

## **I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 135-139**

### **Chapter 135 A Million People Are Shocked, Lin Fan and Xia Wanqiu's Sweet Kissing Scene**

Finally, the grand finale of Joy of Life was broadcasted.

Three minutes after the broadcast, countless comments rushed out from iQiyi and Tencent Arts.

These comments were so dense that there was almost no gap.

The comments section was already filled up. The plot had just begun and it was Lin Fan and Su Xiaoyu's scene.

Su Xiaoyu was wearing ancient clothes and had a perfect face and figure.

Lin Fan was also wearing ancient clothes and was extremely handsome.

When the two of them started filming, many of the audience even forgot what they were doing. They were focused on the finale of the television series.

"Front row, sofa!"

"Su Xiaoyu is my goddess. How can Su Xiaoyu be so beautiful?"

"Lin Fan is my Prince Charming!!!"

"If only Lin Fan and Su Xiaoyu could be together. For some reason, I think Lin Fan and Su Xiaoyu are quite compatible."

"A Get lost. It's obvious that Lin Fan and our Qiuqiu are more compatible. I support Brother Fan and Qiuqiu being together!"

"In this television drama Joy of Life, it seems to be a harem drama? Lin Fan seems to be related to the roles played by the two girls."

"I'm looking forward to it. It's just that I can't tell anything from the first season. How can the plot be so good? I'm not posting any floating comments. I'm going to watch television."

In Joy of Life, there was a fighting scene between Lin Fan and Su Xiaoyu.

The exchange of glances between the two of them and their acting skills completely conquered all the audience.

ON

If Su Xiaoyu had practiced dancing before, her body would be very flexible. It would be easier for her to film some fighting scenes. For example, she could easily do a 180-degree split.

Therefore, when she was doing some fighting scenes, she was beautiful and it was very easy for her.

Some female artistes could not do splits and felt very uncomfortable when doing them.

But Lin Fan was completely different.

Girls were usually more flexible than boys.

However, Lin Fan's body was also very flexible.

Every martial arts scene and action of his was done very properly, perfectly, and smoothly.

After the scene involving the two of them was aired, the comments on the video exploded.

"6666666, what kind of godly acting skills do Lin Fan and Su Xiaoyu have? Their martial arts moves are too f\*cking interesting."

"Could he have used special effects? No, even if he did, these actions were done by Lin Fan."

"That's right. Lin Fan and Su Xiaoyu didn't use a substitute the entire time. I have to give them a big thumbs up!"

"I'm so impressed. The key is that even the plot of this television drama is so attractive. I love it!"

After the plot ended, there was still the scene of Lin Fan and Xia Wanqiu in the sea of flowers.

Lin Fan bullied Xia Wanqiu, and then Xia Wanqiu chased after Lin Fan. The plot was very sweet.

vas

After Xia Wanqiu bullied Lin Fan, Lin Fan would chase after her.

Then, Lin Fan pushed Xia Wanqiu to the ground and their eyes met.

Xia Wanqiu's blush and shyness were displayed to the extreme.

Lin Fan's liking for her and how tempted he was by her were shown clearly.

If Lin Fan and Su Xiaoyu's acting skills were very compatible, then Lin Fan and Xia Wanqiu's scenes were truly flawless. They were too perfect.

When he acted with Xia Wanqiu, there would always be some wonderful sparks between them.

And in the plot, everyone's acting skills were too good.

After that, the two of them spoke sweet nothings together. They were reluctant to part and everyone pitied them.

There was also Xia Wangiu's affectionate confession, her gaze with Lin Fan, and their parting

In the end, there was Lin Fan and Xia Wanqiu's kissing scene.

The world froze at this scene.

The plot of this scene was too sweet.

In the scene, almost twenty seconds were frozen on this kissing scene.

Between heaven and earth, Lin Fan and Xia Wanqiu were the center.

The entire scene was so sweet that many fans' hearts ached.

Let alone the audience, even Lin Fan and Xia Wanqiu, who were watching television at home, were moved.

How could they act so well back then?

Lin Fan and Xia Wanqiu watched their kissing scene on television. Xia Wanqiu blushed and lowered her head.

Her first kiss on screen was Lin Fan's.

That was enough.

Xia Wanqiu was Lin Fan's deskmate in high school.

If Lin Fan had taken the initiative back then, her first kiss would have been Lin Fan's long ago. She wouldn't have to wait until she was filming.

The scene in the television drama ended.

Lin Fan and Xia Wanqiu's kissing scene was

over.

This kissing scene lasted for more than 20 seconds. The comments were so dense that it was almost impossible to see what was written.

"Ah ah ah ah ah, they kissed!"

"Lin Fan and Xia Wanqiu are kissing again. I love them. How can these two act so sweetly?"

"My heart is about to melt. It's really melting. Lin Fan and Xia Wanqiu's acting skills are almost perfect."

“This is only filming. If the two of them can be like this in real life, I’ll be satisfied.”

“Only Lin Fan is worthy of Xia Wanqiu. No one else!”

“6666666, this plot is too interesting! It’s so enjoyable.”

“Xia Wanqiu is so beautiful. What if I want to kiss her too?”

The plot was connected to one another. The grand finale of Joy of Life was done perfectly in every detail.

Such a plot, such a turning point, and such wonderful post-production and acting skills between the actors deeply attracted the attention of the audience.

Such a scene was destined to be trending on Weibo.

Joy of Life was almost perfect.

If there was anything that could be improved, it would be the problem of the script. He could continue to improve, create classic stories one after another, and then get them to be perfectly portrayed by the actors.

The plot of the three episodes passed in a flash.

The scene between Lin Fan and Xu Yang was also very interesting.

The two handsome men acting together made countless female fans react.

There were even more female fans who screamed.

“Lin Fan, Lin Fan, Lin Fan, Lin Fan!”

“Xu Yang, Xu Yang, Xu Yang!!”

The enthusiasm of the fans far exceeded everyone’s imagination.

The broadcast of the finale of Joy of Life affected everyone’s hearts.

This television drama was undoubtedly successful.

When the finale was over,

The news of this television drama quickly rushed to the forefront of Weibo’s trending topics list!

And ranked first was (Lin Fan and Xia Wanqiu, Sweet).

Ranked second was (Lin Fan and Su Xiaoyu’s acting skills are perfect).

Ranked third was (Lin Fan and Xu Yang's scene].

Ranked fourth was (The Finale of Joy of Life).

The top four trending topics on Weibo were all related to the finale of Joy of Life.

Especially the top trending topic on Weibo, which far exceeded the bottom few.

And one thing was that the top three trending topics on Weibo all had Lin Fan's name.

In other words,

The popularity of this drama could not do without Lin Fan!!!

### **Chapter 136 A True masterpiece has broken a historical record!**

All the trending topics on Weibo were full of good comments.

"Ah ah ah, Joy of Life is finally ending, but I haven't seen enough. When are they filming the second season?"

"I strongly request that the original cast be used for the second season. No one can be replaced!" "Lin Fan's acting skills are too perfect. The plot of this drama is also going very well. It's just that there's no second season yet. I'm really looking forward to the second season!"

"It's too sweet. I've already fallen in love with Lin Fan and Xia Wanqiu's scenes. What should I do?"

"Lin Fan, Lin Fan, Lin Fan!"

"Xia Wanqiu is also super beautiful. Her first kiss on screen is Lin Fan's. I'm so envious. I also want to kiss Xia Wanqiu, if not, it'll be good if I can kiss Su Xiaoyu."

The finale of Joy of Life caused a new wave on the Internet.

What was worth mentioning was that Joy of Life's popularity on Weibo had already exceeded four million!

What did four million popularity mean? Even if a big-name celebrity had a scandal or a celebrity announced that they were together with someone, it would not reach such popularity!

Yuehua Entertainment's market value and stock price had also increased a lot.

Even the entire Yuehua Entertainment was developing very well.

After this television drama was broadcasted, Lin Fan's fans had reached 13 million!

Lin Fan was already a superstar with tens of millions of fans.

At the same time, Xia Wanqiu had 95 million fans.

Her Weibo fans were close to a hundred million!

Su Xiaoyu, Lin Jingjing, Xu Yang, and many other actors' fans had increased a lot.

This television drama was a true masterpiece!

Countless fans refreshed such news.

Tonight was destined to be a sleepless night.

In Yuehua Entertainment, the employees were all working overtime.

Even CEO Li did not leave.

Especially Xue Kexin of the post-production team, Director Lu Benkai, and Producer Liu Mou. After seeing such results, they all cheered.

"We did it!"

"Joy of Life has really succeeded!"

"Lin Fan is really a genius. The genius script he wrote created a perfect television drama for us!"

"Oh my god, Lin Fan is forever a god!"

"The success of Joy of Life made Yuehua Entertainment's share price rise by nearly 13%! What kind of concept is 13%... It's more than a 10% increase."

"All the celebrities will have more activities in the near future. Everyone will become popular, especially Lin Fan. In the future, many companies will fight for the scripts that Lin Fan writes."

"If it wasn't for Lin Fan, Yuehua wouldn't have such success. Lin Fan wrote the script and Lin Fan was the male lead. I used to think that Lin Fan relied on Xia Wanqiu to be the male lead. Now, I know that I was wrong. Lin Fan relied on his own strength!"

Yuehua Entertainment's employees were all celebrating

CEO Li was the same. CEO Li sighed. He was finally close to his dream.

Originally, the domestic market for television dramas was bleak and empty. Were there any top television dramas in the country? Other than the four great novels, they had not appeared yet.

But those older artists had gradually withdrawn from the development of television dramas.

Nowadays, television dramas focused on popularity and young hunks. The problem of scripts was gradually ignored by many entertainment companies. This also led to the failure of television dramas over the years. The audience's eyes were bright.

Some actors could not even remember their lines when they went to act. Some even acted arrogantly.

A television drama could not receive much investment, and there were many things that needed money. However, 70% to 80% of the money was spent on the huge remuneration of celebrities. How could they film outstanding television dramas and promote China's traditional culture?

How could China's cultural industry go global?

This required talent...

CEO Li was someone who kept chasing after this dream.

Luckily, he met Lin Fan!

If it wasn't for a talent like Lin Fan, the entire television series wouldn't have achieved such success.

To be able to reach this stage today, Lin Fan had contributed greatly!

Everyone in Yuehua Entertainment was cheering

At the same time, Tencent Arts and iQiyi were both brightly lit.

When they saw the rising figures, they were completely stunned.

Twelve hours after the Joy of Life finale was broadcasted...

The heads of these two companies and their bosses were all a little shocked.

They had never expected Joy of Life to be so successful.

"D\*mn... Lin Fan is really too strong. He even did directing, post-production, and music work in the television series adapted from his script. The key is that the main lead of this television series was also Lin Fan."

"Now, the first season of Joy of Life has already ended. It has been broadcasted for so long, a total of six weeks. In just a month and a half, Joy of Life has already achieved such results."

"The views and clicks have reached 300 million!"

"The popularity of the discussion has reached more than 100 million!"

"This is simply a first-of-its-kind masterpiece in history! It has also set a record for first place in all the television dramas in history and is far ahead of second place. Lin Fan's television drama is too amazing!"

“And Joy of Life is only an online drama. If it were to be released on television, it would definitely be able to achieve better results!” the person in charge of Tencent Arts said.

Even the boss of Tencent Arts was shocked when he heard that.

The number of views and clicks had reached 300 million. How terrifying was the popularity?

Due to the different calculation rules for popularity and clicks, with more than 100 million discussion popularity, one could imagine how popular this drama was.

Almost everywhere, people were discussing Joy of Life.

The reputation, quality, and ratings of this television drama had completely exploded.

“Fortunately, our company spent a lot of money to buy the exclusive premiere rights of this television drama,” the staff of Tencent Arts said, feeling a little lucky.

“That’s right. I’m afraid the two video companies, Happy Fruit and MangoTV, are going to cry. They bought the premiere rights for “General and I”. But now, the Internet is filled with discussions about “Joy of Life”. “General and I” has already been crushed countless times.”

Indeed, the staff members in charge of securing drama premiere rights for Happy Fruit and MangoTV had been fired

It was because of these two people’s mistakes that their entire companies were completely surpassed by Tencent Arts and iQiyi.

It was also this television drama that allowed Tencent Arts and iQiyi to firmly occupy the top three spots of the video company rankings.

All of this was thanks to the popularity of “Joy of Life”!

It was because of Lin Fan’s script that the television drama “Joy of Life” truly broke all the records of television dramas in Chinese history.

“Joy of Life” was a masterpiece!

### **Chapter 137 200 Million Profit! Lin Fan Is Rich, Fighting For Family Status With His Wife!**

It was the same for iQiyi.

This television drama not only helped Yuehua increase its market value.

It also brought huge traffic to Tencent Arts and iQiyi.

The current era was like this. Popularity was

king.

However, the prerequisite for having so much traffic was to have works.

The two companies had signed the premiere rights for Joy of Life, which was why it had its current glory.

Of course, glory was short-lived.

Nokia and Subor had once been glorious.

In this era, one also needed to keep up with the times.

After the two companies cheered, they quickly decided on their future strategy.

The CEO of Tencent Arts held a meeting.

The CEO said, "Everyone, I believe that you've all seen the popularity of the television drama Joy of Life. What I want to say is that outsiders might not understand how this television drama can become so popular, but we all know that the popularity of this television drama cannot do without Lin Fan."

The operations department head nodded and said, "After all, whether it's the script, the actors' acting skills, or the various details in the post-production, they are all related to Lin Fan. Lin Fan is a talent."

The CEO of Tencent Arts continued, "That's right. In my opinion, Lin Fan is even more of a genius. Although we don't know what he did in post-production, this outstanding script was definitely written by Lin Fan. The male lead in the television series was also acted by Lin Fan."

"What I want to tell you is that the company will immediately contact Lin Fan and Yuehua Entertainment and pay a high price to buy the premiere rights for the second season of Joy of Life."

"Even if the second season of Joy of Life hasn't been filmed yet, we still have to spend money to buy the premiere rights now. We must have the exclusive premiere rights," the CEO of Tencent Arts said.

Everyone looked at the CEO of Tencent Arts, feeling a little shocked.

Was this the boss's foresight?

Even if the second season of Joy of Life had not started filming and the script had not been finalized, the CEO of Tencent Arts was going to buy the premiere rights of the second season.

They wanted to seize the initiative!

It was precisely because of the success of the first season of Joy of Life that Tencent Arts acted so quickly.

This was their trust in Lin Fan.

They believed that with Lin Fan around, the script for the second season of Joy of Life would definitely not be bad.

Just this kind of scene production, post-production, and the actors' acting skills were enough for Tencent Arts to directly buy the premiere rights of the second season of Joy of Life.

were

seco

At the same time, iQiyi took action. Just like Tencent Arts, they contacted Yuehua Entertainment in advance.

These two companies even wanted to be investors for the second season of Joy of Life.

The popularity of this drama shook the entire entertainment industry.

Many companies wanted to invest in the second season of Joy of Life.

In other words, there was no lack of investors for the second season of Joy of Life.

Almost all the investors saw the success of the first season of Joy of Life.

In order to fight for the premiere rights, Tencent Arts and iQiyi took action at the same time.

At the same time, Yuehua signed an agreement with these two companies.

However, it could only guarantee that the second season of Joy of Life would be released in three years.

Whether or not the second season of Joy of Life could be released depended on whether Lin Fan could write out the script for the second season of Joy of Life.

And the premiere rights for the second season of Joy of Life were sold for 180 million!

Compared to the first season, the cost of premiere rights had doubled!

At the same time, there were also investments and endorsements from various large companies...

The entire Yuehua Entertainment was busy.

Joy of Life was extremely popular and as the investor of this television drama, Lin Fan had gained a lot of profits.

Yuehua Entertainment, in the office.

CEO Li looked at Lin Fan with a smile. "Lin Fan, during this period of time, our profits from Joy of Life have already reached 600 million..."

“A profit of 600 million. This is something we never expected. You’re also an investor in this television drama, so the company is willing to directly give you 200 million in profits. What do you think?” CEO Li smiled.

If Lin Fan hadn’t invested in his television drama, he probably wouldn’t have received so much money.

In other words, Lin Fan had earned more than 200 million yuan from Joy of Life.

This was still under the circumstances that Lin Fan didn’t take on any endorsements or shoot advertisements. Otherwise, Lin Fan would have earned even more money!

A third of the 600 million yuan profit was given to Lin Fan. This represented CEO Li’s trust in Lin Fan.

“Sure.” Lin Fan smiled. He had only filmed one television drama and he had already earned so much money. He hadn’t expected this.

In the entertainment industry, although actors earned a lot of money, if actors could bring in profits, the real person making money would still be the big boss of the company behind the actors.

“Lin Fan, if you still act in television dramas in the future, your salary should increase many times over. Your acting skills have already won over countless viewers,” CEO Li said with a smile.

Lin Fan smiled calmly. “Actually, I just acted casually. It’s pretty good to be able to act with Qiuqiu.”

CEO Li smiled. Back then, he didn’t stop Lin Fan and Xia Wanqiu from being too intimate. Now, it seemed to be the right decision.

If he had forced Xia Wanqiu to clarify her relationship with Lin Fan for the sake of the company’s profits or warned Xia Wanqiu many times not to have any scandals, the company would probably have lost a talent like Lin Fan.

Perhaps the company would lose Xia Wanqiu as well.

Xia Wanqiu was the company’s top female artiste. She was also very popular and had a bright future.

“Lin Fan, many viewers are looking forward to the second season of Joy of Life. Even two video companies are fighting to buy the premiere rights for it. How’s your script going? If you can write the script well, it will definitely be able to be sold for a very high price,” CEO Li asked.

\*

a

Lin Fan smiled and said, “CEO Li, I’m already thinking about the second season of Joy of Life. It shouldn’t be long before it can be released. I believe that the second season of Joy of Life will be even more popular.”

This was Lin Fan’s confidence.

He was a screenwriting master and wanted to improve his scripts. Especially the second season of Joy of Life, Lin Fan wrote the story even more brilliantly.

Among them, there were more kissing scenes and relationship scenes between the male and female leads.

As there would be scenes with other female leads in this drama, there was no other way. In order to make the script more perfect, the male lead also had some kissing scenes with Su Xiaoyu.

Although such a decision might anger the cat, he had no choice.

“That’s good. Lin Fan, I believe in you too. In the second season of Joy of Life, you can have a greater breakthrough and write an even more interesting script!” CEO Li smiled.

At the same time, Lin Fan received a message from Construction Bank.

After deducting taxes, the 200 million he earned from the first season of Joy of Life was transferred to his account!

(Your savings account ending in 6115 received a transfer of 200,000,000 yuan at 10:03am on August 3rd.

Looking at the 280 million dollars in cash, Lin Fan smiled.

The current him should be considered to have escaped poverty and become rich!

Of course, this was not enough.

Lin Fan knew that his wife might have more savings.

If he wanted to suppress his wife, he still needed to earn more money.

This was a fight for family status.

Lin Fan’s next plan was to write a new script, break the current record, and create another peak for domestic television dramas!

At the same time, the money he earned had to exceed Xia Wanqiu.

Otherwise, how could he fight with his wife for his future family status?

### **Chapter 138 Lin Fan and Xia Wanqiu’s Scandal, Xia Wanqiu’s Professional Crisis**

The popularity of the first season of Joy of Life had already swept through the entire Internet.

“The second season of Joy of Life ahhh...”

“When can they film the second season of Joy of Life? I’m looking forward to Lin Fan!”

“Please, don’t replace anyone in the second season. Don’t replace anyone. Every character in this drama is perfect!”

The comments on Weibo were all about wanting the second season of Joy of Life to be filmed.

The popularity of Joy of Life also shocked the entire entertainment industry.

The competition in the entertainment industry was intense and cruel.

Because the first season of Joy of Life was too popular, all the entertainment companies agreed that Yuehua would immediately launch the second season of Joy of Life.

If Joy of Life released two seasons in a row and became popular like this, then other entertainment companies would probably be gradually surpassed by Yuehua Entertainment.

In order to deal with the rise of Yuehua Entertainment, all the major entertainment companies started taking action.

Among them, one of the top three entertainment companies, Huace Pictures, also took action immediately.

In Huace Pictures, all the higher-ups were gathered for a meeting.

The person in charge of the marketing department, the person in charge of operations, the CEO of Huace Pictures, and even the company’s shareholders were all in a meeting.

The CEO of Huace Pictures was called Liu Xian, or CEO Liu for short.

Liu Xian was the big boss of Huace Pictures, and Huace Pictures was far ahead of Yuehua in the entertainment company rankings.

However, Yuehua’s rise in popularity these few days made all the entertainment companies feel a little threatened.

Liu Xian looked around and said, “Everyone, if nothing goes wrong, Yuehua Entertainment will definitely release the second season of Joy of Life as soon as possible. If the second season of Joy of Life can also become popular, Yuehua will be completely popular. The resources and traffic obtained will also completely surpass that of Huace Pictures.”

“Therefore, in response to the second season of Joy of Life, I have officially decided... to declare war on Yuehua!” Liu Xian said as he looked at everyone present.

Liu Xian continued, “Although Joy of Life is very popular and exciting, it’s not impossible to surpass. Our company has already signed the current number one female artiste, Lin Kexin.”

“Lin Kexin is the school belle of Beijing Film Academy. She has outstanding looks and is very pure. She has been acting since she was young. Her popularity is even higher than Xia Wanqiu’s. Therefore, as long as we promote Lin Kexin, it will be enough to make all the fans scream.”

“Therefore, the company has decided to nurture Lin Kexin vigorously. We’ll hire five top screenwriters to write good scripts. At the same time, we’ll immediately target all the celebrities under Yuehua Entertainment, especially Xia Wanqiu. It’ll be very promising.”

“I heard that Xia Wanqiu and Lin Fan have an ambiguous relationship, right?” Liu Xian smiled lightly with a hint of amusement.

The competition in the entertainment industry was quite intense. Only the successful could be seen by others. The defeated would only die without a corpse and disappear from the entertainment industry.

“Yes,” the head of marketing said.

“Then we can make use of this...”

“We’ll create some scandals and completely destroy Xia Wanqiu’s image. At the same time, the company will do its best to promote Lin Kexin and invite the five strongest screenwriters in the industry to create a grand script together.”

“Our company wants to create a television drama that can completely crush the second season of Joy of Life.”

“Our celebrity strength, screenwriting ability, and the amount of investment we can get. Each of them can completely crush Yuehua Entertainment. The first step to target Yuehua Entertainment will start from Xia Wangiu, understand?” Liu Xian said.

Hence, the entire Huace Pictures started operating

At the same time, Huace Pictures promoted the company’s big star, Lin Kexin.

With the combined efforts of the five top screenwriters, they created an unprecedented script, “Star Garden”.

Lin Kexin’s popularity could be ranked first among the female celebrities in the entertainment industry.

Remember Douyin’s celebrity rankings? Lin Kexin had always been ranked first. Her popularity was even three times that of Xia Wanqiu.

After the official announcement of the cast of “Star Garden” on Weibo, it immediately caused the entire Internet to cheer and discuss.

Lin Kexin, the school belle of Beijing Film Academy, finally came out to film her first television drama after graduation.

For a moment, the popularity of the entertainment industry shifted to Lin Kexin.

Lin Kexin's popularity was quite high.

At the same time, many rumors about Xia Wanqiu and Lin Fan appeared online.

And another group of keyboard warriors was mobilized.

There were even photos of Lin Fan and Xia Wanqiu together at the entrance of Blue Wave Bay on the Internet.

After seeing so many photos, there was another wave on the Internet.

All sorts of haters came out.

In the entertainment industry, the most important thing for a female celebrity was to not have scandals.

It was especially important for female celebrities in their early twenties not to have scandals.

For example, if a girl participated in girl group shows and it was revealed that this girl was married before or already had a boyfriend, it would have a huge impact on her popularity.

The fans placed great importance on female celebrities' relationships.

Especially Xia Wanqiu. She was only 23 years old and was still very young.

It would be fine if a female celebrity in her thirties was revealed to be in a relationship

But if Xia Wanqiu, who was in her early twenties, had a scandal, it would have a huge impact on her career.

Coupled with the evidence of those photos, as well as the haters and keyboard warriors behind them.

Xia Wanqiu was at the center of attention.

"Haha, I was wondering why Xia Wanqiu didn't film kissing scenes previously and why she set up a pure image in the entertainment industry."

"I think Xia Wanqiu and Lin Fan have been together for a long time. They were so close in high school and she even leaned on Lin Fan's shoulder. It's really disgusting to set up a pure image in the entertainment industry."

"Ugh, how can Xia Wanqiu be such a person? No wonder she only filmed a kissing scene with Lin Fan."

"In my opinion, Xia Wanqiu was deliberately setting up a persona to deceive the fans. In the end, she couldn't act anymore and revealed her true colors."

"I'm not a fan anymore. I like Sister Lin Kexin more. She was the school belle of Beijing Film Academy and just graduated. She's also a year younger than Xia Wanqiu."

“Lin Kexin is so beautiful. How can Xia Wanqiu compare to Lin Kexin?”

An overwhelming amount of abuse could be heard.

Of course, there were also many fans of Xia Wanqiu and Lin Fan online. The scolding battle between the fans of both parties had begun.

There were all sorts of rumors, including those that defamed Xia Wanqiu and Lin Fan. Almost all of them surged out.

On the other hand, Lin Kexin was full of good comments.

She was already very popular and had graduated from Beijing Film Academy as the school belle. She was very clean and her acting skills were quite good. Furthermore, the television drama “Star Garden” starring Lin Kexin was about to start filming.

For a moment, the popularity of Joy of Life’s finale was slowly suppressed.

Huace Pictures’ market value was rising, and Lin Kexin’s popularity was increasing.

Faced with the overwhelming scolding, Xia Wanqiu became the target of everyone. Rumors spread everywhere.

Under the push of Huace Pictures,

Rumors kept spreading. Some people even said that Lin Fan and Xia Wanqiu had already slept together, Xia Wanqiu was no longer a virgin and so on.

Yuehua Entertainment did not expect so many rumors.

As expected, after the popularity of Joy of Life, at the moment when the second season was about to be released, the forces behind them started to target Xia Wanqiu.

Xia Wanqiu’s Weibo fan count had also dropped from more than 90 million to 86 million.

No one had expected that Xia Wanqiu would face a huge crisis in her career so quickly!

Even the preparations for the second season of Joy of Life were affected.

The entire Yuehua was swept into this vortex!

### **Chapter 139 Xia Wanqiu Was Bullied, CEO Li Is Furious!**

On this day, Xia Wanqiu had just finished filming Keep Running and returned to the company.

The atmosphere in the entire company was very dull.

On the table was a pile of documents.

CEO Li sat there without saying a word.

Xu Yang, Su Xiaoyu, Lin Jingjing, and the others lowered their heads.

Su Xiaoyu's eyes were even a little red.

Xia Wanqiu hurriedly walked up to take a look and saw the documents on the table.

Every document was a statement with a contract attached.

"The official contract termination notice between Wahaha and Xia Wanqiu."

"Notice of contract termination between Auspicious Air Conditioner and Xia Wanqiu."

"Contract termination notice between Lenovo and Xia Wanqiu."

"Notice of contract termination between Refreshing facial mask company and Xia Wanqiu."

"Notice of contract termination between AA Skincare and Xia Wanqiu."

There were a total of 28 documents. A total of 18 endorsement companies, and ten advertising companies had terminated their contracts with Xia Wanqiu!

95% of Xia Wanqiu's endorsements and advertising companies terminated their contracts with her.

Furthermore, there was a high penalty for breach of contract.

It was not that these endorsements and companies had broken the contract, but that Xia Wanqiu had to pay a high penalty.

There was a rule in the contract that if Xia Wanqiu caused serious negative effects on these brands, the company could unconditionally terminate the contract and the celebrity would have to pay the penalty.

Even if those photos on the Internet didn't confirm that Lin Fan and Xia Wanqiu were secretly in a relationship, just those negative comments alone made Xia Wanqiu suffer a fatal blow.

Countless fans on the Internet were scolding her, and all sorts of haters were defaming Xia Wanqiu. This time, there were too many entertainment companies who wanted to destroy Xia Wanqiu.

Xia Wanqiu was Yuehua Entertainment's number one female artiste, and she was also a big star in the company.

In the entertainment industry, Xia Wanqiu's popularity was very high, but because of the push of the teams behind her, Xia Wanqiu suffered such a heavy blow.

With so many contract termination notices, Xia Wanqiu had to pay a penalty of 280 million yuan!

Of course, if Xia Wanqiu did not have the ability to pay the penalty, there would be additional rules on these contracts.

Without paying the penalty fee, Xia Wanqiu would not be able to take on any other endorsements or even engage in any commercial activities. In other words, she would be completely banned.

If someone did not understand this, such as a female celebrity or a male celebrity, they would immediately be banned after their act of multi-people exercise was exposed.

All the products and shows endorsed by this celebrity would be affected.

Therefore, these products and programs would immediately terminate their contracts with the celebrities and ask for compensation.

Although there was no concrete news about Xia Wanqiu and Lin Fan, the many negative news on the Internet had a serious impact on these endorsements.

Therefore, these 28 documents almost completely banned Xia Wanqiu.

Unless Xia Wanqiu could afford such a high penalty.

This way, Xia Wanqiu was not the only one affected.

How could they film the second season of Joy of Life if they lost the female lead?

For the second season of such a television drama to become popular, the original cast had to be used.

Once the female lead was changed, countless fans would give up on the drama, such as the third season of My Fair Princess.

Xia Wanqiu was the most affected.

Yuehua was also affected.

There was no way to start filming the second season of Joy of Life.

All of Xia Wanqiu's shows and variety shows were affected.

Many of the negative news about Xia Wanqiu this time were rumors.

However, because Lin Fan and Xia Wanqiu were too close and too intimate with each other, coupled with these rumors, Xia Wanqiu almost fell into a hopeless situation.

If she paid the 280 million yuan in cash, Xia Wanqiu would have no money.

No matter what, the loss to Xia Wanqiu was quite huge.

Of course, the many contracts could be slowly resolved through legal means. It did not mean that Xia Wanqiu had to compensate them.

The goal of the team behind the rumors was to ban Xia Wanqiu and target the entire Yuehua.

Now, if Xia Wanqiu wanted to salvage her reputation,

There was only one choice.

That was to quickly respond to these rumors online and clarify her relationship with Lin

Fan.

But now, there was no way to clarify.

Lin Fan had indeed brought Xia Wanqiu home.

This was originally a very normal piece of news, but it would be misinterpreted by netizens online.

[Lin Fan and Xia Wanqiu are living together!]

(This is not Xia Wanqiu's first time!]

(Xia Wanqiu's virginity belongs to Lin Fan!]

It was a fact that Lin Fan had brought Xia Wanqiu home, but there was no evidence behind it.

But there was no way to refute or clarify.

Even if it was clarified,

The haters would not believe it.

A man and a woman alone in a room at night. How many people would believe that they were discussing a script?

Therefore, such clarification was useless. Xia Wanqiu was affected and the negative news that spread was still there.

Someone said that there could be a second choice.

Lin Fan and Xia Wanqiu had to officially announce that they were together.

Then, the impact on Xia Wanqiu would be even more fatal. Wasn't that equivalent to indirectly admitting that Xia Wanqiu's virginity belonged to Lin Fan? It was also equivalent to indirectly admitting those rumors on the Internet were true.

Furthermore, Lin Fan and Xia Wanqiu hadn't reached that stage yet. Even legally, there was no way to support Xia Wanqiu.

In the end, there was only one choice.

She would either have to pay a termination fee of 280 million yuan or be completely banned.

Even if Xia Wanqiu paid the termination fee and made a comeback, would the reputation of the second season of Joy of Life be as good as that of the first season?

Could Xia Wanqiu's popularity return to the same level as before?

Would anyone still support Xia Wanqiu's future television dramas?

All of this was unknown.

But one thing was certain.

The team that wanted to defame Xia Wanqiu had succeeded.

They wanted to target Xia Wanqiu, Yuehua Entertainment, and the people in the second season of Joy of Life. They succeeded.

Now, even if she paid the penalty, the popularity of the second season of Joy of Life would quickly decrease and be greatly reduced.

If Joy of Life's second season were to compete with Huace Pictures' "Star Garden", there was no doubt that the second season of Joy of Life would be completely crushed.

"Star Garden" was not as weak as "General and I".

On the contrary, with Lin Kexin joining "Star Garden", it became even more popular. At the same time, this was a script written by five top screenwriters in the industry. It couldn't be too bad.

Even the second season of Joy of Life at its peak might not be able to compete with "Star Garden".

Now that they had encountered such a thing, Yuehua Entertainment seemed to be destined to lose.

CEO Li slammed the table angrily. The teacup on the table fell to the ground and shattered.

"What the f\*ck."

"The people outside are bullying the artistes in my company. They're all bullying me. They're bullying Yuehua for being useless. They're bullying Yuehua for having no one to stand up to them!"

"Since there are people outside who want to start a war with Yuehua Entertainment, let's... start a war!"
