

Bigoted 671

Chapter 671: Your Mother Is Quite Young, Being Despised Again

However, what made her puzzled was why did the man do this suddenly?

The man spat out two words, "Very flat."

The hidden meaning was that she was too thin.

Another meaning was that the possibility of having a baby was too small.

Qin Shu looked at her flat stomach. "Huh? ? ?"

When she thought of his mother, she would call him Baby Yu whenever she was happy, it sounded so childish when Qin Shu heard it previously.

Why did it sound weird now?

The man suddenly pulled her into his arms, after hugging her for a while, he said faintly, "I might have a younger sister or a younger brother soon."

His tone was rather emotional.

Qin Shu was puzzled again. "Huh?"

The man rubbed the girl's smooth hair. "My mother is pregnant, she just reported the good news."

Mother-in-law is pregnant?

Qin Shu was shocked.

"How old is your mother?"

After asking, she felt that it was inappropriate. "No, I mean, she is not young anymore, it must be very hard for her to get pregnant, right?"

The man saw that she was so nervous as if she had said something wrong, he could not help but smile. "My mother is forty-three years old and is in good health, however, she can be considered a senile parturient, my father is worried, so they would return to Jiangcheng a few months later."

Qin Shu exclaimed, "Your Mother Is Quite Young."

She was thinking in her heart, the man is twenty-three years old, forty-three minus twenty-three is twenty?

Did she become a mother at twenty years old?

She suddenly thought of herself, as she was preparing for pregnancy, it was very likely that she would be a mother at this age too!

That's right.

When he went out with his mom when he was younger, everyone thought that they were siblings, no one thought that they were mother and son.

At this moment, Fu Tingyan called again.

After the call was connected, he heard his brother's surprised voice.

"Brother, congratulate me. I'm going to be an elder brother too."

Surely it must be his mother had called home to report the good news.

The man smiled. "Congratulations, you will also have a follower behind you."

Fu Tingyan gave an afterthought to his brother's comment. "You will also have a follower behind you?"

"Brother, what do you mean?"

"Literally."

Fu Tingyan knew his brother was talking about him.

"Why aren't you surprised that we're going to have a little sister at home?"

The man looked calm. "She had called me just now."

"So you knew before I did."

"If nothing else, I'll hang up."

He hung up as he spoke, not giving his brother a chance to say anything.

Gu Yan had gone out for a few days and had just returned today.

Seeing the two people on the sofa, he asked, "How's the post? Is there any news about Lanzhi grass?"

Fu Tingyu had gone to the Deep Ocean forum an hour ago to check, they were all unimportant replies.

"Not yet."

Hearing this, Gu Yan thought for a moment. "I'll check on Han Xiao again tomorrow."

The man turned to look at her. "You need not go."

"Why?" Qin Shu looked back at him in puzzlement.

The man's voice carried a hint of displeasure. "In old Master Han's view, you and Han Xiao have that kind of relationship."

Qin Shu choked.

The man continued, "I'll go and take a look with Yan."

Qin Shu thought for a moment and nodded. "Okay."

After dinner

Qin Shu followed the man to the bathroom to take a shower.

Since Boss had found Qin Shu, Fu Tingyu specially instructed Ye Luo to take good care of him.

Boss had been eating and drinking well for the past few days, and then he went to sleep under the sun.

When Ye Luo came over to carry him to the bathroom, he estimated his weight, "You are getting heavier."

Boss was speechless.

Then, Ye Luo pinched his stomach, "It's all flesh."

Boss glared at Ye Luo fiercely, his claws in the meat cushion were shinningly shiny.

"Meow" What do you mean?

"You smell like fish all over."

Ye Luo carried Boss into the bathroom and bathed it.

The action was, a little rude as usual, and he did not seem like bathing a pet at all.

Boss had an illusion that his shiny smooth fur would be bald sooner or later as rubbed by him.

The next day

After breakfast

Fu Tingyu and Gu Yan went to the Han Manor.

Before they left, the man instructed, "You didn't eat much for breakfast. I asked Ye Luo to prepare a lighter meal, please remember to take it."

The man's tone was like pampering a child.

He had two faces in front of and behind others.

In front of others, he would never use such a doting tone and such a gentle gaze.

Behind others, his gaze was gentle, his tone was doting, and he loved to act like a hooligan.

"Yes, I know."

After Fu Tingyu and Gu Yan left.

Boss ran out of the room next door and jumped onto Qin Shu's lap in just a few seconds, he cried like a spoiled child, "Meow!"

"Boss, why are you getting heavier?" Qin Shu felt it when Boss jumped onto her.

Boss almost rolled off Qin Shu's lap.

How could she say that?

Didn't he care about his reputation?

Ye Luo walked in from outside with a plate of fish in his hand, it was still steaming, one could tell that it just came out of the pot.

It was Boss's breakfast today.

Boss's dark green eyes instantly lit up when he smelled the fish, his body that had just sat down stood up again.

Just as he wanted to jump down to eat the fish instinctively, he remembered he's put on weight and gritted his teeth before sitting down again.

Ye Luo must have fed him so much on purpose to make him gain weight so that he couldn't outrun him.

He wouldn't eat today.

Ye Luo held the tray and saw that Boss didn't run over as he usually did, he said, "Your breakfast."

Facing the delicious deep-sea fish, Boss held back his saliva and rushed over

He turned his head to the side and did not look at Ye Luo.

Qin Shu looked at Boss curiously, it was the first time she saw him turned away from the delicious fish.

"Boss, go eat your fish, is your breakfast, if you don't eat it, you'll starve."

Boss was still indifferent. he snorted in his heart, even if he did not take breakfast, there would be dried fish to eat later.

"You're really not eating? If you don't..." Qin Shu deliberately dragged her tone, "I'll let Ye Luo take it away."

Boss remained unmoved, he closed his eyes and began to sleep.

Ye Luo frowned. "You're not eating?"

Boss was speechless.

I won't fall for your trick again.

"Then I'll take it away."

After Ye Luo said that, he took the tray and left without hesitation.

Boss lifted his eyelids, seeing Ye Luo took the fish away, he could only watch, he had his pride.

Seeing that Boss did not move at all, Qin Shu rubbed his head. "Did you have a bad appetite too? You don't even crave for the deep-sea fish that you liked."

"Meow" Boss's voice sounded a little sad.

Who said he did not want to eat?

Wasn't he considered fat by you guys?

Qin Shu hugged Boss and sat on the sofa, after thinking for a while, she took out her tablet and opened it.

She went to the Deep Sea forum.

After searching for a while, she found the post that the man had put up.

After some thought, she forwarded the post. Her nickname was 'Black Knight in a vest.'

Not long after, the replies under her post went from ten to a hundred and then thousands.

But the question they asked wasn't about the Lanzhi grass, but about her nickname.

[Rabbit without tail: Dude, you just started out? How dare you use this nickname? Aren't you afraid of being targeted by others?]

Chapter 672: What Happens When The Girl Regains Her Memory

[Feng Mao Mao: No one in the Deep Ocean dared to use this nickname, bother, I admire your courage.]

[Roaming the world with a chicken drumstick in the mouth: This is the first time I've seen someone use this nickname, Are you the 'Black Knight'?]

[Weird Uncle: How can he be the 'Black Knight'? The 'Black Knight' has disappeared for more than ten years, even if he reappears, he won't be flooding this forum, is he trying to gain popularity?]

[3 Minute Popularity: I bet that in less than an hour, this 'Black Knight' will become a "Martyr". This day next year will be the anniversary of his death.]

As soon as this comment appeared, he received a lot of replies.

[Only Eat Medium-Rare Steak: Is it that exaggerated? @3 Minute Popularity.]

[Socks That Experienced The Day Stink: Great minds think alike, this nickname is too Minute Popularity.]

Qin Shu scrolled through the comments, all of them were discussing how she dared to use this nickname, and none of them answered anything about Lanzhi grass.

She simply logged out of the Deep Ocean forum and let them say whatever they wanted.

After she logged out of the forum, the number of people replying to the posts increased.

Qin Shu would do housekeeping on the laptop regularly, even though there was no relevant information about her on this laptop.

However, for the sake of safety, it would be safer for her to clear it.

Right now, she realized that her desktop suddenly froze, it was only for an instant.

It was enough to show how powerful the hacker's skills were.

The other party's intention was obvious, they wanted to do remote control on her computer.

This is my computer, and you want to do remote control, do you think my hacking skills are at the level of a kindergarten?

Qin Shu calmly covered the keyboard with both hands and skillfully typed on the keyboard, a string of complicated code generated onto the screen.

In a short while, she didn't even give the other party a chance to respond, and she blocked the hacker who tried to control her computer.

Not only that, she hacked into the other party's computer.

A hacker's computer usually didn't put too much information related to their identity, but that didn't mean that there wasn't any.

She was very fast, just when the other party found her, she already knew, the guest visited the Deep Ocean forum ten minutes ago.

So, the guest came to test her, or they might be suspecting her identity.

This so was because of the nickname she used in the Deep Ocean Forum, the Black knight in a vest?

Then, she found new visitors, some wanted to control her computer, and some wanted to test her.

But they were all intercepted by Qin Shu.

If her guess was right, these people were most likely hackers from the Deep Ocean Forum.

The purpose was to test her hacking skills.

At the same time, at Han Manor

Han Xiao saw Fu Tingyu and Gu Yan who came to visit suddenly, but he didn't see Qin Shu, so he was a little puzzled.

Fu Tingyu went straight to the point. "I'll let Yan take a look at your leg."

Han Xiao had roughly guessed Gu Yan's purpose for coming, after hearing Fu Tingyu's words, he nodded. "Okay."

Gu Yan squatted down in front of Han Xiao, his gaze sizing up his leg, he asked, "You've been back for so long, and you've been sitting in a wheelchair?"

Han Xiao answered truthfully, "Yes, one of the doctors did acupuncture on me, but it didn't have any effect, I can't feel my leg at all."

Gu Yan, "Let me take a look."

Han Xiao, "Sorry to trouble you."

Gu Yan reached out his hand and pinched the important acupoints on Han Xiao's legs, at the same time, he raised his head to look at Han Xiao's reaction.

Seeing that Han Xiao didn't respond, he increased his strength.

In the end, he still didn't see Han Xiao's painful expression, he thought that Han Xiao was enduring it, so he asked, "Do you feel any tingling?"

Han Xiao shook his head. "No."

Gu Yan frowned and looked at Han Xiao's leg again, he could not see through his pants.

After thinking for a while, he rolled up his black pants legs and looked at his leg, frowning.

Fu Tingyu stood by the side and watched, seeing that Gu Yan was frowning. He asked, "How is it?"

Han Xiao looked at Gu Yan in puzzlement, he seemed to have guessed something, so he did not show any expression.

Gu Yan said, "It's not a problem to sit in a wheelchair all the time, do more massages to let your blood circulate, otherwise, there's a possibility of muscle atrophy, if you got muscle atrophy, even if we have the Lanzhi grass, you might still become a cripple."

Han Xiao was startled, he hadn't paid attention to his leg ever since his return, perhaps he knew that his leg wouldn't recover, so he didn't bother about it.

"Thank you for your reminder, professor Gu."

Gu Yan continued, "The fact that you can not feel your leg shows that it is very serious, you should exercise more often, there are only benefits and no disadvantages."

Han Xiao said, "I will pay attention."

Seeing that Han Xiao was still cooperative, he went to write the prescription in satisfaction.

Ji Fei had followed his young master for so many years, when he saw his young master walked to the round table and sat down, he knew that he needed a pen and paper.

So he immediately took out a pen and paper and handed it over.

Fu Tingyu's pitch-black eyes stared at Han Xiao, after a long silence, he said, "Even if Lanzhi grass is extinct, you shouldn't give up on yourself and sit there all day without moving, this isn't like you., I remember that when you were learning martial arts, you broke your hand while practicing martial arts, you even insisted on doing morning exercises every day and you never treated yourself as a patient."

At this point, he raised his eyebrows. "Look at yourself now, don't you have the tenacity and perseverance you had in the past."

The man's words seemed to be sarcastic, but everyone knew that it was meant to comfort him.

Han Xiao raised his head to look at Fu Tingyu, probably not expecting him to say this.

Fu Tingyu continued, "Even if you sit in the wheelchair because you took the risk for her, I won't let you have her, even if your leg is healed, you can't compete with me."

His tone was domineering and provocative.

Han Xiao seemed to have been provoked. "You're so sure that I won't be able to compete with you?"

Fu Tingyu raised his eyebrows. "Of course."

Han Xiao was silent for a moment. "What if she recovers her memory? Are you still so confident?"

Fu Tingyu was startled.

Even on the way back, Fu Tingyu was still thinking about this question.

What would happen if the girl remembered what happened on the mountain?

He had never thought about this question.

As Han Xiao and Hua Wuyan mentioned frequently, he now often thought about this question.

He returned to the hotel without realizing it.

As soon as he walked in, he saw the girl sitting on the sofa with a laptop in her hands.

“Are you hungry?” He raised his feet and walked over.

“You’re back, I’m a little hungry, I was just waiting for you to eat together.”

After Qin Shu finished speaking, she thought of Han Xiao and looked at Gu Yan. “How’s his leg?”

Gu Yan sighed. “It’s not good, I’ve already prescribed some medicine, although it has the effect of soothing the meridians and promoting blood circulation, the effect is not significant.”

Qin Shu heard this and was silent for a while, she said, “So, we still have to find the Lanzhi grass as soon as possible.”

The man said at this time, “Let’s eat first.”

The food was ordered beforehand

As the man and Gu Yan have been eating the rather bland food because she didn’t have a good appetite, she felt that they had been mistreated.

Therefore, the dishes she ordered this time were not bland, there was also fish.

Qin Shu looked at these dishes, she clearly wanted to eat them, but she couldn’t stand the smell of them.

The dishes were ordered by Qin Shu, the man thought that she wanted to eat them, so he picked up the chopsticks and picked up a piece of delicious fish and put it into her bowl.

Chapter 673: The Girl Vomited, The Man Was Excited

The fish in the deep sea was fishier than the freshwater fish, after it was steamed, the average person smelled fine.

However, for Qin Shu, her sense of smell was inexplicably more sensitive than the average person, she could easily smell the fishy smell.

Therefore, when she saw the fish in the bowl in front of her, the fishy smell rushed to her nose. She really didn’t want to eat it.

But when she thought that it was the man who picked it up for her, no matter what, she still wanted to eat it.

She clenched the chopsticks in her hand, picked up the piece of smooth and delicious fish, and put it into her mouth, she didn’t even chew it and just swallowed it.

Perhaps it was her feeling, she felt her stomach protested against the entry of the fish.

When the man saw that the girl liked to eat this fish, he picked up two more pieces.

There were fewer fish bones in deep-sea fish, so there was no need to pick the fish bones.

Qin Shu looked at the two more pieces of fish in the bowl, and she almost wanted to cry.

She was afraid that the man would be worried and nervous.

She picked up the fish and put it into her mouth, then swallowed it silently.

As the man ate, he did not forget to pick up more fish for the girl, as well as braised pork ribs and other dishes.

Gu Yanren saw their every move, and he could not help but grumble in his heart, why do I have to eat the 'dog food' of these two people every day?

Isn't it tiring to spread 'dog food' every day?

They usually don't discuss things at the dinner table.

Gu Yan's habits were very similar to Fu Tingyu's.

Therefore, he could only focus on eating and pay no attention to them.

Qin Shu looked at the dishes she had just finished, and the man quickly picked up another dish for her, to begin with, she had no appetite and now she was full.

Not only was she full, but she also felt that her stomach was strongly protesting.

Seeing that the man had no intention of stopping, she looked at the man's bowl, after some thought, she picked up the dishes in her bowl and put them into the man's bowl.

Then she smiled and revealed two small canine teeth, which were very bright. "You take some more food too."

"Okay." The Man didn't feel anything at all, he picked up the fish that the girl gave him, put it into his mouth, and slowly chewed it.

Qin Shu saw that the man was eating happily, and she was happy, she picked up another piece of ribs and put it into his bowl.

The man ate them as usual.

Just as Qin Shu was about to continue, the man's deep voice came from beside her ear, "Take some yourself."

Qin Shu looked up and saw that the man was looking at her, she felt a little guilty for some reason.

She couldn't eat anymore, so she could only say, "I'm full."

Only then did the man realize that she had been working hard to give him the dishes in her bowl as she was full.

“Then don’t take anymore.” The man’s voice was filled with affection.

Qin Shu secretly heaved a sigh of relief, finally, she didn’t need to eat anymore.

On the sofa, Boss was lying listlessly in a corner.

Everyone was taking lunch, but Boss didn’t have any food.

A pair of dark green eyes stared at the three people on the table with hidden bitterness, no one remembered that he was still hungry.

He did not have breakfast, he thought that two hours before lunch, Ye Luo would prepare snacks and dried fish for him as usual.

In the end, not to mention dried fish, he did not even smell the fish.

He resentfully withdrew his gaze and scanned the surroundings, he did not find Ye Luo’s figure, and his gaze became even more resentful.

He originally wanted to wait for Ye Luo to deliver lunch to him.

Starving to the extreme would make a cat go crazy.

So, Boss suddenly jumped down from the sofa and angrily went to ask Ye Luo for something to eat.

If he didn’t eat, he would die.

Ye Luo had just finished eating lunch and stood there folding clothes.

He felt the leg of his pants being rubbed, when he looked down, he saw Boss’s dark green eyes that were filled with resentment.

“Meow” Boss let out a dissatisfied cry, his claws kept scratching Ye Luo’s pants. He felt that he might tear his black pants in the next second.

Ye Luo glanced at Boss’s stomach, it had been round before, but now it had sunk in a little.

He asked, “Are You Hungry?”

“Meow!” I’ve been hungry for a long time.

“Wait.” Ye Luo said and walked out, preparing to get Boss’s lunch.

Boss was really hungry, he couldn’t wait for a second and he couldn’t even be bothered to walk.

So, when Ye Luo turned around, he simply stretched out his two forelimbs and hugged Ye Luo’s leg, he cried out in grievance, “Meow!”

Ye Luo had just taken a step when he felt that something was wrong, he lowered his head and saw Boss on his leg.

“Meow” Boss looked at him pitifully, trying to climb up.

Ye Luo was speechless.

In silence, he watched Boss climb up bit by bit.

When he climbed to his knees, he finally reached out his hand and picked it up expressionlessly, then continued to walk out.

Boss, who had gotten what he wanted, felt less resentful, his eyes brightened a little as he was waiting for food.

..

Fu Tingyu's tall and straight figure sat on the sofa, he crossed his long legs and there was a laptop on his lap, it was silver in color.

His pitch-black eyes stared at the computer screen, he was deep in thought about the posts that had been forwarded.

Qin Shu leaned to the side and crossed her legs, there was also a laptop on her lap, she was also reading the posts on the Deep Ocean Forum.

She felt uncomfortable in her stomach, she changed her position again and still felt uncomfortable.

She glanced at the man sitting next to her and simply moved closer to him, then, she leaned on his arm and continued to read the replies on the post.

The man tilted his head and saw the girl leaning on his arm, the corners of his mouth couldn't help but lifted.

He glanced at her computer screen and found that she was also on the Deep Ocean Forum.

He noticed that the person who had forwarded the post was her.

He had been wondering if she was the one who had forwarded it, but now he could confirm it.

However, the nickname 'Black Knight in a vest' was too eye-catching.

There were already more than a thousand replies, but none of them were about the Lanzhi grass.

Qin Shu frowned and felt that her stomach was even more uncomfortable.

At this moment, Boss was full of energy after food, he walked to the sofa with his head held high and then nimbly jumped onto the sofa, he subconsciously ran into Qin Shu's arms.

Boss, who had just finished eating the fish, had a very strong fishy smell.

Qin Shu's stomach was already uncomfortable, when she smelled the fishy smell, her stomach immediately rolled vigorously, and she retched twice.

Boss did not understand what was going on, he walked over doubtfully and even called out worriedly, "Meow"

This time, the fishy smell was even stronger.

Qin Shu covered her mouth and retched a few more times.

When the man heard the movement, he hurriedly put down the laptop and turned his head to look at her. "What's Wrong?"

Qin Shu shook her head. "I'm..." Before she could say the word 'fine', the feeling of wanting to throw up suddenly intensified.

She put the laptop on the sofa, put on her slippers, and rushed into the bathroom.

Seeing the girl's reaction, the man was stunned, he put on his slippers and chased after her.

In the bathroom

Qin Shu let out a "Wah" and threw up everything she had eaten for lunch, as she turned on the tap, she threw up again.

When the man came in, he saw that the girl was vomiting, he patted the girl's back and used his other hand to get a towel.

After the girl stopped vomiting and rinsed her mouth, he handed the towel over and asked, "Why are you throwing up?"

Chapter 674: Congratulations on Becoming a Father-To-Be

"I don't know either. I suddenly felt like vomiting when I smelled the fishy smell."

Qin Shu wiped the water droplets on her face with a towel, she was also very puzzled, why did she vomit when she smelled a fishy smell?

On the sofa in the living room

Boss looked in the direction Qin Shu left with a dumbfounded expression, he felt a little wronged and that he had been despised.

After Qin Shu vomited, her stomach felt much better, and it was not as uncomfortable as before.

The man saw that the girl did not look well and could not help but got worried. "I'll let Yan take a look at you."

"There's no need for that, I just vomited. It's much more comfortable now."

Qin Shu threw the towel into the trash can, the man grabbed her hand and led her out with a very serious expression. "You've vomited, that means it's very serious, you have to let Yan take a look at you."

Qin Shu felt a little helpless and obediently followed the man, it would be fine if he could only feel at ease after Gu Yan had seen her. He was just next door anyway, so it was no trouble.

When they came to the living room, Boss still maintained the posture of turning his head.

Seeing Qin Shu came out, he nimbly jumped down from the sofa and jogged over.

The man saw Boss approached the girl and caused her to vomit, so he ordered, "Ye Luo, take Boss away."

As soon as he finished speaking, Ye Luo's tall and straight figure appeared in the living room, he picked up Boss and turned to leave.

"Meow" Boss cried out aggrievedly, he was being despised, he wanted to cry!

Qin Shu looked at Boss who was taken away, speechless.

After Boss was taken away, the man pulled the girl to the sofa and asked her to sit down, then, he turned and poured her a cup of hot water. "Drink some water first. I'll go find Yan."

"Okay." Qin Shu nodded. She took the cup and took a sip to wash away the strange smell in her throat.

The man walked straight to Gu Yan's room, perhaps he was too anxious, he didn't even knock on the door and directly pushed it open and walked in.

Gu Yan was sitting on the sofa thinking about something when the door was suddenly pushed open, he was shocked and turned his head to the side, he was quite surprised when he found that it was Fu Tingyu who came in.

"When did you become so impatient? You Don't even knock on the door?"

"It's urgent." The man strode in. "Go and take a look at her, she vomited just now. I wonder if she's sick?"

"Vomit, vomited?" Gu Yan was a little surprised. "How did she vomit?"

"What else could there be?" The man was worried that the girl would get sick, so he spoke in a hurry.

Gu Yan and Fu Tingyu had grown up together and knew him too well, he knew that he cared too much for Qin Shu that he was so anxious.

"There are many reasons for vomiting, you can give me a rough explanation so that I could have a preliminary judgment."

He explained patiently, but the man couldn't hear him.

"You'll know when you see her, the food that she had for lunch were all vomited out."

He should have asked Ye Luo to prepare some more food, she must be hungry since she had just vomited.

Gu Yan sighed helplessly and did not ask him anymore. Instead, he followed him and walked out.

Qin Shu drank half of the water in her hand, when she saw them came in, she placed the cup on the glass coffee table.

The man turned to look for Shi Yan and asked him to prepare some more food.

Gu Yan walked to Qin Shu's side and sat down, he asked, "Are you feeling unwell?"

Qin Shu recalled the process of vomiting and said, "I didn't feel well in my stomach just now, when I smelled the fishy smell, I couldn't help but vomit. But after I vomited, I felt better."

Then she asked again, "Could it be that the fishy smell was too strong? That's why I vomited?"

After listening to these few sentences, it was indeed difficult for Gu Yan to determine the reason why she vomited.

“Let me take a look at you first, just by listening to these, I can’t be sure what was the reason, I can’t rule out that it has something to do with the food you ate.”

He had already checked Qin Shu’s pulse countless times, and his movements were skillful.

When he checked her pulse, Qin Shu did not speak anymore, instead, she looked at Gu Yan’s expression while waiting for the result.

When the man came back, he saw Gu Yan checking the girl’s pulse, he walked over and sat beside the girl.

After a while, Gu Yan glanced at Fu Tingyu with a serious expression.

Fu Tingyu couldn’t help but feel nervous when he saw Gu Yan’s expression.

Gu Yan was still looking at him, and his gaze became a little strange.

Fu Tingyu felt a bad premonition and couldn’t help but ask, “What caused the sudden vomiting?”

Seeing Gu Yan’s serious expression, Qin Shu was also a little nervous.

Gu Yan withdrew his hand, his expression still very serious. “She’s only just started, in the next two months, she may vomit even more seriously, don’t put greasy and fishy food on the table anymore.”

Hearing this, the man was a little nervous. “It’s that serious? Then what caused it? Is there no way to cure it?”

Seeing that Fu Tingyu was so nervous and thinking about the results of the pulse check, Gu Yan wanted him to be anxious for a while longer.

“There’s no way to cure it, as for the reason, of course, it’s because of you.”

If there was no way to cure it, it meant that the girl would have to face the symptoms of vomiting, which would be very difficult.

“Because of me?” The man was worried and puzzled.

Gu Yan said with a serious face, “Of course it’s because of you, if it wasn’t for you, she wouldn’t have to endure all this.”

Qin Shu suddenly fell silent after hearing Gu Yan’s words, her hands clasped together showed that she was nervous.

But deep in her heart, she was secretly looking forward to it.

The man fell silent after hearing that, the girl’s illness was caused by him, could it be poisoning?

He suddenly raised his head to look at Gu Yan and said slowly, “No matter what method is used, we must cure her.”

Gu Yan felt that it was about time and stopped teasing him, in case he would settle the score later.

“Sit down and listen to me first.”

The man frowned. “You can’t say it while I’m standing?”

“I’m afraid that you’ll get too excited after listening to me, so it’s better to sit down before we talked.”

He knew this childhood friend too well, after listening to the results of the pulse check, he would definitely be so excited that he would not be able to control himself.

When the man heard this, he had a bad premonition in his heart, and he couldn’t sit down in peace.

Qin Shu reached out to hold the man’s hand, she noticed that his hand was cold, and his palm was covered in a thin layer of cold sweat.

The man lowered his eyes and looked at the girl, his eyes full of worry.

Qin Shu knew that he was worried about her, so she said gently, “Sit down first and listen to what Gu Yan has to say.”

The girl’s gentle voice had a soothing effect.

The man hesitated for a moment, then he held the girl’s hand tightly and sat down.

He could trust Gu Yan’s medical skills.

Therefore, illnesses like vomiting could definitely be cured.

Thinking of this, his nervousness also eased up a little.

Qin Shu was actually very nervous too, she looked at Gu Yan with anticipation, hoping that it was what she thought.

Gu Yan saw Fu Tingyu sit down and coughed a few times to ease the tense atmosphere.

Then, he smiled and said, “Congratulations on becoming a father-to-be.”

Hearing the words ‘father-to-be’, Fu Tingyu was stunned for a moment, he didn’t know if it was because he was too excited.

Chapter 675: No Matter How Excited, You Have to Restrain Yourself

It took a while for him to react.

He kept repeating in his mind, I am going to be a father, I am going to be a father...

Qin Shu was no better than Fu Tingyu.

She was also extremely excited, she sat there in a daze because this was the child that the man had always looked forward to, it was also the child that she had always looked forward to.

After Gu Yan finished speaking, he kept sizing up Fu Tingyu’s expression, thinking that he would jump up in the excitement or hug Qin Shu.

In the end, he didn’t.

He couldn't help but ask, "Aren't you excited that you're going to be a father soon?"

Fu Tingyu looked up at Gu Yan and confirmed once more, "Am I really going to be a father soon?"

"Of course, I won't make a mistake when it comes to the sign of a pregnancy pulse." After Gu Yan said that, he asked unhappily, "Are you doubting my medical skills?"

"No, I'm afraid I've heard wrongly."

Well, actually, he was a little doubtful, but he was afraid that he had heard it wrong.

"Then why aren't you excited at all? I thought you were excited and would do something out of the ordinary." Gu Yan couldn't help but tease him.

Who said he wasn't excited?

He was just too excited... so, for a moment, he didn't know how to react.

It was his first time being a father, although he had been looking forward to it, now that he suddenly knew that the girl was carrying a child, he was a father-to-be.

He really didn't know what to do.

He turned and suddenly pulled the girl into his arms, his voice trembled uncontrollably due to his excitement. "Babe, I'm going to be a father."

Qin Shu hugged him back happily. "Hmm, congratulations, Baby Yu."

The man was so excited that he didn't know how to express the excitement and happiness in his heart.

Just by hugging her tightly, he almost lifted her and spun her around.

No wonder Gu Yan said that it was all because of him that the girl became like this.

It was indeed his fault.

But he was happy.

But when he thought of the girl vomiting, he couldn't help but started to worry.

He turned to look at Gu Yan and asked, "Then what's wrong with her vomiting? Will it affect the baby? Is there no way to cure it?"

Gu Yan explained, "Morning sickness, lethargy, this is a normal reaction after pregnancy, so don't worry."

The man still didn't understand, pregnancy and morning sickness?

But lethargy.

He remembered that the girl seemed to be very sleepy, even if they didn't do anything at night and went to bed early, she still woke up late in the morning and often dozed off during the day.

Then he asked, "Then during the pregnancy, is there anything that one needs to pay attention to?"

Gu Yan said, "Of course there is. There are a lot of things that you need to pay attention to, I'll explain it to you in detail later."

The man felt that he needed to take out a small notebook and write them down one by one.

At this moment, Shi Yan brought the food over, they were prepared according to Mr Fu's instructions, after all, they were all bland.

He placed the dishes on the dining table by the side, after he placed them one by one, he retreated to the side.

The man glanced at the food on the table. "You must be hungry, eat First."

After saying that, he held the girl's hand and walked to the table.

Qin Shu looked at the nervousness on the man's face and could not help but laugh. "There's no need to be so nervous. It's just that I'm pregnant. I'm not that delicate."

The man said, "Because you're my wife, of course, I'm nervous."

Qin Shu sat down at the table and looked at the porridge and dishes in front of her, perhaps it was because she had just vomited and her stomach was empty, so she felt especially hungry.

"You eat first, I'll talk to Yan for a while."

The man turned and glanced at Gu Yan.

Gu Yan immediately understood what he meant, he stood up and walked into the room next door with him.

Qin Shu watched the two men walked into the room before she retracted her gaze, picked up her chopsticks, and started eating.

In the room

Fu Tingyu didn't wait for Gu Yan to speak and asked, "She vomits all the time, is there no way to improve it? If she vomits all the time, it will be very uncomfortable."

Gu Yan said, "She can eat some soda crackers, it will stop the vomiting."

"Soda crackers? Is it nutritious?" The man asked.

"It can stop the vomiting." Gu Yan thought for a while and said, "She's now in the early stages of pregnancy, she doesn't need to take in too much nutrition, after four to five months, she can eat a proper amount of nutritious soup."

The man listened very seriously.

After Gu Yan finished, he glanced at Fu Tingyu and thought for a while, then reminded him, "In the early stages of pregnancy, the fetus is unstable, you should restrain yourself."

Fu Tingyu looked at Gu Yan and hesitated. "Then, if it happened before, would it affect her?"

"If she's fine now, it means that it didn't affect her before." After Gu Yan said that, he looked at Fu Tingyu meaningfully. "You should restrain yourself, this is not a joke."

What he meant was that no matter what, you should just bear with it.

Fu Tingyu's gaze was a little complicated.

He thought to himself that since he came to Qi Hua, he did it more than once, just thinking about it gave him a lingering fear.

But when he thought about the baby in the girl's stomach, he was still very excited.

It should be that he had never calmed down from his excitement.

"If you have any questions, you can ask me directly. I'm a doctor," Gu Yan especially reminded him.

"I know."

When Fu Tingyu came out, the girl had already finished eating, right now, she was leaning on the sofa with her eyes slightly narrowed, one look and one could tell that she was sleepy.

He walked over excitedly and pulled the girl into his arms, he whispered into her ear, "I was too much before, I didn't know that you were pregnant, yet I still did that."

The man suddenly walked over and hugged her as he spoke, Qin Shu was puzzled. "Baby Yu, what's wrong?"

"I'll carry you to your room to sleep."

After the man finished speaking, he carried her horizontally and strode into the room.

Qin Shu let him carry her, in any case, she was indeed a little sleepy.

After walking to the big bed, the man gently placed her on the bed, he first took off her coat, then her shoes.

After that, he also took off his clothes and shoes, and then he laid down with the girl.

He grabbed her hand and placed it on his chest, his excited voice was like his heartbeat at this moment, it was hard to control the rhythm.

"Babe, I'm so happy. I'm... I'm going to be a father."

Qin Shu nestled in the man's arms, in her palm, she could clearly feel the man's heartbeat, the sound beside her ear was even louder, and it was hard to ignore.

Seeing the man so excited that he couldn't control himself, all his emotions were revealed in his eyes.

She felt that everything was worth it.

"Do you know, you looked like the person you loved has just confessed to you, and then she has also agreed to marry you."

The man laughed instead. "Babe, I'm really excited because this place is pregnant with a child that belongs to us, only belongs to us."

After saying that, the man realized that he had talked too much today, he patted the girl's thin back gently. "You should be tired, get some sleep first."

"Okay." Qin Shu was indeed a little sleepy, but due to her excitement, she was not very sleepy.

However, after closing her eyes for a while, she fell asleep.

Hearing the girl's light breathing, the man lowered his eyes, his gaze fell on the girl's fair face and then moved to her lower abdomen.

How could he not notice that there was already a baby here that belonged to him and her?

Chapter 676: Wife Was The Greatest, The Man Was Too Considerate

As a new father, there was an indescribable emotion in his heart.

The man hugged the person in his arms tightly, and that feeling was like having priceless treasures in the world.

Even at night, when the man hugged the girl to sleep, he was so excited that he couldn't fall asleep.

His hand would occasionally touch the girl's lower abdomen, feeling that a baby was being born there.

The baby that he had been looking forward to had suddenly arrived, even as the fourth Master in the family who had dominated Jiangcheng, he was at a loss.

Ever since he found out that his wife was pregnant, Fu Tingyu had been in a high-strung state all day.

When he woke up in the morning, he even wanted to help her put on her clothes.

If Qin Shu moved a little more, he would say nervously, "You're pregnant now, what if you hurt the baby?"

She couldn't help but complain in her heart, before they knew that she was pregnant, how could he not know that doing this and that would hurt the baby?

Compared to the past, it was nothing.

Because of her poor appetite, she couldn't eat much in one meal.

The man prepared ten meals a day, afraid that the mother and son would be hungry.

Qin Shu felt that she had just taken a bowl of porridge, she hadn't even gone to the bathroom once to ease herself, the man would bring her the next meal.

Moreover, it was all made by the man himself, and he had learned it from the chef, as he was too smart, he had learned everything very quickly, the porridge that he made was very delicious.

Looking at the delicious 'Snow-like Jade' in front of her, where the ingredients were actually deep-sea fish.

As the procedure to remove the fishy smell was done well, there wasn't a trace of any fishy smell.

The portion that was prepared wasn't much, there was only one slice, the color of the fish was like high-quality white jade, and it was a little translucent.

Qin Shu thought that there was still space in her stomach, so she finished eating the 'Snow-like Jade'.

After she finished eating, she sat on the sofa resting. Boss didn't see Fu Tingyu, so he jogged over.

Before he jumped onto Qin Shu's lap, a hand grabbed the back of his neck, when he turned, he saw Fu Tingyu's dark and handsome face.

Boss looked terrified.

This person didn't even make a sound when he walked?

Was he even more powerful than the cat?

"Ye Luo, keep an eye on it, don't let it get close to her."

After saying that, he mercilessly threw Boss out, he was afraid that Boss would kick his wife in the stomach.

Qin Shu looked at Boss who was thrown out and felt a little sorry for him, how many times had he been thrown out by the man?

Ye Luo heard Fu Tingyu's voice and immediately came out from the next room, he saw Boss's round body rolling a few times in the air.

He expressionlessly stretched out his arms and steadily caught him, then, he turned and walked to the next room.

Boss was still in shock, he was scared to death just now.

Was it a way to throw pets?

Jiangcheng

Fu residence

Fu Tingyu had already gone to Qi Hua for quite some time, as New Year was approaching and he had not returned yet, the old Madam was a little anxious.

She was also anxious that her son and daughter-in-law would not be able to come back for the New Year again this year, just like the playful kids.

However, this year, it was because her daughter-in-law was pregnant and they couldn't come home.

The old Madam was naturally happy at the thought of having another granddaughter.

However, no matter how happy she was, she was still a little depressed when they did not come back for the New Year.

Xu Wei had come to the Fu family's old residence several times, on the surface, she was here to chat with the old Madam, but in fact, she just wanted to see if Fu Tingyu had returned.

"Grandma, the sun is quite nice today, can I accompany you for a walk?"

Xu Wei's voice was gentle and understanding.

Unlike Xiao Yan.

It was fine if Xiao Yu was not at home, but Xiao Yan could not be seen for the whole day.

He would bring his friend out to play every day or stay in the room and play games together.

If the other party was a girl, she would almost think that her grandson was also in a relationship.

With someone to accompany her for a chat and a walk, the old Madam was naturally happy.

The backyard garden of the Fu residence was designed with an ancient look, although it was winter, there were pine and cypress, plum blossoms, and other plants for appreciation.

The old Madam's somewhat depressed mood was relieved.

Seeing that the old Madam was happy, Xu Wei pretended to casually mention, "Grandma, I'm in a much better mood just to accompany you for a walk and a chat."

Hearing this, the old Madam turned and asked in puzzlement, "What's wrong? Are you unhappy?"

"It's all because my aunt comes to my house every day to cry and complain, she said that my cousin has been married for more than two years, but my cousin-in-law hasn't been pregnant, she didn't agree to their marriage in the first place, but now she feels that my cousin should have listened to her back then and chose a more suitable wife, perhaps by this time, she would already have a grandson, she's trying to persuade my cousin to get a divorce and marry someone else."

Xu Wei sighed. "I don't know what's going on."

The old Madam thought about it for a while. "Your aunt is normal as well, as parents, they always think about their children, your cousin-in-law hasn't bear any children in more than two years of marriage, no matter who it is, they will be anxious and angry, they should go to the hospital for a check-up, maybe it can be cured."

After the old Madam said that, she suddenly recalled Xiao Yu and Qin Shu, they had been together for a long time and she had not heard any news about them, could they also have that kind of illness?

Xu Wei said regretfully, "they seek treatment for more than a year and there is no effect, otherwise, my aunt would not be in such a panic."

"Xiao Yu and Qin Shu have been together for more than two years, we have not heard any news as well..." the old Madam frowned.

"Has Tingyu and Qin Shu been together for so long? Could it be because of other reasons or because Tingyu doesn't feel like it?" Xu Wei asked in puzzlement.

“I know Xiao Yu too well, I’m the same as him, we can’t wait for Qin Shu to have a child so that she can stay by his side more quietly, how could he not want it? I’m afraid he’s even more anxious than me as a grandmother.”

After the old Madam said that with great certainty, she could not help but feel a little worried. “Do you think that Qin Shu has similar symptoms?”

“Grandmother, this, this is hard to say, why don’t you ask Qin Shu to go to the hospital for a check-up?”

Xu Wei glanced at the old Madam after she finished speaking, seeing that she seemed to take this matter very seriously, she couldn’t help but feel happy secretly.

It was indeed right to mention this matter.

As long as the old Madam suspected that Qin Shu couldn’t have children, she would definitely stop her from staying by Fu Tingyu’s side.

It was only a matter of time before they separated.

The old Madam fell into deep thought as this was not a trivial matter.

Seeing that the old Madam fell into silence, Xu Wei reminded her again, “If that’s really the case, then doesn’t Tingyu...”

She did not say the rest of her words, but the meaning was very clear, if she could not have children, Tingyu would not have children.

This was something that all the elders would value seriously.

The reason why she brought up her cousin and his wife was to remind the old Madam that Fu Tingyu and Qin Shu had been together for so long, but there was no news at all.

The more the old Madam thought about it, the more she felt that Xu Wei’s words made sense, she should ask Xiao Yu to find a doctor to examine Qin Shu and resolve the problem earlier.

Of course, it would be good if it could be treated.

If it couldn’t be treated...

Fu Tingyu didn’t call his parents about Qin Shu’s pregnancy as he was afraid that his mother would be too excited, she had just gotten pregnant and if she rushed to return to Jiangcheng early, if anything happened, his father would be very angry.

No one could bear this responsibility.

So, he prepared to delay telling his parents.

..

Chapter 677: Provoked and She Was Pissed

Fu Tingyu turned his head and saw that the person sitting on the sofa was dozing off again, he turned and walked over, stopped in front of the sofa, bent down, and carried the girl in his arms.

“I’ll carry you to the bed to sleep.”

She was used to being carried by the man, hearing the man’s deep voice, she was so sleepy that she did not open her eyes, just tilted her head and leaned on the man’s shoulder, letting him carry her into the room.

She felt very safe.

A pair of eyes full of resentment kept staring at the two people who walked into the room in front of him.

In these two days, as soon as Boss got close to Qin Shu, Fu Tingyu would immediately appear and throw him out.

He was clearly Qin Shu’s pet, okay?

Now, it was as if it was isolated.

To prevent Boss from looking for Qin Shu, Ye Luo kept him in his arms, no matter what he did, he would bring him along, if it really did not work, he would just put him in the room and lock it.

One day later, Jiangcheng

Xu Wei came to visit old Madam Fu again today, it was mainly because of what happened yesterday, she wanted to find out what was going on.

Old Madam did not sleep well last night, and she was not in a good state of mind today.

When Xu Wei came in, she saw old Madam sitting on the chair in a daze, she asked in a low voice, “Grandma, did you not sleep well last night?”

Old Madam saw Xu Wei coming and moved her body, she raised her head to look at her and sighed. “Xiao Yu hasn’t come back yet, when he’s back, it’s better to bring Qin Shu for a checkup.”

Hearing this, Xu Wei knew that the old Madam was very concerned about this matter, she said, “Grandma, it’s not good for your health to waste your energy like this.”

The old Madam was a little helpless. “Can I not be concerned? Xiao Yu’s parents have long abandoned him and let him take everything on his own, this is not a small matter, no matter what, it’ll be better for the doctor to take a look.”

“Uncle and auntie are not at home, grandma, you have to worry about everything, I am worried about you as I am afraid that you will be exhausted.” Xu Wei looked distressed.

The old Madam said, “I am already used to it, I only hope that my children and grandchildren will be good and our family will prosper, it doesn’t matter how tired I am.”

Xu Wei laughed to herself and then asked, “Grandma, it’s almost New Year. Did Tingyu say when he will be back?”

“No, I don’t know when he will be back either, this child, it’s already the New Year, why isn’t he back soon?”

The old Madam had been waiting for her grandson to come home for the New Year, so she was a little melancholic.

“Did Tingyu go to look for Qin Shu?” Xu Wei paused and said, “The Imperial College has been on vacation for a while, Xiao Yan is already back, logically speaking, it should be time for them to come home.”

Fu Tingyu didn't tell the old Madam or his brother about Qin Shu's kidnapping, so the old Madam didn't know about it.

She also didn't know that Fu Tingyu went to the capital to look for Qin Shu, much less that she knew they were currently in Qi Hua.

The old Madam felt that it was strange, logically speaking, her grandson was a person who knew his limits, but when it came to Qin Shu, no matter how composed he was, he would still lose his ground.

“Perhaps it was because of Qin Shu that they stayed in the capital for a few more days.”

Xu Wei thought for a moment and reminded, “Tingyu is a bit too much, it's almost the New Year, he knew that you would be worried, why didn't he call back?”

At the mention of calling, the old Madam's somewhat slow brain suddenly had a flash of inspiration. “Right, if he doesn't call home, I'll call him.”

After saying that, she started to take out her phone.

Seeing that the old Madam had thought of making a phone call so quickly, Xu Wei was delighted, she did not say anything else and just sat by the side, waiting silently.

The old Madam was just about to call her grandson, as it was close to the New Year, coupled with the incident earlier, she had been keeping things on her mind.

However, before she could dial the number, she received a call from her grandson, the first thing she asked was, “Xiao Yu, when are you coming home? It's almost the New Year.”

Hearing the anticipation in his grandmother's tone, Fu Tingyu said, “Grandma, I have something important to tell you.”

The old Madam said, “I have something important to tell you too.”

Hearing that, Fu Tingyu suppressed the joy in his heart and said, “Then, grandma, you go ahead first.”

“You've been together with that child Qin Shu for a long time. it's almost three years, the two of you...”

Before the old Madam could finish her sentence, Fu Tingyu thought that she was trying to persuade him to divorce the girl again, so, he made his stance clear. “Grandma, I've been with her for almost three years, but divorce is impossible, we're bound to each other for the rest of our lives.”

When the old Madam heard her grandson's words, she sighed again. “No, Xiao Yu, listen to grandma.”

Fu Tingyu pursed his lips and waited, in any case, he had already decided on her in his heart, no matter who it was, he could not change it.

When the old Madam saw that her grandson had kept quiet, she spoke, and her words were extremely tactful.

“Xiao Yu, I mean, you guys have been together for so long and nothing happened, could there be another reason? Do you want to go to the hospital for a checkup?”

Fu Tingyu was stunned after listening to the old Madam’s words, so, grandma wanted to talk about this?

Although he had been with the girl for three years, being really together was...

He remembered when the girl suddenly changed, due to some misunderstanding and a moment of muddle-headedness, he had the idea of forcing her.

If it weren’t for the fact that he was angry over and over again, they wouldn’t have been together, for more than two years, he didn’t even touch her.

That was because he had been despised for even kissing her.

Even though he had always wanted to monopolize her in his heart, he restrained himself.

However, at that time, the girl didn’t struggle as he had thought, in fact, she shyly cooperated with him, that was why he couldn’t control himself.

Thinking about the recent time, the girl had been very good to him, so good that it made him feel like he was dreaming.

Now that he had his child, he couldn’t help but feel happy.

He felt that his life was complete.

The man retracted his thoughts and the corners of his mouth couldn’t help but lifted into a beautiful smile. “Grandma, Congratulations on becoming a great-grandmother-to-be.”

Hearing the words ‘great-grandmother’, the old Madam was stunned and didn’t react for a long time.

Fu Tingyu knew that the old Madam was shocked, so he didn’t speak and waited quietly for her to ask.

After a long while, the old Madam found her voice. “You said that I’m going to be a great-grandmother?”

“Yes, grandma. Qin Shu is pregnant.”

The man’s lips curled into a smile, it was the joy of being a father for the first time.

The old Madam urged excitedly, “Then why don’t you come home soon? I’ll get someone to prepare more tonics, pregnancy is very tiring, don’t go to school, just stay at home and take care of the baby.”

Fu Tingyu said, “Grandma, I know what to do.”

The old Madam said, “But you have to come home as soon as possible, it’s not good to stay outside.”

“We’ll come home as soon as possible, grandma, don’t worry.”

After the call was hung up, the old Madam was so excited that she forgot about Xu Wei.

When Xu Wei first saw Fu Tingyu's call, she was extremely excited.

But when she heard the old Madam say that she was going to be a great-grandmother, it was as if she was struck by lightning, she didn't react for a long time.

After she came to her senses and looked at the old lady, she found that she had hung up the phone.

Chapter 678: A Different Gift

She could almost guess that Qin Shu was pregnant.

She was actually pregnant?

Looking at Old Madam's expression, she was very happy that Qin Shu was pregnant.

Why was Qin Shu pregnant at this time?

Although Xu Wei thought that Qin Shu was pregnant in her heart, she still didn't give up and asked, "Grandma, what are you so happy about?"

Only then did Old Madam realize that Xu Wei was sitting at the side, and her face was full of joy. "Qin Shu is pregnant, and I'm going to be a great-grandmother. Ah, I was so happy just now that I didn't know what to say."

After the Old Madam spoke, she still could not suppress her happiness.

It was said that people were in high spirits when it came to happy events. Old Madam who was listless just a moment ago was now in high spirits again.

After hearing the confirmation from the old madam herself, Xu Wei's hands on her legs could not help but tighten the hem of her skirt. How did Qin Shu have such good luck?

She had just mentioned this to the Old Madam yesterday. Today, Fu Tingyu called and said that Qin Shu was pregnant?

They had been together for three years and there was no reaction. Suddenly, there was a baby?

Xu Wei seemed to have remembered something and pretended to be puzzled. "Grandma, Qin Shu has been studying in the capital. Tingyu and he haven't seen each other for half a year. How did it happen all of a sudden? Don't you think it's too strange?"

The smile on the Old Madam's face froze. She turned her head to look at Xu Wei and the smile on her face receded a little. "What do you mean by that?"

"Grandma, Qin Shu is studying in the capital University while Tingyu is busy in Jiang City. Even if he goes to the capital, it doesn't seem to match up at this time."

Xu Wei didn't notice anything wrong with the Old Madam's expression and continued to mislead her.

In her heart, she already felt that Qin Shu did not like Fu Tingyu from the start. Now that she was suddenly pregnant, there must be something behind the scenes.

“When did Xiao Yu go to the capital? When did he not go? Whether the time matches or not, he knows in his heart. Of course, we outsiders don’t know, so we can’t jump to conclusions.” The Old Madam’s voice was clearly a little displeased.

It was mainly because of her past record.

When her daughter-in-law was pregnant, someone had provoked her in front of her, making her think that the child was not her son’s.

It was not the first time she had slandered her daughter-in-law and grandson.

When the truth was revealed and the grandson was born, her son was so angry that he did not even let her see him.

It took her a long time to resolve the estrangement between her son and daughter-in-law.

So, this time, she felt that Xiao Yu must know best whether it was true or not.

Since he was so sure, then it must be true.

Xu Wei then realized that Old Madam seemed to be unhappy. She did not know why Old Madam was so sure all of a sudden?

Logically speaking, after hearing what she said, she would definitely think this way.

But now, Xu Wei did not care about anything else and said, “Grandma is right. Since Tingyu thinks so, it must be true. I’ve heard too many examples like this, so I thought so. How Could Qin Shu be like those people?”

On the surface, it seemed like she was admitting her mistake, but in fact, she was reminding Old Madam that Qin Shu was different from those people. She had a criminal record.

Old Madam glanced at Xu Wei and thought of Qin Shu. She couldn’t help but remain silent in the past.

Qi Hua

During the time she stayed in Qi Hua, Lan Zhicao didn’t find anything. New Year’s Eve was just around the corner.

Fu Tingyu was preparing to return to Jiang City.

Qin Shu hesitated for a while after hearing about it because she thought of Han Xiao’s leg.

She raised her head and looked at the man. “Before I leave, I want to see Han Xiao.”

The man pursed his lips and stared at the girl for a while before nodding. “I’ll go with you.”

Qin Shu smiled. “Okay.”

Hanzhuang

Ever since Gu Yan reminded Han Xiao that even if she couldn’t stand up for the time being, she had to exercise her muscles regularly.

Therefore, Han Xiao had been massaging herself for the past few days. She had even been training with her hands on the parallel bars.

At this moment, Han Xiao was holding the parallel bars with both hands. Her legs were straight as she sat up and down.

As she had used up a lot of her energy, her forehead was full of sweat. Even the back of her hands that were holding the parallel bars were covered with a layer of fine beads of sweat.

When Qin Shu arrived, she saw this scene and felt a little worried.

Hua Wuyan was accompanying her. When he saw Qin Shu, he looked at Han Xiao and said, "Qin Shu is here."

When Han Xiao heard this, she turned around and saw Qin Shu standing not far behind her, looking at him.

She glanced at Fu Tingyu, who was behind her, and then withdrew her gaze.

Hua Wuyan pushed the wheelchair over with tacit understanding, and just happened to push it to the position behind Han Xiao. He changed his posture and sat in the wheelchair accurately, and Hua Wuyan pushed it in front of Qin Shu.

When Han Xiao came over, Qin Shu said, "Han Xiao, we're going back to Jiang City Tomorrow."

The expected departure still came.

He was still reluctant.

"Yes. Because of me, I've caused you a lot of trouble."

Qin Shu opened his mouth to say that it was because of her that caused him to be like this, but when the words reached the tip of his tongue, they became, "You should rest and recuperate first. Gu Yan and we will find Lan Zhicao."

Han Xiao wanted to say that there was no need to put in so much effort, but in the end, she just nodded. "Okay."

Before she left, Han Xiao gave her an exquisite wooden box. It was light brown in color and had an ancient flavor. One look and one could tell that this wooden box was quite old.

"This is for you." It was a very simple sentence, but there was reluctance in it.

"Thank you." Qin Shu reached out to take the box.

As for what was inside, she didn't open it in person.

When Qin Shu and Fu Tingyu left side by side, Hua Wuyan pushed Han Xiao to the door until they left.

Hua Wuyan said leisurely, "I don't know when we'll meet again."

Han Xiao stared at the car that was already far away.

"I don't know when she'll remember what happened on the mountain," Hua Wuyan said again.

Han Xiao's expression froze, and her thin lips pursed tightly.

..

It was already two days in the afternoon when Qin Shu, Fu Tingyu, and the others returned to Jiang City.

The temperature in Jiang City and Qi Hua was the same as one winter and one spring.

As soon as they returned to Sheng Yuan garden, Ning Meng was the first to welcome them.

"Young Madam, you're finally back." If not for the master and servant, and the fact that she was being held by Fourth Master's hand, Ning Meng would have hugged Qin Shu directly.

"Don't be noisy, she needs to rest."

Fu Tingyu said coldly, then led the girl into the bedroom in the garden to rest.

Ning Meng had always been afraid of Fourth Master, so she didn't feel anything. Instead, she prepared food for Qin Shu.

In the bedroom

The man waited for the girl to lie down on the bed. After covering her with the blanket, he instructed, "You sleep for a while. I'm going to the office."

Qin Shu could not help but laugh. "Go ahead. Don't worry about me. I'm not a child anymore."

Seeing that the man still wanted to say something, Qin Shu said, "I won't starve myself. When I wake up, I'll go have afternoon tea."

When the man heard that, he stared at the girl for a while before standing up and walking out.

After the man left, Qin Shu laid on the bed for a while. She was not sleepy because she had already slept for several hours on the plane.

Thinking of the gift from Han Xiao, she hadn't opened it yet, so she simply sat up, put on her slippers, and went to take out the wooden box from her luggage.

Chapter 679: Unexpected, Uncle and Brother Together!

The suitcase was brought up by Shi Yan and left in the corner unpacked.

Qin Shu opened the suitcase again and saw the dark brown wooden box lying there quietly. She picked it up. It had some weight and should be made of solid wood,

She walked to the table, and sat down, placing the wooden box on the table.

She first took a look at the appearance of the wooden box. It had an antique appearance and intricate patterns were carved on the edges, making it look a little vintage.

After looking at it, she carefully opened it. As soon as she opened it, she smelled a faint mint fragrance. The scent was refreshing and very nice.

She looked inside and saw a jade flower quietly lying in full bloom. The petals were tender and beautiful, as if they had just been plucked.

Qi Hua's national flower, he actually gave this to her?

Although she wasn't from Qi Hua, she still knew one thing about Qi Hua's national flower.

That was, Qi Hua's national flower couldn't be given away.

She subconsciously reached out her hand toward the petals of the jade flower. When her fingertips touched the petals, she paused.

The jade flower had a long flowering period and was very strong.

But when her fingertips touched it, it was indeed not a tender touch, but a very hard texture.

If she guessed correctly, it should be a way to keep it fresh. As for the production process, it should be a little troublesome.

If it was properly preserved, Yu Fu could maintain her blooming appearance.

It could be seen that Han Xiao had put in a lot of effort.

Then, she saw a red handmade rope next to Yu Fu. With a hook of her finger, she took out the red handmade rope.

After picking it up, she discovered that there was a pendant under the long handmade rope.

After carefully examining it, she realized that it was a peach pit. There were two of them in total, and the surface was very smooth.

One of them had two words carved on it, Ling Bao.

The other peach pit had the little guy carved on it.

Ling Bao?

The little guy?

She suddenly realized that Ling Bao was actually the little guy.

After looking at it for a long time, Qin Shu looked at the peach pit pendant in her hand and then glanced at Yu Fu. After thinking for a while, she put it back into the wooden box and then closed the lid.

Then, she put away the wooden boxes.

Looking at the familiar bedroom, she wore a coat and walked out.

When Ning Meng saw her walk out, she quickly walked up to greet her. "Young Madam, you must be hungry. There's some soup that was just made in the kitchen. I'll bring it over for you."

It would have been better if she didn't mention it. But now that she mentioned it, she was really hungry.

"Okay."

"I'll go right now." Ning Meng walked briskly to the kitchen.

Not long after, she brought the soup over and placed it in front of Qin Shu.

"Young Madam, try it first."

"Okay." Qin Shu's gaze turned to the bowl in front of her. It was still steaming. She picked up a spoon and scooped a spoonful to cool it down. Then, she put it into her mouth. Only then did she realize that it was fish soup. The taste was very good, but the main point was that there was no fishy smell at all.

Ning Meng hurriedly asked, "Young Madam, is the soup to your liking?"

"It's quite delicious. Your skills in making soup are getting better and better," Qin Shu couldn't help but praise her.

"Of course. Young Madam is pregnant now, so she can't smell the fishy smell."

Now that everyone in Sheng Garden knew about Qin Shu's pregnancy, Ning Meng had just learned about it and was almost overjoyed.

Hence, everyone in Sheng Garden had to be 120% careful no matter what they did.

Qin Shu did not look surprised when she heard this. It was normal for her to know about the pregnancy.

After she finished a bowl, Ning Meng hurriedly asked, "Young Madam, how about I get you another bowl?"

Qin Shu nodded. "Okay."

Ning Meng quickly brought another bowl of steaming hot fish soup and placed it in front of her.

"Young Madam, is there anything else you want to eat? While you were away, I learned a lot from the chef. I can make most of the desserts," Ning Meng said excitedly.

Qin Shu took a sip of the soup and looked at Ning Meng in surprise. "That amazing?"

"Of course. As long as Young Madam wants to eat it, I can make it." Ning Meng's voice was a little smug.

Qin Shu thought of his current appetite. "When my appetite is better, you can make it for me."

Ning Meng nodded vigorously. "Yes, yes. When Young Madam wants to eat it, just say the word."

Towards evening

Fu Tingyu's tall and straight figure walked in from outside. He found the girl sitting on the sofa and walked over.

Today, he made a call to his grandmother, who asked him to bring Qin Shu back for dinner.

He walked to the girl, half-squatted down, and looked at her. "Dinner at the old house. I can't wait to see you."

"Okay, I haven't even seen Grandma since I came back. I'll go see her."

Qin Shu was lazily leaning on the sofa. When she saw that the man was back, she sat up straight and put on her cotton slippers.

"Then go now." The man took the girl's hand and walked to the door. Then, he bent down in front of the girl and began to change her shoes.

Qin Shu put one hand on the man's shoulder and looked down at him. No one could imagine that a person of his status was squatting in front of a woman.

The man's knuckles were long and slender, and his palms were wide. He had a pair of beautiful hands.

At this moment, he was changing her shoes.

"Okay." The man stood up, took her hand, and walked out.

His legs were long and straight, but his steps were not big. Instead, he deliberately slowed down his steps to cater to the girl's footsteps.

Qin Shu walked evenly and followed the man into the car. Then, they went to the Fu family's old mansion.

Shi Yan drove the car.

Half an hour later, they arrived at the old mansion

Butler Fu had been waiting there for a long time. After the car stopped, he stepped forward and opened the car door.

Fu Tingyu got out of the car first and then helped the girl out with one hand.

Butler Fu nodded slightly. "Young Master, the Old Madam is already waiting."

"Okay." Fu Tingyu nodded and led the girl into the old house.

The Old Madam was already waiting in the dining room. She peeked at the door from time to time.

"Why isn't he here yet? I'll go to the door to take a look."

Before the Old Madam could stand up, Fu Tingyan couldn't help but say, "Grandma, brother and sister-in-law aren't kids anymore. Are you still afraid that he'll get lost?"

"Can't you talk properly, kid?" The old madam pretended to be angry and glared at her grandson. "Isn't Qin Shu pregnant? Don't you have to be careful of Everything?"

Fu Tingyan was shocked. "She's pregnant? When did that happen? Why didn't I know?"

The Old Madam said, "I can't even see you every day. It's hard for me to let you know that you're going to be an uncle!"

Fu Tingyan felt a little awkward when he heard that. He glanced at Bo Ye who was sitting at the side and said, "This is Bo Ye's first time in Jiang City. Of course, I have to take him out to have a look around. Otherwise, wouldn't it be very boring to stay at home?"

The main reason was that he was afraid that Bo Ye would be too reserved in an unfamiliar place, so he wanted to take him out to have fun.

However, it was too sudden for him to be promoted to an uncle.

He was not prepared at all.

In addition, he was also going to be an older brother. His excitement had not yet calmed down, yet he was going to be an uncle again?

Chapter 680: Fourth Master Was very Mindful of His Shortcomings, Not to Be Addressed

Wasn't his brother moving too fast?

Brother?

Uncle?

Did he feel that the time was very close?

The Old Madam saw the expression of her grandson and said unhappily, "Why, aren't you happy to be an uncle?"

Fu Tingyan did not dare to say that he was unhappy. In fact, he was just too surprised for a moment.

"Of course I'm happy. I'm both an uncle and an elder brother. I can't react in time."

The Old Madam sighed. "I didn't expect to have a great-grandson so soon either. I still remember how you and your brother looked when you were young. It was so fun."

Fu Tingyan didn't want to mention his childhood at all. He could have been wearing dresses before he turned five.

Bo Ye always had a cold face no matter where he was, but Fu Tingyan's grandmother was very friendly and treated her well.

Although they were in an unfamiliar place, it was still okay to have Fu Tingyan accompany them to go out or play games.

She glanced at Fu Tingyan and suddenly remembered something. She looked at the Old Madam and asked, "Grandmother, do you have pictures of Fu Tingyan when he was young?"

Fu Tingyan had a bad feeling when he heard this. He turned his head to look at Bo Ye and asked, "Why are you asking this?"

Bo Ye also turned to look at him and said, "I want to see it."

The Old Madam had been carefully collecting photos of Fu Tingyu and Fu Tingyan when they were young.

Therefore, when someone asked, the Old Madam said as if she was presenting a treasure, "Of course I have it. I have photos from birth to now. If you want to see it, I'll show it to you after dinner."

Fu Tingyan couldn't sit still anymore. He kept winking at his grandmother. "Grandma, what's so good about these old photos? Don't take them out."

"It's only the old photos that are worth remembering. What do you know? When I have nothing to do, I'll even look at them to pass the time."

The Old Madam continued to speak without noticing the hint in her grandson's eyes.

Bo Ye said, "Thank you, Grandmother."

Fu Tingyan felt that his grandmother was being biased?

Could he look at the photos of him wearing a dress when he was young? could he?

At this moment, Fu Tingyu walked into the restaurant with Qin Shu.

The Old Madam's gaze landed on Qin Shu's body and finally landed on her lower abdomen. When she thought about how she was about to have a great-grandson, she felt very happy.

She quickly said, "You must be hungry. Quickly sit down and eat."

Qin Shu felt a little embarrassed when the Old Madam stared at her. She knew that she was happy to have a great-grandson. She felt like a mother was relying on her son.

"Thank you, Grandma." She thanked her and followed the man to sit down at the dining table.

When Qin Shu sat down, the Old Madam swept the dishes on the table, she then said, "Look, these dishes are made according to your preferences and have been made by the chef. Xiao Yu said that you can't smell the oily fishy smell, so when the chef prepared it, he put in some effort. Just eat as much as you want."

"Well, thank you for your efforts, Grandma." Qin Shu sat down and found that although there was fish and meat on the dining table, there was no oily or fishy smell.

Fu Tingyan looked at the two people opposite him and smiled. "Brother and sister-in-law, congratulations on having a son."

Fu Tingyu nodded. "Yes, you can prepare two red packets."

Fu Tingyan then remembered about the red packets. Two red packets. Didn't that mean that he had to start saving money now?

Fu Tingyu limits Fu Tingyan's monthly expenses.

Therefore, he had to start saving money.

Halfway through the meal, the Old Madam couldn't help but look at Qin Shu again. "Do you feel uncomfortable now? If you feel uncomfortable, you have to tell me. It's tough being pregnant."

It was the first time the Old Madam was so concerned about her. Qin Shu was still a little uncomfortable. She smiled and replied, "I know, Grandma. Tingyu is very attentive."

The Old Madam nodded and looked at Qin Shu. She realized that she was really thin and could not help but be a little worried. "That's good. Eat more. If you're too thin, the baby will be very light when it's born."

Qin Shu was a little embarrassed. Just as she was about to speak, Fu Tingyu, who was sitting next to her, said, "Grandma, her appetite is not very good now. If she eats too much, she will feel uncomfortable and will also cause nausea. As long as she is comfortable and the baby is light, she will be fine after taking more milk powder."

The Old Madam choked for a moment.

Fu Tingyu continued, "Her nausea is still light now. It will be more serious in the next two months. Gu Yan also said that it's not a problem now. Grandma doesn't have to worry so much."

The Old Madam nodded when she heard that. "Gu Yan is a doctor. Everything he said must be right. The early stages of pregnancy will be even harder."

Fu Tingyan glanced at his brother as if he was used to it. He had seen his brother protect Qin Shu before. Even his brother had to stand aside.

Bo Ye glanced at Fu Tingyu and then at Qin Shu. An outsider could see that Fu Tingyu was very protective of his own shortcomings.

It made her think of Bo Yin. He was also very protective of his own shortcomings and never let others bully her.

However, he couldn't go against the entire Bo family.

Yet, he still wanted to protect her.

He was indeed a little overbearing, but he was really good to her.

"What are you thinking about? Eat more. You look so skinny." Fu Tingyan picked up some meat and put it into Bo Ye's Bowl.

Bo Ye came back to her senses. She looked at the meat in the bowl in front of her and then at Fu Tingyan.

Only then did Fu Tingyan remember that he didn't change his chopsticks when he picked up the food. He raised his eyebrows and said, "Don't dislike it."

"..." Fu Tingyan was also very overbearing.

Bo Ye retracted her gaze and stared at the meat in the bowl. The fat and lean meat were evenly distributed, and the color was very attractive. After hesitating for a moment, she picked up her chopsticks and picked up the piece of meat and put it into her mouth to eat.

Only then did Fu Tingyan withdraw his gaze in satisfaction.

Bo Ye also picked up a piece of meat for him with her chopsticks.

Looking at the extra piece of meat in the bowl, Fu Tingyan paused for a moment and turned his head to look at Bo Ye with a questioning look in his eyes.

“A return of courtesy.” Bo Ye’s voice was clear and cold. It was impossible to tell that she did it on purpose.

“...” Fu Tingyan stared at the meat in the bowl, picked it up, and directly put it into his mouth. He felt that it tasted pretty good.
