

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 125-129

Chapter 125 A Song Becomes Extremely Popular on Tiktok, Shocking the Music Industry!

In Lin Yushi's livestream, the comments were so dense that even the screen could no longer be seen.

"What a nice singing voice. Oh my god, I feel like my ears are already pregnant."

"How can there be such a nice love song? I've never heard such a sweet love song."

"I heard from Lin Fan that the name of this song is 'Love Confession'. Lin Fan's singing is really amazing."

"Let's not talk about it. I'm already crying. I used to think that Lin Fan only had good acting skills. Now, I realized that Lin Fan sings well too. If only such a hunk could be my boyfriend..."

"Previous commenter, don't go. I want to have children with my Prince Charming!"

While Lin Fan was singing acapella, many residents of the Blue Wave Bay district had already gathered around.

These residents were all of good quality. When they heard Lin Fan's singing, they couldn't help but freeze there, enjoying the song Lin Fan sang for them.

Everyone was immersed in an unparalleled music world. Everyone's eyes were filled with disbelief.

Because Lin Fan's singing was too good.

Such a voice, such a tune, and such a song brought people to a wonderful world.

After Lin Fan finished singing,

Lin Yushi screamed, "Brother, your singing is too good. This is the first time I've heard such a nice song."

Su Xiaoyu and Xia Wanqiu stood together and did not appear on screen. The two girls were shocked.

Was Lin Fan really omnipotent?

He was a screenwriting master, a god-level director, and he knew how to do post-production and music. His acting skills were even more impeccable. Now, even his voice was so moving.

After Lin Fan finished singing, he smiled at the audience in the livestream.

"Then our livestream today will end here. Everyone, please pay more attention to our work, Joy of Life. After a while, it will be the season finale of Joy of Life," said Lin Fan with a smile. He didn't forget to promote his work.

After Lin Fan finished speaking, the audience in the livestream cheered again.

His voice was indeed nice, but the fans in the livestream liked to watch Joy of Life more. The more they watched Joy of Life, the more it attracted their attention.

Joy of Life was too perfect in the hearts of the fans. The plot in it made them unable to stop.

Most importantly, this television drama had such a handsome male lead like Lin Fan.

Lin Fan's acting skills and looks had won over the audience.

Not long after turning off the livestream.

A trending topic on Weibo quickly rushed to the top!

[Lin Fan Singing]

There were too many fans who had just heard Lin Fan's voice. Some even recorded their screens and uploaded it to Weibo.

There were only three simple words, but under Weibo, there were already nearly 300,000 likes and more than 80,000 comments.

"Oh my god, why is my Prince Charming's singing so good?"

"Love Confession is really amazing. I love it, I love it. Lin Fan is simply my idol!"

"The livestream is already so popular. If he holds a concert, I'm afraid there won't be enough seats for so many of us fans."

"Lin Fan's voice is really too nice. When I heard his voice, I couldn't help but go to the toilet..."

"Why is there only one song? It would be great if Lin Fan sang a few more songs. That way, I can listen to Lin Fan's singing every day to sleep."

"I can't sleep tonight. Brother Lin Fan sings so well. I can't sleep anymore. Who can accompany me?"

Lin Fan scrolled through the comments and smiled.

He would not pay too much attention to the singing route. He would just sing a song for the audience in the livestream and give his fans a treat.

Although Lin Fan wanted to earn more money, he didn't want the fans to reward him.

With Lin Fan's current ability, it was only right for him to be a screenwriting master and produce one good work after another.

Thinking up to this point, Lin Fan posted on Weibo, “All the profits from today’s livestream will be used for charity and donated to the elderly and children in poor areas. Thank you, everyone. Please continue to follow my work, ‘Joy of Life’.”

The moment he posted on Weibo, there were hundreds and thousands of comments.

“Ah ah ah, Brother Fan posted on Weibo!”

“Brother Fan, your singing is too good. Your acting skills are good and your character is so good. You even donate to charity. I’ll give you a big thumbs up!”

“I’m just a passerby. I’ve never watched a television drama before. Just because of Brother Fan’s donation to charity, I became a fan of Brother Fan today. I’ll immediately go become a VIP to watch Joy of Life.”

“Lin Fan is the most handsome!!”

After Lin Fan posted on Weibo, he returned home with Xia Wanqiu, Su Xiaoyu, and Lin Yushi to exercise. Coincidentally, there was a lot of gym equipment at home. The two girls were big celebrities. After eating barbecue, they would definitely need to exercise to lose weight.

Lin Fan usually liked to exercise. He could use it to digest his food as well.

Unknowingly, Lin Fan’s song was still spreading rapidly.

Unknowingly, the video of Lin Fan singing had already reached the top of Weibo’s trending topics list!

Another top trending topic on Weibo!

With this song, Lin Fan gained another 500,000 fans!

Then, Lin Fan’s song got uploaded onto Tiktok.

Tiktok was a short video company that had many videos.

On Tiktok, there were already many videos of Lin Fan singing.

Almost every video had three to four hundred thousand likes and tens of thousands of comments.

The comments were all positive.

“D*mn, hunk’s singing is really good. Does anyone know this hunk’s contact details?”

“Previous comment, are you living under a rock? This is the superstar, Lin Fan. Brother Fan is so handsome and his singing is so charming. I’m already charmed. What should I do?”

“I love it, I love it. Lin Fan, Lin Fan, Lin Fan!”

“Tiktok is full of Brother Fan’s videos. Brother Fan is my Prince Charming!”

“This song is really amazing. No wonder Brother Fan is a top screenwriter. The lyrics he writes are also so good.” In less than half a day, the video of Lin Fan singing in the livestream had already become extremely popular.

This song directly impacted the countless audiences on Tiktok.

It even became music that many people had to listen to every day before they slept.

In Tiktok.

The operations manager looked at the data on Tiktok and was completely stunned.

“Holy sh*t...”

“Lin Fan sang a song. Do you know how popular Lin Fan’s song is on Tiktok?”

“In just half a day, there are already 600 million views on Tiktok, and more than 20 million users are involved! It’s amazing!”

“The videos that Tiktok are promoting are not as amazing as Lin Fan’s song.”

Not only was Lin Fan’s song touching, the mood of the lyrics, coupled with Lin Fan’s looks and voice, had already shocked countless audience.

One had to know that this was just a song Lin Fan sang acapella. It hadn’t been promoted much.

In half a day, there was already such popularity and scale.

If they promoted it... then Lin Fan’s song would probably become a phenomenal song in the music industry!

Perhaps this song would shake the entire music industry!

Chapter 126 Fighting for the Music Copyright, Lin Fan Is Rich Again!

Immediately, the manager in charge of Tiktok contacted Lin Fan.

A superstar like Lin Fan was popular everywhere.

There were many short video platforms now, such as Tiktok, Kuaijiao, and other short video platforms. There was competition everywhere.

The core of a short video platform was to attract viewers and traffic.

If they could work with a superstar, they would definitely be able to attract a lot of attention.

Lin Fan's song exploded in popularity all over Tiktok.

The relevant staff members of Tiktok were filled with surprise.

Not to mention those fans, even many of the employees of Tiktok were completely impressed.

How could there be someone who could sing so well?

Most importantly, Lin Fan was an actor and also a screenwriter. His acting skills and screenwriting skills were at the peak of perfection.

Now that Lin Fan casually sang a song, it became extremely popular in the entire Internet.

Perhaps the superstar of the new generation of celebrities in the 21st century would be Lin Fan.

Lin Fan would probably become a big star who rose rapidly in the 21st century.

Tiktok was very accurate, so they planned to contact Lin Fan directly and rope him in.

If they didn't rope them in now, it would be much more difficult to rope him in in the future.

"Hello, Mr. Lin. I'm the person in charge of Tiktok. Now, I have something to discuss with you. Your acting skills and your singing have completely won over the audience. You're also a big star, so Tiktok sincerely invites you to join Tiktok," the staff said politely.

Lin Fan naturally knew what it meant to join Tiktok. Many celebrities would have an account on Tiktok and they could occasionally use it to interact with fans.

Of course, this would not affect the celebrities themselves. It was just a way for Tiktok to attract users.

"I can consider it," said Lin Fan.

"That's great, Mr. Lin. We plan to give you a contract fee of 1.2 million a year. What do you think? There won't be any restrictions on your work. We just need to give you an account. If you have time, you can post a few videos," the staff said.

"Sure, send me the contract," said Lin Fan. It wasn't bad to join TikTok. On one hand, he could promote his works. On the other hand, the contract fee of 1.2 million yuan was not bad.

Lin Fan didn't lack money but if he could earn money, that would be even better.

"Mr. Lin, there's one more thing. Is your song 'Love Confession' completely original? If so, our company wants to buy the exclusive rights to your song. You can name the price," the staff said.

When Lin Fan heard that, he knew that Tiktok didn't place much importance on music copyright. "It's an original work of mine, but the exclusive copyright isn't for sale. You can buy the right to use this song for 200,000 a year. If you are agreeable, let's sign the contract."

It was useless to sell the music copyright to Tiktok. Anyway, this was a song that Lin Fan had casually composed. It was better to sell it to QQ.

The scale of QQ Music was much stronger than Tiktok.

Most of the people who liked to listen to music would go to QQ Music, NetEase, and other places.

“Alright.” After some thought, the staff decided to agree.

After signing the contract in the afternoon, Lin Fan received 1.4 million dollars in his bank account!

Then, the staff of QQ Music contacted Lin Fan.

“Mr. Lin, we want to buy the exclusive rights to your song and we promise to help you promote it. The net profit of the song in the later stages will be divided to you. The exclusive rights to this song are about 300,000 per song. Do you think it’s acceptable?” the staff of QQ Music asked.

“I don’t think the price of 300,000 per song is enough. I believe that this song can bring more benefits to QQ Music, so my suggestion is to increase the price.” Lin Fan nodded.

“Alright, Mr. Lin. Then we’ll consider it again. We’ll contact you if there are any results,” the staff member of QQ Music said.

Not long after,

Lin Fan received another call from another company.

This company was NetEase. They were very professional in promoting music. They had strong professional abilities and a huge user base. They might not be inferior to QQ Music.

“Mr. Lin, do you still have the exclusive copyright? We know that QQ Music has already contacted you. If you haven’t signed the contract, you can consider our company.” “Our company promises to give you the best resources to promote this song, and we will also give you a good share of the income.”

“We are willing to pay a million yuan for the copyright of this song!” NetEase’s staff said with a hint of sincerity.

The copyright fee of a million yuan per song was unimaginable for ordinary people.

10.

If ordinary people wrote songs well, these big music companies would at most give them a copyright fee of tens of thousands. That was the limit.

S

as

But Lin Fan was completely different.

QQ Music originally wanted to lower the price a little, but NetEase's staff were not stupid.

Who was the person they wanted to target to lower the price?

This was Lin Fan.

Lin Fan had tens of millions of fans now.

This was only the beginning.

Now, the copyright fee for a song was worth a million yuan. It was quite rare.

Even for some very famous singers, it would be very amazing if the copyright fee for a song of theirs was hundreds of thousands.

However, NetEase valued Lin Fan's future potential.

Lin Fan was a superstar. His acting skills were pretty good and his singing was also very good. His future potential was quite big.

In the future, if Lin Fan had hundreds of millions of fans, what would happen if so many fans supported Lin Fan's song?

At least 30 million fans would flood into NetEase. This would be a huge amount of traffic!

If each of the 30 million fans paid a dollar, how much would it be...

30 million!

The amount of money given to Lin Fan would be at least 15 million!

As everyone knew, the price of a song could not be one yuan. If it was five yuan a song, the 30 million fans might be able to create 150 million yuan in income!

This was only the beginning. If Lin Fan had other songs in the future, he would definitely prioritize NetEase.

Hence, NetEase Music was sincerely trying to rope Lin Fan in.

The prerequisite for roping in Lin Fan was to offer the highest price so that Lin Fan could see the sincerity of NetEase Music!

In other words, this was the foresight of the owner of NetEase Music.

They believed that Lin Fan would develop better in the future. Even if they spent a lot of money to buy the copyright of this song, if they could rope Lin Fan in, it would be worth

it!

Chapter 127 QQ Music's Determination to Win Lin Fan Over!

After Lin Fan heard that, he was indeed tempted.

A song could sell for a million yuan worth of copyright.

Furthermore, this was only the copyright of a song. If it was operated properly in the future and coupled with NetEase Music's strong promotion, there would be a higher share of income in the end.

The income from this dividend was definitely considerable.

This was only one song. If there were many songs, then so many songs would be enough to earn a lot of money.

Not to mention the income, just the exclusive copyright fee alone was one million yuan for one song. The copyright fee for ten songs would be ten million yuan.

If it was a hundred songs, it would be a hundred million!

100 million was a fortune that countless people could only dream of earning in their entire lives.

And Lin Fan spent far less time writing a song than writing a script. He was tempted after all. The current Lin Fan didn't really want to enter the music industry and be a singer.

The most important thing for him now was to stand firm in the entertainment industry, write good scripts, act well in television dramas, and film a good work. Only then could he protect Xia Wanqiu better.

The price of a million yuan per song was alright, but Lin Fan didn't have time to sign the contract yet.

"How about this? I'll give you an answer tomorrow." Lin Fan smiled. "If I've considered it tomorrow, I'll officially sign a contract with NetEase and sell the exclusive rights to this song." "Alright, alright. Mr. Lin, we'll wait for your good news." The staff smiled and said over the phone. Even if Lin Fan didn't agree directly, the staff didn't dare to show any displeasure.

The price of a million yuan per song was indeed quite high, but it could be seen from Tiktok. In half a day, Lin Fan's song had reached the top of Weibo's trending topics list and became extremely popular on Tiktok.

Then, Lin Fan was officially invited by the staff of Tiktok to join Tiktok.

Then, QQ Music and NetEase Music contacted Lin Fan at the same time to fight for the copyright.

The current Lin Fan was so popular. Even if the copyright fee for this song was very high, he could still create a lot of income and bring in a lot of traffic.

After all, the core of the music company was traffic.

The prerequisite for popularity was that the company had to have many outstanding works to attract the audience and nurture their brand loyalty.

And Lin Fan's song could have such an effect!

After Lin Fan rejected the invitation to work with QQ Music, the director of the operations department was very anxious and wanted to contact the person in charge of QQ Music.

QQ was a big company with a very detailed division of labor and different departments. QQ Music also had a manager who needed to compete with other departments and develop together. At the end of the year, the various departments would evaluate and compare KPIs (performance indicators, to put it simply, the profits earned by the company).

"Come in," the voice of the person in charge of QQ Music said.

"CEO Chen, let's discuss the exclusive copyright with Lin Fan," the operations department head said.

"Little Liu, didn't we agree on it? 300,000 yuan would be the copyright fee per song. Is Lin Fan unwilling?" CEO Chen asked.

The operations department head said, "Yes, Lin Fan isn't willing to sign an exclusive copyright contract with us. CEO Chen, Lin Fan's 'Love Confession' was indeed sung very well. Furthermore, Lin Fan isn't an ordinary person. He's a celebrity with tens of millions of fans. He became extremely popular with just one drama. His future is limitless. He might even become a big star in the new generation!"

"CEO Chen, do you know that Lin Fan's Love Confession, has already become extremely popular in Tiktok? Almost every ten videos include one or two of his videos. Furthermore, every video has more than 100,000 comments and 700,000 to 800,000 likes. This is only half a day's worth of data."

"That's not the most important thing. The most important thing is that after Lin Fan registered a Tiktok celebrity account, in just half a day, he had already rushed to the tenth place on the celebrity rankings and the second place on the hot topic rankings. You have to know that Tiktok has more than 700 big celebrities. Many of them are very popular, but Lin Fan can directly rush to the front."

"It shows that Lin Fan's influence is not simple. The influence of the song 'Love Confession' is also very strong. If we can sign an exclusive copyright deal with Lin Fan, we will have unimaginable benefits in the future!" the operations department head said.

CEO Chen, the person in charge of QQ Music, turned on his phone and looked at the celebrity rankings of Tiktok.

First place, Lin Kexin, 11 million influence.

Second place, Chu Yaoyao, 5 million influence.

Third place, Xu Yang, 4.33 million influence. Fourth place, Xia Wanqiu, 4.3 million influence.

Ninth place, Su Xiaoyu, 3.83 million influence.

Tenth place, Lin Fan, 3.82 million influence.

There were a total of two rankings on Tiktok. One was the Celebrity Ranking, and the other was the Popularity Ranking. The Popularity Ranking was equivalent to some news and social hot topics.

On Tiktok's popularity ranking, Lin Kexin's news occupied the first place and had 12 million popularity.

Lin Fan's "Love Confession" was second place and had 11.99 million popularity.

On the popularity ranking, Lin Fan's Love Confession was only 10,000 popularity away from catching up to Lin Kexin.

This was enough to prove that Lin Fan's influence had reached a terrifying level.

Although he was not high on the celebrity rankings, those on the list were all big stars.

Lin Fan had only appeared in the public eye for a month or two, and he only registered a Tiktok account for half a day.

Such popularity was enough to show that Lin Fan's current achievements were far from what others could do!

CEO Chen was also deeply shocked.

Lin Fan's popularity was rising too quickly.

During this period of time, Lin Fan's trending speed had already exceeded that of all the celebrities.

Some entertainment companies would buy trending topics for their artistes. However, Lin Fan was completely different. He relied on his own abilities to reach the top of Weibo's trending topics list.

It was the same for Tiktok's popularity.

A small livestream had turned into a music festival for a million people!

A song made Lin Fan stand at an unprecedented height.

"Little Liu, let me tell you. I was too busy previously and didn't have time to analyze it seriously. That's why I underestimated Lin Fan. Now, I want to apologize to you sincerely."

"I'll give you a mission now. At all costs, rope in Lin Fan and get the copyright to Lin Fan's song." CEO Chen of QQ Music decided.

Seeing that Lin Fan had such great potential, the big boss of QQ Music had completely changed his opinion of Lin Fan.

Lin Fan's song, coupled with his popularity, would be of great help to QQ Music if they could rope him in.

This was the bearing of a big boss of a company. He would not automatically lower his intelligence and become stingy for some reason. As a big boss, he had to take action when he had to. In this society, if one wanted to go against the flow, they had to seize the opportunity and attack decisively!

Lin Fan was the perfect opportunity for QQ Music to surpass other music companies!

The operations department head said, "CEO Chen, the staff of NetEase Music have already contacted Lin Fan today. I heard that the price isn't low. It seems to be over a million."

CEO Chen immediately stood up and looked at the operations department head. "Little Liu, if NetEase Music bids one million, QQ Music will bid 1.5 million."

"If NetEase Music bids 1.5 million, we will bid 2 million."

"Remember what I said. You have to buy the copyright of Lin Fan's song at all costs. This isn't just the copyright of a song. It's also related to our future cooperation with Lin Fan. Therefore, the first song is especially important!" CEO Chen said.

Seeing CEO Chen's determination, the operations department head, Little Liu, nodded and was a little ecstatic.

With his boss's words, he had the confidence to bid to rope Lin Fan in.

Since NetEase Music had offered a million...

QQ Music would directly take out its final trump card and make NetEase Music give up on competing

QQ Music was willing to pay two million yuan for the copyright to Lin Fan's song!

Chapter 128 Contract Fee of 2.4 million, Exclusive Copyright Sold!

In the Lake Heart Villa.

Lin Fan was writing a script when he received a call from the head of Qo's operations department.

"Hello, Mr. Lin. I'm the operations department head of QQ Music, Liu. I'm sorry to disturb you so late at night. Our company is sorry for our rashness today." "We are willing to buy the exclusive rights to your song 'Love Confession' for two million yuan. From now on, QQ Music will promote and advertise your song. I don't know if you'll be satisfied with it. If you are, I'm willing to sign a contract with you now," said the operations department head, Liu.

“Wait a moment. I received a message. The staff of NetEase Music just told me that they are willing to pay 2.1 million yuan,” said Lin Fan with a bitter smile.

He did not want the two companies to raise the price. It would only be beneficial to him if they did so anyway.

However, Lin Fan had just received a call from QQ Music when he immediately received a message from NetEase Music’s staff.

In order to fight for the music copyright to his song and to rope him in, the two companies started to keep increasing the price.

The copyright fee of one million yuan per song was already a very high price. The copyright fee of two million yuan per song was already an astronomical price!

The price offered by the two companies was still rising. The staff of NetEase Music also called Lin Fan on WeChat.

“Mr. Lin, QQ Music is willing to pay 2.15 million...”

“No, Mr. Lin, NetEase Music is willing to pay 2.2 million...”

“2.25 million!”

III

“Mr. Lin, QQ Music is willing to fork out 2.4 million yuan to buy your copyright. As long as you agree, I can sign a contract with you now,” said the operations department head, Liu.

Finally, after the price rose to 2.4 million, NetEase Music gave up on this fight.

2.4 million was already an extremely astronomical price.

This was not the contract fee, but the exclusive copyright fee for a song.

“Sure, I’ll send you an address. Let me know when you arrive. I’ll get the security guards to let you in,” said Lin Fan with a smile. Even he hadn’t expected a song to be able to sell for 2.4 million. That wasn’t bad.

“Alright, Mr. Lin. Please wait a moment.”

“Wow... Mr. Lin, so you live in the Blue Wave Bay district. That’s a high-end district.” The operations department head, Xiao Liu, exclaimed.

With the prices of the Blue Wave Bay district, even if Liu was the operations department head of QQ Music and had an annual salary of hundreds of thousands, he could not afford a house in the Blue Wave Bay district.

Liu's annual salary was only 500,000. Without eating or drinking, it would take at least 40 years to buy a house in the Blue Wave Bay district worth 20 million!

"Be careful on the way. Let me know when you come," Lin Fan said on the phone.

"Alright, I'll set off immediately." The operations department head, Liu, nodded respectfully. Then, he drove his BMW towards Lin Fan's house.

When he arrived at the Blue Wave Bay district, Liu was shocked.

In the Blue Wave Bay district, there were many tall buildings, beautiful greenery, and complete security. There were also many small animals here. It was really a beautiful world.

Liu felt a little envious. Was this the world of a superstar?

It was completely different from the world of ordinary people like him.

When Little Liu continued walking in and arrived near Lin Fan's villa, his eyes widened.

This was... a Lake Heart Villa worth more than 200 million yuan.

Walking further in, Liu saw Lin Fan's garage.

Inside were the Bugatti, Koenigsegg One and the Rolls-Royce Cullinan...

The two sports cars in the garage were both limited edition cars worth hundreds of millions. Looking at his BMW, Liu could only sigh.

He only had one feeling. Spending 2.4 million to gain Lin Fan's good impression of QQ Music was worth it!

After all, Lin Fan wasn't short of money.

Even if Lin Fan was a celebrity, he wouldn't be able to earn so much money.

As for Lin Fan, he could live in the Lake Heart Villa and drive sports cars worth hundreds of millions. This could only mean that Lin Fan was rich enough. Being a celebrity was just a side career.

"How can there be such an amazing person in the world? He has money, a house, a car, can act, can sing, and is so handsome. Most importantly, he can get the first kiss of the superstar Xia Wanqiu. Look at me. I'm simply a pauper." Liu sighed and walked to the door of Lin Fan's villa. He knocked.

"Come in." After Lin Fan said that, the door of the Lake Heart Villa opened automatically.

The current Lin Fan was the owner of this Lake Heart Villa. Furthermore, some modern high-tech technology was used in the villa, such as iris recognition and many service robots.

There were even robots to do the cleaning for him. Of course, if there were some places that couldn't be cleaned, Lin Fan would find the property management staff to help.

After all, the property management girl, Xia Ranran, was quite meticulous.

"Mr. Lin, your house... is really big!" Liu said with a smile as he walked in. This was his first time coming into close contact with a superstar like Lin Fan.

"Haha, no matter how big the house is, it's just a place to live in. It doesn't matter if it's big or not."

"Have you drafted the contract?" Lin Fan asked as he sat on the sofa.

"Mmm, it's done." Liu was a little nervous. He took out the contract and stood in front of Lin Fan.

"You don't have to be so restrained in my house. Have a seat. Let me see the contract. If there's no problem, I can sign it," said Lin

Fan.

"Thank you, Brother Fan." Liu's way of addressing Lin Fan had changed.

Previously, he respected Lin Fan very much. Now, he felt heartfelt admiration for him.

This was Lin Fan's style. Lin Fan's status was much higher than his, but in front of him, he couldn't feel that distance.

In the past, when Liu faced various business big shots, he had to bow down to them. It was the same even in the company. If it wasn't for survival, who would be willing to lower their heads to others?

But beside Lin Fan, Liu felt that he was respected and his way of addressing him changed.

Lin Fan treated him very well, and he would treat Lin Fan even better. When he returned, he would definitely make arrangements to promote Lin Fan's song.

"There's nothing wrong with the contract. I've signed it. Do you want to have a cup of tea before leaving?" Lin Fan smiled and handed a copy of the contract to Liu. He also kept a copy of the contract for himself.

"Brother Fan, it's a pleasure doing business with you. It's getting late, so there's no need for tea." Liu took the contract and shook hands with Lin Fan happily.

Working with such a person would make him feel very comfortable.

After Liu left for more than half an hour, Lin Fan received a transfer from QQ Music.

The contract fee of 2.4 million yuan was officially transferred to Lin Fan's bank account!

Chapter 129 You're My Wife ~

(Your savings account ending in 6115 received 2,400,000 yuan on 22:31. You have a balance of 84,000,000.24 yuan. [Construction Bank])

(Dear Mr. Lin, our company has automatically upgraded you to a Supreme VIP platinum customer. If you have any questions, you can contact the staff. We will have exclusive customer service staff to serve you 24 hours a day. [Construction Bank])

After receiving two messages, Lin Fan finally smiled.

Now that he had more than 84 million in cash savings, such a large amount of savings would naturally be valued by Construction Bank. If he went to Construction Bank, at least CEO level figures would come to receive him.

Lin Fan took a shower and lay on the bed. He silently opened Tiktok.

He noticed that the first place on Tiktok's celebrity rankings was Lin Kexin, who had 11 million influence.

Xu Yang only had 4.33 million influence, and Xia Wanqiu only had 4.3 million influence.

Su Xiaoyu was in ninth place and only had 3.83 million influence.

Lin Kexin, who was first, had shaken off countless people behind her.

There was also the second-ranked Chu Yaoyao. She was also very popular, but Lin Fan had never heard of them in Yuehua.

Lin Fan immediately sent Xia Wanqiu a WeChat message.

(Lin Fan: "!!!")

[Xia Wanqiu: "~~~"]

[Xia Wanqiu: Meow ~ I'm here.]

Lin Fan: "Are you asleep?"

[Xia Wanqiu: Are you an idiot? How can I send you a message if I'm asleep?]

Lin Fan: "It's good if you didn't sleep. I'll check on you!"

[Xia Wanqiu: "???"]

Lin Fan: "I just want to video chat with you."

(Xia Wanqiu: "Wait a minute. I'm only wearing underwear now. Wait for me to put on my pants. shy.jpg.") Lin Fan: "Actually... you can choose not to wear it."

[Xia Wanqiu: “Hmph, no. Stupid Lin Fan. You only know how to bully me. Aggrieved.jpg.”]

After Xia Wanqiu was done, Lin Fan and Xia Wanqiu started a video call.

Xia Wanqiu was still so beautiful.

It seemed like she had just washed her hair and hadn't even dried it before she started a video call with Lin Fan.

Xia Wanqiu was probably really only wearing underwear just now. It would be inconvenient to video call her that way.

Such a beautiful girl was right in front of Lin Fan. Lin Fan smiled brightly.

His wife was really pretty. Her figure was a little unbearable.

“Fierce! What are you looking at?” Xia Wanqiu pouted and said.

“Wanqiu, do you know Lin Kexin? I saw that she has a lot of influence on Tiktok and is very popular,” said Lin Fan.

“Of course. Lin Kexin is a very big superstar. She filmed many television dramas when she was young and many people liked her. Later on, she went to Beijing Film Academy and filmed two television dramas while she was in school. They were both popular. Recently, she graduated from Beijing Film Academy and many people are looking forward to her new works.” Xia Wanqiu blinked.

“Mmm, I understand.” Lin Fan nodded.

“What do you understand? Do you want her WeChat? I have it ~” Xia Wanqiu smiled at Lin Fan.

“No.” Lin Fan smiled brightly. He had a strong desire to live.

“Lin Kexin is very popular. She looks like she's only 20 years old. Her acting skills are not bad. Looks like you have another competitor in the future,” said Lin Fan with a smile.

“Huh? Why is she a competitor?” Xia Wanqiu asked.

Lin Fan smiled and said, “I want you to become a true superstar and surpass everyone. Then, no one will be able to bully you anymore.”

The drama “Joy of Life” helped Xia Wanqiu increase her popularity a lot, but it was not enough to rely on a single television drama.

To help her, Lin Fan needed to gain a foothold in the entertainment industry and become stronger step by step.

It was time to write a new script and film a new television drama.

Xia Wanqiu shook her head, her face slightly red as she smiled sweetly. "Other than you, no one will bully me. As for becoming the most amazing kind of superstar, I'm still far from it. I don't care about those things. There's only one thing I care about."

Lin Fan subconsciously asked, "What is it?" Xia Wangiu said seriously, "I like acting and showing good works to the audience, but I prefer to eat the feasts you make and play with you. It's fine as long as we're both happy. As for being a superstar, it doesn't matter."

Lin Fan nodded. Looking at Xia Wanqiu in the camera, his heart ached.

Xia Wanqiu's acting skills were definitely not inferior to Lin Kexin's.

Her looks were definitely one of the best in the entertainment industry.

Lin Fan also looked at Lin Kexin's photo. Although her looks were above 95 points, she was at most a little prettier than Lin Jingjing.

Xia Wanqiu's popularity could not compare to Lin Kexin's because Xia Wanqiu had rejected many works over the years and did not film many relationship scenes.

Although Xia Wanqiu was a superstar, there was a huge difference between celebrities.

Such a huge difference was not something that could be easily surpassed by a single work.

Lin Kexin had more fans and a wider fanbase, but this didn't affect Lin Fan's determination.

He would definitely write better scripts and film better works with Xia Wanqiu.

Now that he had just entered the entertainment industry, it was only a starting point. There was still a long way to go.

While chatting with Xia Wanqiu, Lin Fan couldn't help but be stunned.

Such a girl had not filmed a kissing scene or a relationship scene for him for three years. Xia Wanqiu was so cute and special in front of him. What reason did Lin Fan have not to cherish her?

Lin Fan: "Wife."

[Xia Wanqiu: "Huh?"]

[Xia Wanqiu's pretty face turned red. She gritted her teeth and glared at Lin Fan. She grabbed the pillow and said fiercely, "I fell for it. Hmph, who's your wife?"]

Lin Fan smiled. "You've already agreed. You can't go back on this marriage. I have video evidence."

[Xia Wanqiu's face turned even redder. "You're shameless!"]

Lin Fan smiled even more brightly. "Then are you admitting to being my wife?"

(Xia Wanqiu blushed and said shyly, “Hmph, no. Who would admit to being your wife? I’m not talking to you anymore. I’m hanging up.”)

Lin Fan: “No.” [Xia Wanqiu: “You’re a bad person.”] Lin Fan: “I’m a bad person in front of you. I’m a good person in front of others.”

[Xia Wanqiu: “~~~”]

(Xia Wanqiu: “I’m going to sleep, Lin Fan.”)

Lin Fan: “Wanqiu, I’ll bring you out to play tomorrow and have a feast.”

[Xia Wanqiu: “Ok!”]

Lin Fan: “Then hang up the video call first.” [Xia Wanqiu: “No, you hang up first.”] Lin Fan: “But... I can’t bear to.”

(Xia Wanqiu blushed and said softly, “Official, then I’m hanging up. Good night, Mua ~”]

A sweet voice entered Lin Fan’s mind. Lin Fan was a little excited.

How could his cat be so cute?

Lin Fan had already made up his mind.

One day, he would woo the cat!
