

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 415-419

Chapter 415: Boss Lin Is Alibaba's Vice President!

Su Muqing was about to speak when Lin Fan stopped her.

Lin Fan picked up his phone and wanted to call CEO Ma.

Before he could get through, Lin Fan saw a familiar figure. It was Su Xiaoyu.

When Su Xiaoyu saw Lin Fan, her eyes lit up.

The person standing beside Su Xiaoyu was a tall butler who would protect her at any time.

"Master, Master ~" When Su Xiaoyu saw Lin Fan, her eyes lit up and she hurriedly ran over.

"Master, why aren't you coming in?" Su Xiaoyu ran out and looked at Lin Fan curiously.

"Hello, Miss Su." When the fat and thin security guards saw Su Xiaoyu, they were respectful and did not dare to neglect her.

After all, they had received news from the manager.

There were a few people that he had to pay special attention to, and he could not neglect them.

There were many business tycoons here, and many security guards could not recognize them all.

It could be said that almost everyone who came here was a business tycoon or someone with achievements in a certain field.

The organizer specially instructed the security guards not to neglect the two of them.

One was CEO Ma.

The other was Su Xiaoyu.

When the security guard saw Su Xiaoyu's identity, he could barely open his eyes.

The daughter of the richest man in the world, Su Xiaoyu.

She was also from the famous Su family in China. It was a true top family that was above all the other families.

The Su family's contributions to China could no longer be described as economic.

It could be said that the second-largest GDP in China was thanks to the Su family.

The richest man in the world should have been Bill Gates, but a genius girl also appeared in China and interrupted this monopoly.

Ever since Su Xiaoyu appeared, the richest man in the world had been in China.

Su Xiaoyu had graduated from Harvard University and was once highly invited overseas. She received a huge salary and even gave Su Xiaoyu a green card, but she still stayed in China.

Su Xiaoyu, who should have left the business world long ago, came out again today.

One of the top families in China, the Su family, was personally participating in this business event.

Su Xiaoyu also came out personally.

When they saw Su Xiaoyu, the two security guards' expressions changed drastically.

This was a big boss.

She was even more amazing than CEO Ma.

The two security guards looked at each other.

Dog shit.

Su Xiaoyu... was too beautiful.

She was only in her twenties, but she had already achieved so much. It could be said that she had already reached the peak of her life.

Su Xiaoyu had just reached the door when she understood what had happened.

Su Xiaoyu held Lin Fan's arm and said, "This is my master ~ He can enter without an invitation. Is that okay?"

Su Xiaoyu looked at the fat and thin security guards. Her innocent look was completely gone, and she seemed a little quiet.

She knew that these two security guards must have made things difficult for Lin Fan.

She didn't like others making things difficult for Lin Fan. If anyone dared to do so, she would definitely retaliate.

If she really took action, these two security guards might disappear somewhere.

Su Xiaoyu was originally very kind, but anything that involved Lin Fan would make her lose her rationality.

She could protect Lin Fan without principles, so when she stood at the door, she was very angry.

They had embarrassed Lin Fan in front of so many people. Furthermore, this fat security guard seemed to have said something unpleasant just now.

During this period of silence, Lin Fan patted Su Xiaoyu's head and said, "There's no need to take the security guards seriously. It's good enough that we can go in. We have important matters to attend to."

With Lin Fan's current bearing, he wouldn't take these two security guards seriously. There was no need.

Hearing Lin Fan say that, Su Xiaoyu blinked and nodded obediently. "I know, I know. Master is right. Then let's go in."

After entering Pearl Hotel, Lin Fan realized how luxurious it was.

Many of the business elites at Pearl Hotel also noticed Lin Fan immediately.

At that moment, these business big shots widened their eyes.

Wasn't the girl standing beside Lin Fan Su Xiaoyu?

Putting aside Lin Fan's identity and background, just Su Xiaoyu standing beside Lin Fan and chatting happily with him was enough for these business big shots to value him.

Who would dare to offend someone who had such a good relationship with Su Xiaoyu?

Su Xiaoyu smiled and made a cute gesture. "Master, then I'll get busy with work first. See you later ~ Master, let's find a place to rest for a while ~"

Lin Fan nodded. "Alright."

When he saw Su Xiaoyu, Lin Fan's heart felt warm.

He knew that Gao Yong would also come to this business event.

Furthermore, other than expanding their connections, this business event was also a good opportunity to rope in people.

At this business event, he had already started fighting with Gao Yong.

Su Xiaoyu's arrival represented her attitude.

She was going to busy herself with work. Su Xiaoyu had probably been thinking about how to defeat Gao Yong since the first time Lin Fan had a conflict with the Gao family.

Tonight, even if Lin Fan didn't attack, he felt that Gao Yong would be in a terrible state.

Even Su Xiaoyu was here, and she looked very formal. What would happen to Gao Yong?

In the past, Su Xiaoyu wouldn't care so much. She would hold a candy and sit beside Lin Fan. Occasionally, she would eat cucumbers, grapes, and take photos.

Although she was still the same in front of Lin Fan today, Lin Fan could feel that Su Xiaoyu's aura was completely different.

Not long after Lin Fan entered, the two security guards at the door broke out in cold sweat.

They had almost offended Su Xiaoyu just now.

If Su Xiaoyu really made things difficult for them, they would probably not be able to escape alive.

"Who was that man just now? Su Xiaoyu was actually holding his arm..." the thin security guard said.

The fat security guard was also stunned. "No way. Could that man just now really be a big boss? But I've never seen him before."

Although Lin Fan was a superstar, there were still people who didn't know these celebrities.

At this moment, the manager walked over and looked at the fat security guard with a dark expression. "Do you know who you just offended? Luckily, Boss Lin didn't pursue the matter. Otherwise... the entire Pearl Hotel would have been implicated by you."

The manager was very angry. He had asked the two security guards to stand at the door. Who would have thought that the fat security guard would actually insult Lin Fan?

The fat security guard trembled. He looked at the manager and said, "Manager, I know Su Xiaoyu's identity, but that Lin Fan doesn't look like much. He's just handsome. At most, he's a rich second-generation heir. I'm just following the rules. After all, he really doesn't have an invitation."

The manager glared at him. "Shut up. Boss Lin is the CEO of Jiaxing Entertainment, an entertainment company with a market value of three billion. He's also the chairman of Estee Lauder. You've heard of Estee Lauder, right? He's also the second-largest shareholder of LV, the second-largest shareholder of Chanel, and the third-largest shareholder of Bugatti. Other than that, Boss Lin is also Alibaba's vice president. You actually dare to offend Alibaba's vice president. If Boss Lin wanted to pursue the matter just now, let alone you, our entire hotel would be finished."

"From now on, you can get lost. Your salary for this month will be deducted. It'll teach you a lesson. That's Su Xiaoyu beside Boss Lin. If she wants to target you, no one will know even if you turn to ashes," the manager said and told the fat security guard to get lost.

The fat security guard listened to the manager and fell into a daze.

He thought that Lin Fan was just an ordinary person. At most, he was a rich second-generation heir.

Who would have thought... that Lin Fan would be so awesome?

He had really almost offended a super big boss just now!

Chapter 416: Gao Yong's First Move

At Pearl Hotel.

When Lin Fan brought Su Muqing in, he attracted a lot of attention.

There were also many media outlets who rushed up to interview Lin Fan.

"Hello, Boss Lin. Is it true that you're the vice president of Alibaba, the chairman of Estee Lauder, and the third-largest shareholder of LV and Chanel?"

"Hello, Boss Lin. We're reporters from the news media. May I know why you're here to participate in the Pearl Hotel's business event?"

“Boss Lin, will you still stick to your career in the entertainment industry or do you want to switch to business?”

Faced with the reporters’ questions, Lin Fan just smiled. “The news is true.”

However, Lin Fan didn’t answer the other questions.

The decorations of the Pearl Hotel were magnificent. The gorgeous crystal chandeliers, the elegant waitresses, and the renovation style could all feel the grandeur of this place.

Lin Fan looked around and realized that many business big shots would have a pretty woman by their side.

Some people would have their wives by their side, while others would have their secretaries by their side.

In this business event, women could also bring out the face of men.

Lin Fan shook his head in disappointment. He didn’t see Xia Wanqiu.

At this moment, Gao Yong walked over.

“Yo, Boss Lin is here too?” Gao Yong looked at Lin Fan casually.

“What’s the matter?” Lin Fan didn’t give Gao Yong a good attitude.

“Haha, can’t I look for you if I have nothing to do?” Gao Yong walked to Lin Fan’s side and whispered into his ear. Only the two of them could hear him. “Lin Fan, to tell you the truth, I was the one who sent someone to deal with you in that car accident. It’s a pity that you’re lucky and didn’t die. However, I also scrapped your sports car worth hundreds of millions. It’s so comfortable.”

“Lin Fan, you can dodge it once, but how many times can you dodge it? Even if you can dodge it, can your friends and family dodge it? I heard that your high school classmate, Xu Shiyin, is working as a salesperson in a mall. She’s not bad-looking, haha.” Gao Yong smiled mockingly. “Are you angry? Don’t you have a powerful background? Do you want to kill me? I, Gao Yong, am right here. If you want to kill me, you have to seize the opportunity.”

After Gao Yong finished speaking, he patted Lin Fan and turned to leave.

This was the first time he had seen someone as arrogant and despotic as Gao Yong.

Gao Yong knew Lin Fan's background but he still spoke to him like this.

Furthermore, Lin Fan couldn't kill Gao Yong now, much less fight him.

Lin Fan knew that Gao Yong was provoking him. In front of so many media and business giants, if he really hit someone, he would fall into Gao Yong's trap.

At the mention of Xu Shiyin, Lin Fan was a little angry.

Lin Fan could touch Gao Yong's battle with him, but he couldn't touch his family or even his friends.

After all, Xu Shiyin was Lin Fan's friend from high school. When he had just earned a sum of money in Shanghai, Lin Fan had even gone to look for Xu Shiyin to buy 100,000 yuan worth of clothes. Although they didn't meet much after that, she was still a pretty good girl.

If Gao Yong really dared to do anything...

Su Muqing looked at Lin Fan with her beautiful eyes and advised, "Gao Yong is provoking you. Don't be angry."

Lin Fan nodded. "Mmm, it's fine. Gao Yong can only say that."

He knew that even Su Xiaoyu had taken action this time. Even if he didn't, Gao Yong would be doomed. The only difference was how Gao Yong would die.

Lin Fan couldn't be bothered to argue with someone who was about to die.

Not long after he entered, a woman suddenly rushed out from the crowd.

The woman looked to be in her twenties, but she was already pregnant. She ran towards Lin Fan with tears in her eyes and hugged his thigh.

Immediately, countless people looked at this woman, including Gao Yong.

“Lin Fan, I’ve finally seen you. How can you not want me anymore? You have to be responsible for me. Even if you don’t like me and want to break up with me, you have to be responsible for the child in my womb.”

“Lin Fan, even if you don’t want to be responsible for us, you still have to give the child living expenses. Give me living expenses. You can’t shirk responsibility after getting intimate with me. You’re really not a man. Boohoo, you don’t want us anymore. What do you want me and the child to do?” The woman knelt on the ground and started to cry. She grabbed Lin Fan’s thigh tightly.

Hearing the woman say that, the surrounding noise immediately quietened down.

Some media outlets even ran over. This was big news!

Lin Fan had gotten the woman pregnant and even abandoned her. In the end, the woman came knocking on his door and wanted Lin Fan to take responsibility.

Furthermore, the woman looked like she was pregnant. If such hot news were to be exposed, who knew how many people would be attracted to it.

The news media were snapping away, and some big shots saw this scene and were a little surprised.

Most importantly, if what this woman said was true, Lin Fan had cheated on her when he was still dating Xia Wanqiu.

So much negative news was enough to crush an artiste.

Immediately, a group of people started discussing.

“No way, so Lin Fan is such a person? On the surface, Lin Fan looks quite upright. I didn’t expect Lin Fan to do such a thing...”

“Yeah, I vomited. I thought that Lin Fan really didn’t have any negative news. Now that I look at it, Lin Fan is actually such a person.”

“Sigh, you really can’t judge a book by its cover. Lin Fan isn’t satisfied with having such a pretty girlfriend like Xia Wanqiu and even did such a thing.”

When Lin Fan saw this woman, he was slightly shocked.

He did not know this woman at all.

Even if he was really a scumbag, he would not trash this woman.

The woman in her twenties in front of him looked average.

She was too different from Xia Wanqiu, Su Muqing, Su Xiaoyu, and Lin Kexin.

Even if Lin Fan was a scumbag, couldn’t he look for Su Xiaoyu? At least Su Xiaoyu had long legs. It was good to look for Su Muqing. If he really couldn’t, he could look for Lin Kexin. After all, Lin Kexin was the school belle of Beijing Film Academy.

Putting aside whether she was a scumbag or not, Lin Fan hadn’t even taken down Xia Wanqiu yet. How could he take down this woman?

But under such circumstances, it was useless to say all this. Instead, it would seem a little helpless.

Lin Fan understood immediately.

Someone was going to defame him.

Other than Gao Yong, who else could this person be?

He would let the woman slander him and make Lin Fan unable to defend himself.

This move could be said to be quite brilliant.

If they saw a woman slap a man on the streets, no matter what happened, everyone's first instinct would be to think that the man was wrong.

This was like a man seeing a woman naked which would end up as his fault, but a woman seeing a man naked was also his fault. It was the same principle.

If Lin Fan couldn't settle this woman here, he would be splashed with rumors and wouldn't be able to clear his reputation.

After all, the child in this woman's womb hadn't been born yet and she couldn't do a paternity test. This woman wanted to defame Lin Fan and use a shameless method. The more Lin Fan explained, the more chaotic it would be.

Lin Fan had just arrived to participate in a business event. No one expected this to happen.

In an instant, Lin Fan fell into a huge passive state!

Chapter 417: Asking For Humiliation

Su Muqing reacted quickly. She bent down gently and smiled. "Hello, no matter what happens, can you let go of Boss Lin first?"

When the woman heard that, she hugged Lin Fan's thigh even more tightly. "I don't care. Lin Fan, you have to be responsible for what you do. You have to be responsible for me and the child in my womb. You can't abandon me..."

Fine, she started to act like a victim again. Su Muqing looked at Lin Fan helplessly. She couldn't force this woman away.

Lin Fan's expression didn't change as he said, "Madam, I don't know you. If you have anything to say, can you stand up first?"

When the woman heard that, she started crying. "You don't want me anymore. I don't care. You just don't want me anymore. You actually said that you don't know me anymore. What about the child in my womb? I can't live anymore. I want to die... No one can stop me..."

Lin Fan's gaze was calm as he smiled. "Get up first. Let's talk things out. Don't think so much. Isn't it good to be alive?"

Just as the woman was about to act shamelessly, Lin Fan said, "How many months is the child?"

Hearing Lin Fan say that, the media were shocked and leaned closer. Was Lin Fan going to admit it?

Gao Yong had a playful smile on his face as he looked at Lin Fan and shook his head. He hadn't expected Lin Fan to be so stupid as to want to self-destruct.

Could it be that Lin Fan really had something to do with those women outside?

The woman was stunned for a moment before saying, "Five months."

Lin Fan continued, "So we slept together five months ago?"

The woman nodded. "Yes, five months ago. At that time, you stripped me naked and said that you would be responsible for me for the rest of my life. In the end, you didn't want me after we slept. Boohoo."

Lin Fan said, "Which day five months ago? Where did we sleep?"

The woman said aggrievedly, "Why are you still asking? It was May 12th. I even went to your house. You drove me home in that sports car. Have you forgotten?"

Lin Fan smiled and said, "Oh? I'm filming the first season of Joy of Life on May 12th. Why would I have time to bring you back to my house?"

The woman panicked and said, "Then I forgot which day it was. Anyway, it's May. There are so many days. Who can remember it so clearly?"

Lin Fan said, "I wasn't in Shanghai for the entire month of May. I was working on set and sleeping with the director every day. Don't tell me you can't even remember where you slept?"

The woman said, "Boohoo, you don't want me anymore. You slept with me in April too. Have you forgotten? Also, that time in June was also with you. I've forgotten where it was exactly. You made me do it so many times. How can I remember it clearly every time?"

Lin Fan said, "Madam, I opened a restaurant every day in April and worked non-stop. Every time I went home at night, the security guards kept records and videos as evidence. As for June, I'm busy preparing for the Legend of Sword and Fairy and the post-production for Joy of Life. If I want to sleep, I'll sleep with my girlfriend at night. How can I have time to see you?"

When the woman heard that, she panicked.

When Lin Fan asked her, she hadn't even thought of how to answer.

The woman said, "You're just quibbling now. You've done it to me so many times. Have you forgotten? You held my hand outside and said those sweet words to me."

Lin Fan said, "At that time, I was already a big star. Everyone on the Internet knew me. Even when I drove a sports car, there would be people chasing after me. I've dated you so many times. Don't tell me no fans didn't take photos of us together?"

At this moment, Su Muqing walked to Lin Fan's side and took the woman's hand away. She said, "Madam, I suspect that you're suspected of spreading rumors, defamation, and fabricating lies. You've seriously damaged Boss Lin's reputation. According to the law, you'll be sentenced to at least three years and up to ten years in prison."

"Your child is already six months old. In another four months, it will be born. At that time, you can personally do a DNA test with Boss Lin. If it's not Boss Lin's child, we can completely confirm that you're spreading rumors and slandering him. However, at that time, you still need to compensate Boss Lin tens or even hundreds of millions in damages," Su Muqing said.

When the woman heard that, she was completely stunned.

If she went to jail... no one could save her.

She still had to pay tens of millions in compensation? How could she afford that?

Su Muqing smiled and said, "Madam, did you get the wrong person? Perhaps what you said is true. You just got the wrong person. The person you slept with and the father of the child in your womb aren't Lin Fan, right?"

When the lady heard Su Muqing say that, she hurriedly nodded. "Yes, yes, yes. I've got the wrong person."

Seeing the woman say that, Lin Fan patted Su Muqing on the shoulder and smiled. "This lady can even recognize the wrong person on such an important occasion. I feel that she might have some mental problems. However, don't be afraid. I know experts and doctors in the field. They're willing to treat you for free. There's a comprehensive mental hospital in Shanghai. After staying in it for three years, you'll be fine."

When the woman heard about the comprehensive mental hospital, her eyes were filled with fear.

Holy shit!

The people in the comprehensive mental hospital were simply monsters.

Even if a normal person went in, they would be driven mad in no time.

Furthermore, it would be a three-year treatment from the moment she entered. She could not stand it.

The woman happened to see Gao Yong and hurriedly ran over to hug his thigh. "CEO Gao, you instructed me to do this. You can't be irresponsible to me. You have to protect me. You even said that as long as I do it, you'll give me 100,000 yuan."

Everyone looked at Gao Yong.

Gao Yong's expression turned from smug to embarrassed.

He thought that Lin Fan would be the one embarrassed. Who would have thought that in just a few words, this woman would cling to him?

Now, even he would be as embarrassed as he could be.

Gao Yong kicked the woman in the stomach and said, "Is this woman crazy? Why is she biting people everywhere? Send her to a mental hospital for treatment."

The woman looked at Gao Yong and held her stomach. The anticipation in her eyes turned into disappointment. "Gao Yong, you f*cking told me to slander Lin Fan and defame him. Are you not going to acknowledge me now? Damn it, I won't let you off. I won't!!"

Then, the woman was carried out by the security guards, and Gao Yong was scolded by the woman.

After that woman was carried out, her stomach hurt badly and she was sent to the hospital. In the end, the child was miscarried.

Gao Yong, on the other hand, had an ugly expression on his face. He flicked his sleeves and left. "How unlucky. Why does this kind of person like to slander others? First, slander Lin Fan, then slander me. I'm going to the washroom to rest."

Looking at Gao Yong's back view as he left, Su Muqing could not help but laugh. It was a cute smile.

"Hehe..." Su Muqing smiled and admired Lin Fan even more.

This was probably called asking for humiliation!

Chapter 418: Xia Wanqiu Appears

After a long time.

The business event was officially about to begin.

The big shots of various industries also appeared.

Regarding what had just happened, everyone had a tacit understanding and would not embarrass themselves.

After all, with Gao Yong's status, no one would easily offend him.

Lin Fan and Su Muqing walked together and found a place to sit down.

As more and more business big shots appeared, many of them came to toast Lin Fan.

“Hello, Boss Lin. I’m the person in charge of Huawei. Dong Yong, nice to meet you. You’re now Alibaba’s vice president and also a major shareholder of so many top companies. It’s really impressive,” Dong Yong said with a smile.

Lin Fan shook hands warmly. “Hello, CEO Dong. I admire you for making a domestically produced phone so well. I hope that domestically produced phones can continue to improve and become world-renowned as soon as possible.”

Soon, big shots from all walks of life came to shake hands with Lin Fan and toast him.

“Boss Lin, I’m the chairman of the Super Class Schedule, Bai Yongqiang. Nice to meet you. Is this your girlfriend? She’s really pretty,” Bai Yongqiang looked at Su Muqing and praised.

“She’s not my girlfriend,” said Lin Fan with a smile. “This is my assistant, Su Muqing.”

“Hello, Miss Su.” Bai Yongqiang looked at Su Muqing, his eyes brightening.

“Hello, CEO Bai.” Su Muqing smiled politely.

They should have shaken hands during this segment, but Su Muqing did not take the initiative to extend her hand, so Bai Yongqiang did not shake hands with her.

“Hello, Boss Lin. I’m in the real estate industry. My name is Haoxin. If there’s anything in the future, can I ask Boss Lin for guidance?”

“Hello, Boss Lin. I’m in the finance industry. My name is Zhao Tianang. Nice to meet you.”

“Hello, Boss Lin...”

When the big shots from all walks of life saw Lin Fan, their eyes were filled with admiration.

After all, Lin Fan had already become Alibaba's vice president at a young age.

Just this identity alone was enough to make most people worship him.

Although he was Alibaba's vice president and wasn't as famous as CEO Ma, Lin Fan was young.

The current Lin Fan was even 30 years younger than CEO Ma.

When CEO Ma retired in the future, Alibaba's successor might be Lin Fan!

Furthermore, Lin Fan was a major shareholder of Estee Lauder, LV, and Chanel.

Perfume, bags, cosmetics. In this field, Lin Fan had almost reached the limit!

It could be said that countless women would like Lin Fan.

Many women liked bags, perfume, cosmetics, and so on. Lin Fan had already become world-renowned for these things.

In everyone's eyes, although Lin Fan's qualifications couldn't compare to CEO Ma's, his future development had already exceeded that of countless people.

Su Muqing had always been by Lin Fan's side. When someone came to propose a toast, she would take a small sip.

She, who could not hold her liquor well, blushed after drinking some red wine.

This scene was extremely beautiful.

Lin Fan looked at Su Muqing and smiled. "You don't have to drink anymore. If you drink again, someone will help me do things later."

Su Muqing nodded obediently. "No, it's just that the taste of this wine... is quite nice."

Next, a business tycoon spoke at this business event.

Some were trying to rope in connections, while others were chatting with each other.

After all, in this industry, many big bosses knew each other. It was a good opportunity to build a relationship.

If the company encountered any trouble in the future, it could find someone to help. This was a function of connections.

Of course, this was also a gathering between the upper echelons. The various bosses were mostly discussing cooperation.

In reality, many big bosses came here to discuss and work with each other.

However, there were fewer people who could talk to Lin Fan. After all, Lin Fan's current entertainment companies mainly focused on developing and nurturing newcomers.

As for Estee Lauder, LV, and Chanel, they already had a mature model and market.

It could be said that Lin Fan didn't have to worry about these companies. They could receive huge profits every year.

All the big bosses came to familiarize themselves with Lin Fan, but they didn't really interact with him.

In between conversations, suddenly, the surroundings fell silent.

Everyone looked at the exit.

When the man walked out, many people exclaimed.

Gao Yong was out!

The Gao Corporation was the largest company in Jiang City. It involved almost all the real estate industries in Jiang City and the financial industry. Now, the Gao Corporation was the largest and most powerful company in Jiang City.

As the heir of the company, Gao Yong received the attention of various forces.

The real estate industry was still quite popular in this era, and there was a lot of room for promotion. Every piece of land could be sold for a high price.

Beside Gao Yong was a woman with outstanding looks. She was wearing a low-cut dress and had a unique aura. She almost crushed most of the girls present.

When everyone saw Gao Yong and the woman beside him, they could not help but exclaim.

This woman was too beautiful.

She was so beautiful that she could attract the attention of everyone and stun everyone.

With such a beauty, Gao Yong would be very proud.

Gao Yong and the woman walked out together. Someone immediately welcomed them warmly.

As Gao Yong walked, he looked at Lin Fan smugly.

Let's see what ostentation was.

What was gorgeous?

Who was the main character today?!

Who could attract the attention of everyone?

Gao Yong's gaze was also a demonstration.

He was telling Lin Fan something.

Even if Lin Fan's background was indeed awesome, he was still far from being able to compete with him!

The Gao family wasn't afraid of Lin Fan's current background at all!

Lin Fan didn't say anything. He looked at Su Muqing beside him and then at the woman beside Gao Yong. He shook his head.

Su Muqing lowered her head sadly. "Boss Lin, I've embarrassed you."

After all, Su Muqing was a great beauty. When she accompanied Lin Fan on stage, it didn't cause such a huge commotion. It was completely different from the way Gao Yong appeared now. Su Muqing blamed herself.

Lin Fan patted Su Muqing's head and smiled. "This is nothing. You're just not wearing a low-cut bra. If you wear it and show your long legs, I can guarantee that 100% of the men here will widen their eyes and stare intently. They will even have nosebleeds. After all, if we really compare looks, how can she compare to you? Most importantly, you're not famous enough. When you become a true superstar in the future, you'll also have a halo around you when you appear."

Su Muqing nodded thoughtfully. "Yes, yes. Boss Lin, then I'll wear a low-cut bra in the future and kill them instantly ~"

Lin Fan laughed. Su Muqing was really a little naive.

He had no intention of letting Su Muqing wear such clothes. Capable people did not need to decorate their appearance outside.

Suddenly, an even louder uproar sounded.

Everyone looked at the person walking out of the other exit.

Jiang City's Xia family!

Beside Xia Jiancheng was Xia Wanqiu.

Xia Wanqiu was wearing a standard evening gown.

When she appeared, her looks, temperament, and looks instantly killed everyone.

Every step she took seemed to have a halo around her that could attract everyone's attention.

Because Xia Wanqiu was really too beautiful.

Most of the people here had seen Xia Wanqiu's television dramas. Whether it was Joy of Life or the Legend of Sword and Fairy, they were all popular on the Internet!

When these people saw Xia Wanqiu in person, they exclaimed.

Xia Wanqiu was much prettier than on television!

She walked out and saw Lin Fan in the crowd.

Xia Wanqiu smiled sweetly. With just a smile, everyone's hearts seemed to melt.

She walked through the crowd, and all the people automatically moved aside.

She walked to Lin Fan's side step by step and made a cute meow gesture. Then, she held Lin Fan's arm.

At this moment, everyone was stunned!

Everyone's eyes were fixed on this scene.

The most beautiful woman had appeared at tonight's event.

She only had eyes for Lin Fan.

The media was frantically snapping photos. Some people had already screamed.

Xia Wanqiu was like a little bird leaning on Lin Fan. The two of them looked sweet together, attracting the attention of everyone.

At this moment, Lin Fan and Xia Wanqiu stood together as the main leads.

As for Gao Yong and the woman, they stood in the wind like a mess. Their expressions were as ugly as they could be. No one noticed them anymore.

The woman beside Gao Yong was instantly beaten by Xia Wanqiu!

Chapter 419: Gao Yong, Come Fight!

Xia Wanqiu stood beside Lin Fan. This scene had killed countless singles.

Everyone present exclaimed, their eyes filled with envy.

“Lin Fan and Xia Wanqiu’s relationship is really good. They look so loving. I knew it. That woman was framing Lin Fan. With such a pretty girlfriend, how could she fall for that kind of woman?”

“That’s right. Gao Yong was asking to be humiliated. He wanted to mess with Lin Fan but was defeated by him. In that case, Lin Fan’s ability can’t be underestimated.”

“That’s right. Lin Fan is Alibaba’s vice president after all. Just his identity alone isn’t weaker than Gao Yong’s. If it wasn’t for Gao Yong’s background, it could be said that Lin Fan would have completely crushed Gao Yong.”

“Tonight might be a battle between Lin Fan and Gao Yong. I think the two of them are already very hostile. Lin Fan has Boss Ma behind him, and Gao Yong has someone capable behind him. I wonder how things will turn out.”

....

On the other side, Gao Yong and the coquettish woman were walking together.

The bewitching woman could be said to be a little angry. She had put on so much makeup and dressed up so beautifully, but all the glory had been snatched away by Xia Wanqiu.

The bewitching woman said, "CEO Gao, Xia Wanqiu is really detestable. Lin Fan is also very detestable. He just had to come out at this time and snatch all my glory."

Gao Yong raised his eyebrows and said, "Don't worry. They can only be proud in this aspect. Soon, Lin Fan won't be able to fight with me anymore. He's not worthy."

Gao Yong's eyes were filled with smugness and confidence.

Although he knew that Lin Fan's background wasn't simple, Gao Yong didn't hesitate.

He was confident in his own strength!

At this moment, a figure walked out.

When everyone saw this figure, they exclaimed.

CEO Ma was here!

The media quickly surrounded him. CEO Ma appeared in front of all the business giants.

In front of many business giants, Ma was always the true figure at the top of the pyramid.

CEO Ma quickly stood on the stage and started speaking.

"I'm very happy that everyone is able to come to this important event. I also welcome everyone. I won't chat anymore. I'll make it short."

“Recently, Alibaba plans to perfect a business like Alipay and integrate it with the best technology. It can be used for convenient payments. Alibaba plans to carry out cashless transactions in a few Chinese cities and build a few cashless cities.”

“Alibaba has always been improving and developing. Everyone knows what Alibaba has achieved over the years.”

....

After CEO Ma spoke for more than twenty minutes, everyone listened with relish.

Alibaba wanted to make a cashless transaction. Such progress was a huge improvement for the entire civilization.

Furthermore, the security system of Alipay was very strong. Even the top hackers could not break in.

It could be said that Alibaba’s current direction and field were already the best in China.

This also represented Alibaba’s identity and symbol. At least in terms of payment, the function of Alipay was already an irreplaceable part.

At the end of the segment, CEO Ma continued, “Today, I have to introduce a very grand person to everyone.”

“I believe everyone has heard about it. I won’t hide it anymore. Starting three months ago, Alibaba’s second-largest shareholder has already changed. In other words, Alibaba’s vice president was already Lin Fan three months ago.”

“Everyone in Alibaba knows Lin Fan’s ability. Although Lin Fan is Alibaba’s vice president, Lin Fan rarely gets involved in Alibaba’s matters because Lin Fan has his own career.”

“From today onwards, I’ll make my stand here. Lin Fan is one of Alibaba’s members. What Lin Fan encountered is Alibaba’s matter. Whatever field Lin Fan wants to do, Alibaba’s shareholders and higher-ups will fully support him. As long as it’s not illegal, Alibaba will fully support Lin Fan.” CEO Ma smiled and looked at Lin Fan.

“Now, let’s invite Boss Lin on stage and give everyone a speech,” CEO Ma said with a smile as he looked at Lin Fan.

Lin Fan walked onto the stage and looked at everyone. “Here, I’m also very grateful for CEO Ma’s help. Without CEO Ma, I wouldn’t be where I am today. Although I’m Alibaba’s vice president now, I almost don’t deal with Alibaba’s matters. This is because Alibaba has a very complete system. There are many people in the professional field and there’s also CEO Ma, who is a stabilizing force. He doesn’t need me, Lin Fan, to do anything. I believe that with CEO Ma and Alibaba’s employees around, Alibaba will definitely do better and better in the future.”

“As for me, I’m in the entertainment industry. Jiaxing Entertainment is my company. If anyone wants to work with Jiaxing Entertainment, I’m very welcome. Of course, everyone knows that I’m not only involved in entertainment. At the same time, I’m also involved in many cosmetics, luxury goods, and many other fields.”

“And today, what I want to say is that my fiancée, Xia Wanqiu, is in the real estate industry in Jiang City. As everyone knows, the real estate industry is a very popular industry now. I will also announce here that I will officially enter the real estate industry!”

“It’s not just the real estate industry in Jiang City. There are also Shanghai, Beijing, and many other real estate industries. I might enter them together. I welcome any CEO who is interested to work with me. However, I heard that CEO Gao has already done very well in the real estate industry in Jiang City. He will meet many competitors in this industry. Of course, I will compete fairly with everyone.”

Lin Fan looked at Gao Yong and said calmly.

What he said was very simple.

Although it was said very officially, there was only one meaning.

That was, he was going to do real estate.

Gao Yong, come and fight!!

This was his challenge to Gao Yong!

Whether Gao Yong accepted this tactic or not, from today onwards, Alibaba, Estee Lauder, LV, Chanel, Bugatti, and even Yunhang Technologies would fully support Lin Fan in the real estate industry.

All the companies behind Lin Fan would also support Lin Fan in fighting Gao Yong!

Whether Gao Yong accepted the challenge or not, Lin Fan would fight immediately!

Those who wanted to support Lin Fan could stand on his side.

Those who wanted to support Gao Yong could also stand on his side.

Lin Fan made all the business tycoons present choose to side with him.

If the two top companies chose the wrong side from the start, the outcome might be very tragic.

Only by following the right big boss could he stand firm in the real estate industry!

CEO Ma looked at Lin Fan and smiled in satisfaction.

This was the aura he wanted.

If anyone dared to bully Alibaba's vice president, then... Alibaba would flatten them!
