Chapter 461: No Different from a Woman. He Wanted to Find His Wife

Downstairs

Jiang Yu looked at Fu Tingyan and Qin Shu tugging at each other. "There's something wrong with these two."

Ye Xue looked at Qin Shu pulling Fu Tingyan into Bo Ye's room in confusion. "What's wrong?"

Jiang Yu retracted his gaze and looked at Ye Xue. Half of her swollen face had disappeared, but there was still a little swelling. He looked at her lips, which were a little pale.

Everyone had gone up, and only he and Ye Xue were left in the living room.

Ye Xue tugged at Jiang Yu's sleeve. "Why aren't you saying anything?"

Jiang Yu's cheeks were slightly red. When he saw Ye Xue's cherry-sized lips, he pursed his lips.

He had the thought of taking a bite.

So the two of them sat on the sofa and played games, leaning very close to each other.

"Continue playing games." Jiang Yu retracted his gaze and looked at the phone in front of him.

"Oh."

Jiang Yu could not help but glance at Ye Xue's lips.

—

—

Qin Shu held Fu Tingyan's hand with one hand, as if afraid that he would run away, because his temperament was a bit like his brother. With the other hand, she pushed open the door and pulled Fu Tingyan in.

There was a light mint fragrance in Bo Ye's room, which made people feel very comfortable.

Bo Ye was lying on the bed, his shirt has been lifted by him, showing his waist. He was afraid that Qin Shu would be embarrassed, so he had lain on the bed in advance.

Hearing the footsteps, his voice was as cold as ever. "The tweezers and the knife are in the cabinet."

Qin Shu dragged Fu Tingyan to the side of the bed and saw Bo ye lying on the bed. He was tall and slender.

The part of his body that was exposed was very slender, and his skin was too fair.

Qin Shu pushed Fu Tingyan, indicating for him to get the tweezers and the knife.

Fu Tingyan glanced at Bo Ye on the bed, then at Qin Shu. He walked over helplessly to get the things on the bedside cabinet.

Qin Shu glanced at Bo Ye on the bed. She didn't expect him to be so thin. She said, "Bo Ye, I'll get Tingyan to help you pull out the thorn. This way, you won't feel embarrassed."

"What?" Bo Ye looked up and saw Fu Tingyan walking over with the tweezers and the knife. He sat on the edge of the bed and supported himself with both hands to get up. Fu Tingyan pressed down on his waist. "Don't move. The knife doesn't have eyes."

With his waist pressed down, Bo Ye could only lie back on the bed. He turned his head away from Fu Tingyan and blushed. "Hurry up."

"Don't worry, if you don't move, I'll be quick." Fu Tingyan looked at the back of Bo Ye's waist. On his fair skin, he could clearly see a black dot, and it was not small.

Qin Shu also walked over and helped him. She held the disinfectant and cotton swab, and waited at the side.

She looked at the back of his waist. A black dot that was bigger than a sesame seed had already sunk into his skin and flesh. It was impossible to pull it out with tweezers.

"Bo Ye, is this a thorn? It looks quite thick and deep."

"It was punched in by someone else," Bo Ye said faintly.

"So, I can only use a knife." Fu Tingyan picked up the knife and aimed it at the black dot. He cut a wound on the skin beside it, and some deep blood quickly flowed out.

He glanced at Bo Ye. Seeing that he didn't make a sound, he picked up the tweezers again, clamped the top, and pulled it out.

Fu Tingyan thought that it would be easy to pull it out, but in the end, he didn't manage to pull it out the first time.

The tweezers clamped the top again in the skin.

This time, he used some force to pull out the thing from the skin.

Bo Ye snorted. "Hiss!"

After he pulled it out, there was a nail on the tweezers. It was about three centimeters long and covered in blood.

"This is a nail. It's even rusted. Who is so ruthless?"

Qin Shu saw the nail and knew that Bo Ye had been plotted against. She looked at Bo Ye, who had no intention of explaining.

Fu Tingyan threw the nail into the trash can and began to clean and bandage his wound.

After he was done, Fu Tingyan stood up.

Bo Ye also got up from the bed and put down his clothes. He looked at Qin Shu and said, "Thank you."

His voice was still cold.

“Are you not eating? You’re so thin?” Fu Tingyan wanted to say that his waist was so thin that he could break it with one hand, and his skin felt very good.

Bo Ye ignored him and went straight to pack his things.

“Your wound is quite deep. It’s better to be careful with your movements. We’ll leave first.”

Qin Shu pulled Fu Tingyan out.

When they came out, she looked at Fu Tingyan from the corner of her eyes. “If I call you a weakling, will you be happy?”

“I’m a weakling?” Fu Tingyan snorted. “Whether it’s my figure or height, I’m much stronger than him.”

“You’re not a weakling?” Qin Shu sneered. “Do you believe that I can hit you until you cannot get up?”

“I’m not fighting with you, I’m afraid my brother will feel heartache.” Fu Tingyan dropped this sentence, straight down the stairs.

Qin Shu could not help but laugh, wondering who Fu Tingyan’s brother would feel heartache over. She shook her head, turned into her room to continue to pack things.

—

—

The next morning, Qin Shu got up very early, carrying the password box and a bag. She left the house with Boss too.

Ye Luo was waiting at the school gate before dawn, he saw Qin Shu coming out and opened his car door to come down, followed by opening the back seat door.

Then he quickly walked over, took the password box and put in the back of the car.

Qin Shu went straight into the car.

Ye Luo’s movements were agile, he quickly got onto the car and drove to the airport.

After arriving at the airport, they waited for half an hour before boarding the plane.

People were hurrying to and fro at the terminal.

Han Xiao stood straight at the gate, he looked up at Qin Shu’s scheduled flight, and then got someone to go and buy tickets.

He followed Qin Shu all the way to the airport, only to know that she wanted to go abroad.

—

—

Four hours later, they arrived at Qi Nation.

Ye Luo had pre-booked a hotel suite.

After checking into the hotel, Qin Shu sat on the sofa and began to analyze Mu Lan and Qin Ya's dignitaries, because it's easier to tackle the issue when everything is clear.

Ye Luo was thorough in his investigations.

The dignitary was the Minister of Qi Nation, An Yuanshi, 50 years old, whose wife died many years ago. He had two sons, the first was a politician called An Yang, and the other was a businessman called An Qi.

As for Mu Lan and her daughter, one had hooked up with An Yuanshi and the other had hooked up with An Yang. Their relationship was still in an ambiguous state.

Qin Shu looked at their relationship chart and it was very clear. She curled the corners of her lips and decided to confuse the relationship between them.

After reading all the information, Qin Shu decided to start the operation tonight.

Ye Luo stood on the balcony and dialed Fourth Master's cell phone number.

After the call was connected, he said, "Fourth Master, we've arrived at Qi Nation."

Fu Tingyu looked at the schedule and asked, "What is she doing now?"

Ye Luo replied, "Young madam is looking at their information."

Fu Tingyu pondered for a moment. "Send me a copy."

"Yes, Fourth Master."

Ye Luo hung up the phone and sent the original information to Fourth Master.

Fu Tingyu looked at the information and documents sent by Ye Luo and said, "Arrange the schedule. We'll go to Qi Nation tomorrow."

"Fourth Master, there are important meetings in these two days. It's not easy to arrange the schedule. We can do it the day after tomorrow," Shi Yan replied in a low voice.

Fu Tingyu frowned. "Then move the meeting to tonight."

"Fourth Master, don't you have other plans tonight?" Shi Yan reminded him in a low voice.

Chapter 462: Was Plotted Against, Delivered to Your Door

Fourth Master's schedule was very full every day. It was very difficult to free up time, just short of turning the night into day.

Fu Tingyu pinched his eyebrows. "Then the day after tomorrow."

"I will arrange it now." Shi Yan felt that this trip is really difficult to arrange.

—

—

In the evening, the lights came on.

Tonight, Mu Lan would be attending the reception as An Yuanshi's female companion. This also showed that An Yuanshi was very satisfied with Mu Lan.

Qin Ya would also attend the reception as An Yang's female companion.

If the development went smoothly, it would be as Mu Lan's wish to marry into the wealthy family.

Of course she won't let Mu Lan get what she wanted.

Qin Shu took off her women's wear and changed into a man's clothing. A white suit, neat short hair, and a silver-rimmed flat glasses on her nose.

She was no different from those in men's outfit. She looked like a beautiful young man who had walked out of a painting.

Ye Luo also put on a disguise and wore a wig. His appearance had also changed a little.

Before she left, Qin Shu picked up Boss and walked out of the hotel with Ye Luo one after the other. Then, they took a car to the party.

Twenty minutes later, at the party venue.

Qin Shu let Boss sneak into the party venue first. She and Ye Luo handed over the invitation before entering.

In the banquet hall, people gathered in twos and threes to drink and chat. All of them were dressed luxuriously.

When the waiter passed by, Qin Shu picked up a glass of wine and did not intend to drink. She walked to a quieter sofa and sat down.

Boss walked over from somewhere and circled around Qin Shu's feet twice.

Qin Shu looked at the people at the banquet hall and finally saw Mu Lan's figure among the crowd.

Mu Lan was wearing a luxurious evening gown. Her makeup was exquisite and she had put a lot of effort into her hairstyle, making her look young and beautiful. If she didn't mention that she had an eighteen-year-old daughter, no one would believe her.

At this moment, she was holding An Yuanshi's arm with both of her hands, and her movement displayed her most elegant side.

There were countless people who wanted to curry favor An Yuanshi, and there were also many people who wanted to toast him.

Mu Lan was a smooth talker. She blocked a lot of wine for An Yuanshi and also drank a lot for him.

If one drank too much, they would inevitably have to go to the bathroom.

Mu Lan leaned closer to An Yuanshi and whispered a few words. Then, she walked to the bathroom in her high heels.

Seeing this, Ye Luo also followed her.

Mu Lan drank a lot, but her alcohol tolerance was also trained. Back then, it was because of her good alcohol tolerance that she accompanied Qin Hai to socialize that she had the chance to become a mistress.

She walked into the female washroom and after a while.

Ye Luo walked in and took out a photo from his pocket and placed it beside the sink. Footsteps could be heard behind him, and Ye Luo turned around and left silently.

Mu Lan came out of the female washroom and walked to the sink to wash her hands. She found a photo on the sink, and when she looked closely, her name was written on it.

“Mu Lan, go to Lounge 7 on the second floor. If you don’t come, you’ll bear all the consequences.”

Mu Lan hurriedly picked up the photo and looked around. She didn’t see anyone. “Who’s the prankster?”

When she flipped it over and saw the person on it, her face instantly turned white.

This photo was of her and Wei Ge having a private meeting.

Why was this photo here?

Mu Lan was so scared that she didn’t know what to do. She couldn’t let An Yuanshi see this photo, or else her efforts would be wasted.

No matter what the other party wanted, she would have to go. It would be best if she could settle it with money.

Mu Lan hurriedly washed her hands and went to the room that the other party mentioned.

After going up to Lounge 7 on the second floor, Mu Lan hesitated. She pushed the door open and peeked inside a few times. She felt a pain in the back of her neck and rolled her eyes before fainting.

Ye Luo walked out from behind and picked Mu Lan up with one hand. He dragged her in and threw her onto the bed. His actions were rough, and he did not show any mercy at all.

Ye Luo turned around and walked out. After a while, he brought another man in and threw him onto Mu Lan, causing the bed and the two people who were overlapping to shake up and down.

He looked at the time. The medicine was about to take effect, so he turned around and walked out.

Qin Shu saw Ye Luo coming down the stairs. She put down her wine glass, turned around, and walked to a corner.

There was a flowerbed here. It was one meter tall and was painted white. The flowers inside were all pretty. Standing here, no one would notice.

She took out an ultra-thin laptop from her body and placed it on the edge of the flowerbed. She opened it and began to type the code. A string of code appeared on the computer desktop.

The display screen in the banquet hall was playing the theme of the banquet. Suddenly, the screen flashed and switched to another screen.

A woman's face suddenly appeared on the display screen. She was wearing exquisite makeup and her lips were slightly open, making a pleasant sound.

Her clothes were messy and the scene was unsightly.

As the sound spread, it immediately attracted the attention of the VIPs present.

Mu Lan had followed An Yuanshi around the cocktail party. Many people recognized her.

"Isn't that Minister An's female companion? Why would she have a private meeting with a man?"

"Isn't this woman shameless? She actually cheated on Minister An?"

"This woman is going to be unlucky. She dared to cheat on Minister An. She won't have a good ending."

"Lower Your Voice. Minister An is here."

Seeing An Yuanshi walking over, everyone lowered their voices.

An Yuanshi walked over and saw the screen. His expression became very ugly, but he didn't flare up on the spot.

The hotel manager knew that Mu Lan was Minister An's female companion, so he hurriedly asked someone to turn off the screen.

After about five minutes, the noise that was hard to hear disappeared along with the black screen.

The venue of the party became a little tense and depressing, the atmosphere was a little awkward.

The most awkward was An Yuanshi. He did not continue to attend the party and turned to leave the hotel.

Qin Shu put away her laptop and watched An Yuanshi leave the hotel. She looked at Lounge 7 on the second floor and curled her lips. It was not over yet.

An Yuanshi walked out of the hotel and glanced at the car with a belly full of anger. The lights in the car were not turned on and the light was very dim. Only the roadside lights came in from the outside.

The driver did not dare to breathe loudly and drove away.

An Yuanshi was still angry when a hand suddenly pressed on his leg.

Immediately after, a person pounced on him. He smelled the scent of perfume and alcohol. With the feeling of the body lying on him, he knew that the person lying on his body was a woman.

How could there be a woman in his car?

An Yuanshi frowned. He was a normal man. Although he was fifty years old, he was well maintained in all aspects.

The woman lying on his body was obviously drunk.

"Turn on the headlights."

The driver hurriedly turned on the backseat headlights. The dim interior of the car lit up instantly, allowing An Yuanshi to see clearly the appearance of the woman lying on his body.

The woman's face was exquisite and very beautiful. The key was that she was very young. She looked like she was only 18 years old, and her skin was smooth and delicate.

Her figure was also very good.

No matter how Mu Lan dressed up and how exquisite her makeup was, she was still old. How could she be more attractive than an eighteen-year-old girl?

"You sent yourself to me."

Chapter 463: Was Empty. He Continued to Pretend

An Yuanshi looked at this beautiful face. The initiative of the girl, coupled with the anger from before, made him a little excited.

"Let's go to Fu Yu Private Villa," An Yuanshi said to the driver.

The driver saw that Minister An's anger seemed to have subsided a little, so he heaved a sigh of relief and drove towards Fu Yu Private Villa.

Fu Yu Private Villa was given to Mu Lan by An Yuanshi. The transfer of ownership would be done tomorrow, and there was no need for it now.

An Yuanshi brought the woman in the car to Fu Yu Private Villa to spend the night together. One night was enough.

In the hotel, the cocktail party ended early due to an unexpected incident. The VIPs all went home.

Only two people in Lounge 7 did not go back.

Halfway through the matter, Qin Shu returned to the hotel with Boss in her arms.

Today, Qin Shu took a plane and attended a cocktail party. After returning to the hotel, she washed up and went to sleep. She was waiting to watch the show tomorrow.

The next morning, in the hotel

The bodyguard was the first to wake up. When he saw the woman lying next to him, he was shocked. On the bed and on himself, he knew what had happened last night.

He had slept with the Minister's woman. If the Minister found out, he did not know how angry he would be.

He quickly put on his clothes and left without looking at the disgusting old woman on the bed.

Not long after the bodyguard left, Mu Lan woke up. She was shocked when she opened her eyes and saw this scene. Even a fool would know what had happened.

She quickly calmed down because no one knew that she had slept with another man, and An Yuanshi did not know either. Therefore, as long as she did not say anything, no one would know.

She spent a lot of time and energy, or else all her efforts would be for naught.

She grabbed her phone and looked at the time. It was already eight o'clock in the morning. She had to rush over to complete the transfer procedures immediately.

Mu Lan hurriedly put on her clothes, combed her makeup, and left the hotel.

At this moment, Mu Lan did not know what had happened at the banquet, nor did she know that the private meeting between her and the man had been broadcasted live. Not only did the VIPs present know about it, An Yuanshi also knew about it.

When they arrived at the door for the transfer of the account, An Yuanshi's assistant had yet to arrive. After waiting for a long time, she still did not see anyone. She could not help but feel a little angry.

"How dare you make me wait for so long?"

Mu Lan hurriedly picked up her phone and dialed the assistant's number. After it was connected, her tone was a little unfriendly. "Isn't the transfer of the account today? Why aren't you here yet? I've been waiting for a long time."

"Minister An has said that there's no need to go through the transfer procedures."

Mu Lan thought that something was wrong with her ears. An Yuanshi had even mentioned marriage, so how could he just..

"What do you mean? He said yesterday that he would transfer the ownership today."

"It's a literal meaning." After the assistant said that, she hung up the phone and ignored Mu Lan.

When Mu Lan saw that the phone was hung up, she dialed again, but the assistant refused to pick up.

She had no choice but to call An Yuanshi's cell phone number again, but it was turned off.

"I finally seize an opportunity, I can't lose what I have."

Mu Lan grabbed her handbag, hailed a taxi, and rushed back to the affluent Villa. She had moved in the day before yesterday, and An Yuanshi had been sleeping at her place for the past two days.

Half an hour later, in the affluent Villa district, the people who could live there were either rich or noble. This was because most people could not afford the villa here.

Mu Lan looked at her own Villa. She was very satisfied with both the size and style. The decoration was also very luxurious. As long as the ownership was transferred, it would truly belong to her.

She gripped her handbag tightly, took out the key, and opened the apartment door to enter.

She had just changed into her shoes when she was blocked by two bodyguards at the door.

She knew these two bodyguards. They were the bodyguards beside An Yuanshi, which meant that An Yuanshi had spent the night here last night.

Mu Lan thought that An Yuanshi liked her, so she didn't care about the two bodyguards at all. "You dare to stop me? If I tell Minister An, you'll get fired, so get out of my way."

After saying that, Mu Lan walked forward, but she was stopped by the bodyguards again. "Take another step. Don't blame us for being rude."

Mu Lan had a bad feeling because their attitude wasn't like this before. Whether it was the assistants or the bodyguards, they were very polite to her.

Now that their attitude had suddenly changed, she couldn't help but feel a little scared. Therefore, she had to see An Yuanshi and figure out the situation. The status that she had worked so hard to get was gone just like that.

"I'm Minister An's girlfriend, the future wife of Minister An. If you dare to touch me, Minister An will not let you off."

After saying that, Mu Lan walked in without a care, relying on the fact that they would definitely not attack her.

When the bodyguards saw that Mu Lan did not listen to their warnings, they raised their hands and pushed her hard. Mu Lan fell to the ground and hit the shoe cabinet behind her, making a "bang" sound.

The bodyguards' strength was considerable, especially since they used force. Mu Lan had been tortured for a long time last night. How could she endure being pushed?

She hit the shoe cabinet and fell to the ground. She could not get up for a long time. It was so painful that tears even came out of her eyes.

If she did not know that An Yuanshi was here, she would have scolded them directly.

At this moment, the sound of even footsteps could be heard from the wooden stairs.

Mu Lan endured the pain and looked up at the stairs. She saw An Yuanshi walking down the stairs. It was as if she had seen her savior, her tears instantly fell like broken beads.

She pointed at the bodyguard and said aggrievedly, "Minister An, they hit me. They did not put you in their eyes at all. My stomach hurts to death. They were the ones who hit me."

Mu Lan stood up with her hands on the shoe cabinet. Her tears continued to fall because she knew that men liked this.

An Yuanshi was wearing a dark blue nightgown.

He felt much better due to last night.

Just looking at Mu Lan's face reminded him of the disgusting face on the screen last night, his face immediately darkened.

An Yuanshi walked to the sofa and sat down. He didn't even look at Mu Lan. He was going to teach Mu Lan a lesson later. No one dared to make him lose face.

He instructed, "Go and prepare a set of clothes to send up."

"Yes, Minister." The bodyguard knew who the clothes were for, so he responded and left the room.

Prepare clothes to send up?

Could there be a woman in the room upstairs?

Mu Lan widened her eyes as if she could not believe it. An Yuanshi had found another woman in just one night?

Which b*tch had seduced An Yuanshi when she was not around?

How could Mu Lan be willing to let someone else take her place?

While the bodyguard was not paying attention, she endured the pain in her body and ran upstairs. She wanted to see which vixen dared to seduce the person she fancied.

Just as the bodyguard was about to chase after her, An Yuanshi raised his hand to stop him. He wanted Mu Lan to see what kind of woman he could easily get. How dared she cheat on him, she should look at herself!

An Yuanshi picked up the cup in front of him and took a sip to moisten his throat. Only then did he stand up and slowly walk up to the second floor.

The bodyguard followed behind him to protect An Yuanshi.

Mu Lan rushed straight into the bedroom and saw a person lying on her large bed. The blanket covered her face so that she could not see the slut's face.

Chapter 464: The Unbelievable Scene Happened

Mu Lan tried her best to calm down her anger and told herself not to be impulsive. An Yuanshi was still here. If she wanted to redeem herself, she had to be magnanimous.

However, she still wanted to see the b*tch who dared to seduce An Yuanshi looked like.

She walked to the bed and when she saw the person on the bed, her face turned pale. The person lying on the bed was her daughter, Qin Ya?

How was this possible?

Why would her daughter seduce An Yuanshi?

Qin Ya had been tortured for a long time last night and slept soundly on the bed.

No one had told An Yuanshi that Mu Lan and Qin Ya were mother and daughter, so no one knew about it.

An Yuanshi walked in at this time and saw Mu Lan by the bed. Disgust flashed in his eyes. "See? She's younger and prettier than you. She has more rights to stay by my side than you."

Mu Lan recovered from her shock and turned around to pounce on an Yuanshi, she cried, "Minister an, did I do something wrong? Tell me so I could change. She's so young and playful. She can't stay by your side forever. I can always stay by your side and take care of you..."

Before Mu Lan could finish her words, An Yuanshi couldn't take it anymore. He raised his leg and kicked Mu Lan's chest forcefully, sending her flying and crashing into the corner of the bed. His kick came out in anger. Mu Lan hit her head and blood instantly flowed out.

Mu Lan cried out in pain, “Ah!!!” A dull pain came from her chest, and her head was also dizzy from the impact.

An Yuanshi said angrily, “You’re really disgusting. How dare you make me a cuckold? The distinguished guests at the party all saw you having a private meeting with another man, and you still have the face to talk about others? Who knows how many people have slept with you before?”

Qin Ya, who was on the bed, had also woken up. She propped herself up on the bed and saw An Yuanshi and the person beside the bed. She recognized her mother at a glance.

What was going on?

Why was she here?

The soreness and discomfort that came from her body made her feel like something had happened last night.

But what was going on now?

She felt dizzy last night. She didn’t even know why she was here.

Mu Lan covered her head with one hand. She was shocked when she heard An Yuanshi’s words. Did all the distinguished guests at the cocktail party see it when she was with a stranger last night?

How could it be? She didn’t even know what was going on.

Mu Lan endured the pain and crawled to An Yuanshi’s feet. She grabbed the hem of his bathrobe and explained, “I, I don’t know. Someone set me up. They set me up on purpose. I don’t even know what happened last night ...”

An Yuanshi didn’t even want to look at Mu Lan now. Even touching her made him feel disgusted.

He raised his leg and kicked Mu Lan’s chest again, sending her flying again and crashing onto the wall.

Mu Lan almost fainted. Not only did her chest hurt, but her whole body hurt. Even her breathing hurt.

Qin Shu, who was sitting in the car, saw this scene. There was a display screen in front of her.

She had asked Ye Luo to install the monitor on Mu Lan’s handbag yesterday.

Qin Shu had seen everything that had just happened.

She woke up early in the morning and staked out Fu Yu Villa with Ye Luo, watching Mu Lan entered the Villa.

There were at least dozens of women in An Yuanshi’s life. Now that he was old, he had restrained himself and wanted to find a considerate, gentle and kind woman to marry. Otherwise, he wouldn’t have taken a fancy to Mu Lan.

Taking a look at Mu Lan’s embarrassing appearance in the video, and together with Qin Ya waking up, the show had just begun.

At this moment in the Villa

Qin Ya sat on the bed. She did not know what to do or what to say. This was because An Yuanshi did not know that they were mother and daughter. If he knew, what would happen?

An Yuanshi saw that the woman on the bed had woken up. He said to the bodyguard beside him, "Throw her out."

When the bodyguard heard this, he strode over to Mu Lan, grabbed her hair, and pulled her up from the ground.

Mu Lan cried out in pain, "Ah!!! Let go of me, it hurts..."

The bodyguard ignored the crying Mu Lan and dragged her out by her hair. He dragged her all the way to the entrance of the Villa and threw her out like she was a piece of trash.

They really threw her out from the third flight of steps.

Mu Lan was on the ground and did not recover for a long time. She almost fainted. It would be better if she fainted, at least she would not know pain. All she felt now was pain, a huge pain.

She could not stay here any longer. She had to leave first.

She had to find the person who framed her and make him die a horrible death.

In the room

Qin Ya was so scared by Mu Lan's screams that her face turned pale. She didn't dare to make a sound until the screams gradually faded away. Then, she looked at An Yuanshi and didn't dare to say a word.

However, she was thinking in her heart, was it An Yuanshi and not An Yang who was with her last night?

"I've asked someone to prepare clothes for you. You can rest here first. I'll come back to see you tonight."

An Yuanshi saw that the person in bed was quite frightened. However, he still had an important meeting today, so he could only come back to talk to her tonight.

After An Yuanshi left, someone sent some clothes over.

After Qin Ya put on the set of clothes, she felt a little uneasy. After thinking about it, she decided to walk out of the Villa and look for Mu Lan. What should she do?

...

Qin Shu watched Mu Lan being thrown out. As for Qin Ya, she would definitely not tell the truth. Instead, she would continue to lie to An Yuanshi.

This was because An Yuanshi had money and power. Being associated with him was equivalent to living a luxurious life.

Mu Lan would also not let Qin Ya quit.

When An Yuanshi learned that he had been deceived by the mother and daughter, he would not let them off so easily.

She said to Ye Luo, "Let's go back."

Ye Luo started the engine and drove away.

After returning to the hotel, Qin Shu and Ye Luo ordered lunch.

They waited for the hotel staff to bring the dishes in and place them on the dining table one by one.

Qin Shu walked to the dining table and sat down. She raised her eyes to look at Ye Luo. "Don't stand there. Let's eat together."

Ye Luo stood still. "It's against the rules."

Qin Shu burst out laughing. "How can there be so many rules when eating? I didn't hear you talk about the rules when you were beating people up. I still have things to do after dinner, so hurry up and eat."

Ye Luo pursed his lips and walked over. He sat down opposite Qin Shu, picked up his chopsticks, and started eating without saying a word.

Qin Shu also started eating. She remembered something and asked Ye Luo, "When you told him, did he say anything?"

Ye Luo knew that Qin Shu was referring to Fourth Master. He finished the food in his mouth and replied, "To protect you well."

Qin Shu took a bite of the food, thinking that it was a little out of character for him. If it was in the past, he would have rushed over the same night when he knew that she had gone to a foreign country.

So peaceful this time?

After lunch, Ye Luo left the hotel.

Qin Shu also went out for a trip. It was rare for her to go abroad, so she went out to buy some things and also bought some small gifts for Ye Xue.

Walking out of the hotel, Qin Shu was about to hail a taxi when she saw a familiar figure get out of the car. It was Han Xiao?

"Why is he here?"

Perhaps because she had taken a few more glances, Han Xiao was alerted. He turned his head and looked over, with an inquisitive look in his eyes.

Chapter 465: A Gift For Him. It Was Sick

Qin Shu hesitated whether to greet him, so she didn't look away. Han Xiao had saved her twice.

In the end, she still looked away and pretended to look over inadvertently.

Because she didn't want to cause any more trouble, she would return to the Imperial College after dealing with Mu Lan and her daughter.

Han Xiao was in a hurry to find Qin Shu. He saw a man standing there, so he only took a glance before he looked away and walked into the hotel.

Qin Shu saw Han Xiao walk into the hotel, while she hailed a taxi to get in. She went straight to the mall. She picked out a lip glaze for Ye Xue because her lips were very light in color. She would look good with the lip glaze.

When she passed the men's wear section, she stopped for a few seconds. When she saw the tie section, she walked in.

The sales assistant saw the good looking customer coming to the door and greeted her with a smile. "Welcome. May I know what you want? I can recommend it."

Qin Shu looked at a tie on the rack. It had blue stripes and was paired with a black suit. It would brighten up the view.

She pointed at the tie and said, "Wrap this one for me."

"Okay, please wait a moment."

The salesperson packed the tie that the customer had specified.

Qin Shu walked over and took out her phone to pay the bill.

After paying, Qin Shu walked out with her handbag.

She strolled around outside and returned to the hotel.

In the hospital

Qin Ya called Mu Lan and found out that she was in the hospital. She rushed to the hospital.

When she walked into the ward, she saw Mu Lan on the hospital bed. She was wearing a hospital gown. The wound on her head had been treated and she was holding a gauze.

She hurried over and sat down by the bed.

"Mom, what's going on?"

"You still ask me what's going on? What's going on with you? You know that An Yuanshi and I are going to be together soon. How did you get involved in this?"

Mu Lan was about to lose her temper, but the moment she moved, she was in so much pain that she could only gasp and question Qin Ya.

Qin Ya was at a loss. "I don't know either. I was drinking with An Yang last night, but when I woke up today, I was in your Villa."

"Could it be that you met An Yuanshi after drinking too much and was brought back by him?" Mu Lan guessed.

"I'm not sure either. I just feel dizzy and don't remember anything." Qin Ya recalled what happened in the morning, she quickly asked, "Aren't you with An Yuanshi? Why are you still with another man? More importantly, you were seen by so many people?"

"I don't know what's going on either, but I'm sure that someone doesn't like me and wants to harm me." Just thinking about it made Mu Lan angry. She had been played for no reason.

"Then what should we do? An Yuanshi doesn't feel like someone to mess with. If he finds out that we are mother and daughter, will he vent his anger on me? And An Yang, I feel like An Yang is just having fun with me." Qin Ya was a little scared.

"An Yang is young. He won't stop until he's had enough fun. An Yuanshi is old and doesn't have that much energy. There's no chance between us. You have to seize it." Mu Lan grabbed Qin Ya's arm and said.

"But, An Yang, we haven't split up yet. What if An Yuanshi finds out? Wouldn't that be the end of it?" Qin Ya felt that it was too risky.

"What do you know? Go and break up with An Yang, when your relationship with An Yuanshi is confirmed, as he is An Yang's father, An Yang at most will feel uncomfortable in his heart, he will definitely not reveal your relationship. The rich and powerful families' politics run deep, and they have to take care of their appearance. It's not easy for us to climb onto one of them. How can it be so easy to find another backer?" Mu Lan explained.

Qin Ya thought about it and felt that her mother was right. "Then I'll contact him now and break up with him."

Mu Lan said, "You go and settle this matter first. Come and see me after the news has passed."

Qin Ya nodded and did not stay long. She carried her bag and left the hospital.

After she left the hospital, she made a call to An Yang.

The moment the call was connected, she heard An Yang's impatient voice.

"Where have you been? Come to my Villa quickly."

After saying that, he hung up the phone, not giving Qin Ya a chance to speak.

Qin Ya gripped her phone tightly. She wanted to curse. What did he take her as? To order her around?

But if she didn't settle the relationship, once An Yuanshi found out, it's over.

She could only hail a taxi and make a trip to An Yang's Villa.

Ye Luo sat in his car. When he saw Qin Ya get into the car and leave, he also drove slowly to follow her.

Night fell

Qin Shu sat on the sofa and watched Boss jumping up and down in the living room, it was so restless.

"What's wrong with you? Why are you so hot-tempered?"

"Meow" Boss raised his head to look at Qin Shu, still feeling a little uncomfortable.

At this moment, Ye Luo came back from the outside and looked at Qin Shu who was on the sofa. "Qin Ya has already moved into Fu Yu Villa and is having a candlelit dinner with An Yuanshi."

Qin Shu did not show any surprise when she heard this because this was very in line with Mu Lan's style. Choosing An Yuanshi was more reliable than the restless An Yang. What they needed was a backer and money.

"Meow" Boss rolled around on the ground as if it was not feeling well.

Qin Shu stood up from the sofa and bent down to pick up Boss. She rubbed its head. "What's wrong? Are you not feeling well?"

"Meow" Boss's meowing sounded a little irritated, as if it was very uncomfortable.

"I'll take it to the vet." Ye Luo's gaze looked at Boss, reached out to take it, and held it in his arms.

Qin Shu agreed with Ye Luo's words. "When you come back, prepare a fish that it likes to eat."

"Sure." Ye Luo carried Boss and turned around to leave.

After Ye Luo left, Qin Shu sat back on the sofa. She picked up her laptop and opened it. There was an email from Chu Ciwen.

She opened it and read through the contents of the email. It was the proposal she had written and was ready to launch. Now, it was just a matter of the details and the partners.

As expected of an experienced man in the company, he even brought up details that she had not expected.

Three hours later, Ye Luo came back with Boss in his arms.

Qin Shu hurriedly stood up and went up to him. "What did the vet say?"

Ye Luo said, "It's allergy. The doctor gave an injection and prescribed medicine. It's fine now."

Qin Shu heaved a sigh of relief when she heard that. "That's good. Why does it have allergy?"

"The doctor doesn't know the source of the allergy either." Ye Luo placed Boss on the sofa and let him sleep on his own.

Qin Shu looked at Boss. This was the first time it was sick. No wonder it was so irritable.

She squatted down in front of the sofa. "If I had known earlier, I wouldn't have brought you out. I should have let you stay in the apartment, it's very uncomfortable to have allergy."

"Meow" Boss was also very upset.

Qin Shu smoothed Boss's fur for a while and waited for it to fall asleep before she got up and went back to her own room to wash up and sleep.

Ye Luo glanced at Boss who was on the sofa. After hesitating for a while, he bent down to pick it up and walked into the room.

Then he went to the bathroom, turned on the shower, and released warm water.

That's right, gave Boss a bath.

He felt that it might be because it didn't take a bath that caused its allergies.

Boss was in a daze from sleeping. Suddenly, it was drenched in warm water. Out of its fear of water, it jumped to the ground and ran.

Chapter 466: Han Xiao and the Man Who Suddenly Appeared

Ye Luo scooped up Boss with one hand and held the shower in the other. "If you run again, don't even think about eating the dried fish in the future."

Boss shrank its body and did not dare to move. Its pair of dark green eyes stared fixedly at Ye Luo. It wanted to stretch out its claws to scratch him, but it was afraid that after scratching him, there would be no dried fish to eat.

Ye Luo ignored Boss and used the shower to wash it once. He also applied the shower gel.

After washing it, he wrapped Boss with a towel and placed it on the bed to wipe the water droplets on its body.

Then, he took out an electric hair dryer and dried Boss's wet hair.

Throughout the entire process, Boss did not move at all. It was not until Ye Luo turned it over and blew the hair on its stomach that it struggled to turn over.

Ye Luo saw that Boss was struggling non-stop, so he directly picked up its two front legs and lifted it up. This way, it was more convenient than lying down.

Ye Luo's movements were swift. While Boss was kicking non-stop, he blew the fur dry and then... threw it on the sofa at the side, ignoring it.

Boss rolled two rounds on the sofa. It was dissatisfied with Ye Luo's rude behavior and meowed.

Ye Luo grunted and took his clothes into the bathroom to take a bath.

On the sofa, Boss was angry but its anger soon subsided. After showering, it actually felt quite comfortable and soon it was sleepy. It curled up on the couch and went to sleep like nothing had happened.

—

—

The next day, Qin Shu held Boss on the balcony to bask in the sun. The October sun shone on the body, making one felt comfortable and yet drowsy.

Boss laid lazily on the side and was already fast asleep.

After breakfast, Ye Luo went out.

When he came back, it was already past noon.

"An Yuanshi will bring Qin ya home for dinner tonight."

“It’s quite fast.” Qin Shu hoped that they would develop it faster and then confirm their relationship with the outside world.

That way, An Yuanshi would be even angrier when he found out the truth and would not let Mu Lan and her daughter off easily.

“Send some more photos to Mu Lan.”

“Okay.” Ye Luo turned around and walked out of the hotel again.

The photos were personally sent by Ye Luo disguised as a delivery boy.

Mu Lan rented a single apartment and had just moved in today. Suddenly, she received a delivery. She took it in puzzlement. Before she could ask clearly, the delivery boy left.

“What a strange person. Don’t you need to sign for it?”

Mu Lan closed the door and sat on the sofa. She opened the package in her hand, and when she saw the photos inside, her face instantly turned pale.

She picked up the photos inside, and each one was unsightly.

Who was the one who sent these photos?

Where did the photos come from?

When Mu Lan saw this photo for the second time, she started to panic. Could it be Qin Hai who sent them?

Had he come to Qi Nation?

The more Mu Lan thought about it, the more likely it was. She hurriedly picked up her phone and dialed Qin Ya’s number.

The moment the call was connected, she hurriedly said, “Little Ya, hurry up and consolidate your relationship with An Yuanshi. I think Qin Hai might have found us. He definitely won’t let us off. Therefore, we must get associated with An Yuanshi. When that time comes, as long as An Yuanshi says the word, Qin Hai will be in trouble.”

“I know, Mother.” Qin Ya hung up the phone and decided to take the initiative to find An Yuanshi.

—

—

It’s getting dark

Ye Luo came back from outside and reported everything that had happened today. He always spoke concisely and to the point, without a word of nonsense.

“I saw Qin Ya take the initiative to look for An Yuanshi.”

“They are in a hurry to stabilize the backer.” Qin Shu sneered. Now, An Yuanshi in their eyes was the backer, waited for the truth to be revealed and it would be too late for them to escape, because An Yuanshi was not good either.

After dinner, Ye Luo carried Boss to get an injection.

Qin Shu was curled up on the sofa with a laptop on her lap. Her gaze was fixed on the desktop as her fingers quickly typed on the keyboard.

At this moment, her phone suddenly rang. She turned her head and glanced at the lit up phone screen on the sofa. It showed Han Xiao.

Her eyes paused, then she reached out to pick up the phone and answered the call. “Han Xiao, what’s the matter?”

Han Xiao sat in the car and looked at the street. “Where are you?”

He had been looking for Qin Shu for the whole day, but couldn’t find her. That was why he had called to ask.

“I’m at a hotel. Why are you looking for me?”

“Which hotel?”

Qin Shu looked out the window. “The Century five-star hotel.”

“I’m here to look for you.”

Han Xiao hung up the phone and said to the driver, “Drive.”

Qin Shu was about to ask him what was so urgent, but the call ended. Why was he in such a hurry to look for her?

She sat on the sofa for a while, then stood up and walked into the room to change her clothes. She decided to wait for him downstairs.

It was October, and the night was a little cold.

She put on a thin coat, walked out of the room, and took the elevator downstairs.

At night, the hotel lobby was a little deserted. There was no one except for the front desk.

She walked straight out of the hotel. When the night wind blew, it was a little cold.

There were flower beds on both sides of the hotel entrance.

Qin Shu stood in front of the flower beds and looked at the cars coming and going. She put her hands in her coat pocket.

She waited for about ten minutes.

A black luxury car slowly stopped in front of her. When the headlights shone on her, she narrowed her eyes.

After the car stopped, the door opened and Han Xiao's tall figure came out of the car. He was wearing a black casual suit and was walking toward her.

When Han Xiao came close, Qin Shu looked up at him. Because he was too tall, she could only see him when her head was slightly raised.

"How did you know that I came to Qi nation? Is there something urgent that you came to find me for?"

Han Xiao stopped in front of Qin Shu and wanted to reach out to hug her, but he held back in the end. "I've been looking for you all day today. I was afraid that you would disappear again. I saw you get on the plane with my own eyes."

As Han Xiao walked closer, there was a faint smell of tobacco on his body. It was completely different from Fu Tingyu's aura, but she did not dislike it.

It was also at this time that she knew that Han Xiao saw her get on the plane and knew that she had come to Qi nation.

Han Xiao looked down at Qin Shu. When the night wind blew, the strands of hair on her forehead fluttered in the wind.

The moment he saw Qin Shu, all he could think about was to hug her in his arms.

He took a step forward and reached out to hug her.

At this moment, a black luxury car was parked in the parking lot. The person in the car looked at the two people not far away with his dark eyes. His eyes were cold, and his hands placed on his legs suddenly tightened.

The temperature in the car instantly dropped to freezing point.

Shi Yan felt a chill on his back, and he didn't even dare to breathe loudly.

Who knew that they would see such a scene when they rushed over?

Qin Shu subconsciously took a step back and reminded him, "I'm not a child."

She knew that Han Xiao treated her as a child, which was why he made such a move.

However, Han Xiao said, "I know that you're her, and I also know why you're not willing to acknowledge me."

"I really am not." Qin Shu did not know what to say. She asked, "Why are you looking for me? Are you here because I came to Qi Nation?"

"I'm here for something." Han Xiao paused. "What are you doing here?"

Qin Shu said, "I'm here to settle a score."

Han Xiao asked, "Do you need my help?"

Chapter 467: Was Rejected. Want To Sleep In Separate Beds?

"There's no need, thank you. I can handle it myself." Qin Shu smiled at him.

Han Xiao saw that she was dressed so thinly, and the night wind outside was quite cold. "It's a bit cold outside. You go in first, and I'll look for you tomorrow."

Qin Shu nodded. "Okay."

Han Xiao glanced at Qin Shu before turning around and leaving.

After getting into the car, Han Xiao pinched the space between his eyebrows. This time, he had come to Qi nation because of Qin Shu, and he had also come to take care of some business.

He had indeed lost control just now.

But he really wanted to hug her.

It was definitely completely different from when he was young, because he had grown up and understood a lot.

His girl had also grown up.

The car slowly turned around and left.

Qin Shu stood where she was and watched Han Xiao's car leave. She sighed to herself. She also wanted her mother to send her to learn martial arts. This way, she wouldn't be so miserable in her past life. Even if she was stupid, she wouldn't be beaten up and not know how to fight back.

This was also the reason why she was angry when she saw Ye Xue being beaten up but not fighting back.

Unfortunately, her mother only found her a hacker teacher, and she didn't use it in her previous life.

Not only was she blind in her previous life, she was also stupid.

Outside, when the night wind blew, it was a little cold, especially in her lower abdomen. It was a cold feeling.

She turned around and was about to go in when she caught a glimpse of a slender figure walking over from the corner of her eye. It was especially similar to Fu Tingyu, regardless of height or build.

In order to prove that she was not mistaken, she stopped and turned around to look at the slender figure walking towards her from the side.

When she saw that person's incomparably handsome face, she was first stunned before a look of pleasant surprise flashed across her eyes.

Pleasant surprise was when she saw the person she liked suddenly appear in front of her. That was even more pleasant than winning the lottery.

Qin Shu recalled the last time when she was online with him, she mentioned that she would give him a bear hug. She quickly walked over and after taking two steps, she directly ran over.

After running to the man, she stretched out her arms and gave him a bear hug. "Why did you come here without saying anything? You didn't even call me."

Fu Tingyu stopped when Qin Shu ran over. He watched her run over, hugged himself, and rubbed her chin against his chest. He could smell her breath.

He lowered his eyes. His pitch-black pupils were cold.

“You don’t want me to come over?”

Qin Shu raised her head. “Yes, you’re so busy. If you ran over, you would definitely stay up all night to deal with things and free up time.”

When she met the man’s gaze, her heart trembled. It was as if she had touched an iceberg. Her body couldn’t help but shiver.

“I almost thought that you came down specially to pick me up.” The man’s deep voice had a hint of self-mockery.

Qin Shu looked at the man’s deep voice. “What’s wrong with you?”

Fu Tingyu looked at her for a while, then turned around and walked toward the hotel.

Qin Shu was stunned for a few seconds, then she chased after him. When she was walking side by side with him, she reached out to hold his arm. When her hand touched the man’s hand, she realized that his hand was tightly clenched into a fist, as if he was trying his best to endure it.

The man was angry.

On the way, the man did not speak.

When they walked into the elevator, the elevator door closed. In the enclosed space, when it was only she and he, she could clearly feel the coldness coming from the man.

When they returned to the hotel room, Qin Shu opened the door with the room card. When the two of them came in, she closed the door and turned around. She saw the man standing upright in the living room.

She walked over. “Are you hungry? Should I ask the hotel staff to bring supper over?”

Fu Tingyu’s back was facing her. The image of the man hugging her kept appearing in his mind. Because the light was a little dim and his back was facing her, he couldn’t see the man’s face clearly.

However, from his height, demeanor, and temperament, he could tell that the man was from a wealthy family.

His voice was cold. “Who was that man just now?”

Hearing the man’s questioning words, Qin Shu realized that the man was angry because he saw her with Han Xiao, she explained, “He is Han Xiao. My classmate and he is also my teacher, as well as my friend. He came to Qi Nation on business and came to see me.”

Qin Shu did not hide anything. She told him everything because there was nothing to hide.

This was the relationship between she and Han Xiao, and Han Xiao had even saved her.

Fu Tingyu sneered, "Classmate? Teacher? He really has many identities? Then what did he want to do just now?"

Qin Shu walked to the front of the man and reached out to hug the man's skinny waist, burying her face into the man's chest, she explained, "He mistook me for someone else. That's why he did this. I didn't know he would suddenly do this. Don't misunderstand, okay? There's really nothing between us."

"Don't misunderstand?" Fu Tingyu sneered again. "Babe, you don't know me very well. I'm very narrow-minded, he dared to covet my woman, I can't wait to..."

Fu Tingyu was stopped before he could finish his words. He looked at the person in front of him. Her eyelashes were very long. When she closed her eyes, she looked like a small fan.

Qin Shu took the initiative to put her arms around the man's neck. She wanted to lower the man's anger through a kiss and then explain.

This time, it was Qin Shu who took the initiative.

It was only later that the man changed from being passive to being active.

By the time Qin Shu reacted, the man had already carried her to the room.

She hurriedly grabbed the man's hand. "No, Baby Yu."

The man's pitch-black eyes stared at her. "Why?"

Qin Shu pursed her lips. "How about next time?"

This was the first time in a long that she had rejected him.

The man looked straight at her. His dark eyes indicated his current thoughts.

"Tell me the reason. Why not?"

Qin Shu lowered her eyes. "I'm feeling a little uncomfortable."

The man stared at her, making her unable to bear such a gaze because she felt guilty.

The man looked at her for a long time. Just as Qin Shu was about to lose it, he suddenly stood up and walked into the bathroom.

Qin Shu let out a sigh of relief when she saw the man walk into the bathroom. It had only been a few days, and she couldn't take it anymore.

Moreover, Gu Yan had said that it would be a month later.

After about half an hour, the man walked out from the bathroom. His slim waist was only wrapped in a pure white towel, and his hair was still dripping with water.

The man's figure was very good. In addition to his regular exercise, he could be said to be perfect.

He glanced at the person sitting on the bed. "You go to sleep."

After saying that, he walked towards the door of the room.

“Where are you going?” Qin Shu stood up from the bed and looked at the man’s back. As he was only wearing a towel, his upper body was naked, the scar on his back had disappeared, but she would always remember.

It was because of poisoning that had caused his martial strength to weaken.

And on his body, there were bruises of all sizes, as if he had been beaten or knocked.

The man stopped and said without turning his head, “I’m going to sleep next door.”

“Why do you want to sleep next door?” Qin Shu heard that the man was going to sleep next door, so she immediately walked to the man’s side and reached out to hold his hand. He had just taken a shower, but his hand was cold and held in her warm palm, with a clearly demarcated line of cold and hot.

The man chuckled. “I’m afraid that I won’t be able to control myself.”

Chapter 468

Qin Shu was stunned.

The man continued to walk.

Qin Shu held the man’s hand tightly. Her heart was aching. “Don’t sleep next door. Stay here, okay?”

The man lowered his eyes and glanced at the hand that was holding his wrist. The hand was warm. It was a warmth he was familiar with. “Do you know what I want to do now?”

“... Yu,” Qin Shu called out softly.

“I’m afraid that I’ll be jealous and won’t be able to hold it in.” The man’s voice was low and hoarse as if he was suppressing his emotions. His chest heaved up and down violently as though there was a huge rock pressing down on it, making it difficult for him to breathe.

After he finished speaking, the man shook off her hand and walked out directly.

Qin Shu’s heart throbbed painfully when the man shook off her hand. The more the man acted like this, the more she couldn’t let him go.

When the man grabbed the doorknob and wanted to leave, she stretched out her arms and hugged the man’s skinny waist. “Yu, can you stay back?”

The lady’s voice was low. She was sobbing as she spoke. It caused the man’s heart to tremble as well.

When she noticed that the man was standing still quietly, Qin Shu continued to explain, “There’s really nothing between Han Xiao and me. I treat him as a friend. He only acted like that because he mistook you for someone else. The person I love is you. I want to be with you forever and that had never changed. Please believe me.”

After Qin Shu finished speaking, the bedroom remained silent for a while.

The man’s body moved. He reached out to grab the hand on his waist and turned to face her. There was a hint of tiredness in his pitch-black eyes. “Babe, aren’t you afraid that I’ll go crazy?”

Ever since he saw that she was close to another man, and the man even wanted to hug her, he couldn't take it anymore.

The uneasiness and anxiety that came from the depth of his heart would really drive him crazy.

Qin Shu raised her head. Her gaze met the man's deep gaze. "Don't be afraid. I like you even when you go crazy. I like you no matter what you become. I only hope that you can believe me. Everything I said comes from the bottom of my heart. Don't you have the recording of what I said?"

The man was a little moved after hearing the lady's words. He stretched out his arms to hug the lady and rubbed his chin against her soft hair. He knew that he was very possessive. He couldn't bear to see her get close to any other man.

He did not know when this possessiveness began.

When he met her again, he only had one thought. He wanted to have her entirely to himself.

The man suddenly carried her up horizontally, walked to the bedside, and put her on the bed.

Qin Shu's heart tightened. Did the man want to continue?

"Yu, I..."

Before Qin Shu could finish her sentence, the man turned off the lights in the bedroom. The bright bedroom fell into darkness. She only felt the bed sinking as the man laid down beside her. Then, the man pulled her close to his chest with his pair of strong arms.

Qin Shu did not dare to move in the man's arms. Smelling the man's breath and feeling the man's heartbeat allowed her to feel at ease.

In the dark bedroom, the man's charismatic voice came from the top of her head.

"Babe, you hated me in the beginning, right?"

Qin Shu's body stiffened. She was afraid in the beginning but she did not hate him. As for later on, it was only natural to hate someone that restricted her freedom, right?

"I know you're already changing. Don't think about the past anymore, okay? You only know how to cherish someone after experiencing all those things. Humans have to move forward. We still have a lot of time. We can slowly get used to each other and understand each other. Love at first sight may not last longer than love after a long time of interaction."

"So, don't worry about the past and don't dwell on it. Let's move forward together."

After Qin Shu finished speaking, she waited for the man to answer.

She waited for nearly half an hour before she heard the man's light breathing. Only then did she know that the man had fallen asleep.

In order to come to Qi Country, Fu Tingyu had hardly slept for the past two days. He was so busy with work before he managed to squeeze out time to come to the Qi Country.

Thus, when he hugged Qin Shu, he felt sleepy the moment his head touched the pillow. After saying that sentence, he fell asleep.

Qin Shu sighed. She knew that he must have stayed up late again for the sake of the Qi Country. This was also the reason why she did not want to tell him.

She did not stop Ye Luo because she did not want to hide the fact that she came to the country to settle the score with Mu Lan and her daughter.

In the end, he was still worried about her going abroad. Even if Ye Luo was with her, he was still worried and had to come personally.

The next day.

When Qin Shu woke up, she immediately saw the man's tightly shut eyes and his thick and long eyelashes. His eyebrows were long and narrow and his features were well-defined. His exquisite facial features were the result of God's special treatment.

Under Qin Shu's gaze, the man's eyelashes trembled and he slowly opened his eyes. He saw that the lady was staring at him. "Am I that good-looking?"

A good night's sleep made him feel much better. The anger from last night had also lessened greatly, especially when he saw the lady's focused gaze. His mood became good too.

Qin Shu smiled and nodded. "Yes, you're really good-looking. Your eyelashes are longer than mine, your nose bridge is tall, and the shape of your lips is also pretty. Especially your brows and eyes. You have attractive and mesmerizing phoenix eyes.

The man narrowed his phoenix eyes slightly. "Then why didn't I mesmerize you back then?"

Qin Shu was stunned.

The man said again, "Aren't you going to give me a good morning kiss?"

"Here you go." Qin Shu gave the man a good morning kiss.

The man was still somewhat unsatisfied. "How's the matter going?"

Qin Shu knew that the man was referring to Mu Lan and her daughter's matter. She had prepared enough appetizers for them. Now, she was waiting for the last step.

"Soon. We're just waiting for An Yuanshi to bring Qin Ya to an important banquet."

The man suddenly said, "I'm hungry."

After the man mentioned it, Qin Shu also felt a little hungry. "Then let's get up, wash up, and go for breakfast."

The man called out, "Babe."

Qin Shu looked at the man's deep gaze. It was like the galaxy, there was no end to it.

"... Me."

The man leaned into the girl's ear and whispered, "... Good Babe."

Qin Shu blushed.

—

—

Two hours later.

Qin Shu dressed neatly and sat at the table. She was eating the breakfast in front of her.

The man sitting across the table was in good spirits. He found the breakfast in front of him very appetizing.

Qin Shu looked up at a man. His eating posture was good-looking and his actions were elegant. He seemed like an entirely different person from the one in bed just now.

Ye Luo carried Boss out and walked straight to the balcony. He threw Boss onto the sofa and let it basked in the sun.

It was rare for Boss to not be angry. It laid on the sofa, exposing its stomach as it basked in the sun lazily.

After breakfast.

Fu Tingyu took out a tissue to wipe the corner of his mouth. He looked up at the person who was drinking water. "Follow me to the bedroom."

Qin Shu put down the cup of water and looked at the man in confusion.

Fu Tingyu stood up and held her hand. Qin Shu stood up as well. The two of them walked into the room side by side.

Shi Yan walked in from the outside. When he saw Lord Yu and Qin Shu walking into the room with a loving look on their faces. A hint of confusion flashed across his eyes.

Last night was the prelude to the storm. How could it be that after one night, everything was calm and peaceful?

Chapter 469: They Exchanged Gifts, The Couple's Collaboration

What did Lord Yu experience last night?

Shi Yan saw Ye Luo on the balcony and walked over.

"Ye Luo, what's the relationship between young madam and that man?"

Ye Luo asked expressionlessly, "What man?"

"The man that was with young madam last night."

"I didn't see young madam with another man."

No?

Shi Yan knew that Ye Luo wouldn't lie. So, they just met last night?

In the room

Qin Shu followed the man into the room and then followed him into the bathroom. Standing in front of the bathroom mirror, she looked at the man standing behind her in confusion. "What are we doing in the bathroom?"

The man stood behind her and reached into his pocket to take out the necklace he had prepared beforehand. He held both sides of the necklace with his hands and circled it around the lady's neck. He placed the necklace on her neck and tied it properly.

Qin Shu looked down at the necklace on her neck. The necklace was silver and the pendant was a pure purple diamond. The shape of the pendant looked like a purple drop of tear.

Only now did she know that the man wanted the pure purple diamond to make a necklace for her.

Fu Tingyu stood behind her and looked into the mirror. He saw the necklace that he personally designed worn around the lady's neck. Her collarbone sunk in deeply so the silver necklace was slightly sunk in too. It looked very pretty.

"Do you like it?" He asked in a low voice.

Qin Shu touched her purple tear with her fingers. It turned warm with her touch. "I like it very much. Did you design it yourself?"

The man nodded. "Yes."

She knew that whenever the man gave her something, he would design it personally and make it. Everything he gave her was unique.

Qin Shu remembered the tie she bought yesterday. "I have something for you too. I'll go get it."

With that, she walked out.

The man was a little surprised to hear that she had a gift for him.

Qin Shu moved quickly. When she came in, there was a box in her hand.

The man saw the box in her hand and roughly guessed what kind of gift it was.

She handed the box to him. "I personally picked it myself yesterday. Do you like it?"

"As long as it's from you, I like it." The man took the box and opened the lid. He saw a blue striped tie. It matched well with a black suit.

He took out the tie with his slender fingers and looked up at the lady. "Help me to put it on."

The man was wearing a black suit with a white shirt inside. He did not wear a tie. It was as if he knew that she would give one to him.

"Okay." She took the tie and helped the man to put it on. Ever since she helped the man to put on a tie the first time, she specially went to watch relevant videos to learn the steps to put on a tie.

Only after watching did she realize how ugly the tie she tied was.

After tying the tie, she was a little proud. "Look at yourself in the mirror."

"Okay." The man turned around and looked at the mirror opposite him. The tie was tied very neatly, just like how he tied his ties. Compared to the first time, she had improved a lot.

He turned his head to look at the lady beside him. "You tied it very well."

"Of course. I specially watched the video and learned how to tie it. If I still don't know how to tie it, I can just die of stupidity."

The girl couldn't hide the arrogance in her voice.

"You specially learned it? To tie a tie for me?" The man seemed to be in disbelief.

"Yes, the first time I tied a tie was too ugly." The key point was that the man had stayed in the company all day but he didn't retie it.

If he told everyone that she was the one who tied the tie, it would be so embarrassing...

"It's pretty good." The man didn't think it was ugly at all.

"No matter how ugly it is, you still think it's good. Aren't you afraid that others will laugh at you?" Qin Shu couldn't help but complain.

The man stretched out his arms and pulled her into his embrace. "As long as you're the one who tied it, it'll look good. They're just jealous of me."

Qin Shu couldn't help but laugh out loud. Did he think that other people didn't have wives?

"Babe, what are you laughing at?"

"I'm laughing at your stupidity."

The man didn't think much of it and continued, "Babe, you might not have heard of the saying, 'dumb people have dumb luck'."

Otherwise, how could he have found her?

Fu Tingyu kept a low profile when he came to Qi Country this time. He also hid his identity to avoid complications.

In the afternoon, Qin Shu received a phone call. It was from Han Xiao.

"Are you free now? Let's have dinner together."

Han Xiao saved her twice so Qin Shu found it hard to refuse. However, when she thought of how jealous the man was, she still rejected him. "I'm not free. I'll treat you next time."

Han Xiao paused on the other end of the phone. "When are you going back to the capital?"

"I'm not sure yet. It should be soon."

Once she settled Mu Lan and Qin Ya, she could return to the capital.

Qin Shu hung up the phone and sighed. She had no choice. There was a jealous person at home who would get jealous at the slightest disagreement. Thus, she could only reject Han Xiao.

The next day, Ye Luo came back with news.

“Tomorrow night, An Yuanshi will bring Qin Ya to attend Minister Li’s birthday banquet.”

Qin Shu’s gaze moved away from the laptop. “Qin Ya brought it up?”

Ye Luo was stunned at first. He didn’t expect Qin Shu to guess that Qin Ya was the one who brought up the matter. It wasn’t An Yuanshi’s arrangement. “Yes.”

Qin Shu knew that Qin Ya and Mu Lan couldn’t wait any longer. After Mu Lan’s incident, An Yuanshi would definitely not bring any female companions to banquets easily.

Fu Tingyu, who was sitting across from her, saw a cold light flashing across the lady’s eyes. His Babe was still very smart. He took a sip of tea and asked, “Do you want to watch the show?”

Qin Shu nodded with a smile after the man guessed her thoughts accurately. “Yes, how did you know?”

Fu Tingyu chuckled. “It’s a pity if you don’t see the show after arranging everything.”

Qin Shu glanced at the man who looked like he was about to go on a personal expedition. “Then, let’s go take a look together.”

At that time, when Qin Ya saw Fu Tingyu, she would be so scared that she wouldn’t be able to speak clearly?

The man didn’t say anything. It meant that he had agreed.

After deciding to go, they began to prepare.

Qin Shu looked at the computer screen and suddenly remembered something. She looked up at the man across from her. “Why don’t we work together?”

Fu Tingyu knew that Qin Shu had already taken over the Qin Group and changed the name to Wen Hua Corporation. The so-called collaboration was a collaboration between two companies. At the same time, it was also a collaboration between the husband and wife.

The man put down the teacup in his hand. “What does Babe want to do?”

Qin Shu said, “Research and development of technology, smart car system, home anti-theft system.”

The man’s gaze paused. He had never looked at the research and the development of technology before. Now that she mentioned it, it was a project that no one had developed yet.

“What exactly are you referring to?”

“The smart car system means driverless cars. It relies entirely on the control of the system. This way, when you go out drinking, you don’t need to find valet service and there won’t be any issues like running a red light. Even if you don’t know how to drive, as long as you know how to operate it, you can get a car. As for the anti-theft system, it’s like a safety system. Not only can it protect your money, but it also protects your personal safety,” Qin Shu explained.

Qin Shu mentioned that whether it was in China or abroad, no such system existed yet. If it could be developed, the sales would be very good.

“Your suggestion is very good. However, it will take a long time to develop these systems.”

Chapter 470: Meeting Han Xiao At The Banquet

Some things required a lot of time to develop.

“I’ll take care of this problem.”

She knew that these things couldn’t be developed in a short period of time but some people could do it.

The man looked at her for a while. He began to look forward to it. He thought of tomorrow’s birthday banquet and said, “You’d better wear men’s clothes tomorrow.”

“Okay, as long as you like it.” Qin Shu didn’t care about what she wore. If he liked her to wear men’s clothes, she would wear men’s clothes.

..

On the day of Minister Li’s birthday party.

Fu Tingyu was wearing a black suit and the tie that Qin Shu gave him.

Qin Shu was wearing men’s clothes. Her suit was the same color as the man’s. When the two of them stood together, the height difference was obvious.

Fu Tingyu’s clothes made him look older by a few years. He gave people the feeling that he was mature, steady, reserved, and noble.

Qin Shu was the opposite. She wore silver flat glasses. She looked like a student at one glance, a teenager that was less than twenty years old.

Fu Tingyu looked at the lady’s male attire and reached out to pull her into his embrace. He lowered his eyes and asked, “What will you call me?”

Qin Shu raised her head and saw the man’s half-smiling eyes. “Brother? Qin Ya can tell with one look that I’m not Yan.”

Fu Tingyu didn’t mind. “So what if she knows?”

Qin Shu shrugged nonchalantly. “Then it’s up to you.”

When Shi Yan came in, he happened to see Lord Yu and Qin Shu hugging each other while wearing men’s clothing. The scene didn’t seem out of place at all.

Lord Yu seemed to like young madam wearing men’s clothing.

After they finished preparing, Fu Tingyu and Qin Shu walked out of the hotel and took a car to attend Minister Li’s birthday party.

Shi Yan drove.

Fifteen minutes later, they arrived at the hotel.

After Shi Yan parked the car, the doorman gave them a 90 degrees bow and opened the door.

Fu Tingyu's slender figure got out of the car first.

Qin Shu got out one step later.

The two of them walked into the banquet hall side by side.

At this time, almost all the guests had arrived. They were socializing in groups of twos and threes.

Fu Tingyu squeezed the lady's palm with his hand, which was hanging by his side.

Qin Shu was searching for someone when the man pinched her palm a few times with his fingers. She turned to look at him. "What's wrong?"

"Come with me." Fu Tingyu squeezed the girl's palm and brought her to a place where there was no one. He pressed her against the wall.

Qin Shu looked around. This was a blind spot. Normally, no one would come here. She retracted her gaze and looked at the man in front of her. "Why did you bring me here?"

Fu Tingyu didn't let her go. His other hand was pressed against the wall, blocking her face entirely. Even if someone came, they wouldn't be able to see her face.

"We still have to wait for some time before the banquet starts. They are just socializing now," the man said slowly. He didn't come to Qi Country this time to entertain business partners.

"So you dragged me here for a date?" Qin Shu looked around again. "I'm wearing men's clothes."

Fu Tingyu helped her to push the loose hair on her forehead back with his slender fingers. "You look different in men's clothes."

Actually, Qin Shu didn't care about other people's opinions. It was just that the man was famous so it was better to be careful.

"Aren't you afraid that others will see us and think that you like men?"

"It's not up to them whether I like men or women." After the man said that, he leaned over and kissed her.

This was indeed the man's style. He did not care about other people's opinions. He only cared about what he wanted to do and what he did not want to do.

After it was over.

The man held her in his arms with one hand and asked in a low voice, "Babe, when are you going to give birth to a successor for me?"

They had been together for a long time but she still was not pregnant. This made the man a little anxious.

Qin Shu lowered her eyes and said in a low voice, "There will be one."

The man thought for a while and suddenly looked at the lady with excitement. "I'll ask Gu Yan to take a look at you. Maybe it's already there but you don't know?"

Seeing the man getting so excited, Qin Shu's heart ached again.

The man looked at the lady's lower abdomen. The suit was covering her abdomen so he couldn't see inside at all.

"What did you say?"

At this time, a tall figure walked over from behind. He was holding a cell phone in his hand and he seemed to be answering a phone call.

Fu Tingyu turned his head and saw a man in a black suit. When he saw the face of the man, he was stunned.

Han Xiao only realized there were people in the corner when he walked over with his cell phone. What's more, it was two men. When the taller man turned his head to look at him, Han Xiao was also stunned.

The man's arm blocked her line of sight so Qin Shu couldn't see who it was. She asked in a low voice, "Who is it?"

Fu Tingyu raised his hand and pressed the girl into his arms. He looked at the man standing not far away with a deep gaze.

Qin Shu was suddenly pressed into the man's arms. The unique scent of the man entered her nose. It smelled good.

Qin Shu blinked. What was he doing?

Han Xiao stood there without moving. He glanced at the person in his arms with his black eyes. A trace of doubt flashed across his eyes.

The two of them stood in a stalemate for a while, as if they had recognized each other.

Fu Tingyu opened his mouth first. "Do you want to have a drink?"

Han Xiao pursed his lips and nodded.

Seeing the other party nodding, Fu Tingyu continued, "After the banquet, let's go to Xudu Bar."

"Okay," Han Xiao replied. He glanced at the person in his arms. He was very well protected but he could tell that he was a man. He did not stay to disturb the other party. He turned around and left.

Fu Tingyu saw that the man had gone far away. He only retracted his gaze when Han Xiao disappeared around the corner. He looked at the person in his arms and pursed his lips.

Qin Shu felt the man loosening his grip so she raised her head in his arms and looked at the man. She asked curiously, "Who are you going to drink with?"

Fu Tingyu said, "A friend I used to know. I happened to bump into him so I asked him out for a drink."

“Then I’ll go too.” Qin Shu was afraid that the man would reminisce about the past and get himself drunk. If she went with him, she could persuade him to drink less.

“I’m drinking with my male friend. It’s not appropriate for a woman like you to go.” The man implied that it was not appropriate for her to go.

“I’m wearing men’s clothes. If you don’t tell him, he won’t know,” Qin Shu said unhappily.

Fu Tingyu raised his head and looked around. He realized that the banquet had already begun. “The banquet has begun. Let’s go out.”

“Okay.” Qin Shu remembered her official business. She would talk about going to the bar later.

Qin Shu and Fu Tingyu walked out from the corner and walked towards the crowd.

After walking for a while, they saw Qin Ya holding An Yuanshi’s arm and smiling as she stood beside him. They were standing in a crowd. It was obvious that she had not reached Mu Lan’s level. She could not handle the social interaction between the wealthy families with ease.

Fu Tingyu and Qin Shu walked side by side. When they got closer, Fu Tingyu and An Yuanshi greeted each other briefly and exchanged a few pleasantries.

When Qin Ya saw Fu Tingyu, her face turned pale instantly. She did not know that she would meet Fu Tingyu on such an occasion. She also did not expect to meet him with such an identity.

When she first saw Fu Tingyu, she was deeply infatuated with this man. She wanted to be his woman and the person in his heart.

But in his eyes, there was only Qin Shu, that ugly and stupid fool.
