

## **I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 460-464**

### **Chapter 460: Su Xiaoyu Is Back!**

The next day.

The company was in a meeting.

“The Legend of Condor Heroes” was extremely important as Lin Fan’s television drama.

Because Lin Fan was now equivalent to a golden signboard in the entertainment industry.

All of Lin Fan’s television dramas became popular without exception!

Therefore, all the employees of Jiaxing Entertainment attached great importance to it.

Other than “The Legend of Condor Heroes”, there was also “The Return of the Condor Heroes”. It was also quite important.

Lin Fan’s first movie, “Kung Fu Hustle”, was also incomparable. This would be Jiaxing Entertainment’s first movie and it would be highly anticipated by the Yangzhou Film Administration.

No matter what, Lin Fan’s first movie couldn’t be too bad. Otherwise, it would affect Jiaxing Entertainment’s reputation.

When Lin Fan entered, the director team was already in position. There were also many actors and staff.

Lu Benkai looked at Lin Fan and smiled respectfully. “Boss Lin, we’ve already decided on most of the roles for the two television dramas. Please take a look. As for the main leads, you need to decide personally.”

Lin Fan took the list and was satisfied.

The characters who came to participate in these two television dramas had good acting skills and good lines.

As for those popular actors, Lin Fan wouldn't use them if their acting skills weren't good. They would naturally be excluded from the list.

"Alright, are all the artistes from Jiaxing Entertainment here?" Lin Fan asked.

"Yes, everyone is here." Lu Benkai nodded.

"Alright, then I'll announce the main lead of 'The Legend of Condor Heroes' now."

"Male lead: Lin Fan, female lead: Xia Wanqiu."

"Other roles, Yang Kang's actor: Xu Yang, Mu Nianci's actor: Lin Kexin, Khojin's actor: pending."

"I'll leave the rest of the roles to Director Lu to handle and interview personally." Lin Fan smiled.

When Lin Fan finished speaking, the surroundings were silent.

Because... Lin Fan and Xia Wanqiu were going to work together again.

The two of them were a couple to begin with. This time, they were going to work together and film another television drama. Who knew what kind of waves it would cause online?

Even the big star Xu Yang of Jiaxing Entertainment was going to act in it personally. There was also the big star Lin Kexin. These were all the most popular people in China's entertainment industry.

One had to know that Lin Kexin's popularity had even exceeded Xia Wanqiu's.

Although Xia Wanqiu's popularity had reached first place, Lin Kexin's popularity was already second.

This television drama was a strong alliance.

Although Lin Jingjing was Xu Yang's girlfriend, this role was not given to Lin Jingjing.

Lin Fan looked at Lin Jingjing and smiled. "Jingjing, when the time comes, I'll need you to work hard and be the voice actor."

Lin Jingjing smiled sweetly. "Understood."

As for the actor playing Khojin, Lin Fan had a headache.

After all, in "The Legend of Condor Heroes", Khojin and Guo Jing were engaged and were childhood sweethearts. It could be said that Khojin was one of the most popular characters. It was very difficult to act this role well.

What made Lin Fan a little helpless was that he couldn't find anyone around him who could perfectly act as Khojin.

Therefore, this important role could only wait.

Lin Fan continued, "The male lead of The Return of the Condor Heroes: Lin Fan, the female lead: Su Muqing..."

"Guo Xiang's actor: Lin Kexin."

...

Lin Fan continued, "At the same time, I announce that the male lead of the movie 'Kung Fu Hustle' is Xu Yang. At the same time, the role of mute girl will be played by Su Muqing."

"Also, I'll personally direct the movie 'Kung Fu Hustle'. Jiaying Entertainment's first movie has to stun everyone!"

At the same time, Lin Fan received a call from the director of Keep Running.

As a national variety show, Keep Running had a huge following.

“Boss Lin, there’s something I want to tell you. Keep Running needs two permanent female guests. They’ll be coming for filming in a while. Keep Running, Yellow River Chapter. Do you think you can let Xia Wanqiu and Su Xiaoyu be permanent female guests?” the director asked.

When the name Su Xiaoyu was mentioned, Lin Fan was slightly stunned.

It would be good if Xia Wanqiu and Su Xiaoyu could run around and be guests.

It was just that... Su Xiaoyu was no longer around.

Lin Fan looked at Xia Wanqiu and asked for her opinion.

Xia Wanqiu nodded gently. “Mmm ~ I’m willing to go.”

Lin Fan smiled and replied, “Director Lin, Su Xiaoyu isn’t around, so she can’t come. However, Wanqiu can go. However, there’s a prerequisite. Take good care of Xia Wanqiu and don’t let her get injured.”

Xia Wanqiu smiled sweetly. “I won’t get hurt ~ I’ll be very careful.”

When the director of Keep Running heard that, he said, “That’s fine too. Don’t worry, Boss Lin. We will definitely protect Xia Wanqiu’s safety. Since Su Xiaoyu can’t come, we’re still lacking a female guest. How about letting Lin Kexin be the guest?”

Lin Fan smiled. “Of course.”

After all, Lin Kexin was very short of money. If she participated in variety shows, she could increase her exposure and earn a lot of money.

After finishing his work, the meeting was dismissed.

However, there was a role that had not been confirmed, so he could not proceed to the next step.

Who should act as Khojin?

Lin Fan thought for a long time and shook his head. He still couldn't think of anyone.

Lin Jingjing? No, she couldn't handle this style.

Su Muqing? That wouldn't do.

The role of Khojin had to be beautiful and have similar looks as Xia Wanqiu. Otherwise, the acting would have an effect.

For example, when the male lead fell into a love triangle, the first and second female leads had to be quite pretty so that the audience could not bear to part with either of them.

If the first female lead was super beautiful and the second female lead was Qiao Biluo, would the audience still need to choose? They would only criticize the protagonist as a fool.

Only when the two girls were especially beautiful would there be controversy and increase the interest of the audience.

At this moment, a girl wearing a white sweater with long hair fluttering in the wind was holding a suitcase. She had just walked out of Shanghai's airport.

The girl was wearing sunglasses and a mask. Even so, one could still feel the amazement of the girl's face.

If the girl took off her mask and glasses, how beautiful would she be?

The girl held her phone and swiped her finger across Lin Fan's contact details. She smiled.

She still didn't press the phone to make a call. She just got into the car and prepared to go home.

At the entrance of Tomson Riviera.

When there was a knock on the door, Lin Fan was still wondering who would play this role.

Bang, bang, bang.

Lin Fan was a little annoyed.

At this moment, Xia Wanqiu was not back yet. She was still busy with work.

Who would come home at this time?

Lin Fan opened the door impatiently.

The moment he opened the door, Lin Fan saw an angel-like girl standing at the door.

The girl's eyes were clear as the breeze brushed through her long hair, revealing a bright smile. She gently stood on her tiptoes and pouted aggrievedly. "Boohoo, I'm still not welcomed by Master."

#### **Chapter 461: Master, Just Toy With Me Once, Okay?**

Su Xiaoyu was back!

Looking at the girl in front of him, Lin Fan couldn't believe it.

Before she could react, Su Xiaoyu had already pounced into Lin Fan's arms.

"Master, long time no see ~," Su Xiaoyu said in surprise as she looked at Lin Fan.

After all, Su Xiaoyu was not an ordinary girl. She was also a beauty with 99 points in looks.

Although Su Xiaoyu had only left for a few days, Lin Fan felt that a long time had passed.

This time, Lin Fan didn't push Su Xiaoyu away.

He just felt that he did not want to hurt this girl anymore.

"Hey, my suitcase!!" Su Xiaoyu looked back at the suitcase and realized that it had slid down by itself.

“Leave it to me.” Lin Fan strode forward and quickly caught up to the suitcase. Just as he was about to lift it up, Lin Fan realized that he couldn’t move it at all.

“Why are your luggage so heavy?” Lin Fan complained. He had no choice but to carry the luggage back to the villa.

“Slightly ~” Su Xiaoyu made a face, but she was still very happy.

“You’re not wearing pants?” Lin Fan frowned as he looked at Su Xiaoyu’s long legs.

“Who said that? Master is slandering me. I’m wearing pants, okay? They’re just shorter.” Su Xiaoyu lifted her shirt indignantly, revealing her hot pants.

“The weather has turned cold. You’re not allowed to wear these pants in the future,” said Lin Fan.

Seeing this, Su Xiaoyu looked at Lin Fan and giggled. “You’re not my boyfriend ~ This is good too. If you’re my boyfriend, I won’t wear shorts in front of others in the future.”

Lin Fan said in a low voice, “Nonsense. You want me to lose my reputation. When the time comes, you’ll be two-timing me and cheating on me.”

Su Xiaoyu sat beside Lin Fan and shook his arm. “Hehe, if I don’t say it, how can anyone know? Master, why don’t you be a scumbag ~ I can let you be a scumbag for once.”

Lin Fan was a little angry. “If you say that again, do you believe that I’ll beat you now?”

Su Xiaoyu snorted and retracted her hand. “Hmph, Master is bullying people and even cursing.”

Lin Fan smiled and took out a candy. He handed it to Su Xiaoyu and asked, “How’s your father’s health?”

Su Xiaoyu smiled sweetly. “It’s alright. After I went there, I realized that Dad was lying to me. He even had a heart-to-heart talk with me. In the end, I stayed in America for a few days before Dad let me come back.”

Lin Fan smiled. "You're not leaving?"

Su Xiaoyu stuck out her tongue. "Master won't chase me out of the villa, right?"

Lin Fan said, "That depends on your performance."

Su Xiaoyu blinked and smiled brightly. She moved closer to Lin Fan and said, "I'm really not leaving this time. Who asked me to like you? Sigh, the one I like is always the passive one."

Lin Fan frowned and said, "Xiaoyu, I have a girlfriend."

Su Xiaoyu waved her fist indignantly. "You have a girlfriend, so can't I woo you? Sister Wanqiu has a boyfriend too. Maybe someone will woo her."

Lin Fan shook his head. "You won't be able to woo me."

Su Xiaoyu giggled. "I still have to try. If Master can't hold it in one day, you'll crush me. Sigh."

Lin Fan knocked Su Xiaoyu's head. He knew that Su Xiaoyu was joking and said, "It's autumn. You're not allowed to wear shorts anymore. Of course, you can wear them at home."

Su Xiaoyu blushed and said, "Master, if you want to see long legs, just say it. You can try if you want to."

She straightened her long legs and placed them in front of Lin Fan.

Who... who could stand it?

Lin Fan took a look and found a blanket to cover Su Xiaoyu with.

No matter how good his willpower was, he could not be so stubborn.

Lin Fan was still a virgin. Faced with such a beautiful girl, no matter how strong his willpower was, if something happened and he couldn't control himself, it would be difficult for him in the future.

Lin Fan said, "Xiaoyu, there's a role that's going to be filmed in a new television drama. The name of this character is Khojin. Are you willing to act in it?"

Su Xiaoyu said warily, "Is there a relationship scene?"

Lin Fan nodded. "Yes."

Su Xiaoyu shook her head. "No, I don't act in relationship scenes with others. I'm Master's woman. I'm pure ~"

Lin Fan was already used to Su Xiaoyu's words. He could only shake his head. "It's a relationship scene with me, but in the end, it's a tragedy. It's quite difficult to act this role well. If you don't want to act, I'll find someone else."

Su Xiaoyu's eyes lit up. She held Lin Fan's arm with both hands and shook it. "No, I'm willing. Your disciple is also a big star."

Lin Fan nodded. "Alright."

Su Xiaoyu smiled sweetly and said, "By the way, Master, a company contacted me and wants me to participate in a variety show called Trump Card. It feels pretty good. Do you think I should go?"

In the eyes of most people, Su Xiaoyu was a superstar. She was not a business genius.

Only a few people knew about the business genius girl.

Lin Fan patted Su Xiaoyu's head. "Anything is fine. You can do whatever you want as long as you don't get bullied."

...

The news of Su Xiaoyu's return also caused a stir in Jiaying Entertainment.

Of course, the entire Internet was even more shocked.

The new television drama released by Jiaxing Entertainment was acted by the popular artistes of Jiaxing Entertainment!

Faced with many investment companies, Lin Fan didn't choose to accept them.

He was the biggest investor!

Estee Lauder was Lin Fan's company and they took out a billion yuan to invest in movies and television dramas.

It was equivalent to Lin Fan investing in himself and he could even advertise Estee Lauder. No matter what, he would earn a lot!

This way, with his money, Lin Fan would have two billion yuan to prepare for these two television dramas and movies!

In just three days, the director team, post-production team, various teams, and actors were all present.

The film crew's filming methods and preparations were gradually perfected.

There were also all sorts of extras who had already started being recruited in Hengdian.

When the extras heard that it was Director Lin Fan, they all came.

Because Jiaxing Entertainment gave them enough money and it was the best for extras!

...

Such news also reached Tang Yuan's ears.

"No way. Lin Fan is the male lead of two television dramas and he wants to film both dramas and movies at the same time? Does he think he has three heads and six arms?" Tang Yuan said in disbelief.

Lin Ying nodded. "In my opinion, Jiaying Entertainment is going all out this time. But they're working so hard. Can they really film three works at once and make them popular?"

Tang Yuan giggled and said, "Lin Fan is anxious. Looks like it's time for our company's television drama to be filmed. This time, Jiaying Entertainment's so-called undefeated legend should be broken!"

### **Chapter 462: If I Were A Scumbag**

At Jiaying Entertainment, after all the preparations for the initial filming were completed, Lin Fan still felt immense pressure.

These four months would probably become the busiest four months.

When he was deciding on the script, Lin Fan realized that he didn't have much time to film *The Return of the Condor Heroes*.

Therefore, Lin Fan changed the male lead of the *Condor Heroes* to Xu Yang and let Xu Yang and Su Muqing film this television drama.

Xu Yang's acting skills were quite good.

As for Lin Fan and Xia Wanqiu, they had completely withdrawn from the character list of "*The Return of the Condor Heroes*".

In "*The Return of the Condor Heroes*", Guo Jing and Huang Rong were different from the people in "*The Legend of Condor Heroes*".

The *Condor Heroes'* Guo Jing wanted to protect the country, and Huang Rong lacked the spiritual energy of her youth.

Other than that, Lin Fan was also the director of three television dramas.

However, the details were all handed over to other directors.

Lin Fan just needed to maintain his composure.

Just like that, three days later, the two television dramas started filming at the same time.

As for the movie, Lin Fan had to direct it personally. The actors were still looking at the script, constantly learning and preparing.

Three days later, “The Return of the Condor Heroes” and “The Legend of Condor Heroes” started filming at the same time.

As Lin Kexin had more scenes to film, Guo Xiang’s scenes in “The Return of the Condor Heroes” became Su Xiaoyu’s.

“Master, hmph, why don’t you act as Yang Guo? That way, I’ll be your little fangirl.” Su Xiaoyu giggled and looked at Lin Fan.

“I’m busy. Let Xu Yang act,” said Lin Fan. He was also the big boss of the company. There were too many things to do usually. If he participated in the production of two television dramas and a movie at the same time, Lin Fan would probably die of exhaustion.

“But if I do that in ‘The Return of the Condor Heroes’, I’ll have to confess to Xu Yang. Master, can you bear to do that?” Su Xiaoyu pulled Lin Fan’s arm and shook it from side to side.

“That’s filming. Furthermore, you don’t have much physical contact with Xu Yang. You’ll be fine after filming,” said Lin Fan.

To Lin Fan, it was fine as long as Xia Wanqiu didn’t film romantic scenes with others. After all, Xia Wanqiu was his girlfriend. Lin Fan wouldn’t do such a thing.

Even if she was filming, he did not want Xia Wanqiu to have too much contact with other men.

As for Su Xiaoyu, Lin Fan didn’t really want her to do that...

As for the others, Lin Kexin, Su Muqing, and Chu Yaoyao, it was understandable that they were all employees of Jiaying Entertainment for the sake of filming.

For example, Xu Yang had already kissed more than ten girls in his relationship scenes, but Lin Jingjing would not be angry.

Su Xiaoyu smiled sweetly. "Mmm, I know ~ But the Khojin I act as has a relationship scene with Master. There's also a kissing scene. Master, do you want to rehearse in advance?"

Lin Fan knocked Su Xiaoyu's head. "What's there to rehearse? Filming is filming, reality is reality."

Su Xiaoyu said aggrievedly, "But I don't have any experience."

Seeing that Lin Fan had already walked far away, Su Xiaoyu pouted and stomped her feet.

Was it wrong to like someone?

On the other side, Xia Wanqiu was studying the script and watching Huang Rong's scenes.

To Xia Wanqiu, this was a very difficult role to control and she had to act very seriously.

Huang Rong was lively, cute, and smart. However, Xia Wanqiu's acting skills were very deep. There shouldn't be any mistakes.

"How is it?" Lin Fan smiled and placed his hand on Xia Wanqiu's shoulder.

Xia Wanqiu raised her beautiful eyes. "No problem. Brother Jing, do you think Rong'er is pretty?"

Xia Wanqiu immediately got into character. Lin Fan smiled. "Of course. My Rong'er is the most beautiful in the world."

"Haha..." Xia Wanqiu smiled lightly. She held the script in her hand and lay in Lin Fan's arms. To her, being able to film with Lin Fan was the happiest time.

"Oh right, I have something to discuss with you," said Lin Fan as he looked at the girl in his arms.

“What?” Xia Wanqiu blinked.

“It’s mainly because, during filming, Guo Jing and Khojin have a relationship scene and a kissing scene... Xiaoyu is acting as Khojin. You see...” Lin Fan asked. He didn’t want Xia Wanqiu to be unhappy.

“Meow, meow?” Xia Wanqiu made a cute gesture and lay quietly in Lin Fan’s arms. “It’s fine. Anyway, this is filming. It’s normal to film kissing scenes. How can a superstar not film kissing scenes forever?”

“Don’t you object?” Lin Fan asked.

Xia Wanqiu put down the script and looked at Lin Fan. She smiled lightly. “I don’t object ~ Even in reality, as long as you like it, I won’t object. After all... Xiaoyu is my biological sister. As her sister, I didn’t take good care of her.”

Although Xia Wanqiu said that, which girl wanted to share her boyfriend with other girls?

Xia Wanqiu was very generous, but Lin Fan shook his head and held her hand. He didn’t say anything else.

Some people would be loved for the rest of their lives.

Although Xiaoyu was indeed very good and Lin Fan liked the lively and cute Su Xiaoyu, he already had a girlfriend.

If he became a scumbag, it would only make the two girls sad.

....

However, after Xia Wanqiu agreed, Lin Fan felt much more at ease.

After all, they were filming a movie. It was understandable that he would film a kissing scene with Su Xiaoyu.

The most important thing now was to film.

Once he started filming, he would be very busy and would barely have time to rest.

This time, Lin Fan increased the cost quite a bit.

He wanted to make every work he filmed into a masterpiece that the audience would like.

Even extras had to have a good effect.

Of course, they would give a high price.

In Hengdian, they officially started recruiting extras.

“Everyone, Jiaying Entertainment is hiring 1,000 extras. Boss Lin said that this time, the minimum salary for the extras is 500 yuan a day, and the maximum is 2,000 yuan. The details are decided according to your scenes. If you want to audition, you can come here,” the staff said.

“Also, as long as you pass the interview, you can join the team of extras of Jiaying Entertainment. In four months, if you don’t have any scenes today, you will receive 300 yuan. You will be provided with food and accommodation. However, let me clarify in advance that the environment will be more difficult. If you can’t take it, you can leave.”

When Jiaying Entertainment released such conditions, many of the extras in Hengdian were completely shocked.

Who would have thought that Lin Fan would give extras such a high income?

When there were scenes to film, the lowest was 500 a day and the highest was 2000.

If there was no filming, they would get 300 yuan a day.

Although the environment was indeed difficult, no one could stop Lin Fan from giving them a lot of money.

The entire Hengdian was in an uproar!

## Chapter 463: What If The First and Second Female Lead Are Both Great Beauties?

“D\*mn, Lin Fan is actually paying us so much money!”

“Jiaxing Entertainment is too good. In other words, once you become an extra actor for Jiaxing Entertainment, you will work there for four months. You will get 300 yuan a day even if you don’t work. You will get 9,000 yuan a month and 36,000 yuan in four months! This is even with the lowest salary. If you film, I think you can earn 50,000 to 60,000 yuan in four months.”

“D\*mn, such a high income? I’m just a f\*cking extra. When can I have such a high income? Hahaha, I can also earn over ten thousand a month!”

“Did you guys know? I heard that if you act well as an extra at Jiaxing Entertainment, you have a chance to be signed by Jiaxing Entertainment and successfully join them as an artiste!”

“I heard that Jiaxing Entertainment’s treatment is very good. I didn’t expect Jiaxing Entertainment to receive such good treatment. They even recruited a thousand extras! What kind of big move is Jiaxing Entertainment making?”

“No matter what, I love Lin Fan! Lin Fan is my idol. No matter what, Lin Fan treats us extras quite well!”

“I love it, I love it. I don’t care. I’m going for an interview. Don’t fight with me. I have to say, the food expenses for filming at Jiaxing Entertainment can be said to be quite good!”

“I’ve never seen such good food as an extra before. Jiaxing Entertainment, we’re here!”

....

A long queue was quickly formed in Hengdian.

There were too many actors who wanted to audition to earn money.

Many extras only earned 70 to 80 yuan a day. If they were lucky, they could earn 100 to 200 yuan a day. This was also under the circumstances of filming.

Furthermore, it was harder for extras.

There were also some stand-ins who would have a harder time. Some of the scenes that the extras had to film were dangerous.

Although it was tiring, these extras felt that the job was worth it!

Because Jiaxing Entertainment gave them enough money!

This was all thanks to Jiaxing Entertainment's boss, Lin Fan.

If it wasn't for Lin Fan, so many extras wouldn't have such a good life!

They could not be said to be rich, but to be able to earn more than ten thousand a month was something to be proud of.

In order to increase efficiency, Jiaxing Entertainment opened ten interview spots.

Soon, a thousand extras were recruited, and the quality was not bad.

After recruiting enough extras, there was also some construction work for the film crew, as well as the directing team, photography team, and other staff.

Today, the filming officially started!

"The Legend of Condor Heroes" and "The Return of the Condor Heroes" started filming at the same time!

Then, it was time for two months of filming.

These two months could be said to be quite busy.

Even if Lin Fan was the main lead, he had to work more than ten hours a day.

Those extras were also having a hard time.

Sometimes, they had to go to the mountains to film, and sometimes, they had to go to the river to film.

Sometimes, there would be windy and rainy weather.

Sometimes, they would encounter mosquitoes and bites.

Although it was autumn, there were still many mosquitoes in the valley.

Fortunately, they did not encounter any major problems in the past two months.

The filming of the two television dramas could be said to be quite fast.

Under such high-intensity filming, the two television dramas of Jiaxing Entertainment were also filmed to the end.

At the filming location of "The Legend of Condor Heroes".

Lin Fan saw what true beauty was.

It was said that Huang Rong had an excellent temperament, was intelligent, lively, and cute. But no one expected that when Xia Wanqiu acted as Huang Rong, she stunned everyone.

Xia Wanqiu... was too beautiful.

Her image was completely compatible with Huang Rong's.

With Xia Wanqiu's superb acting skills, Lin Fan knew what a superstar was.

No matter what Xia Wanqiu wore or what kind of female lead she acted as, it was quite likable.

“Ah ah ah, Xia Wanqiu’s clothes today are too pretty.”

“I’ve completely acted out Rong’er’s vitality. I’ve completely fallen in love with her.”

“I’m crying, I’m crying. Xia Wanqiu is really a fairy from heaven. Her acting as Rong’er refreshed my understanding of her and my understanding of beauties.”

“I can say that no one can act as Rong’er better than Xia Wanqiu. She’s Rong’er now. She’s almost identical to Rong’er.”

“Lin Fan’s acting skills are amazing. I didn’t expect Lin Fan’s acting skills to be so good. Guo Jing is a stupid character. Boss Lin is so smart, but Boss Lin also acted this character alive!”

The director team of Jiaxing Entertainment praised.

The director team, filming staff, and various celebrities would all come to watch Lin Fan and Xia Wanqiu act together.

Every scene, every gaze, every subtle action could hook everyone’s hearts.

Lin Fan and Xia Wanqiu’s sweet relationship made everyone fall deeply into it just by watching the filming.

Lu Benkai sighed. “Boss Lin’s acting skills are still so good. Xia Wanqiu acting as Rong’er has let me see what it means to return to simplicity and what it means to be a fairy who has descended to the mortal world. This drama that the two of them filmed will definitely become popular!”

Liu Mou nodded. “That’s right. The relationship between Boss Lin and Xia Wanqiu is really enviable. However, Guo Jing and Khojin still have feelings for each other. I wonder how Boss Lin and Su Xiaoyu will act together.”

Lu Benkai shook his head. “I haven’t seen Su Xiaoyu act as Khojin yet. I have to take a good look this time. It’s a pity that this is a television drama with a single female lead.”

The next day... the filming scene arrived at Lin Fan and Su Xiaoyu’s location.

When everyone saw Su Xiaoyu acting as Khojin, they were stunned.

Even Lin Fan stood rooted to the ground, unable to calm down for a long time.

Lin Fan had seen all sorts of beauties.

However, this was the first time Lin Fan had seen someone look so good in ancient clothes like Su Xiaoyu.

This was how it should be.

Before she could speak, she had already exceeded Khojin's aura in the original novel.

Then, the filming officially started.

Looking at the scene between Lin Fan and Su Xiaoyu, it could be said to be flawless. There wasn't even a single NG.

Lu Benkai swallowed his saliva. "Why do I feel that Su Xiaoyu's acting as Khojin is also so good? I suddenly want to change this television drama to have two female leads. It would be great if Lin Fan and Su Xiaoyu were together too!"

Liu Mou nodded. "I'm also a little reluctant to part with the role of Khojin. Initially, her looks were still far from Rong'er's. But with Su Xiaoyu acting, Khojin's looks have been raised to a whole new level."

Lu Benkai and Liu Mou looked at each other.

For example, sometimes, there would be a difference between the second female lead and the first female lead in a television drama. At least in terms of looks, the audience preferred the first female lead.

But in this television drama, because Xia Wanqiu and Su Xiaoyu were too outstanding,

The first and second female leads were both beauties and liked the male lead. What to do?

## **Chapter 464: Su Xiaoyu's Lipstick Is A Little Sweet**

Soon, the plot reached the kissing scene between Lin Fan and Su Xiaoyu.

It could be said that Su Xiaoyu had never filmed a kissing scene before.

When filming the kissing scene that day, it could be said that all the celebrities and staff were present.

This was... Su Xiaoyu's first kiss.

It was also her first kiss on screen.

There were so many people gathered at the filming location of "The Legend of Condor Heroes".

The main thing was that Su Xiaoyu was also very popular.

Whether it was Xia Wanqiu or Su Xiaoyu's kissing scene, there would always be many people watching.

However, today, Xia Wanqiu was afraid of giving Lin Fan and Su Xiaoyu pressure and didn't come to the venue.

The staff could understand. After all, it was a kissing scene. Lin Fan and Su Xiaoyu weren't a couple yet.

Looking at the crowd, Su Xiaoyu blushed.

However, filming had not started yet, so there was still room for adjustments.

Su Xiaoyu was usually very generous and wasn't afraid that Lin Fan would take advantage of her. At this moment, she was really nervous.

She had no choice but to be nervous. This was her first kiss.

She had never kissed any boy before.

The Lin Fan in front of her was the boy she liked.

What was it like to kiss the boy you liked?

If it wasn't for the plot, Su Xiaoyu felt that she wouldn't have kissed Lin Fan.

Those girls who were bold were actually very conservative.

For example, some boys who usually looked very honest were very passionate.

Of course, if it was a boy who looked wild usually, he would be even wilder.

Su Xiaoyu held Lin Fan's arm and said aggrievedly, "Master, why are there so many people around? Should we... stop filming kissing scenes? You're the director. You can definitely change the kissing scene."

Su Xiaoyu was a little nervous as she looked at Lin Fan with tears in her eyes.

She felt that her first kiss should be sacred.

With so many people watching, who could perform well?

After all, there were still a lot of people present. At such a time, actors needed to have a strong mentality.

Lin Fan smiled and said, "If you don't like filming, you can do it tomorrow. However, this kissing scene can't be changed. The plot needs to be like this, although it looks like I'm taking advantage of you."

Su Xiaoyu felt even more aggrieved. She looked at Lin Fan. "But I don't know how to kiss yet. What should I do?"

Lin Fan patted Su Xiaoyu's head. "It's fine. I just want this feeling of not knowing how to kiss. Do you think Khojin looks like she knows how to kiss in television dramas?"

Su Xiaoyu mustered her courage and looked at Lin Fan. "Then... let's start filming ~"

Lin Fan waved at the surrounding staff and gestured for the unrelated people to leave.

Otherwise, this kissing scene would probably not be filmed well.

Su Xiaoyu would never be nervous on the business battlefield, but today, facing such an occasion, Su Xiaoyu still felt a little nervous.

Kissing Lin Fan...

Even though she knew it was fake.

But the television drama was fake, and the kissing was real.

"Hmph, if I had known earlier, I wouldn't have come back. How aggrieved," Su Xiaoyu said.

"Master, how are you going to compensate me in the future? This is my first kiss..." Su Xiaoyu looked at Lin Fan and blinked.

Lin Fan smiled and said, "I haven't said that you'll compensate me. Other than kissing Xia Wanqiu, I've never kissed another girl. You should compensate me."

Su Xiaoyu: "Ah ah ah, Master is bullying me!"

After Su Xiaoyu wheedled for a long time, the filming officially started.

The director team and the surrounding people did not speak.

Everyone had to give Lin Fan face.

Some unrelated people also left.

After the acting started, Su Xiaoyu put away her emotions and entered a serious performance state.

After saying their lines, Lin Fan and Su Xiaoyu were about to kiss.

At this moment, Su Xiaoyu only had eyes for Lin Fan.

She looked at Lin Fan affectionately.

She knew that she liked Lin Fan.

Her gaze had even exceeded the scope of television dramas.

She liked Lin Fan very much to begin with.

If only Lin Fan could be her boyfriend.

But how could there be so many ifs?

Su Xiaoyu closed her eyes gently and kissed Lin Fan.

To be honest, Lin Fan was a little nervous.

Su Xiaoyu's red lips were so cool and delicate.

At this moment, Lin Fan wanted to protect Su Xiaoyu forever.

But this was filming.

This was a filming location.

At that moment, Lin Fan wanted to protect the girl in his arms.

He could feel that Su Xiaoyu's kiss was sincere.

Su Xiaoyu's red lips were completely stuck to Lin Fan's.

This feeling made Lin Fan's lower body restless.

After all, Su Xiaoyu was really beautiful.

Anyone like Su Xiaoyu would probably find it difficult to resist some physical reactions.

This feeling of wanting to protect her forever made Lin Fan's bottom line seem to collapse.

Suddenly, his mind went blank. Lin Fan forgot what he was going to film next.

Su Xiaoyu had also forgotten what she was going to do next.

There was only this kiss.

Five seconds.

Ten seconds.

Fifteen seconds.

Twenty seconds had passed.

In the plot, Lin Fan should have pushed Su Xiaoyu away.

After all, Guo Jing and Khojin would never be together.

Khojin wanted Guo Jing to stay and be with him, but Guo Jing still had Rong'er in his heart.

However, facing Su Xiaoyu's first kiss, Lin Fan still forgot everything.

Everyone looked at everything in front of them in a daze.

Lu Benkai and Liu Mou felt like they were being shown off.

Why weren't they f\*cking... continuing the next scene?

Lin Fan and Su Xiaoyu's acting skills were so good. In reality, they should have let go in less than three seconds.

It had been almost 30 seconds!

Lu Benkai glanced at Liu.

Liu Mou also looked at Lu Benkai.

At this moment, the director had to stop.

But... the executive director was Lin Fan.

Lu Benkai didn't dare to speak. What if Boss Lin got angry?

Liu didn't dare to speak. Who knew what Boss Lin was thinking?

Maybe the script had been changed on the spot?

Thirty seconds later, Lin Fan remembered that he was acting. However, he couldn't bear to push Su Xiaoyu away.

On the other hand, Su Xiaoyu's cheeks were slightly red and her eyes were a little blurry. She gradually let go of Lin Fan.

Lin Fan let go of Su Xiaoyu. Looking at the girl in front of him, Lin Fan felt that he couldn't tell dream from reality.

If only the dream was real.

Su Xiaoyu looked at Lin Fan and smiled sweetly. She said in a soft voice, "Master, my first kiss is for you. You have to treat me better in the future."

Lin Fan couldn't reject this voice.

If a girl said such things to you, would you be cruel enough to push her away?

Furthermore, this was Su Xiaoyu.

After thinking for three seconds, Lin Fan knocked Su Xiaoyu's head. "Nonsense, let's film again. I forgot what I wanted to say just now."

Su Xiaoyu giggled. "Then let's reshoot. Aiya, I'm too nervous. Master, you're a bad person. You only know how to take advantage of me."

The two of them acted as if nothing had happened.

The director's team pretended not to see anything. No one was insensible enough to go up and say that Boss Lin was deliberately taking advantage of Su Xiaoyu, right?

No one spoke as they continued filming.

The second kiss was much easier.

In just three seconds, Lin Fan pushed Su Xiaoyu away and started the next scene.

Then, the performance ended.

“Alright.” Lu Benkai nodded and made an OK gesture.

After Su Xiaoyu finished filming, she ran away with a red face.

On the other hand, Lin Fan looked like nothing had happened. He had been single for 25 years and didn't have much dating experience. After dating Xia Wanqiu for half a year, Lin Fan realized that a girl's lips were soft.

Today, he realized that Su Xiaoyu's lipstick was a little sweet.
