

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 405-409

Chapter 405: Xia Wanqiu, You Are My Woman

Su Xiaoyu nodded. "Wow, Master is so smart ~"

Lin Fan sighed helplessly. "No matter how smart I am, I'm not as smart as you. You clearly know but you still pretended not to know. Then, you made me say it and praised me to make me happy. A truly smart person would never let others see her intelligence."

Su Xiaoyu blushed and lowered her head. "Hehe, you can't fool Master no matter who you lie to. Let's go. We're not taking the Volkswagen. If we want to take the helicopter, we'll take it. What if there's a traffic jam?"

"If Gao Yong could think of Master's plan to escape, he would have other methods to target Master. But he definitely wouldn't have thought that we flew over from the sky." Su Xiaoyu blinked and placed her hands behind her back. She leaned forward slightly and looked at Lin Fan.

Lin Fan smiled brightly. Su Xiaoyu was even more thorough than him. "Xiaoyu, we'll set off later."

Su Xiaoyu nodded. "Alright, go make out with Sister Wanqiu ~ I wonder how many minutes Master will take to finish?"

Lin Fan knocked Su Xiaoyu's head. "What are you thinking about? Don't spout nonsense."

Su Xiaoyu held her head. "Master, it hurts. You're bullying a dog. Woof, woof, woof ~ I'll bite you!"

After Lin Fan left, Su Xiaoyu's beautiful eyes dimmed.

She raised her beautiful eyes and looked at the scenery in the distance.

The Gao family dared to target Lin Fan like this. Prepare to pay the price!

...

In the room, Xia Wanqiu had just finished knitting her scarf.

When she saw Lin Fan enter the room, Xia Wanqiu raised her beautiful eyes and smiled sweetly.

“Lin Fan, remember to wear your scarf when you go out. The weather is slowly turning cold ~” Xia Wanqiu said softly. She stood up and tied the scarf around Lin Fan’s neck.

Lin Fan didn’t resist and quietly waited for Xia Wanqiu to help him tie his scarf.

After tying it, Xia Wanqiu tidied Lin Fan’s clothes. After being satisfied, she made a cute cat gesture.

Looking at Xia Wanqiu like this, Lin Fan held her hand and felt the coldness of her hands.

He had originally thought that he could come to the Xia family and meet Xia Wanqiu’s grandfather and father. Unexpectedly, so many things had happened and broken the peace that should have been there.

“It’s great to have you.” Lin Fan held Xia Wanqiu’s hand and smiled happily.

Xia Wanqiu’s beautiful eyes were a little red. “Lin Fan, I’m sorry. I’m useless. I can’t help you like Xiaoyu.”

She lowered her head, feeling a little weak.

She was a top celebrity in China and the daughter of the Xia family.

But there were some things that she could not solve and could only watch from afar.

Before Lin Fan could speak, Xia Wanqiu’s red lips landed on his.

After a long time, Xia Wanqiu broke free. She looked at Lin Fan and said, “Lin Fan, let’s... break up.”

“You’re so outstanding. I’m not worthy of you. When you encounter something, I can’t help you. I can only watch from afar. It turns out that the difference between us is already so great.”

“Xiaoyu likes you very much too. I feel that compared to me, Xiaoyu is more suitable for you and to be your girlfriend. I’m willing to... withdraw from this relationship.” Xia Wanqiu looked at Lin Fan with tears in her eyes.

She and Lin Fan had a carefree childhood. They went to junior high school together and high school together. After many twists and turns, they were finally together.

However, today, she wanted to break up with Lin Fan because she wasn’t worthy of him.

Lin Fan looked at Xia Wanqiu. “Are you serious?”

Xia Wanqiu said seriously, “Of course I’m serious. Xiaoyu is so good. She has always been silently supporting you. You shouldn’t let her down.”

Lin Fan’s expression changed and he was even a little angry. “So, you should let me down?”

“It wasn’t easy for me to woo you. I got your grandfather and father’s approval. Now that you want to break up, I don’t agree,” said Lin Fan.

“I like you. I like your innocence, your cuteness, and your beauty.”

“I like the feeling of being with you. With you around, I feel motivated to do anything. Xia Wanqiu, you’re my girlfriend. You’ve already agreed to the proposal. You’re not allowed to change it.”

“Even if you can’t help me much, you’re my woman and will always be my woman. This is something that can never be changed.” Lin Fan looked at Xia Wanqiu with sincerity.

Looking at the tough Lin Fan, Xia Wanqiu burst into tears.

She liked Lin Fan and cared about him, but she didn’t want to hold him up.

After Lin Fan said these words, she realized how much Lin Fan cared about her.

Lin Fan touched Xia Wanqiu’s face and smiled. “Are we still breaking up?”

Xia Wanqiu shook her head and looked at Lin Fan with a beautiful smile.

Before she could react, Lin Fan had already carried her to bed.

The curtains were all drawn. Lin Fan looked at Xia Wanqiu and took off his coat.

The surroundings were so quiet that one could hear a pin drop. There was only the sound of breathing.

There were also sounds of hands fumbling.

At some point, the teacup on the table fell to the ground.

Even the stool beside the bed fell to the ground without warning.

There were very secret underwear on the ground and Xia Wanqiu's blue shorts.

Under the ground, there were also pink briefs.

Lin Fan slowly leaned into Xia Wanqiu's ear and said, "Wanqiu, today... be my woman for real, okay?"

Xia Wanqiu's cheeks were red as she looked at Lin Fan and nodded gently. "Mmm ~"

Lin Fan smiled and said, "Then I'll... come."

Xia Wanqiu shrank into the blanket, her pretty face already red.

Then... in the next moment.

Bang, bang, bang.

There was a knock on the door.

There was also the sound of the door slowly opening.

Su Xiaoyu walked in and said softly, "Master, it's time to go. If you don't leave now, it'll be dangerous to fly the helicopter at night."

After Su Xiaoyu entered, her face turned completely red.

"Ah... I'm sorry, I'm sorry, I'm sorry. Master, I shouldn't have come in. I'm leaving. Master, continue..."
Su Xiaoyu blushed and ran out while holding her chest.

This was the first time she had seen Lin Fan like this. It made Su Xiaoyu blush and her heart skip a beat. However, for some reason, she felt a little secretly happy.

Su Xiaoyu's sudden entry broke the original atmosphere.

Xia Wanqiu looked at Lin Fan and realized what she was doing. She snatched the blanket and said, "Hmph, go busy yourself. It's not safe to sit on the helicopter at night ~ Also... don't bully me in the future. I already said that we have to wait until we get married."

The atmosphere was broken and Lin Fan could only put on his clothes.

It had been a bitter day.

Other than feasting his eyes, he did not do anything else.

He was about to succeed, but all his efforts were in vain.

That detestable Su Xiaoyu.

Damn woman.

Could Su Xiaoyu have calculated the time and walked in at this time?

If that was the case...

Lin Fan had to teach Su Xiaoyu a lesson!

After putting on her clothes, she walked out of the room. Su Xiaoyu was wearing shorts. She looked at Lin Fan and said aggrievedly, "I'm sorry to disturb Master."

Lin Fan said angrily, "Hehe, think about how to make up for your mistakes. Get on the helicopter first and prepare to leave. However, it's right of you to remind me. If I don't, I might not be able to reach Su Muqing's house tomorrow."

Su Xiaoyu felt even more aggrieved. "Do you still want me to make up for my mistakes? Master, you just like to bully me. Then let's do it, Master. I'm ready ~"

Then... Su Xiaoyu's head was knocked by Lin Fan again.

Lin Fan was wearing the scarf Xia Wanqiu had given him. He had already reached the entrance and completely ignored Su Xiaoyu's coquettish and cute look.

If Su Xiaoyu had calculated the time and deliberately entered, there was only one possibility.

He had really provoked Su Xiaoyu.

I hope that's not the case... It's just that Su Xiaoyu happened to come in and ruined Lin Fan's plans.

It was said that after an ordinary person got married, they wouldn't even be able to withstand one wife. Lin Fan wasn't indestructible. How could he withstand two?

Su Xiaoyu hurriedly chased after him. "Master, wait for me!!!"

Chapter 406: The Gao Family's Plan Was Broken

On the way.

Lin Fan's sports car, Koenigsegg One, was walking on the road.

Then... on the deserted road, a few vans stopped the Koenigsegg One.

Furthermore, without any hesitation, the man in black who got out of the van took out his gun and aimed it at the driver of the Koenigsegg.

Knock knock knock knock...

Thirty shots!

These men in black fired 30 shots at Koenigsegg One!

Even one of the world's top sports cars, Koenigsegg One, could not withstand the impact of 30 shots.

If anyone was driving, they would definitely die.

The bodyguard in black was called Li Jian.

Li Jian smiled. "Hahaha, Lin Fan is still showing off. He didn't expect that we would have already made preparations halfway through. There are no cameras here and there won't be any evidence. Lin Fan, no matter how powerful you are, aren't you dead now? If you dare to go against us, this will be the outcome."

The driver's window of the Koenigsegg One had been smashed and the door opened automatically.

When Li Jian thought that he could see Lin Fan's corpse, he was shocked.

Because there was no one in this sports car!

Koenigsegg One was already a top sports car, and it had a driverless system.

Although this technology was not mature enough, there were not many cars on the road to Su Muqing's house. It could be used.

“How is that possible?!”

“Where’s Lin Fan? Where’s Lin Fan? Shouldn’t he be in the car? Shouldn’t he be dead? Oh no, we’ve been tricked. Retreat!” Li Jian was shocked.

The group of men in black was just about to take the van when they heard the sirens.

There was also the sound of a helicopter flying.

Even the special forces were here!

When Li Jian saw this, his eyes were filled with disbelief.

This... was impossible.

Their flawless plan against Lin Fan was broken just like that.

Furthermore, they were holding guns. In Chinese law, this was not allowed.

Other than some specific families, they could bring guns, but they could not use them casually.

These people had already broken the law by carrying guns. Even if they did nothing, they would be sentenced to heavy punishment.

Furthermore, Li Jian and the others had even fired at Lin Fan’s sports car. They were suspected of attempted murder.

Just these few crimes alone, these people could not escape.

“How is that possible... Did Lin Fan... see through CEO Gao’s plan?” Li Jian asked.

“You’re already surrounded. Immediately put down your weapons and surrender!” A loud voice spread throughout the entire street.

The entire street had been sealed off.

Special forces had already surrounded this group of people.

In a car in the distance, Lin Qianwei was sitting inside.

Beside Lin Qianwei was a policeman from Jiang City called Wang Lin.

Lin Qianwei smiled and said, "Officer Wang, thank you very much. Without you guys, it would really be difficult to catch these criminals."

Wang Lin was only a little shocked. When they first received Lin Qianwei's request, they were at a loss.

After all, who could have expected someone to commit a crime in advance?

However, Lin Fan had expected everything.

The battle between the two sides might cause a financial storm!

It might even have an economic impact of billions or even tens of billions.

Wang Lin said, "Mr. Lin is really different from the rest. Miss Lin, if Mr. Lin needs our protection, you can tell us in advance. Mr. Lin's life is more important."

Lin Qianwei nodded and said, "Don't worry, Officer Wang. I'll leave the rest to you."

Wang Lin nodded and said, "Alright, we will definitely try our best to find out who the mastermind is. I didn't expect that someone would organize a premeditated criminal operation in broad daylight, and it was even against Mr. Lin Fan."

Just as the two of them were talking, a gunshot rang out.

Wang Lin was shocked. He hurriedly picked up the walkie-talkie and looked at the situation ahead.

Li Jian laughed out loud.

“Lin Fan... is indeed not that simple. However, don’t even think about getting any information from me.”

“Lin Fan, you can hide for a while, but you can’t hide forever. CEO Gao won’t let you off.”

“I only hope... that CEO Gao can protect my family, give the money to my family, pay off the millions in debt, and treat my seriously ill daughter so that she can go to school well. I have no other regrets in my life. Gambling ruins lives, it ruins lives...” After Li Jian finished speaking, he closed his eyes and shot himself.

The photo of the seven-year-old girl in his hand fell to the ground.

...

...

At this moment, in Su Qiuyi’s house.

Many of the company’s shareholders and directors were sitting together, as well as many people from the Su family.

“Su Muqing, look, our company is about to go bankrupt. Now that we have a gap of two billion dollars, where can we make up for it? It’s the honor of countless people to be able to marry CEO Gao. As long as you agree to CEO Gao’s marriage proposal, you can live a life of luxury in the future.”

“That’s right, Su Muqing. Just sacrifice yourself and help everyone. We can’t let the company go bankrupt because of you alone.”

“Su Muqing, you’re the hope of the entire family now. After you go to the Gao family, you must please CEO Gao well. It’s all for the sake of the family. As aunts and uncles, we will also thank you.”

“Aiya, Su Muqing, how can you not be willing to go? It would be so good to marry CEO Gao. It’s much better than Lin Fan. You even asked Lin Fan for help. Look, Lin Fan is coming to our house now. I think the most reliable person is still CEO Gao.”

“Su Muqing, you’re the savior of our Su family. Everything depends on you. Do this for the greater good. You should still be a virgin. You won’t make CEO Gao unhappy. Anyway, you are part of the family. Now that the family is in danger, you should do what you need to do.”

Many relatives and friends surrounded Su Muqing.

There was also a group of relatives and friends persuading Su Qiuyi.

Su Qiuyi was Su Muqing’s biological sister. Su Qiuyi’s beautiful eyes were also filled with pain.

She was very capable, but in the company, there were many relatives and friends of the Su family. These relatives and friends also interfered in the company’s affairs for the sake of the company’s interests. Being able to receive money from the company was what they wanted to do the most.

As for Su Muqing’s happiness, these relatives did not care.

Su Muqing had been an assistant for so long, but had any of these relatives ever cared about her?

However, as her sister, she was so useless.

Su Qiuyi had no choice.

If possible, she was willing to marry Gao Yong herself, but Gao Yong named Su Muqing.

She had no choice.

If they didn’t accept it, under the combined attack of the Gao family and the Huo family, what awaited the Su family would probably be destruction.

The Su family’s business would probably really go bankrupt.

“Muqing... I’m sorry.”

“If Lin Fan doesn’t come today, then we can only...” Su Qiuyi looked at Su Muqing, who was curled up in the corner with red eyes. Her heart was filled with self-reproach.

Chapter 407: Today, I’m Here To Propose A Marriage

After all, Gao Yong would only come to the Su family tomorrow. In that case, the Su family still had enough time to prepare.

As long as Lin Fan came, he could save the Su family.

One night was the limit.

If the Gao family came looking for her and Lin Fan wasn’t here yet, Su Qiuyi wouldn’t dare to offend Gao Yong.

Gao Yong’s motive for coming to the Su family was obvious.

At that time, Su Qiuyi could only marry Su Muqing to Gao Yong.

Other than that, there was no other way.

Thinking about it, if Gao Yong sent someone to propose marriage, the Su family would not dare to offend Gao Yong, much less reject his goodwill.

After all, Su Qiuyi had to consider the big picture.

She could not abandon the safety of the entire Su family for her own selfish interests.

Su Muqing listened to her relatives and did not speak.

She knew that these relatives and friends were all after money.

She could have joined the Su Family Organization. Even if she could not replace her sister, she could have done some other work.

But back then, these relatives and friends did not let her in. The reason was that she was still young and had to go out to train. How could a big company like the Su Corporation be handed over to a child?

Su Muqing's parents felt that it made sense and did not let her work in the Su Family Organization.

Although he let Su Muqing be Lin Fan's assistant, in the eyes of Su Muqing's parents, this wasn't training but a random job for her.

The Su family had specially asked Su Muqing to be his assistant. To put it nicely, it was to learn the process, increase her knowledge, and increase her ability.

However, only the relatives and friends of the Su family knew that if Su Muqing entered the Su Family Organization, she would be a threat to them.

In the future, when they split the money, they would not be able to get much.

Now that the company was in a crisis, all her relatives and friends asked her to stand up again.

And she was just a girl, a girl who could not resist.

Everyone stood on the side of righteousness to tell her.

For the safety of the Su family, she had to marry Gao Yong.

Unless Su Muqing could think of a way to save the Su family.

But... what did all of this have to do with a 19-year-old girl like her?

She had just graduated from university and was not even at the legal age to get married.

She had not even celebrated her 20th birthday and had been pulled here. She had to make a sacrifice for her family.

To others, it had no effect.

To her, that was her lifelong happiness.

The most ridiculous thing was that Su Muqing would have placed her hopes on her parents.

In the end, her parents told her that it was her honor to marry Gao Yong.

Yes, were her parents wrong? They weren't.

What kind of person was Gao Yong? He was the overlord of Jiang City, the future heir of the Gao Corporation, and the person in charge of the entire Gao family.

In the eyes of the outside world, Gao Yong was a successful person.

There were countless girls who wanted to marry Gao Yong.

In the eyes of Su Muqing's parents, marrying Gao Yong was the right thing to do.

If Su Muqing wanted to defend herself, her parents would say that everything was for her own good.

No matter what, it was for her own good.

Su Muqing stopped resisting.

Her savior was Lin Fan.

She knew that Lin Fan would definitely come today and Gao Yong would only come tomorrow.

As long as Lin Fan came, all the problems would be resolved.

Lin Fan was her last hope.

Click.

There was a knock on the door.

Su Muqing's eyes lit up.

Her beautiful eyes looked at the entrance of the Su family.

Her clear eyes saw hope.

Su Muqing smiled sweetly and stood up, preparing to welcome him.

Boss Lin was here.

As long as Boss Lin came here, he could protect her.

In the entire world, the only person she could trust was Lin Fan and not her family.

Su Muqing's beautiful eyes seemed to light up.

Even her life was lit up at this moment.

The Su family's door opened.

There was a buzz.

Su Muqing's face was pale as she sat on the ground weakly.

The person who came wasn't Lin Fan.

It was Gao Yong!

Gao Yong was here!!!

“Why...” Su Muqing said as tears rolled down her cheeks silently.

Wasn't Gao Yong coming tomorrow?

Why was Gao Yong already here?

Gao Yong did not give her a chance to prepare.

They did not give the Su family any chance to prepare.

Gao Yong was here.

It also meant that... she had to marry Gao Yong.

The Prince Charming she was waiting for did not appear.

At that moment, Su Muqing's eyes lost all their luster.

She felt her world turn dark.

She thought that it would be like a television drama where the male lead would shine and illuminate her world.

However, the person who appeared was not him.

It was Gao Yong.

Gao Yong had more than ten bodyguards beside him.

Every bodyguard was holding a huge box. The outside of the box was connected with red satin.

Every box was opened and shone with golden light.

They were all betrothal gifts from the Gao family to the Su family.

Gao Yong was wearing a suit and was very enthusiastic.

Seeing that Gao Yong was here so early, Su Qiuyi was stunned for a moment, and a hint of pain flashed across her eyes.

Gao Yong chose to come early.

This meant that Lin Fan couldn't save her anymore.

Everything was already set in stone.

It was over.

This was Gao Yong's scheming.

Gao Yong chose to kill Lin Fan. At the same time, he wanted to have Su Muqing.

In order not to give the Su family any chance to prepare, Gao Yong went straight to the Su family.

The Su family only had one choice.

Su Qiuyi tidied her appearance and hurriedly went forward to welcome him. She extended her hand and said, "Good afternoon, CEO Gao. Speaking of which, didn't CEO Gao say that a genius was coming? He came today. He's too close and didn't even have time to welcome CEO Gao."

Gao Yong shook Su Qiuyi's hand and said with a smile, "Haha, it's fine. Don't care about these formalities. If the Su family is in trouble, of course I can come earlier. Leave the Su family's matters to me. It's just two billion, a simple matter."

Although he said that, Gao Yong could not help but feel his heart ache.

This was two billion yuan in cash.

Even if the Gao family wanted to take out so much cash, it would hurt for a while.

Gao Yong took out so much money. First of all, he wanted to get a gentle girl like Su Muqing. If he could bring her to bed, who knew what kind of extreme experience it would be?

Secondly, Gao Yong could gradually control the Su family.

In that case, why would he care if he only had to pay two billion in profits?

Su Muqing's parents also came forward warmly.

After exchanging pleasantries for a while, Gao Yong looked at Su Muqing's parents and smiled warmly. "Uncle, Auntie, I've actually always liked Muqing. I've been paying attention to her since she was in university. Today, I'm here to propose marriage to Uncle and Auntie."

Su Muqing's delicate body trembled slightly. She lowered her head and leaned weakly against the wall.

Was it... too late?

Chapter 408: Su Muqing Cries

Gao Yong continued with a smile, "Uncle, Auntie, Muqing is really a very good girl and is very capable. I can promise you that from now on, I will only treat Muqing well and love her alone. I will protect her forever and not let her suffer any grievances."

"As long as Muqing is willing to marry me, the Su family's matters will be our Gao family's matters. If our Gao family and the Su family join forces, in China, from now on, who will dare to target us?" Gao Yong smiled, his expression filled with dominance.

“But, Uncle, Auntie, is Muqing shy? Can I see her?” Gao Yong smiled, his heart fluttering.

When Su Muqing was studying at Tsinghua University, she was publicly recognized as the school belle.

Her looks could be said to be unmatched among the beauties of Tsinghua University.

There was once a girl who became popular all over the Internet with milk tea. But when Su Muqing came to Tsinghua University, almost no one could compare to her looks.

Even the beauties who had once been popular all over the Internet could not compare to her.

Her temperament, looks, and figure could instantly defeat girls of the same type.

And... she was only nineteen years old this year.

In terms of youth, she was even younger than Lin Kexin.

Her skin was also the palest among the girls. It was quiet and there was no dust.

An extremely pure girl, gentle and sunny. There was probably no way to describe her.

One look could topple cities and another look could barely describe her beauty.

There were countless people chasing after her.

There were even many entertainment companies and advertising companies who wanted to sign a contract with Su Muqing, but she rejected them all.

The originally perfect Su Muqing had become less perfect after becoming Lin Fan’s assistant.

In that car accident, she injured her waist to save Lin Fan.

Until now, there was still a slight scar.

There were also some flaws on her perfect body.

If this was the Xianxia world, she would probably be the most immortal fairy in the world.

How could Gao Yong not want such a girl?

Gao Yong had played with many beautiful women.

However, Gao Yong had never heard of or seen anyone like Su Muqing.

Xia Wanqiu had a perfect figure, was beautiful and cute, and had the unique aura of a superstar.

Su Xiaoyu was also very cute. She was more like a sunny girl and was very smart.

Xia Wanqiu and Su Xiaoyu were both very innocent, but compared to Su Muqing, Su Muqing was a pure and flawless girl from beginning to end.

Even the system had a high evaluation of Su Muqing. Her looks had reached 100.

Xia Wanqiu and Su Xiaoyu were only 99, although Lin Fan felt that Xia Wanqiu was the most beautiful.

The three girls' beauty was completely in different directions and fields.

They had different personalities. In Lin Fan's opinion, they were all very beautiful women. There was almost no difference.

Hearing that Gao Yong wanted to see Su Muqing, Su Qiuyi smiled and said, "Muqing was just resting in her room. She didn't know you would come. She'll probably be very shy. I'll call her immediately."

Su Muqing's parents hurriedly said, "No need. You guys chat first. I'll call Muqing."

After a while, Su Muqing walked out.

She was wearing a simple half-sleeved shirt and black pants.

It was originally the simplest combination and also the most unsophisticated.

She deliberately wore such clothes to make her look bad.

But... how would she know that it was precisely such clothes that were lethal to boys?

It was just like the school uniform of China. Everyone knew it.

No matter how pretty a girl was, she would be very mediocre in this kind of school uniform.

However, she was an exception to some girls.

Her beauty had nothing to do with her clothes.

Any clothes could show how unique she was.

Just by standing there, she could attract everyone's attention.

"Come, Muqing, greet CEO Gao," Su Muqing's mother said.

"Hurry up, Muqing. CEO Gao is here," Su Muqing's father said.

Su Muqing looked like she was about to cry. Her eyes were red as she lowered her head and did not speak.

The next moment.

There was a sharp sound.

Slap.

It was Su Muqing's father.

Su Muqing's father was as anxious as he could be.

He did not want Su Muqing to offend Gao Yong. Once she did, the entire family would be finished.

In Shanghai, no one dared to not give Gao Yong face.

The Gao family's forces were everywhere.

Most importantly, the Gao family's background was terrifying.

"I said, quickly greet CEO Gao. Don't you understand? Or are you not even listening to me?" Su Muqing's father said, his voice becoming low.

This slap was very hard.

Five clear palm prints appeared on Su Muqing's face.

Su Muqing covered her face. It hurt a lot.

But she did not even grunt.

His relatives and friends also started to talk.

"Muqing, don't make your father angry. CEO Gao is already here personally. How can you not give him face?"

"That's right. CEO Gao is your future husband. Let's talk nicely. What's wrong? Hurry up and apologize to CEO Gao."

“Muqing, you’re worried about the family business, right? Don’t worry. With CEO Gao around, no one will dare to touch our family business again.”

At this moment, Gao Yong saw this and hurriedly walked in front of Su Muqing. He smiled and said, “Uncle, Auntie, don’t make things difficult for Muqing. It’s normal for Muqing to be shy. How can she hit someone?”

Seeing Gao Yong say this, Su Muqing’s father hurriedly smiled ingratiatingly. “CEO Gao, you have the final say.”

Gao Yong smiled and took out a ring. He looked at Su Muqing and said, “Muqing, I’ve liked you for a long time. Today, I want to propose to you. Are you willing to marry me?”

He did not even kneel down on one knee during the proposal ceremony.

Gao Yong never knelt down to others. He didn’t even look at Su Muqing’s face. Instead, he couldn’t wait to propose.

As long as Su Muqing agreed, he could enjoy her tonight.

At that time, if Lin Fan was lucky enough to survive, he could take a few photos and videos and send them to Lin Fan.

Such a life was really beautiful.

Gao Yong drooled.

He could not wait.

Come on, Su Muqing, be his woman!

He had come personally.

Who dared to reject the Su family?

Would Su Muqing dare to refuse?

Everyone looked at Su Muqing.

Su Muqing covered her face, and a hint of sadness flashed across her beautiful eyes.

There was no more light in her eyes.

Here, she had no other choice.

She could only agree.

Even if it was for her parents, her family, and her relatives.

She did not want to agree, but she had to.

Other than that, there was no other choice.

She could not even... choose to die.

If she died, the entire family would still suffer a calamity.

Su Muqing wanted to cry.

But... she didn't dare to cry.

She didn't dare to do anything...

She did not dare to release her emotions.

Would anyone pity her if she cried?

Others could be heartless to her, and others could bully her.

But she had never thought of taking revenge on others.

Su Muqing pursed her red lips and even her voice trembled.

“I...”

“I’m willing...”

Su Muqing’s eyes were filled with pain.

Looking at Su Muqing’s answer, Su Muqing’s parents and the many relatives behind her were extremely happy.

Gao Yong could no longer hide the smile on his lips.

Just as Su Muqing was about to say the third word weakly...

BOOM!!!

The Su family’s door opened!

A bright light surged in from outside the door, illuminating the entire Su family and Su Muqing.

Su Muqing looked at the door.

She, who had never cried, at this moment, had tears falling like rain.

Her world lit up.

A figure wearing a trench coat stood at the entrance of the Su family.

He was so confident and calm.

Even though he was alone, he had the aura of a magnificent army.

Lin Fan... was here!!

Chapter 409: The Super Freeloader—Lin Fan

Everyone's eyes were focused on Lin Fan.

Gao Yong's bodyguards all surrounded Lin Fan.

Behind Lin Fan was a girl.

Su Xiaoyu!

There were many bodyguards standing at the entrance of the Su family's house.

These were Lin Fan's people.

When Lin Fan arrived, none of Gao Yong's bodyguards dared to attack him.

When Lin Fan appeared, Gao Yong smiled sinisterly.

What surprised him was that Lin Fan wasn't dead.

However, Gao Yong's mood did not fluctuate much.

At this point, what could Lin Fan do even if he came?

The Su family had a lack of two billion dollars. Could Lin Fan afford it?

Even if Lin Fan could afford it, would the Su family believe him?

Or rather... would the Su family dare to offend Gao Yong?

Even if Lin Fan came, the Su family could not give Gao Yong face.

At that time, what awaited Lin Fan was the humiliation of the Su family.

Su Muqing was a member of the Su family, and as an outsider, Lin Fan had no right to interfere in the Su family's matters.

...

Gao Yong gestured and the bodyguards retreated.

Lin Fan slowly walked towards Su Muqing.

Everyone's gaze was on Lin Fan.

Lin Fan saw Su Muqing's face.

A coldness appeared in his eyes.

Lin Fan already knew what happened on the way.

Gao Yong wanted him dead.

However, there was no direct evidence that Gao Yong had done it. The law couldn't punish Gao Yong. However, Lin Fan had already remembered this matter.

He walked to Su Muqing's side and looked at the weak girl in front of him. He gently patted her head.

Lin Fan looked at Su Muqing's face and gently removed her hand.

Then, Lin Fan saw five clear palm prints.

"Does it hurt?" Lin Fan held Su Muqing's hand and asked gently.

Su Muqing was his assistant.

It was fine if he did not protect Su Muqing well.

In the end, Su Muqing was still in the Su family and had suffered so much.

If he had known earlier, he would not have let Su Muqing return to the Su family.

"It doesn't hurt ~" Su Muqing shook her head.

"Who did it?" Lin Fan asked again.

"I'm fine," Su Muqing said. She had been with Lin Fan for so long and could feel that he was very angry.

Smack!!!

Lin Fan slapped Gao Yong's face.

Since Su Muqing was unwilling to say it, Lin Fan didn't hold back.

With just a slap, Gao Yong was knocked to the ground.

Gao Yong: "F*ck... what does Su Muqing's beating have to do with me?"

However, Lin Fan didn't give Gao Yong a chance to explain. He hit him first.

Gao Yong fell to the ground, covered in dust.

Seeing this, the bodyguards were about to attack.

At this moment, Lin Fan's bodyguards rushed in.

Then... Gao Yong's bodyguards were all killed.

At this moment, Su Muqing's father finally couldn't hold it in anymore. "Who are you? How dare you interfere in the Su family's business and hit CEO Gao? Also, let me tell you, I was the one who hit Su Muqing. I can hit my daughter however I want."

Smack!!!

A slap landed.

A clear slap mark appeared on Su Muqing's father's face.

Lin Fan didn't even look at Su Muqing's father. He turned to look at Su Qiuyi and said, "Let me introduce myself. I'm Lin Fan, Su Muqing belongs to me."

Especially the last few words. Su Muqing raised her beautiful eyes and looked at Lin Fan. Her face turned slightly red.

She was his.

Although she knew that these words did not represent that kind of relationship, she still felt a warmth in her heart.

When Su Qiuyi saw Lin Fan hit Gao Yong, she immediately stood on the latter's side.

She had investigated Lin Fan before. The combined market value of the two companies was only three to four billion. It wasn't much.

After all, Gao Yong had already come to help the Su family, so he didn't need Lin Fan anymore. If he chose to work with Lin Fan here, he would offend the Gao family.

With the Su family's current strength, they could no longer afford to offend the Gao family.

Su Qiuyi wasn't stupid enough to offend Lin Fan directly. She just smiled and said, "Hello, Mr. Lin. CEO Gao has already proposed to the Su family. This is a matter between our Gao family and the Su family. Mr. Lin, you're an outsider. I don't think this has much to do with you."

At this moment, Su Qiuyi believed Gao Yong but she didn't dare to believe Lin Fan.

After all, the Su family didn't dare to take the risk of offending the Gao family and believe in Lin Fan.

Before Lin Fan revealed his strength, Su Qiuyi didn't dare to stand by his side.

When Lin Fan heard that, he nodded. "This is indeed a matter between your Su family and the Gao family. It has nothing to do with me. Your Su family is facing bankruptcy. If the Gao family wants to help you, that's between you two."

"However, Su Muqing is my assistant. I've signed two contracts with her before. One is an artiste contract and the other is an assistant contract. It's clearly stipulated in both contracts that while Su Muqing is an artiste and an assistant, she's not allowed to date or get married."

"If you breach the contract, you have to pay... five billion," said Lin Fan. He took out the photocopies of the two contracts and placed them in Su Qiuyi's hands.

"Once Muqing gets married, she won't be able to be an artiste and assistant. The two contracts were signed for five years. I think there should be a penalty of three billion yuan."

"The total penalty for the two contracts is about eight billion. I heard that CEO Gao wants to propose marriage to my assistant. I don't object. I just don't know who from the Gao family and the Su family will pay this eight billion penalty." Lin Fan smiled and said.

"8 billion..." Gao Yong's lips twitched.

Even if the Gao Corporation was huge, they would not spend 8 billion on a woman. Wasn't that stupid?

Many companies could afford the market value of eight billion yuan, but how many people could take out eight billion yuan in cash?

Even Boss Ma might not be able to take out 8 billion in cash directly. He had to take out 8 billion in cash and auction off all sorts of assets to gather cash. After all, the assets of top tycoons had properties, businesses, and so on.

The tycoons would not keep eight billion in the bank. That would be the stupidest act.

Su Qiuyi smiled and said, "Mr. Lin, I've seen your contract. I don't think such a high penalty should meet the legal requirements."

Lin Fan nodded. "That's right. It doesn't meet the legal requirements. That's because ordinary contracts don't give such a high salary. The salary I give is more than ten times that of ordinary companies. Therefore, this contract meets the requirements."

Hearing Lin Fan say that, Su Qiuyi was a little shocked.

If he gave Su Muqing more than ten times her salary, how good would Lin Fan be to her?

Su Qiuyi looked at the contract again.

Su Muqing's monthly salary as Lin Fan's assistant was... 500,000!

Her annual salary was six million!

As for Su Muqing, who was Lin Fan's artiste, her monthly salary was two million and her annual salary was 24 million!

This did not include the money after the various television dramas received their dividends. If they received their dividends, how much money would they get?

Wasn't Jiaying Entertainment only a company with a market value of three to four billion? Why would they take out so much money to pay their employees?

Unless Lin Fan's background wasn't as simple as Jiaying Entertainment, it was impossible for him to receive such a high salary.

"This... how is this possible?" Su Qiuyi looked at the treatment in the contract and was in deep disbelief. To give such a salary, Lin Fan was simply a tycoon. No, it was equivalent to giving money away.

Many beautiful secretaries only earned about ten thousand yuan a month.

If a beautiful secretary was a mistress, it would be good enough if she could be given 100,000 yuan a month as pocket money.

However, Lin Fan gave Su Muqing six million yuan as her assistant.

As a celebrity, she also earned 24 million, which was a total of 30 million.

30 million a year. Not to mention keeping one, keeping 100 beauties was not a problem!

"Why is it impossible?" Su Xiaoyu walked in as well. She held the candy and blinked her eyes in envy.

Not only was his detestable master here to help Su Muqing, but he was also holding her hand.

How could he take advantage of a girl like that?

Lin Fan had never held her hand for so long.

Looking at Su Xiaoyu's gaze, Lin Fan finally reacted. He hurriedly let go of Su Muqing's hand and the tender touch disappeared.

For a moment, he was busy talking to Su Qiuyi. Lin Fan forgot that he was still holding Su Muqing's hand. Luckily, Su Muqing didn't mind.

On the other hand, Su Muqing's cheeks were already red to the ears.

After seeing Su Xiaoyu, Su Qiuyi's expression changed drastically.

Others did not know Su Xiaoyu's identity, but Su Qiuyi did.

The daughter of the richest man in the world was even more of a genius girl.

He could even find photos of Su Xiaoyu studying at Harvard University online...

The key was that Lin Fan and Su Xiaoyu came together. In other words, Lin Fan and Su Xiaoyu had always been on good terms!

With a beauty like Su Xiaoyu feeding him, Lin Fan could do whatever he wanted.

Su Xiaoyu was the daughter of the richest man in the world.

Who dared to offend her?

Su Qiuyi also knew that Huo Xinyu, who was known as a business genius, was killed by Su Xiaoyu overnight.

The next day, Su Xiaoyu defeated Huo Xinyu in a business battle. From then on, the Huo family suffered a huge blow.

This was also because Su Xiaoyu had shown mercy. If she had really come to destroy the Huo family, they would have probably been destroyed.

Some people might think that Huo Xinyu was only so-so when she was called a business genius.

But after she was dealt a huge blow in the Huo family, almost everyone thought that the Huo family would never be able to make a comeback.

The Huo family's market value had fallen to billions, but in just a few months, under Huo Xinyu's lead, the Huo family returned to a market value of hundreds of billions and pushed the Su family to the point of bankruptcy.

Huo Xinyu was so strong, but she was easily defeated by Su Xiaoyu.

Lin Fan's backer was too outstanding.

Su Qiuyi was a woman. Women understood women the best.

She could feel that Su Xiaoyu liked Lin Fan and was even a little jealous.

Oh my god... Lin Fan had such an outstanding backer. Who dared to offend him?

After thinking about this, Su Qiuyi immediately changed her tone and became respectful.

She thought that Lin Fan was only so-so.

But who asked Lin Fan to have such a backer who could let him do anything he want!!!
