Chapter 521: Stunted Growth? Fu Tingyu is Out of the Mountain

It was the first time Bo Ye had seen Fu Tingyan up close. His phoenix eyes were indeed charming. They were so seductive.

Bo Ye recovered after a short daze. He turned his head to the other side and moved the tip of his nose away.

Fu Tingyan also came back to his senses and saw Bo Ye's slightly red ears. Only then did he realize that Bo Ye's ears were also delicate and pretty, and they were slightly different from normal guys'. He couldn't state what was different specifically. Perhaps they were more beautiful...

He retracted his stray thoughts and continued what he wanted to say just now. "Were you secretly doing something inside?"

Bo Ye was bewildered. He turned his head to look at Fu Tingyan. "What do you mean?"

"What are you nervous about? Perhaps you're feeling guilty?"

"I don't understand what you're talking about." After saying that, Bo Ye walked straight out.

Fu Tingyan turned his head to look at Bo Ye's departure. What are you pretending for? You're a man aren't you.

He retracted his gaze and walked into the bathroom to wash up.

...

Ye Xue had caught a cold today. Jiang Yu didn't let her make breakfast. He called for four sets of breakfast delivery instead.

four of them came down to the dining table around the same time.

Jiang Yu placed the breakfast on the dining table and said, "Ye Xue has caught a cold. I'll let her rest for a few days."

Bo Ye said, "It's cold now. Ye Xue doesn't have to wake up early to cook every day."

Fu Tingyan nodded in agreement. "I agree. She's not here to cook. She can do it once in a while."

Ye Xue listened to their words and felt a warm tingle in her heart. If it were those people, they would have wanted to get more out of her. "I have the habit of waking up early. Cooking is very simple. You guys don't have to stand on ceremony."

Jiang Yu turned his head to look at Ye Xue and stretched out his hand to flick her forehead. "Don't cook next time. You can cook when I want to enjoy your cooking. Do you hear me?"

Ye Xue felt that cooking was nothing, but it was as if she had made a huge sacrifice after hearing what they said. Now that she listened to Jiang Yu's words, she could only cook when he wanted to eat?

"Okay." Ye Xue could only nod and agree.

Jiang Yu then withdrew his gaze in satisfaction and continued eating breakfast.

Ye Xue ate a few mouthfuls of breakfast. When she saw that Qin Shu's seat was empty, she couldn't help but ask, "Qin Shu hasn't been back for three days, isn't it? What if something went wrong?"

"Yeah, Qin Shu must have gone to your brother's place. Why isn't she back even after three days?" Jiang Yu was also a little puzzled.

Bo Ye stopped eating and looked up at Qin Shu's seat. It had been three days.

"Maybe my brother didn't want to let her go, or maybe he took her out to play. You don't know my brother. He wishes he can be with her 24 hours a day."

Fu Tingyan sighed in his heart, feeling a little helpless. His brother loves his wife too much. Nothing was more important than Qin Shu.

"Don't make it sound like your brother can't live without your Qin Shu." Jiang Yu still found it unbelievable.

Fu Tingyan looked up at Jiang Yu and smiled. "You're right. My brother can't live without her."

He sighed, lowered his head, and continued to eat his breakfast.

For Qin Shu, his brother was even willing to send him abroad.

The other three people at the dining table looked at Fu Tingyan, guessing the authenticity of his words.

His brother was a famous person in Jiangcheng. He was unparalleled in all aspects, but he couldn't do without a woman. How could they not doubt the authenticity of the situation?

"If Qin Shu is with your brother, then there's nothing to worry about." Jiang Yu tilted his head, picked up a red bean roll, and put it into Ye Xue's plate. "Don't worry, Tingyan's brother is amazing. Qin Shu will be fine."

"Okay." Ye Xue nodded, lowered her head, and picked up the red bean roll with her chopsticks, bringing it to her mouth.

Since Fu Tingyan said so, there was no need for everyone to worry.

After breakfast, everyone went to class.

Fu Tingyan's wounds had not fully healed yet, so he had Bo Ye drive him to class.

In the car

Fu Tingyan supported his head on his palm and looked at Bo Ye. He was really quite thin. The waist and arms that he exposed previously were so slender he could have broken them easily.

"Didn't you eat when you were young?"

Bo Ye asked while driving, "What do you mean?"

Fu Tingyan's gaze scanned Bo Ye's body. He was skinny and not tall.

He chuckled. "With your figure, it's obvious that you're stunted. Weren you a picky eater when you were young?"

"..." Stunted?

Bo Ye replied, "No."

"Let's train together when I recover. With your small frame, the next time we meet your brother, you might really need to be stretchered back."

Bo Ye, "...".

"You're not interested in learning martial arts?" Fu Tingyan asked again.

Bo Ye replied with one word, "Yes."

"I want to learn martial arts as well. To be as good as my brother."

Bo Ye was bemused when he heard that.

Fu Tingyan seemed to have remembered something. "My brother went out to learn martial arts for three years. That place is quite mysterious. Are you interested in going together?"

Bo Ye seemed to be interested. "Where is it?"

"I don't know yet. I'll have to ask my brother for the details. Besides, it doesn't seem that easy to enter that place."

Hearing that, Bo Ye became even more interested. "What are the requirements?"

Fu Tingyan knew that Bo Ye was interested. "I'll ask my brother the next time he's here. There were quite a number of entry requirements."

"Okay," Bo ye replied.

Hearing Bo Ye's faint "Okay", Fu Tingyan's lips curled up. "Wash my socks for me tonight."

Bo Ye "...". Taking an inch and asking for a mile!

Ever since he was young, Bo Ye had never washed anyone else's socks. Ever since he shared a room with Fu Tingyan, Fu Tingyan would make him wash his socks every now and then.

He could always find a reason and a way to make him wash his socks.

Seeing Bo Ye's speechless expression, the smile in Fu Tingyan's eyes deepened.

...

...

At this moment, on the fourth morning on the mountain

She had been eating bread and milk for a few days, she felt like she's already turning into a piece of bread herself.

Boss had also been eating fish jerky and milk for so many days he's also turning into a fish jerky.

This morning, Qin Shu carried the bag and followed Boss all the way. In the end, she found that she had actually reached the foot of the mountain.

It's the fourth day and she didn't know how far she had walked. Now that she had suddenly reached the foot of the mountain, could it be that Fu Tingyu had already left the mountain?

Boss was standing on a very big rock.

"Meow" Boss turned his head to look at Qin Shu as if to say, "Shall we continue walking?"

Qin Shu put down the bag by her feet. She could feel the pain just by a mere lift of her hand.

She had been walking with such a weight on her back for the past few days that there's abrasion on her shoulders. Her arms did not feel like they belonged to her, and she had slept listlessly.

This was the result of not having regular exercise.

Boss had stopped here, which meant that Fu Tingyu had already gone down the mountain. Could it be that he had found Gu Yan?

She took out her phone and glanced at the incoming calls and messages. She did not see any messages or missed calls from the man, which meant that Gu Yan had not yet been found.

Chapter 522: You can't Afford to Offend These People. Met Two Person on the Roads.

A hint of doubt flashed in her eyes. She put away her phone, took out her laptop from her bag, sat down on the rock behind her, and opened the laptop.

Although there was a signal at the foot of the mountain, it was weak and would affect the speed.

Now, she could only find Fu Tingyu's specific location through the Ye family base's GPS.

Qin Shu quickly typed on the keyboard, and complicated codes jumped onto the screen. She was very familiar with entering the Ye family base.

However, the internet was a little choppy, so her speed was much slower.

After entering, she realized that the man's location was no longer in the GPS system.

"Could it be that he hasn't gone down the mountain yet?"

Because there was no signal in the mountain, the location would not be displayed.

She turned her head and looked at Boss. Boss had already brought her to the foot of the mountain, which also meant that the man had already left the mountain.

Boss' dark green eyes stared at Qin Shu, as if waiting for her next action.

Qin Shu retracted her gaze and looked back at the computer screen, only to find that she had been... caught.

Ye family's base

Ye Liang looked at the person who had suddenly barged in. This was the second time in recent times that someone had come in to steal the location. Fortunately, they had been intercepted this time.

He quickly sent a message over.

Qin Shu continued typing the code and saw that the other party had sent a message at the bottom right corner.

[Who are you? What's your purpose?]

[Someone you can't afford to offend!]

Qin Shu quickly replied with six words and continued typing the code.

Ye Liang stared at the other party's reply and his face darkened. "Who is this person? Why is he so arrogant?"

Realizing that the other party had made a new move, he shouted behind him, "Ye Mo, come over. That guy is here again." His hands did not stop as he spoke.

"I'm ranked in the top four on the hacker rankings. How dare he provoke me like this?"

"The one from last time?" Ye Mo walked over and looked at the computer screen, frowning.

Ye Mo was ranked in the top three on the hacker rankings.

"I guess so. I noticed that guy the moment he came in. I blocked him, and he still dares to provoke me." Ye Liang was determined not to let the other party escape this time round.

"Don't let your guard down. The other party must have come with a purpose," Ye Mo reminded.

Qin Shu stared at the computer screen. The internet speed was too slow. Normally, it would only take a few minutes, but this time, it would take more than double the time.

When she realized that Ye Liang was blocking her way, she didn't mind. She only needed a few seconds to go in and take a glance at Ye Luo's location.

After entering, she only stayed for two seconds. She didn't wait for Ye Liang to stop her before she exited. She didn't even remove the traces. She wasn't afraid that Ye Liang would come looking for her.

This was because there was nothing on this laptop. They wouldn't be able to find anything even if they followed the trail here.

Ye Luo's exact location was the Capital. On the sixth route, he should be leaving the Capital now.

He must be with the man. He was preparing to leave the Capital, and the man would definitely leave the Capital too.

Gu Yan didn't go missing on the mountain?

Qin Shu frowned, closing the laptop in her hand and putting it into her backpack.

Now that she was planning to leave the mountain, she didn't need some luggage she was carrying anymore.

Qin Shu packed up and travelled light this time round. Her original oversized bag became much smaller.

Boss was resting on a rock. The sun was shining on the rock. As he basked in the sun, he watched lazily Qin Shu pack her luggage.

Qin Shu didn't plan to bring along the things that she had discarded. Her bag was lighter, and as such the burden on her shoulders was a lot less. The abrasions still hurt, but it wasn't as painful as before.

She waved at Boss. "Let's go, Boss."

Boss had also rested enough. He stood up, stretched his back, and walked over to Qin Shu.

Qin Shu picked up Boss and walked towards the main road.

Boss' feet grew calluses from the few days of walking around in the mountain. Boss was after all, a cat that was also pampered and spoiled. Walking on the mountain road for a few days would definitely be tiring, so it was better to carry him before finding a car.

Boss loved to be carried. It was a form of enjoyment for him.

There were no cars nearby. It was a long walk before he could even see a hint of shadow of a car.

After walking on the mountain for a few days, it was child's play now. The road was flat and did not require much effort.

However..

Qin Shu raised her head and looked forward along the path. She did not even know if she could reach the place to take the car before nightfall.

She could only pick up her pace and continue walking. In order to get on a vehicle before nightfall, she continued to forward without stopping for even water.

Boss felt a little drowsy in her arms and fell asleep after a short while.

Qin Shu lowered her eyes and glanced at Boss. She realized that it had its head tilted back and its mouth was slightly open, revealing two sharp fangs. It was very fast asleep.

She smiled and continued to walk.

After walking for nearly two hours, a gray van stopped beside her. The van was a little old, and the paint on the edge of the door had already peeled off.

The window of the van slowly rolled down, and a person peeked out. That person's face was dark, and he looked very ordinary.

"Little girl, where are you going? Do you want to hitch a ride?" The driver of the van was called Zhang San, and he relied on delivering goods for a living. When he grew some ulterior motives when he saw a little girl walking alone on a remote path.

Qin Shu tilted her head and found a man sitting in the passenger seat. His skin color was slightly paler than the man in front of her, and he too, looked very ordinary.

It was definitely a lot more convenient to hitch a ride than to walk.

“Where are you going? To the station?” Qin Shu blinked her eyes and stared at them with her clear eyes. She looked like a little girl who didn’t know anything about the world.

“Of course. Just give us the fare. Get in the car.” Zhang San sized up the little girl in front of him as he spoke. She looked like a student with a pair of glasses on her nose. Her skin was really fair. She would definitely look pretty without the glasses, if he sold her, she would definitely be able to get them a lot of money.

Qin Shu was a little hesitant. She was not afraid of what the other party wanted to do because the two men in the car were both ordinary people and did not have any martial arts skills.

Seeing her hesitation, Zhang San continued, “There are no cars on this road. We frequent this area because we had to ferry goods. If you walk, who knows when you will be able to walk out. It will be very dangerous for a little girl like you when it turns dark as well.”

“Thank you then.” Qin Shu opened the backseat door, sat in it, and then closed the car door.

After walking for so long, her legs would feel weak and sore once she sat down. It was accompanied by swelling pain. Now she could rest.

Qin Shu hugged Boss and leaned against the back of the chair, feeling much more relaxed.

Zhang San closed the window and looked at the rearview mirror. He found that the little girl was not cautious. He looked at his companion in the passenger seat. The two of them exchanged glances and understood each other’s thoughts.

Zhang San drove to the main road ahead. On the way, he glanced at the little girl in the back seat and found that she was resting with her eyes closed, as if she was very tired.

Chapter 523: Sold to a Nightclub, Boss Had a Tacit Understanding

Qin Shu leaned back in his chair. Originally, he just wanted to close his eyes and rest, but after a while, he felt sleepy and fell asleep.

Boss had no idea what the time was.

An hour and a half later

Zhang San parked his car at the entrance of a nightclub called Golden Resplendence.

Golden Resplendence was the largest nightclub in the capital, and it was lavishly decorated.

After exchanging a glance with his companion, he open the car door and got out.

His companion glanced at the back seat and found that the girl behind him was fast asleep. She showed no signs of waking up, and this was all thanks to the knockout incense.

Before Qin Shu got into the car, they lit the knockout incense in the car. It was colorless and odorless.

Not long after, Zhang San walked over with a man in a black suit.

“Look at this little girl. I guarantee that you’ll be satisfied.” Zhang San opened the backseat door and showed the goods to the nightclub manager.

The man took two steps forward and looked at the girl in the backseat. The lights in the car were dim but he could still see the girl in the backseat. Although she was wearing very old-fashioned glasses, he still could tell that her facial features were not bad.

He reached out his hand and they came to the front of her glasses. He took off the glasses on the girl’s nose bridge. The glasses were taken off and the girl’s face was completely exposed. The man stunned.

Zhang San also saw the girl’s delicate facial features and was stunned for a moment. He had never seen such a beautiful person in his entire life. She was even more beautiful than the stars on the TV.

If he had known that this woman was so beautiful, he would not have sold her. How nice would it be to keep her for himself?

Now that the nightclub manager had seen such a beautiful woman, he would definitely not let her go.

“I’ll buy this woman. 200,000 yuan.”

The nightclub manager had seen many beautiful women. He had seen all kinds of beautiful women. This was the first time he had seen a woman who could cause ripples in his heart with just a glance. He definitely had to spend a lot of money to buy her.

200,000 yuan! ! !

Zhang San was tempted. Although he could not bear to give away such a beautiful woman, the temptation of money was also very big. He hesitated for a long time before nodding.

The nightclub manager paid 200,000 yuan.

It was the first time Zhang San had earned 200,000 yuan. Previously, he had only earned around 20,000 yuan. The moment he saw the money, his eyes were wide open.

The nightclub manager found someone to come over. The one who was called over was a woman. She was tall and slender. She wore a pure black leather jacket and leather pants. She looked very capable.

When the woman brought the girl in the car into the nightclub, she found that there was a cat in her arms.

The manager of the nightclub saw that the cat was quite beautiful, so he decided to bring it in as well.

..

“Ling Xing, bring her to number nine,” the manager of the nightclub ordered.

“Got it, manager.”

When Qin Shu woke up, she found that she was being carried by a person. Judging from the voice, it was a woman and she was very strong.

Where is Boss?

She did not react because she was not sure of the combat strength of the woman carrying her. If she acted rashly, it would be disadvantageous to her.

This time, she was indeed careless. She did not think that they would release the knockout incense in advance. It would be effortless for her to deal with them.

Sporadically carried Qin Shu to the ninth door. She opened the door and walked in. The door was closed casually.

Qin Shu was thrown onto the bed. The bedding was very soft, so it did not hurt.

Following her was Boss. He was also thrown to the bed. Boss was a soft curl ball.

Boss had actually woken up and was pretending to be asleep. Because he was being carried by a stranger and saw that Qin Shu was also there, he simply pretended to be dead.

Qin Shu had not opened her eyes to look around. She felt that someone was pulling her backpack. Without a thought, she knew it was the woman called Ling Xing.

Qin Shu took advantage of her unprepared state and raised her leg to kick Ling Xing's head. However, Ling Xing was also quick enough to dodged it and only brushed past her cheek.

This also allowed Qin Shu to know that sporadic's combat strength was around gold-rank. Otherwise, she would not have reacted so quickly.

With the help of the lights in the room, she could see Ling Xing's appearance clearly. She was about twenty-three years old, tying a high ponytail and had a calm expression. She was dressed in a tight black leather jacket and pants, giving off an almost cold and unapproachable aura.

Ling Xing also realized that the woman in front of her was not simple, but her mission was not complete.

Not long after, Ling Xing attacked again and started fighting with the woman in front of her.

Ling Xing's goal was to capture her and take away her cell phone and wallet.

Qin Shu's goal was to defeat Ling Xing.

After dozens of rounds, Qin Shu held the dagger against Ling Xing's white neck, and a trace of blood seeped out from the place where the blade was.

Qin Shu stared at her closely and realized that she was not afraid at all. Her eyes were empty, as if there were emotionless.

Even if her life was being held by the dagger, she would still attack, as if she was not afraid of dying.

It made Qin Shu relate the situation to a hypnosis skill that could control people's thoughts. Could it be that she was hypnotised?

Thinking of this possibility, Qin Shu put away her dagger. This time, her goal was not to capture her, but to raise her hand knife and directly chop at Ling Xing's neck to knock her out.

Although Ling Xing was not afraid of pain, she fainted on the ground after being chopped down by Qin Shu's hand knife.

Seeing Ling Xing fall, Qin Shu let out a sigh of relief. She turned around and looked at Boss on the bed. She walked over and reached out to pick it up, preparing to leave this place with Boss.

She had just reached the door when she heard the sound of the door opening. She leaned at the side and hid behind the door. She saw the door open from outside and a man in a black suit walked in.

To carry out such inhumane transactions, and to do business in such a place, it was obvious that he was not a good person.

Qin Shu raised her hand directly. When the knife fell, the man in front of her slowly turned around and stared at Qin Shu for two seconds before he fainted.

“Not bad-looking. I didn’t expect you to do such a thing.”

Qin Shu patted him in disgust and ignored him. Then, she walked out.

The corridor was very quiet, and the light was dim.

Although she had never been to a nightclub, she still had some understanding of it.

It was so quiet, which meant that not everyone could enter. It could also be the forbidden area of the behind-the-scenes boss.

Qin Shu walked forward and turned a corner. She saw two elevator doors.

She walked to the elevator door and pressed the button for the first floor.

After a while, the elevator door opened. She saw that the person in the elevator was making a phone call. From the sound, it sounded like the nightclub manager who bought her.

The nightclub manager also saw the girl at the door. He was stunned at first, but then he realised that she had ran out. He was about to call for a bodyguard.

The next second, Qin Shu’s dagger was pressed against his neck. The cold blade was pressing against his skin. From the soles of his feet to his scalp, he was frozen. As long as the other party exerted force, he would die.

Qin Shu tightened the dagger in her hand and made a gesture to ask him to stay silent.

How would the nightclub manager dare to take his own life lightly?

Knives and swords had no eyes. The girl in front of him seemed to be ignorant of worldly affairs, but the way she held the dagger made people’s hearts shiver.

Qin Shu forced the club manager to step back. She walked in and the elevator door closed.

She reached for the club manager’s phone and hung up. Then she said, “call those two who sent me here.”

Chapter 524: Qin Shu was not to be Trifled with

The nightclub manager did not know what the girl in front of her wanted to do, so she did as she was told and called the hooligan named Zhang San directly.

While the nightclub manager was waiting for Zhang San to pick up, she said, "ask him to come over again."

At this moment, the phone was picked up. The nightclub manager glanced at the girl in front of her and said as she said, "come back. We still have some unfinished business."

"What is it, manager? Can't you tell me over the phone?"

Zhang San took the money and was prepared to find a place to have fun with his companions, so he didn't want to waste time.

The club manager felt the cold blade on his neck getting closer. He felt a chill in his heart and said angrily, "I told you to come. Why do you have so much nonsense?"

"We're coming right now. Don't be angry. Don't be angry."

Zhang San hung up the phone and cursed. Reluctantly, he walked out of the KTV with his companions and drove the van back to Golden Resplendent.

Qin Shu held the dagger tightly and changed positions. When they got out of the elevator, she pulled the nightclub manager to the back.

The waiters who passed by greeted the nightclub manager. The nightclub manager could only nod because he was afraid. In fact, he kept shouting in his heart. In order to save his life, he couldn't say anything.

When they reached a place where no one was around, Qin Shu directly raised her hand and cut him unconscious.

The club manager didn't even have a chance to resist and fainted on the ground.

Looking at the club manager who was as dizzy as a pig on the ground, Qin Shu raised her foot and kicked hard at his chest and abdomen.

With that few kicks, a few ribs would definitely be broken and blood would probably accumulate in his chest.

He will have to stay in the hospital minimally for at least a month or two.

However, this wasn't something Qin Shu should be worried about. She just didn't like him, buying and selling people.

After the kick was almost done, Qin Shu didn't even look at the people on the ground and turned around to leave.

After Qin Shu left, the nightclub manager spat out blood from the corner of his mouth. As he had already fainted, he couldn't feel any pain.

At the side of the Golden Resplendent entrance.

An old minivan was parked there. Zhang San, who was in the car, said to his companion, "Wait for me in the car first. I'll go and ask what's wrong."

“Go ahead. Hurry up, or it’ll be too late.” His companion instructed.

“Got it.” Zhang San pushed open the car door and got out. Before the car door could be closed, he was punched onto the car door. Two of his front teeth fell off, and a mouthful of blood splashed onto the glass window.

Qin Shu had been waiting for this moment. When she saw the van stop, she walked straight over.

Zhang San’s companion in the van was so scared that he hurriedly pushed open the car door to escape. When the car door opened, his feet had just stepped on the ground.

Qin Shu pressed one hand on the front of the car and jumped over. She kicked hard at the car door and closed it. His exposed feet could not be retracted in time, and they were stuck by the car door. The pain made his face pale. His eyes were wide open, and his mouth was open in an “O” shape. He could not even cry out in pain.

Looking at the girl standing in front of them, they recognise that she was the girl they had just sold. Both of their eyes were filled with disbelief.

They had only left for less than half an hour. What had happened? How could the nightclub manager let her go?

Qin Shu was worried that the human traffic was too high here and her actions were too eye-catching, but she couldn’t be bothered to find other places. She could only choose to settle them quickly.

First, she crippled their right hands, and then she broke a few ribs.

After doing all this, Qin Shu searched out all the money on the two of them, then locked them in the car. As for the keys, she threw them directly into the trash can next to her.

Before she left, she called the police. People like them must have done a lot of bad things. After she finish teaching them a lesson, it would be best to hand it over to the police. It would also save her time dealing with them.

Qin Shu put away her phone and picked up Boss. It was completely dark now. She brought Boss to eat some fish first, and then went to look for Fu Tingyu.

Since he had left the mountain but did not send her a message, by calling her, it meant that he was still looking for Gu Yan.

Although she had been careless today and almost got sold, she also saved a lot of time by hitching a ride. Otherwise, if she walked, it was likely that she would not be able to find a car even by night time. She would have been drained physically.

Qin Shu found an empty seat in the side restaurant and placed Boss on the seat next to her. Then, she began to order.

For the past few days, she had been eating bread on the mountain. Boss had been eating dried fish because it was convenient to carry.

Of course, she had to eat a good meal when she came out.

Qin Shu ordered two fish for Boss and two dishes and a soup for herself.

The waiter served the dishes very quickly. In a short while, two fish, two dishes and a soup were served.

She placed the two fish in front of Boss. "I've smelled the fishy stench for a few days. Eat to your heart's content."

"Meow." Boss had smelled the fishy stench when the fish was served. He licked his lips and was hungry.

Looking at the fish in front of him, he lowered his head and began to eat. Although he was hungry, he still looked very good when he ate. It was also very elegant.

Qin Shu smiled and picked up her chopsticks to eat.

She hadn't eaten rice for a few days, so to her the food smelled really good.

Qin Shu ate two bowls of rice and almost finished the two dishes.

Boss' two fish were also eaten clean, leaving only the fish bones and no meat left.

Qin Shu spent money to buy the plate that Boss used, so the restaurant staff didn't say anything when they saw a cat eating fish.

The person and cat left the restaurant after eating and drinking till they are full.

Qin Shu looked at the time. It was nine o'clock in the evening.

She walked to the bus stop and sat down. She crossed her legs and placed Boss on the seat beside her. She took out a laptop from her bag and put it on her lap before opening it.

At this time, there was no one at the bus stop. Even if there were people, they would lower their heads and play with their phones. This was the era of digitalization. No one could go anywhere without their phones.

Qin Shu looked at the computer screen and entered the Ye family's database again. This time, she was very low-key. She was afraid that if she did it too many times, it would cause unnecessary trouble.

This time, she was also looking for Ye Luo's exact location. After she finished looking, she realized that they had already left the capital. They should be on a high-speed rail line now.

Qin Shu closed her laptop and thought to herself, where are they planning to go?

She had planned to chase after them overnight. Now that she did not know their ultimate goal, she could only wait until the next morning to check the exact location and then catch up with them in the car.

She had a feeling that Gu Yan's disappearance this time might be related to the previous two kidnappings.

The Crimson Sand Organization.

These words suddenly flashed across her mind. If the Crimson Sand Organization had kidnapped Gu Yan, then Fu Tingyu would definitely be in trouble if he went there.

He had destroyed more than ten members of the Crimson Sand Organization last time. How could they let him off so easily?

At first, it was only others who hired assassins to kill Fu Tingyu. In the end, the Crimson Sand Organization and Fu Tingyu directly clashed.

Qin Shu tilted her head to look at Boss. At this time, he was already a little sleepy.

“Let’s find a hotel to stay for a night first. We’ll set off tomorrow morning.”

Qin Shu had a faint smile on her face. She picked up Boss, stood up, and walked to a nearby hotel.

Standing not far behind her was a person.

Chapter 525: Beaten and Turn Silly, Begged to Repay

There were a few hotels nearby. Qin Shu picked one randomly and checked in. Then, she carried Boss and went to find a room.

The front desk attendant saw a girl carrying a cat. She felt a little strange, especially its eyes. They seemed to be able to talk. If she stared at them for too long, she would think that she was looking at someone.

The receptionist quickly retracted her gaze. Being on night duty really made her a little scared.

At this moment, another person walked in. The receptionist looked up and saw a tall woman looking at her with a cold face. Her eyes were also a little weird.

“...hey, do you want to get a room?” The receptionist asked carefully. She did not dare to make eye contact with the woman in front of her.

Ling Xing asked expressionlessly, “What is the room number of the woman who just entered?”

Ling Xing’s voice was cold. To the receptionist, it sounded like a gust of cold wind. Her back felt cold, and even her voice trembled, room 408.”

Ling Xing turned around and walked to the elevator. She took the elevator to the fourth floor.

Qin Shu opened a single room because she didn’t need a suite for herself.

She placed Boss on the sofa and rubbed its head. “Go to sleep first. We’ll be on our way early tomorrow.”

“Meow” Boss let out a lazy purr. Then, it curled up and placed its head on its forelimbs. It closed its eyes and slept.

Qin Shu looked at it for a while and stretched. She took out her nightgown and underwear from her backpack and walked into the bathroom. She closed the door.

In the bathroom.

Qin Shu took off her clothes one by one and looked at her shoulder. She saw that a large piece of skin on her shoulder fell off. It was swollen and red. No wonder it hurt so much. Both of her shoulders were covered in it.

When she returned to Jiangcheng this time, she had to exercise. She was too weak to carry a bag that weighed dozens of pounds.

It was even worse when she was in the shower. It was also painful. When the warm water touched the injured area, the pain was difficult to describe with words. It was not pleasant anyway.

Qin Shu spent more than half an hour showering. Her wet hair was half-dried by the hair dryer before she walked out of the bathroom.

“Knock knock”

At this moment, there were two knocks on the door. Qin Shu’s beautiful brows furrowed. She walked over and opened the door. Before she could react, a sharp palm wind attacked her.

She quickly dodged it. Only then did she see that the other party was Ling Xing from the Golden Resplendence. How did she find her?

Qin Shu did not have time to think too much and started fighting with Ling Xing.

How could someone who was hypnotized and whose consciousness was controlled be waken up?

Qin Shu thought for a long time but could not think of a way. She fought with Ling Xing for several rounds.

Qin Shu raised her foot and kicked Ling Xing’s head when she was not paying attention. She gave it her all.

Ling Xing only felt a bang on her head. She flew two meters away and crashed into a wall on the side. She fell down again and did not get up for a long time.

Hearing such a loud noise, Boss, who had been sleeping, was also woken up. He stared at Ling Xing vigilantly and stretched out his claws to scratch her.

Qin Shu stood there and looked at Ling Xing. Seeing that she had not gotten up yet, she was a little confused.

She had indeed used a lot of strength just now, but it was not to the extent of making a gold-rank martial artist fall to the ground and not get up, right?

After waiting for a while, Qin Shu felt that something was wrong. She walked over and squatted down beside sporadic. She reached out her hand to check her breath and found that she was still breathing.

“I almost thought she was dead.”

Ling Xing had suddenly come to look for her. The order must have been from someone from the Golden Resplendence who spent 200,000yuan. It was not a small amount.

Looking at the suddenly unconscious Ling Xing, who was the same height as her, should she be thrown out?

Just as Qin Shu was considering whether to throw her out, the unconscious Ling Xing suddenly opened her eyes and stared at Qin Shu for a while. For a moment, she was at a loss.

When Qin Shu saw that she had woken up, she pointed at the door. "Are you going out by yourself? Or do you want me to throw you out?"

Ling Xing only felt a terrible headache. When she heard the beauty in front of her asking her to go out, she asked in puzzlement, "why should I go out?"

Qin Shu held back her laughter. "What do you think?"

Ling Xing was at a loss. "I don't know."

"... Uh!" Did the kick made her silly?

Ling Xing rubbed her aching head and looked at the beauty in front of her with a pleading gaze. "You know me, right? I've forgotten my name. Can you tell me?"

Qin Shu looked at Ling Xing in front of her and realized that her eyes were no longer empty. They were beginning to have their own consciousness. She came to a conclusion that she seemed to have lost her memory.

Could it be because the hypnotism was broken?

Her eyes rolled around. Ling Xing were controlled by the hypnotism, which meant that her previous self should have been unwilling to help Golden Resplendence.

In that case..

"Your Name Is Ye Xing. Your brain was hit just now. You might have lost your memory."

Ye Xing rubbed his head again. "No wonder my head hurts so much."

"..." Ugh! She kicked her.

Ye Xing rubbed his head for a while. She seemed to have remembered something and asked, "Then what is our relationship?"

Qin Shu thought for two seconds and gave this answer. "I'm your life savior."

She saved her from the Golden Resplendence, she was considered her savior, right?

"Then why did you throw me out just now?" Ye Xing could not help but ask.

"Because... you insisted on repaying me."

As soon as Qin Shu finished speaking, Ye Xing replied, "Of course I have to repay you for saving my life."

"And then?"

"I don't remember anything now. Just let me follow you. I'll do whatever you want me to do. Can you treat it as repaying me?" Ye Xing asked carefully.

"Let me think about it again. It's very late. I'll go to bed first."

Qin Shu yawned and confirmed that Ling Xing had amnesia. Her name now is Ye Xing, so she would sleep first and talk about it tomorrow.

The single room she had opened only had one bed, so she slept on it.

Ye Xing could only squeeze on the sofa with Boss.

The air conditioner was turned on in the room, but it was not cold.

Qin Shu had slept in a tent for the past few days, but now that she was sleeping on the bed, she had fallen asleep as soon as she touched the pillow. She also slept very soundly because she had been tired for the past few days.

The next morning.

When Qin Shu woke up, she found Ye Xing standing in front of her bed. The moment she opened her eyes, she was really shocked.

"Why are you standing here?" She had just woken up, and her voice was a little nasal.

"I'm waiting for you to tell me what to do." Ye Xing's reaction was instinctive, as if it was a habit that she had developed from doing it often in the past.

Qin Shu thought for a moment and said, "Go out and buy breakfast. Buy a fish for Boss."

"No problem." Ye Xing turned around and left the room, her actions were quick?

Qin Shu also got up to wash up and changed into a new set of clothes.

At this time, Ye Xing was not back yet. She took the laptop and walked to the sofa to sit down. She crossed her legs and put the laptop on her lap. After turning on the laptop, she started to look for Ye Luo's exact location.

The GPS on the computer showed that they were already in Salt City.

After getting the exact location, she started to book the ticket.

At this time, Ye Xing came back from outside. She was carrying breakfast in one hand and fish in the other.

Qin Shu looked up at Ye Xing and thought, should I book a ticket for her too?

Chapter 526: The Man was Very Happy and Excited

"Are you really going to follow me?" Qin Shu looked at Ye Xing who had lost her memory. It was better to confirm it.

"Of course. How can I repay you if I don't follow you?" Ye Xing answered matter-of-factly.

“Then, okay.” Qin Shu also booked a ticket for Ye Xing. She used someone else’s ID card.

A person like Ye Xing who was controlled, definitely did not have an ID card. When she returned to Jiangcheng, it would be inconvenient for her to do anything without an ID card.

After booking the ticket, she put her phone aside and placed the fish that Ye Xing bought on the plate in front of Boss.

“Eat up. We’re leaving soon.”

She rubbed Boss’ furry head.

Boss was a little unhappy because there was a strange woman who snatched the sofa from him last night. It was an unfamiliar smell.

No matter how unhappy he was, his anger subsided when he smelled the fishy smell and ate the delicious fish.

Qin Shu retracted her gaze and turned around to eat the breakfast that Ye Xing bought.

Ye Xing bought a lot of breakfast. There was porridge and breakfast. She didn’t know what Qin Shu liked, so she bought more.

Qin Shu drank a mouthful of porridge and saw Ye Xing standing at the side watching. She raised her head. “Why aren’t you eating?”

“I’ll eat after you finish eating.” Ye Xing was used to doing this subconsciously, even though she had lost her memory.

“Let’s eat together to save time.”

She was in a hurry to leave this place, not only because she was rushing to Salt City, but also because Golden Resplendent was looking for her.

More importantly, how furious will the boss of Golden Resplendent be when he found out that a gold-rank subordinate had been kidnapped by her?

There were very few warriors who could reach gold-rank. He might even die of anger.

Ye Xing looked at the breakfast on the table with some hesitation. She raised her head and looked at Qin Shu. “I’ll eat on the way.”

“...” Qin Shu. “As long as you’re happy.”

She didn’t force Ye Xing and lowered her head to continue eating breakfast.

Half an hour later.

Qin Shu carried her backpack and left the hotel with Boss in her arms.

With breakfast in her hands, Ye Xing followed behind and ate.

The hotel receptionist looked at the person and cat, followed by a woman. Her gaze was a little strange. She had been scared the whole of last night, but nothing happened?

Qin Shu hailed a taxi. She and Ye Xing got into the car one after the other and went straight to the bus stop.

Ye Xing finished the breakfast in her hands and asked Qin Shu in confusion, "Where are we going?"

"You'll know when we get there." Qin Shu lowered her head and smoothed out the fur for Boss. Boss squinted his eyes and looked like he was enjoying it.

Ye Xing's eyes looked at President Ba in Qin Shu's arms. The cat had been staring at her the whole night and didn't seem to like her. When did she provoke it?

They didn't say anything all the way until the train station.

Qin Shu paid the fare and brought Ye Xing to the waiting hall.

They waited for about 20 minutes before they boarded the high-speed train.

What made Qin Shu feel thankful was that although Ye Xing had lost his memory, her other abilities were still there, which saved her a lot of trouble.

It was already 1 p.m. when they arrived at Salt City after a four-hour ride.

Qin Shu first confirmed the exact location of their stay and then booked a hotel. It was at the same five-star hotel as Fu Tingyu. This time, she booked a suite.

When they arrived at the hotel, it was 2:30pm.

Qin Shu let Boss go to the balcony to bask in the sun. She sat on the sofa, took out her phone, and hesitated whether to call Ye Luo.

But she was also afraid of Ye Luo's temper. If he knew that she had followed him, he would directly tell Fu Tingyu and make him worry.

Qin Shu raised her head and looked at Ye Xing in front of her.

Being stared at by Qin Shu's clear eyes, Ye Xing asked, "Is there anything you want me to do?"

Qin Shu thought for a while, she took out a bank card from her pocket and handed it to Ye Xing. "Go and buy two suits. One suit is for you, and the other suit is for me. Get me a size M. Also buy a short black and brown hair, size 37 leather shoes, high insoles. Get it from a luxurious brands. Also, buy some pinhole cameras."

Because clothes of luxury brands could show the lowest standard of a person's identity.

"Okay." Ye Xing took the card and turned around to walk out.

After Ye Xing left, Qin Shu's gaze turned to Boss, who was lazily basking in the sun on the balcony.

Only four people knew that Fu Tingyu's combat strength had weakened, and the Crimson Sand Organization did not know. If they started fighting...

The suite that Qin Shu chose was less than ten meters away from Fu Tingyu's suite. After walking through the corridor, the corner was Fu Tingyu's guest room, number 709.

Fu Tingyu and the others had just returned from outside. When they got out of the elevator, they just happened to pass by Ye Xing who was entering the elevator.

The four of them were all handsome, not to mention Fu Tingyu's looks. Ye Xing glanced at them, her eyes flashing with surprise.

The four of them did not care because they had seen too many of such gazes.

When they returned to the guest room, Fu Tingyu instructed, "Let them continue to investigate where the Crimson Sand Organization had hidden Gu Yan."

They followed the clues all the way to Salt City and searched for the whole morning, but they still couldn't find where Gu Yan was hidden.

"Got it, Sir." Ye Luo took his phone and went to call the base's intelligence network.

Gu Yan was kidnapped on the fifth day after he went up the mountain, and he had been missing for almost half a month. The Crimson Sand organization was very ruthless, and they would do anything to achieve their goals. This made Fu Tingyu anxious and worried.

The last time Gu Yan was kidnapped, it was to treat a patient. They did not know who that person was yet.

The Crimson Sand Organization was too mysterious. Even the intelligence network could not find out the exact base and the person behind it.

Fu Tingyu sat on the sofa and took out his phone from his pocket. He had not contacted his honey for a few days, and he had not checked his messages for the past few days.

After opening his phone, he first took a look at Wechat and saw his honey's message.

[Honey: Hubby, are you done?]

[Honey: No matter how busy you are, you have to remember to rest. Mwah.]

There was also a video in the message box. His fingers subconsciously clicked on it, and he saw the girl wearing the black gown that he had custom-made for her. In front of the camera, she seemed to be smiling at him. Her smile was a little sweet, and it stunned him for a few seconds.

The doll collar, middle sleeves, and high waist design made this gown look especially young, especially the girl's palm-sized face. Her facial features were very delicate. Although she wore very old-fashioned glasses, the temperament from the inside out could not be hidden.

Familiar notes slowly drifted into his ears. Although the camera could only see the girl's figure, it could be heard that this was a piano performance, a song that he had composed.

Then, he heard a clear and melodious song. When he heard the first sentence, he knew that he had written the lyrics for this piece.

He remembered that he had not told her that he had already written the lyrics.

This piece was rather sad, and the lyrics were no exception. Because at that time, he was on the verge of losing his mind, just like a person who was about to fall into a pit of darkness.

The improvisation of the song allowed the feelings and paranoia in his heart to be vented. Only then did he feel much more at ease.

Now that he heard his Honey sing this song, coupled with the background music, although it was sad, it was very pleasant to listen to.

It touched his heart and it moved him a little.

The cold and stern gaze also softened slightly.

Chapter 527: Found Crimson Sand Organization, Qin Shu Hired them

Unknowingly, he finished listening to the song. The man held his phone tightly and watched the person in the video freeze at the last moment.

After thinking for a while, he directly dialed her phone, got up, and walked to the balcony.

[You are like a falling star in the Milky Way, inadvertently falling into my eyes, crashing into my heart...]

Her phone ringtones suddenly rang, interrupting Qin Shu's thoughts. She turned her head to look at the phone on the sofa. The ringtone was changed a few days ago.

She glanced at the caller ID, Baby Yu.

She immediately reached out her hand and picked up the phone to answer the call. She heard the man's familiar voice, "Honey."

"You finally remembered to call me?"

"I've been too busy recently. I just listened to your favorite song. It's very nice."

Qin Shu was both happy and a little proud to be praised by the man. "That's because the song you composed is nice. The lyrics are good."

Similarly, the man was also a little proud to be praised by his wife. He was not even in such a good mood when he received the award.

The corners of his mouth curled up. "How did you know that I had finished writing the lyrics?"

"I accidentally saw it in the study, so I wrote it down. Why didn't you give it to me after you completed the lyrics?"

"I still want to revise it."

"I think this is pretty good. Anyway, I like it."

The man looked out of the window. "Do you miss me?"

"Of course I do." She had even chased after him.

In her previous life, she had been so carefully protected. She had not seen the world and had not experienced any storms.

Now, she knew how important it was for a person to become strong.

After getting an answer, the man's gloomy mood improved a lot. "I'll go back as soon as possible."

"Okay, don't be too tired. Remember to rest."

"Okay."

Qin Shu hung up the phone and lowered her eyes. Her gaze fell on Boss. She bent down and picked him up, smoothing his fur. "Tonight, let's go out for a walk and familiarize ourselves with the terrain."

"Meow" Boss was a little excited. The claws in the meat cushion were also exposed due to excitement. Under the sunlight, they looked even sharper.

She smoothed Boss' fur for a while. When it was sleepy, she placed it on the sofa chair on the balcony and let it sleep on its own.

She turned around and walked into the living room. She picked up the laptop. Although she did not know the exact location of the Crimson Sand organization's base, she could take the initiative to let them out.

Hire assassins!

She opened the web page. There was a web address that allowed her to contact the other party.

When she entered the interface, there was a huge door in the background of the web page. The surroundings were pitch black, as if it was hidden in the darkness. It was eerie and terrifying.

There were four words written on the door, "Death Note."

The meaning was that as long as the name of the target was written, it was equivalent to death.

Qin Shu edited a piece of information about the target and sent it anonymously.

Mr. Ye:

Name: Luo Junsheng

Identity: President

After the message was sent, customer service replied shortly after.

[Death Note customer service: Mission Approved. Payment: \$5 million USD. If mission is incomplete – refund: 90%, service fee: 10%.]

Employment fee is \$5 million USD?

Service fee is 10% ?

Was this a robbery?

The corner of Qin Shu's mouth twitched. It was better to edit a message and send it over.

[Mr. Ye: Money is not a problem. As long as you complete the mission, it will be fine.]

She added in her heart, it would be strange if you could complete the mission.

After the message was sent, the customer service sent a payment link.

After Qin Shu sent the five million USD in one go, the customer service replied with a message.

[Death Note customer service: This is the ticket. If mission failed, this is the refund receipt.]

Ticket? Qin Shu felt that the customer service was here to make a joke. If they didn't have the ticket and didn't give the refund, the Death Note would be closed down.

Qin Shu logged out of the Death Note website and checked the route around the hotel where Luo Junsheng would be attending the charity event tomorrow night. She wanted to familiarize herself with it tonight.

At this time, Ye Xing also returned to the hotel, carrying bags in her hands.

"I've bought all the things you wanted." She placed the things on the sofa. She hung up the suit directly.

"Okay." Qin Shu put down the laptop in her hands, stood up, and walked to the sofa. She took out all the things that Ye Xing had bought and looked through them a few times, preparing for tomorrow night.

After looking through all the things, Qin Shu was very satisfied. It also showed that Ye Xing's ability and foresight were not bad.

"I'm going out with Boss Tonight."

Ye Xing hurriedly asked, "what about me?"

"As for you?" Qin Shu thought for a while and said, "go buy a sports car first. If you don't know how to drive, you can learn first."

She couldn't be the one driving tomorrow to the charity banquet?

"Okay." Ye Xing was not picky with her tasks. She turned around and left.

Night fell, and the lights were on.

Qin Shu changed into a set of clothes. She wore a pure black leather jacket and leather pants with a high ponytail. Her shoes were black Martin shoes.

She took out a dagger from her backpack and hid it on her body.

Before she went out, she wore a black mask. This way, even if she accidentally bumped into Fu Tingyu and the others, she would not be recognized with a glance.

Boss was kept in her black backpack, carried it on her back, and left with the car keys.

After leaving, Qin Shu glanced at the right corner of the corridor. The man's room was over there.

She didn't see anyone, so she walked straight out. Footsteps could be heard in the quiet corridor.

She walked to the elevator door and pressed the button for the first floor.

She stood at the elevator door and watched the numbers constantly change.

At this moment, she heard footsteps behind her. The footsteps were not chaotic, but steady and powerful.

As the footsteps got closer and closer, she suddenly heard a sentence.

“Salt City is too big. It’s very difficult to find someone if the person really wants to hide.”

Qin Shu was stunned. The voice was Ye Qing. She had just finished thinking when the footsteps behind her had already reached her. The elevator in front of her had also arrived. The door opened and she hurriedly walked in. Just as she was about to close the door, she saw Ye Luo’s figure flash in.

“Wait a moment,” Ye Luo reminded her expressionlessly.

Since she had already entered, Qin Shu simply withdrew her hand and turned sideways.

She had just turned sideways when Fu Tingyu’s tall and straight figure walked in. He caught a glimpse of a woman standing in the elevator. She was wearing leather clothes and leather pants that were very tight, making her legs appear long and straight. The reason why he took a second look was because he thought of his honey’s legs, they were also long and straight.

If he didn’t know that his honey wasn’t here, he would have thought that he saw her. This women’s legs looked like hers, and their height was about the same.

The other two people also walked in after her, making him to look away.

In the enclosed elevator, there were suddenly a few more men, and the space instantly became much smaller.

Qin Shu tried her best to stick to the corner, treating herself as an invisible person.

Fu Tingyu stood straight in the middle. He reached into his pocket and took out his phone. He opened the photo album, and it was full of his honey’s photos.

Among them, there were a few photos that he took while the girl was asleep. He took her full body picture, and she was wearing a nightgown.

He looked at the pair of legs, which were long and straight.

Fu Tingyu just suddenly wanted to look, but he immediately put away his phone. Because she was not by his side, he would only miss her even more by looking at her pictures.

Chapter 528: The Man Caught up with Qin Shu

Qin Shu’s heart almost jumped out of her throat. When she felt the man’s gaze on her, she almost thought that he recognized her. Luckily, he moved away.

Ding

The elevator door opened. Fu Tingyu took the lead and walked out, while the others followed behind.

Qin Shu and the others followed after them. She looked at the tall figures in front of her. It was so late. Where were they planning to go?

Although she was curious, she didn't have time to follow them. She had her own things to do.

Ye Luo walked straight to the parking lot to pick up the car.

Fu Tingyu stood there straight, with Ye Qing and Ye Feng standing behind him.

Qin Shu tightened her backpack and walked past in front of them.

She walked straight to pick up the car.

Fu Tingyu caught a glimpse of a black figure walking past from the corner of his eye. He felt that the figure looked a little familiar. He looked over and found that it was the woman in the elevator just now.

However, why did this figure look very similar to Babe's back?

He subconsciously took a step forward and chased after her. His pitch-black eyes stared at the back of the woman in front of him. She was carrying a bag on her back and his eyes narrowed.

"Lord Fu, where are you going?" Ye Qing caught up from behind.

Qin Shu tightened her backpack and looked at the sports car in front of her. She walked straight over. After unlocking the lock, she opened the car door and sat inside. She didn't even have time to take off her backpack. She started the engine, stepped on the accelerator, and drove away.

Fu Tingyu stopped and looked at the woman who had already driven away. He frowned. Did he miss her too much, so when he saw a woman's back, he thought it was her?

Babe didn't know how to drive.

Babe had never worn leather clothes before.

She liked to go out in men's clothes.

"Lord Fu, the car is here," Ye Qing reminded him.

Ye Luo parked the car beside Lord Fu, and Ye Qing opened the door.

Fu Tingyu retracted his gaze and turned around to get into the car.

Ye Qing also got into the car and closed the door.

Ye Feng sat in the passenger seat.

"Lord Fu, Luo Junsheng will attend the charity gala tomorrow. Do you want to go?" Ye Qing asked.

Fu Tingyu: "Yes."

Luo Junsheng had a good relationship with him. Luo Junsheng had already given him an invitation, so he had to go even if he was not that willing.

...

Qin Shu drove the sports car for a while before she took off her backpack. She unzipped it with one hand and let Boss come out to get some fresh air.

Boss had been hiding in her backpack and didn't dare to move because it smelled Fu Tingyu's scent.

Now that the danger was over, it climbed out of the backpack to get some fresh air.

Qin Shu drove the sports car all the way to the entrance of Fan Emperor Hotel and stopped.

She pushed open the car door with her backpack and went straight down. She picked up Boss and closed the car door.

Tomorrow night was the charity gala, and the preparations had already begun tonight.

After Qin Shu entered, she avoided the staff and glanced at the venue of the gala.

Her purpose for coming here today was to install a miniature camera.

Not only did she want to ensure Luo Junsheng's safety, she also wanted to follow the killer and find Gu Yan's hiding place along the way.

It was very easy to install a miniature camera. She would install one wherever it was suitable to hide.

By the time she finished installing, it was already two hours later.

Qin Shu took Boss around the hotel and then walked out of the hotel.

Then she drove around the nearby roads to familiarize herself with the route so that she would not be lost.

After two rounds, it was already past twelve o'clock.

Qin Shu then drove Boss back to the hotel. The journey was very smooth.

She opened the door and entered. She saw Ye Xing standing at the door.

"Are You waiting for me?"

"Yes, it's already very late."

Ye Xing had come back a long time ago. Seeing that Qin Shu was not back yet, she stood guard at the door.

"Just call me directly." Qin Shu placed Boss on the sofa and let it sleep first.

"I'm afraid I'll disturb you." Ye Xing was afraid that the call would come at the wrong time.

Qin Shu could not help but laugh. "Rest early. I still have things to do tomorrow."

"Okay." Ye Xing replied and returned to her room.

Qin Shu also went to wash up and sleep. She still had to prepare for tomorrow.

The next day

At the charity gala

Qin Shu wore a well-tailored black suit and short black-brown hair. In her makeup, she tried her best to disguise herself as a mature person and not look like a teenager at a glance.

In terms of decoration, Qin Shu made a lot of changes.

With the increased height of the insoles, she was a few centimeters taller and would not appear so short.

Qin Shu looked at herself in the mirror and was quite satisfied. When she walked out of the room, she saw Ye Xing in the living room.

Her male attire was not bad at all. She gave people the feeling that she was full of heroic spirit.

Although her makeup was a little bad, it did not matter because no one knew her.

Ye Xing was stunned when she saw Qin Shu's male attire. If she didn't know that she was Qin Shu, she wouldn't be able to tell that the man in front of her was Qin Shu.

Qin Shu saw the surprise in Ye Xing's eyes and curled the corners of her lips. "Let's go."

"Okay." Ye Xing replied.

Qin Shu put Boss into her backpack and took the lead to walk out with her bag.

Ye Xing followed behind.

Just as she walked out of the door, Qin Shu caught a glimpse of a few tall and straight figures walking over from the side. When she caught a glimpse of the figure walking in front, her mind twisted.

There was too much coincidence to go out today. Just as she walked out of the door, she met a man who was also going out.

Qin Shu and Ye Xing walked in front.

Fu Tingyu and the others walked behind.

When they reached the elevator, Qin Shu was not in a hurry this time because she could not avoid it.

Ye Xing pressed the button for the first floor.

Fu Tingyu, Ye Luo, and the others walked over and waited for the elevator as well.

Qin Shu lowered her eyes and glanced at her men's clothes. Men had seen her wearing a suit a few times. Would she be recognized?

The elevator door opened and Qin Shu walked in first. She turned her body sideways, was afraid that she would be recognized by the man.

Ye Xing followed behind.

Immediately after, Fu Tingyu walked in as well. He glanced at the two men in the elevator, then turned around and stood up straight.

Ye Luo and the others walked in and stood next to Lord Fu.

Ye Xing glanced at the four handsome men next to her. They were the ones she met yesterday. She only glanced at them and didn't look at them much.

Qin Shu stood next to the man. As long as she raised her head, she could see the man's face that could charm all the people, as well as his pair of deep eyes.

She had been in the elevator with him twice in a row. Was she destined to be recognized by him?

If he recognized her... He would be really angry this time.

At this moment, his phone suddenly rang. It sounded very loud in the enclosed elevator.

Fu Tingyu reached into his pocket and took out his phone. He glanced at the caller ID and picked up the call.

"What's the matter?"

"Grandma called me just now to ask what you've been busy with and why she failed to call you."

Fu Tingyan asked as he was eating, thinking that he must have been playing with Qin Shu and forgot to call Grandma.

Fu Tingyu knew that Grandma called him when he was on the mountain. There was no signal, so of course he couldn't get through.

"I'm outside now. I'll call grandma later."

"Did you have fun playing outside? You haven't come back yet."

"I'll go back in a few days." Fu Tingyu's eyes flashed a trace of doubt, how did his brother know he was outside?

Chapter 529: It was So Difficult to be a Younger Brother; She Sat with the Man

Qin Shu heard the man's call. If she guessed correctly, this call was from Fu Tingyan.

She forgot to call Fu Tingyan to let him know. What if he asked about her?

She glanced at the man beside her, felt quite anxious.

How many days did he need to spend?

He knew that his brother was not willing to let Qin Shu come back.

"Brother, I want to know where you learn martial arts in the past."

"At Qi Mountain. Why are you asking this?"

"I want to learn martial arts."

"I'll decide this when I get back."

"Alright then, I won't bother you and sister-in-law anymore."

Fu Tingyan hung up the phone after saying that.

Won't bother him and Babe? Fu Tingyu was just about to ask him when he realized that he had already hung up the phone. What did his brother mean?

"Ding"

Just then, the elevator door opened.

Fu Tingyu put away his phone and walked out of the elevator with doubt in his eyes.

The others followed.

Qin Shu only heaved a sigh of relief when she saw Fu Tingyu hang up the phone.

She walked out in large strides.

After Ye Xing walked out, she walked straight to the front to drive the car.

Qin Shu walked evenly. She had to call Fu Tingyan later. Otherwise, the man would definitely be suspicious.

After she walked out, Ye Xing had already parked the car at the door. She opened the door and waited.

Qin Shu carried her bag and sat in the car.

Fu Tingyu was about to get in the car, but he saw the car parked on the side. It was the car he saw yesterday, but the owner had become a man.

He only took a glance before getting into the car.

After Qin Shu got into the car, she took out her phone and dialed Fu Tingyan's number. It didn't take long for the call to go through.

Fu Tingyan asked in confusion, "Why did you call me?"

"I have something to discuss with you."

"What is it?"

"I came out with your brother."

"I know. What's the matter?"

Qin Shu hesitated for a moment and said, "He doesn't know that I came out."

Fu Tingyan was leaning against the sofa when he heard this. He suddenly sat up straight and asked, "What do you mean?"

Qin Shu didn't answer him. Instead, she reminded him, "You can't mention to your brother that I'm not at school during this period of time."

Fu Tingyan frowned. "Why?"

"I can't explain it over the phone. I'll tell you when I come back."

“No, you left with my brother. Why didn’t you go with him? Why did you have to do it secretly?”

Qin Shu was silent for a while and simply replied, “You don’t understand.”

“Do you think I’m a three-year-old kid who doesn’t understand everything?” Fu Tingyan was a little unhappy.

Qin Shu paused. She couldn’t tell him that his brother, whom he had always thought was very powerful, was so weak that he couldn’t even defeat a bronze-level fighter?

Moreover, the Crimson Sand Organization had a grudge against Fu Tingyu. He didn’t know what excessive demands they would make if they knew that he came to save Gu Yan.

He only brought three people at this time.

“Gu Yan has been kidnapped by the Crimson Sand organization. I want to save Gu Yan before the Crimson Sand organization knows that your brother has come to save him. The Crimson Sand Organization has a grudge against your brother. If they know that he has come to save Gu Yan, they will definitely make excessive demands.”

“What about you? Do you think that you are invincible just because you know little martial arts? If something happens, my brother, he...” Fu Tingyan could not continue. He could not imagine that scene.

Qin Shu pursed her lips. She could not tell Fu Tingyan that her martial prowess had been increasing all the time. In the past half a year, she had clearly discovered that her martial arts prowess had been increasing continuously. Now, she had already reached the level of a gold-rank fighter, she did not even need to pass the bottleneck period and directly rose to the gold rank.

Moreover, it did not have any intention of stopping. Her martial arts prowess was still in the stage of increasing. She just did not know if she could break through the platinum rank.

She thought for a long time and replied, “I have my own way. I’m stronger than you think.”

“Then why can’t you go with my brother?” Fu Tingyan didn’t know how strong she was, but she used to be a rookie.

“You don’t know your brother at all.”

Fu Tingyan was stunned.

“If you don’t want to make your brother angry or break this relationship, don’t say it. I have something to do, so I’m hanging up.”

Qin Shu hung up the phone.

“Are you threatening me?” Fu Tingyan had just finished speaking when he realized that Qin Shu had hung up the phone. Wasn’t she good at martial arts? Look at how cocky she was.

Bo Ye had just come out of the bathroom when he heard Fu Tingyan’s low growl. He asked, “What’s wrong?”

Fu Tingyan glanced at Bo Ye. “Nothing.”

He couldn't stop worrying.

The Crimson Sand organization. This name was so familiar. Just...

His brother's poison had been planted by the Crimson Sand Organization.

Even though it was because of Qin Shu.

Qin Shu was now facing the Crimson Sand Organization and not an ordinary hooligan. Was she capable to deal with that?

But Qin Shu's words were still ringing in his ears. Of course, he didn't wish for their relationship to fall apart.

Why was it so difficult to be a younger brother?

Bo Ye glanced at Fu Tingyan and knew that he was unwilling to say anything, so he did not ask further. He walked straight to his bed and sat down, preparing to read for a while.

At the venue of the charity gala

Before Fu Tingyu got out of the car, he instructed, "The three of you, pay attention to anyone suspicious."

Ye Qing said, "Got it, Lord Fu"

Fu Tingyu pushed open the car door, got out of the car, and walked straight into the venue of the charity gala.

Ye Xing parked the car steadily at the entrance of the hotel.

Before Qin Shu got out, she instructed, "Take Boss and put it in the hotel. It will find me on its own. Drive around the area and see if there's a suspicious car parked in a hidden place nearby. If you see a suspicious car, sprinkle this on the back of the car."

Qin Shu took out a bag of powder from her backpack and handed it to Ye Xing.

Ye Xing took it and looked at it without asking, "I know."

After Qin Shu gave her instructions, she opened the car door and got out. She walked straight into the venue of the charity gala.

Ye Xing drove the car to the side door. After parking the car, she took her bag and got out. When the hotel security was not paying attention, she opened the bag. Boss immediately darted out and entered through the side door.

Ye Xing stared at Boss's vigorous figure as it ran into the hotel. Her eyes were filled with disbelief. Could a cat be so smart?

Even a dog was not as smart as it.

Ye Xing watched for a while, then stood up straight and returned to the car. She then drove around the surroundings. Whenever she saw a suspicious car, she would look it up a few times.

At the venue of the charity gala

Even at a charity gala like this, it was unavoidable to socialize, build relationships, and make allies and partners.

Qin Shu found a quiet sofa with dim lights and sat down. She crossed her legs, then took out her phone and started to check the surveillance cameras.

Outsiders would think that she was playing with her phone.

Fu Tingyu held a glass of wine and looked at the people in the venue. He was going to leave after saying goodbye to Luo Junsheng. Now that he had confirmed that Gu Yan was in Salt City, he had to find him quickly.

He walked to a quiet corner and sat down. He found a person sitting at the other end, playing with the phone, which was so different from others at the gala.

Qin Shu was engrossed in the surveillance. She didn't realize that Fu Tingyu was sitting at the other end of the sofa and even glancing at her a few times.

Chapter 530: She Appeared at the Wrong Time and was Forcefully Pushed Away by the Man

At this time, Boss jumped up from the balcony in the backyard of the hotel and came all the way here.

Boss had attended parties with Qin Shu many times, so it knew where Qin Shu would stay.

Therefore, wherever there were fewer people and quiet, it would run towards.

It was petite and very fast, so it was not easy to be discovered.

Boss looked for a few places in the quiet corner and saw Qin Shu's figure. It ran over quickly.

When it ran to Qin Shu's side, it raised its leg and scratched Qin Shu's ankle. It was afraid that others would find out, so it did not cry out.

Qin Shu was still checking the surveillance camera when she saw a figure flash by in the corner. Her eyes narrowed and her ankle was suddenly rubbed by a furry claw. She looked down and saw Boss looking up at her.

Boss was quite fast.

She withdrew her gaze and caught a glimpse of the man sitting on the other end of the sofa from the corner of her eye. She was stunned for a few seconds. When did he sit over?

Her attention was on the surveillance cameras just now, so she ignored the movements around her.

She couldn't let the man see Boss, or else he would definitely recognize her.

Qin Shu quietly bent down and reached out to Boss. She pinched its claw and pointed to the side.

Boss could understand the meaning behind such a simple action.

After she released her claws, Boss turned around and ran to the balcony behind.

Qin Shu glanced at Fu Tingyu, then held her phone tightly. She stood up and walked to the balcony behind.

The curtains on the balcony were half-closed. She walked to the balcony through the gap in the curtains and saw Boss squatting on the ground.

She squatted down in front of Boss, reached out to pick it up, and whispered a few words into its ear.

Then, she placed it on the ground and patted its head. "Don't be discovered."

Boss stared at Qin Shu with a pair of dark green eyes, as if it was curious.

At this moment, footsteps came from behind, indicating that someone was coming.

The curtains were lifted, and a tall figure walked over, holding a phone in his hand.

Boss's figure jumped down from the balcony. It was less than a meter tall, so it was a piece of cake for Boss.

Fu Tingyu was holding his phone and was about to make a call. When he realized that there was someone on the balcony, he was stunned for a moment before he turned around and left.

Qin Shu turned around and saw the man's back disappearing behind the curtains. She let out a sigh of relief as she almost saw him.

A figure flashed past the surveillance camera. It was very fast with black clothes. It was on the second floor. This meant that the assassins of the Crimson Sand Organization were preparing to assassinate him. If nothing went wrong, it would happen within ten minutes.

This was because assassins paid attention to a quick battle.

She regretted for making up ugly today. Otherwise, if she met the man, she would feel guilty and be afraid of being recognized.

Qin Shu took a deep breath, stood up, and walked out.

The gala had started a long time ago. Luo Junsheng was the organizer of this event, and he was also the one who had invited high-ranking officials and dignitaries to donate.

Of course, he was also the first to speak.

Qin Shu's gaze turned to the second floor. In the northwest direction, she saw a black figure hiding in the dark, a place that was not easy to find.

She suddenly remembered a series of important things. If the killer saw Fu Tingyu and the assassination failed, he would definitely mention that Fu Tingyu had come to Salt City when he returned. He would also find out that he had come to save Gu Yan.

In that case, before Fu Tingyu found the Crimson Sand Organization, the Crimson Sand Organization would take the initiative to find Fu Tingyu.

Although Fu Tingyu could not find the whereabouts of the Crimson Sand Organization, the Crimson Sand Organization could not find Fu Tingyu's whereabouts either.

Unless he exposed himself.

Qin Shu's gaze swept across the venue of the gala and saw that not far away, the tall and straight figure of a man was walking towards this side.

At this moment, a waiter passed by. She picked up a glass of wine and walked towards the man.

She lowered her head slightly as if she was looking for something. When she was about to walk in front of the man, she deliberately leaned towards him and poured a glass of wine onto the man's high-end tailored-made suit.

"I'm... I'm sorry. Let me wipe it for you." Qin Shu cried out in surprise. She took out a silk handkerchief, lowered her head, and helped him wipe the wine on his clothes.

Qin Shu was wearing a voice changer, so she naturally spoke in a male voice.

He saw the man in front of him wiping the silk handkerchief left and right in front of him as if he was taking advantage of him.

Fu Tingyu was stunned. He pushed the man in front of him away and said coldly, "Getaway."

Qin Shu was pushed by the man, and her body took a few steps back. "Sir, could I buy you a new suit to change into?"

She lowered her head and continued, like a child who had done something wrong. A child who was timid and afraid to make others angry.

Fu Tingyu ignored the man who had poured wine all over him and turned around to leave. He still planned to call Luo Junsheng and tell him that he had left.

Fu Tingyu walked out of the hotel and Ye Luo was standing at the door.

He asked while taking off his clothes, "Do you have any clues?"

"I don't know the exact location yet. I only know the approximate location, between the South Third Ring Road and the northern suburbs," Ye Luo said.

The area between these two places was still very wide, so it was not easy to find them.

"Look for them one by one." Fu Tingyu took his clothes and directly got into the car.

Qin Shu only heaved a sigh of relief when she saw the man leave. She looked behind the pillar on the second floor. The other party was already ready.

She turned around and left the venue. She went straight to the power switch and turned off all the lights in the venue.

For a moment, the lights in the middle of the venue and on the stage dimmed, leaving only the surrounding lighting.

The venue suddenly became chaotic.

Qin Shu took advantage of the chaos and shouted, "There's an assassin."

When the guests below the stage heard this, they cried out in alarm. They hid because they were afraid that they would accidentally become cannon fodder.

At this time, all the bodyguards below the stage came up to protect Luo Junsheng. The security guards also rushed in from one side of the entrance.

The hotel management staff also started to check if there was something wrong with the electrical circuit.

These were not Qin Shu's concerns.

She quickly ran out and waited at the safety stairway. Not long after, she saw a black figure flash past in front of her. The speed was very fast, which also meant that this guy's martial prowess was excellent.

Boss also ran down from the back and chased after her.

Although Boss was small, it ran very fast and could closely follow this guy, because Boss had already smelled his scent.

Qin Shu directly ran behind Boss. After running out of the hotel, she ran for a street and saw that Boss stopped in front of her and did not run anymore. This meant that the killer had already gotten into the car.

Just as this thought flashed through his mind, an SUV whizzed past the intersection in front of them.

Qin Shu picked up Boss and ran out quickly.

At this time, Ye Xing drove the sports car and stopped in front of Qin Shu. "Are you going to chase after the car in front?"

"Yes." Qin Shu opened the car door and sat inside. After closing the car door, Ye Xing stepped on the accelerator and chased after them.

"Did you spill the powder?" Qin Shu asked.

"Yes, what's the purpose?" Ye Xing asked.

Qin Shu let out a sigh of relief. "Then you don't have to follow too close. It's easy to be discovered. Boss can smell the powder and find it."

If they found where they lived, saving Gu Yan would be easier.
