

I Signed-In For A Billion Dollar Mansion From The Very Beginning

Chapter 10: Lin Fan Was So Rich

Of course, although Xia Ranran liked handsome guys and money, she knew the difference between her and Lin Fan.

If Lin Fan didn't take the initiative, how would she dare to?

"Such a rich man, and so handsome. I can't seduce him, or else I'll be too unreserved. What if he thinks I'm a gold digger?" Xia Ranran was a little troubled.

2

But when she met someone she liked, she should take action.

After hesitating for a long time, Xia Ranran gave up. She was not a gold digger, the kind that would stick to people if they had money.

Perhaps one day, Lin Fan would discover her beauty and take the initiative to chase after her.

Of course, Lin Fan wasn't that kind of person. But if it was the author, ahem...

17

...

At the entrance of Blue Wave Bay District.

Xu Shiyin carried many bags and arrived at the entrance of the district.

She was a little nervous, a little flushed, and a little dazed.

Was it really sent to Blue Wave Bay?

However, the neighborhood looked so grand. Could it be that Lin Fan lived in such a place?

Xu Shiyin's family was also from a village and was not very rich. Hence, she was very hardworking in her studies. However, it was not easy to earn money. After her brother fell sick, she hurriedly found a job and started working.

Xu Shiyin looked at the address the manager gave her. "583 Fangdian Road, Blue Wave Bay District Lake Heart Villa. Owner: Lin Fan..."

"Lake Heart villa? Does Lin Fan live in a villa?" Xu Shiyin scratched her head. She knew Lin Fan's family background.

But Lin Fan had only graduated for three years. Was he already living in a villa?

She switched on her phone and searched about the Lake Heart Villa. Xu Shiyin was stunned.

The Lake Heart Villa in the Blue Wave Bay district was bought by a mysterious tycoon for 200 million yuan.

Could this mysterious tycoon be Lin Fan?

Xu Shiyin stood at the door, not daring to enter, afraid that she would make a mistake. She, who had lived a simple life since she was young, did not even dare to enter luxurious restaurants.

The security guard at the entrance of the district saw a beautiful woman standing at the entrance. She was youthful, lively, and had a perfect figure. She stood there and looked a little nervous.

"Hello, pretty lady, are you here to look for someone?" A security guard walked over and asked Xu Shiyin.

Who didn't like beautiful ladies? Even these security guards liked them too. They looked pleasing to the eye.

"Mmm, may I ask if Lin Fan lives here?" Xu Shiyin's gentle voice rang out. She didn't dare to speak too loudly. She had never seen the world and had only rented a small house that was more than ten square meters in Shanghai. She wanted to earn more money for her brother.

"Brother Lin? Yes, why are you looking for Brother Lin?" When the security guard heard that it was Lin Fan, he immediately sent a message.

It had been so many days and he had never seen any pretty girls in Lin Fan's passenger seat.

Today, one of them actually came knocking.

Could she be Lin Fan's girlfriend? If that was the case, they couldn't afford to be negligent.

These security guards were very perceptive. They didn't dare to offend Lin Fan, much less his girlfriend.

"He's really here... That 200 million yuan Lake Heart Villa?" Xu Shiyin looked up with her big eyes wide open like a curious baby.

"Of course. Brother Lin lives in the most luxurious villa in our district. He even drives a sports car worth hundreds of millions," the security guard said casually. After all, these security guards liked to show off when they were free.

"A sports car worth hundreds of millions?" Xu Shiyin blinked in disbelief.

1

That was... hundreds of millions.

Ordinary people would never be able to earn so much money.

No matter how stupid she was, she knew what it meant to have a sports car and a villa worth hundreds of millions. When did Lin Fan become so rich?

“Are you Brother Lin’s girlfriend? Brother Lin usually keeps a low profile. Today, he rode a tricycle out. There are only a few rich people in our district who are arrogant and domineering like nouveau riche. They bully others based on the fact that they’re rich. There aren’t many people like Brother Lin,” the security guard sighed.

Xu Shiyin blushed when she heard the word girlfriend. She quickly lowered her head and shook her head. “I’m not his girlfriend. We’re just classmates...”

She had wanted to take the initiative and try to woo Lin Fan. It wasn’t because of the money. It was because Lin Fan was a good person and was very handsome.

If she was a gold digger, she wouldn’t work. As a saleswoman, not only did she have to suck up to the customers, but she also had to be scolded by the manager. It was common. If a woman wanted to become bad, it was much easier to earn money.

But now, with Lin Fan’s status, how could she dare to have any thoughts?

In fact, she didn’t even dare to meet Lin Fan. She just wanted to put down her things and leave.

When the security guard heard this, he smiled and said, “Then you have to hurry up. Brother Lin is so outstanding and still single. He’s not like some rich second-generation heirs who change girlfriends every few days.”

“It’s not what you think. Help me give these things to Lin Fan. I’m leaving first.” Xu Shiyin threw the things down and wanted to leave.

At this moment, the sound of an engine could be heard. A black, cool and domineering sports car sped over.

Bugatti La Voiture Noire!

Ka!

Time seemed to freeze as the Bugatti stopped precisely at the entrance to the district.

The car door opened automatically and Lin Fan got out.

2

When he saw Xu Shiyin, Lin Fan's eyes lit up.

Xu Shiyin was here to deliver the 50-odd clothes he bought yesterday.

"Xu Shiyin?" When Lin Fan saw Xu Shiyin, he smiled. After all, they were old classmates and it was rare to see her.

"Why didn't you tell me that you were coming? I could have come back earlier and asked the employees of your company to send the clothes over. Why did you come here personally?" Lin Fan smiled.

"Well... the manager asked me to come."

"Since you're back, these clothes are all for you. Then I'll leave first." Xu Shiyin's cheeks were slightly red, and she was about to leave.

She saw Lin Fan's sports car. This kind of car... was really cool.

Unknowingly, Lin Fan had become someone she had to look up to.

"It's not often that you come here, you can't leave like this."

"Get in the car. Go to my room. I'll take good care of you." Lin Fan didn't think too much about it. His classmate was already at his doorstep. How could he let them leave?

6

“Huh?” Xu Shiyin’s face turned red. Could it be that Lin Fan wanted to do that to her? But she wasn’t that kind of woman. Even if she had some feelings for Lin Fan, the progress was too fast.

“What are you thinking about? Do you think I’ll eat you up? Have dinner before you leave,” said Lin Fan. He had just seen the 20 million yuan school district house and he was in a good mood.

2

“Can I really go in and take a look?” Xu Shiyin raised her beautiful eyes and calmed down her excitement and envy. She then remembered that with Lin Fan’s character, why would he do those things to her?

“Get in. Let’s go!” Lin Fan said.

“Oh... okay.” Xu Shiyin nodded. She also wanted to see what Lin Fan’s villa looked like. It was a world she had never come into contact with before.

She was still a little happy and expectant.

It turned out that the boy who often appeared in her dreams had become so outstanding.
