

## Bigoted 731

### Chapter 731: I Really Didn't Mind

"Just treat it as a story and tell it to me."

"Sleep."

"Baby Yu..."

The man was somewhat helpless. "What do you want to hear?"

Qin Shu's eyes lit up when she heard this. "Just tell me about you, how did you get along with your fellow disciples when you were at Qi Mountain?"

"I wasn't familiar with them when I first went up to the mountain, after a long time, I slowly got along well with them." The man's reply was concise and comprehensive.

What was the difference between saying it and not saying it?

"Then, are you and Han Xiao's group the same as the Little Munchkin? Did you have a very bad relationship?"

The man pinched the space between his brows, seeing the girl looking at him with a face full of anticipation, he felt a bit of a headache.

"No."

"Then when you saw me, did you see me as the Little Munchkin?"

This was the thing that she wanted to know the most.

As she was quite similar to the Little Munchkin, when Han Xiao and Hua Wuyan saw her, they thought she was the Little Munchkin.

The man stared at her for a while, then stretched out his hand and covered her with the blanket. "You should go to sleep."

The blanket covered her right to her mouth by the man, it seemed like he wanted her to shut up and go to sleep.

She stared at the man. "Baby Yu."

The man asked, "Babe, why are you asking this?"

"I look very much like her, Han Xiao showed me the Little Munchkin's fondant figure, I really looked like her."

The man frowned slightly.

Seeing that the man was silent, Qin Shu asked again, "Baby Yu, what do you think?"

The man pursed his lips and raised his hand to knock on her forehead. "I don't think of you as anyone, you are you, no one can replace you."

The corners of Qin Shu's mouth couldn't help but lifted, she pressed on, "Then do you think I look like her?"

The man nodded.

Qin Shu was stunned for a moment when she got the affirmative answer. She knew that they did look alike.

"I'm going to sleep." She curled up under the blanket and closed her eyes to go to sleep.

The man sat on the edge of the bed and stared at her for a long time.

..

Gu Yan arrived at the hotel the next morning, when he arrived, he took a rest in the hotel.

Gu Yan sat on the sofa and had a cup of tea, he didn't see Qin Shu, so he asked, "Where's Qin Shu?"

"She's still sleeping." Fu Tingyu looked at the time on his watch. "It's time, I'll go wake her up."

After saying that, he walked into the room.

Gu Yan also looked at the time on his wristwatch, it was eight o'clock, it was neither early nor late.

Qin Shu usually woke up at this time, but this time, she had a dream.

She dreamed that Han Xiao and the others had already found Little Munchkin.

However, after she stood next to Little Munchkin, they could not tell who was who.

And Little Munchkin said that she was Qin Shu.

Fu Tingyu also thought that the Little Munchkin was her.

She immediately became anxious, just as she was about to retort, someone pushed her shoulder.

"Babe, it's time to get up."

Qin Shu woke up from her dream, just when she opened her eyes, she saw the man's handsome face right in front of her, only then did she heave a sigh of relief.

Seeing that the girl was awake, the man said, "Gu Yan is already here, you should get up and wash up, I'll Get Shi Yan to prepare breakfast."

"Gu Yan is already here?" Qin Shu lifted the blanket and jumped up.

The man was shocked when he saw this and held her down. "Slow down, you're pregnant."

Qin Shu had just sat up when the man held her down and carried her up, she smiled and said, "I'm fine, the baby is fine too."

"You should slow down, the baby is still unstable in the first three months of pregnancy," the man said helplessly.

Not only did Gu Yan mention it, but the man had also seen it when he read the prenatal education book.

So when he saw the girl suddenly jump up, he was shocked.

Qin Shu raised her hand and promised, "I got it, I'll be careful next time."

The man stared at the girl for a while, then leaned over and kissed her lips.

After he moved away, Qin Shu blushed slightly. "I haven't brushed my teeth and washed my face yet."

The man chuckled. "So what?"

If he didn't mind, what else could she say?

"Then go brush your teeth and wash your face."

The man carried her straight into the bathroom.

Half an hour later

At the dining table

Qin Shu was sitting at the dining table and having breakfast.

Fu Tingyu and Gu Yan were sitting opposite her.

Gu Yan stared at Qin Shu's meal for a while and asked, "How's your appetite now?"

"It's okay." Qin Shu took a bite of her meal and praised again, "Your medical skills are amazing, after eating that prescription, my morning sickness has improved a lot."

Gu Yan smiled. "Of course, just look at who I am."

Fu Tingyu looked at the girl, he didn't realize that she was quite good at praising people.

At least, he had never praised him in front of Gu Yan.

Seeing that Gu Yan was happy, Qin Shu asked again, "Since your medical skills are so good, is there any way to prevent your stomach from getting wrinkles?"

She had checked online and found that many women had wrinkles when they were pregnant.

Therefore, she wanted to prevent it.

As soon as Qin Shu finished her sentence, the two men opposite her were stunned.

But they quickly realized what she meant by wrinkles on the stomach.

It was the stretch marks.

Gu Yan was a doctor, so he knew.

"Not all women have stretch marks, you can prevent it if you want." After Gu Yan said that, he could not help but ask, "Are you afraid that Yu will despise you in the future?"

Fu Tingyu had read the words stretch marks in the prenatal education book when he heard Gu Yan's question, he could not help but laugh.

“He doesn’t dare to despise me.” Qin Shu picked up a piece of meat and put it into her mouth to chew.

Gu Yan deliberately glanced at Fu Tingyu and asked, “Are you so sure?”

“Of course.”

“Yo!” Gu Yan laughed out loud this time.

The man spoke at this time, “Even if she gained 50 kilos, I would not despise her.”

It just so happened that it might extinguish some of her old flames.

Qin Shu also laughed, “I wouldn’t be so stupid to let myself gain so much weight.”

He didn’t mind, but she did.

The three of them chatted, but considering that they had business to do today, after chatting for a while, they prepared to go out and rush to the Han Manor.

Before going to the Han Manor, Qin Shu called Han Xiao again and told him the approximate time.

In fact, after receiving Qin Shu’s call yesterday, Han Xiao did not plan to go out today.

Hua Wuyan came to the Han Manor early in the morning and waited for Qin Shu and Gu Yan to come and treat Han Xiao’s leg.

“Brother Han, have you told the Old Master?”

Han Xiao shook his head, “Not yet.”

“Why didn’t you tell the Old Master? If he knew that your leg was cured, he would be very happy.”

Han Xiao said, “It’s not too late to wait till I have recovered.”

Hua Wuyan nodded in agreement. “That’s true, when you can stand up, the old man will be even happier.”

At this moment, Li Hang walked in. “Young Master, the guests are here.”

Just as he finished speaking, Fu Tingyu, Qin Shu, and Gu Yan followed him in.

Hua Wuyan first saw Qin Shu, then Fu Tingyu, and was stunned.

What he didn’t expect was that Fu Tingyu would come along too.

Even now, Hua Wuyan was still defending Han Xiao.

It was due to Fu Tingyu’s deception that Qin Shu didn’t know many things.

### **Chapter 732: Why Not Marry Her**

It was despicable that he took advantage of others.

If Fu Tingyu didn’t lie to Qin Shu, she wouldn’t be like this.

In contrast to Hua Wuyan, Han Xiao looked at the three people who just walked in with a cold face, there were no ups and downs in his ink-black eyes.

It was said that love rivals were especially jealous when they met.

Fu Tingyu looked at Han Xiao calmly, he wasn't as jealous as he was when they first met, as if he wanted to fight with him one on one.

Qin Shu walked toward Han Xiao and her gaze fell on his leg. He was sitting in a wheelchair, so she couldn't see anything, she looked at Han Xiao again. "How have you been?"

Han Xiao looked at Qin Shu and felt that she seemed to have lost weight again, he guessed that it was probably because she was tired from running around looking for Lanzhi Grass.

"I'm fine, but you've lost weight."

"Really?" Qin Shu pinched her face, she could still pinch the flesh.

Gu Yan smiled when he saw Qin Shu's action, he turned and asked Han Xiao, "How are your legs feeling recently?"

Han Xiao replied, "It's alright, I've been training all along."

"Let me take a look," Gu Yan began to examine his legs.

Fu Tingyu held the girl's hand and sat on the sofa across from them as he watched.

They did not know how to treat his legs, so they could only watch and listen.

Hua Wuyan sat beside Han Xiao, his attention was on Han Xiao. What he wished for the most now was for Han Xiao's legs to recover quickly.

Gu Yan asked, "You still can't feel anything, right?"

Han Xiao nodded. "Yes."

Gu Yan frowned slightly, he could not feel anything at all?

He tilted his head to look at Fu Tingyu. "Pass me the Lanzhi Grass."

Fu Tingyu sat there without moving.

Shi Yan had been holding the Lanzhi Grass, when he heard Gu Yan ask for it, he walked to Gu Yan with the wooden box in his hands and opened it for him.

Gu Yan looked at the wooden box. He could confirm that it was the Lanzhi Grass, just by smelling the faint aroma of herbs.

When he saw the actual herb inside, he reached in to pick up the Lanzhi Grass and had a good look at it.

Hua Wuyan stared at the Lanzhi Grass in Gu Yan's hand and asked, "With the Lanzhi Grass, would Brother Han's leg be cured?"

Han Xiao looked at Gu Yan, waiting for an answer.

Gu Yan glanced at Hua Wuyan, "I'm 90% sure, but there's still 10% where other factors may affect the final outcome."

Qin Shu couldn't help but felt a little worried when she heard Gu Yan's words.

Hua Wuyan's excitement instantly cooled down. "Does that mean that Brother Han's leg might not recover?"

"We start treatment first." Gu Yan took the Lanzhi Grass and looked at it, "I'll prepare the medicine first, I need it to work with the acupuncture."

Han Xiao said, "Sorry to have to trouble Professor Gu."

Gu Yan's medical skills were internationally known, so Han Xiao was very clear that there were countless people who wanted to be treated by him, not just anyone could invite him.

"You're Yu's Senior Brother and Qin Shu's friend, so there's no need to be so polite."

Han Xiao glanced at Qin Shu and Fu Tingyu, pursed his lips, and didn't say a word.

In order to make it convenient for Gu Yan to treat Han Xiao's leg, he temporarily stayed in the Han Manor.

Han Xiao asked Li Hang to prepare a guest room for Gu Yan, and the furnishings inside were comparable to the master bedroom.

Qin Shu and Fu Tingyu were about to return to the hotel when Han Xiao called out to them, "Wait a minute."

Qin Shu stopped and turned to look at Han Xiao, her eyes filled with doubt, "What's the matter?"

Fu Tingyu also stopped and turned to look at Han Xiao as well.

Han Xiao said, "No matter how comfortable a five-star hotel is, it's still a hotel, the Han manor has its own courtyard, and it has everything you need inside, it's much more convenient than a hotel, you can stay in the Han Manor."

Han Xiao was inviting them.

Gu Yan said at this time, "Yu, you can stay here too, I can make some medicinal cuisine for Qin Shu."

Qin Shu looked at Fu Tingyu and waited for his answer.

The man looked at Qin Shu and nodded, "Okay."

The reason why Fu Tingyu agreed was that he knew that in such a residential building, every courtyard would have a kitchen.

With a kitchen, it would be very convenient for him to make some food for the girl.

Fu Tingyu readily agreed, Han Xiao was stunned for a moment before he heaved a sigh of relief.

The courtyard that Han Xiao arranged for them was the best, it was not in an obscured corner.

After Li Hang left with Fu Tingyu and Qin Shu.

Hua Wuyan, who had been silent the entire time, said, "Brother Han, don't you feel anything when you see them in pairs?"

Han Xiao pursed his lips and didn't say anything.

Hua Wuyan retracted his gaze and looked at Han Xiao, he said hesitantly, "Brother Han, after your leg was cured, you could marry Rong Yan. Compared to the daughters of other families, Rong Yan is pretty good in all aspects."

Han Xiao's eyes suddenly turned cold, expressing his displeasure.

"I know what you're thinking, since your heart can't accommodate others, then marrying anyone is the same. Since marrying anyone is the same, then isn't marrying Rong Yan the same? When you have a family and have a child, it will be better," Hua Wuyan advised.

Actually, what Hua Wuyan wanted to say was that once he had someone to care for, his feelings for Qin Shu would fade with time, at least it wouldn't be painful.

Han Xiao only replied with one sentence, "I won't marry anyone."

"Brother Han..."

Hua Wuyan still wanted to persuade him, but Han Xiao pushed the wheelchair out with a solemn expression and ignored him.

Hua Wuyan stood where he was and stared at Han Xiao's back, he didn't know how to persuade him.

As a friend, he should support his decision and his thoughts.

But he couldn't just watch him live like this for the rest of his life.

..

Li Hang brought them to Yixin Garden.

"This is the courtyard that our Young Master has prepared for the two of you, everything you needed is available inside, should you need anything, you can tell me, I'll make the arrangements," Li Hang said.

Fu Tingyu glanced at the courtyard and asked, "Uh-huh, where is the kitchen?"

"Over here." Li Hang led the way.

The kitchen was in a separate building by the side of the courtyard.

Fu Tingyu held the girl's hand and followed Li Hang.

Qin Shu glanced at the man and thought, will he still want to cook?

"This is the kitchen, if you need ingredients, I can get someone to send fresh ingredients over every day."

Neither Li Hang nor Han Xiao thought that Fu Tingyu would want to cook personally, so there was almost everything in the kitchen but except for the ingredients.

“Okay.” Fu Tingyu nodded, indicating for him to prepare fresh ingredients.

Thinking that Li Hang didn’t know what ingredients he needed, he said, “I’ll make a list for you, just deliver the ingredients according to the list every day.”

Li Hang glanced at the man in front of him, he was not modest at all, “Okay.”

Li Hang prepared paper and pen and put them on the desk in the study.

Fu Tingyu sat in front of the desk, he reached into the pen holder and took out a pen.

After a short while, he made a list and handed it to Li Hang.

“I’ll go prepare it right away.” Li Hang took the list and left Yixin Garden.

After Li Hang left, Fu Tingyu held the girl in his arms and adjusted his posture so that she could sit more comfortably.

“Are you hungry?” The man’s slender fingers picked up a strand of her hair, the girl’s hair was black and smooth, when it came close to the tip of his nose, he could smell a faint fragrance.

### **Chapter 733: Comparison Between Senior and Junior**

“I’m not hungry.” Qin Shu shook her head, she was thinking about Han Xiao’s leg, as Gu Yan did not say that it would be 100% cured.

Looking at the girl’s absent-minded look, the man asked, “You’re worried about him.”

Qin Shu nodded. “I just hoped that his leg would heal as soon as possible.”

After she finished speaking, she remembered that the man might be jealous.

She immediately changed the topic. “Do you want to cook later?”

The man replied with a “Yes”.

“Then later, I’ll be your assistant.” Qin Shu looked forward to the man cooking.

The man chuckled. “You can just watch from the side.”

Qin Shu raised her eyebrows and looked at him. “Are you looking down on me?”

The man immediately shook his head. “I dare not, my wife is so amazing. I dare not look down on her.”

He suddenly tightened his arms and rested his chin on the girl’s shoulder, he whispered into her ear, “Babe, you just need to watch me do it and praise me, it would be great if you can give me a reward.”

“Okay... no problem.”

Li Hang was very efficient, it didn’t take long for him to deliver all the ingredients that Fu Tingyu wanted.

At this moment, in the kitchen.

Qin Shu sat on a chair and looked at the man in front of the sink, his slim waist was tied with a black and gray apron, and his noble hands were washing the celery.

Who would have thought that the great Mr. Fu would do such a thing?

Fu Tingyu was enjoying himself, cooking was a very interesting thing for him.

Especially when he saw the girl eating the dishes that he personally made, the sense of accomplishment he felt when she said that the dishes were delicious was even more pleasant than when he had successfully negotiated a partnership.

During lunch hour

Gu Yan came as well, he looked at the dishes on the table that were both pleasing to the eyes and delicious. he looked at Fu Tingyu in disbelief. "Did you make all these?"

Fu Tingyu replied with an "Uh-huh" and placed a bowl of rice in front of the girl.

Gu Yan benefited from Qin Shu, not only could he eat the dishes that Fu Tingyu had personally made, but he also had Fu Tingyu personally serve him a bowl of rice.

Gu Yan looked at the steaming rice in front of him and then at Fu Tingyu, the more he looked at him, the more he looked like a 'house husband'.

Fu Tingyu served himself a bowl of rice and sat down at the dining table, he glanced at Gu Yan and asked, "How's the medicine coming along?"

"There are still two missing herbs. I've already sent someone to buy them, they should be here soon."

Gu Yan used his chopsticks and started tasting the food, he thought that it would be good enough to be just edible, but he did not expect it to be so delicious.

Therefore, he ate an extra bowl of rice for lunch.

Qin Shu took a look at Gu Yan, the treatment hadn't started yet, so everything was still unknown.

After that

Gu Yan stayed in the room to prepare the medicine and the treatment plan for Han Xiao's leg.

Fu Tingyu was also busy with his company matters, although he didn't mention it, the Fu family was such a big company, they were involved in a wide range of industries and had a lot of matters to deal with.

Qin Shu was not idling either, as her company was now in an expansion period.

She provided the plans and directions, and Chu Ciwen helped to implement them.

After more than half a year, the company's business performance was more than ten times better than before.

Even when he was busy, Fu Tingyu would still take time to cook delicious food for his wife.

The news of Fu Tingyu personally doing the cooking soon reached Han Xiao's ears.

Han Xiao's understanding of Fu Tingyu was limited to when he was on the Qi Mountain.

Anyone who saw Fu Tingyu would be able to tell that he was the son of a wealthy family.

When he was on the mountain, he didn't even know how to wash clothes, let alone cook, he might not even be able to distinguish between oil and salt.

Other than he was good at practicing martial arts, everything else was really unsatisfactory.

When Han Xiao came to the kitchen of Yixin Garden, he saw Fu Tingyu standing in front of the stove, he held a pot in one hand and skillfully stir-fried the dishes in the pot with the other hand.

Even from a distance, he could smell the fragrance of the dishes.

As the heir of the Han family, Han Xiao naturally knew of Fu Tingyu's identity, how could he have the time to cook.

What did it mean to be able to take time out of his busy schedule to cook?

Of course, it was for Qin Shu.

When Fu Tingyu turned, he saw Han Xiao at the door, he smiled. "Why is Senior Brother here?"

"When did you learn to cook?" Han Xiao was wheeled in by Li Hang.

"Not too long ago, compared to Senior Brother, my skill is still lacking." Fu Tingyu's voice was indifferent, after the food was dished out, he picked up the oil pot and poured some cooking oil into the pot.

These words sounded modest to Han Xiao, he asked, "When did you start to like her?"

Fu Tingyu didn't answer, instead, he asked, "Then when did Senior Brother started to like her? I remember that you said that you treated her like a younger sister."

"That was when I was young." Han Xiao's answer was concise and comprehensive.

Fu Tingyu nodded thoughtfully. "I was also young at that time."

Han Xiao was stunned when he heard that.

When he returned to his courtyard, Han Xiao was still pondering over the meaning of Fu Tingyu's words.

After Han Xiao left, Fu Tingyu took a look at the sweet and sour pork ribs that had just come out of the pot and were still steaming, he raised his eyebrows and looked a little proud.

..

In the midst of their busy work, they finally waited for the day that Gu Yan would treat Han Xiao's leg.

As Gu Yan did not allow Qin Shu to enter, she could only wait in the outer hall.

From time to time, she would raise her head to look at the inner room. The door was tightly shut, so she could not see anything.

She realized that the soundproofing for the room was very good, so she couldn't hear anything.

Fu Tingyu calmly sat in front of the round table and had his tea.

Qin Shu retracted her gaze and looked at the man opposite her. "Baby Yu, why don't you go in and take a look?"

Fu Tingyu took a sip of his tea. "I want to accompany Babe."

She was old enough, so why would she need someone to accompany her?

Fu Tingyu put down the teacup in his hand. "When does Babe plan to return to Jiangcheng?"

Qin Shu said, "When his leg recovers."

"It would take more than a day or two for him to recover, are you going to stay here forever?" The Man was obviously a little unhappy.

Of course, she knew that it wouldn't take a day or two. She thought for a while and replied, "Let's see what Gu Yan has to say."

After waiting for another two hours, Gu Yan walked out of the inner room.

Qin Shu was already sleepy at this time of the day.

But today was an exception.

Seeing Gu Yan came out, Qin Shu hurriedly stood up and went up to him. "How is he?"

"Don't worry, he just took the medicine and completed the acupuncture." Gu Yan walked to the round table and sat down. he poured himself a cup of tea to moisten his throat.

Qin Shu sat down, after waiting for him to drink a few mouthfuls of tea, she asked again, "Then, what do you think of the effect of the medicine?"

The man picked up the teapot and poured a cup of tea for the girl. "Drink some tea first and listen to Yan slowly."

Qin Shu picked up the teacup and took a sip, then put it down again and looked at Gu Yan.

Gu Yan took a few sips of tea in a row to relieve his thirst, then he said, "The efficacy of the medicine is not that fast, the Lanzhi Grass is used to activate the meridians and allow his broken meridians to heal again, this is a process and also takes time."

Fu Tingyu asked, "How long will it take?"

"It depends on the situation, Han Xiao's physical fitness is very good and he will recover quickly. It's just that..."

Gu Yan paused, raised his teacup, and took another sip of tea.

Qin Shu pressed, "Just what?"

**Chapter 734: She Had Been Tricked By Them**

Gu Yan put down the teacup he was holding. "However, the effects of the Lanzhi Grass may be halved as it was not well preserved in its early stage."

When he first got the Lanzhi Grass, he realized that its smell was not right.

The wooden box was made of sandalwood. It was the best way to preserve the Lanzhi Grass.

However, it was not well preserved in the beginning, no matter how well it was preserved in the later stage, the effects of the herb would still be halved.

Then, he added, "Actually, it's already a miracle to be able to find the Lanzhi Grass, after all, it has been extinct for many years."

Everyone understood this, but when they thought about how it would affect the efficacy of the medicine, they were more or less disappointed.

Fu Tingyu saw that the girl lowered her eyes and did not say anything, so he said, "You've already worked very hard. You have to believe in Gu Yan's medical skills, he would be cured."

Gu Yan also comforted her, "Don't worry. It's just a matter of time now, his physical condition is good, and the situation is still optimistic."

Qin Shu nodded, "Okay."

For three consecutive days, Gu Yan would give Han Xiao acupuncture every day, along with the medicine he prescribed.

Each time, it would take more than two hours.

On the fourth day, Han Xiao can feel his leg.

Gu Yan said it was a good sign that he could feel his legs, as long as he recovered well, he would be able to stand up very quickly.

They stayed in the Han Manor for five days

These five days were indeed hard to endure.

After Fu Tingyu was done with his business, he took the girl for a walk to relax.

Now that she was more than two months pregnant, her morning sickness had eased a lot.

Qin Shu held the man's arm, when she saw that there was *Leucophyllum* in the garden, she took the man to take a look.

"Baby Yu, look, this is Qi Hua's national flower *Leucophyllum*, isn't it very beautiful?"

Fu Tingyu looked at the beautiful *Leucophyllum* in bloom and nodded.

Rong Yan had received news from Hua Wuyan that Han Xiao's legs had regained consciousness and would recover in no time.

That was why she came to the Han Manor today to visit Han Xiao.

Just as she walked in from the front yard, she saw a man and a woman holding hands in the yard, they flashed past before her eyes.

Qin Shu did not wear glasses today and had no makeup.

Rong Yan recognized the women with just one look.

It was the woman that Han Xiao liked.

Why was she with another man?

Rong Yan followed them with confusion.

After passing through the moon gate, she saw two figures standing in front of the flower bed, when she saw the woman's exquisite facial features, she confirmed that it was the woman that Han Xiao liked.

The woman who had defeated her.

Rong Yan looked at the two of them holding hands tightly and frowned.

Why was Han Xiao's girlfriend so intimate with another man and holding hands?

She walked over angrily and asked, "How can you hold hands with another man other than Han Xiao?"

Qin Shu, who was admiring the flowers, suddenly heard the questioning voice, she turned and saw Rong Yan looking at her angrily.

She was stunned.

Fu Tingyu also turned and saw a strange woman. "Who is she?"

Qin Shu didn't know that she would meet Rong Yan here, and she happened to not wearing her glasses today!!!

"She is the daughter of the Rong family, Rong Yan."

Fu Tingyu had heard of the daughter of the Rong family when he asked Shi Yan to investigate previously, but he had never seen her in person.

He looked at Rong Yan coldly. "She is my wife, what's wrong with her holding my hand?"

As he spoke, he held his wife's hand tightly.

Rong Yan was stunned and looked at Qin Shu in disbelief. "He's your husband? Then what about Han Xiao? You guys???"

Qin Shu was a little embarrassed. "I'm friends of Han Xiao."

"Friends? You, Han Xiao, and Hua Wuyan, the three of you are working together to lie to me?" Only then did Rong Yan realize that she had been tricked, and her face flushed red with anger.

Qin Shu explained, "This matter has nothing to do with Han Xiao, he doesn't know about our martial arts competition, this was discussed by Hua Wuyan and me together."

But no matter what, Rong Yan was the one who was tricked.

“At first, I thought that you were open and honest, I didn’t think that you would trick others like this,” Rong Yan growled.

Rong Yan was angry, but Qin Shu could understand. “Actually, we aren’t lying to you, Han Xiao does have someone he likes.”

Rong Yan asked, “Who is it?”

Qin Shu said, “Ling Bao. Han Xiao calls her the Little Munchkin.”

When Fu Tingyu heard this, he turned to look at the girl, and a trace of doubt flashed through his eyes.

Ling Bao?

There was still someone called Bao?

“Then why haven’t I seen her before?”

Qin Shu said, “Han Xiao has been looking for her, but he hasn’t found her yet.”

He has been looking for her?

Rong Yan thought about all these years, Han Xiao had spent most of his time abroad and seldom stay in the country.

Could it be that he was looking for someone?

After Rong Yan left

Fu Tingyu lowered his eyes and looked at the girl. “How did you know that the Little Munchkin’s name on the mountain was Ling Bao?”

Qin Shu retracted her gaze from afar and looked at the man, she recalled the things that Han Xiao had sent her. “The things that Han Xiao had sent me before, on it was written ‘Ling Bao’. I guess it should be the Little Munchkin’s name.”

Fu Tingyu recalled the last time before they left, Han Xiao had given the girl a wooden box, the girl had not opened it during that time.

He asked, “Was it previously before we left, Han Xiao gave it to you?”

She nodded. “Yes.”

“What was it?”

“Qi Hua’s national flower, there’s also a hand-woven string with a peach pit on it, there are words engraved on it.” There were only these two things inside, and she remembered them very clearly.

Fu Tingyu frowned when he heard that.

National flower?

Hand-woven string with a peach pit with words engraved on it?

..

When Rong Yan went to look for Han Xiao, she bumped into Hua Wuyan on the way, she reached out to stop him. "You came from where Han Xiao is?"

Hua Wuyan stopped in his tracks and glanced at the hand that was blocking his way, he then glanced at Rong Yan. "Yes, what's the matter?"

Rong Yan snorted coldly. "Looking at your dignified appearance, I didn't realize that you were so scheming."

Hua Wuyan looked at her in confusion. "What do you mean by that? What did I do to offend you?"

"Was it your idea for Qin Shu to pretend to be someone Han Xiao likes to compete with me?" Rong Yan asked.

Hua Wuyan nodded. "Yes, what's wrong?"

Hua Wuyan's straightforward admission made Rong Yan stunned, however, when she heard his calm tone, she was very angry.

"You lied to me, and you did it so matter-of-factly?"

Hua Wuyan replied, "I didn't lie to you."

"You asked Qin Shu to lie to me, isn't that lying?" Rong Yan questioned.

Hua Wuyan smiled helplessly. "Qin Shu is the person that Brother Han likes, so I didn't lie to you."

Rong Yan snorted. "Do you still want to lie to me? Qin Shu told me everything."

Hua Wuyan said, "She doesn't know anything herself, even if she told you, it would only be an illusion."

Rong Yan was stunned for two seconds. "What do you mean by that?"

"It's okay to tell you. Qin Shu was the one who learned martial arts with us on the Qi Mountain, she was also someone Brother Han liked. However, someone we didn't know erased her memories on the mountain, that's why she couldn't remember us now."

Hua Wuyan sighed helplessly when he said this. "Brother Han searched for her for seven years and finally found her, but she has already forgotten us."

Rong Yan was stunned.

### **Chapter 735: Why Didn't You Suspect That You Are Ling Bao?**

"I don't know if she can remember and what will happen after she remembers, but Brother Han only wishes for her to be happy and blissful."

After Hua Wuyan finished speaking, he walked away.

Rong Yan stood rooted to the spot for a long time until Hua Wuyan's figure disappeared around the corner.

She came back to her senses and looked at the courtyard not far away. After thinking for a while, she turned and left.

..

After staying in the Han Manor for a week

Although Han Xiao's legs had regained consciousness, there was still a long way to go before he could stand up and walk.

Gu Yan said that the recovery period was very long and that Han Xiao needed to train well in the future so that he could walk on his own earlier.

Han Xiao felt that this was already very good, if he could stand up and other issues would not be a problem.

He looked at Qin Shu. "The college is about to start soon, don't you have to go back to school for some preparation?"

Before Qin Shu could say anything, Fu Tingyu spoke first. "She does need to go back for preparation, it is indeed inappropriate to disturb you for so long."

Han Xiao had guessed Fu Tingyu's thoughts and did not expose him. "You are doing this for me, it is not considered disturbing."

Gu Yan picked up a wet towel and wiped his hands, he threw the medicine box to Ji Fei to pack. He said, "The medicine made by the Lanzhi Grass can be used for a month, if you use it continuously, your meridians will heal faster, it also has a stabilizing effect."

Han Xiao said, "Thank you, Professor Gu. sorry to trouble you for this period of time."

Gu Yan smiled indifferently. "It's nothing, just a matter of lifting my hands."

The return trip to Jiangcheng was scheduled for two days later

While Fu Tingyu was busy, Qin Shu was alone in the courtyard, stroking the cat and looking at the flowers.

After staring at the Leucophyllum for a while, she suddenly remembered that she had forgotten to bring the thing that Han Xiao had sent her.

As she focused on finding the Lanzhi Grass, she did not bring the items with her.

She sighed, the next time she came to Qi Hua, she would have to remember to bring it back to him.

When Rong Yan passed by the courtyard, she saw Qin Shu squatting there, she hesitated for a moment, then walked over and squatted down beside Qin Shu.

"What are you looking at?"

When Rong Yan walked over, Qin Shu already knew, seeing that she squatted in front of her, she tilted her head and asked, "I'm not looking at anything specific, are you here to see Han Xiao?"

"Not really. It's useless to see him, he doesn't have me in his heart." Rong Yan's voice was a little helpless, but it was a little lighter than her persistent tone from before.

Qin Shu looked at Rong Yan and realized that she seemed to have let go of her feelings quite a bit, so she advised, "For someone like you, there must be a lot of people wooing you, you can shift your gaze away from Han Xiao and look more at the people around you."

"I know, it's just that when you liked someone, how can you just let go that easily? When I first learned that he might be in a wheelchair for the rest of his life, I was a little afraid. But when I thought about giving up, I wasn't that afraid anymore, but my heart ached. That's why I convinced my family and insisted, but unfortunately, he has someone in mind, and he only has that person in his heart."

Rong Yan's voice was low, and her heart began to ache.

"What you said is right, giving up on someone you like is indeed very difficult, so we can only leave it to time to slowly heal."

Qin Shu thought of Han Xiao, if he never found Ling Bao, what would his Little Munchkin do?

"Yeah, that's why I was thinking, Han Xiao has been looking for her for seven years, if she forgets him, his heart should ache even more."

After saying that, Rong Yan looked at Qin Shu. "Say, if she suddenly remembers, will she regret it?"

Qin Shu asked doubtfully, "What did you say?"

"I heard from Hua Wuyan, he said that the person that Han Xiao likes has already forgotten him, so I was thinking if that person once liked Han Xiao, and if she remembers, will she be sad and regret it?"

Rong Yan looked at Qin Shu, as she did not know the whole story, and she did not know what happened on the mountain in the past, she was only guessing.

Qin Shu paused, when she mentioned Hua Wuyan, she suddenly understood that the person that Rong Yan was referring to was actually herself.

"I know you're talking about me, I look quite similar to the Little Munchkin, Han Xiao and Hua Wuyan thought that I was the person they were looking for."

Rong Yan looked at her in surprise. "You guys look alike too?"

Qin Shu nodded. "I've seen the Little Munchkin's fondant figurine before, we looked quite alike."

"Then you never suspected that you were the Little Munchkin?" Rong Yan couldn't help but ask.

Qin Shu pursed her lips and shook her head. "If it was really me, my mom would have told me, but she never mentioned it."

This was the reason she firmly believed that the Little Munchkin was not her.

Her mother got Master Baili to teach her hacking skills.

There was no reason that she sent her to learn martial arts, but she did not know about it.

Even if it was amnesia by accident, her mother never mentioned a single word about it.

Rong Yan thought for a while and guessed, "If your mother didn't mention it, maybe it was your father that didn't allow it?"

"My father?" Qin Shu coldly snorted. "That won't happen."

Speaking of which, where did Qin Hai go?

Why was there no news at all?

"Then I'm not so sure, how would you feel when you think about it in the future, if it was really you?" Rong Yan sighed.

Qin Shu looked at Rong Yan, if it was really her, how would she feel?

..

At night, when she was sleeping, Qin Shu stared at the man who was sitting by the bed handling matters, she looked at him for a long time, and the image of seeing him for the first time automatically appeared in her mind.

Anyone who saw a man who looked so handsome to walk right towards her would be shocked.

However, being hugged by him, she wasn't just shocked, she was a bit terrified.

After hugging her, he brought her home, she was completely dumbfounded.

However, from the beginning to the end, he never mentioned Little Munchkin or Ling Bao.

His reaction was different from that of Han Xiao and Hua Wuyan.

Feeling that the girl was staring at him, the man turned and saw a pair of sparkling eyes looking at him. "What are you looking at? Aren't you going to sleep?"

Qin Shu shook her head. "I'm going to sleep."

After saying that, she closed her eyes.

The man helplessly lifted the corners of his mouth and continued to deal with the matters at hand.

At this moment, his phone rang suddenly.

Fu Tingyu stretched out his long arm and picked up the phone on the bedside table, he glanced at the screen and realized that it was his brother calling.

After picking up the call, he heard his brother's slightly low voice. "Brother, what are you doing?"

He glanced at the computer screen and said, "I'm taking care of some business matters, how are you doing over there?"

"I'm used to living here now, Uncle Ye is quite strict with us, I think I am improving very quickly too, it's just that Uncle Ye has always been wearing a mask, so I don't know how he looks like. Brother, have you seen Uncle Ye's appearance?"

"I took off his mask when I was young, as I was too young, I don't remember his appearance, Uncle Ye has always been very mysterious, even our mother has not seen him before."

"But, Uncle Ye is very close to mother, he even gave the Crimson Spirit to mother, why hasn't she saw his face before?"

"About that, you should ask Uncle Ye."

"I've asked Uncle Ye about when I would finish my study." Fu Tingyan paused. "I'm not in a hurry to go back, I'm just thinking that when mother and sister-in-law are having babies, I'm not at home."

### **Chapter 736: It Would Be Funny**

For Fu Tingyan, being promoted to an uncle and an elder brother was a very important thing.

It was such a pity that he couldn't be at the scene personally.

Hearing his younger brother's tone, Fu Tingyu chuckled. "When the time comes, you can ask Uncle Ye for a leave of absence, he will let you come back."

"Okay."

Fu Tingyan was sitting on a huge rock on top of the mountain, he was wearing a white t-shirt and army green pants, his slender legs were spread apart, and his arms were casually resting on his knees.

After hanging up the phone, Fu Tingyan looked up at the starry sky above him, countless stars dazzled his eyes.

He lowered his eyes, less than two meters away from him was a steep mountain wall, and on the opposite side of the mountain wall was a continuous mountain peak.

Although it was at night, it still gave him a feeling that he would be able to reach the top of the mountain and oversee the rest of the small mountains at a glance.

It also let him know how his brother felt when he went to Qi Mountain to learn martial arts.

He would definitely be able to achieve something.

At this moment, he saw a slim figure walking towards him from the bluestone steps not far away.

This figure was Bo Ye, what was he doing secretly?

He thought for a while and quietly got down from the rock, he leaned against the rock and waited for the person to approach him. Then, he suddenly reached out and hugged the person who was walking towards him.

"What are you doing so sneakily?"

Bo Ye was really shocked by Fu Tingyan's actions, her heartbeat was faster than usual, especially when she was being hugged into a warm embrace.

The temperature on the mountain was on the high side these two days, if one moved even a little, one would be drenched in sweat.

“Fu Tingyan, what are you doing?” She moved uneasily.

Fu Tingyan did not let go, he sniffed closer and the fragrance seemed to have become a little sweet. “Did you change your shower gel again?”

Bo Ye frowned and replied, “No.”

“Then why did the smell change?” Fu Tingyan sniffed again in confusion, it felt different from usual.

“Let go of me first.” Bo Ye struggled, but Fu Tingyan was too strong, she couldn’t break free at all.

Fu Tingyan’s eyes looked back and forth on Bo Ye, as it was at night, it was dark, and he couldn’t see anything.

“It’s late at night, why are you sneaking around?”

“Nothing. I came out to relax,” Bo Ye said.

“Relax?” Fu Tingyan glanced at Bo Ye suspiciously, his hand suddenly touched the shopping bag in Bo Ye’s hand. “What’s that in your hand?”

Bo Ye clenched the shopping bag in her hand tightly. “It’s trash, I was planning to throw it away.”

A hint of doubt flashed in Fu Tingyan’s eyes. “Isn’t there a trash can in the bamboo house?”

Although there were trash cans from here to the bottom of the mountain, there was no need to walk so far to throw the trash away.

“I’ll throw it while I’m taking a walk, let go of it first. I just showered, and I’ll start sweating again later.”

Bo Ye looked calm on the surface, but in fact, she was a little flustered, she didn’t want Fu Tingyan to find out that she was a girl, so as not to cause unnecessary trouble.

Fu Tingyan was actually quite warm, but even if he felt warm, he didn’t want to let go, in the end, he took a step back and held her hand instead.

“Let’s go, I’ll go with you to take out the trash.”

Bo Ye’s feet seemed to have taken root, and she couldn’t move her feet, her hands were still in Fu Tingyan’s big hands, her palms were sweaty and a little sticky, but they were tightly held by him.

Fu Tingyan stopped and looked back at Bo Ye. “Why aren’t you moving?”

“I can throw it away myself,” Bo ye replied faintly, although it was at night, she was afraid that Fu Tingyan would find out what was in the bag.

Fu Tingyan frowned unhappily. “Why are you so shy? Let’s go, there are a lot of mosquitoes here, you have delicate skin and tender flesh. Mosquitoes love to bite, so you’ll be covered in bumps later.”

Bo Ye looked down at his hand that was being held and reminded, “Fu Tingyan, I’m a guy.”

“Yeah, I know. It would be funny if I can’t even differentiate between a boy and a girl.”

Fu Tingyan couldn't help but laugh, he added in his heart, 'you look like a girl, especially that photo of you wearing the black gown, you really do look like a girl.'

Bo Ye was speechless, she said, "Don't you think it's weird that two guys are holding hands?"

"After talking for so long, is that why you're so awkward?" Fu Tingyan laughed as he let go of Bo Ye's hand.

Bo Ye heaved a sigh of relief, then, she froze again as her shoulder sank.

Fu Tingyan hooked his arm around Bo Ye's neck. "Jiang Yu and I are very close, he always does this, you want to be like this too, right?"

Bo Ye was speechless.

She looked at the hand on her shoulder, it was quite heavy, who would like to be like this?

Fu Tingyan felt a mosquito bite him, he kicked his leg and pulled Bo Ye away. "Let's go, the mosquitoes are starting to bite me."

Bo Ye was forced to follow Fu Tingyan.

After throwing away the trash, the two of them returned with the same posture.

Fu Tingyan smiled.

Bo Ye felt a little uneasy, would she be discovered if she left the trash there?

Back at the bamboo house

It was brightly lit inside

Fu Tingyan saw several red bumps as bitten by mosquitoes on Bo Ye's leg, one of them was quite big.

As she was wearing large shorts, the same style as Fu Tingyan's, and so was her T-shirt.

"The mosquitoes in the mountains are too poisonous, wait a moment, I'll get some medicine to apply it on you."

Fu Tingyan had already gone to get the medicine as he spoke.

Bo Ye sat on the bed and looked at Fu Tingyan's figure as he left in a hurry, she then lowered her head to look at the red bumps on her leg that had been bitten by the mosquitoes, it was a little itchy and she could not help but stretch out her hand to scratch it.

Fu Tingyan returned very quickly with the medicine that Uncle Ye had given him, it was very useful in dealing with mosquito bites.

"Give it to me." Bo Ye stretched out her hand to take it, but Fu Tingyan dodged, "Sit down and don't move. I'll help you."

As soon as he finished speaking, he had already sat down in front of Bo Ye, he opened the bottle cap and poured a little medication into his palm.

"I can do it myself." Bo Ye wanted to reach out to take it, but it was in vain.

He looked up at Bo Ye. "You stay put." After saying that, he lowered his head again, his hand, which was covered with the medicine, pressed on the mosquito bite and began to apply it.

Bo Ye lowered her head and looked at Fu Tingyan's hand, when he put on the medicine, his movements were very gentle, as if he was afraid of hurting her.

"I told you that mosquitos like you and would bit you."

Fu Tingyan said as he put on the medicine.

Bo Ye lowered her head and did not say anything, she just quietly watched his movements.

At this moment, Jiang Yu walked over, when he saw the two people on the bed and realized that Fu Tingyan was applying something on Bo Ye, he asked, "Tingyan, what did you put on Bo Ye?"

This was because Jiang Yu had seen Fu Tingyan put on medicinal wine for Bo Ye several times before.

"Bo Ye was bitten by mosquitos. I'll put some medicine on him to reduce the swelling," Fu Tingyan said, his hands didn't stop moving.

Bo Ye saw Jiang Yu coming over. "I'll do it myself."

"I told you to stay put." Fu Tingyan ignored her.

Jiang Yu sat over and extended his leg in front of Fu Tingyan. "Tingyan, I was bitten by mosquitos too, you can put some on me too."

### **Chapter 737: Oh Man, I'm Scared**

Jiang Yu stretched out his legs like a big boss, born into a wealthy family, his skin was quite fair, and there was a red bump on his fair calves.

When his slender leg was placed together with Bo Ye's leg, it was obvious that one was longer, while the other was slimmer.

Bo Ye's legs were very fair, but it was very different from Jiang Yu's. Her leg was fairer and finer, under the light, it reflected a lustre.

Fu Tingyan stared at the legs in front of him without even blinking, his attention was on the mosquito bites at first, but now that Jiang Yu's leg was extended over, he felt a chill in his heart!!!

Why was Bo Ye's leg so fair and slim?

He held the medicine in one hand, and there was some medicine in the palm of his other hand, it flowed from his fingers bit by bit, and he didn't notice it at all?

Bo Ye was already a little uneasy as she sat there, when Jiang Yu sat over, she thought that it would ease the awkwardness.

But in the end...

She looked at Fu Tingyan, seeing that he was staring at her, she felt a little uncomfortable.

Jiang Yu also urged, "Tingyan, what are you standing there for? Help me do it."

Fu Tingyan came back to his senses and looked at the two legs in front of him, he threw the medicine in his hand to Jiang Yu. "Do it yourself."

Jiang Yu held the medicine bottle and said unhappily, "Tingyan, we're buddies, you can't treat us unfairly!"

Fu Tingyan glanced at Jiang Yu's leg and raised his head to look at him. "Do it yourself."

Jiang Yu looked at Fu Tingyan and Bo Ye suspiciously, then, he lowered his head to look at Bo Ye's leg, he hadn't noticed it before, but now that he took a closer look, the leg looked pretty good.

Fu Tingyan noticed that Jiang Yu had been staring at Bo Ye's leg, he glanced at him coldly. "What are you looking at?"

"No, you've been staring at his leg, that's why I'm curious. Besides, Bo Ye's leg is the same as a girl's leg, it's pretty good-looking."

Jiang Yu kept talking to himself, when he finished speaking, he noticed that Fu Tingyan's eyes had turned cold, he felt a gust of cold wind blow past his back and couldn't help but shiver.

Fu Tingyan said coldly, "I'm helping him putting on the medicine, how can I do so without looking at it?"

Jiang Yu wanted to say, "We are such buddies and yet you won't even put the medicine on me." But when he saw his gaze, he obediently shut his mouth.

Bo Ye glanced at the two people in front of her, she moved her body and stepped back, intending to lie down and sleep.

Fu Tingyan looked at Bo Ye's small movements. "There are still some places that I haven't put on medicine, why are you running away?"

Bo Ye stopped moving and replied, "There's no need, it's getting late, we have to get up early tomorrow."

"It won't take more than a few minutes," Fu Tingyan said and took the bottle of medicine from Jiang Yu's hand, he placed the medicine in his palm and continued to put medicine on Bo Ye.

Bo Ye propped her hands on the bed and stretched out her legs to watch him put the medicine on her.

Jiang Yu had only stretched out his leg when he saw Fu Tingyan put the medicine on Bo Ye.

However, this childhood friend didn't bother about him.

He stared at Fu Tingyan's every move, the more he watched, the more he felt that the scene in front of him was a little strange.

They grew up together, even if he wasn't the worms in Tingyan's stomach, they knew each other very well.

When did he ever put medicine on others?

In the past, when they fought, they were afraid that their families would find out, so they had secretly put medicine on each other. Other than that, there was nothing else.

But now there was.

In addition, Tingyan had never washed his clothes, even though their identities did not require them to do so.

But he had washed the clothes for Bo Ye, this was what he saw previously.

When he slept at night

Jiang Yu couldn't fall asleep, when he turned over, he glanced at Fu Tingyan beside him and found that he was sleeping with his back to him.

Under the moonlight outside the window, he found that Fu Tingyan was sleeping with Bo Ye in his arms.

He widened his eyes and almost thought that his eyes were playing tricks on him.

Fu Tingyan slept quite soundly.

Bo Ye slept was quite alert every night, so when Fu Tingyan put his arms around her, she woke up, but she dared not move.

She also didn't understand why Master arranged for the three of them to sleep in one room?

She was a girl, so it was troublesome to sleep in the middle.

The next day, taking advantage of the break, Jiang Yu went up to Fu Tingyan. "Tingyan, did you notice that you and Bo Ye are too close?"

The person involved asked, "Did I?"

"You slept with Bo Ye in your arms last night."

Fu Tingyan turned to look at Jiang Yu. "What are you trying to say?"

Being stared at by Fu Tingyan, Jiang Yu swallowed his saliva. "Don't tell me you like Bo Ye?"

Fu Tingyan was stunned for a moment before retorting, "A good relationship means you like him? Besides, Bo Ye is a guy, I have a better relationship with you."

Jiang Yu didn't quite understand, but he could tell that Tingyan treated him and Bo Ye differently.

"Go check it out yourself on the Internet."

At this moment, Bo Ye walked over with three bottles of mineral water in her hands, she handed two bottles to them. "Water."

"Thanks." Jiang Yu took one of the bottles with a smile, twisted it open, and drank it directly from his mouth.

When Fu Tingyan went to get the water, he glanced at Bo Ye and felt a little puzzled.

After lunch

Fu Tingyan sat at the back of the mountain with his laptop in his arms and searched on the internet.

However, the amount of information he found was too much, it was so much that he could not react in time and was not used to it.

The pages that he found were all sorts, and the scope was very broad.

Fu Tingyan planned to click on it to take a look, but when he saw the two men in the picture, it was a little inappropriate for non-adults, so he did not plan to read and logged out of the web page.

He must have lost his mind, that he would listen to Jiang Yu and went online to look up these things!

After the incident, Jiang Yu asked him, "How was it? Did you get any results?"

"My relationship with Bo Ye is good."

Fu Tingyan replied and turned to leave.

Just a good relationship?

Jiang Yu felt that Fu Tingyan treated Bo Ye very differently.

Qi Hua

The night before returning to Jiangcheng, Han Xiao had Li Hang prepare a meal for Qin Shu and the others as a sent off.

The five of them sat around the table.

Hua Wuyan glanced at those at the table, none of them said a word, the atmosphere was not harmonious.

He took a glance at the wine in front of him and picked it up, as he poured wine for Qin Shu and the others, he said, "You're going back to Jiangcheng tomorrow, I don't know when we'll meet again, so let's drink to our heart's content."

After Hua Wuyan poured the wine for Fu Tingyu and Gu Yan, he went to pour the wine for Qin Shu, Fu Tingyu wanted to stop him, but after thinking for a while, he didn't stop him.

After pouring the wine for them, Hua Wuyan poured the wine for Han Xiao, then, he poured himself a glass of wine.

After pouring the wine, Hua Wuyan raised his glass, wanting to liven up the atmosphere. "Let's have a toast together."

Those at the dining table glanced at each other, then picked up their wine glasses and clinked them across the air.

Han Xiao raised his glass and drank the wine in one gulp, with the imminent separation, he became even more silent.

Hua Wuyan did not say another word, finishing the wine in the glass in one gulp.

Qin Shu raised her glass to her lips but was stopped by the man.

## Chapter 738: Will You Regret It?

Qin Shu tilted her head to look at the man and heard him say, "I'll drink for you."

Han Xiao, who was sitting across from them, looked at Qin Shu and Fu Tingyu in puzzlement.

Hua Wuyan also saw it and asked jokingly, "It's just a bit of drinking. It's nothing. Besides, Qin Shu can still hold her liquor."

Fu Tingyu raised his eyes to look at them and said in a low and gentle voice, "She's pregnant. It's not appropriate for her to drink."

As soon as Fu Tingyu said that, the dinner table, which was not very lively to begin with, instantly fell into silence.

Han Xiao and Hua Wuyan were also stunned on the spot and did not react for a moment.

Gu Yan glanced at the few people at the dinner table in confusion. Wasn't this supposed to be a happy event?

Why were all of them showing such surprised expressions?

Qin Shu initially thought nothing of it, but when she saw Han Xiao and Hua Wuyan's expressions, she did not know what to say for a moment?

Fu Tingyu, on the other hand, held the glass of wine in the girl's hand to his mouth as if there was no one else around. He raised his head slightly and drank it all in one gulp. When he put it down again, there wasn't a single drop of wine left in the glass.

Then, he drank the wine in the glass in his other hand to the point that there wasn't a single drop left.

Han Xiao stared at Qin Shu for a long time. Her dark eyes were dark and gloomy.

It was hard to imagine that she was now a mother-to-be.

He pursed his lips and poured himself a glass of wine. Then, he raised it and looked at them. "Congratulations."

After that, he raised his head and drank the wine in his glass in one gulp. It was bitter and astringent.

Hua Wuyan looked at Han Xiao and couldn't help but clench the wine glass in his hand. He wanted to speak, but he forcefully held back.

Fu Tingyu poured himself a glass of wine and raised it to look at Han Xiao. "Thank you, senior."

Similarly, he drank the wine in his glass in one gulp, not leaving a single drop.

At the dining table, most of the alcohol that could be drunk was drunk. Other than Qin Shu who had not touched a single drop of alcohol, the others had drunk quite a lot.

Gu Yan looked at the awkward atmosphere at the dining table and could only lower his head to drink. He wanted to ask Qin Shu, but Fu Tingyu, who was beside him, had no choice but to give up.

After returning to the room

The man drank a little too much and his entire body reeked of alcohol. However, he still thought that the girl was pregnant and it didn't smell good.

He didn't even let the girl help him up.

"Bao'er, I'm going to take a shower first."

After the man finished speaking, his eyes that reeked of alcohol swept across the room. He looked in the direction of the bathroom and then walked over.

Qin Shu looked at the man's unsteady footsteps and was a little worried. "I'll help you in."

"No need, you can rest first." The man waved his hand and staggered into the bathroom.

Although the man said so, Qin Shu still followed him with worry. She watched the man take off his clothes, but his movements were not as agile as when he was sober.

Fortunately, he managed to take off his clothes and began to shower.

Qin Shu looked at him for a while more and only turned around to leave when she saw that he was almost done washing.

She asked Shi Yan to prepare the sobering soup and send it over.

Not long after, Shi Yan placed a bowl of steaming sobering soup on the round table and then left.

Qin Shu only showered after the man came out.

Before she went in, she deliberately passed the sobering soup to the man's hand and coaxed him, "Be good, drink this bowl of sobering soup."

Upon hearing the girl's words, Fu Tingyu would finish the bowl without hesitation, no matter what it was.

Qin Shu watched him drink it. After he finished it, she walked into the bathroom.

She washed very quickly, faster than Fu Tingyu.

When she came out, she was wearing a snow-white bathrobe. Her hair was half-dried with a dry towel, and it was casually scattered behind her head.

The man sat upright at the head of the bed. His long legs were crossed, and there was a book in his hand. At a glance, she knew that it was the prenatal education that a man must read every night. It was a very thick book.

She had seen with her own eyes that he had drunk a lot tonight. How could he still read?

She walked over, took off her shoes, and went straight to bed. At the same time, she took out the book in his hand and placed it on the bedside table at the side.

When she took the book, the two of them were very close to each other. "It's time to sleep."

The man was quite obedient. He laid down neatly and did not forget to pull her into his arms.

Qin Shu found a comfortable seat and prepared to sleep.

At this moment, the man's deep voice came from above her head. "The book said that it will be ready in three months."

Qin Shu replied, "Huh?" She did not understand what the man meant.

The man said again, "Gu Yan also said that it will be ready in three months."

Qin Shu was still confused. What could three months be? Why didn't he say it clearly?

The man stopped talking, and Qin Shu closed her eyes and went to sleep.

While she was in a daze, the man's deep voice came from above, "Bao'er, will you regret being with me?"

The next day

Fu Tingyu, Qin Shu, and Gu Yan went to the airport.

Han Xiao and Hua Wuyan went to the airport to see them off personally.

Until Fu Tingyu and Qin Shu's figures disappeared at the ticket gate, Han Xiao pursed her lips and didn't say a word.

Before Qin Shu left, she said, "Although transportation is very developed now, it won't be so easy to see each other in the future. I'm glad to meet a friend like you. I hope that your wish will come true."

However, when she said this, her hand was tightly held in the man's palm. "It's time to board the plane."

Han Xiao was pushed by Hua Wuyan to the front of the glass wall. She watched the plane take off and then fly into the sky.

Hua Wuyan watched the plane disappear before he lowered his eyes. "Brother Han, she's gone."

He couldn't even say anything to comfort Han Xiao.

Han Xiao's ink-like eyes kept staring at the clouds in the distance, unwilling to take her eyes off them.

Hua Wuyan stood there quietly with Han Xiao.

Huaxia, Jiang City

After returning from Qi Hua, Fu Tingyu became even busier. He worked until one o'clock in the morning every night before falling asleep.

Qin Shu couldn't help but feel sorry for him, but no matter how much she said, it was useless. There were a lot of things piled up there that needed to be dealt with.

Seeing that school was about to start, Qin Shu received a message from ye Xue today asking when she was going to the capital. Once she confirmed the time, she would go on the same day.

She thought for a while and ran into the study with her phone.

“Baby Yu, I’m going to the Capital University the day after tomorrow. Do you plan to let me go by car, or do you have other plans?”?

Fu Tingyu raised his head and looked at the girl standing in front of the desk. “The day after tomorrow, so soon?”

Qin Shu was also a little emotional. “Time indeed passes very quickly, but the school has informed me to come to school the day after tomorrow.”

Fu Tingyu knew that the girl would go to school sooner or later. He just couldn’t bear to let her go, but he was more helpless.

“I’ll go by private jet.”

After getting the man’s reply, Qin Shu replied with a message.

[ Qin Shu: The day after tomorrow. ]

[ Ye Xue: Then I should pack up. See you at school. ]

[ Qin Shu: Come with me. The day after tomorrow, I’ll get Ye Luo to pick you up. ]

After sending the message, Qin Shu put away her phone. Just as she raised her head, she was pulled into the man’s arms.

“You’re pregnant now.” The man lowered his eyes and looked at the girl’s lower abdomen. Although it was not obvious, he could still feel that it was slightly bigger than before.

### **Chapter 739: Qin Shu’s Decision**

Qin Shu lowered her head and looked at her stomach. She held the man’s large hand and placed it on her lower abdomen. It had been three months, but her stomach was still not obvious.

“I know. My pregnancy reaction is much better now.”

After being pregnant, Qin Shu’s eyes lit up with a different light.

“Your pregnancy period is now three months. You will officially have a holiday in July. After two to three months, your stomach will gradually become bigger. Do you want to go to class with your stomach sticking out?”The man’s voice sounded a little helpless.

Qin Shu was stunned. She really had not considered this.

Go to class with her belly sticking out?

Actually, she did not really care. She was already married anyway.

It was just that her belly was very big in eight months..

Gu Yan said that the expected delivery date was the end of August.

Seeing that the girl was silent, the man continued, “I’ll hire a teacher for you. You can learn at home, okay?”

Qin Shu looked at the man and thought about how she had promised Ye Xue to go to the capital together just now. Now..

The man glanced at the time on his watch. It was already ten o'clock. It was past his bedtime.

"You go to sleep first. Don't think so much. We'll discuss this matter tomorrow."

"Okay." Qin Shu nodded. She got off the man and walked out of the study with her phone.

Fu Tingyu and the other girls walked out of the study before looking back at the computer in front of him.

But in his heart, he thought that the end of August was the due date.

He looked forward to that day very much.

..

Qin Shu thought for a long time and finally decided to stay in Jiang City. She couldn't ignore everything and go to the capital.

She could also study at home and get her graduation certificate as soon as possible.

After eating in the morning, Qin Shu told him her decision.

"Baby Yu, I've decided to stay in Jiang City and not go to the capital. You're right. Studying at home is the same. I'll try to get my graduation certificate as soon as possible."

Fu Tingyu was just thinking about how to persuade his wife not to go to the capital, but he was surprised and happy to hear the girl's decision.

"I'm very happy that baby has made such a decision."

The man did not hide his joy, which showed that she was really happy.

"I don't think it's that easy to find a teacher."

At the mention of teachers, Qin Shu could not help but think of Han Xiao. Although he did not speak much, his lectures were clear and simple.

The man pondered for a moment and said, "I'll find it for you, and then you can choose for yourself. How about it?"

Qin Shu nodded. "Okay, I'll look for it myself."

After Fu Tingyu went to the company, Qin Shu dialled Ye Xue's cell phone.

After the call was connected, she said apologetically, "Ye Xue, I'm not going to the capital."

Ye Xue was startled when she suddenly heard this. She hurriedly asked, "What's Wrong?"

"I'm pregnant. I've thought about it for a long time, but I've decided not to go to the capital."

Ye Xue was stunned when Qin Shu said that, after a long time, she said, "You're going to be a mother? Although it's too sudden and caught me off guard, I congratulate you. I can see that your husband loves you very much. It's also a very happy thing to have a love crystal."

"Thank you, Ye Xue. But I won't delay my studies. I'm going to find a teacher and study at home so that I can get my graduation certificate as soon as possible."

"I believe in you. I'm sure you can do it."

"Tomorrow, you can only go to the capital by yourself."

"I'm actually already in the car. I was going to call you just now, but I didn't expect you to call me first."

"You have to work hard too!"

After hanging up the phone, Qin Shu started to look for her teacher.

Ye Xue sat by the window and looked out of the window at the rapidly retreating scenery. She suddenly remembered that when she returned to Jiang Yu's city with Jiang Yu at the end of last year, she leaned in Jiang Yu's arms and chatted with him while eating snacks. She felt very comfortable.

After that phone call on the third day of the Lunar New Year, she didn't dare to contact Jiang Yu anymore. She was afraid of disturbing him and was even more afraid that he would dislike her.

However, the memories were enough to fill her entire heart.

"Ye Xue."

Suddenly hearing someone call her, Ye Xue snapped out of her memories. She looked up and saw Zhou Yizuo standing in front of her.

She subconsciously asked, "You're going to school today too?"

"Yes, I didn't expect to meet you." Zhou Yizuo sat down beside her.

Ye Xue quickly reminded, "This is someone else's seat. You can't just sit there."

"This is mine. That person sat in the wrong seat just now." When Zhou Yizuo said this, his face was not red or out of breath.

"Oh." Sitting in the wrong seat was normal, so Ye Xue did not say anything.

After Zhou Yizuo tidied up, he took out an insulated food box from his convenience bag and handed it to Ye Xue. Then, he opened it. Inside was crystal shrimp dumplings.

A food box suddenly appeared in front of her. Ye Xue looked at Zhou Yizuo in confusion. "What are you doing?"

Zhou Yizuo smiled and explained, "My mother prepared this for me before she left. I ate one box and another box. Can you help me solve it? Otherwise, it won't taste good after a long time. If I throw it into the trash can, it will waste my mother's good intentions."

Ye Xue was a thrifty girl. Especially when she heard that it would waste her mother's good intentions, she couldn't bear to let him throw it away.

"I'll only help you once. Next time, ask your mother to make less. What a waste."

Ye Xue picked up the chopsticks at the side, picked up a piece, and put it into her mouth to chew. "Your mother's cooking is really good. The crystal shrimp dumplings are very delicious."

"Then you eat more." Zhou Yizuo stared at Ye Xue.

Ye Xue was only focused on eating the crystal shrimp dumplings and didn't pay attention to Zhou Yizuo's gaze. She kept staring at her.

She thought she would go to the capital alone, but she didn't expect to meet Zhou Yi.

Therefore, the several-hour drive wasn't boring because Zhou Yi kept finding topics to talk about and chatting with Ye Xue.

When she got out of the car, even the luggage was carried by Zhou Yi for her.

Zhou Yi said, "Boys should be working for girls."

During her college years, Zhou Yi helped her a lot in all aspects. After a while, the two of them became friends.

Jiang City

Qin Shu picked a few teachers herself, and they all taught online.

She was actually quite busy every day because she wanted to graduate early.

On weekends, she would set aside a day to go shopping.

It had been four months, and her stomach could be seen, but it couldn't be seen with loose clothes.

After going for a walk on the street, she didn't feel tired at all. This was the benefit of having martial arts value.

Not long after she returned, she saw that the man had returned as well. She stepped forward to welcome him.

"Why are you back so early today?"

Fu Tingyu took off his coat. Shi Yan immediately took it and retreated to the side.

The man held the girl's hand and walked to the sofa to sit down. He let the girl sit on his lap before saying, "The cooperation plan in North Star is starting now. I'm going to North Star tomorrow. I'll try my best to come back early."

At the mention of North Star, Qin Shu knew about the cooperation with Yan Shuang. She asked, "Are you going tomorrow?"

The man nodded. "No, I'm leaving early the day after tomorrow."

Fu Tingyu actually wanted to bring his wife along, but thinking about how she was busy studying every day and how she was already four months pregnant, it was too tiring to travel back and forth.

So, he gave up on this idea.

#### **Chapter 740: Accompanying His Wife to Do Shop for Their Baby**

At this moment, the butler walked over and lowered his head. "Fourth Master, shall we eat now?"

Fu Tingyu nodded. "Yes."

Hearing that, the butler turned around and left.

Not long after, the maids brought the dishes to the table one by one.

When the man saw that the dishes were almost ready, he held the girl's hand and stood up. "Let's go and eat."

"Okay." Qin Shu followed the man to wash her hands first, then walked to the dining table and sat down.

She was four months pregnant, so her appetite was obviously much better. The food she ate was also much better than before.

Fu Tingyu picked up a piece of fish with his chopsticks and put it into her bowl. "Eat some fish."

Every time she ate, the man would give her food. This had become a habit.

..

However, the man had another habit. He did not talk much at the dinner table.

She asked him why, but the man did not say anything.

So, she became more and more curious.

Tonight, in the shower, the man took her with him. He said that he would leave the day after tomorrow and that he would miss her if he did not see her for a few days.

He also let her know the last time the man said that he would be able to do it in three months.

She stayed in the bathroom for two hours before she came out. She was carried out by the man.

Qin Shu nestled in the man's arms and continued to ask questions. "Baby Yu, tell me, why don't you like to talk at the dinner table?"

The man looked at the girl with a faint smile. Instead of answering, he asked, "Do you feel the fetal movement?"

"Fetal movement?" Qin Shu looked down at her stomach. She really didn't notice it.

The man also looked over. The girl's stomach was already swollen. "Four months. I can feel the fetal movement."

"I didn't notice it." Qin Shu was a little embarrassed. She was too busy studying during the day and fell asleep after sleeping at night. Therefore, she didn't notice the fetal movement.

"When you read quietly, you can feel it if you pay a little attention." The man reached out his hand and listened attentively. Soon, he felt a heartbeat coming from his palm.

Was it a fetal movement?

The man was a little curious and couldn't help but listen again.

Qin Shu looked down and couldn't help but laugh when she saw the man's actions in front of her.

The man listened for a while and didn't know if it was a fetal movement. He raised his head and pulled the girl into his arms. "Bao'er, it's time for you to sleep."

Qin Shu nodded and fell in love with sleeping with her eyes.

..

They were going to North Star the day after tomorrow, so Fu Tingyu planned to spend the day with his wife.

After breakfast, Fu Tingyu asked, "Bao'er, where do you want to go?"

Qin Shu remembered that every time she went shopping and saw those baby products, she wanted to go take a look. However, she felt that it was a little less fun to be alone.

"Let's go take a look at the baby crib and baby clothes."

"Okay, I'll get Shi Yan to prepare the car." The man's interest was piqued. He turned around and got Shi Yan to prepare the car.

Twenty minutes later

Hua Xia Plaza

Qin Shu held the man's arm and walked into the pregnant area. This area sold baby products and products for pregnant women.

After entering, Qin Shu let go of the man and picked up a small one-piece shirt for him to look at. "Don't you think this shirt looks good? It's a one-piece. It's very convenient to wear."

The man's gaze fell on the dress in the girl's hand. He stretched his slender hand over and picked up the small one-piece dress that was a little bigger. He looked around.

He didn't know much about baby clothes. After thinking for a while, he said, "My wife has good taste. This dress looks very nice."

When the salesperson saw a couple with such good looks, he immediately went up to them. "We're here for Le Mei Baby because of our relationship. This madam has very good taste. This one-piece dress is very popular. Many mothers like it."

Qin Shu turned her head to look at the man and asked for his opinion, "Then do you want to buy it?"

The man only said one word, "Yes."

The salesperson quickly brought over a plastic basket.

Qin Shu happily put the dress into the basket.

Then, she continued to look at it with the man.

"Hubby, what do you think of this little hat? The material is super comfortable. It will definitely be comfortable for our son to wear." Qin Shu picked up a small beige hat and showed it to the man excitedly.

"Buy it."

As long as it was something that his wife liked, it would look good.

"Hubby, look at this pair of little shoes. Isn't it very cute?"

"Buy it."

"Hubby, there's also this little cape. It looks very nice, right?"

"Buy it."

"Buy it."

"Buy it."

As long as it was something that his wife touched, Fu Tingyu bought it all.

Originally, the salesperson was carrying a basket, but in the end, she directly changed to a trolley, and it was a few trolleys.

The other salespeople and customers in the maternity store all looked over and looked at the young couple who were extremely handsome.

"That handsome man is really good to his wife. Not only does he personally accompany his wife to go shopping, but he also dotes on his wife."

The one who spoke was sticking out her stomach and looking at her with a face full of envy. There was only a nanny following behind her because her husband was too busy and did not have time to accompany her.

"There are really too few men who are handsome and rich, and even accompany their wives to go shopping." The salesperson could not help but sigh. "I saw many customers. Either the nanny came to buy, or the madam brought the nanny along."

"Why didn't I meet such a good man? My husband is busy every day and has nothing to do, so he accompanied me to go shopping at the maternity store."

Qin Shu listened to everyone's whispers and felt as happy as a blooming flower in her heart. She held onto the man's arm and continued to shop.

Fu Tingyu's gaze turned to a row of supplies for postpartum mothers. He reached out and picked up one of the items and handed it to the girl. His voice was filled with doubt. "Do you want to buy this?"

Qin Shu retracted her gaze. When she saw what the man was holding, her face turned red. "You don't need to buy this, for the time being, right?"

"I might need it. I'll buy it." The man glanced at the size. "The C cup is too small, so you should choose a bigger one. You still have room for improvement."

After saying that, he put it back and picked a bigger one again.

Qin Shu blushed and looked down at her chest. Room for improvement???

The people around felt that this young couple was a beautiful scene. Not only was it pleasing to the eyes, but they were also very envious.

Qin Shu only realized that she had bought such a thing when she paid the bill.

In fact, Shi Yan could do all these things. It was just that Fu Tingyu enjoyed the fun of shopping with his wife to pay the bill.

After the bill was paid, Shi Yan would do the rest.

Qin Shu held the man's arm as they walked out of the maternity ward. The smile on her face never stopped. It was just as she thought. Shopping with a man in the maternity ward was much more interesting than shopping alone.

At this moment, Fu Tingyu suddenly received a call from Mo Chengyu.

"Brother Yu, are you busy today? How about coming out for a meal?"

Fu Tingyu said, "I'm at Hua Xia Plaza."

Mo Chengyu said, "I'm at the Middle Pavilion restaurant. It's not far from your place. Do you want to have a meal together?"

"I'll be there in a while."

Fu Tingyu hung up the phone and said to the girl, "Chengyu is treating us to a meal. Do you want to go?"

Qin Shu smiled and said, "Someone is treating us. Why not?"

The man laughed and said, "Let's go then."
