

## Bigoted 601

### Chapter 601: Visiting Jun Li And Han Xiao

He had seen the girl's hacking skills before, and she is very good.

Although the man was curious about her hacking skills, he did not ask.

What he was most curious about, was why her martial art strength suddenly disappeared and then returned?

Could it have something to do with her memory loss?

The man was silent, Qin Shu was taking her porridge casually, did he believe her excuse?

At this moment, at the train station

Han Xiao was sitting on the wheelchair, he was looking at the boarding gate, and his lips were tightly pursed.

Hua Wuyan looked at Han Xiao, his phone rang at this moment.

He took out his phone and looked at the message, he raised his head to look at Han Xiao. "Brother Han, Little Munchkin was awake."

Han Xiao heard this and heaved a sigh of relief., however, he did not speak.

Hua Wuyan knew that he was happy, he could not help but ask again, "Brother Han, are you really going to give up?"

Han Xiao nodded. "Yes."

Hua Wuyan said, "Even if you decide to let go, aren't you going to see her one last time before you leave?"

Han Xiao replied with two words, "No need."

He never knew how much determination he had made before he decided to let go and left, he did not want her to see his current situation.

He was in a sorry state.

"But..."

Before Hua Wuyan could finish speaking, Han Xiao said again, "Don't let her know about my injury."

Hua Wuyan wanted to retort, but he knew that Qin Shu would definitely feel guilty if she knew about it, in the end, he nodded. "I know."

Then, he gripped his phone tightly and replied to the message.

Not long after, the other party replied with a single word. [ Okay.]

Hua Wuyan put away his phone and looked at Han Xiao. "I've already replied."

Han Xiao's gaze turned to the ticket inspection counter again, it was boarding time. "Then let's go."

Hua Wuyan sighed and pushed his wheelchair towards the entrance.

From time to time, he would turn to take a look, this was Mianxia, not the Imperial Capital, and also not Jiangcheng.

He had stayed in the Imperial Capital for nearly half a year.

He had stayed in Jiangcheng for three years.

Once he left, he probably wouldn't have the chance to come back.

It was also possible that he would never have the chance to see Little Munchkin again.

Han Xiao glanced behind him quietly, his handsome face was expressionless, but there's a hint of reluctance.

After all, he had been so persistent for so many years., even though he said that he was letting go, but deep in his heart, he didn't want to give up.

Hua Wuyan pushed Han Xiao along and followed the crowd into the boarding gate, their silhouettes gradually disappeared into the crowd.

At the hospital

Qin Shu took two bowls of porridge under the man's surveillance, just when she put down the bowl and reached for a piece of tissue, the man was already one step faster, he pulled out the tissue and helped the girl wipe the oil stains at the corner of her mouth.

Qin Shu looked up at the man, they were very close, so close that she could see that there was not a single blemish on the man's fair skin, even the pores were so fine, his complexion was as good as a woman's.

His movements were very gentle and careful, she need not look in the mirror to know that the oil stains on her lips had been wiped clean by him.

After cleaning up, Qin Shu got out of bed, her legs were hanging by the edge of the bed, the man half-squatted in front of her and took a pair of slippers to put on her feet.

Seeing that the man had to do everything by hand, she felt like a child.

When she was having her meal, the man wanted to feed her but she refused.

After she put on her slippers, Qin Shu got down from the bed and followed the man into the next room to visit Jun Li.

Fu Tingyu knocked on the door.

It was Su Ying who opened the door, he stunned for a moment when he saw the two of them at the door, then, he reacted and invited them in.

"Mr Fu, Miss Qin, please come in."

Fu Tingyu and Qin Shu walked in one after another.

Su Ying walked in. "Young master, Mr Fu and Miss Qin are here to see you."

Qin Shu saw Jun Li sitting on the bed, he had just finished his porridge and are yet to clear the dishes on the dining table.

When he saw Qin Shu, Jun Li's lips lifted into a faint smile. "You just woke up, why didn't you have some rest? I was planning to come over to visit you later."

Looking at Jun Li's pale face, she remembered when the elevator fell, Jun Li was protecting her.

Thinking of his physical condition, she couldn't help but worry a little. "I'm fine now. How about you? Do you feel uncomfortable anywhere? You look so pale."

Seeing that she was in good spirits, Jun Li knew that she was fine, he felt relieved.

He smiled. "I'm fine. I've always been like this. Gu Yan has already examined me, you don't have to worry."

Hearing this, Qin Shu was a little surprised, after which, she felt more at ease with Gu Yan's medical skills and asked. "Did Gu Yan say anything? Did he say that he could clear the toxins in your body?"

Jun Li smiled lightly. "No Rush, just take time."

Su Ying looked at his young master's brave front and lowered his eyes helplessly, he couldn't say anything.

Seeing Jun Li's smile, and his smile had a therapeutic effect that made others relax easily.

"I believe that Gu Yan will definitely be able to cure you."

Fu Tingyu stayed by the girl's side, seeing her and Jun Li talked and laughed, it was inevitable that he felt jealous, but on second thought, he endured it.

After all, Babe had just recovered, it would be good if she could be happier.

Qin Shu chatted with Jun Li for a while before she prepared to leave to visit Han Xiao.

She was more worried about him.

As she was with Jun Li, she could probably guess the extent of his injuries.

But Han Xiao was different, he went to the thirteenth floor, and the danger was unpredictable.

Qin Shu stood up, held the man's hand, and prepared to leave.

She heard Jun Li say, "Are you going to visit Han?"

Qin Shu stopped and turned to look at Jun Li. "Yes, he took the risk for me, I would have to go visit him. I just don't know how his injuries were."

Jun Li smiled. "There's no need to visit."

Qin Shu asked doubtfully, "Why?"

In Fu Tingyu's pitch-black eyes, doubt flashed past, he went to Han Xiao's ward earlier, but no one was inside.

Soon, Jun Li gave the answer. "He asked me to pass on his message, he has already gone home with Hua Wuyan."

Fu Tingyu now understood why there was no one in Han Xiao's ward, he also understood what he meant earlier by those words, he was planning to go home?

The doubt in Qin Shu's eyes deepened, she asked, "He went home? Wasn't he injured? Why didn't he wait for his wounds to heal before going home?"

Jun Li explained, "You were unconscious for five days. In those five days, he had almost fully recovered, coincidentally, he had something to do at home, so he left in a hurry."

"I was unconscious for five days?"

Qin Shu thought that she had only slept for one day at most, but in the end, she slept for five days?

She turned to look at the man, when she saw him nodded, she was still in disbelief.

"Then was his injury serious? Was he being rescued together with us?"

"He has already been discharged from the hospital, you don't have to worry."

Jun Li's put on a smile that could soothe people's hearts.

Fu Tingyu looked at Jun Li, did not understand why he was lying?

Han Xiao's leg.

Qin Shu firmly believed in what Jun Li said, and her worries lessened a little, however, she still felt a little uneasy when she did not hear from Han Xiao.

"Then I'll give him a call."

Jun Li nodded. "Okay."

## **Chapter 602: Congratulations, You Got What You Wanted**

Qin Shu reached into her pocket and realized that she didn't have her phone with her, ever since she woke up, she had not touched her phone.

Fu Tingyu took out his phone and handed it to the girl. "Use mine, I'll buy you a new one later."

She saw a phone appear in front of her, it has a black in color and shiny bright, one look and one could tell it was of high quality.

She nodded. "Thanks."

She took the cell phone and dialed Han Xiao's cell phone number.

At this moment, on the high-speed train

Hua Wuyan booked first-class seats, the seat was relatively soft and it was slightly more spacious.

Han Xiao sat by the window.

Hua Wuyan turned and glanced at Han Xiao, his expression was cold and stern, and his thin lips were tightly pursed.

From the moment he got on the train, he did not say a single word.

Brother Han had been searching for Little Munchkin for such a long time, and now that he finally found her, he had no choice but to let her go as his leg was injured.

Such a deep obsession, it was something that most people would not be able to do.

At this time, the phone suddenly rang. Hua Wuyan's gaze turned towards Han Xiao's pocket, calling at this moment, could this be from his family?

Han Xiao, who had not moved since he got into the car, finally moved and took out his phone and saw that it was from Fu Tingyu.

After hesitating for two seconds, he picked up the call.

"Hello?"

Hearing Han Xiao's voice, Qin Shu's uneasy heart calmed down a lot. "Han Xiao, it's me."

Hearing Qin Shu's gentle voice, he tightened his grip on the phone, his dark eyes were filled with emotions. "When did you wake up?"

Qin Shu said, "I just woke up not long ago, I was going to visit you, but Jun Li said that you went home, so I just wanted to call you and ask if your injuries were all healed?"

Han Xiao said, "I have recovered, not to worry, there's something urgent at home, I have to rush back."

Qin Shu didn't think much of it as Han Xiao had also gone home after receiving a call from home previously.

"Then will you still go back to the school? It Won't be long before the winter break."

Han Xiao said, "No I won't, I probably won't go back to school next year either."

Qin Shu stunned, he wouldn't go back to school next year either?

"What's so serious that you won't be able to go back to school next year?"

After asking this question, she discovered another issue.

Han Xiao was already a professor, it didn't really matter whether he would complete his college study or not.

After a few seconds of silence, Han Xiao replied, "I've already found her."

Qin Shu stunned, naturally she knew who Han Xiao was referring to. "Really? Then congratulations, you've finally gotten what you wanted."

She was really happy for Han Xiao, finally found someone he liked was definitely something that would make him very happy.

However, at the same time, she was also a little disappointed.

This was because the chances of meeting Han Xiao in the future would be very slim. From the moment she met Han Xiao, they were both teacher-student and friends, and they got along quite well.

It was inevitable that she would feel a little sad when she had to part with a friend.

Han Xiao spat out two words with great difficulty from the corner of his mouth, "Thank you."

"We are friends, it would be too formal to say thank you, if you have the chance, bring her to Jiangcheng, I'll treat you to a meal."

"Sure."

After Han Xiao finished speaking, he hung up.

There would be no chance to meet again in the future.

However, if some day in future, Fu Tingyu dared to let you down and treat you badly, I will definitely not let him off.

Hua Wuyan had just over heard Han Xiao's chat and guessed that it was Little Munchkin who had called.

"Brother Han, why did you say that? Qin Shu is clearly Little Munchkin."

Han Xiao asked, "What is our purpose for coming to Jiangcheng and the Imperial Capital?"

Hua Wuyan said, "To look for Little Munchkin."

Han Xiao said, "Since we would not come to the Imperial Capital again, there must be a good reason."

Hua Wuyan understood now, brother Han had let Qin Shu knew the reason why he would not return to school, in this way, Qin Shu wouldn't have suspected the actual reason.

After Qin Shu made the call, she handed the phone to the man, although she was a little disappointed, she still smiled. "Han Xiao has already found the person he wanted to find, he won't return to school in the future."

Fu Tingyu was stunned.

Jun Li was also stunned.

It was late at night

Fu Tingyu spent the few nights guarding Qin Shu by sitting on a chair.

This evening, as Qin Shu's injuries were almost healed, seeing that the man sat on the chair beside her, she could not bear to see him spent the night this way, how could she bear it?

Qin Shu patted the space beside her. "Baby Yu, come to bed and sleep."

"You're a patient now, if I'm not careful..."

Before the man could finish, Qin Shu said, "My injuries are almost healed, I am fine, it's alright if we sleep together."

The man confirmed again in disbelief. "Your Body doesn't hurt any more?"

Afraid that the man would not believe, she nodded vigorously. "Yes, yes, it doesn't hurt anymore."

When the man heard this, he hesitated for a moment before taking off his clothes and shoes, he got on the bed and lay down beside the girl.

He stretched out his arms and pulled the girl into his embrace, he felt her warmth and her unique sweet scent.

Qin Shu felt very relieved when she was hugged by the man and felt his strong heartbeat, just as she was about to close her eyes to sleep, the man suddenly came close.

"Babe, let's make babies."

The Man's voice was deep and magnetic.

Qin Shu finally understood why the man asked her if her body hurts, so this was it?

She nodded in agreement.

Seeing the girl agreed, the man was a little excited.

The night was long...

The next day

The sun was shining

Qin Shu woke up naturally, when she opened her eyes, she saw a phone on the pillow. The casing of the phone was black in color and shiny bright.

The man's phone?

She picked it up switched it on, she wanted to check the time, but she found that the wallpaper on the phone screen was a selfie of the man, she was stunned for a moment.

The wallpaper on the man's phone was her photo, she did not change it, even if he changed his phone, the wallpaper was still her photo.

Soon, she realized that the phone was not his but a brand-new phone.

She remembered that the man said he would get her a new phone yesterday, and he bought her a couple's model?

He even set up her wallpaper using his photo, to declare ownership?

She couldn't help but smile.

Fu Tingyu walked in with porridge and side dishes and saw the girl smiling, he walked to the bed and put the tray on the dining table.

“What are you smiling about?” He asked.

“Nothing. When Can I be discharged?” Qin Shu held her phone tightly and got out of bed, ready to wash up.

“I’ll ask Gu Yan to check on you again later, if he said there’s no problem, then you can be discharged.” The man set up the cutlery.

“Okay then.”

Qin Shu knew that the man would not let her be discharged unless he was sure that she had fully recovered.

She walked into the bathroom to wash up.

After washing up, she sat on the bed obediently and ate her meal, waiting for Gu Yan to come and examine her.

Before Qin Shu woke up, the man had already had his breakfast.

Qin Shu ate faster than any refined young lady from a wealthy family, and two bowls of porridge entered her stomach quickly.

Just as she finished eating, Gu Yan pushed the door open and walked in.

Seeing that the girl had finished eating, Fu Tingyu began to clear the dishes on the dining table.

### **Chapter 603: A Blessing In Disguise**

Gu Yan glanced at Fu Tingyu, who was clearing up the dishes, his exquisite hands that were used to dance on the black and white piano keyboard, were now doing the maid’s job.

Was this a way to define sweet sacrifices?

He looked at Qin Shu, who was on the bed. “How are you feeling after waking up?”

Qin Shu thought for a while and felt that her body was fine, she said, “Other than a slight headache, everything else is fine.”

Fu Tingyu stopped clearing up the dishes and recalled the girl’s behavior before she woke up, he turned and said in a deep voice, “Didn’t you say that your body is fine?”

Qin Shu blinked her eyes innocently. “I was afraid that you would worry, but now my head doesn’t hurt as much.”

Looking at the girl’s innocent look, the man couldn’t help but soften his heart. “There won’t be a next time.”

Qin Shu nodded obediently. “Yes, yes.”

Only then did the man walk out with the bowl and chopsticks.

Gu Yan checked on Qin Shu again and finally checked on her pulse. It was normal.

On the surface, her body was indeed fine, as for the headache, it was related to her memory lost.

After Gu Yan finished the check-up, Qin Shu asked, "Can I be discharged from the hospital?"

Gu Yan replied, "You can be discharged after another two more days of observation in hospital."

"I still need to stay in the hospital for observation for two more days?" Qin Shu drooped her head, she did not like hospitals very much.

Fu Tingyu heard Gu Yan's words when he walked in, he walked to the bedside and caressed the girl's soft hair with his big hand as if he was comforting her. "Then stay in the hospital for two more days."

He did not like hospitals either, but it was fine to stay for two more days for the sake of the girl.

Hearing the man's words, Qin Shu knew that there was no room for negotiation, she had to stay in the hospital for two more days?

When the sun was high, it was quite warm outside.

The man accompanied the girl to the hospital garden for a walk, after sleeping for so long, it was good to bask in the sun and stretch out her limbs.

The sun was much more comfortable than the heater.

Qin Shu held the man's arm, walked with even footsteps.

However, she was puzzled over something.

After she woke up, she felt that her martial art strength had broken through the bottleneck and she was now in Platinum level.

There were very few martial artists who could break through the Platinum level bottleneck, she just suffered one injury and she had already broken through?

Was this accident a blessing in disguise?

"Qin Shu."

Hearing the familiar voice, Qin Shu retracted her thoughts and stopped her pace, she turned and saw Jun Li, who was also wearing a hospital gown, walked over.

Against the light, his face looked even paler and bloodless, however, his eyes had always been very gentle, just like the first time she met him.

"You came out to bask in the sun too, do you want to take a walk?"

Jun Li laughed. "Yes, after staying in the ward for so long, I was getting moldy."

Fu Tingyu glanced at Jun Li, who always had a very gentle expression on his face, neither earlier nor later, but he just had to come out for a walk when he brought the girl out to bask in the Sun?

In the end, Jun Li strolled with Fu Tingyu and Qin Shu, while Su Ying followed behind at a leisurely pace.

Qin Shu asked, "When could you be discharged?"

Jun Li replied, "The day after tomorrow."

Qin Shu smiled and said, "I'll be discharged the day after tomorrow as well, it just so happens that we can go together, after being out for so many days, I think I missed the school a little."

When she thought about how Han Xiao had accompanied her to Mianxia this time, but he would not follow her back to school, and in the future, he would not give her lessons anymore.

Her smile had gradually disappeared.

She was already so used to the way he taught, she felt a little awkward now that he is no longer teaching.

But it made her understood one thing, nothing lasts forever.

One's life journey will always spent in meeting and parting.

There will be regrets, and there will be reluctance.

But time will not stop for anyone, we have to keep moving on.

She believed that they were all moving towards a place full of blessing.

During the walk, the man hugged the girl the entire time, not letting her leave his side.

It made Qin Shu a little embarrassed, in a place where no one was around, it was not a big deal to hug her like this.

It was just that in front of outsiders, they were so intimate, they were just short of kissing in front of Jun Li.

Finally. after they finished walking around the hospital garden, they returned to the ward, she finally let out a sigh of relief.

Two days later

The sun was shining brightly, and the wind was much gentle than usual.

Qin Shu and Jun Li were discharged from the hospital one after another, and they returned to the Imperial Capital.

Fu Tingyu would return to Jiangcheng in two days. During the day, he would basically stay in the branch office to settle all matters.

But at night, he would come to the school apartment to accompany her.

Rather than accompanying her, it might be better to say that he was working hard to make babies.

While Qin Shu was in a coma, Fu Tingyan had called his brother to inquire about Qin Shu, only then he learned that Qin Shu had left in a hurry at that time to look for his brother.

Fu Tingyu didn't say much, so Fu Tingyan didn't know that Qin Shu met an accident and was injured and unconscious.

Everyone was quite happy that Qin Shu was back.

Ye Xue specially prepared a sumptuous dinner, and Jiang Yu prepared wine.

“We can drink more this evening, tomorrow is the weekend.”

“I’m not drinking.”

Bo Ye refused, she wasn’t interested in wine.

Jiang Yu placed a wine glass in front of Bo Ye. “Why? It’s understandable that girls don’t drink, but what’s wrong with a guy like you drinking?”

Bo Ye’s voice was cold. “I don’t like it.”

Fu Tingyan glanced at Bo Ye and took the wine glass in front of him and placed it in front of himself, his voice was neither cold nor indifferent. “If he doesn’t drink, so be it. you can save some wine.”

However, Jiang Yu smiled and said, “I knew our brother is here, I bought a lot of wine, so you don’t have to save it.”

Fu Tingyan was speechless.

He didn’t say anything, he poured himself a glass of wine instead.

Qin Shu wanted to have a glass of wine as well, however, the moment she picked up the glass, she was stopped by the man.

As she had just been discharged from the hospital, even if she had already recovered, it would be better for her not to drink for the time being.

“You can’t drink.”

Qin Shu sighed, she quietly put down the wine glass, picked up the chopsticks, and started eating.

Fu Tingyu looked at his younger brother across from him, he was about to tell him to drink less, but when he thought that he had grown up, he didn’t stop him.

He shouldn’t control him all the time.

At the dining table, other than Qin Shu, Bo Ye didn’t drink, everyone else was drinking.

Even Ye Xue was drinking, since she was in a good mood, she wanted to drink.

The man also drank a little.

However, with Fu Tingyu around, they were all very well-behaved, just drinking and didn’t have many tricks.

After dinner, other than Fu Tingyu, the three on the table drank a little too much.

Fu Tingyan and Jiang Yu drank the most.

Qin Shu and the man went up to the room on the second floor.

Fu Tingyan's handsome face blushed a little, he held on to the dining table and wanted to go up to the second floor, but his limbs were a little weak, in the end, he fell back into the chair.

Bo Ye stood up and was about to go upstairs, seeing this, he hesitated for a moment before walking over, he reached out his hand to Fu Tingyan's arm and said, "Let me help you up."

Fu Tingyan raised his drunk eyes and looked at the two people appeared in front of him, he frowned.

Bo Ye knew that he was drunk when he saw him like this, he did not ask any further and just continued to help him up, he was 1.8-meter-tall, and his weight was not light.

Bo Ye was quite thin, it took a lot of effort to help him up.

#### **Chapter 604: Embarrassed Again**

Fu Tingyan seemed to be used to getting support from others, when Bo Ye helped him up, he didn't refuse, he followed Bo Ye's footsteps and slowly went up to the second floor.

Ever since their intimate contact on the bus, Bo Ye and Fu Tingyan would usually avoid all contacts.

In the past, when Bo Ye entered the bathroom, Fu Tingyan would deliberately stand by the bathroom door and knock on it even if he didn't want to use the bathroom.

This was because he was not happy that Bo Ye always locked the bathroom door.

Now, he would consciously avoid it, and tried his best to avoid it.

Bo Ye finally helped Fu Tingyan into the room, but Fu Tingyan suddenly refused to move.

Bo Ye tugged at him, but he just refused to move.

Bo Ye turned and saw the person leaning on her shoulder, they were so close that she could see Fu Tingyan's slightly fluttering eyelashes.

"Why aren't you moving?"

Fu Tingyan tilted his head and stared at the person in front of him for a while. "Who are you?"

Bo Ye said, "Your roommate."

"Roommate?" Fu Tingyan smiled. "You're Bo Ye?"

Bo Ye said, "Yes."

Fu Tingyan suddenly reached out and pinched his face, making it a little deformed. It felt real.

Bo Ye's body stiffened.

Fu Tingyan immediately withdrew his hand and pushed him away forcefully. "Then stay away from me."

After pushing Bo Ye away, Fu Tingyan took two steps back, his body swayed, and he crashed onto the door behind him, making a loud "Bang".

Hearing the words "Stay away from him", Bo Ye was stunned.

Ever since the incident on the bus, she had realized that Fu Tingyan had kept his distance from her.

In his eyes, she was a boy, so it was normal for him to have this reaction.

After Fu Tingyan crashed onto the door, he managed to stabilize himself, then, he strode into the room and staggered in.

The drunk Fu Tingyan thought that he had already reached the bed, but in fact, there was still some distance between him and the bed.

Just as he was about to sit down, Bo Ye saw that Fu Tingyan was about to fall, she ran over with big strides, trying to help him up.

In the end, the world swirled, both of them fell to the ground.

The scene on the bus that day happened again.

Bo Ye was stunned, and she stared at Fu Tingyan with wide eyes.

Fu Tingyan also looked at Bo Ye.

And this intimate contact made Bo Ye unable to react for a long time.

When Fu Tingyan moved, her only thought was to push him away.

But in terms of physical strength, she was no match to Fu Tingyan.

..

..

..

After Qin Shu finished showering, she wore only a nightgown, the material was very soft, and it was very comfortable.

She had just walked out of the bathroom and was still wiping her wet hair with a towel in her hand, the man waved at her. "Come here."

She walked to the man and stopped in front of him, raised her head to look at the man, she had just showered, and her cheeks were red like a ripe apple.

"When do you plan to return to Jiangcheng?"

"Two days later." The man picked up the towel in her hand and helped her dry her wet hair, he was much taller than Qin Shu and was very easy for him to wipe her hair.

The girl arched her eyebrows. "I'm going to have my winter break soon, please wait for me in Jiangcheng obediently."

"Okay." The man asked while wiping her hair, "How do you feel? Do you feel uncomfortable anywhere?"

Qin Shu shook her head. "I'm fine now, even my head doesn't hurt anymore."

"Don't hide anything from me." The man's tone was threatening.

“I’m really fine. I can even beat someone up.”

Qin Shu even stretched out her arm to show off her muscle.

She was really fine now, she could even fight with a group of people without any problems.

Moreover, her martial art strength is now at Platinum level, she had not tried but she would really like to try some fighting.

The man watched the girl show off her muscle strength, he recalled the first day on the mountain when she asked him to call her senior sister.

He then recalled what Gu Yan had said, her martial art strength was at a bottleneck, if he guessed correctly, she had already broken through the bottleneck.

As for which level she had broken through, he would only know after fighting her.

But her original martial art strength was about the same as him initially.

She should be considered in a recovery stage now, and she would regain her level slowly.

It was good that her martial art strength had recovered, in this way, ordinary people would not be able to bully her.

Qin Shu saw that the man was staring at her without saying anything, so she tugged at his sleeve.

“What’s Wrong?”

The man lifted the corner of his lips. “My wife is really beautiful. I should have been blessed in my past life, otherwise, how could I have met you?”

Qin Shu does not think so, “I think, it was my good fortune that I have a hubby that loved and spoilt me so much.”

The man paused his action of wiping her hair and looked at the girl’s red cheeks, he couldn’t help but kiss her.

The towel in his hand fell to the ground and nobody paid any attention to it.

..

..

..

The next day

The morning sun rises.

Qin Shu moved her body, to get closer to the man, she hummed, her hand is still close to his chest, unconsciously scratch once or twice with her eyes closed.

The man was already awake, seeing that the person in his arms was still sleeping soundly, he was a little reluctant to get up of bed, just enjoyed looking at her.

With the girl's unconscious action, in the man's eye, she was like a docile cat, exceptionally cute.

An hour passed as the man watched her.

This was why when Qin Shu woke up, she saw the exquisite face when she opened her eyes.

She had always known that the man was an early bird, so when she opened her eyes and saw him, she was stunned.

She wrapped her arms around the man's neck and kissed him. "Aren't you in a hurry to go to the office today?"

The man lowered his head and kissed her on the forehead. "I'm not in a hurry to go, uncle has dealt with most of the things in the past two days, everything was back to normal, so I don't need to spend too much effort."

She had met his uncle once and knew his identity, he was the leader of the mysterious Mu family, and the Mu family had only started to be active in recent years.

The man gently caressed the girl's hair. "Are You Hungry?"

Qin Shu nodded vigorously. "Yes, I was hungry for quite a while."

She woke up from hunger.

"Then get up and go take some breakfast."

"Okay."

The two of them got up and wash up after one another and then changed their clothes.

While washing up, the man checked on the wound on the girl's forehead, it had almost recovered, the scar was covered by her hair and it was not obvious.

The man finally let go of her and let her continue washing up.

"Don't do anything dangerous next time," he couldn't help but warn her.

"Okay, okay, I promise I won't do it next time," Qin Shu promised verbally in order to assure the man.

However, she would still take the risk if the man was in danger.

At this time, in another room.

Fu Tingyan woke up with a hangover and a splitting headache, this was the first time he had drunk so much alcohol.

He rubbed his temples and rested for a while before sitting up from the bed, seeing that the bed across from his was empty, it meant that Bo Ye had already woken up.

He wore his slippers and stood up to go to the bathroom, the bathroom door opened and Bo Ye walked out.

Both of them were stunned.

Fu Tingyan was stunned for a few seconds before he realized that Bo Ye had a cut on his lips.

### **Chapter 605: Didn't Looked Like It Was Knocked, Jealous**

The distance between the two of them was less than one and a half meters.

Fu Tingyan realized that not only there was a piece of skin broken, but it was also a little swollen.

Last night, he drank until he blacked out and couldn't remember what happened at all, and he didn't know why Bo Ye's lips were like this?

Bo Ye stood where he was and looked at Fu Tingyan, there were no fluctuations in his cold eyes, but his heart was not as calm as before.

Fu Tingyan saw that Bo Ye stopped, he continued to walk into the bathroom, he walked past Bo Ye and deliberately glanced at his lips. "What happened to your mouth?"

Bo Ye's body stiffened, he could not help but recall the scene from last night, his ears were slightly red.

Hearing Fu Tingyan's question, he knew that he didn't remember what happened last night.

"I had a fall last night and knocked it."

A hint of doubt flashed across Fu Tingyan's eyes, Bo Ye did not drink last night, how come he fell?

Then, he saw that his ears were red again, this meant that he was embarrassed.

Feeling that Fu Tingyan was still staring at him, Bo Ye's gaze shifted uncomfortably to the side, not wanting to look at him.

Fu Tingyan walked into the bathroom with doubt.

Bo Ye stood where she was, when she heard the door closing, her hand caressed her lips, it was painful when she touched it, she frowned slightly.

She put down her hand and walked out of the room after a while.

At the dining table

Qin Shu sat in front of the dining table and watched the man served her porridge, these were the simplest routine in daily life, and the man often did them.

Even if it was just a daily routine, but very few in the wealthy families would do it.

The man put the porridge in front of the girl and didn't forget to remind her, "The porridge is still a little hot."

"Okay." Qin Shu picked up the spoon and began to eat the porridge.

The four of them, who had already seen these many times, were much calmer this time round, however, they felt that Fu Tingyu was really good to Qin Shu, and he was very considerate.

Every time at the dining table, he would made them 'eat dog food'.

Jiang Yu retracted his gaze and looked at Fu Tingyan opposite him, however, he caught a glimpse of Bo Ye's lips, which seemed to have a cut, the more he looked at it, the more it seemed.

"Bo Ye, what happened to your mouth?"

Bo Ye's hand subconsciously covered his lips. "I accidentally knocked it."

"What did you do last night that you knocked it so badly? It's swollen," Jiang Yu asked curiously.

"Nothing." Bo Ye lowered his head and took a bite of his food, his lips still hurt a little when he touched them.

Fu Tingyan held his chopsticks and glanced at Bo Ye beside him, he just happened to see his slightly frowning expression.

It was still a little hard to believe, did he knock himself?

Fu Tingyan finished his breakfast and prepared to go to the office.

Qin Shu stood up to send him off.

In the apartment

Bo Ye went back to his room after breakfast.

As it was a weekend, he didn't have to go to class.

Jiang Yu watched Bo Ye went up to the second floor and said to Fu Tingyan, "Why do I feel like Bo Ye went on a date with someone else last night?"

Fu Tingyan looked at Bo Ye's back as he left. "He doesn't have a girlfriend, so who did he go on a date with?"

Jiang Yu asked again, "but his lips doesn't look like he has knocked it?"

Fu Tingyan stared at Bo Ye's back view and a hint of doubt flashed across his eyes.

Outside the apartment

Qin Shu sent the man to his car, waited for him to get into the car before she went into the apartment.

Shi Yan opened the car door and stood aside to wait.

The man looked at the girl and reached out to pull her into his arms, when he released her, he lowered his head and kissed her smooth forehead before getting into the car.

Shi Yan closed the car door and sat in the driver's seat, he started the engine and drove away.

Qin Shu stood where she was and watched the car drive away, she turned and was about to go in when she saw a man walking over from not far away, she stopped in her tracks.

She turned and saw that she knew the man who was walking towards her, he was Bo Ye's brother, Bo Yin.

He wore a navy blue suit and exuded an imposing aura, His aura indicated to her that Bo Yin was not an ordinary person.

Bo Yin walked steadily towards Qin Shu and asked in a low voice, "Is Bo Ye in the apartment?"

Qin Shu recalled the first time she saw him, she looked at Bo Yin warily. "He's here. are you looking for him?"

Compared to before, Bo Yin's attitude was a little better this time. "Yes."

"Please come into the apartment."

Qin Shu took the lead and led Bo Yin into the apartment.

After entering, Qin Shu looked at the dining room and realized that Bo Ye was not at the dining table, she guessed that he must have gone up to the second floor.

Qin Shu turned to look at Bo Yin. "Bo Ye is in his room."

"Thank you." Bo Yin thanked her and walked up to the second floor.

Qin Shu watched Bo Yin walked up, he was Bo Ye's older brother, so he wouldn't do anything to Bo Ye, besides, it wasn't good for her to interfere with their family matters.

Fu Tingyan had just put down his bowl and chopsticks when he saw a man walked in with Qin Shu, he walked to Qin Shu's side with confusion.

"Who was that person? is he here to look for Bo Ye?"

Qin Shu nodded. "Yes, he's Bo Ye's older brother, Bo Yin."

"Bo Ye's older brother?" Fu Tingyan frowned, wasn't Bo Ye's older brother the one he met in the woods previously?

He even shot him twice.

It was dark before, so he couldn't see his face clearly.

Now, he finally knew.

He was well dressed, but he behaved like a beast.

Fu Tingyan turned and asked, "Did he say what he was here for?"

Qin Shu shook her head. "I'm not sure. I think something happened."

"I don't think Bo Ye's brother is a good person, Bo Ye must have been wronged at home and that's why he came to live in the school."

Fu Tingyan silently criticized Bo Yin as a big bad wolf in human suit, and Bo Ye was that little white rabbit that got bullied.

Qin Shu looked at Fu Tingyan curiously. "How can you be so sure?"

“He was the one who shot me twice previously.” Fu Tingyan gritted his teeth, he still remembered this grudge.

Qin Shu was stunned.

“I’ll go up and take a look.”

Before he could finish his sentence, Fu Tingyan had already walked up to the second floor.

Qin Shu did not manage to hold him back, she shouted at him, “Xiao Yan, come down, this is their family matter, what are you going to do?”

“Of course I’m going to cause some trouble.”

Fu Tingyan sneered and went straight upstairs.

At this moment upstairs

Bo Ye heard a knock on the door, when he opened the door, he saw the man standing at the door, he was stunned. “Brother, why are you here? Didn’t I say that you don’t need to come look for me?”

Bo Yin stood upright at the door, when he saw Bo Ye, he noticed the injury on his lips, he frowned. “You’re not letting me in?”

Since he was already here, she couldn’t obstruct him from coming in. “Come in.”

After the door was wide open, Bo Yin walked in, his gaze fixed on Bo Ye’s lips, he was already in his twenties and knew more than a teenage college student., he found it suspicious. “What happened to your lips?”

Bo Ye lowered his head subconsciously, not letting Bo Yin stared at her lips. “I accidentally knocked them.”

Bo Yin had watched Bo Ye grow up, he dare not look others in the eyes when he lied. “When did you learn to lie?”

Bo Ye denied, “I didn’t.”

Bo Yin frowned and took two more steps in, he realized that the bed opposite Bo Ye has bed sheet and blanket, he looked at Bo Ye again with a cold gaze. “Who did you share the room with?”

### **Chapter 606: She Was Shocked**

When Bo Yin looked at Fu Tingyan’s bed, Bo Ye realized it and knew why he was angry.

“The guy who lives with me is the guy you injured previously.”

When he mentioned previously, Bo Yin frowned even more, as it was too dark, he couldn’t see clearly how the other person looked like.

If it wasn’t for that person obstructing him, he would have brought Bo Ye home.

“The apartment is so big, don’t tell me there are no empty rooms? You have to share a room with a man?”

In Bo Yin's eyes, a college student was an adult, and an adult who knew everything.

Bo Ye directly avoided the topic. "Why are you here?"

Seeing that she avoided the question, Bo Yin was not in a hurry to ask, in any case, he was here to bring her home.

"I'm here to bring you home."

Bo Ye looked up at him. "Don't waste your effort, I won't go back."

If it was before, Bo Yin would definitely be angry when he heard this, but this time, he was prepared.

He took two steps towards Bo Ye and stretched out his arms to pull her into his embrace, it had been a long time since he had held Bo Ye like this.

The hug before this seemed to be when Bo Ye was in high school.

Bo Ye's body froze.

Bo Yin, this so called 'brother', although they weren't really related by blood, as she was adopted by the Bo family.

But he had always protected her and treated her extremely well.

But everyone had their short fall.

No matter how strong he was, there were things he couldn't do.

Bo Yin said, "Ye, believe me, I promise I won't let that happen."

Bo Ye's tenacious heart couldn't help but soften, and her stiff body gradually relaxed.

Fu Tingyan walked to the door and pushed it open without even knocking, he saw them hugging and didn't react for a moment, he just stood at the door and watched, a strange man hugging Bo Ye?

Bo Ye heard the sound of the door opening and subconsciously pushed Bo Yin away, she looked at Fu Tingyan at the door.

Bo Yin felt that Bo Ye's heart had softened, he was about to continue persuading her, but he was interrupted. He looked at the door and saw the person standing there.

It was a tall and slender boy, he was handsome and had a noble air, one look and one could tell that he was from a good background.

He guessed that the man at the door was probably the man who lived in the same room with Bo Ye.

When he thought about how Bo Ye lived in the same room with him every day, he was even more unwilling to let Bo Ye stay here.

He wanted to bring Bo Ye home immediately.

Fu Tingyan had initially thought that the two brothers were extremely close, and they hugged like that?

When he saw Bo Ye's abnormal behavior, he felt a little awkward.

He put his hands into his pockets and slowly walked in. "Who is he? Aren't you going to introduce?"

Bo Ye introduced, "My brother, Bo Yin."

Then she said to Bo Yin, "He's my roommate, Fu Tingyan."

Fu Tingyan raised his eyebrows and looked at Bo Yin, his voice seemed calm, but there was a hint of vengeance in it. "You're the one who injured me in the woods previously, right?"

Bo Yin didn't have a good impression of Fu Tingyan, in fact, he had a hint of hostility. "It's dark. Bullets don't have eyes."

Fu Tingyan narrowed his phoenix-like eyes. "I thought you came here to apologize, it seems like you are not."

Bo Yin said, "I fired the bullets, so there's no reason for me to apologize."

Bo Ye looked at the two people in front of her, ready to fight, she could not understand.

However, she felt that it was necessary to separate the two of them. "My brother and I have something to talk about, can you leave for a while?"

Fu Tingyan frowned, he remembered that Bo Ye had said that they were not even friends, he had wanted to stay and didn't want to leave, but in the end, he had left in a huff.

He should not have meddled in other people's business.

He had saved an ingrate.

Qin Shu had just walked up the stairs, she had wanted to go check on the situation, but she saw Fu Tingyan walking out with a gloomy face, with one look, she could tell that someone had upset him.

Fu Tingyan walked all the way down, when he walked past her, Qin Shu grabbed his arm and asked, "Why do you have such a gloomy expression? Who made you angry?"

Fu Tingyan was unhappy, and his tone was a little angry. "Who else could it be other than him?"

Him?

Bo Ye?

"What did he do to upset you? Wasn't your relationship pretty good before?"

A hint of doubt flashed across Qin Shu's eyes, she noticed that Fu Tingyan and Bo Ye were very close.

"What pretty good relationship? He and I were not even friends." Fu Tingyan finally spoke up on the matter that has been bothering him most.

"Who said that?"

"Bo Ye said it."

Fu Tingyan replied a little too quick, he regretted after saying it. Why did he bring it up?

Urh!!!

Why did he feel like Bo Ye would not have say it?

“Qin Shu, professor Jun is here.”

At this moment, Ye Xue’s voice came from downstairs.

“Don’t think too much, it’s impossible that Bo Ye didn’t treat you as a friend.” Qin Shu quickly went downstairs after comforting him.

Impossible?

Then who said this?

Fu Tingyan stood on the stairs and didn’t move for a while, he turned to look at the second floor, from his position, he could clearly see the tightly shut door.

Was there a need to close the door and talk?

Thinking about Bo Yin, he was like a big bad wolf.

He thought about what he had overheard previously, Bo Ye needs to marry a certain daughter of an influential family.

Would Bo Yin force him into a marriage?

At a glance he knew that Bo Ye was unwilling.

After thinking about it, he decided to go up and take a look.

After Fu Tingyan left, Bo Ye walked over and closed the door again, just as she turned, she saw Bo Yin standing right behind her, which caused her to almost bump into his chest.

Bo Yin lowered his eyes, and his well-defined fingers grabbed Bo Ye’s chin. “Who did this to you?”

Bo Ye subconsciously wanted to turn her head, but he held her very tightly, she said, “I knocked it by accident.”

“Liar.” Bo Yin looked carefully. “Was it that man who kissed you?”

Bo Ye was stunned, and then she shook her head. “No.”

Bo Ye’s reaction is like almost admitting that he had kissed her, and it was not an accident.

Bo Yin’s voice turned colder. “You did it of your own free will?”

Bo Ye lowered her eyes and pursed her lips.

She did not know how to answer this question.

At first, it was an accident, after that, it was by force, and after that, she could no longer tell what it was.

Bo Ye’s silence made Bo Yin furious, it made him felt that Bo Ye had done it willingly.

As expected, he shouldn’t have let her come to this college.

How long had she been here, and she had already started to fall in love?

The more Bo Yin thought about it, the angrier he got, looking at the person he had been protecting so well all along, he had always felt that the time was not right, so he had been suppressing his emotions.

However, thinking that she might be snatched away, his rage burned even more intensely.

In the end, he couldn't help but lower his head and kissed her.

Bo Ye was stunned and stared at Bo Yin with wide eyes.

She was very shocked, even more shocked than the moment Fu Tingyan kissed her all of a sudden.

Fu Tingyan was drunk, so it can be considered unintentional.

But Bo Yin was sober.

Bo Ye reacted, she hurriedly pushed him away.

Compared to Bo Yin, her strength was relatively weak, no matter how hard she pushed, she couldn't free herself and she felt a little anxious.

#### **Chapter 607: The Three Confronted Each Other, Something For Jun Li**

"Knock, knock"

At this moment, there were a few urgent knocks on the door.

Bo Ye guessed that the person standing outside the door was most likely Fu Tingyan, she struggled even harder.

Bo Yin was a little displeased that he was being interrupted, but he let go of Bo Ye.

After letting go, Bo Ye subconsciously took two steps back, her back pressed against the door behind her and she stopped.

She covered her mouth with one hand and looked at Bo Yin, she looked at the person who had been protecting her since she was young, and her eyes were filled with shock.

After a long while, Bo Ye finally found her voice. "Brother...why did you do this?"

Bo Yin's eyes were even darker than the night sky, he locked his eyes on her, intending to use this opportunity to express his feelings for her, just as he opened his mouth, the urgent knocks came from the door, interrupting his unspoken words.

Knock, knock..

Fu Tingyan saw that no one was opening the door, so he knocked on the door a few more times, his knocks were quick and urgent, just like how agitated his heart at this moment was.

Only then did Bo Ye realize that there was someone outside the door, from the sound of the knocking, she knew that the person outside was anxious.

She tried her best to calm herself, she turned and opened the door, only to see Fu Tingyan standing outside.

Fu Tingyan's hand stopped in mid-air, when he saw Bo Ye opened the door, the gap was not big, he could only see Bo Ye's face clearly and the man standing behind him, Bo Yin.

He extended his long arm and grabbed Bo Ye's arm, bringing her out of the room. "Come out, I have something to say."

Fu Tingyan's voice was a little cold with a hint of impatience.

Bo Ye was forced to follow him out. "What is it?"

"Follow me to the living room first."

Fu Tingyan did not say anything, he grabbed Bo Ye's arm and walked downstairs.

Seeing this, Bo Yin strode out and grabbed Bo Ye's other arm, "Let go."

Fu Tingyan stopped and turned to look at Bo Yin, he wanted to challenge him, his hands tightened. "I won't let go."

Bo Ye had yet to recover from the sudden kiss, she was yet to find out why Bo Yin did it just now.

Now that she was sandwiched between the two men, and became the object of contention, she was stunned.

At this moment, Downstairs

Qin Shu walked into the living room and saw Jun Li came in, he was wearing a wool coat, which was light gray in color, which made his face look even paler.

There were some snowflakes on his hair, the contrast of black and white.

It also meant that it was snowing outside again.

"Jun Li, how have you been these two days? Do you feel any discomfort?"

She went up to him and asked naturally.

Jun Li put the cake box on the glass coffee table, as if he was a very close friend who came visit frequently.

When he looked at Qin Shu, his gaze was elegant and gentle as usual. "I'm fine. Mr Gu prescribed some medication, and the effects are quite good, it's just that it's a little bitter in taste."

Hearing Jun Li said it tasted bitter, Qin Shu remembered that she still had some candy. "Please wait for a moment. I'll go get something for you."

After she finished speaking, she turned around and ran to the second floor.

Jun Li's slender figure stood on the spot, seeing Qin Shu's slender figure nimbly walked up to the second floor, the corner of his mouth lifted unconsciously into a beautiful arc, and a look of anticipation flashed in his purple eyes.

When Qin Shu reached the second floor, she was stunned to see the three people standing on the corridor.

What was going on?

She strode over to Fu Tingyan's side and asked softly, "What's going on?"

"He wants to take Bo Ye away." When Fu Tingyan spoke, his gaze was cold as he looked at Bo Yin, wishing that he could throw him out.

Bo Yin's gaze was also very cold, it was Fu Tingyan who stopped him from taking Bo Ye home previously, this time, it was still the same.

Bo Ye had only left home for a short period of time, and she had already learned how to fall in love with others.

This time, no matter what, he had to bring Bo Ye home.

Qin Shu looked at Bo Yin. She recalled that he had also wanted to take Bo Ye home previously, and now, Fu Tingyan and Bo Yin were in a stalemate, she said, "You're Bo Ye's brother, right? No matter what you think, you have to respect Bo Ye's decision, he is no longer a child, if he doesn't want to go home, you shouldn't force him."

When talked about respect, Bo Yin stunned, he looked at Bo Ye, he had already asked her to go home more than once, but she refused.

"Ye, trust me, come home with me."

In her memories, Bo Yin had always been tall and upright, he was strong, and was her brother who protected her always.

He had never let her suffer.

She had also relied on him in the past.

But as she grew up, she realized that a person needs to be self-reliant.

Relying on others would only be a burden for others.

She raised her head to look at Bo Yin, just like in her memory, he was still tall and upright, still protecting her.

"Brother, when I decided to come out, I have already made up my mind not to go back to that place, I'll take care of myself, you don't have to worry about me."

Bo Yin saw that she still refused to go back, and he couldn't help but panic. "Why don't You trust me?"

"It's not that I don't trust brother, I knew that brother would always keep your word, but I don't want to go back, I want to learn to be independent." Bo Ye lowered her eyes, not wanting to look into Bo Yin's eyes, she was afraid that her heart would be soften.

Although Qin Shu didn't know what had happened to Bo Ye and his brother and what happened at home, but hearing his insistence, she looked at Bo Yin. "Bo Ye doesn't want to go home, you shouldn't

force him, he'll be an adult next year and he is also a very rational person, so, you should respect his decision."

Bo Yin stared at Bo Ye, after a long while, he asked, "You really don't want to go home, and you don't want me as your brother?"

Bo Ye answered without thinking, "I didn't say I don't want my brother. I just want to... learn to be independent."

Hearing the first half of her sentence, Bo Yin's long-suppressed unhappiness eased, he said, "Alright, I won't force you to go home, come outside with me. I have something to tell you."

With that, he took the lead and went downstairs.

Bo Ye wanted to follow him, but Fu Tingyan didn't let go, he continued to hold onto her arm, as if he was afraid that she wouldn't come back after she left.

Bo Ye raised her head and looked at Fu Tingyan in confusion. "Let go of me."

Fu Tingyan said, "Aren't you afraid that your brother will ask you to go outside on purpose and take you back forcefully while we're not around?"

"He won't." Bo Ye understood Bo Yin, he had said that he wouldn't take her back, then he wouldn't take her back.

Fu Tingyan saw that she was so sure, but he still didn't want to let go, as to why he didn't let go, he didn't know the answer and he wasn't sure.

Qin Shu patted Fu Tingyan's shoulder and said, "Xiao Yan, let go. His brother must have something important to tell her, we are all outsiders and don't know about their family's matters."

Fu Tingyan hesitated for a moment before letting go.

As soon as he let go, Bo Ye quickly went downstairs.

Qin Shu patted Fu Tingyan's shoulder again, this was the first time she saw him so concerned about someone he had just acquainted.

She withdrew her hand and quickly went to her room.

She took out the few remaining candies, when she went downstairs, Fu Tingyan had already returned to his room.

She carried the shopping bag all the way to the living room.

### **Chapter 608: A Sudden Confession**

Jun Li was still standing in the same spot, watching Qin Shu's figure come down the stairs. The smile on his face never disappeared.

Qin Shu carried the convenience bag and walked to Jun Li. He reached into the bag and took out a handful of candies. She handed them to him. "These candies are in green apple flavour. They are sour and sweet. After drinking the Chinese medicine, eating these candies can alleviate the bitterness."

Jun Li glanced at Qin Shu and looked down at the candies in front of him. The candies were light green and their packaging was bright.

He smiled and took the candies from his palm. He looked up at Qin Shu and said, "In the future, when you drink medicine, you won't be afraid of the bitterness anymore."

Qin Shu smiled when she heard that. "I'll send you some more after you finish eating."

"Okay." Jun Li clenched his fist and put the candies into his pocket. This was the first time he had put candies in his pocket since he was young.

He couldn't help but smile.

After keeping the candies, he raised his head and looked at Qin Shu again. "Next year, we'll have the opportunity to be exchange students at Capital University and Qimei University. We can learn a lot of things. It is for one year. Are you interested in going over to take a look?"

One year?

In other words, if she agreed to go, she would be separated from Fu Tingyu for one year.

Not to mention her, the man would ...not agree to that.

When she came to the capital to attend university, the man also felt that the distance was too far.

Qin Shu only thought for a moment before rejecting it.

Qin Shu shook her head. "I'm not going. You can give this opportunity to someone else."

The expected answer made Jun Li smile. "It doesn't matter if you don't go. I'm just suggesting."

Qin Shu said, "I don't want to be too far away from him. Although exchange students can learn a lot, no matter how much I learn, I can't be separated from him by two countries."

Jun Li looked at Qin Shu for a long time before saying, "As long as you're happy."

At this moment, outside the apartment, it was snowing heavily.

Bo Ye looked at Bo Yin who was standing not far away and walked over.

"Brother, do you have anything to say?"

Bo Yin had watched Bo Ye grow up. He had always thought that she was still a little girl who needed him to protect her. Now that he looked at her, he realized that she had grown up.

"You've grown up."

Bo Ye said, "Yes, I'll be an adult next year."

"You don't have to go back with me, but you have to promise me one thing. Don't fall in love. No matter what happens, you have to tell me," Bo Yin added.

Bo Ye nodded. "Yes, I promise you."

Bo Ye's answer made Bo Yin's worry lessen a little. He stared at her for a while before stretching out his arm and pulling her into his embrace.

"Do you know why I kissed you?"

Bo Ye's back stiffened. She was still shocked as she recalled the kiss just now...

Bo Yin paused and said, "I like you, Ye. I like you. I won't let others bully you, and I won't let you marry someone else."

This was the first time Bo Yin revealed his feelings.

Bo Ye was stunned and didn't react for a moment.

In the apartment.

After Jun Li left, Qin Shu carried President Ba over and sat on the sofa. She took out the dried fish, tore open the packaging, and fed it one by one.

Fu Tingyan came down from upstairs and saw Qin Shu sitting on the sofa. He asked, "Where's Bo Ye? He's not back yet?"

He had been waiting in the room for a long time and didn't see Bo Ye return, so he wanted to come down and take a look.

Qin Shu fed President Ba as she replied, "He should be chatting with his brother. Their family's matters aren't simple. He might come back later."

How long had they been chatting?

Could it be that his brother brought Bo Ye back?

The more Fu Tingyan thought about it, the more likely it was. He turned around and walked out.

Seeing Fu Tingyan walk out without saying anything, Qin Shu hurriedly stopped him. "Little Yan, what are you going to do?"

Fu Tingyan had barely taken two steps when he saw Bo Ye walk in from outside. He stopped in his tracks. "Your brother left?"

"Yes," Bo Ye replied. He glanced at Fu Tingyan, brushed past him, and then went up to the second floor.

Fu Tingyan turned around and stopped him. "What did your brother say to you?"

Bo Ye stopped in his tracks and turned to look at Fu Tingyan. "Nothing, he just says something."

After saying that, he went up to the second floor.

Fu Tingyan stared at Bo Ye's back and frowned. He wasn't even willing to say a word?

Qin Shu saw Fu Tingyan staring at Bo Ye all the way. He wasn't such nervous about Jiang Yu in the past.

When she saw the three of them confronting each other in the corridor just now, she suddenly remembered their triangular relationship.

Bo Yin was Bo Ye's older brother, so it was normal for him to care about Bo Ye.

Fu Tingyan and Bo Ye were roommates and friends, so it was normal for him to care about Bo Ye.

However, she realized that Fu Tingyan was looking at Bo Ye differently.

She rubbed President Ba's head. President Ba only cared about eating the dried fish.

"Little Yan."

Fu Tingyan retracted his gaze and looked at Qin Shu. He didn't mind her calling him Little Yan. "What?"

Qin Shu asked casually, "You care about Bo Ye quite a lot."

Fu Tingyan asked in return, "I care about him?"

Qin Shu stopped rubbing the head of President Ba. There was a hint of doubt in her voice. "Weren't you cared about him just now?"

Fu Tingyan shook his head. "No."

At first Qin Shu only asked casually. Now that Fu Tingyan denied it, she couldn't help but feel puzzled.

She suddenly remembered that when she was with men in men's clothing, people said they wished them well, while others mentioned that they were a couple...

Qin Shu couldn't help but look at Fu Tingyan with wide eyes. "You don't like Bo Ye?"

Fu Tingyan was stunned for a few seconds before he realized what Qin Shu was asking. "What did you say just now?"

"Nothing." Qin Shu retracted her gaze and looked down at President Ba before she continues to feed him the dried fish. "Eat more."

Fu Tingyan glanced at Qin Shu before turning around and walking out.

In fact, he had heard Qin Shu's question.

Bo Ye was a boy. How could he like him?

Qin Shu looked up at Fu Tingyan as he walked out of the apartment. She looked back at President Ba and said, "He's going back to Jiang Cheng soon. Do you want to go back with him?"

"Meow," President Ba said that he didn't want to go back to Jiang Cheng with Fu Tingyu.

Qin Shu saw President Ba's expression and knew that it didn't want to go back with Fu Tingyu. There was no other reason other than that it was afraid of Fu Tingyu.

"Then let's wait for the winter break and go back with me."

"Meow!" this time President Ba's meowing was more cheerful than before.

After Qin Shu Mianxia's accident, she was hospitalized for almost a week. Coupled with the news of Han Xiao and Hua Wuyan dropping out of school, many people thought that Han Xiao and Hua Wuyan left because of Qin Shu.

As for the reason, there were several versions.

Even the rumours of Qin Shu hurting Han Xiao's feelings were out.

During class, Qin Shu walked into the classroom with her notebook and sat in a more remote seat.

Usually, she and Han Xiao attended class together. Now that she was suddenly alone, she was not used to it.

Ever since that phone call, she had not spoken to Han Xiao on the phone.

It was mainly because he had found the person he was looking for. In the beginning, she was afraid that a sudden call might cause an unnecessary misunderstanding.

So she wanted to call him two days later and ask if he had recovered.

### **Chapter 609: Announce Their Relationships ?**

The reason why she asked this was because she knew that Han Xiao would not be unscathed after the accident.

Even SuFeng was injured and hospitalized, not to mention Han Xiao?

Qin Shu held her phone and was about to call Han Xiao.

At this time, Yan Jing walked over and sat next to Qin Shu. She turned her head and looked at her.

"What did you do to Han Xiao? Why did he suddenly quit school?"

Qin Shu only said two words. "I can't tell you anything."

"Are you feeling guilty? Han Xiao must have quit the school because of you. He went out with you and never came back."

Yan Jing raised her volume because of her excitement.

It attracted everyone's attention.

Some of them liked Han Xiao and they knew that Han Xiao was close to Qin Shu only. When they heard Yan Jing's doubt, they looked at Qin Shu with hatred.

Qin Shu was stunned for a few seconds. Han Xiao did follow her to Mianxia, but he didn't come back because he found the person that he was looking for.

She didn't know why, but she couldn't refute.

Qin Shu was silent, which made Yan Jing feel that Qin Shu was guilty, "Didn't you just say that you can't tell anything? Why aren't you saying anything now? Do you dare to say that Han Xiao didn't come to school because of you? "Ever since you came to Imperial University, a few people have left because of you. You're the Jinx."

This time, Yan Jing couldn't control her temper. It wasn't easy for her to meet a guy she liked, but he liked Qin Shu. Now, even the person she liked had left because of Qin Shu.

Hearing Yan Jing's words, those who were present remember who had left.

“The first person she forced to leave was Mu Ke, and the next few were from Dormitory 407. Even the instructor seemed to have been forced to leave because of her.”

“If she didn’t mention it, I would have forgotten that the instructor and the others were forced to leave by her. Now, even a handsome campus belle like Han Xiao has been forced to leave by her. It’s not wrong to say that she’s a jinx.”

“Isn’t she just a Jinx? Ever since she came, how many things have happened? It’s really disgusting.”

Upon hearing everyone’s words, the anger in Yan Jing’s heart eased a little. She just wanted everyone to hate Qin Shu. Whenever Qin Shu was mentioned, her face would be filled with disdain.

Perhaps this way, Qin Shu would not be able to stand the cold violence and would automatically withdraw from school.

Qin Shu looked at the group of people in front of her coldly. Under Yan Jing’s instigation, anything could come out of their mouth.

If she did not know that Han Xiao had found Little Munchkin, she would have suspected that she was the one who forced Han Xiao away.

“You liked Han Xiao, but Han Xiao did not like you, so you thought of a way to destroy Han Xiao. Imperial Capital University was ranked number one in the country. Han Xiao was so outstanding, so he definitely would not leave for no reason. You must give us an explanation.”

A senior who had always admired Han Xiao jumped out to criticize Qin Shu too.

Soon, many people jumped out to criticize Qin Shu for forcing Han Xiao away.

Qin Shu suddenly stood up. Those students who criticized her knew that Qin Shu was good at fighting, so it was easy for her to beat up two people. Seeing her suddenly stand up, they thought that she wanted to fight, so they were shocked and took a step back unconsciously.

At this moment, Jun Li, who was standing at the door of the classroom, slowly walked in. He was wearing a light-coloured suit and held a textbook in his right hand. His face was even and his shiny leather shoes made a crisp sound when he stepped on the marble tiles.

The first student who noticed Jun Li coming in exclaimed, “Professor Jun..”

This call of Professor Jun made the other students look over as well. When they saw that it was Jun Li who came in, apart from his good looks, Jun Li’s identity was respected by them.

Therefore, when they saw Jun Li Walk-in, all of them held their breaths and just watched him walk over.

When Qin Shu saw that Jun Li had come with the textbook in his hands, she knew that he was coming to teach this class. When she thought of his health, she could not help but feel a little worried.

Jun Li slowly walked up the stairs. The students made way for him. He walked to the middle and his purple eyes swept across Yan Jing before he swept his gaze across the crowd, “What were you guys talking about just now? Should we send a representative to give a speech on the podium?”

Jun Li's voice was light and it was no different from usual, but it still made them not dare to raise their heads and not dare to say another word.

Jun Li said, "Why didn't you say anything now? Wasn't the discussion very interesting just now?"

Hearing this, the students did not dare to say another word.

When he saw that they were still not saying anything, Jun Li slowly opened his mouth, his voice carried an unprecedented seriousness. "Han Xiao and Hua Wuyan quit school because there was something important going on in their family. From now on, if I hear any more about the discussion just now, the person will be withdrawn from school."

As they heard Professor Jun's protection of her, how could the students dare to say another word?

"Got it, Professor Jun." Yan Jing lowered her head, not daring to say another word.

"Got it, Professor Jun." some of the others echoed too.

Jun Li's gaze turned to Yan Jing. "You're not a freshman. It's class time. Why are you here?"

"Professor Jun, I came here to ask about Han Xiao. I forgot about the time. I'll leave now." Yan Jing was so scared that she hurriedly turned around and left.

The others returned to their seats and sat down.

Jun Li tilted his head and looked at Qin Shu with a gentle gaze. "You sit down too. Don't think too much."

"Okay." Qin Shu nodded and sat down.

Seeing that she sat down, Jun Li walked to the podium and prepared for class.

She looked down at her phone and decided to make a phone call after class.

At that moment, Fu Tingyan's slender figure stood at the back door of the classroom. He had witnessed everything that had happened just now.

He had no class today, so he didn't expect to see such a scene here.

It was only then that he knew that Han Xiao and Hua Wuyan had left because something happened at home.

Jun Li had protected Qin Shu just now, which made him feel a little uncomfortable.

After thinking about it, he decided to call his brother.

After the call was made, he said, "Brother, when will you announce your relationship with sister-in-law?"

In front of his brother, he still called Qin Shu sister-in-law. He couldn't help with it as his brother protected Qin Shu.

Fu Tingyu heard this and paused. "Why did you suddenly ask this?"

“Didn’t Han Xiao and Hua Wuyan quit school?” Many people thought that their leaving was all because of their sister-in-law. They even said that she liked Han Xiao and that Han Xiao didn’t like her, which was why he was forced to leave. “Previously, many people said that sister-in-law dresses and looks like a peasant...”

He briefly described what those people thought of Qin Shu’s looks.

Fu Tingyan said all this just to stand up for Qin Shu. He didn’t know that Han Xiao was injured, and he didn’t know that the person that Han Xiao had been looking for was Qin Shu.

He felt that if all his classmates in school knew that Qin Shu had his brother who was handsome and powerful as her husband, these rumours would be falling apart.

### **Chapter 610: Canceling the Engagement Party**

Translator: Nyoui-Bo Studio Editor: Nyoui-Bo Studio

Fu Tingyu suddenly tightened his grip on his phone. He didn’t know much about what happened to the girl at school. If his brother hadn’t told him about it, he might not know that the girl was being criticized at school.

“Brother, you’ve been together with sister-in-law for almost three years, right? Why have you kept your relationship a secret?” Fu Tingyan asked again.

Although he had never admitted that Qin Shu was his sister-in-law, he was curious as to why she had kept it a secret?

There was one more thing he didn’t mention. Back in high school, Qin Shu was the target of his classmate’s ridicule too.

Fu Tingyu’s eyes darkened.

It was Qin Shu’s idea of keeping it a secret. As for the reason, he knew it was because she didn’t want others to know about their relationship.

.

He had his considerations for agreeing to it.

Now that when he knew about the girl at school, he wanted to make their identities public again.

Fu Tingyan put away his phone, glanced at Qin Shu in the classroom, and turned to leave.

After class.

Qin Shu held her textbook in one hand and her phone in the other and dialled Han Xiao’s phone.

The phone rang for a long time before it was picked up.

“Han Xiao, how are you now?”

“I’m fine. How about you?”

Han Xiao sat in his wheelchair and looked at the flowers in the backyard. It was obvious that he had not moved for four to five hours.

He was in the south, and the climate was much warmer than the capital. There was no winter here, and there was no snow.

He moved and took out his phone when he saw Qin Shu calling.

He didn't change his phone number because he didn't want Qin Shu to think too much about it.

"I'm fine now."

Qin Shu let out a sigh of relief when she heard this. She walked out of the school building and saw a vast expanse of white on the campus. She said, "It snowed for two days in the capital. The snow is very thick."

The weather in JiangChen and the capital was roughly the same.

Han Xiao looked at the spring scenery in the garden and thought of how she had told her about her home on the mountain. It was like spring all year round. There was no winter, much less snow.

She said, "Then I'll come to your place in winter to avoid the cold. I can enjoy the flowers and eat delicious food too."

If it was in the past, he would invite her here.

But now...

"I've never had snow here before," he said.

"I heard that there are some places in the south that don't have winter. Your home should be there. Although you can't see snow, it's warm in winter."

Han Xiao said, "Well, you can even wear a single piece of clothing."

Initially, Qin Shu wanted to ask about him and the Little Munchkin she opened her mouth but did not say anything. When she knew that he was fine, she felt much more at ease.

After hanging up the phone, she went to the student union.

Han Xiao held his phone tightly in his lap and looked at the flowers in the backyard. They were in full bloom.

Behind him, someone walked over. She was tall and slender, dressed in luxury brands, and had a dignified bearing.

She was his engagement partner that the old man had mentioned, Rong Yan.

Rong Yan stood behind Han Xiao and watched as he sat in a wheelchair for the past few days, staring blankly at the garden full of flowers.

"I'll push you out for a walk."

"No need." Han Xiao's voice was cold and distant.

However, Rong Yan said, "The day of our engagement will be ten days later. I believe that your leg will be cured..."

Han Xiao interrupted her, "Don't you know that my leg will never be cured? Are you going to marry a man who will be crippled for life?"

Rong Yan's face turned pale, "But grandfather said that it will be cured."

Han Xiao said, "You are a martial arts practitioner too. You should understand how serious the injury to your meridians will be."

Han Xiao's answer was concise and to the point. His purpose was to let Rong Yan know that his leg would not be cured.

Rong Yan was stunned for a long while before she could digest the meaning behind Han Xiao's words. She was in love with Han Xiao, but when she thought about how he would be in a wheelchair for the rest of his life.

She was timid.

But after all, she liked him, it made her hesitant.

After hesitating for a while, Rong Yan turned around and left.

From the beginning to the end, Han Xiao did not turn around to look at Rong Yan. His expression was indifferent and cold because he had accepted the fact that his leg was crippled.

Even if Rong Yan did not mind that he was crippled, he would not be engaged to her.

Regardless of whether it was for him or her, it was the best choice.

When Hua Wuyan came over, he met Rong Yan on the way and knew that the old man had set the wedding date on his own accord.

When he came to the back garden, he saw Han Xiao sitting in a wheelchair in a daze.

He found that Han Xiao would sit in the pavilion every day since he was back, looking at the garden full of flowers in a daze.

He walked to Han Xiao's side, "Brother Han, I found a famous doctor and had asked him to take a look at your leg. He will be able to cure it."

It had been a while since he came back, and he had seen no less than twenty famous doctors, but the results were all useless.

Han Xiao said, "Don't waste your time."

Hua Wuyan did not give up and tried to persuade him, "Brother Han, maybe this will cure your leg?"

He was afraid that Han Xiao would give up and continue to be depressed.

Han Xiao slowly turned the wheelchair and looked at Hua Wuyan, "Didn't Gu Yan say that unless there is an orchid grass to cure it?"

Hua Wuyan was silent for a moment because there was no orchid grass. If there was, there would be hope.

He suddenly thought of the engagement party.

The old man almost had a heart attack when brother Han came back like this. The only thing that made the old man happy was that brother Han was finally back at home.

“Brother Han, your engagement banquet will be held in ten days.”

Han Xiao said, “Cancel it.”

Hua Wuyan said, “... But, the old man has always been looking forward to you getting married and holding a great-grandson.”

Han Xiao’s gaze once again looked towards the back garden and did not say anything else.

Han Xiao was silent. Hua Wuyan knew that he felt guilty towards the old man.

The old man was 70 years old today. His body was still rather healthy a few years ago, but from these two years onwards, his body was getting weaker and weaker.

This was also the reason why he was in a hurry to let Han Xiao get married and have children so that the old man could see his great-grandson when he was alive.

It was just that brother Han’s personality, since he had decided on Little Munchkin ??, he would not change.

After a long silence, Hua Wuyan suddenly asked, “Brother Han, do you plan to be like this? Have you ever thought that one day the ??Little Munchkin will remember what happened on the mountain?”

Han Xiao was stunned, “Then, let her never remember.”

Hua Wuyan let out an inaudible sigh. He was feeling unwilling on Han Xiao’s behalf.

Student Union.

Qin Shu walked into the student union. Qiao Ran was waiting in the president’s office.

When he saw Qin Shu walk in, his gaze moved away from the computer screen and looked at Qin Shu. “You’re here. It’s almost winter vacation. The school has decided that there will be an outstanding certificate of Honor Tomorrow. You should prepare the manuscript for your speech on stage.”

Speech on stage?

Qin Shu asked, “Why didn’t I hear about it before?”

Qiao ran said, “It was decided by the school. I just found out about it.”

Qin Shu had no choice but to prepare when she heard that. She couldn’t go up to the podium empty-handed.

“Then I’ll go back and prepare.”

“Okay.” Qiao Ran smiled and nodded. When he thought about the exchange student matter, he said, “I’ll go for the student exchange next year. Three other students will follow me. The position of student council president will be decided by votes. I’ve nominated you.”
