

## **I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 425-429**

### **Chapter 425: CEO Wang and Bill Gates' Cooperation!**

Seeing that Bill Gates' attitude had changed, many of the business tycoons present were shocked.

This was Bill Gates...

Even Bill Gates had decided to help Lin Fan!

The moment Lin Fan took out the driverless technology, he had already conquered everyone present.

Driverless technology was a precedent in the entire world!

If it was a mature driverless technology, if it was used globally, it would be enough to overturn the current situation in the world, or even change the entire world!

The economic benefits involved were far from what other things could compare to.

Bill Gates was the founder of Microsoft. He had reached the peak of perfection in this field.

If he had the help of Microsoft and Bill Gates, it would definitely be much simpler to promote driverless technology.

At that time, how many economic benefits could there be worldwide?

He could also work with many car companies.

If these car companies all had mature driverless technology, how many people would be willing to buy such a car?

Jiaying Entertainment had not only reached the forefront of entertainment, but it was also guiding technology.

In terms of technology, Jiaying Entertainment might be able to do quite well.

Furthermore, this driverless technology had even received a national patent.

Being able to receive a national patent was equivalent to obtaining the country's approval!

Then... the only thing left was to make good use of such technology. If there were any problems, he could improve on it.

After the company opened, they could conduct a pilot and invest in it. If they could succeed, they could use it on a large scale.

Therefore, this was also the reason why Bill Gates was tempted.

Bill Gates saw that Lin Fan's expression had softened and smiled. "I knew that Boss Lin was so generous. Don't worry, Boss Lin. Our two companies will definitely be the best business partners in the future. After the company is established, I'll come to China in a few days to meet Boss Lin personally and take a look at the driverless technology. I hope that Boss Lin will cooperate with us."

Lin Fan smiled and didn't say anything.

After all, once this technology was mature and used, the economic benefit it could produce was incomparable to anything else.

Bill Gates looked at Su Xiaoyu and smiled apologetically. "Miss Su, it was my fault just now. Don't be angry. Microsoft has already decided to stand on Boss Lin's side in the future!"

What Bill Gates said was equivalent to pushing the Gao family into a bottomless abyss.

Even Bill Gates had been roped in by Lin Fan. One could imagine the fate of the Gao family.

Su Xiaoyu raised her beautiful eyes and said, "Thank you, but Microsoft might not be able to work with Master. As for whether we can work with him or not, it depends on Microsoft's sincerity."

Bill Gates nodded. "Don't worry, Boss Lin. Microsoft will definitely show our best sincerity to work with you."

After hanging up, CEO Wang walked to Lin Fan's side and smiled.

"Boss Lin, our Wanda also has a very strong economic foundation, and this driverless technology is a huge project. Boss Lin, do you want to consider working with our Wanda? In order to express our sincerity, Wanda will offer the most suitable price to participate in the competition. I hope that Boss Lin can give our Wanda a chance," CEO Wang said.

After all, CEO Wang was the big boss of Wanda. He was also a shrewd businessman.

Helping the Gao family could allow him to seize some opportunities in the real estate industry and earn more money. That was all. This was also why CEO Wang chose to help the Gao family.

But in business, these top business big shots knew very well that only benefits could make them friends forever.

Mature driverless technology was enough to change an era. In the real estate industry, there was no need for Wanda to be completely tied to the Gao family.

Lin Fan could still do real estate. Wanda could also help Lin Fan do real estate!

After all, Lin Fan's background was terrifyingly big.

Su Xiaoyu, Boss Ma, and now Bill Gates. Who could withstand this?

Fortunately, there was no Jobs. If Jobs was called over again, it would be enough to shock the world.

Just Lin Fan's background alone made CEO Wang want to work with him.

If he worked with Lin Fan, Wanda would be able to reach the forefront. Furthermore, CEO Wang could predict that countless large companies would come to work with Lin Fan.

Even the country would support this technology. If it could be used maturely, there would be people around the world who would support it.

Lin Fan looked at the CEO of Wanda and smiled. "CEO Wang, I remember that you didn't plan to work with our company just now."

CEO Wang smiled in embarrassment. "Sigh, I was just joking. How can I not work with Boss Lin? I should punish myself twice as much. Boss Lin, we're both businessmen. I don't like to beat around the bush, so I'll be direct."

"In order to express Wanda's sincerity, Wanda is willing to invest two billion dollars in CEO Lin now to do real estate. At the same time, CEO Lin can also use Wanda's resources to do real estate. Not to mention how big CEO Lin can do in the real estate industry, I can guarantee that as long as CEO Lin needs it, Wanda will definitely agree to it!" CEO Wang said.

He just casually said two billion!

Two billion yuan to invest in Lin Fan's real estate.

This was already a huge sum of money!

The two billion yuan in liquid funds were enough to show Wanda's sincerity to Lin Fan.

"Boss Lin, this is only the beginning. In terms of this technology, you have to give Wanda a chance. CEO Ma and I know that such a project requires a lot of money. Wanda can also bear a portion of this money," CEO Wang said with a warm smile.

When Lin Fan heard that CEO Wang would give him two billion, he smiled.

If Jiaxing Entertainment wanted to build a large technology company, it would need to spend a lot of money. Furthermore, technology companies and entertainment companies were separated from each other, so they needed to choose a new location and the company had to be redesigned and renovated.

After he succeeded, he still needed to recruit people. It was very complicated to really establish a big company, and doing these things ultimately required money.

Without money, it would be difficult to move forward.

Lin Fan had just emptied his fortune to help the Su family. He didn't have much money now.

CEO Wang's two billion just happened to relieve Lin Fan's urgent needs.

Now, CEO Wang and Bill Gates had publicly supported Lin Fan.

Then, in the real estate industry, Lin Fan could go all out and destroy the Gao Corporation!

### **Chapter 426: Destroying the Gao Family!**

Lin Fan shook hands with CEO Wang and smiled. "CEO Wang, then I'll accept it. I've already felt CEO Wang's enthusiasm. I'll accept this two billion first. In the real estate industry, I'll definitely work well with CEO Wang."

When CEO Wang saw Lin Fan accept the money, he beamed.

As long as he received the money, it would be easy to do things.

Wanda also wanted to work with Lin Fan. As long as she could settle this driverless technology, who knew how much money she could earn in the future?

Lin Fan roughly knew CEO Wang's character. When it came to doing business, he would never be vague.

He looked at CEO Wang and smiled. "Then about the Gao family. After all, the Gao family is very powerful. It's inevitable that they'll have an impact in the real estate industry."

CEO Wang immediately said, "Boss Lin, my sincerity is already here. As for the Gao family, you don't have to worry. In the real estate industry, Wanda will always be on Mr. Lin's side."

When Lin Fan heard that, he smiled. He had already pulled CEO Wang and Bill Gates over.

What he had to do next was to make the Gao family pay!

After confirming their relationship with CEO Wang, many business giants also changed sides.

“Boss Lin, can you consider our company when you work with us? Ignoring everything else, our company has a lot of money and is willing to contribute. Boss Lin, you can contact us when the time comes. This is my business card. It’s our company’s honor to be able to work with you.” A fat man handed the business card to Lin Fan.

“Boss Lin, I’m the vice president of Volkswagen. I’m very interested in your driverless technology. If you’re willing, our company is willing to test it for free. If anything goes wrong, we’ll bear the responsibility. At the same time, we’re willing to pay 80 million yuan to show our sincerity.”

“Boss Lin, our company can take out 90 million. Can we invest 90 million?”

“This project is China’s future, and we can earn a lot of money in the future. Boss Lin, our company is also willing to invest. Although the money isn’t much, only about 60 million, we can work hard. Boss Lin, you have to consider working with our company.”

....

Looking at everyone’s enthusiasm, Lin Fan just smiled brightly and said, “We can consider it, but everything will have to wait until the company is established. If everyone wants to work together, you can contact Jiaying Entertainment. Jiaying Entertainment is willing to accept anyone with ambition. Then, we can discuss the details of the cooperation.”

After sending off the big shots, Lin Fan looked at Boss Ma.

Only CEO Ma was still here. CEO Ma looked at Lin Fan and gave him a thumbs up.

“I didn’t expect that Boss Lin’s team would actually develop such a technology. Boss Lin, you have to let Alibaba participate in this matter. As for how you want to participate, Alibaba can settle it. If you lack funds, Alibaba can solve it. Furthermore, doing this technology requires a lot of time, money, and costs. It’s not that easy. Of course, there’s also a risk that you won’t be able to do it. No matter what, I think highly of you,” CEO Ma said with a hint of surprise in his eyes.

He knew that a talent like Lin Fan wouldn’t disappoint him.

After CEO Ma finished speaking, he patted Lin Fan on the shoulder and left with a smile.

There were only three girls left beside Lin Fan. They were Xia Wanqiu, Su Muqing, and Su Xiaoyu.

Su Xiaoyu blinked her big eyes and held the candy. She walked to Lin Fan's side and smiled sweetly. "Master is really amazing. He almost defeated the Gao family alone. The Gao family is in a bad state now. All their backers have been roped in by Master."

Lin Fan smiled and said, "This is only a prerequisite. If we want to completely destroy the Gao family, we still need some time. It's also more troublesome. The Gao Corporation's overall strength is still very strong."

Su Xiaoyu patted her chest. "It's fine. Leave it to me. It's still the same thing. In three days, the Gao Corporation will be completely bankrupt. At that time, Master will be able to get most of the real estate in Jiang City. However, Master will have to prepare a lot of money. This is called... taking advantage of the situation!"

Lin Fan thought for a moment and said, "How much do you need?"

Su Xiaoyu tilted her head. "Mmm... When the time comes, prepare more than ten billion ~ I'll help Master fork out another ten billion. At that time, I can buy almost a hundred billion worth of property from the Gao family. If the Gao family doesn't accept it, they'll be completely bankrupt."

"Of course, if they accept it, it won't solve their huge debt. At that time, Master can take over all the Gao family's property industries, and these property industries can have huge benefits every year," Su Xiaoyu said with a smile.

"Over ten billion? Do you think I'm a money printer?" Lin Fan looked at Su Xiaoyu in shock.

Where could he get more than ten billion yuan now? This was too difficult, not to mention that he still had to open a company. Furthermore, Jiaying Entertainment was operating every day, so it would cost a lot of money.

Although Lin Fan was already a rich man, he still felt very poor.

Xia Wanqiu blinked and took out her bank card. "Here, I have more than 600 million ~"

Su Muqing also took out her bank card. "Well... there's more than two million in this card..."

Lin Fan patted Xia Wanqiu's head and stopped the two girls from taking out their bank cards. "Alright, let me think of a way ~"

Su Xiaoyu looked at Lin Fan. "Master, you can look for me. I'm rich ~ What's wrong? Master won't lose face by asking a beauty for money. You can return it to me when you have money in the future."

Lin Fan looked at Su Xiaoyu. There was indeed a super rich woman beside her.

However, this 10 billion was really not something that ordinary people could take out.

It was very difficult to borrow money. No one would have ten billion dollars to lend to Lin Fan out of thin air.

Lin Fan shook his head. "That won't do. Am I the kind of person who freeloads?"

Xia Wanqiu smiled sweetly. "Yes, you still owe me two million."

Lin Fan held Xia Wanqiu's hand. "No, that's my wife's money. It's different."

Su Xiaoyu puffed up her cheeks. "Hmph, you're angry! You're still showing off your love in front of me!!!"

Lin Fan smiled and said, "I suddenly remembered something. I can go to the bank to take out a loan. A loan of more than ten billion yuan is about right. However, you have to defeat the Gao family first."

Su Xiaoyu stood up. "Yes! I'll destroy the Gao family in three days!"

"Alright, I'll defeat the Gao family in three days. Let's not talk about it for now. Let's go home first. I'll make a feast for you guys tonight," said Lin Fan with a smile. He grabbed Su Xiaoyu's arm and they got into the car.

Amidst the laughter, they returned to the Xia family.

That night.

Gao Yong stood in the villa and looked at the night view of Jiang City. He could not help but open his arms and bathe in the wind.

“I thought Lin Fan was amazing. I didn’t expect Lin Fan to be so weak.”

“Today... what can Lin Fan do to my Gao Corporation? Could it be that Lin Fan can defeat my Gao family?”

Then, Gao Yong received a message and turned on his phone.

Boom!

Gao Yong’s head seemed to explode, and his hands were trembling.

How was that possible...

How was this possible...

Not long after he left the banquet, Lin Fan roped in CEO Wang and Bill Gates.

Gao Yong looked at the contents of the message and roared, “Lin Fan, f\*ck your mother!!!”

#### **Chapter 427: In My Eyes, There’s Only You**

Jiang City, Xia family.

When Lin Fan brought the girls back, everyone in the Xia family exclaimed.

After all, the current Lin Fan was no longer the same as before.

They all knew Lin Fan’s identity and background. He was stronger than the entire Xia family.

“Brother-in-law Lin Fan is back and he even brought Sister along. I don’t know why, but why do I feel that Brother-in-law can be so handsome?”

“Brother-in-law is handsome, and he’s super awesome. I heard that he was invited to the Pearl Hotel for a business event tonight.”

“I wonder how it’s going with the Gao family. Hmph, no matter how awesome they are, they can’t compare to Brother-in-law. Brother-in-law is super awesome now!”

The girls gathered together and looked at Lin Fan with wide eyes.

Xia Jiancheng also looked at this scene worriedly. When he saw that Lin Fan, Xia Wanqiu, and Su Xiaoyu’s expressions weren’t so solemn, he relaxed a little.

However, Xia Jiancheng didn’t say anything to Lin Fan, afraid that he would give him too much pressure.

When they reached the room, Lin Fan smiled and said, “A few days ago, it was Old Master’s birthday. I haven’t made dinner for everyone. Today, I’ll make dinner for everyone.”

Seeing that Lin Fan was going to make dinner, Xia Lan and a few other women walked out. They were all smiles as they said, “Cooking is our business. How can we let you work so hard? You guys have just finished your work. Take a rest beside us. We’ll do the rest.”

Lin Fan continued, “Today, I mainly want to let the uncles and aunties rest. Let me cook. I’ve brought a lot of danger to the Xia family recently. Let me settle the cooking.”

Xia Wanqiu also walked to Lin Fan’s side and smiled sweetly. “I’ll help you ~ Auntie, Lin Fan cooks very well. His food is even better than that of the chefs in five-star hotels ~”

When Xia Lan heard that, she shook her head gently and said, “Then you two can be busy. Let us know when you need help. Seriously, you’re still so young. Wanqiu hasn’t even been in the kitchen before, right? Lin Fan is also the same. What a delicious feast can he make? He’s even comparable to a chef from a five-star hotel. Beauty is in the eye of the beholder. No matter what, I’ve accepted this friendship.”

Xia Lan clearly didn’t believe that Lin Fan could make such a delicious feast. Wasn’t that nonsense? In her eyes, Lin Fan was already so busy with work. How could he personally cook? That would be too tiring.

Only Lin Fan and Xia Wanqiu were left in the kitchen.

On the other side, Su Xiaoyu stuck her head in and looked at Lin Fan. She giggled. "Hehe, Master, can I come in and help too?"

Lin Fan knocked Su Xiaoyu's head. "Move aside with your culinary skills. Don't make the kitchen smoke."

Su Xiaoyu held her head. "It hurts. Aiya, I just don't know how to cook. Then the two of you can cook. I'll wait to eat the ready-made food ~"

On the other side, Su Muqing sat outside naturally. She turned on her computer and was dealing with some work.

She was still very serious. Even on such a relaxed occasion, she had to handle Jiaxing Entertainment's work seriously. This was her duty.

Su Xiaoyu lay on the sofa with candy in her left hand and potato chips in her right. She started watching dramas.

Su Muqing looked at the potato chips beside Su Xiaoyu and said softly, "You'll get fat if you eat potato chips. The boss won't like it if you get fat."

When Su Xiaoyu heard Su Muqing say that, she smiled brightly. "Aiya, you won't get fat. Eating more potato chips is beneficial to your health."

Su Muqing blinked. "What if I get fat?"

Su Xiaoyu puffed up her cheeks and said, "Hmph, this is what you don't understand. Men don't like girls who are too thin, but those who should be fat. For example, breasts. Those that should be thin are thin. It's not good for your body to be as thin as you are."

Su Muqing understood. She straightened her back and looked at her chest.

Then, Su Xiaoyu looked at it too.

Immediately, Su Xiaoyu was not in the mood to eat chips and felt a little wronged.

Why... were theirs so big?

Just hers was so small.

Su Xiaoyu held Su Muqing's arm. "You're not allowed to work anymore. You have to tell me how to make this place bigger."

Su Muqing blushed. "I don't know either... I heard that drinking more milk can..."

After saying that, Su Xiaoyu immediately got up and went around looking for milk.

She finally knew why her master did not like her. It was because of her small breasts.

If she drank more milk, she might really become bigger!!

....

In the kitchen.

Lin Fan was already chopping the vegetables. His knife skills were very meticulous.

Whether it was cutting carrots, potatoes, meat, or even fish, they were all so precise. Without more than ten years of knife work, one could not reach this stage.

Then, it was time to cook a feast.

First, he made braised fish. After a series of complicated procedures, he cooked it again.

In the fog, Lin Fan turned to look at Xia Wanqiu and realized that she was washing the vegetables.

Xia Wanqiu also noticed Lin Fan. She held the cucumber in her left hand and the potato in her right hand and made a cute gesture. "Meow, meow? Hmm... I want a hug ~"

Seeing Xia Wanqiu like this, Lin Fan walked to her side and gently hugged her slender waist, integrating the girl into his arms.

Xia Wanqiu was still sweating. It was obvious that the work just now had tired her. She gently leaned on Lin Fan's shoulder.

Lin Fan felt that the girl's waist was really soft.

So this was how it felt to hug Xia Wanqiu. He wanted to protect her forever.

Xia Wanqiu looked at Lin Fan and smiled sweetly. "Lin Fan, I feel that Xiaoyu likes you very much too. Why don't you marry her too ~"

After all, Su Xiaoyu was indeed very beautiful. Here, Lin Fan felt that Xia Wanqiu was serious.

As long as he made a certain choice, he could open another door forever and live a happy life together.

However, Lin Fan quickly kissed Xia Wanqiu. "Xia Wanqiu, I don't want to hear such words again."

"I met you in junior high. At that time, you were so beautiful. You were my deskmate for so long in junior high. In the end, we were both admitted to the same school in high school and were deskmates for three years. Xia Wanqiu, today, I want to tell you seriously that I only have eyes for you."

If he liked someone, he had to give her eternal happiness.

It was true that there were many outstanding girls outside, but Lin Fan met Xia Wanqiu first.

Lin Fan hugged Xia Wanqiu. "You're my girlfriend now, and I'm your boyfriend. This is a responsibility that a boyfriend should shoulder. That is, I only have eyes for you. I'll only look at you forever."

#### **Chapter 428: If The Cat Didn't Agree, It'll Be Fierce!**

After the feast was prepared, even the old man personally attended.

Today, Lin Fan made some home-cooked dishes. Yuxiang shredded pork, braised eggplants, braised pork, braised fish, fish soup, twice-cooked pork, fried eggs, stewed beef with potatoes, and shredded potatoes with green peppers. Of course, he also prepared a few vegetable salads.

The vegetable salad was for Su Muqing and Xia Wanqiu. The two of them had been on a diet recently, but Su Xiaoyu did not care.

Then, after the Xia family ate it, their expressions changed.

Xia Qianqian's eyes lit up. "Ah ah ah, how can Brother-in-law's feast be so delicious? Especially this braised pork. It's amazing. I've never eaten such delicious meat before."

Xia Lan was also shocked. "No way... Lin Fan's feast can actually be so delicious. This meat and this soup are too fragrant once they enter my mouth..."

Su Guoqiang nodded. "This... I've eaten for so long but I've never eaten such a feast. I'm tired of eating Yuxiang Shredded Pork. In the end, why is Lin Fan's Yuxiang Shredded Pork different?"

Xia Jiancheng took another bite of the potato. "This potato is so soft. The taste is really incomparable."

Xia Jiancheng gave a thumbs up and looked at Lin Fan. "As expected of someone who has opened a restaurant before. His culinary skills might even be better than that of a chef from a five-star hotel. Our son-in-law's feast is already so delicious, haha."

Xia Wanqiu blushed and looked at Xia Jiancheng. "Dad, I'm not married yet."

Xia Jiancheng picked up a glass of wine. "It's only a matter of time. There's no hurry. Lin Fan, let's have a drink. Previously, we agreed to play Chinese chess. It's still the same thing. If you win against me, I'll let you sleep with Wanqiu tonight. If you can't win against me, go home, haha."

Xia Jiancheng was obviously interested. After he asked Su Xiaoyu, Lin Fan had already roped in CEO Wang and Bill Gates from Wanda. He was no longer worried about the Gao family.

Lin Fan had so many big bosses behind him. Who could compare to him? No matter what background the Gao family had, under the siege of so many big shots, the Gao family would definitely go bankrupt.

This made Xia Jiancheng acknowledge Lin Fan from the bottom of his heart. At least Xia Wanqiu wouldn't suffer if she followed Lin Fan.

Lin Fan also picked up a glass of wine and laughed. "Alright, Uncle. Then let's finish our wine tonight and start playing chess!"

Xia Jiancheng frowned. "What uncle?"

Lin Fan looked at Xia Wanqiu and held her hand under the table. He smiled and said, "Dad!!"

"Haha, sure. Lin Fan, I'll leave my daughter to you then. But you still have to get past me in chess," Xia Jiancheng said with a smile.

Lin Fan also drank a glass of wine and held Xia Wanqiu's hand.

Feeling the coldness in his hand, Lin Fan felt a strong sense of happiness.

Having such a girlfriend was probably the happiest time in his life.

After dinner, Lin Fan and Xia Jiancheng officially set up the chessboard.

In the room, children were playing. Some adults walked over curiously and watched Lin Fan and Xia Jiancheng play chess.

Xia Wanqiu held the tea and made tea for Lin Fan and her father.

However, the old man was unhappy. Those were her treasured tea leaves!

The first game of chess began.

Lin Fan felt that his level had already exceeded Wang Tianyi's. Wasn't it easy to torture his father-in-law?

In the end... Lin Fan made a mistake in the first round and lost completely.

Xia Wanqiu: “!!!”

Su Xiaoyu: “!!!”

Su Muqing: “!!!”

The three of them knew how good Lin Fan was at chess.

In the finals, Wang Tianyi turned the tables after taking the lead for two rounds.

From then on, Lin Fan’s chess skills improved significantly.

But who would have thought that Lin Fan would lose in the first game?

It was a complete defeat.

Xia Jiancheng was also beaming. “Lin Fan, come, let’s play another round. If you lose this round again, don’t sleep with Wanqiu tonight.”

Lin Fan’s killing intent surged. Come, let’s fight!

If he won against his father-in-law, he could sleep with Wanqiu.

At that time, something might happen. How exciting would that be?

He was about to succeed the last time, but Su Xiaoyu interrupted him.

Tonight, he didn’t care.

Lin Fan was really going to fight.

Of course, the most important mission was to defeat Xia Jiancheng first!

Lin Fan immediately became serious.

In the first game of chess, Lin Fan realized that Xia Jiancheng's chess skills were quite strong. He wasn't as weak as he had imagined.

Xia Jiancheng's chess skills had indeed reached the threshold of a professional player.

After the second round of chess started, Lin Fan was serious. He had thought that he would definitely crush them.

No one expected that the two of them would end up in a draw!

The second round was actually a draw!

His father-in-law's chess skills were actually so amazing.

At this moment, Lin Fan felt his heart ache.

He played a game of chess seriously and actually reached a draw.

At that moment, Lin Fan's heart seemed to shatter.

Because he hadn't won this game of chess, Lin Fan couldn't sleep with Xia Wanqiu tonight.

Lin Fan looked at Xia Wanqiu silently, hoping that his wife would give him a chance.

In the end, Xia Wanqiu could only show an innocent expression, indicating that she was helpless.

In the third round, Lin Fan finally got his revenge and won Xia Jiancheng.

In the fourth round, Lin Fan still won against Xia Jiancheng.

In the fifth round, Lin Fan and Xia Jiancheng drew again.

Xia Jiancheng looked at Lin Fan with a hint of shock in his eyes. "I didn't expect you to be so good at chess. I didn't expect that your level of chess has probably reached the level of a professional player, right?"

A professional player!

When they heard about professional players, everyone could not help but hold their breaths.

They knew what it meant to be a professional player in Chinese chess.

If he became a professional player, it would be very difficult for other amateur players who liked Chinese chess to win no matter how they played.

The chess skills of professional players were incomparable to that of ordinary amateurs.

Xia Wanqiu smiled and said, "Lin Fan is the number one player in Chinese chess now. He has already defeated Wang Tianyi ~ He even received a bonus and an honor certificate."

Hearing Xia Wanqiu say that, Xia Jiancheng perked up. "So you're the champion. I was wondering why Lin Fan's skills were so amazing. Come, come, let's play another round. Lin Fan, don't give in to me. If you win this round, I'll let you sleep with Wanqiu."

Xia Wanqiu's face was already red as she glared at her father, but Xia Jiancheng did not see it at all.

Whether to sleep or not, she hadn't agreed yet!!

If the cat did not agree, it would be very fierce and would bite!!!

**Chapter 429: Gao Group's Doomsday!**

“Ding... Master, do you want to sign in?” The system’s voice sounded.

Lin Fan also remembered that he had a system.

After all, after the system upgraded, he could only sign in once a month.

Every time he signed in, he could get something good.

However, he did not know what good things he could get this time.

“Sign in,” said Lin Fan.

“Ding... Congratulations Master for signing in successfully.”

“Master has successfully signed in for a Misfortune Card. Misfortune Card: It can be applied to anyone. Those who are afflicted will face all sorts of bad luck. Duration: 24 hours.”

When the system’s voice sounded, Lin Fan’s eyes lit up.

In the past, the system would give him things that could be measured with money. Now, the things that the system gave him were completely different.

Previously, when he was preparing to start a war with the Gao family, Lin Fan had thought of using the system to deal with them. However, after the system was upgraded, the time to sign in changed.

Lin Fan felt pretty good after signing in to the Misfortune Card.

Gao Yong had been so arrogant previously. It was time for him to pay the price!

“Use the Misfortune Card on Gao Yong of the Gao Corporation in Jiang City,” said Lin Fan.

“Ding... Misfortune Card has taken effect. The Misfortune Card’s halo has already been automatically applied to Gao Yong. It will take effect automatically within 24 hours. The person being applied will have a halo of misfortune, accompanied by all bad luck.” The system’s voice sounded.

After using the Misfortune Card, Lin Fan looked at the scenery in the distance.

Su Xiaoyu said that the Gao family would go bankrupt in three days, and today was already the next day.

Of course, he still lacked about ten billion yuan.

These ten billion yuan could be borrowed from the bank.

With this 10 billion and Su Xiaoyu's operations, he could take over all the Gao family's assets.

If the Gao family refused, their family would be completely destroyed.

Lin Fan immediately brought Su Muqing to the bank.

When the staff of Construction Bank saw Lin Fan, they immediately smiled respectfully.

After all, Lin Fan had the best black card in Construction Bank and had very high privileges there.

With Lin Fan's status, the Construction Bank would at least need to send the president to receive him.

"Hello, Boss Lin. Sit down and have a cup of tea first. I'll go look for the president immediately ~ In the future, when you come to Construction Bank, you can call us in advance. Since you came down in a hurry, we can't receive you properly. Please understand." The customer service lady smiled sweetly. When she saw Lin Fan, her eyes were filled with admiration.

The main thing was... Lin Fan was really handsome.

Coupled with Lin Fan's current aura, he was mature, steady, and sunny. He was simply a young lady killer. This aura added a lot to Lin Fan's charm.

"There's no need to look for the president. Can you help me settle the paperwork for the loan?" Lin Fan asked.

“Of course. We have a professional VIP passageway for you. You can come here.” The customer service lady led Lin Fan to the VIP service window.

After Lin Fan sat down, he saw an even prettier bank staff sitting by the window.

“Hello, Boss Lin. How much do you want to borrow?” the staff smiled sweetly and asked.

“Is 10 billion convenient?” Lin Fan had never borrowed money before and didn’t know much about this. In his opinion, 10 billion was a huge number.

“10 billion? Alright, I’ll settle it for you immediately. It’s just that 10 billion in cash will take some time to transfer. I estimate that it will take at least 48 hours to reach your account,” the staff said.

“No problem. Do you need me to use anything as collateral?” Lin Fan smiled. After all, this was an important reason why he came to the bank for a loan.

“According to the workflow, it’s necessary. If you can take out an equivalent value, you can mortgage it ~” the staff said gently.

“But CEO Lin, you’re different. You’re the chairman of Estee Lauder, the vice president of Alibaba, and a VIP client of Construction Bank. You don’t need to tell us the purpose of the loan. As long as it’s reasonable and not illegal, you can complete the loan,” the staff said.

Lin Fan nodded. “Mmm, I’m going to invest in the real estate industry in Jiang City this time.”

The staff smiled and said, “Alright, you need to fill in a form and sign it. Then, you can complete the loan process.”

After Lin Fan signed the contract, he officially completed the ten billion yuan loan.

Actually, Lin Fan could borrow more money. For example, he could borrow hundreds of billions to invest in real estate.

However, lending so much money meant that he had to pay back so much interest. To Lin Fan, there was no need.

Since Su Xiaoyu said that ten billion was enough, ten billion was indeed enough.

Lin Fan was confident in her ability to do things.

....

In another place.

Gao Yong was furious.

“F\*ck, that f\*cking Su Xiaoyu and that f\*cking Lin Fan actually dared to attack our Gao family...” Gao Yong’s scalp went numb. For the past two days, the Gao Corporation had been in danger.

All the major suppliers ran away, and even the company’s executives were running away and resigning. No one wanted to have anything to do with the Gao family.

The suppliers who worked with the Gao family, as well as some staff in charge of building materials, had already left. A bunch of partners came to ask the Gao family for money.

The Gao Corporation could be said to have entered an apocalypse.

The shares of the Gao Corporation had fallen by 30% in just two days!

What kind of concept was 30%? Only during an economic crisis could there be such a huge decline.

The shares of the Gao Corporation had already fallen to their lowest point, and all the major shareholders were selling their shares.

As the Gao family’s company was in a crisis, many contracts had been breached and they still had to pay an astronomical penalty.

Su Xiaoyu’s work against the Gao family could be said to be flawless.

The Gao family... was completely broke.

Even Gao Yong's father, Gao Xuetong, was furious.

Gao Xuetong looked at Gao Yong. "What the f\*ck have you done? You actually offended Su Xiaoyu. She is backed by the richest man in the world. You've caused the Gao family a lot of trouble. Now that the suppliers have run away and the stocks have fallen, all the partners are calling crazily. Even the bank won't lend us money. Hurry up and think of a way."

Gao Yong picked up his phone with a pained expression. "I don't want to either. I'll contact CEO Wang immediately. CEO Wang said that he would help us. I believe CEO Wang will definitely help us."

Gao Yong called CEO Wang and said humbly, "CEO Wang, I'm Gao Yong... Previously, did you say that if the Gao family was in trouble, you would help my Gao Corporation?"

CEO Wang nodded casually. "Yes."

Gao Yong laughed. "CEO Wang, the Gao family is facing a debt problem now. Can I borrow some money from you? When the Gao family recovers, we will definitely remember your kindness."
