

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 195-199

Chapter 195: Xia Wanqiu's Private Photo. Lin Fan Is Too Blissful

When he heard Xia Wanqiu's father say this, Lin Fan's heart was as clear as a mirror and he immediately understood.

He would not be judged on whether he could earn money.

This was because in Xia Wanqiu's father's eyes, no matter how much Lin Fan earned, his ceiling as an ordinary celebrity was limited.

Even if he filmed ten television dramas a year and each of them earned him tens of millions. It would only add up to a few hundred million.

In reality, he could not film ten television dramas in a year.

However, a big boss with tens of billions of assets could easily earn hundreds of millions a year.

In the eyes of a true big boss, a mere 100 million was a small goal.

Some big shots were not interested in money at all.

Look, were these things that a human could say?

Since ancient times, one could judge a person's capability by their ability to earn money.

Just like the college entrance examination results, this was the standard for the officials to judge countless students.

The more money one earned, the better his living conditions would be.

As for character, Lin Fan believed in himself.

The cat liked him because of his inner self.

To be able to obtain Xia Wanqiu's father's approval, Lin Fan had to be ambitious. He couldn't live like a salted fish collecting rent.

At the end of the day, he still had to earn money.

Think about it. If you said that you were an executive of QQ and earned 20 million a year when you went to see your father-in-law in the future, would the effect be the same as saying that you were carrying bricks at a construction site?

After thinking for a few seconds, Lin Fan said on the phone, "Uncle Xia, don't worry. I'll definitely work hard to improve myself and film more outstanding works. With me around, no one in the entertainment industry will be able to bully Wanqiu. I'll use everything I have to protect her."

This was the attitude Lin Fan had to display.

Hearing Lin Fan say that, Xia Wanqiu smiled.

With Lin Fan around, she was really at ease.

This was a happiness that came from the bottom of her heart.

When she was with the person she liked, she felt fearless.

Xia Wanqiu's father said, "Everyone will say that. What I want to see is action. Lin Fan, I hope that half a year later, you won't disappoint me. Otherwise, no matter how much Wanqiu likes you, I will make her break up with you."

Lin Fan smiled calmly. "Don't worry, Uncle Xia. Let's meet again in half a year. I heard that you know how to play Chinese chess. Coincidentally, I know a little too."

Xia Wanqiu's father laughed and said, "That's good. In half a year, come and play a game of Chinese chess with me. If you can win against me, I'll allow you to marry Wanqiu."

When Xia Wanqiu heard this, she was angry. "Dad, is this how you sell your daughter?"

Initially, Lin Fan and Xia Wanqiu's father were quite serious. He even wanted to test Lin Fan half a year later.

However, when it came to Chinese chess, Xia Wanqiu's father immediately changed.

No assessment could compare to winning a game of Chinese chess against Xia Wanqiu's father.

After Xia Wanqiu's father heard that, he said, "Qiuqiu, you're the one who likes him. Why are you saying that I sold my daughter? Now, someone has finally accepted my daughter. I hope that he can perform better in half a year. Don't disappoint me. I don't have high expectations for my future son-in-law. He just needs to play 300 rounds of Chinese chess with me."

When Xia Wanqiu heard that, she was even angrier. "Fierce! I'm not talking to you anymore. How can you bully Lin Fan like that?"

Xia Wanqiu's father frowned. "Qiuqiu, you're wrong. How can this be called bullying him?"

Xia Wanqiu said aggrievedly, "You're already playing Chinese chess with each other, and you still say that you won't bully him. You just want your daughter to be unable to get married."

Xia Wanqiu's father continued, "My daughter hasn't even gotten married yet and she's already on Lin Fan's side. What will happen if she gets married in the future?"

"Alright, alright. I still have something to do. I'll hang up first."

"By the way, hurry up and film the second season of Joy of Life and the next seasons of the Legend of Sword and Fairy. I'm still waiting to watch dramas." After Xia Wanqiu's father said that, he hung up.

Xia Wanqiu looked at Lin Fan and lowered her head. "In the future, I might not be able to marry you. My dad is super good at Chinese chess. He's at the Professional Rank 9 and equivalent to a professional Chinese chess player."

Lin Fan smiled brightly and held Xia Wanqiu's hand. "Don't be afraid. I can also learn Chinese chess. When the time comes, I'll fight your father for 300 rounds."

Xia Wanqiu's beautiful eyes lit up. She looked at Lin Fan and nodded gently.

How could she not know her father?

As long as she could bring him home, it meant that he had won.

Lin Fan's performance wasn't too bad. Her father would agree no matter what.

Lin Fan heaved a sigh of relief.

At first, he really thought that Xia Wanqiu's father wanted them to break up.

Xia Wanqiu's father was not a bad person.

Lin Fan had already decided that no matter what, he had to continue improving in the entertainment industry.

First, it was for his wife and the assessment half a year later.

Secondly, Lin Fan had so many viewers who wanted to see the second season of "Joy of Life" and the sequels to "The Legend of Sword and Fairy".

He was also responsible for the audience.

Most importantly, it was a pleasure to be able to film with Xia Wanqiu.

If he left the entertainment industry and became a big boss who collected rent and slacked peacefully, who would Xia Wanqiu film a kissing scene with in the future? Who would she film a relationship scene with?

With someone else? Of course not.

How could Lin Fan tolerate his cat filming a relationship scene with someone else and saying that she liked him?

“Lin Fan, we might not be able to see each other again this month,” Xia Wanqiu looked at Lin Fan and said.

“Why?” Lin Fan asked.

“I’m going to shoot an endorsement deal. I still have to fly to Paris. Chanel and LV asked me to shoot an endorsement deal with them. My photos will appear in various cities around the world, so it’ll take a long time to shoot. This event is very big,” Xia Wanqiu said.

“Then I won’t be able to see you for a long time,” said Lin Fan.

He helped Xia Wanqiu find a few endorsements. What kind of companies were LV and Chanel? Endorsement deals did not just entail taking a few photos.

Xia Wanqiu would appear in various magazines, newspapers, the Internet, as well as LV and Chanel products.

LV’s products were not only bags, and Chanel’s products were not just perfume. The two luxury companies were targeted at many industries, such as handbags, travel goods, small leather tools, accessories, shoes, ready-made clothes, wristwatches, high-end jewelry, and so on.

What Xia Wanqiu had to do was to endorse all the products.

After this endorsement, Xia Wanqiu’s popularity would rise exponentially!

Therefore, in this month, she couldn’t see Lin Fan or film the second season of “Joy of Life” and the third season of “The Legend of Sword and Fairy”.

“Mmm, you can’t see me anymore,” Xia Wanqiu said.

“It’s fine. When the time comes, we’ll video call at night. I’ll send you all the photos and videos I took. You can also change the wallpaper on your computer desktop,” Xia Wanqiu said.

“Then can you take a photo of yourself wearing shorts and revealing your shoulders? I’ll set it as my desktop wallpaper.” Lin Fan leaned forward and asked. After all, he couldn’t get enough of his wife. He wasn’t a pervert. Wasn’t it normal for him to be interested in his girlfriend? Lin Fan wouldn’t take another look at other girls.

“Mmm ~ Okay.” Xia Wanqiu nodded.

“I still have a lot of private photos. The kind that can’t be uploaded online. I’ll send them all to you ~”

“I have photos of myself wearing bathrobes, JK uniforms, and photos of myself in my underwear... as well as photos of myself in bikinis while swimming in my house’s pool. You can set them all as wallpapers, but I know you won’t show it to others.” Xia Wanqiu’s face was slightly red. She also knew that Lin Fan would never be stupid enough to share private photos of his girlfriend with others.

When Lin Fan heard that, he looked at Xia Wanqiu. He was a little happy but also a little pained.

In the future... how could he fall asleep at night?!

Chapter 196: I Want A Hug

With so many photos, Lin Fan felt that he couldn’t take it anymore.

It was impossible for Xia Wanqiu to spread such photos.

She would not even send them to Su Xiaoyu.

Every photo could make countless boys feel their blood boil.

These were all natural reactions of the body.

Of course, some female celebrities had these photos on the Internet, such as those of them wearing bikinis, miniskirts, hot pants, suspenders, and so on.

However, Xia Wanqiu did not have any such photos of her on the Internet.

When she participated in variety shows, she would never wear shorts. The shortest pants she wore were those that were close to her knees.

She wouldn't wear short skirts when she went out.

When participating in endorsements, Xia Wanqiu would not wear such short clothes, much less revealing ones.

When she went out to participate in events, Xia Wanqiu dressed very appropriately.

It was too difficult to see other photos of her.

Even Lin Fan only had one photo and he set it as his wallpaper.

Lin Fan guessed that after he saw it, he might not be able to sleep.

His wife was so beautiful and had so many photos. How could he go to sleep?

If he downloaded a special app online and took a few more glances, ordinary people would not be interested.

However, such photos of Xia Wanqiu would give Lin Fan a huge visual impact.

And hazy beauty was the most beautiful.

If it was all revealed, it would not be so beautiful.

Most importantly, when he looked at the special software, he didn't like the women inside.

However, he had a devastatingly beautiful girlfriend who he liked very much. This was completely incomparable.

Xia Wanqiu handed her phone to Lin Fan. "Here ~ Transfer the photos yourself. They're all in my photo album. Send them to your WeChat. You can check on me too if you want. You can check my text messages, WeChat chat records, and call logs~"

Xia Wanqiu smiled brightly. Her eyes were pure and flawless as she looked at Lin Fan.

Such an innocent girl had no qualms about letting Lin Fan check her phone.

How could he have such a self-aware girlfriend? Lin Fan held her phone and smiled.

There were indeed many photos in Xia Wanqiu's phone album. Lin Fan wasn't stingy. All of Xia Wanqiu's beautiful photos were sent to his WeChat.

While screening the photos, Lin Fan realized that there were usually only two types of photos in Xia Wanqiu's photo album.

There were photos of cute cats, her selfies, and a few secretly taken photos of Lin Fan.

The photo on Xia Wanqiu's phone screen was of a cat raised in Lin Fan's villa.

Lin Fan looked at Xia Wanqiu's WeChat.

After opening WeChat, many boys were looking for Xia Wanqiu.

There was someone from the company and also a male actor who had worked with her in other scenes.

They were all colleagues, so it was no big deal to add each other on WeChat.

Lin Fan looked at it briefly. He discovered that only when these people were looking for Xia Wanqiu for serious matters would she reply.

Without exception, the replies were short, polite, and distant.

Xia Wanqiu liked to send “~ ~ ~” on WeChat, as well as “Meow, meow ~ ~” and “Fierce!” These had already become her catchphrases.

There were always readers who said that Xia Wanqiu only knew how to say these few phrases. She was only like this in front of Lin Fan. In front of the boy she liked, Xia Wanqiu always had this side to her.

In other words, girls could moan, but only your girlfriend or wife would show you this side of them.

But Xia Wanqiu had never sent these words to any boy other than Lin Fan.

Every morning, several male celebrities would send Xia Wanqiu [Morning], but she never replied.

She could choose whether or not to reply to WeChat messages. Other times, Xia Wanqiu would say that she was very busy and would not chat with these boys.

But there was a difference for one person.

That was Lin Fan.

When Lin Fan sent her messages, as long as she saw them, she would reply instantly.

And there would be many cute emojis.

Lin Fan also saw the nickname Xia Wanqiu had given him. "Lin ~"

Lin Fan felt that his wife was too sweet.

He had such a beautiful girlfriend who was so innocent, cute, gentle, and considerate.

Indeed, he would only be treated differently in front of her.

After sending the photos, Lin Fan returned the phone to Xia Wanqiu.

At this thought, Lin Fan took out his phone and smiled. "You can check as well."

Xia Wanqiu shook her head and made a cute gesture like a cat. "I'm not checking. I believe you ~"

Looking at such a girl, Lin Fan put his phone away.

Lin Fan walked forward and hugged Xia Wanqiu's slender waist tightly.

"Whoever marries you must have saved the entire world in his previous life," said Lin Fan with a smile.

"How can you praise yourself like that? Why don't you say that you saved the entire Milky Way in your previous life?" Xia Wanqiu giggled.

"I'm just an ordinary girl. I'm not that sacred. Are you done hugging me? It's time to work." Xia Wanqiu smiled sweetly. She had never felt that she was special.

"There's never enough hugs," said Lin Fan.

"Here, hug me for three more seconds. After three seconds, go home ~" Xia Wanqiu said gently.

Three seconds later, Lin Fan let go of Xia Wanqiu and held her hand as they walked out of the office.

The two managers Yang Qing and Lin Qianwei had been waiting outside for a long time.

Many people in the company saw Lin Fan and Xia Wanqiu holding hands and were envious.

Lin Fan had such a beautiful girlfriend. Who wouldn't be envious of him?

After leaving, Lin Fan spent the night alone in the villa.

The next day, Lin Fan drove the Koenigsegg One to the airport early.

He knew that Xia Wanqiu's flight was today. She would definitely come.

Today, Xia Wanqiu was going to Europe to participate in the endorsement shoot for Chanel and LV.

When they arrived at the airport, Lin Fan waited at the entrance.

Not long after, Xia Wanqiu arrived at the airport.

When she saw Lin Fan, Xia Wanqiu's eyes lit up. Lin Fan was actually waiting for her here.

Around the airport, many fans saw Lin Fan and Xia Wanqiu.

All the fans immediately took out their phones to take photos. Seeing the two of them together, many fans were hit with the sweetness of their relationship.

“Lin Fan is so handsome, so handsome!!”

“Lin Fan and Xia Wanqiu are appearing together again. They're so sweet.”

“Xia Wanqiu is leaving for Europe to participate in an endorsement event today. Lin Fan is here to send Xia Wanqiu off today. Wow, they look so happy.”

All sorts of fans surrounded Lin Fan and Xia Wanqiu. Of course, Xia Wanqiu had many bodyguards who followed her when she went out.

“I won't be able to see you for a month. Take good care of yourself in Europe,” said Lin Fan with a smile.

“You still have my photos~” Xia Wanqiu said gently.

After chatting for a while, it was finally time to part ways.

Lin Fan still couldn't bear to part with Xia Wanqiu. This time, she had to work and was very busy. Even if Lin Fan went to Europe with her, she wouldn't have time to accompany him.

“Lin Fan...” Xia Wanqiu looked back at Lin Fan.

Yang Qing, the security guards, and the others were all waiting for Xia Wanqiu.

“Huh?” Lin Fan looked at Xia Wanqiu’s back view and smiled brightly.

“I want a hug~” Xia Wanqiu blushed and opened her arms, reluctant to leave Lin Fan.

Looking at such a girl, Lin Fan took a step forward and hugged her slender waist.

In front of many fans at the airport, even if someone was taking photos or recording, Lin Fan still hugged Xia Wanqiu.

After hugging her, Lin Fan looked at the shy girl in his arms and gently kissed her forehead.

The world seemed to freeze at this scene!

Chapter 197: A Major Shareholder of the Bugatti Corporation, Alarming the European higher-ups

“I’m off~” Xia Wanqiu smiled lightly. There was a hint of redness on her face, but she was enjoying this period of time.

“Mmm, go ahead.” Lin Fan gently rubbed Xia Wanqiu’s head.

Yang Qing also smiled.

Such love was really wonderful.

Although Lin Fan and Xia Wanqiu were both very young, the relationship between the two of them made Yang Qing envious.

“Sister Yang, I’ll leave Wanqiu in your care for this month.” Lin Fan smiled brightly and looked at Yang Qing.

“Don’t worry, Qiuqiu will be fine,” Yang Qing said with a smile.

After watching Xia Wanqiu leave, the surrounding fans erupted into cheers.

“There’s so much love...”

“I knew it. Lin Fan and Xia Wanqiu are the most compatible with each other.”

“Lin Fan is so handsome and nice. He’s my Prince Charming!”

“Lin Fan, can I take a photo with you? Can I get your autograph?”

The fans were very enthusiastic, but Lin Fan didn’t stay here for long. Otherwise, he would block the traffic at the airport.

After walking out of the airport, Lin Fan drove the Koenigsegg One home.

Looking at Xia Wanqiu’s photo, Lin Fan didn’t know how to spend this month.

When Xia Wanqiu was around, Lin Fan could still hold her hand, hug her, and kiss her.

Now that Xia Wanqiu had gone overseas to work, Lin Fan could only look at her photos and endure for a month.

However, since Xia Wanqiu was going to work, Lin Fan could write scripts seriously.

When Xia Wanqiu returned from work, Lin Fan could film the second season of “Joy of Life” and the third season of “The Legend of Sword and Fairy” with her.

Lin Fan had already written the script for the second season of “The Legend of Sword and Fairy”. However, the second season wasn’t suitable for television dramas and was only suitable for adaptation into a game.

However, the development time of the game was very slow. Even the game “The Legend of Sword and Fairy” had not been released yet, let alone “The Legend of Sword and Fairy 2”.

For the entire day, Lin Fan was seriously writing scripts.

At night, Lin Fan turned on his phone but didn't see Xia Wanqiu's WeChat message.

Just as Lin Fan was about to shower and sleep, the system's sound sounded.

"Ding... Congratulations Master for completing the mission to woo Xia Wanqiu."

"Master's life has changed because of a girl. Therefore, this system has automatically changed from a system for experiencing life to a system for enjoying life."

"The rules for signing in have also changed. You can choose to sign in once every two weeks. After signing in, the system will enter cooldown mode. However, what I can confirm is that the system will always give you good things and you won't be able to sign in and receive mineral water and coke."

"For every mission given by the system, if Master completes it, it will change your life greatly."

"The next mission: Marry Xia Wanqiu. If you complete the mission, the system will undergo the final upgrade."

"Master, do you want to sign in?"

Lin Fan immediately nodded. "Sign in."

"Ding... Signed in successfully. Congratulations Master for obtaining an epic-level gift bag!"

"Gift bag opened. Congratulations Master for obtaining 13% of the Bugatti Corporation's shares and officially becoming the third-largest shareholder of the Bugatti Corporation!"

"Note: This world is a parallel world. The Bugatti Corporation is a very large listed company with a market value of tens of billions. If one obtained 13% of the Bugatti Corporation's shares, they could receive a considerable amount of dividends every year."

"Note: Due to the uniqueness of the industry Bugatti is in, the profits might not be as much as the profits brought by other luxury goods. But in Europe, it represents a kind of status. There are very few people who can obtain the shares of the Bugatti Corporation."

...

When Lin Fan found out that he had become a major shareholder of the Bugatti Corporation, his eyes lit up.

Bugatti was one of the top luxury brands in the world. Furthermore, they developed top sports cars and enjoyed a very good reputation worldwide.

It was an honor to be able to become a shareholder of this company!

As one of the top sports car companies in the world, the Bugatti Corporation had a powerful team, outstanding designers, and research and development masters. Their industries were spread all over the world, and their annual profits were very considerable.

Lin Fan's Bugatti La Voiture Noire had been damaged in a car accident a few days ago.

Lin Fan hadn't gone to repair it yet. Unexpectedly, he had become one of the major shareholders of the Bugatti Corporation so quickly.

In that case, he could earn a lot of money in the future.

The current Lin Fan had become a major shareholder of Chanel, LV, and Bugatti among the top luxury brands.

In the Bugatti Corporation, even if he became the third-largest shareholder, he would still be quite valued!

Immediately, the news that the third-largest shareholder of the Bugatti Corporation had been replaced spread throughout the entire upper echelons of the company.

"Oh my god, the third-largest shareholder of our company has actually retired. A young man has become the third-largest shareholder of our company. His name is Lin Fan!"

"Oh my god, Lin Fan is the third-largest shareholder of our company? I know the name Lin Fan. He's a VIP of Bugatti. Some time ago, the limited-edition Bugatti La Voiture Noire designed by the company was under Mr. Lin Fan's name."

“I saw the news a few days ago. Mr. Lin Fan got into a car accident to save someone. The Bugatti La Voiture Noire was damaged.”

“I didn’t expect Mr. Lin Fan to become a major shareholder of our company in just a few days!”

“No, you can’t call him Mr. Lin Fan anymore. You should call him Boss Lin. Boss Lin is too rich. If you want to become a shareholder of our company, not only do you need strength, you also need experience and background. I’m afraid Lin Fan’s background isn’t that simple.”

“I’ve found out a secret. Only the top executives of the company know about it. That is... Boss Lin is not only a major shareholder of our company, but also the second-largest shareholder of Chanel and LV!”

“Oh my god, how can Boss Lin be so awesome?”

“Why do you think Boss Lin became a major shareholder of our company? For Boss Lin to be able to become a major shareholder of LV and Chanel, it means that Boss Lin’s financial resources and background cannot be underestimated. He became a shareholder of our company because the Bugatti La Voiture Noire was damaged previously. Boss Lin might want a new Bugatti sports car.”

“Quick, immediately call the company’s top designer to design a limited-edition Bugatti sports car for Boss Lin!”

“Also, contact Boss Lin immediately. Our company wants to customize a real luxury sports car for Boss Lin!”

Instantly, Lin Fan became a major shareholder of the Bugatti Corporation. The entire company was shocked.

They knew that Lin Fan was a big boss who didn’t lack money and knew his status.

It was because of this that the Bugatti Corporation wouldn’t neglect Lin Fan.

The current Lin Fan had an absolutely extraordinary status in the Bugatti Corporation!

Before they could contact Lin Fan, the Bugatti Corporation was already prepared to design a brand new sports car for him.

In their opinion, it was their honor to design a sports car for Lin Fan!

After Lin Fan became a major shareholder of Bugatti, as the top CEOs of the top luxury brands, the bosses of LV and Chanel knew some private information. The two big bosses looked at each other.

“Boss Lin, this is too scary...”

“D*mn, he took over the shares of the Bugatti Corporation so easily and even became the third-largest shareholder of the company.”

“I don’t know why, but I suddenly feel like I’m worshipping Boss Lin. Boss Lin’s girlfriend, Xia Wanqiu, has already come to Europe. We have to receive her with the highest etiquette. Of course, we can’t let Xia Wanqiu know about Boss Lin’s background. This was specially instructed by Boss Lin.”

“The entire company has to keep this strictly confidential. Not only do we have to be respectful to Ms. Xia Wanqiu, but we also have to keep Boss Lin’s secret. On the other hand, our company has to protect Ms. Xia Wanqiu’s safety. She’s Boss Lin’s girlfriend and will be Boss Lin’s future wife!”

Chapter 198: Bugatti’s Sincerity, Giving Lin Fan a sports car worth hundreds of millions!

The entire Bugatti Corporation was shocked.

To be able to become the third-largest shareholder of the Bugatti Corporation, he had an absolutely extraordinary status.

The largest shareholder of the Bugatti Corporation rarely bothered with company matters anymore. Many of the company’s matters were handled by the company’s second-largest shareholder.

The company belonged to the big boss on the surface and he was the second-largest shareholder of the Bugatti Corporation.

And Lin Fan had become the company’s third-largest shareholder. This meant that Lin Fan was equivalent to a vice president in the company!

It was extremely difficult to become a shareholder of the Bugatti Corporation. Even if he had money, he might not be able to do it!

Bugatti was a top luxury brand. In the world, the most important thing about Bugatti was its brand. In terms of profits, it was not as high as luxury brands like LV and Chanel.

After Lin Fan became a shareholder of the company, he became the company's vice president.

Furthermore, Lin Fan was a Supreme VIP client of the Bugatti Corporation.

Not long after signing in for the Bugatti Corporation's shares, a call came to Lin Fan's phone.

"Hello, Boss Lin. I'm the assistant of the CEO of the Bugatti Corporation. I'm here to contact you. Can you leave your Bugatti La Voiture Noire to us? The company is willing to repair it for you for free. Although it won't be as perfect as the first time, it's still a top-notch sports car," the assistant said respectfully.

Lin Fan nodded. "Mmm, sure. Then find time to come to my house to pick up the car. I'll send you the address later."

The assistant continued, "Boss Lin, you're already equivalent to the vice president of our company. Therefore, the CEO of our company wants to meet you personally. You're also our company's supreme VIP client. It's very meaningful to our company's future development."

When Lin Fan heard that, he just smiled and said, "I'm not interested in the development of the entire company or the market prospects of Bugatti. I believe that the CEO of the company can do this very well. If the CEO wants to see me, he's welcome to come to Shanghai anytime."

The assistant smiled and said, "Boss Lin, I understand what you mean. You're the vice president of our company and also our company's VIP customer. According to the boss, he knows that you like sports cars, so the company is willing to hire the best designer to specially design a limited edition sports car for you. Do you have any special requirements and settings? You can send them to us in detail."

Lin Fan pondered and said, "A sports car is indeed pretty good. I don't need any special requirements or settings. I just need to increase the safety of the sports car. As for whether it's a limited edition sports car or not, it's not really important."

In Lin Fan's opinion, no matter what sports car it was, it was just a means of transportation. At most, he would be able to show off when he drove it out. However, Lin Fan wasn't interested in showing off.

Showing off was something only nouveau riche would do. Those who had reached Lin Fan's position were already immune to these things.

However, with a top Bugatti designer personally designing the sports car, Lin Fan wouldn't reject it. It wouldn't do him any harm.

The assistant nodded and said, "Boss Lin, it will take a lot of time to repair your previous Bugatti La Voiture Noire because many of the accessories are already out of production and have to be produced again. The company's designer just designed a top Bugatti sports car some time ago. It was originally only a concept car and would not be released. I think this sports car is most suitable for you."

"This sports car is called the Bugatti Veyron Ettore Bugatti. It's worth 223 million yuan. It's the only limited edition sports car in the world and I'm willing to sell it to you personally. Since you're a shareholder of the company, I'm willing to give you this car for free ~" the assistant said with a smile.

In other words, this sports car was specially designed for Lin Fan.

The Bugatti Veyron Ettore Bugatti was also the world's top sports car. It was the kind that was priceless. Previously, it was a concept car and wasn't sold. Today, because of Lin Fan's appearance, the entire upper echelons of the Bugatti Corporation decided to officially sell this car to Lin Fan.

Among the upper echelons of the Bugatti Corporation, what kind of status did Lin Fan have? Would he lack this 223 million?

To be able to become a major shareholder of LV and Chanel, Lin Fan's assets could no longer be measured by numbers.

In the eyes of everyone overseas, Lin Fan was now a big boss, a tycoon, and a man with an extremely strong background.

In reality, how could Lin Fan have that much money?

He didn't take on any endorsements or shoot any advertisements. The money he earned from filming television dramas also needed some time to come in. In reality, Lin Fan only had about 100 million in savings.

At the end of the day, Lin Fan wasn't as rich as his wife.

It was said that a couple had to be well-matched in terms of social status. Even if Lin Fan had the system now, he still couldn't compare to his wife.

Lin Fan nodded. "Sure, then I'm thanking the entire company here."

The assistant smiled even more sweetly. "Boss Lin, it's our entire company's honor to have you as the third-largest shareholder of Bugatti. It's also our honor to be able to design an exclusive sports car for you. Other than that, the company's top designer will also design another top sports car for you, but it might take a year or two before it can really be delivered to you."

Lin Fan smiled brightly. The Bugatti Corporation's attitude towards him was simply too good.

First, they would give him a world-renowned sports car. Then, they would do an exclusive design for him. However, this would take a long time.

The assistant continued, "Boss Lin, the Bugatti Veyron Ettore Bugatti has not been released yet, so you need to come to Paris personally to participate in the company's launch event. Only cars that have been launched will be recognized by everyone in the world. This is a process that has to be gone through. Please understand."

Lin Fan understood what the assistant meant.

To give the simplest example, for example, Apple had already developed the iPhone 12. If you already had an iPhone 12 without going through a launch event, would it be recognized by the market?

In that case, not only would people not acknowledge you, but they would also mock you for buying fake goods.

Therefore, a phone and a sports car both had to go through these procedures.

This way, the popularity of this sports car would truly rise!

Furthermore, many things required a process. The Bugatti Corporation said that if they gave this car to Lin Fan, they wouldn't be able to send it to him in the next second.

Lin Fan nodded. "Sure. Send me the details. After I'm done, I'll book a flight to Paris."

The assistant smiled and said, "Alright, I look forward to your arrival in Paris. The company will send someone to pick you up. I'll give you a little suggestion. The company's launch event is equivalent to a large-scale banquet for the top tycoons, so I suggest that you bring a beautiful female companion ~"

This was the custom of Europe. Usually, one would bring a beautiful female companion to accompany them at banquets. At such a large banquet, they could occasionally drink red wine and dance. These customs in Europe were quite good.

Lin Fan nodded. After all, the launch event would take a long time. Not only would it be pleasing to the eye to have a female companion, but most importantly, it wouldn't be too boring to have such a beautiful girl in front of him. It wouldn't be bad to chat occasionally.

Sometimes, he could even dance to music. When he met the other party's big boss, it would be very nice to have a pretty girl by his side.

Lin Fan understood these principles.

Xia Wanqiu was still working in Europe and filming endorsements. She definitely could not come.

So... where could he find a beautiful female companion?

Even if he found one, his wife would not agree!

Chapter 199: I Don't Have Much savings, Just 100 million

After receiving the detailed procedures, Lin Fan had already bought the plane tickets.

Tomorrow, he would officially set off for Paris.

However, the problem of finding a female companion was not easy to solve.

Lin Fan mainly didn't want Xia Wanqiu to be jealous.

This was something that a boyfriend had to do.

Therefore, Lin Fan would keep a distance from other girls.

He already had a girlfriend, so it was naturally most suitable for him to bring Xia Wanqiu along.

But Xia Wanqiu was very busy and Lin Fan had no choice.

At night, Lin Fan and Xia Wanqiu video called each other.

After answering the video call, a beautiful girl appeared on Lin Fan's phone screen.

Seeing Xia Wanqiu, Lin Fan was tempted.

How could Xia Wanqiu be so pretty?

If he brought her to the launch event, she would be able to beat all the women there alone.

[Xia Wanqiu: "Meow meow?"]

Lin Fan: "It's fine. My wife is too beautiful. I just want to look at you more."

[Xia Wanqiu: "I haven't seen you for a day and you're already so good at talking?"]

Lin Fan: "Are you busy? Are you tired?"

[Xia Wanqiu: "It's alright. I'm going to participate in the filming of the endorsement tomorrow. My schedule is very full. I probably won't have much time to video call you."]

Lin Fan: "No, you have to rest well first. Your health is important. If not, I'll talk to the two companies. I can't let you suffer."

[Xia Wanqiu smiled sweetly and looked at Lin Fan. "They're two top companies. Are you the big boss of the two companies?"]

Lin Fan patted his chest. "That's right, I am."

[Xia Wanqiu: "Only a pig would believe you ~ Do you miss me?"]

Lin Fan: "How can I miss you? Only a pig would miss you."

[Xia Wanqiu: "But... I miss you."]

Lin Fan: "Wife, don't say that. I can't take it anymore. How am I going to sleep later?"

[Xia Wanqiu: "Where can't you stand in anymore?"]

Lin Fan: "What do you think?!"

[Xia Wanqiu was a little shy and lowered her head. "Then you can look at those photos ~"]

Lin Fan: "Wife, I have something to tell you. I'm flying to Paris tomorrow. There's a launch event at the Bugatti Corporation's headquarters and they've invited me there. They've designed a new sports car for me, but you know how European launch events are..."

[Xia Wanqiu looked at Lin Fan and smiled. "You want to bring a female companion? Then you're afraid that I'll be jealous and angry, so you came to ask me?"]

Lin Fan: "You know that?"

[Xia Wanqiu's voice also became gentle. "I'm sorry, I can't go with you. You can find any girl to go with you. I won't be jealous or angry. Your wife... isn't such a petty person."]

After Lin Fan heard that, his heart almost melted. Xia Wanqiu had already called herself his wife.

Where in the world could he find such a good wife?

She trusted Lin Fan 100%. She wouldn't be angry no matter which girl Lin Fan choose to bring to the event.

Normally, when girls encountered such a thing, their first reaction would be to not let their boyfriends bring other girls to banquets.

But Xia Wanqiu was different. Her first reaction was to apologize.

After all, she was the most suitable person to be Lin Fan's female companion.

[Xia Wanqiu continued, "I heard that there are many beauties in Paris. I've also seen sports cars' launch events before. There are many pretty girls, so you have to bring a pretty female companion. That way, you'll have face. Let Xiaoyu accompany you. I'll contact Xiaoyu later ~"]

When Lin Fan heard that, he nodded. Su Xiaoyu was indeed the most suitable companion.

She was a dog and a foodie. Furthermore, she did not have any activities or endorsements. If she dressed up seriously, she would be a super beauty.

Most importantly, Lin Fan and Su Xiaoyu were already very familiar with each other. It was good to bring the dog along.

[Xia Wanqiu smiled and said, "Then it's decided. Paris is a little cold. Remember to wear more clothes."]

Lin Fan: "Mmm, okay. If I had known earlier, I wouldn't have helped you find two endorsements. I won't be able to see you for the next month."

[Xia Wanqiu: "When I come back, I'll give you a reward ~"]

[Xia Wanqiu: "I'm hanging up, Mua ~"]

After Xia Wanqiu made a cute gesture, she hung up the video chat.

Lin Fan was excited.

A month later, when Xia Wanqiu returned from her work, she would give him a reward.

He could not take it anymore. He really could not take it anymore.

Hence, Lin Fan looked at the many photos Xia Wanqiu had sent him.

There was a photo of Xia Wanqiu in a bathrobe. She had slender long legs, snow-white shoulders, and a perfect figure.

Lin Fan felt that it was too difficult for him.

After taking a shower, Lin Fan felt a little better.

Lying on the soft bed, Lin Fan turned on his phone.

He received more than ten messages from Su Xiaoyu.

Su Xiaoyu: "Master ~ ~ ~ I'm going to accompany you to Paris tomorrow. I received news from Sister Wanqiu. The dog will go to war and help Master establish his might!"

Su Xiaoyu: "Where's Master? Where's Master?"

Su Xiaoyu: "Dog emoticon.jpg."

....

Lin Fan: "I just took a shower."

Su Xiaoyu: "Oh, Master just took a shower. Could it be that he couldn't hold it in when he saw Sister Wanqiu's photo?"

Lin Fan: "Get lost. Children don't need to know so much."

Su Xiaoyu: "I'm not a child. My breasts are big too!"

Lin Fan: "Pack up properly. Prepare to leave for Paris tomorrow morning."

Su Xiaoyu: "Master, have you bought the tickets?"

Lin Fan: "I'll refund the tickets later. I'll let Qianwei buy the tickets. She's my manager after all. It'll be better if we go together with her."

Su Xiaoyu: "Alright ~ Good night, Master."

...

Then, Lin Fan sent a message to Lin Qianwei.

Lin Fan: "!!!"

Lin Qianwei: "I'm here. What's the matter?"

Lin Fan: "Help me buy tickets for a flight to Paris tomorrow. Buy tickets for yourself and Su Xiaoyu. I've already sent you the details. They should all be first-class seats. I've also transferred the ticket fees to you."

Lin Qianwei: "But... why did you transfer 500,000 yuan to me?"

Lin Fan: "We're flying to Paris tomorrow. The day after tomorrow, we're going to attend the launch of Bugatti's new car. So, you have to buy a few nice clothes to wear. There might not be much time left. You have to buy them tonight. I won't say much. My manager is very pretty. You can't lose to others."

Lin Qianwei: "Wow... We're going to the launch of a new Bugatti car? That's equivalent to a super-large banquet. I'll definitely complete the mission well! Brother Fan, I'll transfer the remaining money to you after buying the clothes."

Lin Fan: "No need. The extra money is your bonus. Don't ask why. I'm not short of money."

Lin Fan had assets worth hundreds of millions. Even if he didn't invest and just casually placed his money in the bank to manage his finances, he could still earn 4.5 million a year. Furthermore, Lin Fan had a lot of property. The property prices in Shanghai could rise. After a few years, the property prices might double!

Lin Fan didn't mind transferring 500,000 yuan to Lin Qianwei. After all, she was his manager. It didn't matter if he gave her a little more money.

Other than being a superstar, Lin Fan was also a true tycoon. Although 100 million yuan wasn't a lot, it was only valuable if he spent it.

After hearing Lin Fan's words, Lin Qianwei's chest heaved up and down excitedly.

Her boss, Lin Fan, was too rich.

Although she was usually busy and it was all part of her job scope, Lin Qianwei felt that it was worth it.

With such a boss, forget about making her work so hard, this 500,000 yuan was enough as a betrothal gift.

It was simply blissful to have such a good boss. She could see Lin Fan every day and could even go to Paris with him to attend high-level banquets. She could even receive bonuses. She didn't know how beautiful such a life was.

Most importantly, her brother had enough money to go to school now.

Lin Qianwei: "Thank you, Boss ~ ~ Boss. If you're single, I'll definitely woo you!"

Lin Fan also knew that Lin Qianwei was joking. "Hurry up and get lost. Take the money to buy clothes and plane tickets. We can't delay things."

Lin Qianwei: "Yes, I just want to ask, Boss, how much money do you have..."

Lin Fan: "It's not much money. I only have about 100 million in savings."

Lin Qianwei: "..."

This was 100 million yuan in savings. How could ordinary people have so much money?

Even a superstar might not have so much cash.

This was because he could invest that 100 million yuan. For example, buying a house as an investment property would be a very good choice.

And Lin Fan had placed a hundred million all in his bank account. What did this mean?

This meant that Lin Fan had too many properties under him. It was so many that Lin Fan couldn't even be bothered to invest this 100 million on property.

Her boss, Lin Fan, was just rich!

Lin Fan: "Alright, you don't have to call me boss all the time. You make it sound like I'm very old."

Lin Qianwei: "Hehe, Brother Fan, thank you. My brother can go to school now. That's great."

Lin Fan: "Alright, go busy yourself. Choose the earliest flight tomorrow. Contact me after you're done."

Lin Qianwei: "Alright."

After Lin Qianwei received the news, she quickly went to work.

She knew that Lin Fan was a good person.

Lin Fan probably knew about her family's situation long ago.

Lin Qianwei was very grateful to Lin Fan and Yuehua Entertainment. If she wasn't so pretty, Yuehua wouldn't have let her be Lin Fan's manager.

Now, Lin Qianwei knew very well that her boss was not Yuehua Entertainment. She did not need to be responsible for Yuehua Entertainment, nor did she need to supervise celebrities like other managers.

Her boss was only one person, Lin Fan.

Lin Qianwei immediately bought plane tickets for the three of them. She also bought a few suitable gowns and a few beautiful clothes. Girls all loved to look pretty.

There would be so many tycoons present at the Bugatti Corporation's launch banquet. She could not embarrass her boss.

After everything was done, the next day arrived.

This day would be very important.

Lin Fan, Su Xiaoyu, and Lin Qianwei had officially set off for Paris!
