

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 310-314

Chapter 310: Xia Wanqiu Is His Girlfriend

After returning to the villa, Lin Fan brought back a lot of clothes.

Some of the clothes were suspenders, some were miniskirts, some were shorts, and some were very pretty short sleeves. The clothes were all very nice.

There were also some evening dresses that were also very nice.

What came into view was a slender long leg.

And a girl with a face mask.

The girl was wearing her pajamas and looking at Lin Fan with her beautiful eyes.

“Meow, meow?” Xia Wanqiu said softly. She put on a mask and made cute movements.

“I’m back.” Lin Fan smiled.

“Meow?” Xia Wanqiu asked again.

“Yes, I bought a lot of clothes outside today. I brought Lin Kexin, Su Muqing, and Ranran along. I didn’t mix with other women,” Lin Fan confessed.

“Oh...” Xia Wanqiu said. When she heard about clothes, her beautiful eyes lit up and she waved the Alipay in her phone.

“I have enough money. I spent more than a million on the clothes. I borrowed money from Yun Qian,” Lin Fan said.

He did not even need Xia Wanqiu to speak to understand what she meant.

Xia Wanqiu took Lin Fan’s phone and looked at the message his bank account sent.

Xia Wanqiu immediately transferred 50 million yuan to Yun Qian.

After Xia Wanqiu finished transferring the money, she took off the mask, revealing a beautiful face.

When Lin Fan saw it, he was even more surprised.

How could Xia Wanqiu be... so beautiful?

It was said that cuteness was worthless in front of sexiness, but if this girl was sometimes cute and sometimes sexy, who could stand it?

Xia Wanqiu's figure was concave in the right places and protruding in the right places. She was also big in all the places that should be big. Who could withstand this?

Most importantly, Lin Fan borrowed 50 million yuan and Xia Wanqiu paid all the money back for him.

If you had a girl like that around you, could you resist the temptation?

"You didn't have to pay for me. I'll have enough money to pay him back in a few days." Lin Fan smiled and walked forward to hold Xia Wanqiu's hand.

"Anyway, my money is yours ~ If you want it, I'll give it to you ~ ~" Xia Wanqiu said. Her red lips pursed slightly. Lin Fan held her hand and she lowered her head shyly.

After being with Lin Fan for so long, Xia Wanqiu still blushed and felt shy when they held hands.

This was also the reason why it was very difficult for Lin Fan to complete his daily mission. Xia Wanqiu was such a conservative girl. She was already blushing when she held Lin Fan's hand. You want Lin Fan to see if Xia Wanqiu was voluptuous or flat?

Not only did he have to see it, but he also had to touch it for thirty seconds. No one would agree to this.

The dog might be an exception, but Lin Fan and Su Xiaoyu were not a couple now.

“Alright, give all your money to me.” Lin Fan smiled and looked at Xia Wanqiu.

“Here, wait a moment. I have to contact the bank to transfer the money to you~~”

“Or I’ll give you this bank card,” Xia Wanqiu said, looking for the bank card in her bag.

Lin Fan was just joking. Who would have thought that Xia Wanqiu would really give it to him?

“If you give me all your money, won’t I win our six-month bet? I’ll be the one on top from now on,” Lin Fan said with a smile.

Xia Wanqiu blushed even more. “Actually... you can be anywhere you want.”

Lin Fan: “!!!”

Lin Fan immediately bridal carried Xia Wanqiu and walked into the room.

Lin Fan wasn’t a saint. Even a saint couldn’t hold out much longer.

Such a cute girl saying such suggestive words.

Xia Wanqiu blushed and said, “Put me down, Lin Fan.”

Lin Fan said, “No, I’m going to kill you on the spot today.”

Xia Wanqiu: “Fierce!”

After carrying Xia Wanqiu back to her room, he placed her on the sofa.

Looking at Xia Wanqiu, Lin Fan really couldn’t bear to see her like this.

It seemed that he would have to take a shower later.

"I picked out a lot of clothes for you and Xiaoyu. Put on a few clothes you like," Lin Fan said.

"Hmm? Sure." Xia Wanqiu nodded.

"I even bought a DSLR recently to take photos of you." Lin Fan smiled. Of course he had to treasure these photos.

After taking a lot of clothes into the villa, Xia Wanqiu went to change.

After Lin Fan studied the DSLR, Xia Wanqiu walked out.

Seeing Xia Wanqiu's appearance, she was wearing a suspender that formed an absolute domain between the corners of the skirt.

Coupled with her beautiful face and long legs, and her snow-white shoulders,

She blushed as she came out, a little girlishly shy. She clasped her hands, a little nervous.

Xia Wanqiu, who had always been conservative, had never worn such clothes.

She had never worn a suspender or a tube dress.

"Is it nice?" Xia Wanqiu asked.

"Yes, it looks good. Turn around." Lin Fan smiled.

In the luxurious villa, Xia Wanqiu was wearing a pale yellow suspender. Under the beautiful lights, she spun around gently.

And this scene was captured by the camera in Lin Fan's hand.

The scene froze. Looking at such a photo, Lin Fan couldn't help but swallow his saliva.

Her legs, her waist, her body...

After a round of clicking the shutter, Xia Wanqiu had changed her clothes ten times.

She was wearing a different style each time.

If Su Muqing looked as innocent as the school belle next door, then Xia Wanqiu was innocent and cute.

Moreover, Xia Wanqiu was even more beautiful.

They were all beauties, but in Lin Fan's eyes, there was a difference in looks.

Xia Wanqiu was a perfect 100 points while Su Xiaoyu was 99 points.

After having all her photos taken, Xia Wanqiu was exhausted.

She had changed her clothes ten times.

Girls look good in whatever they wear if they're pretty.

After dinner, Lin Fan gently placed his palm on Xia Wanqiu's shoulder and said, "I plan to open an entertainment company."

"Huh?" Xia Wanqiu tilted her head and looked at Lin Fan.

"So, I officially invite the eldest daughter of the Xia family, Xia Wanqiu, to be my artiste ~"

"I'll arrange all your work in the future. I guarantee that Lady Xia Wanqiu will be a superstar!" Lin Fan smiled.

Xia Wanqiu looked at Lin Fan with a smile. "My contract with Yuehua will end in a month. When the time comes, I'll be your artiste~~~"

Lin Fan took out a contract and placed it in front of Xia Wanqiu. "Wife, I've already signed it. I'm just waiting for you."

Xia Wanqiu signed her name without even looking at the contract.

The contract would officially come into effect a month later.

After Lin Fan put away the contract, he looked at Xia Wanqiu and smiled. "Xia Wanqiu, you're already my artiste now. I've already become your boss. You should know what many bosses in the entertainment industry like to do."

Xia Wanqiu looked at Lin Fan with her beautiful eyes. "What are you doing?"

Lin Fan smiled. "Xia Wanqiu, I'm going to follow the unspoken rules. If you don't accept it, I'll ban you."

Xia Wanqiu turned around and ran. "Hmph, no!"

"Where are you running to?" Lin Fan chased after Xia Wanqiu as if he was back in high school.

He could indeed choose to sleep with any artiste under him.

Including Xia Wanqiu.

But Lin Fan didn't need it at all.

He would not possibly do such a thing either.

Because,

Xia Wanqiu was his girlfriend.

Chapter 311: Do You Like Me? Su Xiaoyu's Questions.

The next day.

Xia Wanqiu got up early to work.

She took on another endorsement. The brand was good.

Yuehua still arranged some work for her. She was still an artiste of Yuehua Group, so she still had to take on some endorsements.

However, Lin Fan had agreed to this endorsement.

And today, Lin Fan was going to do something big.

That meant bringing the few girls to officially shoot the endorsement.

Morning, eight o'clock.

Lin Fan and Su Xiaoyu were the only ones at home.

In fact, Su Xiaoyu was sleeping in.

At half past eight, Su Xiaoyu finally woke up.

After washing up, she dressed, took her bag and stood in front of Lin Fan.

Su Xiaoyu was also wearing a suspender today, and the skirt was very short.

Other than still being able to block the Absolute Domain, the rest of it was partly hidden and partly visible.

"Master, let's go," Su Xiaoyu said as she looked at Lin Fan.

Her shoulders were very fair, and her collarbone was very clear. Although she was a foodie, Su Xiaoyu had always maintained a good figure.

Looking at Su Xiaoyu's shoulders and long legs, Lin Fan had an inexplicable feeling.

Can this be taken out to meet people?

Although this was standard for normal girls going out, especially in the summer, the streets were full of long legs and various kinds of shorts.

"Master, what are you looking at?" Su Xiaoyu asked. She looked up with an innocent expression and even tiptoed to compare her height with Lin Fan. She realized that she couldn't compare at all.

"Come, take a look at the mirror." Lin Fan brought Su Xiaoyu to the mirror.

"Look at your shoulders and legs. Your skirt is so short that it reaches your thighs. Can we go out like this?" Lin Fan said, looking at Su Xiaoyu.

"Master, all the girls outside dress like this." Su Xiaoyu stuck out her tongue. "There are many celebrities who wear clothes that are even cooler than this."

"I don't care how the girls outside dress. I won't take you out if you wear this," Lin Fan said.

Hearing Lin Fan say this, Su Xiaoyu felt happy for some reason.

Any other man would wish she'd worn a shorter skirt.

But Lin Fan was different. Lin Fan said that about her because... he cared about her.

"Then I'll wear whatever you want to see me in~" Su Xiaoyu raised her eyes and said with a smile.

"You're not allowed to wear suspenders. You can only wear such clothes at home," Lin Fan said.

"And this miniskirt is too short. The media outside likes to take photos of the bottom of girls' skirts," Lin Fan said.

“Master, do you like me?” Su Xiaoyu blinked and moved closer to Lin Fan with a faint smile.

Looking at the girl in front of him, Lin Fan had an inexplicable feeling.

Xia Wanqiu was usually very shy and would never wear such a short dress.

Su Xiaoyu and Xia Wanqiu had different personalities.

Lin Fan had a feeling that if he agreed to Su Xiaoyu, he would be able to push her down.

Moreover, Su Xiaoyu... would not resist.

But how could Lin Fan agree to such a thing?

He already had Xia Wanqiu.

Would he push Xiaoyu down at home when Xia Wanqiu went to work?

Was he even human if he did such a thing?

Moreover, when this kind of thing was done the first time, there would be a second time and a third time. It would be endless.

A few seconds later, Lin Fan knocked on Su Xiaoyu’s head and said, “What are you thinking about?”

Su Xiaoyu held her head. “It hurts. Master, you’re bullying me.”

Lin Fan looked at Su Xiaoyu and said, “Alright, go change.”

This time, Su Xiaoyu changed into her kawaii half-sleeved shirt and shorts.

Lin Fan frowned at the shorts, but said nothing.

He could not let Su Xiaoyu wear an auntie's clothes to the streets. That would not do either.

It was only September, and the weather in Shanghai was very hot. It was normal to wear such clothes.

"Wait while I drive the car out from the garage," Lin Fan said.

Su Xiaoyu smiled sweetly at Lin Fan's back.

Then, Lin Fan went to pick up Lin Kexin, Su Muqing, and Tang Xinran.

When they arrived at Estée Lauder, everyone in the company was amazed.

Especially when they saw Lin Kexin and Su Xiaoyu, their eyes widened.

These two girls were so beautiful.

"Film the endorsements well. I'll be watching. Call me if you need anything." Lin Fan smiled and looked at the girls.

While the girls were filming the endorsement, Lin Fan turned on his phone.

The endorsement fees from Estée Lauder had also been transferred to his bank account!

Su Xiaoyu, 30 million.

Lin Kexin, 30 million.

Tang Xinran, 15 million.

That added up to 75 million!

And Lin Fan could get 60 million!

This was the advantage of being the boss. After signing these female celebrities, he would give them resources and it would be a win-win.

Female celebrities also gained influence, and Lin Fan earned money.

This made Lin Fan even more determined to build an entertainment company.

Lin Fan passed the money to Lin Kexin and Su Xiaoyu.

Lin Fan had deposited Tang Xinran's money into a bank card for her. When she was 18 years old, he could give it to her.

While he was busy, Yun Qian called.

"Brother Lin, I've found a company for you. This company covers an area of 6,000 square meters and is already mostly renovated. It's very suitable for an entertainment company, but the original owner couldn't continue renovating due to financial problems."

"In order to raise money, you only need 500 million to buy this company. The renovation will be completed in about a month. At that time, you can use it directly. Brother Lin, what do you think?" Yun Qian asked.

"Sure. Send a few pictures for me to take a look. If it's ok, I'll buy it. It can be used to set up an entertainment company," Lin Fan said.

"Alright, Brother Lin, your girlfriend is really rich. She transferred 50 million yuan to me directly. You must marry her. Where can one find such a good girl?" Yun Qian laughed.

Yun Qian lent Lin Fan 50 million yuan, but Xia Wanqiu returned it all for Lin Fan that night.

"That's for sure." Lin Fan smiled.

After Lin Fan went to the scene to see the entertainment company, there was only one feeling.

Luxurious, grand.

The decor suited his requirements just fine.

And its renovation would be completed in a month.

At that moment, Lin Fan decided to use 500 million to buy this company.

When the time came, he would build a large entertainment company.

Lin Fan called CEO Ma. "CEO Ma, there's something I want to discuss with you."

When CEO Ma saw Lin Fan calling, he was also very enthusiastic. "CEO Lin, it's rare for you to discuss something with me. It's fine. If you encounter any difficulties, I'll help you resolve them."

Seeing that CEO Ma was so easy to talk to, Lin Fan didn't stand on ceremony. He said, "CEO Ma, I want to open an entertainment company. I'm still short of 500 million yuan."

Asking for five hundred million was not a small sum. Lin Fan was thinking about how to phrase it when CEO Ma agreed.

"It's only five hundred million. I'll have Finance transfer it to you later."

"When the company opens, remember to inform me. I have to take a look at your entertainment company."

Lin Fan was surprised by CEO Ma's enthusiasm.

He borrowed 500 million so easily?!

After Lin Fan became Alibaba's second-largest shareholder, his status had also increased unprecedentedly.

CEO Ma had always wanted to rope Lin Fan in, but when Lin Fan encountered the difficulties of the Huo and Wang families, he did not look for CEO Ma for help.

And this time, Lin Fan came looking for him. CEO Ma couldn't wait to help Lin Fan.

This was a great opportunity to rope Lin Fan in!

Chapter 312: These Companies Give Too Much

"CEO Ma, Boss Lin wants to borrow 500 million yuan. Logically speaking, it has to go through a certain process," the assistant said.

CEO Ma shook his head. "That depends on the value of Lin Fan. I'll lend him this five hundred million personally."

"You do realize that Lin Fan is worth more than being Alibaba's second-largest shareholder."

The assistant didn't quite understand.

CEO Ma said, "Lin Fan is now the largest shareholder of Estée Lauder. It's normal for him to have some financial problems for the time being."

"And do you know how terrifying Lin Fan's powers are?"

"What kind of company is Estee Lauder? Lin Fan forcefully raised the share price of Estee Lauder by 12%!"

CEO Ma said, his eyes deeply shocked.

The 12% increase in the stock price was all thanks to Lin Fan.

It could be said that Lin Fan had brought Estée Lauder to a higher level!

"What? Twelve percent? Then Boss Lin's ability in business is too terrifying," the assistant said with a trace of shock in his eyes.

A twelve percent increase in the stock price would be a considerable boost to Estée Lauder's entire company.

"It's a pity that Boss Lin isn't very interested in Alibaba's business. If Lin Fan were to come to our company, Alibaba's improvement would be very obvious."

"When I retire in the future, Lin Fan even has the potential to be my successor," CEO Ma said.

That was his assessment of Lin Fan.

It was also what he expected of Lin Fan.

The assistant was puzzled by this.

Lin Fan was indeed very capable.

However, Lin Fan was probably not qualified to be Alibaba's successor.

Alibaba was a big company with a market capitalization of trillions. How could anyone be Alibaba's successor?

"Lin Fan might not have enough experience, but you have to know what kind of girl he has by his side." CEO Ma smiled and turned to leave.

After checking, the assistant was shocked.

Oh my God ...

Beside Lin Fan was a genius girl called Su Xiaoyu.

That was the daughter of the richest man in the world, Su Changqiang.

The assistant knew about Su Xiaoyu's talent and ability in business.

Lin Fan was not capable enough, but he still had Su Xiaoyu.

With Su Xiaoyu by Lin Fan's side, Lin Fan could do anything he wanted!

....

On one side, they were busy with the entertainment company. On the other side, the popularity of the second season of Joy of Life made too many companies interested in Lin Fan.

So much so that Lin Qianwei had been too busy recently.

She was already so busy she was about to explode.

All the companies could not contact Lin Fan. They could only contact her.

As Lin Fan's manager, she hadn't had much rest recently.

At Lin Fan's house, Lin Qianwei was holding a thick stack of documents.

"Why do you look so tired?" Lin Fan smiled.

"Boss, too many companies have contacted you recently. It's just that you're busy and I haven't reported it to you."

"There are a hundred and twenty-three companies who want you to endorse them."

"Many of them want to look for Xia Wanqiu, Su Xiaoyu, and Lin Kexin to endorse them. There are also 163 companies that want to look for these celebrities to participate in business activities."

"The highest bid is 40 million, and the lowest is 2.3 million. I've already sorted it out. They all have contact details attached. Boss, if you think it's suitable, you can contact these companies," Lin Qianwei said.

Lin Fan's eyes lit up.

One hundred and twenty-three companies wanted to shoot endorsements, and one hundred and sixty-three advertising companies wanted them to participate in commercial activities.

The minimum bid was more than two million.

Based on two million, how much would 123 endorsement companies add up to?

246,000,000.

246 million!

There were also 163 commercial activities. According to the lowest bid, it added up to 326 million!

If they could participate in so many endorsements and business activities, the minimum profit would be 572 million!

And this was according to the lowest offer.

If a mean number was taken, for example, attending an event would earn them ten million.

If they participated in all the activities, Lin Fan could earn 2,860,000,000!

2.8 billion!

After deducting the cost, Lin Fan could earn 2.2 billion in profits!

He could earn so much money just by filming the second season of Joy of Life.

It was a huge profit!

2.2 billion. Who could resist earning that much money?

Lin Fan actually still owed a lot of money, including one billion to LV and five hundred million to Alibaba.

Most importantly, Lin Fan still wanted to make money.

If he did not earn money soon, he would really have to live off a woman.

Of course, there were too many companies that wanted to find Lin Fan and the girls around him to shoot endorsements and advertisements.

It added up to 286 companies!

Even if they filmed three endorsements a day every day without a break, it would take 95 days.

Even if the three girls went together, it would take more than thirty days.

In that case, the physical toll and stress were too much.

Xia Wanqiu, Su Xiaoyu, and Lin Kexin would probably be exhausted.

Tang Xinran's main task was still her studies. She could only come out occasionally to film and participate in endorsements. Her body could not withstand filming so many endorsements.

If Lin Fan had many artistes under him, he could consider accepting so many endorsements and advertisements.

But not now.

Including Tang Xinran and Su Muqing, Lin Fan only had five artistes under him.

Tang Xinran still had to go to school, and Su Muqing was not famous yet.

There were only three artistes. One of them was Xia Wanqiu, one was Su Xiaoyu, and the other was Lin Kexin.

Only by expanding his entertainment company could he make better use of the resources in the entertainment industry and earn big money.

Lin Fan looked at Lin Qianwei and said, "Have you sorted out a list? Which endorsements are the most cost-effective? Those that aren't that tiring and have offered us a moderate price."

Lin Qianwei nodded. "I've sorted out ninety endorsements and advertisements. They're all the most cost-effective, but you only have three big stars around you. They have to pick up thirty of them each."

"I did some preliminary calculations on the ninety endorsements. If I accept all of them, it's equivalent to a billion dollars in funds."

"I think fifteen other companies are not bad, but the cost-effectiveness is not as high as before. If we take them on, it will be two hundred million," Lin Qianwei said. It was obvious how hard she had been working recently.

"In other words, if I accept all 115 companies' activities, I can earn 1.2 billion yuan." Lin Fan's eyes lit up, and even his breathing became heavy.

This was... 1.2 billion!

It looked like he was going to have to do it himself too.

Initially, Lin Fan didn't want to film endorsements.

But mainly, these companies were giving too much!

Chapter 313: An endorsement worth 1.5 billion!

"Pretty much." Lin Qianwei nodded.

"You've worked hard. In that case, I have to accept these endorsements. It adds up to 1.2 billion." Lin Fan smiled brightly.

It was impossible for anyone not to be tempted when faced with 1.2 billion.

If he obtained these 1.2 billion yuan, Lin Fan would be considered a truly rich person.

He was too poor now. As a major shareholder of so many companies, very few people were poorer than Lin Fan.

Lin Fan's bank account had returned to the days when he only had two million yuan.

The rest of the money went to the entertainment company.

Only about two million in savings. Lin Fan sighed.

If he didn't work hard, he might starve to death one day.

"Qianwei, well done. I'll give you a raise." Lin Fan smiled.

"Also, you've been too busy recently. Su Muqing will be my manager alongside you. The two of you can work together," Lin Fan said.

"Alright." Lin Qianwei nodded.

Lin Qianwei was still very happy about the increase in salary.

Boss is really generous.

Lin Fan got the information on these endorsement companies and started calling them one by one.

For every endorsement company, Lin Fan went to the scene for a practical inspection.

Moreover, Lin Fan raised the price again from their original offers.

It went from 1.2 billion to 1.5 billion.

After Lin Fan confirmed that there were no problems, he confirmed all 115 endorsements.

Lin Fan also signed endorsement contracts with these 115 companies.

This was the first time Lin Fan had signed so many endorsements on a large scale.

And this news caused a huge stir in Yuehua Entertainment.

When the celebrities heard that Lin Fan had signed so many endorsements at once, they were even more shocked.

This was not just one or two endorsements, but 115!

They involved many different fields. There were cosmetics, perfumes, daily necessities, and so on. There were all kinds of affordable goods.

The ability of celebrities to promote goods reflected most of all in affordable goods.

Many ordinary people could not afford luxury goods, but if they invited celebrities to endorse these cheap goods, they would definitely receive a very good return.

“Damn, Lin Fan is awesome.”

“He signed 115 endorsement contracts at once. This, this, this... Who can compare to him?”

“How did Lin Fan do it? Are there so many endorsement companies looking for him?”

“Not one hundred and fifteen. I asked Lin Qianwei. In fact, there are more than three hundred companies that want Lin Fan to endorse them, but Lin Fan only picked one hundred and fifteen of them.”

“And so many endorsements were signed by Lin Fan for the people around him. I wonder if Lin Fan will be on them himself. No matter what, Lin Fan is too amazing. Who asked Lin Fan to film such a good television drama?”

“That’s right, we can’t compare to him. The second season of Joy of Life is too popular now. Lin Fan has completely become famous in the entertainment industry!”

“I wonder if Brother Fan can give me an endorsement. My relationship with Brother Fan is quite good.”

“That’s right. After all, Brother Fan is a member of our Yuehua Entertainment. If he signs so many endorsements, he might give us some.”

Lin Jingjing shook her head gently when she heard the news.

She knew that Lin Fan was not from Yuehua Entertainment.

Lin Fan had never been an employee of Yuehua Entertainment.

Lin Fan wasn’t even Yuehua Entertainment’s screenwriter. He was just a nominal screenwriter.

In fact, Lin Fan was not bound to Yuehua Entertainment at all.

And Lin Fan had signed so many endorsements. Could he possibly distribute them to the celebrities of Yuehua Entertainment?

Basically impossible.

In the office, Xia Wanqiu, Su Xiaoyu, and Lin Kexin were all here.

When Lin Fan saw the three girls, he smiled brightly.

“I’ve signed one hundred and fifteen endorsements. That adds up to about a billion and a half. That means every endorsement would pay you an average of over ten million.”

“The four of us will go out and shoot endorsements for these 115 companies. It’s a waste not to earn so much money.” Lin Fan smiled.

Listening to Lin Fan say 1.5 billion,

Xia Wanqiu, Su Xiaoyu, and Lin Kexin were shocked.

That’s... a billion and a half.

This was equivalent to Lin Fan signing an order worth 1.5 billion.

Even a big star like Xia Wanqiu couldn’t earn so much money at once.

And one hundred and fifteen endorsements was too many.

Even if they filmed three a day, it would take about 40 days.

In the middle, they had to travel to various cities and take various flights. It was basically very tiring and there was almost no time to rest.

Shooting three endorsements a day was definitely unrealistic.

“Wanqiu will take on 25 endorsements, and Xiaoyu will take on 25 endorsements. I’ll take on 30 endorsements. Lin Kexin, can you take on 35 endorsements?” Lin Fan asked.

After all, Lin Kexin was an artist under Lin Fan’s future entertainment company, and Lin Fan had even paid 200 million yuan for her contract termination fee.

Now, it was time for Lin Kexin to work hard.

This was also a chance for Lin Kexin to prove herself.

Ever since the huge commotion at Huace Pictures last time, all of Lin Kexin’s endorsements had been terminated, and her number of fans and popularity had also decreased a lot.

Lin Fan had given Lin Kexin so many endorsements not only to earn money, but also to support her.

Lin Fan only gave Xia Wanqiu and Su Xiaoyu 25 endorsements each because he didn't want them to be too tired.

Su Xiaoyu was not short of money to begin with. It was fine if she did not accept the endorsement.

Xia Wanqiu liked her work, but she was Lin Fan's girlfriend.

Lin Fan couldn't bear to let Xia Wanqiu work too hard.

He would rather he took the initiative and accepted the thirty endorsements.

"Yes, I can." Lin Kexin nodded and looked at Lin Fan.

Lin Fan had given her so many endorsements because he approved of her.

If it were anyone else, how could she have received so many endorsements?

The resources that Lin Fan had given her had already exceeded what Huace Pictures had given her combined.

Even if it was harder and more tiring, she wanted to complete them all.

"I can too~" Xia Wanqiu nodded. She looked at Lin Fan with her beautiful eyes and smiled brightly.

"Roar ~ I'll listen to you." Su Xiaoyu held Xia Wanqiu's arm and looked at Lin Fan.

"Well, your schedules are all listed. Take a day off tomorrow and you can start work the day after."

"It's this month. We might not be able to see each other anymore. In a month, I'll cook a feast for you!" Lin Fan smiled and held Xia Wanqiu's hand, feeling a little reluctant.

He could have lived a beautiful life with his wife, but now it was only right to go out and work for a month in order to make money.

“It’s fine~” Xia Wanqiu looked at Lin Fan with her beautiful eyes and a smile.

Looking at such a beautiful girl in front of him, Lin Fan felt a little too happy.

It was for Xia Wanqiu that Lin Fan had to work so hard.

Three months later, he had to obtain the recognition of Xia Wanqiu’s father.

1

When the time came... he could marry her and bring her home.

Chapter 314: I Miss You

After Lin Fan arranged his work, he quickly prepared to go home.

This time, Lin Fan brought Lin Kexin home to stay for the night.

Lin Kexin’s work was undoubtedly the heaviest. There were 35 endorsements, five more than Lin Fan.

Many of Yuehua’s celebrities could not help but sigh.

“Lin Fan gave all the endorsements to Xia Wanqiu, Su Xiaoyu, and Lin Kexin.”

“Damn Lin Fan, he values women over his friends!”

“I want an endorsement too. What should I do?”

“I thought Lin Fan was part of our company. Why aren’t we getting endorsements?”

....

Lin Jingjing looked at Xu Yang and smiled brightly. "Xu Yang, let's go to Lin Fan's company too~~ Let's be his artistes."

Xu Yang held Lin Jingjing's hand and stroked her head. "Jingjing, I don't care. Anyway, our contracts are about to expire, but you're still a singer. Will signing under Lin Fan affect your future career?"

Lin Jingjing shook her head. "No, Lin Fan is very good. He sings so well. If he really goes in the direction of music in the future, I still have to rely on him."

Xu Yang nodded. "Then it's settled. When I have time, I'll tell Lin Fan that the both of us want to sign under him."

Xu Yang had already brought Lin Jingjing home as he spoke.

Xu Yang hugged Lin Jingjing gently. He felt that life was really blissful.

Ever since he got together with Lin Jingjing, he had been living a happy life every day.

After a shower, Xu Yang looked at Lin Jingjing on the bed and held the girl's hand.

"Tonight, can I..." Xu Yang asked, looking at Lin Jingjing.

Lin Jingjing was a little shy and blushed. She nodded gently.

"You can choose not to use that tonight..."

"I can... take medicine," Lin Jingjing said, looking at Xu Yang with her beautiful eyes.

"That won't do." Xu Yang smiled and looked at Lin Jingjing. How could he bear to bully her like this?

Something had happened in the room. The paintings on the walls were slightly askew. A cup had fallen to the floor from the table.

The room was also in disarray. Some of the strips of cloth were torn, and even a stool had fallen to the floor.

There were also some clothes on the floor, including some very small objects.

The room smelled of red wine. It had been a beautiful night. It made one's imagination run wild.

...

In the Lake Heart Villa.

Lin Fan couldn't take it anymore.

This life was simply amazing.

After returning home, the wire that connected the air-conditioning unit broke.

So much so that the air conditioner in Lin Fan's house was useless.

If the air conditioner didn't work, the house was relatively hot.

Then, Su Xiaoyu immediately changed into a skirt.

Because skirts were cooler and didn't look that hot.

Lin Kexin had also changed into shorts. She was already the school belle of Beijing Film Academy, so she had long and beautiful legs.

Xia Wanqiu was also dressed more coolly. The three girls watched television and played together.

Lin Fan felt terrible.

All he could do was watch. That was the worst part.

Therefore, Lin Fan only continued to play Chinese chess in his room.

At that moment, there was a knock on the door.

Lin Fan opened the door and found Xia Wanqiu standing there, looking at him.

“Meow, meow?” Xia Wanqiu stuck her head in.

“What’s wrong?” Lin Fan smiled. Looking at Xia Wanqiu, he couldn’t take it anymore.

She was dressed so skimpily in her room. Luckily, Lin Fan was relatively upright. Another person wouldn’t have been able to handle it.

“Are we not going to see each other for a month starting from tomorrow?” Xia Wanqiu asked, her beautiful eyes still a little disappointed.

She and Lin Fan were still in the honeymoon period. She felt a little sad that they wouldn’t see each other for a month.

“Something like that. I checked my schedule and it’s pretty busy,” Lin Fan said. There was nothing he could do. He had to make money.

“Then I’ll sleep here tonight,” Xia Wanqiu said with a red face.

“!!!” Lin Fan was stunned.

Was his spring coming?

“Are you unwilling?” Xia Wanqiu looked at Lin Fan and lowered her head, feeling a little shy.

“It’s just that... you can only hug me at most. You’re not allowed to do anything else,” Xia Wanqiu said.

“Okay,” Lin Fan nodded.

So... Lin Fan had a happy but painful night.

He could finally hug Xia Wanqiu to sleep.

But there was nothing else he could do. Lin Fan could only sigh.

However, being able to hug her to sleep was already an improvement.

The next morning.

Lin Fan opened the window and smiled brightly at the view.

He took Xia Wanqiu’s hand and gently placed it on the girl’s forehead.

“Lin Fan...” Xia Wanqiu opened her eyes and looked at Lin Fan with satisfaction.

“It’s really good to have you around,” Xia Wanqiu said softly, smiling sweetly.

“Mmm.” Lin Fan nodded.

Perhaps the happiest thing every day was to be able to hold her hand and wake up with her to see this wonderful world.

“Lin Fan, you have to work hard.”

“In three months, if you can pass my father’s test, I’ll... marry you.”

“When the time comes, you can do whatever you want,” Xia Wanqiu said.

“Three months will pass quickly. I’ll work very hard for the next three months. I’ll definitely get your father’s approval,” Lin Fan said.

"~~~~~"

....

Unknowingly, twenty-five days had passed.

In the past 25 days, Lin Fan had changed 26 cities. He had to take a plane every time.

It could be said that these twenty-five days were also the most tiring.

Lin Fan had already finished filming 29 endorsements and was filming the last one.

Every time Lin Fan appeared, countless fans would scream.

Even many of the young girls in the endorsement company had looks of admiration on their faces.

In these twenty-five days, Lin Fan did not see Xia Wanqiu.

He didn't even have time to video chat. Other than sending a good morning and good night every day, he didn't chat anymore.

Twenty-five days. Of course, Lin Fan already missed his cat.

After filming today's endorsement, Lin Fan went to look for Xia Wanqiu.

He'd already decided everything.

Lin Fan appeared today in a suit.

The spotlight was on Lin Fan.

“Lin Fan, Lin Fan, Lin Fan!”

“I see Lin Fan. Lin Fan is so handsome!!”

“Why can Lin Fan be so handsome? He’s my idol. He’ll always be my idol!”

“Quick, take a photo! It’s too difficult to meet my idol once.”

After attending the event, Lin Fan entered the final filming stage.

After filming, he could look for Xia Wanqiu.

In the end, just as Lin Fan was about to start filming, a girl with a suitcase and a cute cat-eared hat strode to the scene.

All eyes focused on her.

The girl was followed by Yang Qing and many security guards.

Even though this was a filming location and unauthorized people were not allowed to enter,

No one stopped the girl.

When everyone saw the girl, they couldn’t help but stand rooted to the ground.

Women and men alike were drawn to her.

When she appeared, everything around her seemed to fade.

The superstar, Xia Wanqiu, appeared here.

She had finished filming her endorsements and was here to visit Lin Fan.

Seeing Xia Wanqiu come to look for Lin Fan personally, countless men and women's hearts were broken.

The big star of China, Xia Wanqiu, came to visit Lin Fan.

This showed how good Lin Fan and Xia Wanqiu's relationship was!

"My goddess, here to see Lin Fan."

"I'm so envious of Lin Fan and Xia Wanqiu's relationship. Why is Xia Wanqiu so good?"

"I'm crying with envy. My goddess has become Lin Fan's girlfriend. The key is that they're so close that I don't even have a chance."

When Xia Wanqiu arrived, Lin Fan happened to turn around and saw her.

When he saw Xia Wanqiu, Lin Fan had already forgotten what he wanted to do and what he had to film here.

He just saw a familiar girl, a familiar face.

He had missed her after twenty-five days apart.

Today, she came to him. She was as beautiful as ever. Although it had been hard on her for so many days of filming, she still came to find Lin Fan immediately after filming her last endorsement.

"Meow meow? I'm here to check on you," Xia Wanqiu said, standing in front of Lin Fan.

Lin Fan looked at such a cute girl and didn't express himself too implicitly.

Under countless gazes, Lin Fan walked forward and hugged Xia Wanqiu. He said a simple sentence, but it made the surrounding fans scream.

"Miss you."

Xia Wanqiu was being hugged by Lin Fan at the scene.

Xia Wanqiu smiled sweetly and did not resist.

She would still give Lin Fan enough face outside.

The surrounding fans continued to scream.

Xia Wanqiu blushed and said, "But... I miss you too."
