

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 245-249

Chapter 245: Everyone Was Stunned. Lin Fan Was Actually Driving a 200-million-yuan sports car!

As for showing off, it was just to enjoy the feeling of being praised.

Li Long's true purpose here was to flirt with girls.

A successful man should be matched with a beautiful woman.

Li Long was already tired of looking at foreign girls.

Only girls as pretty as Xia Wanqiu and Su Xiaoyu were his type.

At that time, he and Wang Zhiwen could get one each. Wouldn't that be wonderful?

"Lin Fan and Xia Wanqiu should be here soon. Xia Wanqiu is my university classmate. No matter what difficulties she encounters, it's only right for me to help her. Lin Fan is Wanqiu's boyfriend. I can help him," said Li Long with a smile.

"I wonder what car Lin Fan is driving now. If his car isn't good enough, Xia Wanqiu will suffer," Li Long said.

"That's right. Lin Fan is a big star now. His car must be very good too."

"Lin Fan can afford to drive a car worth hundreds of thousands. However, Lin Fan has only been a superstar for three months. It's hard to say how much money he can earn. He might not even have earned a single cent."

"Nowadays, management companies bully celebrities too much. Artists without any background will most likely suffer."

Just as many girls and boys were talking to each other,

A sports car stopped at the entrance of the hotel.

There were people standing by the window of the hotel. When they saw the sports car, their eyes lit up.

“Holy sh*t...”

“This is the latest Bugatti sports car, the Bugatti Veyron Ettore Bugatti. It’s a limited-edition sports car!”

“Bugatti Veyron? This sports car is indeed not bad. Could it be Wang Zhiwen’s car?”

“Such a sports car is really too cool. Only a tycoon can drive such a sports car, right?”

The girls looked excited.

Although they were very rich too, it did not mean that they could have such a good sports car.

One had to know that the cheapest Bugatti sports car cost 25 million!

Why would someone with less than a billion yuan in assets buy a Bugatti sports car?

Not everyone knew this Bugatti Veyron.

At least most of the girls present did not know the price of this sports car.

On the other hand, Li Long crossed his legs and did not even look at the sports car. He pretended to know a lot about sports cars and said leisurely, “Bugatti Veyron? About 30 million. It’s not bad.”

“Li Long, do you know about sports cars too?” Chen Jing looked at Li Long.

“I know a little. The Bugatti Veyron is not a rare car.” Li Long smiled calmly.

“Oh, oh, I see.” Chen Jing nodded.

Then... a beautiful girl got out of the car, Xia Wanqiu.

Beside Xia Wanqiu was Lin Fan.

Lin Fan accompanied Xia Wanqiu to attend this class reunion.

“Ah ah ah, Lin Fan and Xia Wanqiu are here. I saw Lin Fan just now. I didn’t expect him to be so handsome.”

“Lin Fan is really handsome. I don’t know if you guys saw Lin Fan’s face. Although it was only for a moment, Lin Fan is really handsome. He’s even more handsome than on television.”

“Also, Lin Fan’s car isn’t a sports car worth hundreds of thousands. It’s a Bugatti worth tens of millions!”

Many girls were already blushing.

When they saw him in person, they could feel his true aura.

This was also the difference between celebrities in front of the camera and in real life.

Whether it was his figure or looks, Lin Fan had already stunned these girls.

Of course, more girls didn’t have time to see Lin Fan’s face. After all, it only took a few seconds to walk from the car to the hotel entrance. They couldn’t see him clearly from the window.

Hearing the screams of the girls, Li Long felt a little uncomfortable.

He had also driven a car worth tens of millions. Why weren’t these girls screaming like this?

Wasn’t Lin Fan just a little more handsome than him and driving a Bugatti Veyron?

He could afford such a car.

Zhao Ming said, “Bugatti sports cars aren’t the best. On the other hand, Wang Zhiwen’s Ferrari is a real cool sports car. It’s especially handsome.”

“Li Long, you drive a Maybach and it’s also a sports car worth tens of millions. I didn’t expect Lin Fan to be able to afford a sports car worth tens of millions. He’s really amazing.”

At this moment, Lin Fan and Xia Wanqiu had already reached the entrance of the private room.

Standing at the door, Xia Wanqiu looked at Lin Fan with her beautiful eyes. She took the initiative to hold Lin Fan’s arm and walked in.

It was just a small action, but it made Lin Fan feel very warm.

Many of Xia Wanqiu’s university classmates liked her.

The first thing Xia Wanqiu did at the class gathering was to let these people know about her relationship with Lin Fan.

“Hello.” Xia Wanqiu and Lin Fan walked in together. Looking at the many university classmates sitting in the private room, she smiled.

When Lin Fan walked in...

All the girls present were stunned at this moment.

Everyone saw Lin Fan’s face.

Lin Fan was wearing simple casual clothes. He didn’t wear branded clothes or put on a Rolex watch, but he was clean and had an extraordinary aura.

They had seen Lin Fan’s photos before, but when they saw his face, they couldn’t help but be shocked.

Girls also liked to look at handsome men, especially handsome men like Lin Fan.

The girls widened their eyes and looked at each other.

Lin Fan was too handsome in person.

“Qiuqiu, long time no see.” Chen Jing ran over with an intimate expression.

Chapter 246: Everyone Was Stunned. Lin Fan Was Actually Driving a 200-million-yuan sports car!

“Mmm ~ This is my boyfriend, Lin Fan.” Xia Wanqiu smiled and introduced Lin Fan to her classmates.

“Hello.” Lin Fan smiled.

Seeing Lin Fan smiling, Chen Jing couldn't help but say, “Qiuqiu, your boyfriend, Lin Fan, is really handsome. He's even more handsome than he looks on television.”

“Hello, Lin Fan. I'm Qiuqiu's good friend, Chen Jing,” Chen Jing said. Her face was slightly red as she took the initiative to extend her hand to Lin Fan.

“Hello.” Lin Fan shook Chen Jing's hand and didn't take advantage of the girl.

His wife was right beside him. If he wanted to take advantage of women, he should take advantage of her.

Outside, Lin Fan would keep a good distance from other girls.

If Chen Jing hadn't taken the initiative to shake hands with Lin Fan, he wouldn't have taken the initiative to shake hands with girls.

Such a small detail made Chen Jing have a better impression of him.

Xia Wanqiu chose her boyfriend too well.

Then, many girls surrounded them.

“Qiuqiu, you already have a boyfriend and you even officially announced it. What a sweet relationship.”

“You even brought Lin Fan over for this class gathering. You just want to show off that you have such a handsome boyfriend.”

“I didn’t know he would be so handsome until I saw him in person. If Lin Fan went to university with us, he would definitely be the school hunk.”

“Lin Fan, can we add you on WeChat?”

Many girls exchanged pleasantries and surrounded Xia Wanqiu and Lin Fan.

It was obvious that many girls wanted to add Lin Fan on WeChat.

Lin Fan was such a handsome man and a celebrity. He was driving a Bugatti sports car worth tens of millions. In the eyes of many girls, their impression of Lin Fan had already improved a lot.

Lin Fan smiled politely and looked at Xia Wanqiu. “That depends on my wife’s opinion. If she doesn’t agree, I can’t do anything about it.”

Hearing the word wife, Xia Wanqiu could not help but blush.

Wang Zhiwen happened to walk to the door and saw this scene.

Wang Zhiwen felt his heart shatter.

He admitted that Lin Fan was indeed very outstanding.

However, he still had a glimmer of hope in his heart. Lin Fan and Xia Wanqiu were only a couple. What if they broke up in the future?

In the end, when he first saw Lin Fan in person, he heard him call Xia Wanqiu his wife. Xia Wanqiu didn’t reject him.

Wang Zhiwen felt like he had received countless blows.

For a moment, he felt that his situation seemed a little bleak.

This f*cking... he had already called her his wife. Would he still have a chance?

Wang Zhiwen seemed to understand what Xu Yang had said to him.

Xia Wanqiu lowered her head and said softly, "It's fine. These are all my good friends. It's fine for you to add each other on WeChat. Also... I trust you too."

Damn, how could he have such a good girlfriend?

Wang Zhiwen sighed.

He was hurt again.

They were showing off their love again.

He was originally the person who did the best in Xia Wanqiu's class, but after he entered, no one paid attention to him anymore.

Everyone's attention was on Lin Fan and Xia Wanqiu.

Seeing that Xia Wanqiu had agreed, she thought that Lin Fan would add many girls on WeChat.

Lin Fan smiled at the girls and said, "There's no need to add me on WeChat. You're all Wanqiu's good friends. If there's anything, just contact her. She can tell me later."

Xia Wanqiu "~~~"

Seeing Lin Fan reject them tactfully, many girls were disappointed.

However, he had no choice.

Some girls who wanted to ask Lin Fan out secretly also gave up on this idea.

Lin Fan didn't give them a chance to add him on WeChat.

In front of his wife, Lin Fan's desire to live was still very strong.

If his wife agreed to let him add so many girls on WeChat, would he really dare to do it?

Just like if Xia Wanqiu added many boys on WeChat in front of him, he would feel uncomfortable.

Furthermore, Lin Fan didn't want to chat with these girls on WeChat every day.

If he had the time and energy to do so, he might as well flirt with Xia Wanqiu.

If one day, Xia Wanqiu could not take it anymore, wouldn't the deed be done?

Seeing Lin Fan and Xia Wanqiu's sweet relationship, many girls were envious.

Some people were envious.

Some people felt sad.

Wang Zhiwen sat on the sofa silently and shook his head. He felt like the world had turned dark.

Zhao Ming and Li Long were also stuffed with dog food.

Especially Li Long. He had wanted to show off, but he did not succeed. He could not stand such dog food anymore.

Chen Jing looked at her phone and asked Lin Fan, "Lin Fan, is your sports car the Bugatti Veyron Ettore Bugatti? But I haven't found the model number of this sports car."

When Chen Jing said that, many people's expressions changed.

This meant that Lin Fan's sports car... might be fake?

If that was the case, wouldn't Lin Fan embarrass himself here?

Although everyone thought so, they were not stupid enough to say it out loud.

Li Long trembled.

It seemed like he had discovered a breakthrough!

Li Long also had an app to buy sports cars.

Li Long realized that none of the car dealerships in the world sold the Bugatti Veyron Ettore Bugatti.

Just as Li Long was about to speak, Wang Zhiwen patted Li Long on the shoulder.

"It's normal that you can't find this sports car. It's because it's not for sale."

"The Bugatti Veyron Ettore Bugatti sports car can only be seen on the Bugatti company's official website."

"This sports car was personally designed by the Bugatti Corporation for Lin Fan some time ago. Furthermore, this sports car is worth 223 million yuan. It's a limited-edition sports car," Wang Zhiwen said.

He had already given up on wooing Xia Wanqiu.

If he came out to help Lin Fan, he might be able to get closer to him.

Someone like Lin Fan had an unfathomable background. Who wouldn't want to have a better relationship with him?

Wang Zhiwen had a lot of prestige in everyone's hearts. After all, he was the heir of the Wang Corporation.

Furthermore, this was the truth.

The price of the Bugatti Veyron Ettore Bugatti sports car was that high.

There were very few sports cars worth hundreds of millions in the world.

And the price of this sports car was 223 million!

After hearing Wang Zhiwen's explanation,

All the girls' eyes widened in disbelief.

The wine glass in Li Long's hand fell to the ground.

Li Long opened the Bugatti Corporation's official website.

What Wang Zhiwen said... was true.

Lin Fan's sports car was really a limited-edition sports car!

Even Li Long could not afford to drive such a sports car worth an astronomical price of 223 million.

Most importantly... how could Lin Fan be so rich?!

The air around them was silent.

Obviously, everyone was shocked by Wang Zhiwen's explanation.

The girl who had doubted Lin Fan's character felt a little guilty.

So the reason why they could not find out about this sports car was not because it was fake.

It was because,

This sports car was out-of-print in the entire world!

Chapter 247: Damn It, Is This The World of Tycoons?

After Wang Zhiwen finished explaining, everyone was dumbfounded.

“D*mn!”

“D*mn!”

“A sports car worth 223 million!”

“D*mn!”

“Lin Fan is actually driving such a sports car. I thought it was a Bugatti Veyron worth tens of millions. In the end, it’s a limited edition sports car. It’s a sports car custom-made for Lin Fan by the Bugatti Corporation.”

“Oh my god, a sports car costs 223 million, and my annual salary is not even 3 million. This is the difference.”

“Lin Fan is too awesome. He drives such a good sports car and lives in a villa. I’m envious.”

Many girls looked at Lin Fan and their expressions changed.

To be able to afford a sports car worth 200 million, Lin Fan’s assets had to be at least 10 billion!

He might even have assets worth hundreds of billions.

The reason was simple. How many assets he had did not mean how much cash he had.

If Lin Fan could take out more than 200 million yuan to buy a car, how much cash did he have?

Lin Fan was too rich...

Even the son of the current CEO of JD could not afford to drive a sports car worth 200 million yuan.

A limited-edition sports car.

A sports car that even the world's richest people could not buy.

Lin Fan could buy it.

Just a sports car alone contained a lot of information.

In the eyes of countless people, 200 million yuan was a sum of money that they would never be able to reach in their entire lives.

One could imagine how many girls were envious of Lin Fan.

Li Long looked at Lin Fan. His gaze had already changed.

Previously, he didn't even care about Lin Fan. Now that he heard that, his expression immediately changed.

"Lin Fan, you drive such a good car. You must live in a very good villa. I'm so envious," Li Long said. He walked forward and smiled.

"Everyone, you don't have to keep praising me. Sit down and prepare to eat. Let's talk while eating. A car is just a means of transportation. A house is also a place to live. Other than being a little bigger, the house I live in is no different from everyone else's," said Lin Fan.

He was only here to accompany Xia Wanqiu to meet her classmates. Lin Fan wasn't interested in showing off.

It was meaningless to brag about his awesome property and sports car and show off like a nouveau-riche.

He owned shares in many companies, Bugatti, LV, and Chanel, but the shares of those companies could not be traded.

Lin Fan could only get some dividends. He knew very well that those weren't his own companies.

In Yuehua, Lin Fan had already tempered his mentality.

His wife, Xia Wanqiu, had tens of billions in assets, let alone Su Xiaoyu's assets.

How many assets did the richest man in the world have? How could ordinary people compare?

Hearing Lin Fan say that, the girls' curiosity towards him deepened.

Damn, why was Lin Fan so rich and so humble?

Look at Li Long, Zhao Ming, and Wang Zhiwen. They were afraid that no one knew that they were rich.

Looking at Lin Fan, he was clearly driving a sports car but he wasn't showing off his wealth at all.

Even when everyone said that Lin Fan's sports car was only worth tens of millions, Lin Fan didn't refute them.

Lin Fan didn't care what kind of sports car it was.

"Lin Fan, you're going too far. How can a car be just a means of transportation? Otherwise, how could you have a limited-edition sports car? It was specially custom-made for you by the Bugatti Corporation," Zhao Ming said with a smile.

The meaning behind his words was very clear. If Lin Fan really didn't like to show off, would he have gotten the Bugatti Corporation to customize a sports car for him?

Lin Fan shook his head and said, "Previously, my Bugatti La Voiture Noire got into a car accident. The boss of the Bugatti Corporation insisted on customizing a brand new sports car for me. I had no choice. I had no reason not to accept sports cars from others."

Lin Fan had never thought of customizing a limited edition sports car. He wasn't interested in that.

Driving a sports car worth 200 million dollars and a Rolls-Royce Cullinan worth millions wouldn't affect Lin Fan much.

Li Long:" ..."

Zhao Ming:" ..."

Wang Zhiwen:" ..."

The three of them were stunned.

Listen, was that even human language?

It was the CEO of the Bugatti Corporation who insisted on designing a sports car for Lin Fan.

Lin Fan had no choice but to accept it.

This meant that Lin Fan must have a good relationship with the CEO of the Bugatti Corporation.

In fact, Lin Fan had extraordinary treatment in the entire Bugatti Corporation.

Chen Jing looked at Lin Fan and mustered her courage. She walked forward and said, "Lin Fan, I still want to add you on WeChat. Can you add me?"

The other girls also went forward and looked at Lin Fan. They all wanted to add him on WeChat.

Although many of the girls here were outstanding and would usually be very reserved,

they couldn't resist Lin Fan's wealth.

They couldn't stand Lin Fan being so handsome either.

Especially when the boys sat together, the difference was obvious.

Wang Zhiwen, Zhao Ming, and Li Long were all completely crushed.

Not to mention these three people, even the handsome Xu Yang was instantly killed by Lin Fan.

Seeing that so many girls were taking the initiative, Lin Fan was used to it.

Normally, he might add them on WeChat occasionally.

Now that his wife was still by his side, wasn't adding them on WeChat courting death?

Furthermore, even if he added them on WeChat, Lin Fan couldn't be bothered to chat with them.

"If you say that again, it means that you want me to go home and kneel on the washboard," said Lin Fan with a smile. He mentioned Xia Wanqiu and decisively resolved the situation of many girls wanting to add him on WeChat.

Although he would lose some face, it wasn't a big problem. Today was Xia Wanqiu's class reunion. Of course, his wife was the most important. However, it was different at home. Lin Fan was definitely the most important.

No matter what, the bet for half a year had to continue. This concerned who would be on top and who would be below.

"Haha, then I won't force you." A girl laughed and didn't insist.

After sitting down, Lin Fan looked at Xia Wanqiu.

Xia Wanqiu was still so pure and beautiful. She chatted happily with the girls.

With such a beautiful wife, it would be so great to bring her out.

Look at Wang Zhiwen, Zhao Ming, and Li Long.

Lin Fan sighed.

One look at these three people and he knew that they liked Xia Wanqiu.

There were so many girls present, and many of them were pretty. Wang Zhiwen, Zhao Ming, and Li Long could have liked anyone, but they had to like his cat.

Now, they could only be abused.

Wang Zhiwen sat beside Lin Fan and asked, "Brother Fan, you drive a sports car worth hundreds of millions and live in a Lake Heart Villa worth hundreds of millions. I'm so envious that I'm crying."

Lin Fan smiled and looked at Wang Zhiwen. "It's just a villa. How can you people worth tens of billions not be able to afford a villa worth hundreds of millions?"

Wang Zhiwen smiled bitterly. "Brother Fan, assets worth tens of billions are only the company's market value. When buying a villa worth hundreds of millions you have to pay the full amount upfront. How can you have so much money? Furthermore, your Lake Heart Villa... is also a villa worth more than 200 million."

Hearing Wang Zhiwen's words,

Many girls' expressions changed.

Oh my god...

Just what kind of person was Lin Fan?

Driving a sports car worth 200 million was already impressive.

Even the place he lived in now was a villa worth 200 million yuan.

Lin Fan said that his house was only slightly bigger than everyone's houses.

How was this slightly bigger?

The property prices in Shanghai were extremely expensive.

Many people could not even afford a toilet in the city center with their annual salary.

But Lin Fan's Lake Heart Villa in the city center was many times bigger than everyone's houses!

Was this... the world of tycoons?!

Chapter 248: Living in a house worth hundreds of millions, everyone was envious

"Qiuqiu, so Lin Fan lives in the Lake Heart Villa in the Blue Wave Bay district. It's worth more than 200 million. Oh my god..." Chen Jing looked at Xia Wanqiu and said.

"Mmm, it's alright. It's just that the house is a little big. It's not too special," Xia Wanqiu said.

"How is that a little big? I saw that the Lake Heart Villa covers an area of more than a thousand square meters. It's almost two thousand square meters. The houses we live in are only dozens of square meters." Chen Jing looked envious.

"Oh my god, is Lin Fan's house so big?"

"Qiuqiu, you must be very happy in the future."

"I'm crying. He's living in a villa and driving a sports car. How can Lin Fan be so awesome..."

The girls exclaimed. Even Li Long and Zhao Ming were shocked.

This already exceeded their knowledge.

They had thought that Lin Fan wouldn't earn much as an artiste.

At most, he would earn hundreds of millions. It was impossible for him to compare to people like them who opened big companies.

Now that they had really seen Lin Fan, they were completely crushed by him.

Another girl looked at Xia Wanqiu and asked, "Qiuqiu, when are you and Lin Fan planning to get married?"

Hearing this, Xia Wanqiu blushed.

Wang Zhiwen also looked at Xia Wanqiu.

Were they f**king... already about to get married?

Once they got married, he would never have a chance again.

Wang Zhiwen had come here mainly to show off, but now, he felt a little desolate.

His life was so bleak.

The girl he liked was going to marry Lin Fan.

What era was this?

Xia Wanqiu looked at Lin Fan with her beautiful eyes and smiled sweetly. "That depends on him."

Looking at such a girl, Lin Fan smiled. "I still have to listen to my parents-in-law's opinions. Wanqiu and I can get married anytime."

Xia Wanqiu looked at Lin Fan fiercely and turned around. She hadn't agreed to marry Lin Fan yet, but Lin Fan said that they could get married anytime.

In front of outsiders, Xia Wanqiu didn't refute Lin Fan.

As a qualified girlfriend, she would give Lin Fan enough face outside.

But at home, she had to be on top.

In everyone's opinion, the two of them had basically tacitly agreed to get married.

Under the cheers of the crowd, Wang Zhiwen felt his heart ache.

Such a life could be said to be tragic.

"Come and eat. I'll treat all of you today." Wang Zhiwen patted his chest. If he lost in terms of relationship, he might as well fight his way back at the meal. When the time came, he would drink with Lin Fan. He didn't believe that Lin Fan could even beat him in drinking.

Wang Zhiwen clapped his hands and the waiters walked in with the dishes.

The New Dynasty Hotel was indeed a five-star hotel. Just by looking at the name of the dishes, one could tell that it was delicious.

Jiangnan Eight Happiness Platter, Fragrant Tender Chicken, Abalone with Shark Fin, Braised White Prawns in Soup, Sautéed mussels in Sauce, Steamed abalones in Black Bean Sauce, Garlic Crispy Chicken, Chicken-Flavored Ground Beef, Boneless Wings, Snow Bamboo River White Fish, Mountain Fungus Stewed Duck, Black Fungus With Vegetables, Unique Glutinous Rice, Egg Tarts and Sesame Balls, Lotus Seed Red Bean Paste, and Fresh Fruit Platter.

When they saw so many dishes, the girls' eyes lit up.

"Wang Zhiwen is also very rich. He treated us to so many dishes."

“Brother Wang is awesome!”

“Brother Wang, let’s drink. It’s not easy for us to meet, how can we not drink?”

Everyone looked at Wang Zhiwen, making him feel better.

After all, he was the one who initiated this class reunion. It was no big deal to spend hundreds of thousands to treat everyone to a feast.

Otherwise, Lin Fan would have stolen the limelight.

He was worth tens of billions after all. Even if he lost Xia Wanqiu, he could still flirt with other girls.

For example, Su Xiaoyu was not bad, but Su Xiaoyu did not attend this class reunion, which made Wang Zhiwen feel a little regretful.

Looking at so many dishes, everyone was happy.

Some were drinking, some were eating, and some were chatting.

The focus also shifted from Lin Fan and Xia Wanqiu to Wang Zhiwen.

Lin Fan and Xia Wanqiu were immersed in their own small world.

The two of them ate spicy crayfish together.

The spicy crayfish in this New Dynasty hotel was quite delicious.

Although the other dishes were not bad, Xia Wanqiu was not interested after a few bites.

Although it was a five-star hotel, the hotel was full of master chefs.

However, the feasts made by these chefs were still inferior to Lin Fan’s.

But the taste of the spicy crayfish was not bad.

After all, whether the crayfish were delicious depended on the chef's skill and whether the crayfish were delicious.

Xia Wanqiu sat there and grabbed the crayfish tail with both hands. With a gentle turn, the head and tail were easily separated.

Before eating the crayfish, the most satisfying part was peeling the crayfish.

The red crayfish tasted exceptionally good.

The crayfish meat was even more delicious. When she took a bite, it left a lingering aftertaste.

Finally, she ate the crayfish tail and slowly finished the entire crayfish.

After peeling the crayfish, Xia Wanqiu held the crayfish and looked at Lin Fan.

"Here you go~" Xia Wanqiu smiled gently.

"My wife even knows how to peel crayfish for her husband. You've improved," said Lin Fan with a smile.

"Fierce!"

"Open your mouth and eat. Otherwise, I won't peel crayfish for you next time," Xia Wanqiu said.

"Alright." Lin Fan opened his mouth and ate the peeled crayfish.

The texture was smooth and spicy. It was as if he had reached the peak of his life.

This was the first time Xia Wanqiu took the initiative to peel crayfish for him.

Usually, there was no such good treatment.

Xia Wanqiu was a superstar and the goddess that countless people liked.

The goddess took the initiative to peel crayfish for Lin Fan...

Wang Zhiwen, Li Long, and Zhao Ming saw this scene.

They were too envious of such a life.

Lin Fan and Xia Wanqiu's relationship was too good.

After eating the crayfish, Lin Fan touched Xia Wanqiu's flat stomach.

"Why can't you get fat from eating anything? You're already full but your stomach is still so flat," said Lin Fan with a smile.

"Hmph, I want to eat more too, but I have to maintain my figure ~" Xia Wanqiu said. She only ate a few crayfish and some vegetables. She controlled her appetite very well.

After eating these crayfish, she had to exercise for a long time at night.

"Wife, you're not like this at home," said Lin Fan with a smile.

"Then what happened?" Xia Wanqiu looked at Lin Fan.

"You eat very quickly, afraid that others will snatch everything away for you," said Lin Fan with a smile.

Xia Wanqiu's cheeks were slightly red as she said, "Who asked you to make the food so delicious? Bad guy, I've already gained two pounds. I have to lose weight when I go home tonight."

Lin Fan nodded. He had been eating a lot these few days. "Then let's go home tonight and lose weight together."

Xia Wanqiu smiled sweetly. "Then let's do two-person exercise tonight ~"

Hearing Xia Wanqiu say that,

Wang Zhiwen felt his heart shatter.

Damn it, forget about showing off their love here. Forget about calling her wife.

He could tolerate Xia Wanqiu feeding Lin Fan crayfish.

However, when he heard about this two-person exercise, Wang Zhiwen still felt his heart ache.

Xia Wanqiu was the goddess he liked. It had been like this for many years.

In the eyes of many, Xia Wanqiu was beautiful, cute, pure, flawless, and perfect.

But what did Wang Zhiwen hear?

Two-person exercise.

Xia Wanqiu lived with Lin Fan and would go home to exercise together with him at night. What kind of exercise could it be?

Thinking about how his favorite goddess had become Lin Fan's woman, Wang Zhiwen sighed.

If showing off love was only a first-level injury,

The two-person exercise that Xia Wanqiu mentioned was simply a critical hit!

Chapter 249: CEO Lin Is A Major Shareholder of the Hotel!

After dinner,

Wang Zhiwen looked at everyone and took out his bank card generously. He smiled and said, "It's not easy for everyone to attend a class reunion. This time, I'll pay the bill. No one is allowed to snatch the bill from me."

For this feast, Wang Zhiwen calculated that with the cost of the private room and many expensive wines, it would be worth 700,000 to 800,000 yuan.

Wang Zhiwen's Wang Corporation was worth tens of billions, but Wang Zhiwen only had tens of millions in cash.

Although he didn't really care about taking out seven to eight hundred thousand yuan at once, his heart ached a little.

However, it was not bad to be able to show off in front of everyone.

The cost of the New Dynasty Hotel was quite high.

Seeing how enthusiastic Wang Zhiwen was, many girls smiled. The more they looked at Wang Zhiwen, the more they liked him.

After all, it was good to have someone treat them to a meal outside.

Wang Zhiwen smiled. He had thought that Xia Wanqiu would come over to thank him too, but she didn't.

Xia Wanqiu had always been by Lin Fan's side. She didn't even take the initiative to greet the boys.

She would only respond politely when boys came to greet her.

This class gathering had a lot of dishes.

Lin Fan and Xia Wanqiu ate very little and only ate some crayfish.

While waiting for the bill, a manager arrived.

The manager was followed by a few beautiful waitresses.

“Hello, you spent a total of 723,084 yuan this time,” the manager said with a smile.

“Brother Wang, why don’t I pay the bill?” Li Long smiled. He was also a very rich person. He could not woo Xia Wanqiu, but he could still go out and show off. After all, Su Xiaoyu was also in the group.

Without Xia Wanqiu, he could still chase after Su Xiaoyu.

Everyone knew that Su Xiaoyu’s father was the richest man in the world.

Most importantly, Su Xiaoyu was so beautiful and many boys liked her.

Although it would hurt a little, it was acceptable.

“No, I said, don’t snatch it from me,” Wang Zhiwen said and immediately took out his bank card.

With so many girls present, Wang Zhiwen and Li Long did not want to lose face.

After all, there were so many beautiful girls, and Xia Wanqiu was also present.

The two of them fought to pay the bill and could gain some girls’ favor.

After all, only tycoons could take out more than 700,000 yuan at once. How could ordinary people take out so much money?

At this moment, the manager walked in front of Lin Fan and bowed slightly.

“Boss Lin, I’m the manager of the New Dynasty Hotel. New Dynasty Hotel is also one of the companies under New Era Lisheng Hotel. Ms Yan specially instructed that when you come to the company, you have to receive the best treatment.”

“This meal is completely free,” the manager said with a smile.

When he saw the manager, Lin Fan was a little surprised. Then, he smiled.

Yan Xue had many hotel branches, especially in Shanghai. They had long formed a chain.

Lin Fan's meals at many five-star hotels might all be free.

He was a major shareholder of the New Era Lisheng Hotel. Occasionally, he would come to the hotel for a meal and the hotel was willing to waive the bill for Lin Fan.

After all, Lin Fan's status was self-evident.

Lin Fan came here to eat. In the manager's opinion, Lin Fan might be here to inspect the hotel.

If Lin Fan said anything to Yan Xue, the entire New Dynasty Hotel would be in a state of panic.

Being willing to waive the bill for Lin Fan was also a way for the hotel to rope him in.

He heard the manager call Lin Fan Boss Lin.

All the girls present were in disbelief.

What kind of place was this? A five-star hotel, New Dynasty.

Furthermore, New Dynasty was a branch of the New Era Lisheng Hotel.

The manager here called Lin Fan that.

This title of Boss Lin could explain a lot.

"Manager, Lin Fan is the hotel's..." Chen Jing looked at the manager and asked.

“Boss Lin is the second-largest shareholder of the hotel and also a major shareholder of our company. Therefore, it’s only right for CEO Lin to come here for a meal,” the manager said respectfully.

After hearing the manager’s words, many students exclaimed.

In their eyes, Lin Fan had always been a big star.

Who would have thought that other than being a superstar, Lin Fan was also the second-largest shareholder of New Era Lisheng Hotel!

As a five-star hotel, New Era Lisheng Hotel had many branches in Shanghai and had billions in assets!

And Lin Fan was the second-largest shareholder of this hotel. This meant that Lin Fan was also a big boss.

“Ah ah ah, the major shareholder, Boss Lin. So Lin Fan is really that awesome.”

“I have to call you Boss Lin in the future. Boss Lin is already a big boss.”

“We don’t even dare to eat at five-star hotels, but Lin Fan is already the boss of a five-star hotel. Amazing.”

“Previously, people said that Lin Fan opened a small restaurant. Now, I understand. Lin Fan doesn’t open a small restaurant. So Lin Fan has shares in a five-star hotel in Shanghai.”

Faced with everyone’s praise, Wang Zhiwen and Li Long were stunned.

Especially Li Long. He just wanted to show off. Why was it so difficult?

Now, Lin Fan was even a major shareholder here.

This status as a major shareholder meant that Lin Fan’s status in the five-star hotel wasn’t low.

The second-largest shareholder was already considered the boss of the hotel.

And with Lin Fan's status, he was even more amazing than him.

Looking at everyone's expressions, Lin Fan smiled and said, "There's no need to waive the bill for me. We'll pay the bill normally. Although 700,000 isn't a big deal, we can't let the hotel lose money. Furthermore, Wang Zhiwen and Li Long are both people worth tens of billions. They don't lack this bit of money."

The main thing was that these two people really wanted to pay the bill. Lin Fan had no choice.

After eating the hotel's feast, they should pay.

Since someone was fighting to pay, Lin Fan wouldn't reject them.

When the hotel gave out dividends, they would give Lin Fan a lot of money.

Hearing Lin Fan say that, Wang Zhiwen and Li Long's expressions improved.

They really did not lack this bit of money. It was just that when they paid, they felt that something was wrong.

They could have shown off and spent hundreds of thousands.

In the end, Lin Fan had already stolen the limelight.

Looking at the admiring gazes of so many girls, Wang Zhiwen and Li Long wanted to vomit blood.

Not only was their feast filled with dog food, but they also did not succeed in showing off.

Lin Fan was their nemesis.

In the end, Wang Zhiwen and Li Long each spent more than 300,000 yuan and paid.

Chen Jing looked at everyone. "It's not easy for us to get together. Why don't we go to the KTV and sing? I heard that Lin Fan's singing is especially good. Both his songs are at the top of QQ Music's rankings."

After hearing Chen Jing's suggestion, everyone agreed.

They had all seen the video of Lin Fan singing that had gone viral.

The main thing was that Lin Fan's singing was too good.

"Alright, let's go together. I haven't heard you sing your new song yet." Xia Wanqiu looked at Lin Fan with her beautiful eyes and smiled sweetly.

Seeing that Xia Wanqiu wanted to hear him sing so much, Lin Fan agreed.

When he had just graduated from university, Lin Fan thought that he might not be able to get together with Xia Wanqiu and specially wrote this song.

However, he did not expect that after so many twists and turns, Xia Wanqiu would still become the most important girl by his side.

Today, he would sing that song to her.

With Xia Wanqiu around, Lin Fan felt that his life had completely changed.

Hearing that Lin Fan was willing to go, many girls screamed.

Wang Zhiwen, Li Long, and Zhao Ming no longer had any intention of showing off in front of Lin Fan.

They also wanted to hear how good Lin Fan's songs were!
