

I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 70-74

Chapter 70: No One Can Bully You!

Lin Fan walked in front of Xia Wanqiu and shielded her behind him.

His calm voice sounded, but it gave people a high sense of security.

Lin Fan held Qian Hongguang's arm. "Didn't she say that she can't drink? Or are you deaf?"

For a moment, CEO Qian felt that he could no longer move his arm.

"Who are you? How dare you interfere in my business?" CEO Qian said as he looked at Lin Fan.

The burly man in black beside him immediately attacked. "F*ck you, can't you see that CEO Qian is talking? Since when is it your turn to talk in front of him?"

The man in black threw a punch at Lin Fan. Lin Fan's right hand blocked his punch.

He grabbed with his right hand and swung it. A right hook hit the burly man's sternum accurately.

There was a crack.

The man in black fell to the ground.

"You..." The man in black said. He hadn't expected that the skinny Lin Fan would be able to punch him to the ground.

Lin Fan didn't even look at the man in black on the ground. From the start to the end, Lin Fan's expression didn't change at all.

Everyone was stunned by what happened.

From the moment he walked in.

Lin Fan's aura had already surpassed everyone here.

Xu Yang's obsequiousness and Lu Benkai's trepidation were completely different from Lin Fan's aura.

It was as if the entire gala was under Lin Fan's control!

This was a sense of security.

"Waiter, a hundred bottles of white wine please."

"[heard that you like to persuade girls to drink. I'm free today and I wanted to treat you to a drink. If you can't finish it, you won't give me, Lin Fan, face."

Lin Fan held CEO Qian's arm. CEO Qian still couldn't move.

“Come, CEO Qian, drink.” Lin Fan held CEO Qian’s arm and controlled it step by step.

“Lin Fan? What right do you have to make me drink? What can you do to me if I don’t drink?” What kind of person was CEO Qian? He looked at Lin Fan with anger.

As the big boss of Qianling Economic Media, when had he ever been treated like this?

‘Wasn’t he just persuading Xia Wanqiu to drink wine and forcing her to drink a few glasses of white wine? What was wrong with that?

‘When Lin Fan heard that, he just smiled coldly.

There were a hundred bottles of white wine on the table.

Lin Fan picked up a bottle of white wine and threw it at the table expressionlessly.

Bang!!!

There was a loud and clear sound.

The bottle shattered and wine splashed everywhere.

“F*ck... [want you to drink. Don’t you understand” Lin Fan was still expressionless. He was holding a broken wine bottle.

‘Want to sleep with Xia Wangiu?

‘Want to keep making Xia Wanqiu drink?

Have you asked for my permission?

No one knew what Lin Fan was going to do next. Everyone was stunned by his aura.

Lin Fan had trained his body since he was young. Even though he didn’t know any martial arts, he could definitely deal with ordinary people.

“Security!” Qian Hongguang shouted.

What shocked Qian Hongguang was that none of the hotel’s security guards came to help.

All the security guards and waiters were very respectful to Lin Fan.

‘The New Era Lisheng Hotel had branches all over Shanghai. As the top five-star hotel, every waiter here knew Lin Fan.

Lin Fan was the second-largest shareholder of this company.

“If CEO Qian has any problems, you can look for me. This hotel is mine.”

“are you drinking or not?” Lin Fan said calmly. He picked up the broken bottle and pointed at Qian Hongguang’s head.

“I drink, I’ll drink. Isn’t it just drinking?” CEO Qian looked at Lin Fan’s aura and was a little shocked. Lin Fan was actually a major shareholder of this hotel. Then, Lin Fan’s foundation might be.
“Come, continue. Next bottle.” Lin Fan smiled without any expression.

“Lin Fan, why don’t we...” Xu Yang was just about to say something. After all, Lin Fan was offending the biggest investor of Joy of Life.

“Shut up.” Lin Fan didn’t even look at Xu Yang.

After CEO Qian drank four bottles of wine, he started to vomit.

Lin Fan put down his hand and grabbed Xia Wangiu’s arm, walking towards the door.

At the same time, CEO Qian, who was behind them, said, “Lin Fan, Xia Wangiu, hehe... You’re the male and female leads of this drama, right? I just need one sentence to make you guys unable to be the male and female leads. I’ll also let you guys know the price you have to pay. I’ll terminate my contract with Yuehua Entertainment, and you guys won’t be able to obtain investors like me anymore.”

Lin Fan turned around. “The script is mine. Do I need you to be the investor? Do I need you to decide who can be the male and female leads?”

“Oh right, if you want to kill me, hurry up.”

“Otherwise... if you bully my people, I will kill you first tomorrow.”

Lin Fan said, He would never compromise with anyone.

Since Qian Hongguang had made Xia Wangiu suffer and wanted to sleep with her, Lin Fan didn’t have to be polite to Qian Hongguang.

If he dared to come here, he wasn’t afraid of falling out with Qian Hongguang.

Furthermore, Lin Fan wouldn’t give his opponent any chance to take revenge on him. If he said that he wanted to kill Qianling Economic Media in a day, he had to do it.

This was a society ruled by law. Lin Fan wouldn’t kill anyone, much less hit someone. Even if he hit the man in black, it was the man in black who attacked him first.

Lin Fan’s method of making Qian Hongguang drink was also Lin Fan “treating” him to wine. There were no legal loopholes.

“Kill me in a day?”

“You’re just a small screenwriter and a small celebrity. Even if you’re a major shareholder of a five-star hotel, so what if you have a deep background? I want to see how you can kill me in one day.” CEO Qian smiled coldly.

Lin Fan didn't say anything else. He just held Xia Wanqiu's arm and walked out of the entrance of Qianling Economic Media openly.

No one spoke.

No one even dared to breathe loudly.

Lin Fan told Qian Hongguang in front of everyone that he would definitely destroy a company worth more than a billion dollars in a day.

'Whether Lin Fan could do it or not, Su Xiaoyu and Lin Jingjing only felt that... Lin Fan was so domineering.

Lin Fan, who had just been at the gala, was completely different from Xu Yang.

'When Lin Fan did things, he wouldn't consider the consequences.

'What he wanted was only justice.

'What he wanted was for Xia Wanqiu to not be bullied.

This also meant that the investment plan for Lin Fan's "Joy of Life" had completely failed.

'What they might have to face next was the withdrawal of funds from the investors. The script could no longer be filmed, and the company might even face immense pressure. In the entertainment industry, there were only two paths to take: either to compromise or resist and be buried.

Lin Fan gave the third option.

That was, he would kill whoever wanted him dead.

Xia Wangiu's beautiful eyes were slightly red. Every single word and expression of Lin Fan's were imprinted in her mind.

This was... her deskmate, Lin Fan.

"Lin Fan... I'm sorry. I can leave the entertainment industry with you and never act again. Qian Hongguang won't dare to do anything to us." Xia Wangiu lowered her head and said softly. Making a girl touched was simple. Stand by her side when she needed help the most.

Lin Fan had done it.

Xia Wangiu knew the consequences of offending investors.

Even a top artiste with her own independent company, might not dare to offend their investors easily. For someone like her, if she offended the investor, what she would face next would be endless revenge from the investor.

Lin Fan smiled and patted Xia Wanqiu's head. He said gently, "Believe me.. With me around... in this world, no one can bully you!"

Chapter 71: Lin Fan's Counterattack

"But..." Xia Wanqiu looked up at Lin Fan.

"Your man is very amazing." Lin Fan smiled confidently.

"Shameless, shameless, shameless."

"Hmph, who's your woman? Scumbag, don't spout nonsense." Xia Wanqiu's face turned red. Even at this moment, Lin Fan was still bullying her.

"[I'm just joking. Don't worry. I'll kill Qianling Economic Media in a day," Lin Fan said seriously.

"Liar." Xia Wangiu stuck out her tongue.

Qianling Economic Media was also a company with a market value of more than a billion.

Qian Hongguang was even more experienced. How could it be easy to kill him?

"Let's make a bet," said Lin Fan with a smile.

"Bet on what?" Xia Wangiu looked at Lin Fan.

"If Twin, you'll sleep at my house. If you win, I'll sleep at your house," said Lin Fan.

"Meow, meow ~"

"Stupid Lin Fan, you're daydreaming!" Xia Wangiu sat in Lin Fan's passenger seat. No matter what the final result was, she was still very happy.

'The way Lin Fan protected her was really... handsome.

Just like in high school, there were gangsters who wanted to stop her. Then, Lin Fan came. He chased the gangsters away and sent her home every day.

Xia Wangqiu thought of the stories that happened in high school and felt sweet in her heart.

'Whether it was in the past or now, the person beside her had always been Lin Fan.

If only he could be like this forever.

Just like that, Xia Wangqiu fell asleep in Lin Fan's car.

'The car stopped in front of Xia Wanqiu's house.

Lin Fan looked at Xia Wanqiu, who had fallen asleep in the passenger seat, and his heart felt warm.

With such a girl by his side, it was worth it no matter what he did.

Lin Fan took off a coat and draped it over Xia Wangqiu. He picked her up and walked towards her house.

Lin Fan smiled. Although he was just hugging her waist and legs, he could still feel a soft sensation.

It felt... good.

If he could move up a little more, he would be able to touch her chest.

However, Lin Fan still resisted the urge. He wouldn't take advantage of girls, much less bully them while they were sleeping.

He brought her upstairs and opened the door. Yang Qing was in the room.

'When she saw Xia Wanqiu, Yang Qing was shocked.

The two youngsters did not even exercise restraint when they were together. Why was she so tired that she fell asleep?

"Sister Yang, I'll leave Qiuqiu in your care. I'm going to busy myself first. Something happened today. You'll know when you ask Xiaoyu." Lin Fan smiled and carried Xia Wangiu to the bed.

"Alright, is Wanqiu alright?" Yang Qing asked and covered Xia Wangiu with the blanket.

"With me around, everything will be fine." After Lin Fan said that, he walked out and drove the Bugatti home.

If he said that he wanted to kill Qianling Economic Media in a day, Lin Fan wouldn't delay it.

An entertainment company worth billions? Lin Fan didn't care.

It was enough to start with Qian Hongguang and his company.

Then, Lin Fan called the boss of Yunhang Technologies, Yun Qian.

"Brother Lin, why did you only remember to call me now? Is there a problem? I'll help you settle it." Yun Qian laughed and said.

"Brother Yun, I'm not joking. I've indeed met with some trouble. Can I ask you a favor?" Lin Fan asked seriously.

'When Yun Qian heard Lin Fan's tone, his expression turned serious. He knew that Lin Fan wasn't joking.
"Brother Lin, what happened?"

Lin Fan said, "Do you know Qianling Economic Media? The boss is Qian Hongguang."

'When Yun Qian heard that, he nodded. "Isn't that an entertainment company that has just risen in the past two years? I've never heard of the boss, Qian Hongguang."

Lin Fan said, "I want to destroy this company in a day at all costs. Brother Yun, do you have any ideas?"

Yun Qian smoked a cigarette and his eyes narrowed. "Brother Lin, are you serious?"

Lin Fan smiled. "Do I seem like I'm joking?"

Yun Qian said, "Brother Lin, I should mourn for this Qian Hongguang for three minutes. To be remembered by you, this company probably won't be able to go far. It's very difficult to destroy a company worth a few billion though."

Lin Fan nodded and said, "Brother Yun, I know it's very difficult but I have a way."

"First, check on Qian Hongguang. Check all his information and which companies' artistes he has worked with before. I think he must have slept with many female celebrities."

"Second, check if any artistes under Qian Hongguang have been banned. If there are, find a way to get their contact details and collect evidence."

"Third, check all of Qian Hongguang's relatives and his company's business dealings. Then, check on the tax filings of this company and do a complete check."

"There are still many other ways. Leave it to me. Brother Yun, you should have a lot of technical talents on your side. Help me out. Tonight, we'll investigate the entire Qianling Economic Media."

"Tomorrow, I want this company to be completely banned," Lin Fan said with a serious expression. He definitely wouldn't give Qian Hongguang any time to react.

Lin Fan had to do what he said.

'As for the loss of an investor for Joy of Life, Lin Fan wasn't worried.

He would be the investor of the drama Joy of Life!

After Yun Qian heard that, he said, "Brother Lin, don't worry. I will definitely help you find something tonight. I seem to have heard of this Qian Hongguang before. Once I have any information, I will inform you."

"Alright, then I'll get back to work." Lin Fan hung up.

After hanging up the call, CEO Li from Yuehua Entertainment called as well.

'There was no doubt that Qian Hongguang's 200 million yuan investment had been withdrawn.

Once the investors withdrew their funds, the filming of the television series would be completely affected.

Whether it was actors or directors, they all had a schedule.

If he delayed it for a day, the filming of the television drama would also be delayed for a day. The relevant spokesperson and other investors might not be satisfied.

Logically speaking, the fault of the investors withdrawing their funds would be on the actors.

If an actor caused a drama to be unable to be filmed, the company might ban them to appease those investors.

Lin Fan took this opportunity to see what CEO Li's attitude was.

"Hello, CEO Li. I'm Lin Fan," said Lin Fan.

"I know everything that happened today. I want to tell you..."

"F*ck Qian Hongguang, F*ck Qianling Economic Media. He thinks he's a big shot? Brother Lin, you did well tonight."

"So what if it's an investor? Can an investor bully our company's young lady? Brother Lin, if you want to kill this company, count me in."

"The entire Yuehua will support you. I also promise you here that the company will protect the artistes under us and won't let Wanqiu suffer like this again."

"As for the investors, we'll think of another way. Can we not film this television series even without his investment?" CEO Li said.

The moment he spoke, he expressed Yuehua's attitude.

Between Lin Fan and Xia Wanqiu and the investors, Yuehua would naturally choose Lin Fan and Xia Wanqiu.

Furthermore, CEO Li had heard about Lin Fan's performance tonight.

Lin Fan wasn't afraid of Qian Hongguang's revenge at all.

Until now.

Even CEO Li didn't know how deep Lin Fan's background was!

Chapter 72: Mua~~

Someone who wasn't afraid of a company worth more than a billion yuan... One could imagine what kind of background he had.

Lin Fan's assets, capabilities, and any one of them were definitely not inferior to that of Qianling Economic Media.

In CEO Li's opinion, Qian Hongguang had really kicked an iron plate this time.

CEO Li could also tell very clearly.

Lin Fan's personal assets were worth at least tens of billions!

'With so many assets, Lin Fan's true background was unfathomable.

Even without these backgrounds, Lin Fan's ability to write scripts was enough for the company to take him seriously.

Furthermore, Lin Fan and Xia Wanqiu's relationship was so good.

CEO Li could already predict the tragic state of Qianling Economic Media.

This would be Lin Fan's first time taking action.

Therefore, in the middle of the night, CEO Li immediately expressed Yuehua's attitude.

If Lin Fan created an entertainment company and took Xia Wanqiu away, Yuehua Entertainment would really lose out.

"Brother Lin, is there anything I can help you with?" CEO Li smiled.

"Not for now. CEO Li, you just have to help me protect Qiuqiu." Lin Fan smiled.

Lin Fan wasn't from Yuehua Entertainment. He had always been Yuehua's screenwriter in name. A top screenwriter was just a reasonable title to stay in the company.

Even the filming of the film Joy of Life, was a separate contract. Of course, such a thing had already happened before the remuneration of the film was confirmed.

"Brother Lin, don't worry."

"If anyone dares to have any bad thoughts about the celebrities in our company, the company will attack them with all their might and guarantee the safety of the celebrities," CEO Li promised Lin Fan again.

After hanging up, CEO Li heaved a sigh of relief.

He would rather offend an investor worth a few billion than Lin Fan.

"CEO Li, what should we do?" A male assistant stood beside CEO Li and bowed slightly.

"I'll wait for a day."

"One day later, if Lin Fan can't take down Qianling Economic Media, Yuehua will personally take action. I don't believe we won't be able to kill him. He actually wanted to use unspoken rules on our company's precious artiste." CEO Li slammed the table angrily.

CEO Li attached great importance to Xia Wanqiu and Su Xiaoyu.

It could be said that CEO Li single-handedly made Xia Wanqiu and Su Xiaoyu famous.

Although Xia Wanqiu and Su Xiaoyu still had a lot of room for improvement, CEO Li would not force them to do things they did not want to do.

In CEO Li's opinion, Xia Wanqiu and Su Xiaoyu were the company's future.

There was also Lin Jingjing, who had just started her career. She sang well and had great potential.

It was CEO Li's dream to nurture celebrities and push the entire country's acting industry forward. In the end, an investor actually dared to bully Xia Wangiu. Was he courting death?

Did they really think that Yuehua Entertainment was the same as those ordinary small entertainment companies?

"Also, during this period of time, increase the number of bodyguards and protect the female artistes in our company," CEO Li said and made a decision.

"D*mn, those investors can come if they want to. All of them are so arrogant. We've already given them face and they still want to use the unspoken rules and make the entertainment industry foul. It's as though I won't be able to film a television drama without them. If they don't come, I'll personally spend money to invest." CEO Li was also a little angry.

Although Yuehua was still far from being the best artiste company, when it came to principles, CEO Li would never give in, much less give pressure to the artistes under him. On the other side, Su Xiaoyu made a call.

"Why does our good daughter have time to call Dad? Were the tens of millions of yuan in pocket money I transferred you last week not enough? Do I need to transfer you a few hundred million yuan more?" The middle-aged man's voice rang.

"Aiya, Dad, I have something to tell you," Su Xiaoyu said coquettishly.

"Tell me, why do you want to be a celebrity? Isn't it better to go home and inherit our family fortune? Or did someone bully our precious princess?" the middle-aged man said.

Su Xiaoyu pouted. "Hehe, Dad, I'm very awesome. I'm already a big star now."

The middle-aged man chuckled. "Yes, yes, yes. My baby daughter is the best."

Su Xiaoyu continued, "Dad, that's a given. Recently, someone bullied me and wanted to sleep with me. I'm very angry!"

"Who?" The middle-aged man was stunned, and even his tone changed.

"It's that... Qianling Economic Media. The boss is called Qian Hongguang. He's so annoying," Su Xiaoyu said sweetly.

"What the f*ck, Qianling Economic Media, right? How dare they want to sleep with my daughter? Xiaoyu, wait and see, your father will f*cking kill him." The middle-aged man rolled up his sleeves.

Su Xiaoyu blinked. "Dad, don't worry. Let's wait for a day. If that company is still alive after a day, I'll ask Dad for help ~"

"Why wait a day? I won't say anything else. If he dares to bully you, I'll kill him today," the middle-aged man said.

"I know Dad is the best. Wait a day. I'll kill him myself!" Su Xiaoyu revealed a cute smile. "By the way, Dad, you can collect information about this company. If you have information, you can send it to me."

"Sure, let me know when you need me. Also, when can you find a boyfriend outside to bring home?" The middle-aged man patted his chest.

"Dad, it's not easy to find a boyfriend." Su Xiaoyu sounded aggrieved.

"Alright, alright. It's fine as long as you're happy. There's no need to care about the man's family fortune. Our family doesn't care about being well-matched in social status. Anyway, no matter how rich the man is, he won't be as rich as your dad. Who wouldn't like my daughter who's so beautiful? As for that company, dad will help you gather information." The middle-aged man looked very proud.

"Mua ~ Dad dotes on me the most. Bye." Su Xiaoyu hung up.

Su Xiaoyu knew that the other party wanted to sleep with Xia Wangiu and knew that this matter was unrelated to her father. However, when she complained to her father, she immediately changed the way she spoke about this matter.

This was because Su Xiaoyu also wanted to kill Qian Hongguang.

"Master, Xiaoyu is still very amazing."

"If you can't destroy that company, I'll help you secretly behind your back ~" Su Xiaoyu was holding a banana in her mouth. She was wearing pajamas and lying on the bed. Her snow-white legs were together, making countless men salivate. And in Qianling Economic Media.

Qian Hongguang lay on a soft bed with a cigarette in his mouth and two women with heavy makeup in his arms.

Qian Hongguang was on the phone, looking very confident.

"Lin Fan only has this background???"

"You usually ride a lousy tricycle and open a restaurant. You're just a small newcomer screenwriter, and your biggest background is a small shareholder of a billion-dollar hotel. What are you being so arrogant for? I thought you were so awesome. Do you think you can soar to the sky just because you're the male lead?"

"Without our company's investment, you still want to shoot a successful television drama?"

"I'm just going to lie here today. I want to see how you're going to kill me in a day.."

Chapter 73: Qian Hongguang's Doomsday _ 1

The next day, Lin Fan signed in on time.

It was said that if one signed in, they could achieve whatever they wanted. If Lin Fan had more martial arts skills, he could protect himself and Xia Wangiu better.

System, it's time to show your ability.

Even if he couldn't learn more martial arts, it was good to get a few hundred million dollars in cash. That way, Lin Fan could invest in Joy of Life.

Until now, Lin Fan only had about 100 million dollars in cash. The rest were fixed assets that couldn't be sold.

To Lin Fan, the most urgent thing was money. If he had a lot of money, would he need other companies to invest in him? He wouldn't need them.

Heavens, Earth, even if I couldn't obtain awesome martial arts, I could still get a few hundred million yuan in cash, right?

Otherwise, if he didn't have money, Lin Fan wouldn't be able to take out 200 million yuan to invest in the script. How could the stupid author continue making up stories?

Lin Fan had long seen through the tricks of the system, It was time for the two things he needed the most to come.

"Ding... Signed in successfully. Congratulations to master for obtaining three lottery tickets. The first lottery ticket is a cash lottery ticket. You can receive any amount from 1-10,000,000 yuan in cash. The second lottery ticket is a physical object lottery ticket. You can receive a helicopter, an artificial island, a trillion-dollar sports car, a trillion-dollar mansion, and so on. The third lottery ticket is a random lottery ticket. Due to the low probability of drawing something good in the past, the system has automatically increased the chance of drawing, Master has a 90% chance of drawing something good."

'With the explanation of the system, Lin Fan understood everything.

'As expected, the system would give him whatever he wanted.

Surely the lottery this time would not be like before?

This was a 90% chance of winning something good!

Come on, a billion in cash and some good stuff like a plane.

"Ding... the draw is successful. Congratulations Master for obtaining 1,000 yuan."

"Ding... the draw is successful. Congratulations Master for drawing a bottle of Mizone worth 4 yuan."

Lin Fan collapsed onto the bed and sighed.

What happened to the routine? The common routine in novels shouldn't be like this.

Lin Fan felt a little bitter.

Other masters would draw good things and reach the peak of their lives. His system had been scamming him.

What was the use of 1000 yuan in cash? Lin Fan's daily bank interest was about 15,000 dollars.

As for a bottle of Mizone, was it special just because it was worth four yuan?

'What happened to the 90% chance of winning something good?

"Ding... Congratulations Master for obtaining perfect acting skills [God-level]." The system's voice sounded.

Lin Fan finally accepted this fact.

It seemed like it was impossible to get a lot of cash through the system.

Dog system, dog draw probability!

It was impossible to draw something good at the lottery. He could only barely maintain his life with his own two hands.

Since that was the case, Lin Fan no longer placed his hopes on the system.

With so many skills, he could earn a lot of money.

Unknowingly, it was already 8am in the morning.

At the same time, Yun Qian called.

Lin Fan took a look. Alright, there was information.

"Brother Lin, I have to say that your judgment is too accurate. If I were alone, I really wouldn't know how to deal with this Qian Hongguang."

"We've already found out. Qian Hongguang has a criminal record to begin with, and he used his position to sleep with no less than twenty female artistes. Of course, some female artistes rejected him and were banned by the company. According to what you said, we'll follow the clues and investigate. It's fine if we don't investigate, but once we do, we'll be shocked."

"Qian Hongguang once threatened a female artiste, but she didn't agree and he even forced her to have sex with him. After that, he even banned her. This can already be considered rape. We spent more than two million yuan to bail that female artiste out and finally obtained this information. We even have voice evidence recorded from that time."

“In addition, we have also discovered that something is wrong after checking on Qianling Economic Media. This company uses shooting lousy films and other methods to launder money. There is plenty of evidence of tax evasion. If we take out all this evidence, it will be enough to completely crush Qian Hongguang and this company!” Yun Qian said excitedly.

It was easier said than done to destroy a company, but their company had such a talent who could find so much information.

It was precisely because of this that Yun Qian seized the opportunity and could crush them in one go! “Oh right, there are even videos of Qian Hongguang and some female artistes here. Brother Lin, do you want to take a look? I have to admit that those female artistes have pretty good figures,” Yun Qian said with a smile.

“No need. I’m not interested in those female artistes.” Lin Fan shook his head. He never watched those pornography films. No matter how pretty those girls were, they couldn’t compare to Xia Wanqiu. Their figures weren’t as good as hers and their breasts weren’t as big as hers either. There was no way to compare.

“Brother Yun, thank you very much. Send me all the information. As for how much you spent, I’ll transfer it to you,” said Lin Fan. He wouldn’t let Yun Qian help for nothing.

“Brother Lin, I’ve already sent it to your email. As for the money, do you think I’m that kind of person? I heard that you’re a great chef. One day, you can just treat me to a big meal. Let’s have a drink together.” Yun Qian laughed and didn’t care about the millions at all.

At this level, Yun Qian felt that the most important thing was favors. To be able to let Lin Fan owe him a favor was much more important than the millions.

At the end of the day, it was because of Lin Fan’s value that Yun Qian valued him.

“Haha, no problem. I’ll treat you and Sister-in-law to a feast one day. I’ll arrange for abalones, lobsters, red wine and so on.” said Lin Fan with a smile. He would remember this favor.

“Alright. If you need any help, look for me again.” Yun Qian happily hung up.

Lin Fan opened his email and looked through all the information that had been sent over.

Lin Fan immediately contacted CEO Li and sent all the information over.

When CEO Li saw this news, he was a little shocked.

“He found so much information in twelve hours, and it was all solid evidence.”

“Brother Lin has really broadened my horizons. You’re indeed not an ordinary person.” Seeing so much information, CEO Li was a little surprised.

He knew that Lin Fan’s background couldn’t be underestimated.

Now that he saw so much information, CEO Li was deeply shocked.

Lin Fan was indeed not an ordinary person!

“CEO Li, I’ll leave the rest to you,” said Lin Fan with a smile.

“Understood. With this evidence, Qian Hongguang and Qianling Economic Media will definitely die today,” CEO Li replied.

After Lin Fan was done, he drove the Bugatti to the office.

It was time to start a new day. It did not matter if there was one less investor.

He would be the male lead and Xia Wangiu would still be the female lead. He would be the investor of the new drama Joy of Life.

And half an hour later.

On Weibo, three trending topics had officially reached the top!

The Public Security Bureau was activated at the same time. There was concrete evidence. What they did next was.

to arrest someone!!

Chapter 74: Shock In The Entertainment Industry, Filming Begins! _ 1

The first trending topic was [Qianling Economic Media evaded tax worth 80 million]

The second trending topic was [Qian Hongguang uses unspoken rules on female artistes]

The third trending topic [Qianling Economic Media’s boss suspected of rape]

The three trending topics instantly caused a huge uproar.

And there was plenty of evidence. These pieces of news almost exploded on the Internet. Countless netizens cursed.

“F*ck, Qian Hongguang. It’s this kind of person who destroys the entertainment industry.”

“This person seems to have committed rape? We have to arrest him!”

“We must give him the death sentence! The death sentence must be carried out immediately!”

These two trending topics that suddenly appeared almost took the life of Qianling Economic Media immediately.

And it attracted the attention of the country.

The evidence was conclusive. Qian Hongguang’s crimes would require him to be jailed for at least ten years!

At this moment, Qian Hongguang was still lying on the bed quietly.

“Just like that? Didn’t you promise to let me die in a day? Am I not still alive and well now?” Qian Hongguang smiled. He rarely committed any crimes. At most, he had evaded taxes and slept with a few female artistes. How could ordinary people notice these things? Even if he wanted to contact those female artistes that he had raped, who else could contact them other than him?

As for the evidence of his company’s tax evasion, it had long been cleaned up by him.

Furthermore, Lin Fan was just a small restaurant owner and a hotel shareholder. What could he do?

“Lin Fan, I’m waiting here. If you can’t kill me, I’m going to kill you next.” Qian Hongguang’s eyes shone with a cold glint.

“CEO Qian, look...” A woman beside him looked at the Weibo trending topics on her phone and was stunned.

“What should I look at?” Qian Hongguang looked at his phone and was shocked. He broke out in cold sweat.

The deepest things he had hidden all along had actually been dug out.

This... how was this possible?

Hadn’t he already destroyed all the evidence?

And now, they were all trending on Weibo.

There was probably only one person who did it

Lin Fan!!!

“Lin Fan, f*ck your mother!!” Qian Hongguang felt a chill down his spine. He remembered Lin Fan’s words. He would kill him in a day and destroy his entire company.

He thought that Lin Fan was just bragging. Who knew that in just 12 hours, he had already gone onto Weibo’s trending topic list.

At the same time, there was a knock on the door.

The police were here!

Qian Hongguang’s eyes were filled with pain. He only felt a hint of shock.

“B*ck, f*ck, f*ck!!”

Qian Hongguang got up and stood beside the window, but he did not have the courage to jump down.

This was the 28th floor.

Qian Hongguang closed his eyes in pain. His face was pale as he sat down powerlessly.

He had offended the wrong person.

Who would have known that Lin Fan was really that awesome? If he said that he would kill him in a day, it would definitely not exceed two days.

If he didn't want to sleep with Xia Wanqiu and help Joy Media replace the female lead, this wouldn't have happened.

The total charges for his two crimes would mean he had to spend at least ten years in jail!

Now, his fate, future, and career were all completely destroyed!

At the same time, the news of Qian Hongguang being arrested was also trending on Weibo.

Such news quickly spread to Yuehua Entertainment.

"D*mn, Lin Fan is way too awesome."

"He's too handsome. He really caused that Qianling Economic Media to close down."

"Wow... I used to know that Lin Fan was just a restaurant owner and screenwriter. Now I know that Lin Fan is so cool."

"Not only is he handsome, but he's also so outstanding."

Many celebrities were filled with respect and admiration for Lin Fan.

Lin Fan had completely become a celebrity in the company.

There were many girls in the entertainment industry who would face such a problem, but Lin Fan was the first to solve it so directly.

Even Xu Yang was shocked by Lin Fan.

What Lin Fan could do, he couldn't.

He might compromise before investors but Lin Fan wouldn't.

Xu Yang finally understood the difference between him and Lin Fan.

Perhaps this was why Xia Wanqiu treated Lin Fan so specially.

Xu Yang sighed. He was completely convinced.

Luckily, he did not become Lin Fan's enemy, or else Xu Yang would have been scared.

Lin Fan looked very handsome and was just an ordinary screenwriter. But in reality, Lin Fan was a true big boss in the company.

He had hundreds of millions of assets and was also the second-largest shareholder of New Lisheng Hotel. He had a close relationship with Yunhang Technologies, a big company, and was also someone CEO Li wanted to rope in.

Most importantly, Lin Fan was Xia Wanqiu's middle and high school deskmate.

If he wanted to compete with Lin Fan, his starting point would have been different.

Su Xiaoyu ran to Xia Wanqiu's office and said in surprise, "Sister Wanqiu, Master really did it. Master is amazing!"

Xia Wanqiu had also taken a closer look at Weibo. She raised her beautiful eyes and smiled lightly. She did not speak, but her heart was warm.

It was great to have him around.

In the Joy of Life film crew, producer Liu looked at the many actors present excitedly.

"Everyone, although there's one less investor, the investment problem of our television series has been completely resolved."

"Lin Fan will be our company's largest investor. He will be investing in the drama Joy of Life. The investment amount will be... 100 million!"

"It's still lacking from the total investment we made previously. Everyone's remuneration must be reduced slightly. But after this television series becomes popular, everyone will get a good share of the profits." Mr Liu smiled.

Everyone looked at each other, the admiration in their eyes deepening.

That was 100 million.

If it was an investment by a big company, it wouldn't be a big deal. But Lin Fan alone had invested 100 million!

Many celebrities might have hundreds of millions in assets, but it was very difficult to have 100 million in liquid funds.

Xu Yang secretly gave him a thumbs up. As expected of a big boss who could drive a sports car worth hundreds of millions. He casually invested 100 million.

"Awesome, if Brother Fan can protect us in the future, who would dare to bully people from our company?"

"Brother Fan is amazing. Not only did he write a script for us, he even became the male lead and is now the biggest investor in our movie."

"It's fine if the remuneration is lower, as long as we can act out this script well."

“Forget having my remuneration lowered, I would even be willing to be paid nothing. Brother Fan’s script is too wonderful. It’s my honor to be able to act in this drama.”

The producer, Liu Mou, and the director, Lu Benkai, were all a little pleased.

In reality, Qian Hongguang’s attitude that day made them very unhappy.

Damn, they even dared to bully Xia Wanqiu.

Although Mr. Liu and Lu Benkai were a producer and director respectively, the two of them were Xia Wanqiu’s fans.

Although the script for this drama was very good, because the male lead was Lin Fan, many investors were unwilling to invest in it.

But those investors didn’t know that Lin Fan was the soul of this drama!

Since the outside world was not optimistic about Joy of Life, then let them use this television drama to shock the entire entertainment industry!
