

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 295-299

Chapter 295: Crushing Wang Qing! Lin Fan is the Big Boss!

After the call with CEO Ma, Lin Fan immediately started working.

Lin Fan had a lot of resources behind him now.

Alibaba, LV, Chanel, and Bugatti.

It could be said that Lin Fan's businesses already had a lot of influence.

With such influence, it would not be difficult to raise the share price of Estee Lauder.

After communicating with CEO Ma for a long time, Lin Fan realized that his business ability had also reached 81 points.

He still wasn't as good as the dog, but he was a normal person, and he could turn the price of Estee Lauder's shares around at this point.

On the Internet, there was a bombshell.

[Shocking! The CEO of Estée Lauder is actually the second-largest shareholder of LV!]

When the news came out, all the employees of Estée Lauder were shocked.

They kept Lin Fan's information a secret.

Only big shots like CEO Ma and the country knew.

As for the people online, they did not know who the boss of Estee Lauder was.

It was not just viral domestically. There was also a lot of public opinion abroad.

"Holy shit. LV's second-largest shareholder is actually the CEO of Estée Lauder."

“Are the European luxury brands forming an alliance?”

“Does anyone know who the CEO of Estee Lauder is? Let me cozy up to him.”

“I want to have children with the CEO of Estée Lauder!!!”

“The share price of Estée Lauder has fallen recently because the company changed CEOs. In the end, we only realized now that the CEO of Estée Lauder is so capable.”

“That’s right. He’s the second-largest shareholder in Louis Vuitton, and now he’s the CEO of Estée Lauder. That’s probably what a real talent is. Someone we’ll have to look up to all our lives.”

Under the news that went viral all over the internet,

there were many people who wanted to find out the name of the CEO of Estee Lauder, but none of them did.

The company kept the secret very strictly.

Coincidentally, Wang Qing did not say anything either.

If Wang Qing said Lin Fan’s name, wouldn’t he be helping Lin Fan act cool?

Hence... it became completely viral in Estée Lauder.

“Damn, Boss Lin is actually the second-largest shareholder of LV. He’s equivalent to a vice president.”

“That’s right. Now that LV is developing so well, it must have something to do with Boss Lin. I knew it. How could someone without ability become the CEO of Estée Lauder?”

“Don’t tell me someone really thinks that just anyone can become the CEO of our company?”

“Boss Lin is too strong. In that case, who else thinks that our company’s CEO is not capable?”

“If you’re not convinced, you can be the vice president of LV.”

“To be able to be the vice president of LV, he must be very capable. Now that Boss Lin has joined our company, he might be able to develop our company better!”

With such news, the company’s internal staff worshipped Lin Fan even more.

Louis Vuitton’s market value was not lower than that of Estée Lauder.

And LV’s popularity and influence were number one among European luxury brands.

This could not be done without the efforts of the entire LV Corporation.

There were few negative reviews online about LV.

This company had done a perfect job.

But at Estée Lauder, there were a lot of problems.

There was still no way this company could compare to LV.

After such news broke, the stock price of Estée Lauder rose rapidly.

In just two days, Estée Lauder’s share price had risen by 10%!

A ten percent increase in stock price was unbelievable.

Estée Lauder’s market value was more than three hundred ninety billion yuan, close to four hundred billion.

The stock price had increased by 10%. One could imagine how much it had increased.

With this trend, there were more investors willing to come and buy shares in Estee Lauder.

Just because the company's CEO had changed to someone more capable!

On this day, the company's higher-ups had another meeting.

Many shareholders sat together, their faces full of admiration.

In just two days, Lin Fan's ability had already been recognized by most people.

Especially Claren, the company's third-largest shareholder. When he saw Lin Fan, he bowed even lower.

"Boss Lin, I didn't expect you to be the second-largest shareholder of LV. You're so capable, but in the end, some people are still doubtful of your abilities," Claren said, looking at everyone.

"I also hope that our company's shareholders can listen to Boss Lin's instructions. With Boss Lin around, our company's market value will definitely be higher!" Claren smiled.

"That's right. Boss Lin is too awesome. Our company's share price has increased by 10%. This is simply a miracle."

"I thought that the company's share price would continue to fall. It's only been a few days, but the company's share price has already risen so much. This is all thanks to Boss Lin."

"How did Boss Lin do it? Anyway, I've already worshipped Boss Lin..."

Many shareholders of the company expressed their unanimous approval of Lin Fan.

As long as they could earn money, these shareholders would also support Lin Fan.

Under such public opinion, Lin Fan had already gained the trust of many of the company's shareholders.

However, Wang Qing and the others did not attend today's shareholders' meeting.

They also held shares in the company, but none of them came today.

After the meeting, Wang Qing stood at the door of the office with a smile.

"Hello, shareholders. From today onwards, I am the CEO of Estée Lauder."

"Boss Lin does have 19% of the shares. He's considered a major shareholder in our company. Everyone has seen Boss Lin's ability these few days and he has created good results for our company."

"That's commendable."

"However, after a few days of discussion, many of the company's shareholders have already transferred their shares to me."

"Boss Lin, I currently hold 24% of the company's shares. I'm the person who holds the largest percentage of shares in the company."

"So... Boss Lin, your position is mine."

"Please rise."

Wang Qing smiled and looked at Lin Fan.

He was openly slapping Lin Fan in the face.

Lin Fan had been busy with the company's stock price for the past two days, but Wang Qing had dealt him a fatal blow behind his back.

As Wang Qing spoke, he took out the share transfer agreement and placed it on the table.

It was clearly stated that the company's number one shareholder had already become Wang Qing.

Wang Qing was the CEO of Estee Lauder.

When it came to this outcome, no matter how good Lin Fan's previous achievements were, the CEO of the company had already become Wang Qing.

Wang Qing gave Lin Fan a fatal blow!

The many shareholders present also looked at each other.

If that was true, the other shareholders of the company could say nothing.

"Boss Lin, aren't you getting up?" Wang Qing looked at Lin Fan as if he was the victor. He originally wanted to attack Lin Fan, but the company's shares were more important. Wang Qing had also done something big these few days.

The Wang family invested heavily and let Wang Qing become the CEO of Estee Lauder.

Lin Fan's position was squeezed out!

Lin Fan sat where he was, his expression indifferent.

He had long thought of Wang Qing's methods and countermeasures to them.

What kind of person was CEO Ma? He had already told Lin Fan everything he could think of.

Lin Fan snapped his fingers gently and Su Muqing, who was standing at the office door, walked in with the latest documents.

"Wang Qing, I'm sorry."

"The company's shares were changed yesterday. All the shareholders on this list have now been fired by the company because of their record of smearing the company. Their shares have also been forcibly bought back by the company and are now owned by the company. These things are legally binding."

“Therefore, these share transfers of yours are invalid.”

“What I’m telling you is that my current share of the company is twenty-five percent!”

When Lin Fan finished speaking, Su Muqing placed the document in front of Wang Qing.

Those who defamed Lin Fan happened to be from Wang Qing’s side.

With Su Muqing’s help, the evidence was collected. Legally, if the company’s shareholders did something to discredit the company and damage its reputation, the company had the right to fire those shareholders and take back the shares.

In the past few days, Lin Fan had completely reshuffled Estee Lauder.

Apart from Wang Qing, he had no other enemies in the company.

When Wang Qing looked at the information in Lin Fan’s hand, his entire body turned cold.

Those shares had all been taken back by Lin Fan, so Wang Qing’s share transfers were all invalid.

The people he had befriended over the years and the shareholders he had roped in had all been shuffled by Lin Fan and chased out of the company.

When had Lin Fan ever been so scheming and capable?

He didn’t believe it...

He had thought that he could defeat Lin Fan easily today.

Unexpectedly,

He was the one who lost!!!

Lin Fan was the real boss of Estee Lauder!

Chapter 296: Lin Fan's Strength Conquers the Company's Shareholders!

When Lin Fan took out the equity contract, Wang Qing was dumbfounded.

Everyone present was already dumbfounded.

Many of the Estée Lauder shareholders stood frozen in shock.

Lin Fan was actually so powerful.

In just a few days, Lin Fan had already accomplished a mission that ordinary people could not.

One had to know what kind of company Estee Lauder was.

It was a top luxury company worldwide.

It was almost impossible to become the big boss of Estée Lauder and get so many shares!

Lin Fan originally already had 19% of the shares. Today, Wang Qing wanted to become the CEO of the company and took out the share certificate. In the end, he was also schemed against by Lin Fan.

Lin Fan's shares in the company had already exceeded 25%!

It was equivalent to Lin Fan holding a quarter of the shares of the company!

"Damn, Boss Lin... Boss Lin actually has 25% of our company's shares."

"What exactly has Boss Lin done these past few days to want to get these shares of the company? Even if those shareholders made mistakes and can be fired, Boss Lin must have spent a lot of money."

"Of course. I don't know how much money it cost to become the CEO of our company. It must be at least a few hundred million yuan..."

There was evidence of these shareholders defaming the company.

This evidence was the key to Lin Fan kicking those people out of the company.

He did not need idle slackers who defamed the company as the company's shareholders.

Since Lin Fan had taken over Estée Lauder, he would push it to a higher level.

The more money the company earned, the more money Lin Fan would earn.

It was what a company leader had to do.

If he didn't do it, he would fail as a company leader.

Wang Qing looked at the share transfer agreement in Lin Fan's hand in disbelief.

"No..."

"Lin Fan, you're ruthless." Wang Qing's eyes were dark as he turned around and walked out.

He was the second-largest shareholder of the company, and Lin Fan was the CEO.

Two people not getting along and fighting for power was also a common thing in the company.

The shareholders of the company did not dare to comment on the two of them.

Who was Wang Qing? He was from one of the four major families in Shanghai.

The Wang Consortium's market value had already exceeded 100 billion.

Wang Qing was the only son of the Wang family and everyone acknowledged his ability.

Wang Qing would definitely be able to inherit the Wang Consortium in the future.

The Wang family was even more powerful than the Huo family!

Wang Qing had worked hard for so long, but in the end, he realized that all his plans had failed.

He wanted to be a shareholder in the company and become the company's CEO. He had planned for this day for a very long time.

After he became the CEO of the company, he could marry the second daughter of the Su family.

But now, all his plans had been ruined by Lin Fan.

After Wang Qing left, Lin Fan's expression was calm.

Apart from Wang Qing, the other shareholders were relatively easy to deal with.

This Wang Qing had the Wang family backing him. It would be very difficult to use a legitimate reason to make him leave Estée Lauder.

However, Lin Fan already had a large portion of the company's shares.

And now, many shareholders believed in Lin Fan's ability.

No matter how Lin Fan and Wang Qing fought for status in the company, as long as the shareholders could earn money, they were not worried about anything else.

It would take a long time to gain a foothold in the company.

"Muqing, come with me to Yuehua," Lin Fan said.

"Mmm..." Su Muqing nodded, her beautiful eyes filled with admiration.

She had watched Lin Fan take control of the company step by step and gain the trust of the shareholders.

Even the only son of the Wang family, Wang Qing, did not gain any advantage when fighting Lin Fan.

Su Muqing took the documents and went to the car to wait for Lin Fan.

At this moment, Lin Fan received a message from Yun Qian.

“Brother Lin, I’ve finally found out.” Yun Qian laughed, clearly much happier.

“Well?” Lin Fan asked.

“Brother Lin, Su Muqing is the second daughter of the Su family. She’s very beautiful. The Su family is also one of the four major families in Shanghai. Moreover, the market value of the Su Corporation exceeds 300 billion yuan. It is involved in many fields.”

“The Su family seems to know your background, so they asked Su Muqing to be your assistant. It’s mainly because you’re too amazing. The Su family is already trying to rope you in before you even make a move,” Yun Qian said with a smile.

“Is she safe?” Lin Fan asked again.

Right now, he was wary of everyone except those he trusted absolutely.

For example, the beauty Su Muqing who suddenly appeared beside Lin Fan. She was a young and sunny girl and was very meticulous.

Thinking about how he had almost been killed that day, Lin Fan had to investigate everyone around him.

“Absolutely safe,” Yun Qian said, patting his chest.

“Thank you, Brother Yun. Is there any other information?” Lin Fan asked again.

“Brother Lin, the truck driver from before only said that someone asked him to make a delivery and gave him five thousand yuan. Then, on the way, the brakes went out of control. That’s why the driver hit the bodyguard driving the Rolls-Royce.”

“It could have been an accident.”

“But after carefully checking the remittances of the funds, the five thousand dollars were transferred from an account of a large family. It was transferred three or four times in between before it finally reached the truck driver.”

“And this big family... is the Wang family of Shanghai!” Yun Qian said with a solemn gaze.

In other words, the Wang family probably wanted Lin Fan dead.

Hearing such news from Yun Qian, Lin Fan’s expression became serious.

The Wang family... happened to have a son called Wang Qing.

Although there was no concrete evidence yet, there had to be a connection.

If he could be sure, the people who wanted to kill him were the Wang family!

But that was only an inference.

If it was just a small matter, Lin Fan could still ignore it.

But his life was already at stake.

After he made the call, he got in the car.

Su Muqing was driving and Lin Fan was sitting in the front passenger seat.

It was enough to confirm that Su Muqing was safe.

After working for so long, Lin Fan wanted to return to Yuehua to visit Xia Wanqiu.

“Boss Lin, you’re really amazing.” Su Muqing smiled.

“I’m decent.” Lin Fan smiled. “But I’m not as impressive as the second daughter of the Su family.”

When Su Muqing heard this, she revealed a bright smile. “Boss Lin, have you already investigated my background? Don’t worry, Boss Lin. I’m your assistant and will always be your assistant. If you encounter danger, I’ll protect you immediately.”

“Why did you come to be my assistant?” Lin Fan asked again, looking at her.

“The Su family knows that you are the largest shareholder of Estee Lauder and the second-largest shareholder of LV. It’s my honor to be your assistant.”

“I can learn a lot from you. In the future, I can also expand the Su Corporation,” Su Muqing explained with a faint smile.

She was already very capable. She was such a powerful girl, but she was impressed by Lin Fan’s identity and background.

The Su family was very powerful. It was precisely because of this that after the Su family found out about Lin Fan’s background, they immediately chose to let Su Muqing approach Lin Fan.

Su Muqing’s explanation put Lin Fan completely at ease.

The Huo and Wang families of the four major families in Shanghai all had a grudge against him.

Only the Su family did not look like a villain.

While Lin Fan and Su Muqing were chatting...

On the road, a large truck sounded its horn.

Another big truck!

This big truck was not fast, but it was enough to flatten a small car!

As for this big truck, after crashing into five or six cars in a row, it directly drove towards Lin Fan's car!

Chapter 297: Even In Hell, I Have to Snatch Su Xiaoyu Back

Su Xiaoyu was driving.

She drove a red Ferrari down the roads of Shanghai.

She knew that Lin Fan had become a shareholder in Estee Lauder, and that he had been bullied.

Su Xiaoyu was a genius girl, so it was easy for her to find out.

She just wanted to come to Estée Lauder to see Lin Fan and ask if he needed her help.

“Master is really amazing. He's already become the big boss of Estée Lauder so quickly~”

“Is Master cheating? Why don't I know how he did it?” Su Xiaoyu shook her head after checking a lot of information.

No matter what, it was a fact that Lin Fan had become Estée Lauder's big boss.

Su Xiaoyu drove the Ferrari to look for Lin Fan.

There was no other reason. Besides helping Lin Fan, she wanted to eat his feast.

At that moment, Su Xiaoyu saw Lin Fan's Bugatti Veyron Ettore Bugatti.

Then she saw another out-of-control large truck crashing towards the Bugatti Veyron Ettore Bugatti.

Su Xiaoyu knew Lin Fan's car.

There was only one of Lin Fan's Bugatti Veyron Ettore Bugatti in the world.

Lin Fan was about to get into a car accident.

"Lin Fan..." Su Xiaoyu's beautiful eyes turned serious and her brain started working.

In the space of a few seconds, she had even calculated the trajectory after the collision with the big truck and the lethality it would cause.

The instant acceleration of a sports car was terrifying.

After Su Xiaoyu stepped on the accelerator, she accurately drifted in front of the truck.

BANG!!!

The sound of the crash spread.

There were even sparks of friction on the ground, and dark tire marks.

THUD!

It was just a light collision, but Su Xiaoyu's Ferrari was immediately dismembered.

The sports car had excellent safety features, but poor crash protection.

In the event of a collision, the sports car would immediately distort and neutralize the power of the big truck.

Boom!

The powerful impact sent another car on the road crashing into Lin Fan's sports car.

The glass at the front of the sports car cracked!

At this moment, Lin Fan had already recognized Su Xiaoyu's car.

Lin Fan was now extremely cold.

He was burning with anxiety.

He had never expected that. The past few days had been so calm. However, another big truck had appeared today.

It was bad enough that the big truck had caught him in it.

Today, Su Xiaoyu happened to be driving out...

When Su Xiaoyu saw that he was about to be hit, she chose to accelerate her Ferrari and block the big truck.

No small car could withstand the lethality of a large truck.

If anything happened to Su Xiaoyu, Lin Fan would never forgive himself.

Su Xiaoyu was such a beautiful girl and one of Lin Fan's most trusted people.

Nothing must happen to Su Xiaoyu.

Absolutely not!!!

Now Lin Fan only had endless anger.

When the windscreen shattered, Su Muqing unbuckled her seat belt and rushed recklessly into Lin Fan's arms.

A shard of glass cut a wound on Su Muqing's back.

THUD!!!

With a loud bang.

The Bugatti Veyron Ettore Bugatti stopped.

The body of the Bugatti Veyron Ettore Bugatti was already half warped.

Su Muqing trembled gently in Lin Fan's arms.

She smiled sweetly.

"Boss Lin, I told you that I'm your assistant. No matter what happens, I'll protect you."

"Please... stop doubting me."

"I feel really honored to be your assistant." After Su Muqing finished speaking, her face turned pale and she gently fell into Lin Fan's arms.

There was only rage in Lin Fan's expression.

He touched Su Muqing's back.

He wasn't taking advantage of Su Muqing.

Even though Su Muqing's voluptuous chest was pressed against Lin Fan's body, Lin Fan could not feel it at all.

He felt blood.

The blood on Su Muqing's back.

For a moment, Lin Fan felt cold all over.

He did suspect Su Muqing these days, and she knew she was under suspicion.

Today, she told him with her actions.

She was Lin Fan's assistant.

She would protect Lin Fan.

A girl's body was very important.

When her back was cut, it would leave a scar.

This scar would be difficult to remove.

And her life might even be in danger.

Lin Fan felt a deep sense of guilt now.

If not for him, Su Muqing would not have become like this.

Although they had only spent a few days together, Lin Fan really felt that Su Muqing was a very good girl.

Lin Fan's eyes were red now.

There was also a girl whose fate was unknown.

The girl drove her Ferrari and blocked the big truck head-on.

How terrifying it would be when the sports car and the big truck collided.

Lin Fan's hands were stained with blood.

His eyes were red-rimmed.

The old Lin Fan was a simple salted fish.

In society of the twenty-first century, the idea of murder had never crossed his mind.

Lin Fan had always been kind to people.

But what had happened today had completely changed him.

Lin Fan now had the urge to kill someone.

Two car accidents in a row, two near-death situations in a row, and his assistant, Su Muqing, was also injured.

What made Lin Fan most furious was that Su Xiaoyu was implicated.

Su Xiaoyu was one of the few girls around him.

Lin Fan opened the car door with Su Muqing in his arms.

He patted Su Muqing's cheek.

Su Muqing's beautiful eyes fluttered open. She shook her head, weak. Her fingertips pointed to the Ferrari in front of her.

When Lin Fan looked at the Ferrari, his heart lurched.

How he wished it wasn't Su Xiaoyu's car.

How he wished the car had been his.

The Ferrari had been completely wrecked.

Beneath the Ferrari, the gasoline was leaking.

And smoke was coming out of the Ferrari.

A car was already smoking around them.

Everything was a chaotic mess.

The people around him were running for their lives.

The car was smoking, and there was gasoline underneath. There would be an explosion.

Even if they wanted to save her now, other than the firefighters who would risk their lives to save her, no one else would dare.

Lin Fan placed Su Muqing on the spot. They were still twenty meters away from Su Xiaoyu's car.

Su Muqing could still walk.

No matter what, Lin Fan had to see Su Xiaoyu.

He was going to save Su Xiaoyu.

If anything happened to Su Xiaoyu because of him, Lin Fan would never forgive himself.

As everyone ran out, Lin Fan rushed in recklessly.

The passers-by around them started shouting too.

“You can’t go!!”

“That car is about to explode. Do you want to die?”

“You really can’t go. Come back quickly. It’s over. Everything’s over...”

“I know that person. It’s Lin Fan... Lin Fan is courting death.”

“Who’s in that Ferrari? Are they worth Lin Fan dying for?”

“Who can stop Lin Fan? Call 119 and 120, quick!”

....

Lin Fan didn’t know how many voices were around him.

His eyes were all on the Ferrari.

Even though the car was smoking.

Even if Su Xiaoyu might have...

No matter what, as long as there was a chance of survival, Lin Fan would save her.

The sky had darkened, too.

There was a gale all around.

The wind wouldn’t put out the flames. It would make them burn even more.

Lin Fan thought of that day. Su Xiaoyu was leaving Shanghai for overseas.

He stopped Su Xiaoyu and made her his artiste.

Su Xiaoyu became Lin Fan's artiste without even looking at the contract.

She also said that it was good to be Lin Fan's dog.

In the end, today, she'd chosen to crash into that big truck for him.

Now his mind went blank.

Even in hell, he had to snatch Su Xiaoyu back!

Chapter 298: Chapter 277

Lin Fan quickly opened the already twisted door of the Ferrari.

Su Xiaoyu was in the Ferrari.

When he saw Su Xiaoyu, Lin Fan felt his heart ache.

This was real heartache.

Why was Su Xiaoyu so stupid?

Why come to his rescue?

Su Xiaoyu's face was a little pale.

She was dressed beautifully today.

She was dressed in a beautiful pale yellow dress and had slender long legs that countless men coveted.

Su Xiaoyu was about to collapse.

But she saw Lin Fan.

When she saw Lin Fan, Su Xiaoyu smiled brightly.

Lin Fan was fine ~

Su Xiaoyu was holding a photo in her hand.

It was a photo of her and Lin Fan when they were filming the Legend of Sword and Fairy.

She always carried that picture with her.

“Xiaoyu, how are you feeling? Where are you injured?” Lin Fan asked. Seeing that Su Xiaoyu was fine, he was overjoyed.

“I’m fine.”

“Other than a small cut on my arm, I’m fine~” Su Xiaoyu said.

“That’s called a small cut?” When Lin Fan saw Su Xiaoyu, he only wanted to slap himself.

The shirt on her right arm was stained with blood.

Her pallor was a sign of excessive blood loss.

“Okay, get out of here. The Ferrari is smoking, and there should be gasoline flowing out from under the car. The car’s going to explode in about 133 seconds. The blast radius is about five meters. If it causes a chain explosion, it might spread even further.”

“Give up on me, Lin Fan. Don’t save me.”

“Leave. If you don’t leave now, you won’t be able to leave anymore.” Su Xiaoyu looked at Lin Fan and pushed him away.

“No, you’re my artist and my dog. There’s nothing good about me. I just like to take care of the people around me,” Lin Fan said. He was still checking the car and thinking of a way to bring Su Xiaoyu out.

“Ahwoo~ Like this?” Su Xiaoyu did a cute action like a dog.

“Ok, don’t talk too much,” Lin Fan said. “I’ll bring you out.”

‘I can’t get out. My legs are stuck.’

“Just go. Just go. Don’t try to save me anymore.”

“There are only 122 seconds left,” Su Xiaoyu said with a sobbing tone.

Even if she was injured, she didn’t want Lin Fan to be injured at all.

“No talking,” Lin Fan said. Every second was crucial to him. He was trying to figure out how to pull Su Xiaoyu out bit by bit.

119 seconds ...

118 seconds ...

....

Twenty-eight seconds ...

Twenty-seven seconds ...

Time was running out.

But she was still stuck there.

After a few seconds of silence, Su Xiaoyu looked at Lin Fan with her beautiful eyes and revealed a beautiful smile.

“Lin Fan, I have something... I’ve always wanted to say to you.”

“But I didn’t dare. I never said it. I knew I didn’t have the right to say it.”

“These are my last words. I want to tell you so that I can tell you everything before I die~~”

“Lin Fan, listen to me carefully, okay?” Su Xiaoyu smiled sweetly. She had never dared to say it in the past, but if she didn’t, she probably wouldn’t have a chance to say it in her life ever again.

“If you have anything to say, say it after I save you. At that time, I’ll be willing to listen to you say a thousand or ten thousand sentences.” Lin Fan hugged Su Xiaoyu’s slender waist and long legs from behind like a bridal carry.

Su Xiaoyu blushed instantly.

She had been the little princess of her family since she was a child and had never been hugged by anyone else.

Nor had she been bridal carried by anyone else.

Moreover, she was wearing a short skirt. Under the skirt were her long legs which were all being hugged by Lin Fan.

There were only twenty over seconds left. She wanted to finish saying those words to him and push him away.

But Lin Fan’s response was to hug her firmly in his arms.

Then an intense pain came.

Lin Fan took her legs out bit by bit.

And quickly picked her up again.

He had finally saved Su Xiaoyu.

There were only eight seconds left.

Su Xiaoyu finally knew what it was like to be held by someone she liked.

She lowered her head gently and did not resist him again. She was very, very obedient.

Su Xiaoyu accidentally dropped the photo and left it in the car.

Su Xiaoyu looked back.

Lin Fan patted Su Xiaoyu's head and said, "I'll take a hundred, a thousand, and ten thousand photos with you in the future. There's only one mission now. Run!"

Eight seconds passed.

Lin Fan used the greatest strength and speed he had ever used in his life.

The Ferrari was already on fire.

If the fire came into contact with the gasoline, there would be a boom.

The whole car would burst into flames and maybe even explode.

The farther they ran, the safer they would be.

In eight seconds, Lin Fan carried Su Xiaoyu and ran 60 meters away!

He didn't stop running until he reached where Su Muqing was.

At this moment, the number of onlookers increased.

Lin Fan saved the princess like a real hero.

After Lin Fan ran sixty meters, a huge fire appeared behind him and soared into the sky.

On the way, apart from running fast, Lin Fan also hugged Su Xiaoyu's long legs tightly, protecting her short skirt and not letting her expose herself.

After running sixty meters, he stopped, panting.

Looking at the girl in his arms, Lin Fan felt like he had survived a calamity.

He had saved Su Xiaoyu.

Fortunately, Su Muqing was still around.

However, Su Xiaoyu and Su Muqing were both injured, and Lin Fan's heart ached.

Especially Su Xiaoyu. Not only did he fail to protect her, but he also implicated her.

"Wipe your sweat," Su Xiaoyu said softly as she took out a wet tissue and looked at Lin Fan with her beautiful eyes.

"Why would I still wipe my sweat? Let me see your wounds," Lin Fan said.

"No." Su Xiaoyu blushed. "You're bullying me."

“That’s true. It’s more appropriate for a female doctor to see it. Is the doctor here yet?” Lin Fan said, and then he fainted.

Lin Fan didn’t even know he was injured too.

When it was determined that Su Xiaoyu and Su Muqing were safe,

...

When Lin Fan woke up, he was already in the hospital.

A pretty girl in a cat-style short-sleeved shirt was sitting by Lin Fan’s bed, her eyes wide.

“You’re awake?” Xia Wanqiu said. She stood up and bowed slightly. She leaned in front of Lin Fan and looked at him.

The first thing Lin Fan saw was an extremely beautiful girl.

The second thing he saw was the patch of white on her chest.

“So huge,” Lin Fan said groggily, opening his eyes slowly.

“I’m angry, fierce!” Xia Wanqiu’s face was slightly red, but she didn’t cover it. Anyway, there were only her and Lin Fan in the ward.

After scolding Lin Fan, Xia Wanqiu hugged him.

“Stupid Lin Fan, remember to tell me where you’re going in the future,” Xia Wanqiu said softly. There were tears in her beautiful eyes and she was a little worried.

Lin Fan felt the soft and warm fragrance in his arms and smiled brightly.

Other than being big,

they also felt a little soft.

Chapter 299: This Is Boss Lin's Daily Life

Lin Fan felt the girl's hug and smiled.

His wife looked better.

Lin Fan could look at Xia Wanqiu's long legs, her face and her chest without restraint.

Because Xia Wanqiu was his girlfriend.

Lin Fan could feel Xia Wanqiu's worry.

He hugged Xia Wanqiu gently and said, "I'm fine."

Xia Wanqiu looked at Lin Fan and said softly, "Lin Fan, I won't allow you to be injured at all."

Lin Fan smiled and held Xia Wanqiu's hand. "How are Xiaoyu and Muqing? They were injured because of me."

Xia Wanqiu shook her head gently. "They're fine. Xiaoyu was slightly injured and Su Muqing's back was also slightly injured, but she's fine. She'll probably recover after a while."

Lin Fan said seriously, "Wife, I'm sorry. I ran away from the Ferrari while carrying Xiaoyu in a hurry."

Lin Fan would not deliberately interact with other girls, but in order to save Xiaoyu's life, he could only do so.

Since he dared to do it, he dared to take responsibility. Lin Fan would tell Xia Wanqiu first.

Xia Wanqiu smiled and leaned gently on Lin Fan's shoulder. "You don't have to tell me. I know what kind of person you are."

"I still have to thank you for saving Xiaoyu. I can't imagine what I would do without her," Xia Wanqiu said.

Lin Fan thought that Xia Wanqiu would be jealous, but she wasn't.

1

Where else could he find a girl as nice as her?

She was considerate and concerned about him.

And she wouldn't be unreasonable in front of Lin Fan.

"Lin Fan, I just want to ask you... what does it feel like to hug Xiaoyu?" Xia Wanqiu suddenly changed the topic and asked.

"I don't know. I forgot. Saving her was more important then." Lin Fan immediately revealed his strong desire to live.

Did he feel anything when he hugged Su Xiaoyu? Of course he did!

Who wouldn't feel anything when hugging a beauty? When he hugged her waist, he could accidentally rub her chest when he was anxious. Moreover, he was hugging her long legs. Su Xiaoyu liked to wear shorts and short skirts.

She couldn't blame him. Any normal man would have had a normal physiological reaction.

However, since Xia Wanqiu asked this, Lin Fan couldn't possibly answer that hugging Xiaoyu felt good. That would be courting death.

"Hmph, Lin Fan, then I'll reward you with a bridal carry~ When we get home, you can hug me like that too," Xia Wanqiu said, revealing a smile that made one's heart race.

Look, she's still jealous.

Lin Fan sighed. It was impossible for Xia Wanqiu not to be jealous.

If Young Master carried Xia Wanqiu and ran 60 meters, even if he saved Xia Wanqiu, Lin Fan would want to smash that person to death.

"I can do it now." Lin Fan smiled.

He had never bridal carried Xia Wanqiu before.

It was a wonderful feeling.

Xia Wanqiu was Lin Fan's girlfriend. Shouldn't he be hugging her?

"Scum, get lost." Xia Wanqiu blushed. "This is a hospital."

"So I can hug you if we're not in a hospital?" Lin Fan asked.

"Hmph." Xia Wanqiu blushed and did not answer.

For some reason, Lin Fan realized that he had no reaction down there in front of Xia Wanqiu.

That doesn't make sense.

Why was he like that?

Lin Fan immediately sensed that something was wrong.

He had forgotten something very important.

He had forgotten to complete his daily mission with Xia Wanqiu!

[Daily Mission: Complete the mission of receiving the red packet within a month. Mission Punishment: Impotence for life.]

At this thought, Lin Fan felt something strange about his body.

He had been filming for more than a month, and he didn't even care about his daily mission at all during that period.

If he was really impotent, he would be doomed.

When Xia Wanqiu went out to settle the hospitalization procedures, Lin Fan immediately communicated with the system.

"System, give me another chance. I promise to complete the mission," Lin Fan said. Otherwise, how would he live the rest of his life?

His wife was so beautiful, but he was impotent for life. The system's punishment was too terrible.

"Ding! Due to Master being more handsome, the Daily Mission has been upgraded."

"Daily Mission: If you get the red packet within three months, you will receive a Tomson Riviera Villa. Moreover, you have to get the red packet under the gaze of at least ten men before you can complete the mission. Mission Punishment: You will be impotent for life and will never have a second chance."

"Mission Remaining Time: 50 days."

Seeing the new data on the system interface, Lin Fan finally heaved a sigh of relief.

Thank goodness.

There was still a chance.

This time, he did not dare to forget his daily mission.

After Xia Wanqiu returned, Lin Fan saw the faint red packet again.

He had to get this red packet within 50 days!

It was just that the daily mission this time had been upgraded.

In other words, when Lin Fan went to Xia Wanqiu's chest to get the red packet, other than having to touch them for thirty seconds, he would also have to be watched by ten people.

This, this, this...

If he was not required to have ten people watching, there might have been some hope.

Xia Wanqiu was so shy. How could she agree to do it in broad daylight...

However, there was no other way. After he was done with his recent matters, Lin Fan had to complete this daily mission.

"Wanqiu, I'm sick. My heart hurts." Lin Fan looked at Xia Wanqiu and started his best-male-actor level performance.

"Ah?" Xia Wanqiu hurriedly went forward to support Lin Fan. "Why does it suddenly hurt?"

"It hurts because my heart isn't connected to yours yet," he said affectionately.

"Let me touch your heart and connect for thirty seconds. Then my heart won't hurt anymore," Lin Fan said.

Xia Wanqiu blushed and glared at Lin Fan.

Where was the heart closest to? The chest.

Lin Fan clearly wanted to bully her, but he still said it so artistically.

"You're not allowed to!!!"

Xia Wanqiu was furious. She looked even shyer and lowered her head.

Looking at Xia Wanqiu, Lin Fan could only sigh.

The path of life was too long.

It was impossible to trick Xia Wanqiu.

Lin Fan also got dressed and ran after her.

Soon, Lin Fan arrived at Su Xiaoyu's ward.

"You guys chat first. I'll buy you guys some lunch." Xia Wanqiu smiled and walked out.

"Okay." Lin Fan nodded. After Xia Wanqiu walked out of the ward, he asked, "Xiaoyu, that day when the car was about to explode, you said you wanted to say something to me. What did you want to say?"

"Ahwoo~~ Master, I just wanted to share a little secret with you. Now that I'm fine, I don't have to share it with you." Su Xiaoyu giggled and found an excuse to brush it off.

Looking at how loving Lin Fan and Xia Wanqiu were, Su Xiaoyu was also very obedient. She wouldn't woo Lin Fan, nor would she use her beauty to seduce him. She also wouldn't say things like, "Sister Wanqiu isn't at home, Master can choose not to use this thing. I'm willing to take medicine."

"How is your body then? Let me see your shoulder," he asked, still worried.

"It's fine. It's just a small cut. It'll be fine soon," Su Xiaoyu said.

"Okay, that's good." Lin Fan nodded and went to Su Muqing's ward.

"How's your back?" Lin Fan smiled. He now treated Su Muqing as one of his own people.

“Boss Lin, I’m fine. It’s good that you’re fine,” Su Muqing said. She was still very beautiful, and her skin was very fair. She was a natural beauty, gentle and pleasant.

“I won’t say any other words of concern. How much did you earn in the past?” Lin Fan asked.

“Thirty-five thousand a month as Boss Lin’s assistant~” Su Muqing thought for a moment and said.

“Ok. From today onwards, your salary will be increased tenfold. Also, I’ll cover all your medical fees and recuperation fees.”

“Don’t ask why, and don’t worry about it. Your boss is simply very rich,” Lin Fan said.

He had earned so much money to spend it, not to mention that Su Muqing was so capable at work and had saved his life in a dangerous moment.

From Su Muqing’s working attitude, Lin Fan already trusted her completely. It didn’t matter if her salary increased by ten times.

Money had to be spent on important things. Lin Fan would not tip online streamers with his money.

Wouldn’t it be nice to give my female assistant a raise?

“Thank you Boss Lin. I will definitely work harder!” Su Muqing nodded, pleasantly surprised.

Although the Su family was rich, that money belonged to the company.

The entire company had to be run.

Su Muqing was also unwilling to spend her family’s money. She only wanted to earn more money herself.

Thirty-five thousand a month was more than enough to support herself.

Some girls needed a lot of money for makeup, but girls like her were very strange.

Xia Wanqiu, Su Xiaoyu, Lin Kexin, and Su Muqing were all very beautiful even without makeup.

“Also, pick any cosmetics from Estee Lauder. Once you’ve picked them, I’ll send them to you every three months,” Lin Fan said generously.

“Boss Lin, this isn’t appropriate,” Su Muqing said. Her beautiful eyes looked up, clearly surprised.

Even if a girl looked good without makeup, she needed to take care of her skin regularly. It would be even better if she could have some branded cosmetics.

Su Muqing did not like to use the money her family gave her. She was more thrifty and did not use cosmetics much.

Lin Fan wanted to give her cosmetics, and they were such expensive cosmetics. One could go to a store to understand how much Estee Lauder cosmetics cost.

Lin Fan would definitely give her the best kind. They would be completely different from ordinary cosmetics.

“What’s inappropriate about that? I’m also the big boss of Estée Lauder. Can’t I make a decision on such a trivial matter?”

“Also, arrange one for Wanqiu, Xiaoyu, and Lin Kexin. After all, one of them is my wife, and the other two are artistes under me. Arrange another set for Lin Qianwei, and my sister, Lin Yushi.” Lin Fan smiled.

Now that he was the CEO of the company, he could have any kind of cosmetics he wanted.

There was no need to talk about his relationship with Xia Wanqiu and Su Xiaoyu.

Lin Kexin was also an artiste under Lin Fan, and she was very beautiful. In the future, she would be needed for endorsements, so she could use some cosmetics.

Needless to say, Lin Qianwei was Lin Fan’s assistant in Yuehua.

As for Lin Yushi, she was his biological sister. He should give her some makeup.

Don't ask why. Lin Fan was already a real big boss now!

This was the daily life of a big boss.
