

I Signed-In For A Billion Dollar Mansion From The Very Beginning

Chapter 2: Handsome, Can I Add You On We Chat?

3

The most urgent matter at hand was to visit the villa in Blue Wave Bay.

Although he had a title deed, he still had to confirm it.

Lin Fan was lucky to have the system. He only had 50 dollars in savings. He couldn't even afford a taxi and could only ride a tricycle.

It was an ordinary tricycle that was used for grocery shopping.

Lin Fan went out and rode his tricycle to Blue Wave Bay.

15

He suppressed his excitement and rode for five hours before finally arriving at the entrance of Blue Wave Bay.

4

If it wasn't for Lin Fan's good physique and him not staying up at night, he wouldn't have been able to ride such a long distance.

1

Blue Wave Bay was one of the most upscale districts in Shanghai. Just as he reached the entrance, he was stopped by the security guards.

It wasn't because the security guards had bad taste. Lin Fan was wearing cheap clothes that cost tens of dollars and riding a tricycle. Anyone would have stopped him.

However, to Lin Fan's surprise, the security guards were too enthusiastic.

According to the usual novels, the security guards would first look down on the protagonist and chase him away. Then, they would criticize the protagonist for being poor. In the end, the protagonist would shout that change is the only constant.

But in reality, Blue Wave Bay was the richest neighborhood. The security guards here had undergone special training. Even if they were facing poor people, they would not neglect them.

6

The thing was, Lin Fan was... very handsome.

2

How could such a handsome person look like an ordinary person?

2

"Hello, please show me your door card." A tall security captain hurried over and smiled.

"Door card? I just bought a house. Is the title deed okay?" Lin Fan took out the title deed.

"Of course."

"The security department of Blue Wave Bay district welcomes Mr. Lin!" The security captain stood straight and respectfully. After looking at the title deed, his gaze turned serious.

"Welcome, Mr Lin!" The security guards quickly lined up in two rows and bowed to Lin Fan in unison.

"Mr Lin, please come in. If you need any service, feel free to bring it up. The Blue Wave Bay District has top-notch security," the security captain said.

1

After all, this was the Blue Wave Bay district. The security here surprised Lin Fan.

If it were security guards from any other place, they would have chased him away when they saw him riding on a broken tricycle and wearing street goods.

3

Without much thought, Lin Fan rode his tricycle into the district.

After walking far away, the security captain heaved a sigh of relief.

“Captain, is that person really the owner of the district? I don’t think so.”
The new security guard asked.

“Xiao Liu, remember this. The more ordinary someone is, the more you can’t underestimate them.”

8

“Do you know what happened today? The Lake Heart Villa in our district was bought by a mysterious tycoon,” the security captain said earnestly.

“Holy shit... Mr Lin is the owner of the Lake Heart Villa?”

“Many rich people want to buy the Lake Heart Villa, but the villa hasn’t been sold for two years. There’s only one Lake Heart Villa in the entire Blue Wave Bay District. Many people can’t buy it even if they have the money.”

“My goodness, Mr Lin is too low-profile.”

1

“Wearing street goods and riding a tricycle to the Blue Wave Bay district. Is this the world of the rich?”

1

Even the trained security guards were shocked.

Lin Fan was the owner of the most luxurious villa in the entire Blue Wave Bay district, Lake Heart Villa!

The rarer something was, the more valuable it was. There was only one Lake Heart Villa in the Blue Wave Bay district, which meant that it could rise in value in the future.

6

This was also the reason why many tycoons wanted to buy the Lake Heart Villa. In a few years, the value of the villa would double!

He had just entered the district. Compared to those luxury cars, Lin Fan's tricycle was too different from the norm.

In less than a moment, he had attracted the attention of many girls.

"Wow, look, there's a handsome guy riding a tricycle there."

4

"I love it, I love it. I didn't know anyone could look so cool while riding a tricycle."

17

"That handsome guy seems to be the new owner of our neighborhood. I've never seen him before."

1

"What's his name? I feel like I'm in love."

"..."

Lin Fan was already used to being surrounded by people. He was handsome so he had no choice but to accept it.

3

When he walked into the Blue Wave Bay district, Lin Fan was stunned.

Blue Wave Bay District was a high-end district in Shanghai. The environment in the district, vegetation, and air were already extremely good.

The scenery around him was beautiful. Multicolored light filled the sky and the setting sun shone on the lake. It was beautiful beyond words.

1

He first passed through a few dozen high-level districts before seeing the villa district.

Walking further in, he entered the villa district.

2

Village-style exquisite villas were scattered among the verdant trees. It seemed to be far away from all the hustle and bustle of the city.

Here, a high-rise house cost 20 to 30 million yuan.

And the price of a villa was more than 100 million!

There were a total of ten small islands in the district. The roads were connected, and there were black marble floors and white light red tiles. The ten villas were scattered around the small island in succession.

Among them, the most luxurious was the Lake Heart Villa.

1

In terms of size, location, and renovation, it was far superior to any other villa.

1

The balcony of the Lake Heart Villa was very big, and the sea view in the distance could be seen clearly.

In front of the villa was a huge lawn with a swimming pool at the back. On the right side of the villa was a parking lot surrounded by flowers and plants.

As far as the eye could see, there were many girls in bikinis by the lake. Under the setting sun, they looked like a landscape painting.

The moment Lin Fan entered the villa, a pretty girl was already waiting there.

Xia Ranran, the property agent of Blue Wave Bay District.

She had long received news that the villa in the middle of the lake had been bought by a mysterious tycoon, so she was here to welcome him.

3

When Xia Ranran saw Lin Fan, if it was in the past, she would definitely not actively look for a rickshaw rider.

2

But Lin Fan's figure, looks, and aura stunned Xia Ranran.

A simple white long-sleeved shirt and a handsome face. Even though he was riding a dilapidated tricycle, he gave off a clean and carefree feeling.

4

Lin Fan's actions, face, and calm demeanor made him look like an absolute hunk.

If there was a way to describe him, it would be 'Prince Charming'.

1

Xia Ranran was stunned. He's way too handsome...

"Hello, do you know how to get around here?" Lin Fan asked as he rode his tricycle to Xia Ranran.

"Ohhh... yes."

"Handsome, may I know which house you own? I'll bring you there." Xia Ranran's cheeks heated up as she gave a standard smile, feeling a little embarrassed.

Prince Charming had actually taken the initiative to talk to her. The most important thing was that when she looked at Lin Fan up close, he was still so handsome.

1

"Here." Lin Fan took out his title deed.

"Wow..."

"So you are the owner of the Lake Heart Villa. I didn't expect you to be so young, so talented, and so different from the rest." Xia Ranran lowered her head shyly. She was already stunned.

Those who could afford the Lake Heart Villa were worth at least one billion!

She had originally thought that only those big bosses could afford such a villa, but Lin Fan was so young, so handsome, and... so rich.

6

"You flatter me." Lin Fan smiled.

When they reached the entrance of the Lake Heart Villa, Xia Ranran looked at Lin Fan's back view and blinked. "Handsome, I'll be in charge of the property management in the future, so... can I add you on WeChat?"
