiao and pondered for a long time. “Brother Han, I’ve always had a question I want to ask you.”

Han Xiao retracted her thoughts and asked, “What question?”

“What do you plan to do after finding Little Munchkin?”

Chapter 365: Surprising Actions, Because He Like

All these years, they had been focused on finding Little Munchkin but he never mentioned what they would do after finding Little Munchkin?

In the past, he never asked because he knew that Han Xiao had definitely thought about this question in his heart.

Thus, today, he couldn't help but want to ask about his plans.

"Bring her back to my home."

He answered without the slightest bit of hesitation.

This was what Han Xiao had always wanted to do all these years. Find her and bring her back.

Hua Wuyan turned his head to look at Han Xiao. His gaze was firm. He would do what he said

Bring her back to his home?

Hua Wuyan did not ask any more questions and focused on driving.

At the entrance of the canteen.

Su Ying parked the car steadily at the entrance of the canteen.

Qin Shu got out of the car and stood there. She watched as Jun Li got down from the car and walked around the back of the car. He came in front of her.

"Sorry to trouble you again."

If she hadn't met Jun Li, she wouldn't have reached the canteen so quickly.

She should buy an electric scooter later. It would be more convenient.

Jun Li stood in front of Qin Shu and looked down at her ankle. He found that the knot of gauze was a little loose. He squatted down and stretched his well-defined fingers towards her ankle. The loose part was untied and re-fastened.

Qin Shu was stunned when she saw Jun Li squatting down in front of her. She looked down at Jun Li's and froze on the spot.

Su Ying, who had just gotten out of the driver's seat, was shocked when he saw his young master squatting in front of Qin Shu.

The young master a proud person. He wouldn't even touch anything, let alone helping a lady to carry her stuff. But now, he actually squatted down in front of a lady and helped her tie the strap?

How could young master do such a thing?

Ye Xue hurriedly got out of the car. Before she could recover from the awkwardness, she saw this scene. She was stunned too.

After Jun Li was done, he slowly straightened his body and looked down at the dazed Qin Shu. The hand hanging by his side tightened a little.

Qin Shu's gaze followed Jun Li as he straightened his body and stood up. As she looked at Jun Li, who was more than half a head taller than her, she was puzzled and dumbfounded.

Jun Li said casually, "I have a younger sister who is the same age as you. She's quite mischievous and likes to run around even when she's injured. She could have recovered in a few days but she insisted on dragging it out for a month before she fully recovered."

Qin Shu was stunned again. Did he think of her as his younger sister?

"I'm not that mischievous."

Jun Li could not help but laugh out loud when he heard Qin Shu's explanation. "You look quite obedient."

What he meant was that although she looked obedient, she was actually very naughty.

Ugh!

She actually had nothing to refute!

"Your foot is injured so don't walk too much." Jun Li looked at the canteen. "You should be hungry by now. Let's go in."

Jun Li gave people a warm and cordial feeling. Qin Shu's slight awkwardness gradually disappeared with his words.

She smiled, revealing her small canine teeth. "Okay."

Jun Li looked at her exposed canine teeth. His gaze became gentler. Ladies with small canine teeth were not born to be obedient.

Qin Shu walked in front of Ye Xue and pulled Ye Xue, who was still in a daze, to the cafeteria.

Ye Xue was still unable to recover from the scene just now. Professor Jun actually bent down. What was the difference between that and tying her shoes?

She felt like she had watched an idol drama today.

A bunch of handsome men followed her today and there was also a handsome man who bent down to tie someone's shoelaces. She was personally experiencing an idol drama.

As a bystander, it was quite exciting.

After Qin Shu and the others left, Su Ying walked over. He seemed a little anxious. "Young master, why did you do such a demeaning thing just now?"

Jun Li looked at Qin Shu's back as she left. His voice was as calm as ever. "I like it."

When Su Ying heard that, he was even more surprised. “Young master, what are you...”

“You don’t understand.”

Jun Li said those three words and turned around to get into the car.

Su Ying stood rooted to the ground. He really did not understand what the young master was thinking.

Su Ying was stunned for two seconds before he quickly got into the car and drove away.

After Qin Shu finished her lunch, she specially asked the cafeteria auntie to pack three extra portions of fish for her to bring back.

Ye Xue and her separated at the staircase and returned to their respective dorms.

Qin Shu opened the door of her dormitory and saw Mu Ke sitting in front of her desk. She had experienced what happened yesterday, so she didn’t greet Mu Ke. She just closed the door and walked straight to her bed.

She had prepared a small and enclosed nest for Boss. There was a door so it could come out by itself if it wanted to.

Boss probably smelled the fishy smell and came out from the nest. It stared at the food box in Qin Shu’s hand with its dark green eyes.

Seeing Boss coming out, Qin Shu took out Boss’s personal plate from the cabinet at the side. Then, she opened the food box and placed the fish on the plate so that Boss could eat it.

At first, Boss only revealed his furry head. When it saw the fish falling on the plate, it immediately rushed out of the door with its strong figure. After it came out, it walked elegantly to the plate and lowered its head to eat the fish.

His tsundere look made Qin Shu laugh.

Mu Ke heard the movement and turned her head to look at Qin Shu. She leaned back and saw a cat eating fish in front of Qin Shu.

Keeping a pet in the dormitory?

Thinking of the handsome president from yesterday, Mu Ke looked at Qin Shu again. “What’s your relationship with the president who made your bed that day?”

Qin Shu put the food box and the convenience bag into the trash can. Then, she stood up and sat on the chair in front of the desk. She turned her head to look at Mu Ke and said in a neutral voice, “What’s my relationship with senior? Does it have anything to do with you?”

Qin Shu always acted like this after she was reborn. Your attitude would be my attitude.

Mu Ke's face turned pale. It was the first time someone had spoken to her in such a tone. She glanced at Qin Shu's clothes and the rustic glasses on her nose bridge. Her voice was full of confidence. "I'll give you 10,000 yuan if you tell me?"

It was also the first time Qin Shu met someone who threw money at her. She raised her eyebrows and looked at Mu Ke. "If you want to know so badly, 10,000 yuan is too little. You're so rich. Since we are roommates, I'll just charge you ten million."

Qin Shu's exorbitant demand caused Mu Ke's face to turn even paler. Ten million yuan?

As expected of a frog in the well.

"Have you not seen money before or do you have a misunderstanding about its value? 10,000 yuan isn't a small amount. I can buy dozens of your clothes. You can even change your rustic glasses into contact lenses."

Qin Shu only smiled and ignored Mu Ke, who had a princess temper. She turned around and opened the laptop in front of her. This laptop was the one she had just bought.

She had to memorize tomorrow's classes and the corresponding classrooms.

When Mu Ke noticed that Qin Shu was ignoring her, she recalled that the dormitory next door said that Qin Shu and Professor Jun had a somewhat ambiguous relationship.

"I can tell that you're just like those girls. You like to hook up with several men at the same time, hoping to climb up the social ladder."

Qin Shu glanced at Mu Ke and felt that there was a hole in her brain. She liked to slander others.

Knock, knock

Suddenly, there were two knocks on the door.

Qin Shu retracted her gaze and stood up to open the door.

Chapter 366: Thinking Of Babe And Can't Sleep, Who's Fault Is It? Rotten Tricks.

When Qin Shu didn't refute, Mu Ke confirmed that she must be that kind of lady who liked to hook up with rich people in an attempt to improve her life.

How could she be worthy of Professor Jun?

President Qiao was so outstanding. He definitely wouldn't fancy her.

Maybe he wanted to help her because he saw that she was injured and it was inconvenient for her.

Qin Shu walked to the door and opened it. She saw Qiao Ran standing at the door. Speak of the devil and he will appear.

"Senior Qiao, what's the matter?"

Mu Ke heard that it was Senior Qiao so she stood up from her chair. When she walked to the door and saw Qiao Ran standing at the door. For a moment, she was mesmerized by Qiao Ran's handsome face.

Qiao Ran smiled and nodded. "Well, there is something. Didn't you hurt your foot? It will be a little inconvenient for you to go to class tomorrow so the school arranged a car to pick you up. When your foot is better, you won't need the car anymore."

Qin Shu did not expect the school to be so humane. They even considered her injury.

However, she still declined politely. "There's no need to go through so much trouble. I've already ordered an electric car. It's quite convenient for me to go to class."

Qiao Ran did not expect Qin Shu to refuse. He glanced at the injury on her foot and felt a little worried. "Your foot is injured. Is it convenient for you to ride an electric car?"

"My foot injury is not that serious. I just walked for too long today. That's why it hurts."

The main reason was that the gunshot wound was on her right leg so her old injury was replaced by a new one.

Today, when he was walking, Qiao Ran saw Qin Shu's face turned pale due to the pain in her foot. But, he did not say anything. "You don't have to bear with it forcefully. It will be very convenient if you have a car picking you up."

Mu Ke looked at Qiao Ran as he smiled and worry for Qin Shu. Did the school treat the president of the student union as their slave? Why did President Qiao have to come personally for such a small matter?

Qin Shu smiled gently. "I'm not forcing myself. Thank you for your kindness, Senior Qiao. Sorry to let you make a trip personally."

Qiao Ran replied, "It's nothing. Since you put it that way, I won't persuade you anymore. Take care of yourself. I'll go back first."

After saying that, Qiao Ran turned around and left.

Mu Ke stopped him hurriedly. "Senior Qiao, can you add me on WeChat? If there's anything I don't understand in the future, I can ask you for help."

Qiao Ran stopped and turned to look at Mu Ke. He took out his phone from his pocket, opened WeChat, and handed it to Mu Ke.

"You can add me as a friend."

Mu Ke didn't expect Qiao Ran to be so easy to talk to. She quickly took out her phone from her pocket and opened her WeChat app. After scanning the code, she was able to add him as a friend.

"Thank you, Senior Qiao." Mu Ke held her phone tightly in excitement. She had his WeChat so she wasn't afraid that she couldn't find him.

Qiao Ran looked at Qin Shu and handed her the phone. "Add me as well. It will be more convenient if you need me."

"Okay."

Qin Shu turned around and walked into the dormitory. She took out her phone and walked to the door again. She opened her app and scanned the code on Qiao Ran's phone to add him on WeChat.

Mu Ke looked at Qin Shu as she added Qiao Ran as a friend. She felt a little uncomfortable.

Qiao Ran lowered his head. After adding Qin Shu as a friend, he sent her another message.

"I'm going back to the student union. You guys can get ready properly. Class will officially start tomorrow."

Qiao Ran took his phone and turned around to leave.

Qin Shu also turned around and walked to her desk. She opened her WeChat and saw the message from Qiao Ran.

[Qiao ran: 139 ***** this is my phone number. Call me if you need anything. I have too many friends on WeChat so it's easy to miss a message.]

There were definitely many people who wanted to add Qiao Ran's Wechat since he was handsome and was president of the student union. His WeChat was probably exploding with contacts.

Qin Shu copied the number and saved it directly.

Mu Ke held her phone tightly and walked to her desk to sit down. She looked at Qiao Ran's WeChat number and directly tapped into his WeChat moments. She wanted to see his status.

At night, Qin Shu opened her WeChat and sent a voice message over.

Then, she prepared to go to sleep. After lying on her bed for a while, she felt that it was not enough.

She turned on the camera's recording function and sent a minute-long video of herself before she closed her eyes in satisfaction and went to sleep.

At night, Jiangcheng

Shengyuan

In the study room

Fu Tingyu's gaze landed on the sugar figurine on the right side of the desk. His gaze landed on the lady's face. The smile on his face was very sweet. His grip on the mouse tightened a little.

He glanced at his phone at the side and reached out with his slender fingers. He picked up the phone and opened his WeChat. When he saw the voice message sent by the lady, his fingers reacted faster than his brain. The moment he saw it, his fingers had already clicked on the voice message.

He on speaker.

[Babe: Hubby, I miss you.]

Qin Shu's voice was very clear. It sounded like the rain hitting the trees. It was very pleasant to hear.

He tapped the message again and listened to it. But, he still felt that it was not enough. He listened to it again and again.

It was as if Qin Shu was right beside his ear, calling him 'hubby' and saying that she missed him.

Fu Tingyu's eyes darkened. He was already missing her so when he heard this sentence, he didn't just miss her anymore. He wanted to see her. He wanted to hold her tightly in his arms.

And kissed her.

Just as he was about to send a video over, a video suddenly appeared in the chat.

He clicked it eagerly and saw the lady in the camera. She was wearing a sling pajama and her smooth hair was casually scattered on her shoulders.

"I'm going to start my class formally tomorrow. I'm going to sleep early. Remember to sleep early too. Don't sleep too late. Take care of your body. Muacks."

After Qin Shu finished speaking, she even kissed him. Her smile was super sweet.

Just now, he repeatedly listened to the voice message. Now?

Fu Tingyu watched the video countless times but it was still not enough. The more he watched, the more he missed her.

Even before he went to sleep, he listened to the voice message and watched the video repeatedly. He watched so many times that he didn't sleep well that night.

The main reason was that someone was missing in his arms.

The next day, when Fu Tingyu went to the company, he met Mo Chengyu.

"Brother Yu, did you not sleep well last night? You look like you have unsatisfied desires."

Fu Tingyu shot a cold glare at Mo Chengyu and ignored him.

Mo Chengyu went up to him. "Brother Yu, your woman went to the capital. Do you want to have a drink together tonight?"

"I'm not free."

Fu Tingyu was really not free. He had a lot of things to do for the past few days.

"When are you free? I'll give you a call."

"We'll see."

"Alright."

Mo Chengyu felt that he could finally drink to his heart's content this time.

—

At the same time, it was the first day of classes at Imperial College

Qin Shu followed the schedule and planned to go to the corresponding classroom.

After breakfast, she carried her backpack and went downstairs.

The electric car she ordered yesterday wasn't big. It was very small and convenient. She tried it out and felt that it was alright.

With the electric car, it was much more convenient to go to the classroom.

Qin Shu rode the electric car and drove to the classroom.

Behind her, Hua Wuyan drove his car and followed at a leisurely pace.

Han Xiao sat in the front passenger seat. Her ink-colored eyes were staring ahead of him. He was looking at Qin Shu.

When they reached the teaching building, he saw Qin Shu parking the scooter by the side of the road.

Hua Wuyan also parked the car in the parking space,

Han Xiao carried his bag and pushed open the car door to get out.

Hua Wuyan carried his bag and walked together with Han Xiao. They walked in orderly steps and went up the teaching building.

Chapter 367: Hua Wuyan's Probing. Take Off The Glasses, You're Her

Qin Shu walked into the classroom. Half of the students had arrived. Her gaze swept across the classroom and landed on a relatively empty area. The seats there were rather remote and there weren't many students sitting around.

She strode over and sat in the middle seat.

Ye Xue's course was different from Qin Shu's so they weren't in the same classroom.

Qin Shu placed her laptop on the table. Suddenly, a person sat beside her. She turned her head and saw Hua Wuyan sitting beside her, followed closely by Han Xiao. The two of them sat on her right.

Hua Wuyan gave Qin Shu a mesmerizing smile. "What a coincidence, you also chose this class."

Qin Shu looked at Hua Wuyan, whose smile was even prettier than the flowers. "Yeah, I didn't expect you guys to choose such a boring class."

"You know it's boring so why did you choose it?"

Hua Wuyan couldn't help but laugh out loud. He also took out his laptop and placed it on the desk. He opened his laptop and waited for her answer.

The corner of Qin Shu's lips curled up. "Because there's no need to fight for seats."

Actually, she wanted to find a quieter class to learn other subjects.

Han Xiao was sitting next to Hua Wuyan. When he heard this answer, he didn't comment.

Hua Wuyan swept his gaze across the classroom and realized that the professor teaching this class had arrived. Only half of the seats were occupied.

He retracted his gaze. "That makes sense."

“Why do you have to wear glasses? They’re so old-fashioned. If you’re short-sighted, you can wear contact lenses. Nowadays, many people use contact lenses.”

The professor was already in class so Hua Wuyan lowered his voice specially.

Qin Shu raised her hand to lift the glasses on her nose bridge. “It’s my personal preference. I feel that these glasses are quite good-looking and very suitable for me.”

Actually, she was not used to wearing them. When she took them off at night, her nose bridge felt a little uncomfortable.

Hua Wuyan nodded in agreement. “You’re beautiful. No matter how rustic the glasses are, they can’t hide your beauty.”

Qin Shu raised her eyebrows and glanced at Hua Wuyan. There was a smile in that pair of beautiful eyes. “Why do I feel that you are praising me a lot today?”

“You saw through it.” Hua Wuyan did not deny it and even smiled at her.

Hua Wuyan placed his hand on his forehead. The long hair tied behind his head fell onto the beige desk because of his action. A large portion of his body was on the desk. He could see Qin Shu’s face clearly.

Qin Shu’s facial features were very delicate. Her face was the size of a palm and there was a hint of pink on her fair skin. The shape of her lips was also pretty.

The only thing that was a little annoying was the glasses on the bridge of her nose.

No one could see how pretty her eyes and brows were.

Qin Shu tilted her head and saw that Hua Wuyan was sizing her up. She started to size him up as well. There was nothing to say about his looks. She looked at the hair scattered on the desk. She was quite curious as to why he has long hair?

While Qin Shu was feeling curious, a hand reached out towards her.

The more Hua Wuyan looked at the glasses, the more he did not like them. Hence, he could not help but reach out and try to take them off.

Qin Shu raised her eyebrows. She picked up the textbook at the side and blocked the hand that suddenly lifted up.

Hua Wuyan’s hand touched the cover of the book. It was cold. His hand and the glasses on the bridge of his nose were only separated by the book.

Han Xiao looked over as if he had expected Hua Wuyan to miss. There were no emotions in his ink-colored eyes.

Hua Wuyan retracted his hand awkwardly. “I’m just curious how you will look without your glasses. I don’t have any other intentions.”

Qin Shu lowered his gaze to look at the glasses on the bridge of her nose. Then, she looked at Hua Wuyan. “Then why do you have long hair? Do you like long hair or is it a custom?”

Hua Wuyan lifted his long hair with his slender fingers. It was a flaxen color. This was his natural hair color. Many people thought that he had dyed it on purpose.

He had kept his hair for a long time but after it had grown to this length, it never grew any longer.

He put down his hair and looked up at Qin Shu. The corners of his lips curled up again. "Guess. If you're right, I'll give you something."

"Guess?" Qin Shu looked at Hua Wuyan's long hair again and thought for a while. "I guess it's not a custom."

Hua Wuyan heard this and seemed interested. He waited for her to continue.

Qin Shu saw that Hua Wuyan was waiting for her to answer so she lowered her voice a little. "Do you have any special fetish?"

Hua Wuyan looked at Qin Shu's strange gaze and had a bad feeling. "What do you mean?"

"Figure it out yourself. I know it but I won't say anything."

After saying that, Qin Shu ignored him and looked at the computer in front of her. She was a little worried. She would be having the young professor's class later. With Hua Wuyan and Han Xiao sitting next to her, she couldn't pay attention at all.

Hua Wuyan felt that Qin Shu was implying something. He turned his head to look at Han Xiao. "Brother Han, guess what she's trying to say?"

Han Xiao retracted his gaze and looked at Hua Wuyan. "Figure it out yourself."

"..." Hua Wuyan said, "If I knew, I wouldn't have asked you."

"As long as you're happy." After Han Xiao said that, he disregarded Hua Wuyan. He turned on his laptop and skillfully typed on the keyboard.

Hua Wuyan nodded. He understood what Han Xiao meant.

Qin Shu looked at the computer screen and was about to send a message to the young professor when she saw his message.

[Young professor: I was delayed by something. The class will start at 10 am.]

Qin Shu heaved a sigh of relief when she finished reading the message. After replying to the message, she moved the mouse and closed the window.

Hua Wuyan looked over at this moment and glanced at Qin Shu's computer desktop. He thought that she was taking notes but there was nothing.

The professor on the podium was speaking passionately.

After class

Qin Shu put her laptop into her backpack and carried it on her shoulder. She picked up the textbook on the desk with one hand and walked out.

Today's schedule was a little full. She had to rush to another classroom now.

When she walked out, most of her classmates had already left.

"Qin Shu, wait a moment."

Hua Wuyan walked out of the classroom and caught up to her. He looked at Qin Shu's back view.

Qin Shu turned around to look at Hua Wuyan and asked curiously, "What's the matter?"

Hua Wuyan walked in front of Qin Shu and looked at her. Even though she was wearing glasses, he could tell that she looked very similar to the young lady he saw that day.

Her age was also the same as Little Munchkin.

That meant that the possibility of her being Little Munchkin was very high.

Qin Shu noticed that Hua Wuyan was staring at her without saying anything so she reminded him, "If there's nothing else, I'll be leaving. I need to rush for the next class."

Hua Wuyan also didn't know what was wrong with him. The words were on the tip of his tongue but he couldn't bring himself to ask. Perhaps he was afraid of disappointment.

After searching for so many years, he still had no results. Suddenly, he became a little cautious.

Han Xiao also came over and stood beside Hua Wuyan. He looked at Qin Shu too. He didn't know if she was Little Munchkin so he didn't know what to say.

"You guys don't have classes, right? I still have classes so I'll leave first."

Qin Shu saw that they weren't speaking so she turned around and left.

Hua Wuyan saw that Qin Shu was about to leave so he finally opened his mouth. "That day, I saw you at the milk tea shop in the mall, right?"

... ..

Chapter 368: I'm Very Normal, I'm Not Deformed. Face To Face?

Qin Shu stopped in her tracks when she heard that.

She hugged the textbook in her arms tightly and didn't know how to answer. If she said yes, it would be quite troublesome to be mistaken for someone else.

Hua Wuyan's actions at that time were obvious.

Hua Wuyan looked at Qin Shu's back view and continued to reason, "You even used your phone to hit my wrist. It's still bruised."

If he didn't hold onto her at that time, would she have knocked him with her phone?

Qin Shu turned to look at Hua Wuyan. She seemed a little confused. "I don't understand what you're talking about. Have we met before?"

Hua Wuyan was stunned. He was a little doubtful when he saw Qin Shu acting like she didn't know him. Could he really be mistaken?

Maybe she wasn't the one he met that day in front of the milk tea shop in the mall.

Han Xiao's hands, which were hanging by his side, suddenly tightened. A hint of disappointment flashed across his ink-black eyes.

"You must have made a mistake. I'll be leaving first."

They weren't speaking so Qin Shu turned around and left.

This time, no one stopped her. She let out a sigh of relief.

After Qin Shu left, Hua Wuyan turned to look at Han Xiao. He pursed his lips. "Brother Han, I seem to have mistaken her for someone else."

Han Xiao's eyelids drooped slightly. "She knows martial arts."

Hua Wuyan asked puzzledly, "What do you mean?"

Han Xiao said, "I tested her."

"Martial arts doesn't mean anything, right? There are martial arts schools everywhere."

It wasn't just China. There were also many people abroad who were learning martial arts. It was just that they were at different levels.

Han Xiao didn't say anything else. He only tested her so it didn't mean anything.

Hua Wuyan said, "Brother Han, have you ever thought about what will happen if you can't find the Little Munchkin?"

He was originally filled with anticipation but now, after he was suddenly denied, he began to feel uncertain.

They had been searching for seven years. How many more seven years did he have in his life?

Han Xiao's voice was cold but extremely firm, "That won't happen."

He did not think about what would happen if he could not find Little Munchkin because he believed that he would find her.

All he thought about was what would happen if he found her.

Hua Wuyan's tone became even more serious, "I mean, what if."

How could there be so many absolute things in this world? What if he could not find her?

The old man would not allow Han Xiao to stay outside forever. He had many things to deal with in his family and he was the heir. How could he stay outside forever?

Wouldn't the old man die of anger?

Han Xiao replied to him without a trace of hesitation. "Then I'll keep looking. I'll find her eventually."

This was an expected answer. Han Xiao's personality was like this. He would not stop until he found what he wanted.

Hua Wuyan let out an inaudible sigh. "Okay."

In the classroom

Qin Shu sat in a corner with her glasses. She was so low-key that it was easy to overlook her.

She wore a Bluetooth earpiece in her right ear and looked at the laptop in front of her.

Today was the first time she was sitting in a university classroom while listening to a young professor. Although they were both university courses, her classes with the young professor progressed much faster than her current university course. The first semester of her freshman year was almost over.

However, why did the young professor seem to be in a classroom today?

Qin Shu looked at it several times and still felt that it looked very similar. Even the tables and chairs were very familiar. She couldn't help but send a message to ask him.

[Qin Shu: Teacher, are you in a classroom?]

[Young professor: Yes, a university classroom.]

A university classroom?

Qin Shu was even more confused. It was very normal for him to teach university students in a university classroom.

However, she felt that something was wrong because he was sitting at the student's desk.

[Qin Shu: Are you teaching other students? Why do you still have time to teach me?]

[Young professor: I am only teaching you.]

Qin Shu looked at the message sent by the young professor and was a little confused.

Teaching her? Why was he sitting in the classroom then?

[Young professor: I am at Imperial College.]

Just as Qin Shu was feeling puzzled, the young professor sent another message. After reading it, she was completely stunned.

The young professor was at Imperial College?

He was in the same school as her.

Previously, she guessed that the young professor was from the neighboring school. Could it be that she had guessed wrong?

But, that tree was really similar.

[Qin Shu: So, teacher, have you always been a teacher at Imperial College?]

[Young professor: No, I don't think I've said I was a teacher before.]

If he wasn't a teacher, could he be a student?

Qin Shu was so shocked that she didn't know what to say. Indeed, the young professor had never said that he was a teacher or anything like that.

It was she who thought that he was a professor. She had a preconceived idea that the professor was a teacher. Moreover, he taught her so well so he must have been a very competent teacher.

Therefore, from the very beginning, she had always misunderstood that he was a teacher.

She remembered his strange locations for holding classes. Now that she thought about it, it didn't seem to fit the behavior of a teacher.

Which teacher would climb a tree?

More importantly, he was teaching on a tree.

[Qin Shu: Then, can I ask how old you are?]

[Young professor: 23 years old.]

23 years old?

Qin Shu couldn't help but sigh. What a young professor.

In the past, the professors in her impression were all middle-aged men in their forties.

Even Jun Li was a year older than him. In short, they were all very young.

There was also Fu Tingyu, who had obtained a Ph.D. at a young age.

This was not something a god-like scholar could achieve. This was enough to show just how amazing they were.

[Qin Shu: You're amazing. I'm impressed.]

[Young professor: Let's find a time to meet. It's more convenient to have face-to-face classes than online classes.]

Seeing the message sent by the young professor, Qin Shu felt astounded again. "Face-to-face?"

She suddenly remembered that when the young professor asked her which school she was admitted to, she said Imperial College.

At that time, the young professor seemed to have said something like, 'Let's meet if there's a chance?'

Qin Shu supported her chin with one hand and looked at the message on the screen with a worried expression. It was indeed convenient to have face-to-face classes but she was using a fake name and fake identity.

Would he feel that he had been deceived if they met face-to-face?

She had not replied to the message for a long time so the young professor was a little impatient. He sent another message.

[Young professor: Inconvenient?]

Qin Shu put down her hand and hesitated for a moment before replying.

[Qin Shu: It's not inconvenient. I just feel that it might be awkward if we meet.]

[Young professor: You can treat it as if you're learning in a classroom. You're not a little girl so you don't have to think about anything else.]

It was rare for the young professor to explain so patiently. He just felt that it was more convenient to have classes face-to-face since they were in the same school. It would be less troublesome too.

Qin Shu sighed. She was a lady. If she was a man, she wouldn't need to think so much.

She stared at the message on the screen and hesitated for a long time. Then, as if she had made up her mind, she typed a message and sent it over.

[Qin Shu: I might be different from what you expect.]

[Young professor: Don't you have a pair of eyes, a nose, and a mouth? Will you have one more than the others?]

Ugh!

In the eyes of the young professor, as long as she had a pair of eyes, a nose, and a mouth, there was nothing to be surprised about.

[Qin Shu: No, my facial features are normal and there is no abnormality...]

Chapter 369: Meet Or Not? Find A Man To Take Video

[Young professor: In that case, let's arrange a time.]

Qin Shu looked at the message on the screen and looked up at the podium in front of her. The lecturer was a middle-aged man in his forties with a slight beer belly. He was a little bald too.

This was the kind of professor in her memory.

She retracted her gaze and looked at the computer screen. She quickly replied with a message.

[Qin Shu: Let's make it 10 am on Saturday. The classroom nearest to the dormitory.]

[Young professor: Alright.]

It was rare to see the young professor replying with one word.

From the conversation just now, Qin Shu knew that the young professor was not a teacher but a student.

If he was already a professor, how could he be a student?

Qin Shu did not have time to think too much because her class had already ended. She still had to rush to the next classroom. It was also a class that most students would not choose.

She carried her backpack and walked downstairs with her textbooks.

After going down, she placed the textbooks in the basket in front of the scooter. She got on the scooter and rode it away.

Hua Wuyan walked out of the teaching building and stood on the steps. He stared at Qin Shu's back view as she rode her electric scooter. He stared at it for a long time.

Qin Shu parked her electric scooter and walked up the stairs with her textbooks in her arms.

When she reached the classroom door, she saw that the classroom was full of people. 99.9% of them were ladies.

She was stunned.

There were so many people in such a boring class? Qin Shu walked in with confusion. She searched for a long time before she found an empty seat.

The seat was a little remote but that didn't matter. She didn't have any requirements for the seat.

She walked over and sat down in the empty seat. She placed the textbook and the laptop on the desk.

The originally noisy classroom suddenly quieted down. Qin Shu knew that the teacher had come in. However, it was too quiet, so quiet that it seemed a little unusual.

She turned her head to look at the podium and saw the person on the podium. He had a slender figure and a handsome face. His purple eyes always emitted a gentle gaze.

No wonder there were so many people in this class. It turned out that the lecturer was Jun Li.

Wasn't he the school director? Why did he need to give lectures to students?

Jun Li's gaze swept across the classroom and finally landed on Qin Shu. The corners of his lips curled up into a faint and unnoticeable smile.

When Jun Li curled the ends of his lips slightly, the ladies below the podium covered their mouths and almost made a sound.

Qin Shu saw Jun Li looking at her. She could hear the suppressed cries from her classmates. Jun Li's face was handsome and he seemed a little sick. However, he did not display any weakness that a patient should have, except for that overly pale face.

He was tall and slender. He took care of all areas when he lectured. He did not make his students feel depressed or bored.

It was not just because of his looks. It was also because of his temperament and his extremely pleasant voice. Even if you closed your eyes, you would still be mesmerized by it.

As a result, after class, the classroom remained very quiet. No one was in a hurry to leave.

After a while, Jun Li took the textbook and glanced at the students who were sitting in the classroom without moving. He said three words, "Class is over."

The students finally reacted. They hurriedly stood up from their seats and walked out of the front door one after another so that they could get closer to Professor Jun.

Many ladies greeted Jun Li but he didn't reply to most of them.

Jun Li stood straight on the podium and watched the students walk past him. His gaze turned to the corner. Qin Shu was sitting there, not moving at all. He walked over.

Qin Shu didn't move because she didn't have any classes after this. Hence, she was in no hurry to leave.

She saw Jun Li walking over with even steps and looking at her with a gentle gaze.

"Why aren't you leaving?"

He stood in front of the desk and looked down at her. He was handsome and noble but Qin Shu didn't feel any sense of superiority.

That kind of feeling would make people very comfortable so they wouldn't feel awkward because of the sudden intimate action.

"I only have classes later in the afternoon so I want to sit down and rest for a while."

The main reason was that her foot was numb. Ever since her right foot was injured, her foot would become numb occasionally.

Jun Li sat down next to her and placed the textbook in his hand on the desk in front of him. He looked as though he wanted to chat with her.

"How are you feeling on your first day of class?"

"It's alright. Compared to the monotonous high school curriculum, I think it's very good."

"Of course. The university curriculum is diverse. You won't find it boring." Jun Li glanced at Qin Shu's foot and asked, "How's your foot? Is it better?"

"It's better. I should be able to remove the gauze in a few days."

She also wanted her foot to heal quickly. Otherwise, it would be inconvenient.

Jun Li frowned. "It's almost time to eat. Go eat after you've rested. I'm leaving first."

After saying that, Jun Li stood up and walked out of the back door.

Qin Shu turned around and glanced at Jun Li. Seeing that he was in a hurry, a hint of puzzledness flashed in her eyes.

Jun Li walked out of the classroom. There was no one in the corridor at the moment. He took out a pure white silk handkerchief from his pocket with his well-defined fingers and covered his mouth and nose.

He coughed lightly and walked away with even footsteps.

Qin Shu watched Jun Li's back view as he disappeared at the door. She retracted her gaze and rubbed her legs. She only stood up and walked out of the classroom when she felt that her legs were no longer numb.

In the blink of an eye, the university welcomed its first weekend.

The day before Saturday

Mu Ke found an excuse to meet Qiao Ran. Before she left, she looked at Qin Shu, who was sitting in front of her desk and said deliberately.

"I have an appointment with Senior Qiao. I thought he wouldn't be free but he agreed immediately."

Actually, Qiao Ran only agreed after she sent over a dozen messages to him.

Qin Shu stared at the computer screen and ignored Mu K. It had nothing to do with her anyway. In her heart, she was wondering if Fu Tingyu would be busy tonight as it was Friday?

She wanted to video chat with him.

Mu Ke didn't receive any response. Her flaunting was like a punch on cotton. It was soft and powerless.

Mu Ke gritted her teeth and turned to walk out of the dormitory. When she closed the door, she used a lot of strength. The entire dormitory seemed to be shaking.

However, she still felt that it was not enough to vent her anger.

Qin Shu, who was in the dormitory: ...

Jiang City, the Fu family's old residence

Fu Tingyu had received a call from the Old Madam Fu asking him to come back for dinner. Thinking that he had not visited his grandmother for a while, he went back to the old residence as soon as he finished work.

Butler Fu was already waiting at the door. When he saw that Lord Fu had arrived, he stepped forward to welcome him.

"Fourth master, Old Madam is already waiting in the dining room."

"Yes."

Butler Fu watched Fu Tingyu grew up. Although he was just a butler, he was like Fu Tingyu's elder.

Fu Tingyu nodded and walked in with his long legs.

Butler Fu followed behind.

In the living room

The dining table was filled with delicious food.

Two people were sitting at the table. They were Old Madam Fu and Xu Wei.

Fu Tingyu walked to the dining table and sat down. He looked at the old lady and said, "Grandma."

Ever since Fu Tingyan left, Old Madam Fu had been feeling depressed. When she saw her Little Yu, her mood improved.

"You must be hungry. Eat first. These dishes are all made according to your taste. Some of them are even made by Xu Wei."

Xu Wei said coquettishly, "Grandma, I don't cook well. Sorry to show my incompetence."

Chapter 370: Be Obedient, Call Hubby, Sweet And Soft

Old Madam Fu was very satisfied with the dishes. "You've already done very well. Little Yu, why don't you have a taste of her cooking?"

Fu Tingyu glanced at the dishes in front of him indifferently. He did not have much appetite. He only came here to accompany grandma for a meal. When his younger brother was around, his younger brother would accompany Grandma.

Now that his younger brother had gone to the capital, he naturally had to find time to accompany her.

Just as he was about to pick up his chopsticks, the cell phone in his pocket vibrated twice.

It caused him to stop in his act.

Xu Wei specially showed off her cooking skills tonight. She made a few dishes that she had learned for a long time. When she saw Fu Tingyu come, she was looking forward to him eating her dishes and praising her cooking.

When she saw Fu Tingyu picking up his chopsticks and then suddenly putting them down, a hint of doubt flashed in her eyes.

Fu Tingyu took out his phone and on it. He saw a message from Babe.

[Babe: Is hubby busy? Can we have a video call later?]

Old Madam Fu also asked in confusion, "What's wrong, Little Yu? Is there something important?"

"Yes."

Fu Tingyu replied and quickly typed a message in response.

Old Madam Fu felt sorry for him. "No matter how busy you are, you have to eat first. You can continue your work after you finish eating."

Fu Tingyu put away his phone and looked up at Old Madam Fu. "Yes, I'll eat with Grandma first."

Hearing that, Old Madam Fu smiled. "That's right. Let's eat first."

Fu Tingyu picked up his chopsticks and started eating the food in front of him. His mind was still thinking about how Babe would pick up the video call later. Just thinking about it made him very excited.

Xu Wei ate the food in her bowl slowly. She would raise her head from time to time to look at Fu Tingyu. She wanted to watch him eat the food she made and then compliment her.

However, after watching for a while, she didn't see Fu Tingyu eating the food she cooked. She couldn't help but reminded him, "Tingyu, try this sweet and sour pork tenderloin. How does it taste?"

After Xu Wei's reminder, Old Madam Fu also pointed at the sweet and sour pork tenderloin and said, "This is made by Xu Wei. Try it. I just ate a piece and it tastes pretty good."

—

Qin Shu sat in front of the table while holding her phone with both hands. She was waiting for the reply message. She didn't expect the man to reply to her almost instantly. It was as if he saw the message the moment she sent it.

[Baby Yu: Wait for me for ten minutes.]

After reading the message, Qin Shu put down her phone and waited for ten minutes before looking at her phone again.

Fu residence

Xu Wei looked at Fu Tingyu in anticipation as she waited for him to take the food.

At this moment, Fu Tingyu put down his chopsticks. He took out a piece of tissue with his slender fingers to wipe the grease at the corner of his lips. Then, he looked up at Old Madam Fu and said, "Grandma, I'll go out and make a call first. I'll accompany you later."

Old Madam Fu also put down her chopsticks when she heard this. "It's something important, right? You can go then. Don't worry about me."

"Okay."

Fu Tingyu stood up and walked out of the dining room.

Xu Wei watched Fu Tingyu's slender figure disappearing at the door. She looked in front of her. He hadn't touched the sweet and sour pork tenderloin at all. She felt a little disappointed.

Fu Tingyu walked straight to his own courtyard. When he walked through the Moon Cave Door, his phone was already out of his pocket. He opened his WeChat and pressed to make a video call.

Qin Shu picked up her phone right after 10 minutes. Just as she reached her hand out, her phone rang. She picked up her phone and saw that it was a video call by Fu Tingyu. She accepted the call.

After the video call got connected, she saw Fu Tingyu's face. It was so handsome it could mesmerize all living things on earth. She could feel the intense gaze in his eyes even through the screen.

She looked at the background behind the man. It didn't seem like Sheng Yuan.

Fu Tingyu leaned against the pillar in the corridor with his slender figure. He held his phone with one hand. This was the first time he was chatting with her through a video.

"Where are you?"

“At the old residence. I was having dinner with grandma just now.”

Fu Tingyu looked at the lady in the video. His gaze moved back and forth on her face several times. He even looked at her exposed shoulders and the corner of her clothes several times. He looked very carefully.

It was as if he wanted to understand the lady’s current situation through these details.

His gaze fell on the lady’s palm-sized face. He wanted to see if she had grown thinner. He didn’t know if the food in the cafeteria was to her liking.

He felt like a man in a long-distance relationship right now. He was excited when he saw the person in the video. He wanted nothing more than to pull her out of the video and hug her tightly in his arms.

And kissed her.

Only then could he ease the pain of missing her.

“How is grandma doing? She should feel a little bored without Little Yan by her side, right?”

Fu Songlan had left the old mansion a few days ago. Most of the juniors in the mansion were not around.

The older they were, the more they needed someone to accompany them.

“Grandma is doing well. It’s just that I’m not used to Little Yan not being around.”

Fu Tingyu paused when he said that. He thought that the lady’s mark should have faded and his eyes darkened a little.

He thought of the voice message Qin Shu sent a few days ago. He listened to it countless times every day and he could not sleep well every night.

The man stared at the person in the video, and his voice was hoarse and seductive. “Babe, repeat the voice message you sent me that day.”

At the mention of the voice message, Qin Shu quickly remembered what she sent to the man that night.

Voice messages were different from saying it in person.

She felt inexplicably embarrassed when she was going to say it in person.

Fu Tingyu waited for a while and noticed that the person in the video didn’t have any intention of speaking,

“Babe, why aren’t you saying anything?”

Qin Shu gripped her phone tightly. She felt that her palms were sweating. The more impatient the man was, the more embarrassed she felt.

She blushed and said hesitantly, “Hubby, I miss you.”

“I miss you too, honey.”

Fu Tingyu answered almost as soon as Qin Shu finished her sentence.

There was excitement in the man's voice. The live version of this sentence 'Hubby, I miss you' sounded very different from the voice message.

When Qin Shu heard the man's words, she blushed even more.

"Did you come video call with me halfway through your meal? Grandma, she..."

Before Qin Shu could finish her sentence, Fu Tingyu interrupted her. "Now, you can only mention me and no one else."

There was dissatisfaction and displeasure in the man's voice. Qin Shu immediately changed her words.

"Have you been very busy recently? Have you had a good rest?"

"A good rest is not something that I can do just because I want to."

The man expressed his helplessness.

"Why? Is there something troubling you? Did something happen in the company? Or is it something else?"

"I miss you so much that I can't sleep. I want to hug you and... kiss you."

The man's voice was deep and penetrating. Every word entered Qin Shu's ears clearly.

She was originally anxious and worried but when she suddenly heard this sentence, her face turned red again. Her blush just subsided but it appeared again.

She buried her face between her knees, only leaving a pair of eyes to look at the man in the video. His handsome face and deep eyes seemed to be locked in on her. She couldn't escape. She didn't want to.

Qin Shu sat in front of the desk with her legs crossed in front of her chest. Her feet were on the chair and her arms were crossed as she made the video call with Fu Tingyu.

The man looked through the screen and saw the girl burying her face between her knees because of shyness. He called out.

"Babe."
