

## **I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 270-274**

### **Chapter 270: Alarming the Huo Family, Lin Fan Is Actually Vice President of Alibaba!**

“Hello, Miss Su.” Huo Xinyu sat in front of Su Xiaoyu and looked up at her face, feeling a little ashamed.

“Miss Huo, how about we play two rounds?” Su Xiaoyu raised her beautiful eyes and smiled sweetly.

Seeing Su Xiaoyu’s smile, all the men’s hearts melted.

Was such a beautiful girl sent by the heavens?

Although Su Xiaoyu was not wearing any makeup, she had a devastatingly beautiful face.

Her voice was quiet. It was not as cute as usual, nor was it as coquettish as a dog.

“Alright.” Huo Xingyu nodded.

Although she did not want to bet with Su Xiaoyu, she did not dare to not do it since Su Xiaoyu had personally asked.

They bet on the first round, the second round, the third round...

Huo Xinyu lost three consecutive rounds.

Su Xiaoyu crushed her in all three rounds.

And in these three rounds, Su Xiaoyu had already earned six billion.

Su Xiaoyu was not like Lin Fan, who had to observe his opponents and look for opportunities.

Every time she attacked, it was always with a showhand.

Su Xiaoyu did not care about money.

Six billion was probably just a string of numbers in her eyes.

“Miss Su, can we not bet anymore? I admit defeat.” Huo Xinyu was covered in sweat. At least she was evenly matched with Lin Fan when betting with him. When betting with Su Xiaoyu, she was crushed until she doubted her life.

“Sure.” Su Xiaoyu nodded gently.

If it was any other girl sitting opposite Su Xiaoyu, they would also feel immense pressure.

Only a girl like Xia Wanqiu could be on par with Su Xiaoyu in terms of looks.

“Miss Su, I’m sorry. We know our mistake.”

“From now on, the Huo family will never target Lin Fan again. We will only cower in front of him.”

“I can promise Miss Su that no one in the Huo family will cause trouble for Lin Fan again.” Huo Xinyu stood up and bowed to Su Xiaoyu.

Her forehead was covered in cold sweat.

The surrounding people were shocked to see Huo Xinyu like this.

The eldest daughter of the Huo family was at most disappointed after losing to Lin Fan.

But in front of Su Xiaoyu, she admitted defeat.

Su Xiaoyu did not even say anything. Huo Xinyu was already very sincere and apologized humbly.

When had the current business queen ever been like this?

Su Xiaoyu sat there and still did not speak.

She was the most terrifying when she did not speak.

Huo Xinyu lowered her head even more.

“Miss Su, I’m willing to apologize to Lin Fan. If Lin Fan has any difficulties in the future, the Huo family will definitely help him!” Huo Xinyu said sincerely, afraid that she would anger Su Xiaoyu.

“Yes,” Su Xiaoyu replied softly. She stood up and turned to leave.

“Miss Su, can I ask you a question?”

“You’re so beautiful, smart, and rich. Let alone men, even women will be tempted. But why would you help Lin Fan?” Huo Xinyu asked.

“Because...” Su Xiaoyu looked ahead with a bright smile.

Did she need a reason to help him?

Even if Lin Fan already had a girlfriend and she had already chosen to leave China originally.

She could not bear to leave Xia Wanqiu, so she stayed here.

It was enough to be able to look at Lin Fan from afar.

“Oh right, I forgot to tell you.”

“Lin Fan is Alibaba’s second-largest shareholder. He’s the third-largest shareholder of the Bugatti Corporation and the second-largest shareholder of LV and Chanel,” Su Xiaoyu said softly and turned to leave.

After Su Xiaoyu finished speaking, the entire Huo family was shocked.

Huo Xinyu’s hands were trembling.

Su Xiaoyu would not lie to her.

When she heard Lin Fan's true background, she felt a little afraid.

The Huo Corporation was only a company worth hundreds of billions.

And Lin Fan was a major shareholder of the Bugatti Corporation.

Bugatti was the world's top sports car brand. It was because of this that the Bugatti Corporation gave Lin Fan a billion yuan.

Without Su Xiaoyu, it would still be useless for the Huo family to continue targeting Lin Fan.

Behind Lin Fan, other than the Bugatti Corporation, there were two other even more amazing companies.

He was the second-largest shareholder of LV, the world's number 1 luxury brand.

He was also a major shareholder of Chanel, a top luxury brand in the world.

Although these two companies were not in the same industry as the Huo Corporation and it was impossible for them to compete with the Huo Corporation in the real estate industry,

don't forget what kind of customers LV and Chanel usually interacted with.

Those who could come into contact with the customers of these two companies were elites and tycoons from all walks of life.

LV and Chanel did not serve ordinary people.

The connections of these two companies were deep and the amount of money they had far exceeded that of the Huo family!

Lin Fan's background wasn't just that. What was even more shocking was that

Lin Fan was also the second-largest shareholder of Alibaba.

It was equivalent to Lin Fan being Alibaba's vice president!

No matter how powerful the Huo family was, it was impossible for them to take down Alibaba.

Not to mention the Huo family, even the world's top companies might not be able to take down Alibaba.

Alibaba's talents, elites, teams, ideals, and talents like CEO Ma made them who they were today.

Alibaba's brand had already been released to the world.

And Lin Fan was actually Alibaba's vice president!

If Lin Fan wanted to take down the Huo family, with his identity as Alibaba's second-largest shareholder, he could make the Huo family suffer a thunderous blow!

Although the Huo family's background wasn't weak, Lin Fan's identity had already surprised them.

Who would have thought that even being Alibaba's vice president wasn't Lin Fan's biggest trump card?

One of the two girls standing behind Lin Fan was a big star in China, the only daughter of the Xia family, Xia Wanqiu.

The other was the only daughter of the Su family, Su Xiaoyu. Su Xiaoyu's father was the richest man in the world.

However, everyone knew that Su Xiaoyu's father could not have become the richest man in the world without her.

If Su Xiaoyu wanted to help Lin Fan, who would dare to not give him face?

Over the years, countless boys had wooed Su Xiaoyu, but they had never succeeded.

The girl with the deepest background in the entertainment industry was Su Xiaoyu.

She had never filmed a kissing scene or a relationship scene, let alone held hands. Before she met Lin Fan, she was a salted fish every day and didn't take on endorsements.

She was the true goddess.

Until now, her first kiss on screen was still there.

When filming "The Legend of Sword and Fairy", there was originally a kissing scene, but it was never filmed.

After Su Xiaoyu left, the higher-ups of the Huo family were shocked.

"Oh my god... Lin Fan is Alibaba's vice president and a shareholder of three luxury brands. At the same time, Lin Fan has someone like Su Xiaoyu behind him. We actually provoked such a big boss," the higher-ups of the Huo family said.

"It's all Huo Tian's fault. Huo Tian made our family lose at least 20 billion. Our company should have been a 100-billion-yuan corporation. I'm afraid we'll become a 10-billion-yuan corporation this time," Huo Tian's uncle said.

"Uncle, Huo Tian's limbs are all broken, right?" Huo Xinyu asked.

"Yes, they're all broken." Huo Tian's uncle nodded.

"Go break his third leg. He offended someone like Lin Fan and almost caused our Huo family to get wiped out. If it wasn't for CEO Liu from JD, I'm afraid our company would have gone bankrupt," Huo Xinyu said.

“Even Dad and Grandpa have to teach Huo Tian a lesson. He flirted with Xia Wanqiu and caused our Huo family to fall into such a situation. Even if the Huo family can survive now, it will be greatly damaged.” Huo Xinyu was furious.

Everyone in the Huo family nodded in unison.

The reason why the Huo family provoked a big boss like Lin Fan was because of Huo Tian.

Fortunately, Huo Xinyu lowered her head and admitted her mistake quickly. If it was someone else, even if the Huo family had JD as their backer, they would not be able to withstand Su Xiaoyu’s attacks.

This time, Su Xiaoyu did not use her family’s resources and had already made the Huo Corporation lose tens of billions of market value. She had also won six billion from the casino...

If she really took action, she might be able to cause a true financial storm.

At that time, a small family like the Huo family might really turn into ashes.

In the end, Huo Xinyu just sighed.

Who would have thought that Su Xiaoyu would protect Lin Fan so much?

Even Huo Xinyu could not figure out the reason.

Probably only Su Xiaoyu knew this secret.

### **Chapter 271: Stupid Lin Fan, You’re Asking For A Beating!**

In the evening, the sun was setting.

Lin Fan was about to contact CEO Ma and give the Huo family a fatal blow when Huo Xinyu sent him an apology video.

And she was apologizing to Lin Fan in the video.

Other than Huo Xinyu, Huo Tian, who was in the hospital, also apologized to Lin Fan.

For some reason, Huo Tian's third leg was also bandaged.

Although he wasn't sure why, the Huo family's sudden apology surprised Lin Fan.

Could it be that CEO Ma had taken action first?

Or was there some other reason? Lin Fan wasn't sure.

Yun Qian and Yan Xue were shocked when they saw the latest news.

"Brother Lin, did you know? In just a day, the Huo Corporation's share price has dropped by 10%. They lost 10 billion in market value."

"This is too terrifying. Such a blow is not like a small fight in a casino."

"After this blow to the Huo Corporation, I'm afraid it won't be a 100-billion-yuan corporation for a while. Which big boss took action?"

Lin Fan smiled. Under such circumstances, CEO Ma might have taken action.

If that was the case, he had to thank CEO Ma again.

After walking out of Yunhang Technologies, it was already evening.

The setting sun shone on the small lake outside Yunhang Technologies.

The trees here were lush and beautiful.

Lin Fan looked over. There was a girl sitting by the tree.

The girl sat on a bench under the shadows of the trees.

She was wearing a white short skirt and had long, snow-white legs. Her heels were sharp, and her toes tapped from time to time. Her calves swayed gently, and they were so white that they were dazzling.

The setting sun shone on her side profile. Her hair and skirt fluttered in the wind, as if it could stir one's heart. She was gentle, quiet, beautiful, pure, and ethereal.

She was different from the past. She was no longer as cute as before, but she seemed to be a pure and innocent girl. In her twenties, she still seemed to be only eighteen years old with a hint of immaturity.

Seeing Lin Fan from afar, the girl's lips curled up into a smile.

"Master ~" Su Xiaoyu said, her voice gentle and sweet.

"Why are you here?" Lin Fan smiled and walked to Su Xiaoyu's side.

"Mmm... I was just passing by." Su Xiaoyu stood up and placed her hands behind her back. She tilted her head to the side and smiled.

"Did you ask your father to find trouble with the Huo family?" Lin Fan said with a bright smile.

"Master is so smart ~" Su Xiaoyu nodded.

Lin Fan didn't know that she was so awesome. He only knew that her father was the richest man in the world. Only Su Xiaoyu's father could make the Huo Corporation's share price fall by 10% in a day.

"Also, don't lie to your master with words like I was just passing by next time. Does your master look like someone who's so easy to deceive?"

"Get in. I'll treat you to a feast when we get home." Lin Fan knocked Su Xiaoyu's head.

"Ahwooh, Master is bullying me." Su Xiaoyu touched her head and looked at Lin Fan's back view with a blissful smile.

Looking at Lin Fan's back view, Su Xiaoyu smiled foolishly.

She rarely dressed up so beautifully. Girls never dressed up to please anyone.

But she still dressed up for an hour today, although Lin Fan's gaze didn't stay on her for more than half a minute.

Was it worth it to do so much for Lin Fan?

Su Xiaoyu looked at the sky with her beautiful eyes. The smile on her lips had already answered this question.

She didn't want much at all.

If he could knock her head, Su Xiaoyu would be happy for a long time.

Some things could not be measured by money.

There was nothing worth it or not worth it in this world.

It was just a matter of whether you were willing to do it.

"Why aren't you getting in the car?" Lin Fan asked.

"Oh ~ I'm coming." Su Xiaoyu nodded and hurried over.

Even Su Xiaoyu did not expect this.

No matter how smart a girl was, she could be so silly at times.

Sitting in the front passenger seat of Lin Fan's car, Su Xiaoyu placed her legs together obediently.

The person in the front passenger seat was such a beautiful girl with long, snow-white legs. No one could resist looking at her.

But Lin Fan was completely different.

Along the way, they chatted and laughed as they returned home.

When he drove to his house, a girl was watering the flowers.

She was wearing simple clothes. She was also very simple, innocent, and cute.

When he saw the girl, Lin Fan smiled happily.

After such a long period of exhaustion, everything was finally resolved.

Most importantly, he had more money than Xia Wanqiu now!

Lin Fan had 600 million yuan in his account!

In the future, he could lie on top of Xia Wanqiu. He went about the half-year bet with a must-win attitude from the start.

The key was that Xia Wanqiu was wearing too little.

There was almost no one around the Lake Heart Villa, but the scenery here was very beautiful.

Xia Wanqiu was wearing a camisole. Further down, one could only see her long legs.

Xia Wanqiu was 167 centimeters tall, and Su Xiaoyu was 164 centimeters tall. In a way, Xia Wanqiu's figure was even better than Su Xiaoyu's.

Lin Fan was embarrassed to keep looking at other girls' long legs. It shouldn't be a problem to look at his wife's.

Lin Fan was furious and walked in front of Xia Wanqiu.

“Meow, meow?” Xia Wanqiu held the sprinkler and looked at Lin Fan, making a cute gesture.

The flowers and plants behind her, the beautiful setting sun, and everything around her disappeared.

He only had eyes for Xia Wanqiu.

From top to bottom, from bottom to top, Lin Fan looked at her neatly. His gaze stopped on Xia Wanqiu’s long legs for a few seconds.

Of course Lin Fan was angry. Even if she was watering the plants at home, she couldn’t wear such skimpy clothes.

There was no problem with him seeing it himself. If other men saw it, Lin Fan would be very unhappy.

He had wanted to scold Xia Wanqiu aggressively, but after Xia Wanqiu meowed, Lin Fan couldn’t get angry even if he wanted to.

“Qiuqiu, even at home, you have to wear pants, right?” Lin Fan said. Looking at Xia Wanqiu’s long legs, he felt that it wasn’t suitable for her to dress like that.

“???” Xia Wanqiu.

“???” Su Xiaoyu.

The two girls looked at Lin Fan in shock.

Actually, if one had to look at it forcefully, Su Xiaoyu had long legs too.

Xia Wanqiu blushed. “Trash, trash with low EQ. You’re the one who doesn’t wear pants.”

Lin Fan was serious. How could he be wrong?

Lin Fan looked around. After confirming that there were no other men, he lifted Xia Wanqiu's skirt.

It was clearly unrealistic to lift Su Xiaoyu's skirt. How could Su Xiaoyu be willing to let him do so?

However, it shouldn't be a problem to lift the cat's skirt. At most, she would bite him twice.

After lifting it up, Lin Fan saw a pair of jeans.

She really wore it!

"Stupid Lin Fan, you're asking for a beating!" Xia Wanqiu's face turned even redder. She held the watering can and sprayed water on Lin Fan. Even if he was her boyfriend, he couldn't bully her like this.

### **Chapter 272: Awarded A Tomson Riviera Villa Worth 300 million!**

Faced with Xia Wanqiu's counterattack, Lin Fan snatched the sprinkler.

Then, after a series of sprinkling, Lin Fan, Xia Wanqiu, and Su Xiaoyu were all drenched.

Lin Fan was fine. It wasn't a big problem for him to get wet.

Xia Wanqiu would be in big trouble if she was drenched.

Her figure was already so good. After being wet, her clothes would only get closer to her skin and her figure would appear even more perfect.

Lin Fan took a look. "Goodbye. I'm going to take a shower."

Only Xia Wanqiu and Su Xiaoyu were left. The two girls looked very angry.

Especially Su Xiaoyu. Not only did Lin Fan spray her with a sprinkler, he even sprayed water on her.

Ahwooh, the dog was going to bite.

“Xiaoyu, thank you. I know everything now,” Xia Wanqiu said to Su Xiaoyu seriously as she changed her clothes in the room.

“Sister Wanqiu, there’s no need to thank me.” Su Xiaoyu had already changed her clothes and looked at Xia Wanqiu.

“The Huo family bullied you. It’s good enough that you didn’t destroy them,” Su Xiaoyu said, returning to her innocent self.

“Actually, it’s alright. He only bullied me on the surface. Actually, I wasn’t bullied. But Lin Fan...” Xia Wanqiu said, her heart aching for Lin Fan.

“You know how it hurts? Sister Wanqiu, let your mother kill everyone in the Huo family. Your mother is super awesome, even more awesome than my father.” Su Xiaoyu had a face of admiration.

“Isn’t that also your mother?” Xia Wanqiu rolled her eyes at Su Xiaoyu.

1

“Hmph, I don’t care. I don’t want to see her. Her relationship with my father has always been bad. They haven’t seen each other for ten years after their divorce. I don’t know if she still cares about me,” Su Xiaoyu said.

Xia Wanqiu shook her head gently and held Su Xiaoyu’s arm. “Her relationship with my father isn’t very good as well. Anyway, although they’ve remarried all these years, their relationship is still average.”

The two girls sighed.

“Sister Wanqiu, do you think Mom will agree to your marriage with Master ~” Su Xiaoyu blinked.

“Who knows? Lin Fan hasn’t passed my father’s test yet.” Xia Wanqiu sighed.

“Xiaoyu, do you like Lin Fan too?” Xia Wanqiu suddenly asked.

They were all daughters of the same mother and were all equally beautiful.

Su Xiaoyu was a genius girl, and Xia Wanqiu was also very smart.

“Must I answer?” Su Xiaoyu looked at Xia Wanqiu’s seriousness and asked.

“Mmm, you have to answer,” Xia Wanqiu said.

Then, Su Xiaoyu said...

...

Lin Fan didn’t know what Su Xiaoyu said.

Lin Fan was still showering.

After he was done with the Huo family, Lin Fan realized that the system had changed.

Lin Fan realized that he could call out the system interface.

Master’s name: Lin Fan.

Age: 25.

Assets: A Lake Heart Villa, two Bugatti sports cars, a Koenigsegg One, a Rolls-Royce Cullinan, two Begonia Garden School District houses, a Star Garden School District block, property rights to seven stories of the technology building...

Skills: Culinary skills [God-level], piano talent [God-level], music talent [God-level], acting skills [God-level], directing ability and screenwriting ability [God-level].

Time to next sign in: 13 days.

Lin Fan also saw the daily mission column.

Daily missions, which were the daily missions issued by the system, allowed Lin Fan to receive some rewards.

After clicking on the daily missions, Lin Fan saw a total of three missions.

1

1

1

[Note: Red packets can only be seen by Master.]

After Lin Fan finished reading the three missions given by the system, the first mission was pure nonsense. After working so hard to climb Mount Everest, he would be rewarded with two bottles of Pulse and three bottles of mineral water. Wasn't this a scam?

The second mission was also nonsense. Lin Fan had long read that novel. It was written alright. The main thing was that the author was very handsome. Most importantly, it was useless to reward him with a million QB. If it was a million yuan in cash, Lin Fan might consider it.

As for the third mission, it was much simpler.

To put it simply, he could get a Tomson Riviera villa after touching a red packet for 30 seconds!

And it was worth 300 million!!

Now, he could only sign in to the system only once every half a month, and he might not be able to get what he wanted.

For example, Lin Fan could only rely on himself to slowly train his Chinese chess skills.

The Tomson Riviera villa worth 300 million was the most famous area in Shanghai.

Tomson Riviera's villa was even more luxurious than the villa in Blue Wave Bay.

It was extremely difficult for Lin Fan to earn 300 million.

The third mission's reward was very luxurious, and the mission was very simple. He just had to find a red packet in his house and touch it for 30 seconds.

He could earn 300 million in 30 seconds. He had to do it.

Why would he write scripts or film dramas? Even if he just waited to sign in for something good from the system, it would take ages for him to earn 300 million.

Lin Fan decisively chose the third mission.

Although the Lake Heart Villa was very big, it was still very easy to find a red packet from the system.

"Ding... Mission triggered successfully. If there is a mission reward, there will be a mission punishment. Master, please complete this mission within a month. Otherwise, Master will be punished with permanent erectile dysfunction."

"Mission Details: Master, please find the red packet in the Lake Heart Villa and touch it for 30 seconds before receiving the red packet. I wish Master good luck. Another reminder: only Master can see the red packet."

"Warm reminder: Master, you can't let anyone suspect the existence of the system. Otherwise, the mission will automatically end."

Hearing the system's words, Lin Fan scoffed.

Wasn't it just touching the red packet for 30 seconds? What was so difficult about that?

If he had to look for this red packet in all of China, Lin Fan might never be able to find it.

But Lin Fan could easily find any number of toilet bowls or rooms in his house.

He just needed to find a red packet and hold it for 30 seconds to get a Tomson Riviera villa worth 300 million. This mission could not be simpler. How could he fail?

Although the punishment for the mission was scary, Lin Fan believed that he wouldn't fail.

Come red packet!

Lin Fan took a shower and put on his clothes. He walked out of the room and prepared to look for red packets to complete this daily mission.

And then...

When Lin Fan saw the red packet, he was stunned.

He finally understood why the system gave him a month.

Of all places, this red packet actually went to Xia Wanqiu's chest.

Lin Fan felt that his life was getting cold...

Although Xia Wanqiu was Lin Fan's girlfriend, she wasn't an open-minded girl. After knowing Lin Fan for three years, she would still blush and feel shy.

The most intimate thing she did with Lin Fan was kissing, but Lin Fan didn't always succeed in kissing her.

Xia Wanqiu rarely agreed to kiss unless the atmosphere was right.

Usually, he would at most kiss her forehead, hold her hand, and occasionally hug her. This was the limit.

Now that the system had given Lin Fan this mission, it would be simple if he could receive the red packet in a second.

At most, he would be bitten by Xia Wanqiu twice. Lin Fan could accept that.

Thirty seconds. Lin Fan felt that this was a completely impossible mission.

Lin Fan thought about the punishment given by the system and felt his body turn cold.

When he saw the daily missions, he shouldn't have believed in this system.

The first two missions were so fraudulent. He thought that the third mission was a reward, but the third mission was a bigger trap.

Lin Fan was sure that the system would do what it said.

Other people's systems protected their Masters in all sorts of ways.

Lin Fan's system was to think of a way to cheat him. From the first day he received three dollars from the lottery, Lin Fan knew what this system was like.

Now, the trend of life was gone...

### **Chapter 273: Did I Still Fail?**

"System, you're messing with me," said Lin Fan helplessly.

He had originally thought that he could easily get a 300 million yuan Tomson Riviera villa from his daily missions.

In the end, the system's mission made Lin Fan shiver.

It was too difficult for Lin Fan to complete such a mission.

However, the system didn't know how to communicate and didn't respond to Lin Fan's complaints.

If he could not complete the mission in a month and receive the red packet, then what the system said would really come true.

Who could stand being impotent for the rest of their lives?

Looking at Xia Wanqiu and the red packet on her chest, Lin Fan was tempted.

The most important thing was the red packet.

It was worth 300 million!

The value of Tomson Riviera villas could not be judged just by their price of 300 million.

Because the villas there were all priceless.

Even if one had 300 million yuan, he could not buy a Tomson Riviera villa.

Xia Wanqiu had already changed her clothes. Her figure was still so good-looking, especially her full breasts, which formed a sharp contrast with Su Xiaoyu's.

If Su Xiaoyu's figure was A grade, then Xia Wanqiu's figure was SSS grade.

Lin Fan thought about it again and walked in front of Xia Wanqiu.

"Meow, meow?" Xia Wanqiu looked at Lin Fan with her beautiful eyes.

"Wife, I have something to tell you."

"It's just... I see a bug on you here. Can I hit it?" Lin Fan said and found a very lousy reason.

When Xia Wanqiu heard that, her face turned red and she glared at Lin Fan fiercely.

"Stupid Lin Fan, fierce, fierce!"

"Even if you want to bully me, you can't use such an excuse." Xia Wanqiu turned around with a red face.

“I’m not looking for an excuse. It’s just that my wife is too beautiful, so...” Lin Fan was about to explain.

Xia Wanqiu was already furious.

She turned back to look at Lin Fan. “Hmph, no. If you say that again, I’ll ignore you. Those things... can only be done after we get married. Before that, they can’t be done.”

Looking at Xia Wanqiu’s back view, Lin Fan sighed.

As expected, he was rejected...

There was a long way to go.

Although his relationship with Xia Wanqiu was already very good, she was such a conservative girl.

Lin Fan had no choice. He couldn’t force himself on her.

Xia Wanqiu would blush even when she saw him now. She was so pure and beautiful, and she was still very traditional.

The most important thing for a girl could only be given to the person she loved the most on the day of marriage.

Lin Fan and Xia Wanqiu were already a couple but the number of times they kissed could be counted on one hand.

It was already very good that they could hold hands usually.

If they wanted to hug, the atmosphere had to be right.

He already had a girlfriend, but his life was still so miserable.

Every day, he would look at Xia Wanqiu's long legs at home. He could only look at them and not touch them.

Otherwise, Xia Wanqiu would really be angry and might ignore Lin Fan for a few days.

Not to mention that Lin Fan had made such a request to Xia Wanqiu.

Luckily, Xia Wanqiu was Lin Fan's girlfriend, so Lin Fan could say that. Xia Wanqiu was only blushing and wouldn't really hit Lin Fan.

If you don't believe me, go to the streets and find a random girl to talk to like this. See what the consequences are.

Why would the red packet appear at that place?

Lin Fan lay on the bed and sighed.

Fortunately, he had a month. If he failed this time, he would find another chance.

If he really could not complete it, his happiness for the rest of his life would be completely gone.

Most importantly, Lin Fan couldn't let Xia Wanqiu know about the existence of the system. Otherwise, if he failed the mission, the punishment would be very serious.

"Master, what's wrong?" Su Xiaoyu ran to Lin Fan's side.

"Master is really a bad person to make such a request to Sister Wanqiu." Su Xiaoyu stuck out her tongue and held a banana in her hand.

"You're the child. Any normal girl wouldn't agree to that kind of request." Su Xiaoyu's cheeks were a little pink. She had heard everything just now.

"How can I be a bad person? Children don't understand. Go away," Lin said, waving a hand.

“That’s right, that’s right, I don’t understand...” Su Xiaoyu turned around and left. She wanted to kindly tell Lin Fan what to do, but Lin Fan didn’t seem to be interested.

...

And so the day passed.

By the next day, Lin Fan’s two scripts, the second season of Joy of Life and the third season of The Legend of the Sword and Fairy, had all been completed.

And this time, the second season of “Joy of Life” had already brought the entire plot to a grand finale.

In the second season, the ups and downs of the plot were more obvious, and the persona of all the actors would be truly highlighted.

And when it came to the third season of The Legend of the Sword and Fairy, it wasn’t as sad as the first season, but there were still a lot of torturous points in the plot.

Of course, the emotional scenes between the male and female leads were still very sweet in the end.

When both scripts were finalized at the same time, Lin Fan finally heaved a sigh of relief.

Too much had happened before that had affected the progress of his scripts.

Now the scripts were finally completed.

These two scripts might even sell for a good price.

Today, Su Xiaoyu and Xia Wanqiu went to the office to work.

Although Su Xiaoyu was no longer working for Yuehua, they still had to film together.

Just as Lin Fan was about to leave, a girl arrived at his door.

The girl's eyes were helpless and red.

When the security guard saw the girl, he let her in immediately.

This girl was Lin Fan's former opponent, the female lead of "Star Garden" and the school belle of Beijing Film Academy. She had once been first on the TikTok Celebrity Rankings and had crushed many celebrities.

The girl with 93/100 in looks, Lin Kexin.

She was lively and cheerful. She also liked small animals and was usually very kind.

This time, she stood in front of Lin Fan's house and was no longer as lively as before. There were even three bruises on her arm.

When Lin Fan saw Lin Kexin, he was also shocked.

When did Lin Kexin become like this?

"Lin Fan, I'm sorry."

"I know I'm going to look very out of place in front of you like this, but the only person who can help me right now is you."

"I'll do anything you want, even give you my first time. I won't tell anyone..." Lin Kexin looked at Lin Fan with tears in her eyes. She was about to cry.

"Come in first. What happened?" Lin Fan asked.

"Last time, because I promoted The Legend of the Sword and Fairy, Huace Pictures thinks I'm the reason The Legend of the Sword and Fairy can beat Star Garden."

“Star Garden did not beat The Legend of the Sword and Fairy, so the people at Huace Pictures are going to lower my signing fee. It was supposed to be twenty million a year, but it’s going to be lowered to two million a year.”

“The boss of Huace Pictures, Lin Xian, wants me to sleep with him... If I don’t agree, Huace Pictures will stop promoting me.”

“I turned them down. The people at Huace Pictures kicked me out. They recorded my voice and edited part of it. They created a lot of negative news about me and posted it on Weibo. A lot of people are flaming me on Weibo now. I don’t even dare to look at Weibo now.”

“Huace Pictures has decided to ban me completely. If I want to terminate my contract with Huace Pictures, I have to pay them 300 million.”

“But I only have a hundred million. My parents are old and still need me to support them. I want to give my parents a good future on my own...”

Lin Kexin leaned on the table helplessly and sobbed softly.

The kitten Qiuqiu crawled onto Lin Kexin’s lap, wanting to comfort her.

The once extremely popular school belle, Lin Kexin, was now completely banned by Huace Pictures.

That was the unspoken rule of the entertainment industry.

This was especially true for some beautiful actresses. If they refused certain requests from their bosses, they might be banned.

There was no shortage of pretty girls in the entertainment industry today.

Only a large entertainment company could have a lot of resources to help a celebrity grow and develop.

After hearing Lin Kexin say so much, Lin Fan’s impression of Huace Pictures plummeted.

Last time, Huace Pictures targeted Xia Wanqiu.

This time, Huace Pictures directly targeted Lin Kexin.

Lin Kexin was only 21 years old. She was at the age when girls were most beautiful.

Lin Kexin looked at Lin Fan with her beautiful eyes. "I don't know what to do. No one can help me, so... I thought of you."

"But I don't know what reason you have to help me. My most precious thing is only my first time..."

Lin Kexin looked a little sorrowful.

She knew it was embarrassing to say such a thing.

But now that Huace Pictures had banned her, she could no longer participate in any work.

She would either have to pay the contract termination fee or be completely banned.

Lin Kexin might even suffer the revenge of Huace Pictures.

"Lin Fan, you're my idol. I love every TV show you've ever made. I love the songs you sing."

"My dream is to make a good drama and present an excellent production to the audience."

"If you can help me, I'll work for you for free. I'll pay you back all the money. As long as I can film, I'll do anything," Lin Kexin said with red eyes.

Lin Fan was her last hope.

It was easy to crush a girl.

She was only twenty-one years old and had just graduated from the Beijing Film Academy. She had expected to do well in the entertainment industry.

But reality hit her hard.

As Lin Kexin spoke, she took off her coat, revealing her snow-white shoulders and slender long legs.

Her cheeks flushed. She stood there, waiting for Lin Fan to make his move.

There was no man who didn't love women, let alone a pretty one like her.

The girls from the Beijing Film Academy were all quite good-looking. The fact that she could become the school belle of the Beijing Film Academy meant that not many people could compare to her looks and temperament.

After Lin Fan heard everything, he walked forward and put the coat back on Lin Kexin.

He never took advantage of girls, except his own cat.

Lin Fan felt very angry that Huace Pictures bullied such a weak girl.

Was it always like this in the entertainment industry?

If that's the case for all of them, how are we going to make good films?

Seeing Lin Fan help her put on her coat, Lin Kexin's tears fell uncontrollably. She lowered her head and did not dare to look up again.

"I'm sorry, Brother Lin Fan."

"It's normal that you don't want to help me. I'm leaving."

"It's just that, Brother Lin Fan, I don't want to leave a bad impression on you. I'm not that kind of frivolous girl," Lin Kexin said as she turned around and ran away.

Her back was so lonely and forlorn.

No one knew what decision she would make next.

She felt that she no longer had the face to stand in front of Lin Fan.

#### **Chapter 274: Signing Lin Kexin, Lin Fan's Money-Making Plan**

“Lin Kexin, am I that kind of person in your eyes?”

“Will I take a girl's most important thing just because she asked me for help? Besides, I have a girlfriend.” Lin Fan smiled and looked at Lin Kexin.

“Sit down, eat some bread and drink some water first. Don't cry. Crying won't solve the problem.” He smiled and took out the bread.

If Lin Kexin wanted to terminate her contract with Huace Pictures, she would have to pay a contract termination fee of 300 million yuan.

She would pay 100 million herself, but still had to pay 200 million more in contract termination fees.

No entertainment company would help Lin Kexin pay the two hundred million in contract termination fees.

It was easier said than done for an artiste to earn two hundred million.

But for Lin Fan, his eyes lit up.

In Lin Fan's opinion, the boss of Huace Pictures was very capable, but there was something wrong with his IQ.

Who was Lin Kexin? She was the school belle of Beijing Film Academy. She was so popular and beautiful.

Moreover, Lin Kexin was still very popular now. If he could sign her, he would be able to earn a lot of money in the future.

If it had been any other entertainment company, it would have been difficult to use Lin Kexin to earn two hundred million.

But to Lin Fan, it wasn't difficult at all.

Lin Fan had already entered the entertainment industry, so of course he had to work hard to earn money.

Moreover, Lin Fan planned to open an entertainment company in the future.

If one wanted to start an entertainment company, the most important thing was to have outstanding artistes in the company.

Artistes like Lin Kexin, Xia Wanqiu, and Su Xiaoyu could earn a lot of money.

But most of the profits would be taken by the entertainment companies.

In fact, celebrities could only get a small portion of the money.

Su Xiaoyu was the first artiste Lin Fan signed, but she did not lack money at all. Lin Fan would not let Su Xiaoyu film dramas and endorsements every day at a high intensity.

Lin Fan could not bear to let Xia Wanqiu work at a high intensity too.

If he wanted to open an entertainment company, just having Xia Wanqiu and Su Xiaoyu was not enough.

Now there was Lin Kexin.

In Lin Fan's scripts, he could arrange a role for Lin Kexin.

If Lin Kexin could continue to be popular, it would bring in immeasurable income.

At that time, she could earn tens of millions by filming an endorsement.

As long as she did that many times, she could earn a lot of money. Then, she could definitely earn more than 200 million yuan.

Imagine how high her popularity would go.

In the past, television dramas could become very popular, but now, it was very difficult for dramas to reach the peak levels of past dramas.

For example, there was no distinction between celebrities in the 1986 version of Journey to the West. Even the main lead had to help carry the props.

These were classic veteran actors.

If it were young actors now, hiring an actor would cost tens of millions of yuan. If they hired a few more, they would not have to film that television drama. They would be bankrupt before they could film it.

But Lin Fan was different.

Lin Fan's scripts were enough to shake the entire entertainment industry.

And the most important part of Lin Fan's scripts was the characters.

If Xia Wanqiu, Su Xiaoyu, and Lin Kexin appeared in the same television drama, what would happen?

At that time, it would not be as simple as going viral on the Internet.

Perhaps it would become a true classic.

Three very beautiful girls in the same frame, and their acting skills were top-notch. Coupled with Lin Fan's script, the effect of the television drama would be unimaginable.

He would definitely earn more than 200 million yuan then.

After some thought, Lin Fan made a decision.

Lin Fan looked at Lin Kexin and said with a smile, "Lin Kexin, I'll help you pay the contract termination fee. I can't stand Huace Pictures bullying you either."

"But if you want me to help you pay the contract termination fee, there are conditions too." Lin Fan smiled brightly and looked at Lin Kexin's surprised face.

"Brother Lin Fan, I'll accept any condition," Lin Kexin said seriously.

"First, you have to sign with me and become an artiste for my company in the future. I'll be in charge of all your resources. You can't refuse the company's arrangements for no reason."

"Second, if you sign with me, you have to sign for five years. You can't change companies for five years. If you do, the contract termination fee would be very high too. I can't help you pay the contract termination fee for nothing. You understand that."

"Third, any earnings from activities the company arranges for you, any television series, endorsements and advertisements you participate in, will be split 80-20. I'll take 80% and you'll take 20%. Of course, in your second year with my company, it can be adjusted to 70-30." Lin Fan said.

He wasn't a fool, and he certainly wasn't a saint who'd look after a girl just because she was bullied.

Signing Lin Kexin would definitely bring more benefits than harm.

Hearing this, Lin Kexin smiled sweetly and nodded.

"Brother Lin Fan, thank you!!"

"Actually, artistes' cuts of the profits are very low. Usually, the company gets 90% and we get 10%. Lin Fan, how can you be so good?" Lin Kexin looked at Lin Fan with her beautiful eyes and said in surprise.

Lin Fan smiled. "I'm me. Other people are other people. Go and sign the contract with Qianwei in the afternoon. Once it's signed, you'll be my artist. You can act in both the latest TV dramas, the second season of Joy of Life and the third season of The Legend of the Sword and Fairy. But you won't be paid for either drama."

After Lin Kexin heard this, she was pleasantly surprised. "Brother Lin Fan, can I also act in these two television dramas?"

Lin Fan nodded. "Yes, of course."

In the afternoon, after settling the contract, Lin Kexin officially became an artiste under Lin Fan.

Although Lin Fan had yet to establish an entertainment company, the contract was still legally binding.

Lin Fan also helped Lin Kexin pay the contract termination fee.

After paying the 200 million yuan contract termination fee, Lin Fan became poor.

But this deal was worth it.

At the same time, Lin Fan went to Yuehua Entertainment.

When Lin Fan brought Lin Kexin along, everyone was amazed.

Lin Kexin was a top celebrity in China, but she had actually become an artiste under Lin Fan.

"Ahhh, Lin Fan is too amazing."

"Lin Fan already has Xia Wanqiu. In the end, even Su Xiaoyu and Lin Kexin have become Lin Fan's artistes."

"Some get scorched while others are inundated. Why is Lin Fan always surrounded by beautiful women? If it were me, I'd take them all."

"Nonsense. This is the 21st century. Polygamy is illegal, but Lin Fan is so assertive. He was actually able to sign a big star like Lin Kexin."

“With Lin Kexin, Xia Wanqiu, and Su Xiaoyu, our company’s television dramas will definitely become extremely popular!”

As everyone in the company exclaimed, Lin Fan sat down.

Finally, it was time to film television dramas again.

Countless fans were already waiting for the sequels to Lin Fan’s two television dramas.

After these two television dramas were all broadcasted, Lin Fan might even earn more money than Xia Wanqiu.

At that time, he would always be able to suppress his wife.

At that time, he would be able to pass Xia Wanqiu’s father’s test and marry Xia Wanqiu.

After they got married, Lin Fan wouldn’t have to live such a bitter life anymore.

Lin Fan’s arrival excited everyone in Yuehua Entertainment.

Lin Fan’s two new scripts were coming out!

Two classic TV dramas were about to be released.

And the entire entertainment industry would be shaken!
