

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 340-344

Chapter 340: You Can Obviously Make a Living With Your Looks

The CEO of Emperor Entertainment was replaced by Lin Fan.

It caused some stir throughout Emperor Entertainment.

“Have you heard? Our company has changed CEOs!”

“That’s right. Our former CEO left and transferred all his company shares to someone else.”

“Then doesn’t this mean... that our company has been sold?”

“I wonder how the new boss is. If the new boss is average, our company will be doomed.”

The company changing bosses was equivalent to a huge upheaval.

In the eyes of these employees, they were still a little flustered.

What if the new boss is someone who knows nothing about business?

What if the new boss wanted to retrench people? They would be screwed.

Some girls were also worried. After all, there were many unspoken rules in the entertainment industry.

If their boss wanted to sleep with a girl, they couldn’t refuse.

Otherwise... they might face the fate of being banned.

Girls in their twenties were in their prime and it was a great opportunity to develop themselves.

If a celebrity was banned for a few years, the celebrity would be ruined.

Capital is cruel. Society is realistic.

Many of the company's female stars were worried.

There were also many employees who were worried about being laid off.

Although Emperor Entertainment was a large company in the entertainment industry, it was obvious that it had not developed well in the past two years.

The recently popular television dramas were all produced by Yuehua Entertainment, Huace Pictures, and Jiaxing Entertainment.

As an established entertainment company, if Emperor Entertainment kept failing to produce a popular television series, its profits would slowly fall.

If profits fell and the company was not run well, they would have to lay off workers.

Now that the company had a new boss, it might be a message.

When the company laid off workers, the celebrities' earnings would decrease, including the signing fee, and so on.

If the company had no money, it would not have the resources to nurture a celebrity. To nurture a celebrity, the company's resources were crucial.

Everyone in the company was in danger.

"Yaoyao, do you think the new boss will target you? You're the headliner of Emperor Entertainment, and you're only twenty-two years old," the manager said.

"I don't know. There's nothing we can do about it." Chu Yaoyao shook her head gently. "Previously, Lin Kexin was targeted by Huace Pictures and was banned. If I encounter such a thing, there's nothing I can do."

"Sigh, Yaoyao, do you really not know the name of the new boss?" the manager asked again.

"I don't know." Chu Yaoyao shook her head.

The company had changed bosses. No official notice had been issued yet.

They didn't know who the new boss was, but it was obvious that Chu Yaoyao was still filled with worry.

"I heard the boss will be at the office this afternoon. We'll find out," the manager said.

"Yes, that's right." Chu Yaoyao nodded. She only hoped that the new boss would not target her.

That afternoon.

Lin Fan picked a time and officially set off. He drove the Bugatti La Voiture Noire to the front door of the company.

Su Muqing got out of the front passenger seat and opened the door for Lin Fan.

When the Bugatti La Voiture Noire pulled up to the entrance of Emperor Entertainment, all the employees of the company, along with the company's big stars, were stunned.

The entire Shanghai knew about the Bugatti La Voiture Noire sports car.

Because this sports car was an out-of-print sports car, a global limited edition.

And the person driving this sports car was Lin Fan!

"No way. Is our company's new big boss Lin Fan?"

"D*mn, Lin Fan came to our company. Could it be that Lin Fan is the big boss?"

"If that's true, that's too blissful. Ahhh, I was originally a fan of Lin Fan, but in the end, Lin Fan came to our company to be the boss!"

“No, he shouldn’t be called Lin Fan. He should be called Boss Lin. Look at Boss Lin’s appearance. Other than a boss, who else can compare?”

“If Boss Lin can be the boss of our company, he might be able to save our company. After all, Boss Lin’s scripts and television dramas are all classic!”

“That’s right. Boss Lin has his own entertainment company. Now, he has our entertainment company. It’s perfect!”

The numerous company employees watched as the man got out of the Bugatti La Voiture Noire sports car.

Dressed in a suit, tie, and having a nice haircut.

All eyes were on one person.

When Lin Fan walked out, he seemed to have stunned time.

He stepped out onto the red carpet of Emperor Entertainment.

When they saw Lin Fan, all the girls in the company looked at him.

Some of the girls were already blushing.

Most of the girls who worked in the company were born in the ’90s or ’00s. They were all very young.

Many other girls were also single.

Lin Fan was so handsome that he immediately attracted the attention of these girls.

Men liked to look at beautiful women, and girls liked to look at handsome men.

Especially a handsome man like Lin Fan. They couldn't stop after taking a look at him.

"Ahhh, Lin Fan is really handsome!!"

"Lin Fan is walking towards us. Could he really be the big boss of our company?"

"Wonderful, wonderful... It's wonderful to meet such a handsome man."

Chu Yaoyao also looked at Lin Fan, her heart pounding.

She was also single and had wanted to do her best to resist Lin Fan's charm.

But... she couldn't resist it.

Such an outstanding man, such a handsome, unique, charming, and beautiful Lin Fan.

Chu Yaoyao was defeated.

Then Chu Yaoyao blushed.

She kept her eyes on Lin Fan, her face alight with joy.

Lin Fan looked up at the others.

"Boss Lin, you're too handsome. You've charmed so many girls at once." Su Muqing smiled.

"Really?" Lin Fan said with a bright smile. He looked at Su Muqing and then at the young women at the entrance to Emperor Entertainment.

It would have been better if he hadn't. When he did, he did charm a group of girls.

He's too handsome. What should I do?

Unknowingly, he had a handsome face that intoxicated so many women.

Lin Fan didn't want to either.

He relied on his strength to make a living, but Lin Fan was already used to how his looks could charm so many girls.

Fortunately, they were all beautiful young girls. If they were a group of aunties, Lin Fan wouldn't be able to stand it.

"Hello, everyone. As of today, I am the boss of Emperor Entertainment."

"You can call me by my first name. Don't be too distant. It's an honor to be your boss."

"It's said that new officials make drastic changes to an organization upon taking charge. I'm here to be the boss, not to make drastic changes. Don't worry, everyone. In the future, Emperor Entertainment and Jiaxing Entertainment are one family. I'm also aware of the problems Emperor Entertainment are facing. Please believe in me..."

"Emperor Entertainment will soar to greater heights with me around!"

Chapter 341: Boss Lin Is Too Bold!

When Lin Fan finished, the employees around him applauded.

"Welcome, Boss Lin!"

"Welcome, Boss Lin!"

"Welcome, Boss Lin!"

Many employees bowed slightly with smiles on their faces.

So did the big stars.

They were extremely happy that Lin Fan could become the boss of the company.

Because Lin Fan was a professional in this industry!

Moreover, Lin Fan already had a girlfriend. It was impossible for him to sleep with other female celebrities.

Lin Fan's status in the entertainment industry was already very high.

Although Jiaxing Entertainment had just been established, the results that it had just achieved had already made it difficult for countless entertainment companies to surpass it!

Chu Yaoyao was pleasantly surprised to see Lin Fan.

She knew Lin Fan. Who would have thought that she would become his employee today?

"Boss Lin." Chu Yaoyao looked at Lin Fan with a smile.

"Hmm, good afternoon." Lin Fan smiled.

After Lin Fan and Su Muqing walked into the company, the employees at the entrance cheered.

"Oh my God, Lin Fan has really become the big boss of our company!"

"I think Boss Lin has come to save our company. Our company hasn't been doing very well recently. It's up to Boss Lin to turn things around."

"It's fine if Boss Lin is handsome, but he's also so talented. I'm crying. To be able to be an employee of Boss Lin, I have to work hard."

"What Boss Lin said was too funny. Haha, he's here to be a boss, not to start fires."

....

Upon entering the office, all the shareholders of Emperor Entertainment stood up and bowed.

As the two big celebrities of the company, Chu Yaoyao and Lin Qingxuan followed behind Lin Fan.

There were some other stars who were still out filming endorsements or dramas. They were busier.

The most outstanding female celebrities in the company were Chu Yaoyao and Lin Qingxuan.

“Hello, Boss Lin!”

“Hello, Boss Lin!”

The company’s shareholders bowed to Lin Fan, who waved and asked everyone to sit down.

“Hello, everyone. I’m Lin Fan, the current boss of Emperor Entertainment. If there’s anything in the future, I hope the entire company can work together with me to resolve it.”

“This girl is Su Muqing, my assistant. She’s also in charge of some company matters. When I’m not in the company, what Su Muqing says is equivalent to what I say,” Lin Fan said.

That was how much he trusted Su Muqing.

Su Muqing’s business ability was as high as 1,300!

No wonder she was the second daughter of the Su family. She was so capable and loyal to Lin Fan.

“Also, can someone tell me about the company’s recent stock market situation and internal situation?” Lin Fan said, sitting down. Su Muqing stood beside him.

“Boss Lin.” The person who spoke was Wang Menghan, the second-largest shareholder of the company.

“Our company’s share price has recently fallen 4.6%. It’s arguably the lowest our share price has ever been.”

“The major investors are gradually no longer willing to invest in our company. The company’s internal operations are also not doing well. In the past two years, we have been making losses. Although the company can obtain a lot of resources and has a strong foundation, there are problems with cashflow. Moreover, the stock price continues to fall, and the enthusiasm of the company’s employees is also decreasing. These are very serious problems.” Wang Menghan sighed.

Such a problem could be said to be extremely difficult to solve.

“Okay, I know all that now.” Lin Fan nodded.

“Can I see the basic welfare forms of the company employees?” Lin Fan asked.

“Of course,” Wang Menghan said.

To be honest, Wang Menghan was not sure if Lin Fan could solve such a problem.

It could be said that it was extremely difficult to solve so many headache-inducing problems.

Chu Yaoyao and Lin Qingxuan, who were relatively popular in the company, had yet to film much.

Wang Menghan wanted to see how Lin Fan was going to solve so many problems in the company.

Moreover, it was inevitable for every new leader to make drastic changes to an organization upon taking charge.

“I’ll announce the company’s measures.”

“First, Jiaxing Entertainment will raise a billion dollars to finance Emperor Entertainment and alleviate the company’s internal cashflow problems.”

“Second, increase the salary of all employees under the company by 50%!”

“Third, no one in the company is allowed to work overtime. If you encounter a very important problem, you will be paid double your salary for overtime. You will be paid triple your salary for working on holidays.”

“Fourth, the director team, script team, post-production team, and the dubbing team will all go to Jiaxing Entertainment for training. The training period is seven days, and their salaries will be paid as per normal during that period.”

“Fifth, the director team in the company will be temporarily taken over by Lu Benkai of Jiaxing Entertainment. In seven days, Emperor Entertainment will be preparing to film two television dramas, Drawing Sword and Twenty Your Life On. Their scripts are all personally created by me.”

Lin Fan said, immediately suggesting five measures.

First, directly raising a billion yuan for the company.

This large sum of money was enough to give Emperor Entertainment a breather.

All the shareholders could not understand the following measures.

He would directly increase the salary of the company's employees by 50%. There was also overtime pay. Unless there were special circumstances, overtime was not allowed. Furthermore, he wanted the company's employees to participate in paid training...

Those were very good benefits.

Such benefits were unheard of.

Lin Fan wanted to increase the salaries of all the employees in the company to make them more motivated to work.

It was a simple measure, but it was very effective.

The salary could directly increase the enthusiasm of the employees and training could increase their professionalism.

Most importantly, Lin Fan had even launched two television dramas!

Although Lin Fan would not be involved in filming these two television dramas, they were also scripts written by him.

There was no need to mention Lin Fan's level of scriptwriting. In the entertainment industry, there would be countless entertainment companies vying for his scripts.

"Boss Lin, I understand!" Wang Menghan nodded.

"There's another point I forgot to mention. The company's office space is too small. I bought a larger office space and renovated it. I expect it to be ready for use in three months."

"Also, Chu Yaoyao and Lin Qingxuan will be transferred to Jiaying Entertainment for training," Lin Fan said as he looked at Chu Yaoyao and Lin Qingxuan.

He knew the importance of grooming stars.

Chu Yaoyao and Lin Qingxuan were still quite popular, but they weren't big celebrities yet.

It took a lot of effort to nurture a superstar.

Moreover, Chu Yaoyao and Lin Kexin had a good relationship. It was not bad to let the two of them develop in the same company.

When they heard Lin Fan's measures, the company's shareholders nodded and had no objections.

In their opinion, Lin Fan... was too bold!

Lin Fan was willing to spend a lot of money to change the entire company!

In this way, a few simple measures allowed the company to undergo a huge change. It wouldn't be long before the company could be revived.

Maybe ...

Lin Fan could really bring Emperor Entertainment back to glory!

Chapter 342: Lin Fan Is Moved, But... He Already Has a Girlfriend

“Chu Yaoyao, Lin Qingxuan, the company wants to renew your contracts.”

“All your previous contracts are null and void. You can choose the following ways to sign the current contract.”

“If you sign on directly for three years, the profits from your work will be split 80-20. Although it’s only twenty percent, the company will give you enough resources. This is something no company can match.”

“After three years, if you renew the contract, the split will be changed to 70-30. How about that?” Lin Fan asked.

“Yeah ~~ , sure.”

“Boss Lin, being an artiste of Jiaying Entertainment has always been my dream. Now, I can finally be with Lin Kexin ~~” Chu Yaoyao smiled brightly and looked at Lin Fan.

“Boss Lin, the same goes for me.” Lin Qingxuan nodded.

Just like that, Jiaying Entertainment re-signed the contracts with the two girls.

After signing the contract, Lin Fan gave the two of them the latest resources to film “Twenty Your Life On” with Lin Kexin.

Lin Fan had written this script when he was bored. As for whether it would become popular, it would depend on the acting skills of these girls.

After confirming the latest benefits, the company officially announced them all.

The entire company cheered.

“Ahhh, I was still worried about being fired. Who would have thought that Boss Lin would give us a raise!”

“Previously, my salary was 6000. Now it’s gone up to 8400. I’m crying. I love Boss Lin too much.”

“How can Boss Lin be so nice? He directly gave us a raise!”

“I’m so blessed to be an employee under Boss Lin. I’ll definitely work hard!”

“To be honest, there are really too few people who can be as good as Boss Lin. Previously, when we worked overtime in the company, there was no overtime pay. It was all voluntary overtime. Now that Boss Lin is here, he has directly set the overtime pay. Moreover, the minimum overtime pay is double our salary and triple our salary during holidays. No one can stop me. I want to work overtime!”

“Boss Lin is awesome!!!”

“I am Boss Lin’s employee in life and in death. From now on, the company is my home!”

The enthusiasm of the company’s employees had been greatly improved.

Moreover, Lin Fan even got everyone in the company to participate in the training. After these people were trained, they would have the ability to film television dramas.

Lin Fan left the two completely different TV series, Drawing Sword and Twenty Your Life On, to his employees.

He was only in charge of the script. Occasionally, when there were questions, they could consult him.

Lin Fan had already started a company. Even if he didn’t need to direct dramas personally, with such good scripts, it was enough to make popular television dramas!

....

On the other hand, Lin Fan was also trying to find a way to increase the company's share price in a short period of time.

But... it's a bit difficult.

Lin Fan immediately called Su Xiaoyu. The only person who could solve this problem was Su Xiaoyu.

"Master, why did you call me?"

"Ahwoo ahwoo~" Su Xiaoyu's sweet voice sounded, sounding a little cute.

"Don't be so cute. Who can resist this?" Lin Fan sighed helplessly.

"Hmph, it's fine as long as I can withstand it." Su Xiaoyu smiled.

"Alright, let's not talk about anything else. The share price of Emperor Entertainment has fallen by 4.6%. Xiaoyu, can you come up with any good solutions?" Lin Fan asked.

"Of course, but Master... you have to treat me to a meal first." Su Xiaoyu giggled.

Lin Fan's eyes lit up. With Su Xiaoyu by his side, he really didn't have to worry about anything.

"I'll cook whatever you want," Lin Fan said. After all, if he could increase the company's share price, the company could make a lot of money.

"Okay, pinky promise. Don't lie to me." Su Xiaoyu nodded.

"I'm definitely not lying to you," Lin Fan said seriously.

"Hehe, Master, wait for me," Su Xiaoyu said.

Soon, Su Xiaoyu arrived at the entrance of Emperor Entertainment.

Su Xiaoyu was still dressed beautifully today.

After she arrived at Lin Fan's office, she knocked and opened the door.

Su Xiaoyu was wearing a white dress, revealing her snow-white and slender legs.

Long legs again.

Su Xiaoyu was clearly a foodie, why could her legs become fair and thin?

Most importantly, Su Xiaoyu's figure was getting better.

It was protruding where it should be protruding and concave where it should be concave. The original flat chest was gone.

After one glance, Lin Fan stopped looking.

"Master, where are you looking at? You're a bad person." Su Xiaoyu stuck out her tongue and blushed.

"Come here and sit down. If you wear such a short dress again, I'll hit you again." Lin Fan knocked Su Xiaoyu's head.

"It hurts..." Su Xiaoyu said aggrievedly.

"Master is bullying me again. Show me the company's financial statements and some information about the stock price," Su Xiaoyu said.

After Lin Fan gave them to Su Xiaoyu, she took the materials seriously.

After a while, Su Xiaoyu stretched, revealing her perfect and seductive curves.

"Master, that's not difficult. If you want to raise the company's share price, you have to know why it fell."

“Emperor Entertainment is an established entertainment company with a strong foundation. The reason its share price has fallen is because the outside world is not optimistic about the company.”

“Master, you’re a big star and a big boss. If you enter Emperor Entertainment, the company’s stock price will rise ~”

“Also, the news of you financing the company can also increase the company’s share price. Then, we just need to send out the news of the television dramas to increase the share price,” Su Xiaoyu said.

“Alright, that’s settled then. Let’s go home and eat.” Lin Fan smiled.

“Okay.” Su Xiaoyu followed Lin Fan home.

“Master, I want to drink water, help me buy it~” Su Xiaoyu blinked and sat in the front passenger seat of the sports car.

“Okay.” Lin Fan nodded. Su Xiaoyu had helped him a lot, so of course he could help her buy a bottle of water.

After Lin Fan returned from the store, he saw Su Xiaoyu sleeping on the front passenger seat.

She was so innocent and tired and a little cute.

She had been working for more than ten hours and had just finished filming a new endorsement. With a phone call from Lin Fan, she was willing to come over no matter how tired she was.

She hadn’t had a drink in over ten hours. That was why she wanted water.

In fact, she was so tired that she fell asleep. But when she did, the corners of her mouth curled up slightly, and he could see that she was happy.

She could choose not to film or take on endorsements or help Lin Fan.

But she was still willing to do it, just for one more legitimate reason to be by Lin Fan’s side.

Lin Fan was willing to help her buy a bottle of water. She felt that everything she had done was worth it.

So what she wanted... was that simple.

Lin Fan gently helped Su Xiaoyu lean against the seat and buckled her in.

Lin Fan looked at Su Xiaoyu and smiled. He gently placed his palm on her shoulder and took off her coat, placing it across her shoulders.

Lin Fan couldn't help but want to touch Su Xiaoyu's cheek.

Her rather shy face was cute and pretty.

Just before touching it,

Lin Fan's phone lit up.

His phone screen showed a photo of Xia Wanqiu.

When he saw the phone screen, Lin Fan retracted his hand.

Lin Fan's gaze left Su Xiaoyu's face.

He looked at the girl on the phone screen and closed his eyes. His eyelids fluttered. His other hand gripped the steering wheel. He couldn't help but tighten his grip a little.

...

Three days later, everyone at Emperor Entertainment was shocked all over again.

It's only been three days ...

and Lin Fan directly increased the company's stock price by 10%!

In just three days, Lin Fan had changed the fate of Emperor Entertainment!

The stock price of Emperor Entertainment had completely recovered!

Lin Fan had just arrived at Emperor Entertainment not long ago, and he had already achieved such results!

An increase of 10% in three days was enough to set a historical record!

Wang Menghan, the second-largest shareholder of the company, was also a little shocked.

"Boss Lin... how can he be so powerful? He turned the entire company around in three days."

"Our company's stock price increased by 10% in three days, creating another historical record. Boss Lin saved our entire company and everyone in it!"

"Is this Boss Lin's strength?!"

Chapter 343: Tomson Riviera Villa!

Translator: Atlas Studios Editor: Atlas Studios
Everyone at Emperor Entertainment was deeply shaken.

Lin Fan had only joined Emperor Entertainment for three days.

In three days, the company's share price had increased by 10%!

Such a result would break the historical record of a company worth tens of billions!

When the second-largest shareholder of Emperor Entertainment found out about this, she was even more surprised.

“The company’s share price has increased by 10%... Oh my god...” Wang Menghan said.

Another major shareholder of the company was also shocked. “How did Boss Lin do it? It’s impossible to increase the share price by 10% in such a short period of time.”

“This is Boss Lin. He’s so strong in everything he does. Our Emperor Entertainment has come alive!”

Soon, news of the soaring stock price of Emperor Entertainment quickly spread online.

All the major entertainment companies knew about this.

When Liu Xian from Huace Pictures heard this news, he was even more emotional.

“Lin Fan... has actually become the CEO of Emperor Entertainment?”

“He’s too impressive. The market value of Emperor Entertainment is more than 20 billion. How much did Lin Fan earn to be able to afford the shares of this company?”

“Most importantly, Lin Fan directly increased the stock price of Emperor Entertainment by ten percent in three days. I can only say that Lin Fan is too ridiculous. No ordinary person can do this.” Liu Xian shook his head.

He finally felt it now. The gap between people was irreparable.

Wasn’t the previous boss of Emperor Entertainment outstanding too?

However, it was still difficult for such an outstanding boss to stop the stock price of Emperor Entertainment from falling.

But after Lin Fan became the boss, everything was different.

This was... Lin Fan’s unique personal charm!

In the entertainment industry, all the major entertainment companies wanted to work with Lin Fan.

The records Lin Fan had set were all too impressive.

It was precisely because of Lin Fan's excellence that many entertainment companies wanted to rope him in and work with him.

"Boss Lin, a company wants to work with you. They want you to direct a television drama from their company."

"Boss Lin, the entertainment company, IEO, also wants to work with you. They offered 10 million yuan as payment for you to help them change their script."

"Boss Lin, there's also ME Entertainment that wants to discuss with you about becoming a shareholder of their company." Su Muqing looked at Lin Fan with information in her hand.

"Okay, how many entertainment companies want to work with me?" Lin Fan asked.

"Twelve," Su Muqing said.

"If they want to work together, they can find someone else in the company. I don't have time for that at the moment," Lin Fan said.

He was studying Chinese chess. Where would he get so much time to do that?

In less than a month, he was going to meet Xia Wanqiu's father.

If Lin Fan was defeated by Xia Wanqiu's father in Chinese chess, he would not be able to get past him.

As for earning money, Lin Fan wasn't that short of money now.

"Okay." Su Muqing nodded and left.

After Lin Fan finished studying Chinese chess, he stretched and saw Su Xiaoyu at the door.

Su Xiaoyu blinked and looked at Lin Fan. "Master, there's something I want to ask you..."

Lin Fan smiled. "Go on."

Su Xiaoyu giggled and walked to Lin Fan's side. "Master, I have a class reunion recently. I can't finish the company's matters. Master, help me settle them~"

Lin Fan nodded. "Okay."

Su Xiaoyu tugged at Lin Fan's arm. "Well... there's one more thing I want to ask of you. My classmates are coming to see me. Since there's no gathering place, why don't we hold the class reunion in our big villa?"

In order to get Lin Fan to agree, Su Xiaoyu even started wheedling.

Lin Fan patted Su Xiaoyu's head and said, "Let's go to Tomson Riviera. I happen to have two villas there. I haven't gone to see what they look like. There's an address here. I'll give you the room key."

"The Blue Wave Bay district is our home. It's not convenient for too many people to come in. You can have as much fun as you want in the new Tomson Riviera Villa," Lin Fan said.

It was mainly because Xia Wanqiu was still inside the Blue Wave Bay villa and had to rest every day. She often had to work now.

Lin Fan had not requested her to take on these jobs, but she had taken them on herself.

Xia Wanqiu and Su Xiaoyu's private rooms were at home, and there were many photos of Xia Wanqiu in many places.

Moreover, Xia Wanqiu liked to wear shorts at home. Lin Fan did not want others to see his cat in shorts.

It was mainly because Xia Wanqiu was already so beautiful. Who could withstand her in shorts?

"Okay ~" Su Xiaoyu nodded and took the key from Lin Fan.

“Master, can you come to my class reunion the day after tomorrow?” Su Xiaoyu asked.

“I won’t be going to your class reunion,” Lin Fan said. After all, he wasn’t too familiar with Su Xiaoyu’s classmates.

“Alright.” Su Xiaoyu’s beautiful eyes flashed with sadness.

“Then accompany me to take a look at the villas ~ Tomson Riviera’s villas are huge. Let’s take a look at our new home. Perhaps we can even stay there in the future,” Su Xiaoyu said.

Lin Fan thought for a moment. He could indeed take a look at his Tomson Riviera villas.

There were two villas, one worth three hundred million and the other more than a hundred million. He had to take a look at them anyway.

Although the items given by the system could not be sold, they could still be rented out and make Lin Fan a lot of money.

“Alright, let’s set off now. Get in the car,” Lin Fan said and sighed helplessly. He had wanted to see what his new houses looked like with Xia Wanqiu, but she was too busy and had accepted two more endorsements.

“Master is so nice~” Su Xiaoyu quickly sat in the front passenger seat of the Bugatti and buckled her seatbelt.

She was really... happy when she could be together with Lin Fan.’

She didn’t care about anything else.

Although she knew this relationship was unlikely, she still wanted to be by Lin Fan’s side.

Soon, Lin Fan drove the Bugatti La Voiture Noire sports car to the entrance of Tomson Riviera.

The security guard at the entrance to Tomson Riviera quickly let the Bugatti in when he saw it.

“Holy shit, am I seeing this right? A Bugatti sports car must cost tens of millions!”

“What model is this Bugatti sports car? It looks expensive.”

“I think it’s a limited edition sports car launched by Bugatti last year. It’s called a Bugatti something. There’s a string of English words at the back. I’ve forgotten that too, but only rich second-generation heirs can afford to drive a sports car like that!”

“I’m crying with envy. There seems to be a very beautiful girl sitting in the sports car. Look at him. He drives a sports car and has beautiful girls around him. Then look at us. This must be the difference.”

“Wait, I found out. This sports car is a Bugatti La Voiture Noire, a global limited edition. It was in the news before. Isn’t this Lin Fan’s sports car!”

“What? If this sports car really belongs to Lin Fan, wouldn’t Lin Fan be our future property owner!!”

“Oh my god, the villas here are all at least hundreds of millions. When did Lin Fan buy a villa in Tomson Riviera...”

Chapter 344: Just Asking, Who Can Resist This

As the most luxurious villa district in Shanghai, the security at Tomson Riviera was also the best.

Ordinary people would not be able to enter Tomson Riviera if they were not property owners.

Outsiders would definitely not be able to enter Tomson Riviera.

Of course, there were exceptions.

For example, if a tycoon driving a sports car worth tens of millions wanted to enter Tomson Riviera, who would dare to stop him for no reason?

When these security guards found out that this sports car was Lin Fan’s, they were even more shocked.

Lin Fan was too awesome. He had already bought a villa in Tomson Riviera...

No wonder Lin Fan came to Tomson Riviera to look at villas.

When Lin Fan drove in, there was a girl standing inside. She was the property agent of Tomson Riviera, Lin Yiyi.

Today, Lin Yiyi was dressed exceptionally beautifully.

She knew that she was going to receive a super VIP!

A tycoon who owned two villas in Tomson Riviera!

No girl did not love beauty. Not only did Lin Yiyi love beauty, but she also hoped that a tycoon would like her.

Everyone was realistic, and Lin Yiyi was no exception. Which girl didn't want her boyfriend to be tall, rich, and handsome?

Her heart was filled with some anticipation.

What if the new property owner was a handsome man?

If he liked her and something happened between them, she would be able to get a lot of money.

Everyone liked money, and Lin Yiyi was no exception.

Although she was not a gold digger, everyone loved money.

She had such expectations because she was also a beauty. She had long legs, fair skin, and was very pretty. She was also still a virgin.

When the Bugatti La Voiture Noire stopped, Lin Yiyi's beautiful eyes lit up.

Bugatti sports car!

A sports car of this model would cost at least 20 million yuan!

He was indeed a tycoon. Otherwise, it would be impossible for him to buy such a sports car.

When Lin Fan opened the car door and got out, Lin Yiyi looked at him with her beautiful eyes and blushed.

Her heart was pounding, and she could not even suppress her lower body.

How could he be... so handsome?

She rarely watched television dramas and didn't know the exact car model of the Bugatti. She didn't know that Lin Fan was a big star.

She only knew that Lin Fan was really... super handsome!

She actually had a chance to serve a property owner like Lin Fan.

"Hello, Mr. Lin. I'm Lin Yiyi, a property agent from the Tomson Riviera District. If you have any problems, you can look for me. In the future, I'll be in charge of resolving all your problems." Lin Yiyi raised her head again and looked at Lin Fan with a smile.

"Mmm, hello." Lin Fan smiled and glanced at Lin Yiyi. He walked to the front passenger seat and opened the car door to get Su Xiaoyu out.

"Oh, we're here?" Su Xiaoyu got out of the car and saw Lin Yiyi immediately.

"We're here." Lin Fan smiled and looked at Su Xiaoyu.

Although Lin Yiyi was also very pretty, Lin Fan's gaze was always on Su Xiaoyu.

Lin Yiyi's looks could get her about 90 points, but with Su Xiaoyu's looks and figure, Lin Fan could give her 98 points.

One was 98 points, and the other was 90 points. In reality, if they stood together, it would be... an instant kill.

"Bring us to the villa. Let's see how this villa that's worth more than 100 million looks like," said Lin Fan with a smile.

"Alright." Lin Yiyi nodded. When she saw Su Xiaoyu, she knew that she had no chance.

The girls around Lin Fan were all so pretty. How could she have a chance?

However, Lin Yiyi still felt a little indignant.

The feeling of her prey being snatched away.

It wasn't easy for her to meet a handsome man, but there was a girl even prettier than her beside him.

What if Lin Fan and Su Xiaoyu weren't a couple? That way, she still had a chance.

After entering the villa worth more than 100 million, Su Xiaoyu was also shocked.

As expected of a Tomson Riviera villa. The villa here... could only be described with one word.

Luxurious!

And... the villa here was too big!

Then, Lin Fan and Su Xiaoyu went to the villa worth 300 million.

A villa worth 300 million was naturally better than a villa worth more than 100 million.

“Mr. Lin, this villa is the best villa in Tomson Riviera,” Lin Yiyi praised.

“Mmm.” Lin Fan nodded.

“Wow, Master, Master, this villa is super big. I love it!! I love it ~” Su Xiaoyu was pleasantly surprised as she looked at the villa.

She was a girl who did not have any special pursuits. Although the places she had lived in were very big, she especially liked the renovation style of the villa here.

“Master, look. The ceiling and walls here are made of light steel. The floor is made of vintage teak and oak from Baroque floors. The windows are also hollow glass from Belgium’s Glaverbal.” Su Xiaoyu looked around.

Lin Fan was very satisfied with the living conditions here.

The villa here was really... big.

The balconies were all made of imported limestone and had granite door frames.

The entrance was a Noblesse hand-carved copper door.

The kitchenware was also famous overseas brands.

Furthermore, this villa covered more than 1,500 square meters!

Even the surrounding walls were built with high-tech nanotechnology.

The entire hall of the room was decorated in a magnificent European style. The beautiful skyline outside the French windows instantly made one feel as if they owned the entire Bund.

Every bedroom had a balcony. When one slept on the bed and looked out, the scenery outside the window was like a vivid oil painting, making one unable to forget it.

Such a villa was completely worth 300 million.

There were a total of two floors here. Every room and place had been carefully renovated.

Lin Fan and Su Xiaoyu looked around the villa for more than half an hour before they finished viewing it.

If they could have such a villa, it would be the dream of countless people.

Su Xiaoyu lay on the soft bed and felt her life brighten.

This would be her home from now on!

“Master, let’s move houses~ We’ll live here in the future. The main thing is that this place is too big. It’s even better than our villa in the Blue Wave Bay district,” Su Xiaoyu said.

“Alright.” Lin Fan smiled. He would talk to Xia Wanqiu later. If Xia Wanqiu agreed, they could move house together.

Tomson Riviera was quite close to Jiaxing Entertainment and was more suitable for work.

However, if he wanted to move, he had to at least wait until the class reunion ended.

The afternoon passed quietly.

Just as Lin Fan and Su Xiaoyu were about to go home, it started raining heavily outside.

Driving in a rainstorm would be dangerous.

After careful consideration, Lin Fan and Su Xiaoyu decided not to go home first.

“Mmm, Master, then I’ll go rest first. We’ll go home tomorrow ~” Su Xiaoyu said.

“That’s true. The rain here is too heavy,” said Lin Fan. He even called Xia Wanqiu.

“Meow, meow?” Xia Wanqiu picked up the video call. She was filming an endorsement outside and could not go home.

“Wife, Xiaoyu and I came to Tomson Riviera’s villa to take a look. It’s raining heavily today. Wear more clothes, understand?” Lin Fan said. He didn’t want Xia Wanqiu to fall sick.

“I know, Lin Fan. I’ll be done tomorrow. Bring me to the villa ~” Xia Wanqiu smiled sweetly and looked at Lin Fan.

“Then about us moving...” Lin Fan asked.

“I’ll listen to you ~” Xia Wanqiu made a cute gesture.

Lin Fan was about to melt from her cuteness.

It was said that cute was worthless in front of sexy, but when a sexy woman suddenly became cute, one had to ask... who could resist this!
