Chapter 551: Want a Hug, You'll Regret it If You Leave

The man was wearing a white shirt, his eyes were covered with gauze, and he held a small kettle in his hand.

Despite his identity, he felt like a man who didn't care about the world.

He drank tea every day, grow flowers, and lived a leisurely life.

He was so weak yet he didn't lie on the bed.

Could it be that the strong people liked to hold on themselves forcefully?

She walked in and closed the glass door.

Hearing the sound of the door opening and closing, the man knew that she had come. "Come over and take a look at these flowers. How are they blooming? I haven't looked at them for a few days. I don't even know how they are doing."

Qin Shu walked over and looked at the flowers on the shelf in front of her. All of them were blooming beautifully, and they were of different varieties. She turned her head to look at him. "They're blooming quite well. Did you manage them?"

The man nodded. "Yes, it's quite easy to grow flowers."

The man's voice was hoarse and very low as if he had been sick for a long time.

Qin Shu looked at the flowers in full bloom in the potted plant in front of her. Among them was the sunset flower. Its vines were attached to a wire net. The leaves were green and the purple petals covered the entire vine.

"Why did you plant the Sunset Flower?" She was a little curious.

The man said, "Because I like it."

He put the kettle on the shelf. "You haven't answered my question today."

Qin Shu asked, "What question?"

The man said, "The reason why you want to kill me."

Qin Shu didn't expect him to play dumb. She frowned. "Aren't you asking the obvious?"

The man sighed and said helplessly, "I really don't know."

Qin Shu didn't want to talk to him. He had kidnapped and threatened her. He had done so many things, yet he still pretended to be innocent?

The man saw that she was unwilling to answer, so he didn't ask any more questions. He would ask Yin Shi later.

Yin Shi pushed open the glass door of the greenhouse. When he saw his master and the woman, he said, "Master, the medicine is ready.."

The man said, "Let's go."

Qin Shu followed the man out of the greenhouse and all the way to the living room.

The medicine had been brewed and was placed on the coffee table.

Yin Shi was the first to walk over. He picked up the medicine in front of him and walked to the man. He reminded him, "Master, the medicine is a little hot."

The man reached out his hand. Yin Shi placed the bowl next to his hand and touched the bowl. The man's fair hand held the bowl and slowly brought it to his mouth. A strong smell of Chinese herbal medicine came to his nose.

Just by smelling it, one could tell how bitter the medicine was.

His bloodless lips were stained with the medicinal juice. When the medicine entered his mouth, the taste was extremely bitter.

The man finished the bowl of medicine in one gulp.

Yin Shi immediately handed him a cup of warm plain water and changed the bowl in the man's hand.

The man drank the warm water. After rinsing his mouth, the bitter taste faded a little.

Yin Shi took the cup and placed it on the coffee table.

Qin Shu saw that the man finished the medicine and said, "I can go now."

The man said, "Yin Shi, let Gu Yan Out."

"Master, your poison hasn't been cured..."

Before Yin Shi could finish, the man interrupted him, "Don't make me say it again."

"I got it, Master." Yin Shi lowered his head slightly. Knowing that his master was angry, he didn't dare to say anything more. He turned around and went to the basement.

Qin Shu went to the third floor.

The man heard footsteps and followed her up to the third floor.

In the room on the third floor.

Qin Shu picked up the wig and leather jacket and walked into the bathroom. She stood in front of the bathroom mirror and tied her long hair up. She used a hairnet to cover her hair and then put on the wig.

The wig was black rice dumpling-coloured. It was clean and neat.

She also put on her leather jacket.

Then she took out a mask and put it on, only revealing her eyes.

She put on the voice changer.

Looking at herself in the mirror, Gu Yan should not be able to recognize her.

Then she turned around and walked out of the bathroom.

Just as she walked out, she saw a man standing in the room.

The man said, "I'm leaving soon. How about a hug?"

"Not much." His voice was a little low, like a teenager's.

Qin Shu walked to the bed and looked at the pillow. President Ba was sleeping very comfortably there, he did not recognize the bed at all.

She reached out and directly put President Ba into her arms, and then she put it into her backpack. Because Gu Yan knew it, he could only let it stay in the backpack and zip it up.

The man heard the sound of the zipper and asked, "Will you come to find me next time?"

Qin Shu picked up her backpack and looked at the man. She said slowly, "When I walk out of this door, we will be enemies when we meet again. When I kill you, I won't have any scruples. You just pray that you won't meet me."

"You have no conscience." The man felt a little wrong.

Hearing the man's coquettish words, Qin Shu felt that she had to leave quickly. Otherwise, she wouldn't know what he will say.

She carried her backpack and walked out of the room with light steps.

She walked straight to the living room and saw Gu Yan standing there, as well as Ji Fei, who was beside him, with a medical kit in his hand.

Gu Yan still couldn't believe it when he heard Yin Shi say that he could leave.

He had been in the basement for more than half a month, and now that he suddenly came out, he was still a little dazed.

Qin Shu walked over and said to Gu Yan, "Let's go."

Gu Yan looked at the man in front of him and asked curiously, "Did you save me?"

"Yes," Qin Shu answered, then she walked out of the living room with her bag on her back.

Gu Yan followed her, "Who are you, and why did you save me?"

Ji Fei carried the medical box and followed behind.

Yin Shi, who was standing in the living room, watched as the three of them left. A hint of doubt flashed in his eyes. Why did that woman have to disguise herself?

If he did not know beforehand that she was a woman, he would not have been able to tell.

At this moment, on the third floor.

Hearing the sound of footsteps getting further and further away until he could not hear them, the man turned around and walked out of the room, standing in front of the fence.

He raised his hand and untied the gauze on his eyes. The pure white gauze fell layer by layer, falling from the third floor all the way to the wooden floor.

Seeing her leaving without a trace, he smiled. "You can see my face if you are leaving by tomorrow."

Qin Shu led Gu Yan out of the living room and saw the heavy iron door in front of her. She could not help but quicken her steps as if she was afraid that the man would suddenly go back on his word.

Gu Yan followed closely behind. "Who are you? Why did you save me?"

"I saved you while I was at it." Qin Shu walked out of the Iron Gate.

Gu Yan followed her with confusion.

Ye Xing was standing by the car waiting. Seeing that Qin Shu and the others had arrived, she hurriedly opened the car door.

Qin Shu carried her bag and directly got into the car. She sat in the passenger seat.

Gu Yan glanced at the man standing by the car. He didn't recognize him either.

"Get in the car," Ye Xing said.

Gu Yan sat in the back in confusion.

Ji Fei followed without saying a word.

Ye Xing then got in the car and drove away.

Yin Shi walked up and saw his master standing in front of the fence. He walked to his side and stood still.

"Master, your poison..."

The man turned his head to look at Yin Shi and asked coldly, "Are you guys hiding something from me?"

"Master..." Yin Shi lowered his eyes guiltily, wondering which matter his master was referring to?

Chapter 552: He Purposely Diverting, After Being Secretly Photographed

The man looked at Yin Shi. "Why aren't you saying anything?"

The master's voice sounded the same as usual, but in his ears, it sent chills down his spine.

Yin Shi's head was even lower, he said hesitantly, "Master, a long time ago, we took an order of sky-high price. Someone wanted Fu Tingyu's life. So we sent a few brothers to complete the mission. Because Fu Tingyu was too powerful, they kidnapped the woman next to him and held her hostage. In the end, they poisoned Fu Tingyu, the kind of poison that master was poisoned with."

"Because no one could cure master's poison, and it was getting more and more serious, they wanted to poison Fu Tingyu to see if he could find someone who could cure this poison."

Ever since they found out that Fu Tingyu's poison was cured, they couldn't find Gu Yan who was by Fu Tingyu's side. Although they knew that Gu Yan's medical skills were very good, they didn't expect him to cure the poison.

This was also the reason why they always thought of ways to kidnap Gu Yan, just to cure the master's poison.

And because of this, they lost many of their brothers.

When the man heard this, his brows furrowed. The woman by Fu Tingyu's side was his babe.

No wonder his babe wanted to kill him.

.....

On the way.

Gu Yan stared curiously at the two young men in the driver's seat and the passenger's seat.

Especially the man wearing a black mask. Why was he wearing a mask when he was fine?

"I've been locked up for so long, but they have no intention of letting me leave. Moreover, that man's poison hasn't been cured yet. How did you get him to let me go?"

Gu Yan might have been locked up for too long, so he couldn't help himself from talking so much.

"..." it couldn't be said that he accompany that man to eat, chat, and take a walk to get him out?

Qin Shu said, "Because I was the one who gave you that Herb."

Gu Yan was a little surprised. "So you were the one who gave it to me. You picked it from the mountain, right? I was wondering why that herb was so fresh."

"Who are you, people? You saved me, so I have to thank you. After being locked up for so long, I can finally see the Sun."

"You can ask Fu Tingyu to pick you up. When we get to the city, we'll be leaving," Qin Shu reminded him.

"You mean, he came to find me?"

"Yes," Qin Shu answered.

Gu Yan hurriedly took out his phone. He hadn't touched his phone for more than half a month, so he missed it.

His phone was turned off, so he turned it on first. After a while, the screen lit up, and there was still some battery left.

After he turned it on, his phone rang with dozens of messages.

He opened the messages and took a look. Many of them were from Fu Tingyu and his family members.

He dialled Fu Tingyu's number directly.

After he dialled, the call was answered in a short while.

A familiar voice rang in his ear, "Where are you?"

"I knew you guys were looking for me like crazy. I'm on my way to Yan City now. Where are you?"

"I'm on my way to Yan City too. Let's meet at the Weishan Hotel."

"Okay."

Gu Yan hung up and dialed his father's number again.

After the call was connected, he heard a mature and steady voice, "Where are you? Why I couldn't reach you by phone? What happened?"

Gu Yan was stunned for a moment and almost thought that he had dialled the wrong number.

"Uncle Gu, I'm outside. I'll be back in Jiangcheng in a few days."

"If there's nothing else, come back early. Your father hasn't slept well for many days. He just fell asleep, so I picked up the call."

"Tell my father that I'll be back in two days. Tell him not to worry."

"Yes, I know. You be careful outside."

"Okay." Gu Yan hung up the phone and looked at the man in the passenger seat. "You can send me to the Weishan Hotel. He's going over here."

Qin Shu said to Ye Xing, "Go to the Weishan Hotel."

"Okay." Ye Xing replied and continued to drive.

Gu Yan looked at the man in the passenger seat and said in a very sincere tone, "You saved me. Leave a name for me so that I can thank you in the future."

Qin Shu turned back to look at Gu Yan and said, "I just saved you on my way. You don't have to thank me."

Gu Yan's eyes flashed with a trace of doubt. Saved him on the way?

He brought a stalk of herb to exchange for him, and it was on the way?

Gu Yan was not stupid. Immediately he knew that he did not want to tell him his name.

He looked at the man in the passenger seat. Because he was wearing a mask, his face could not be seen.

He could only see the pair of eyes that were exposed outside.

Because he was sitting on the left side, he could just see the side profile of him.

He thought for a while. Since he was unwilling to say his name, he would take a photo first and ask Fu Tingyu to help find out who this person was.

After all, he had put in so much effort to save him from the red sand organization and even bring in a stalk of herbal medicine.

“Then how did you know I was locked up there? Lian Yu has been looking for me for so long, but he still could not find me.”

When Gu Yan asked this question, he turned on the camera function on his phone and took two photos while the other party wasn't paying attention.

Qin Shu turned back to look at Gu Yan. Why didn't she realize he was so smart before? She didn't even know how to answer the questions he asked.

“I knew it by accident. That herb was just a decoration to me. If they wanted it, they would have to pay a price. I saved you because I knew Fu Tingyu.”

“You know Fu Tingyu?” Gu Yan was surprised that he knew Fu Tingyu was looking for him.

.....

In the car.

Fu Tingyu put away his phone. He was relieved when he received Gu Yan's call. He had been looking for him for so many days, but he still couldn't find him. Now that Gu Yan suddenly appeared, he was confused.

Ye Qing was a little angry. “Master, the red sand organization must have spread the news on purpose to lure us away.”

The day before yesterday, they suddenly received news that Gu Yan had left Yan city and gone to the small province of C city.

So they followed the news and rushed over overnight.

In the end, after searching for an entire day, the traces of Gu Yan disappeared again.

He could not help but suspect that the red sand organization had spread the news on purpose, making them waste a day and a night.

Fu Tingyu frowned. Shi Yan's words were not without reason. He was just curious about the red sand organization's intention. What was their intention?

“Let's go back to the hotel first.” He had to ask Gu Yan why the red sand organization had suddenly let him out?

Weishan Hotel

Ye Xing parked the car in front of the Weishan Hotel.

Before getting out of the car, Gu Yan thanked him again before pushing open the car door and getting out.

Ji Fei carried the medical kit and got out from the other side of the car. He then closed the car door.

After the car door was closed, Ye Xing could not help but ask, “You had saved them. Why don't you want them to know that you saved them?”

Qin Shu looked at Ye Xing. "There are many things that you don't know. I must have my reasons for doing this."

Ye Xing nodded when she heard that. She did not know what had happened during that period, so of course, she did not know why she was doing this. Therefore, she did not ask again.

After Gu Yan got out of the car, he suddenly remembered something. Was he the one who saved him in the Mountain HuangTuo last time?

He looked up at the car and hurriedly ran over. He was patting at the window and he shouted, "Open the window."

Chapter 553: It Was A Very Coincidental Scene, and He Was in a Hurry to Return to the Capital

Qin Shu heard the sound and put down the car window. She glanced at Gu Yan. "Is there anything else?"

When the car window fell, Gu Yan leaned against the window and he could see him up close. He was wearing a black mask, and his exposed skin was very fair.

That pair of starry eyes looked a little familiar.

Qin Shu asked again, "What's the matter?"

Gu Yan came back to his senses and asked hurriedly, "I just wanted to ask you, the last time at Huang Tuo Mountain, it was you who saved me, right?"

Qin Shu was stunned for two seconds. She didn't expect Gu Yan to remember the incident at Huang Tuo Mountain. She thought for a while and said, "It's me. What's wrong?"

"It's you? You saved me twice." Gu Yan was excited. He reached into his pocket and touched it. Initially, he wanted to give him his business card, but it was empty.

Qin Shu saw Gu Yan reach into his pocket and touching all around, she asked in confusion, "What's wrong?"

Gu Yan was embarrassed. "I didn't bring my business card with me. I wanted to give you one, it is hard to get my business card."

Qin Shu couldn't help but laugh. Her smile was hidden in her mask. "I know."

Gu Yan was a medical genius. The dignitaries who begged to see him could line up in a long line.

He would not give his business card to others easily.

"However, you know Yu. It's easy for you to get in touch with me." Gu Yan thought for a while and said, "He will be here soon. Aren't you going to wait for him to have dinner together?"

Wait for him to come and have dinner together?

She was afraid of being recognized by him.

Qin Shu rejected him directly, "No, I have something urgent to do."

“Alright then, let’s have dinner together sometime.” Gu Yan straightened his body and moved his hand away from the car window.

“Okay.” Qin Shu responded and closed the car window. She said to Ye Xing, “Let’s go.”

Ye Xing stepped on the accelerator and drove away.

Gu Yan watched the car drive away. He withdrew his gaze, picked up his phone, and opened the photo he took secretly just now. It was a side profile. Those eyes had long eyelashes and bright eyes.

It looked familiar.

Gu Yan and Ji Fei went to a hotel and booked a room to wait for Fu Tingyu.

.....

“Stop in front for a while.” Qin Shu unzipped her backpack, giving President Ba some air.

President Ba’s pair of dark green eyes looked around. It was getting a little carsick after being covered in the backpack.

Ye Xing drove the car and stopped beside another hotel.

Qin Shu turned to look at Ye Xing. “I’m going back to the capital. Do you want to come with me?”

Ye Xing felt that Qin Shu was going to leave her alone, so she felt wronged. “If I don’t follow, I don’t know where to go either. My memories are still recovering. I don’t even know where my home is.”

Qin Shu thought for a while. She felt that Ye Xing had lost her memories and had nowhere to go. Although she was strong and smart, she was a person without memories and was alone.

Qin Shu felt sympathetic. “Then you can follow me first. We’ll talk about it after you recover your memory.”

Ye Xing let out a sigh of relief. “Okay, I can follow you to repay your kindness.”

Qin Shu said, “Then you go back to the hotel and take out all your things. We’ll take a car back to the capital together.”

Ye Xing nodded happily. “Okay.”

Only then did Qin Shu push open the car door and carry President Ba out. She stood there and waited for Ye Xing.

Ye Xing drove back to the Weishan Hotel. After parking the car, she walked straight into the hotel to get something.

Qin Shu carried her bag on her back and stood beside the signboard with President Ba in her arms, waiting for Ye Xing.

She leaned sideways against the signboard and held President BA in her arms. The broken hair on her forehead fell, and she wore a black mask on her face, only revealing a pair of beautiful eyes. Her eyelashes were long and curved, and they were very dense.

Under the sunlight, she looked very lazy.

The dark green eyes of President Ba stared around as if he was curious.

A gust of cold wind blew over. President Ba shrank his neck and nestled into Qin Shu's arms.

Qin Shu lowered her eyes and saw President Ba's action. She raised her fingers and pinched its ears, laughing out loud. "Do you know how to be afraid of the cold?"

"Meow" President Ba expressed that he was very wrong.

At this moment, a black luxury car drove over.

In the car.

Gu Yan was sure that everything was fine, which meant that he solved a problem.

Right now, his mind was filled with Bao'er. He does.

Fu Tingyu held his chin with one hand and looked out of the car window. He saw a sign not far away. There stood a man with a cat in his arms. His fur was black and looked especially bright under the sun.

The man looked down at the cat in his arms as if he was teasing it.

The car was moving very fast, and this scene flashed by in a flash.

In the blink of an eye, it was gone. When Fu Tingyu saw the cat, he thought of the cat that Bao'er had. Its fur was black.

He thought of Bao'er again.

The man suddenly said, "Book the earliest bus ticket for today."

"Got it, Master."

Ye Qing's reaction speed was slightly worse than Shi Yan's. Shi Yan always followed his master, so his reaction speed was well-trained.

Ye Qing was stunned for two seconds at his master's sudden words before he replied.

He took out his phone and started to book the tickets.

He booked two more tickets because he didn't know if Young Master Gu would follow him to the capital.

After booking the tickets, Ye Qing said, "Fourth Master, the tickets are booked for tonight at six o'clock."

Six o'clock?

By the time they arrived at Capital University, it was early in the morning.

This meant that they would be able to see Bao'er in the early morning.

WeiShan Hotel.

Ye Luo parked the car at the entrance of WeiShan Hotel.

Fu Tingyu was the first to push open the car door and get out of the car. He walked straight into the hotel.

Ye Luo, Ye Qing, and the others got out of the car one after another and followed behind him.

When they entered the elevator.

After Ye Xing packed his things, he took the elevator down. The moment the elevator door opened, he saw four men standing outside. He saw them before.

What a coincidence!

Ye Xing took a glance, retracted his gaze, and walked out with his bag.

Fu Tingyu was the first to walk in.

The other three followed behind.

Fu Tingyu dialed Gu Yan's cell phone number. After the call was connected, he asked, "Which room is it?"

Gu Yan said, "You're back so soon? I'm at 607."

"607." Fu Tingyu hung up the phone.

Ye Qing pressed the button for the sixth floor.

Ding

The elevator door opened and Fu Tingyu walked out, walking straight to room 607.

Ye Luo and the others walked behind him.

When they reached the door of Room 607, Ye Qing raised her hand and knocked on the door.

After a while, the door opened from the inside. Ji Fei leaned to the side and lowered his head. "Fourth Master."

Fu Tingyu walked in.

Gu Yan just came out of the bathroom. He had been locked up for so long. He needed to wash off his bad luck.

"You're quite fast." Gu Yan wiped his hair with a towel and walked to the sofa to sit down.

"Why did they suddenly let you out?"

Fu Tingyu's slender legs strode forward and sat down in front of the sofa. He turned his head to look at Gu Yan a few times. He was relieved when he did not find any signs of injury on him.

"Someone saved me today. Otherwise, I wouldn't have come out so quickly." Gu Yan continued to wipe his hair.

Fu Tingyu asked, "Who?"

Gu Yan stopped wiping his hair. "The man who saved me at Huangtuo Mountain last time. He said he was your friend."

Chapter 554: Photo. Because He Loved Her, He Admitted It

Huang Tuo Mountain, his friend?

"What's his name?" Fu Tingyu asked.

Gu Yan said, "I asked, but he didn't say."

Fu Tingyu frowned. His friend?

Why didn't he say anything when he came?

"He didn't want to say, but I was curious about who he was. So I learned my lesson this time and secretly took his photo."

Fu Tingyu turned his head to look at Gu Yan, waiting to see the photo.

Gu Yan put a towel on the back of his neck, picked up the phone on the sofa. He opened the photo album and clicked on the secretly taken photo.

After the photo was taken, he didn't have time to look at it.

"This is the photo." Gu Yan handed the phone to him.

Fu Tingyu took it over and looked at the phone screen. The first time he saw the photo, he thought he looked familiar.

He had short black and brown hair, wore a black mask, and was wearing a leather jacket.

He suddenly remembered the man who was holding the cat by the sign on the way here.

"I saw him on the road just now, but I didn't recognize him."

Gu Yan was surprised. "But he said he was your friend and saved me twice. I've been locked up for so long, and that man didn't intend to let me go. It was he who suddenly appeared and saved me."

In the end, he added, "I didn't cure him, and he won't live long."

Fu Tingyu had enlarged the photo and was ready to take a closer look. When he heard that, he turned to look at Gu Yan. "He won't live long, what do you mean?"

"The poison he was poisoned with was the same as yours, but much more serious than yours. He must have taken a medicine for a long time, or else he would have been terminally ill by now," Gu Yan said.

Fu Tingyu: "You didn't detoxify him, yet he didn't make things difficult for you?"

"Not this time. Other than not having freedom, he treated me pretty good." Gu Yan was telling the truth, just that he couldn't get out of the basement.

A barely noticeable look of surprise flashed across Fu Tingyu's eyes. "What kind of person is he?"

“His eyesight isn’t good. When the medicine was applied, his eyes were covered with gauze. I don’t know what he looks like. He’s quite kind.”

This was Gu Yan’s first impression of that man.

A trace of doubt flashed in Fu Tingyu’s eyes. It was somewhat different from the person he had imagined.

He lowered his eyes. The photo had been enlarged. His gaze stopped at the photo in front of him and finally, it fell on the exposed eye.

Because it was a side profile, he could only see one eye, and it was not a complete view.

His eyebrows were very long, very thick, and raised.

It gave him a very familiar feeling.

But he knew that there was no such person among his male friends.

“I’ll go take a look.”

Fu Tingyu returned the phone to Gu Yan, stood up and walked straight out.

Gu Yan held the phone and shouted, “What are you going to see?”

“To see who he is.”

Fu Tingyu walked out without turning his head.

Gu Yan retracted his gaze and looked at the phone, looking at the photos he secretly took. “Yu doesn’t even know him, why would he say that he’s Yu’s friend?”

Fu Tingyu drove his car to the sign at his fastest speed possible. He hoped that he hadn’t left yet.

The stop sign wasn’t far from the hotel. It didn’t take long for him to reach the stop sign.

He pushed open the car door and got out. Looking at the stop sign, the person was not there anymore.

Qin Shu got into the car and left just a minute before Fu Tingyu arrived.

Fu Tingyu looked around but didn’t see that person. The doubt in his heart grew.

Who exactly was he?

.....

Fu Tingyu returned to the hotel and walked into the guest room.

Gu Yan saw he returned and asked, “How was it? Did you see him?”

“No, when I went, he had left.” Fu Tingyu sat down on the sofa and frowned slightly.

“Did he purposely not letting you know who he was?” Gu Yan guessed.

Fu Tingyu was also thinking that he was deliberately hiding his identity.

“Send me that photo. I’ll get someone to check it out.”

“Okay.” Gu Yan sent the photo to him.

“I’ve booked a bus ticket back to the capital at six o’clock. Do you want to go to the capital?” Fu Tingyu picked up his phone and looked at the photo again. He felt that it was somewhat familiar.

“I’ll go with you.” Gu Yan wanted to check Qin Shu’s pulse to see how her body was recovering.

He seemed to have remembered something. “Did you rush here from the capital?”

“Yes,” Fu Tingyu answered.

“Then, is everything okay between you and her?” Gu Yan asked tentatively.

Fu Tingyu’s eyes froze. The thought of her taking the want birth control pill suddenly flashed through his mind, and he gripped his phone tightly.

Gu Yan sensed that something was wrong with him, he had a bad feeling. “What’s wrong with you?”

Fu Tingyu tilted his head and looked at Gu Yan. He pursed his lips tightly. Was he going to tell him that his wife was unwilling to bear his child?

Gu Yan felt a chill down his spine as he felt that something must have happened between him and Qin Shu.

He licked his dry lips and tried to explain for Qin Shu, “If she did something, there must be a reason. Don’t think too much about it.”

Fu Tingyu was silent for a long time. He opened his mouth, wanting to say that she did this because she hated him.

In the end, he didn’t say a word.

“Qin Shu...”

Gu Yan wanted to ask more, but Fu Tingyu interrupted him, “Get ready. We’ll go to the station later.”

After that, he stood up and walked to the balcony. He took out a cigarette from the box and lit it.

Gu Yan put one hand on the back of the sofa and turned his head to look at the balcony. He stood tall and straight in front of the fence with a cigarette between his fingers.

He did not know what had happened between them, so he had no way to ask.

Could it be that Qin Shu rejected Yu’s request to share a room with her?

That was all he could think of.

Gu Yan stood up and changed his clothes. He then walked to the balcony and stood beside Fu Tingyu.

He did not smoke, but he knew that the man was smoking silently because he had something on his mind.

“What’s going on between you and Qin Shu? Can’t you tell me?”

Fu Tingyu took a puff of the cigarette. Thick white smoke came out from the corner of his mouth. He looked at Gu Yan through the smoke, "You're right. Everyone does what they want to do. It's the same reason why she doesn't like me yet I still want to marry her as my wife."

He took another drag of his cigarette. "She lied to me because she wanted to be free and I have to admit it. It's because I love her."

Then he took another drag of his cigarette, trying to ease the pain in his heart.

He was human and had a heart, how could he not feel the pain?

When he knew that she took the contraceptive pill, it was like waking up the pain in his heart. The pain could not be suppressed and he wanted to vent it out.

In the end, he could only stop it in his throat, and the pain was hard to bear.

Gu Yan realized that the situation was far more serious than he had expected. Seeing that he had such an expression, he felt uncomfortable. "Yu, what exactly did she say?"

"She didn't say anything. What she said now is what I like to hear." Fu Tingyu lowered his eyes and sat on the fence in front of him. His slender legs were pressed against the ground, and he continued to smoke.

"Then how do you know that she's lying to you?" Gu Yan asked.

"Isn't there must a purpose to a person's sudden change?"

At first, he was against her change, but he accepted it later because of...

Chapter 555: Being Stuck in the Bathroom by the Man , She Was Unlucky

It was because their previous mode of getting along was not what he wanted. Every time he saw her avoiding him like a snake or scorpion, he would be at a loss, and his heart would also be irritated.

Then she changed, after getting along with him for a long time. He finally knew what it meant to be a husband and wife in harmony, loving each other very much.

It was what he had always wanted and looked forward to.

Therefore, he did not want to pursue the reason for her sudden change.

As long as they could continue to be together like this, he felt that it was very good.

Hearing this, Gu Yan thought for a while and said, "How do you know that after she changed, she was lying to you? Although she has changed quite a lot from before, it's much better than not changing, right?"

"I've never been in a relationship before, and I don't know how husband and wife should get together. I don't understand many things about relationships either. I also don't understand why you're so obsessed with her that you can't get out."

"I've been with her a few times, and I feel that she didn't change just to lie to you for the sake of freedom. I feel that she has a sincere heart for you."

Gu Yan looked at him and spoke seriously.

Fu Tingyu stopped smoking and raised his head to look at Gu Yan because he didn't expect him to say this.

Gu Yan asked, "Do you still remember the incident when she was shot?"

Fu Tingyu nodded. Of course, he remembered. Because of this, his heart ached for a long time and he blamed himself very much.

Gu Yan said, "She was just afraid that you would worry and care about your feelings, so she did not tell you."

Fu Tingyu was stunned for a few seconds when he heard that.

Gu Yan smiled and comforted him, "Alright, don't think too much. She's right by your side now, isn't she?"

Fu Tingyu smiled. Gu Yan was right. She was right by his side now. From the beginning to the end, he had no intention of letting her leave. His life was still long. He still had a chance to make her fall in love with him.

He put out the cigarette in his hand. "Get ready to go to the station."

"Okay," Gu Yan replied. He then got Ji Fei to carry his things and get ready to go to the station.

Half an hour later.

At the station, in the waiting hall.

Qin Shu's ticket was booked for 6 pm. She and Ye Xing sat in the hall and waited.

She crossed her legs, with a laptop on her lap. Her hands were typing and posting quickly.

The place where the assassins gathered, the deep sea forum.

Qin Shu's post was about the Death Note mission failure.

The main content was: [a five million USD list. If the mission fails, a 10% service fee will be charged. The efficiency is inversely proportional to the fee.]

After editing, she directly posted the post. She deliberately hacked the Death Note.

[Mo Wen: five million USD? A 10% service fee? Why didn't they rob it? You should have come to me. I only want three million USD. Look at my serious face.]

[10 roads: the efficiency of the Death Note is lacking now. They didn't complete my previous order either. They didn't even return the money. Brother, you are much luckier than me.]

[7th few: The Death Note has ruined its reputation this time. Will there be the third mission after they failed the second mission?]

Qin Shu looked at everyone's comments. Most of them were intentionally slandering them. Some deliberately wanted to take advantage of them.

In the end, Qin Shu didn't care. She just wanted death notes, which had been expanding in the world of assassins, to know that her money wasn't that easy to take.

Five million USD, ten percent of the service fee?

She put away her laptop and stopped reading those comments.

At this time, a slender figure flashed through her mind. His face was pale, and his words were very straightforward.

Especially his innocent and coquettish appearance.

She retracted her thoughts. Why was she thinking of him?

No matter how good he was to her, it wouldn't change the fact that he had hurt Fu Tingyu.

Just because of that poison, how many losses had Fu Tingyu suffered? How much pain had he suffered?

President Ba hid in his backpack, only revealing a pair of eyes looking outside as if he was curious.

Qin Shu put away her laptop and rubbed President BA's head. She then looked at the time on her watch — 5:40. It was almost time.

At this moment, at the entrance of the waiting hall, a few tall and slender figures suddenly walked over.

"What a coincidence, we bumped into them here again." Ye Xing looked at the few men who walked in, and a hint of surprise flashed in her eyes.

When she saw two of the men, she reminded Qin Shu, "The two men you saved are at the station too."

Qin Shu raised her head and looked over. She saw the most familiar figure walking over. It would have been better if she didn't look, but she was stunned when she saw him.

She thought that Fu Tingyu would return to the capital the next day, but she didn't expect him to book a train ticket for six o'clock.

Because there was another train at ten o'clock at night.

If he came to the station at this time, it would definitely be a ticket for six o'clock.

"I'm going to the bathroom to change my clothes." Gu Yan knew her because of the clothes she was wearing.

After Qin Shu said that, she put President Ba into her backpack, then put it on her shoulder and walked to the bathroom with the bag in her hand.

Ye Xing was very smart. She knew from Qin Shu's words that she didn't want to be recognized, although she was a little curious why?

She stood up and changed her position to avoid being recognized. After all, she was with Qin Shu.

When Fu Tingyu walked over, he saw a familiar figure. It was mainly that leather jacket and leather pants, which were very eye-catching.

He looked over at that figure. Because there was a bit of a crowd, that vigorous figure was sandwiched in the crowd. The more he looked, the more he felt that it was the man in Gu Yan's photo.

He realized that the figure was heading toward the bathroom.

"Wait for me here first. I'll go over and take a look."

After he finished speaking, he strode forward to catch up. He wanted to see who is the one who claims to be his friend?

"Where are you going?"

Gu Yan shouted at Fu Tingyu's back. Seeing that he did not respond, he thought about how Fu Tingyu's martial prowess had weakened and what kind of danger he was in.

He said to Ye Qing and Ye Luo who were beside him, "You two follow him."

Ye Luo and Ye Qing looked at each other and followed him.

Qin Shu carried her bag and walked into the bathroom. Looking at the pictures of a man and a woman, she thought for a while before walking into the men's bathroom.

When she entered, there was no one inside. She picked a cubicle at the side and walked in. She closed the door and started to change.

Not long after Qin Shu entered, Fu Tingyu walked in. There were only two people by the urinal. He couldn't see anything bad from this.

His gaze swept around the cubicle. He walked over, opened the cubicle in the middle, and walked in. Then, he closed the door.

Qin Shu took off her leather jacket and pants, then she changed into the suit. It was folded and put into her backpack, so it was slightly creased.

She couldn't care less about this. She picked up the suit and started to put it on one by one.

She heard the sound of the door closing next door. She tried not to make a sound so that people outside wouldn't suspect what she was doing inside.

After Fu Tingyu was done, he opened the cubicle door and walked out. Then, he walked to the sink to wash his hands.

He took out a tissue to wipe off the water droplets on his hands after he washed his hands. Then, he walked to the door and waited.

Qin Shu quietly changed her clothes and put the leather jacket and pants into her backpack. After tidying up her appearance, she opened the cubicle door and walked out.

Chapter 556: A Kiss Solve Every Problems

Outside the bathroom, Fu Tingyu put his hands into the pockets of his suit pants, and his slender figure stood there.

Ye Qing and Ye Luo, who had rushed over, saw their master standing at the door of the bathroom, with no intention of leaving.

They didn't walk over either, but just stood five meters away and waited.

The men's and women's toilets were together, and Fu Tingyu stood at the door. His good looks attracted many girls and women of all ages.

"Look, the man standing at the door is so handsome! !!" A 15 or 16-year-old girl kept turning her head to look at the man standing at the door.

"He's so handsome. Why is he standing at the door?"

"Maybe he's waiting for his girlfriend?"

"He's so handsome. His girlfriend must be extremely beautiful too. Otherwise, how could they be together?"

The three girls walked into the women's restroom and their voices gradually became softer.

Fu Tingyu stood upright. He was used to people talking about his good looks.

But, waiting for his girlfriend?

He had a wife in the capital.

After Qin Shu walked out of the cubicle with her bag in her hand, she walked straight to the sink and washed her hands. After washing her hands, she took out a tissue to wipe the water droplets on her hands. She looked at herself in the mirror in front of her.

Because she didn't have any makeup on, her facial features weren't modified, so people who were familiar with her could recognize her at a glance.

The cosmetics were in her backpack, but she didn't have enough time to put on her makeup. She was about to get on the bus in about ten minutes.

She changed into a new set of clothes. As long as she didn't meet a man face to face, he wouldn't be able to recognize her.

Oh right, there was also a mask.

She reached into her backpack and took the mask.

Her hand searched in the backpack for a while, but she couldn't find the mask.

She suddenly remembered that it had fallen off when she was taking off her clothes. She put it on the hook in the cubicle.

She turned around and walked in again. When she entered the first cubicle, she saw a black mask hanging on the hook on the cubicle board.

She reached out her hand and took off the black mask.

Fu Tingyu waited outside for a while. When he saw that the man in leather had not come out yet, he frowned slightly. He turned around and walked in.

He walked straight into the men's washroom.

When Qin Shu took the mask and turned around, she directly bumped into a wall of flesh. Because she was walking in a hurry, she hit it hard, and her nose was red from the impact.

Fu Tingyu walked steadily. He didn't take a step back even after being hit by someone. He steadied himself and looked down at the person who had bumped into him.

Qin Shu realized that she had bumped into someone and subconsciously said, "Sorry, I didn't mean it."

Then, she hurriedly took a step back and raised her head to look at the person who had been hit.

When she saw the person's face, she was stunned. Her brain was short-circuited for a moment.

Fu Tingyu was also stunned when he saw her face. He was in a hurry to return to the capital to see her, but now he saw her here?

He saw her wearing a suit and a wig and running to Yan City?

Qin Shu recovered from her shock. She never thought that she would bump into the man here, and even into his arms?

She felt that the gods were playing with her!

She opened her mouth and wanted to explain, "... I..."

Fu Tingyu saw two men zipping down their pants behind the girl.

His face instantly darkened. He stretched out his long arm and took a step forward. He grabbed the back of her head and pulled her into his arms. He covered her eyes and said in a cold and deep voice, "Let's get out and you need to explain to me why you are in the men's room."

As he spoke, his other hand took the backpack from her hand and brought her out of the men's washroom.

He did not walk fast so that she could keep up with his footsteps.

Qin Shu's entire face was stuck in the man's arms. Even her ears were blocked. She could only obediently follow the man's footsteps. Fortunately, he did not walk fast.

As she walked, she thought, why did I meet him in the men's washroom?

The man's tone was so cold just now. He must be angry, very angry.

Two men standing by the urinal had just zipped down. When they heard someone talking, they all turned around curiously.

They saw the two men walking out with their arms around each other. They were confused.

"If men don't go to the men's bathroom, should they go to the women's bathroom? How funny."

Fu Tingyu walked out with the girl and met the three girls who went to the bathroom with him just now.

The girl pointed at them who walked out and reminded them in a low voice, "Look, that handsome guy is not waiting for his girlfriend."

The other two girls turned their heads and saw the handsome guy just now. He was holding a short and thin boy in his arms.

Because his face was in the handsome guy's arms, his face couldn't be seen.

"Is he... a boyfriend?"

"I can't see his face, so I don't know if he's handsome or not."

The three girls looked back at the tall and handsome man as they walked. They were all curious about what the man in his arms looked like.

Fu Tingyu's face was dark. He heard what the three girls were saying. Boyfriend?

She was his wife.

The man walked out with her, but he still didn't let go. He was angry.

Did she run into the men's room?

Did she run into the men's room alone?

Thinking about the two men unzipping their pants behind her, his face darkened.

Qin Shu could only continue to stay in the man's arms. Even in some noisy places, she could still hear the strong heartbeat of the man, which made her feel at ease.

However, when she thought about the backpack in his hand, which have the leather jacket and pants she had just changed out of, she felt a little uneasy.

If the man saw it, she couldn't explain it clearly.

Ye Qing and Ye Luo, who was standing not far away, saw their master coming out of the toilet and suddenly had a man in his arms. They were confused for a moment.

What was going on?

Master was blocking the toilet, so he was blocking the man?

Ye Qing raised her elbow and nudged Ye Luo who was beside her. "Ye Luo, why did Master kidnap a man in his arms?"

Ye Luo looked at the Fourth Master with the short and thin boy in his arms expressionlessly. He suddenly thought of Qin Shu's appearance in a suit, as well as her criminal record of secretly following him out.

Was It Qin Shu?

"I guess it's Young Madam."

“Young Madam?” Ye Qing looked at the Fourth Master and the person in his arms in shock. The fourth Master only went to the toilet once, and Young Madam appeared?

Fu Tingyu walked for a while before releasing his hand and revealing her face. He looked down at her with a sullen face. “When did you come to Yan City? Why did you go to the men’s toilet?”

The man’s cold voice came from above. Qin Shu felt a chill down her spine. She raised her head to look at the man. His face was very dark, and he seemed to be very angry.

She rolled her eyes and suddenly put her arm around the man’s neck. Then, she tiptoed and closed her eyes to kiss the man, regardless of the people that were around and if they were watching.

After all, kissing him was the most useful thing. It was more useful than talking.

Because kissing could calm the man down, no matter how angry he was, a kiss could reduce half of his anger.

Chapter 557: You Still Know How to be Shy? Let’s Have A Good “Talk” About You Going Into the Men’s Re

Maybe it was because he spoiled her that she always used this trick.

Because she knew that, she likes it even more.

Because there was a person, even if he knew that she had done something wrong, would not criticize her.

Even if he was extremely angry, he would not do anything aggressive.

Except on the bed!

The moment he was kissed by the girl, the man was stunned. His body was stiff because the girl never kisses him in front of so many people.

It made him feel a little moved.

Ye Qing was stunned by this scene. Young Madam was so strong?

Ye Luo was stunned too when he saw this scene with an expressionless face.

In just two minutes, a group of people gathered around them. There were all kinds of expressions in their eyes. Some were curious, some were surprised, some were stunned, and some were excited.

“I wish you all happiness, 99999...”

“Ah! ! ! So much love, I’m so envious!”

Qin Shu had been kissing the man very seriously at the beginning to make his anger subside. Suddenly, she heard someone shouting. She opened her eyes and saw a pair of pitch-black eyes. They were bottomless.

The man was stunned by the sudden blessings too. He glanced at the girl in front of him. Their lips were still touching.

“Are you going to let people watch you like this?” The man had a deep voice.

Qin Shu blushed and moved her lips away. Her hands were still wrapped around the man’s neck. From the man’s tone, she knew that half of his anger had subsided. She moved her lips to the man’s ear. “I missed you, so I followed you here.”

The girl’s voice was soft and pleasant. When he heard it, his heart softened a little.

However, when he thought of her appearing in the men’s restroom, his face was gloomy and he was very unhappy. “Then why did you appear in the men’s room?”

“I’m wearing men’s clothes. If I enter the women’s room, I’ll be scolded as a hooligan.” After Qin Shu said that, she felt that the man’s face was still gloomy, so she explained, “I didn’t see anything. I entered with my head lowered. I can swear.”

After Qin Shu said that, she raised her hand and made a gesture of swearing.

Qin Shu’s gesture of raising her hand and swearing made the surrounding crowd excited. Then, there was another round of applause. It was warm and loud.

Qin Shu turned around and looked at the surrounding crowd. For a moment, she was confused. Why were they so excited about her swearing?

The man held her raised hand tightly and glanced at the surrounding crowd. With a dark expression, he held her hand and left.

Because of the girl who suddenly appeared, Fu Tingyu had forgotten the purpose of following her into the bathroom.

When he remembered, it had been a while. He must have left already.

So there was no need to go back to block his way.

Of course, Qin Shu followed behind obediently, step by step. The man was still angry.

She suddenly thought of Ye Xing. She hurriedly took out her phone and secretly sent her a message. After sending it, she stuffed the phone into her pocket.

The onlookers who were still watching them saw them walk away hand in hand. They were watching them leave because they were too excited.

Ye Qing looked at the group of people who were applauding and nudged Ye Luo’s arm with her elbow. She asked curiously, “Ye Luo, why are they so excited?”

Ye Luo said without an expression, “I don’t know.”

“You don’t know either!” Ye Qing looked at the onlookers who were still watching with some confusion.

When Qin Shu passed by Ye Luo, she handed the backpack to him and then continued to follow the man obediently.

Ye Luo expressionlessly stretched out his hand to take it. He felt a little heavy as he thought about how Qin Shu always brought President Ba with her wherever she went.

He unzipped the zipper and saw President Ba's pair of dark green eyes were looking at him pitifully in the backpack. It was suffocating to death.

Ye Luo reached his hand in and fished out President Ba with one hand. Then he handed the backpack to Ye Qing while he carried President Ba and followed Fourth Master's footsteps.

President Ba lazily nestled in Ye Luo's embrace, its eyes were half-closed. Being carried by someone was much more comfortable than staying in the backpack.

It opened its mouth and yawned. Then he put its head on Ye Luo's arm and closed its eyes to sleep.

Ye Luo looked down at President Ba. Did he use his hand as a bed? He could sleep whenever he wanted?

Ye Qing took the backpack and looked at President Ba in Ye Luo's arms. Young Madam always brought a cat with her wherever she went. Wasn't it a burden?

....

Ye Xing looked at the time and saw that it was almost six o'clock. There were only two to three minutes left. She did not see Qin Shu coming over and was about to look for her.

At this moment, a notification sounded on her phone.

She hurriedly took out her phone and swiped the lock screen. She saw a message from Qin Shu. It was a very simple message as if she was in a hurry to send it.

[Qin Shu: Get in the car first. See you in the capital.]

After Ye Xing read the message, she thought for a few seconds. Then, she took her bag and went to the ticket gate to check the tickets. She got in the car and went to the capital.

Perhaps it was because she was born with reflexes and IQ. After receiving such a message, she could calmly respond.

Her age was obvious. She was not a teenage girl who would be at a loss when she was in trouble.

Qin Shu was afraid that Gu Yan would recognize Ye Xing because she had never changed into this outfit before. Perhaps it was because she liked men's clothing.

Therefore, it was better to avoid meeting her for the time being.

.....

Gu Yan sat on the chair and waited for a long time, but no one came over. He looked down at the time and saw that it was already 6:10 p.m. The car had left.

What on earth had he gone to do?

Just as he was wondering what Fu Tingyu was going to do, he saw two people walking over from not far away, holding hands. At first, they were stunned, then they looked in disbelief at Qin Shu who had suddenly appeared here.

Why was she here too?

Did Yu suddenly leave just now because he saw Qin Shu and went to look for her?

Qin Shu obediently followed the man and walked in front of Gu Yan. She smiled at him when she saw his surprised expression.

Gu Yan asked, "Why are you here?"

Qin Shu held the man's big hand tightly and said, "My husband is here. Why can't I come?"

When he heard Qin Shu's words, Gu Yan couldn't help but laugh. He glanced at Fu Tingyu.

Fu Tingyu felt the girl suddenly hold his hand tightly as if she was gripping his entire heart. Although he was angry that she had secretly followed him without saying a word, he was very happy to hear this. He was really happy.

Seeing his expression, someone can tell that he was happy in his heart.

Gu Yan took back his time and looked at Qin Shu. "How did you find me?"

Qin Shu said, "Of course I have my way."

Alright!

Gu Yan didn't know what her way was, but it sounded pretty amazing when he heard it.

"We missed the six o'clock bus. We can only take the ten o'clock bus back to the capital," He reminded.

"Book the tickets," Fu Tingyu instructed.

Ye Qing received the order and turned to buy the tickets.

Ji Fei followed her as well to buy the tickets.

There were still four hours left until ten o'clock, and the time was long.

Fu Tingyu held the girl's hand tightly and led her out of the noisy waiting hall.

"Where are you taking me?" Qin Shu asked she followed him obediently.

"Let's have a good talk about you going to the men's room."

The man's voice was deep and magnetic. It was very pleasant to the ears.

In Qin Shu's ears, it sounded like he was going to settle accounts. The so-called talk might not be a talk...

Chapter 558: You Can't Even Bear a Small Bun if You Don't Want to Be Crooked,

As she understood the tone of the man's words all too well.

Qin Shu raised her head and looked at the tall and slender man beside her. She wondered if he was still angry with her because of her usage of the contraceptive pill?

Gu Yan watched as the man held Qin Shu's hand and left, he didn't look good just now. could he be still angry?

He looked at Ye Luo and Ye Qing in front of him, then glanced at Boss, who was sleeping in Ye Luo's arms with his eyes closed.

"What happened just now? Why did your Madam suddenly appear at the station?"

Ye Luo hugged Boss and didn't say anything, he was wondering if he should go buy some dried fish?

Ye Qing had to answer the question, "Mr Gu, I don't know either, Mr Fu went to the toilet and when he came out, he carried Madam in his arms. I was also wondering why she came out from the toilet."

Gu Yan couldn't help but lifted the corner of his mouth and casually said, "Could it be that she was brought out from the men's washroom?"

"Eh... maybe." Ye Qing didn't go into the toilet, he didn't know if his Master had brought their Madam out from the men's washroom, did he?

He suddenly realized that a woman went into the men's washroom?

Ugh! ! !

"No wonder he was so angry." Gu Yan guessed that he had brought Qin Shu out from the men's washroom, otherwise, why would his face be so dark?

..

Qin Shu followed the man all the way to a blind spot in the departure lounge, normally, no one would come here.

In addition, it was already at night, very cold in winter and not the peak season for tourists, so no one came here.

The man stopped and confronted her at the blind spot, he let go of her hand, came to her side, and slowly unbuttoned his jacket.

Qin Shu watched the man unbuttoning his jacket and was stunned. This was out in the open, and it was very likely that someone would pass by, what was the man trying to do?

The man continued to undo the second button and then began to take off his jacket.

Qin Shu was a little anxious, she grabbed his hand and stopped him from taking off his clothes, she then lowered her voice and said: "There's a hotel nearby, let us go to the hotel."

The man paused and looked at her, his eyes full of deep emotion.

Qin Shu's grip on his hand tightened, she suddenly remembered that her arm was injured and it was not a good idea to go to a hotel, she tilted her head and looked at the glass wall across from her: "Er... I just want to talk to you."

"Didn't you say you want to go to the hotel?" The Man's eyes were dark as he continued to take off his jacket, there was only a white shirt inside and the fabric was quite thin.

Qin Shu was stunned as she saw the man took off his jacket and put it on her.

The scent of the man still lingers on the jacket, it had a faint tobacco smell, and it didn't smell too bad.

The man was nearly 1.9 meters tall. His jacket was much bigger on her shoulders, and it could wrap her up very snugly.

Her clothing was very light, as it was winter now, and there was no air conditioning in the departure lounge of the station, it was very cold.

That was why he took off his jacket for her.

Ugh! ! !

She had actually thought the other way just now.

"I don't want to go now, it's fine to stay here."

The man looked at her expression and her words "Go to the hotel", and he knew that she had thought otherwise.

"What do you think I'm going to do?"

"... I didn't think you were going to do anything." Qin Shu's voice was even lower, as she felt a little guilty.

The Man's dark eyes stared at her. "No matter what the reason is, it's not an excuse for you to be in the men's washroom, so how do you think I should punish you?"

At this time, she should just let the man leads.

"Punish me however you wish." Qin Shu felt that this was not enough, she raised her hand and promised, "I promise I won't enter the men's washroom next time."

The man's voice turned cold. "Is there a next time?"

Qin Shu hurriedly shook her head. "No, there won't be a next time, this is the last time."

The man stared at the girl for a long time, her eyes were sparkling like the stars in the sky, very dazzling.

He suddenly stretched out his arms and pulled her in, he pressed his chin against her hair, feeling that she was actually in his arms.

The moment he saw her, he wanted to hold her in his arms, as tight as he did now.

Being held in the man's arms so tightly, her wound on her arm was forcefully strangled, the pain made her suck in a breath of cold air.

But at this time, she could not push the man away definitely.

Her husband's heart was really fragile!

Qin Shu endured the pain and reached out to wrap her arms around his lean waist, pressed her face on the man's chest, without the obstruction of the suit jacket, she could hear the man's strong and powerful heartbeat more clearly.

It made her feel very at ease.

She hugged the man quietly and suddenly said, "I didn't reject the idea of having our children, please don't be angry anymore, okay?"

The man's body stiffened when he heard that, his arms tightened a little, he was silent for a long time before he said, "As long as you stay by my side obediently, I won't be angry anymore."

He would make her fall in love with him.

There would definitely be children in their future.

The man's low voice rang in Qin Shu's ears, and it made her heart ache.

She suddenly let go of the man's waist and put her arms around his neck, stood on tiptoe and pressed her lips against the man's ear, she said softly, "I'll bear your children."

She didn't want to be a mother at her young age as she was still a student, there were lots of things to do.

She wanted to protect the man before he regains his martial art strength.

But the man was so anxious, so looking forward to having children.

She didn't want to let him down.

The man was stunned, he tilted and looked at the girl in front of him, he asked with uncertainty, "You really are willing to give birth to my child? You are not lying to me?"

Qin Shu stared into the man's eyes and said with certainty, "I'm not lying to you."

The man looked at her, perhaps he had been lied to in the past, so he wanted to make sure this time, he wanted to know if she was indeed willing, or if it was just another excuse to lie to him.

After looking at her for a long time, he could not be sure whether it was true or not.

Just as before, she had also promised to bear his children and he thought it was true.

He suddenly grabbed her wrist and walked straight out of the station.

The man's sudden action stunned Qin Shu. She staggered to follow the man's footsteps.

"Where are we going?" She asked.

"To get a room," the man replied without turning, his footsteps were haste just like his mood, only by getting her pregnant, then could he know that she was indeed willing to give birth to his children.

He didn't need to think so much.

Willing to bear his children meant that Gu Yan was right, and that she was sincere to him as well.

... get a room?

Qin Shu looked at the man's hasten footsteps, his palm, which had always been slightly cold, was now much warmer, her hand felt warmth and she could feel that his hand was sweating.

Was he nervous or excited?

Outside the station, the wind was biting cold.

There was a four-star hotel not far from the station.

Qin Shu followed the man into the hotel obediently.

The moment they entered, the front desk clerk was stunned by the two's looks. So gorgeous! ! !

The man stood at the front desk, took out his wallet, took out his ID card, and handed it to the receptionist. "Room by the hour."

Chapter 559: Discovered that He was Injured and was Blatantly Biased

He was anxious, but up front he looked very calm, however, when he took out his ID card, it revealed his anxiousness.

Qin Shu stood beside the man and watched him took out his ID card from his wallet, his actions and being were very noble, one really couldn't tell that he was in such a hurry to get a room with his wife.

And he said it so boldly?

What happened to abstinence and the strict character of a CEO that stay away from women?

The front desk attendant still hadn't recovered from the exquisite beauty of the two men in front of her, she reached out subconsciously and took the ID card.

She then realized that the super handsome man in front of her was here to get a room-by-the-hour.

The front desk attendant looked at the two men in front of her. One taller than the other, their looks were gorgeous, she wasn't seeing things, these two men were here to get a room?

As a person with professional ethics, she could not ask any further about the customers.

She lowered her eyes and looked at the ID card in her hand, even the ID photo was so handsome.

Today was indeed a feast for her eyes.

The receptionist recorded the information and checked them in, then, she handed the room card and ID card to the handsome man in front of her, she smiled and prompted, "If you need anything, please call the customer service."

The Man took the room card and ID card, looked at the room number, then held the girl's hand with his other hand again, and walked toward the elevator.

When they entered the elevator and the door closed, in the enclosed space, there were only her and the man.

Her hand was held in the man's palm, the temperature was very high.

The man looked at the girl, and then glanced at the time on his wrist, there were only three hours left, so he only had a little more than two hours.

The time was too short. It was simply not enough.

“Ding”

The elevator door opened, the man led her out and came to the front of the room, after inserted the room card, he pushed the door open and walked in.

Qin Shu followed him in, she heard the door being closed by the man with a “Click” sound.

The two of them had been together for a long time, but this time, they were inexplicably nervous.

Her arm was still injured, she might have bled from the man’s forceful grip just now.

She didn’t know that the man would be so anxious when she said this (to bear his children).

“Why are you standing still?”

The man stood straight in front of her and looked at her, his eyes were very deep.

Qin Shu looked up and gazed right into the man’s dark and deep eyes, as if she was going to fall in with him.

“Do you want to take a shower?”

The man said, “It’s a waste of time.”

As he spoke, his hand reached out to her body, took off the jacket, and threw it on the sofa by the side. Qin Shu was speechless.

How anxious was he?

The man pulled her into his arms, lowered his head, and kissed her fiercely.

When the man found the wound on her arm, his heart ached terribly. His face darkened. “Who hurt you? Why didn’t you say anything?”

He had hugged her so tightly just now, he must have hurt her, main issue was that she didn’t say a word, which made his heart ache even more.

Qin Shu looked at the bandage wrapped around her arm, tied with a bow.

It was tied by that man.

There were traces of blood on the pure white bandage, the wound must have bled.

She looked at the man and explained, “I was injured by accident, but I returned all my injuries.”

When the man saw that the girl did not seem to care about the wound, his heart ached even more, thinking about how she had secretly followed him several times, he could not help but ask, “Why did you have to follow me?”

Qin Shu wrapped her arms around the man’s neck and said slowly, “Because if I didn’t follow you, I would feel uneasy.”

She had originally wanted to say that she had followed him because she missed him, but this reason was not sufficient as they had only been apart for a few days.

So, she told him the truth.

The man was stunned and seemed to be in disbelief. "Are you afraid that something would happen to me?"

Qin Shu nodded. "Yes, I'm afraid."

The man reached out his arm and pulled her into his embrace, there was an indescribable joy in his heart because his Babe really cared about him, she was afraid that something would happen to him and he got hurt.

Could he try to believe in her, believe that all her changes were because of him?

Could it not be because of other motives that caused such a huge change?

He could handle anything with ease and confidence, he could act swiftly and ruthlessly.

However, he had no confidence on matters concerning her, nor could he be decisive and ruthless.

Just one sentence from her could make his heart sank to the bottom and could also make him overjoyed.

"But you can't secretly follow me, if something happens, I won't be by your side."

The Man couldn't imagine that he wouldn't be by her side if something happened to her.

Qin Shu pursed her lips and thought, if I don't come secretly, you won't let me follow either.

It must be due to her arm injury, the man was a little concerned and gentle.

..

Gu Yan leaned against the back of the chair and almost fell asleep, when he opened his eyes, he hurriedly looked at the time. It was 9:30.

He raised his head and glanced around, but he couldn't see Fu Tingyu and Qin Shu, a hint of doubt flashed in his eyes. "It's already 9:30. Where are your master and madam?"

He was asking Ye Qing.

"I don't know either. Mr Fu hasn't come back since he left with Mrs Fu."

Gu Yan had a bad feeling. "Are we going to miss the ten o'clock bus again?"

If he had known, he would have stayed in the hotel and returned to the capital the next day.

Ye Qing was also puzzled. "I don't know, Mr Gu."

Ye Luo was carrying Boss and did not let go, even when he fed him dried fish, Boss would snuggle in his arms, acting like a real boss.

Ye Luo was speechless.

Actually, Boss was just afraid of the coldness, the chair was a little cold, so where could be warmer than the blockhead's embrace?

:40 pm

The man checked out of the room, took her out of the hotel, and walked straight to the station.

Along the way, the wind was a little strong.

In addition to what they had done in the past two hours, Qin Shu walked pretty slowly, she basically could not keep up with his pace, when the man walked a bit faster, .

The man seemed to sense that she could not walk fast, he suddenly stopped, bent down, and carried her horizontally, then, he strode toward the station.

Suddenly being carried, Qin Shu instinctively stretched out her arms and wrapped them around the man's neck to balance herself.

She buried her head in the man's chest and suddenly thought of a question, she raised her head and looked at the man. "Do you want a boy or a girl?"

The man replied, "A boy."

The man answered without hesitation made Qin Shu stunned. "You Value Boys over girls?"

Why didn't she know that the man valued boys over girls?

The man said, "Give birth to a boy, when he grows up, he can protect you together with me."

"What about giving birth to a girl?" Qin Shu couldn't help but be curious, couldn't a girl do?

"Giving birth to a girl and she is my princess, I'll spoil her together with you." The man lowered his eyes and looked at the girl, giving birth to a girl would definitely look like her, it wouldn't be too bad.

Then, giving birth to two?

Isn't two a bit too little?

May be three?

Four?

Or...

Hearing the man's words, Qin Shu was really touched, to meet a man who had always doted on her was a lucky and happy thing.

"Why can't boys be spoiled like princes?"

This was blatantly biased.

Chapter 560: Not Tired? I Must Have Been Too Gentle

But the man said, "Boys need to be trained and nurtured when they are young, only then they could grow up and be able to take on responsibility, and have the ability to stand alone."

That was how he had been trained when he was young.

Qin Shu now knew why the man could be so independent at such a young age, he should have been trained by his father since he was young.

“That must have been very tough.”

The man chuckled. “Only by putting in effort then will one gain, you can become the person you are now, if it wasn’t tough, it means that you haven’t really worked hard enough.”

Just like when he was learning martial arts, his martial art strength was the one that improved the fastest among all of them.

It wasn’t that others didn’t work hard, it was just that he worked harder than others, coupled with his talent, he learned very quickly.

Even his master said that he has talent and that he was a good material to learn martial arts.

Seeing the man shake his head, Qin Shu still felt sorry for him, to achieve what he had now, he should have put in a lot more efforts than others when he was young, to be who he is today.

As the two of them spoke, they had already walked into the departure lounge.

Gu Yan saw Fu Tingyu walking in with Qin Shu in his arms, he was stunned for a moment, what were they doing earlier?

When they came close, he saw that Fu Tingyu was flushed and he looked refreshed.

This is...

As a doctor, he seemed to have known what Yu was doing with his wife.

He stood up and saw that their relationship was pretty good, he was happy for him, but he still couldn’t help but teased, “You guys are finally here. I thought I will miss the 10 o’clock bus.”

Qin Shu glanced at Gu Yan, his eyes seemed to know that she had gone to a hotel with the man, her face blushed and she immediately hid herself in the man’s arms.

The man noticed the movements of the person in his arms, he looked and saw that the girl’s face was blushed like a red apple, he knew that she was shy, he looked up at Gu Yan, “Let’s get into the car.”

“Let’s go, we can sleep in the car, I’m a little sleepy.”

Gu Yan smiled and turned to walk to the ticket counter.

Fu Tingyu also walked over with his wife in his arms.

Ji Fei and Ye Qing went ahead to check in for all in advance.

Ye Luo followed his master with Boss in his arms.

After the group got into the car, the seat numbers were all connected.

Ye Qing, Ye Chen, and Ye Luo sat together.

He had been holding Boss in his arms for more than four hours.

Boss ate some dried fish, was carried by someone, and now he began to feel sleepy again, he yawned and closed its eyes to continue sleeping.

After Gu Yan sat down, he decided to take a nap.

Ji Fei was right next to him.

Fu Tingyu carried the girl and sat in his seat, he did not plan to put her down, instead, he let her sit on his lap and take a nap.

Qin Shu struggled to sit up and go to the seat next to the man, however, the man hugged her even tighter and did not let her get up.

"If you're tired, then sleep." The man's gaze was extremely gentle.

Tired... these words sounded especially doting.

However, two hours or more could also make one feel tired, and it was because of him!

"I'm not tired yet."

The man nodded thoughtfully when he heard that. "I was thinking about the injury on your arm just now and was a bit too gentle, let's continue when we get back."

Qin Shu can't say a word, why did he twist her meaning? She said, "That's not what I meant."

The man looked at her calmly. "What does Babe mean?"

Qin Shu felt that it was very unwise to discuss this topic with the man, who knew what he would say and what he would do when they got home?

She simply changed the topic. "You've been trained from young, then why hasn't Xiao Yan been trained since he was young?"

"My Brother?" Fu Tingyu remembered how his brother wore dresses when he was young and chuckled. "He was raised as a girl when he was young."

Qin Shu had never heard anyone mention this before, so she was a little surprised. "Raised as a girl? Why?"

"Because my mother wanted to give birth to a younger sister for me, and in the end, she gave birth to a younger brother, the closet at home was filled with dresses prepared for my younger sister."

When he was young, he really treated his younger brother as his younger sister, when he was older, he realized that his younger sister was actually his younger brother.

"So, Xiao Yan grew up wearing dresses when he was young?" Qin Shu thought of Fu Tingyan wearing dresses when he was young, and she couldn't help but laugh. "He should have been very cute then."

The man nodded. "Yes, so he was spoiled by everyone when he was young, and he didn't suffer much."

"So, you didn't force him to work in the company and let him do what he wanted to do?"

This older brother still doted on his younger brother very much.

“Yes.” The man lowered his eyes and his gaze fell on the girl’s slightly red cheeks, his slender fingers caressed her cheeks.

The girl’s skin was as smooth as cream, skin on her cheeks was moist and clear, like white jade, it was delicate and smooth, without blemish.

Qin Shu suddenly felt a little envious of Fu Tingyan, for having a brother who doted on him so much, however, although she didn’t have any brother, she had a husband that did likewise, so there was no need to be envious.

Qin Shu chatted with the man for a while and gradually became sleepy, as she nestled in the man’s arms, she felt very at ease, the sleepiness soon hit her.

After a short while, she fell asleep.

The man lowered his eyes and looked at the girl’s sleeping face. It was very peaceful, not much different from when she was young.

Thinking of Han Xiao in the capital, he felt a little uneasy.

After all, their relationship in the past was really good, so good that it was annoying, and it made him a little jealous.

They arrived at the capital station

Qin Shu woke up in the man’s arms.

When she opened her eyes, the man was about to carry her out of the car, at that moment, a cold wind blew over, and it was a little cold.

The man wrapped her up in his suit, afraid that she would be cold.

He looked down at the girl and said in a low and gentle voice, “You’re awake, it Won’t be cold when we get into the car later.”

“Put me down, you have carried me all the way.”

Qin Shu was a little embarrassed, she was not a child, but he carried her all the way.

The man said, “We will get into the car soon, no one saw you.”

The men walked behind him thought, “Let’s pretend that we didn’t see you!”

Ye Luo was carrying Boss, so Ye Qing would drive.

When Shi Yan learned that his master would come back early this morning, he had already driven the car and waited at the exit of the station.

Fu Tingyu and Qin Shu got into Shi Yan’s car.

Ye Luo was holding Boss and got onto the co-driver’s seat.

Ye Qing and Ye Chen sent Gu Yan and Ji Fei back to their private apartment.

Fu Tingyu and Qin Shu went straight to Imperial College.

Imperial College, five o'clock in the morning

The sky was still dark.

Fu Tingyu and Qin Shu returned to the student apartment, but the four people in the apartment were not disturbed.

Fu Tingyu carried her straight up to the second floor, to her room.

The two of them went to their room, took a shower, then went straight to bed after that.

Qin Shu had slept all the way back, so she was not very sleepy now.

She was lying in the man's arms, sniffing the man's unique scent.

Fu Tingyu pulled the girl into his arms, closed his eyes, and fell asleep not long after.

..

In the apartment, in another room

Fu Tingyan came out of the bathroom, when he was about to turn off the lights, he saw Bo Ye's quilt slide down, exposing his upper body.

The air-conditioning was on in the room, the temperature was not high, so it was easy to catch a cold.

He walked to Bo Ye's bed and stopped, with one hand supporting the bed, he slowly bent down, he pulled the quilt with the other hand, but someone grabbed his wrist.
