### Chapter 651: In The Face Of Danger, He Finally Knew

But...

Because of Old Master Han's question, the room fell silent for a moment.

Hua Wuyan did not dare to say anything.

Qin Shu was silent.

Old Han's sharp eyes swept across the room and his gaze swept over Hua Wuyan. He had grown up with Han Xiao since young and they had a very good relationship. He knew that.

He only paused for a moment before moving his gaze away and landing his gaze on the woman beside Han Xiao.

He saw an unfamiliar face and very old-fashioned glasses. It was very low-class and distasteful.

Old Master Han's sharp eyes narrowed slightly. He glanced at Han Xiao and asked, "Is she your guest?"

Han Xiao glanced at Qin Shu beside him and nodded. "Yes, she's a friend I met in the imperial capital. Her name is Qin Shu."

Old Master Han glanced at Qin Shu a few times before shifting his gaze to Han Xiao. "Didn't you always say that you won't marry except for that woman? Since I've come to Qi Hua, why can't I meet her?"

Faced with Old Master Han's pressure, Han Xiao said, "I don't intend to marry her."

Old Master Han heard Han Xiao's words, that was that he didn't want to show her.

Even though Old Master Han had experienced countless storms, he was still angered by his grandson's attitude.

"Are you trying to fool me?"

Han Xiao's expression was calm. "I'm not fooling you, grandfather. Rong Yan and I are not suitable."

Old Master Han's heart ached from his grandson's anger. He wanted to comfort himself, his own grandson, his own grandson, his own grandson!!!

"Since you don't think Rong Yan is suitable, and you don't intend to let that woman come to see me, then I'll give you three choices."

Han Xiao raised his head and looked at Grandfather Han. He saw the determination in Grandfather Han's eyes and had a bad feeling.

Grandfather Han said in a low voice, "The daughter of the Yue family, the daughter of the Huo family, and the daughter of the Fan family, choose one yourself."

Han Xiao had not finished thinking when he heard Grandfather Han's urging words. He was somewhat helpless.

"I don't choose any." The tone of his reply was very firm and certain.

Old Master Han was a little angry. "You have to choose one this time. Give me an answer tomorrow, or I'll choose for you."

Qin Shu didn't understand why Old Master Han was in such a hurry to get Han Xiao engaged and then get married.

She couldn't help but say, "Grandpa Han, why are you forcing Han Xiao? Can't you see that he's not willing at all?"

Then, she lowered her voice again, "Grandpa Han has experienced great storms and waves, so what he has seen and heard must be many compared to us juniors. Marriage is not a children's game, and it is not a matter of one person, but rather a matter of two people's lifetime, and we can not make a hasty decision."

As soon as Qin Shu finished speaking, the atmosphere in the room that was originally filled with depression became a little tense.

Hua Wuyan turned his head and looked at Qin Shu in surprise.

Han Xiao also looked at Qin Shu. In his calm eyes, a brief flash of surprise surfaced.

Hearing this, Old Master Han looked at Qin Shu again and couldn't help but size her up a few more times.

Compared to before, he took a rough look.

This time, Old Master Han realized that this seemingly ordinary woman had some guts.

"You want to say marriage autonomy?" Old Master Han laughed. "If he can find a granddaughter-in-law that suits my heart in a short period of time, I will let him have marriage autonomy."

Qin Shu was stunned. Grandfather Han was clearly making things difficult for her.

Han Xiao pursed his lips and spoke. "Grandfather, in my current condition, I will not marry anyone."

"I gave you more than seven years and indulged you for seven years. This time, I will not indulge you again."

Grandfather Han did not want to say anything more. This time, he was determined to make this grandson harden his heart. He did not want to wait for another seven years. He could not wait that long either.

After saying this, Old Master Han turned around and left.

Even with Old Master Han's departure, the pressure in the room couldn't be alleviated for a while.

Han Xiao pursed his lips and was silent.

Hua Wuyan looked at Han Xiao helplessly. In these seven years, Old Master Han had indeed never cared about Brother Han and allowed him to move freely outside.

But now, Old Master Han could tell with one look that it was for real.

Qin Shu's gaze wandered on Han Xiao and finally landed on his leg. Her expression was a little complicated.

After a long silence, Han Xiao suddenly said, "You guys go back. Don't come over for the next two days."

Hua Wuyan looked at him worriedly. "Brother Han, what do you plan to do?"

Han Xiao said, "I have my own ways."

In the end, Hua Wuyan brought Qin Shu out of the Han Manor.

On the way.

"The old master is serious this time. Brother Han, he..."

Hua Wuyan turned his head to look at Qin Shu, wanting to say something but stopping.

Sensing Hua Wuyan's gaze, she looked over in confusion.

Hua Wuyan sighed helplessly. "Who can convince Brother Han to marry a woman he doesn't like? If it were in the past, he wouldn't be willing. Now that his legs are inconvenienced, he even more wouldn't be willing."

Qin Shu was silent.

Back at the Hua Manor, Hua Wuyan had just sent Qin Shu to Hua Chao courtyard when he received a call from Grandfather Han.

Seeing the caller ID, he had a bad premonition.

After picking up the call...

He asked, "Grandfather Han, why are you calling me?"

Grandfather Han chuckled. "I have something to ask you. Come over."

"Understood, Grandfather Han."

Hua Wuyan put away his phone and sighed. He turned to look at Qin Shu and instructed, "The doctor will come over later. Ask him to take a look at you, I'll go out for a while."

Qin Shu glanced at Hua Wuyan but did not reply.

Hua Wuyan turned around and left after he finished speaking.

Qin Shu retracted her gaze and also turned around to walk into her room.

Qin Shu had just rested for a while when someone knocked on the door.

When she opened the door, she saw the maid outside.

The maid lowered her eyes and nodded. "Miss Qin, the doctor is here. Young master said that he would like him to take a look at you."

Recalling Hua Wuyan's instructions before he left, Qin Shu said, "There's no need for that. Let him go back."

The maid was a little troubled. "Miss Qin, you haven't eaten much recently. If you feel unwell, let the doctor take a look at you."

"I'm really fine. Let him go back. If Hua Wuyan asks, just say that I don't like to let strangers treat me."

If Gu Yan were here, Qin Shu would definitely let him take a look. Her appetite had not been very good recently.

The maid hesitated for a moment, but still nodded and turned to leave.

After the maid left, Qin Shu walked into the room and sat down on the Imperial Consort's chair. Then, she laid down and felt a little drowsy.

Just as she felt sleepy, there was a knock on the door again.

"Knock, Knock..."

She stood up and opened the door. Standing outside the door was still the maid who was taking care of her daily life.

"Miss Qin, these are the oranges that I just bought, it's a little sour. Young master said that you like to eat it, so he specially prepared it," The maid said gently.

Seeing the oranges, Qin Shu's eyes lit up. "Thank you. Bring it in."

The maid brought a plate of oranges in and placed it on the table.

Qin Shu followed her in. Her gaze fell on the maid as she thought of the cat fur and paw prints in the room.

The maid had always been in charge of the sanitary chores in Hua Chao's courtyard. She worked here all day, so she might know a little.

She pretended to ask casually, "Is there a pet in the house? I saw cat fur in the room this morning."

#### **Chapter 652: Boss Was Effective At The Critical Moment, A Letter From Qin Shu**

Qin Shu's tone was casual, as if she suddenly remembered and asked about it.

The maid put down the fruit plate in her hand and thought of the cat that suddenly barged in yesterday, she replied, "Miss Qin, there was an honored guest in the house yesterday. The honored guest's cat suddenly barged into your room. It might have been that cat that accidentally left it behind. If it's dirty, I'll clean it up."

An important guest came yesterday?

She suddenly remembered that Hua Wuyan had rushed back after answering the phone.

"It's a little dirty. I saw black fur and paw prints in several places. The guest's cat is a black cat?"

“Yes, it’s a very beautiful black cat, especially its eyes. They’re like emeralds, very beautiful. Even its owner is very handsome. This is the first time I’ve seen this important guest.”

The maid stood nearby at that time and saw it very clearly. She thought that the young master was already handsome enough, but she didn’t expect that there would be a man who was even more handsome than the young master.

A face that people would never forget from a glance.

A black cat?

With dark green eyes?

A handsome man?

Qin Shu couldn’t help but think of Boss and that man.

He had investigated to Qi Hua?

In the past few days, that man must have been frantic.

With his ability, it was possible for him to investigate to Qi Hua.

Then when he found this place, did he also guess that she was at Hua Wuyan’s place?

Qin Shu was so engrossed in her thoughts that she didn’t even know that the maid had gone out.

Thinking that man might have already found her, she was a little excited and couldn’t sit still. She wanted to confirm if that man had come.

After the excitement, she slowly regained her composure.

From yesterday until now, Hua Wuyan had not mentioned a single word in front of her. He had not even mentioned that a cat had broken into her room.

His motive was very obvious. He did not want her to know.

He also did not want that man to know that she was here.

At this moment, in the study of the Han Manor.

Old Master Han stared at Hua Wuyan and sized him up for a long while before asking, “You know more about Xiao’er’s matter than I do. You should also know about the Rong family canceling the engagement. I just want to know who that woman is.”

When they arrived, Hua Wuyan had already guessed that the old master was going to ask about this matter. However, this question was very difficult to answer.

“Grandfather Han, Brother Han definitely has his reasons for not saying. If I were to say it, wouldn’t that be tantamount to betraying his trust?”

Old Master Han’s mustache trembled, he was somewhat displeased. “Don’t use this trick to try to fool me. I let him do as he pleased for seven years. During these seven years, he only cared about finding

that woman. How much of the Han family's matter did he participate in? And how much has he cared about? I'm already half dead. Can I still wait for another seven years?"

Hua Wuyan hurriedly comforted him. "Grandfather Han is in good health. He will definitely live to be a hundred years old."

Most people liked to hear nice words, and Grandfather Han was no exception.

On the surface, he still had a serious expression. "Stop saying such nice things. Just tell me who that woman is. I'd like to see her. How did she make my grandson be completely devoted to her and reject the Rong family for her?"

Hua Wuyan smiled sheepishly, still trying his best to change the topic. "Grandfather Han, aren't you making things difficult for me? If Brother Han doesn't say it, how can I say it? Besides, Brother Han has already given up. Why don't you treat Brother Han's leg first and then think about marriage?"

"Don't beat around the bush. If he really gave up, he wouldn't be my grandson."

Grandfather Han knew this grandson too well, which was why he was so anxious.

Hua Wuyan still wanted to change the topic, but Grandfather Han directly stopped him from saying anything.

"Don't say all these useless things. Bring her here and let me take a look."

"... Grandfather Han, I..." Hua Wuyan was in a difficult position.

"Alright, I want to see her tomorrow. You go back and prepare."

Old Master Han did not give him the chance to refuse. After saying that, he let the butler send the guest off.

Hua Wuyan sighed helplessly and could only follow the butler out.

Old Master Han was clearly making things difficult for him, alright?

Bringing Qin Shu to Old Master Han?

If Brother Han knew, he might kill him.

After returning to the Hua Manor, Hua Wuyan thought for a long time and went to look for Qin Shu. However, when he reached the door, he heard the maid say.

"Young master, Miss Qin went to bed early in the morning."

When Hua Wuyan heard this, the hand that had just reached out to knock on the door was retracted. He recalled that Qin Shu's complexion was very bad.

He turned his head and asked the maid, "What did the doctor say after seeing her?"

"Miss Qin asked me to send the doctor away. She said that she didn't need to see him anymore," the maid replied carefully.

"Then how much did she eat for dinner?" Hua Wuyan asked again.

“She ate a small bowl,” the maid replied.

Hua Wuyan frowned and glanced at the tightly shut door. Just as stubborn as when she was young.

Knowing that she was resting, he did not intend to disturb her and turned around to leave.

The next day.

Because Han Xiao said that he did not need to go to his place for the next two days, after breakfast, Hua Wuyan remembered that he was going to pet street and planned to take her there first.

After getting into the car, Qin Shu took out a piece of candy and put it into her mouth. She turned her head to look at Hua Wuyan, still thinking about that man coming to Qi Hua.

Just as Qin Shu was thinking, she heard Hua Wuyan say, “Grandpa Han wants me to bring you to him to take a look.”

Hua Wuyan hesitated for a long time before he opened his mouth. Because if this matter was not resolved, the old man would definitely not stop.

Qin Shu asked, “You want me to pretend to be the little munchkin again?”

Hua Wuyan turned his head to look at her and slowly said, “Grandpa Han is just curious. What kind of person is the person that Brother Han likes? The reason why Grandpa Han forced Brother Han to get married was to make him change his mind.”

Qin Shu was a little unhappy. “Even so, we can’t force Han Xiao to marry someone who doesn’t have any romantic feelings. This is a very painful thing.”

“I know.” Hua Wuyan was somewhat helpless.

“Even if I pretend to be the little munchkin and go see Grandpa Han, it won’t change anything. He will still force Han Xiao to marry a woman who doesn’t have any feelings,” Qin Shu continued.

“If Grandpa Han didn’t see you today, then he would probably go to personally find you. With Grandpa Han’s strength, finding you would be a piece of cake.”

This was also what Hua Wuyan was worried about.

Qin Shu frowned.

She thought, what can I do to stop Grandfather Han from forcing Han Xiao?

After arriving at pet street.

Hua Wuyan and Qin Shu walked evenly, looking at the pets as they walked.

Looking at the pets was just an excuse Qin Shu gave yesterday. She didn’t really want to buy them.

Her Boss was irreplaceable.

The reason why she came out was to try her luck and see if she could meet Boss and Fu Tingyu.

After walking around the pet street, Qin Shu said that she didn't see any she liked, so she went back to the Hua Manor.

In fact, she didn't meet them.

After Qin Shu and Hua Wuyan went in.

Ye Luo carried Boss and walked out from the side. He only caught a glimpse of her back and felt that she looked familiar.

He had come out once in the past two days, and Boss had always brought him in this direction. Their final destination was the Hua Manor.

A hint of doubt flashed across Ye Luo's eyes.

### **Chapter 653: Not A Disguise, A Surprise**

Fourth Master asked him to keep an eye on Hua Wuyan.

It was also unknown why Boss would always run over when he was wandering around the Hua Manor.

However, the Hua Manor and the Han Manor were heavily guarded. Cars would enter directly, so it would be a bit risky to enter on foot.

When Boss saw Qin Shu, his dark green eyes lit up, and he struggled to get down.

Ye Luo lowered his eyes. Seeing that Boss had such a strong reaction, he only thought for a moment and said in a low voice, "You can go in, but don't stay there and not come out."

Boss seemed to understand Ye Luo's words. He stopped struggling and looked at him with his dark green eyes.

After spending so much time with Boss, Ye Luo felt that Boss was always intelligent and seemed to understand people's words.

The main reason was that he had seen Qin Shu communicate with Boss before.

Also, every time he used fish and dried fish to threaten him, Boss would obediently listen to him.

Therefore, he felt that Boss had always been intelligent.

"I'll wait for you outside."

Boss's dark green eyes were brighter than before, with a green luster.

Ye Luo then put Boss down and let him enter.

The Hua Manor was heavily guarded, and it would be easy for him to be discovered if he went in, so it was best for him to wait in the corner.

As soon as Boss landed, he immediately became energized and turned to look at Ye Luo. That gaze seemed to be saying, "I'll be out in a moment."

After withdrawing his gaze, he ran in like a wisp of smoke.

His petite body moved swiftly and nimbly, disappearing into the long corridor in a short while.

Ye Luo's figure was also hidden, not allowing anyone to discover him.

Boss ran all the way to Hua Chao courtyard, searching for the scent. He did not forget to avoid people coming and going to avoid being discovered.

Hua Chao Courtyard

Qin Shu walked to the door, and Hua Wuyan, who was standing by the side, asked, "Grandfather Han set the time in the afternoon, and I don't want you to meet him either. It's just that Grandfather Han will definitely send someone to look for you next."

Qin Shu's footsteps stopped, and she turned around to look at Hua Wuyan. There were no ripples in her clear eyes.

Hua Wuyan continued, "Grandfather Han should only be curious about you, and doesn't have any ill intentions. I will also send people to guard you. Even if they find out, they won't do anything."

Qin Shu said indifferently, "There's no need to go through so much trouble. Didn't Grandfather Han want to meet the little munchkin? I could disguise myself before, and it won't hurt this time."

"... But, Brother Han, he..." Hua Wuyan was a bit hesitant. "He doesn't want you to get involved."

"But I'm already here, and I'll disguise myself again. Just like you said, if I don't go to see Old Master Han, he'll come looking for me. If that's the case, then why don't I go see him?" Qin Shu's expression was indifferent.

Hua Wuyan thought for a moment, then nodded. "En, in the afternoon, I'll accompany you."

"En." Qin Shu responded, pushed open the room door and walked in, then immediately closed the door.

Hua Wuyan stood on the porch, looking at the tightly shut door, and secretly sighed.

Little Munchkin, you simply didn't disguise yourself once, but acted in person!

You don't remember your teacher who treated you well.

You also don't remember our group of fellow disciples who stayed up all night to copy the rules for you.

Little Munchkin, how can you remember what happened on the mountain?

After standing there for an unknown amount of time, Hua Wuyan finally withdrew his thoughts and turned around to walk out.

Ever since he returned to Qi Hua, he had already started to take over the matters of the Hua family, so he was not as idle as he was in the capital and Jiang City.

Boss, who had been hiding among the flowers, waited for Hua Wuyan to go far away before he spread out his limbs and jogged over.

Perhaps it was because he had worked with Qin Shu a few times and had the habit of observing the terrain.

Therefore, when Boss sneaked in yesterday, he already had a thorough understanding of the general layout of the room.

He knew that the window could let him in.

Boss ran all the way to the bottom of the window. His vigorous figure jumped up and landed accurately on the windowsill.

In the room

Qin Shu peeled an orange and ate one carelessly. The taste of an orange was stronger than that of a green apple-flavored candy. The sour taste was stronger.

Hearing a soft sound, her bright eyes narrowed slightly. She held an orange in her hand, put it into her mouth, and slowly chewed it.

Boss knew it was Qin Shu inside, so he didn't hide the sound when he jumped down.

"Meow"

In the quiet room, a small meow suddenly sounded, breaking the momentary silence.

This voice was different from a normal cat's meow. It was very soft, and the ending sound was not long.

It was as if it was afraid of being heard by another person, so it deliberately lowered its voice and let out a meow.

Hearing the familiar meow, Qin Shu almost thought her ears were malfunctioning. She suddenly turned her head and saw Boss behind her. He was staring at her with a pair of dark green eyes. He was walking towards her with graceful steps.

"Boss, how did you sneak in?"

Qin Shu stood up from the Imperial Consort's chair and walked over quickly. She squatted down in front of Boss and looked at the window behind him expectantly.

However, there was nothing at the window.

She couldn't help but feel a little disappointed.

However, when she thought of that man's martial prowess, if he couldn't even reach bronze rank, it would be very difficult to enter the heavily guarded Hua Manor.

She retracted her gaze and looked at Boss. "Who brought you here?"

After thinking for a while, she asked, "Ye Luo?"

"Meow" Boss nodded his head in approval.

"Is he outside?" She asked again.

"Meow" he still had a voice of approval.

Since Ye Luo was here, it meant that man was also here. Whether he was nearby or not, she didn't know.

She wanted that man to be at ease. She was fine, so she asked Boss to bring a message back.

There was no paper or pen in the room.

Qin Shu thought for a while, then stood up and walked to the dressing table. She took out a tissue, then took out an eyeliner and wrote a sentence on the tissue.

After she finished writing, she put away the eyeliner and waited for the words to dry before she folded the tissue and found a red thread to tie it up.

Boss looked up at Qin Shu without saying a word. His dark green eyes were full of curiosity.

Qin Shu squatted down again and tied the rope tied with a tissue around Boss's neck.

After tying it, she rubbed Boss's head. "Show this to Tingyu, okay?"

"Meow" Boss whispered, indicating that he understood.

"What a smart kid."

Qin Shu's voice was filled with affection. She reached out and picked up Boss. She walked to the window and placed him on the windowsill.

Her hand rubbed his soft fur. She opened her mouth as if she was talking to herself.

"He hasn't found me for a few days. Has he gone crazy from anxiety? He has already investigated to Qi Hua. He must be extremely anxious."

Boss opened his eyes and looked at Qin Shu without blinking.

It was a pity that Boss didn't know how to speak human language. Otherwise, he would definitely tell Qin Shu about Fu Tingyu's recent irascible mood and how he had thrown things.

It was a pity that he was just a cat.

Qin Shu lowered her eyes and patted Boss's head. "Go back. Be careful. Don't let anyone find out."

She knew that Hua Wuyan wouldn't do anything to Boss if he found out.

However, that man didn't know her current situation and would be anxious and worried.

Boss looked back at Qin Shu and jumped out of the window. His black figure quickly disappeared into the flowers.

#### **Chapter 654: Couldn't Wait To See Her**

Qin Shu watched Boss's vigorous figure quickly disappear into the bushes. She could only see the bushes rustling before she calmed down.

The bushes took up the most space in the yard. The plants were not expensive, but the most common type of flowers in the field. The petals were purple.

At a glance, there was a sea of purple. It was very beautiful.

The flowers and plants were noticed on the third day she came, and she saw them from this position.

She thought that such a magnificent manor would grow expensive flowers and plants.

She did not expect them to grow such small purple flowers that were full of the rural atmosphere.

Occasionally, she would see bees gathering honey.

She would go to take a look every day to kill some time.

Boss returned the same way and only stopped when he ran to Ye Luo's side.

Ye Luo only came out from the dark when he saw Boss coming out. He bent down and picked him up.

When he saw the red rope around his neck, doubt flashed in his eyes.

The most important thing now was to get out.

Ye Luo carried Boss with one hand and climbed over the wall.

The car stopped five hundred meters away from the Hua Manor.

Ye Luo carried Boss and left quickly. When they reached the car, he opened the car door and sat inside.

He took off the red string around Boss's neck and placed it on the passenger seat.

He opened the note on the red string, took a look at the contents, and put away the note.

Then he started the engine and drove straight back to the hotel.

Fifteen minutes later, in the hotel suite.

Fu Tingyu had just returned.

Jun Li had just returned from the provinces near the capital of Qi Hua. When he saw Fu Tingyu, he asked, "How is it? Is there any news?"

Fu Tingyu said, "There's no definite news at the moment. It should be soon."

Ye Luo carried Boss in and handed the note in his hand to his master. "Fourth Master, Boss brought this out from the Hua Manor."

Fu Tingyu took a look at the note in front of him and opened it.

[ Darling Yu: very good, don't worry. ]

The content of the note was simple and clear. Because of the quality of the paper and the pen, the handwriting was a little blurry, but it could be seen that it was that girl's handwriting.

After reading the contents, his entire mind relaxed, and what followed was anger.

The note was brought out from the Hua Manor, which meant that girl was in the Hua Manor.

When he went to look for Hua Wuyan previously, he deliberately hid it, which made him angry.

Fortunately, he felt that there was something wrong with Hua Wuyan's words, so he asked Ye Luo to monitor him.

The man looked at the contents of the note again. The girl was afraid that he would be worried, so she asked Boss to bring out this note.

Thinking of the first time he went to the Hua Manor, Boss was reluctant to leave the room. It was because he knew that girl had been inside, so he acted strangely.

If he had guessed Boss's unusual behavior at that time, he would have known that girl was at the Hua Manor earlier.

Fu Tingyu's expression suddenly changed. Jun Li roughly guessed that this note must be related to Qin Shu.

"Is there any news about Qin Shu?"

Fu Tingyu nodded. "Yes, she is at the Hua Manor."

Hearing this, Jun Li's heart relaxed, and he immediately guessed, "Was Hua Wuyan the one who kidnapped her? Because of Han Xiao?"

Fu Tingyu recalled that Hua Wuyan had spoken to him before, and every word he said was always about Han Xiao.

"It's possible."

Fu Tingyu lowered his eyes and looked at the piece of paper in his hand. Unlike the previous phone calls and text messages, this could even soothe his uneasy heart.

He handed the piece of paper in his hand to Jun Li.

Jun Li took it and looked at the contents of the piece of paper, and his heart also felt a lot more at ease.

Fu Tingyu glanced at Boss who was in Ye Luo's arms. It was no wonder that girl liked him so much. He was indeed very different from an ordinary cat.

"Prepare two fish for him tonight."

"Yes, Fourth Master." Ye Luo had originally planned to prepare a fish for Boss tonight. Now, he would prepare an extra one.

After knowing where Qin Shu was, things became relatively simpler.

Fu Tingyu originally planned to go directly to the Hua Manor to ask for her.

But after thinking for a while, he decided to go and see that girl first.

The Hua Manor

During lunch, Qin Shu's mood improved a lot because of Boss's appearance and delivering news that she was safe. She also ate a little more than usual.

Seeing this, Hua Wuyan thought that Qin Shu's appetite had recovered a little and was relieved.

After eating, Qin Shu, as usual, peeled off a piece of candy and put it into her mouth. She used the sour taste to suppress the possibility of nausea.

Before going out, Qin Shu changed into a set of clothes and specially dressed up.

Hua Wuyan had seen quite a bit of Qin Shu's looks and temperament, but he still felt that she was a unique little thing, and there was no need for her to deliberately disguise herself.

After Qin Shu came out of her room, Hua Wuyan brought Qin Shu out of the Hua Manor and took a car to meet Grandfather Han.

The meeting place was an independent villa of the Han family, not far from the Hua Manor.

After arriving at the independent villa, the housekeeper inside led them all the way in and into the living room.

After Grandfather Han received the news, he sat on the sofa in the living room and waited.

When he learned that his grandson Han Xiao did not return home because of a woman, he was very curious about who this woman was.

Now that they were finally meeting, he was somewhat looking forward to it.

Just as Old Master Han was looking forward to it, Hua Wuyan and Qin Shu walked in one after another.

Even though he had lived for almost a lifetime, when he saw the woman beside Hua Wuyan, his eyes flashed with astonishment.

Astonishment didn't just come from her looks, it also included her temperament. It wasn't that kind of decorative vase, but her own powerful aura.

Hua Wuyan introduced, "Grandfather Han, we met her when we were learning martial arts on the mountain. We all called her the little munchkin, master's daughter."

At this time, Grandfather Han had already returned to normal. His face that had experienced many years was still as serious as ever.

"Since you've come to Qi Hua, why haven't you shown yourself?"

Qin Shu did not show the slightest fear in the face of Old Master Han, who was serious and putting on airs. Her reply was simple and concise. "Han Xiao doesn't allow me to show myself."

Qin Shu's voice was neither cold nor warm, neither servile nor overbearing.

Old Master Han nodded thoughtfully. "Then, what do you think of my engagement for Xiao'er?"

Qin Shu only thought for a moment before replying, "I respect Han Xiao's choice."

She only knew that Han Xiao had been looking for the little munchkin for seven years, and it seemed like the relationship between the two of them was also very good.

Thus, she did not show any signs of estrangement, nor did she say anything inappropriate to cause trouble for the little munchkin.

Old Master Han slightly furrowed his brows, "So, as long as Xiao'er is willing to take her as a wife, you have nothing to say?"

Qin Shu thought for a moment and nodded. "Yes."

Hua Wuyan tilted his head and glanced at Qin Shu. He was thinking, if she recovered her memory and remembered what happened on the mountain, how would she answer?

Grandfather Han laughed softly. "Xiao'er has been looking for you for seven years. During these seven years, he spent most of his time outside. At first, I thought that he was just unwilling to part with the friendship of learning martial arts together on the mountain."

His eyes suddenly became sharp. "But he has been looking for you for seven years. Such persistence in exchange for you saying that you respect his choice. I am a little suspicious. Do you have any feelings for him?"

### **Chapter 655: Tightly Embraced By A Man**

Old Master Han's flowery words fell with a questioning tone.

Qin Shu and Hua Wuyan were both stunned.

They didn't expect Old Master Han to ask such a question. It was more like he was defending his grandson against injustice.

Qin Shu pursed her lips, not knowing how to answer this question. Because she wasn't the little munchkin, she couldn't answer him.

Seeing her silence, Old Master Han felt even more that this woman in front of him was not worthy of his grandson's stubborn treatment.

He continued to question, "Xiao'er's leg is injured, and you don't feel anything at all. A selfish woman like you, what right do you have to interfere with Xiao'er and even make the Rong family break off the engagement?"

Qin Shu was startled.

Hua Wuyan hurriedly explained, "Grandpa Han, she is not this kind of person. She and Brother Han are in love. It's because Brother Han doesn't want to drag her down, so he doesn't want her to get involved."

Grandpa Han's sharp eyes swept over Hua Wuyan, "I'm asking her, did I ask you?"

"Grandpa Han..." Hua Wuyan opened his mouth, but didn't dare to continue explaining.

He calmly turned his head to look at Qin Shu, using his gaze to signal her to not be so cold towards Han Xiao.

Qin Shu turned her head to look at Hua Wuyan. She roughly guessed what his gaze meant.

Han Xiao and the little munchkin were in love?

So her attitude also had to be filled with affection towards Han Xiao?

She pondered for a while, then raised her eyes to look at Old Master Han again. "Affection is a matter between two people. Matters between Han Xiao and I are not allowed to be intruded by a third party. I respect his choice, and not because his leg is injured, and I will not leave him just because his leg is injured."

When Old Master Han heard this, he stared at her for a while before slowly saying, "However, if you want to enter the Han family, you also need strength."

From the beginning, Qin Shu could tell that Old Master Han was not someone to be trifled with. Even if the little munchkin wanted to enter the Han family, it would not be that easy.

"Grandfather Han's meaning is that you are deciding not to let Han Xiao make a choice among the three daughters?"

Grandfather Han shook his head. "No, if you have deep feelings for Xiao'er and want to marry him, then work hard to stand out among the three daughters."

Grandfather Han lightly threw out these words, causing Qin Shu and Hua Wuyan to be stunned again.

After leaving Grandfather Han's place, Hua Wuyan and Qin Shu took a car back to the Hua Manor.

Back at Hua Chao Courtyard, the two of them stood face to face.

Qin Shu asked, "What does Old Master Han mean by this?"

Hua Wuyan replied, "He wants you to marry Brother Han based on your ability."

"But I'm not the little munchkin. What if I stand out and the little munchkin isn't found? Isn't this lying to Old Master Han?" Qin Shu asked back.

Hua Wuyan pondered for a moment and said, "Even if you stand out and Old Master Han wants you to marry, Brother Han will not agree."

Qin Shu raised her eyes. "You mean, you want me to fight with them?"

Hua Wuyan nodded. "Yes, not only fight, but also win. This way, Old Master Han will not force Brother Han to choose one of the three daughters to get engaged and married."

After Qin Shu returned to her room, her mind was still thinking about Hua Wuyan's words.

She was not familiar with the three daughters, and she did not know their strength. She also did not know if she could win.

However, before Hua Wuyan left, he said that he would give her detailed information about those three daughters.

Han Xiao's charm was too great. Even in his current situation, there were still many people who wanted to marry him.

However, Han Xiao only had his heart set on the little munchkin.

After eating dinner, Qin Shu took a shower and lay on the bed, preparing to sleep.

She didn't have a phone, computer, or Internet. Other than sleeping, she had nothing to do.

Han Xiao's legs did not have any obvious improvement. She felt that there was something pressing on her heart, which made her a little nervous.

In addition, she was afraid that man would worry, so her mental state these few days was not good. Not long after she closed her eyes, she fell into a deep sleep.

Outside, the moon was bright and the stars were sparse

A few figures quickly approached Hua Chao courtyard. Their steps were light and agile.

Only one of the tall figures was much slower in terms of speed and agility.

Qin Shu was sound asleep on the bed.

Suddenly, a tall figure approached and a soft sound was heard. The person who was sound asleep frowned.

Her long eyelashes fluttered twice and she suddenly opened her eyes. Even though she was asleep, she would still be very alert in an unfamiliar environment.

Just as she opened her eyes, a tall and straight figure covered her. Before she could react, she was forcefully pulled into someone's arms and pressed against his chest, causing her chest to feel a little stuffy.

A familiar breath entered her nose, causing her to be stunned.

With such a familiar breath, even if she could not see the person's face, she knew that the person hugging her was Fu Tingyu.

"Bao'er." The man's voice was low and deep, mixed with excitement that had been suppressed.

With the help of the light from the night pearl at the bedside, the man recognized that the person on the bed was a girl at a glance, so he couldn't wait to pull her into his embrace.

He tightened his arms and hugged her tightly, as if he wanted to vent all the nervousness, worry, and fear he had for the past few days into this hug.

This was because only by hugging her tightly and feeling the reality of the person in his arms, as well as the familiar warmth, could he truly feel at ease.

He had just found out that she was at the Hua Manor during the day, and he couldn't wait to come and look for her at night.

Actually, it was already the limit of the man to be able to endure until now.

After Qin Shu came back to her senses, she anxiously stretched out her arms and hugged the man's neck. "How did you get in?"

The girl's voice was low and soft, and it was hoarse from just waking up.

The man did not answer the girl's words. Instead, he hugged her tightly. "Bao'er, I miss you."

The man's voice was also a little hoarse. It was because he smoked and did not get enough sleep.

Qin Shu immediately responded to him. "I miss you too. I was afraid that you would worry about me and disregard your own health."

"Bao'er." The man turned his head and kissed the girl's lips.

It was as if he wanted to use this method to swear that he missed her and that he had felt uneasy.

Outside

Four of the Ye brothers came over and three of them were guarding outside. Shi Yan and Ye Luo followed Fu Tingyu to the Hua Chao courtyard.

Shi Yan was guarding outside the courtyard.

Ye Luo was guarding outside the window with Boss in his arms.

The pale and cold moonlight shone down on Ye Luo's body.

Boss raised his head to look at the windowsill and then glanced at Ye Luo. It was obvious that he wanted to go in and look for Qin Shu.

However, Ye Luo hugged him tightly. His lowered eyes also carried a warning.

The meaning was also very obvious. He was not allowed to go in and disturb Fourth Master.

Boss stared with his dark green eyes. He did not understand. Why could Fu Tingyu go in but he could not?

With his relationship with Qin Shu, he should be the first one to go in.

Sensing that Boss still wanted to go in, Ye Luo looked at him for a while and reached into his pocket with his other hand to take out a bag of dried fish.

After tearing it open with his bare hands, the fishy smell of the dried fish also spread out.

Boss's eyes lit up. He thought to himself, I can go in later.

With the dried fish, Boss became much more obedient.

Ye Luo lowered his head and looked at Boss expressionlessly. He ate the dried fish in his palm and his furry head bobbed up and down.

A typical foodie.

### **Chapter 656: I Can Give Him Anything, Except You**

The room was quiet.

After making sure that the girl was fine, the man's heart calmed down. "Why did Hua Wuyan kidnap you here?"

Qin Shu nestled in the man's arms. After the excitement, her heart gradually calmed down.

“Because of Han Xiao.”

The girl’s voice was a little low, which meant that she already knew about Han Xiao’s leg injury.

“You needn’t worry about this. Leave it to me, I’ll take you out now.”

Qin Shu held the man’s hand and said, “Darling Yu, you go back first. I won’t go back for the time being.”

The man paused and turned his head to look at the girl’s face. Because the light was too dim, he couldn’t see the girl’s expression.

“Why won’t you come with me? Just because Han Xiao lost a leg?”

Qin Shu said, “He got injured because he took a risk for me. I can’t just ignore him.”

Hearing the determination in the girl’s voice, the man’s dark eyes stared at the girl as if he wanted to see through her.

Qin Shu also looked at him. She had her own principles.

If Han Xiao’s leg was not healed, she would not be able to feel at ease for the rest of her life.

Can’t ignore him?

The man’s eyes seemed to be coated with a layer of frost. “Then, if he sits in a wheelchair for the rest of his life, you will also have to accompany him for the rest of his life? You are my wife.”

He could not bear to have his woman by the side of another man.

The man’s cold eyes and low tone were all telling that he was angry.

She stretched out her arms and wrapped them around the man’s neck again, trying to appease his unhappy mood.

“I’m your wife. I’ll always be yours alone.”

The man’s nerves were still tense. He did not relax because of the girl’s words.

“But you have to be by the side of another man.”

“I don’t intend to be by his side.” Qin Shu hurriedly explained, “He won’t be sitting in a wheelchair for the rest of his life. I’ll think of a way to cure his leg.”

Self-deception.

The man said in a cold voice, “Then you should also know that without the orchid grass, Han Xiao’s leg can not be cured. The orchid grass has been extinct for a long time. How are you going to cure him?”

Hearing this, Qin Shu’s body stiffened. She had seen countless herbs similar to the compendium of materia medica, so she was very clear about the medicinal properties of the orchid grass.

She was also very clear that the orchid grass was not only not available on the market, but it had been extinct for a long time.

In other words, Han Xiao’s leg could not be healed?

This was undoubtedly a heavy blow to Qin Shu.

The man felt that something was wrong with the person in his arms, but he did not know that she actually didn't know Han Xiao's leg injury was this serious.

He said, "Bao'er, if his leg can be cured, I, Fu Tingyu, will definitely do everything I can to treat him and not let you owe him a favor."

After a long time, Qin Shu finally came back to her senses. Her arms suddenly tightened, as if she was extremely afraid.

"Darling Yu, I never thought that he would sit in a wheelchair for the rest of his life. His whole life is still ahead of him, and he's still so young. We can't just destroy him like this."

She was really afraid. Spending the rest of her life in a wheelchair was something that even she couldn't imagine.

She could not help but feel even more guilty.

Sensing that the girl's body was trembling, the man finally reacted. She actually did not know that Han Xiao's leg was so serious.

He hugged her tightly with self-blame. "Bao'er, no matter what he wants, I can give it to him. You are the only one I can't give. You are my wife, so you can only stay by my side."

The man domineeringly announced his right to possess her.

Qin Shu was really mentally exhausted at this moment. She had always believed that Han Xiao's legs would recover, and she had always hoped that he would be as high-spirited as before.

Even if he was cold and did not speak much and did not like to talk to others, he was still fine.

When a person was at a loss, be it their mood or spirit, it would be very depressing.

At this moment, Qin Shu's thoughts were in a mess. It was not that the man owed Han Xiao, it was that she owed Han Xiao too much, so much that she did not know how to repay it, nor where to start.

The man hugged her and didn't let go for even a moment.

In the end, Qin Shu still stayed in the Hua Manor.

She was already exhausted, and when she learned of this matter, she couldn't take it anymore.

Under the man's comfort, she gradually fell asleep.

The man also stayed in the Hua Manor. He wouldn't let her stay here alone.

However, he wasn't sleepy at all.

He looked at the person in his arms that was letting out uniformed breathing sounds. Her delicate, flat eyebrows were furrowed from time to time, and she slept very restlessly.

If Han Xiao's legs were not treated, the girl would remember everyday. She would feel uneasy and guilty.

If Han Xiao really spent his whole life in a wheelchair, wouldn't she blame herself for the rest of her life?

Thinking of this, the man frowned.

Without the orchid grass, Han Xiao's legs would not recover.

If even Gu Yan could not do anything about it, who else could?

The next day

Qin Shu woke up from her dream. When she opened her eyes, she saw the man's handsome face in front of her. She was stunned for a moment.

The man had not slept for the whole night, and there was an obvious bruise in his eyes.

Seeing that the girl had woken up, his slender fingers caressed the girl's face, which was as big as a palm. She did not have much flesh to begin with, but now he realized that it was even less.

He felt a little heartache. "You've lost weight."

"I'm fine." Qin Shu recovered from her shock. Thinking of Han Xiao's legs, her heart sank to the bottom.

Thinking that the man was still here when dawn broke, she said, "You plan to face Hua Wuyan head-on..."

Before she could finish her words, the man spoke. "He secretly kidnapped you here. Even if it's because of Han Xiao, he should give me an explanation. My woman is not to be bullied by others."

As soon as he finished speaking, the man's gaze fell on the girl's thin face again, and he felt sorry for her.

At this moment, there were two knocks on the door.

"Knock, Knock..."

Qin Shu glanced at the tightly shut door. "It should be the maid. I'll go open the door."

After she finished speaking, she sat up from the man's arms and got off the bed to open the door.

The man also got off the bed at this time and slowly began to put on his clothes.

Qin Shu was wearing a beige nightgown. When she opened the door and saw that the person standing outside the door was not the maid but Hua Wuyan, she was stunned for a few seconds.

Hua Wuyan was dressed in formal clothes and held a plate in his hand. On the plate was a bowl of light millet porridge, and steam was still coming out of the mouth of the bowl.

A few plates of exquisite dishes and two plates of side dishes were prepared according to Qin Shu's taste.

Because he learned from the maid that Qin Shu would wake up late in the morning.

Therefore, Hua Wuyan chose this time to come because he was afraid of disturbing her sleep.

The moment the door opened, she saw Qin Shu was still wearing a nightgown and knew that she had just woken up.

“I saw that your appetite was a little better yesterday, so I asked the chef to prepare some dishes.”

Qin Shu also came back to her senses at this time. When she thought that the man was going to meet Hua Wuyan face to face, she didn't think too much about it.

She took a glance at the exquisite breakfast in front of her and smelled the fragrance. Her hungry stomach started to protest again.

“Thank you.”

She thanked him and reached out to take the plate in his hand, but Hua Wuyan avoided her.

“You haven't washed up yet, right?” Looking at Qin Shu's appearance, he knew that she had just woken up. “You go wash up first. I'll help you bring it in.”

### **Chapter 657: Being A Hooligan Is The Essence Of A Man**

Qin Shu looked up at Hua Wuyan, nodded, and turned to let him in.

He wondered what kind of expression he would have when he saw a man suddenly appear inside?

Hua Wuyan walked in and placed the plate on the dining table. He then placed the millet porridge on the table.

The layout of the room was also somewhat old. There was a fan-shaped screen between the table and the bed.

Hua Wuyan paused when he heard the rustling sound of clothes being put on. He tilted his head and glanced at the screen, a hint of doubt flashing in his eyes.

At this moment, Fu Tingyu walked out from behind the screen, fully dressed.

He had yet to wash up, but his face was cold with a hint of laziness. His eyes were long and narrow, and his eyes were pitch-black.

Even though he had not slept the whole night, he was still full of energy.

When he suddenly saw Fu Tingyu, Hua Wuyan froze.

The action of placing the bowls and chopsticks in his hands also paused. His well-defined fingers were holding the dishes, but he did not put them down for a long time.

Fu Tingyu walked to the dining table with even steps and looked into Hua Wuyan's eyes.

In terms of height, Fu Tingyu was two centimeters taller than Hua Wuyan. Even though he did not have his usual peak martial strength, his aura still surpassed Hua Wuyan's.

Hua Wuyan looked at Fu Tingyu who had suddenly appeared. He had learned from Han Xiao that Fu Tingyu did not have much martial strength left, but he was able to enter the Hua Manor and sneak into the Hua Chao courtyard without him noticing. He could not help but frown.

Fu Tingyu's voice was cold and stern. “Shouldn't you give me a reasonable explanation for kidnapping my woman?”

He knew that with Fu Tingyu's strength, it wouldn't be difficult for him to find her, but he didn't expect it to be so soon.

"I just want Brother Han to cooperate with the doctor to treat his leg," Hua Wuyan's reply was concise and to the point.

Fu Tingyu narrowed his phoenix-like eyes and gave off a dangerous aura. "Is this your excuse for using this method of kidnapping?"

"If I didn't use this method, would you have let me bring her to Qi Hua? Your nervousness and worry betray the true thoughts in your heart," Hua Wuyan replied after a pause.

What Hua Wuyan meant was that he was afraid that Qin Shu would regain her memories. He was afraid that she would remember what happened on the mountain, as well as the part of her memories that belonged to Han Xiao.

Fu Tingyu was stunned. He pursed his lips and stared at Hua Wuyan's provocative gaze as well as his tone.

However, he did not open his mouth to refute. From Hua Wuyan's point of view, he felt guilty.

Qin Shu looked at the two people who were confronting each other in front of her. She walked over to the man's side and reached out to hold his big hand. She stood shoulder to shoulder with him.

The man's body stiffened. When his hand was held by a soft little hand, the familiar warmth made the slightly cold palm gradually feel warm.

Qin Shu's gaze turned to Hua Wuyan and answered on behalf of the man, "If you explain the situation, he won't stop me from coming. However, he will come to Qi Hua with me and think of a way with me to cure Han Xiao's leg."

Fu Tingyu lowered his eyes and looked at the girl. He held her hand tightly and laughed at himself in his heart.

How could he be so generous?

He wished that he could hide her in a place where no one could see her, where she only had eyes for him and only smiled at him.

Although there was no orchid grass, he would do his best to cure Han Xiao's leg so that she would not keep thinking about Han Xiao in her heart.

Hua Wuyan looked at Qin Shu speaking up for Fu Tingyu and was a little angry. When he thought about how she didn't remember what happened on the mountain, he felt a little helpless.

"You don't know him too well. He is a selfish person. One day, you will discover his true colors."

Displeasure flashed across Qin Shu's eyes as she retorted, "Don't you dare talk about him like that. I know him better than you. I know what kind of person he is better than you."

“Brother Han suffered multiple injuries because of you. His arm was almost crippled twice. Now, it’s his leg. He didn’t tell you because he didn’t want you to worry or feel guilty. Yet, you’re protecting a liar. I’m just afraid that you’ll regret it in the future.”

Hua Wuyan was flustered. After saying these words, he turned around and walked out of the room.

The moment Hua Wuyan left, the room instantly became quiet. However, it was not as warm and harmonious as before.

It was only Hua Wuyan’s last words that stunned the two of them.

After a long while, Fu Tingyu said, “I am indeed a selfish and dark person. I can give up anything, but you are the only one I can’t.”

The man’s eyes were filled with stubbornness and insidiousness, but his voice was very domineering.

Qin Shu suddenly turned around and stretched out her arms to hug the man. Her face buried into the man’s strong and broad chest. “But you gave me my only sunshine, so you are the best in my eyes.”

The man’s body trembled. He lowered his eyes and looked at the girl who was hugging him tightly in front of him. There was a complicated look in his dark eyes.

After a while, Qin Shu pulled the man’s hand and said, “Let’s go wash up. I’m hungry.”

The man looked at the girl’s thin face and nodded. “Okay.”

When they washed up, the two of them shared a toothbrush and a toothbrush cup. They even shared a towel.

“I only have my toiletries here, so you can just use them.”

Qin Shu knew that men were obsessed with cleanliness, but there really wasn’t an extra set of toiletries here.

Not only did he not dislike the girl’s toiletries, but he also liked them very much.

“I like it.” The man smiled. He picked up the electric toothbrush, squeezed some toothpaste, turned on the power, and began to brush his teeth.

Qin Shu had already washed up and looked at the man. He was only wearing a white shirt, and the hem of his shirt was tucked into black trousers.

Through the white fabric, the man’s waist could be seen.

She suddenly stretched out her arms and wrapped them around the man’s waist. She felt like he had lost a lot of weight.

“You seem to have lost weight.”

The girl’s voice was a little dissatisfied.

The man looked down at the girl. Because he was still brushing his teeth, he could not speak.

“Did you not have a good meal and rest?”

The girl questioned unhappily again.

The man lowered his head and looked at her.

“Later, eat more.”

There was a hint of a smile in the man’s eyes.

After the man finished washing up, he took the girl’s hand and walked out of the bathroom.

However, before leaving the bathroom, the man looked at her with a faint smile. “Although I’ve lost weight, my ability has not decreased.”

After saying that, he held the girl’s hand and walked out.

Qin Shu was stunned for a few seconds. When she followed the man out, she was still thinking about the meaning of that sentence and the half-smile in the man’s eyes.

When she walked to the dining table and sat down, she suddenly understood the meaning of the man’s words.

She turned her head to look at the man’s abstinent face and couldn’t help but whisper the words, “Hooligan!”

But the man replied, “Even if I die, I’ll still flirt with you.”

“Why didn’t I realize that you were so talkative in the past?”

In the past, the impression that the man gave her was that he was overbearing, abstinent, cold-blooded, and ruthless.

Now?

A hooligan was his true nature.

“I am telling the truth. I do not have any secrets from you. You will only know after we have a deep conversation.”

The man smiled at the girl. His smile could captivate a lot of young girls. It could be said that he was a man of all ages.

Fu Tingyu would not smile in front of others. He would not show such an unreserved smile.

**Chapter 658: man: “I Am Talking in Such a Unfriendly Way, In the Name of My Wife.”**

Qin Shu was stunned by the man’s smile.

Thus, she ignored the hooligan tone in the man’s words.

When the man saw this, his slender fingers reached to the girl’s lips and pretended to wipe them away. “If you keep on looking, your saliva is flowing out.”

Qin Shu came back to her senses and looked embarrassed. “Don’t simply laugh.”

The man chuckled softly because of the girl’s reaction.

When she heard the man's laughter, it sounded like he was laughing at her.

Qin Shu picked up her chopsticks unhappily and picked up a crystal dumpling. She brought it to her lips and planned to eat it in one bite.

The man's pitch-black eyes were staring at her. He liked to see her eating sweets dumplings the most. She was much cuter than usual.

When she realized that the man had been staring at her, she paused for a moment. In the end, she bit half of it and left half behind. She continued to eat when the food in her mouth was finished.

The man's gaze fell on the remaining dumplings in the girl's hand. He reached out his hand and grabbed the girl's hand. He then placed the remaining dumplings from the chopsticks into his mouth.

Qin Shu tilted her head and watched the man eat the remaining half of the crystal dumplings she had left. She even forgot to chew and just stared at him.

The man's eating style was very good. It was elegant.

After the man finished eating half of the crystal dumplings, he said, "No wonder you like to eat crystal dumplings. They are delicious."

Qin Shu came back to her senses after a long while and asked him, "What's the taste?"

The man smiled. "Sweet."

Qin Shu chuckled and ignored him, continuing to eat the crystal dumplings.

The man stared at the girl for a while, and the smile in his eyes deepened.

With the man-eating breakfast with her, Qin Shu's appetite increased. However, she felt uncomfortable when she smelled the greasy food.

She held a bowl of plain millet porridge in front of her and drank it one mouthful at a time. Occasionally, she would pick up some side dishes and eat them together.

The man realized that she only ate porridge and did not eat the dishes. These dishes were usually what the girl liked to eat, but she did not eat much today. A hint of doubt flashed in his eyes.

"Why aren't you eating food?"

Qin Shu casually replied, "It's too greasy. I felt uncomfortable when I smelled them."

"Are you sick?" The man's big hand reached toward the girl's forehead. The temperature was no different from usual.

Qin Shu looked up and saw the big hand attached to her forehead. She reached out to hold the man's hand and took it off.

"I'm not sick. It's just that my appetite is bad." After saying that, she gave the man a reassuring smile.

The man was worried. "Your appetite is bad. Have you seen a doctor?"

Qin Shu shook her head obediently. "No, maybe it's related to my mood, so my appetite is bad."

“It’s because I came too late. I only found you a few days ago. If it wasn’t for President Ba, I might have been a day late.” The man felt distressed and guilty.

“Hua Wuyan forced me here because he was worried about Han Xiao. His methods are very annoying displeasing.”

As Qin Shu said this, she thought of Han Xiao’s leg, her eyes darkened. “If it weren’t for him, I wouldn’t have known that Han Xiao was in a wheelchair because of me. I wouldn’t have known that Han Xiao quitted from school and returned to Qi Hua without saying anything to not make me feel guilty.”

She raised her head and looked at the man. “I can’t watch him spend his entire life in a wheelchair. It’s all because of me.”

Fu Tingyu stared at the girl, looking at the regret in her eyes. He was worried and nervous because of Han Xiao.

It was just as he had guessed. If Han Xiao’s legs didn’t recover, it would be like leaving a deep scar in the girl’s heart. She would think about it from time to time, and she would be in pain from time to time because of this scar.

After breakfast, Qin Shu and the man walked out of the room.

In the side hall along the way.

They saw Hua Wuyan sitting in front of the pear tree garden table as if waiting for them.

She held the man’s hand tightly and walked into the side hall.

Hua Wuyan heard footsteps. He turned his head and saw the two of them holding hands. He frowned.

“Grandpa Han made a call just now. He wants us to go over now.”

“Okay,” Qin Shu replied.

Hearing this, Fu Tingyu asked in a deep voice, “What are you going to do?”

He looked at Hua Wuyan and was speechless. Then, he looked at the girl as if he was waiting for her answer.

Hua Wuyan’s expression was calm.

Qin Shu felt the man’s nervousness and explained, “It’s a long story...”

She roughly told the man what had happened in the past few days.

The man frowned. His pitch-black eyes were filled with a complicated expression.

She continued, “So I discussed with Hua Wuyan and decided to use the identity of the Little Munchkin to help Han Xiao.”

After hearing her words, the man said, “I don’t agree with you doing this.”

Qin Shu was stunned.

The man said, "You are my wife."

"... But." Qin Shu pursed her lips. "If I don't help him, Grandpa Han will force him to get engaged to one of them."

The man suddenly tightened his grip on the girl's hand, and his voice was cold. "Even if you want to help him, there's another way."

Hua Wuyan snorted coldly. "Are you feeling guilty?"

Fu Tingyu looked at Hua Wuyan coldly. "She's my wife. Why would she want to fight with another woman?"

Hua Wuyan said, "It's not like Qin Shu will marry Han Xiao after winning. What are you so anxious about?"

"You're the one who came up with this bad idea?" The man sneered. "That's true. With your IQ, you can only come up with such an idea."

"... You!" Hua Wuyan's face was embarrassed.

Qin Shu saw that Hua Wuyan's face was pale from anger. She turned her head to look at the man. His mouth was poisonous.

"Qin Shu helped brother Han as a friend." Hua Wuyan also sneered. "A selfish person like you will think that it's a bad idea."

Fu Tingyu chuckled. "Han Xiao is an adult and a man with his mind. If he doesn't want to marry a woman, he knows how to reject her, he won't let you as a bystander giving him advice."

"That's because brother Han is concerned about the health of the old man, so he can't say harsh words. If brother Han says too much and makes the old man suffered a heart attack, who can bear the responsibility?" Hua Wuyan retorted.

Fu Tingyu: "Grandpa Han is someone who has experienced great storms. If he can't even withstand them, how did he develop the Han family to its current status?"

Hua Wuyan was speechless, and for a moment, he didn't have anything to retort.

He was so angry that his face turned red.

Qin Shu stood between the two of them. She suddenly had a new perspective on the man. This mouth not only knew how to play the tricks, but it was also very suitable for debate.

Hua Wuyan couldn't win against Fu Tingyu. If it wasn't for Han Xiao warning him not to mention in front of Qin Shu that she was the Little Munchkin, he would make Fu Tingyu admit in front of Qin Shu that she was the Little Munchkin.

He looked at Qin Shu, "Do you want to help brother Han?"

Qin Shu looked at Hua Wuyan. Before she could speak, the man held her hand tightly and pulled her into his embrace. The meaning was very obvious, he didn't want her to agree.

“... I...” She looked up at the man and then at Hua Wuyan, feeling a little awkward.

Hua Wuyan looked at Qin Shu calmly. “Didn’t you say that you treat brother Han as a friend? You’re only helping him, yet you’re putting yourself in such a difficult position?”

### **Chapter 659: He Revealed the Truth, And It was Somewhat Unbearable**

“I...” Qin Shu felt her hand being tightened by the man again. She turned her head to look at the man, and she bumped into a pair of eyes that were as deep as the Milky Way. It was as if she was trapped, unable to escape.

At this moment, she felt that she was in a dilemma, and her chest felt uncomfortable.

For a moment, the three of them fell into a stalemate.

They were silent for a long time.

Qin Shu suddenly raised her eyes to look at Hua Wuyan. “I’m not the Little Munchkin, and I can’t replace her. I’ll think of other ways to help him solve this matter.”

The man heard this and heaved a sigh of relief.

Qin Shu’s rejection made Hua Wuyan startled at first because he never thinks that she would reject him, and the reason for the rejection was because of Fu Tingyu.

If it wasn’t for Fu Tingyu, Qin Shu and brother Han wouldn’t be like this.

“So, I have to tell the old man now that I was lying to him previously?”

Qin Shu pursed her lips. If Old man knew that she was lying to him, would it affect the Little Munchkin’s reputation?

At this moment, an urgent ringtone sounded.

Hua Wuyan thought that it was the old man calling. He took out his phone and picked it up without looking at the caller ID.

“Grandpa Han, I’m going to...”

Before Hua Wuyan could finish his sentence, he heard a familiar voice, “Why do you always make decisions on your own?”

“... Brother Han.” Hua Wuyan choked when he heard Han Xiao’s voice.

“You knew I didn’t want her to get involved, so why did you do it?”

Han Xiao’s voice was cold and questioning.

Han Xiao had just get to know from Old Han that Qin Shu was going to compete with the three gold medallions.

Without guessing, he knew that it was Hua Wuyan’s idea.

Hua Wuyan glanced at Fu Tingyu and Qin Shu, then walked out with his phone.

When he reached the corridor at the side., he then said, "I just want her to help you. We all know her strength. It's easy for her to win against the three of them. As long as she wins, Grandpa Han won't force you to get engaged to one of them."

Han Xiao asked in return, "Do you think that way, grandfather will not force me anymore?"

"Grandpa Han might let you get engaged to her, but he might ask for a delay too. As long as it's delayed, we can think of a way in the future..."

Hua Wuyan's words were once again interrupted by Han Xiao. "You're wrong. With grandfather's character, if she wins against the three daughters in front of so many people, grandfather will force me to get engaged to her. The marriage can be completed as soon as possible."

He paused for a moment before saying, "So, there's no need to go through so much trouble. You choose a time and send her back to Jiang Cheng."

During this period, it was probably the happiest period after Han Xiao left Qishan because she was with him.

He had completed the promise that he thought he could not fulfil.

That was enough.

"Brother Han, I think you shouldn't give up. We can think of a way to treat your leg. We can also think of a way to make her remember what happened on the mountain while treating your leg."

Han Xiao said coldly, "Don't you understand what I'm saying?"

Hua Wuyan pursed his lips. "Brother Han, I'm just unwilling for you."

Han Xiao said, "I've got it over."

"But Fu Tingyu lied to her. Who knows if he will bully her in the future. Brother Han, you..."

Han Xiao's voice was cold and persistent. "If he dares to bully her, I won't let him off."

Hua Wuyan was stunned.

In the side hall.

Qin Shu watched Hua Wuyan's back as he left. She pursed her lips. It was as if her heart was being pressed down by the five elements, making it difficult for her to breathe.

Her chest felt tight, and it was very uncomfortable.

Suddenly, her body was pulled into a warm embrace. This was something she was familiar with.

A man's deep and magnetic voice came from beside her ear. "Don't think too much. I'm here."

Fu Tingyu hugged the girl tightly, letting her feel his presence. With him around, everything was up to him.

Qin Shu was moved. She turned her head to look at the man and saw the tender and deep affection in his eyes, as well as a strong sense of security.

The man had always been like this. He used all his strength to protect her.

“Let’s think of a way together.”

In fact, the most difficult thing at the moment was how to cure Han Xiao’s leg.

The orchid grass was extinct. It had been many years since such a medicinal herb appeared in the world.

Therefore, if martial artists accidentally injured their meridians, it would be equivalent to being a cripple.

The man’s jaw rubbed against the girl’s soft hair as if he was comforting her. “Leave it to me, I’ll think of a way.”

Qin Shu stared at the man for a long while before nodding obediently. “Okay.”

The man’s slender fingers pinched the girl’s cheek and then came to her jaw. He felt that all he touched were bones and there was no flesh. He felt sorry for her that she had finally gained some flesh, but it was gone again.

“I saw that you’ve lost weight, I’ll bring you to eat something delicious later.”

Qin Shu smiled and said, “Okay.”

The scene of the two huggings was warm and harmonious.

The room was quiet.

When Hua Wuyan entered, this was the scene he saw. He looked at Fu Tingyu’s smug face and felt indignant for Han Xiao.

As Hua Wuyan walked in, Fu Tingyu changed his position of hugging the girl. He just wouldn’t let go.

His pitch-black eyes looked at Hua Wuyan. “I’ll do my best to treat Han Xiao’s leg. As for his forced marriage, I’ll think of a way for him.”

Hua Wuyan ignored Fu Tingyu, his beautiful eyes looked at Qin Shu. “Brother Han knows about this matter. He doesn’t want you to get involved, and he doesn’t want you to worry about this matter either. He is always such a person. He doesn’t say anything and just silently bears the burden alone. You can return to Jiang Cheng now.”

Qin Shu was stunned. The moment she thought of Han Xiao’s leg, her heart could not calm down, and she could not leave with peace of mind.

Hua Wuyan stared at Qin Shu for a long time, he could not help but say, “Brother Han was bitten by a wolf twice to save you. Once at Qishan, and the other time at the mountain where he accompanied you to pick herbs. His injuries were on different arms, and both of his arms were almost crippled.”

“Especially the last time. At first, he did not take it seriously and get the doctor to randomly bandage and prescribe herbs. The next day, he started to have a high fever. When he was sent to the hospital, the Doctor said that if he was one step later, his arm would have been crippled.”

Qin Shu was stunned. It was not only because Hua Wuyan had mentioned going up the mountain to pick herbs with Han Xiao, but also because of what happened after he went back to school. His arm injury would be so serious.

While the man was right next to her. Her body froze. She didn't know if the man had heard that.

In Qishan, Fu Tingyu knew that Han Xiao was bitten by a wolf when he saved the girl.

However, when did the girl and Han Xiao go up the mountain to pick herbs?

Why didn't he hear the girl mention it before?

The man's pitch-black eyes looked at the girl with doubt.

Hua Wuyan didn't know about the incident of going up the mountain to pick herbs, and Qin Shu had been keeping it from Fu Tingyu, instead, he continued, "I said all this just to let you know that Brother Han had a deep feeling to you. Even when he didn't know that you were the Little Munchkin, he would instinctively protect you and didn't want you to get hurt."

He broke his promise again.

He once again mentioned that she was the Little Munchkin in front of Qin Shu.

#### **Chapter 660: He Could Not Bear to Refuse The Girl's Request**

He had been by Han Xiao's side taking care of him during the two days when he had a high fever.

He grew up with brother Han and knew his personality well.

He kept everything to himself, making him anxious as a bystander.

He had always been quiet, but ever since he returned to Qi Hua, he had become even more silent.

He just wanted to fight for brother Han's injustice.

He wanted Qin Shu to remember what happened on the mountain, the memories that should have belonged to her.

Qin Shu was stunned on the spot, slowly digesting Hua Wuyan's words.

"Ask yourself, what kind of person is brother Han, and how he treats you?"

Hua Wuyan glanced at Qin Shu with a complicated look in his eyes. Then, he turned around and left the side hall.

After Hua Wuyan left, only Qin Shu and Fu Tingyu were left in the side hall.

When the man lowered his eyes, he realized that the girl's expression was bad. He did not bother to ask any more questions. He bent down, carried the girl horizontally, and strode out.

Shi Yan and Yeluo were standing guard outside the flower manor.

When he saw the fourth master carrying Qin Shu out, Shi Yan immediately opened the back seat door.

After the fourth master carried Qin Shu into the car, he closed the door, got in the car, and drove away.

Fifteen minutes later.

In the hotel suite.

Jun Li had been waiting in the hotel the whole time. When he heard the door open, he stood up hurriedly.

Before he took two steps, he saw Fu Tingyu carrying Qin Shu into the room. His calm and gentle eyes were filled with worry. "What's wrong with her?"

"She's tired." The man carried the girl and strode into his room.

Jun Li followed him in.

The man laid the girl flat on the bed. His slender fingers caressed the girl's temples and tucked her hair behind her ears.

Jun Li stood in front of the bed and looked at Qin Shu. He found that she had lost weight. His eyes were filled with worry and felt sorry for her.

Qin Shu's eyes were as bright as the stars when she looked at the men in front of the bed. It was only then that she realized that Jun Li came to Qi Hua too. She saw that his eyes were the same as the man. There were obvious dark circles around their eyes. This was because he did not get enough sleep after staying up all night.

When she looked at his face again, it was even paler, like a piece of white paper.

She looked at the two people in front of her and revealed a relieved smile. "I'm fine. You don't have to worry."

The man gently caressed the girl's pale face. His deep magnetic voice had a soothing effect.

"Sleep for a while first. Don't think about anything."

How could Qin Shu sleep at this time? "I can't sleep. I want to go and take a look."

Fu Tingyu understood what the girl was talking about. She was talking about having a look when Han Xiao being forced into marriage.

When he saw the girl like this, how could he refuse?

"I'll bring you there."

While Qin Shu was changing, Jun Li knew about everything that had happened during this period of time from Fu Tingyu, as well as everything that had happened to Han Xiao.

Jun Li pondered for a moment. "I'll go and have a look too."

Fu Tingyu glanced at Jun Li. It would not affect him if he went, so he did not reject him.

The three of them went to the Han manor in formal attire.

Fu Tingyu handed over the greeting cards in advance.

At this moment, in the Han Manor.

The Han manor occupied a large area. The venue for the competition was an open space in the manor.

The main seats and guest seats were in the open area.

The Yue, Huo, and Fan family heads, as well as the three daughters, had arrived too. They sat on the guest seats respectively.

Old Master Han sat at the head seat, waiting for Hua Wuyan and Qin Shu to come over.

In the capital of Qi Hua, the four great families, Han, Hua, Yue, and Rong.

With the Han family at the head, the other three families were incomparable to them whether in terms of wealth or power.

The Fan and Huo families were second to the Rong family, and they had a place in Qi Hua too.

Therefore, after the Han and Rong families broke off their engagement, the other families could not hold back and wanted to become in-laws with Han Xiao, who was the head of the four great families.

In fact, it was similar to a political marriage. There were only benefits without any harm for them.

In addition, Han Xiao, who had the title of Qi Hua scholar, whether it was his temperament, look, or ability, was the best among the younger generation.

The women who liked him flocked to him too.

Old Master Han said that the winner would be the young madam of the Han family.

At first, the atmosphere was very harmonious.

However, after waiting for almost an hour, Hua Wuyan and Qin Shu did not come. The atmosphere was awkward.

About half an hour passed.

The heads of the Yue, Huo, and Fan families whispered to each other in confusion.

“Why isn’t she here yet? Is she not giving face to the Han family?”

“Who dares to act big in front of Old Master Han? Isn’t it obvious that she doesn’t care about Old Master Han?”

“I heard that she’s not from Qi Hua. As for who she is, it seems like he’s off to a good start.”

The other three daughters also looked at each other, their eyes were filled with doubt.

They admired Han Xiao for a long time, and this was a rare opportunity, so of course, they had to fight for it.

Old Han’s expression became more and more unsightly. The hand that was resting on the armrest of the chair gradually tightened, as if to express his impatience.

Just as everyone was getting impatient from waiting, Lihang pushed Han Xiao and walked over from the side of the cement road.

This open area was a little far from Han Xiao's courtyard, and it took some time on the way here.

Seeing that Han Xiao arrived, the three daughters revealed their looks of admiration because it was difficult to meet Han Xiao.

Han Xiao's name was well-known, but he rarely appeared in public.

Initially, regarding the first heir of the Han family, Han Xiao, they only heard of his name and never see him. People in the outside world were very curious about Han Xiao.

There were many bad rumours too.

At the very least, it was said that Han Xiao had an accident or had his face disfigured, so he did not show up.

Some of them were saying that Han Xiao had an incurable disease and was paralyzed in bed. He would soon die.

After the Han family released the news that Han Xiao was studying abroad, the rumours gradually subsided.

In fact, Han Xiao had been abroad all these years. Even if he returned to the country, he would only stay for a few days before leaving.

In grandfather Han's eyes, it was only because his grandson was young that he so insisted on this matter. After that, he would stop.

However, he did not expect that this wait would last for seven years.

When grandfather Han saw that his grandson came, he remembered that Hua Wuyan and Qin Shu did not come. He had a slight guess in his mind.

Lihang pushed Han Xiao to the front of grandfather Han.

Han Xiao looked up at grandfather Han on the chief seat. His voice was cold and calm. "Grandfather, cancel the competition."

As soon as Han Xiao finished speaking, everyone was stunned. They all looked at Han Xiao in confusion.

When grandfather Han heard this, he was even more certain of one thing.

"You are the one who didn't let her come?"

Han Xiao nodded. "Yes, grandfather."

It was rare that grandfather Han did not reveal a stern expression this time. He thought that his grandson had put it down.

Otherwise, such a good opportunity allowed him to be with the woman he had been looking for for seven years. He had no reason to give up.

“Then do you know that if you don’t let her participate in the competition, one of the three daughters over there will be the young madam of the Han Family?”

Han Xiao looked at his grandfather’s white temples and his face over the years, thinking that he had been carrying the burden of the Han family alone in the past seven years.

And he, who should have shouldered the heavy burden, had never cared about the Han family.

“I am not marrying any of the three of them. If grandfather truly loves me, don’t force me anymore.”
