

All-Mighty Girl Gets Spoiled by A Bigshot

Chapter 2: Return to H City

As Shen Mei spoke, she was about to twist Qin Sheng's arm when Qin Sheng swept a cold glance at her.

Shen Mei was afraid and withdrew her hand.

She frowned. This Qin Sheng had rebelled against the heavens, hadn't she?

She pointed at Qin Sheng and cursed again.

A hint of impatience flashed across Qin Sheng's eyes. She directly twisted Shen Mei's middle finger and said faintly, "You don't have the right to scold me."

Shen Mei was in so much pain that her face twisted. She shouted at Qin Sheng, "Damn girl, do you want to rebel? Don't think that just because you're the young miss of the Qin family, I can't control you."

The scream was ear-piercing. Qin Sheng dug her ear and let go of her.

She bent down slightly and laughed softly beside Shen Mei's ear. "Don't worry. I will settle everything with you, including your good daughter, for how your family has treated me all these years."

After saying that, she took out a piece of candy, tore open the candy wrapper, put the white candy into her mouth, and got into the car.

1

"Damn girl, you've rebelled against the heavens, haven't you? You're really an ingrate! I've raised you for so many years, but you actually spoke to me like this. If it weren't for me, you would have gone to god knows where long ago." Shen Mei was shocked by Qin Sheng's words, when she came back to her senses, she let out another round of curses, her saliva flying everywhere.

1

"Drive."

Qin Sheng ordered. She had long gotten used to Shen Mei's beating and scolding. She had never known why her parents would hate her. It was only after she was brought back that she realized that she wasn't their biological daughter.

She and Qin Churou's identities were swapped. Qin Churou enjoyed her status as the eldest daughter of the Qin family while she was tortured in the countryside.

After she was brought back, her so-called biological parents only saw Qin Churou as their only daughter.

The funny thing was that she had been humbly begging them to give her a little bit of love. Even the little bit of warmth that Qin Churou had released, she had tried her best to keep it.

Qin Sheng sat in the car, looking at the scenery outside the window that was constantly retreating.

The corners of her lips curled up slightly, her eyes filled with coldness.

It wouldn't happen again. She would never be blinded by this ridiculous warmth in the future.

'Qin Churou, I'm back.'

2

When Qin Sheng returned to the Qin family. The Qin family was eating dinner around the table.

The butler brought Qin Sheng in, and the three members of the Qin family fell silent for a moment.

Lin Shuya sized up Qin Sheng. When she saw her outfit, she frowned.

"Sister."

Qin Churou was the first to react. A smile appeared on her face. She put down her chopsticks and walked up to Qin Sheng intimately. She wanted to hold Qin Sheng's arm, but Qin Sheng avoided her. Her refusal was very obvious.

Qin Churou's face was stiff, but she quickly adjusted herself. "Sister, you must be hungry. Come and have dinner."

After that, she ordered the servants, "Bring a set of bowls and chopsticks for sister."

Qin Sheng glanced at the dining table. Apparently, they had forgotten that she was coming back today. A hint of mockery flashed in her eyes. Qin Sheng walked over and sat down on the chair.

Qin Churou picked up a piece of meat for Qin Sheng. "Sister, eat more. It's rare for you to have such delicious food in the countryside."

Qin Hai also said, "Sheng'er, this place is not like your countryside. You have to get used to the life in H City quickly."

Qin Hai had no affection for Qin Sheng, this daughter that he had just picked up. The reason he picked her up was to marry her to a family of equal status and strengthen the power of the Qin family.

When he saw Qin Sheng, the disdain in his eyes was obvious.

As expected, she had come from the countryside and could not make a name for herself. He did not expect Qin Sheng to have much success.

Qin Sheng ignored the hypocritical father-daughter pair.

She looked at the food in the bowl and frowned.. She pushed the bowl aside, stood up, and walked into the kitchen to get another bowl.

"Sister." Qin Churou bit her lower lip, feeling wronged.

Qin Sheng glanced at Qin Churou and spat out lightly, "Dirty."

Pa!

Qin Hai threw his chopsticks on the table. "Qin Sheng, do you have any manners?"

"I'm a person who doesn't have parents to teach me. Of course, my manners aren't that good."

3

Qin Sheng didn't want to build a good relationship with the Qin family. In her previous life, throwing her dignity on the ground and letting them step on it wouldn't change their sincerity. In their eyes, there was only profit.

This time, she came back to stir up the peace in the Qin family.

"You!" Qin Hai's face alternated between green and white.

Qin Sheng was in a good mood as she ate her food.

Seeing Qin Sheng's appearance, Qin Hai stood up abruptly. He had lost his appetite and walked upstairs.

"Sheng'er, look at how angry your father is." Lin Shuya glared at Qin Sheng.

Immediately, her gaze fell on Qin Churou, and her gaze softened. "Churou, your sister doesn't know manners. Help Mommy teach her."

"Okay, Mommy," Qin Churou answered obediently.

"Thank you for your hard work." Lin Shuya was satisfied. She nodded and went upstairs.

She also didn't like Qin Sheng. But after all, she was her daughter, so she couldn't show it clearly.

"Sister, you're done eating. I'll take you shopping. Your clothes..." Speaking of this, Qin Churou thought of how she looked when she first met Qin Sheng.

Her upper body was a white t-shirt with a simple jacket over it. Her lower body was a pair of jeans that had been washed until they were white. Her legs were straight and slender. It was a very simple outfit, but it could not hide Qin Sheng's elegance and temperament.

Qin Churou looked at Qin Sheng seriously. Her hair fell down and her eyes were bright. Although her face was young, it was unusually exquisite. It was not difficult to see her alluring appearance in the future.

She secretly bit her lip. Before this, she did not think much of Qin Sheng. She was just from the countryside. How could she compare to the young miss of the Qin family who had received an aristocratic education since she was young?

But now, her alarm bells were ringing.

That face and that seemingly innate temperament, no one would think that she was just a peasant.

Even if she stood in front of her, she would be inferior.

She absolutely could not let Qin Sheng take away her things!

Qin Churou adjusted her state of mind and said gently, "I will help Sister dress up properly."

Qin Sheng took a tissue and wiped her mouth. She said with a faint smile, "Qin Churou, now that Qin Hai and Lin Shuya are not here, you don't have to pretend with me."

Being suddenly exposed, Qin Churou was only seventeen years old. Her thoughts were not hidden so deep. In an instant, her face twisted, and she could no longer maintain the good impression she wanted to show to Qin Sheng.

When Qin Sheng passed by Qin Churou, her footsteps paused. "What doesn't belong to you will never belong to you."

1

"Qin Sheng!"

Qin Churou gritted her teeth. "In their eyes, I am the only daughter. I am the only miss of the Qin family, and you are nothing."

Miss of the Qin family?

Qin Sheng laughed mockingly. She had never cared about this identity.

She wanted to create her own glory in this life.

Qin Sheng went to the second floor and picked the room on the left.

She packed up her things and began to think about her next plan.

What she lacked the most now was money.

She needed a large amount of start-up capital to start a company.

It was not easy to get millions of dollars in a short period of time. Soon, she thought of a way.

Stock market!

3

The stock market could make people go bankrupt overnight. It could also make people become rich in a short period of time. Their wealth could increase by several times or even dozens of times. Qin Sheng was the god of stock in the eyes of the investors. She had never made a mistake in stock market.

When the Qin group's capital chain broke, she took the Qin family's remaining funds to the stock market. She increased the Qin family's capital by more than ten times and saved the Qin family.

Only, this credit was snatched away by Qin Churou.
