

## I signed In For A Billion Dollar Mansion From The Very Beginning Chapter 85-89

### Chapter 85 At The Celebratory Banquet, Lin Fan's Culinary Skills Shocked Everyone

"Mua ~"

Su Xiaoyu didn't think too much about it. She leaned forward and kissed Lin Fan.

"Master, we can eat the dinner you make now." Su Xiaoyu giggled and held Xia Wanqiu's arm, quickly dodging back.

When she returned, Su Xiaoyu realized what she had done wrong.

When she heard there was going to be delicious food, she just couldn't help it...

That was it...

Now the cat was angry. She was going to be bitten.

"You really kissed me. I was just joking." Lin Fan smiled. It felt good to be kissed by a beautiful woman. It was a pity that it wasn't the cat that came to kiss him.

"Ahwooh, Sister Wandiu, I was wrong." Su Xiaoyu pulled Xia Wanqiu, looking aggrieved.

"Stupid Lin Fan, you keep your word. If I remember correctly, that was Xiaoyu's first kiss." Xia Wanqiu looked at Su Xiaoyu. She knew Su Xiaoyu's character. Although she was angry, she had already kissed him. What else could she do?

If she got angry here, wouldn't others think that she had a closer relationship with Lin Fan?

"Ah... Master, you're too naughty!" Su Xiaoyu's chest heaved up and down.

Lin Fan: "..."

He didn't seem to have done anything.

Even if it was a kiss, it was Su Xiaoyu who kissed him on her own accord.

How did he become a bad person?

"It's fine. I'll go talk to Director Lu. I'll cook a feast for you guys tonight." Lin Fan smiled and walked forward. He gently patted Xia Wanqiu's head and turned to leave. Lin Fan knew that it was time for his peaceful life to end.

Today was the last day he could enjoy. After today, he had new work to do.

For the past month, although he had been filming, he had been completely focused. The filming process had been very smooth and he enjoyed this feeling.

Everything was simple when he was in the production team. Once he left the production team and faced the entire society, he would face all sorts of dangers.

Lin Fan knew that the current him wasn't strong enough to protect Xia Wanqiu.

The waters of the entertainment industry were very deep. Joy of Life was his first work, and it would also be a start.

Only by becoming truly strong could he protect Xia Wanqiu from any grievances.

Lin Fan didn't want to see investors wanting to sleep with Xia Wanqiu anymore.

When he turned around, Lin Fan's eyes were exceptionally clear.

At the celebratory banquet.

Many people sat together, chatting happily.

Only Lin Fan wasn't around.

"Speaking of Lin Fan, where did he go?" Lu Benkai looked at Xia Wanqiu.

Xia Wanqiu raised her beautiful eyes and said, "He went to make dinner."

"Make dinner? There's no need for that. I invited a few Sichuan Cuisine masters for today's celebratory banquet. It's enough to make a delicious feast for everyone."

"Lin Fan is the main actor. Filming is already so tiring. How can he cook personally?" Lu Benkai said. He didn't say the other sentence. No matter how good Lin Fan's acting was, how could his cooking skills compare to that of those Sichuan cuisine masters?

Sichuan Cuisine masters were all top-notch chefs. Usually, these people worked in five-star hotels and were chefs of five-star hotels.

It was already very good of him to be able to invite them here to cook. No matter how good Lin Fan was at cooking feasts, he couldn't cause trouble for the two Sichuan Cuisine masters. After all, there were specialists in every field.

"That's right. Wanqiu, Xiaoyu, this is your fault. You have to believe that the Sichuan Cuisine masters we found for everyone make very good food. Don't make Lin Fan work so hard," Liu Mou said.

Xu Yang nodded as well. "I know that Lin Fan owns a small restaurant. I heard that the food he makes is pretty good, but I feel bad about letting Lin Fan cook for all of us."

Xia Wanqiu looked at everyone and blushed.

Lin Fan was clearly cooking a feast for her.

Everyone might have some doubts in their hearts, but they didn't know that although Lin Fan only opened a small restaurant, his culinary skills weren't inferior to any master's.

Xia Wandiu said, "Lin Fan's food is quite delicious."

Su Xiaoyu nodded as well. Could a five-star chef be more amazing than her master?

Her house was filled with top chefs but when compared to Lin Fan's feast, there was no comparison.

Even the cucumbers and bananas at Lin Fan's house were so delicious.

Lu Benkai shook his head and said, "That won't do. I'll personally invite Lin Fan back and eat the dinner made by the two Sichuan cuisine masters."

On one hand, Lu Benkai didn't want Lin Fan to work so hard to cook. On the other hand, he felt that Lin Fan's feast definitely couldn't compare to those two Sichuan Cuisine masters.

Xia Wanqiu didn't say anything else. Lu Benkai wanted to look for Lin Fan but she couldn't stop him.

When Lu Benkai walked into the kitchen, the scene before him completely stunned him.

The two Sichuan Cuisine masters that he had invited were standing beside Lin Fan politely and helping him out.

One of them was holding soy sauce and vinegar while the other was holding salt and other condiments.

The two Sichuan Cuisine masters stood respectfully beside Lin Fan like apprentices.

Then, he looked at how Lin Fan cooked. It was simply... smooth like flowing water.

"Add oil and salt," said Lin Fan.

"Master Lin, I understand," Li Xuewen said. He was also a famous Sichuan Cuisine master. In the past, he was the one who taught others how to cook. But today, he was helping Lin Fan.

"Cut this tomato. Remember to cut it well. If you don't cut it well, you can't use it," said Lin Fan. He looked at the other Sichuan Cuisine master, Li Xueping.

"Alright, alright. Master Lin, this is the first time I've seen your cooking skills. Also, how can your feast... be so delicious..." Li Xueping said with some admiration in his eyes.

When Lin Fan entered, he immediately found some problems with their cooking.

Then, Lin Fan started cooking. The two Sichuan Cuisine masters were both stunned.

Lin Fan's cooking skills, control of the fire, and proficiency in cooking, as well as some details, had completely exceeded their understanding.

Even steamed pork slices could give off a fragrant smell. It was fragrant, tender, and smooth. It looked very delicious. When the two Sichuan Cuisine masters took a bite, they realized that Lin Fan's feast had far exceeded theirs.

This was simply... a delicacy!

When Lin Fan continued cooking, all the details were seen by the two Sichuan Cuisine masters. Their eyes were filled with shock.

It was as if they had discovered a new world. They looked at Lin Fan's feast. It was on a completely different level from theirs.

Most importantly, Lin Fan's cooking skills even exceeded theirs by a lot.

The Egg Fried Rice that they made could at most be called delicious Egg Fried Rice.

After eating a mouthful of Lin Fan's Egg Fried Rice, the two Sichuan Cuisine masters felt that they were about to fall in love with such Egg Fried Rice.

The feeling of eating one mouthful was as though they had discovered an immortal-grade feast in a paradise. Taking a sip of Lin Fan's fish soup was like discovering a fine wine. Even if they were masters in cooking, there was a huge difference in their cooking skills.

These were culinary skills and national techniques, and they had been handed down for thousands of years. Only those who had reached a certain level of research in cooking could cook such a feast. The two Sichuan Cuisine masters were completely stunned. They hadn't expected to learn so much from cooking a feast for everyone here.

Looking at the respectful attitudes of the two Sichuan Cuisine masters,

Lu Benkai stood rooted to the ground.

But you two are masters of Sichuan cuisine...

Could it be that Lin Fan's feast was even better than that made by these two Sichuan Cuisine masters?!

### **Chapter 86 Everyone is Amazed, A Real Chef!**

"Holy sh\*t..."

"What the f\*ck... two Sichuan Cuisine masters helping Lin Fan. If I tell others about this, no one will believe me. You're top-notch masters. When will you help others?"

"I have to say, Lin Fan looks really professional when he cooks big meals," Lu Benkai sighed and said.

He had never seen such a scene.

He had invited two Sichuan Cuisine masters, but they instead asked Lin Fan how to cook.

Lin Fan was really a master chef!

Lu Benkai was completely convinced.

Just how many unimaginable abilities did Lin Fan have?

Lu Benkai had been standing there the entire time, watching everything silently.

Every action Lin Fan took while cooking, as well as the scene of two Sichuan Cuisine masters consulting Lin Fan.

Lu Benkai started to doubt his life.

Every time Lin Fan made a dish, the two Sichuan Cuisine masters would feel a little surprised.

These were the dishes made by a true master.

Although they were all simple dishes, the simpler the dish, the better it was at showing a chef's abilities.

At this level, chefs had already returned to their original simplicity. It did not matter how flashy they looked when they cooked, the most important thing was their grasp of the entire dish.

Liu Mou, who was waiting outside, was a little confused.

Lu Benkai had been away for so long and still hadn't returned. Could something have happened?

That shouldn't be the case. Was it that nice to see people cooking in the kitchen?

Liu Mou immediately wanted to take a look in the kitchen. When he reached the kitchen, he stood rooted to the ground like Lu Benkai.

"Holy sh\*t..."

"Lin Fan is really a master chef. Xia Wanqiu and Su Xiaoyu were right. Even the two Sichuan Cuisine masters were shocked by how Lin Fan cooks." Liu Mou patted Lu Benkai's shoulder.

Looking at the expressions of the two Sichuan Cuisine masters, Lu Benkai and Liu Mou were deeply shocked.

Anyone could cook, but only a true chef could make two masters feel a heartfelt admiration for them.

After they finished cooking, Li Xuewen and Li Xueping, the chefs of two famous five-star hotels, bowed to Lin Fan.

"Thank you, Master Lin, for your guidance!"

"Master Lin, your cooking skills are really superb. We originally thought that we had done well enough, but your dishes are quite outstanding. The two of us can't compare to you. Thank you, Master Lin, for pointing us

in the right direction and letting us benefit greatly,” Li Xuewen sighed. In the cooking world, Lin Fan was equivalent to his senior.

“I was just cooking casually. There’s no need to exaggerate.” Lin Fan smiled and said.

“Master Lin is too humble. Oh right, Master Lin, you can participate in the national culinary arts competition. If you can pass, you might be able to obtain some very old recipes. They are all skills that have been passed down for many years in the country. If you can learn these skills passed down from generation to generation, you can also make even better recipes,” Li Xuewen said.

“A national culinary competition? Let’s talk about it when I have time in the future,” said Lin Fan without taking it to heart.

“Remember, if you want to really cook a feast well, the most important thing is to stand from the customers’ perspective.”

“As long as you’re in the food and beverage business, it’s best to use the freshest ingredients. Don’t use the oil repeatedly. It’s not good for the customers’ health. These small details will determine the quality of the entire dish. Only if the customers are satisfied and they’re healthy after eating will the five-star hotel’s brand be developed,” Lin Fan reminded them.

Working in the food and beverage industry, if one pursued profits too much and neglected the customers’ experience, they would not be able to do well. Only if one served the customers sincerely could any store in the food and beverage industry thrive.

“Master Lin, we’ve learned something.” The two Sichuan Cuisine masters bowed deeply to Lin Fan again.

The two Sichuan Cuisine masters looked at Lin Fan with deep respect.

Lin Fan’s last sentence enlightened the two of them. The most important thing in the F&B industry was to serve customers.

As a chef, they had to take this seriously.

Lin Fan’s character and attitude made the two Sichuan Cuisine masters feel a hint of admiration.

“Director Lu, Brother Liu, what are you guys doing here? Let’s go and eat,” said Lin Fan with a smile. He saw Lu Benkai and Mr. Liu at the door.

“Lin Fan, f\*ck, you’re too awesome. I can smell the fragrance of your dishes from so far away. Even the two Sichuan Cuisine masters are so polite to you.” Lu Benkai placed his hand on Lin Fan’s shoulder and looked surprised.

“I didn’t expect you to know how to cook a feast, Brother Lin. It’s simply amazing. I’ll definitely have a good taste of it later on,” Liu Mou said with a smile.

They got along very well with Lin Fan. Not only did Lin Fan know how to write scripts, act, and be a director, but he also knew how to cook a feast. Other than that, Lin Fan was also a tall, rich, handsome man. He had money, a car, a villa, and was even a gold medal screenwriter that Yuehua's Boss favored.

Most importantly, Lin Fan knew how to conduct himself.

Lin Fan wouldn't posture just because he had some money. He wouldn't act arrogantly just because he had acting skills. Instead, he was very respectful to Lu Benkai and Liu Mou. After all, they were all seniors in the industry.

Liu Mou was in his forties. When he heard Lin Fan call him Brother Liu, he was elated. He had long made a decision. If he had the chance in the future, he would prioritize working with Lin Fan.

The two of them looked at each other. This was what it meant to be tall, rich and handsome. Lin Fan had such abilities and a good character. They got along very well. They had read too many novels. Those rich second-generation heirs would show off and slap others when they had some money. They were afraid that people wouldn't know that they were rich.

But in reality, after they saw Lin Fan, they realized that the novels were all lies.

Lin Fan's character made Lu Benkai and Liu Mou respect him from the bottom of their hearts.

No matter what difficulties he faced in the future, the two of them would definitely come and help Lin Fan.

Just like that, the three of them returned to their seats and the dishes were served.

The fragrance was overwhelming. There were all kinds of dishes. Spicy boiled fish, steamed pork slices, Mapo tofu, fish-flavored shredded pork, braised fish, saliva chicken, lobsters, steamed grouper, braised mutton, mixed vegetables, peanuts in vinegar, Sachima, and fish soup.

"Let me tell you guys. These dishes were all prepared by Lin Fan. Even the two Sichuan Cuisine masters admire Lin Fan so much. I also want to try Lin Fan's feast," Lu Benkai said with a smile.

"That's right, that's right. Everyone, let's eat. We have to eat well during the celebratory banquet. Lin Fan is a master chef!" Liu smiled.

Seeing so many people praising Lin Fan, Xia Wanqiu felt a little happy.

There was also her favorite braised fish!

Xia Wanqiu took a bite of the braised fish and her eyes lit up. She was a little surprised. Lin Fan's braised fish had become even better.

Xia Wanqiu looked at Lin Fan. The braised fish was so delicious. It wasn't impossible to reward Lin Fan.

Then the next time they filmed a kissing scene, if she took the initiative to make a mistake, they could get the director to say cut and film another take.

Looking at Xia Wanqiu and Su Xiaoyu, Xu Yang couldn't help but be stunned. Was Lin Fan's feast really that delicious?

Xu Yang took a bite, and the rest of the actors and staff took a bite as well. The soft meat accompanied the gravy into their mouths and had a slightly spicy taste. The expressions of the crowd gradually changed.

They didn't have time to speak, but the surprised expression on their faces said it all.

How could Lin Fan's feast... be so delicious!.

### **Chapter 87 God-level Acting, The Post-production Crew Was Mesmerised**

"D\*mn, Brother Fan, you're really a master chef. Your feast... is amazing."

"Ah ah ah, how can this Fish-flavored Shredded Pork be so delicious? And this lobster is even better than the lobster I ate at a five-star hotel last time."

"This mutton is amazing. And this fish soup... Of all the dishes, there's not one that's not delicious."

Many actors looked at Lin Fan, Director Lu Benkai, and Producer Liu Mou.

Lu Benkai and Liu Mou exchanged glances.

Lin Fan's feast... was really amazing!

This was the first time they had seen such a delicious meal.

o wonder the two Sichuan Cuisine masters were so polite to Lin Fan. Lin Fan's feast had far exceeded those two Sichuan Cuisine masters'.

Lin Fan smiled and silently gave Xia Wanqiu a prawn.

He also placed the plate of braised fish in front of Xia Wanqiu.

Xia Wanqiu raised her beautiful eyes and saw Lin Fan.

Lin Fan saw Xia Wandiu as well. The two of them exchanged glances and smiled without saying a word.

Others might not have noticed such an intimate action as they were all immersed in Lin Fan's feast but Xu Yang saw it all.

Xu Yang silently picked up a glass of white wine and drank it.

Drinking was still the most comfortable feeling.

After the celebratory banquet ended, the filming for Joy of Life was officially completed.

After that, it was time for the post-production and editing process. Some parts still required voiceovers and a series of more complicated work before they could be screened.

When the film was handed to the production team...

Some of the professionals, editing staff, and voice actors from the production team were all stunned.

These post-production crew were also fans of Xia Wanqiu, Su Xiaoyu, and the others. Some were Xu Yang's fans.

Previously, many people on the Internet didn't agree with Lin Fan being the male lead. The staff of the post-production team had the same thoughts.

When newcomers entered the entertainment industry, they started from acting as small supporting roles. Even if the big celebrities now had once acted as extras. But Lin Fan... became the male lead right from the start.

Lin Fan hadn't graduated from Beijing Film Academy and hadn't systematically learned how to act. Furthermore, this drama was very important.

Xia Wanqiu, Su Xiaoyu, Lin Jingjing, Xu Yang, and many other big celebrities participated in the drama Joy of Life.

In dramas, almost everyone had to act around the protagonist.

In other words, Lin Fan was the absolute core of this drama.

As the core of a drama, his acting skills were especially important.

If the protagonist's acting skills were not good, then no matter how outstanding the other supporting roles were, they would not be of much use.

A protagonist with poor acting skills was enough to completely destroy the reputation of a television drama.

Now, when the members of the post-production team saw the films, they were all mesmerized.

One episode, two episodes, three episodes...

These production team staff had almost forgotten about their knock off time and were immersed in the story of the entire movie.

Especially when they saw Lin Fan and Xia Wanqiu kissing in the drama, their investment in acting made many people exclaim and feel envious.

Xia Wandiu's first kiss had really been given to Lin Fan.

It was not until they finished watching the entire story that the production team staff came to their senses.

"The television drama Joy of Life will definitely become popular. The stories written in it are too interesting. I can't wait for this television drama to premiere."

"Oh my god, how can there be such an outstanding television drama? Every actor's detail is perfect. Moreover, the filming technique and filming angles are simply perfect."

“The key is that the protagonist’s acting skills are really amazing. How can Lin Fan be so handsome? He really is suitable to be the male lead. He’s even more handsome than Xu Yang. In the entertainment industry, I’ve never seen such a handsome person.”

“Yeah, the key is that Lin Fan hasn’t put on any makeup yet. His acting skills are too outstanding. When he acted with a veteran actor, he didn’t have any flaws. In the drama, Lin Fan and Su Xiaoyu acted well together.”

“Lin Fan and Xia Wanqiu’s scenes are so sweet, especially the kissing scene. Who said that Lin Fan isn’t worthy to be the male lead? In my opinion, the male lead should be Lin Fan!”

“I declare that I’m already a fan of Lin Fan. It’s said that the scripts for this drama were all written by Lin Fan. I’m f\*cking stunned.”

“Let’s not talk so much. Prepare to start work. With our exquisite post-production skills and the acting skills of these actors, it’s enough to create the most perfect work.”

Many of the post-production crew nodded at each other.

Among them, the leader of the post-production staff was a girl named Xue Kexin.

Xue Kexin was also very capable. She was only 26 years old, but she had already reached the position of production team leader.

After Xue Kexin finished watching the entire episode, she was completely impressed by Lin Fan.

Lin Fan was so handsome and he was so capable. She wondered when she would be able to take a photo with Lin Fan and ask for his autograph.

While the post-production staff was working, a figure walked in.

When Lin Fan walked in, all the members of the post-production team focused their attention on him.

Then a girl screamed...

Lin Fan had a good aura, handsome looks, and a nice figure. Needless to say, his looks were enough to become the Prince Charming of many girls.

At a glance, Lin Fan was extremely personable, and that made others have a good impression of him.

In real life, Lin Fan looked even more handsome in person. He was many times more handsome than he was in the camera...

Let alone these girls from the production team, even the leader of the production team, Xue Kexin, could not help but blush.

How could Lin Fan be so handsome?

“Hello, is it convenient for me to come in?” Lin Fan walked to the room of the post-production team. He was holding packed lunchboxes. He had prepared all the food in them.

“Of course it’s convenient. Lin Fan, we’re extremely amazed by your acting skills. It’s too wonderful.” Xue Kexin walked in front of Lin Fan and closed the door.

“You haven’t had your lunch yet, right? I’ve already prepared everything for you. Have your lunch before you work,” said Lin Fan with a smile.

Seeing Lin Fan come in with lunch, Xue Kexin had a better impression of him.

It was so comfortable to interact with people with high EQ.

When Lin Fan was with the cat, his EQ wasn’t as high. In front of the girl to whom he was attracted to, his IQ and EQ might become negative.

“Thank you!” Xue Kexin smiled, and the post-production team cheered.

They had indeed worked for a long time and hadn’t eaten. Lin Fan even took the initiative to come in to see them. Not only did Lin Fan have good acting skills, but he also made these workers like him a lot with the way he acted.

After eating the lunch Lin Fan made, the staff of the post-production team couldn’t help but exclaim. Holy sh\*t.

Lin Fan had good acting skills and a good character.

How could even the lunch he made be so delicious!!.

## **Chapter 88 Conquering the entire post-production team, Getting 300,000 in Cash**

“Brother Fan, the lunch you made is too delicious!”

“I heard that Brother Fan is a restaurant owner. The meals he makes are all delicious and even went on Weibo’s trending page. After eating it today, I finally realized how amazing Brother Fan is.”

“Brother Fan will be a superstar in the future. He even made us lunch. I’m so touched that I cried.”

The staff of the post-production team changed their way of addressing Lin Fan.

Just one lunch and these post-production staff were already impressed by Lin Fan. Xue Kexin’s eyes were wide open. She had wanted to diet but Lin Fan’s lunch was so delicious. How could she diet?

“Can I see your post-production and work?” Lin Fan smiled and said his real purpose for coming here. In order to film a perfect television drama, the script, the actors, the directors, and the methods of filming were all very important.

But the most important thing was its post-production.

The post-production almost determined the final effect of this television drama.

There were all sorts of dubbing, film production, and some smooth editing. Many details could determine the effect of this television series.

This drama was Xia Wanqiu's first relationship scene, so Lin Fan attached great importance to

It didn't matter if he became famous or not. Lin Fan didn't care about becoming famous.

He just wanted to help Xia Wanqiu, so he did not want to miss out on any details of the post-production.

In the month that Lin Fan was filming, he had signed in and received something good. Lin Fan had almost mastered the entire filming process and the post-production methods.

After all, the post-production work was to be handled by these staff members. Therefore, Lin Fan only came to ask tentatively whether he could take a look.

Xue Kexin nodded. "Of course. It's just that work here is boring and tiring. Lin Fan, you still have work to do and it's very tiring."

When Lin Fan heard that, he shook his head. "It's not hard. I'm just a small actor. I'm not a big star."

Xue Kexin respected Lin Fan even more. "Lin Fan, you're still so humble. You wrote the script and you acted in this television series. If you have anything you want to tell us about the post-production, we will do our best to satisfy you."

Xue Kexin was very smart and saw through Lin Fan's motive for coming here.

Lin Fan had even given them delicious lunch.

Even if Lin Fan didn't give them lunch, Xue Kexin wouldn't reject him given how handsome he was.

She just didn't know if Lin Fan had a girlfriend. If he didn't, that would be great.

"Since you guys have said so, I'll see how you guys do post-production." Lin Fan smiled and started working with the staff.

When he first started working, Lin Fan just stood at the side and occasionally said a few words.

After half a day...

There were some changes in the post-production team's studio room.

Lin Fan sat there and explained to everyone.

Many of the post-production workers and the post-production team leader, Xue Kexin, stood beside Lin Fan and listened attentively to him as he spoke about the details that the post-production team needed to take note of.

Although these people were professionals, they realized that... their professional level couldn't compare to Lin Fan's.

Why did Lin Fan know everything?

With every detail that Lin Fan explained, the staff felt that they had learned a lot more.

Xue Kexin's attitude towards Lin Fan changed again.

It turned out that Lin Fan didn't come here to give advice like a layman. Lin Fan actually knew more about the details of the post-production work than her, the production team leader!

Thinking about that, Xue Kexin's eyes moistened.

Lin Fan had come here to help everyone create a more perfect work!

With such strong abilities, Lin Fan was still so polite to them at the start. After Lin Fan finished speaking, he looked at the crowd and said, "That's all I've said. Handle the post-production according to this method. Everyone, you can go and work. It's been hard on you. I'll buy you guys dinner tonight."

"Brother Fan, you're too awesome. I'm really stunned. I'm a video editor. I thought that I edited it very well. So there's actually such a way of editing. Why didn't I discover it in the past?"

"What Brother Fan said is really good. I didn't notice these details in the past, but now I know that using such a method to create a television drama will make it even more perfect!"

"So Brother Fan knows everything. You're even buying us dinner. I'm crying. Brothers, let's work overtime tonight. Let's finish this drama as soon as possible!" "All hail Brother Fan!"

Many of the post-production workers cheered. Their impression of Lin Fan was getting better and better.

Lin Fan would be a big star in the future. He was such a person with status but he didn't put on any airs. This made the post-production team very fond of Lin Fan.

Especially those girls, they were infatuated with Lin Fan.

Not to mention that Lin Fan was a rich, handsome man. Even if Lin Fan didn't have money, just based on his handsomeness and the feast he made, he would be able to attract many single girls.

Xue Kexin felt that she had learned a lot.

The more shocked she was, the more Xue Kexin admired Lin Fan.

She was even more certain of one thing.

In the future, no matter what television drama it was, she would try her best to work with Lin Fan.

Lin Fan was too amazing... This was only a television drama. The methods and details of different television dramas were different. If she could work with Lin Fan a few more times, she would be able to learn even more!

Thinking about the comments about Lin Fan online, Xue Kexin felt that it was beneath her.

She finally understood why those big-name celebrities, Xia Wanqiu, Su Xiaoyu, Lin Jingjing, Xu Yang, and even Director Lu Benkai and Producer Liu Mou, spoke up for Lin Fan.

This clearly showed that Lin Fan was too popular!

Unknowingly, half a month had passed.

With Lin Fan's help, the post-production process became much faster.

Every detail was well done. Even the staff were amazed!

It was simply... perfect!

If it wasn't for Lin Fan, they wouldn't have been able to produce such a good television drama!

In just half a month, the post-production was almost completed.

Everyone was a little reluctant. How could they finish it so quickly? How were they going to eat Lin Fan's feast then?

However, no one complained. All the staff, regardless of gender, had become Lin Fan's loyal fans.

Lin Fan had helped them so much and sometimes even made dinner for them. Xue Kexin smiled and walked to Lin Fan.

"Lin Fan, you've helped us so much in the past half a month. You can't go without a salary. Of course, we don't have much money. Don't mind us. We'll pay you 20,000 a day. I'll transfer a total of 300,000 yuan to your bank account. You must accept it. If you don't, we won't feel at ease," Xue Kexin said with a smile.

Lin Fan's eyes lit up.

Although he was here to help create a better television drama and get a salary, 20,000 a day was not bad.

Furthermore, Lin Fan was broke now. He had already invested all his money into the drama Joy of Life. He was very poor now and the system wasn't reliable.

After receiving the money, he received a message from Construction Bank.

300,000 RMB was transferred into his bank account!

### **Chapter 89 Lin Jingjing was shocked, what an amazing soundtrack!**

After receiving the money, Lin Fan's economic crisis was temporarily relieved.

When the remuneration for filming Joy of Life was issued, Lin Fan would really be rich.

The 300,000 yuan was used to relieve his economic crisis. It could be used to pay for his property maintenance, water, and electricity. His three luxury cars also required a lot of money to maintain.

Lin Fan would not receive much remuneration from filming Joy of Life. Lin Fan's salary was only nine million dollars. Right now, Lin Fan was still a newcomer. It just so happened that there wasn't enough investment in the drama Joy of Life, so his salary had been reduced quite a lot.

In the post-production team, after some editing work was done, the most important thing was dubbing. The production team invited the dubbing master, Mei Lan, Master Mei.

There was some specific action dubbing that needed to be done. Music had to be added to scenes of the entire television series as well. Almost every plot and scene in a television drama had to be accompanied by different music.

The company also hired a lot of staff to come up with all sorts of music for Joy of Life.

When Mei Lan brought the staff to carry out the relevant work, there were also some professional voice actors among them.

Lin Jingjing also came.

Her voice was nice to begin with, and her singing was also very beautiful. Moreover, her professional skills were outstanding.

Being an actor was only Lin Jingjing's side profession. At the same time, she was also a singer. Because her voice was nice, Lin Jingjing would also be a voice actor sometimes.

When Lin Jingjing and Mei Lan arrived at the production team, they saw Lin Fan.

Lin Fan was trying to dub. Don't forget that he had the best musical talent and godly singing skills.

Lin Fan's singing was also superb and his attainments in music were equally high.

When Master Mei Lan arrived, Lin Fan had already prepared half of the music for Joy of Life.

There were even many soundtracks that Lin Fan had created himself.

When Lin Fan was creating the music, he was fully focused.

Every time a piece of music was created, Lin Fan would use the piano to play it once and then edit it using a software until the entire music effect echoed the style of this plot.

So much so that the only sound in the room was music.

The other staff were also quiet. Some people were already immersed in the music.

When Lin Fan played such a soundtrack on the piano again, everyone listened quietly. Although everyone did not understand music, they could feel that this piece of music was very nice.

Among them, Lin Fan even played the theme song of the television series.

His original theme song.

“Master Mei Lan, Jingjing, you two...” Xue Kexin wanted to welcome the two of them in. Mei Lan made a shushing gesture and listened to the music quietly.

She had been standing there for a long time and had been listening to Lin Fan play the music.

Lin Jingjing closed her eyes and enjoyed it, feeling a little surprised. When did the company hire a music master? The tune he played was so nice.

Only those who knew music could understand how much music theory knowledge was packed into the tune Lin Fan played just now.

The tune was lively and euphemistic, and ethereal music entered everyone’s ears.

After Lin Fan was done playing the tune, Lin Jingjing opened her eyes, her beautiful eyes flashing with surprise.

She loved music and singing the most. Naturally, she could tell that the tune Lin Fan had just played was an original composition.

What nice music was this? Lin Jingjing wanted to meet this mysterious master.

Who was it that could play such good music, and even the accompaniment just now was so vivid and lively? Lin Jingjing had already made up her mind. She wanted to consult this master.

If only this master could give her some pointers on how to sing.

Master Mei Lan opened her eyes as well.

“Which music master did the accompaniment just now?”

“Could it be that... Jay Chou came here personally? Or did we invite the four Heavenly Kings? Or could it be Faye Wong? Only people with deep musical attainments can play such an exquisite tune. The accompaniment just now was simply too perfect,” Master Mei Lan said.

Xue Kexin was a little shocked. Just now, Lin Fan said that he wanted to borrow the piano to play and see if there was any suitable accompaniment. Xue Kexin let Lin Fan go ahead.

In Xue Kexin's opinion, Lin Fan was a script master and he knew a lot about post-production work. However, this didn't mean that Lin Fan knew music. After all, music required talent and hard work. It was very difficult to learn music in a short period of time. Even if he knew music, he still needed very professional knowledge to dub the music for television.

But Mei Lan was a master of the music industry. She had led a team to complete the accompaniment for countless television dramas. She actually praised Lin Fan so highly.

She even evaluated Lin Fan to be as good as Jay Chou or Faye Wong...

Jay Chou and Faye Wong were the top people in the music industry. For Mei Lan to evaluate Lin Fan like this, it meant that she approved of him.

This simply refreshed Xue Kexin's understanding.

Lin Fan was too awesome. How could his music reach such a high level?

"Master Mei Lan, how's the level of the tune just now?" Xue Kexin asked.

"Peak of Perfection." Master Mei Lan said. "Yes, yes. Can I meet that master? He plays the piano so well. Especially the last part just now. I feel like a brand new scene has appeared in front of me." Lin Jingjing nodded.

Xue Kexin said, "The person who came here to dub is not Jay Chou but Lin Fan. He said that he wanted to give it a try. I didn't expect him to be so proficient in music."

At this moment, Lin Fan walked out.

When she saw Lin Fan, Lin Jingjing's beautiful eyes widened.

Oh my god... she thought that it was some master playing in there, but the person playing was Lin Fan!

"Wow, it's you. Lin Fan, how are you so good at music?" Lin Jingjing ran over and looked at Lin Fan in admiration.

Lin Jingjing's pursuit of music was her lifelong dream. Lin Fan's music was so amazing, of course Lin Jingjing felt a little worshipful.

That was someone that even her teacher, Mei Lan, praised.

"Master Lin, the tune you just played was too wonderful." Mei Lan shook hands with Lin Fan.

Lin Fan smiled and said, "It's the theme song I prepared for this television series. It's called 'A Will Forever'." Mei Lan nodded. "Such a tune can be used as the theme song. Also, the music

accompaniment just now was also a stroke of genius. Coupled with this television drama, this television drama will definitely become popular!”

Mei Lan had not expected that when she came to help Joy of Life dub, she would meet an even more amazing music master. Lin Fan!!
