

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 41-44

Chapter 41: I'm Not Interested in Money

"Sister Wangiu, did you..." Su Xiaoyu giggled and blinked at Xia Wanqiu.

"Of course not. Don't spout nonsense."

"Last night... I just ate a braised fish." Xia Wangqiu's face was red as she glared at Su Xiaoyu fiercely.

"Alright, alright. I know. Sister Wanqiu didn't do anything!"

"Lin Fan, then Sister Wanqiu and I will go work now. Oh right, the company's Xu Yang seems to like Sister Wanqiu. In a few days, you have to come to the company to pick us up for dinner. Otherwise, it'll be sad if someone else picks Sister Wanqiu up." Su Xiaoyu revealed an innocent and cute smile.

"Xiaoyu, if you spout nonsense again, I'll scratch you. Fierce!" Xia Wanqiu looked at Su Xiaoyu.

"Mmm, I'll come and pick you guys up." Lin Fan nodded.

Just as Lin Fan was about to turn around and leave, a gentle voice rang out.

"Meow ~"

Xia Wangqiu looked at Lin Fan with her beautiful eyes like a kitten. She made a cute gesture and gently tugged at the corner of Lin Fan's clothes.

"Huh?" Lin Fan turned around and looked at Xia Wanqiu.

"Lin Fan, remember to send the script to me after writing it."

"You promised me that you would write a good script for me and... act with me." Xia Wanqiu's face was slightly red. She was gentle like water and sincere.

"Yes, I'll act with you."

"Then I'll write a few more kissing scenes in the script." Lin Fan smiled and patted Xia Wangqiu's head gently.

"Stupid Lin Fan, even if you're acting, you can't bully me."

"Otherwise, I'll be like a cat. I'll be very fierce, and bite you!" Xia Wanqiu made a fierce expression. However, she was so pretty she actually looked a little cute.

Su Xiaoyu watched silently from the side. She felt wronged, weak, and helpless.

"Ahwooh! You only know how to torture dogs. You guys have no conscience." Su Xiaoyu hugged Xia Wangiu from behind and said, "Hmph, Lin Fan, the cat is mine. You're not allowed to bully her." Lin Fan smiled and sat in the Bugatti. He stepped on the accelerator and left Su Xiaoyu's house.

He could have lived a peaceful life, but because of her appearance, there was a change.

However, Lin Fan wasn't too surprised by this change.

After all, Xia Wanqiu was a superstar, and countless fans liked her.

Lin Fan had always wanted to live a relaxed life. He wanted to collect rent and flirt with girls. That would be great.

However, the cat was going to be snatched away. He could not compromise on this.

Her appearance had changed Lin Fan's salted fish mentality.

With a competitor like Xu Yang, Lin Fan wouldn't ignore it.

Xu Yang had called him last time to rope him in and compete fairly with him. Lin Fan could tell.

However, Lin Fan rejected Xu Yang's goodwill and did not join the company. However, this did not mean that Xu Yang would stop pursuing Xia Wanqiu.

You want to steal my cat? Dream on!

Even if Xu Yang was a big star and naturally had a huge advantage, Lin Fan wouldn't take a step back.

Xu Yang, since you want to compete, let's... fight!

"Ding... detected some changes in Master's mentality. The system is upgrading."

'Ding... The system has been upgraded to Version 2.0.

"After the system has been upgraded, master only needs to complete missions and you can sign in. The things you receive after signing in will be of higher value."

"Mission: Master only needs to complete 20 orders in the restaurant to sign in."

The system's reminder rang out. Lin Fan nodded. He hadn't obtained anything valuable in the past few days. After the system was upgraded, it was even more different.

Opening a restaurant was something that Lin Fan had to do every day. After receiving the news of the system upgrade, Lin Fan drove the Bugatti to his restaurant.

At the entrance of the restaurant, there were many fans waiting.

There were also some pretty female fans who had been waiting here for a long time. They thought that Lin Fan would be very poor because he opened a restaurant. But when they saw Lin Fan get off the Bugatti, they were stunned.

The girls around looked at Lin Fan's back view and were deeply shocked.

They hadn't expected Lin Fan to be driving a Bugatti.

Then, some girls checked the model of Lin Fan's car.

"Oh my god, Brother Lin Fan is actually driving a Bugatti La Voiture Noire. Isn't this a sports car worth over a hundred million dollars?"

"There's only one limited edition sports car in the world. It's too cool. Wow, this is my first time seeing a sports car."

"Someone revealed a few days ago that there's a handsome hunk driving a Bugatti sports car in Shanghai. Many people want to see how handsome he is. Now I know today that it's Lin Fan!"

"Brother Lin Fan, you hide your secrets well. It turns out that not only is the food you cook delicious, you're also so rich. Brother Lin Fan, do you still lack a girlfriend?"

Many girls exclaimed and quickly surrounded him.

One of the girls was a reporter who interviewed Lin Fan. She asked, "Lin Fan, if you're so rich, why did you open a small restaurant?"

Lin Fan turned around and smiled gently. "I'm not interested in money. I didn't open a small restaurant to earn money. I just wanted to experience life and make some delicious food for everyone."

"I'm crying. You're not interested in money. Lin Fan, do you still lack accessories?"

"The sports car you drive costs hundreds of millions. We don't know how much money Lin Fan has. Of course, he's not interested in money."

"I don't care about that. I want to eat. Lin Fan's food is really delicious. I'm a fan ~"

"Hunk, are you and Qiuqiu close? I saw that she was resting on your shoulder in high school. The photo is really beautiful. I think the two of you are very compatible."

Many girls asked as they sat in Lin Fan's restaurant.

Lin Fan started to busy himself. He avoided questions about Xia Wanqiu.

His restaurant had reopened, and there might be another trending topic on Weibo. Of course, there would be many reporters looking for him, wanting to get some information out of him.

Right now, Lin Fan could be considered a star!

After working for two hours, Lin Fan had already completed more than 60 orders.

"Alright, I'm ending work today. If you want to eat, come back next time." Lin Fan smiled and prepared to pack up. It was time to go home and prepare for the sign-in after the system upgraded.

Lin Fan had no choice. He was too popular. He could only reduce the opening time to two hours.

"Brother Lin Fan, didn't you say that you would open the restaurant for four hours? Why did you only open it for two hours?"

“Ah ah ah, don’t. I still want to eat. I want to eat the sweet and sour pork ribs here again. And the regular pork ribs.”

“Yes, yes. Hotpot, I still want to eat hotpot. Brother Lin Fan, don’t go. I’ll add more money!”

A group of female fans surrounded Lin Fan.

Lin Fan could only sigh out.

He had only wanted to open a small shop quietly, but in the end, he had become the idol of so many girls.

T become popular accidentally, what should I do? I’m waiting for an answer!

Chapter 42: Kissing Scene

These fans were all very cultured. After seeing Lin Fan close the door, they could only leave reluctantly. They would come to Lin Fan’s restaurant tomorrow.

When Lin Fan thought that he would be able to go home successfully,

In the end, the door was blocked again.

A girl in her early twenties with a good figure and over 8/10 points in looks stood in front of Lin Fan and bowed politely.

“Hello, Mr. Lin. We are employees of the Douyu Platform. We are here to discuss a collaboration with you.”

“Due to your good looks and popularity, the Douyu Platform wants to sign a contract with you. You can become our contracted host. The contract fee is 5 million a year, and it doesn’t include your dividends from tips. If you do well, the contract fee can double next year. As long as you sign the contract, we can immediately transfer 3 million to your bank account,” the girl said.

“Go away people from Douyu. We are staff members of Pilipili live broadcast company. Our company is willing to pay you a contract fee of 6 million a year. As long as you are willing to sign the contract, the company will give you a lot of support.”

“Mr. Lin, we work for Huya, and our company is willing to pay 6.5 million!”

“Move aside people from live-streaming platforms. We are a management company and are willing to sign a contract with you for 7 million a year!”

“Mrr. Lin, do you think Shanghai Daily News can publish news about you? Do you have time to do an interview with us?”

“Mtr. Lin, we would like to invite you to record a program.

“Mr. Lin, don’t go. Mr. Lin, can I give you more money? Can I not add money and add girls instead? There are many pretty girls in our company. If you want, you can

Lin Fan finally squeezed into the Bugatti and drove his sports car away.
Had he become so popular?

Douyu, Hu Ya, Pilipili, and other live streaming platforms, as well as the Shanghai Daily News, had all come to him to request for collaboration.

Of course, Lin Fan wouldn’t sign a contract with these companies.

Once he signed the contract, he would be bound to these companies. Lin Fan liked freedom and didn’t like to be restrained by these companies.

Furthermore, Lin Fan really didn’t lack money.

He was driving the Bugatti La Voiture Noire, and he had more than two million dollars in his bank account. How could he be short of money?

When Lin Fan arrived at the entrance of the Blue Wave Bay District, he was even more stunned.

Damn! Someone was actually blocking him at the entrance of Blue Wave Bay District.

Lin Fan got out of the car and went straight to the point. “If you’re from a live broadcasting company, management company or Shanghai Daily News, you don’t have to look for me anymore. Although I don’t know how you found me, you’ve already interfered with my private life.”
Not only were there people blocking him at the entrance of the restaurant, but there were also people blocking him at the entrance of the Blue Wave Bay district.

How was he going to bring the cat and dog home in the future?

“The other party was also a girl with 8 / 10 looks. The girl apologized, “Mr. Lin, I’m sorry. Your address was revealed to us by Sister Xiaoyu.”

“We are the recording staff of Keep Running. Xia Wanqiu and Su Xiaoyu have already confirmed that they will participate in the recording of the program, so we want to specially invite you to participate in the final episode of Keep Running.”

“We know that you and Xia Wanqiu are classmates, so we hope that you two can appear on variety shows together.”

“According to the plan, the recording of the last episode is on Xia Wanqiu’s birthday, so Sister Xiaoyu hopes that you can give her a surprise,” the girl said with a gentle smile.

“Also, we won’t tell anyone your address or any information. There’s a confidentiality agreement here. The remuneration for recording the last episode is... one million!” The girl smiled politely.

“The contract is here. You can choose for yourself,” the girl said.

“Is her birthday on the last day of the recording?” Lin Fan asked as he looked at the girl.

“Yes, as long as you are willing to sign the contract, we will keep it a secret from Xia Wanqiu.” The girl nodded.

Lin Fan wouldn't accept any other live streaming contracts, but Keep Running was one of the most popular variety shows and Xia Wanqiu and Su Xiaoyu would be there. Moreover, the last episode would be recorded on Xia Wanqiu's birthday.

As Xia Wangqiu was usually busy, Lin Fan didn't meet her often.

For so many years, he had never celebrated Xia Wanqiu's birthday with her. If nothing went wrong, he would not be able to celebrate her birthday with her this year.

She would probably feel a little disappointed.

It was because of this that Su Xiaoyu found “Keep Running”. She told them Lin Fan's address because she knew that they could only wait for Lin Fan here.

Normally, the dog looked very cute and did not take anything to heart, but Su Xiaoyu actually had such a warm and caring side.

Other than giving Xia Wanqiu a surprise, she could also receive a million yuan in remuneration.

“Sure. If the contract is fine, I'll sign it,” said Lin Fan.

“Alright. After the recording, the money will be transferred to your bank account. Pleasure doing business with you,” the girl said.

After the girl left, Lin Fan signed his first contract.

There were still more than two months to Xia Wangqiu's birthday.

If it wasn't for her, Lin Fan wouldn't have signed such a contract.

He wanted to celebrate her birthday with her and give her a surprise. That was all.

It was not bad to earn a million yuan as well.

At the same time, there was a message from Su Xiaoyu on WeChat.

Su Xiaoyu: “Master, you don't have to thank me ~”

Lin Fan: “Don't call me Master. It'll make me some really old.”

Su Xiaoyu: “I'm not joking. I helped you so much. Hehe, you have to bring me and Sister Wanqiu home and make us a feast! Also, this matter has to be kept secret!”

Lin Fan: “Mmm, I'll come and pick you guys up.”

Su Xiaoyu: "Lin Fan, I didn't expect you to be so awesome. I'm really happy. However, the competition in the entertainment industry is very intense. If you can write a good script, you have to help Sister Wanqiu. She hasn't accepted a new script for a year. The company might not be satisfied with her."

Lin Fan: "What will the company do to her?"

Su Xiaoyu: "If Sister Wanqiu doesn't receive a good script this year, the company will definitely give her pressure. Anyway... it'll be terrible. If she loses commercial value, the company will give up on her and might even stop promoting her."

Lin Fan: "I understand."

Lin Fan naturally understood that the entertainment industry nowadays depended on popularity, acting skills, and works.

If Xia Wangiu never appeared on screen, the company would definitely give her a lot of pressure and force her to accept some scripts that she did not like. Coupled with the rumors that had recently spread about her and her refusal of the company's request, Yuchua Entertainment might even stop promoting Xia Wangiu.

The company would choose to give up on a celebrity without commercial value,. No matter how strong a celebrity was, they could not compete with a company. Furthermore, Xia Wangiu was only a girl.

Lin Fan knew that Xia Wangiu would face a lot of pressure in the company. However... with him around, he would shoulder all the pressure!

He would solve the problem of the scripts.

He even promised the cat to act with her.

Relationship scenes, holding hands, and

kissing scenes.

Chapter 43: Increasing The Rent

After waking up, Lin Fan prepared to sign in for the day.

"Twonder what I can get after the system upgrades to 2.0. I hope it won't be a cash lottery ticket again," said Lin Fan as he put on his clothes.

He had already drawn too many cash lottery tickets, and he could only get a few yuan each time.

The highest he received was 100,000 dollars in cash. To the current Lin Fan, this was too worthless.

He had to pick up the cat and dog for dinner at his house. Driving the Bugatti would definitely not work. The Bugatti only had two seats, and Lin Fan urgently needed to buy a new car.

Although Lin Fan had over two million dollars in savings and didn't lack money, he couldn't afford a luxury car.

The dividends from the company's shareholders and the remuneration from the filming of the show weren't small but the settlement still required a period of time. Therefore, Lin Fan needed to receive something valuable.

"Ding... Signed in successfully. Congratulations Master for obtaining seven floors of the technology building."

"The relevant title deeds and information have been issued to the system inventory. Master, please take note."

Lin Fan listened to the system's voice and retrieved the title deed and some information about the technology building.

He knew about the technology building. It was right beside the Blue Wave Bay district. It had a total of 37 floors, and he had obtained seven of them. They had a total of 38,000 square meters.

Even if the average price was 100,000 per square meter, seven stories of the technology building could be worth 3.8 billion!

Indeed, after upgrading the system, the value of Lin Fan's prizes had increased many times over.

Although he still could not sell them, if he rented out all seven floors, it would be a considerable income.

At this moment, his phone rang. It was an unknown number.

"Hello." Lin Fan picked up the phone.

"Mr. Lin, hello, I'm the manager of Yunhang Technologies, Zhang Jinxiu. You can call me Xiuxiu." A girl's voice sounded.

"May I know why you're looking for me?" Lin Fan asked.

"It's like this, Mr. Lin, Previously, we had been renting seven floors of the technology building. Now that the rental period is almost up, we want to invite you to have a chat," Zhang Jinxiu said politely.

"Sure, I have time at 3 pm," said Lin Fan.

"Alright, Mr. Lin. Our company has a car. Do you need me to bring you to the technology building?" Zhang Jinxiu asked.

"No need. I have my own car. See you at 3 pm," said Lin Fan.

"Understood, Mr. Lin," Zhang Jinxiu said.

After hanging up, Lin Fan didn't expect the company to renew the rent so soon.

If the renewal was successful, Lin Fan would become really rich.

Lin Fan packed up and went to the restaurant to work for two hours. Unknowingly, it was already three in the afternoon.

Lin Fan drove the Bugatti and stepped on the accelerator, preparing to head to the technology building.

The passers-by were shocked again. After all, a sports car would attract attention on the road.

‘When they reached the entrance, a girl in a formal outfit was already welcoming Lin Fan.

Yunhang Technologies’ manager, Zhang Jinxiu, was dressed formally and politely.

At the entrance of the technology building, there was a red carpet of nearly 50 meters.

Zhang Jinxiu was waiting here personally because she was waiting for a bigshot today, Lin Fan.

When Lin Fan drove the Bugatti over, Zhang Jinxiu’s beautiful eyes flashed with surprise. She restrained herself very well.

At a young age, Lin Fan already had the property rights to seven floors of the technology building. It was equivalent to having 3.8 billion yuan worth of assets!

He was also driving a Bugatti worth hundreds of millions. Lin Fan’s assets were unfathomable.

Most importantly, Lin Fan was really handsome. Zhang Jinxiu was only a girl. After working for so many years, this was the first time she was impressed by someone’s looks.

Lin Fan was... too handsome.

Zhang Jinxiu had a good first impression of Lin Fan since he was so handsome.

‘When Lin Fan drove here, he knew that Yunhang Technologies would be sending people to welcome him. This scene made Lin Fan have a better impression of Yunhang Technologies.

“Hello, are you Mr. Lin Fan?” Zhang Jinxiu walked over and took the initiative to extend her hand.

“Mmm, yes. You must be the manager of Yunhang Technologies.” Lin Fan shook hands simply to show his friendliness.

“Please come with me.”

“Mr. Lin, you really surprised me. You’re so young and handsome, but you’re already so successful,” Zhang Jinxiu praised politely.

“I’m still far from success.” Lin Fan smiled.

“You’re too humble. To have the property rights of seven floors of the technology building is enough to prove that you’re better than most people,” Zhang Jinxiu said.

Zhang Jinxiu welcomed Lin Fan into the office and he sat down.

After receiving him, Zhang Jinxiu sat opposite Lin Fan.

The serious business was about to begin.

Lin Fan didn't speak first. He waited for Zhang Jinxiu to speak first.

This time, he came to the technology building mainly to discuss the renewal of the rent. To put it another way, it was to negotiate.

If the negotiations were successful, everyone would be happy. If they were not successful, the manager of Yunhang Technologies, Zhang Jinxiu, might be in a terrible state.

In the technology building, once one rented it for business, they would have really high profits.

Every year, countless companies wanted to rent houses in the technology building. This place symbolized high-end grandeur, and gave customers a perfect experience. Companies that could rent levels in the technology building earned a lot of money every year.

"It's like this. We've signed a five-year contract before, and it's about to expire this year. Therefore, we came here to discuss the new rental fee with you. How much do you think would be a suitable amount?" Zhang Jinxiu asked.

Lin Fan wanted to understand the rental situation here first. He asked, "When you signed the contract previously, what was the rent?"

Zhang Jinxiu said without hesitation, "The rent I signed last time was 72 million a year. I'll sign the contract for another five years according to the original contract this year. I'll pay the rent every year. What do you think?"

Lin Fan didn't say anything.

Before he came, he had already checked the information. The technology building had become more and more competitive in the past few years, and the profits it could earn were increasing.

In other words, the technology building was even more popular than the school district houses in Begonia Garden.

'When he spoke to Yunhang Technologies about the renewal of the rent, the other party sent manager Zhang Jinxiu.

The moment Zhang Jinxiu spoke, she expressed Yunhang Technologies' attitude.

Zhang Jinxiu looked like a girl in her early twenties. She was good-looking and she was smart.

If they continued to sign the contract for five years without changing the rental fee, it would definitely be beneficial to Yunhang Technologies.

Lin Fan smiled. Zhang Jinxiu was sent by Yunhang Technologies. She was pretty good at negotiation and protected the company's interests.

However, it was impossible for him to be a sucker.

After some thought, Lin Fan looked at Zhang Jinxiu.

“My suggestion is... to increase the rent!”

Chapter 44: Is This The World Of The Rich?

“Manager Zhang, I’m not interested in negotiations.”

“I want to increase the annual rent to 80 million. In addition, I want 3% of the annual profits Yunhang Technologies earns in the technology building,” said Lin Fan.

The rent renewal price five years ago was 72 million a year, so the rent this year was naturally going to increase.

‘There were too many companies who wanted to rent the technology building.

Lin Fan had done a simple calculation. The annual profit of Yunhang Technologies was 200 million.

Even if he deducted a year’s rent and 3% of their profits, they could still earn more than 100 million.

Even if Yunhang Technologies did not rent it, many companies would fight to rent it.

“alright.” Zhang Jinxiu nodded and smiled.

She was the manager of Yunhang Technologies and her negotiation skills were top-notch. However, she could tell that Lin Fan didn’t really like to negotiate.

If she insisted on negotiating, she might not be able to rent the seven floors of the technology building. If that happened, the company’s boss would definitely question her.

If they could not complete the rent renewal, the company would lose a hundred million yuan in profits every year.

“We’ll follow Mr. Lin’s suggestion and renew the rent at 80 million yuan a year. The company’s net profit every year is about 200 million yuan. According to the 3% profit, it’s more than 6 million yuan.”

“Mr. Lin, take a look at this contract. If there’s no problem, I’ll inform the Finance Department once the contract is signed and transfer the money to your bank account.” Zhang Jinxiu smiled. She could tell that Lin Fan wasn’t someone who could be fooled easily.

‘The rent of 86 million a year was something that both parties could accept.

After signing the contract, Lin Fan shook hands with Zhang Jinxiu.

He had officially signed a contract with Yunhang Technologies.

Lin Fan knew that the bottom line of Yunhang Technologies was about 90 million dollars. However, Lin Fan didn't really care about those small benefits. After all, they were assets signed by the system. When Lin Fan reached home, he received a message from the bank.

{Your savings account ending in 6115 received 86,000,000 yuan on July 1, 16.30. You have a balance of 88140003.28 yuan. (Construction Bank)}

Looking at the content of the message, Lin Fan smiled.

He was already a multi-millionaire now!

'With more than 80 million in savings, he would not have to worry about his life for the rest of his life.

Shanghai's economic level was relatively high, but there weren't many people who had more than 80 million in cash.

If we talked about assets, then Lin Fan was already someone with more than five billion assets!

With so many savings, he would be more confident when he married a wife in the future.

'With so much money, Lin Fan's first goal was to go to the car dealership to buy a new car.

After all, Lin Fan had promised Xia Wanqiu and Su Xiaoyu that he would pick them up from the company. The Bugatti and the Koenigsegg One were sports cars with only two seats.

After putting on his clothes, Lin Fan walked to a car dealership.

The moment he entered the car dealership, a girl immediately came up to him and bowed slightly.

"Welcome, sir."

The girl's gentle and refined attitude surprised Lin Fan. He was wearing simple clothes and according to some novels, he would be mocked and the protagonist would show off and get embarrassed. However, that wasn't the case in reality. This was a famous car dealership in Shanghai. The salespeople had undergone training. The girl's attitude was very good. The other salespeople didn't look down on Lin Fan. Instead, they all welcomed Lin Fan.

Many of the salesgirls exclaimed when they saw Lin Fan.

"Ah... look, there's a handsome hunk at the door."

"That's right. He's so handsome. Although he looks plain, we're also working for him. I wonder what kind of car he wants."

"Damn it, why didn't I see hunk earlier? Lingling beat me to him."

The girls were envious of the salesperson called Lingling. She was a university student who came here to intern. She was only 21 years old, and she looked pretty good.

As for Lin Fan's plain clothes, the girls didn't care. It was enough that Lin Fan was handsome. Furthermore, since he could come to the car dealership to buy a car, why would they look down on him? At least Lin Fan could afford a car. They couldn't even afford a car.

"Hello, sir." Lingling looked at Lin Fan nervously.

She had just started her internship and had already met such a handsome guy like Lin Fan.

'There were many guys in university, but none of them were like Lin Fan.

"Hello." Lin Fan smiled.

"Sir, what kind of car do you want? We have a Chery A3 that costs around 83,000 yuan." Lingling took the initiative to introduce cars to Lin Fan.

In Lingling's eyes, Lin Fan was about the same age as her. It was already very amazing that he could afford a car.

To her knowledge, she was also recommending a car worth around 100,000 yuan to Lin Fan. It was cheap and would be acceptable to ordinary people.

"No need. Help me recommend your shop's treasure." Lin Fan smiled.

He came here to buy a car mainly to pick up Xia Wanqiu and Su Xiaoyu at the company. Of course, the quality could not be too low, and this car could be used to pick up his parents in the future.

Lin Fan had more than 80 million in savings now. Of course, there was no need for him to buy a car that cost tens of thousands. Furthermore, the comfort and safety of a sports car were clearly better.

"The treasure of the shop?" Lingling looked at Lin Fan curiously. After confirming that she hadn't heard wrong, she was pleasantly surprised.

"Alright, sir. Please follow me." Lingling didn't dare to believe him but she still brought Lin Fan upstairs.

'The other salespeople were envious when they saw Lingling bringing Lin Fan upstairs.

The moment Lin Fan opened his mouth, he wanted the treasure of their car dealership.

Not long after Lingling came to the company, she met a handsome guy, and he was a super tycoon!

He was tall, rich, and handsome. He was simply a rich second-generation heir.

Many girls were envious. If she managed to suck up to a tycoon like Lin Fan successfully, wouldn't she have nothing to worry about in the future?

A few girls immediately followed him upstairs quietly.

"Sir, the treasure of our shop is this—the Rolls-Royce Cullinan SUV."

“This Rolls-Royce Cullinan SUV has a lot of space in the car. There are a total of four seats, and they are matched with rectangular full LED headlights and a higher car front. This car has a dignified Parthenon-style air intake grille, a carriage-style door-opening design, and a whiskey decanter and cooler in the back. It’s grand and high-end. Although it’s not comparable to a sports car worth tens of millions, it has the best performance out of all SUVs. Whether you drive on wet grass, mud roads, snow, or sand, it can deal with it easily. It’s also very safe.”

“As for the price of this car, it’s 6.4 million RMB. Sir, what do you think?” Lingling introduced the company’s treasure to Lin Fan very seriously.

“Sure, I’ll buy this. I’ll swipe my card,” said Lin Fan with a smile. This car was indeed not bad. Although it wasn’t expensive, it was enough to drive Xia Wangiu and Su Xiaoyu.

‘When Lin Fan took out his bank card so decisively, all the salespeople present looked at Lin Fan in unison. Their mouths were wide open and their eyes were filled with shock and envy. Oh God.

Lin Fan was really a rich, handsome man.

Lin Fan didn’t even need to go through the details of a luxury car worth 6.4 million dollars. He just bought it on the spot!

Lingling looked at the card in her hand and could not believe it. She had prepared so much work in advance, but now, she could not use any of it.

Was this... the world of the rich?
