

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 100-104

Chapter 100 The Idol of 1.32 million fans, Lin Fan!

The next day, the trending topics on Weibo were still discussing Lin Fan's acting.

After a night, the reputation of the Joy of Life underwent a huge change.

There were almost no haters of Joy of Life.

The popularity of this drama had already reached six trending topics on Weibo. One could imagine how popular this drama was.

It wasn't just the trending topics on Weibo. People even uploaded scenes of Lin Fan acting as the male lead of Joy of Life onto Zhihu's trending topics list and the pilipili app.

In an instant, countless spectators appeared, all of them praising Lin Fan's acting skills.

"Why do I feel like Lin Fan's acting skills are like those of a veteran actor? They're even better than those of a veteran actor."

"That's right. Lin Fan's acting skills aren't weak in front of veteran actors at all. His acting skills are really amazing. I remember that some time ago, Teacher Wu and Teacher Chen on Weibo praised Lin Fan. These two veteran actors' acting skills and character are quite good. They both praised Lin Fan like that. Now, we can see that Lin Fan's acting skills are indeed very good."

"It's just that the episodes are updated too slowly. Why are there only three episodes? It's not enough."

"The post-production and scenes of this drama are all the most perfect. Also, from my perspective as a music professional, only a master-level music scorer can produce such background music!"

"Especially this theme song. It's called A Will Forever. It's written very well and sounds very nice. I wonder who sang it." After only one night, the reputation of the television drama "Joy of Life" soared!

Three episodes were uploaded that night, and there were already 300 million views on iQiyi and Tencent Arts!

It had only been a night, but there were already so many views.

Many people were curious about this television drama, and many people started to be attracted to it.

Lin Fan's acting skills had become a highlight for countless viewers.

Of course, Xia Wanqiu, Su Xiaoyu, Xu Yang, and the others' acting skills were pretty good.

The changes in scenes and some changes in style, as well as emotional foreshadowing and personification of characters were undoubtedly the most perfect.

It could be said without exaggeration that the drama, Joy of Life, had already become the television drama with the best personification of characters in the history of national television dramas other than the dramas adapted from the four great classical novels!

It was very difficult to surpass the four great classical novels, and the dramas adapted from them were also very classic.

Faced with the stagnant waters of the entire country's television dramas that were filled with divine dramas, the sudden emergence of "Joy of Life", the perfect acting skills of the actors and its incredible production team, made it rush to 300 million views in an instant.

This was only three episodes. There were still many people who did not know how good this television drama was.

The moment Joy of Life started broadcasting, its popularity had already reached tens of millions!

The popularity was over ten million, and the views reached 300 million!

Of course, this didn't mean that 300 million people had seen the TV series. It was just a calculation method for iQiyi and Tencent Arts.

But none of the television dramas before "Joy of Life" had such an effect.

It became extremely popular overnight! It was completely popular!

The audience could not even find any flaws in this television drama,

The only flaw... was that when Xu Yang acted with Lin Fan, his looks were completely crushed.

Yuehua Entertainment.

When Lin Fan arrived at the company, there was a series of cheers in the company.

"Lin Fan is too handsome. Lin Fan, if it wasn't for you, our television series wouldn't have been so popular. After all, you were the one who wrote the script and helped with the director's work. There was also the post-production editing and dubbing. They were all amazing. No part of the film's production could do without you. You even acted as the male lead. The key is that you acted so well."

"Yeah, Lin Fan is so handsome. Even though we're from the same company, I'm already your fan. Lin Fan, you'll definitely be a big star in the future!"

"I worship Lin Fan. Is there really such an outstanding person in the world? There really is... because he's standing in front of me!"

Many celebrities looked at Lin Fan with admiration.

Not to mention these celebrities, even Director Lu Benkai could not imagine that it would be so popular.

This was simply... a miracle!

In the entire country, there had never been such a history.

The television drama exploded into popularity!

Even the actors in the television dramas were all extremely popular.

This was the victory of the entire team.

And this victory could not do without Lin Fan.

“Alright, alright. There’s no need to praise me like that. It’s just a television drama.”

“The success of this television series cannot do without all of our efforts. Whether it’s the actors, Director Lu, Brother Liu, or CEO Li, they have helped us a lot,” said Lin Fan with a smile. He wouldn’t take all the credit for it.

Lin Fan was still very good at conducting himself. What he said was right. If a television drama wanted to succeed, it was impossible to rely on Lin Fan alone.

As for the director, post-production, and dubbing, Lin Fan didn’t try to steal the credit. This was what Lu Benkai, Xue Kexin, and the others deserved.

As for him, just being the male lead alone and writing such an outstanding script was enough to bring him a lot of fame and fortune.

“That’s different, Lin Fan. Although the success of the television series is the result of all of our hard work, you’re the initiator of this television series. You’re the soul of Joy of Life.”

“I finally understand why CEO Li likes you so much. You’re simply an all-rounder talent. How can anyone not like you?” Lu Benkai smiled.

“Of course, Lin Fan is really amazing,” Xue Kexin said.

Xia Wanqiu stood beside Lin Fan and looked at him quietly. Unknowingly, Lin Fan had become so outstanding

With Lin Fan around, Xia Wanqiu always felt very safe.

At least in this entertainment industry, no one dared to bully her any more.

With Lin Fan around, Xia Wanqiu felt that she wasn’t afraid of anything. She didn’t have to be afraid in the entertainment industry anymore.

At that moment, Su Xiaoyu walked in front of Lin Fan and exclaimed, “Master, look at your number of Weibo fans. They’re increasing continuously.”

“I saw that you only had 10,000 fans yesterday, but now you actually have so many fans!”

Su Xiaoyu looked at her phone. She was focused on Lin Fan and his fan count. She felt that it was unbelievable.

In just one night...

Lin Fan’s Weibo fan count had gone from 10,000 to 1.32 million! He had gained a million fans overnight! And these fans were all loyal fans.

Under Lin Fan’s comments, they apologized and praised him.

They felt very sorry for what they had done previously.

Therefore, they had now become Lin Fan’s hardcore fans!

These fans had already treated Lin Fan as their idol!

Chapter 101 Reputation Is Divergent, Completely Crushing Joy Media

“Lin Fan, I was wrong. You’re the most handsome and your acting skills are the best!”

“In the future, if anyone dares to say that your acting skills are bad, I’ll directly seal that person’s mouth with a hammer.” “Lin Fan is really a handsome man. A handsome man even more handsome than Xu Yang. You’re worthy of being the male lead of this drama!”

Lin Fan silently scrolled through the comments and smiled.

He originally didn’t want to become popular because there would be many troubles after becoming popular.

But there was nothing else he could do now. With the broadcasting of Joy of Life, Lin Fan had already become extremely popular.

Even if Lin Fan wanted to be an ordinary person, he was already a celebrity.

Unknowingly, it was already Saturday night.

There were countless fans waiting to watch the updated episodes.

After broadcasting the fourth, fifth and sixth episodes, Joy of Life went on the trending topics list again.

The fans’ enthusiasm for this drama had reached an unprecedented level.

It wasn’t just Lin Fan and Xia Wanqiu’s acting skills. There were also all the details in this drama, including the intellectual fight between the protagonist and the antagonist, as well as the relationship between the male lead and the female lead. It was constantly tugging at the hearts of the audience.

After the broadcast on Saturday, the popularity of Joy of Life had reached nearly 90 million!

It had only been broadcasted for two days, but the television drama had already reached 90 million views!

And the views exceeded 400 million.

Just two days of broadcasting had such a good effect.

It wasn't just the audience who liked this television drama. Even the employees of Tencent Arts and iQiyi were stunned.

They knew that this drama was very good, but they didn't expect it to be so good.

"It was the right choice to buy this drama. In all these years, this is the first time such a popular drama has appeared. It's no exaggeration to say that with the popularity of Joy of Life, it can totally become a phenomenal IP masterpiece!"

"Maybe on the streets and alleys, there will be countless people following Joy of Life. This television drama has a wide audience. It has the funny style that children like, the relationship scenes that young people like, and the political tactics that middle-aged people like. It can be said to have everything. The acting skills of its actors are outstanding and the post-production is perfect. How can this television drama be so awesome? I've also finished watching the subsequent scenes, especially the scene of Lin Fan and Xia Wanqiu kissing. It's simply too perfect. After watching it, I feel like I'm going to fall in love," Tencent Arts' staff said.

Soon, the manager of Tencent Arts contacted the staff.

"Who is the screenwriter for this television series, Joy of Life? And who is the director? As well as the post-production team and the dubbing team? I want a name list. To be able to film such a popular television series, it must have something to do with these people," the manager of Tencent Arts said.

After the staff member of Tencent Arts investigated, he said, "Manager, the screenwriter for this television series is Lin Fan. The male lead is Lin Fan and the director is Lu Benkai. Xue Kexin, is the team leader of the post-production team. The dubbing company is also very awesome, but what I want to say is... I heard that Lin Fan was involved in the directing, post-production, dubbing and music scoring as well."

When the manager of Tencent Arts heard this, he was shocked. "What did you say? Not only is the screenwriter and main actor Lin Fan, he even knows how to direct and do post-production and dubbing?"

"Even if Lin Fan is just a screenwriter, he has enough value to be roped in. I've seen all the scenes for Joy of Life. The story is not finished at episode 46, so there will definitely be a second season. We have to contact Lin Fan as soon as possible and get the rights to the second season. When the time comes, we'll invest in this television drama ourselves," the manager of Tencent Arts said.

“Hurry, hurry, hurry. Think of a way to contact Lin Fan and buy the rights to the second season of Joy of Life. Ask him if he has written the second season yet. His script for the first season is too interesting,” the staff member of iQiyi said.

The two video companies made the same decision.

This television drama would become extremely popular and they had all seen Lin Fan’s worth.

Of course, they didn’t believe that Lin Fan could do post-production work or direct.

If that was the case, was Lin Fan still human?

Lin Fan alone had supported the entire film crew!

This was not something that ordinary people could measure up to.

While Joy of Life was broadcasting, General and I had also broadcasted six episodes.

There was nothing special about General and I.

After two days, “General and I” only had ten million people following it and twenty million views.

In terms of popularity, Joy of Life was already nine times ahead of it, and in terms of views, Joy of Life had twice as many views as General and I!

“Joy of Life” had a viewership of 400 million, and “General and I” only had 20 million.

This was the clear difference between them. No one could have imagined that the television dramas produced by the two entertainment companies would be broadcasted at the same time. There was actually a world of difference between them!

Whether it was the script, acting skills, plot, post-production, or dubbing, they were all crushed by Joy of Life!

“General and I” was completely defeated! Of course, “General and I” was also trending.

The reason why it was trending was because the male and female leads in this movie often used stand-ins. The main leads even used Photoshop in certain areas!

A television drama filmed with Photoshop directly treated the audience as fools. Moreover, the level of the script was really average, and the acting skills of the protagonists in it were also not good. There was no way to compare it with “Joy of Life”. The contrast between the two dramas was too strong.

“General and I” was trending because of their use of Photoshop and attracted a lot of scolding “General and I was advertised for so long and turns out to be only of this quality? What kind of acting is this? They even used Photoshop! Look at Joy of Life. Their acting is much better than yours.”

“Do you really think the audience are fools who want to suck up to you?”

“You dare to fight Joy of Life with this? I don’t know where you got your courage from. It’s a pity for the two celebrities, Wang Menghan and Zhao Ziyue.”

Looking at the huge difference between the two dramas, Happy Fruit and MangoTV were completely stunned.

Especially the persons in charge of the contract, Wang Lele and Li Mangmang. Both of them were thinking about life.

“Damn it, why didn’t I buy the premiere rights for Joy of Life? Who knew that it would be so popular... Ahhh, I regret it,” Wang Lele said. Her wrong judgment led to a huge loss for the company. She might even be fired. If she signed the premiere rights for Joy of Life, the direct profits might even exceed a hundred million!

This time, Wang Lele and Li Mangmang felt a little regretful.

The premiere rights of Joy of Life did not only represent profits, it also represented popularity!

In this era, popularity was king. The video website which could get the most internet traffic to go them would have more market share.

The popularity of Joy of Life almost caused most of the traffic to go to Tencent Arts and iQiyi.

The loss of so much traffic was no longer a loss of one or two hundred million yuan.

How many users and opportunities have they

lost?

It was even possible that their two companies would never be able to surpass Tencent Arts and iQiyi in this lifetime.

It was just because they had made a wrong judgment! And this wrong judgment would affect the entire company’s future!

Chapter 102 Joy Media Abandoned Their Struggle and Was Completely Defeated

There was dead silence in Joy Media.

Because “General and I” was completely crushed.

And it was a merciless crushing.

The series of preparations made by Joy Media in the early stages were all useless. Instead, it made the television series “Joy of Life” even more popular.

Zhao Rui’s face was green. The way she showed off earlier was how much she had been slapped in the face.

Joy Media was completely defeated.

Even Zhao Rui did not expect there to be such a wonderful story after Joy of Life was filmed.

Whether it was the story or the logic in the plot, the integrity of the entire story was incomparable to that of any other television drama.

“Yuehua are not simple. Did they recruit some expert?”

“I didn’t expect Lin Fan’s acting skills to be so good. His looks are also very suitable for acting as the male lead. He had no flaws when acting with the female lead Xia Wanqiu. Such a television drama is completely popular.” “The key is that the more outstanding thing about this television drama, Joy of Life, is not here. It’s that the filming method of this television drama has never been seen by us before. Even in China, there’s no such filming method. In my opinion, Director Lu Benkai definitely doesn’t have the ability. Which mysterious expert made the filming method of Joy of Life go to an even higher level?”

Zhao Rui said and fell into deep thought.

Yuehua Entertainment was not the best among the entertainment companies in the country.

It was too difficult to recruit such a talent. “That shouldn’t be the case. Just inviting those popular celebrities for a television drama would cost a lot of money. How could Yuehua have so much money to invite such a mysterious expert?”

“Could it be that Yuehua invited a Hollywood director? Did they bring in Hollywood’s filming techniques and skills?” Zhao Rui sat on a stool and was analyzing.

She analyzed for a long time but could not imagine what kind of expert Yuehua had invited

“CEO Zhao, not only are the filming angles of this television drama, ‘Joy of Life’, artful, the effects of the scenes presented are also superb. But if you take it seriously, the dubbing and music of this television drama are also of the highest level. I’ve already contacted the music master, and the music master said... that the dubbing of this television drama is also the best in the country!” the staff said.

Everyone in Joy Media was shocked.

What kind of expert had Yuehua invited?

The dubbing, the images, the backgrounds, the music, the theme song, the angles of filming, and the directing ability were all top-notch!

They had filmed the most powerful television drama in the country. Even Zhao Rui sighed in admiration.

Joy Media had already done very well in this aspect, but it was still not comparable to Yuehua.

Yuehua’s television dramas underwent a huge transformation.

Xia Wangiu's addition and her first relationship scene caused a huge uproar.

Yuehua's second-most popular female artiste, Su Xiaoyu, also acted in the drama.

This was a television drama that had many celebrities working together.

There were also some veteran actors. If the appearance of these people was the icing on the cake...

Then, the core person would be Lin Fan!

"Boss Zhao, we can't figure out the other problems, but we can confirm that the script for this television series was written by Lin Fan."

"The script that Lin Fan wrote, from the conflict in the plot to the relationship scenes, is very good at shaping and controlling the characters."

"Lin Fan is a true screenwriting master. This is also why Yuehua wanted Lin Fan to be their top screenwriter. Yuehua took the initiative to rope in such a talent," the staff reminded.

Zhao Rui closed her eyes in pain.

She also knew that everything that had started was because of Lin Fan's script.

When Lin Fan first submitted his script to Joy Media, she wanted to save on costs and used the fact that Lin Fan was a newcomer to crazily lower the price for him.

But who would have thought that Yuehua Entertainment would buy the rights to this script at a sky-high price of 400,000 per episode?

From the looks of it, was 400,000 per episode expensive?

It was not expensive at all!

To be able to create a phenomenal piece of work that would be popular across the entire country was not something that could be measured in hundreds of thousands.

Lin Fan's script was extremely popular and the celebrities under Yuehua were also extremely popular.

It had to be said that CEO Li's foresight was one of a kind. After seeing Lin Fan's value, he attacked decisively.

Zhao Rui knew that if she missed this opportunity, it wouldn't be easy to rope Lin Fan in.

What should she do to recover the most?

Everyone was waiting for Zhao Rui's next plan.

Zhao Rui thought for a long time and said, "Let's give up on General and I. The current General and I no longer has the right to compete with Joy of Life. Although General and I was filmed well, it can't be compared to Joy of Life at all."

"I don't know what kind of change has happened to Yuehua, nor do I know what kind of master Yuehua has. What I can confirm is that ever since Lin Fan joined Yuehua, Yuehua has become different."

"Therefore, our company needs to rope in such a screenwriting master. After all, Lin Fan might have to write a new script in the future and we'll still have chances to work with him. It doesn't matter if we failed once. The most important thing is to find a way to succeed after this failure," Zhao Rui said.

The staff continued, "Boss Zhao, but we bought the trending topics to defame Lin Fan previously..."

Zhao Rui smiled and said, "This is my fault. I will personally apologize to Lin Fan and treat him to a meal. Our company has quite a number of celebrities under us. If I continue to compete with Lin Fan, I think it's unwise. We can only win if we work together. I will definitely express my apology for defaming him."

"At the same time, I can give Lin Fan some money to express my apology. I underestimated Lin Fan previously. When Lin Fan killed Qian Hongguang in a day, I should have paid attention. Lin Fan is really not a simple person."

"In my opinion, maybe writing scripts, directing, post-production work, and even dubbing will have something to do with Lin Fan."

"Think about it. Lin Fan and Xia Wanqiu have such a good relationship. He's so rich but he still entered the entertainment industry. He definitely knows everything. Lin Fan is Xia Wanqiu's strongest support," Zhao Rui said.

After hearing Zhao Rui's analysis, many staff members of Happy Entertainment gasped.

Boss Zhao was indeed smart. She analyzed it so well.

Although the possibility was very small, if that was the case, everything could be explained.

Lin Fan faced the public opinion and didn't say a word. That was because Lin Fan had been standing higher than them from the start.

Lin Fan had absolute confidence in his works. As long as he had outstanding works, the rumors would collapse!

In other words...

Lin Fan's ability was definitely not like what it seemed on the surface!

Lin Fan's intelligence and wisdom made Zhao Rui, the CEO of Joy Media, shocked and impressed.

A versatile talent like Lin Fan was rare in the entire China!

Chapter 103 Top of Weibo's Trending Topics List Again, Shocking the Entertainment Industry

Before Lin Fan knew it, Joy Media had already given up on competing with Joy of Life.

Even the president of Happiness Media had to admit that Lin Fan's acting skills were superb. Furthermore, Lin Fan's looks and scripts were all top-notch. After a series of internal strife, Zhao Rui had decided to apologize to Lin Fan. If she had the chance in the future, she could work with Lin Fan.

In the entertainment industry, there were no eternal enemies, only eternal friends.

When they saw that their fight with Yuehua was fruitless, Joy Media quickly changed their method.

The main thing was that Lin Fan had the value to be roped in by any company.

Joy of Life had been broadcasting for two consecutive days, causing a stir in China.

This television drama was trending!

The male lead, Lin Fan, and the female lead, Xia Wanqiu, were all popular!

Xia Wanqiu, who had not filmed a kissing scene for a year, received even more fans' approval and love because of this drama.

Furthermore, this was Xia Wanqiu's first relationship scene. It was acted very well, and it made those anti-fans unable to criticize Xia Wanqiu for being one-dimensional.

Her acting skills were equally outstanding.

After being broadcast for the third day, it caused a stir in the industry.

The audience was definitely watching the plot of this television drama. Such a popular television drama had attracted the attention of many companies in the industry.

The entertainment companies in the various circles placed a lot of importance on Lin Fan.

"Lin Fan's acting skills are so good. He's a talent worth nurturing. If Lin Fan starred in our new drama, it would definitely be good."

"It doesn't matter if his acting skills are good or not. Lin Fan is handsome. I feel that he can be pulled onto our variety shows."

"Our television series is still lacking a supporting actor. Do you want to see if Lin Fan is suitable? Hurry up and sign a contract with him."

"Lin Fan is a pretty good up-and-coming talent. With him around, we can increase the popularity of our television series. Quickly contact Lin Fan's manager. If not, contact Yuehua and get Lin Fan's contact details. Let's try to rope in Lin Fan first. Speaking of remuneration, how about giving him a six to seven million salary for a television series?"

All sorts of companies started to prepare to rope Lin Fan in.

However, without exception, all of these companies were rejected by Lin Fan.

Because Lin Fan didn't need these companies to rope him in. He came to the entertainment industry to accompany Xia Wanqiu, not to earn money or act.

Lin Fan wasn't short of money now. Don't forget that he was the biggest investor in Joy of Life!

If Joy of Life earned money, Lin Fan could get a certain percentage of dividends.

And this dividend was not low!

When Joy of Life's broadcasting rights were sold to iQiyi and Tencent Arts, Lin Fan's account had an additional 40 million in it.

Other than that, there was also Lin Fan's salary for filming this television series. It was a total of 8 million.

Given that Lin Fan was a newcomer, the initial remuneration was indeed not high. Furthermore, even the remuneration of a big star like Xia Wanqiu was only 30 to 40 million.

The big-name celebrities here did not ask for remuneration of hundreds of millions for no reason. Otherwise, this would only make the development of this industry abnormal.

Just think about it, if it cost more than a billion yuan out of the investment budget of a drama to attract actors, how could one possibly produce a good television drama?

Earning some money was a good thing for Lin Fan but he didn't want to act alone outside.

If he wanted to act, Lin Fan would only act with Xia Wanqiu. When he was filming with her, he could play with her, take care of her, and protect her.

With her around, Lin Fan felt more at ease.

Immediately after, on the third day, the eight episodes of Joy of Life had already finished broadcasting. The popularity of Joy of Life soared to over a hundred million!

And the number of views and clicks for Joy of Life had already exceeded a billion!

It was the only extremely popular television drama on the Internet. There were none before it, nor would there be any after it.

Yuehua knew of such results immediately.

CEO Li smiled. He did not expect that Yuehua was able to come this far because of Lin Fan.

“CEO Li, do you want to rope in Lin Fan again? Let Lin Fan sign a contract with our company and become an artiste of our company. Then, Lin Fan won’t be easily poached by other companies,” a staff member asked CEO Lin

Fan.

“No need.” CEO Li shook his head and smiled lightly.

CEO Li continued, “Lin Fan is a rare talent. He’s very smart. It’s impossible to bind him with a contract.”

“He can act wherever he wants. He can decide his life himself. A talent like Lin Fan isn’t for my company to use. He can promote the development of the entire nation’s cultural industries. Television dramas, movies, and many other industries won’t be able to do without Lin Fan.”

“Furthermore, Lin Fan is so rich. He might even be richer than Yuehua. His background is unfathomable. It’s too difficult to rope him in,” said CEO Li with a smile.

Although he wanted to rope Lin Fan in, he definitely wouldn’t do something like binding Lin Fan with a contract.

CEO Li was already very satisfied with Lin Fan being Yuehua’s nominal screenwriter.

This way, Lin Fan could be in Yuehua in the future. Furthermore, Yuehua still had Xia Wanqiu, Su Xiaoyu. Yuehua would prioritize spending a large sum of money to buy whatever good scripts Lin Fan wrote. They would definitely not treat Lin Fan badly.

“CEO Li is right,” the staff said.

“If you want to rope in Lin Fan, why don’t you rope in Xia Wanqiu and Su Xiaoyu? These two girls have a good relationship with Lin Fan, especially Xia Wanqiu.” CEO Li smiled.

He knew what others did not.

Lin Fan and Xia Wanqiu were a match made in heaven.

Although these two people did not interfere with each other’s work and would fight occasionally, when had Xia Wanqiu ever been so cute in front of others?

Only in front of Lin Fan would she show her unique side.

With the broadcast of the Joy of Life, Lin Fan's Weibo fans continued to increase.

Three million...

Four million...

In just three days, Lin Fan's Weibo fans had increased to five million!

The speed at which his fans increased could be said to be quite fast.

Lin Fan had quickly become a big star, a big star that many fans liked.

He was handsome and charismatic. Most importantly, Lin Fan's acting skills were outstanding. How could these fans not like him?

This was especially so for many girls who were completely infatuated with Lin Fan.

Lin Fan was their idol. Some fans even wanted to see Lin Fan and ask for his autograph.

Many ladies would be at Lin Fan's restaurant, wanting to meet him.

Lin Fan had become a real big star. People were envious of him. He had really stepped into the entertainment industry!

At the same time...

Lin Fan was once again the top trending topic on Weibo!

And this time, the trending topic shocked the entire entertainment industry!

Chapter 104 The Real Master of Scripts, Lin Fan!

Instantly, the first trending topic on Weibo appeared.

And the name of the trending topic was...

[So Lin Fan is the screenwriter for Joy of Life.]

When the official announcement was made, The fact that Lin Fan was the screenwriter of Joy of Life was already written on it.

However, not many people noticed this at that time. Most of their attention was on the male lead being Lin Fan and the female lead being Xia Wanqiu.

There were also many popular celebrities and veteran actors. These celebrities jointly formed the lineup for Joy of Life, so much so that everyone ignored the scriptwriter for this television drama.

And now, with the popularity of Joy of Life, this television drama got on the trending topic list many times.

Someone finally realized that the screenwriter for Joy of Life was Lin Fan and all the audience reacted to it.

There were waves of comments on the Internet. They were all praising Lin Fan.

“D*mn, Lin Fan is the screenwriter for Joy of Life. Lin Fan is too awesome. The script he wrote was so nice...”

“That despicable Lin Fan. He actually wrote such a nice script that I have to watch dramas every day. If I don’t watch dramas soon, I’ll feel uncomfortable.”

“Lin Fan is really awesome. His acting skills are so good and he’s even a master-level screenwriter now.”

“Oh right, I’ve found out. Lin Fan is a gold-medal screenwriter under Yuehua. He’s just a newcomer screenwriter but he has such high abilities.”

“Lin Fan really isn’t simple. Will Lin Fan be able to write other works? I’m looking forward to it. I wish Joy of Life would update faster.”

All sorts of comments came.

An outstanding screenwriter was very important to promoting the entire country’s film industry.

At the same time, all the entertainment companies noticed Lin Fan.

Huanrui, Wanmei, Xinli, Jiaying, Zhengwu, Huace, and all sorts of other companies had already discovered the existence of a gold medal screenwriter like Lin Fan.

Almost all the big companies were contacting Lin Fan.

“Hello, Mr. Lin. We are staff from Huanrui. May I ask if you have written a new script recently? The script you wrote is too wonderful. The popularity of Joy of Life cannot do without your creation of its script.”

“Mr. Lin, we are the staff of Jiaying. We even asked to buy the script for Joy of Life from you previously. If you want to work with us, you can come to us. Our company is willing to buy your script at the highest price in the industry.”

“Mr. Lin, are you interested in coming to Xinli to be a screenwriter? We will give you very good remuneration.”

All sorts of companies went crazy and contacted Lin Fan. After all, Lin Fan was a talent. Once they could sign a contract with Lin Fan, the scripts that Lin Fan wrote would be enough for these companies to adapt a good television drama out of.

Lin Fan’s value was self-evident now.

At the same time, Zhao Rui from Joy Media contacted Lin Fan.

“Mr. Lin, we apologize for what happened previously. If you have any intention of cooperating, our company is willing to cooperate with you to create a new IP,” Zhao Rui said.

Almost everyone in the entertainment company had noticed Lin Fan.

Lin Fan was like a real superstar who became famous overnight.

It wasn't just the audience who recognized Lin Fan. Even the higher-ups of the entertainment companies realized how important Lin Fan was.

Lin Fan alone could be of great value to their companies.

Even if Lin Fan was an employee of Yuehua, they would contact Lin Fan to create a good script.

Yuehua.

Lin Fan was in his office writing a new script.

As the first season of Joy of Life had already become popular, Lin Fan was also preparing for the second season. Other than that, he also prepared a classic work, “The Legend of Sword and Fairy”.

As for the invitations from those entertainment companies, Lin Fan ignored most of them. He had been busy with work the entire time. Of course, Lin Fan was just bored. It wasn't bad to be able to create a script and immerse himself in the world of his script.

Most importantly, he could earn money. He could earn a lot of money by writing scripts and adapting scripts.

“Lin Fan, you're still writing scripts here?” Xu Yang knocked on Lin Fan's office door and smiled.

“Yes.” Lin Fan nodded without turning back.

“Lin Fan, there are three other entertainment companies that want to contact you and invite you to sign a contract with them. There are also some companies that want to meet you. I heard that Huanrui Media has offered 20 million a year to sign you over. They just want you to write two scripts for them every year,” Xu Yang said. “20 million?” Lin Fan asked.

“You're tempted?” Xu Yang looked at Lin Fan. After all, 20 million was a sizable sum. Furthermore, this was 20 million a year. It was equivalent to Lin Fan being able to go to Huanrui Media to be a nominal screenwriter. Then, he just needed to write a few scripts every year.

“I'm not interested.” Lin Fan shook his head.

“Haha, it's because there aren't any girls as pretty as Xia Wanqiu there right?” Xu Yang said with a smile.

Lin Fan looked at Xu Yang and smiled calmly. "It's not like that. Is 20 million a lot?" Xu Yang: "... " Xu Yang: "Lin Fan, is... 20 million not a lot?"

Lin Fan shook his head and continued, "Right now, the rent and dividends I receive every year add up to 100-200 million dollars. They want to sign me over for 20 million dollars a year and they even want the rights to two of my scripts. This has nothing to do with Xia Wanqiu. Even without Xia Wanqiu, the suggestion of Huanrui Media won't move me."

Xu Yang: "..."

Xu Yang felt like chatting with Lin Fan was a blow to him.

He only knew now that Lin Fan had many other identities other than being a screenwriter, restaurant owner, and actor.

Lin Fan was also a landlord!

And the annual rent was 100-200 million!

Even for top celebrities, it was very difficult to earn so much money in a year. Most of the celebrities in this world could only earn tens of millions in acting, not hundreds of millions.

But Lin Fan was so amazing...

Xu Yang had thought that after he stopped chasing after Xia Wanqiu, he would not be stuffed with dog food again, much less attacked by Lin Fan.

After chatting with Lin Fan for a while, Xu Yang felt like he was doubting his life.

He was also a big star...

Why did it feel like he and Lin Fan weren't in the same world?

Lin Fan continued writing his script and drank a cup of tea. He said, "Of course, one of the reasons I'm here is because Wanqiu is here."

"As for money and other things, they're not that important."

Xu Yang looked at Lin Fan silently. He felt that he and Lin Fan were no longer from the same world.

He was working hard. Other than fulfilling his dream of acting, his biggest goal was to earn money.

But Lin Fan's goal wasn't to earn money. Because... this was the world of the rich!
