

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 475-479

Chapter 475: How Can A Movie Be So Good?

“No way... I thought I was watching a lousy movie. Who knew that after I finished watching Kung Fu, I was already stunned? How can this be called a lousy movie?”

“If anyone dares to say that this is a lousy movie, I’ll blow their dog heads off on the spot!”

“Oh my god, why is this movie so good? This scene, this plot, and finally, it’s simply explosive!”

“Oh my god, is this Xu Yang’s acting skills? Also, Su Muqing’s acting skills are simply shocking. She didn’t say a single line the entire time, but her acting skills... shocked me deeply.”

“I feel that there are no more than three actresses in the country who have better acting skills than Su Muqing. How can she be so beautiful and have such good acting skills?”

“Amazing, this movie is too amazing. It’s the best movie I’ve seen in so many years!”

“It is most definitely not a lousy movie. Lin Fan’s movie has refreshed my worldview again. This movie was directed by Lin Fan. How can it be a lousy movie?”

“The screenwriter for this movie is also Lin Fan. I heard that Lin Fan directed the entire process. Ahhh, it’s too good. I feel it very deeply. What kind of filming technique and scene production is this? I don’t know anything else, but it’s just nice!”

...

When the first batch of the audience came out of the cinema, they were all stunned.

It had been a long time since such a wonderful movie appeared in the domestic entertainment industry.

The superb background, the actors with rich acting skills, the vivid plot, the beautiful special effects of the blockbuster, and the unique experience made these audiences really experience a blockbuster!

Whether it was a male or female actor, they had completely attracted the attention of the audience in this movie.

The male actor Xu Yang, the female actor Su Muqing, and Lin Fan personally directed the movie, vividly displaying the feelings and stories that this movie wanted to portray.

Even the cinema staff were stunned.

Although they were employees, they could occasionally watch one or two movies. After the movie was screened, they would clean up a little and make preparations for the next movie.

But they were all stunned and immersed in the movie.

After a long time, an employee said, "Lin Fan is awesome. It's been 30 years. I've worked in the cinema for 30 years. Every time, I see Hollywood movies and Western blockbusters. Our domestic movies are rarely able to produce premium movies. But this movie is different. I feel that this movie will definitely become popular. It will definitely become popular!"

Then, the first day of the movie finished broadcasting.

The entire Internet's evaluation of 'Kung Fu Hustle' had completely reversed!

Even Douban's score increased from 6.3 to 8.5!

It was only the first day, but the Douban score had increased so much.

Especially Su Muqing and Xu Yang, they were even trending.

Countless viewers had become Su Muqing's fans.

Of course, the one who left the deepest impression on the audience was Lin Fan.

Because this movie was directed by Lin Fan the entire time.

The fans all ran to Lin Fan's Weibo to comment.

"I'm sorry, Director Lin, your movie is really too good. I didn't expect that as a director, you would have such superb standards in movies. I admire you."

"Director Lin, I'm sorry!"

"Director Lin, I'm sorry!"

...

All the comments were apologizing to Lin Fan.

The way these fans addressed Lin Fan changed from Lin Fan to Director Lin.

This was a huge recognition of Lin Fan.

After the first day of broadcasting, the box office was not too high.

It was still because of the screening times. Many viewers did not approve of it and the attendance was not high.

Although the box office earnings were not high, the comments were all good!

Wanda Cinema.

Li Zhengyi sat there, deep in thought.

A manager walked in and said respectfully, "CEO Li, the reviews for the movie 'Kung Fu Hustle' on the Internet are very positive. Even the ratings for Douban have increased to 8.5. Do you think we should increase the screening times?"

Li Zhengyi smiled and said, "Do you really think the movie 'Kung Fu Hustle' is popular? Let me tell you, the first day of box office sales for the movie 'Kung Fu Hustle' was only 1.8 million yuan. The attendance

was less than 60%. This was even after I only gave 10% of the screening rate. Such data can already reflect a lot of things.”

The manager asked curiously, “But the good reviews online are a little strange...”

Li Zhengyi nodded. “This is the usual marketing method of some big companies. Many Weibo accounts will also control the comments. It’s because of this that if the means are strong enough, even the Douban ratings can be changed. No matter what the comments on the Internet are, the current data is like this. With this data, if it’s still like this tomorrow, I might lower the screening frequency.”

The manager was enlightened. “CEO Li is brilliant!”

The manager walked out silently and muttered, “I thought that Lin Fan was very awesome. He’s so popular on the Internet. Now, it seems like he’s just an ordinary director who knows how to control his comments. His movies are also average.”

At the same time, Tang Yuan was also a little shocked.

It was too abnormal.

The comments online were all good, but the results of the movie ‘Kung Fu Hustle’ were not good.

This also shocked Tang Yuan slightly. This could only mean one thing. Jiaxing Entertainment’s management methods were too brilliant.

Tang Yuan immediately contacted a small team.

The anti-fans team.

As long as they were paid, they could defame any television drama, celebrity, or movie.

Then, the captain of this small team, Zhao Min, brought people to watch a movie.

They could only find some dark spots and start scolding after watching the movie.

Soon, the next day arrived.

Zhao Min brought the team and personally went to the cinema to watch a movie.

When Zhao Min arrived at the cinema, she realized...

The cinema was filled with people!

All the scenes involving the movie 'Kung Fu Hustle' were filled!

Zhao Min was surprised. Didn't they say that this movie relied on money to get promoted? Could it be that Jiaxing Entertainment was so amazing that they could control the attendance?

Wasn't this too exaggerated?

"Jiaxing Entertainment's methods are really amazing. I don't believe that we can't find a place to criticize you." Zhao Min changed to another cinema.

After changing seven or eight cinemas in a row, they finally found one with seats.

Zhao Min wiped her sweat. "I'm so tired. I want to see what Kung Fu is like. As long as I find a flaw, I can start scolding and complete the mission!"

The movie was quickly over.

The audience left the venue reluctantly.

Only Zhao Min sat rooted to the ground.

She was crying.

She also wanted to find things to comment on. As a professional film critic, she could think of ways to defame a movie.

But this movie... was so good. How could she defame it?

If she insisted on looking for problems, she would definitely be able to find them.

But this movie... completely conquered Zhao Min.

Zhao Min called Tang Yuan. "CEO Tang, I'm sorry. I won't accept this mission. Please find someone else."

Tang Yuan frowned. "Why? I can pay more."

Zhao Min said, "This isn't a matter of money. CEO Tang, the movie 'Kung Fu Hustle' has far exceeded my expectations. I usually take on such orders because I'm a professional film critic. If I encounter a bad movie, even if I don't have money, I'll still scold it. But Lin Fan's movie is too perfect!"

Chapter 476: Popular Across The Internet, Overwhelming Popularity!

Zhao Min had originally accepted a mission to defame this movie.

Not only that, but she also had a group chat. Most of them accepted missions.

Finding the flaws in the movie and starting to criticize it crazily from a certain angle was their mission.

In this industry, the most important thing was that one could not brainlessly defame others.

Many brainless haters on the Internet were actually not lethal because others could tell that they were embarrassing themselves.

A true troll would find real evidence and give the most beneficial counterattack.

For example, poor acting skills like glaring at the camera could allow them to completely defame this television drama. Or some small details could be defamed.

There were no absolutely perfect movies or television dramas in the world. As long as it was made by someone, there would be issues.

Even if it was Van Gogh's various paintings, were they really that perfect? As long as it was a troll, they could always find a weakness and start scolding.

However... Zhao Min decided not to accept this mission today.

She finished watching the movie 'Kung Fu Hustle' seriously.

She saw that when the movie 'Kung Fu Hustle' opened, there was only one person on the director's name.

Lin Fan!

Lin Fan had personally directed this movie!

Previously, Lin Fan wasn't the only director in any television drama. Later on, Assistant Director Lu Benkai, Liu Mou, and the others would follow.

But in this movie, Lin Fan was indeed the only director.

In other words, everything in this movie was created by Lin Fan.

From the screenwriter to the director, from the producer to the investors, to the photography team, everything was settled by Lin Fan.

Lin Fan created this movie!

Every character in it had been personally chosen by Lin Fan.

As a big boss of Jiaxing Entertainment, there was no need for him to do these jobs personally. However, Lin Fan did every single detail.

Coupled with the fact that this movie was quite good and very touching, it really touched Zhao Min.

After saying this to Tang Yuan, she left.

She was a natural film critic, but she would not do such a thing or take on such a mission for some outstanding works or touching works.

This was the basic morality of her profession.

Tang Yuan was furious and chased after him. "Why? I gave you money. I can pay more."

Zhao Min looked at Tang Yuan. "CEO Tang, please have some self-respect. I'm a film critic, not a tool under you. I can't do things that violate my professional principles. If you continue to pester me, I might expose these things."

Hearing Zhao Min's words, Tang Yuan sat back down weakly. Then, she slammed the table and said fiercely, "If you don't want to do this, there will naturally be people who are willing to do it. I have money, so how can I not be able to hire people?"

...

Those in this industry would know many people.

After all, it was impossible for only one professional hater to lead the pace. There would be many, many people leading the pace.

Zhao Min had three groups. In all three groups, she was the group leader. Usually, she would post some missions, and then everyone would defame her.

Many of the keyboard warriors in the group were also very impressed by Zhao Min.

After Zhao Min returned home, she opened the group chat.

Zhao Min: "@Everyone."

"Sister Zhao, is there a new mission?"

“Our army is already prepared. Come, come, let’s see which movie we’re going to defame this time.”

“Sister Zhao, don’t worry. We will definitely complete the mission!”

“6666666, be quiet and listen to Sister Zhao.”

Zhao Min: “Brothers and sisters, I usually treat everyone pretty well. Today, I have something I want to tell everyone. Everyone knows that Lin Fan recently directed a movie called ‘Kung Fu Hustle’. I can’t care about the others, but for the people in my group, I still want to say that without my permission, no one can take on jobs to defame ‘Kung Fu Hustle’. Otherwise, don’t blame me for not knowing you.”

Zhao Min: “Next time there’s a new mission, I’ll prioritize providing work to everyone. But this time, no one can defame the movie ‘Kung Fu Hustle’. If you want to ask why, just watch this movie yourself.”

...

After saying that, everyone in the group became completely active.

After all, Zhao Min was a professional film critic. She had usually criticized many movies. But today, Zhao Min did not do such a thing and even told them not to defame ‘Kung Fu Hustle’.

“Understood.”

“I’ll listen to Sister Zhao. Hehe, I’ll go watch the movie ‘Kung Fu Hustle’ now. Actually, I joined the group because I wanted to see if there were any good movies. Even Sister Zhao isn’t willing to take on such a mission. Maybe ‘Kung Fu Hustle’ is really good, haha.”

“Brothers, are there any who want to watch a movie together?”

“Let’s do it. We can get together again tonight and have hotpot.”

“Haha, I’m already at the cinema to watch this movie. Let’s go!”

“You still want to watch it? I’ve already finished watching it. I have to say that I really have to give Lin Fan a thumbs up. How can his movie be so f*cking good? It made me doubt my life.”

“This is probably what a big boss is like. Everything he shoots looks good. I’m going to watch it too. I want to give this movie 100 points!”

....

After the second day ended.

Not only did the entire Internet not defame the movie ‘Kung Fu Hustle’, but it also tripled the good reviews of this movie!

Chapter 477: Popular Across The Internet, Overwhelming Popularity!

Amidst the overwhelming praise online, Zhao Min decided to write a film review.

She was one of the best film critics.

Zhao Min thought for a moment and wrote a long film review.

“Hello, everyone. I’m Zhao Min. Today, I’m here to evaluate Lin Fan’s movie—Kung Fu.”

“As everyone knows, this is the first movie Lin Fan personally directed. Perhaps in the past, some people thought that this was a lousy movie. I can’t deny that I used to have such thoughts too. I also think that this is a lousy movie.”

“But after I watched this movie, I deeply felt that my previous thoughts were too stupid.”

“This is a very good movie. It’s also the best domestic movie I’ve seen in nearly ten years.”

“In terms of filming methods, the movie ‘Kung Fu Hustle’ is the best in the country. In the country, no director can use such filming methods. Every camera position, every angle of filming, be it long-range or close-range scenes, is beyond first-rate. Although there’s still a gap between it and Hollywood blockbusters in my heart, our domestic movies have already made a lot of progress from this point!”

“There are many martial arts moves in this movie. If you look carefully, you can see that all the martial arts moves in this movie have been carefully designed. They match the camera position perfectly and give people a very good feeling. I looked around and realized that Lin Fan had hired the most professional martial arts director. Teacher Hong, with Teacher Hong’s guidance, the martial arts moves in this television drama are really beyond imagination.”

“Third and most important thing I want to say is that whether it’s the filming method or the special effects production, they’re all quite top-notch. This way, the special effects of the movie have already far exceeded the level of the domestic special effects for 50 cents. Most importantly, the characters in this movie, whether it’s the landlord or landlady, the Evil God of Fire Cloud, the boss of the Axe Gang, and other ordinary characters, give them a clear persona that can make the audience remember them clearly.”

“Such a character design can only be done so well by Director Lin Fan. Furthermore, the actors acting in these roles have outstanding acting skills. As for the Fang’er played by Su Muqing, she’s a mute girl. She didn’t say anything the entire time. The best thing about Lin Fan is that he can perfectly portray a mute girl without words, allowing her image to be deeply imprinted in the hearts of the audience. This is the best thing about the entire movie. Silence beats sound!”

“The domestic action films are usually filled with serious and pious colors. However, Lin Fan’s movie is completely different from this serious genre. He uses his own way to remind the audience that film art not only shows nobility and sacrifice but also comedy is also one of its traditions.”

“It can be said that this movie is not inferior to Hollywood. After endless magical martial arts have been refurbished, they suddenly appeared in the movie, making people addicted to it. The creative ideas and unconstrained images are overwhelming!”

“This is the best movie I’ve seen in the past ten years. Therefore, being willing to write such a film review shows me Director Lin Fan’s foundation. Not only is he an outstanding actor, but he’s also an outstanding screenwriter and director!”

“I can also wish Director Lin Fan all the best here. I hope that I can see more of your better works in the future!”

After Zhao Min posted such a long list of reviews, the entire Internet exploded.

She was quite popular.

There were many people who liked her because she dared to take responsibility for her actions. When she evaluated a movie, it was from the bottom of her heart.

“Oh my god, am I seeing things? Even Zhao Min posted a film review. The movie ‘Kung Fu Hustle’ is really good. I also want to go to the cinema to take a look.”

“Could she be paid? Is the movie Kung Fu really that good? If it’s not, I’ll beat you to death when I come back.”

“Charge, charge, charge. I’m going to watch a movie. Even Zhao Min said it’s so good. I have to go take a look.”

“Who’s Lin Fan? Is he the main lead in The Legend of Sword and Fairy? Then we definitely have to watch it, hahaha.”

Soon, Zhao Min’s film review became the top trending topic on Weibo!

How to evaluate Lin Fan’s debut movie!

Then, the entire Internet exploded!

The next day, the box office earnings of ‘Kung Fu Hustle’ reached 32 million!

On the third day, the box office earnings of ‘Kung Fu Hustle’ exceeded 160 million!

All the cinemas in the country were filled!

Because there were too many people watching, and the screening rate was too low.

For example, ‘Kung Fu Hustle’ only broadcasted two shows a day in the cinema. Even if the two shows were full, only a few people could sit in them. Even if they were all full, the box office sales would not increase much.

Even so, in three days of premiere, the box office earnings had already exceeded 160 million.

Such results could be said to be unprecedented in domestic movies!

As for Mavericks Entertainment's animation movie "I Am Really Invincible in Douluo", the box office earnings in three days were only over 30 million.

However, Lin Fan's movie created the history of domestic movies!

At the headquarters of Wanda Cinema, Li Zhengyi was dumbfounded when he saw this data.

"F*ck... f*ck..."

"Every cinema is full. The attendance rate for the movie 'Kung Fu Hustle' has reached 100%!"

"It can be said that the cinemas all over the country are already full..."

"Three days of box office sales of 160 million, and this number is still rising. This, this, this... what level is it going to rise to?"

Li Zhengyi had never expected that Lin Fan's movie would really become popular!

It was a very popular one!

A domestic movie with a 100% attendance rate had never appeared before!

Of course, the most important reason was that the screening rate was too low.

Li Zhengyi felt that he had made such a stupid mistake.

In that case, how much money would he lose?

If the screening rate did not improve, the box office would not improve either.

If this continued, CEO Wang might call and demand an explanation.

At that moment, Li Zhengyi made a decision.

Lin Fan's movie was already so popular. If he continued to be stubborn, he would be a fool.

"Contact cinemas all over the country immediately and increase the screening rate of 'Kung Fu Hustle' to 30%!" Li Zhengyi said.

In reality, Li Zhengyi was also a little excited.

It had been many years since such a good movie appeared in a domestic movie.

Li Zhengyi felt more admiration for Lin Fan.

Some people had once questioned Lin Fan's level and said that Lin Fan could become popular because he was starring in a television drama with Xia Wanqiu.

This movie didn't have Lin Fan or Xia Wanqiu, but it was still popular!

This was Lin Fan's true level as a director.

Even if Lin Fan didn't participate personally and no celebrities came to attract attention, Lin Fan's movies would still be popular all over the Internet!

"Lin Fan, you're really too strong. You can become popular by filming television dramas and movies. I, Li Zhengyi, have never admired anyone in my life but you."

"Lin Fan, from now on, the cinema will open its doors for you. Let's see how far you can go!"

"Add the screening times immediately. Don't hold anything back. Adjust everything!" Li Zhengyi said.

The entire cinema started operating.

There were also some other cinemas that increased their screening times.

It could be said that movies with a screening rate of 30% were almost rare!

Li Zhengyi directly took out the highest screening rate he could give for 'Kung Fu Hustle'!

When Lin Fan received the notice, he smiled.

Then, from now on, it was time for everyone to see how far 'Kung Fu Hustle' could go!

Chapter 478: "The Return of the Condor Heroes" Released, Su Muqing Is Going to Be Really Popular!

After the screening rate increased to 30%, the entire Internet was in an uproar again!

The audience could finally snatch tickets for this movie.

The box office sales of 'Kung Fu Hustle' were also rising rapidly.

On the tenth day, the box office sales made a shocking comeback.

The box office earnings of 'Kung Fu Hustle' had completely exploded!

Li Zhengyi's eyes widened in disbelief. "Ten days. In just ten days, the box office sales of 'Kung Fu Hustle' have already exceeded 600 million!"

"It's also the first movie in the history of domestic movies to have a box office of more than 600 million. Lin Fan is too amazing."

To be able to achieve such results undoubtedly made Li Zhengyi proud.

Not only Li Zhengyi, but all the staff in the cinema also smiled in relief.

"Director Lin Fan is forever amazing!"

“Without him, there wouldn’t be today’s film history. It can be said that this movie created history and changed the structure of domestic movies!”

“Although it’s just the beginning, with Lin Fan around, I’m happy for this big step in Chinese movie history!”

...

At the Yangzhou Film Administration, everyone was stunned.

Who would have thought that Lin Fan’s movie would have such results?

It could be said to be unheard of!

Chief Jiang said, “Hahaha, I wasn’t wrong about Lin Fan. Lin Fan did it. Unknowingly, he’s already so amazing. In the history of movies, if Lin Fan can continue walking down the path, he might really be able to change our era!”

Lin Qian nodded slightly. “This is probably Lin Fan. I’m also proud of China for having such a talent. He’s really... amazing!”

Soon, the Lantern Festival was over.

The employees of Jiaxing Entertainment had all returned to work.

Countless television stations and media reporters surrounded the entrance of Jiaxing Entertainment, wanting to interview Lin Fan.

These reporters were even more terrifying. They had been squatting outside for an entire day.

If Lin Fan didn’t come out, they wouldn’t leave.

Su Muqing sweated a little. She looked at Lin Fan and said, “Boss Lin, those media reporters outside insisted on interviewing you. You said that you refused the interview, but they still want to wait there.”

Lin Fan stopped what he was doing and said, "Alright, I'll go for an interview later."

Su Muqing nodded. "Boss Lin, there's one more thing. All the major entertainment companies want to film with us. The endorsement companies are also looking for us to endorse..."

Lin Fan's head hurt. He said, "It's fine if you want to participate in endorsements, but don't bother me with these small matters. However, I only have one request. You can't do all sorts of endorsements for money. Celebrities should guide the public with positive energy. Do you understand?"

Su Muqing nodded gently. "Understood."

Lin Fan continued, "There's one more thing. Inform all the directors, staff, and screenwriters that it's time to prepare for the next movie. There are many things to prepare for the next movie. We have to start preparing as soon as possible."

While others were still immersed in the joy of filming 'Kung Fu Hustle', Lin Fan had already made his next move.

As a leader, he had to plan for the future first.

"Alright." Su Muqing did not ask further and agreed to everything.

Not long after, Lin Fan walked out of the door.

Immediately, countless media reporters surrounded him.

"Boss Lin, what do you think of Jiaxing Entertainment producing such a good movie?"

"Boss Lin, your directing skills are so strong. Do you have any unique skills?"

"Boss Lin, may I ask if Jiaxing Entertainment changed to become a movie filming company because you have confidence in the movie market?"

“Boss Lin, do you have any other plans in the future? What are your plans for your next movie? Or do you want to rest for a while?”

“Boss Lin, there were many people in the outside world who doubted you before. Now that your movie has achieved such results, do you have anything to say?”

....

Faced with so many questions, Lin Fan just smiled and said, “Everyone, Jiaxing Entertainment is a company that focuses on television dramas and movies. Everyone should know that I don’t lack money and I don’t care about money. I want to do television dramas and movies because I want to make some achievements in the fields I like.”

“Also, I don’t care about the comments on the Internet. The celebrities of Jiaxing Entertainment won’t go out to film casually. The company has a clear plan for every artiste. You just have to wait for Jiaxing Entertainment’s latest television drama, ‘The Return of the Condor Heroes’.”

“At the same time, I can also announce to everyone that I won’t be satisfied with my current results. Jiaxing Entertainment will immediately start preparing for the next movie. Everyone, you don’t have to interview me. I still have work to do.”

After saying that, Lin Fan turned around and left.

It was just a few simple words, but to these reporters, it was exceptionally inspiring.

“Oh my god, is this Boss Lin? Boss Lin has such a strong career. Boss Lin is going to contribute to China’s movie market and even wants to film a new movie. Boss Lin is indeed not an ordinary person!”

“This is the boldness of being a big boss. I’ve already understood. Boss Lin doesn’t want us to pay attention to the celebrities of Jiaxing Entertainment. Instead, he wants us to pay more attention to the company’s works.”

“Wait, Jiaxing Entertainment is releasing a new television drama? It’s called ‘The Return of the Condor Heroes’? This is big news.”

“Boss Lin is really amazing. I don’t know what his next plan is, but I know that Boss Lin is going to rewrite China’s movie history!”

“Boss Lin is my idol!!”

...

Many media reporters also left.

They were completely convinced of Lin Fan.

Look, even the big boss’s words were so different.

Although it seemed like they were forcefully praising Lin Fan, Lin Fan had achieved unprecedented results. Lin Fan’s movies could even compare to Hollywood blockbusters overseas. How could they not be excited?

That was the reality. When you succeeded, everything you said was right.

When you fail, everything you say is wrong.

The news that “The Return of the Condor Heroes” was going to be broadcasted quickly caused waves on the Internet.

Countless viewers were excited.

They had just finished watching “The Legend of Condor Heroes” and ‘Kung Fu Hustle’, but Jiaxing Entertainment had a new television drama coming out!

Just looking at the stills stunned many of the audience.

“The Return of the Condor Heroes” was still directed by Lin Fan!

The production company for this television drama was still Jiaxing Entertainment!

The male lead, Xu Yang.

The female lead, Su Muqing.

The audience already understood Xu Yang's acting skills.

After the experience of the movie 'Kung Fu Hustle', Su Muqing received the approval and liking of countless viewers.

Many of the audience wanted to see Su Muqing's other works, but there were very few.

At this juncture, a new television drama was about to be released!

Chapter 479: Do You Want to Be a Scumbag?

"D*mn, I saw a photo of the filming scene!"

"Xu Yang is so handsome too. It's a pity I didn't see Lin Fan. Why didn't Lin Fan act as the male lead? I'm crying."

"If Lin Fan were to act as the male lead, this television drama would be too good. Forget it, forget it. Xu Yang's drama can barely make it."

"In other words, the television drama The Condor Heroes has already been filmed!! Jiaying Entertainment is too awesome. At that time, they chose the newcomer Su Muqing to be the female lead."

"Su Muqing was a newcomer at that time, but now, she's already a big star. It's just a movie, but it's made Su Muqing's popularity increase by countless times."

"D*mn, d*mn, I saw Su Muqing's stills. How can the Xiao Longnu she plays be so ethereal? I love it!"

"Su Muqing is my idol!!"

....

Under the expectant gazes of the audience, “The Return of the Condor Heroes” was released on Friday night!

Without exception, the audience was all attracted by Su Muqing’s looks.

In ‘Kung Fu Hustle’, Su Muqing’s popularity had already soared, and countless viewers liked her.

Who wouldn’t love such an ethereal girl?

However, the audience had a regret at that time, which was that Su Muqing did not have any lines.

Although Su Muqing had appeared in the previous Twenty Your Life On and her acting skills were not bad, she was not popular online.

In this movie, the audience knew how good Su Muqing was.

After watching the Condor Heroes, the audience finally saw what a fairy was.

A fairy was probably a girl like Su Muqing.

Then... the television drama Condor Heroes became popular!

Ever since Lin Fan entered the entertainment industry, Jiaxing Entertainment was often trending.

If the Condor Heroes could become popular this time, they would also be trending!

On the day of the premiere, it created a viewership rating of 4.1%!

The viewership ratings on the day of the premiere were already so terrifying.

Such viewership once again refreshed Lin Fan’s record!

“Awesome, awesome. 4.1% viewership. How did Lin Fan do it?”

“Why is Lin Fan so awesome when everyone is opening an entertainment company?”

“Anyway, I’m impressed. Lin Fan is too amazing. Every television drama can capture the attention of the audience.”

“I love it, I love it. Su Muqing is my goddess!”

...

When ‘The Return of the Condor Heroes’ became popular, Jiang Kun from the Yangzhou Film Administration did not know what to say.

He could only give two thumbs up to express his admiration.

Why was there really someone who could become popular no matter what they filmed?

At Jiaxing Entertainment, Xu Yang sat down and looked at the screen full of good comments.

“Haha, I’m a big star now! When I was in Yuehua, I wasn’t so popular. Now, the entire Internet is discussing me. I don’t know what to say, hahaha.” Xu Yang laughed.

He was really happy to have met Lin Fan.

Xu Yang was also a big star in the past, but he had never been so popular before.

Now, he knew how refreshing it was to be the Prince Charming of countless people.

“Tsk, forget it. You don’t have as many fans as Master. If Master was the male lead, he would have exploded long ago ~” Su Xiaoyu held the big ice cream cone and licked it, making a face.

“I relied on my hard work to get to where I am today, okay? Although Lin Fan has indeed helped me a lot. Without my hard work, I wouldn’t be where I am today.” Xu Yang laughed.

Su Xiaoyu tilted her head and continued eating her ice cream.

Xu Yang was not convinced.

His life had been successful.

It was only when he liked Xia Wanqiu that he was tortured badly.

Lin Jingjing sat beside Xu Yang obediently and giggled. "Alright, stop showing off."

Xu Yang hugged Lin Jingjing's shoulder. "Haha, I can say that my career and love are both happy now. I even have such a beautiful girlfriend."

Lin Jingjing rolled her eyes and looked at Xu Yang. "Boring."

Xu Yang chuckled. "Come, give me a kiss."

Pop.

Xu Yang kissed Lin Jingjing and she blushed even more.

Lin Jingjing hurriedly pushed Xu Yang away. "There are still many people here. Let's talk at home."

"Ahem." Lin Fan was here.

Xu Yang's casual sitting posture immediately became serious. He looked at Lin Fan and chuckled.

Lin Fan didn't care about Xu Yang's behavior. They were brothers anyway. He would pretend not to see Xu Yang flirting with girls in front of him.

However, seeing how smug Xu Yang was, Lin Fan couldn't help but say, "Xu Yang, you have to take note of your image. At least don't drool on your clothes..."

Xu Yang: “!!!”

Xu Yang hurriedly said, “I didn’t!!!”

Lin Fan smiled and patted Xu Yang on the shoulder. “Work hard in the future. You don’t have to be happy now. With our relationship, I’ll give you the entire Oscar Award for Best Actor in the future.”

When Xu Yang heard about the Oscar-winning actor, he could not help but shake his head. “That’s not something that can be obtained easily. What Oscar-winning actor? Sigh, if I can really get it, I’ll really make history.”

Xu Yang and Lin Fan had a good relationship, so he didn’t thank him.

However, Lin Fan frowned when he saw Su Xiaoyu eating ice cream.

Lin Fan walked to Su Xiaoyu’s side and said, “Give me the ice cream.”

Su Xiaoyu shook her head and pouted. Looking at such delicious ice cream, she said, “I can’t bear to...”

Lin Fan patted Su Xiaoyu’s head. “Give it to me. It’s already winter. Why are you eating ice cream? Drink some hot water.”

Su Xiaoyu giggled. “Actually, I didn’t eat it either. I just wanted to see Master’s reaction.”

Lin Fan’s face darkened. “So you were testing me. How was the test?”

Su Xiaoyu blinked and pulled Lin Fan to the side. There were only two of them. She held Lin Fan’s hand and shook it. “Master, you still care about me. Why don’t you be my boyfriend ~ Sister Wanqiu will be the boss and I’ll be the mistress. Hehe, no one will notice. I’ve already asked Sister Wanqiu and she agreed.”

Looking at Su Xiaoyu’s coquettish manner, Lin Fan felt a little helpless.

He did not know that Xia Wanqiu would agree.

Lin Fan was conflicted.

However, Su Xiaoyu could tell that Lin Fan was conflicted. She quickly hugged Lin Fan's neck and stood on her tiptoes to kiss his cheek.

"Oh, Master, you fell for it again ~ I just wanted to secretly kiss you. I'm leaving, but what I said just now is true ~" Su Xiaoyu skipped away.

Looking at Su Xiaoyu's back view and the sweet touch on her face,

Lin Fan's heart skipped a beat.

Living with Su Xiaoyu every day, it was impossible not to be tempted by such a girl.

It was difficult for anyone not to be tempted.

However, he had still promised Xia Wanqiu that he would only like her.

Now, Su Xiaoyu was so good...

Should he be a scumbag? Should he take in Su Xiaoyu too?

Lin Fan felt even more conflicted.

Damn it, who asked Su Xiaoyu to be so pretty? Who asked Xia Wanqiu to agree?

This was f*cking... forcing him to be a scumbag.
