

## **I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 455-459**

### **Chapter 455: Why Is It Different From What Teacher Said?**

Lin Fan smiled and said, "Principal Jiang, do you have any recommended students?"

After all, there were too many students in Beijing Film Academy. Every year, there were many new students, both male and female.

Jiang Changjian asked, "I wonder what kind of student Boss Lin wants to choose. Give me a direction. I can recommend him in this direction."

Lin Fan smiled. "If you're a girl, you have to be pretty, have a good figure, and have a good temperament. I'm not saying this to have any objections to girls who don't have a good figure or aren't pretty. But to be a big star, this is necessary."

Jiang Changjian nodded. "Of course."

Lin Fan continued, "Girls can't be in a relationship. They have to have a good personality and don't have any dark history. Just follow this path. As for guys, you don't have to recommend them. I'll personally see if there's anyone suitable."

Jiang Changjian nodded and said, "There are a few new students this year. They're indeed not bad. Boss Lin, follow me. There's a list here."

"Class One's Mu Xue'er, 18 years old, a freshman. She's good at playing the piano and zither. She's usually quiet and has a good temperament."

"Class One's An Yi, an 18-year-old freshman. She's tall, has a slender waist and long legs, and is extremely capable."

"Class One's Xia Lingling, a 17-year-old freshman. She's lively, cute, and very spirited. Her acting skills are also very good."

....

Jiang Changjian recommended a few students, most of whom were from Class One.

Lin Fan nodded. He couldn't tell anything from the photo.

These girls were indeed not bad-looking, but most of the photos were photoshoots. Only when they saw them in person could they confirm if they were suitable.

Soon, Lin Fan went to the entrance of Class One alone.

At this moment, Class One was still in class.

Lin Fan gently pushed open the back door and sat in the last seat.

Teacher Shen Rui saw Lin Fan first, but Lin Fan waved his hand, indicating for Shen Rui to keep quiet.

The students were performing a play and Lin Fan didn't want to disturb them.

On the stage, a girl in a long white dress was playing the piano. The melodious sound of the piano could be heard. It was quiet and beautiful.

The students of Class One, Mu Xue'er, gave off a quiet feeling from afar. She was pure and flawless. There were no flaws in her eyes. They were clean and untainted.

Not bad. Lin Fan had already given Mu Xue'er 90 points in his heart.

Then, many students went on stage to perform.

Lin Fan also saw An Yi. After all, Lin Fan had seen photos before and recognized her at a glance.

An Yi had a slender waist and long legs. She was 174 centimeters tall, although she was not as tall as a normal boy.

But An Yi's legs... were too long.

She was wearing a shoulder-high black evening gown that accentuated her snow-white skin. Under the faint light, she looked like a blooming white lotus, and her fair and charming legs bloomed silently in the black.

She stood there and curled her finger at another boy. She smiled charmingly and blinked.

Immediately, the boy opposite him could not hold it in anymore.

The entire process was a theater performance.

Lin Fan saw a girl with an explosive figure.

He had thought that An Yi would be...

However, An Yi jumped up and crossed the table with her long legs, knocking the boy to the ground.

“Hehe, you’re not qualified to play with me.” An Yi smiled and sat down with her legs crossed.

This woman was domineering enough.

This was another evaluation of An Yi in Lin Fan’s heart.

This girl could probably get 92 points.

Lin Fan looked around but didn’t see Xia Lingling.

Then... a chuckle came from behind. “Oh? When did anyone in our class wear such clothes?”

The girl’s voice rang out and a head popped out in front of Lin Fan. She was wearing a simple sling, short hot pants, and sneakers. It was simple.

“Wow... Lin Fan!” The girl jumped up. “I’m Xia Lingling from Class One. Greetings, Brother Lin Fan ~”

Xia Lingling's eyes widened as she looked at Lin Fan in surprise.

However, as they were still performing, everyone's attention was focused on the performance and they didn't notice Lin Fan.

Lin Fan smiled. "Hello, I'm Lin Fan."

Xia Lingling giggled and made a face. "I never dreamed that you would come to our class."

Lin Fan was amused by this girl. "I came to your class mainly to see you."

Xia Lingling curled her lips. "Hmph, you're lying. There are so many students. Why did you only come to see me? We don't know each other."

Lin Fan took out Xia Lingling's information. "The principal gave it to me."

Xia Lingling took a look and said, "It's true. What about me?"

Lin Fan said, "You look pretty good."

Xia Lingling said in surprise, "That's great. It turns out that the feeling of being praised by an idol is just that. But I can't be a big star yet. They all say that I don't have enough breasts. The fans like those with big breasts."

Xia Lingling looked down at her chest and sighed.

Lin Fan took a look and said, "It's not small."

Xia Lingling blushed. "You, you, you... you're shameless!!"

After the performance ended, many students saw Lin Fan.

"Lin Fan!!"

“When did Lin Fan come? Why didn’t I know?”

“Ah ah ah, Prince Charming really came to our class and watched so many performances...”

Lin Fan greeted her and left.

He did not say anything and silently went to another class.

There were many boys and girls in Class One, but there were not many people who satisfied him.

At least from the theater performance, these students’ acting skills still needed to be honed.

The next day.

Lin Fan finally decided on a few candidates.

Xia Lingling skipped to the office door. When she arrived, she saw a few familiar faces.

An Yi, Mu Xue’er.

“Why were you called here too?” Xia Lingling asked in surprise.

Mu Xue’er shook her head, indicating that she didn’t know anything.

An Yi smiled sweetly. “I guess... Lin Fan wants to sign a contract with us. He’s the big boss of Jiaxing Entertainment, or he has a further assessment for us.”

Xia Lingling looked at An Yi innocently. “Sister An Yi, you even know this?”

An Yi smiled and said, “It’s not difficult to guess.”

Xia Lingling said, "Will Brother Lin Fan really sign a contract with us? I still don't know how to sign a contract. Will it be like what Teacher said..."

An Yi shook her head. Who knew?

Not long after, Lin Fan arrived.

"Come in." Lin Fan smiled.

"Oh." Mu Xue'er nodded.

An Yi walked with her long legs and gently flipped her long hair as she looked at Lin Fan.

Xia Lingling skipped in happily.

"Brother Lin Fan, we meet again!" Xia Lingling smiled.

After sitting down, Lin Fan looked at the three girls and said, "Your potential is not bad, so Jiaxing Entertainment wants to sign a contract with you."

"I also want to tell you that the reason why Jiaxing Entertainment wants to launch the Star Creation Plan is to nurture new people. There are very few newcomers who can pass the selection, so I chose you."

"I can't assure you that it's the right decision, but from today onwards, you can all become celebrities of Jiaxing Entertainment. We will also give you resources. It won't affect your studies in school," said Lin Fan.

Xia Lingling nodded. "Alright ~"

Mu Xue'er nodded.

An Yi raised her beautiful eyes and looked at Lin Fan. "Boss Lin, can we see the specific contract and salary..."

An Yi was still very thorough. If she was deceived, it would be a huge loss and it would be equivalent to her entire life being ruined.

Lin Fan nodded and said, "After you sign the contract, your basic salary and annual salary will be two million yuan. It doesn't include your remuneration. The remuneration will be calculated separately and the endorsement fee will be calculated separately. The details are all written in the contract."

An Yi, Xia Lingling, and Mu Xue'er looked at each other.

The three girls were shocked.

Didn't the teacher say that when management companies came here, they usually signed contracts to cheat people?

These management companies would never give them any basic salary. After entering the company, they would realize that they did not even have resources. If they did not agree to be slept with by their boss, they would lose their resources and be hidden away.

But Lin Fan was completely different...

The basic salary he casually gave them was two million!

Two million a year!! Even if they didn't do anything, they would still have two million!!

Although an annual salary of two million yuan was not a lot, their monthly salary was almost 180,000 yuan!

This...

Even if they had to sleep with him, they would accept it!

#### **Chapter 456: Tomson Riviera, The Three Women Are Shocked!**

Even a girl like An Yi was a little excited.

An annual salary of two million!

A monthly salary of about 180,000 yuan. What kind of management company could give them such a price?

Furthermore, they were all newcomers.

Every newcomer who wanted to film in the entertainment industry had to undergo considerable training.

Many trainees from management companies would do high-intensity training work every day to find opportunities to stand out.

Even so, there were still very few people who could stand out.

When An Yi, Xia Lingling, and Mu Xue'er heard that Lin Fan had given them such a high contract fee, they couldn't help but be stunned.

The three of them were all newcomers and had received such a high annual salary.

Although two million a year was not a lot to tycoons, to these students, it was equivalent to an astronomical sum.

An Yi looked at Lin Fan. "Boss Lin, this is two million... Can you show me the contract?"

She was like a big sister, mature and steady. Even if it was such a tempting price, they wouldn't sign it so quickly.

If there were any hidden rules in the contract, such as some things not meeting the standards, the two million yuan would not be in his hands.

Many management companies or livestreaming companies would do this. They would pretend to give you a high annual salary, but after you went there, you would realize that it was not the case.

Lin Fan nodded. "Of course."

An Yi, Xia Lingling, and Mu Xue'er all took the contract.

After the three girls finished reading the contract, they looked at each other in confusion.

The contract Lin Fan gave them didn't have such restrictions.

Furthermore, this contract was only valid for two years.

The oldest of them was only 18 years old. Even after the contract ended, they would only be 20 years old.

There were no traps in the contract.

It could be said that this contract only signed them. As long as they were willing to sign this contract, they could receive this money.

As for other work, they just had to listen to Jiaying Entertainment's arrangements.

The three girls did not expect such a good thing to happen.

Lin Fan's contract wouldn't affect their normal classes and studies.

After all, they were still students of Beijing Film Academy. If they did not return to Beijing Film Academy to study for a long time, it would affect their future.

An Yi flipped her long hair and said, "Boss Lin, I'll sign this contract. However... can I ask you a question?"

An Yi was still a little puzzled. This contract was equivalent to Jiaying Entertainment spending a huge sum of money to nurture them. As for whether Jiaying Entertainment could earn back its capital, it was very likely that it would not be able to.

Lin Fan: "Ask."

An Yi looked at Lin Fan and said, "Boss Lin, I think the contracts signed by other management companies start from five years. It's to prevent celebrities from leaving the company. It's also a kind of contract to protect the company. Why did Jiaxing Entertainment only sign a contract for two years? Furthermore, we're all newcomers, but our annual salary is two million?"

Jiaxing Entertainment had indeed paid a lot of money that exceeded common sense, which was why An Yi asked this question.

Lin Fan smiled. "Because Jiaxing Entertainment is different from any other management company. Have you seen the chairman personally choose people?"

"As for signing you guys for two years, it's because your contract fee can still increase after two years. At that time, it will be decided according to everyone's performance. Jiaxing Entertainment doesn't support useless people," said Lin Fan.

An Yi smiled sweetly. "Boss Lin, won't you be worried that we'll run away in two years?"

Lin Fan smiled. "There's no need for that. My goal is to make Jiaxing Entertainment the number one entertainment company in China. All the celebrities will be proud to join Jiaxing Entertainment. Two years later, if anyone wants to quit, they can only say that Jiaxing Entertainment isn't attractive enough."

"I also believe that Jiaxing Entertainment will definitely become the number one entertainment company in China in the future. I'm confident in this," said Lin Fan.

After An Yi heard that, she was filled with respect.

Having such a boss could only be said to be... too blissful.

An Yi signed her name on the contract and stood up. She leaned forward slightly and took the initiative to extend her hand. "Boss Lin, nice working with you."

"Pleasure doing business with you." Lin Fan shook An Yi's hand and exchanged contracts with her.

"Boss Lin, I have another small request..." An Yi blinked and smiled like a flower. Her eyes were like blooming flowers as if they could attract the attention of all the boys.

“Can... I add you on WeChat? If you have work in the future, it’ll be convenient for you to contact me,” An Yi said with a smile.

“Sure.” Lin Fan added An Yi on WeChat.

When Mu Xue’er saw that An Yi had already signed the contract, she raised her head weakly. Her eyes were like water as she asked a simple question, “Boss Lin, after I become an artiste of Jiaxing Entertainment, can I still play the piano?”

Lin Fan smiled. “Of course.”

Mu Xue’er didn’t say anything else and signed the contract.

She pressed her knees and sat obediently at the side. She had always been the kind of pretty girl who spoke softly and was a little delicate, but she played the piano quite well.

Among the three girls, only Xia Lingling was left.

Xia Lingling stuck out her tongue. “Sister Anyi and Sister Xue’er have already signed the contract. Then I’ll sign it too. Brother Lin Fan, I’ll be an employee of Jiaxing Entertainment in the future.”

An Yi looked at Xia Lingling and Xia Lingling felt that she had said something wrong. “Boss Lin, I shouldn’t have called you Brother Lin Fan. Boohoo, but I think it sounds nice.”

Lin Fan shook his head. “It’s fine. I’ve already helped you guys apply for leave. Pack up and report to Jiaxing Entertainment tomorrow. Let me remind you that you might not be able to return to school this semester.”

The next day.

An Yi, Xia Lingling, and Mu Xue’er arrived at the entrance of Jiaxing Entertainment on time.

The three girls were young and beautiful. They stood at the entrance of the company like a beautiful scenery.

Xia Lingling's eyes were filled with surprise. "Wow, is this Jiaying Entertainment? It's so imposing ~"

An Yi pursed her lips and chuckled. She gently flipped her long hair. "Don't be so surprised. Isn't this what you should do?"

Mu Xue'er did not speak and followed An Yi and Xia Lingling in.

The three girls saw a sweet-looking and quiet girl.

She gave off a pure and flawless feeling, like a peaceful fairy.

Furthermore, the girl's aura was not something the three of them could compare to.

Su Muqing smiled and said, "The three of you are Anyi, Xia Lingling, and Mu Xue'er. Have you packed your things? You're moving out now."

The three girls were surprised. "Move?"

Su Muqing nodded. "Yes, Boss Lin has prepared a new home for you guys."

Xia Lingling looked around. "Where's Boss Lin?"

Su Muqing shook her head. "Boss Lin is usually very busy. This time, he chose the three of you. He must have high hopes for the three of you, so you have to work hard and repay Boss Lin for taking care of you."

The three women nodded in unison.

When they arrived at their place, An Yi was shocked.

Wasn't... wasn't this Tomson Riviera?

Oh God...

The new home Lin Fan had arranged for them was actually at Tomson Riviera!

### **Chapter 457: The Man Who Once Shocked the Entertainment Industry Is Back!**

As everyone knew, Tomson Riviera was one of the top districts in Shanghai.

Those who could live here were all truly rich.

It could be said that even a rich second-generation heir worth more than 100 million might not have a house in Tomson Riviera.

Tomson Riviera was almost all villas.

Rich people with a net worth of over 100 million could at most rent a house here.

However, it was almost difficult to buy a house for Tomson Riviera.

However, this was very simple for Lin Fan. With his current connections, he could buy a few villas in Tomson Riviera.

“Wow, wow, wow... Tomson Riviera, Sister Muqing, are we really going to live in Tomson Riviera?” Xia Lingling asked in surprise.

“Well, yes.” Su Muqing looked back and smiled.

“Ah ah ah, I’m touched to tears. Boss Lin is too good.” Xia Lingling was about to cry.

Girls like them dreamed of owning a villa.

Now that Lin Fan had given them a chance to live in a villa, he was such a good boss.

A girl like Mu Xue’er rarely spoke. When she saw such a good environment in the district, she was a little nervous.

However, the environment here was really beautiful.

It was her lifelong dream to live here.

As a girl from a poor family, Mu Xue'er didn't even know how it felt to live in a building in a big city. Now, she could even live in a villa.

"Sister Xue'er, are you unhappy?" Xia Lingling bounced up and down and said happily.

"Yes, I'm happy. If only Dad and Mom could live in the villa in the future." Mu Xue'er's beautiful eyes seemed to have light as she looked at the beautiful scenery in all directions.

"Yes, yes," Xia Lingling said happily.

On the other hand, An Yi was a little calm.

A breeze blew through her long hair as she looked at the villa in front of her.

After walking in, An Yi looked around and realized that this villa was at least six to seven hundred square meters.

Such a villa would cost at least hundreds of millions in Tomson Riviera!

Was it so easy for Lin Fan to take out 100 million?

An Yi finally understood. Lin Fan's assets could be said to have reached a terrifying level.

As the CEO of Jiaying Entertainment, Lin Fan didn't know how much money he had now.

If Lin Fan didn't have a girlfriend...

An Yi blinked and her cheeks turned slightly red.

What a pity...

...

Jiaxing Entertainment.

Lin Fan was writing a script.

When Lin Fan pressed the save button, it meant that the script was officially completed.

Bang, bang, bang.

There was a knock on the door.

"Come in," said Lin Fan.

The person who walked in was Tian Zheng, the current screenwriting master of Jiaxing Entertainment.

"Boss Lin, the company has recently chosen a good script. Do you want to consider filming it? I think Chu Yaoyao and Lin Qingxuan are very suitable to be the female lead of this television drama," Tian Yang said respectfully.

"Mmm, sure. Arrange it. How long will it take to finish filming and release?" Lin Fan asked.

Tian Zheng said, "About four months."

Lin Fan shook his head. "Mmm, I understand. We can make arrangements. The script I wrote recently is also done. Teacher Tian Zheng, you can take a look."

Lin Fan respected an old man who was highly respected.

"One is 'The Return of the Condor Heroes', the other is 'The Legend of Condor Heroes', and there's also a script for a movie called 'Kung Fu Hustle'."

Lin Fan took out three scripts.

He had thought about these three scripts for a long time and written them for a long time.

Now, these three scripts had been written.

However, for the Condor Heroes, Yin Zhiping's plot towards Xiao Longnu was not that melodramatic.

In Lin Fan's heart, he still liked clean girls. Why would he defile his female lead?

"Boss Lin, it might take some time for the company to film these few television dramas. Shall we film them one by one?" Tian Zheng asked. He didn't look at the script first and asked about the filming first. After all, with Lin Fan's ability to write scripts, he didn't need to be questioned.

"No, prepare at the same time and start filming at the same time," said Lin Fan.

"Although our company has never entered the movie industry, the script for 'Kung Fu Hustle' has always been something I want to create," said Lin Fan.

"As for these three scripts, your screenwriting team can discuss them first. If there's anything you can modify, you can bring it up," said Lin Fan.

"Alright!" Tian Zheng took the printed script.

Then, Jiaying Entertainment held a top-secret discussion group.

They were all the strongest screenwriters in Jiaying Entertainment.

After reading the three scripts, all the screenwriters were stunned.

"CEO Lin's script... is still so good."

“Are the characters of Yang Guo and Xiao Longnu so well-designed? Especially Xiao Longnu. I love her. Also, Guo Xiang’s character is super good.”

“That’s right. The plot of ‘The Return of the Condor Heroes’ is too interesting. Boss Lin’s script is still so well written.”

“D\*mn, there’s also Rong’er in ‘The Legend of Condor Heroes’, and she’s super good. She’s too beautiful. I like this kind of female lead. If you find out, ‘The Legend of Condor Heroes’ and ‘The Return of Condor Heroes’ are actually connected. Boss Lin actually fused the two television dramas perfectly!”

“Can Boss Lin’s television dramas be connected now? It reminds me of the first and second seasons of Joy of Life. These two television dramas are amazing! There have never been martial arts-style television dramas in the country. Boss Lin’s two scripts can be said to be innovative to the extreme!”

“Boss Lin is awesome! Looking at the movie script written by Boss Lin, this is unprecedented. This script... I have to say that it can be said to be the most interesting plot in the country in recent years. Furthermore, there are many details in this script. I’ve written them all. There are even some details that I don’t understand.”

“Perfect. CEO Lin’s script is perfect!”

“I have no objections to CEO Lin’s script. It’s all approved and there’s nothing I want to change.”

“I second that!”

“I agree too!”

“Then let’s vote unanimously!”

“I think the scripts written by others are more or less flawed, but CEO Lin’s script is still so good!”

Many screenwriters had a unanimous conclusion.

Lin Fan’s screenwriting skills had already exceeded history.

While Lin Fan was in Jiang City, Jiaying Entertainment also launched a television drama. It was quite popular. However, because it wasn't directed by Lin Fan and the script wasn't written by him, its popularity wasn't that high. However, in the entertainment industry, its popularity was top-notch.

And now, Lin Fan... the man who had once shocked the entertainment industry had returned with his latest script!

### **Chapter 458: Lin Fan's Return!**

After Lin Fan wrote the three scripts, the entire Jiaying Entertainment was shocked.

"Is what you said true? Boss Lin personally wrote three scripts at once!"

"That's right, that's right. Boss Lin is really too awesome. I've always admired him, but I didn't expect him to be so awesome."

"Is Boss Lin going to make a comeback personally? The script he wrote personally must be pretty good, right? Can you reveal the name of the script?"

"If the script is finalized, the casting will start soon. I wonder what actor Boss Lin will choose this time."

"I don't know. Boss Lin's television dramas and movies can give us a surprise no matter what. I've worked at Jiaying Entertainment for so long, but this is the first time I've heard that Boss Lin is going to film a movie. Wouldn't we be making a killing then!"

The employees of Jiaying Entertainment were all discussing.

After all, Lin Fan's status in Jiaying Entertainment and the entertainment industry had long been worshiped by many employees.

The news that Lin Fan had finalized the script quickly spread to all the major entertainment companies.

"D\*mn, really? Is Boss Lin really going to film a new television drama and movie?"

"Is Boss Lin going to come out personally this time?"

“That’s true. Jiaxing Entertainment even launched a television drama of their own during this period. However, it’s not considered very popular. However, it’s completely different now that Boss Lin has appeared.”

“Jiaxing Entertainment released the Legend of Sword and Fairy’s television drama, as well as Twenty No Doubts. They’re both quite popular. Speaking of which, Jiaxing Entertainment didn’t release any good television dramas after that, right?”

“Boss Lin has come out of retirement. Jiaxing Entertainment must recruit actors. We must let our company’s artistes seize this opportunity. This is a chance to become popular!”

...

At the same time, all the major investors had already called Lin Fan.

“Hello, Boss Lin. We’re planning to invest in your new television drama. Can we have a chat?”

“Boss Lin, I heard that you’re going into the movie industry. Our company has this intention to work with you. We can invest any amount of money.”

“If it’s a television drama or movie personally filmed by Boss Lin, we will definitely invest in it!”

Faced with the personal calls from the CEOs of various companies, Lin Fan was a little puzzled.

He had only written a few scripts and the company had just confirmed the scripts. As for filming a television drama, he still had a lot of work to do.

To build the scene and the production of the clothes, there had to be a director team, a technical team, all sorts of investors, and the skills needed for filming. Most importantly, there had to be a script seminar and even a dubbing team.

Most importantly, before he could even confirm the actors for the script, an investor came up to make a call.

After all, Jiaxing Entertainment was different from other management companies. Lin Fan had the right to veto any actor.

In the end, before he could settle any work, the big boss of the investor called. Lin Fan only entertained him a little.

However, this phone kept ringing. It was very troublesome.

After a while, Lin Qianwei arrived.

“Boss Lin, another 36 investment companies have contacted you to invest in their television dramas,” Lin Qianwei said.

“I’ll reject them for now. Say that many things in the company haven’t been decided yet. I’ll talk about some things later.” Lin Fan was a little speechless.

“Alright.” Lin Qianwei nodded.

It had to be known that it was very difficult for television dramas to become popular.

This required Lin Fan to carefully finalize all the work before deciding to start filming.

He could not do it too quickly for the sake of benefits. This would only cause the quality of the television dramas to be insufficient.

Lin Fan also believed that slow work would produce fine work.

He could only film one television drama and one movie in four months.

After all, the Spring Festival was not far away.

Then, a trending topic on Weibo quickly reached the top.

[Lin Fan personally wrote a new script!]

It was such a trending topic on Weibo that ignited the audience's enthusiasm.

"What? Lin Fan is going to film a television drama again?"

"Ah, Lin Fan's television drama will definitely be very good now. I'm looking forward to it!"

"Lin Fan is too handsome. I wonder if Lin Fan will act in television dramas himself. If he can really act in television dramas, that would be great."

At first, the entire Internet was cheering.

This news also spread to the strongest entertainment company in China.

Mavericks Entertainment!

"CEO Tang, look at Lin Fan's appeal... I'm afraid that in the long run, Jiaying Entertainment will completely crush Mavericks Entertainment," a company shareholder said.

This person was called Lin Ying and was one of the major shareholders of Mavericks Entertainment. Jiaying Entertainment's development had been getting better and better recently, which made Lin Ying a little worried.

Tang Yuan's lips curled into a confident smile. "There's nothing to worry about. A new company is ultimately just a new company. It relied on luck to become popular in a few television dramas. Do you really think that Lin Fan can do well in the entertainment industry?"

"In my opinion, Lin Fan's previous television dramas are indeed not bad. However... it's time for him to run out of talent." Tang Yuan smiled. "Go make the arrangements."

Lin Ying nodded and revealed a look of understanding. "CEO Tang is right. Lin Fan really thinks that he's a phoenix. He can become popular every time he shoots a television drama? He can become popular even when he shoots a movie? No matter how awesome a director or team is, there will be times when they fail. No one can always succeed."

“This time, Lin Fan might just lose. I heard that Lin Fan even wrote three scripts. He wants two television dramas and a movie to start filming at the same time? Does he really think he’s that awesome?” Lin Ying had a mocking smile on her face.

After all, to film three scripts at once, how crazy would one have to be to make such a decision?

Could Lin Fan do it?

Among these three scripts, there might not be one that could match the television drama that the audience wanted.

Tang Yuan nodded and said, “You’re right. Lin Fan prepared three scripts. In my opinion, these are the many plans he prepared because he was worried that his company would fail. However, how many of these three scripts can he film to become popular?”

Lin Ying was enlightened. “CEO Tang is right. Then do we need to do something?”

Tang Yuan smiled playfully. “Isn’t Lin Fan quite close to the girls around him? Why don’t we use this to make an issue out of it?”

Lin Ying understood. “I understand. Lin Fan is a scumbag. Even if he’s not, we can make others think that he’s a scumbag. In that case... hahaha...”

....

Not long after, another comment appeared on the Internet.

Many photos of Lin Fan and Su Muqing, Lin Kexin, and Su Xiaoyu together appeared.

There were also many more ambiguous photos. Some were pieced together, some were photoshopped, and some were taken by the media. There was everything.

Especially when there was a photo of Lin Fan and Su Muqing in the photo.

There was also a photo of Su Muqing and Lin Fan living in the same district.

Then... the Internet exploded again!

### **Chapter 459: Xia Wanqiu Is My Fiancée!**

Soon, negative news about Lin Fan appeared online.

Most of it was the ambiguous relationship between Lin Fan and Su Muqing that exceeded that of ordinary people.

Then, there were even some voices in the company, but no one dared to say it.

After all, Lin Fan and Su Muqing were indeed very close.

After Xia Wanqiu arrived at the company, a girl looked at Xia Wanqiu and said, "Sister Wanqiu, look, CEO Lin and Su Muqing seem to be quite close. Aren't you worried? After all, men have become rich and there's no lack of beautiful women around them. Men don't have such strong willpower."

Xia Wanqiu smiled sweetly. "Why should I be worried?"

The girl asked curiously, "Su Muqing is also very pretty... I'm just afraid that Boss Lin will really be like what the Internet says..."

Xia Wanqiu held a cup of milk tea and put on her hat. She said softly, "You don't have to believe what they say online ~"

The girl nodded. She did not understand and could not say anything else.

Xia Wanqiu raised her beautiful eyes and looked in the direction of Lin Fan's office.

After hesitating for a moment, she still didn't go to Lin Fan's office.

She knew what a girlfriend should do. She trusted Lin Fan more.

But... seeing Lin Fan with Su Muqing every day and others discussing it like this...

She did not believe in anything she should not listen to.

But...

As a girl, she would still have some thoughts in her heart.

After all, she and Lin Fan hadn't had any physical contact yet and her parents hadn't completely approved of her yet.

Would Lin Fan not be able to hold it in and look for other girls?

Just as Xia Wanqiu was letting her imagination run wild, Lin Fan arrived.

Lin Fan naturally placed his hand on Xia Wanqiu's shoulder. There were many colleagues beside her, but Lin Fan didn't care.

On the other hand, Xia Wanqiu's cheeks were slightly red. She was still not used to doing such an intimate thing with Lin Fan in public.

However, Xia Wanqiu didn't resist, much less refute Lin Fan in front of so many people. She just let Lin Fan rest his hand on her shoulder.

The other colleagues also left consciously.

Lin Fan looked at Xia Wanqiu and smiled. "Are you jealous?"

Xia Wanqiu did not speak and just turned around.

He was indeed a little angry.

After having a girlfriend, he still had to coax her often. Coaxing his girlfriend was not considered bootlicking, right?

Xia Wanqiu was still so beautiful today. No matter when or where, she seemed to be able to attract the attention of everyone and stand out.

Looking at the girl in front of him, Lin Fan didn't say anything and quickly kissed Xia Wanqiu on the lips.

Hmm... the lipstick was really delicious.

"You..." Xia Wanqiu looked at Lin Fan with a red face.

"Wife, we can film together again. The scene this time is called 'The Legend of Condor Heroes'. You're Rong'er, and I'm Guo Jing. This is a brand new challenge. The characters in this script have very high requirements." Lin Fan pushed Xia Wanqiu against the wall and held a wall with his hand as he looked at the girl in front of him.

"Ah? I can film, but can you not push me..." Xia Wanqiu felt a little wronged as she looked at Lin Fan blankly. For a moment, she forgot to think.

"Am I?" Lin Fan smiled and gently lifted Xia Wanqiu's long hair.

"Mmm, yes." Xia Wanqiu lowered her head slightly.

"Isn't it only right to support your girlfriend? Anyway, we'll have to sleep together sooner or later," said Lin Fan with a smile.

"Ah... shameless." Xia Wanqiu shrank back again.

"Look up," said Lin Fan.

Xia Wanqiu raised her beautiful eyes, revealing innocent eyes and a beautiful face.

"Lin Fan, can you not be so rough in the future..." Xia Wanqiu said. After all, Lin Fan had kissed her without her permission.

“Then I’ll be gentler? Xia Wanqiu, can I kiss you?” Lin Fan smiled and placed his hands on the wall, completely blocking Xia Wanqiu’s escape path.

“Mmm...” Xia Wanqiu nodded.

She didn’t want much. She just wanted Lin Fan to consider things for her.

Then... Lin Fan’s hands started to move.

Just as he was about to do something bad, there was a knock on the door.

Xia Wanqiu wanted to run but Lin Fan held her hand forcefully. Xia Wanqiu blushed and stopped struggling.

“Boss Lin, there’s a rumor online that the television dramas you filmed relied on luck to become popular. They even said that the three scripts you wrote were because you weren’t confident in creating popular television dramas again. Some even said... Xia Wanqiu is so ugly now and can’t be the female lead anymore. They even said that the reason why you and Su Muqing are ambiguous in your relationship is because Xia Wanqiu has become ugly,” Lin Qianwei said.

“???” Lin Fan.

Lin Fan’s eyes turned cold.

This was not only questioning his professional level but most importantly, insulting Xia Wanqiu.

After such comments appeared on the Internet, some media outlets even arrived at the entrance of Jiaying Entertainment to interview them.

Lin Fan smiled. “Inform Director Lu that other than the male and female leads, we can decide on the roles first. I want to see the results of the roles tomorrow. This time, I want to film two television dramas at the same time!”

When such doubts appeared on the Internet, what Lin Fan had to do was to use his actions to let these people know what it meant to crush a television drama on the Internet!

Damn, someone even said that Xia Wanqiu was ugly?

Lin Fan looked at the girl beside him. In Lin Fan's heart, there was almost no girl who was better looking than Xia Wanqiu.

Only Su Xiaoyu and Xia Wanqiu were on the same level.

Lin Fan had never seen anyone surpass Xia Wanqiu.

As for the ambiguous comments about Lin Fan and Su Muqing on the Internet, they were even more nonsense. Su Muqing was indeed good at her job, but Lin Fan didn't mean anything else.

After making the work arrangements, Lin Fan held Xia Wanqiu's hand. "Let's go. Let's spend some alone time together today. It's our last day off before acting."

Lin Fan also wanted to respond to these haters online!

Xia Wanqiu blinked. "Just the two of you?"

Lin Fan nodded. "Mmm, let's go out."

Xia Wanqiu immediately understood what Lin Fan wanted to do. She said gently, "Lin Fan, I don't care about those comments on the Internet."

Xia Wanqiu was a big star and there were many people who liked her. There were also many people who criticized her. However, she was already used to it. She didn't want Lin Fan to have a bad impression of her in front of the media.

Lin Fan gently covered Xia Wanqiu's mouth with a finger and smiled. "I care."

He held Xia Wanqiu's hand and walked out of Jiaxing Entertainment.

At this moment, there were many media outlets at the entrance of Jiaxing Entertainment.

When the media saw this scene, they were all stunned.

The flame comments on the Internet had already evolved to the point where Lin Fan and Xia Wanqiu's relationship was problematic.

And now, Lin Fan and Xia Wanqiu's relationship was still so loving.

Lin Fan dotingly helped Xia Wanqiu put on her hat. He held her hand and walked out of the entrance.

A reporter walked in front of Lin Fan and said, "Boss Lin, there are comments online that you and Xia Wanqiu have broken up. Some people say that it's because Xia Wanqiu has become ugly. What do you think?"

Lin Fan gently kissed Xia Wanqiu's red lips. After tasting her lipstick, he said, "Xia Wanqiu is my fiancée. My relationship with her has always been very good. Also, this is my personal relationship with Xia Wanqiu. I don't need anyone on the Internet to force me or judge if my fiancée is pretty or not. I think it's fine as long as she's the most beautiful woman in the world."

"Also, Jiaxing Entertainment will launch a new television drama. I'm the male lead, and she will be my female lead. Xia Wanqiu and I will act in the new television drama 'The Legend of Condor Heroes'. When the time comes, the fans can come to support us."

Lin Fan didn't even look at the other media outlets. He took the initiative to open the passenger door of the Ettore Bugatti for Xia Wanqiu.

Then, the Ettore Bugatti drove along the roads of Shanghai, leaving the media looking at each other.

Lin Fan's response... was too strong.

In the sports car, Xia Wanqiu blushed.

So in his heart, she was already his fiancée...
