

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 410-414

Chapter 410: Lin Fan's True Background, Shocking the Entire Internet

When Su Qiuyi saw Su Xiaoyu, she did not dare to have so many thoughts.

Between the Gao family and Lin Fan, Su Qiuyi immediately made a decision.

Although the Gao family was a tyrant in Jiang City, they were powerful and had an extraordinary background.

But the girl in front of him, Su Xiaoyu, was Su Jianguo's daughter.

The last Huo family that had caused trouble with Lin Fan, after Su Xiaoyu appeared, she easily reduced the Huo family's market value from 100 billion to billions.

The Huo family was on the verge of bankruptcy.

This was Su Xiaoyu's true ability.

Most importantly, Su Qiuyi didn't know Lin Fan's background.

To be able to make her sister respect and like him so much, Lin Fan might really be very good at work.

Even Su Xiaoyu was by Lin Fan's side. Su Qiuyi didn't dare to underestimate Lin Fan anymore.

Between the Gao family and Lin Fan, Su Qiuyi quickly made a choice.

Su Qiuyi also knew that Su Muqing didn't like Gao Yong at all. On the contrary, she liked Lin Fan more.

Although it wasn't a relationship, at least Lin Fan and Gao Yong's attitude towards Su Muqing was completely different.

Lin Fan cared about Su Muqing's injuries, but Gao Yong didn't. Gao Yong was only thinking about how to push Su Muqing onto the bed.

Su Qiuyi looked at Su Muqing's red face and felt a little angry.

Her father had hit Su Muqing because he was afraid of offending Gao Yong.

If it wasn't for Gao Yong, the Su family wouldn't have suffered such humiliation.

At that moment, Su Qiuyi made a decision.

Su Qiuyi walked in front of Gao Yong and said, "CEO Gao, I'm sorry. It's obvious that you can tell that my sister already has someone she likes, and the person she likes isn't you. Therefore, the Su family can't agree to the Gao family's marriage proposal. CEO Gao, you can go back."

Gao Yong's expression changed.

Damn it, he was already here.

Su Qiuyi saying these words to him was equivalent to publicly slapping his face.

It was equivalent to slapping the Gao family in the face.

Hearing Su Qiuyi's decision, the expressions of the Su family's relatives changed drastically.

In their opinion, if they could get closer to Gao Yong and let Su Muqing marry Gao Yong, all the problems in the Su family would be resolved.

Su Qiuyi was offending the Gao family.

If he offended the Gao family, who knew what the consequences would be?

Su Qiuyi's father was slapped by Lin Fan. Seeing this situation, he fell silent.

Su Qiuyi had to consider the consequences of doing this.

If Lin Fan wasn't as powerful as Gao Yong, what awaited the Su family would still be a calamity.

Su Xiaoyu stood beside Lin Fan and looked at Gao Yong. "Didn't you hear that? He didn't agree to the marriage proposal and asked you to get lost."

However, when Su Xiaoyu said that, Gao Yong did not dare to flare up on the spot.

He had only brought over a dozen bodyguards. Who knew that Lin Fan would bring over a hundred bodyguards?

This was Shanghai. Most of Lin Fan's bodyguards were here and could be transferred over at any time.

Gao Yong was different. It was not easy for him to mobilize a large number of bodyguards in Shanghai.

Gao Yong nodded. "Alright, very good. Su Qiuyi, are you sure you want to go against the Gao family?"

Su Qiuyi raised her beautiful eyes and said, "CEO Gao, our Su family doesn't mean that, but CEO Gao feels that if we refuse to propose marriage, we will be going against the Gao family. If you think so, I can't do anything about it."

Gao Yong's expression was dark as he said, "From today onwards, you will be the Gao family's enemies."

Then, Gao Yong turned around and left.

After the Gao family left, the Su family's relatives and friends did not dare to speak directly.

After all, Su Qiuyi was the person in charge of the Su Family Organization.

And Su Qiuyi's decision just now could be said to have offended the Gao family.

If they could not think of a good solution, they would not let Su Qiuyi off.

After settling the matter, Su Qiuyi walked in front of Lin Fan and bowed slightly. "Boss Lin, I'm sorry. Welcome to the Su family. The entire Su family is honored that Su Muqing can be your assistant. We're also very grateful that Boss Lin is willing to come to the Su family to help us."

Don't forget that the market value of the Su Corporation had already reached 600 billion. On the surface, the Su family's strength was not inferior to the Gao family's. Of course, the Gao family's hidden strength was even more unfathomable.

Su Qiuyi could achieve what she had today because of her sharp observation and very decisive choices.

Between Lin Fan and Gao Yong, the Su family had to make a choice, and Su Qiuyi chose Lin Fan.

Lin Fan smiled and said, "If you trust me so much, aren't you afraid that I'll harm your Su family?"

Su Qiuyi smiled. "To be praised by Muqing, the Su family is willing to take a gamble."

At this moment, Su Qiuyi and Su Muqing's father, Su Changqiang, saw a trending topic on the Internet. It was about Lin Fan.

All the major companies revealed their shareholder identities.

And the news that Lin Fan was also a major shareholder of many companies could no longer be hidden.

The entire Internet was in an uproar.

"Shocking. Lin Fan is actually a major shareholder in many companies. Other than Jiaying Entertainment, there's also Heavenly Emperor Entertainment. I originally thought that Lin Fan was just the boss of two entertainment companies. Who would have thought that Lin Fan was also the boss of Estee Lauder!"

"Oh my god, how is that possible? Lin Fan is a shareholder of so many companies. Other than Estee Lauder, there's also Bugatti, Chanel, LV..."

"I was wondering why Su Xiaoyu and Lin Kexin became the spokespeople of Estee Lauder. Xia Wanqiu became the spokesperson for LV and Chanel. So it's because of Lin Fan. Lin Fan is actually so awesome."

“That’s right. Lin Fan is a major shareholder in these companies. It’s naturally not a problem to arrange for a few spokespeople. Most importantly, Lin Fan has always been developing the Chinese market. These goods are sold at a high price. Ever since Lin Fan became a major shareholder of a few companies, these products have lowered their prices in the country. Although I still can’t afford them, why do I feel that Lin Fan is very noble!!”

“We shouldn’t call him Lin Fan anymore. We should call him Boss Lin. Boss Lin has already achieved so much in business, but he’s still filming a good television drama for us at the entertainment company. Boohoo, I’m so touched that I’m crying.”

“Boss Lin is too exaggerated. How did he become a major shareholder of so many companies at the same time? I’m stunned...”

“This is probably Boss Lin!!”

“Ah ah ah, I was wondering why Lin Fan had a villa worth hundreds of millions and sports cars worth hundreds of millions in Shanghai. Even if he opened an entertainment company, he wouldn’t be that rich. In the end, I finally realized that Lin Fan is actually so rich. Is it too late to marry Lin Fan now?”

“I still want to have children with Lin Fan. Lin Fan is handsome, nice, and rich. Who can stand this?”

Weibo had already exploded.

Su Muqing’s father, Su Changqiang, was also filled with disbelief.

At first, he thought that Lin Fan was ordinary.

Who would have thought that Lin Fan would be so strong!!!

Chapter 411: Is This Boss Lin’s Ability?!

Su Changqiang looked at the trending topic on Weibo and was shocked.

One had to know that every company here was comparable to Su Corporation.

LV, Chanel, and Bugatti were all top luxury goods companies in the world.

These products were for the entire world!

Only the rich could buy such products.

It could also be said that these companies served the rich.

The reputation of every company's products could be said to be world-renowned.

The accumulation of over a hundred years and the brand effect had already allowed these companies to stand firmly in the world!

Su Changqiang's hands were trembling. "Bugatti, LV, Chanel, Estee Lauder. Lin Fan is almost in the top three shareholders of every company. He's even the second-largest shareholder in LV and Chanel. Is this Lin Fan's true background?"

"D*mn, this is Ali... Lin Fan is actually Alibaba's second-largest shareholder!!!"

Su Changqiang felt like he was doubting his life.

There was no way the top trending topic on Weibo was fake.

Su Muqing's mother was also stunned. "What did you say? Other than LV, Chanel, and Estee Lauder, Lin Fan is also Alibaba's second-largest shareholder? F*ck..."

Su Muqing's parents were already experienced in business. They had seen all sorts of things.

If luxury brands like LV were very famous worldwide, Alibaba was a company that had changed the entire era!

Alibaba had even changed people's lifestyles!

Its market value had already reached a terrifying figure of four trillion!

Lin Fan was Alibaba's second-largest shareholder. Although his shares were only 5%, this 5% was already a huge number. It was enough to show Lin Fan's status in Alibaba!

Su Muqing's parents' eyes were filled with surprise.

In that case... Lin Fan was not afraid of the Gao family at all!

The Gao family's background and strength were indeed very strong, but compared to Lin Fan's background, they would be completely defeated.

Su Changqiang smiled.

This meant that the Su family was saved!

With a big boss like Lin Fan around, who would dare to doubt him?

Su Changqiang had completely forgotten about the slap Lin Fan gave him. He hurriedly walked in front of Lin Fan and smiled. "I was blind to not recognize you. So it's Boss Lin. I want to apologize to you here."

"I hit Muqing just now because of the despicable Huo family and the Gao family. Gao Yong went too far. But for the sake of the family and the company, I had no choice... I really had no choice."

"If we can't make up for the two billion yuan shortfall, the entire company will collapse. We will also have to bear a huge amount of debt. I'm afraid we won't be able to live the rest of our lives," Su Changqiang said as tears of unwillingness flowed down his face.

Sometimes, the reality was so cruel and heartless.

"Daughter, forgive me. I'm doing this out of helplessness. If I had to do it again, I would rather hit myself. I'm so disappointing. My legs aren't very nimble now. If my body was still fine, I wouldn't have to let you guys bear so much pressure," Su Changqiang said, his eyes filled with apology. The next moment, he slapped himself twice.

"Dad." Su Muqing hurriedly stopped Su Changqiang. Her beautiful eyes were slightly red. "I understand, but it's alright now. With Boss Lin around, we won't be bullied."

Su Changqing grabbed Su Muqing's arm and brought her to Lin Fan. He placed Su Muqing's hand in Lin Fan's and smiled. "Boss Lin, I'm sure you can tell that Muqing likes you a lot. Why don't... I marry her to you? Anyway, Muqing is about to reach the age of marriage. What do you think?"

Su Muqing's mother nodded repeatedly. "That's right. Muqing likes you very much. You've helped our family so much. I don't know how to repay you. Anyway, Muqing is your assistant. She'll marry you in the future. It's all the same. Our parents have already agreed."

After Su Muqing's parents found out about Lin Fan's background, their attitude immediately changed 180 degrees.

Su Qiuyi nodded and smiled. "Muqing, I think Lin Fan treats you quite well. You like him too. That's settled then. There's no need for any betrothal gifts. You can get married today and even consummate your marriage."

The Su family's relatives and friends immediately came to clap and smile.

"Boss Lin, I think Muqing is quite suitable for you."

"That's right. It's Muqing's fortune to marry a talent like Boss Lin."

"I think we should simplify the procedures. Let's get the certificate first. Anyway, it's fine as long as the two of them love each other."

Su Xiaoyu was angry and stomped her feet.

What kind of people were these people from the Su family? They wanted to stuff a girlfriend into Master's mouth again.

Su Muqing hurriedly broke free from Lin Fan's grip and said with a blush, "Dad, it's not that kind of love. I admire Boss Lin very much. He's my idol. It's not love between a man and a woman..."

Su Changqiang frowned. "Isn't that the same? What's the difference?"

Su Xiaoyu smiled and said, "You don't have to worry. Master has a girlfriend and they're very loving."

Lin Fan looked at Su Xiaoyu and nodded.

He did have a girlfriend. With Xia Wanqiu around, Lin Fan felt very happy.

Su Xiaoyu stuck out her tongue and looked at Lin Fan. He already knew that he had a girlfriend. Just now, he was holding Su Muqing's hand. How could he take advantage of her like that? So Master was also a scumbag.

Lin Fan said, "Uncle, I also apologize for hitting you just now. It was my fault, but I was indeed too impulsive. The most important thing now is to settle the Su family's matter."

"I heard from Muqing that the Su family has become like this because of the Huo family. I'll contact Huo Xinyu immediately. Not long after, the Su family's crisis will be resolved. As for the two billion you owe, I'll think of a way."

Then, Lin Fan called Huo Xinyu.

When Huo Xinyu saw that it was Lin Fan, her attitude immediately became respectful. "Hello, Boss Lin ~"

Lin Fan nodded and said, "Huo Xinyu, I heard that you've been targeting the Su family in Shanghai recently. Give me face and let this matter go. How about it?"

When Huo Xinyu heard that, she hurriedly nodded. "So the Su family is related to Boss Lin. Of course, I have to give you face. There's no problem."

Huo Xinyu didn't dare to disagree. The last time, the Huo family had already been shattered by Lin Fan.

Ever since she found out about Lin Fan's background, Huo Xinyu only had admiration for him.

Lin Fan smiled and said, "Sure. The company has a few projects recently that I can work with the Huo family on. Don't worry, I'll bring you a lot of profits. It'll be at least a few billion. However, this project is very difficult. You have to do it well."

When Huo Xinyu heard that, her eyes lit up. “Wow, really? Thank you, Boss Lin!! Boss Lin, my dream in life is to work with you once. Don’t worry, I’ll settle the Su family’s matters ~”

After the call, Su Qiuyi, Su Changqiang, and Su Muqing’s mother were all stunned.

Was Lin Fan’s way of handling things... that simple?

The huge crisis that had befallen the Su family was resolved by Lin Fan so easily!

The genius of the Huo family, Huo Xinyu, was still so polite to him.

Was this... Lin Fan’s ability?!

Chapter 412: The Second-Largest Shareholder of Su Corporation, Lin Fan!

Lin Fan’s methods towards Huo Xinyu could be said to be perfect.

On one hand, Lin Fan personally appeared and asked Huo Xinyu to stop attacking the Su family.

As a company worth hundreds of billions, if Huo Xinyu took down the Su family, it would be a huge economic benefit to the Huo family.

On the other hand, after Lin Fan suppressed Huo Xinyu, he immediately raised the idea of working with her, bringing huge financial benefits to her.

This way, Huo Xinyu would be willing to work with Lin Fan.

In business, this was how it had to be. He couldn’t keep suppressing others. It was very important to give some benefits appropriately. Furthermore, if he worked with Huo Xinyu, Lin Fan could earn a lot of money.

Such a scene was filled with shock in the eyes of the Su family.

Lin Fan had resolved a huge problem for the Su family.

Although the Su family was still in an economic crisis and still lacked two billion yuan, it would take a long time for the Su family to recover.

Su Changqiang was in disbelief. "This... the Huo Corporation is so powerful and Huo Xinyu is a very tough person. She usually doesn't compromise easily. But Boss Lin just said a few words and Huo Xinyu agreed."

But after some thought, Su Changqiang nodded and said, "Who asked him to be Boss Lin? With his current status, there are very few companies that don't give Boss Lin face."

Su Qiuyi looked at Lin Fan in a different light. After all, Lin Fan had easily resolved the Huo family's huge problem. Other than that, Su Qiuyi had also seen Su Muqing's ability.

Su Muqing had become Lin Fan's assistant. To be able to resolve so many company matters, it was enough to show that her sister's current ability might even surpass hers!

After following Lin Fan for so long, Su Muqing's ability might have increased a lot!

Su Qiuyi looked at Lin Fan and smiled. "Boss Lin, can we talk alone?"

Lin Fan nodded. "Mmm, sure."

After the two of them entered a separate room, Lin Fan went straight to the point. "Miss Su, I've already heard from Muqing that the Su family is short of two billion dollars. Now, I can take out 2.5 billion dollars to help the Su family."

Su Qiuyi said in surprise, "2.5 billion?"

She only wanted to ask because this was 2.5 billion yuan in cash.

There were very few people who could take out 2.5 billion in cash.

Lin Fan took out so much cash at once just to help Su Muqing.

For a long time, with the Su family's current financial situation, it would be difficult for them to return the money to Lin Fan.

Although a company had a valuation of billions or tens of billions, these companies actually had very little cash flow.

Someone who could casually take out 2.5 billion in cash could be said to be a true tycoon!

Lin Fan nodded. "Yes, 2.5 billion. I'll leave the rest of the Su family's recovery to you guys."

Su Qiuyi thought for a moment and stood up. She bowed 90 degrees to Lin Fan. "Boss Lin, I don't know how to express my gratitude, but I will never forget your kindness to our Su family."

"Boss Lin, the Su family is in danger now. Without your help, I'm afraid the Su family would have been on the verge of bankruptcy. With your help, the Su family regained some life."

"I don't know how long it will take to repay this money, but our Su family will definitely be able to pay it back in ten years. Boss Lin, I'm willing to give you 5% of the company's shares. That way, you'll become the second-largest shareholder of the company." Su Qiuyi looked at Lin Fan and hurriedly prepared a contract.

Not only did this contract say that he would pay off 2.5 billion in ten years, but it also indicated that Su Qiuyi wanted to give Lin Fan 5% of the Su Family Organization's shares.

It seemed like Su Qiuyi had already prepared in advance to work with Lin Fan. This was probably her trust in her sister and a form of protection for her.

5% was already very high for the Su Family Organization.

Lin Fan nodded and signed the contract. "Then I won't stand on ceremony with you. I'll take these 5% shares. However, I don't have much time to participate in the Su Family Organization's decisions."

Su Qiuyi was overjoyed and extended her hand. "Boss Lin, thank you again for your help to our Su family."

Lin Fan shook Su Qiuyi's hand. They had officially reached an agreement.

The 2.5 billion yuan in cash had already been transferred to the Su family's account.

Now, Lin Fan didn't have much money. He had earned more than two billion from the two television dramas. Coupled with the 500 million he had borrowed, Lin Fan had almost emptied his pockets.

However, the things he obtained were not bad. At least the Su family would return this money and receive 5% of the Su Corporation's shares.

The 5% shares of the Su Corporation might even be more valuable than this 2.5 billion in the future.

To Lin Fan, it didn't matter if he didn't want the 2.5 billion yuan in cash. He was helping the Su family for Su Muqing.

Su Muqing's value had already exceeded 2.5 billion. Without her, there might be some problems with the management of so many companies under Lin Fan.

With Su Muqing around, her ability and value had already exceeded so much money.

Su Qiuyi asked, "Boss Lin, there's another problem. Muqing is very capable. I plan to let her return to the Su Family Organization to work. I believe that with her help, the Su Family Organization will be able to stand up quickly!"

When Lin Fan heard that, he shook his head and said, "That won't do. Su Muqing is my assistant now. I still have many uses for her. This can't be changed."

"But I have 5% of the company's shares. Let Muqing have time to help me settle the company's matters with this 5%," said Lin Fan with a smile, fully showing his trust in Su Muqing.

Su Qiuyi looked at Lin Fan in shock.

After all, these 5% shares belonged to Lin Fan.

If Lin Fan let Su Muqing handle this matter, wouldn't Lin Fan be completely powerless in the Su Family Organization?

After all, Su Muqing was from the Su family and naturally had a closer relationship with them. However, Lin Fan actually asked Su Muqing to represent him to handle the Su Family Organization's matters.

This was probably... Boss Lin's style.

If he wanted to be a successful person, the most important thing was to be able to trust his subordinates.

If he could not even do this, how could he become a good leader?

Just like when CEO Ma was building Alibaba, every step he took was filled with difficulty and he trusted his subordinates.

It was because of this that CEO Ma could reach his current level.

Today, Lin Fan was filled with trust in Su Muqing.

Lin Fan wasn't afraid that his power would be usurped in the Su family.

Because to Lin Fan, his world wasn't limited to the Su Family Organization.

This was the world of big shots.

Most importantly, Su Qiuyi saw how much Lin Fan valued Su Muqing.

With Su Muqing's looks, if there were any sparks between Su Muqing and Lin Fan in the future, it would be a good thing for the entire Su family!

Lin Fan and Su Muqing's relationship was so simple that Lin Fan was willing to help the Su family like this and take out so much cash.

If they got together in the future...

Su Qiuyi did not dare to think further and smiled brightly.

No matter what, the Su family would be able to get a super big leg in the future!4

Chapter 413: Let The Battle With The Gao Family Begin Tonight!

Su Qiuyi knew that Lin Fan already had a girlfriend but he wasn't married yet.

No matter what, her sister, Su Muqing, still had a chance.

As long as there was a 1% chance, it was considered a chance.

If that day really came, it would be a surprise to the Su family.

With this in mind, letting Su Muqing stay by Lin Fan's side was the best choice.

Su Qiuyi looked at Lin Fan and smiled. "Boss Lin, what do you think of Su Muqing?"

Lin Fan thought for a moment and said, "She's a pretty good girl. She's very capable and has great potential."

Su Qiuyi smiled and said, "Boss Lin, actually, when you have time, you can spend more time with Su Muqing. She's still single and has received elite education since she was young. Until now, she hasn't been in a relationship."

Her words were directly hinting to Lin Fan that Su Muqing was still a virgin and some big shots liked such women.

Lin Fan nodded. "Don't worry. Su Muqing has a good personality and she's pretty. If she works in the company, she can fall in love one day. If not, I'll introduce a boyfriend to her."

Su Qiuyi: "..."

Who needed Lin Fan to introduce a boyfriend to Su Muqing? He could totally be the boyfriend himself.

Why couldn't CEO Lin understand what she meant when it came to relationships?

Wouldn't it be nice if he courted her himself? Why did he have to give her to someone else?

However, Su Qiuyi could not say these words.

Su Qiuyi changed the topic and said, "Boss Lin, you offended the Gao family today. You have to be careful in the future. Gao Yong will seek revenge for the smallest grievance. I'm afraid he'll target you."

Lin Fan said, "There's nothing to be afraid of. We'll deal with whatever comes our way. If the Gao family wants to target me, it'll give me a chance to destroy them."

After the discussion, Su Qiuyi told the Su family her decision.

As expected, everyone from the Su family agreed.

Su Muqing's parents were especially surprised.

Although giving Lin Fan 5% of the shares was already a lot, Lin Fan had directly become the second-largest shareholder of the Su Family Organization. He was equivalent to the vice president of the Su Family Organization. Although he had handed over a lot of power, this was equivalent to tying Lin Fan to the Su Family Organization.

If Gao Yong wanted to target the Su family, it was equivalent to targeting Lin Fan's company.

Su Xiaoyu looked at Lin Fan and held the cucumber she had taken from the Su family. She said, "Wow, Master is already the second-largest shareholder of the Su family. He can earn a lot of money in the future."

Lin Fan knocked Su Xiaoyu's head. "It's time to go. Go to Jiang City and have a good fight with the Gao family. Since the Gao family has already started a war with me, I won't show mercy to them."

Su Xiaoyu took a bite of the cucumber and smiled sweetly. "Alright ~ If you need a dog, Master, feel free to tell me."

Looking at the lively and cute Su Xiaoyu, Lin Fan felt a little relieved.

No matter what happened, with Su Xiaoyu by his side, how could Lin Fan be afraid of the Gao Corporation?

Lin Fan turned around and looked at Su Muqing. He smiled and said, "It's time to go. Are you ready?"

Su Muqing nodded obediently and said, "Mmm ~"

Just like that, Lin Fan and the two girls returned to Jiang City.

...

Jiang City, Xia family.

When Lin Fan rushed back, he realized that Boss Ma was already there.

Even CEO Ma personally came to the Xia family.

The old man looked at Lin Fan and his gaze became even more loving. He said, "Lin Fan, come, come. CEO Ma has personally come to our Xia family. I didn't expect Lin Fan to be so good. You can even invite CEO Ma."

Xia Wanqiu's father, Xia Jiancheng, was the same. Who in the industry dared to disrespect Boss Ma?

With CEO Ma's current status, coming to the Xia family was enough to bring light to the Xia family.

This shocked everyone in the Xia family. If it wasn't for Lin Fan, how could they have invited CEO Ma?

When Lin Fan saw Boss Ma, he was a little surprised.

CEO Ma didn't stand on ceremony and walked towards Lin Fan. He took the initiative to extend his hand. "Brother Lin, haha, we meet again."

Lin Fan shook CEO Ma's hand warmly and smiled. "CEO Ma is so busy but you're still willing to take the time to come to the Xia family to help me. I don't know how to thank you."

CEO Ma shook his head and said, "What's there to thank? Your matters are my matters. If you encounter something, Alibaba will take responsibility for you."

Hearing CEO Ma say that, the Xia family was a little shocked.

CEO Ma spoke to Lin Fan like this. It was enough to show that Lin Fan's status in Alibaba wasn't low!

In fact, Lin Fan's status in Alibaba was quite high!

CEO Ma patted Lin Fan. "Brother Lin, there's no need to thank me. When the time comes, we'll have a drink and a feast."

Lin Fan laughed and said, "It's simple. When the time comes, I'll definitely cook the most delicious feast myself."

After all, Lin Fan knew how busy CEO Ma was. Lin Fan felt a little warm in his heart for being willing to come here this time. After all, he was only the second-largest shareholder in Alibaba. Although he was the second-largest shareholder, his experience in Alibaba was still shallow.

Lin Fan had never even been to Alibaba's company once, and Boss Ma was still willing to support Lin Fan fully.

CEO Ma hugged Lin Fan and smiled. "Brother Lin, I've seen your girlfriend before. I have to say that she's really pretty. To be able to find such a girlfriend, I don't know how blissful I'll be for the rest of my life."

Lin Fan also looked at Xia Wanqiu. His eyes lit up. Xia Wanqiu was wearing an evening gown today.

She was already beautiful to begin with, but after wearing an evening gown, her aura became completely different.

If there was a way to describe her, she would be a goddess.

Xia Wanqiu usually did not wear evening gowns, but today, she was wearing an evening gown.

CEO Ma saw Su Xiaoyu again and smiled. "Isn't this Su Xiaoyu? A business genius that even I admire. Brother Lin, you're really amazing. Even a girl like Su Xiaoyu is willing to follow you."

Su Xiaoyu blinked. "CEO Ma, I haven't seen you in a long time. How am I a business genius? I can't even compare to CEO Ma."

After a simple exchange of pleasantries, CEO Ma started the main topic. "Brother Lin, I came here this time to discuss something with you. Are you sure you want to start a war with the Gao family? Once you start a war, it will be a true business war."

Lin Fan's gaze was firm. "Of course, we have to fight. Against the Gao family, either they die or I live."

CEO Ma nodded. "I understand. I actually have something to tell you this time. There's a banquet in Jiang City tonight. We're going to attend it. If nothing goes wrong, Gao Yong will also come. This banquet is attended by the business elites of Jiang City and even all over the country. If we want to start a business war, we have to rope in people who can. Tonight's banquet is very important."

"After tonight, the business war can officially begin!"

Lin Fan nodded and realized why Xia Wanqiu was wearing an evening gown.

He was bringing his future wife to attend an evening gown event. She was so beautiful and would surely blind everyone.

With a beautiful girlfriend by his side, he could naturally become the center of attention.

The battle with the Gao family would officially begin tonight!

Chapter 414: Not Anyone Can Enter This Place

Jiang City, Pearl Hotel.

Many business elites had already arrived.

Pearl Hotel was the top five-star hotel in Jiang City.

Tonight, there would be a business event.

This business event would be attended by big shots and elites from all walks of life.

It was equivalent to a press conference for all the companies. If there were any amazing products, they could also be released in this hotel.

It was equivalent to a product launch event for all the top companies in China. For example, there would be information on the new Xiaomi phones, Huawei phones, activities from all walks of life, and even big shots who came to impart their experience. Countless reporters would come here to interview them.

This business event at Pearl Hotel gathered geniuses from all walks of life.

“Do you know that there will be many big shots coming to Pearl Hotel today?”

“That’s right. According to what I know, even CEO Ma will come here. This is enough to show the importance of this business event.”

“It seems like even Jiang City’s CEO Gao will come here. The Gao Corporation’s businesses have been thriving recently.”

“I heard that the Gao Corporation has a new product to release. They might be planning to enter the car industry. No matter what, Gao Yong is really handsome. We can see Gao Yong tonight!”

....

Xia family.

Lin Fan was already sitting in the back of the car with Su Muqing beside him.

Xia Wanqiu didn’t follow Lin Fan. She followed Xia Jiancheng to Pearl Hotel.

Su Xiaoyu didn't follow Lin Fan so he didn't know where she went.

However, with Su Muqing by his side, Lin Fan was at ease.

The business event at the Pearl Hotel gathered business elites from all walks of life.

The Xia family was also invited, so Xia Wanqiu wasn't with Lin Fan.

Sitting beside her was a great beauty. It was just that Su Muqing was wearing... something pretty tonight.

She was wearing a sky-blue long dress, revealing her snow-white slender calves and long black hair. Sitting beside Lin Fan, she was quiet like a fairy, otherworldly.

This was the first time she was wearing an evening gown to such an important occasion and ceremony.

"Are you nervous?" Lin Fan looked at Su Muqing and smiled.

Su Muqing raised her beautiful eyes and looked at Lin Fan. She shook her head gently. "I'm not nervous ~ It's just a little awkward to wear such clothes."

Lin Fan looked at it. "It's quite pretty. There's nothing awkward about it."

Su Muqing lowered her head and said, "I feel a little ugly. When the time comes, the girls around others will definitely be very pretty. I..."

Lin Fan shook his head. Looking at Su Muqing's looks and figure, he smiled and said, "You're so beautiful. With you by my side, I'm afraid others will envy me. As for those girls who are prettier than you, there shouldn't be many."

"Don't be afraid of embarrassing me. If you follow me, you'll look good. Wanqiu and her father are going to be specially invited to the banquet. I don't know where Xiaoyu went. You can only follow me," said Lin Fan with a smile.

Su Muqing said, "Boss Lin, I'm just worried that Gao Yong will make things difficult for you. He's a vengeful person. He'll definitely take revenge."

Lin Fan nodded. "Don't worry. Don't say that he wants to take revenge on me. I want to kill him first. However, the Gao family's market value is also 600 billion. I heard that their background is very strong, but it's not difficult."

Su Muqing's beautiful eyes lit up. "CEO Lin has thought of a way?"

Lin Fan nodded. Seeing how confident Lin Fan was, Su Muqing was relieved.

Her boss had a way. If she followed Lin Fan, she could learn a lot more.

Even if Lin Fan's method didn't work, Su Xiaoyu could still help him.

With Su Xiaoyu around, there would be no problem.

Looking at Su Muqing, Lin Fan smiled. "Don't worry. Whether Gao Yong wants to attack or not, I won't let the Gao family off. The Gao family will definitely crumble."

....

In the evening, at Pearl Hotel.

The car arrived at the entrance of Pearl Hotel. Lin Fan got out of the car first and helped Su Muqing open the car door.

There were already many passers-by gathered near the Pearl Hotel.

When these onlookers saw Lin Fan, their eyes lit up.

"D*mn, isn't this Lin Fan!!"

“Lin Fan is actually here to participate in the Pearl Hotel’s business event. I remember now. Lin Fan is a big boss. He’s the CEO of Estee Lauder!”

“If you don’t understand, ask. Estee Lauder? What company is that? Is it very awesome?”

“Of course. Do you know that Estee Lauder is a world-renowned luxury brand? Estee Lauder is best at cosmetics. The quality is super good, and of course, the price is expensive. Furthermore, Estee Lauder is liked by many people in the world’s upper-class circle. It’s said that this company’s market value has already exceeded hundreds of billions!”

“What? The market value is hundreds of billions. Oh my god...”

“Ah ah ah, the girl beside Lin Fan is also super beautiful. Does anyone know her name?”

“She’s Su Muqing, the second daughter of the Su family and Lin Fan’s assistant. Even Lin Fan’s assistant is so pretty. Lin Fan is really too blissful.”

“I just want to ask a question. Could Lin Fan have something to do with Su Muqing? After all, she is so beautiful. If there’s something to do, the assistant will do it. If there’s nothing to do, the assistant will do it. After all, Su Muqing is so beautiful and has such a good figure. Who can stand this?”

“Forget it. Although Su Muqing is very beautiful, you know that the most beautiful girl beside Lin Fan is Xia Wanqiu. Furthermore, Lin Fan’s Jiaxing Entertainment has many beautiful female celebrities. Xia Wanqiu, Su Xiaoyu, Su Muqing, Lin Kexin, Chu Yaoyao, every one of them can kill many internet celebrities.”

The passers-by were envious of Lin Fan.

Lin Fan walked in front while Su Muqing followed beside him. She was slightly slower than Lin Fan to show her respect.

It was pleasing to the eye to have such a beauty by his side.

Most of the time, it was boring to participate in business events. With Su Muqing around, not only could he gain face, but he also felt comfortable looking at her.

This was only with Su Muqing by his side. If the person beside Lin Fan was Xia Wanqiu, who knew how many single dogs would be attacked?

Finally, Lin Fan arrived at the entrance of Pearl Hotel.

A skinny security guard stopped Lin Fan and said, "Sir, do you have an invitation?"

Lin Fan was a little surprised. Boss Ma hadn't told him about this. "Invitation letter?"

The thin security guard said, "Sir, you can't enter here without an invitation."

Although Lin Fan was dressed very handsomely and Su Muqing was very pretty beside him, the security guards followed the rules strictly.

The other fat security guard who had just come here to work as a temporary worker was about 18 or 19 years old. After working at Pearl Hotel for half a month, he felt like he had integrated into the upper-class society and his eyes were fluttering.

Seeing that Lin Fan didn't have an invitation, the fat security guard sneered.

"You don't have an invitation, which means you don't have that status. Brother, I'm not trying to shock you, but you have to take a look at what kind of place this is. It's the top hotel in Jiang City, the most luxurious five-star hotel. This is the upper-class society. Not everyone can come here." The fat security guard smiled and stood at the door.

"Hurry up and leave. If you don't have an invitation, don't block the way." The fat security guard was already a little impatient.

Su Muqing was angry and stomped her feet.

Ordinary people could also enter a five-star hotel, but he had to mention the upper-class society.

Wasn't this security guard just an ordinary employee?
