

## **I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 430-434**

### **Chapter 430: At The End of The Line**

Gao Yong continued, "It's not much. I'll borrow 12 billion from you. What do you think?"

CEO Wang sneered and said, "I can lend you 2,000 yuan for humanitarian reasons. There's no need to talk about more."

Gao Yong was shocked. "2000 yuan? CEO Wang, are you joking with me?"

CEO Wang's cold voice rang out. "You're asking to borrow 12 billion from me at once. Do you think Wanda is kind? You can borrow 12 billion just like that. Look at the Gao family now. Do you think you're worthy of talking to me?"

Gao Yong hurriedly smiled apologetically and said, "CEO Wang, I'm sorry, I'm sorry. How did our Gao family offend you? Please help us."

CEO Wang sneered, "You guys offended Lin Fan. Do I need to say more? What kind of background does Lin Fan have? He has Su Xiaoyu behind him, the Xia family, the Huo family, and the Su family. Any big family would not be afraid of your Gao family. But you guys first offended the Xia family, then the Su family, and even attacked Lin Fan."

"I can tell you clearly that even I don't dare to underestimate Su Xiaoyu's ability. Even Wanda doesn't dare to offend Su Xiaoyu. No company dares to really offend Su Xiaoyu. Once Su Xiaoyu makes a move, any company will be finished. Your Gao family will go bankrupt."

The phone only rang.

CEO Wang hung up.

Gao Yong was a little disheartened.

He had never expected that Su Xiaoyu would be so ruthless when she was just a girl.

At the same time, he gave the Gao family pressure from all aspects. It was only the second day and the Gao family was about to go bankrupt.

"It's over... it's completely over..." Gao Yong held his phone and sat down.

Just as he sat on the chair, Gao Yong's chair suddenly broke.

Gao Yong screamed and fell to the ground.

As he fell to the ground, Gao Yong accidentally tripped over the table again.

The cup on the table fell to the ground, and the hot water splashed onto Gao Yong's hand. The broken glass shards pierced into Gao Yong's hand.

“Ah... ah...” Gao Yong’s face was filled with pain.

At this moment, the chandelier above Gao Yong’s head started shaking again.

Gao Yong was shocked and hurriedly dodged the chandelier. After rolling, he rolled down the stairs.

“CEO Gao, CEO Gao!!” When the security guards saw this, they hurriedly went over to help him up.

“CEO Gao, we’ll help you,” the security guard said.

Gao Yong glared at them. “F\*ck, you don’t have to help me. Damn you, Su Xiaoyu. Damn you, Lin Fan. I should kill you guys. I should make sure you guys die!”

The surrounding security guards did not dare to speak.

Then, Gao Yong went down the stairs, missed a step, and lay on the ground again.

This time, he heard the sound of bones breaking.

He had a fracture!

Gao Yong’s leg was fractured.

“CEO Gao!!! Quickly call an ambulance and bring CEO Gao to the hospital!” The security guards surrounded him crazily.

By the time he was done with so many things, it had been a night.

Gao Yong’s leg was also bandaged.

Gao Yong’s father, Gao Xuetong, kept smoking beside Gao Yong. He shook his head and sighed. Looking at the company’s situation, his heart was dead and his eyes were bloodshot.

Today, the shares of the Gao Corporation fell by 60%!

They had all fallen by 60%!

Gao Yong’s mother was crying at the side.

Gao Yong’s eyes were filled with killing intent. “Dad, our Gao family won’t go bankrupt. We definitely won’t. I also know a brother who has a good relationship with me. He’s the largest supplier in Jiang City and has a very good relationship with me. If I ask him for help, I’ll definitely be able to survive the current crisis.”

Gao Xuetong’s bloodshot eyes lit up. “Really?”

Gao Yong nodded. He had been in the industry for so many years and had some connections. He immediately picked up the phone and called Zhang Shiliang.

Zhang Shiliang was the largest supplier in Jiang City.

After the call went through, Gao Yong smiled and said, "Brother Liang, how have you been recently?"

Zhang Shiliang smoked a cigarette and said, "I'm busy. Why, what's the matter?"

Gao Yong said, "Brother Liang, didn't our Gao Corporation work with you on a piece of land? Can you handle that piece of land? Also, can you lend me 500 million? After I catch my breath, I'll give you the shares of the Gao Corporation."

When Zhang Shiliang heard that, he smiled coldly. "Pfft, who's your brother? When we worked together in the past, how did you take my commission? How much money did you make me earn? The benefits have all been taken by your Gao family. Now, you're pretending here. Let me tell you, CEO Su has already sent someone to discuss this with our suppliers. When your Gao family collapses, CEO Su will renegotiate with the suppliers, and the benefits will be redistributed. It will definitely be more profitable than working with your Gao family."

"You want to borrow money? Dream on!" Zhang Shiliang hung up.

Gao Yong hung up again.

His so-called brothers had all lost contact with him.

No one was willing to answer his call or lend him money.

Instead, there were countless creditors pressing for debts.

"Gao Yong, what about our previous project funds? Are you giving them to us or not?"

"Gao Yong, hurry up and give me the money. Otherwise, I'll sue you immediately. No matter how much you cheat, you'll have to spend at least ten years in jail!"

"Gao Yong, hurry up and take out the money. Otherwise, we'll go to the hospital to block the door today!"

Countless calls and messages were asking the Gao family to pay up.

At this moment, a girl brought ten security guards to the entrance of the hospital.

The girl was Su Xiaoyu.

Su Xiaoyu pushed open the door and walked in. She smiled sweetly. "Hello, CEO Gao."

When Gao Yong saw Su Xiaoyu, he was furious and wanted to rush out to hit her. However, his leg was broken. Let alone rushing down, it was difficult for him to even get off the bed.

Su Xiaoyu raised her beautiful eyes. "I'm here to save the Gao family. Don't you welcome me? If they don't, I'm leaving."

Gao Xuetong crushed the cigarette in his hand and knelt in front of Su Xiaoyu without hesitation. He said, "CEO Su, save our Gao family. Only you can save our Gao family..."

Such a plea was already shameless.

If the Gao family could not pay up, they would be jailed for at least ten years.

Su Xiaoyu sat down and chuckled. "Gao Xuetong is still smarter. If I don't come to save you, your Gao family won't be able to pay the debt. At that time, you will all go to jail. Furthermore, I have a lot of evidence of your secret operations. I'm afraid if you really go in, you will be sentenced to life imprisonment."

"I'll give you a price too. The debt you owe is about 39.9 billion, and your liquid funds are about 2 billion. I'm willing to pay 38 billion to buy all the Gao family's land, property, and villas. Of course, I'm not interested in your Gao family's villa. You can still live in it. If you leave 100 million behind, you can still spend it well," Su Xiaoyu said.

Hearing Su Xiaoyu's price, Gao Xuetong's face turned pale.

Gao Yong also spat out a mouthful of blood.

Gao Yong looked at Su Xiaoyu. "You're so ruthless. Our Gao Corporation's market value is 600 billion, but you actually wanted to buy it for 38 billion. Our real estate can be auctioned off. We won't sell it to you. Give up!"

Su Xiaoyu smiled calmly. "Then you can give it a try and see if anyone will buy the Gao Corporation's real estate. Not to mention anything else, even the bank won't help you auction it. If the bank wants to auction it, they'll first work with me."

"I can guarantee that when I walk out of this door today, no one will work with your Gao family. You will also go to jail. Think about it carefully."

Su Xiaoyu was usually just an innocent and beautiful girl, but when she displayed her business talent, everyone would sweat.

Today... the Gao Corporation was already heading towards its doomsday!

If they didn't return the money... what awaited the Gao family was the prison.

If the Gao family agreed to Su Xiaoyu's conditions today, the Gao family would become poor from then on!

Furthermore, no one knew what other tricks Su Xiaoyu had prepared to target the Gao family.

The Gao family had no choice.

Gao Yong clenched his fists and his face turned pale.

“CEO Su, don’t go.”

“Our Gao family is willing to sell!”

....

### **Chapter 431: Gao Yong’s Loneliness**

After signing this contract, all the Gao family’s land, property, hotels, office buildings, and other assets belonged to Lin Fan.

Su Xiaoyu held the contract and smiled. “Thank you for your cooperation. The money will be transferred to your accounts soon.”

The Gao family had to use this money to repay their debts.

Without this money, the Gao family would be sent to jail.

This was equivalent to fraud. After scamming tens of billions, who knew what kind of punishment he would receive?

After paying off their debts, the Gao Corporation declared bankruptcy.

The Gao Corporation, the former overlord of Jiang City, had been destroyed.

Gao Yong stood in the sky and smoked a cigarette, recalling most of his life.

It could be said that Gao Yong had always felt that he was a successful person.

But today, he felt what failure was and what hell was.

He did so much because he wanted to woo Xia Wanqiu. He wanted the Gao family to become richer. Was he wrong?

No, he wasn't wrong.

However, the winner takes all.

The Gao family was completely bankrupt.

Gao Yong finished smoking the cigarette in his hand and was scalded by the butt.

"So what if I lost? It's because my skills are inferior."

"Lin Fan, you're really amazing... I admire you a little. I once wanted to kill you, but now that I think about it, I was so stupid."

"You didn't kill me for treating you like this. This is probably the difference between us. Because of me, the Gao family is completely bankrupt."

"What face does someone like me have to live in this world?" Gao Yong slapped himself.

If he hadn't offended Lin Fan from the start, this wouldn't have happened.

"I'm sorry, Dad, Mom... I don't deserve to live anymore." Gao Yong's cheeks were pale as he stood on the 80-meter-tall building, wanting to jump down.

At this moment, a little girl's voice sounded.

"Daddy." The little girl looked at Gao Yong. She was holding a doll in her hand. She was a little timid and afraid. There were tears in her eyes.

"Huh?" Gao turned around bravely and looked at the little girl. Something in his heart trembled.

Gao Yong actually had an ex-wife called Zhang Xiuxiu, and the reason why he divorced Zhang Xiuxiu was that it was very difficult for him to have children.

After so many years, Gao Yong thought that he no longer had the ability to have children, but now, he heard a girl call him father behind his back.

“Daddy, don’t die... don’t die...” The little girl was already crying.

Beside the little girl stood Lin Fan.

Logically speaking, why would Lin Fan appear in such a place at this time?

Lin Fan didn’t want to help Gao Yong, but Lin Fan received a call from Gao Yong’s father, who was in his sixties. Gao Xuetong almost knelt down to beg Lin Fan to save Gao Yong.

“Lin Fan...” Gao Yong looked at Lin Fan with a hint of loneliness in his eyes.

“Congratulations, you’ve won. Why are you still here? Are you mocking me?” Gao Yong laughed out loud, looking like he had aged many years.

“I did want to mock you. You’re on the 80th floor. Do you want to commit suicide so badly?” Lin Fan asked.

“If you kill yourself, what about your parents and your daughter? Where is your ex-wife? She’s still waiting for you bitterly. Don’t you want her anymore? As a man, are you so weak?” Lin Fan said.

“Dad, Mom... Wait, you said I have a daughter?” Gao Yong looked at the little girl behind Lin Fan and was shocked.

“Yes, this is the daughter of you and your ex-wife. After you divorced your ex-wife, your ex-wife gave birth to a daughter. She’s already four years old this year. Her name is Ranran,” said Lin Fan.

“Hahaha... hahahaha... so I, Gao Yong, have a daughter! I have a daughter! I thought I’d never have kids in this life...” Gao Yong laughed as he limped towards the little girl, hugging her tightly.

Tears flowed down Gao Yong’s face.

One of his legs was still broken, but he still wanted to see what the little girl looked like.

At this moment, Gao Yong's ex-wife, Zhang Xiuxiu, appeared in front of him.

"Gao Yong, do you want to die so much? If you die... where will Ranran and I go?" Zhang Xiuxiu cried as she looked at Gao Yong.

"Four years ago, you abandoned me and asked me to marry someone else. You said that it was for my happiness and you even gave me 100 million. But I can't spend so much money. Gao Yong, this is our child, Ranran." Zhang Xiuxiu looked at Gao Yong and smiled.

Gao Yong looked at Zhang Xiuxiu and felt his heart ache.

Zhang Xiuxiu must have been living very badly all these years.

Four years ago, he divorced Zhang Xiuxiu because he didn't want to hold up such a good girl like Zhang Xiuxiu.

Therefore, he deliberately became promiscuous just to make Zhang Xiuxiu completely give up. All of this was because of his health. The probability of getting Zhang Xiuxiu pregnant was very low.

But Zhang Xiuxiu was still pregnant and gave birth to a girl.

Gao Yong stood up with difficulty and hugged Zhang Xiuxiu. He cried like a child. "I'm sorry, I'm sorry... In the past, my family was very rich and I divorced you. Now, I'm poor. Are you still willing to come back? Are you still willing to be the wife of a man with a broken leg?"

Zhang Xiuxiu grabbed Gao Yong and patted his back with all her might. She cried hysterically, "Gao Yong, do I like your money? What I like... is your people. Not all women like money. I've saved the 100 million you gave me in the bank. There's no need to say that you're very poor now. As long as you're alive, I can stay by your side forever."

Gao Yong smiled and said, "That's great... that's great."

Gao Yong looked at Lin Fan. Suddenly, Gao Yong knelt down.

“Lin Fan, thank you. Thank you for helping me find my daughter. I don’t know what to say about the past. I’m sorry, I’m sorry...”

“I shouldn’t have done those things. I shouldn’t have hurt you. I just hope that you can let the three of us live together. That’s enough.” Gao Yong hugged the little girl and smiled happily.

Zhang Xiuxiu also knelt in front of Lin Fan. “Boss Lin, thank you for letting me get back together with Gao Yong. I’ve already remembered your kindness. Even if the Gao family is bankrupt now, it’s all Gao Yong’s fault. I’m really grateful to you...”

Even the little girl knelt on the ground and cried, “Brother Lin Fan, let my parents go, okay?”

Seeing the little girl. Lin Fan smiled.

This was a legal society and Lin Fan had never thought of killing anyone.

If he killed Gao Yong, he would be responsible for the law.

Lin Fan picked up Ranran and said, “Get up, Gao Yong. I’m giving you a chance now. I’m giving you a chance to live again. Do you want it?”

### ***Chapter 432: Looking At You In A Different Light***

Lin Fan looked at Gao Yong and smiled. “Gao Yong, you only have one chance to choose.”

Gao Yong nodded. “Of course I want to live. If there’s anything, Boss Lin, please instruct me. If it can help me find Ranran, I feel that everything in the world is worth it as long as we can survive.”

Lin Fan said, “Get up first. Gao Yong, from now on, the Gao Corporation is bankrupt. This is an indisputable fact.”

“From today onwards, Jiaxing Entertainment will completely take over all the companies and real estate in the Gao Corporation. However, the person who is most familiar with Jiang City’s real estate is you. I think even Su Xiaoyu and Su Muqing can’t compare to you in this.”

“I’ll officially appoint you to be in charge of all the real estate businesses in Jiang City. At the same time, I’ll give you 5% of the shares and profits. I’ll also give you an annual salary of 30 million. By the way,

you'll not only be in charge of the real estate business in Jiang City, but you'll also have to expand the real estate business in Shanghai, Beijing, and other places."

"Are you willing to do these jobs?" Lin Fan looked at Gao Yong and asked.

Hearing Lin Fan say that, Gao Yong felt like his life had changed.

He looked at Lin Fan in disbelief.

His relationship with Lin Fan had already deteriorated to such an extent, but Lin Fan was still willing to let him take on such an important job.

Didn't this mean that although the Gao Corporation had already gone bankrupt, he could still do his original work, but the benefits he received would be different?

What made Gao Yong feel different was that what he had to do was not just his original work.

In the past, the Gao Corporation had always been limited to real estate in Jiang City.

In reality, the Gao Corporation had never gone out.

Today, Lin Fan had given Gao Yong a chance to be reborn.

Gao Yong looked at Lin Fan and said, "Lin Fan, do you trust me that much? Aren't you worried that I'll stab you in the back?"

Lin Fan smiled and said, "You won't do that."

Gao Yong kowtowed to Lin Fan. "Thank you for your trust, Boss Lin. I, Gao Yong, will definitely work hard, work hard to do the real estate in Jiang City well, and work hard to do the mission that Boss Lin gave me. Boss Lin, you gave me a chance to be reborn. This is already the greatest gift you can give me."

At the same time, a data panel appeared in front of Lin Fan.

Name: Gao Yong.

Loyalty: 100.

After the system gave such a judgment, Lin Fan was completely relieved.

Lin Fan didn't like fighting and killing. In reality, he had a lot of work to do. If he really wanted to open up the real estate industry, he could only leave it to someone he trusted.

As for the girl beside Lin Fan, Xia Wanqiu wasn't suitable to do this kind of work. If Su Xiaoyu were to do this, it would be like using a sledgehammer to crack a nut. Furthermore, Lin Fan would only be at ease if she stayed by his side.

If Su Muqing were to do real estate work, who would be Lin Fan's assistant? After thinking about it, Gao Yong was the most suitable person to take on this role.

With Gao Yong's ability and his complete loyalty to him, Lin Fan was relieved in the real estate industry.

After all, to hand over a large company worth hundreds of billions to someone else to manage, this person needed very impressive professional knowledge.

This person had to be Gao Yong.

Therefore, Lin Fan found Gao Yong's information and his ex-wife. He realized that Gao Yong had a daughter.

After everything was settled, Lin Fan received a call from Gao Yong's father. Hence, he decided to do Gao Yong a favor and help him.

Unexpectedly, Gao Yong's loyalty to Lin Fan had increased to 100.

The last person with 100 loyalty was Su Muqing.

Lin Fan said, "Alright, this is the 21st century. Don't always kneel down. Work hard, Gao Yong. If you can't do a good job in real estate in Jiang City, I won't let you off. In the future, you'll still have to do real estate in Shanghai. If you don't do a good job, I can replace you anytime."

Gao Yong smiled honestly and said, "Boss Lin, I'll definitely be able to do it well. Please believe in my ability. If I don't do it well, I won't let myself off, haha."

Gao Yong was very happy now. What he wanted the most was nothing more than a child.

If it wasn't for Lin Fan, how would he have discovered that he had such a daughter?

Other than that, his ex-wife, Zhang Xiuxiu, had also returned. To the current Gao Yong, his life could be said to be blissful.

Even if Lin Fan didn't let him do this work, Gao Yong would still be grateful to Lin Fan from the bottom of his heart.

As for the past, Gao Yong didn't care anymore. Lin Fan naturally didn't care about those things.

Now that Lin Fan wanted him to do real estate in Jiang City, Gao Yong was filled with gratitude.

Gao Yong knew how amazing Lin Fan was. Lin Fan was Alibaba's vice president. Just his status alone was enough to make Gao Yong worship him.

Now that he heard that Lin Fan still wanted to do real estate in various places, Gao Yong had never thought of this.

With Lin Fan supporting him from behind, he wouldn't be worried or restrained.

Lin Fan patted Gao Yong on the shoulder. "I have to apologize for your leg. Heal your leg and take over all the work."

Gao Yong said happily, "Boss Lin, I accidentally injured my leg. What does it have to do with you? However, it's only right to treat my leg."

Lin Fan smiled and didn't explain.

After all, he had used the Misfortune Card. That was why Gao Yong was so miserable.

If he hadn't come to look for Gao Yong, he would have probably jumped off a building.

There was only one outcome for jumping from the 80th floor. Death.

...

After Gao Yong returned home, he immediately made the most important decision.

It was to go to the Xia family.

Accompanied by Gao Yong's parents, Gao Yong's wife and daughter all came to the Xia family.

The moment they entered, everyone knelt on the ground again.

Gao Yong said, "Old Master Xia, I'm here to apologize. I'm sorry."

"Xia Wanqiu, I'm sorry. I shouldn't have done those things previously. Please forgive me."

"Su Muqing, I'm sorry. I shouldn't have gone to your house to propose and put pressure on you."

"From today onwards, I, Gao Yong, am one of Boss Lin's men. Of course, my Gao family is all under Boss Lin. No matter what we do, we will repay Boss Lin's kindness to us."

Gao Yong knelt in front of the Xia family and said these words sincerely.

Hearing Gao Yong say that, everyone gasped.

Lin Fan... had actually subdued the Gao family.

How did he do that?

However, they all knew Lin Fan's decision and admired him a little more.

Only someone like Lin Fan could succeed.

Xia Wanqiu walked out and looked at Lin Fan with her beautiful eyes. She made a cute gesture.  
"Meow?"

Old Master Xia patted Lin Fan on the shoulder. "Lin Fan, you did very well in this matter. To be able to defeat the enemy is your ability. To be able to slap the enemy to death is something that most people will do. To be able to turn a former enemy into a friend is the most difficult thing to do. And you did it. Only someone with a real sense of order can do this."

"Lin Fan, you've impressed me!"

Chapter 433: Can't You Pretend to Be My Boyfriend?

It was a sunny Wednesday.

When Lin Fan walked out, he realized that Su Xiaoyu was standing at the door.

She was wearing a hat, a short shawl coat, and a light yellow velvet knee-length skirt. Her dark hair was naturally curled on her shoulders. Her clear and bright pupils, curved eyebrows, and long eyelashes trembled slightly. She placed her hands behind her back and leaned forward slightly, standing in front of Lin Fan.

"Master ~" Su Xiaoyu smiled sweetly and walked to Lin Fan's side.

"Xiaoyu, tell me honestly. How much did you spend on the contract with the Gao Corporation?" Lin Fan said as he looked at Su Xiaoyu with a serious expression.

After all, the Gao Corporation originally had a market value of 600 billion. After Su Xiaoyu bought it, these companies all belonged to Lin Fan.

Lin Fan felt that he wouldn't be able to buy it with just 20 billion.

Although 20 billion was not a small sum, with so much real estate, land, and wine shops, every sum was extremely expensive. It was not something that ordinary people could afford.

Su Xiaoyu blinked. "Actually, it's 30 billion, but it's not much. It's only right to give it all to Master. Anyway, it's useless for me to have so much money."

Lin Fan looked at Su Xiaoyu. "In other words, you spent 20 billion and I spent 10 billion. You shouldn't have spent so much money. You should have two-thirds of the shares of Gao Corporation."

Lin Fan was still very serious about this.

Although Su Xiaoyu was the daughter of the richest man in the world and was indeed not short of money, she had helped Lin Fan pay 20 billion for no reason. Lin Fan couldn't really live off her.

Lin Fan said with a dark expression, "Also, don't lie to me in the future. If you lie to me, I'll be angry."

Su Xiaoyu looked aggrieved. She lowered her head and gently grabbed the corner of Lin Fan's shirt. "Master, I was wrong. I won't lie to you in the future. But you really don't have to give me those shares. I don't need those shares."

Lin Fan thought about it and agreed.

Su Xiaoyu no longer cared about money. These shares were indeed not of much use to her.

If it wasn't for Su Xiaoyu, no matter how amazing Lin Fan was, he probably wouldn't have been able to take down most of the Gao Group's real estate industry.

After all, the most important thing was money.

With Lin Fan's current ability, it was impossible for him to take out tens of billions at once.

To be honest, Lin Fan only had tens of thousands of dollars in his bank account. He had already spent the rest of the money.

Although Lin Fan was a tycoon now, he was really poor now.

This was also the reason why most big shots looked very rich but did not have liquid funds.

If this continued, Lin Fan estimated that the employees of Jiaxing Entertainment might not be able to afford their salaries.

Lin Fan smiled and said, "Then tell me, what reward do you want?"

Su Xiaoyu giggled. "Master, I want you to play with me for a day ~ You're only allowed to accompany me."

Looking at Lin Fan's expression, Su Xiaoyu lowered her head aggrievedly. "Actually, you can call me Sister Wanqiu..."

At this moment, Xia Wanqiu walked out and looked at Lin Fan. "You guys go out and play. I want to stay at home to accompany Grandpa. Grandpa's health isn't good, so I want to take care of him for a while longer ~"

Xia Wanqiu did not care about this. Su Xiaoyu was her biological sister, so she would not be jealous.

She wanted to accompany her grandfather even more. This was a rare holiday. She did not know when she would have the chance to return to the Xia family again.

It was quite tiring to be a big star. There were many schedules and it was a rare break. Xia Wanqiu chose to stay at home.

Furthermore, Su Xiaoyu helped Lin Fan a lot. It was fine if he had a little willful request.

....

In the afternoon, Lin Fan drove the Rolls-Royce Cullinan to the entrance of a real estate company.

Su Xiaoyu sat in the front passenger seat and looked at the surrounding scenery. She was extremely happy.

She could finally let Lin Fan accompany her out to play, although Lin Fan was only here to take a look at the real estate company.

At least for today, Lin Fan belonged to her.

“What are you thinking about?” Lin Fan knocked Su Xiaoyu’s head and realized that she seemed to be infatuated.

“Oh, I wasn’t thinking about anything. Master is too handsome. I took a few more glances...” Su Xiaoyu smiled.

“Let’s go. It’s time to see how the real estate industry in Jiang City is doing,” said Lin Fan.

Before he got off the car, Lin Fan felt many gazes on him.

“Wow... Isn’t that a Rolls-Royce Cullinan? It’s at least a luxury car worth millions.”

“D\*mn, someone actually drove a Rolls-Royce Cullinan out to flirt. Is he a tycoon?”

“Of course. Can a tycoon drive a Rolls-Royce Cullinan? I heard that there’s a limited number of such luxury cars, and this girl looks very pretty.”

“Amazing. There’s actually someone who can drive such a good luxury car. I even met him. I’m so envious. If only I could drive such a good luxury car.”

“Don’t even think about it. To be able to drive a Rolls-Royce Cullinan, his family’s assets must be at least hundreds of millions. He’s a rich second-generation heir.”

Under everyone’s expectant gazes, Lin Fan and Su Xiaoyu alighted.

Of course, not many people knew Lin Fan.

Although many fans knew Lin Fan, it was impossible for everyone to know him.

These people didn't recognize Lin Fan and Su Xiaoyu.

However, this didn't affect Lin Fan's looks and handsomeness.

Many girls on the streets were already stunned.

"Ah ah ah, how can this handsome man be so handsome? Just by looking at his side profile, I've already fallen for him."

"This figure, this height, and this temperament. Oh my god, he's too charming!"

"Successful men are even more charming. Such a handsome man already has a girlfriend. If only this handsome man was my boyfriend, I could go out and show off."

"Sigh, who asked her girlfriend to be so beautiful? She can't compare."

Lin Fan was already used to being pointed at by many passers-by. However, Su Xiaoyu blushed.

When she passed by, she heard many girls say that she was Lin Fan's girlfriend.

Su Xiaoyu's beautiful eyes seemed to have stars in them, and her heart was so sweet that it was about to explode.

She had never been Lin Fan's girlfriend, but she didn't mind being misunderstood like this.

This feeling made Su Xiaoyu feel a little smug.

If what everyone said was true... that would be great.

Lin Fan looked at Su Xiaoyu.

Su Xiaoyu giggled. "Master, look, everyone says that I'm your girlfriend."

Lin Fan said, "That's a misunderstanding. Let's go in and take a look."

Su Xiaoyu chased after him. "Hmph, smelly master, you're not unreasonable at all. Can't you pretend to be my boyfriend?"

"No." Lin Fan's voice rang out.

Su Xiaoyu stood rooted to the ground. A hint of sadness flashed across her beautiful eyes, but it immediately disappeared.

She smiled again and continued to chase after him.

After all, if you liked someone, you had to be the one who gave in.

#### ***Chapter 434: How Terrifying Is Lin Fan's Value?***

After walking into a real estate company, girls immediately surrounded him.

In real estate companies, many people would do sales.

Today, the real estate company was in full swing and there were many people.

If there were too many customers, no one should have come to welcome Lin Fan and Su Xiaoyu.

However, the other passers-by didn't know Lin Fan and Su Xiaoyu. The security guard at the door did.

Even if some of the security guards didn't know that Lin Fan and Su Xiaoyu were big celebrities, they knew how expensive a Rolls-Royce Cullinan was.

If he could afford a luxury car worth millions, why would he be worried about not being able to afford a house worth millions?

The saleswoman walked up with a smile. "Mr. Lin, Miss Su, hello. Welcome. Please call me Tiantian. If you have any needs, you can tell me."

Lin Fan nodded. This salesperson's looks could be rated around 85 points. However, she wasn't as pretty as the girl beside him.

Lin Fan smiled and asked, "Hello, how much do the houses here cost?"

The saleswoman smiled and said, "Mr. Lin, you have to look at the district too. The prices of houses in different places are different. Look at the house model here. It's about 23,000 per square meter. This house model is slightly more expensive. It's 36,000 per square meter. The prices are all affordable. A house is about two to three million yuan."

"Of course, Mr. Lin, you're a big star. We won't recommend these to you. This is a high-end district. There are often big stars living here. The lowest price for the villas inside is estimated to be about 13 million. The highest price is 130 million. In Lingbo District, there are a few top villas waiting to be auctioned. Only the really rich can afford the houses there." Miss Tiantian explained a lot to Lin Fan in one go.

Lin Fan nodded and said, "Mmm, I know. Then these houses aren't very expensive. You can buy them for two to three million. The down payment should be around six to seven hundred thousand. Furthermore, the geographical location is not bad. As for the price of the villa, it's not bad. It's just that this villa in Lingbo District is not bad. I've never seen a villa there before. If it's auctioned, the lowest price will be above 100 million, right?"

Miss Tiantian nodded. "Mmm ~ The villas there are all very expensive. If Mr. Lin is interested, you can attend the auction tonight. I hope that you can get the villa you want. However, the villas in Lingbo District are not under our company's responsibility, so we can't introduce you to them."

Lin Fan understood. "It's fine. I'm just here to take a look at these two to three million houses today. How many houses like this are there in this district?"

Tiantian said, "Mr. Lin, there are a total of 36 such buildings in our district. Each floor can accommodate more than 200 residents. There are about 7200 houses."

Lin Fan: "!!!"

Lin Fan: "In other words, if the total price of each house is added up, how much is it? Is there a calculator?"

Before Lin Fan could take out his phone to calculate, Su Xiaoyu had already given an answer. "14.4 billion ~"

Lin Fan's eyes widened. This was 14.4 billion!

Let alone 14.4 billion, he did not even have 100 million.

Not only that, Lin Fan still owed the bank 10 billion, which was equivalent to 20 billion to Su Xiaoyu.

Su Xiaoyu said that there was no need to return it. Lin Fan had never thought that way.

Even the richest man in the world could take out 20 billion in liquid funds. That was already a rather exaggerated number.

Only the bank could afford so much liquid funds.

Su Xiaoyu tilted her head and smiled. "This is still based on two million yuan a set. If it's four million yuan, it'll be 28.8 billion yuan. Furthermore, the value of the real estate industry is increasing extremely quickly now, especially in Jiang City. I think it won't be a problem to double it in two years. Master can stay at home and wait to earn big money."

Lin Fan's breathing became heavy.

He knew that the value of the real estate industry increased very quickly, but he did not expect it to increase so quickly.

In other words, as long as he lay at home and lived a salted fish life, he could earn a lot of money in the future.

Although he could not reach the position of the richest man in the world with these things, he could still become an A-list tycoon.

If he developed the real estate industry in Shanghai and Beijing, who knew how much money he could earn?

It was simply perfect!

Most importantly, most of the real estate industry in Jiang City belonged to Lin Fan now.

This real estate company had many customers coming to buy houses now. As long as someone was willing to buy a house, the money could basically be transferred to Lin Fan's account.

It could be said that the company received huge profits every day, and these profits would all be Lin Fan's money.

After Lin Fan took over more than half of the real estate industry in Jiang City, not to mention other companies, just the real estate industry in Jiang City alone had already made Lin Fan worth about 100 billion!

When the property prices increased, Lin Fan's net worth would also increase!

Lin Fan didn't bring Su Xiaoyu here to play today. He was here as a big boss to check on how his company was doing.

After all, he had just taken over the company and did not understand many things.

Hearing Lin Fan and Su Xiaoyu's conversation, Tiantian was a little stunned.

She thought that Lin Fan was going to buy a house. She didn't expect Lin Fan and Su Xiaoyu to have already discussed a topic worth tens of billions.

Tens of billions. Was that still something that people could imagine?

At this moment, there was a fat man beside him. He was wearing a gold necklace and a famous watch from Lawston. He was wearing branded clothes and there was a gorgeously dressed woman beside him.

“You don’t have to listen to those poor people’s nonsense. This is the difference in thinking between the poor and the rich. The poor will imagine that there are unrealistic dreams like tens of billions. And for rich people like us, when we come here, it’s not a problem to buy any of his houses. Tiantian, help us settle the paperwork and buy a house! Just pay for this 200-square-meter house in full. Just swipe my card.” The fatty looked at Lin Fan mockingly and touched the woman’s waist beside him.

The woman also had an expression of admiration. “Wow, you can buy a house in one go. How amazing. I also heard that some poor people always like to ask questions when buying a house and don’t buy it. But for someone like you, CEO Wang, buying a house is easy. This is probably the difference between the poor and the rich.”

After being mocked by the man and woman, Lin Fan wasn’t angry.

On the other hand, Su Xiaoyu was a little angry. Lin Fan tugged at Su Xiaoyu’s arm, but she still pouted.

She also held Lin Fan’s arm and acted intimately, making the fatty grit his teeth.

“Is there anyone else? Are you going to do my business or not?” Fatty said.

Tiantian looked at Lin Fan awkwardly. After all, there was going to be a sale soon. If she signed an order with Fatty, she would be able to get a lot of commission.

However, with Lin Fan on one side, she didn’t dare to offend him. After all, Lin Fan was a tycoon boss.

Lin Fan gestured for Tiantian to busy herself with Fatty’s orders and she gratefully went ahead.

After all, Lin Fan wasn’t here to buy a house. He couldn’t delay her business.

After signing the contract, Fatty waved the bank card and the house purchase contract in front of Lin Fan.

He was telling Lin Fan that this was the life of the rich.

This was the difference between the rich and the poor!

This difference was something that a pauper like Lin Fan couldn't compare to.

The woman chuckled and looked at the man in admiration.

And at this moment...

The manager of the real estate company appeared.

The manager hurriedly rushed to Lin Fan's side and bowed 90 degrees. "Boss Lin, why didn't you inform me that you were coming to inspect the company? I came late. I came late. Also, Tiantian, why didn't you receive Boss Lin well?"

Tiantian: "???"

The fat man and the woman were also stunned.

Lin Fan... was here to inspect the store?

Was this a joke?

Tiantian looked at the manager and asked, "Manager, Mr. Lin is..."

The manager said with a dark expression, "Tiantian, remember this well. This is Boss Lin, the current big boss of our company. All the thousands of houses in the real estate industry under our company belong to Boss Lin alone."

Tiantian stood rooted to the ground, looking shocked.

Thousands of houses were all Lin Fan's...

In other words, how rich was Lin Fan?

No wonder Lin Fan asked her to do Fatty's business just now. After doing that, the millions would be Lin Fan's!

After selling a house, most of the profits of this house would belong to Lin Fan.

This was too exaggerated...

The fat man and the woman were even more confused.

They thought that Lin Fan was poor.

Who would have thought that Lin Fan was the real tycoon?!

Lin Fan had thousands of houses under him...

That was... thousands of houses!

What kind of figure was Lin Fan's net worth?

The fat man and the woman were thunderstruck. They had never expected that the Lin Fan in front of them was an existence they couldn't afford to offend.

No matter how rich they were, they could only afford a few houses.

Lin Fan... was a truly rich man!
