

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 445-449

Chapter 445: Xia Wanqiu's Mother Agreed to the Marriage

Xia family.

After returning to the Xia family, Lin Fan saw Xia Jiancheng and Old Master.

He also saw a woman.

This woman was wearing a white coat and seemed to have not changed her clothes yet. Her eyes were filled with fatigue.

When Lin Fan arrived, the woman was resting against the wall.

"Lin Fan is back." Xia Jiancheng greeted him warmly.

The old man looked at Lin Fan more and more favorably.

At this moment, the woman opened her eyes.

Xia Wanqiu's mother, Su Yueling.

Su Yueling looked like a woman in her forties, but her skin was well maintained. She just looked very tired.

However, this woman had an aura and a sense of dignity.

This kind of dignified aura was even stronger than that of CEO Ma and CEO Wang.

No one dared to show off in front of such a woman.

The woman gave off a strong sense of oppression, like a student seeing a dignified teacher.

Lin Fan stood up straight and looked at Su Yueling.

He knew that Su Yueling was not easy to deal with.

Whether he could marry Xia Wanqiu or not depended on Su Yueling's attitude.

This was also the last hurdle for Lin Fan to marry Xia Wanqiu.

Su Yueling opened her eyes and sized up Lin Fan without saying a word.

There was silence.

Lin Fan spoke first. "Hello, Auntie. I'm Lin Fan, Xia Wanqiu's boyfriend."

Su Yueling nodded slightly. "I don't like celebrities."

Lin Fan asked, "Why?"

Su Yueling: "I don't like celebrities. I don't need a reason. Where's Su Xiaoyu?"

Lin Fan: "Auntie, Su Xiaoyu doesn't want to come home to see you."

Su Yueling: "Forget it."

Su Yueling was silent for a moment before saying, "Lin Fan, I already understand you. You're indeed very outstanding and you have a good relationship with Xia Wanqiu. I don't like to beat around the bush. Long story short, if you want me to agree to your marriage with Xia Wanqiu, there's only one condition."

Lin Fan asked, "What condition?"

Su Yueling said, "I don't like celebrities because the television dramas and movies filmed online are all lousy movies. There's a culture on the Internet called the Fanclub culture. In the entirety of China, there

aren't many outstanding works. In terms of television dramas and movies, Chinese culture has never gone overseas."

"Compared to foreign countries, China's entertainment industry is doing too badly. I've always hated this industry. I hope that there will be someone who can change the entire Chinese entertainment industry, change the shady atmosphere in the entertainment industry, change the current situation of Chinese culture being ostracized by foreigners, and let Chinese culture walk towards the world. Let Chinese civilization continue. Let those foreigners see Chinese movies. It won't be inferior to Hollywood. What you need to do is change an era. Can you do that?" Su Yueling looked at Lin Fan.

Lin Fan smiled and looked at Su Yueling. "Auntie, I can't do that."

Su Yueling had just frowned when Lin Fan continued, "Mr. Lu Xun once said a classic sentence. Studying medicine can't save the Chinese, so he chose to use his pen to save the country and influence the thoughts of the people. Auntie, changing an era isn't something that can be done by one person. This requires the combined efforts of an era's people, but I can guarantee that I will do my best to act well in my current role."

Lin Fan held Xia Wanqiu's hand and smiled. "Also, Auntie, I know that you will definitely agree to my marriage with Wanqiu. I can promise you here that I will protect Xia Wanqiu... forever."

After Su Yueling heard Lin Fan's words, she fell silent again. There was a strange glint in her eyes.

Lin Fan... was indeed different.

Su Yueling smiled and said, "Then I'm also looking forward to your answer. You're right. I won't reject your marriage with Wanqiu. She's my daughter, so I'm at ease if she's in your hands. But she's still too young and hasn't reached the stage of getting married yet. If you get married, you can consider it for two to three years."

Lin Fan nodded. "Auntie, of course."

Su Yueling said, "There's one more request. Lin Fan, I owe Xiaoyu too much. I also know what kind of character she has. I hope that you can take good care of her and take care of her like you take care of Wanqiu. It can be said that I'm entrusting her life to you. If anything happens to her, I'll definitely look for you."

Lin Fan replied, "Xiaoyu is my very, very good friend. I'll take good care of Xiaoyu. I can promise Auntie that."

Su Xiaoyu had helped Lin Fan a lot. How could Lin Fan not take good care of her?

However, Lin Fan had to consider Xia Wanqiu's feelings just like how he took care of Xia Wanqiu.

After all, Xia Wanqiu was his girlfriend.

Xia Wanqiu looked at Lin Fan and smiled sweetly. "I don't mind ~ You can do whatever you want."

Lin Fan smiled and felt a hint of happiness.

Now, his marriage to Xia Wanqiu was basically settled.

As long as she could do what Xia Wanqiu's mother wanted.

Initially, Lin Fan had already decided. Anyway, he didn't lack money. As long as he obtained Xia Wanqiu's parents' approval, he could get married.

After getting married, there was no need to work anymore. It felt great to enjoy life.

As for filming movies and television, what did that have to do with Lin Fan?

As for changing an era, was that something Lin Fan could do alone?

In history, from the foreign affairs movement to the Hundred Days' Reform to the Xinhai Revolution, countless people had worked hard.

Lin Fan didn't think he had such great ambitions.

He didn't lack money. Lin Fan just wanted to enjoy life.

Now that he had a girlfriend, his parents were still alive, and he had enough money to spend, he could have a few children and live a happy life.

But now, reality shattered Lin Fan's beautiful fantasy.

Xia Wanqiu's mother was right. Xia Wanqiu was still young.

His dream was to live a comfortable life. His family was healthy and his life was happy. It was fine as long as he did not feel too much pressure.

But what about Xia Wanqiu?

She was only 23 years old, the most beautiful time of a woman's life.

Her wish was to be a big star and film many works that she liked for the audience.

Lin Fan couldn't ignore her feelings.

If they got married now, it would have a huge impact on Xia Wanqiu's career.

After chatting with Xia Wanqiu's mother, Lin Fan felt a sense of mission.

If he had the ability, he could continue in the entertainment industry.

He had even promised Xia Wanqiu that he would make her the number one female celebrity in China. He had not done that yet. How could he be a salted fish?

With Xia Wanqiu around, Jiaying Entertainment still had so many employees.

Lin Fan had the system and strong ability.

Changing the current situation of the entertainment industry was not only Xia Wanqiu's mother's wish, but also Xia Wanqiu's wish.

At this moment, Lin Fan's aura seemed to have changed.

Then, let him try to change this era!

Chapter 446: Su Xiaoyu's Confession

At night.

The moonlight shone down, and the cold wind blew. It felt cold.

On the balcony on the second floor, Xia Wanqiu gently leaned on Lin Fan's shoulder and enjoyed the cold wind.

"Lin Fan, you have to work hard in the future ~" Xia Wanqiu raised her beautiful eyes and looked at Lin Fan. She hadn't acted in a long time.

"Mmm, when we return to Jiaxing Entertainment, we can earn big money. If we don't earn money, we won't have the money to buy clothes for my wife." Lin Fan smiled.

Xia Wanqiu giggled and said, "Dazed, you're already so awesome. You still have so many houses. You can even lie down and collect rent. How can you not have clothes to wear?"

Lin Fan hugged Xia Wanqiu's slender waist and gently kissed her red lips. He felt the softness in his arms and didn't say anything.

This scene was really beautiful.

"Xia Wanqiu, what's your wish?" Lin Fan looked at Xia Wanqiu seriously.

Xia Wanqiu leaned into Lin Fan's arms and pointed at the stars in the sky. "Lin Fan, I remember that in high school, you asked me the same question. At that time, I told you that I wanted to be a big star ~ Now, my wish... is still to film many good television dramas and movies to make my fans like me. I want to shine on stage and fulfill my dream."

Xia Wanqiu smiled sweetly. Yes, she had dreams too.

Lin Fan nodded. "Mmm, I understand. For your dream, Jiaxing Entertainment will continue to do well and protect you."

After a moment of silence, Xia Wanqiu smiled sweetly. "Lin Fan, thank you."

Then, she gently tiptoed and kissed Lin Fan again.

After a long time, they finally separated.

Looking at the girl in front of him, Lin Fan smiled brightly. Whatever he did for her was worth it.

Xia Wanqiu's voice became very warm. "Actually, I have another wish, which is to be able to live happily with you ~"

After saying that, Xia Wanqiu shrank into Lin Fan's arms like a kitten. "After saying so much, do you think I have too many wishes?"

Lin Fan smiled and said, "These are only two wishes. No matter what your wish is, I will fulfill it for you. No matter what wish it is, I will do my best to fulfill it."

Xia Wanqiu nodded and looked at Lin Fan. "Lin Fan, I have another wish. I'm serious about this wish."

Lin Fan looked at Xia Wanqiu and gestured for her to say it.

Xia Wanqiu thought for a while and said, "Lin Fan, actually... I can live with Xiaoyu in the future. I can tell that she really likes you. I don't want her to be alone for the rest of her life. If possible, say yes to her. I... don't mind."

"Even if we can't get a marriage certificate, she'll be very happy." Xia Wanqiu held Lin Fan's arm, as if begging for his opinion.

No woman had ever taken the initiative to accept another woman, but Xia Wanqiu said this to Lin Fan.

Seeing Xia Wanqiu say that, Lin Fan didn't hesitate at all. "No, I refuse."

Xia Wanqiu asked, "Why?"

Lin Fan replied, "Xia Wanqiu, my girlfriend is you. In my opinion, Su Xiaoyu is a very outstanding girl. She deserves a better future and a better life."

"So, no matter what, I can't agree to this request. It's unfair to you and Su Xiaoyu," said Lin Fan.

"If possible, I'm willing to treat Su Xiaoyu as my best family member, but I can't treat her like my girlfriend. She's indeed beautiful, but... I can't be an irresponsible person," said Lin Fan.

Hearing Lin Fan say that, Xia Wanqiu's beautiful eyes flashed with sadness and warmth.

With Lin Fan by her side, she was really happy.

But...

The next day.

Lin Fan was also preparing to return to Jiaxing Entertainment to work. After all, he had left Jiaxing Entertainment for a period of time.

Today, Lin Fan received a call from Su Xiaoyu.

Su Xiaoyu smiled like a little fox on the phone. "Master, good morning ~"

When Lin Fan heard the familiar voice, he smiled gently. "What's wrong? Oh right, it's time for us to return to Shanghai. Let's go home together."

Su Xiaoyu was silent for a moment before saying, "Master, I'm at Luohe Park. There's no one in the park. Can you come and see me?"

When they arrived at Luohe Park, they did not see Su Xiaoyu.

“Where is he?” Lin Fan looked around.

The girl came out from the entrance of Luohe Park. She was wearing a white halter dress and a pair of short hot pants. She was wearing a pair of short socks. The slender and soft girl stood behind Lin Fan and made a face. “Master is really here ~”

Lin Fan smiled. He looked at the lively and cute Su Xiaoyu beside him and thought of what Xia Wanqiu had said yesterday. His heart stirred.

“Call me over. Did something happen?” Lin Fan smiled.

Su Xiaoyu smiled brightly. “Master, I miss you. Can’t I see you?”

Lin Fan knocked Su Xiaoyu’s head. “Sure, let’s go back to Shanghai first.”

Lin Fan wanted to pull Su Xiaoyu’s arm, but he felt that Su Xiaoyu was a little different today.

Su Xiaoyu looked at Lin Fan with clear eyes and said, “Master, I might not be able to go to Shanghai. Dad’s health isn’t good and he asked me to take over the company’s work. So... I’m going to America.”

“I’m sorry, Master. I might not be able to work at Jiaying Entertainment anymore,” Su Xiaoyu lowered her head and said softly. She was a little sad and reluctant, but she had no choice.

“So, are you leaving?” When Lin Fan heard that, he turned around and looked at Su Xiaoyu.

“Mmm...” Su Xiaoyu nodded.

“That’s good. You’re already very talented in business. Your father is sick and how’s his health? Go help him. Work is more important,” said Lin Fan with a smile.

“Master didn’t even ask me to stay.” Su Xiaoyu made a wronged gesture.

Lin Fan knocked Su Xiaoyu's head again. "Your father's work is more important. After all, your father is the richest man in the world. If he gets sick, he'll have to wait for you to work. When your father recovers, it won't be too late to come back. Jiaying Entertainment will always open its doors for you."

Su Xiaoyu made a face. "Master, it hurts. Master, do you know why I called you here? There are some things I want to tell you in person."

Lin Fan smiled and said, "Mmm, if you have anything to say, just say it. Let's not talk about anything else. I'll do my best to help you settle it."

Looking at Lin Fan, Su Xiaoyu couldn't help but laugh.

She smiled brightly and looked at Lin Fan. "I think if I don't say it... I might never have the chance to say it in this lifetime. Although I might not be able to see you in the future, I've thought about it for a long time and still want to say it."

"Lin Fan, I like you."

Chapter 447: I'm Sorry

"Lin Fan, I like you."

Su Xiaoyu's voice entered Lin Fan's ears.

Her eyes were wide as she looked at Lin Fan expectantly.

Su Xiaoyu stood in front of Lin Fan, her hands clenched tightly as she waited for him.

The morning sun shone down on the park. At this moment, Su Xiaoyu was exceptionally beautiful.

She was like a little girl in her first love, confessing to the person she liked.

"Are you serious?" Lin Fan asked. He wasn't joking like before. He could tell that Su Xiaoyu was different from before.

"Mmm, I'm serious." Su Xiaoyu blinked and looked at Lin Fan in a daze.

“But...” Lin Fan said.

Before he could say anything, Su Xiaoyu interrupted him.

Su Xiaoyu smiled sweetly and said, “Master, there aren’t so many buts. Before I left, I just wanted to see if you would go out and find other girls. Seeing your performance, I’m relieved and won’t tell on you to Sister Wanqiu.”

Lin Fan looked at Su Xiaoyu and nodded.

At this moment, a black car arrived beside Su Xiaoyu.

“Miss, it’s almost time.” The driver’s voice came.

“Mmm, I understand.” Su Xiaoyu nodded. She looked at her watch. It was almost time.

“Lin Fan, I have a small request.” Su Xiaoyu looked at Lin Fan. “I’m serious this time ~”

“Can you... hug me?” Su Xiaoyu said softly, a girl’s shyness appearing on her face.

A breeze brushed past Su Xiaoyu’s face, making her figure even thinner. She stood obediently in front of Lin Fan like a pure little angel, waiting for Lin Fan to hug her.

If... Lin Fan really hugged her, she wouldn’t be able to bear to leave.

Lin Fan looked at the girl in front of him, Su Xiaoyu.

He said softly, “I’m sorry.”

These words entered Su Xiaoyu’s heart like lightning.

Su Xiaoyu trembled and nodded.

The door of the black car opened and Su Xiaoyu slowly walked over. She didn't look back at Lin Fan.

The sunlight shone on her back.

Five seconds.

She stopped.

Su Xiaoyu pressed her palms together. If Lin Fan was willing to come over and hug her, she wouldn't leave. She really wouldn't leave.

Su Xiaoyu chanted in her heart, "Five, four, three, two, one..."

Five seconds passed.

Lin Fan just watched from afar.

Su Xiaoyu turned around and waved at Lin Fan. "Master, I'm leaving ~"

Lin Fan: "Mmm."

The engine of the black car sounded.

The black car left as well.

In the car, Su Xiaoyu sat in the back corner. She looked at Shanghai, which she had stayed in for several years. She looked at the flowers and plants here, at every tall building, every snack bar, and every mall.

As she watched, her tears fell uncontrollably.

"Master, Master... I'm really leaving."

“Hmph, whoever regrets it is a puppy ~”

...

At this moment, a message popped up in Lin Fan’s system.

[Name: Su Xiaoyu]

Looks: 98

Body: 98

Business Capability: 16,389

The favorable impression of the host: 100→91

System evaluation: What a silly girl. She still has 91 favorability after being rejected.

Lin Fan saw Su Xiaoyu’s business ability. It had increased from more than 4,000 to 16,389. It had almost quadrupled.

She was going back to where she belonged.

America was the place where she could really fight.

There were countless big shots in the business world and countless businesses there.

She had returned to the business world from the entertainment industry, and her business genius level was completely displayed.

Two days later.

Lin Fan and Xia Wanqiu returned to Tomson Riviera’s villa.

Superstars like Su Muqing, Lin Kexin, Chu Yaoyao, and Lin Jingjing were also living in another villa.

Without Su Xiaoyu, it was no longer as noisy as before.

In the villa, no girl would watch dramas and eat potato chips anymore. No girl would pester Lin Fan to cook delicious food anymore. No one would eat the cucumbers at home anymore.

Lin Fan stood at the entrance of the villa. He really felt that something was missing.

At the same time, Lin Fan was preparing for autonomous vehicle technology. He had spent seven billion yuan to build the company, as well as some of the company's procedures and projects.

After a series of expenses, Lin Fan still had nearly a billion dollars in his account.

At this moment, Lin Fan received a WeChat message from Su Xiaoyu.

Su Xiaoyu had already arrived in America and had officially taken over the company's work.

Su Xiaoyu: "Master, my father's health is fine."

Lin Fan: "That's good."

Su Xiaoyu: "Master, in the future... I can still go back to the villa and live with Sister Wanqiu. Will you chase me away?"

Lin Fan: "Of course not. The door to my house will always be open to you."

Su Xiaoyu: "Mmm ~ ~ I'll be back when I'm not busy in the future ~ Master, you have to work harder. In the future, I'll definitely be your number one fan for every television drama and movie you film!"

Lin Fan: "Haha, okay."

Su Xiaoyu: "Master, do you really not like me at all?"

Lin Fan: "You want the truth?"

Su Xiaoyu: "Mmm ~"

Lin Fan: "I already have a girlfriend and should be responsible for her. Therefore, it's impossible between us."

This answer was a tacit agreement.

After hearing this answer, Su Xiaoyu, who was in America, lay on the bed with her phone and giggled.

So that was how it was.

So Lin Fan had a place for her in his heart.

Although Lin Fan rejected her decisively, he thought that Su Xiaoyu would completely give up.

Unexpectedly, Su Xiaoyu sent a cute emoticon.

Su Xiaoyu: "But I like you so much. Hehe... It's fine if you reject me. I'll be really happy if you reject me. I don't want to be your little lover either. Sister Wanqiu will be unhappy."

"If I had met you earlier, my boyfriend would have been you." Su Xiaoyu smiled sweetly.

Lin Fan: "You can consider finding a new boyfriend."

Su Xiaoyu: "I'm not looking for a girlfriend ~ Girls have to be loyal until the end. Master, I'm going to work first. I don't mind when Master wants to have a little lover. They say that girls have to be reserved, but what if I can't be reserved in front of Master?"

Ever since she confessed, Su Xiaoyu had become even more straightforward.

Who could stand this?

Lin Fan: "Alright, go work."

Su Xiaoyu: "I'll follow Master's orders ~ But the company's matters are so simple. What if I'm done in an instant?"

Lin Fan: "..."

Lin Fan felt that after his business ability transformed, it was already very high to reach more than 1,000. Who would have thought that Su Xiaoyu's business talent was 16,389? How could this compare to that?

Chapter 448: Advancing into the Film Industry!

However, after chatting with Su Xiaoyu, Lin Fan felt much better.

Now, he was relieved.

At this moment, the system's voice sounded.

"Ding... upgrading system."

"System upgraded successfully. Master's mission: Do a good job at Jiaying Entertainment and change the current situation of China's entertainment industry. Let Master change an era!"

"Master's current funds: 1 billion."

"Note: Master can vigorously develop Jiaying Entertainment, increase the benefits of the employees of Jiaying Entertainment, and the cost of producing movies. The more the cost, the more the reward can be doubled when the cycle is settled. Note: There is a cycle every four months. The cost of the employees of Jiaying must be reasonable and cannot exceed common sense too much."

Lin Fan's eyes lit up.

In other words, he was really going to become a tycoon in the future, and a tycoon who squandered money like dirt.

The usual way for entertainment companies to earn money was to film television dramas and movies and earn a huge sum of money. However, the company's profits would only be earned after the costs were reduced.

For example, if he earned a billion from filming a movie, but the cost of filming a movie was 1.1 billion, he would lose money.

This was also one of the reasons why the entertainment industry could not produce good movies and television dramas.

It was just that celebrities' remuneration was too high.

A television drama only had a production budget of 300 million, but they spent 280 million on hiring celebrities. How could they film good works?

In the past, for example, when filming Journey to the West, even the main leads had to move the props of the film crew together. Now, the main leads could even speak nonsense for their lines and get it dubbed. They were very pampered.

After the system update, it meant that Lin Fan could nurture celebrities, hire celebrities, and the benefits of the company's employees could be greatly increased. The more money he spent, the more returns he could get.

Then, Lin Fan could greatly increase the company's costs. Then, he could earn money crazily!

After the system update, Lin Fan discovered a new way to earn money.

This gave Lin Fan some confidence.

It was indeed good to be a salted fish. However, if he could earn big money, Lin Fan would naturally be very happy.

In the afternoon, after arriving at the company.

Lin Fan realized that all the employees were working.

Lin Kexin and Chu Yaoyao accepted two more endorsements.

There was also the little girl Tang Xinran. She had also accepted two good endorsements, and Tang Xinran was quite popular now.

Needless to say, Lin Jingjing and Xu Yang's development in the company was quite good.

When the employees realized that Lin Fan had returned, they were even more excited.

"Boss Lin, Jiaxing Entertainment is completely popular now."

"That's right. Now, many entertainment companies want to work with Jiaxing Entertainment. There are also many entertainment companies that want Jiaxing Entertainment's celebrities to film television dramas."

"Our company is already very popular now. There are also many companies that want to look for celebrities to endorse."

"Boss Lin, there are still many celebrities and staff who want to jump ship to Jiaxing Entertainment. The main thing is that our company is too attractive now."

Many employees were filled with enthusiasm during this period of time. It was simply too comfortable to work at Jiaxing Entertainment.

The working environment here was not bad, and he could see big celebrities every day. It was simply a blessing.

Su Muqing walked over. When she saw Lin Fan, she smiled. "Boss Lin, you're back."

Lin Fan nodded. "Mmm, I'm back. Did anything happen at the company recently?"

Su Muqing took out a document and said, "Boss Lin, three entertainment companies want to film a new scene with Lin Kexin. Two other entertainment companies want to film with Chu Yaoyao. Four entertainment companies want Xia Wanqiu to film. A few companies want you to write scripts and promise to pay 600,000 per episode."

Lin Fan said, "Then what did Xu Yang and the others decide?"

Su Muqing explained, "Everyone rejected the invitations of other companies and waited for Boss Lin to come back."

Lin Fan said in satisfaction, "Sure. Artists nowadays are all very impatient. Many celebrities will take on other scripts to earn money. However, the celebrities in our company are different."

Su Muqing nodded gently. "This is because of CEO Lin's script. Boss Lin's television dramas can't be compared to other companies."

Su Muqing continued, "By the way, Boss Lin, the leader of the Yangzhou Film Administration knows that you're back today and has personally come to Shanghai to see you."

Lin Fan was shocked. Yangzhou Film Administration!

This was an important organization responsible for supervising all shows!

Furthermore, the people working in the Yangzhou Film Administration were all big leaders!

Whether every movie and television drama could be released required the approval of the Yangzhou Film Administration.

"Who's here?" Lin Fan asked.

"Boss Lin, many of the big bosses are here. There's also CEO Jiang Kun," Su Muqing said.

"These are all big leaders." Lin Fan was a little surprised.

Lin Fan didn't know what it meant for such a big boss to personally come to Jiaying Entertainment.

If any entertainment company wanted to continue, they needed the support of the Yangzhou Film Administration. This was not surprising.

“Contact the leader immediately.” Lin Fan didn’t dare to delay.

In the office.

Lin Fan pushed open the door and entered. He realized that all the leaders of the Yangzhou Film Administration were there.

“Lin Fan, I’ve finally found you. We’re not outsiders. There’s no need to be so distant.” Jiang Kun stood up and shook hands with Lin Fan warmly.

“I wonder why Chief Jiang and the other leaders are here at Jiaxing Entertainment?” Lin Fan got straight to the point.

Chief Jiang looked at Lin Fan and patted his shoulder. “Lin Fan, every television drama your company filmed is very good, especially Drawing Sword. Many viewers in the country like it and the organization approves of your ability. We came here this time because we have something to ask of you.”

Lin Fan was stunned. “What is it?”

Chief Jiang smiled and said, “Lin Fan, I’m sure you know that our Chinese movies can’t go out into the world. Even the domestic box office sales are quite poor. The people prefer foreign blockbusters. Recently, the foreign media has been saying that our Chinese movies can’t do it. We can’t refute this.”

“Therefore, the organization hopes that Jiaxing Entertainment can also move towards the movie industry. If you have any difficulties, the organization will support you. There will be professional staff to receive you in terms of approval and help you pass the approval as soon as possible. If you have any difficulties, you can ask the organization.”

“Lin Fan, is your Jiaxing Entertainment willing to enter the movie industry? Other than that, the organization can also provide you with funding. 500 million a year.” Chief Jiang looked at Lin Fan.

Lin Fan looked at Chief Jiang in disbelief.

The filming process was quite long. After producing the movie, it had to go through a long review process before it could be released.

Now, even the leader of the Yangzhou Film Administration had personally come to look for Lin Fan. This meant that regardless of whether it was filming a television drama or movie, he could receive the fastest review. It could be said that his path in the entertainment industry was smooth!

Chapter 449: Boss Lin Is Too Rich!

Looking at the expectant gazes of the leaders, Lin Fan smiled.

Lin Fan felt a warmth in his heart.

He had the support of the country.

With the aid of the country, Lin Fan's future filming of movies and television dramas would be smooth sailing.

With the help of the country, there was no longer any risk.

This time, even the most difficult review could be passed as quickly as possible.

This way, every four months, Lin Fan's movies and television dramas could be released in time!

Lin Fan said, "Chief Jiang, and all the leaders, Jiaying Entertainment has always had the intention to enter the movie industry. If I do my best, I might not be able to change an era, but I'm also willing to film good works."

Lin Fan smiled brightly, his eyes filled with confidence.

Jiang Kun nodded in satisfaction. "Alright, then we'll wait for your good news. 500 million yuan can be transferred to your company's account soon. If you encounter any difficulties in the future, you can look to us for help."

Lin Fan nodded. "Alright, then thank you, leaders. No matter what, Jiaxing Entertainment will do its best in the movie industry."

After the leaders left, 500 million yuan quickly appeared in Jiaxing Entertainment's account.

Coupled with the one billion yuan in Lin Fan's account, Jiaxing Entertainment had about 1.5 billion yuan in capital.

Seeing the leaders leave, Xu Yang was shocked. He walked forward and hugged Lin Fan's shoulder. "Lin Fan, you're really something. Even such a big leader is willing to come to our company. Speaking of which, what are they here for?"

Lin Jingjing walked to Lin Fan's side and said curiously, "That's right. These leaders are usually very serious and don't meet people easily. I still have a television drama that's stuck and hasn't been released yet."

Lin Kexin hugged Lin Jingjing from behind and blinked. She looked at Lin Fan. She had started to put on makeup too. After putting on makeup, she looked even better. Lin Kexin, who was originally the school belle of Beijing Film Academy, now had a better figure. After putting on makeup, she looked even more beautiful.

Lin Fan smiled and said, "These leaders want Jiaxing Entertainment to enter the movie industry. After all, our Chinese movies aren't doing too well. We've been mocked by the foreign media."

When Lin Kexin heard that, she nodded. "That's right, but I have no choice. The cost of making movies in China is too high. Just hiring a celebrity actor costs a lot of money. Some entertainment companies will find popular celebrities to attract attention. Although they spend a lot of money, many of the movies they film are lousy."

Lin Fan continued, "The leaders even gave the company 500 million yuan in support..."

Xu Yang: "!!!"

Lin Kexin: "!!!"

Lin Jingjing: "!!!"

Xu Yang was excited. "D*mn... what... what did you say? 500 million? You're so generous that you gave our company 500 million directly!"

Lin Jingjing nodded and gasped. "Wow, Boss Lin is still the best. Those leaders must have taken a fancy to Boss Lin's ability to take out 500 million to help the company. This is 500 million, a lot of money."

Lin Kexin nodded obediently. "That's Boss Lin. Of course, it's different. Once Boss Lin comes back, even the leaders are anxious to see him. This means that Boss Lin is the most awesome ~"

The two girls started to suck up to Lin Fan, but Lin Fan was already used to it.

What they said was indeed the truth. Lin Fan couldn't deny it.

At this moment, Pang Duoduo ran over with the snacks. "Ah ah ah, 500 million. Boss Lin is awesome!!! Boss Lin will live for a long time and live forever. He will sweep through an army and no one can defeat him!"

Lin Jingjing looked at Pang Duoduo angrily. "If you don't know how to speak, don't. What idiom are you using? Don't be so shameless."

Pang Duoduo chuckled. His skin was extremely thick.

"The company will have a meeting in half an hour." Lin Fan decided.

Half an hour later, in the office.

When Lin Fan walked in, everyone in the office stood up.

Xia Wanqiu was also there. She sat in the first seat beside Lin Fan. However, like the others, she still respected Lin Fan at work.

After all, Lin Fan was the CEO of Jiaying Entertainment. He already had hundreds of employees.

"Hello, Boss Lin!"

“Hello, Boss Lin!”

“Hello, Boss Lin!”

The greetings were uniform.

Assistant Su Muqing stood beside Lin Fan’s seat. The other seat beside Lin Fan was empty.

“Su Muqing, sit too,” said Lin Fan.

“Alright.” Su Muqing held the document in her hand and sat down.

Lin Fan looked around at everyone and said, “There are only the following points for today’s meeting. I’ll make it short.”

“First, Jiaxing Entertainment wants to expand its recruitment. Jiaxing Entertainment has a total of three floors and needs to expand to three more floors. The entire T1 building belongs to Jiaxing Entertainment. Therefore, what we need to do is to buy all the equipment and information on the fourth to sixth floors. As I said, all the equipment has to be the most advanced. Every employee’s desk has to be large and the technical staff’s equipment has to be of the best. I’ll give you a budget of 10 million first. Is that enough?” Lin Fan said.

Su Muqing was slightly stunned. “Boss Lin, ten million... is a little too much.”

Lin Fan said, “10 million isn’t a lot. What I want is the best. Jiaxing Entertainment wants to be the only company in the entertainment industry. If the budget isn’t enough, you can still ask me.”

The reason why Lin Fan wanted to spend money so much was mainly because of the upgrade of the system. As long as it was within four months, the money spent by Jiaxing Entertainment could be refunded. The more money he spent, the more he would earn. Of course, the prerequisite was that the movie or television drama had to be released within four months. Otherwise, the profits wouldn’t be refunded.

Su Muqing nodded obediently and recorded it. She would do everything well, so Lin Fan didn’t have to worry about these things.

However, everyone present was a little shocked.

Because... Lin Fan was too generous and rich!

Originally, this building T1 belonged to Jiaying Entertainment, but it had never been used on the fourth to sixth floors before.

Now, Lin Fan had given them a budget of 10 million just by buying some equipment and decorating the fourth to sixth floors!

He was simply a super tycoon!

“Second, Jiaying Entertainment will focus on the film industry in the future. Of course, we will also do television dramas. Therefore, our company needs to open up recruitment, recruit screenwriters, directors, and a series of staff. The most important thing for an entertainment company is the integration of fresh blood. Therefore, Jiaying Entertainment will also vigorously nurture newcomers, regardless of gender. I have a plan, which is to create stars. We will vigorously nurture newcomers and replenish the company with fresh blood. The most important thing for nurturing newcomers is their background. If their background is not clean, we will definitely not use them,” said Lin Fan.

Everyone present nodded.

Especially Lin Jingjing and Lin Kexin, they admired Lin Fan even more.

When a leader spoke, it was indeed different!
