

## **I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 400-404**

### **Chapter 400: Men Should Settle Such Matters**

Gao Yong brought hundreds of bodyguards to the Xia family to break Lin Fan's limbs.

At the critical moment, Su Muqing appeared.

But when everyone saw Su Muqing, their expressions changed.

Because... the second daughter of the Su family had come personally.

Furthermore, she used a gun to press against Gao Yong's forehead.

Su Muqing had even prepared a helicopter. It was obvious that she had been protecting Lin Fan.

"Su Muqing, the second daughter of the Su family..." The old man's eyes were filled with shock. "The second daughter of the Su family actually called Lin Fan Boss Lin..."

"So Lin Fan is so calm. It's not because Lin Fan is arrogant, but because he has the ability to do so!" the old man said.

"Oh my god, Su Muqing is here too... She's from the Su family."

"The second daughter of the Su family, the head of the four major families in Shanghai. Although she hasn't taken control of the Su family yet, she's also a daughter of the Su family. She came here personally. Even Gao Yong wouldn't dare to do anything to Su Muqing, right?"

"Lin Fan's popularity is actually so good? He can even invite the second miss of the Su family? What kind of status does Lin Fan have?"

....

At this moment, Gao Yong smiled.

The few personal bodyguards beside him attacked the bodyguard behind Gao Yong at the same time.

At that moment, the bodyguard beside Gao Yong also took out his gun and aimed it at Lin Fan.

In China, ordinary people were not allowed to have guns, but there were exceptions.

Some top families could still have guns. Of course, most people did not know this.

The bodyguard flew up and jumped to Lin Fan's side. His gun was still aimed at Gao Yong.

Gao Yong clapped and smiled. "That's right. I said I would break your limbs."

"I was wondering why you were so confident. So you asked Miss Su to help. However, I, Gao Yong, am here today."

"What can you do?"

"Xia family, who dares to touch me?"

"Who in the Su family dares to touch me?"

"Hahahahaha, I, Gao Yong, have been in Jiang City for twenty years. No one has ever dared to be so rude to me."

"Even if it's the Su family of Shanghai, so what? Su Muqing, you're just a daughter of the Su family. Are you in charge of the Su family? How can a person who's not in charge fight with me?"

"The Gao family's market value is only over 400 billion, but can you really know how strong the Gao family is?"

"Today, Su Muqing came personally. I, Gao Yong, will give you face and not continue to pursue the matter here. However, there's no doubt that Lin Fan hurt my Gao family. Lin Fan, my Gao family will remember this debt!" Gao Yong said. He made a gesture and turned around to leave with hundreds of bodyguards.

That's right. How many Gatling guns were aimed at Gao Yong?

There were also many guns aimed at him.

Su Muqing's beautiful eyes were also looking at Lin Fan.

She was waiting for Lin Fan's order.

As long as Lin Fan was willing to give the order, Gao Yong wouldn't be able to leave this place today.

But Lin Fan didn't do that.

Lin Fan just looked at Gao Yong calmly.

He was not afraid of Gao Yong. Instead, Gao Yong was afraid of him. Otherwise, Gao Yong would not have left after saying a few words.

If he attacked the Xia family, it would definitely cause a gun battle, and blood would flow like a river.

Xia Wanqiu, Su Xiaoyu, and Su Muqing were all here. Lin Fan didn't want their lives to be in any danger.

Furthermore, once he killed someone, no matter what family it was, they had to follow China's laws. If he killed someone, he would pay with his life. There was no need for that.

Lin Fan and Gao Yong knew that guns were just deterrence tools. No one dared to really shoot.

However, Gao Yong's carefully prepared plan was to slap Lin Fan in public. He even threatened to break Lin Fan's limbs and it was broken.

Gao Yong got into the car outside with a dark expression.

"D\*mn, Su Muqing actually came to help Lin Fan. Didn't we already investigate Lin Fan's background? Why didn't we find out anything about Su Muqing?" Gao Yong said.

He could have made Lin Fan pay tonight, but the mission failed.

He didn't dare to touch Lin Fan in front of Su Muqing again.

Because he knew that if he really dared to do that, Su Muqing would definitely attack.

When the time came, he would not be able to control the situation.

"No matter what, go back and investigate Lin Fan properly. This time, we have to make Lin Fan pay the price."

"Even if I can't deal with Lin Fan himself, what about his family? What about Lin Fan's company?" Gao Yong's eyes were cold.

"CEO Gao, but if we touch Lin Fan's company or even the people around him, there's still the Su family..." the bodyguard beside him reminded.

"Su Muqing is only the second daughter of the Su family, and the power of the Su family is all on the eldest daughter of the Su family. Although Su Muqing's ability is not bad, she alone can't save Lin Fan."

"The entire Su family won't become enemies with the Gao family because of Lin Fan alone."

"It can be said that the entire Su family won't even become enemies with the Gao family because of Su Muqing."

"This time, not only do I want to defeat Lin Fan, but I also want to defeat Su Muqing."

Gao Yong said as a glint flashed across his eyes. He was a little envious of Lin Fan for having an assistant like Su Muqing.

Wasn't it just money? Could he have less money than Lin Fan? As long as he had enough money, he could pull Su Muqing over.

Who could get a woman like Su Muqing? Not only could she be happy in bed, but she could also be like a fish in water at work.

The battle between the Gao family and Lin Fan had already begun!

...

Xia family.

Su Muqing looked at Lin Fan with her beautiful eyes and said, "Boss Lin, I'm sorry. I can't stop Gao Yong or the Gao family. If we really fight here, it's Wanqiu's grandfather's birthday after all."

Lin Fan nodded and smiled. "I'm fine. I didn't expect Gao Yong's bodyguards to have guns too. Otherwise, I would have broken Gao Yong's limbs today. But it's fine. The Gao family can't run away."

"But Gao Yong doesn't seem to be that afraid of you," said Lin Fan with a smile. Under such a situation, anyone might feel timid, but Gao Yong didn't. He was calm and composed. He was also a very terrifying opponent.

Su Muqing said softly, "Boss Lin, Gao Yong is the eldest son of the Gao family. He has already taken over the Gao Corporation and is very capable. At home... my parents don't value me. The power is with my sister, so I..."

Su Muqing lowered her head. It was a little red. She clenched her fists as if she was annoyed that she couldn't protect Lin Fan.

If her sister was here today, Gao Yong would not dare to be so arrogant.

Why was she so useless?

Su Muqing's eyes were a little moist, and tears fell silently.

Looking at Su Muqing like this, Lin Fan smiled brightly and patted her head.

"It's fine. Don't blame yourself. Don't worry, I'm here."

“Such things should be resolved by men.”

### **Chapter 401: This Is Lin Fan, Shocking Everyone!**

Lin Fan continued, “If I were Gao Yong, I would definitely be furious and prepare to teach Lin Fan a lesson. Lin Fan has Su Muqing protecting him. She will definitely target Lin Fan’s company and his family.”

“Muqing, have you sent people to protect my sister, father, and mother?” Lin Fan asked.

Su Muqing nodded obediently. “Mmm ~ There are professional bodyguards protecting them 24 hours a day. There won’t be any problems ~”

Lin Fan was indeed at ease when Su Muqing did things.

However, after Gao Yong came to the Xia family to cause trouble, it completely destroyed the atmosphere of the old man’s birthday celebration.

Lin Fan walked in front of the old man and bowed slightly. “Grandpa, I’m sorry. It’s my fault for getting into a conflict with the Gao family. Today is your birthday, but so many things have happened and ruined the atmosphere.”

The old man smiled and said, “Lin Fan, you’re very outstanding. Previously, I was worried that you would be irrational and offend the Gao family. After all, you’re in society and it’s impossible for you not to be bullied. It’s necessary for you to lower your head occasionally.”

“I was very disappointed in you previously because I felt that you didn’t have the strength and still wanted to fight Gao Yong head-on. But now, I realize that not only do you have the strength, but you also have the confidence to fight Gao Yong head-on. What’s that saying again? If people don’t offend me, I won’t offend them. If people offend me, I’ll definitely strike back. The Gao family has already bullied me, so it’s impossible to back down.”

“Lin Fan, from now on, the Xia family will support you unconditionally. The Gao family is arrogant and looks down on the Xia family. Can our Xia family really be afraid of the Gao family?” the old man said.

Clearly, he was impressed by Lin Fan.

Lin Fan didn't panic in the face of major events. In the face of others bullying him, he was decisive and brave. It made the old man feel that Lin Fan could protect Xia Wanqiu well.

"Grandpa, in other words, you agree to me and Wanqiu being together." Lin Fan smiled brightly.

"The two of you are so loving. Is there a difference whether I agree or not?" the old man said and looked at Xia Wanqiu.

Xia Wanqiu's face was already a little red as she walked over silently.

The old master held Xia Wanqiu and Lin Fan's hands at the same time.

Xia Wanqiu blushed and said, "Grandpa..."

Lin Fan held Xia Wanqiu's hand and felt a hint of happiness.

After so many twists and turns and offending the Gao family, no matter what, the old master had already agreed to Xia Wanqiu's marriage.

Xia Jiancheng said, "Ahem, you haven't asked for my opinion."

The old man pulled a long face and said, "Alright, your opinion isn't important. What's important is to settle my daughter-in-law's opinion. If she agrees, the two of you can get married."

"However, Lin Fan, if you want me to agree, you have to agree to one last condition," the old man said.

Lin Fan smiled brightly and said, "Grandpa, I'll agree to any condition."

After all, in Lin Fan's eyes, the old man couldn't make too many conditions.

As long as he could marry Xia Wanqiu, nothing else was important.

The old man's eyes lit up. "Are you serious?"

Lin Fan nodded. "Really. A gentleman never goes back on his word."

The old man laughed and said, "Alright, Xiaoyu, come over too."

Su Xiaoyu: "???"

When Su Xiaoyu arrived, Lin Fan was a little stunned.

Then... the old man placed Su Xiaoyu's hand in Lin Fan's other hand.

The old man looked at Lin Fan and said, "Lin Fan, I only have one request. If you want to marry my granddaughter, you have to marry my precious granddaughter, Xiaoyu. Otherwise, I won't agree to this marriage."

Su Xiaoyu: "???"

Xia Wanqiu: "???"

Lin Fan: "????!"

Everyone: "!!!"

What the f\*ck...

The old man actually made such a strange request.

Su Xiaoyu blushed and said, "Aiya, Grandpa, don't spout nonsense."

Lin Fan was a little stunned. "Grandpa, I'm afraid this won't do. The law doesn't allow polygamy. It's illegal."

The old man slammed the table. "Illegal? Ha, at most, they won't get married. You two live together, who can say anything? So what if it's illegal? If you sleep with Xiaoyu and Wanqiu, how can they not get pregnant?"

"Since you can get pregnant, you can be together. It's settled then. Lin Fan, if you don't agree, don't marry Wanqiu." The old man took another sip of wine and smiled.

Xia Wanqiu lowered her head and said aggrievedly, "Grandpa, you agreed just now..."

Looking at Xia Wanqiu's unhappy expression, the old man teased, "Alright, alright. You youngsters can settle your own matters. However, the Xia family will fully support you in the matter with the Gao family. Even if the Xia family can't take it, Jiancheng, go find your wife and destroy the Gao family."

Xia Jiancheng: "I'm afraid this won't be easy to handle..."

Hearing the old master say that, Xia Wanqiu's beautiful eyes lit up.

She and Su Xiaoyu had the same mother, but she took her father's surname, while Su Xiaoyu took her mother's surname.

Su Xiaoyu was such a genius, but her mother was even more amazing.

However, Su Xiaoyu's mother usually did not take action easily. If she did, even the Gao family would not be significant in her eyes.

...

After a while, Su Muqing walked in front of the old man. She was very obedient and smiled sweetly. "Hello, I'm Boss Lin's assistant, Su Muqing. My grandfather has already passed away. May I call you grandfather too?"

When Old Master saw Su Muqing, he liked her very much. He nodded and said, "Of course, no problem. Wait... Muqing, are you Lin Fan's... assistant?"

Su Muqing nodded obediently. "Yes, Boss Lin is great ~"

Hearing Su Muqing nod, everyone was stunned.

The second daughter of the Su family, Su Muqing, was actually Lin Fan's assistant!

This was too exaggerated...

Su Muqing studied at Tsinghua University's business school and had even obtained first place in her entire major.

Even if there was an even more outstanding sister in the family who held the power of the Su family, the power of the Su family had never fallen to Su Muqing.

This was also because Su Muqing was still young. No matter what, Su Muqing was still the daughter of the Su family and had a special status in the Su family.

If she worked in the Su family's company, she might be able to bring the Su family's company to another level.

Such an outstanding girl was now Lin Fan's assistant.

Furthermore, Su Muqing didn't have any complaints and even looked at Lin Fan in admiration.

The old master said in shock, "Muqing, you can take on more outstanding work and have a place in the Su family's company. Although Lin Fan isn't bad, why do you want to be his assistant? Lin Fan's company's market value is only four billion."

A market value of four billion was not low, but compared to the Su family's companies worth hundreds of billions, it was still far from impressive.

Su Muqing smiled gently and explained, "Grandpa, it's alright. Boss Lin has more than just the 4 billion yuan companies. He's also the chairman of Estee Lauder and the second-largest shareholder of LV and Chanel. He's also the third-largest shareholder of Bugatti. Boss Lin's ability is even above our entire Su family!"

“Of course, other than that, the most amazing thing about Boss Lin is that he’s also Alibaba’s second-largest shareholder.”

“In the entire Alibaba, Boss Lin is second only to Boss Ma ~ And Jiaxing Entertainment was only established by Boss Lin for Xia Wanqiu and Su Xiaoyu.”

“Boss Lin said...”

“He was worried that the companies in the entertainment industry wouldn’t be able to protect Xia Wanqiu and Su Xiaoyu, so he established his own company to protect them ~”

Listening to Su Muqing’s words, everyone present, including the old man, opened their mouths wide in disbelief.

Every company that Su Muqing mentioned was enough to shake the world!

#### **Chapter 402: Lin Fan Is Too Humble**

The old man’s eyes were filled with disbelief. “This... isn’t a joke, right?”

Xia Wanqiu’s father was also shocked. “Muqing, is what you said true? This... this... why haven’t I heard of this before?”

Su Guoqiang and Xia Lan’s jaws dropped. “D\*mn, Estee Lauder, LV, Chanel, Bugatti, each of them is a top foreign brand. In fact, they’re quite famous all over the world. Not only that, but Lin Fan is also Alibaba’s second-largest shareholder. He’s equivalent to Alibaba’s vice president!”

“Even someone like CEO Ma has to be polite to Lin Fan. I originally thought that since Lin Fan opened two entertainment companies, his market value of four billion was already quite terrifying. Who would have thought that Lin Fan was a shareholder of so many companies...”

“The CEO of Estee Lauder, the market value of Estee Lauder should be more than 200 billion, right?” Su Guoqiang said, his eyes filled with envy.

“How terrifying is a man who can do this? How did Wanqiu find such a powerful boyfriend?” Xia Lan looked at Xia Wanqiu enviously.

After Xia Wanqiu heard that, she blushed and lowered her head. "I didn't know that Lin Fan was so awesome. So Lin Fan is also Alibaba's vice president and a major shareholder of LV and Chanel. No wonder he could give me so many cosmetics and perfume. I was angry that Lin Fan spent too much money. He... is already so awesome?"

Even Xia Wanqiu didn't know that Lin Fan had already reached this stage. At this moment, she finally understood.

Why did Lin Fan have the Lake Heart Villa in the Blue Wave Bay district? Why did Lin Fan have the luxury villa of Tomson Riviera?

Other than that, Lin Fan also had a school district house and money to open a company.

All of this clearly showed Lin Fan's ability.

Lin Fan had already put in a lot of effort where she couldn't see.

All of his achievements depended on himself.

Xia Wanqiu was happy for him and proud of Lin Fan.

Xia Qing said, "Sister, why are you still pretending not to know? My brother-in-law is really handsome. No wonder he's not afraid of Gao Yong. He's so awesome. Who would be afraid of Gao Yong?"

The old man shook his head. "The market value of Estee Lauder is 200 billion, and Lin Fan is the chairman of Estee Lauder. Lin Fan's company is much better than our entire Xia family's company..."

"LV, Chanel, every company's market value is above 200 billion. They're the top luxury brands in the world. Compared to Lin Fan, our Xia family's businesses are nothing. Lin Fan is also Alibaba's vice president. Alibaba's market value is worth 4 trillion!"

After knowing how awesome Lin Fan was, the old man suddenly came to a realization. "I finally know why Lin Fan has two limited-edition Bugatti sports cars. It's because Lin Fan is a major shareholder of the Bugatti Corporation. Other than that, Lin Fan also has a sports car like the Koenigsegg One. I understand everything now. Lin Fan has always been so secretive."

Xia Jiancheng nodded. This was why Su Muqing was willing to be Lin Fan's assistant.

Su Muqing was indeed very outstanding, and so was the Su family.

But compared to Lin Fan, this excellence was nothing.

What was a true big boss?

When Lin Fan's identities were revealed one by one, they felt like they were being looked up to.

It would be difficult to catch up in a lifetime.

Seeing everyone praise him like this, Lin Fan just smiled and said, "Actually, that's all. I'm still a junior and still need to consult everyone on many things. There's no need to brag too much. I still lack a lot of experience in business."

Lin Fan was telling the truth. Although he was a major shareholder of so many companies, Lin Fan knew very little about business. In many companies, Lin Fan was a hands-off boss who didn't participate in the decisions and was only responsible for the final payment.

As for Estee Lauder, they needed to make many decisions. With Su Muqing and Su Xiaoyu around, it would not be a problem.

Of course, Lin Fan's business ability had also increased a lot. However, just improving his business ability required a lot of actual combat. In a real business exhibition or financial battle, Lin Fan was actually still a newbie.

He only knew how to enjoy life. As for things other than enjoying life, Lin Fan didn't know much. He was just telling the truth.

Hearing Lin Fan say that, many relatives thought that he was being humble.

This was like CEO Ma saying in front of you that he didn't know anything and that he still had a lot to learn.

Who could withstand this?

Successful people were always right no matter what they said. The key was that there was no way to refute them.

Su Guoqiang: "How can you say that you don't know anything? Lin Fan is still too humble. Sigh, it's alright. It's worth it to have a son-in-law like you in our family."

Xia Lan: "There's no need to say anything. You're too humble. If you say that you still have to study, how can we stand it? Lin Fan, when are you going to marry Qiuqiu? Haha, I'm just superficial. You're so awesome. It's the Xia family's honor to marry Qiuqiu."

Xia Wanqiu's father also walked in front of Lin Fan and patted his shoulder. "Anyway, I agree. I'll wait for Wanqiu's mother to see if she agrees. However, if you want me to agree, there's still one last stage. It's Chinese chess. After the matter with the Gao family is over, the two of us have to play Chinese chess. I heard that you even won against Wang Tianyi and are the number one player in Chinese chess."

Xia Wanqiu's father also saw this news and was extremely gratified.

Lin Fan had won the championship. This was enough to show how much Lin Fan had studied in Chinese chess. Only those who really understood Chinese chess could know how much time and effort it took to reach the extreme.

He was willing to learn Chinese chess, which was enough to show how deep Lin Fan's feelings for Xia Wanqiu were.

Su Muqing smiled sweetly and said, "Boss Lin, you're already very awesome. You don't have to be humble anymore."

Su Xiaoyu held the lollipop and walked to Lin Fan's side. She smiled and said, "Yes, yes. Master is super awesome!"

Lin Fan looked at everyone and smiled brightly. "Alright, everyone, stop bragging. We're all on the same side. If you have any problems in the future, you can come to me for help. As long as I can do it, I'll help everyone."

“Dad, after I’m done with the Gao family, I’ll definitely play a few rounds of Chinese chess with you and kill him for three days and three nights,” said Lin Fan with a smile.

“Alright, brat. Why did you call me dad so quickly?” Xia Wanqiu’s father hit Lin Fan and smiled lovingly. “However, the Gao family is still not easy to deal with. You have to be careful. Your safety first. If you encounter any difficulties, the Xia family will always be on your side.”

After Xia Wanqiu’s father finished speaking, he sat down with a gratified expression.

In reality, no matter how Lin Fan played Chinese chess or how his character was, Xia Wanqiu’s father wouldn’t make things difficult for Lin Fan and Xia Wanqiu’s marriage.

After all, Xia Wanqiu was his daughter.

The Xia family would not reject the people Xia Wanqiu liked.

On the other hand, the Gao family... had bullied the Xia family.

The Xia family would never sit back and wait for death!

### **Chapter 403: Su Muqing Is His Woman!**

Gao family.

Gao Yong smoked a cigar and sat silently in his office.

It was already very difficult to make Lin Fan pay the price with force.

“CEO Gao, this is Lin Fan’s specific information. His strength doesn’t seem weak. He has Su Xiaoyu’s help. The Huo family was destroyed by Su Xiaoyu previously. If we continue to have a bad relationship with Lin Fan, Su Xiaoyu will probably attack the Gao family. What should we do?” the assistant looked at Gao Yong and asked.

“Oh? Su Xiaoyu... Su Jianguo’s daughter, the daughter of the world’s richest man. She’s not bad. I heard that Su Xiaoyu’s ability is unfathomable. Su Jianguo became the world’s richest man because of Su Xiaoyu’s help,” Gao Yong took a puff of his cigar and said.

“CEO Gao, then should we continue to target Lin Fan? If a war breaks out, it won’t be good for our Gao family. You know Su Xiaoyu’s ability,” the assistant said.

Gao Yong was disdainful. “In all these years, no one has ever dared to speak to me like this. Lin Fan has Su Muqing by his side. So what if he has Su Xiaoyu? The Gao family isn’t afraid of this business war!”

“Also, Su Xiaoyu has already left her company for a long time. How much business knowledge does she know? The market is improving rapidly every year. It’s just like letting the brilliant Zhuge Liang come to this era. What use can he have?” Gao Yong said with a smile.

“But Su Xiaoyu’s father is Su Jianguo after all,” the assistant said.

“The world only knows that the market value of our Gao family is 400 billion, but who knows how many businesses our Gao family has outside? Who is our Gao family’s backer?”

“The Gao family has never been bullied by anyone. This is a great opportunity for our Gao family. We can directly annex the Su family’s businesses. This way, the Gao family’s market value might increase tenfold or a hundredfold. This is an opportunity, an opportunity to completely destroy the Su family!” Gao Yong said.

“Even if we’re not a match for the Su family, our Gao family can still protect ourselves. Furthermore, as long as we kill Lin Fan, will Su Jianguo really start a large-scale financial trade war with us? Once the war starts, our Gao family won’t be afraid of the Su family!” Gao Yong smiled.

“The first step is to go to Su Muqing’s house and propose marriage. Prepare a gift. I want to marry Su Muqing,” Gao Yong said with a smile. “They don’t dare to refuse. According to what I know, although Su Muqing’s family is the head of the four major families in Shanghai, the Huo family recently has Huo Xinyu’s help and has hopes of crushing the Su family again. At this time, if the Su family can have our help, the Su family can sit firmly in this position.”

“Also, Su Muqing isn’t too valued at home. This is also a political marriage. Do you think the Su family won’t agree?” Gao Yong’s lips curled up.

“After marrying Su Muqing, she will naturally be mine. Let Lin Fan cut off one of his arms first,” Gao Yong said.

After the assistant heard that, he asked, “What if Su Muqing doesn’t agree?”

The corners of Gao Yong's lips curled up even more obviously. "This question is very good. Su Muqing's family will definitely agree. If Su Muqing doesn't agree, she will definitely have a conflict with her family. At this time, Lin Fan will definitely go to Su Muqing's house. On this road, it will be the best opportunity to get rid of Lin Fan!"

"Prepare yourselves and let Lin Fan leave this world completely. I want to see how he can fight with us!" Gao Yong said indifferently.

The assistant's eyes lit up. "Seconds. CEO Gao, if Su Muqing agrees, not only will you get a beauty, but you can also make Lin Fan lose his backer. That way, Lin Fan will be in so much pain. Without Su Muqing, I'm afraid he won't be anything, right?"

"If Su Muqing doesn't agree, we can set up an inescapable net and kill Lin Fan on the way." The assistant felt deep admiration.

Gao Yong continued, "If I remember correctly, the Huo family also wanted to kill Lin Fan last time, but they failed because of Su Xiaoyu."

"This time, we'll attack Lin Fan's Jiaxing Entertainment and the Emperor Entertainment Company at the same time. Then, we'll have some trade conflicts with Su Xiaoyu's father and some conflicts with the Xia family to disturb the public. This way, everyone's attention won't be focused on Lin Fan, and no one will protect him like last time."

"This move is called misdirection. It's a feint to attack various places. The real goal is to kill Lin Fan directly. Lin Fan, oh Lin Fan, you can't escape from me anymore." The teacup in Gao Yong's hand fell to the ground and shattered.

After an hour, the Xia family was targeted by the Gao family.

Jiaxing Entertainment was also targeted by the Gao family.

At the same time, the Gao family even had some conflicts with Su Xiaoyu's father. Of course, it was not a large-scale trade war.

Directly getting into a conflict with Su Xiaoyu's father was also telling Su Xiaoyu that the Gao family was not afraid of the richest man in the world.

The Gao family also had a deeper background!

At the same time, Gao Yong personally brought a large sum of money to Su Muqing's family and prepared to propose marriage.

The Su family naturally agreed.

Su Yuqing's sister was called Su Qiuyi. She was in charge of the Su family. Recently, she had been fighting with Huo Xingyu of the Huo family, so her family's status was a little unstable.

Huo Xinyu was really too awesome. Other than not being Su Xiaoyu's match, she was practically invincible in Shanghai.

After being attacked by Su Xiaoyu, the Huo family started to rise again.

Su Qiuyi made a call to Su Muqing.

"Muqing, put down everything you're doing and come home immediately. I have something important to tell you at home," Su Qiuyi said. Her voice was a little cold. Unlike Su Muqing's silence, her words were very cold.

"Sister, but I can't leave..." Su Muqing knew that Lin Fan and Gao Yong were about to start a huge battle. Furthermore, Lin Fan's company and the Xia family's company had also been taken over by the company.

"Come home immediately." After Su Qiuyi said that, she hung up the phone.

Lin Fan patted Su Muqing's head. "Let's go home. The matters at home are more important. We can put aside the work here for now."

After Su Muqing returned home, she was told that her family wanted her to marry Gao Yong.

The wedding day was tomorrow.

“What? I’m getting married tomorrow? With Gao Yong?” Su Muqing raised her beautiful eyes and looked at Su Qiuyi. “No, I don’t agree.”

Su Qiuyi slammed the table angrily, her body filled with a cold aura. “This matter is not up to you. The family is in danger. It’s time for you to contribute to the family. Furthermore, Gao Yong is the eldest son of the Gao family in Jiang City. You won’t suffer if you marry him.”

At the thought of marrying someone else, Su Muqing naturally couldn’t be Lin Fan’s assistant anymore.

Gao Yong and Lin Fan were enemies. Furthermore, she had no feelings for Gao Yong at all.

Su Muqing lowered her head and cried. “But... I don’t like him.”

Su Qiuyi said, “Muqing, I’m sorry. You have to do this. Otherwise, our family might not be able to survive. We have to get the Gao family’s help to survive in Shanghai. Our family is also facing an economic crisis recently. There’s a lack of funds of at least 2.16 billion. Only the Gao family can help us. The Gao family is willing to pay so much money as a betrothal gift.”

“Unless... you can find someone who can solve our family’s problem, you have to get married. Take it that I’m begging you. For the family, for your parents, for your sister, for the company...”

Su Qiuyi sighed and knelt in front of Su Muqing.

She was as helpless now as she was arrogant before.

The Su family’s market value was indeed more than 600 billion, but they would also encounter problems with capital flow, causing the family to almost be in danger.

Once they could not hold on, what awaited the family was bankruptcy.

Huo Xinyu’s methods were too terrifying, and the Su family needed someone to rely on.

Otherwise, in the competition of business, if one did not have a background and was not capable enough, they could only die.

Su Muqing raised her beautiful eyes and grabbed Su Qiuyi's hand. "Sister, I know someone who can save our family. Lin Fan, I'm his assistant. I know he's very powerful. He must have the ability to save our family. Please don't let me marry Gao Yong, don't..."

Su Qiuyi handed the phone to Su Muqing. "Alright, this is also your last chance. If Lin Fan can really save our family, I won't say anything. If he can't... I can only let you suffer."

A call went to Lin Fan's phone.

Lin Fan was silent for a few seconds and immediately decided to help Su Muqing.

Dog shit.

Gao Yong, this dog, was bullying his assistant.

Lin Fan had thought that he was prepared to welcome the Gao family's war. Who would have thought that the Gao family's target would be Su Muqing?

This was the first time Su Muqing cried in front of Lin Fan. Although it was only on the other end of the phone, Lin Fan could feel Su Muqing's grievance and helplessness.

No matter what, Lin Fan felt that Su Muqing's assistant was not bad.

Even if Lin Fan didn't have any other thoughts about Su Muqing, her work ability was top-notch and her loyalty was 100 points. At least Su Muqing, this beauty, was pleasing to the eye.

Every time Lin Fan needed her, she would stand up for him.

Now that she was in trouble, Lin Fan naturally wouldn't stand by and do nothing.

Because...

Su Muqing was his woman!

## Chapter 404: I Don't Want to Marry Gao Yong

"I'm sorry, Lin Fan. I don't want to marry Gao Yong. My family is facing a lot of difficulties now. Only you can help me, only you..."

"Can I beg you to help me in the name of a friend? Lin Fan, I'm sorry... I might never be able to repay you for this two billion yuan in my life, but I really don't want to marry Gao Yong or have anything to do with the Gao family. As long as you're willing to help me, I'll always be your assistant. I'll do whatever you ask me to do without hesitation."

"From now on, Muqing is yours. No matter what you want me to do, I will do it without any hesitation. As for Gao Yong... let me marry him tomorrow. I, Su Muqing, have never liked anyone in my life, and I don't know what it's like to like someone. I can say with certainty that I don't like Gao Yong and will never like him in my life." Su Muqing sounded like she was crying and begging on the phone.

Even if Su Muqing's family was the head of the four big families in Shanghai and had a high market value, under the intense commercial competition, her family was already in danger.

They could not make up for the two billion yuan gap easily.

If Lin Fan didn't help Su Muqing, what awaited her family would be destruction.

If Su Muqing did not agree to Gao Yong's marriage proposal, the entire family would not be able to survive in Shanghai. Even the company might go bankrupt!

Lin Fan comforted Su Muqing on the phone, "Muqing, you're my assistant. I'm also very honored to have an assistant like you. But don't worry, you're my assistant. Since when is it up to others to touch my people?"

"Two billion. I'll help you think of a way. You don't have to pay me back. This is your family's business. If you want to pay me back, your family will pay," said Lin Fan.

He wouldn't help Su Muqing's family and business for no reason. If it wasn't for Su Muqing, Lin Fan wouldn't have thought of giving two billion to others for no reason.

"Mmm, okay ~ Boss Lin, thank you," Su Muqing said, her eyes filled with gratitude.

“Alright, alright. There’s no need to be so polite. You’re my assistant to begin with. Furthermore, it’s written in the contract that you’re not allowed to have a boyfriend while you’re an assistant. If you’re my assistant for the rest of your life, won’t you never be able to find a boyfriend?” Lin Fan smiled and said.

“If you don’t want to look for someone, so be it ~ Dating will distract you from work.” Su Muqing smiled sweetly.

“Alright, send me the address. I’ll go to your house immediately. Two billion isn’t a particularly difficult thing,” said Lin Fan.

Lin Fan didn’t have much time. Tomorrow, the Gao family would propose to Su Muqing. At that time, the entire Su family would probably have to agree.

Unless Lin Fan could rush to the Su family in time and block all of Gao Yong’s actions against them.

After hanging up, Lin Fan contacted Boss Ma.

When CEO Ma saw Lin Fan’s call, he was pleasantly surprised.

“Brother Lin, what’s the matter recently?” CEO Ma asked with a smile. His tone was much more relaxed when he called Lin Fan.

“CEO Ma, can you lend me 500 million? I have something very important to do and I’ll definitely return it to you in three months,” said Lin Fan. He himself had 2 billion. If he asked CEO Ma for another 500 million, it would be enough to help Su Muqing get through this crisis.

“500 million. There’s no problem. I’ll get someone to transfer it to your account immediately. Brother Lin, what happened? I don’t have anything on recently. If you have any difficulties, tell me,” CEO Ma said.

Seeing how enthusiastic Boss Ma was, Lin Fan’s gaze gradually turned serious. “Boss Ma, since you’ve said so, I won’t stand on ceremony. I’ve had a conflict with the Gao family in Jiang City. The outcome is that either the Gao family in Jiang City goes bankrupt or I go bankrupt.”

After thinking for a while, CEO Ma said, “Brother Lin, the Gao family in Jiang City is not weak, especially Gao Yong. He’s very scheming and will seek revenge for the smallest grievance. You have to be careful.”

When Lin Fan heard CEO Ma's evaluation, his vigilance increased again. What kind of person was CEO Ma? He was Alibaba's CEO.

CEO Ma had already reached such a realm but he still praised Gao Yong so highly. He even told Lin Fan to be careful.

Lin Fan immediately raised the danger level of Gao Yong to the highest. Such a person had to be dealt with extremely carefully.

Lin Fan said, "CEO Ma, even you are wary of Gao Yong?"

CEO Ma smiled and said, "Brother Lin, Gao Yong's family background is also very strong. However, since they have offended you and you're Alibaba's second-largest shareholder, we will stand on your side no matter what happens. Even if the Gao family wants to cause a financial storm, Alibaba will play with them to the end!"

After borrowing 500 million, Lin Fan had 2.5 billion in savings.

In total, 2.5 billion was 500 million more than Su Muqing's family.

Two billion was for the Su family to tide over the crisis. The other five hundred million was because Lin Fan didn't want Su Muqing to suffer in the family and become a sacrifice.

With him around, Su Muqing's value would far exceed 2.5 billion.

....

After talking to CEO Ma, Lin Fan was completely relieved.

He had borrowed money from CEO Ma mainly to test his attitude. Now that he had confirmed that Alibaba was standing behind him, Lin Fan didn't need to have any scruples when doing things.

What was there to fear about going to war with Gao Yong?

Su Xiaoyu had already prepared the car at the door. She stuck her head out and looked at Lin Fan. "Master, Koenigsegg One is ready. We can leave now. If we leave now, we can reach Su Muqing's house at night."

Lin Fan said, "Have you arranged for the others?"

Su Xiaoyu nodded. "Oh, I'm ready. But Master, do you have to bring so many bodyguards to Su Muqing's house?"

Lin Fan asked Su Xiaoyu to prepare more than 200 bodyguards, including the police and special forces. Everything had been arranged.

It was very difficult for others to mobilize the special forces, but it was very easy for Su Xiaoyu.

Lin Fan patted Su Xiaoyu's head. "Alright, let's take this Volkswagen."

Su Xiaoyu tilted her head and looked at Lin Fan. "Master, why don't you take the Koenigsegg One? Don't you like sports cars the most when you go out?"

Lin Fan smiled and said, "Xiaoyu, although you're a genius in business and a top student, many things aren't that simple."

"The person Gao Yong wants to target is me, but they deliberately chose to target the Su family. Furthermore, they even set the time to be tomorrow. Isn't it because they want me to go to the Su family today?"

"On the way, Gao Yong will definitely think of ways to stop me or even kill me. Therefore, they will definitely be armed. If I sit on the Koenigsegg One, there will definitely be danger on the way. I asked you to prepare so many people just to fight back."

"When someone wants to attack my car on the way, you can attack. Take them all down and we can use them as evidence to punish the Gao family in the future."

Lin Fan said with a cold glint in his eyes.

As long as he could stand from the other party's perspective, he could guess what Gao Yong's true goal was.

Gao Yong would definitely target Lin Fan on the way, but Lin Fan wanted to beat him at his own game and do the opposite.

If Gao Yong really attacked Lin Fan on the way, he would have completely fallen into Lin Fan's trap!

The battle between Lin Fan and Gao Yong was not only a battle of strength but also a battle of intelligence!
