

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 175-179

Chapter 175: Lin Fan Will Be Responsible For All of Xia Wanqiu's Endorsements!
Yuehua Entertainment.

The higher-ups were in a meeting.

CEO Li sat there, at a loss.

The Legend of Sword and Fairy was indeed popular, but it would take a long time to get a return on investment.

And there was a very important factor to how entertainment companies earned money.

Those entertainment companies relied on their artistes to earn money.

If that wasn't the case, the entertainment company wouldn't have focused on nurturing their celebrities.

Xia Wanqiu was an artiste from Yuehua Entertainment.

Xia Wanqiu was still the top female artiste of Yuehua Entertainment. Her popularity was very high.

If Yuehua Entertainment wanted to develop, they needed money.

Because no investor was willing to invest in The Legend of Sword and Fairy.

Yuehua Entertainment and Lin Fan jointly invested in the television drama The Legend of Sword and Fairy.

The television drama was indeed successful.

But Yuehua Entertainment's money had not been earned back.

The company still needed funds to operate.

Once celebrities became popular, such as some girl groups, once they became popular, they would have tons of advertisement deals and participate in all sorts of shows. They could earn a lot of money.

And the company could earn dividends from this money. The company would deduct their share first before distributing the money to the celebrities.

The company might take 20-30% of the earnings. If it was a more unscrupulous company, it might take 70-80%.

In Yuehua Entertainment, the company would take 20% of the artist's earnings, such as the fees for accepting endorsements and profits.

This was because Yuehua Entertainment required a lot of capital to nurture an artiste. It was only right for them to receive some profits.

The main leads of the extremely popular "The Legend of Sword and Fairy" were Lin Fan, Xia Wanqiu, Su Xiaoyu, Xu Yang, and Lin Jingjing.

There were also a few actors who were not as popular as these five.

Among them, Xia Wanqiu and Su Xiaoyu were the most popular. Lin Fan's popularity also increased a lot. Xu Yang was also Yuehua's number one male artiste. His popularity wasn't low, but because he wasn't acting as the main lead and was a supporting character, he couldn't compare to Lin Fan.

Lin Jingjing's acting skills were not bad, but what she was really good at was singing. She was a singer and many fans liked her singing.

After a television drama became popular, any entertainment company should be able to get their capital back and earn more money.

Yuehua Entertainment was an exception.

The reason was simple.

As the main lead, Lin Fan rejected all endorsements.

Originally, Lin Fan wasn't Yuehua's artiste, nor was he Yuehua's top screenwriter. He was just a nominal screenwriter for Yuehua. Yuehua Entertainment also had to give Lin Fan a considerable contract fee.

If Lin Fan didn't accept endorsements, the company would lose a lot of income.

Su Xiaoyu was one of their top female celebrities. She did not lack money, so she did not accept any endorsements. The company could not do anything to Su Xiaoyu.

Xia Wanqiu would have accepted many endorsements. She was one of the company's important sources of income.

However, after Lin Fan appeared, Xia Wanqiu rejected more than twenty endorsements.

The endorsement fees of these twenty-odd companies added up to at least 30 million!

All 30 million yuan had been wasted.

Only Lin Jingjing and Xu Yang accepted some endorsements, but not many companies wanted them to endorse their products.

Right now, it could be said that other than CEO Li, who was supporting Lin Fan and Xia Wanqiu, the other higher-ups on the board of directors had some objections.

"CEO Li, the company nurtures so many celebrities and gives them resources. It's not to let them sit there. Looking at the big celebrities in the entertainment industry, how many celebrities don't take on any endorsements?"

"The Legend of Sword and Fairy could never have become so popular without Lin Fan. I agree with this. However, Lin Fan helped Xia Wanqiu reject the endorsements of more than twenty companies and caused the company to lose more than 30 million. What should we do about this loss? Who will make up for the company's lack of funds?"

1

“CEO Li, I think we should have a good talk with Xia Wanqiu and Lin Fan. If they want to establish themselves in the entertainment industry, they have to learn to accept some things. Why would anyone not want to earn more money?”

The shareholders said. Of course, they were a little dissatisfied.

After all, they opened a company to earn money.

The television series had become popular now but did not earn any money. Who would not be angry after seeing this situation?

The two top female celebrities of the company did not go out to take on endorsements, and the company still had to spend a lot of operating costs to help promote Xia Wanqiu and Su Xiaoyu.

These shareholders could not say anything.

This was also the reason why entertainment companies usually did not let their female artistes have scandals.

Once there were scandals, it would affect the future of the female artiste and the company's money.

Seeing so many shareholders angry, CEO Li sighed.

In reality, CEO Li was also under immense pressure.

The company needed money for everything.

CEO Li knew what kind of person Lin Fan was.

Could the company force Xia Wanqiu and Su Xiaoyu to take on endorsements?

If he forced them, Lin Fan could totally build his own entertainment company.

With Lin Fan's ability, he could create countless popular television dramas and write countless classic scripts.

"CEO Li, although Xia Wanqiu's popularity has increased a lot, she still has to accept endorsements."

"Lin Fan keeps saying that he wants to help Xia Wanqiu find new endorsement deals. I'm afraid he won't be able to find one. He rejected so many endorsements. How can he find an endorsement company?" a few shareholders said.

CEO Li looked at everyone and said, "Alright, we're having a meeting here today because I just want to let you guys know how important Lin Fan is to the company. Also, Xia Wanqiu and Su Xiaoyu's backgrounds are not something ordinary people like us can afford to offend."

"We can only believe in Lin Fan when it comes to endorsements. I've already handed the right to handle Xia Wanqiu's endorsements to Lin Fan. Lin Fan can completely decide what endorsement Xia Wanqiu chooses."

"If you continue today, what I want to tell you is that I hope you know how deep Lin Fan's background is."

"Lin Fan is a major shareholder of a five-star hotel. At the same time, he has the technology building worth billions. The value behind Lin Fan is immeasurable."

"I'll put my words here."

"If any of you dare to force Xia Wanqiu or Su Xiaoyu to take on endorsements."

"I can guarantee that after their contract period ends, Yuehua Entertainment will lose two big female celebrities, a genius screenwriter, and a genius director."

"It's fine if we earn less money. Most importantly we must rope in Lin Fan and Xia Wanqiu. Don't fuss over money."

"You have to know what kind of person Lin Fan is. Lin Fan is a screenwriting and directing master. At the same time, he has superb acting skills. His abilities far exceed everyone's imagination."

“Do you think such a person won’t be able to help Xia Wanqiu find an endorsement?”

“With Lin Fan around, no one needs to worry about Xia Wanqiu.”

“I don’t want to repeat what I said.”

“Lin Fan is in charge of all the endorsements for Xia Wanqiu!”

Chapter 176: Yuehua Entertainment Is Shocked, How Much Power Does Lin Fan Have?!

CEO Li had just finished speaking.

The shareholders immediately started to fight back.

Although CEO Li was the CEO of Yuehua Entertainment, the shareholders of a listed company like Yuehua Entertainment had a lot of say in the company.

“CEO Li, that’s not kind of you. According to what you said, our company will find a group of celebrities and raise them for free.”

“When did Lin Fan become so awesome? Can he really help Xia Wanqiu find an endorsement?”

“There are still three months left to the end of Xia Wanqiu and Su Xiaoyu’s contracts with our company. Will Lin Fan will be able to build an entertainment company in three months? Since when was it so easy to build an entertainment company?”

“Lin Fan’s importance is self-evident. If Lin Fan can’t find an endorsement for Xia Wanqiu, won’t our company be eating dirt?”

The shareholders said. In their eyes, it wasn’t that they didn’t think highly of Lin Fan.

This matter still involved money.

The company had an artiste like Xia Wanqiu, but they could not get much money from her. If she did not accept endorsement deals, she would not even have exposure and popularity.

The composition of a company was complicated and the human heart was unpredictable.

Only CEO Li knew Lin Fan's background. The other shareholders only knew a little.

"Alright, there's no need to say anymore."

"This matter is settled. There's no point in repeating what I said," CEO Li said.

"If Lin Fan can't find an endorsement for Xia Wanqiu, I can go talk to him. Our company has to serve celebrities and not treat celebrities as a tool to earn money. Producing good works is where the soul of the company really is," CEO Li said.

CEO Li sighed. He also hoped that Lin Fan could help Xia Wanqiu find a suitable endorsement.

In that case, it would be very beneficial to both Xia Wanqiu and the company.

Accepting endorsements and filming advertisements could also give celebrities enough exposure.

Some celebrities could be featured in Times Magazine or even appear on various screens on the streets overseas.

And these had a huge impact on the popularity and exposure of celebrities and the dramas and movies they acted in.

Hearing CEO Li's firm words, the major shareholders fell silent.

Some shareholders were even already thinking about how to get Xia Wanqiu and Su Xiaoyu to take on endorsements.

Not everyone was so far-sighted.

Otherwise, Nokia would not have been eliminated.

At this moment...

Manager Wang knocked on the conference room door and walked in.

“CEO Li, two endorsement companies called. They want to invite Xia Wanqiu to endorse their products. They will come to the company at three in the afternoon to sign the contract,” Manager Wang said with a hint of shock in his eyes.

“What endorsement company?” CEO Li asked. The other shareholders also looked at Manager Wang.

Many shareholders shook their heads. Could the endorsements of two companies be compared to the twenty endorsement companies Lin Fan rejected?

Then, Manager Wang said, “One is LV, and the other is Chanel. Their offer is... 60 million RMB a year!”

After Manager Wang finished speaking, the entire place was silent.

Everyone widened their eyes and looked at Manager Wang in disbelief.

Previously, the total endorsement fee of the endorsement companies in the country was only about 30 million.

But these two endorsement companies each offered 60 million yuan a year.

The two companies’ endorsement fees added up to 120 million!

Furthermore, there was no need to mention the reputation of these two endorsement companies.

LV and Chanel were both top luxury goods companies in the world!

They were world-renowned brands. These two companies had never found a spokesperson in China.

Although these two companies had a huge market in China, they had very high expectations for their spokespeople.

And today, these two companies were going to choose a spokesperson in the country at the same time.

This spokesperson was not the extremely popular Lin Kexin or Chu Yaoyao, but the big star of Yuehua Entertainment, Xia Wanqiu!

Xia Wanqiu's endorsements were handed over to Lin Fan to handle.

In other words, Lin Fan alone had settled these two endorsement companies!

Everyone was a little shocked.

Was this... something a human could do?

It was easier said than done to become the spokesperson for LV and Chanel, the largest luxury goods companies in the world.

All the entertainment companies in the country wanted to endorse such products.

LV and Chanel were too famous.

Many celebrities wanted to endorse these two companies, but they could not.

But Lin Fan did it.

Previously, these shareholders thought that Lin Fan wouldn't be able to find a good endorsement for Xia Wanqiu.

But now, these shareholders fell silent.

Not only did Lin Fan help Xia Wanqiu find a new endorsement, but he also found the best endorsement.

"D*mn... Lin Fan is too awesome."

“After so many years, I’ve never heard of LV or Chanel looking for spokespeople in the country... Lin Fan attracted two of the top endorsement companies at once.”

“I’m already stunned. This isn’t something an ordinary person can do. How amazing is Lin Fan?”

“With the endorsements of these two companies, I don’t know how many times better they are than other endorsement companies.”

“Oh my god, this endorsement fee is ridiculously high. The two of them add up to 120 million, which is equivalent to the top endorsement fee in the industry.”

“In history, there has never been such a high endorsement fee before. The two largest luxury brands asked Xia Wanqiu to endorse their products at the same time. In other words, Lin Fan can directly let Xia Wanqiu earn 100 million!”

“Is Lin Fan stupid? If he gets Xia Wanqiu to endorse their products and gives her money, how can he have money?”

“You’re the silly one. Can’t you tell the relationship between Lin Fan and Xia Wanqiu? Does it matter who gets the money?”

The few major shareholders said together, feeling more respect for Lin Fan.

Now, they could see Lin Fan’s power.

Lin Fan’s secret identities couldn’t be underestimated.

Lin Fan could actually make these two endorsement companies choose Xia Wanqiu as their spokesperson.

These two companies were even willing to pay a ridiculously high endorsement fee, and all of this could not do without Lin Fan.

Lin Fan was too amazing!

“Haha, okay.” CEO Li smiled and his respect for Lin Fan increased. It was all thanks to Lin Fan that they could invite the two largest luxury brands in the world to sign an endorsement deal with Xia Wanqiu.

“CEO Li, there are rumors on the Internet that someone took photos and watched these luxury cars enter Blue Wave Bay District.”

“Although I’m not sure if these luxury cars are looking for Lin Fan and the photos are a little blurry and I can’t see the person’s face clearly, now that I know that Lin Fan helped Xia Wanqiu secure an endorsement deal with LV, I feel like I know who is sitting in these luxury cars.”

“One of them is the CEO of LV, Bernard Arnault.”

“Another is the CEO of Chanel, Bruno Pavlovsky.”

“CEO Li, these two CEOs might have personally gone to Lin Fan’s house to confirm Xia Wanqiu’s endorsement,” Manager Wang said his guess.

After Manager Wang finished speaking,

Everyone’s eyes were blank.

This was not possible...

The CEOs of LV and Chanel had taken a plane from Europe to Lin Fan’s house.

Oh my god... If this was true, how much power did Lin Fan have to be able to make these two CEOs personally visit him?!

Chapter 177: Who’s Your Wife? Xia Wanqiu’s Face Turned Red

“How can the CEOs of LV and Chanel personally visit him?”

“They’re men standing at the peak of luxury goods companies in the world. This photo should be fake.”

“No matter if this photo is real or fake, if the people in this photo are really the CEOs of the two big companies, Lin Fan’s identity will be awesome!”

“Lin Fan might have the same important identity as the CEOs of the two big companies!”

“This... this isn’t possible. If he’s really that amazing, then Lin Fan is almost comparable to Alibaba’s CEO Ma.”

“No matter what, Lin Fan has confirmed the endorsement of LV and Chanel for Xia Wanqiu. This is something none of us can do!”

Everyone was shocked.

As the photo was blurry, everyone was still unwilling to believe that Lin Fan knew the CEOs of the two companies.

These were two top luxury brands in the world. Why would their CEOs come to China personally?

The appeal of these two CEOs was not something ordinary people could compare to.

Lin Fan’s current results were enough to shock these people.

CEO Li looked around at the crowd and smiled. “This is Lin Fan’s power and status. You should understand now.”

“Even if the people in this photo aren’t the CEOs of LV and Chanel, Lin Fan has still roped in LV and Chanel.”

“To be able to get these two companies to sign a spokesperson in our country, this is a historic breakthrough!” CEO Li smiled.

He suddenly understood why Lin Fan was so amazing.

So this was Lin Fan’s true background?

The strength of Lin Fan was on par with the bosses of the two luxury goods companies.

Others might not believe Lin Fan, but CEO Li did.

“Inform Wanqiu to cancel all her appointments for the afternoon and ask her to come to the office to sign a contract with LV and Chanel,” CEO Li said.

“Alright.” Manager Wang nodded.

When it was three in the afternoon, Lin Fan was already sitting in his office.

Actually, Lin Fan didn't have much work to do. He just came to Yuehua to sit down for a while.

Most importantly, he could see Xia Wanqiu here.

When it was past three in the afternoon, Xia Wanqiu held two contracts and walked to Lin Fan's office alone.

Initially, with such a good opportunity, as long as she could sign the contracts, Xia Wanqiu could become the global spokesperson for LV and Chanel. At the same time, she could get a high endorsement fee.

She had seen the contracts and there were no problems with them.

Faced with such good benefits, Xia Wanqiu did not sign the contracts directly.

“Stupid Lin Fan, tell me. Did you do something bad? The endorsement fee is 120 million. LV and Chanel are both internationally famous luxury brands. You want me to endorse two awesome companies like them?” Xia Wanqiu raised her beautiful eyes and looked at Lin Fan.

“Your husband is amazing.” Lin Fan smiled. Looking at Xia Wanqiu questioning him, he found it a little cute.

“Ahwooh! Fierce, tell me honestly, or I won't sign the contracts~” Xia Wanqiu put on a fierce expression.

“Actually, I sold myself. After all, two girls from LV and Chanel came to look for me. They saw that I was too handsome and said that if I sold myself, they could help you sign endorsement deals with the two companies,” said Lin Fan with a smile.

Xia Wanqiu smiled sweetly and walked in front of Lin Fan. She pinched him gently. “Did it hurt when you sold yourself?”

Lin Fan felt aggrieved. This was the first time Xia Wanqiu had pinched him. Although it didn’t hurt, her fierce look made Lin Fan’s heart almost melt. He could only agree with Xia Wanqiu. “It hurts.”

“Tell me the truth!” Xia Wanqiu was angry. She stomped her feet and her chest heaved up and down.

Lin Fan looked at Xia Wanqiu and smiled. “They’re so big.”

Xia Wanqiu blushed and turned around. “I’m not talking to you anymore!”

Lin Fan tugged at Xia Wanqiu’s hand. He knew that Xia Wanqiu was worried about him.

These two contracts and the astronomical contract fee made Xia Wanqiu feel that something was wrong.

She was afraid that in order to help her get endorsement deals, Lin Fan would reach an agreement with other companies that would be disadvantageous to him.

If it was someone else, they might have signed the contract for 120 million without even blinking.

Xia Wanqiu did not.

She was more concerned about Lin Fan.

Lin Fan held Xia Wanqiu’s hand and said softly, “Actually, it’s not difficult to negotiate. After all, you’re so pretty, so good looking, and so popular. It’s only right for you to earn 60 million a year. I’ve been negotiating with them for two days and two nights. It’s quite tiring, but we’ve finally reached an agreement.”

Lin Fan explained. He couldn't say that he had the system and had suddenly become a major shareholder of the two companies. Xia Wanqiu wouldn't believe him even if he said that. Furthermore, Lin Fan couldn't explain it properly.

For the past two days, Lin Fan hadn't slept well. On one hand, he was writing new scripts at home or playing games. On the other hand, he was still planning how to give Xia Wanqiu a surprise on her birthday.

Therefore, Lin Fan's mental state wasn't that good. It looked like he had really been negotiating for a long time.

Xia Wanqiu looked at Lin Fan and let him hold her hand. She asked softly, "You didn't suffer, right? If they dare to make any excessive requests of you, I won't sign the contract with them."

Lin Fan shook his head and held Xia Wanqiu's other hand.

Although they weren't together yet, Lin Fan would still hold Xia Wanqiu's hands.

With his wife in front of him, no matter how calm Lin Fan was, he couldn't help it.

"Of course not. Don't worry, it's just right for my wife to sign these two endorsements," said Lin Fan with a smile.

"Mmm, then I'll sign them~"

"Also, who's your wife? Lin Fan, you're holding my hand too naturally. Have you held other girls' hands in the past?" Xia Wanqiu asked with a red face.

"No, of course not," said Lin Fan.

"Then hurry up and let go. Hmph, you're getting worse now." Xia Wanqiu's cheeks were slightly red as she lowered her head and said.

"Look at how hard I've worked. Do you have any rewards for me?" Lin Fan let go of Xia Wanqiu's hand and looked at the girl in front of him.

“What reward do you want?” Xia Wanqiu looked back, revealing her beautiful face.

“I want all the rewards,” said Lin Fan with a smile as he moved closer to Xia Wanqiu.

“I won’t give them to you~” Xia Wanqiu turned around and left, preparing to sign the contracts.

Looking at Xia Wanqiu’s blushing back view, Lin Fan was a little angry.

Damn woman, it’s fine if you don’t give it to me, but why are you so seductive?

He hadn’t gotten her yet. After he did, Lin Fan wanted Xia Wanqiu to feel the same way.

Not long after signing the contracts, Lin Fan received a transfer message on his phone.

LV and Chanel transferred the endorsement fee to Lin Fan’s bank account at the same time.

He had received 120 million just like that!

Lin Fan was shocked.

He helped Xia Wanqiu find two endorsements, but Xia Wanqiu asked LV and Chanel to transfer the money to Lin Fan’s account.

Lin Fan immediately went to Xia Wanqiu’s office.

Xia Wanqiu was sitting in her office, looking at the scenery in the distance.

Under the setting sun, she had a perfect side profile.

The warm sun shone on the girl’s body, outlining her slender figure.

She sat beside the chair and silently looked at the scenery on the horizon.

Lin Fan walked to Xia Wanqiu's side and placed a hand on her shoulder. He asked, "Why did you fill in my bank account details instead?"

Xia Wanqiu stood up and looked at Lin Fan. Her smile was enough to topple cities. "It's fine. Just safekeep the money for me. Anyway, my money will be yours in the future ~"

Lin Fan looked at Xia Wanqiu.

At this moment...

He really couldn't hold it in anymore!

Such a beautiful, obedient and cute girl who did not care about money.

Where could he find a girl like that!!

Chapter 178: I'll Marry Her Sooner or Later ~

Lin Fan was about to say something when Xu Yang, who was standing at the door, seemed to become the backdrop.

Xu Yang: "F*ck... I'm here to do something serious. How can you stuff me with dog food like this?"

Xu Yang's mentality collapsed.

How was he going to survive in the office in the future with such public displays of affection?

Lin Fan patted Xu Yang on the shoulder. "You'll get used to it."

Xu Yang looked at Lin Fan silently. "I'll leave first. I want to be alone."

After Xu Yang left, Lin Fan closed the office door.

Xia Wanqiu raised her beautiful eyes and looked at Lin Fan. "Tomorrow is a special day. I'm going to record the last episode of Keep Running."

Lin Fan knew that tomorrow was Xia Wanqiu's birthday.

He wanted to confess now but Lin Fan held back.

Tomorrow was his wife's birthday, so of course he had to give her a surprise.

Lin Fan nodded and said, "Mmm, be careful when you film variety shows."

Xia Wanqiu was mildly angry. She looked at Lin Fan. "That's all?"

Lin Fan asked, "Is there anything else?"

Xia Wanqiu was angry and turned to leave.

Tomorrow was her birthday, but Lin Fan had actually forgotten about it.

Hmph, she won't bother with Lin Fan anymore in the future.

After Xia Wanqiu left, Lin Fan smiled.

The greater the disappointment, the greater the surprise.

He had already prepared a series of plans for tomorrow.

He would go to the last episode of Keep Running, and the last episode tomorrow would be broadcast live.

This day was highly anticipated.

Lin Fan had decided.

All these years, he had never celebrated Xia Wanqiu's birthday with her.

Tomorrow was the best opportunity.

Other than celebrating her birthday with her, Lin Fan also wanted to make Xia Wanqiu his girlfriend.

In that case, they would not have to worry about scandals in the future.

From tomorrow onwards, Keep Running would be broadcast live. Lin Fan would let all the audience know that Xia Wanqiu would be his woman.

When one wooed a girl, if his relationship with her had already reached that stage, it would be very easy to woo her.

Lin Fan felt that he and Xia Wanqiu were getting closer and closer.

Faced with such a situation, of course he had to get her in one go.

The cat was so beautiful that Lin Fan didn't want to tolerate it anymore.

On the other side, Xia Wanqiu and Su Xiaoyu were sitting together. Xia Wanqiu was very disappointed and said to Su Xiaoyu, "Xiaoyu, I didn't expect him to forget my birthday."

"I thought that my status in Lin Fan's heart was very high, but I didn't expect..." Xia Wanqiu lowered her head.

Lin Fan had forgotten everything. Of course she would be disappointed.

If you don't believe me, try forgetting your wife's wedding anniversary.

Wouldn't you be beaten to death?

Xia Wanqiu had never been angry before, but this time, she was really angry.

However, Xia Wanqiu did not want to show it. She was feeling more disappointed than angry.

Did she think that she had a very high status in Lin Fan's heart?

Or had she underestimated Lin Fan's feelings for her?

Since that was the case, why did Lin Fan hold her hand and help her find endorsements?

"Sister Wanqiu, hey, don't be angry."

"Master has been very busy recently. It's normal for him to forget. Why would you think that he doesn't have you in his heart? You don't know this, but when he looks at you, his eyes light up ~" Su Xiaoyu said.

She knew what was going to happen tomorrow, but she could not tell Xia Wanqiu yet.

She knew all the preparations Lin Fan had made, but she couldn't let Xia Wanqiu know in advance.

These were all surprises that Lin Fan had prepared for her.

"Hmph, someone even reserved the crystal restaurant for their birthday. The entire Shanghai knows that someone reserved the crystal restaurant. I don't have anything," Xia Wanqiu said softly, a little envious.

Some time ago, someone had booked the Crystal Restaurant.

At that time, it was even trending on Weibo.

On the day of her birthday, someone had booked the entire Crystal Restaurant.

But she knew that Lin Fan could never do such a romantic thing.

She was just testing Lin Fan, but he had even forgotten her birthday.

“Xiaoyu, don’t comfort me anymore.”

“I roughly know my position in his heart,” Xia Wanqiu said and stood up. She no longer looked as cute as usual and looked a little depressed.

Su Xiaoyu hurriedly followed and held Xia Wanqiu’s arm. “Alright, alright. Sister Wanqiu, don’t be angry. In Master’s eyes, you’re a great beauty. When judging a man, don’t look at what he says, look at what he does.”

Su Xiaoyu’s words hit Xia Wanqiu’s heart.

Xia Wanqiu nodded.

She had already decided.

If Lin Fan didn’t look for her tomorrow,

She would bite Lin Fan every day!

Seeing that Xia Wanqiu was no longer angry, Su Xiaoyu touched her chest and sighed.

Luckily, she was smart. Otherwise, Sister Wanqiu would really be angry.

Seeing how hardworking she was, she had to ask her master for some benefits in the future.

....

That night.

Lin Fan drove the Bugatti La Voiture Noire along the roads of Shanghai.

After Lin Fan decided to woo Xia Wanqiu, he immediately made a very important decision.

It was not enough to just woo her.

Lin Fan still wanted to propose.

In that case, the cat would be his in the future and would never be able to escape.

The progress from girlfriend to fiancée had to be fast.

Lin Fan's Bugatti formed a beautiful scenery on the roads of Shanghai.

"Ah ah ah, sports car, Bugatti!!"

"What brand of Bugatti is this? It looks like it's worth millions."

"You don't understand. This is a limited edition Bugatti, the Bugatti La Voiture Noire. It's worth hundreds of millions!"

"I suddenly remember. There seems to be only one person who has this sports car, and that's Lin Fan!"

"Wow, Lin Fan drove out in a sports car. Lin Fan is a big star, the super handsome kind!"

"Lin Fan, Lin Fan, Lin Fan!!!"

Along the way, many girls were screaming.

However, on Shanghai roads, there were only a few people who could recognize the Bugatti La Voiture Noire.

Lin Fan kept a low profile.

Lin Fan parked the car at the entrance of a jewelry shop. It was a very high-end jewelry shop in Shanghai.

When Lin Fan walked in, many of the shop assistants' eyes lit up and they were a little excited.

This was... the superstar, Lin Fan!

Lin Fan was way too handsome.

There was a sports car worth hundreds of millions parked at the entrance.

The girls were already a little infatuated.

However, they were staff from a high-end jewelry shop and had good manners. They didn't show anything and walked to Lin Fan's side politely.

"Mr. Lin, welcome. Do you want to buy a diamond ring and necklace? We have many high-end jewelry brands here that are very suitable for your girlfriend." The waitress smiled sweetly.

When he walked into higher-end jewelry shops, the service attitude was indeed very good.

Lin Fan smiled. He could already imagine how Xia Wanqiu would look like tomorrow.

Necklaces and diamond rings could be used at any time.

Anyway, he would marry her sooner or later.

Chapter 179: Today, I'll Confess!

"Mmm, recommend me a few." Lin Fan smiled.

"This necklace is from Bulgari. Bulgari started in Italy in 1884. It's a world-renowned high-end jewelry brand. The jewelry under it is famous for its bold design and colorful colors. It's very suitable for girls to wear. Mr. Lin, if your girlfriend wears this necklace, she will definitely be very beautiful," the waitress said with a smile.

As for who Lin Fan's girlfriend was, these service staff wouldn't ask.

These were all Lin Fan's private matters.

"Mmm, let me see. This one is not bad. I'll take it. How much is it?" Lin Fan asked.

"This Bulgari necklace is worth 138,000 yuan. Mr. Lin, you have good taste. Your girlfriend must be very happy to have you as her boyfriend." The female service staff smiled.

"I'll buy it. Wrap it up."

"Let me look at diamond rings... Hmm, how about this one?" Lin Fan asked. He looked at a diamond ring. It was sparkling and very attractive.

"Mr. Lin, how can your taste be so good? This diamond ring is the treasure of our shop. Its full name is Van Cleef & Arpels Bonheur Wedding Ring."

"This diamond ring has a very deep meaning. Bonheur symbolizes a love that is as strong and eternal as a diamond. The embedding method of the Bonheur ring is specially dedicated to those who love the exquisite workmanship and quality of Van Cleef & Arpels. The classic simplicity is presented by the Bonheur ring. The hollowed-out design on the base of the diamond can allow more light to reflect the glimmer of the diamond. It is also complemented by four base frames elegantly inlaid with gems to bring out the glimmer of the diamond," the female staff said.

"The price of this diamond ring is 348,000. Do you think it's acceptable?" the female staff asked.

"Wrap it up. I'll swipe my card," said Lin Fan with a smile. He was in a good mood today and didn't want to bargain anymore. The necklace and diamond ring added up to less than 500,000.

Lin Fan didn't want to haggle over the diamond ring. It was prepared for his wife.

It was fine to spend a little more money. Even if he lost money, he wouldn't lose much.

Furthermore, in high-end jewelry shops, he normally wouldn't be cheated. Lin Fan was not worried about that.

“Alright, Mr. Lin. You’re already a member of our jewelry shop. I’ll give you a 10% discount. Thank you for your purchase.”

“I wish you success in your proposal and a lifetime of happiness with your girlfriend.” The female staff smiled brightly and wrapped everything up for Lin Fan.

“Thank you.” Lin Fan nodded.

It was not enough to be happy with Xia Wanqiu forever.

He still had to have a few more babies with her.

He had no choice. He was so handsome and Xia Wanqiu was so beautiful. The children they had would definitely be national beauties or handsome hunks.

However, Lin Fan still liked daughters more. After all, daughters were their father’s lovers in his previous life. If he had a son, the son would be fighting with him for his wife.

If he didn’t want to be a celebrity anymore in the future, he could stay at home and enjoy life. With such a beautiful wife and a cute daughter, his life would be very blissful.

There was a prerequisite for having such a good life.

He had to succeed in his confession tomorrow!

At least he had to make her his girlfriend first.

He could slowly plan his proposal afterwards.

However, Lin Fan might not be able to hold it in and directly propose to Xia Wanqiu.

Wouldn’t it be better for her to become his wife rather than his girlfriend?

Unknowingly, the next day arrived.

Today was Xia Wanqiu's birthday.

Xia Wanqiu had already gone out to film the last episode of "Keep Running" during the day.

At night, Keep Running would be broadcast live.

At the same time, Lin Fan's phone rang.

"Brother Fan, I'm the director of Keep Running, Lin Hong. We'll probably be near the Crystal Restaurant at 21.30 tonight."

"At that time, we will do a live broadcast on the Internet to celebrate Xia Wanqiu's birthday. You've already booked out the entire Crystal Restaurant, but you have to go to the Crystal Restaurant in advance and give Xia Wanqiu a surprise," Lin Hong said.

"No problem, but don't let her know first." Lin Fan smiled.

"Alright, Brother Fan. I understand." Lin Hong nodded.

After all, this was Xia Wanqiu's birthday. To her, it was especially important.

However, this live broadcast meant that Lin Fan would be at the venue to celebrate Xia Wanqiu's birthday.

At that time, it would be equivalent to announcing to everyone on television,

that he and Xia Wanqiu would get together.

Lin Fan had been looking forward to this day for a long time.

Then, Su Xiaoyu's phone rang.

“Master, have you bought the diamond ring?” Su Xiaoyu asked.

“I’ve bought everything.” Lin Fan smiled.

“Hehe, Master, you should thank me.”

“As long as you can celebrate Sister Wanqiu’s birthday tonight and take out the diamond ring, let alone make her your girlfriend, even if you propose to her, you will definitely succeed ~” Su Xiaoyu giggled.

“You smart little thing, tell me what you want. I can’t let you help me for nothing,” said Lin Fan with a smile.

Su Xiaoyu blinked and said on the phone, “Master, I want to eat a feast from you. I’ll be satisfied if I can eat your feast.”

Lin Fan thought for a moment. “Do you want me to help you find a few endorsements that can earn you a lot of money too?”

Su Xiaoyu stuck out her tongue and shook her head. “Master, I don’t lack money. My dad said that if anyone becomes my boyfriend in the future, my dad will give them a dowry of one billion yuan. The man won’t have to pay a single cent for the betrothal gift ~”

Lin Fan:” ...”

He thought that he was already a rich man.

He did not expect himself to be so different from real rich people.

Anyone who could marry Su Xiaoyu in the future would be too happy.

Most importantly, the Su family was a big family, and Su Xiaoyu’s father did not have any requirements for the man’s family.

It was worth mentioning that in this world, Su Xiaoyu's father's wealth had already surpassed Bill Gates' and he had become the richest man in the world!

No matter how rich the man's family was, they could not compare to Su Xiaoyu's family.

If a guy could marry Su Xiaoyu, not only would he have a cute beauty as his wife, but this beauty often licked bananas and cucumbers. Hence, this boy would be extremely happy after marriage.

This boy could probably understand how the bananas and cucumbers felt.

Furthermore, Su Xiaoyu's family would give him a dowry of one billion yuan.

Anyone else would be f*cking tempted.

Except Lin Fan.

Lin Fan sighed. Poor Xu Yang. It would be great if he could find a girlfriend like Su Xiaoyu.

In the end, Xu Yang seemed to have gotten together with Lin Jingjing. That was not bad too.

As for who Su Xiaoyu would marry in the future, it seemed quite troublesome.

Lin Fan shook his head. This wasn't something he had to consider.

Lin Fan had seen the news before. It was said that the daughter of a tycoon in an African country was super rich. However, this daughter was quite fat, the kind that could crush people if she sat on them.

This tycoon would give tens of millions to whoever married his daughter.

They would give quite a lot of money, but the guy's married life would be a little painful.

Ordinary boys could not withstand it.

Seeing this, Lin Fan felt that Su Xiaoyu might not be able to get married.

Su Xiaoyu's family was too rich. Who would dare to marry her? If he hurt her at night, her father would probably chase after him and chop him up the next day.

Unknowingly,

It was already six in the evening. Lin Fan drove the Bugatti and set off!

Tonight, he would celebrate Xia Wanqiu's birthday with her.

He would give her a unique surprise in the Crystal Restaurant.

Lin Fan had prepared for this day for too long.

Finally, this day had come!

He and Xia Wanqiu had known each other for many years.

And today,

Lin Fan would officially take that step.

He would spend the rest of his life with her and only her!
