

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 110-114

Chapter 110 Master's Singing Is Too Outstanding, Su Xiaoyu Worships Him

In the car.

Su Xiaoyu and Lin Fan sat together. Su Xiaoyu looked at Lin Fan and said in surprise, "Master, I admire you so much ~ Let me suck up to you. How can you sing so well?" Lin Fan smiled. "Didn't I just sing a song? The theme song for Joy of Life isn't really that nice. After all, it was written to match the entire television drama."

Su Xiaoyu stuck out her tongue. "Master, you know how good people can be when they sing well. It's a pity that I'm born tone-deaf."

Lin Fan smiled. "That's right. You only know how to woof."

Su Xiaoyu glared at Lin Fan like a dog and said, "Ahwooh, Master, I'm a dog. The dog is going to bite you ~"

"Master, Master, sing me another song," Su Xiaoyu pestered Lin Fan.

"What do you want to hear?" Lin Fan smiled.

"Just sing any song. Anyway, Master's songs are all nice. I can even listen to them on repeat!" Su Xiaoyu said.

"Then I'll sing you a song. It's called 'Love Confession'," said Lin Fan with a smile as he started to sing in the car.

The moment Lin Fan spoke, Su Xiaoyu looked at him in shock.

Was this master's true strength? Was this how Master looked like when he sang a love song?

This song... was so sweet that Su Xiaoyu cried.

Su Xiaoyu was already infatuated with him. How could there be anyone who could sing so well?

Even Jay Chou couldn't sing as well as Lin Fan, right?

Previously, when he was singing the theme song, A Will Forever, Su Xiaoyu thought that it was very nice, but it had not reached this stage.

Now that Lin Fan was singing a love song, Su Xiaoyu finally experienced Lin Fan's singing ability "Master is so handsome ~ ~ His songs are so nice too. I love it," Su Xiaoyu said. The theme song A Will Forever was not a lyrical song. The song Love Confession had already convinced Su Xiaoyu.

“It’s alright. I just wrote that song recently,” said Lin Fan with a smile.

“Master, you’re so outstanding. How can I find a boyfriend in the future?” Su Xiaoyu held her cheeks and looked at the scenery outside the car window.

“Other guys aren’t as handsome or outstanding as you. They don’t even know how to cook or sing as well as you,” Su Xiaoyu said seriously.

After spending so much time with Lin Fan, she knew how amazing he was.

Having spent so much time with such a handsome guy, Su Xiaoyu would probably not like other guys any more.

Was there a boy who was more versatile than Lin Fan?

Just Lin Fan’s delicious cooking alone had already charmed many girls.

“What’s so good about dating? First, earn more money. When you’re financially independent, you can do whatever you want,” said Lin Fan with a smile.

Although Lin Fan was quite rich now, this money wasn’t enough. After all, he only had about 80 million in his bank account. It was too little.

Everyone thought that Lin Fan had assets worth tens of billions but in reality, he only had this little money and was very poor.

Those fixed assets belonged to Lin Fan but they couldn’t be sold. Over the past month, Lin Fan had used the system to sign in many times.

It was always a lottery ticket. As for what he got...

The six refrigerators in Lin Fan’s house were filled with Coca-Cola and iced tea. Lin Fan had dozens of one-dollar notes in his wallet. Don’t ask Lin Fan what he had experienced. If he relied on this system, he would probably starve to death.

After the system upgraded to version 2.0, it was said that one could get better things if they completed a mission.

If he did not complete this mission, he would not be able to refresh it and get the next mission. Hence, when he signed in, he could only get some iced tea and coke.

Lin Fan’s second mission was very simple. It was to woo Xia Wanqiu.

Damn it, was it that easy to woo the cat? Even if he wanted to chase after her, now was not the time.

It was because of these reasons that Lin Fan didn’t manage to get anything good. It looked like only after chasing Xia Wanqiu would Lin Fan be able to continue receiving many things by signing in.

With this system, Lin Fan gradually realized that it wasn't realistic to rely on it to earn a large amount of wealth.

The system would at most give him some fixed assets that could not be sold or some skills. If he wanted to earn money, he had to rely on himself.

After Su Xiaoyu heard that, she went to Lin Fan's side and asked, "Master, how much money do you have in your bank account?" Lin Fan was stunned. "About 80 million. It's not a lot."

When Su Xiaoyu heard that, she said, "Oh, it's really not a lot. My monthly pocket money is already tens of millions. Last time, Dad even said that he would transfer hundreds of millions to me. I don't know what's the point of earning money. Hehe, anyway, I have too much money to spend." Lin Fan: "..."

Lin Fan felt a little unbalanced. He had worked hard for so long but he only had 80 million dollars in savings. Su Xiaoyu's monthly pocket money was worth tens of millions or even hundreds of millions.

What the f**k... When did he suddenly have an extra rich lady beside him?

No, Su Xiaoyu was already a super rich woman. She was even the kind of girl with long legs, who was pretty, cute, had small breasts, and was gentle and easy to push down. Most importantly, he could not tell that Su Xiaoyu was so rich usually.

She was already rich to such an extent that she had too much money to spend...

After Lin Fan invested in Joy of Life, he had spent almost all of his money.

Although he had earned some money now, Lin Fan still felt that he was very poor.

He would never have a family status again. The cat or the dog would be richer than him.

How was he to continue playing?

Thinking up to this point, Lin Fan silently sent a WeChat message to Xia Wanqiu.

Xia Wanqiu was sitting in another car in the company. She wasn't sitting with Lin Fan, mainly because there were too many people taking photos around them.

Lin Fan: "Little Pig, how much savings do you have now?"

(Xia Wanqiu: "Fierce! I'm a cat ~ ~")

Lin Fan: "Stop being fierce. Hurry up and say it."

(Xia Wanqiu: "Relying on savings to determine your family status? Then you're going to lose.")

Lin Fan: "I don't have much money either. I only have over 80 million in savings. *sends screenshots of his savings* "

[Xia Wanqiu: “Meow meow? Then I’ll be on top in the future. You can be on the bottom.”]

(Lin Fan: “???”)

Lin Fan silently looked at the message Xia Wanqiu sent.

It was her savings.

When Lin Fan saw this, he could not help but doubt his life.

He was already a tycoon.

But after seeing his wife’s savings, Lin Fan felt that if he didn’t work hard, he would be suppressed by the cat for the rest of his life.

This concerned the dignity of a man and he had to be on top.

However, how could he exceed Xia Wanqiu’s savings... Her savings were... 300 million!

Chapter 111 One Day, I Will Take Over The Cat!

Lin Fan: “If even my wife is richer than me, why should I work? I won’t work in the future. I’ll just be a salted fish.”

[Xia Wanqiu: “Fierce and fierce! Who’s your wife, scum.”]

Lin Fan: “We’ve already slept together twice...”

[Xia Wanqiu: “Scram!!”]

[Xia Wanqiu: “Hmph, so you approached me for my money.”] Lin Fan: “No, I’m doing this for both your money and you.”

[Xia Wanqiu: “You’ve become bad now. Bad guy, bad guy. Meow ~ I’m not talking to you anymore.”] Lin Fan: “I’m not teasing you anymore. Do you want to eat tonight?”

(Xia Wanqiu: “Yes! I want to eat...”)

Lin Fan: “No ~”

[Xia Wanqiu: “!!!”]

(Xia Wanqiu: “Let’s cut ties!”)

Lin Fan: “Come to my house tonight and I’ll make you a feast.”

(Xia Wanqiu: “~~~”)

Lin Fan: "You're not allowed to leave at night." [Xia Wanqiu: "You're not allowed to do bad things."]

Lin Fan: "What bad things?"

(Xia Wanqiu: "Hmph, I'm not going to your house. You're a bad person. Mommy said girls can't follow bad people.")

[Lin Fan: "We won't call Xiaoyu and Jingjing tonight. It'll just be the two of us. I'll bring you to watch a movie. I have a huge cinema, a very soft sofa, and a huge bathhouse."]

(Xia Wanqiu: "I know, I know. We agreed that there will be a feast tonight.")

[Xia Wanqiu: "I want to eat braised fish ~~"] At night, Lin Fan brought Xia Wanqiu to the Lake Heart Villa.

After entering the villa and having a feast, Lin Fan and Xia Wanqiu went to watch a movie.

In the cinema, Lin Fan and Xia Wanqiu were both leaning on the sofa, watching the latest movie. It was a horror movie.

C

After Xia Wanqiu saw the horror movie, the corners of her lips curled up slightly.

Huh. Men.

That despicable smelly Lin Fan had pulled her to watch a horror movie. He was clearly trying to take the opportunity to bully her.

Xia Wanqiu was not afraid. Instead, she was very engrossed.

On the other hand, Lin Fan leaned towards Xia Wanqiu.

"Scared?" Xia Wanqiu smiled and looked at Lin Fan.

"No, nonsense," Lin Fan said forcefully. The main thing was that this place felt like a 3D movie theater. The images were too realistic and the surroundings were dim.

"Then why are you leaning closer and closer to me?" Xia Wanqiu blinked and smiled sweetly.

"I was just worried that you would be afraid." Lin Fan said.

"I'm not afraid. Look how interesting this story is. The background music also uses many techniques of horror movies," Xia Wanqiu said.

Lin Fan : "..."

He was not afraid of horror films. Why was the plot different from what he had imagined?

Shouldn't Xia Wanqiu be afraid and enter his arms?

Boys bringing girls to watch horror movies were usually like this, but Xia Wanqiu did not follow the script at all. Lin Fan said, "Why don't you act like you're very scared? Otherwise... this horror movie won't look good." Xia Wanqiu looked at Lin Fan, her face slightly red. She gently sat over and held Lin Fan's arm, leaning on his shoulder. "Is this okay?" Faced with Xia Wanqiu's sudden initiative, Lin Fan was a little stunned.

Xia Wanqiu was already so beautiful. She was playing with fire.

If he couldn't withstand it...

"Just watch the movie. Stupid Lin Fan, you treated me to a big meal and even brought me to see a movie. I'm letting you off lightly," Xia Wanqiu said softly.

"Can I still continue watching the movie after this..." Lin Fan said quietly. He felt the warmth of the girl beside him. He really wanted to

h Xia Wanqiu on the spot, but he held back.

That kind of thing could only be done when they were married.

Lin Fan was looking forward to getting together with Xia Wanqiu. When the time came, they would be showing off their love for each other everywhere. It would be pretty good.

In the future, he could hold her hand openly and walk along the streets. He would not care even if they were photographed by passersby.

For this day, Lin Fan would definitely work hard.

The current him had not reached that goal.

Unknowingly, the movie was over and Xia Wanqiu fell asleep on Lin Fan's shoulder.

She had been working too hard these few days. She had to film shows and variety shows continuously, and she had to attend press conferences. She even had to come to Lin Fan's house at night to accompany him.

Was Xia Wanqiu going to Lin Fan's house alone because of the feast?

Actually, it wasn't.

She was a superstar, and she had strict requirements when it came to eating. Braised fish could not be eaten anytime.

Because there was no one else in Lin Fan's house, she wanted to accompany him. At least he wouldn't be too lonely.

Companionship was the longest confession of love. Her wanting to eat a feast was just an excuse. In reality, she just wanted to be with Lin Fan, no matter what they did.

Lin Fan knew in his heart that although Xia Wanqiu seemed to be a girl and was usually very cute, she was mostly very strong.

After the movie, she fell asleep on Lin Fan's shoulder.

Just how much trust did she have in Lin Fan to come to Lin Fan's house alone and sleep beside him?

If any man wanted to do something to her at this moment, she would probably not be able to stop him.

However, she believed in Lin Fan and knew that he wouldn't really bully her. Lin Fan carried Xia Wanqiu. She wasn't heavy and was only about 45kg. Her figure was also very good. She was originally about 40kg, but it was mainly because of her big breasts.

He carried Xia Wanqiu to the room and gently took off her shoes, socks, and coat. Lin Fan covered her with the blanket.

After that, Lin Fan turned around and left.

He really liked Xia Wanqiu and would often be unable to resist some of her actions.

For example, when Xia Wanqiu was wearing shorts and acting coquettishly to Lin Fan. All men wouldn't be able to withstand that.

However, Lin Fan wouldn't really take advantage of her. He wouldn't bully her while she was sleeping. Suppressing his urge, Lin Fan took a bath and continued working.

Whether it was the second season of Joy of Life or "The Legend of Sword and Fairy", Lin Fan had to write a new script as soon as possible and prepare a new filming plan for a new television series.

Just Joy of Life alone was hardly enough for him to stand on the same level as Xia Wanqiu.

For her, he still had to do a lot of work.

Unknowingly, it was already midnight.

A new day had begun.

"Ding... Congratulations Master for signing in successfully. You have received a bottle of hand wash."

Lin Fan: "..."

As expected, there were no changes to the system. The system was still the same system. The items obtained from the draw were still very ordinary.

If he wanted to sign in for something better, Lin Fan had to complete the second mission given by the system and make Xia Wanqiu his girlfriend. This mission was not bad, but it was a little difficult.

Lin Fan sighed.

This detestable system. For the sake of being able to sign in for something more valuable in the future, and for the sake of himself.

One day, he would make the cat his girlfriend!

Chapter 112 The Luck of the Entertainment Industry, The Birth of a Genius Screenwriter

As Joy of Life continued to be broadcasted, the popularity of it was also increasing.

The number of views and clicks on the two video websites, Tencent Arts and iQiyi, had already exceeded 20 billion!

One had to know that for previous television dramas, a total of five billion views was already very terrifying

The television series produced by Lin Fan's script had a very good effect.

Joy of Life was extremely popular.

It was also because of this that the television series Joy of Life was constantly trending.

Liu Dada, who had previously doubted Lin Fan, didn't say anything else. Instead, he turned off the comments.

He hadn't expected Lin Fan's acting skills to be so good.

A newcomer's television drama pushed the entire country's progress in the television industry.

The production of this television drama broke the historical record of previous television dramas.

On Weibo, there was a very famous film critic whose ID was Xie Xiaoke.

Xie Xiaoke wrote a long essay on Weibo.

She looked at all the episodes released for Joy of Life and posted a complete film review on Weibo.

The title of this film review attracted everyone's attention from the start.

[The first genius screenwriter that ever appeared in history, Lin Fan, created a perfect television drama, "Joy of Life". From different perspectives, we can analyze why "Joy of Life" became so popular online and became a successful television drama.]

Under this review, Xie Xiaoke gave a serious analysis of Joy of Life. “The success of the television drama ‘Joy of Life’ mainly lies in it having a genius screenwriter, Lin Fan.” “In the entertainment industry, a true master screenwriter has appeared. It’s because of Lin Fan’s appearance that this television series can appear in the public eye.”

“It’s said that Yuehua Entertainment bought the script of this television series from Lin Fan for 400,000 per episode. From the current results, it’s completely worth it. It’s because of Lin Fan’s outstanding screenwriting skills that he wrote such a wonderful story. That’s why this television series is slowly making its way towards success.” “Of course, if that’s the case, it’s still difficult for a television drama to become a popular drama on the Internet.”

“Yuehua was bold in their casting decisions and decided to make Lin Fan, who has both looks and ability, the male lead of this television series. In reality, Lin Fan didn’t disappoint the audience. Instead, he surprised them.”

“Because Lin Fan’s acting skills... are too outstanding! No matter who he faces, Lin Fan’s acting skills won’t lose out to the other party.”

“This is also the main reason why Lin Fan could have tens of millions of fans in just 20 days.”

“The other reason why Joy of Life is so popular is because of the company’s choice of different characters. Xia Wanqiu is the female lead, Su Xiaoyu, and Lin Jingjing are all important supporting roles. Yuehua’s top male artiste, Xu Yang, was also very outstanding in his role.” “It’s because of the hard work of so many actors, especially the male lead, Lin Fan, that this television series became so popular.” “And the main reason why this television series is so popular is because, other than these factors, there are also many grand details.”

“For example, the filming technique and filming skills of this television drama completely exceeded the usual filming methods in the country. It completely took a new path. It can be said without exaggeration that the director of the film crew, Lu Benkai, has absolute significance for the success of this television drama.”

“Without such a good shooting technique, there would be no way to show the best scenes. Director Lu Benkai has completely done all of this.”

“Of course, this is only one of the reasons. In terms of the post-production of the television drama, Joy of Life, it is almost perfect. The post-production team should be handled by Xue Kexin. Xue Kexin can be said to have reached the peak of perfection in creating this television drama in the post-production phase.”

“Third, the dubbing and music for Joy of Life is really too perfect. It’s said that Yuehua hired Master Mei Lan to do the dubbing work. At the same time, Yuehua Entertainment also hired Lin Jingjing and many famous voice actors to complete the dubbing work for this drama.”

“In conclusion, whether it was the script, the actor’s acting skills, or all sorts of details in the post-production, it all contributed to the success of this television series!”

After Xie Xiaoke posted her reviews, many comments immediately followed. Moreover, Xie Xiaoke's movie review quickly became trending

[1]

(Yeah, I agree too. Lin Fan and Xia Wanqiu's relationship scenes are super sweet. The only regret of this television series is that there aren't enough relationship scenes. If Lin Fan and Xia Wanqiu could act in a real relationship scene, how great would that be? Then, I'll see them kissing every day...]

[Yuehua is really awesome. They actually found such a good treasure. Lin Fan will definitely be a big star in the future. I'm also Lin Fan's loyal fan!]

On Weibo, everyone was praising Lin Fan.

Lin Fan's Weibo fans were still increasing.

It was precisely the release of this film review that made those audience who did not understand why this television series could become so popular understand why.

The outstanding acting skills, especially Lin Fan's personification of the male lead, were almost perfect.

Even some other actors would not feel comfortable acting as the male lead.

For example, in the 1986 edition of Journey to the West, if anyone else were to act in it, they might not be able to act like Sun Wukong.

For the 1986 edition of Sun Wukong, only that artist of the older generation could create such a classic role after hard work.

Also, in Dream of the Red Chamber, the personification of the character Lin Daiyu was not something that ordinary people could compare to.

And Lin Fan was such an actor.

After the film review was posted, it immediately received a response from people of all walks of life.

Especially the staff members of the Joy of Life crew, they all reposted this Weibo post.

On the same day, Director Lu Benkai, producer Liu Mou, post-production team leader Xue Kexin, even the music master Mei Lan and the superstar Lin Jingjing spoke at the same time.

When they saw such comments, they felt proud of Lin Fan.

At the same time, they knew that they could not take credit for Joy of Life becoming so popular.

Whether it was the director's work or all the details of the post-production, including how to edit the videos, how to integrate the scenes, and even the dubbing and music, these people were all deeply shocked.

Lin Fan had never fought with them for credit in these aspects, but they all knew that for “Joy of Life” to reach its current level, all of these details could not do without Lin Fan!

[1] Xie Xiaoke is right. As expected of a famous film critic. No matter how you look at this television drama, it’s perfect. I don’t care about the details. Anyway, the reason why it became so popular is because Lin Fan is really handsome and his acting is superb!

Chapter 113 The Most Perfect Talent, Lin Fan!

Lu Benkai reposted the Weibo post and said, “Actually, I want to tell the audience some secrets that no one knows.”

“Although I’m the director of the television series Joy of Life and I’m also responsible for a lot of work, the reason why this television series is so popular is not because of me but because of Lin Fan.”

“Many of the novel filming techniques used in this television series were taught to me by Lin Fan. Also, when I was filming the television series, there were many details that Lin Fan helped me with. I learned a lot from Lin Fan.”

“Right now, the television series Joy of Life is so good. What I want to tell everyone is that all of this is thanks to Lin Fan. Even though he didn’t fight for the credit, I have to say that Lin Fan’s character is really very good. Therefore, this is also the truth that I want to say. If it wasn’t for Lin Fan, the filming techniques of this television series wouldn’t have been used so perfectly.” At the same time, Xue Kexin from the production team also posted on Weibo.

Xue Kexin wrote on Weibo, “Director Luis right. Lin Fan is a real talent. He’s really responsible. When we were doing the post-production work for this television series, Lin Fan would come to work at 7 in the morning and leave at 12 midnight. He was basically giving us full guidance on how to do the post-production work for this television series.”

“I was originally the leader of the post-production group, but ever since Lin Fan came, he took the initiative to do all this work for me. I asked him the reason and he said that only by grasping these details can I capture the hearts of the audience. Only then can this television drama become popular.”

Master Mei Lan was also praising Lin Fan. “Everyone, don’t praise me anymore. Although I know some music, Lin Fan is the one who really knows music.”

“It’s no exaggeration to say that the music accompaniment for the television series Joy of Life was all done by Lin Fan. I was just assisting Lin Fan from the side and chatting with him.”

“I’m a music master, but I’m no match for Lin Fan. Lin Fan has put in a lot of effort for this television series.”

Lin Jingjing also spoke at the same time, “Lin Fan is really amazing. He even sang a song at the press conference the last time. Lin Fan is a god of music. I’ve never seen anyone with such amazing musical talent.”

Su Xiaoyu also posted on Weibo and said, "Previously, there were so many people on the Internet defaming Lin Fan. I want to say that Master is really amazing! Otherwise, I wouldn't call him Master -"

Xia Wanqiu wrote on Weibo, "In my heart, Lin Fan has always been the most perfect male lead. His acting skills and abilities are very good. Previously, there were people who criticized him on the Internet. I once stood up for him. If someone criticizes him in the future, I will still stand up for him."

Even Yuehua's top male artiste, Xu Yang, posted on Weibo: "Lin Fan is my brother. The position of Yuehua's top male artiste will be his sooner or later."

On Weibo, so many people made posts.

Because Lin Fan's social relations in the industry were too good.

Everyone liked Lin Fan. Without him, there wouldn't be such a wonderful television drama. When Lin Fan saw this, he smiled and wrote on Weibo, "Everyone, you don't have to make me look so godly. I'm just an ordinary person. It's impossible for me to act, direct, do post-production, and dub at the same time. Without everyone's hard work, it would be impossible for the television drama Joy of Life to be created. However, this television drama hasn't finished filming yet. The script for the second season of Joy of Life is also in preparation. I hope that everyone can continue to support the second season of Joy of Life."

Seeing that Lin Fan was still so humble and even advertised Joy of Life,

Xu Yang was still impressed.

He finally knew why Lin Fan could have such a good relationship with Xia Wanqiu.

This was EQ.

While everyone in the film crew was praising Lin Fan, the audience weren't fools. An individual might lie, but when a group of people said the same thing, it was most likely not a lie.

The voices of these people let countless spectators know who Lin Fan was and who he was as a person.

The staff from all walks of life all had a deep admiration for Lin Fan.

"D*mn, Lin Fan is really too awesome. I'm a director. It's very difficult to be a director, not to mention Director Lu's standards. For Director Lu to say such things about Lin Fan, he must be very amazing. No wonder this television drama's filming techniques are so good."

"I'm also in the music scene. So the real music accompaniment work for the television series Joy of Life was done by Lin Fan. I worship him. I want to acknowledge Lin Fan as my master!"

"It's true. The song Lin Fan sang at the press conference was too good. It's a pity that it wasn't recorded. This song was so good that everyone forgot to record it. Lin Fan is simply a god of songs. He's amazing!"

"Although I don't know what those are, I want to say that Lin Fan is awesome!"

Countless comments made Lin Fan trending again. Lin Fan sat on the sofa at home and looked at Weibo.

He didn't want to become so popular, but he had no choice.

He had become the center of attention now.

Celebrities from an entire film crew were speaking up for Lin Fan.

One could imagine how close these celebrities were to Lin Fan.

Lin Fan silently continued to work. No matter how many comments there were on the Internet and how popular he was, Lin Fan knew that everything depended on his works.

He had already written almost the whole script for the second season of Joy of Life and The Legend of Sword and Fairy. After all, Lin Fan still had to earn money. Otherwise, he wouldn't even be able to compare to the cat.

The path to earning money was officially about to begin!

As the popularity on the Internet continued to rise, various companies in the entertainment industry also followed this news.

Joy Media, Jiaying Entertainment, Wanmei Company, Xinli Entertainment, and Huace Entertainment. All the entertainment companies had really noticed Lin Fan this time. "Lin Fan is a great talent, whichever company gets Lin Fan, will be able to stand undefeated in the entertainment industry!"

"Not only does Lin Fan know how to be a screenwriter, but he also knows how to act, do post-production, and compose music. He even knows how to direct. How can there be such an all-rounded talent?"

"I have to rope in Lin Fan and ask him if the script for the second season of Joy of Life is out. I have to buy it at a high price!"

All the big companies had a true intention to rope Lin Fan in.

They all knew that Lin Fan worked for Yuehua but he had no actual contract with Yuehua.

Lin Fan wasn't considered an artiste under Yuehua.

Because of this, all the major entertainment companies wanted to rope in Lin Fan. Even if they couldn't, it would be worth it to buy Lin Fan's new script. Lin Fan's net worth had increased rapidly in just a few days!

Because Lin Fan was no longer an ordinary actor...

Instead, he was a true master, a god-level director, a music genius, a screenwriting master, and a top chef. These labels had become exclusive to Lin Fan!

Chapter 114 Son, Pursue Xia Wanqiu Sooner

Yuehua Entertainment.

As Lin Fan was working in the office, a girl blushed and knocked on the door.

“Come in,” said Lin Fan.

The person who opened the door was a good-looking girl in her twenties. She stood nervously at the door. “Hello, my name is Lin Qianwei. I am your manager now. From now on, I will be in charge of your work and your daily life,” Lin Qianwei bowed.

A mature artiste would definitely have a manager by his side, and those troublesome matters were all screened and handled by the manager first.

There were already too many companies that wanted to contact Lin Fan and Yuehua had arranged for a pretty girl to be his manager.

“Sure,” Lin Fan replied simply without looking at Lin Qianwei.

Although the company had arranged for a pretty girl to be his manager, Lin Fan didn’t feel anything. He had seen many pretty girls before.

The manager’s job was to help Lin Fan settle some other things.

As for how pretty the manager was, she was just purely pleasing to the eye. Lin Fan wasn’t interested and wouldn’t take advantage of the manager.

“Thank you.”

“I will do my best to be a good manager,” Lin Qianwei said in a serious manner. A trace of surprise flashed through her eyes. Her boss was extremely handsome. After she became Lin Fan’s manager, it meant that Lin Fan was her boss. Lin Fan could replace her anytime.

Even her salary would be given to her by Lin Fan.

“You can be my manager. I’ll leave some things to you.”

“First, if any entertainment company wants to invite me to be an actor, no matter how much annual salary they offer, you can reject it. I will only act in dramas adapted from my own scripts.”

“Second, I won’t accept any endorsements or advertisements for the time being. No matter how much the other party pays, I will reject all endorsements and advertisements.”

“Third, I currently have two scripts on hand. One of them is the second season of Joy of Life, and the other is The Legend of Sword and Fairy. At present, they’re almost completed. After they’re completed, you’re welcome to collaborate with any entertainment company. However, I have a request. I have the

final right to decide on the actors involved in the script.” “Fourth, I’ll leave some complicated work to you. The requirements are not complicated. You just have to complete it in an orderly manner.”

“Fifth, if there are events that I need to attend, let me know in advance, and I’ll make time to attend them.”

Lin Fan looked at Lin Qianwei and smiled.

Although she wouldn’t have a lot of work as his manager, she would face a lot of things and it wouldn’t be easy.

“Brother Lin Fan, I understand,” Lin Qianwei nodded seriously.

“Did you just graduate from university?” Lin Fan asked. Lin Qianwei pursed her lips and nodded, “Brother Lin Fan, I’ll study hard and strive to be a qualified manager.” Lin Fan nodded. “I’ll give you a monthly salary of 30,000 dollars. You’ll get a year-end bonus. If you do well, you can even get a raise. It’ll be hard on you.”

Lin Qianwei’s eyes widened, “30,000? But, I heard that the salaries of other celebrities’ managers are only 6,000 to 7,000 a month. How can I get such a high salary?”

Lin Fan smiled and said, “With me, you can get such a high salary. Furthermore, 30,000 dollars a month isn’t a lot. To get such a high salary, you have to work a lot. Work hard.”

Lin Qianwei nodded her head. “Understood.”

Although Lin Qianwei had just graduated from university, her work ability was not weak.

After taking over as Lin Fan’s manager, she had helped him settle many things.

Lin Fan became much more relaxed.

When Lin Fan was resting at home, he received a call from his mother.

“Son, I’ve seen your television series. How can my son act so well? Do you know how happy your dad is? My son is a big star now,” said Lin Fan’s mother.

“Mom, I’m just casually filming a television drama. You don’t have to brag about me,” said Lin Fan with a smile.

“Son, don’t tire yourself out working outside. I’ll mail you something to eat in two days. They’re all vegetables planted at home. It’s safe to eat them,” said Lin Fan’s mother with a smile. She was clearly proud of Lin Fan.

“Alright.” Lin Fan nodded.

Lin Fan's mother continued, "Son, you don't need me to set you up on blind dates anymore, right? In my opinion, Xia Wanqiu is already very good. Xia Wanqiu is also a big star and she's pretty. You can woo her, bring her home, and get married with her as soon as possible."

Lin Fan smiled bitterly. "Mom, things haven't even started yet. How can it be so easy to woo her?"

Lin Fan's mother said, "You've already kissed her. You have to nurture your relationship with Wanqiu. She's a very good person. You can't let others woo such a girl."

Lin Fan was a little helpless. Every time he called, his mother would urge him to find a girlfriend.

How could it be so easy to find a girlfriend? Although Lin Fan could afford betrothal gifts now, if he got together with Xia Wanqiu like this, he wouldn't be able to make a comeback in the future.

At least he had to be richer than Xia Wanqiu before he could woo her. This way, he could always suppress her in the future.

Lin Fan's mother continued, "I won't rush you anymore. I called you today because I have something important to attend to. Your sister is on summer break and she plans to visit you during the summer break. You have to welcome her well."

When Lin Fan heard that, he nodded. "Of course. That's my sister. How was her life in university?"

Lin Fan's mother smiled happily when she heard that. "Your sister was number one in university in terms of grades. She received a national scholarship. She's very amazing."

Lin Fan smiled and said, "Is my sister already so awesome? Mom, I'll contact her and pick her up at the airport."

After hanging up, Lin Fan received a WeChat message.

It was from his biological sister, Lin Yushi. She was in her second year of university, had outstanding grades, a good personality, was educated and reasonable, and was also a girl who was over 9/10 in looks.

Lin Yushi: "Brother, I'm coming to Shanghai today. I'm already here. Send me your address. I'm going to seek refuge with you today. Brother, you're a big star now. I want to suck up to you ~"

Lin Fan: "Alright, no problem. I'll let you live in a big house if you come here."

Lin Yushi: "Alright, alright. I have a big house to live in. Oh right, Brother, I also have a few classmates with me. They'll be staying in Shanghai for a day. Can we all stay at your house?"

Lin Fan: "Of course, but I'm still at work and don't have time to pick you up. I'll give you an address. It's Blue Wave Bay. Just wait for me at the entrance of the district."

(Lin Yushi: "Okay ~ Brother is the most handsome!")

Lin Yushi was at the airport with a few classmates.

Lin Yushi was still worried if Lin Fan's house was big enough. If it wasn't, she would have to let her classmates stay in hotels.

During this period of time, Lin Fan had been very busy with work and didn't have time to contact his family.

Even his sister, Lin Yushi, didn't know what house Lin Fan lived in and what car he drove.

"Although my brother is a big star, this is his first time acting in a television drama. How can he afford a house in Shanghai so easily?"

"But it's okay. I haven't seen my brother in half a year. Brother, I'm coming ~" Lin Yushi was a little happy.

It didn't matter what kind of house Lin Fan lived in. What was important was that she could bring her classmates to see her brother.

Lin Yushi was very proud.

She had such a handsome hunk as her brother!
